STUDENTS ASK GOV. TO PROBE SHOOTING CASE

Williams and Emory Student Body Want Justice In Wounding Of Student.

Richmond, Va., May 11.—(AP)—Governor Harry Flood Byrd was expected to announce his action today regarding a request from the student body of Emory and Henry College that he personally see that "the end of justice is served" in connection with the fatal shooting of J. W. Kendrick, 17, Emory and Henry freshman near Abingdon, Va., by officers last Monday night.

The letter bearing the request was signed at a mass meeting of students Thursday afternoon, was mailed to Governor Byrd Thursday night. Yesterday the governor was occupied with official receptions to Governor and Mrs. Trumbull of Connecticut and other officials in Richmond for the 140th anniversary of the founding of the Richmond Light Infantry Blues and therefore had not reached the letter last night.

Kendrick was a member of a well known family of the Abingdon section and his death has aroused widespread comment. He was shot while riding in an automobile with two other youths, Paul Phelps, alleged to have been driving, and Stanley Dutton. Following the shooting Phelps was arrested on a charge of operating an automobile while drunk and Dutton on a charge of being drunk. The youths denied, following the shooting, that any occupant of the car was drinking and likewise declared that there was no whiskey in the machine.

Officers said they had been "disturbed" caused by the young men in the car. The officers have not divulged the source of this complaint. They declared that they found only at the tires of the fleeing automobile after its occupants had ignored an order to halt. Phelps denied that he received any order to halt.

The three officers—James Reynolds, Abingdon policeman, and J. H. Worley and James Crowe, Washington county deputy sheriffs—are at liberty under \$5,000 bond each following their arrest on a warrant charging murder, sworn out by a relative of the dead youth. The officers waived preliminary hearing on the charge.

Phelps and Dutton are scheduled to be given a hearing on charges against them sometime in the early part of next week.

Radio Commission

William D. L. Starbuck of New York is the new member of the federal radio commission.

TROOPS GUARD CONSULATE AT CANTON, CHINA

Both American And British Troops Guard Property In Disturbed Areas.

Canton, China, May 11.—(AP)—Twenty American Marines today guarded the American consulate in Shanghai, foreign concession quarter of Canton. The men were landed from the United States Warship Tulsa yesterday when Cantonese bombardment of four rebel ships in the harbor threatened danger to those ashore.

British guards also were landed. A checkup revealed that only a few persons were killed when machine gun bullets from Honam Island and shells from the Macao Island batteries peppered part of the concession yesterday. Residences and business houses, however, for awhile were hard hit by the fire.

Several dud aerial bombs from planes which flew over the four revolting ships narrowly missed foreign property, including installations of the Standard Oil Company and the Texas Company.

Cottonseed Show Gains Recently

Washington, May 11.—(AP)—The Census Bureau announced today that cottonseed crushed from August 1 to April 30 totaled 4,811,611 tons compared with 4,516,591 in the same period in 1928, and cottonseed on hand at the mills April 30 totaled 191,048, compared with 107,844 a year previous.

Cottonseed products manufactured during the period and on hand April 30 included:

Crude oil products, 1,591,551,550 pounds, compared with 1,427,788,664 last year and on hand 570,882,251, compared with 516,031,350 pounds last year.

Refined oil produced totaled 1,328,809,151 pounds, compared with 1,200,390,393, and on hand 570,882,251, compared with 516,031,350 pounds last year.

Cake and meal totaled 2,176,222 tons, compared with 2,028,916, and on hand 225,362 tons, compared with 84,515.

Linters, running bales totaled 1,030,890, compared with 845,844 and on hand 187,233, compared with 111,253.

INDUSTRIAL EXPOSITION TO OPEN MONDAY

Raleigh, May 11.—(AP)—North Carolina's first state-wide industrial exposition, destined to show the progress of the state along industrial lines, will be formally opened at the state fair grounds here by Governor Gardner at 3 o'clock Monday afternoon. The gates will open at 11 a. m. Monday and the exposition will continue through the week.

Leading manufacturers of the state have arranged to install exhibits of their products. Work of installation has already been started. An entertainment feature of the daily program will be concerts, the bands of the University, State College and Duke having been engaged to perform.

Girls Should Work

New York, May 11.—(AP)—An 18-year-old girl whose inheritance is \$620 should be at work, in the opinion of Justice Crosby of the State Supreme court. He warned the mother against further improvident expenditures for Bessie Ward, when a bill for \$400 for a vacation, \$100 for dancing lessons and \$800 for private schooling came before him.

