SCORES OF PERSONS KILLED BY TORNADO

Hundreds Injured As Storm Hits Georgia And South Carolina

Fatalities of Last Night's Disaster Had Mounted to 71 Today; South Georgia More Brunt of Destruction, All But Four Reported Killed Being From That Section; Cochran First Town Hit By Twister; Metter, Ga., Still Counting Dead Today.

Atlanta, April 26.—(AP)—Fatalities from the tornado swept districts of South Georgia and South Carolina had mounted today to 71, with hundreds of other persons reported injured by last night's disasters.

South Georgia bore the brunt of the destruction and all but four of those reported killed were from that section. The other four were from South Carolina, three members of one family named Patterson were killed in Pelzer and an unidentified death was reported from Anderson.

The twisters, bounding in a zigzag course, struck first at Cochran, Ga., sixty miles south of Macon. There five persons were killed and more than a hundred injured. Later tornadoes were reported several hours apart at Metter, in Candler county. The death list in both places was heavy.

Paths of over two hundred yards in width were cut by the tornadoes which leveled houses and spread wreckage throughout the countryside.

A revised list of the dead and injured follows: Cochran, five dead, more than one hundred injured. Metter, two dead, over fifty injured. Pelzer, 25 dead, over 100 injured. Pelzer, one dead, dozen injured. Statesboro, 30 dead, more than 100 injured. Morrisville, two dead; several injured.

Reports of two other deaths came from Emanuel county. Pelzer, S. C., three dead. Anderson, S. C., one dead.

Prostration of telegraph and telephone wires made accurate check difficult and in some instances adjoining communities duplicated the reports of damage.

The first disturbance approached Cochran, Ga., about 3 o'clock yesterday afternoon and the town's inhabitants had anxious moments as the blackened funnel was seen moving directly towards them. The twister turned, however, and sped through the outskirts, twisting houses in its path. The north suburban section was heavily hit. Metter, Ga., was still counting the dead at noon.

A member of the staff of the Metter Advertiser estimated the death list at 25.

Statesboro, Ga., reported that there were thirty bodies in the hospital and that searching parties were still bringing in dead and injured from the rural districts.

Doctors and nurses were hurried to the stricken sections from nearby towns. Agencies of the State moved to assist county and town authorities in rescuing the dead and succoring the injured.

Anderson, S. C., April 25.—(AP)—Three persons, all negroes, were known to be dead and another negro was reported to have been killed as a result of a tornado which swept through the Northeastern part of this county late yesterday.

A score or more persons were injured, some seriously, and property and crop damage was estimated at \$100,000.

The known dead were: Jesse Patterson, 17; Luline Patterson, 4; and Lula Patterson, infant. The victims were children of George Patterson, tenant on the place of J. J. Lewis. Two were killed when the house they lived in was demolished by the storm and the third died at a hospital here today.

The list of injured included Beatrice King, 13, and Miriam King, 4, both white, who were in a hospital here today.

Beatrice suffered a fractured skull and Miriam an injury to her back. Ten negroes who were injured were also in a hospital here.

All injured were reported improving today and doctors said it

May Get Rome Post

Charles G. Miller, New York member of the republican national committee, has been mentioned as a possible appointee as ambassador to either Italy or France.

ANOTHER OIL COMPANY TO LOCATE HERE

Constantine Brothers Make Greenville Distributing Center Of E. Carolina.

Another big oil concern has made Greenville a distribution center for Eastern Carolina, according to information given out this morning. The firm is that of Constantine Brothers, of Tarboro, distributors of Tydol gas and oils and products of the Atlantic Refining Company.

The local concern will be operated under the name of the Eastern Carolina Oil Company, Incorporated. The plant will be located on Dickinson avenue, near the cotton mill, the site having been recently purchased from Higgs brothers.

Construction work on the new plant will begin immediately, it was understood, and is expected to be completed within a period of thirty days or more. The concern will employ several persons who will move to Greenville from other sections.

Constantine Brothers are distributors of the green gasoline used by Martin Jensen in establishing the solo endurance record.

The deal for purchase of the property for the plant was handled through H. A. White & Sons, local realtors.

British Endorse American Proposal For Disarmament

London, April 26.—(AP)—Broad praise of American disarmament proposals by three leading figures of Great Britain was before the British people today.

More important than mere praise was the declaration of Prime Minister Stanley Baldwin in an election meeting at Bristol that His Majesty's government favored the same drastic reduction of every class of naval vessel that Ambassador Gibson himself proposed at Geneva.

"This is, and has been throughout, our purpose and desire," the premier declared, "and we will cooperate cordially with the United States to secure its general acceptance."

He added that the American suggestions as to the manner in which disarmament might be accomplished were equally welcomed with proposals for disarmament itself, but that the British government must wait until these suggestions have been given concrete form before making answer to them. "Above all," he said, "we welcome

RUM RUNNER CASE TO BE ARBITRATED

Sinking of I'm Alone by U. S. Will Be Considered Under Old Treaty.

Washington, April 26.—(AP)—The dispute between the United States and Canada over the sinking of the rum runner I'm Alone by the coast guard patrol boat Dexter 200 miles off the Louisiana coast is to be submitted to arbitration.

