CHARGES COP INTIMIDATED VANDERBURG

Bitter Battle Features Giving of Testimony in Gastonia Murder Case Today.

Gastonia, April 25.—(AP)—Charges that a Gastonia police sergeant, C. R. Austin, attempted to intimidate Jacob Vanderburg into confessing he had killed five members of his family, were made by a defense attorney here early this afternoon.

The charges were made by A. E. Woltz, former State Senator, during a bitter battle to keep out testimony by the sergeant that the boy had told him "Nobody knows how it happened but me, and I won't tell."

The attorney declared Sergeant Austin had gone to the cell soon after the body's imprisonment, first tried to "get into his good graces" and then cursed and threatened him.

Judge A. M. Stack, however, ruled the testimony was competent and the sergeant was allowed to repeat the conversation before the jurors.

On cross examination Attorney Woltz said: "You were trying to extort a confession at any cost, weren't you?" "I guess so," replied the officer. "You cursed him?" "No, I didn't."

The jury panel was completed at 11 o'clock this morning, after which the first witness, Sergeant C. L. Hoard of the Gastonia police force, took the stand to testify for the state.

Officer Hoard testified he found the defendant seated by the roadside at the burning Vanderburg home. He identified articles of clothing found in a suitcase which Jacob said were his.

The suitcase contained two small jars in which was about \$30 in money. The boy was fully dressed except for a coat, the officer said, and carried a shotgun.

The officer said he asked Jacob where his family was and the boy replied that some of them might be at the barn. He was unable to find them and brought Jacob to Gastonia. Jacob was asked where he kept the axe, the officer continued, but when a search at the designated place failed to reveal the implement Jacob said he believed he had taken it into the house.

Tarboro Minister Killed In Automobile Collision Near Greenville Today

Rev. J. L. Vandell, of Tarboro, was instantly killed shortly before the noon hour today in an automobile collision on the Greenville-Bethel highway about two and a half miles from Greenville. J. W. Crafton and Dick Leonard, of this city, were also injured and were receiving treatment at the local hospital. Two other occupants of the cars escaped with bruises.

Crafton was being held under \$1,000 bond this afternoon pending investigation of the accident by Sheriff Sam Whitehurst.

Mr. Vandell, an evangelist of Albemarle Presbytery, accompanied by Rev. A. J. Crane also of Tarboro, was on his way to Greenville on church business. The evangelist's body was being held at a local funeral parlor

awaiting information concerning funeral arrangements.

The accident occurred a short distance from House Station when Crafton pulled his car to the left to pass a wagon. He crashed into the car driven by the Rev. Mr. Vandell, throwing the minister clear of the machine, severing his jugular vein and breaking his neck. Mr. Crane suffered several bruises.

J. W. Pugh, third occupant of the Crafton car, escaped with minor injuries.

Crafton was able to leave the hospital this afternoon, but reports were to the effect that Leonard was still in an unconscious condition. The full extent of his injuries had not been determined.

MANY HOMES MENACED BY RISING RIVER

Mississippi Threatens Four Thousand Homes in Illinois Flood District.

Quincy, Ill., April 25.—(AP)—The homes of 4,000 people and the safety of over \$4,000,000 worth of property lay at the mercy of the Mississippi today, and the prospects of compassion from the mighty river seemed woefully slight.

Rain poured last night into the rivers to the north in Iowa, Illinois and Missouri after heavy showers the day before had caused a six-inch rise at Keokuk, and the government observer here said the river would unquestionably rise again.

A sensation was caused in the flood region last night with the report that danger faced the St. Louis drainage district, just below the now-flooded earth Quincy tract. The St. area, heretofore believed entirely safe, comprises 110,000 acres and is said to be the largest drainage district in world protected by a single levee. Approximately 600 families live there.

Veteran flood observers said that another rise like the one last weekend would push down the St. Dikes and bring damage that might reach \$3,000,000.

Only the heroic efforts of a skilled engineer and construction crew which had been working on improve ments have saved the 14,000 acre Lima Lake district this long, residents there stated, and the continued safety of the Gregory district, below Warsaw, Ill., on the Missouri side is attributed to more good luck. The Lima Lake area has had the benefit of its northern location, above the worst fury of the Mississippi.

None of these three districts is considered out of danger now. The flooding of them would cause a loss of as much as \$1,000,000 and would rout about 250 families from their homes.

Already a million dollars damage has been caused in the neighboring drainage tracts by the floods which started in March and have broken all records as far back as 1851 for height and duration.

German Bank Increases Discount Rate To Stop Gold Reserve Depletion

Paris, April 25.—(AP)—Severe French criticisms of Dr. Hjalmar Schacht, President of the Reichsbank, for his failure to take steps to prevent depletion of the bank's gold reserve led today, it was learned in responsible financial circles, to a raise of from 6 1/2 to 7 1/2 per cent in its discount rate.

Strike Leader Held In Jail In Auto Wreck

Greensboro, April 25.—(AP)—W. M. Bledsoe of Gastonia, member of a party which arrived here last night enroute to New York to make a plea in behalf of striking textile mill operatives in North Carolina, was in the Guilford county jail early today charged with reckless driving in connection with an automobile accident last night near Monticello.

Members of the party enroute north included Paul Crouch, representative of the International Labor Defense Organization; Miss Viola Hampton, C. E. Holloway and Raymond Clark.

In the accident last night, according to information at the sheriff's office, a wheel of the car of Mrs. F. D. Porter of Reidsville, was torn off and Mrs. Porter was hurled to the roadside by the impact.

M. C. Wagoner was driving a machine meeting that of Mrs. Porter, it was said, and the car of Bledsoe came up behind him and attempted to pass. Just as the Porter and Wagoner cars were meeting, that of Bledsoe struck Mrs. Porter's.

Wagoner swore out a warrant before Magistrate J. Richard Moore, charging Bledsoe with reckless driving, after Bledsoe and members of his party appeared reluctant to take responsibility for the accident.

Crouch, acting as spokesman for the party, then offered to assume the damages suffered but declared the group had no funds. Bledsoe was remanded to jail until a telegram for funds could be sent and the money received, with the understanding that, if the damage to Mrs. Porter's car, amounting to \$35, was paid, the warrant would be withdrawn.

The entire party spent the night here awaiting the money, which had not arrived early today.

Confidence Man Is Found Guilty

Paterson, N. J., April 25.—(AP)—"Draper Don" Collins, debonair confidence man, faced a three-year prison term today despite his good looks and the presence of eight women on the jury.