HOUSE STILL DEBATING ON TARIFF BILL

Body Gives Up Usual Saturday Recess To Continue Discussion Of Measure.

Washington, May 11.—(AP)—The House gave up its usual Saturday recess today to continue general debate on the tariff bill, with the large Republican majority not yet in agreement on the procedure under which the measure is to be considered in the later stages of discussion.

Under a tentative plan which emerged late yesterday from the just a series of Republican conferences looking to such an agreement, the general debate will continue until next Thursday, after which consideration of amendments will be in order for one week. The tentative date for passage of the bill was set at May 23, but indications are that the final vote will not be reached until several days later.

An approach toward satisfaction of the Republicans from ten western farm states who want some of the agricultural rates changes was indicated after the conference. Representative Dickinson of Iowa, their spokesman, indicated that he would be willing to let their proposals for amendment reach the floor through members of the ways and means committee in view of sentiment favoring certain changes he had found in that group.

The rule under which House action on the present Fordney-McCumber tariff act was expedited while it was under consideration in 1922 gave precedence to amendments proposed by the members of that committee without regard to regular rules. This and other special arrangements under which tariff legislation has been considered in the past were called to the attention of the conference by Chairman Snell of the rules committee, but no action was taken to govern procedure with the new bill.

GREENVILLE WINS FROM WASHINGTON

Local Schools Won Out In Annual Relay Race And Also In Ball Game.

Greenville yesterday made it a gala day in athletic history of the school when they took the annual relay race from Washington by a great margin and then whipped the Washington baseball team by the lopsided score of 10 to 3.

Tucker, who pitched for the locals, was the big gun of the afternoon. He struck out six, allowed only four hits and walked but two. Three of the hits that were gotten off of him should have been fielded, the only one of any consequence was N. Walters' slashing drive to the left field wall for two bases. N. Walters gave up only nine hits and struck out seven, but his support was of the inferior quality.

Hicks, Burnette, Smith and Bette, with two hits each, led for the locals, while Brown, with one out of three, was Washington's big gun. The last game of the season for the locals will be played here Thursday with Kingston furnishing the opposition. A tag-day for the benefit of the Athletic Association will be held the same day.

The time of the relay race was one hour, 44 minutes, 47 3-5 seconds, approximately ten minutes slower than last year. This may be accounted for to some extent by the fact that the laps were longer, only 81 men running instead of 92 last year.

Greenville took the lead for two laps, but lost it to Washington, who held it from three almost to Chocowinity. Greenville held it for only the last four miles, but increased it to almost two laps, in the wind up. Greenville's average time was 78 4-5 seconds per man.

Irish Free State Begins Relations With the Vatican

Dublin, Irish Free State, May 11.—(AP)—The Irish Free State Government has decided to establish diplomatic relations with the Vatican. It is stated that Pope Pius has accepted the proposal and the necessary preliminaries have been completed. The Pontiff will send a representative to Dublin and will receive Saorstait ministers.

City Schools Score Big Hit In Presentation Of Hansel-Gretel Operetta

Pupils of the intermediate department of the Greenville public schools scored a brilliant success here last night in the presentation of the operetta "Hansel and Gretel," at the high school auditorium. The principal characters were supported by a chorus of 160 children from the fourth, fifth, sixth and seventh grades of the city school system. They literally sang their way into the hearts of the audience while the principal characters played their parts with a naturalness that would have done credit to producers of the original opera.

The spacious auditorium was crowded to capacity, the audience overflowing into the aisles and balconies until not even standing room was left. It was one of the most appreciative crowds that probably ever attended a public school production and applause was liberal throughout the evening.

The operetta was adapted from the opera of E. Humperdinck and A. Wetté by Bertha Elsmith, and as presented here last night, is unquestionably one of the most delightful song-plays of the present day. The story of the play itself is one that immediately grips the fancy and holds it until the final word has been spoken.

Once upon a time, as the story goes, in the land of sugar plums and witches, there lived Hansel and Gretel, the children of a very poor broom maker. The family was so poor that they often had no food in the house and must send the children into the forest for wild berries.

One afternoon while the children were searching in the woods for berries they lost their way and wandered into the candy house of the old Witch who turned children into gingerbread boys and girls. But she didn't turn Hansel and Gretel into gingerbread children for they outwitted her. As the old Witch coaxed Hansel and Gretel to the furnace intending to turn them into gingerbread cakes, the children pushed her into her own trap and liberated themselves.