This action, suggested by Secretary Stimson in his exchange of note with the Canadian government through its minister, Vincent Massey, will be taken under a clause of the 1924 rum smuggling treaty between the United States and Great Britain.

This clause provides that a dispute under the treaty shall be submitted first to two arbitrators, one nominated by each government, and that if they fail to agree, it shall be referred under the claims commission agreement of 1910, to three arbitrators, including one neutral.

The correspondence on the I'm Alone case, published this morning, disclosed that the Canadian government conceded that the schooner, which was of Canadian registry, "had unquestionably been engaged for a number of years, under various owners, in endeavoring to smuggle liquor into the United States," but raised three points under the 1924 treaty.

The I'm Alone, it held, was not within the search and seizure limit of "one hour's sailing distance" of the American coast when hailed nor at any time during the pursuit which ended with her sinking; that essential elements of the international doctrine of "hot pursuit" were lacking in the case, and that the sinking of the vessel was too severe a measure to effect American rights under the treaty.

The American position, set forth by Secretary Stimson, was that the I'm Alone was within one-hour's sailing distance of the shore when hailed; that continuous and hot pursuit took place, and that the sinking was justified.

Two Death From Wyoming Blizzard

Cheyenne, Wyo., April 26.—(AP)—With two deaths reported and property damaged in the vicinity of Cheyenne estimated at more than \$100,000, it was believed here today that the toll of the Wyoming blizzard would mount when communication over the storm area is re-established.

Many motorists were stranded on the highways and no news of them has been received here since Wednesday. Highway crews are making every effort to reach them.

Stockmen feared a heavy loss of sheep but hoped that the short duration of the storm might minimize the destruction of their flocks.

A single telegraph wire from Cheyenne to Denver, which was repaired late last night, ended Cheyenne's isolation after wires in every direction had been down for more than 48 hours.

SHE'S FLYING CONGRESSWOMAN

Whenever possible, Mrs. Edith Nourse Rogers, representative from Massachusetts, uses an airplane on journeys. This picture was taken just before she started for Dayton, Ohio, from Washington.

FARM RELIEF ISSUE UP TO SENATE NOW

Leaders Plan to Allot Only Three More Days to Discussion of The Bill.

Washington, April 25.—(AP)—The problem of general farm relief was exclusively up to the Senate today, the House having completed the major phase of its work on the subject yesterday by passing its bill and ordering it forwarded to the other chamber.

The vote in the House—officially recorded at 367 to 34, was regarded as a clear indication that President Hoover's opposition to the export debiture plan, which is receiving vigorous support in the Senate, will be headed in the final action of Congress on the subject.

Senate leaders plan to allot only two or three more days to the general discussion of the bill before that chamber. They expect to be able to bring the Debiture provision, which was voted into their bill by the agriculture committee to a vote by Tuesday night, and after that is disposed of obtain a vote quickly on the entire measure.

Conceding that the vote on the Debiture provision will be close, the Senate leaders are convinced that it will be defeated. Their latest estimate is that seven or eight Democrats will vote against the plan and that ten to 14 Republicans will vote for it. Practically no opposition to other sections of the Senate bill has been indicated.

Defeat of the Debiture provision administration supporters believe, will eliminate the principal obstacle in sight to bringing about an agreement between the Senate and House on the phraseology and provisions of the measure, although at present they are somewhat different.

The bill sent to the Senate by the House is regarded by administration leaders in both chambers as having approval of President Hoover. Like the Senate bill, its principal clauses provide for the establishment of a general farm board, with a \$500,000,000 revolving fund at its disposal to be employed largely through co-operation of stabilization agencies and commodity stabilization corporations in an effort to enable the farmer to help himself toward prosperity and economic equality with workers in other industries.

Three Acquitted Of Violation Of Patronage Ruling

Meridian, Miss., April 26.—(AP)—Perry W. Howard, negro, James G. Buchanan and George F. McClelland, were acquitted of violating the federal patronage act, by a jury in federal court here today.

At the same time a verdict of acquittal was brought in for Ed L. Patton, Jackson negro, who yesterday was ordered exonerated by Judge Edwin R. Holmes because of insufficient evidence incriminating him in the alleged conspiracy to violate the patronage act.

TO DEDICATE RIVER BRIDGE NEXT SUNDAY

New Span Over Tar River to be Set Aside as Memorial to Ex-Service Men.

Plans have been completed for dedication of Tar river bridge as a memorial to Pitt county men who fought in the World War, it was announced today. The exercises will be conducted under auspices of the Auxiliary of the Pitt County Post of the American Legion next Sunday afternoon at four o'clock. Former service men will participate.

The bridge will be officially presented to the Pitt County Tar River Auxiliary by Frank Kugler, Sr., of Washington district highway commissioner. Markers placed at each end of the bridge by the Pitt County Legion Auxiliary will be unveiled with impressive exercises.

The address dedicating the bridge in honor of the former service men will be delivered by a local man, but his name had not been made public today. The speaker's name however, will appear on the program to be issued by the Auxiliary tomorrow.

