Experts Again Fail To Find Solution To Reparations Problem

Committee at Paris Begins Winding Up Work And Wording a Communique Setting Forth Points Regarding Failure of Conference; Germany Still Clings To Hope of Reopening Talks.

Paris, April 23.—(AP)—The reparations experts again failed in their efforts to find a solution for the long pending reparations problem and began winding up their work today.

The "final work" of the committee, in the words of an official communique, began with first efforts to agree on the points to be incorporated in a report of the failure to the reparations commission and to the interested governments.

Today's plenary session, postponed from yesterday because of the late return of Dr. Hjalmar Schacht after consultation with the German government at Berlin, opened in the midst of rumors of further negotiations between the Germans and the allies, but a communique issued after adjournment gave no indication that these negotiations were likely to change the situation.

The text of the communique pointed out clearly that the experts disagreed not only on the proposed reparations settlement but upon the terms in which that disagreement should be officially reported. Nevertheless, it was decided that the principal experts go to work on a report concerning the points that are not disputed while the delegations continue to exchange views as to the contested features.

The Germans still appeared to cling to hope of re-opening talks concerning the main question of an agreement on reparations payments but the French and Belgians remained impassive, apparently determined to make no move themselves nor to encourage any steps by anyone else unless the German experts should raise their offer very close to the French and Belgian figures. Outside of the German group there was no one who thought any further useful discussions could be held on anything else but the final report.

Autopsy Held Over Body of Dr. Lamb

Washington, April 23.—(AP)—Because he desired that his labors in the medical field should not end with his death, the body of Dr. Daniel Smith Lamb, veteran curator of the Army Medical Museum, was subjected to an autopsy today under the direction of his friend Dr. Ales Hrdlicka, curator of Anthropology of the National Museum.

Dr. Lamb's instructions for the Post Mortem, which he hoped would reveal new secrets to his profession, suggested that Dr. Hrdlicka perform the autopsy, but the noted anthropologist refused because "Dr. Lamb was too dear to me." So Major G. R. Callendar of the Army Medical Corps operated.

Vanberg Trial To Open Tomorrow

Gastonia, April 23.—(AP)—Barren unexpected delay, Jacob Vanberg, 17 year old Gaston county boy, will go on trial tomorrow in Superior court here on charges of murdering his parents, two sisters and a brother and then setting fire to their farm house home. Last week the boy was arraigned and entered a plea of not guilty. The State, it has been indicated, will attempt to show that Jacob killed his parents, brother and sisters with an axe and then fired his home to destroy traces of the crime. The defense, according to information today, will have two phases—the mental condition of the boy at the time the crime was committed will be brought into the case as a defense for an act of violence, it was said, and also an attempt to prove that the defendant has no knowledge of the actual killing of the members of his family will be made.

INSPECTOR SHOT DOWN AT CHICAGO

Evan Jackson, Ace Of Postal Inspectors, Shot in Attempt To Take Robber Suspects.

Chicago, April 23.—(AP)—Evan Jackson, an ace among Chicago postal inspectors, and four men he sought for an \$18,000 postoffice robbery fought with guns in a room at the Hawthorne Arms Hotel early today.

Jackson was shot three times, and may die. Clyde Mackin, one of the robber suspects, was slightly wounded and was captured, a woman companion of the four men, Marian Courtney, leaped from a first floor window and was found, painfully hurt, on the alley pavement below. The other three escaped.

With the help of Morris Stein, in whose room the gun fight took place, Jackson had lured the suspected robbers to the hotel. The postal inspector and a secretary concealed themselves in an adjoining room, taking down the conversation between Stein and the others.

Becoming suddenly suspicious, the four men and the woman started to leave. Jackson was confronted with a rest single handed. He stepped into Stein's room and ordered the men to surrender. Instead, they drew guns and opened fire.

Jackson, with a reputation in the postal service for daring, tossed a pistol to Stein and told him to defend himself. He then opened fire, dropping Mackin before three bullets brought him down.

The woman and one of the men leaped from the window of Stein's room. The others fled through the hotel lobby.

Later, at the hospital, Jackson dictated a statement to his secretary, to be used in the event of his death. The names of the men who escaped were given by Mackin as Harris Travis, Eddie Courtney and William Doody.

Stein told police that \$1,100 worth of money orders stolen in the robbery of a post office station April 4 had been cashed in the account of his wife at a department store. Jackson, learning this, enlisted Stein's aid in trapping the robbers.

Strikers Return At Lexington, N. C.

Lexington, April 23.—(AP)—A full quota of old employees was to work in every department of the Dacotah cotton mills when work was resumed this morning after a shut-down of a little over a week. Mill officials announced.

The mill closed April 12. Mill officials at the time said the cause was over-production but later admitted that the strike situation in the Carolinas somewhat influenced their decision.

No change in the situation at the Wonnah mills, which closed following a strike called by the National Textile Workers Union two weeks ago, was reported today.

Spanish Fliers Continue Trip.

Lima, Peru, April 23.—(AP)—The Spanish fliers, Captain Ignacio Jimenez and Francesco Itesias, understood to be carrying important documents in the Tacna-Arica dispute between Chile and Peru, were reported to have taken off from Arica, Chile, shortly after nine o'clock this morning for Lima.

Over Hundred Persons Drown When Japanese Steamship Goes Down

Tokyo, April 23.—(AP)—More than a hundred persons were believed drowned when the Japanese steamship Toyo Maru sank a few minutes after striking rocks off Cape Erino in Southern Hokkaido.

The vessel sank so quickly there was only time to send out a single SOS. Two steamers which reached the scene early this morning, several hours after the sinking, picked up 97 persons. Two hundred and nine were known to have been aboard when the ship sailed from Hakodate yesterday.

COMPROMISE EXPECTED ON DISARMAMENT

American Proposal May Bring About Agreement Between Great Naval Powers.

Geneva, April 23.—(AP)—In the light of their unquestioned background of compromise there was growing belief at Geneva today that American disarmament proposals broached yesterday by Ambassador Hugh L. Gibson might have made possible a disarmament agreement between the great naval powers.