Then they gave liberty to several other children held captive by the Witch. These children were blind and could not see, but remembering the tactics of the old Witch, Hansel procured her magic light, and waving it above his head, intoned the "Hocus-hocus" lines which he had heard the Witch repeat. The eyes of the children opened as if by magic and they staged a dance like most any little group of children would have done under similar circumstances.

The parts of Hansel and Gretel were played by Ben Herring and Martha Scoville. They fitted into their respective lines just like they had been made for them and the clearness of their diction and the utter abandon with which they executed each act of the play brought unrestrained applause from the hundreds of patrons of the school who looked on in wonderment.

George Willard took the part of Peter, the binder of brooms, while Margaret O'Brian appeared as Gertrude, his wife. The part of the cookie witch was presented by Ruth Aman, and her costuming and acting, like that of the remainder of the characters, was not only commendable, but produced an atmosphere that imparted an unusual spirit of realism.

Each of the three acts was interspersed with dances of character—representing angels, sandmen, dew fairies, witches and cookie children. Act one showed the interior of the cottage where Hansel and Gretel lived. Act two opened in the forest where the children were lost in quest of berries. Act three also was in the forest, and it was here that the witch with her house made of cookies appeared. The scenery for each act was very effective and the lighting effect furnished by colored lantern slides from the rear of the building produced splendid results. The somber colors of evening were brought out in such a way that the audience could feel the spirit of the dark as it encompassed the two children in the forest—a great, lonely place inhabited by the witch, a terror to little children.

The operetta was presented under the direction of Miss Lotta Veazey, head of the department of music of public schools, assisted by Miss Eugenia Thomas, director of public school music of the East Carolina Teachers College. Members of the producing staff and others taking part in presentation of the play follow:

Director of chorus, Miss Lotta Veazey; Accompanist, Miss Eugenia Thomas; Director of Dances and pantomime, Miss Freda Moore, assisted by Mrs. A. R. Corry; Dramatic Coaches, Miss Mary McRee, Miss Dorothy Swenson; Costume Committee, Misses Gladys Hughes, Maybelle Mitchell, Estelle Green, Mary McRae, Cleo Rainwater, Almye Browning, Frances Wahl, Mrs. W. Herring, Mrs. R. Lee, Mrs. S. Committee, Misses Eva Keefe, Lillian Purvis, Dixie Taylor, Frances Wahl; Music Committee, Misses Laura Gahbin, Mozelle Jones, and Laura Foley; Electricians, Jessa Brewer, William Holton, Jim Slay.

Trip Through The South Planned By Pres. Hoover

Washington, May 11.—(AP)—President Hoover contemplates a tour of the South and is hopeful that the administrative and legislative situation will be cleared up sufficiently so that he can absent himself from the capital for an appreciable length of time this fall.

This trip through Dixie will be separate from the journey he is to make to the West Indies for visits to Cuba, Porto Rico and perhaps some other islands. He hopes to be able to round out his good will tour of Latin America within a year.

While the itinerary of the Southern trip as yet has not even approached the formative stage, it will carry him as far Southwest as Texas, which he has been urged to visit ever since his election. He had considered going there on the return from South America, but found that time would not permit.

Formal invitations have come to the President from the Chambers of Commerce of Dallas, Fort Worth, and Houston where the Democratic National Convention was held last year, and expectation is that he will arrange his schedule so as to visit all three of these places.

DEMAND THAT STATE TROOPS BE WITHDRAWN

Governor Asked To Order Removal Of Troops From Tennessee Strike Area.

Elizabethtown, Tenn., May 11.—(AP)—Protest against the use of state troops in the textile strike here today was before Governor H. H. Horton. Forty representatives of textile unions in Johnson City, Elizabethtown and Erwin met in the former city last night and sent a telegram to the governor demanding that the troops be withdrawn.

This action came after a day of apprehension here resulting from the bombing of the home of Mack Elliott, a member of the strike's union, at Hunter, 12 miles from Elizabethtown.

The explosion, which occurred shortly after midnight yesterday diverted attention generally from the recent labor disputes among striking employes and officers of the American Bemberg and American Glanstoff Rayon plants. No connection between the explosion and the labor question had been established. Elliott, it was said, formerly was employed at the Glanstoff plant.

A union meeting was scheduled here this afternoon. Quiet reigned here today, with a report from the Rayon companies that more workers have applied than can be used at this time and that operations are increasing steadily. National guardsmen, deputized as state police, remained on duty.