The local high school band, Boy Scouts and ex-service men will have a prominent part in the program. All ex-service men have been invited to meet at the court house at 3:30 o'clock to proceed in a body to the bridge for the exercises. The general public throughout the county has been given a cordial invitation to attend.

The plan to make the bridge a memorial to World War heroes had its inception among members of the Pitt County Legion Auxiliary several months ago. They immediately conferred with the State Highway Commission regarding the plan and were assured that it met with the approval of members of the commission. Appropriate bronze markers were provided and a few days ago they were placed at each entrance to the new bridge.

The bridge will be closed while the exercises are in progress and traffic will be routed across the old bridge.

Hope was expressed that people from all sections of the county would be in attendance.

Boston Editor To Speak at Gastonia

Gastonia, April 26.—(AP)—Joe Mitchell Chapple, of Boston, editor of the National Magazine and noted author, will be the principal speaker at a mass meeting tonight in front of the court house to be staged under the auspices of Gastonia's five civic clubs.

He will speak on "Americanism vs. Communism." The meeting has been widely advertised and amplifiers have been installed so that the thousands expected to attend can hear the talk.

This is the first of a series of educational events to be put on by the civic clubs of this county to acquaint the public with the teachings of alleged communists who are now in this section organizing textile strikes.

Police officers of Hampton, Ga., use a plank studded with nails to stop speeders and rum runners.

Merchants Outline Plan For Radio Station Here

In the near future Greenville will be a broadcasting station, if plans at present under consideration by the directors of the Merchants Association prove feasible.

The matter of a radio station was discussed at length by the directors last night and committees were appointed to go further into the subject and plan for the purchase and erection of the station here.

The secretary was instructed to write immediately to the Federal Radio Commission for advice on the subject and the possibilities of procuring a wave length and suitable broadcasting hours for this city. While definite action toward a station here depends entirely upon ability to procure a wave length and suitable hours, other committees were ordered to go ahead with their preliminary work in order that there may be no delay in taking definite action immediately a favorable report is received from the Radio Commission.

House Approves \$4,250,000 For Fruit Fly Fight

Washington, April 26.—(AP)—The House today passed the Wood resolution to make immediately available \$4,250,000 to combat the Mediterranean fruit fly in Florida. The measure now goes to the Senate.

Acting Chairman Wood, of the agriculture committee, in presenting the resolution to the house, explained that the sum would not be restricted to use in Florida but would be used in other states.

CRAFTON HELD FOR SUPERIOR COURT ACTION

Funeral Held For Rev. J. L. Yandell Today; Body Shipped To Charlotte.

J. W. Crafton, traveling man of this city, held in connection with the death of Rev. J. L. Yandell of Tarboro, was bound over to the next term of Pitt county criminal court under bond of \$1,000 in a preliminary hearing before Magistrate J. L. Smith this morning. Crafton was placed under bond by Sheriff Whitehurst yesterday afternoon shortly after the automobile collision in which the Tarboro minister lost his life.

Funeral services for Mr. Yandell were conducted from the Presbyterian Church this afternoon at 2:30 by Rev. W. S. Harden, pastor. The body was shipped to Charlotte, the minister's former home, for burial.

Dick Leonard, occupant of the car driven by Crafton when the wreck occurred, was still confined in a local hospital today. His condition was reported uncertain yesterday afternoon, but his injuries were thought to be of a serious nature today. Crafton also received minor injuries, but he was released from the hospital late yesterday.

The accident occurred on the Greenville-Bethel highway, a short distance north of House Station. Crafton it was said, pulled his car to the left of the road to pass a wagon, and crashed into the Yandell machine, which was bound for Greenville. The minister was thrown from the car, his jugular vein being severed by broken glass and his neck broken by the impact. He was immediately rushed to the local hospital, but life was extinct when he reached there. J. W. Pugh, third occupant of the Crafton car, escaped without injury. Rev. J. A. Crane, also of Tarboro, who was on his way to Greenville with Mr. Yandell, escaped with injuries of a minor nature.

Negro Murderer Is Electrocuted

Raleigh, April 26.—(AP)—Leo McCurry, 29 year old Gaston county negro, was electrocuted at state prison here today for the murder of J. N. Dixon, elderly farmer of near Gastonia, early in January.

Two shocks were given McCurry, who went to the chair reciting passages of scripture. He made no statement regarding the crime after entering the death chamber.

HOOVER SEEKS STONE AS HEAD OF LAW BODY

President Wants Supreme Court Judge to Direct Enforcement Commission.

Washington, April 26.—(AP)—President Hoover is understood to be seeking the services of Associate Justice Harlan Fiske Stone of the United States Supreme Court, as chairman of his national law enforcement commission.

Information in some quarters is that the former attorney general is reluctant to retire from the highest court to undertake the task which the chief executive has announced will be entrusted to the commission—that of exhaustively studying the whole federal judicial and enforcement machinery and submitting recommendations for its reorganization.

Some friends of Justice Stone have been urging him to accept the appointment. They believe the work of the commission will be the most important of its kind in the history of the nation and that the recommendations, made should constitute an enduring monument to its authors.