A petite 22 year old school teacher, as foreman of the jury pronounced him guilty of conspiracy to "wind" Thomas Webster, Eng. Haverhill City fruit grower out of \$30,000.

"His good looks swayed us neither one way nor the other," Miss Letitia Willett, the foreman, said after the trial.

Part or all of the reparations annuities.

The French newspapers, voicing the views of responsible financiers, insinuated and openly charged that he was seeking to make the German economic situation appear precarious and unstable as justification for his plea for lower reparations.

BLOODY FIGHT IS REPORTED AT JALISCO

Mexico City, April 25.—(AP)—"Bloody" fighting between 1,000 so-called religious rebels and the federal army of General Cedillo at Tepatlitan, Jalisco, was believed still in progress today after three days' conflict.

Shouting their battle cry, "Vive Cristo—Rey—Long Live, Christ King"—the beleaguered rebel force was said not only to have repulsed federal attacks with hand to hand and bayonet fighting, but to have inflicted reverses on the government troops.

General Cedillo, charged by General Calles with "extermination" of the "Cristeros"—as the government terms the rebels—was quoted as expressing confidence his superior numbers and better equipment would prevail in the end and that he would invest the town. He had 5,000 soldiers at his command.

News of the encounter came almost simultaneously with advices of a peace offer on his part, declaring a twenty-day truce in the region affected by the so-called religious rebellion during which safe conduct to home was guaranteed those who surrendered and renounced persecution promised the more tenacious.

A proclamation by General Cedillo said: "My soldiers' right arms are cloaked with iron with which to destroy you, but their left arms, the arms of the heart, are cloaked in white with which to pardon you."

Dispatches to La Prensa from Guadalajara offered the most comprehensive accounts of the battle at Tepatlitan. The dispatches said there had been numerous casualties.

General Enrique Gorostieta, graduate of Chapultepec Military Academy, Mexico's West Point, and former high officer in the army of President Victoriano Huerta was at the head of the rebels. He joined the "Cristeros" about two years ago.

La Prensa dispatches described the battle as "bloody" and the fighting as most bitter. So heated had been the conflict at times that federals were forced to withdraw to some distance from the town and reorganize their forces. The civilian population of the city were unable to leave and were confined principally in one of its most exposed sections.

The rebel force was said to be in control of strategic points near Tepatlitan, which is only 50 miles east of Guadalajara, second city of Mexico, and about 35 miles west of Arandas, General Cedillo's headquarters.

News of the encounter caused surprise at Chapultepec Castle where there was apparent considerable perplexity as to the exact stage of fighting on the west coast before Maslaca. General Cedillo had been thought to have the "Cristero" situation well in hand, and it had not been believed any unit of the so-called religious rebels had more than two or three hundred men in it.

CABINET OF DENMARK RESIGNS AFTER ELECTION

Copenhagen, Denmark, April 25.—(AP)—Premier Madsen Myrdal tendered the resignation of his cabinet to King Christian today in compliance with yesterday's election results, which failed to give his party, the Liberals, a majority in Parliament. He was asked to continue in office until a new cabinet could be formed.

Beaufort County Women Inspect Beautification Of Homes In Th's City

Several Beaufort county women visited Greenville yesterday to inspect beautification projects of city homes and the Belvoir consolidated school. The program was an intensely interesting one and was conducted under the direction of Miss Ethel Nice, director of the Pitt County Home Demonstration department, and Miss Violet Alexander, representing the Beaufort County Home Demonstration department.

After the visit to the Belvoir school where beautification of the campus was inspected, the visitors returned to Greenville for luncheon at the Woman's club. The luncheon was interspersed with timely talks by leaders in civic enterprises of Pitt and Beaufort counties. The speakers were: Mrs. J. H. B. Moore,

president of the Woman's club; C. B. Rowlett, secretary of the Merchants association; Miss Pauline South, district Home Demonstration agent; Miss Ethel Nice, Pitt County Home Demonstration agent; Miss Violet Alexander, Home Demonstration agent of Beaufort county; Miss Georgia Pland, representing the State Department of Education.

Each of the talks dealt with the importance of making the home more beautiful through the planting of flowers and shrubs, terracing and drainage, and other features. The following homes were visited after the luncheon: Home of Dr. and Mrs. R. L. Carr, home of Mr. and Mrs. W. E. Hooker, home of Mr. and Mrs. J. B. James, and the home of Mr. and Mrs. J. B. Kirtrell.

House Plans To Adjourn During The Week-end

Washington, April 25.—(AP)—Further evidence of the desire of House leaders to limit the special session of Congress as closely as possible to the administration program was given today in the plan for adjournment over the week-end after disposing of the farm relief bill.

The Senate was not in a position to adopt a similar course, its procedure being less easily controlled under the rules and its farm relief discussion having gotten under way only last Tuesday, with many members showing an inclination to force attention to other matters in the meantime.

The Republican members of the House ways and means committee are still struggling with the provisions of the tariff revision bill, and are not expected to have it ready before Monday, if then. That is the next measure which House leaders hope to dispose of on the administration program.

Indications are that the farm relief bill will consume more time in the Senate than it has in the House, and that the tariff bill will not be disposed of in the latter chamber with the ease and speed which has marked the farm bill discussion there. Republican leaders are considering plans to have the tariff measure brought before the House under special rules designed to limit debate sharply, but the Democrats already have made it clear that they will oppose any such move.

Forest Fires Raging in Tenn.

Johnston City, Tenn., April 25.—(AP)—Forest fires burning in hills near here were beyond control of rangers today and three fighting the flames believed the inhabitants' sections would be endangered.

The blaze centred on Jenkins Mountain started several days ago but did not cause alarm until fire wardens efforts to check them yesterday failed. These patrolling the section expressed the belief that only rain would check the fires.

The flames had not reached the inhabited sections today.

Senator Borah Answers Heflin With Plea For Religious Tolerance

Washington, April 25.—(AP)—A plea for religious tolerance and adherence to the spirit of the constitution is the answer of Senator Borah, Republican, Idaho, to the latest effort of Senator Heflin, Democrat, Alabama, to have the Senate condemn the treatment accorded him after his Ku Klux Klan speech last month at Brocton, Mass.

The Idaho Senator's appeal was made yesterday after Heflin had interrupted the farm relief debate in the Senate with a demand for action upon his resolution condemning the Brocton incident, during which a bottle, hurled at him as he was leaving the hall after his speech, hit a policeman.