In their message to Governor Horton last night the union representatives said they demanded removal of the troops on the ground that "the use of military in strike situations is unconstitutional and needless and is an affront to orderly taxpayers in these communities."

Continue Search For Man Wanted In Murder Case

Marshall, N. C., May 11.—(AP)—With men on duty watching the railroad stations and a half dozen men in the mountains pushing the search for "Wild Bill" Anderson, charged with the death of Bill Tyson, young man drowned in the French Broad river Wednesday, Sheriff R. R. Ramsey believes that it is merely a matter of time until Anderson is captured, he said today. He is confident, he said, that the man is hiding somewhere in the mountains.

Tyson met his death as a result of a quarrel with Anderson over Cora Tyson, who was in the boat at the time the young man was drowned in the opinion of Sheriff Ramsey, who has a wife and 10 children, had become angered at Tyson for the latter's attentions to the woman, the sheriff said.

Pythians Meet At Rocky Mt. Monday

Meeting of districts Nos. 9, 11 and 15 of the Knights of Pythias will be held with the Rocky Mount lodge No. 84, at Rocky Mount next Monday. The session will be presided over by W. Gray Williams, district deputy grand chancellor of District 9, and will be held at Castel Hall, corner Hill and Washington streets. A number of local Pythians will attend.

The program follows: 7:30 p. m.—Lodge opened in due form. C. J. Skinner, presiding. 7:45—Lodge opened for reception of Supreme and Grand Lodge Officers.

8:00—Address of Welcome, Hon. L. Gravelly, Rocky Mount. 8:10—Response, C. F. Gore, G. C. Weldon, N. C.

8:20—"How to Improve Attendance in Subordinate Lodges," A. W. Oaks, Weldon, N. C. 8:30—"Shall Not the Great Principles of Pythianism Triumph," J. C. Rodman, Jr., Washington, N. C.

8:40—"How to make Subordinate Lodge Meetings more Attractive," S. O. Worthington, Greenville, N. C. 8:50—"The Best Method of Collecting Dues," Weisner Farmer, Clayton, N. C.

9:00—"The Good Derived From Visitation of Lodges," Silar R. Lucas, Wilcox, N. C. 9:10—"The Value of a real Pythian to His Community," Lloyd Bernard, Elizabeth City, N. C.

9:20—"Social Entertainment in the Lodge," E. G. Lucas, Rocky Mount, N. C. 9:30—"Our Children at the Home," C. W. Coghill, P. O. C., Rocky Mount, N. C.

9:40—"How to Revive Interest in Dormant Subordinate Lodges," R. S. McCoin, P. O. C., Henderson, N. C. 9:50—"How to Put Pythianism into Your Daily Life," J. F. Green, Goldsboro, N. C.

9:55—Insurance Department, J. I. Thomason, Greensboro, N. C.

Acquitted

Representative M. Alfred Michelson of Illinois, who has just been acquitted in Federal court at Key West, Fla., on a violation of the prohibition law charge.

MAKE EFFORT TO CONCLUDE REPARATION

Sir Josiah Stamp Confers With Schacht To Reduce Written Text Of Acceptance.

Paris, May 11.—(AP)—Sir Josiah Stamp sought today in private conversation with Dr. Hjalmar Schacht, German reparations spokesman, to reduce to written text the German conditions to acceptance of the reparations figures of Owen D. Young.

Such results as the English delegation head and the Reichsbank president achieve probably will be reported to a plenary session of the committee of experts on Tuesday. It is possible that under favorable conditions this plenary session will make the close of the experts' committee's work.

The theory problem of revision of the national payments of the reparations payments as provided in the agreement has been sidetracked temporarily, the assumption being it may be solved by subsequent inter-negotiation negotiations as which Germany need not even be represented.

Until Tuesday the experts, other than Sir Josiah and Dr. Schacht will obtain a relaxation from Arduous labors which next week run into their fourth month. Even the substitute committee, which has been working on reparation of the report of the conference has finished its task, with only the actual figures and various national reservations remaining to be included in its text.

Wealthy Widow To Wed Prince

Paris, May 11.—(AP)—Love's young dream, awakened 22 years ago in the breast of Prince Luis Ferdinand d'Orleans de Bourbon of Spain when he first saw Mrs. Madeleine Gilman Corey is about to be realized, but only after the diminutive infant has become a middle-aged little man.

Mrs. Corey, former musical comedy star and divorced wife of William Ellis Corey, steel magnate, herself announced yesterday at a social gathering in a Paris hotel that she and the Prince would be married at San Remo, Italy on June 1.