The project continues to absorb delegates to the preparatory commission of the League of Nations, which is sending a possible basis for a future international disarmament conference. The proposals were believed to embody the results of long months of study by American naval experts.

Some observers, explaining them, likened the project to proposals of Elihu Root which are believed to have paved the way for American adherence to the World Court. The American objections to certain forms of advisory opinions were removed with tentative agreement to handle each case on its own merits. So does the Washington warship formula involve handling each specific warship on its own characteristics.

Various factors besides tonnage enter into the formula and any one of them may bring a variation on the indexing according to tonnage—thus, for instance, it would not necessarily hold that a 6,000 ton cruiser would be 60 per cent as "efficient" as a 10,000 ton cruiser. Differences in age, gun elevation, etc., probably would give it a rating of nearer 5,000 tons.

The relative value of such characteristics as age, displacement of the vessel and gun calibre will have to be determined as yet by agreement among experts of the powers, although the American delegates have already worked out what is believed may be a "fair index of proportion. Their tables may easily become the basis for a hypothetical consideration of the project.

One point to be agreed upon particularly with England is the percentage of estimated power to be accorded six-inch gun cruisers, which England considers especially adapted to the needs of the empire. It was believed here that the American proposals would give England greater actual tonnage and more boats than Americans had but that American tonnage would be equivalent, or proportional equivalent in "efficiency" or fighting strength.

This, for instance, would work out in the great number of American 10,000 ton cruisers which the United States considers especially suited to its long distance communications, such as between the west coast and the Philippines, Guam and Panama Canal.

Church Declares Divorces Present Peril to Nation

Toronto, April 23.—(AP)—The Church of England in Canada, through the House of Bishops, today issued to the clergy this pronouncement: "The breaking up of families by divorce and the increase of the grounds of facilities for divorce do constitute a moral peril. We dare not look upon this thing with light hearted unconcern or pass it by with a flippant cynical jest. History tells us that it is not an evidence, are some are urging, or progress working out toward self development and greater freedom of the individual.

"The New Testament tells that it is not according to the mind of Christ. It must be looked upon as nothing short of a menace to the entire stability of our modern civilization."

\$500,000 Fire At St. Louis

St. Louis, April 23.—(AP)—Gasoline, oil and merchandise estimated to have been worth \$500,000 were destroyed in a spectacular fire accompanied by a series of explosions after an inbound Frisco freight train was derailed in South Kirkwood, St. Louis suburb, early today. No loss of life was reported. More than 100,000 gallons of paraffine and oil, 12 railroad cars, a storage tank and two motor trucks were burned. Fire companies from St. Louis and several suburbs prevented a heavier loss.

One Hour Parking Signs Placed In Business District

The new one hour parking signs have been placed in the business district of the city to warn motorists that it is unlawful to park for a longer period than one hour. The signs are the result of an ordinance recently passed by the Board of Aldermen to relieve the traffic congestion in the busiest parts of town. Courtesy cards have been placed in the hands of members of the police department to be given to visitors to the city. The cards will permit the visitors to park for a longer period than one hour. The cards were furnished by the Merchants Association.

Several Arrests In Communist Plot

Pucharest Rumania, April 23.—(AP)—Thirty five communists were arrested at Belkovan today, after a plot was discovered that they said was a plot to undermine the government. At Kishinev yesterday there were several clashes between communists and police on the occasion of the burial of a prominent communist. At Turnu Severin there was another outbreak which police were forced to suppress.

Senate Republicans To Make Vote On Debenture Plan Test Of Strength

Washington, April 23.—(AP)—Republican leaders in the Senate have decided to make the vote on the export debenture plan a test of administration strength in that branch of Congress.

Fortified by the expressed opposition of President Hoover to the proposal, Senator Watson of Indiana, made known that at the earliest opportunity he would give notice, as Republican leader, of his intention to ask the elimination of the debenture section voted into the farm bill by the agriculture committee.

The Senator decided upon this course after a conference with Chairman McNary of the committee, at which it was agreed that the administration leaders should use all their influence to obtain passage of a bill acceptable to the White House in view of the experience during the last few years in which differences between the executive and Congress carried far relief proposals to come to naught.

The Republican leaders have concluded that they must impress upon the Senate that a vote for the debenture plan means a vote against the legislation and that inasmuch as the head of the party has spoken frankly with respect to his own views, it is up to the Republican majority in the Senate to support him.

Senator Watson issued a statement in which he said the friends of the farmer "must abandon losing battles or the farmer never will receive any legislative relief." Himself once a staunch supporter of the equalization fee of the old McNary-

Haugen bill, he contended that President Hoover's expression of opposition to the debenture proposal "had cleared the air around the farm bill" and that "under his able leadership, Congress will quickly enact a farm relief bill based upon the principles expounded in the Republican platform."

He said he would vote against the debenture plan because he wished to send a bill to the White House that would become law. "The farmer needs relief," he concluded. "The Republican party has pledged it; a Republican Congress and a Republican President will provide it."

Meanwhile, administration leaders have been carefully checking over the Senate roster and are hopeful that they have ample votes to eliminate the debenture plan. They foresee a coalition of Republican independents with most of the Democratic Senators in an attempt to keep the proposal in the bill, but they believe that by putting up the question as one of party loyalty to enact legislation promised in a presidential campaign they can hold their lines fairly intact.

The attitude of the House has given administration leaders no cause for worry. The leaders consider it certain that the House will reject the debenture plan overwhelmingly and that it will pass a farm bill substantially as it was reported by the House agriculture committee. A final vote on the farm bill is expected in the House this week. The Senate is not expected to vote on its bill for ten days.

NEW LIBRARY THROWN OPEN DURING DAY

New Structure Equipped To Take Care of City's Needs For Quite Awhile.

The new public library building, located on the old Evans Street School site, has been completed and was opened to the public this afternoon. The library moved from its temporary quarters near Five Points this morning and hereafter will observe regular hours at the new home.