Citing a statement by the Alabama that his resolution "determines the position of the United States Senators as to whether they are for the American government or for the Roman Catholic Church," Borah asserted that it therefore, "can have only a political effect, or what is worse, a religious effect, and in no sense do what the Senator wants to accomplish."

Founding his desk, the Idaho Senator continued: "It was the idea of the fathers that in the broad confines of this government, and within its generous purposes, there was to be room for all faiths, all creeds, all beliefs. The only thing required of them was that in their professions and practices they should conform to

ANOTHER MILL RESUMES WORK AT LEXINGTON

Striking Workers Return To Largest Unit of Wennonah Mills Today.

Lexington, April 25.—(AP)—Operations were resumed this morning in plant No. 2 of the Wennonah cotton mills after a complete shutdown since April 12 on account of a strike. The plant started is the largest of two units of the mill. W. E. Holt, general manager, said, and all machines in the unit were running with a small surplus of labor on hand.

About 25 picketers, including several from outside of Lexington, appeared at opening time but the picketing was done in an orderly manner.

Mr. Holt stated that on account of market conditions the company would not attempt at the present time to re-open mill No. 1.

The employees, Mr. Holt declared, returned to work at the new wage scale made effective April 8 and with the understanding that the National Textile Workers Union is not recognized. The first walk-out at the Wennonah plant was in protest against a wage cut but later a local union was organized.

GOVERNOR GARDNER TO SPEAK IN VIRGINIA

Raleigh, April 25.—(AP)—Governor Gardner will leave early this afternoon for Richmond where he will be a guest of Governor Byrd. Tomorrow he will deliver an address on "North Carolina's Part in the Creation of America," at extracurriculars to be held at Cape Henry in commemoration of the settlement of Jamestown, the first permanent English settlement in the new world.

The governor, who will be accompanied by Mrs. Gardner, expects to return Saturday. He will travel by automobile.

CHEYENNE IS ISOLATED BY SNOW STORM

Heavy Loss of Life And Property Damage Feared After Worst Blizzard In Years.

Cheyenne, Wyo., April 25.—(AP)—Loss of life and tremendous damage to livestock and other property was feared today following the worst blizzard in the history of Wyoming which had isolated this city for nearly 24 hours and paralyzed transportation.

Telephone and telephone wires were down in every direction from Cheyenne and communication with the outside, even by radio, was cut off last night when the electrical power was turned off to prevent casualties from contact with live wires on the ground and house-tops.

Train service, except on local short lines, was at a standstill and all highways were blocked. Even motor travel in the downtown streets here was almost impossible.

Many interstate buses due here yesterday were unaccounted for and motor cars were known to be stalled on the highways in many parts of the state. Throughout the day yesterday, men fought their way to Cheyenne through huge snowdrifts to obtain clothing and food for their wives and children suffering in automobiles stalled near the city.

The storm, general over the Rocky Mountain region, but not as severe in other states, struck Wyoming at the height of the lambing season, and a heavy loss of lambs and calves was believed certain by stockmen who compared the blizzard with that in May, 1927.

The storm that year cleared eight lives and sheep losses ranged from 20,000 in the region of Sheridan to 100,000 in other parts of the state.

The casualty list of Wyoming blizzards usually is composed largely of sheepherders, and stockmen were apprehensive as to the safety of men tending their flocks. Other possible victims were those caught in automobiles in the desolate sections of the state. Until telephone trouble crews, traveling in tractors to the trunk lines, succeed in connecting Wyoming cities by telegraph and telephone, what have the storm has wrought can not be determined.

Last reports received here before communication was cut off said many streams were being transformed into raging torrents.

Snow and rain in other Rocky Mountain states hampered traffic and stopped air travel.

From several points in Colorado came reports of streams roaring flood stage from the heavy precipitation and near Cray's, Colo., the Tampa river was carrying over bridges and endangering a Texas Oil Company refinery as the ordinarily small stream was assuming the dimensions of a torrent.

Western Nebraska, near the Colorado and Wyoming line, was hit by tornadoes and snow and wind swept over the section.

The Scottsbluff Herald, the only daily paper in western Nebraska, received its news report from the Associated Press over the air from radio station KOA of the General Electric Company at Denver, supplemented by brief dispatches over a single telegraph wire that functioned into the town.

New Cruiser Is Launched Today

New York, April 25.—(AP)—Uncle Sam's newest Cruiser, the Pensacola, was launched at the Brooklyn Navy yard today.

As the way craft slid gracefully from the ways from the forest of scaffolding which had engulfed her, Mrs. Josephine Knowles Seligman of Roslyn, Long Island, a native of Pensacola, broke a bottle of champagne over her bows, exclaiming: "I christen thee Pensacola."

The Pensacola, 10,600 tons, is the largest ship to be launched at the Navy yard since the war. Her ultimate cost will be \$11,000,000.

LONG WINDS UP SPEAKING TOUR IN LOUISIANA

Governor Charged With Misconduct, Flays Standard Oil Company Activities.

Baton Rouge, La., April 25.—(AP)—Governor Huey P. Long, played up in the evidence as "frisky with a woman on a settee" at a French-town studio party in New Orleans, had ended his state-wide speaking tour today with a final rebuke of the Standard Oil Company and the Senate was ready to meet to make arrangements to try him on impeachment charges of general official misconduct.

With seven charges of impeachment voted against him—two alleging bribery and intimidation and five misapplication of state funds—the House took a spirited plunge into a Hula Hula entertainment for the government given by A. D. Danziger, president of the New Orleans Association of Commerce, during last Mardi Gras.

The studio party echoed in the very ears of the governor who returned today from his anti-impeachment tour. In his final speech at Lake Charles last night the executive again thundered his guns against the fortresses of the enemy and described the impeachment doing as a "little investigation."

The move arose as a result of his efforts to force the Standard Oil Company to pay a share of taxes and to oust the "old tie-estate gang," he said. "Every time I get one of those old pie-eaters he goes on the witness stand the next day."

Testimony given by opposing witnesses on the St. Peter street party in Mr. Danziger's studio-theatre conflicted only in the minor details. A good time was had by all. Drinks were served and the Hula Hula dancer who performed bare-foot and in a straw skirt testified that she sat in the governor's lap with the official arm around her neck.

The evidence was admitted under the count charging Long with gross misconduct in public places.