President Hoover regards the law enforcement problem as far and away transcending any now before the country. In his recent New York address, dealing wholly with this subject, he said that "such a commission can perform the greatest of services in our generation."

Efforts of the President to have Justice Stone form the arch around which the commission personnel will be built are believed to account in the main for the unexpected delay in announcing the members.

Soon after inauguration it was stated at the White House that the names of the members probably would be announced within ten days or two weeks. No explanation has been forthcoming since as to the cause of the delay.

Justice Stone, who is the youngest member of the Supreme Court, was Hoover's neighbor for years in the S Street residential section, and is a member of the "medicine ball cabinet."

Mr. Hoover conferred often with the associate justice and also had him as a guest on fishing trips in Florida during the pre-inauguration period. Unquestionably Justice Stone has been one of his most trusted advisers in the study he has been making of law enforcement problems.

Chief Justice Taft, also a neighbor in the years before the Hoover's moved to 1600 Pennsylvania avenue, likewise has been frequently consulted on this question, as he has urged for a number of years that there be undertaken the very task which the President now would have a commission of nationally known men undertake.

Justice Stone is intensely interested in this subject, and while attorney general he made several addresses before bar associations and law enforcement activities urging the necessity for the observance of all laws and their rigid enforcement. He also proposed jail sentences for violators of the prohibition laws as the only deterrent to bootleggers.

Mrs. Mattie Baker Died Last Evening

Mrs. Mattie Moore Baker, wife of James L. Baker, aged 28 years, died at her home in this city last night at six o'clock. She was ill only a few days of pneumonia, and her death came as a great surprise and shock to her relatives and many friends.

Mrs. Baker was the daughter of Mr. and Mrs. Stanley McG. Moore, of Greenville, and had lived in and near this city all of her life. She leaves surviving her, her husband, and four children, her parents, one brother, W. Lewis Moore, and four sisters, Mrs. H. C. South, Mrs. J. A. Speight, Miss Martha Moore and Miss Nellie G. Moore.

Funeral services were conducted from the home this afternoon at three o'clock by Rev. D. A. Windham. Funeral services were also conducted by Witha Tribe Pocatontas of Greenville, of which Mrs. Moore was a charter member.

Pallbearers were male members of the Order of Pocatontas. Interment was made in Greenwood cemetery.

## BUGS DEFEAT GREENIES IN SECOND GAME

Greensboro, April 26.—Goldsboro made it two straight by winning a 5 to 3 decision over Greenville here yesterday in a well-played game. Fafleur and Bickman for the Bugs clinched the let for the fence for the circuit, the big first baseman's drive clearing the center field fence.

Neither team was guilty of a blunder afield, and both hit viciously the Bugs collecting 10 safeties, the visitors nine, two of them going for extra bases. Combined, the two aggregations completed five double plays the Culloty to Teague to Bickman combination being responsible for three of them.

Minogue, portsider for the locals held the visitors well in hand except for two frames, the first and the sixth. In the last of these, Clemens started off the fireworks with a single, Jones continued it with a terrific drive to deep right center, and Hart brought him home with another single. As for Rose, he was in difficult several times, but his cool pitching, plus some fine fielding enabled him to hold down the score.

## TWO GAMES IN MAJORS YESTERDAY

By WILLIAM J. CHIPMAN (Associated Press Sports Writer)  
Rain swept all but two major league battles from the schedule yesterday, leaving only Chicago and Detroit dry enough for any activity on the field.

The Browns shaded the White Sox by 3 to 2 and the Tigers mauled the Indians by 5 to 0. The Browns managed to step into a tie for first place with the idle Athletics, but first place at this stage of the season is nothing but a name.

What is more important than the actual position of the Browns is the pitching Sammy Gray exhibited in handcutting the troops of Lena Blackburne. For the third time this season, the Texas Terror made a winning entry in his pitching ledger, with no defeats anywhere to be seen.

The Browns rushed at Ted Lyons for four hits and three runs in the opening round and this assault held good all afternoon. John Clancy got one run back for the Sox in the home half of the first by driving the ball out of the lot, and a second run was scored in the fourth, but there the attack halted.

The Cardinals saw their home opening with Cincinnati postponed a second time, and countered with offering the season's first double header as a Saturday attraction—first, that is, barring the morning and afternoon program always carried out in Boston on Patriots Day. The other postponements will await the second trip for disposal.

## Piedmont League Goes Full Route

Charlotte, April 26.—(AP)—The Piedmont League escaped unscathed while the weather man played havoc with baseball in general yesterday and all games went the full route. In the Eastern Carolina League, Wilmington and Rocky Mount were the only victims.

Bob Durham of Fayetteville was the star of the eastern program yesterday, turning Kinston back hitless for eight innings while the Highlanders won by a 3 to 0 count. He finally relented to extent of a single and a triple in the ninth.

Goldsboro, playing at home clinched the series with Greenville by defeating the Greenies 5 to 3 in an exhibition of hard and generous hitting.

In the Piedmont circuit Henderson overwhelmed Durham 10 to 1 with the Bumble uncorking five home runs while Townsend held the enemy to five hits.