To make the marriage possible she has embraced the Catholic faith (a staple which remained in the way of union between them for a long time, since the Infanta Eulalia, the Prince's mother, refused to permit her son to wed one not of the faith.

Spanish Minister Wants To Withdraw From Mexico

Mexico City, May 11.—(AP)—El Universal today said it had learned from most reliable sources that the Spanish minister Marquis de Rialp had asked his government to withdraw him and send a successor.

The action was taken, the paper said, as a consequence of a terse order to the Spanish aviators, Captains Ignacio Jimenez and Francisco Iglesias, not to visit Mexico on their way to Cuba and to Spain.

It was said the Marquis de Rialp visited the Mexican foreign office yesterday to explain what the legislation really meant in its original notification that the trans-Atlantic aviators were coming to Mexico, was that they wanted permission to fly over Mexican territory, not to stop in Mexico, and that this request was misinterpreted.

BAPTISTS TO MEET NEXT AT NEW ORLEANS

Home Mission Board Problem Settled By Convention After Much Wrangling.

Memphis, May 11.—(AP)—Its troublesome Home Missions Board problem settled in favor of the board after a long period of wrangling, the Southern Baptist convention delivered today into a new plan for financing church activities and prepared to wind up the business of the seventy-fourth session.

An eleventh hour change in plans gave New Orleans the next meeting which will start May 14. When the committee on preachers, time and place met at noon yesterday it decided to recommend Tampa. Later however, the decision was changed in favor of New Orleans.

The unofficial reason given was that the auditorium in Tampa was too distant from downtown. Unanimous approval was given the recommendation at the night session.

The convention pastor will be Mr. Robert D. Lee of Memphis, with Dr. S. W. Melton of Norfolk, alternate.

The financial plan proposed by the executive committee provides a campaign of "enlistment" of church members living in rural districts where meetings are few and from which the convention now receives little or no steady revenue. This campaign will extend to members of the larger churches also. It will be based entirely on spiritual appeals to the loyalty of the members and to the possibility of the low of concerted drive for funds.

All contributions would be divided among state boards and agencies in stipulated sums, according to a budget fixed annually, and the executive committee would disburse the funds. At present each agency is promised a certain percentage of next year's revenues and it is difficult to predict just what can be depended upon.

Arguments flew thick and fast yesterday afternoon when the fate of the Home Missions Board was being decided. The report of the special committee appointed to consider proposals for reorganization of the board recommended that the board be continued and that the eight re-organized boards be adopted.

The recommendation finally was accepted after a spirited fight and the Home Missions Board was continued.

The Rev. Frank Tripp of St. Joseph, Mo., opposed the report with a substitute recommending that the Home and Foreign Missions board be combined into the Southern Baptist board of Missions with headquarters in Memphis. Then the Rev. Sam F. Hudson of Red Springs, N. C., offered an amendment to Mr. Tripp's substitute that provided for discontinuance of the home board and its liquidation by the convention. Both the substitute and amendment were defeated.

Sharp reduction in the Home Missions board's expenditures was recommended in its report.

Debate was vigorous on Mr. Tripp's motion but all opponents of the Home Board emphasized that its troubles, brought about by defalcations of its former treasurer, Clinton S. Carnes, were no reflection upon the members. "The only reason all of us did not make the same mistake as the Home Missions board was that we were not members of it," said the Rev. Norman W. Cox of Meridian, Miss.

The Rev. R. J. Bateman of Asheville, N. C., supported the proposal to combine the boards, declaring "this is the period of organization, mergers, and efficiency. The consolidation would have to be effected sooner or later he contended. The merger was in line with the principles of business, he believed.

Declaring he knew "as much about business as Bateman," the Rev. J. J. Wicker of Richmond said "every big business has innumerable heads, and if you ask one what the other does, he will reply 'he doesn't know'."

The matter of combining the boards would not have come up at all, Mr. Wicker said, "if it hadn't been for the big steal," and he thought it was lucky the boards were separate at the time of Carnes' defalcations. "If," he said, "we had our boards consolidated and Carnes had been our treasurer, he would have stolen everything the Baptists had." The discussion all arose he declared, "because that million got away from us."

Dr. Tripp declared he did not believe "the confidence of Southern Baptists ever will be restored to the Home Missions board if it is allowed to remain as it is," and expressed the opinion the convention "eventually would approve a merger of the boards.

Life of American business concerns is short if not sweet. Paul Conners of the University of Illinois has ascertained it averages six years.