In its new quarters the library has shelf space for 5,000 books and will be equipped to take care of the library needs of the city for some time. While the building was erected at an actual cost of approximately \$125,000, it represents a far greater value than this figure would indicate. This was made possible through the co-operation of persons from whom various materials were bought. In most cases materials were procured at cost or at liberal discounts.

In cleaning up the school grounds, it was found that the concrete steps of the old structure and all concrete walkways were intact and this made another great saving in expenditures and preparations for buildings and grounds. The lot has been cleaned up and additional shrubs have been set out. This will add greatly to the appearance of the location.

Julius L. Witz, of Staunton, president of the companies, said late yesterday that none of his employees had ever made a complaint to him and that he had no formal reply to make to their reported grievances until they had been brought directly to his attention. He expressed a willingness to meet the committee.

Strike Begins At Charlotte

Charlotte, April 23.—(AP)—Between 50 and 75 employees at the Valvine Mills of the Chadwick-Hoskins chain went on strike this morning. Pickets at the plant said that the walkout was in sympathy with three workers who had been discharged by the mill for union activities in connection with the National Textile Workers Union.

Gov. Gardner Takes Action In Mob Case

Chief Executive Determined to Punish Perpetrators of Gastonia Disorder.

Raleigh, April 23.—(AP)—Governor Gardner today stood upon his statement of last night denouncing the destruction of strikers headquarters in Gastonia Thursday as an act of mob violence that would not be tolerated, and his announcement that "the Supreme power of the State has already been put in force to the discovery and prosecution of the parties responsible for the high-handed and manifest exhibition of mob spirit and mob violence."

He received a telegram from Solicitor John G. Carpenter at Gastonia, reading: "I assure you that every effort is and will be made to apprehend and prosecute the guilty parties." It came in response to a telegraphic request by the governor that no effort be spread in huming down the members of the office of the National Textile Workers Union and raised strike relief headquarters.

"The full power of this office will support you in the performance of this duty," the governor wired the Solicitor. What steps were being taken to identify the raiders was not disclosed here, although it was learned at the office of the governor that a grand jury had been ordered in connection with the special term of Supreme Court now sitting in Gastonia. The court and jury were ordered before the strike situation developed, but it was pointed out, the jury is available for any inquisitorial purpose the solicitor may desire.

JOHN CURRY ELECTED TAMMANY HALL CHIEF

New York, April 23.—(AP)—John F. Curry, wealthy insurance man who, for many years has been a district leader on the West Side, today was elected Chief of Tammany Hall to succeed George W. Olvany, resigned.

STRIKERS TO TALK TERMS

Committees Representing Striking Furniture Workers to Meet Today.

Staunton, Va., April 23.—(AP)—Committees, representing the strikers of three furniture plants here and in Waynesboro were to confer at Staunton with plant owners today in an effort to reach an agreement.

About three hundred employees of the J. L. Witz Furniture Company and the Basic Furniture Company here walked out yesterday in sympathy with a strike called a few hours earlier at the Basic company plant at Waynesboro, where about 375 quit. The control of all plants is said to be in the same hands. They employ about 600 persons.

The strikers have announced through their leaders that they demand three things: That the new factory manager at the Waynesboro plant be discharged; that nine women employees recently employed there be dismissed; restoration of jobs to old men who had been supplanted by women and to those who had walked out.

Julius L. Witz, of Staunton, president of the companies, said late yesterday that none of his employees had ever made a complaint to him and that he had no formal reply to make to their reported grievances until they had been brought directly to his attention. He expressed a willingness to meet the committee.

GOV. GARDNER TAKES ACTION IN MOB CASE

Chief Executive Determined to Punish Perpetrators of Gastonia Disorder.

Raleigh, April 23.—(AP)—Governor Gardner today stood upon his statement of last night denouncing the destruction of strikers headquarters in Gastonia Thursday as an act of mob violence that would not be tolerated, and his announcement that "the Supreme power of the State has already been put in force to the discovery and prosecution of the parties responsible for the high-handed and manifest exhibition of mob spirit and mob violence."

He received a telegram from Solicitor John G. Carpenter at Gastonia, reading: "I assure you that every effort is and will be made to apprehend and prosecute the guilty parties." It came in response to a telegraphic request by the governor that no effort be spread in huming down the members of the office of the National Textile Workers Union and raised strike relief headquarters.

What steps were being taken to identify the raiders was not disclosed here, although it was learned at the office of the governor that a grand jury had been ordered in connection with the special term of Supreme Court now sitting in Gastonia. The court and jury were ordered before the strike situation developed, but it was pointed out, the jury is available for any inquisitorial purpose the solicitor may desire.

Investigate Attack On Newspaperman

Gastonia, April 23.—(AP)—W. W. Bindeman, special deputy who last night attacked Legette Blythe, newspaperman doing special work here in the Loray strike zone, has been suspended from the special force and a full investigation into his attack on the newspaperman is being made. W. T. Rankin, mayor of Gastonia, announced this morning.

Blythe was struck on the head, being rendered unconscious, as he was walking along a street in the Loray village after a near riot yesterday afternoon. He said last night that he was alone when attacked by the officer and knew no reason for the assault.

Solicitor John G. Carpenter also announced last night that he would make an investigation into the affair.

New Radio Device Is Described At Washington, D. C.

Washington, April 23.—(AP)—A new field for broadcasting, using telephone and power wires running into the home instead of radio space in the ether, was outlined today for the National Academy of Sciences by Major General George O. Squier, retired, in describing a device called the monophone.

Without interference to regular telephone service or change of equipment, he said in his paper, the monophone will permit the selection of one of three programs available on the wires by "simply throwing a switch or pressing a button."

"There is no tuning required," he said. "Volume control is provided. Static is eliminated, as well as the phenomena of fading. There is no heterodyne effects, seasonal changes, or day and night variations, which are inherent in space-radio."

"Television and sound moving pictures in the home, which are still in the laboratory, will find technical advantages in this particular form of wired-radio circuit."