Mr. Danziger preceded Helen Clifford, the Hula entertainer on the stand. There was no attempt to shield the drinks. His party, he said, was attended by only the first people.

As to how many drinks the governor took, Danziger testified, "or whether he drained the glass I saw him with, I cannot say. He had

the glass in his hand most of the time he was there."

"As far as I was concerned, I had only one drink served to me."

"The idea was to have a jolly time and everybody was jolly."

The witness was not positive as to whether the governor sang at the gay party, but he saw him take a "few steps like a jig" he was just keeping time with the music.

A girl tried to sit in the chief executive's lap. Mr. Danziger recollected, but the governor shoved her away. "Don't do that," he said. "Helen" however, told more. She said the governor shoved her off but pulled her back and she sat on his lap with "his arm around my neck."

"Everybody was drinking," she said, "and the governor had plenty."

Miss Clifford remarked that the governor danced under the rim of a cock-tail class but that he spent most of his time on a settee with a woman who called to him: "Come here, Huey."

"He played with her hair. He was admitting it," she said.

First public mention of the party which occurred on the night of a military raid against alleged open gambling near New Orleans broke with publication in the newspapers of an affidavit by Miss Clifford.

Two Murderers To Go To Trial

Spartanburg, S. C., April 25.—(AP)—Ray Coleman and Paul Johnson, charged jointly with the murder of Earle Belue, payroll clerk of the Drayton mills, during an attempted holdup of the mill official, were to go on trial here this morning.

Coleman and Johnson are charged with fatally shooting Belue as he and Adrian Green, treasurer of the mills, were going from a local bank to the mills with approximately \$6,000 to meet the payroll of the plant.

Both defense and prosecution announced yesterday that they were ready for trial today. A true bill was returned against the pair Monday.

Defense counsel at first indicated that a change of venue would be asked, claiming that prejudice had been excited against Johnson and Coleman, owing to the nature of the crime and the prominence of the slain man. If this was denied, they indicated they would ask a continuance but both of these courses were abandoned due to later developments.

The capture of Johnson and Coleman followed a nation-wide search. They escaped in an automobile after the shooting of Belue. Coleman

was arrested in Indianapolis, Ind., and Johnson was taken in Wilmington, Del.

Grady Spencer of Gaffney and Dick Allen of Spartanburg charged with being accessories to the crime will probably be used as witnesses for the state, it was said today.

Schoolgirl learns simple health measure

Starting right

WITH all the talk there is nowadays about the independence of the sub-deb generation, your reporter got a great kick out of hearing a grandmother describe how her granddaughter was following a good old tried and true method of improving her general health.

"My granddaughter, Margaret," says Mrs. Zell of 6231 Catherine Street, Philadelphia, "read about Nujol, was interested in it, so sent for a sample." It seems she has been taking a tablespoon of Nujol once a day since and expects to continue this treatment. Already she has found an improvement in her general health, her system functioning normally where other remedies had failed.

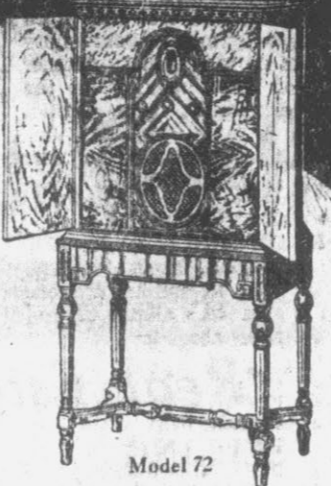

That's one of the best things about Nujol. It is just as harmless for young girls, or babies even, as it is for adults. For Nujol contains no medicines or drugs. It can't upset

you because it works so easily and regularly, in a normal fashion.

Nujol was perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey). It can be bought anywhere for about the price of a ticket to a good movie. Get a bottle of Nujol today and try it, won't you? In sealed packages.

The Winterville Home Demonstration club will meet Tuesday, April 30 at 2:30 o'clock at the home of Mrs. O. H. Jackson. There will be a demonstration in the use of patterns. All members and friends are urged to be present.

MRS. CARR HOSTESS TO ROUND TABLE CLUB
Mrs. H. L. Carr charmingly entertained the Round Table club at the home of Mrs. Dot Patrick Tuesday afternoon at 3:30. Eighteen members responded to roll call with interesting current events about women. After the business hour, and the exchange of books, the meeting was turned over to Mrs. E. L. Hillman who told us in a very interesting way all about "Madam Grundy," which was the topic for the afternoon.

At the close of the program Mrs. Carr served a delicious sweet course.

—Reported.

MRS. CARR'S FARM IN LOUISIANA HIT BY RECENT TORNADO
Mrs. R. L. Carr of this city, has been advised that her plantation in Louisiana suffered severely from the tornadoes reported in that state several days ago. Although full extent of the damage had not been determined today, it was known that several tenant and outhouses were wrecked by the twister.

PITT COUNTY GIRLS IN MUSIC RECITALS

Durham, April 24.—Senior students of the Southern Conservatory of Music have already completed their annual recitals, and preparations are being made for commencement exercises, at which time numbers of visitors from the students' home towns are expected to come to Durham.

Among those who made excellent showings in their recitals are: Miss Dorothy Barnes of Black Creek; Miss Elizabeth Coward of Ayden; Miss Florence Overton of Greenville; Miss Sara Brown Braxton of Ayden; Miss DeRotha Hughes of Taylorsville; and Miss Walter Graham of Concord.

A fine record has been made this year by Miss Florence Overton and this information will be received with pleasure by the many friends of the Conservatory. Commencement exercises will be held this year during the early part of May and many visitors are expected to be here from the various sections of North Carolina, South Carolina and Virginia.

WOULD PROVIDE FUND FOR ERADICATION FRUIT FLY
Washington, April 25.—(AP)—Acting Chairman Wood of the House Appropriations Committee, introduced a resolution today to provide \$4,200,000 for the eradication, control and prevention of the spread of the Mediterranean fruit fly.

Cruisers Returned Home.
Shanghai, China, April 25.—(AP)—The Light Cruisers Trenton and Stetson sailed for the United States today after completing a year's duty in China.

The Light Cruiser Memphis of the same division, left Cheloo, also for the United States, and will join the others at Yokohama.

Winston-Salem Man Dead.
Winston-Salem, April 25.—(AP)—The Rev. Henry A. Brown, D. D., 82, pastor-emeritus of the Winston-Salem Baptist churches and for 43 years pastor of the First Baptist church, died this afternoon at the home of his daughter, Mrs. H. S. Stokes.