Social & Personal

A. H. Critcher left yesterday High Point and Danville to visit his daughters Mrs. Fernal Gray and Mrs. O. P. Featros.

Mr. and Mrs. J. D. Rogers are spending several days in Reidsville and Winston-Salem.

Misses Madge Daniels and Elizabeth Morion left this morning for a week-end visit in Elizabeth City.

Misses Joanna Godwin and Virginia Jones are spending the week-end in Kinston.

Mrs. A. H. Tait and mother, Mrs. J. T. B. Hoover returned last night from Henderson and Raleigh.

Miss Elizabeth Transon of Greensboro, is visiting Miss Clara Louise Moye. Miss Transon has been visiting in Georgia and came from that state to this city.

Dr. Virginia O. Johnson left yesterday for Rose Hill, N. C., where she will spend the week-end.

Smith-Whichard.
Mrs. D. L. Whichard announces the marriage of her daughter
Emma Whichard
to
Mr. Lyman Smith
of Winterville, N. C.
On Saturday, the eleventh of May One thousand nine hundred and twenty-nine
Greenville, North Carolina

Mrs. Bagwell Ill.
Friends of Mrs. E. B. Bagwell of Savannah, Ga., will regret to learn that she is quite ill in a hospital in that city. Mrs. Bagwell is a sister of Mrs. J. L. Horne of this city.

Sans Souci Club Meets.
The Sans Souci Book Club held a most delightful meeting at the home of our president, Mrs. F. M. Wooten, on Third street.

The meeting was called to order by the president and the secretary was asked to write a note to Mrs. Wiggins, a former member of our club, assuring her of our deepest sympathy in the passing of her mother, Mrs. R. R. Cotten.

The program for the afternoon was in charge of Mrs. Hugh Ragsdals, who took us on a wonderfully enlightening and entertaining trip to Germany and to the castles on the Rhine. We passed down the length of the Rhine viewing and visiting the castles and listening to the beautiful and dramatic legends that have grown up about them.

After a spirited discussion of current events our hostess, assisted by her young son and Mesdames Guley, Horne and Gates, served a delicious frozen salad course.

Bring the kiddies to the skating rink tonight. Admission 10c.

Special Service Sunday Night.
At St. Paul's Episcopal Church there will be a special Mother's Day program on Sunday night. At this service three of the children of the church will have the sermon. Tom Phelps, Lorraine Skinner, and Frank Wooten, Jr., will be the speakers. This service is presented as a service of honor to mothers of St. Paul's parish and all mothers everywhere.

Leaves For Texas.
J. P. Burgess, who for the past several months has been employed on the Reflector, left this afternoon for San Antonio, Texas, where he has accepted a position.

Remember Mother with flowers.
Greenville Floral Co., phone 443-W.

LOCAL CLUB WINS FROM ROCKY MOUNT

A carefully placed bunt down the first base line by Edwards, Greenville right fielder, gave the locals a 3 to 2 victory over Rocky Mount at the fair grounds yesterday afternoon. The game had gone ten innings with the score tied when the big Greenville fielder stepped to the plate and laid down an easy ground-plate and hit inside the first base line that sent Noback racing home with the necessary run to break the score without cracking.

The game was one of the prettiest exhibitions seen on the Greenville diamond this season and was witnessed by a crowd almost as great as that of the opening day. Numbers of Rocky Mount fans had followed their club on the first visit to the home grounds of the Tobaccoists, and they cheered lustily as the Bucs went inning after inning without cracking.

The game developed into something of a pitchers' battle from the very first ball tossed by "Deacon" Joliff, veteran Greenville hurler, and Creswell, lanky Rocky Mount moundsman. They had the heavy artillery of both teams spiked for eight innings, and it looked like the game would end with good eggs checked up to each side.

In the eighth, however, Lester Bangs marshalled his forces down the firing line and when the smoke of battle had cleared away they had sent two runners over the plate. The inning was a hectic one for the Bucs, so much so, in fact, that Creswell was yanked from the box in favor of McKay with two men on the paths.

McKay, elongated southpaw, retired the side without further scoring, but in the tenth Greenville bats got busy again and the winning run was sent over the platter to give Greenville the first game of the series and to break a winning streak that had put the Bucs on the top of the standing of clubs column.

While a chilling wind whipped across the diamond producing much discomfort in the crowded grandstand and bleachers, the players handled the ball like they would have done on the hottest day of the summer. One lone bobble was credited to each of the clubs, but this was greatly offset by fielding of a brilliant nature pulled off at different parts of the contest.