Broadcasting in this new channel, since all space for ordinary radio service has been assigned to stations, may develop in vast fields never before possible, he suggested.

Immigration Committee Votes To Defer Action On Origins Provision

Washington, April 23.—(AP)—The Senate Immigration Committee today voted to postpone indefinitely the consideration of bills for repeal of the national origins provision of the immigration act and opponents of the new immigration quota basis announced they would carry their fight for repeal to the floor of the Senate.

Senator Reed, Republican, Pennsylvania, made the motion to sidetrack the bills for repeal which proposed action is in line with the views of President Hoover. His motion carried, 4 to 2.

The quick move of the Pennsylvania caught the opponents of National Origin napping, a bare quorum being present. Three Republicans—Reed, Keyes, New Hampshire, and Hatfield, West Virginia—and one Democrat, Harris of Georgia, supported the motion.

Thousands Homeless As Result Of Levee Break In Arkansas

NEAR RIOT IN DISORDERS AT GASTONIA

Twenty-Nine Strikers Jailed Following A Clash With Sheriff's Officers.

Gastonia, April 23.—(AP)—Russell Knight, striker of the Loray mill village, was held guilty of violation of Gastonia's newly enacted emergency ordinance to prohibit parades without a permit in police court this morning as Recorder Jones started hearing the cases of 12 persons charged with violation of the law.

Knight, the recorder ruled, was beyond a reasonable doubt the leader of the parade yesterday which resulted in a near riot between the parading strikers and special deputies.

Trial of the other cases was still underway at noon. Sentence was not passed on Knight at once.

Gastonia, April 23.—(AP)—Twenty-nine strikers and strike sympathizers were in jail here early today awaiting trial following a near riot late yesterday during which sheriff's officers wielded pistol butts and blackjacks in breaking up a labor demonstration.

Nine women and 20 men spent last night in jail, among them Amy Schecter and Vera Bush, strike organizers for the National Textile Workers Union, charged with parading without a permit, blocking sidewalks or drunkenness.

The paraders, an estimated 500, and a force of 50 masked sheriff's officers met near the business district and clubs were brought into play when the strikers refused to disperse. A newspaper reporter was clubbed into unconsciousness by a deputy during the melee and State Solicitor John G. Carpenter started an investigation into the attack.

Tom P. Jimison, attorney for the National Textile Workers Union, wired Governor Gardner charging that men and women had been dragged from the grocery store where relief food supplies are kept and pained, and that a "reign of red terror" was being inflicted by the deputies.

Gov. Gardner earlier in the day had given Solicitor Carpenter instructions to use every state facility to effect the arrest and prosecution of members of a masked mob who demolished union headquarters and destroyed the relief supply of food for strikers early Thursday.

Robbers Get \$150.00 From School Vault

Hendersonville, April 23.—(AP)—Robbers last night pried open the door to the vault in the Hendersonville high school building and got away with about \$150. Most of the sum, about \$125, was in quarters, students' deposits on locker keys.

The remainder was funds of high school literary societies. A crowbar apparently was used in prying open the vault door, and the sheriff's department expressed the opinion that the robbery was the work of amateurs. The robbers, however, appeared to have left no clues. Both the sheriff's department and the city police were working on the case this morning.

GRAF ZEPPELIN BEGINS MEDITERRANEAN FLIGHT

Friedrichshafen, Germany, April 23.—(AP)—The trans-Atlantic dirigible Graf Zeppelin left Friedrichshafen at 1:30 o'clock this afternoon on its second Mediterranean pleasure flight.

Believe Two Lost Fliers Are Dead

London, April 23.—(AP)—The Daily Express today said it was believed Lieut. Keith Anderson and Robert Hitecock of the airplane Kookaburra, lost in the Taniari Desert, Australia, in search of the Southern Cross, both were dead.

Observers flying as near to the Kookaburra as they might, and failing to find a place to land, ascertained the body under one wing of the plane was that of Anderson. Nearby, they reported, there was a mound of earth, indicating that perhaps Hitecock had died and Anderson had buried him before he himself expired.

The two men were missing for nearly a fortnight after starting out to seek the Southern Cross, which in the meantime was found by others.

Fourteen Thousand Acres of Rich Farm Land Inundated As Waters of White River Roar Through Break in Laconia Circle Levee; No Loss of Life Reported; Snowflake, Village, Inundated.

Snow Lake, Ark., April 23.—(AP)—More than 5,000 persons in Phillips and Desh counties were homeless today and at least 14,000 acres of rich farming lands were inundated, the result of a break in the Laconia Circle levee and high water around the main Mississippi river levee at Knowlton's Landing where a force of workmen was waging a winning fight to prevent a crasse.

High water from the White river, backed against the circular dyke for several weeks, yesterday forced a gap in the levee more than 200 feet wide. Residents after receiving warnings by telephone and farm bells, quickly gathered part of their belongings and hurried to safety. No loss of life was reported. All livestock was saved.

The on-rushing waters today had inundated Snowflake, the only village within the protected area, water in some places being nearly 15 feet deep. The Laconia Circle section, a low-lying area, at one time was believed to have been a lake. There is no levee protection for the White river and the region around it is open under water for several weeks.

The refugees have been housed in box cars and on a string of flat cars belonging to the Missouri Pacific Railroad. For several days the railroad has kept a train near Snowflake for such an emergency.

Quincy, Ill., April 23.—(AP)—The possibility of rain in the watersheds north of here held the greatest potential danger today for nearby Illinois, Iowa and Missouri lowlands, after prospects of a decline in the Mississippi river yesterday had brought hope that the levees might withstand the highest waters in 78 years. Rain today, in the opinion of veteran observers, would mean that every levee in this region from Keokuk, Iowa, to Louisiana, Mo., would be in imminent danger. A rise of another foot here would probably send the river through or over all the dykes in this vicinity, it was predicted.