Dr. Brown was a native of Rockingham county, but had been a resident of this city for half a century.

Brown Memorial Baptist church here was named in honor of him.

Dr. Davis, eye specialist, will be here again Saturday, April 27th. Be sure and see him about your eyes.

CONFEDERATE DAUGHTERS TO ENDOW MEMORIAL HALL

Nashville, Tenn., April 25.—(AP)—Tennessee's confederate soldiers are to be memorialized and their young women descendants educated under a plan of the Tennessee division of the United Daughters of the Confederacy.

The plan is to give \$50,000 to the trustees of George Peabody college for teachers here for a confederate memorial hall. This hall will be in the home of 50 young women selected annually from all sections of the state. The students will live there without cost.

MILLIONS GLIMMERED, BUT HE SAVED \$250
Moline, Ill. (AP)—Harvey Firststone and Henry First of Moline, had a cat the other day. They recalled when, 30 years ago, Firststone asked First to buy a half interest in the Firestone Tire & Rubber Co. for \$250.

First didn't think much of the idea, then.

Tardy Once In 50 Years.
Mammoth, Ill. (AP)—A half-century's perfect attendance record was broken when Dr. Alice Winbiger of Mammoth College arrived 12 minutes late to find her class had fled. The students had waited the customary 12 minutes for the professor and then departed.

To Continue To Soar.
New York—Lindbergh benedict intends to soar just the same as Lindbergh bachelor. "If a pilot has been properly trained," said the colonel, "he is just as good when he is old as when he was young." Also an aviator can fly as long as he can drive an automobile.

Two Persons Wounded In Courtroom Pistol Fight
Olive Hill, Ky., April 25.—(AP)—Austin Fields, brother of former Governor William J. Fields, and Chief of Police H. B. Carter shot and wounded each other in a pistol battle in police court here today. Deputy Sheriff Jim Walker of Carter county, a bystander, was wounded and may die.

Helpful suggestion: If Marion Talley really wants to live on a farm, why not marry a farmer?

A professor has discovered why cats come back. It's because they're "kliesthetic."

PERVERTED SYMPATHY

"In our desire to be merciful," says President Hoover, "the pendulum has swung in favor of the criminal and far away from the protection of society. The sympathetic mind of the American people in its over-concern about those who are in difficulties has swung too far from the family of the murdered to the family of the murderer."

This is shown right along in the day's news. It is a queer perversion of honest feeling, when the sympathy of jury and public goes out to the offender and his family instead of the victim and his family.

This is maudlin sympathy—drunken sympathy. Justice is swayed by super-sentimental men and women drunk with their own foolish emotions. It is time to restore manly, honorable emotion—which is reverence for law and right—to its proper place in our American criminal system.

NIGHT CLUBS

New York's two foremost "hostesses" of night clubs, tried for "maintaining a nuisance," have been acquitted with great eclat. They are cheered vociferously, they celebrate festively, and their places draw more patronage than ever. Presumably they sell more liquor than ever. It was good advertising.

The conclusion seems to be that a night club is not a nuisance. Or at least, a night club in New York is not a nuisance. Or to be perfectly explicit, a night club run by a pretty woman in New York is not a nuisance. From the public attitude there, we might gather that such institutions are civic assets.

The smaller towns are inclined to look at the matter differently. Yet it is surprising how many citizens from the small towns, when they arrive in New York, hunt up such places of revelry, and then brag about it when they get back home. It is an honor to be called—accurately enough—a "sucker" by a night club hostess.

Too Much Realism.
 Kronstadt, Orange Free State—A manager of a movie theatre who delighted in realism must pay \$100 or spend three months in jail. During the showing of a cowboy film he fired three shots to make it like a talkie. He thought the cartridges were blank. One shot killed a native passing the theatre. The manager was convicted of culpable homicide.

ABOUT TOWN

"Seems to me that the Greenville baseball club is lacking of pitchers," said a fan today, commenting on the two games which the local lost to Rocky Mount.
 "We did enough hitting to win both of those games, but the other side hit more than we did and won out in both contests. Our pitchers seem to be as wild as March hares. It may be they will settle down in the near future and work like real o.g. leaguers. I shall hope so. Losing two straight games doesn't set so well when all of us were eager for some real ball playing."

"It is fitting indeed that the new river bridge should be dedicated as a memorial to Pitt county men who fought in the World War," declared a citizen today, speaking of the exercises to be held at the bridge Sunday afternoon.

"The members of the Auxiliary of the Pitt County Post of the American Legion are to be congratulated for their effort in getting the highway commission to give the bridge to this cause. They have been instrumental in providing a memorial that will stand for years and years always conveying a mute reminder of the sacrifices which our young men made that civilization might be saved from the heel of German autocracy."

"May the bridge prove as strong and enduring as did the men who gave their all for humanity."

"The epidemic of robbers reported from various parts of the city should give members of the local police department something to think about for the next several days," mentioned a citizen today.
 "The fact that one of the robbers was armed with a .38 calibre revolver is of sufficient seriousness to cause the officers to push their investigation until the culprit has been brought to justice. It is awful to even contemplate what might happen should the intruder meet with opposition in his nocturnal prowlings."

"Human life and property is being endangered by the marauders and the sooner they are apprehended and properly punished the sooner this community will be able to sleep soundly at night."

"Saturday is 'Straw Hat Day' in Greenville," observed a member of the Merchants Association, and we are hopeful every man in town will visit local stores to see the unusual showing of headgear provided for this season.
 "Straw Hat Day is the season of the year set aside by the Merchants Association for abandoning winter hats, and the man that wants to keep pace with the best dressed of his sex should not fail to provide himself with his style hat before stocks are depleted."
 "Watch the various display windows and select what you want to wear the remainder of the summer and then purchase it Saturday."

"It is to be regretted that illness of Judge Daniels resulted in the postponement of court Tuesday afternoon," declared a court attendant today.
 "Judge Daniels is probably one of the best known jurists in this section of the country and his feeble health regarded with solicitude on all sides. Everybody will hope for him a speedy recovery and early return to his duties on the bench."

"I am always glad to hear of improvements on the Greenville tobacco market," asserted a prominent business man today, because they assure everybody of a bigger and better market during the coming years.
 "If present plans carry the approaching season will surpass anything in all years and probably result in the sale of a greater volume of tobacco than destined to be the country. It is situated in the biggest bright leaf growing county and certainly deserves to be rated as the largest of auction markets."
 "The future is very bright for the realization of this ambition and all the city needs to do is sit steady and watch things develop."