Winston-Salem took Salisbury 2 to 2 and High Point beat Greensboro 8 to 4.

Town girls vs. high school next Tuesday night, 8 o'clock. Benefits of Episcopal Church building fund.

## SINGLETARY CHAPTER MEETS WITH MRS. FORBES

The George B. Singletary chapter U. D. C., held their regular monthly meeting at the home of Mrs. C. S. Forbes on Evans street. Mrs. Forbes and Mrs. Moye joint hostesses.

The meeting was opened with the Lord's Prayer and the usual April program dispensed with.

Mrs. J. L. Fleming, chapter historian, gave a very interesting report on the historical work that has been done in the county and the talks made by Prof. R. C. Deal of the college faculty.

Plans for Memorial Day, May 10, were discussed and the following committees appointed: Mrs. C. S. Forbes, Mrs. Hortense Moye, Mrs. J. L. Hassell to secure speaker for the occasion. Mrs. S. T. White, Mrs. B. W. Moseley, transportation; Mrs. J. L. Hassell, Mrs. J. D. Simpson and Mrs. L. A. Stroud, flowers; Mrs. C. A. Bowen, Mrs. Robert H. Wright, Mrs. R. C. Deal, decoration. The old soldiers will be guests of the college at the lunch hour.

Crosses of service will be awarded to the following: W. H. Rogers, Dr. C. J. Ellen, S. L. Bridgers, Lee More, Bill Dupree and Dr. Alfred Schultz.

At the conclusion of the business, the hostesses served an ice course.

## Missionary Union to Meet at Kinston

The Elizabeth City Division Meeting of the Woman's Missionary Union of the Baptist church will be held at the First Baptist church at Kinston, April 30, at 10:30 o'clock, according to announcement made today.

The following program has been outlined for the meeting:

Hymn—All Hail the Power of Jesus Name.

Devotional—Mrs. E. F. Aydtlett, Elizabeth City.

Address of welcome—Mrs. E. B. Marston, Kinston.

Response—Mrs. Stroud, Greenville.

Minutes—Mrs. L. T. Vaughn, Nashville.

Five Minute Reports of Associationals Supts.

Neuce Atlantic—Mrs. R. N. Scott, New Bern.

West Chowan—Miss Una White, Severn.

Chowan—Mrs. I. A. Ward, Elizabeth City.

Roanoke—Mrs. E. B. Beasley, Fountain.

Special Music.

Address—Miss Katie Murray, Ching Chow, China.

Special Music.

Address—Mrs. W. N. Jones, Raleigh.

Appointment of Committees.

Afternoon Session.

Devotional—Mrs. John Crawford, Goldsboro.

Special Music.

Address—Dr. C. E. Maddry, Raleigh.

Report of Committees.

Time and Place.

Nominations.

Election of Officers.

Resolutions.

Closing Half Hour—Children of the Kennedy Home, (in charge of Mrs. J. C. Hough, Kinston.)

Adjourn 3:30.

Dr. Davis, eye specialist, will be here again Saturday, April 27th. Be sure and see him about your eyesight.

## AN ADDED SERVICE FOR YOU!

Beginning next week, and continuing through the month of May, we will be open

**TUESDAY AND THURSDAY EVENINGS**

for the convenience of those who desire evening appointments. If, at the end of the month, we find that you appreciate this added service, we shall continue these evening appointments permanently.

Please call 31 for your appointment.

## THE VANITIE BOXE

## It's TIME for a New "Solar" Straw

### The Hat That Combines Style—Comfort—Quality

"Solar" Straw Hats are designed and styled exclusively for the J. C. Penney Company. They are presented in a variety of models and shapes to suit your style preference. Every "Solar" Straw is made in strict conformity with our rigid standards of quality materials and finished workmanship. Remember that the name "Solar" in your straw hat is a testimonial of character backed by the honor of the J. C. Penney Company.

Let Us Be Your Hatter

Our special "RAINSHINE" process helps every "Solar" Straw to resist the action of sun and rain, adding to the life and appearance of the hat. Only the mass-buying resources of the J. C. Penney Company make these values possible—

The ball team came home today for a contest with Wilmington after four days away from home and an equal number of losses. Here's hoping that getting in our own back yard will have its effect on the boys and they will be able to take a couple from the Pirates.

A little more attention to the appearance of our city streets would add much to the beautification of our city and the impression we make upon visitors. Many days recently Evans street in the business section has presented anything but a tidy appearance.

THE BROADCASTING STATION

If plans at present being considered by the Merchants Association are carried to completion Greenville will, in the near future, have a radio broadcasting station. Such a move on the part of the association is just another evidence that it intends to keep Greenville before the people of this section and through the medium of a broadcasting station we believe hundreds of new friends for our city will be created.

We congratulate the Merchants Association for this progressive move in behalf of our city and we sincerely hope that there will be no hitch in getting the federal radio authorities to grant us a wave-length suitable to our needs.