Move For Repeal Origins Provision at Committee Stage

Washington, April 23.—(AP)—The move for repeal of the national origins provision of the immigration act reached the committee stage today, chairman Johnson having called the Senate immigration committee to begin consideration of this part of the administration program for the special session.

Despite the recommendation of President Hoover for suspension of the national origins quota basis, a stubborn fight is in prospect with Senator Reed, Republican, Pennsylvania, confidently leading the contest for retention.

Both parties in the Senate are divided on the issue and the fight is likely to be a vigorous one, with the time element playing an important part. The new quota basis, limiting immigration to 150,000 annually, goes into effect July 1.

Senator Nye, Republican, North Dakota, has reintroduced the bill of Senator Shipstead, Farmer-Labor, Minnesota, for repeal and his own measure for postponement. Senator Shipstead is Ill. Senator Walsh, Democrat, Massachusetts, likewise has introduced a repeal measure.

Believe Two Lost Fliers Are Dead

London, April 23.—(AP)—The Daily Express today said it was believed Lieut. Keith Anderson and Robert Hitecock of the airplane Kookaburra, lost in the Taniari Desert, Australia, in search of the Southern Cross, both were dead.

Observers flying as near to the Kookaburra as they might, and failing to find a place to land, ascertained the body under one wing of the plane was that of Anderson. Nearby, they reported, there was a mound of earth, indicating that perhaps Hitecock had died and Anderson had buried him before he himself expired.

The two men were missing for nearly a fortnight after starting out to seek the Southern Cross, which in the meantime was found by others.

### Two Men Burned In Gasoline Fire At Asheville, N. C.

Asheville, April 23.—(AP)—Two men were in an Asheville hospital today as a result of a gasoline fire at the municipal garage and the heroic action of one to save the other's life. A third man received slight burns in the rescue.

The three who were injured were: Willard Quinton, 19, city employe, severely burned face, hands and body.

Kenneth Jackson, 23, city employe, burned hands and broken knee cap. E. H. Willenbucker, Norfolk, Va., automotive engineer for the Texas Oil Company, slightly burned hands.

The fire occurred late yesterday afternoon. Quinton was using gasoline from a full two-gallon can to scrub out the inside of one of the steel boats used at the Asheville recreation park. He sat on one of the cross-seats to do the work and completing it, started to light a cigarette.

The whole boat burst into flames as the gasoline vapor ignited from Quinton's match. Quinton, stunned by the exploding vapors and fainting from pain, fell forward in the burning boat face downward. The full two gallon can of gasoline was in the midst of the flames.

While other employes at the city garage fled in the excitement, Jackson ran forward to the boat, tilted it so sharply that he smashed his right knee cap against it, thrust his hands into the flames and pulled Quinton out. Reeling from the pain of his broken knee and his burned hands, Jackson released Quinton, whose clothing was aflame but who by this time had regained his senses.

Quinton, flaming like a torch, started to run from the garage. Willenbucker, who was in the building on business, saw him and in a flash overtook, threw him to the floor, and wrapped a top coat about Quinton's body, smothering the flames, but receiving slight burns in doing so. In the meantime, the fire department was called and the burning boat was extinguished before the gasoline in the can spilled and exploded.

### Negro Fined For Driving Car Drunk

Arthur Ricks, colored, charged with driving an automobile while drunk, was fined \$50.00 and cost of action by Judge F. A. Daniels, presiding over the opening day's session of the second week of the criminal term of Pitt county superior court in this city yesterday.

Only one other case was disposed of during the day, it being that of Arthur Johnson, colored, charged with larceny and breaking and entering. He was adjudged not guilty of both counts.

Johnson was charged with stealing about two dollars from Williams & Williams market, and the larceny of a saxophone from the local Methodist Church. Evidence was not sufficient to convict in either case and the defendant was set free.

### Handles Pensions

By executive appointment, Col Earl D. Church, insurance expert of Hartford, Conn., becomes United States commissioner of pensions.

### Prisoner Fails To Avenge Death Of His Father

Davenport, Okla., April 23.—(AP)—"Young Bill" Tilgham, who escaped from the Tennessee penitentiary a month ago to avenge the slaying of his father, Bill Tilgham, famous frontier peace officer, was on his way back to prison today, his quest lost by a scant fifteen minutes.

Young Tilgham, well known here, was arrested by Marvin Roberts, chief of police, a quarter of an hour before Wylie Lynn, a former federal prohibition officer, who shot and killed his father at Cromwell, Okla., five years ago, arrived on a bus. He had heard Lynn was a passenger on the bus and was waiting for him with two guns.

The man who shot my father was on that stage that arrived a few minutes after you picked me up," he told Marvin Roberts, chief of police. "I thought perhaps I'd get a chance to meet him."

Under the name of P. B. Wilson, young Tilgham was serving a sentence in the Tennessee prison for attempted robbery of a Memphis bank when he escaped.

The elder Tilgham known as one of the most fearless peace officers of wild west days, was shot and killed in an altercation with Lynn. It was the first time in his forty-year career as an officer that he had been bested in a gun play. At the time Tilgham was marshal at Cromwell. He had been marshal at Dodge City, Kans. and a United States marshal in Oklahoma territory.

Lynn was tried for the slaying but was acquitted when he pleaded self defense. He was sentenced to three months in jail, however, on a charge of contempt of court, for carrying a gun in the court room during his trial.

### What Congress Is Doing Today

(By The Associated Press)

Tuesday: Senate meets at noon to take up farm relief bill.

House meets at noon for additional day of general discussion on farm bill.

Senate immigration committee begins consideration of proposals for removal or postponement of national origins clause of immigration act.

House ways and means committee Republicans continue work on tariff revision bill.

Monday: House continued farm relief discussion.

Senate ratified new committee assignments.

Senate confirmed nominations of Ernest Lee Jahncck and David S. Ingalls, as assistant secretaries of the navy.

Senate agriculture committee voted to report farm relief bill with debenture plan included despite President Hoover's opposition.

Chairman Smoot of Senate finance committee, introduced bill to authorize use of treasury bills in short-term financing.