Lee Moore, new manager of the Rocky Mount club, made his first bow to the circuit yesterday when he stepped to the plate as an extra batsman in the ninth and sent two runners racing home with a slashing double to right field. The two tallies tied the score and sent the game into extra innings despite a desperate attempt on the part of Greenville to break the tie in their part of the ninth.

Rocky Mount seriously threatened to send another runner over the plate in their half of the tenth when Alford, second baseman, hit to the right garden for three bases. Joliff caused Brandes to fly out on a slashing drive to center field, retiring the side.

The visitors scored their two runs in the ninth inning. Cohen, first man up, was hit by Joliff and went to first. Moore doubled, Cohen going to third. Moore, batting for Vance, hit for two bases and the two runners went home, tying the count.

Greenville added two tallies in the eighth. Williams started the stick work with a two base drive to the center garden. Edmonds got an infield hit. Clemmons singled to the center garden, and Williams scored. The runners advanced on a wild throw by Creswell. Noback got safe on an infield grounder. Bangs was hit by pitcher and Edmonds scored. The winning run came in the

tenth when Noback raced home from third on a bunt by Edwards. Rocky Mount will conclude the series here this afternoon. The Greenies will open the series on home grounds Monday with a double bill with Kinston. The extra game is to make up for the first game of the season when the two clubs played until the game was called on account of darkness.

The box score of yesterday's game follows:

Rocky Mount	Ab.	R.	H.	O.	A.	E.
Fayonsky, rf	5	0	0	1	0	0

ROYAL ARCH MASONS.
Greenville Chapter No. 50 R. A. M., will meet in regular convocation Monday night, May 13 at 8:00 o'clock. Important business.
Sat.-Mon.

Skating rink tonight! New Joyner warehouse. Admission 10c.

REVIVAL BEGINS ON SUNDAY AT F. W. B. CHURCH
A series of revival meetings are scheduled to begin at the Greenville Free Will Baptist church Sunday, May 12, with adjacent churches, co-operating according to announcement made today by an official of the church.

Rev. R. F. Pittman, well known minister of the Free Will Baptist church will do the preaching at each service. The services will begin promptly at 8 o'clock. The song services will be a special feature of the service each evening, and will consist of congregational singing, solos, duets and quartets.

A large annex has recently been added and with the increased seating capacity the church can accommodate approximately 600.

The weather is fine for skating tonight on the cement floor at the new Joyner warehouse.

Falkland Schools Closed Tuesday
The graduating exercises held at Falkland High School Tuesday morning of this week brought to a close the seventh year of the consolidated school. Marked progress has been shown in enrollment, equipment, and the grounds have been much improved.

The elementary grades celebrated May Day by the presentation of a "King Cole Festival" on the school grounds. King Cole and his attendants were entertained by the children of the village in dances and songs.

Monday night, the High School play, "Bashful Mr. Babbs" was given. This was a play full of action throughout and the characters were well suited to their parts.

Tuesday morning at 10 o'clock the commencement address was delivered by Rev. R. J. Bamber. There were three graduates: Beatrice Moore, Martha Fowler and Glenn Moore. The diplomas and certificates were presented by the principal, Mr. D. T. House, Jr. There was a large attendance of patrons and friends. The school year has been a most successful one.

Women everywhere pronounce the NEW SILENT KELVINATOR

the final word in electric refrigeration

Thousands of women hail the New Silent Kelvinator as the year's greatest achievement in perfected automatic refrigeration for the home.

A wonderfully improved Kelvinator—positively silent, more economical, more convenient and far more beautiful than any Kelvinator ever built.

Precision designed and manufactured to eliminate vibration—tested and re-tested in sound-proof rooms to bring silence as near to perfection as possible—these new 1929 models will stay silent even after years of service.

The handsome new Silent Kelvinators are on display at our showrooms. You must see them to appreciate the many new ideas they reveal both for perfect care and preservation of food and added convenience.

Your New Silent Kelvinator may be bought on surprisingly reasonable and generous terms through Kelvinator's ReDisCo monthly budget plan. Enjoy its healthful, helpful pleasures now while you are paying for it.

THE RELIABLE KELVINATOR

Water & Light Commission

THERE ARE KELVINATOR ELECTRIC INSTALLATIONS FOR EVERY COMMERCIAL PURPOSE

The Kelvinator Cold Keeper for Dainty Frozen Dishes

A wonderful economy factor of the Kelvinator, the Cold Keeper acts as a constant reservoir of cold for preparing dainty salads, ice creams, jellies. There is ample room to make them, as well as all the ice you will ever need.