IT SHOULD BE STOPPED

As usual, the baseball season has brought with it an annual orgy of betting that proves disgusting to those persons who want baseball for the real sport of it instead of a medium of gambling. Take a seat in most any of our drug stores since the baseball season opened, and we venture to say that you will see not one but many bets on the games placed. Go out to see the game and you will find the same thing going on in the grandstand and in the bleachers.

and at the same time reaping a nice profit for themselves for their trouble in preparing and selling the chances. Of course, all this is gambling but the worst part of it is that it goes on in the wide open with no effort or pretense on the part of our authorities to stop it. It is not our purpose here to moralize on the subject of gambling but to call attention to how we strain at the proverbial knot and swallow the camel by permitting this form of gambling to go on in the wide open, because it is popular, and to hail poker players and five-cent negro crap shooters into court and fine them for gambling. As we see it, there is no difference in the cases, and what is sauce for the goose should be sauce for the gander. If we are going to enforce our laws against gambling, let's enforce them. If we are not going all the way then let's don't pick on one class of violators and let the others go unmolested.

ABOUT TOWN

"Throw awa that old felt and buy yourself a straw tomorrow," urged a member of the Merchants Association today as he made arrangements for Straw Hat Day.

"The showing of local firms will be the most complete in years and if you fail to get the pick of the offerings it will be your own fault. Get the straw hat fever and be among the hundreds to turn out Sunday morning arrayed in a brand new hat."

"Deacon Joliff, veteran hurler did his best to win that first game with Goldsboro by knocking a home run with one man on the path," commented a fan this morning.

"The blow was not enough, however, as Goldsboro got busy and piled up enough runs to win two or three ordinary ball games. We have made plenty of runs the last three or four games, but the other side usually is able to out score us."

"We should put more power in the old bats and see if we can't annex a few more victories before we get too far behind."

"Another life has been claimed by automobiles in Pitt county," said a citizen today commenting on the recent wreck in which a Tarboro minister lost his life.

"The number of fatalities occurring in this section is deplorable, but they continue to happen despite the effort of officers to bring about a decrease of accidents."

"The whole trouble with this traffic business is, too many people are hurrying through life, and especially when they get in an automobile. A little more sane driving and it is probable the fatal accidents would be decreased considerably the next few months."

"We can no longer be replaced like automobiles, so it is wise for the fast driver to slow up and quit jeopardizing his life and the lives of others along public highways."

"With a two weeks' special session Pitt County Superior court convening in this city next week, it is probable that the congested docket of this county will be greatly relieved," said a member of the local bar this morning.

"We have been in need of this special session for a long time. Now that we are assured of getting it everybody should pull together in an effort to dispose of as many cases as possible."

"Prepare yourself to keep in touch with the latest happenings in the world of sports by subscribing to the Daily Reflector, reminded the circulation manager today."

"The Reflector carries detailed reports of the various leagues each afternoon and they describe the happenings of the various diamonds in an interesting way."

"If you are not a subscriber, let us enter your name on our lists today. Or if you get the paper, why not renew and in that way avoid delay."

"Citizens should watch their step and not violate the one hour parking law in the business section of the city," declared a business man today.

"It is imperative that the law be observed if the traffic congestion in this part of town is to be relieved. Of course courtesy cards will be given to strangers visiting the city for shopping purposes, but even these should be held to a minimum. Complete observance of this law will work wonders in the congested area and keep sufficient parking room available at the busiest parts of the day."

"Tobacco is looking fairly good around Metter, Georgia," said members of a party of Greenville people who recently returned from a visit to the Cracker state.

"It looks like the crop is going to be around two weeks earlier than last year, and there is a noticeable reduction of acreage in some sections. The reduction ought to play an important part in the price situation, especially if the crop is above the average in quality."

"Construction of new residences continues to be the order of the day in Greenville," commented a prominent citizen today after riding through the principal residential sections.

"Permits for quite a number of new homes have been issued since the first of the year. If the same pace is maintained the remainder of the year the house shortage experienced here over a period of several years will be greatly relieved."

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by Louis Short and wife, Laura Short, on the 17th day of February, 1927, and recorded in Book P-16, page 389, we will on Saturday the 4th day of May, 1929, 12 o'clock, noon

at the courthouse door in Greenville, N. C., Pitt County, sell at public auction for cash to the highest bidder the following land, to-wit: All those certain pieces or parcels of land lying, being and situated in Greenville Township, County of Pitt, and State of North Carolina, and bounded on the North by the Greenville-Washington Road; on the East by John Short; on the South by Eason Run; on the West by Simon A. Short, being lots 3 and 4, in the division of the Simon Short lands, and being more definitely described as follows:

Lot 3, Cleared Land: BEGINNING at a stake on the south side of Greenville-Washington Road, at the northeast corner of Lot 2, cleared land, thence with the East line of said Lot 2, S. 13 W. 2479 ft. to a stake at the southeast corner of said Lot 2, cleared land, and in the North line of Lot 5, woodland, thence with the N. line of said Lot 5, woodland, N. 84-50 E. 338 ft. to a stake at the southwest corner of Lot 4, cleared land and in the North line of said Lot 5, woodland, thence with the West line of said Lot 4, cleared land, N. 18-10 E. 2300 ft. to a stake on south side of said Greenville-Washington Road at the northwest corner of said Lot No. 4, cleared land, thence with the said Road N. 66-45 W. 525 ft. to the beginning, containing 21.71 acres of cleared land together with one dwelling house and stables, Lot No. 3, Woodland: BEGINNING at a stake on the South edge of Lot 1, and the southwest corner of Lot 2, cleared land and the northwest corner of Lot 4, woodland, thence with the northern line of said Lot 4, woodland S. 65-45 W. 2286 ft. to a stake on the Run of Eason Run, centered by three trees at the northwest corner of said Lot 4, woodland, thence up the Run of Eason Run N. 15-15 W. 175 ft. N. 5-20 W. 893 ft. to a stake on the southwest corner of Lot 2, woodland; thence with the South line of said Lot 2, woodland, East 2060 ft. to a stake at the southeast corner of said Lot 2, woodland, in the line of Lot 1, cleared land, thence with the line at said Lot 1, S. 12-40 W. 63 ft., to another corner of said Lot 1, cleared land, thence with the South line of said Lot 1, cleared land, S. 78-50 E. 229 ft. to the beginning, containing 30.0 acres of woodland.

Lot 4, Cleared Land: BEGINNING at a stake on the south side of the Greenville-Washington Road at the northeast corner of Lot 3, cleared land, thence with the East line of said Lot 3, cleared land, S. 18-10 W. 2300 ft. to a stake at the southeast corner of said Lot 3, cleared land, in the North line of Lot 5 woodland, thence with the North line of Lot 5, woodland, N. 72-45 E. 59 ft., S. 75-45 E. 263 ft. to a stake, a corner of Lot 5, at the cleared land and woodland, thence with the West line of said Lot 5, cleared land N.

charge the indebtedness secured by said deed of trust to the North Carolina Joint Stock Land Bank of Durham. A deposit of 10 per cent will be required from the purchaser at the sale. This the 20th day of March, 1929. The First National Bank of Durham, Trustee. Durham, N. C. Apr. 11-11w-4w.

Come in and look over our complete assortment of new Direct Action Gas Ranges with the Red Wheel Oven Heat Regulator. Get the wonderful cooking set when you buy your range.

With this set you can cook a Whole Meal perfectly in the Red Wheel heat-controlled oven while you are miles from the heated kitchen. Come in today and select the range you like best. You will get the valuable 6-piece oven cooking set with your stove.

Easy to Clean-Bright Finish

All six utensils can be placed in the oven of a Direct Action Gas Range at one time. Cooking Pots can be stacked in the oven without danger of falling. Pieces have a brilliant finish and are easy to clean. Insert one two-quick Cooking Pot in another and you have a large double boiler. When not in use the complete set can be nested in the large Roaster. Be sure to see the set tomorrow.

We have all models, designs and finishes for your inspection. Various prices.

No. 416 AR (With Red Wheel Oven Heat Regulator) This Direct Action Cabinet Gas Range has a Top Lighter, is full enameled, has a utensil drawer and one giant, three small and one simmering burner. It has a 16-inch baking oven and a 16-inch broiling oven. Door frames, front frame, legs and cooking top are grey enamel.

Get Your Cook Book! With the Direct Action Red Wheel Gas Range you receive a 173-page illustrated Cook Book which explains the proper use of the Red Wheel Oven Heat Regulator.

happenings of the various diamonds in an interesting way.

"If you are not a subscriber, let us enter your name on our lists today. Or if you get the paper, why not renew and in that way avoid delay."

"Citizens should watch their step and not violate the one hour parking law in the business section of the city," declared a business man today.

"It is imperative that the law be observed if the traffic congestion in this part of town is to be relieved. Of course courtesy cards will be given to strangers visiting the city for shopping purposes, but even these should be held to a minimum. Complete observance of this law will work wonders in the congested area and keep sufficient parking room available at the busiest parts of the day."

"Tobacco is looking fairly good around Metter, Georgia," said members of a party of Greenville people who recently returned from a visit to the Cracker state.

"It looks like the crop is going to be around two weeks earlier than last year, and there is a noticeable reduction of acreage in some sections. The reduction ought to play an important part in the price situation, especially if the crop is above the average in quality."

"Construction of new residences continues to be the order of the day in Greenville," commented a prominent citizen today after riding through the principal residential sections.

"Permits for quite a number of new homes have been issued since the first of the year. If the same pace is maintained the remainder of the year the house shortage experienced here over a period of several years will be greatly relieved."

Day or Night AMBULANCE SERVICE PHONE 127 WILLIAMS

House Ways and Means committee Republicans continue work on tariff bill.

Thursday. House passed its farm relief bill. Senate continued farm relief discussion.

Senate Democrats decided against united stand on DeBenture plan.

Senator Watson, Republican leader, announced plan to ask for vote on Heflin resolution condemning Brockton, Mass., attack.

Chairman Smoot of Senate Finance Committee and Senator Simmons, Democrat, North Carolina, clashed over plans for tariff revision hearing.

Statute of late Robert M. LaFollette of Wisconsin, was unveiled in statutory hall of Capitol.