Activities of ways and means committee's Republican tariff bill framers were assailed and defended on the floor of the House.

SALE OF VALUABLE FARM PROPERTY Under and by virtue of the authority conferred upon us in a deed of trust executed by William Stallings, unmarried, on the 13th day of February, 1924, and recorded in Book G-15, page 390, we will on Saturday

4th day of May, 1929, at the court house door in Greenville, N. C., Pitt County, sell at public auction for cash to the highest bidder the following land, to-wit:

All that certain piece, parcel or tract of land containing 202 acres, more or less, situate, lying and being on the Tarboro-Penny Hill Road about — miles from the town of Conetoe in Belvoir Township, County of Pitt and State of North Carolina, the description of said lands by metes and bounds being as follows:

Adjoining the lands of Clark and Stancill's Knight farm and Penny Hill and others and beginning at an iron stake on the west side of the Tarboro-Penny Hill public road at the northeast corner of the Clark and Stancill farm, and runs with said road north nineteen degrees and fifteen minutes west four thousand and twenty-nine feet, thence north twenty-six degrees west six hundred and eighty-five feet, thence south sixty-six degrees and forty-five minutes west four hundred and twenty feet to a pine on the bank of Tar River, thence down the windings of Tar River as follows: south ten degrees east five

hundred feet; south seven degrees west, seven hundred and nineteen feet; south twenty-three degrees west, two hundred and eighty-nine feet; 30 degrees West 352 feet, south forty-five degrees west, one thousand

and fifty-seven feet; south fifty-eight degrees west, two hundred feet; south forty-eight west one hundred and forty feet; south thirty-nine degrees west, one hundred and sixty-six feet; south thirty-six degrees west, three hundred and eighty feet; south thirty-five degrees west, eight hundred and thirty feet; south eighteen degrees west, three hundred and sixty-four feet; to a stake on the bank of Tar River, the northwest corner of the said Clark and Stancill land; thence south eighty-eight degrees and fifteen minutes east forty-two hundred and twenty-six feet to the beginning. The same being bounded on the north by Tar River and Penny Hill, on the east by the Tarboro-Penny Hill public road; on the south by the Clark and Stancill farm and on the west by Tar River. This sale is made by reason of the failure of William Stallings, unmarried, to pay off and discharge the indebtedness secured by said deed of trust to the North Carolina Joint Stock Land Bank of Durham. A deposit of 10 per cent will be required from the purchaser at the sale.

This the 19th day of March, 1929. First National Company of Durham, Inc., Trustee, Formerly First National Trust Company. Durham, N. C. Apr. 11-11w-4wk.

### SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by Sam L. Brown and wife, Irma Brown, on the 1st day of February, 1924, and recorded in Book E-15, page 426, we will on Saturday

4th day of May, 1929, 12 o'clock, noon

at the court house door in Greenville, N. C., Pitt County, sell at public auction for cash to the highest bidder the following land, to-wit:

Known as the Moses Carr Tract of land, adjoining the lands of J. S. Holton, Simon Dixon, and beginning on the New Road at J. S. Holton's corner and runs with said New Road N. 3.30 W. 1800 feet to a stake, another of J. S. Holton's corner; thence S. 75-40 W. 792 feet to a stake near crook of ditch; thence S. 4-40 W. 2112 feet to a pine, J. S. Holton's corner; thence N. 55-10 E. 1264 feet to said New Road, the beginning, containing 33.1

### BLINDING PAIN IN FOREHEAD

### Kentucky Lady Reports Relief By Taking Black-Draught for Bilious Headache.

Lancaster, Ky.—"Never in fifteen years have we been without Thedford's Black-Draught in our house," says Miss Susie Merston, of this place.

"A long while ago I was suffering with a spell of indigestion and I was real sick. I read in a paper how Black-Draught was good for such ailments, so I thought I would try it. In almost no time, it had me on my feet again.

"Since then, I have kept Black-Draught always on hand. For family use, I have found it has no equal. The children often need a mild laxative, and I always give them Black-Draught.

"Occasionally I have awful headaches—the blinding kind, which come across the front of my head and temples. This, I think, is a form of biliousness, and when I have one of these spells, I begin taking Black-Draught, a pinch after meals, and in a short time I am well. The headache leaves me, and my color improves."

Thedford's Black-Draught is a purely vegetable medicine, in a convenient powdered form, easy to take. In 25-cent packages.

acres, more or less. This sale is made by reason of the failure of Sam L. Brown and wife, Irma Brown, to pay off and discharge the indebtedness secured by said deed of trust to the North Carolina Joint Stock Land Bank of Durham. A deposit of 10 per cent will be required from the purchaser at the sale.

This the 20th day of March, 1929.

Advertisement for Beaver Vulcanite Shingles. Text: Money spent in modernizing is money saved... with comfort and pleasure thrown in free. YOUR home is the best investment you ever made. Keep it "up to date" inside and out. It's costly economy to let your roof "run down." Leaks develop, ceilings and walls crack, decorations are ruined. ## MISS FLEMING HOSTESS TO SODALIS CLASS

On Friday evening, April 19, Miss Mamie Ruth Fleming was hostess to the Sodalis Wesley class of the Methodist Sunday school. The meeting was well attended. There was a short devotional service led by the class president, Miss Mildred Mangum. The main business feature was the election of officers. The following were elected: President, Miss Mamie Ruth Fleming; vice-president, Miss Dorothy Ward; secretary and treasurer, Miss Helen Dal.

An attractive contest and games followed the business session. At the conclusion of which the hostess served a delightful ice course.

The class will hold its next meeting with the teacher, Mrs. H. L. Rivers.

## Attend Farm Conference

E. P. Arnold, director of the Pitt County Farm Department, left this morning for Edenton to attend the annual meeting of North Carolina farm agents. He will be out of the city two days.

## Birth Announcement

Mr. and Mrs. W. C. Taylor announce the birth of a son, Alvin Boyce, on Sunday, April 21, 1929.