As new, and different now as it was when introduced...

Recall the scene. A New Oakland All-American Six. Making its bow to the public. Setting everyone talking. About its distinctive beauty... about its original design.
 And now. Weeks have passed. You see the New Oakland here... there... everywhere you go. Other cars have appeared in bewildering succession... offerings for the coming seasons. But the distinction of the All-American continues... unaffected. It's as new and refreshingly different today as it was when introduced.

Like a good friend... like a fine painting... it grows on you... impressing you more favorably with every passing week. The better you know it the more you will respect the New Oakland All-American Six.
 Prices \$1145 to \$1525, f. o. b. Pontiac, Michigan, plus delivery charges. Spring covers and Locejoy Hydraulic Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.
 Consider the delivered price as well as the list price when comparing automobile values. Oakland-Pontiac delivered prices include only reasonable charges for delivery and financing.

HOUSE READY TO RUSH FARM BILL THROUGH

Fight in The Senate is Centered About Export Debuture Clause.

Washington, April 25. — (AP) — Having demonstrated its power to make work of amendments, the House majority was prepared today to rush its farm bill through to a vote and send it to the Senate.

Only a third of the House bill was left open for consideration of amendments at adjournment yesterday. While a number of changes had been worked out for consideration today, the majority members had tasted victory by pursuing a policy of confining their part of the discussion to a chorus of "noes" in the voting—a policy which swiftly disposed of all amendments offered yesterday.

The Senate, meanwhile, has become engaged in a much different kind of struggle. With leaders regarding the export debuture provision of the Senate bill as the only part of it opposed by President Hoover, the fight has centered on that clause and indications are that the discussion will continue along that line for some time.

Senator Brookhart, Republican, Iowa, who campaigned for Mr. Hoover as the "best friend the farmer ever had," has joined the leadership of the administration opponents in the discussion, demanding enactment of the debuture plan. Senator Copeland, Democrat, New York, believing it will be defeated, has proposed, meanwhile, that the equalization fee provision which caused President Coolidge to veto two McNary-Haugen bills are substituted for it in the present measure.

Washington, April 25. — (AP) — Charles Evans Hughes today stood publicly aligned with those who would bring the United States into the world court through the medium of the formula worked out at Geneva by Elihu Root and tentatively accepted by other world powers.

In his address as president opening the twenty-third annual meeting of the American Society of International Law last night, Mr. Hughes emphasized that judicial action is the indispensable requisite of any legal order and presented comprehensive arguments favoring American adherence to the court. He spoke on "institutions of peace," and recognized the negotiation and ratification of the Kellogg treaty for the renunciation of war as the outstanding event of the year.

He said he did not care to discuss the article of the treaty regarding renunciation of war as a national policy but declared that in his opinion the real promise of peace lay in the second article by which the signatory powers pledged themselves to solve all disputes and controversies by pacific means.

Citing that the United States is not a member of the League of Nations and cannot participate in its activities, he asserted that it can and has always been ready to participate in international conferences in the interests of peace. "Alliances," he declared, "are opposed to our policy; conferences in the interests of peace are not. "If we were to support the permanent court of international justice and if we were to supplement the Kellogg pact by a treaty for conference and consultation similar to the Pacific treaty, should we not be taking entirely practical steps for the building of the institutions of peace without violence to any of our cherished traditions?"

WEALTHY LUMBER DEALER DIES SUDDENLY TODAY

New Bern, April 25.—(AP)—Mr. Franklin P. Clark, 64, of Palm Beach and Fayetteville, died of a heart attack while at the wheel of his automobile at about 10 o'clock this morning. Mr. Clark, accompanied only by his wife, was en route from Oriental to New Bern when he succumbed.

Mr. Clark had complained several times of a tightness in his chest, Mrs. Clark said.

Mr. Clark was a wealthy lumber dealer. He maintained his official residence at Palm Beach but spent much time in Fayetteville, where he had a plant of the Georgia Pine and Turpentine Company, of which he was organizer and owner. He had several other plants in different parts of the South, Mrs. Clark said.

DENTIST SHOT TO DEATH AT CHICAGO, ILL.

Dr. Frank Brady Killed By One of Two Callers to His Office Last Night.

Chicago, April 25. — (AP) — Dr. Frank L. Brady, a west side dentist, had two callers last night who were not listed on his appointment book, and one of them shot him dead.

Dr. Brady, 32 years old, had extracted a tooth for a woman patient and given her a chair in a private office that she might recover from the effects of the local anaesthetic. A man patient then sat down in the dentist's chair while Dr. R. H. Best, a physician sharing offices with Dr. Brady, watched over the woman.

Two men pushed open the door leading from the corridor to the room in which the patient, Mrs. Edna Walsh, was sitting. Dr. Brady was on the point of returning to his other office when the men appeared.

One of the men carried a revolver which he pointed at Dr. Brady, saying: "We've got you now."

The dentist cried, "Don't!" and reached out to grab the gun muzzle. The gunman fired and Dr. Brady fell. Another shot was fired into his body as he lay on the floor, and the killer said: "There you — you'll never try a stunt like that again."

He pocketed his gun, glanced at his companion and the two ran into the corridor and out of the building.

With the killing of Dr. Brady several sinister circumstances came

to light. It was revealed that the dentist, after years of struggle with a small practice, suddenly became prosperous about four years ago; that he was the son of Mrs. Anna Beaucham who killed herself during the murder trial of Herman J. "Midget" Fernekes; and that Dr. Brady himself had been under police investigation for a long time in connection with the search for

large sums the "Midget" stole and which never had been accounted for.

Fernekes, one of the deadliest figures in Chicago criminal history, is serving a life sentence in prison. During his trial the offices of Dr. Brady were raided, but early efforts to prosecute him as a Fernekes aide were abandoned. Deputy Police Commissioner John Steg, said

AN ALL-STEEL REFRIGERATOR THE FIRST! ...THE ONLY ONE!