Bill to pay \$4,250,000 to combat Mediterranean Fruit Fly in Florida was introduced in House.

Dairy farming has invaded one of the south's leading cotton strongholds, eastern Texas.

A bill to tax malt in Missouri was defeated, the sons arguing that its passage indirectly would license brewing in the home.

Southern California claims the honor of transporting more airmail per 1,000 population than any other section.

**THREE HUNDRED SCHOOLS IN DRAKE RELAYS**  
Des Moines, Iowa, April 26.—(AP)—Twenty-six hundred athletes, representing approximately 300 educational institutions today vied for honors in the twentieth annual Drake University relays.

The meet was to start at 10 o'clock this morning with preliminaries in the high school class B relays. The class of the competition becomes more heated throughout today's trials until it reaches a climax in tomorrow afternoon's finals in the university section.

The relays held out a possibility of a new world's record in the century dash, where names such as those of Bracey of Rice Institute, Elder of Notre Dame, Timm of Illinois, Wilcox of Kansas, and Toland of Michigan stood out.

**Winston-Salem Man Elected Rote Read**

Raleigh, April 26.—(AP)—Rotations of the 57th district closed their two-day convention here today with a forenoon packed with activity. The presidents and secretaries breakfast was followed by the closing general session and the farewell luncheons were in order at 1 o'clock.

Henry R. Dwire of Winston-Salem was the unanimous choice of the convention for District Governor to succeed George E. Butler of Clinton.

On the day's list of speakers were Floyd A. Allen, Assistant to the President of the General Motors Corporation, and George J. Fisher, director of national field work for the Boy Scouts organization.

Some men are frank. One who applied for a motor truck license at Richmond, Va., gave his occupation as "bootlegger."

Chief Victor Griffin is the first short haired chief of the Quapaw Indians in Oklahoma. He visits the barber regularly.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

New York, April 26.—(AP)—Cotton opened steady today at a decline of 1 to 13 points under a renewal of yesterday's selling movement, which was encouraged by further declines in Liverpool, a favorable weather may and favorable crop advices from the southwest. Selling was active. The decline soon extended to 18.77 for July and 18.88 for December or about 12 to 15 points net lower.

Trade interests absorbed offerings of May as the price approached 19.50. There was also considerable covering or profit taking by recent sellers in later deliveries and the market steadied up a few points from the lowest by the end of the first half hour.

Private cables reported heavy general liquidation on favorable crop prospects in Liverpool and said the goods market in Manchester had been disturbed by the break in cotton.

## STOCK MARKET

New York, April 26.—(AP)—Another "money squeeze" which sent the call money rate from 9 to 12 per cent, unsettled today's stock market after an early display of strength. Early gains of 1 to 8 points were reduced or wiped out altogether, and a number of speculative issues sank 1 to 4 points below yesterday's final quotations.

Call money renewed at 9 per cent, advanced to 10 and thence to 12. Banks called only a moderate amount of loans, but there was a marked scarcity of new funds in the market. Time money and commercial paper rates held firm.

Two quarterly reports by large corporations—Bethlehem Steel and General Motors—brought disappointment to speculative holders, the former because of the announcement of an additional stock offering and the latter because of smaller earnings in the face of record-breaking sales. From a long range view, both reports were accepted as constructive, however, because the new financing will supply Bethlehem with sufficient funds to expand without increasing indebtedness, while General Motors' smaller earnings were due to unusually heavy charge-offs for new models and the delayed delivery of new cars.

Outside the credit situation, there was little in today's news to influence the price movement. Most of

**HUNDREDS INJURED AS STORM HITS GEORGIA AND SOUTH CAROLINA**  
(Continued From Page One)

was thought they would recover. Nearly a score of farm houses were demolished by the storm and about a dozen others were damaged. Persons visiting the scene regarded the small loss of life as remarkable. Wreckage from the homes was strown over a wide area.

One of the freaks of the storm was the experience of the two year old son of Mr. and Mrs. J. P. King. The child, with not a scratch on its body, was found completely covered with splintered timbers in the ruins of the home.

The path of the storm was about half a mile wide and extended for about ten miles. It struck first in the Lebanon district, swept into the Tucker school district and then on into the Pelzer area. Heaviest damage was in the Tucker sections.

**Good Weather For Ryder Golf Match**  
Moon, April 26.—(AP)—Fine weather prevailed today when the international Ryder Cup golf match started. Absence of high wind augured well for American chances. The sun was shining and the temperature milder than it had been for a week. There was a light rain during the night but not sufficient to allow the Americans to play their favorite shot of pitching the ball to pin with sufficient reverse to hold it dead.

The greens were hard fast and it was only possible to run up to most of them.

More than 2,000 persons were on the course when the first foursome went out. Crowds streaming from Leeds jammed the narrow lane from the road to the clubhouse.

The Ryder Cup, donated by Samuel Ryder and emblematic of the world's professional team golf championship, is in competition today for the third time.

Sheep owners of Monroe complain that wild dogs are playing havoc with their flocks. The dogs are domestic pets which have gone astray.