## Scout Executives To Meet

Boy Scout executives will meet at Spencer's Marney this afternoon at 4:45, it was announced this morning.

## Sons File Suit Against Father

Tipton, Iowa, April 23.—(AP)—J. W. Reeder, who held President Hoover's hat on inauguration day, has been named defendant in a suit filed in district court by his five sons who seek to have the trust deed to their father's \$500,000 estate set aside.

Mr. Reeder, it is stated, deeded his estate to Arthur Lund, attorney, as trustee for his heirs. At the same time he filed an agreement telling how he wished his estate disposed of.

Dr. Grant S. Reeder of Fremont, Neb., and four other sons living here object to the plans of their father. They contend that the attorney is given absolute authority over the property.

The program has been completed for entertainment of the delegation of fifty Beaufort county women who will visit Greenville tomorrow to inspect beautification of home and schools, it was announced this morning by Miss Ethel M. Nice, director of the Home Demonstration Department of Pitt county. The Beaufort delegation will be accompanied by Miss Violet Alexander, Home demonstration agent of Beaufort county.

The visitors will reach Greenville tomorrow morning at 11 o'clock. They will visit the Belvoir consolidated school where playgrounds improvement and beautification the last two years has been very pronounced. They will then return to Greenville for lunch at the Woman's club building and inspection of several homes of this city.

The program follows:

11 a. m.—Meet at Woman's Club building.

11:20—Leave for visit to Belvoir school.

We are one of Pitt County's consolidated schools. Results of two years work on schoolground improvement. This has been accomplished by the co-operation of the Parent-Teachers Association, faculty and school children. This school has won prizes in State and County in schoolground improvement contest.

1 p. m.—Return to Woman's Club building.

a.—Lunch.

b.—Short talks.

1.—Mrs. J. H. B. Moore, President of Woman's club.

2.—Mr. C. B. Rowlette, Secretary and Treasurer of Merchants Association.

3.—Miss Pauline Smith, District home demonstration agent.

4.—Miss Ethel Nice, Pitt county home demonstration agent.

5.—Miss Violet Alexander, Beaufort county home demonstration agent.

6.—Miss Georgia Piland, State Department of Education.

2:20—Visit some homes and home grounds in Greenville.

1.—Home of Dr. and Mrs. R. L. Carr.

Observe.

a.—Old Home and Yard made over.

b.—Results of two years work.

c.—Use of home grown and native plants.

d.—Inexpensive and informal planting.

e.—Results of pruning.

f.—Tools to work with.

2.—Home of Mr. and Mrs. W. E. Hooker.

Observe.

a.—Making driveway.

b.—Saving of native trees.

c.—Terracing and drainage.

d.—Planting arrangement.

3.—Home of Mr. and Mrs. J. B. James.

Observe.

a.—Terracing.

b.—Drainage.

c.—Screening for back yard.

d.—Cooperation as neighbors.

4.—Home of Mr. and Mrs. J. B. Kirtrell.

Observe.

a.—Prof. landscaping.

If you have property to sell, consult with us. It will pay you well. H. A. White & Sons, Realtors and General Insurance, 403 Evans St., phone 49. Est. 1895.

Fresh sponge cakes every day for strawberry short cake. Peoples Bakery, Phone 129.

## Auditor Here

Arnold Lee, auditor of the Federal Land Bank of Columbia, Columbia, S. C., is here auditing the affairs of Pitt National Farm Loan Association. This association has authority to make loans on farm lands throughout Pitt and Martin counties, on applications approved by local appraisers and reviewed and approved by the Federal Land Bank appraisers. Mr. Lee finds the local association in good financial condition but that it is inactive. This shows, he said, that the farmers are not taking advantage of this particular aid extended by the national government.

## Many Permits To Build Issued In City Recently

The following building permits have been issued in Greenville during the last month:

Export Leaf Tob. Co., factory addition, Tenth street.

Forbes & Winslow, 11 room dwelling, Washington street.

Mrs. R. D. Whichard, 7 room dwelling, Liberty street.

M. A. Perkins, 6 room dwelling, Paris avenue.

Fresh sponge cakes every day for strawberry short cake. Peoples Bakery, phone 129.

## Hams—Hams—Hams

Bill Allen is out of the hospital, and has been down in Onslow county twice this week for some more of those famous hams. They are going fast and the supply is limited. How does 30c for hams—20c for shoulders and middling, hit you? They are beauties.

There has been a great deal of talk of late of the chain stores going to put all others out of business. I have no disposition to throw a damper or knock in the least any legitimate business if I could. I have no hesitancy in saying to my many customers (and they are legion), who have ever tasted of those famous Onslow county hams or smacked of Bill Allen's highest quality unbolting corn meal that is as wholesome, pure and white as the northern snows, bleached by southern zephyrs. When it comes to substantial I've got all the chain stores beat a mile and a quarter and then some.

Bill Allen put out quite a lot of hams in Greenville last week, besides a lot of orders unfilled in Pinetops and Rocky Mount.

I am off for Onslow county today to bring back a fresh supply to fill the increasing demand.

BILL ALLEN  
Phone 780-W.  
Grand Avenue and Virginia Sts.

## Dr. R. L. Carr Becomes Member Of Welfare Board

Dr. R. L. Carr, well known Greenville man, has been appointed a member of the Pitt County Board of Public Welfare, it was announced today from the State Department of Public Welfare.

Dr. Carr succeeds Prof. H. E. Austin, a former member of the faculty of East Carolina Teachers College, who resigned on account of ill health extending over a period of several months. Mr. Austin served the board since its organization ten years ago and was intensely interested in the work of caring for the hundreds of cases coming under the board's supervision from time to time.

Dr. Carr is one of the best known figures in civic work in the county. He has been engaged in several enterprises for community development the last several years and is well equipped for the large field of service made possible through his appointment to the Welfare department.