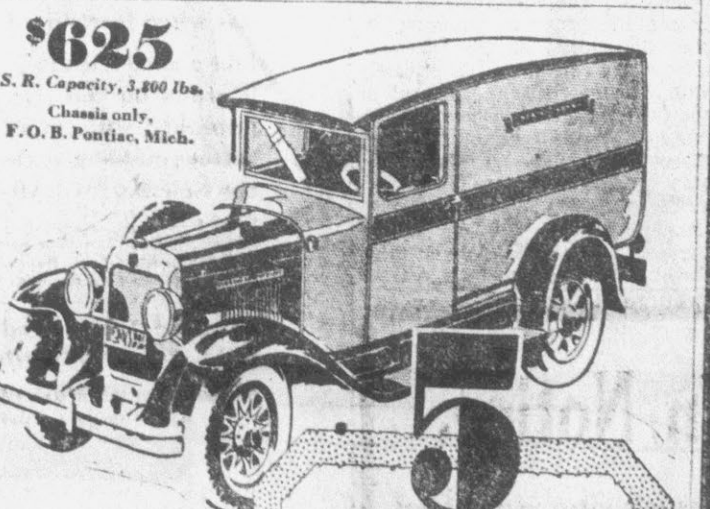

THIS General Electric is the only refrigerator built entirely of steel! Think what that means! It is sturdy and durable beyond anything that you ever believed a refrigerator could be. This small-family model freezes a generous supply of ice... and in a shorter time. One tray freezes in two hours, both trays in four. It uses less current because the cabinet is so efficient that cold does not leak out and heat does not creep in. And, of course, it has the exclusive advantage of simplified mechanism, enclosed in an hermetically

sealed steel casing and mounted on top. This leaves the greatest area available for food storage and makes possible the up-on-legs model which is so easy to clean under. In operation it is extremely quiet. It never needs oiling. It is as portable as a piece of furniture. You just plug it into any convenient outlet. See all its unique features yourself. Come in today. And ask about the convenient plan on which it can be bought. Listen in on the General Electric Hour, broadcast every Saturday evening, 9 to 10 Eastern Standard Time, over the N. B. C. network of forty-two stations.

5 WAYS this Truck makes money for its owner

- 1 More work-capacity per day. Pontiac engine performance is increased 10% to 30%. More territory covered. More ton-miles per day.
- 2 Notably low operating costs: tires, gas, oil, total maintenance. Where accurate records are kept these savings are truly striking.
- 3 Extra sturdiness in every part cuts down upkeep and repair costs—gives lengthened service-life, less depreciation.
- 4 Handsome appearance; quietness; safety. These things win friends for any business. (Factory-built bodies, at price-savings.)
- 5 Prices that compare favorably with those of far inferior equipment—and are far below any trucks of comparable value.

Lady Took Cardui and Says She Felt Stronger and Could Do Her Work Again.

Port Allen, La.—Mrs. Ernest LeBlanc, living on Michigan Avenue, this city, says that several years ago her health was badly run-down. "I was in bed, too weak to do my work," says Mrs. LeBlanc. "I had a great deal of pain in the lower part of my body and across my back. My limbs were very weak and ached continually. "I was almost out of heart when a friend of mine came to see me and told me that I had better take some Cardui. "When I had taken six bottles, I was better. I kept on taking the Cardui, and by the time I had taken twelve bottles, I was much stronger and better, out of bed and able to do my own work. In fact, I was so well that I have never ceased to praise Cardui for what it did for me. "I am still doing my own work, at the age of sixty years, and haven't had any serious illness since the one spoken of." For over fifty years, women who had suffered, in a weak, run-down condition, have taken Cardui with resulting improvement.

today that the dentist's subsequent activities have been carefully watched, the police believing that eventually he might give them the clue that would clear away much mystery still surrounding the Midget's operations. A search of his office revealed acids and other materials used by criminals to alter the engraving on bonds and securities, police said. Investigators also reported finding indications of unlawful traffic in narcotics. Dr. Brady's mother was arrested April 23, 1925, and at the detective bureau she pointed out Fernekes as the man who brought 40 sticks of dynamite to her house to be used in the robbery of a loop bank. The following June, when charged with complicity in the plot to rob the bank, Mrs. Beaucham killed herself. Until his death last night police had no knowledge that Dr. Brady was her son.

THE GREAT ATLANTIC & PACIFIC

GOLDSBORO WINS FROM GREENVILLE

Goldsboro, April 25.—Goldsboro in away with a free hitting onslaught here yesterday afternoon. Past Deacon Joliff for 16 safeties, ranging in quality from singles to home runs, and ten ballies, while Coltrane, though found with great frequency by the opposition's bats, kept the hits scattered, allowing only our markers to cross the plate.

It was a game replete with all that makes baseball the national pastime. The fielding of both teams was excellent, with sensational plays popping up at odd moments. Perhaps Patton's catch of Nolback's drive in the ninth was the outstanding feature. After chasing the fly, which appeared to be headed for distant places outside the park, Pat leaped high in the air, snatching the pellet with one hand as he fell against the fence.

The Deacons made things interesting in the fourth by lifting one of Coltrane's high ones over the fence for the circuit with one on the path. Coltrane not to be outdone, himself rapped one over in the fifth.

The Goldbug hurler was a good part of the show, even without that homer. He accounted for three hits out of three times to the plate, and sacrificed a man to second on his fourth trip. He had four assists and one putout.

Edwards and Jones, for the visitors collected three safeties, each to lead their team, while every man in the dug line-up got one or more hits.

SPORTS SLANTS

By ALAN J. GOULD

By EDDIE BRIETZ

(Associated Press Sports Writer)
Atlanta, April 24.—(AP)—Old Ty Cobb seems determined to go through with his promise to hang up his spikes.

Outside the baseball fold for the first time in more than 20 years, the great Georgian is showing no signs of yielding to the urge of the game he graced so long.

Here today on other business, Cobb said:

"I've had enough of it. If I ever come back it will be as an owner. I will never sign again as a player and I have no desire to manage another club.

"I had several offers to play this season and one opportunity to manage a club in the National League. But not for me. I'm through.

"It is going to be hard to stay out and I don't intend to stay out. One of these days you will read where Ty Cobb has bought a club. It probably will be right here in the south, too."

Cobb is as brown as a berry and says he is in first class trim. He feels he has a couple of years of playing left in his system, but wants to retire before his batting average falls below the .300 mark.

For a golfer who has been giving the links a more or less wide berth for the better part of a year, Bobby Jones is showing surprising form in his early practice rounds for the national open and national amateur tournaments.

He went around the difficult East Lake course in 65 the other day to serve notice to the golfing world that he will have to be reckoned with both at Winged Foot and at Del Monte.

Bobby reached the 17th tee with par 4.3 left for a 66. He finished in 2-4, on the 17th, which is 400 yards long, he sank a mashie-niblick for a 2 and then clicked off a four on the 18th.