# GREENVILLE LOSES FREAK GAME TO BUCS

Rocky Mount, April 22.—Rocky Mount won the opening baseball game of the season on the home lot from Les Bangs' Greenville club by the wholly one-sided score of 14-4, although Greenville made ten runs in the final inning of play which did not get into the record as the inning was not completed and the counting of the run, would have tied the score.

The weather for the opening game was cloudy and too cold for comfort in the stands, and before the umpire signalled that the game was over a full moon was in evidence over the left field fence. The affair fell short of three hours by ten minutes.

Mayor T. W. Coleman addressed the sparsely filled stand asking that the over-coated, shivering fans lend support to baseball this year, and he threw the first ball into play, a wide toss.

Then began the game that will supply material for conversation in this city for days to come.

Byrd and Cohen hit homers, Cobb bounced one off the top of the fence for a triple, and Sammy Faynosky got a pair of doubles to demonstrate the power of the local bats. Simmons approached world's record if he did not set one when he walked 19 men. Jones got three hits, a double and a single in the inning in which Greenville made ten runs that didn't scratch.

Skinner King played first base for the Buc's greatly to strengthen the infield, but Brandes, out with a sprained ankle, and McCrea, in the hospital, will have to return before the infield is complete. Brandes is expected to play Saturday.

Umpire Byers called the game after the first half of the eighth, believing that the score was 14-13 in favor of Rocky Mount. Both sides were communicating with Judge Bramham tonight in an effort to clear the matter. Rocky Mount has the better of the argument, as the rules are very clear on the matter.

## BABE HITS FIRST, HOMER OF 1929

While his bride looked on, Babe Ruth opened the baseball season in New York auspiciously by clouting out a home run that helped turn back Boston 7-3. Babe is greeted by Lou Gehrig at home.

## CHICAGO CUBS SHOWING FORM, OTHERS ACTIVE

Not that anyone has denied it, but the time seem to have come for the experts to grant that Joe McCarthy's Chicago Cubs have something more than uniforms to prove they're baseball players and possible National league pennant winners.

Pre-season forecasts all stressed that fact that if the Cubs were in the running all year they could give the credit to their capabilities at the bat rather than in the pitchers' box.

But the first week of the season has revealed notably a tremendous batting punch in the Cubs line-up, with Rogers Hornsby acting as the "big bertha" but a surprising and unsuspected strength on the pitching mound as well.

Facing the St. Louis Cardinals at Chicago yesterday, the Cubs played bang-up ball behind Pat Malone's great pitching and won, 3 to 0, for their fourth victory in five starts. Holding the slugging Cardinals to five hits for his second victory of the season, Malone stretched Cub pitchers' scoreless inning streak to 26.

"Old Pete" Alexander puzzled the Cubs until the fourth when Hornsby connected for a home run with the bases empty. After that they pecked away at the veteran with enough effectiveness to score single runs in the fifth and sixth innings.

After holding the Cincinnati Reds scoreless for six innings, Carman Hill, respected star of the Pittsburgh Pirates biew up with a loud report in the seventh and the Reds scored six runs before Remy Kremer could halt the carnage. The Reds added three more in the eighth to bring the final score to 9-4.

In the American league, George Uhle pitched Detroit to a 1 to 0 shoutout over the St. Louis Browns at St. Louis but he had some help from his mound rival, Jack Ogden. Jack's balk in the first inning coupled with two singles allowed the Tigers to score the only run of the game. Dale Alexander, big first baseman of the Tigers, was credited with driving in the tally, the 14th he has accounted for this season. That total incidentally leads both leagues.

In the only other Major league San Francisco—Young Corbett of Fresno, outpointed Pete Myers, San Francisco, (10).

game of the day. Al Thomas gave the Cleveland Indians nothing that they could hit and the Chicago White Sox galloped away with a 10 to 0 decision. Thomas was touched for seven hits but he scattered them in such fashion that the Indians never got around to scoring a run. About half the Cleveland pitching staff tried to stop the Sox batting spree with a distinctly noticeable lack of success.

## Wolf Wins Out Over Dundee

New Orleans, April 23.—(AP)—Johnny Dundee, 35 years old, former featherweight champion, found Eddie (Kid) Wolfe, of Memphis, too aggressive here. Wolfe won a ten-round decision at Heimemann Park last night, before 5,000 fans. The veteran of 17 years of ring history held his own or better during six rounds, but was near a knockout in the seventh when Wolfe patted him repeatedly with rights and lefts to the head and body. Dundee was bleeding freely at the mouth and one eye was partially closed when the bell saved him. He came back with frequent clinches in the eighth and was apparently as good as ever in the finishing rounds. Dundee weighed in at 134 1-2, and Wolfe at 131 1-2.

## First Casualty

The first accident of the baseball season placed Earl Clark, Boston Braves center fielder, on casualty list. He suffered concussion of brain when he crashed into fence while chasing a fly ball at Boston.

## Fights Last Night

(By The Associated Press)  
Cleveland—Stanislaus Loayza, of Chile, stopped Frankie Chatterton, Cleveland, (8); Roy Rosales, Mexico, won on foul over Johnny Grosso, Mount Vernon, N. Y., (8). Philadelphia—George Courtney of Oklahoma, knocked out Tom Kirby, Boston, (2). New York—Kid Chocolate, Cuba, outpointed Vic Burrone, New York, (10). Toronto—Midget Wolgast, Philadelphia, outpointed Phil Tobias, of Brooklyn, (10). New Orleans—Eddie Kid Wolfe, Memphis, outpointed Johnny Dundee, New York, (10). Buffalo—James J. Braddock, New Jersey, knocked out Eddie Denson, Florida, (1). Memphis—Red Herring, of Utica, outpointed Jack Britton, (8).

With a cigarette as good as Camels the simple truth is enough

# CAMEL

CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

Camels are made of the choicest tobaccos grown-cured and blended with expert care.  
Camels are mild and mellow.  
The taste of Camels is smooth and satisfying.  
Camels are cool and refreshing.  
The fragrance of Camels is always pleasant, indoors or out.  
They do not tire the taste nor leave any cigaretty after-taste.