After that deuce on the 17th, Jones had a 2 left for a 63 which

would have tied his course record made in 1922.

Back from New York and Chicago where he talked business with various fight promoters on behalf of his husky son, Pa Stribling is at Macon ready to receive delegations from Miami regarding a proposed Tommy Loughran-Young Stribling bout there next winter.

Miami sportsmen are said to be considering financing this fight which would be held in the arena the city of Miami bought from the Madison Square Garden Corporation following the Sharkey-Stribling contest in February.

The Striblings are not over to another meeting with Loughran. The Georgian has fought Tommy three times, each getting a decision with the third bout a draw.

GIANTS TRIM THE PHILLIES

By WILLIAM J. CHIPMAN
(Associated Press Sports Writer)

Another duel between the Cubs and the Giants is in the making. Heroic shadows of the baseball past, like Chance and Matty, urge the battle line of 1929 on to combat like that which marked National League campaigns from 1903 through 1913. That period saw the rise and fall of the peerless leader, but the little Napoleon remained in the fight to witness the renewal of rivalry with Chicago.

Snow white John J. McGraw is again at the top of the standing of the clubs, but the Bruins are not far behind and the champion Cardinals threaten to make it a three-ring party. The Giants climbed to the top of the heap by executing a smart about-face against the Phillies at the Polo grounds yesterday as the Braves bogged down from their first week spurt and permitted the Robins to take a second decision in Flatbush by 5 to 3.

The Cubs deployed along the Pittsburgh front. The powerful bat of Rogers Hornsby was spiked by the splitter of Burling Grimes, and without its aid the Bruins lacked the power to win. The Pirates hammered Charley Root unfeelingly through the early rounds, and finally snatched the winning run from Beryl Horne in the 13th to triumph by 5 to 4.

Joseph V. McCarthy led his team from under a four run deficit in the third to even terms in the eighth, but the march to victory was just a stride too long. The defeat plunged the Cubs into a tie with the Cardinals for third place, but left both only half a game behind the Giants. Rain forced the Cards to postpone their home evening against the Cincinnati Reds yesterday.

The Yankees rocked the American League front with a blast which shattered Charlie Ruffing and the Red Sox by 9 to 3. The barrage consisted of sixteen hits, of which Babe Ruth's portion was just one single, and with such backing Waite Hoyt breezed to his second triumph.

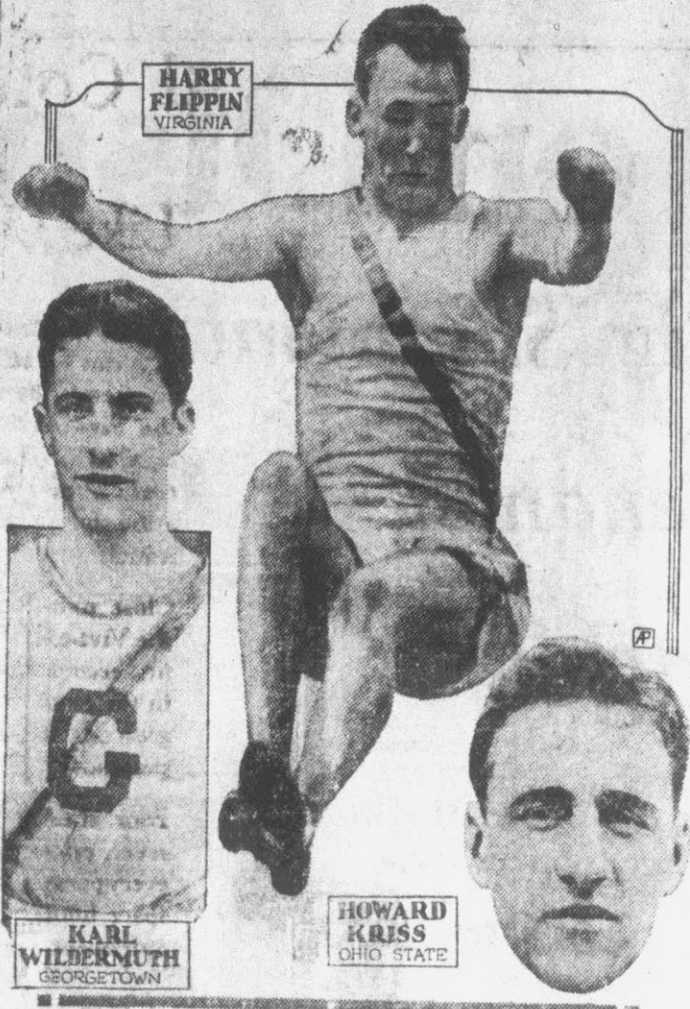

Although the Yankees did the heavier firing, the Athletics were just as effective with their eleven shots at Fred Marberry and Lloyd Brown, who succumbed with the Senators at Shibe Park by 9 to 4.

The Athletic attack was capped by a home run from the bat of Jimmy Foxx with one mate aboard in the fourth. Al Simmons, making his first appearance of the season tripled with two on just ahead of Foxx and scored with the young first baseman on the circuit blow.

Activity in the western half of the Barnard loop was confined to Detroit, where 30,000 fans at the home opening of the Tigers, saw Harry Rice save the Bengals by a spectacular sliding catch in the ninth. Two Cleveland runners were on base as Rice sprawled head/ore, most near second to clutch Luke Sewell's tantalizer. Detroit won by 7 to 6.

Rain forced the postponement of the Brown-White Sox game which was to have opened the American League season in Chicago.

STARS ENTERED IN PENN RELAYS

Charlotte, April 25.—(AP)—Durham, Winston-Salem and Greensboro opened the 1929 Piedmont league race with wins yesterday as another of the baseball circuits presided over by Judge William G. Bramham swung into action.

The Durham Bulls won 5 to 0 over Henderson. Lank Reid, bowing twirler, allowed the Burnies only two hits and one of those was a scratch. The Twins 1928 champions, pounded four Salisbury pitchers for 21 safeties in their opening game and won 19 to 1. Greensboro's Patriots scored a 7 to 6 win over High Point as three Pointer twirlers were nipped for 13 hits.

In the Eastern Carolina League Fayetteville downed Kinston 6 to 1; Wilmington took a free hitting contest from Rocky Mount 9 to 7 and Goldsboro beat Greenville 10 to 4 in a game which 29 hits were registered.