K-566

MISSIONARY SOCIETY TO MEET ON MONDAY
The Woman's Missionary Society of Immanuel Baptist Church will hold its regular monthly meeting in the church parlor Monday afternoon at 3:30 o'clock. Every member is urged to be present.

Miss White Improving.
Reports from the bedside of Miss Dorothy White this morning were to the effect that her condition was somewhat improved. While she is still quite ill, physicians last night decided that an operation was not necessary at this time.

Remember Mother with flowers.
Greenville Floral Co., phone 443-W.

YESTERDAY WAS HAM DAY AT W. H. ALLEN'S
Thanks to Mr. Charles Skinner of New York, Mr. Hicks, Mr. Edwards, Mr. J. R. Moye and Mr. J. G. Moye, and many others too numerous to mention, for their splendid patronage. I hope to see them all again soon. They bought me almost completely out. I had fifty-two hams yesterday morning and only two today. On account of delivering five thousand bushels of meal to R. L. Davis and Brother, at Farmville today, it will be impossible for me to go to Onslow county before Monday, but I have endeavored to beg many of my customers' pardon and promise to go to Onslow county Monday and supply them.

Thanking one and all again for their splendid patronage, I promise to make good with a full supply Monday or Tuesday of next week.

"MOTHER'S DAY"

Tomorrow is "Mother's Day," and a time when every son and daughter should pause to recount the blessings of a mother's love and to endeavor to show by tender words and deeds that mother's sacrifices have been appreciated and that she has not bestowed her great love in vain.

Painting a word picture of the love that is above all others save that love that comes from the Master above, Washington Irving truly said:

"There is an enduring tenderness in the love of a mother to a son that transcends all other affections of the heart. It is neither to be chilled by selfishness, nor daunted by danger, nor weakened by worthlessness, nor stifled by ingratitude. She will sacrifice every comfort to his convenience; she will surrender every pleasure to his enjoyment; she will glory in his fame and exult in his prosperity; and, if misfortune overtake him, he will be the dearest to her from misfortune, and if disgrace settle upon his name she will still love and cherish him in spite of his disgrace; and if all the world beside cast him off, she will be all the world to him."

"I like the story 'Gold Bullets,' carried in the columns of the Daily Reflector," declared a reader of the paper as he came into the front office this morning to obtain a copy of yesterday's edition.

"While you have it on your mind, why not take your boy one of those airplanes we are giving away with each subscription or renewal to the Reflector," suggested the manager of circulation of this paper to a reader this morning.

OPEN FORUM

MOTHER!

Mothers, you are the divinely appointed teachers and guides of your children; and any attempt to free yourselves from your duty is in direct opposition to the will of God. If you neglect them, the consequences are swift and sure, and how fearful they are. Let those broken-hearted mothers tell who have bowed in anguish over their lost sons; who neglecting them in childhood, have at last seen them dead to every manly virtue.

ABOUT TOWN

"Initial steps have been taken for establishment of the proposed broadcasting station in Greenville," a member of the Merchants Association said this morning, "and should the plan meet with the favorable consideration of the Federal Trade Commission it will not be

long before the station will be in operation. The project will be composed of members of the Merchants Association and will operate under the name of the Greenville Broadcasting Station. Interesting programs will be provided for the shoppers of this district who will also be kept well informed about things taking place in the city and community.

"Greenville has been in need of a broadcasting station for a long time, and should we be successful in getting one, the public ought to be appreciative enough to help make it a success."

"Many a tear was shed here yesterday as the seven or nine surviving members of the Confederacy from this county gathered here for annual Memorial Day exercises," said a citizen this morning.

"Gray and bent with age, these former followers of Lee and Jackson did their best to pay tribute to their comrades who had responded to the call of the grim reaper. They went to the cemetery and with loving hands laid flowers on the graves of their departed buddies, wondering as many others had wondered before them, how long it would be before they too would join the ranks of the dead.

"It was a pathetic scene—this reunion of the thin gray ranks of mighty warriors of the 60's—and it stirred the onlookers as they hadn't been stirred before in many a day. In a few years now the Confederacy will live in memory alone, but the deeds of these heroes of the past will live on forever. America does not forget and each year will find the nation making pilgrimage to the shrines of Confederacy to honor her heroes."

"Sunday is Mother's Day throughout the nation," reminded a citizen today, "and Greenville, like other sections, will do her utmost to honor the countless mothers of the community."

"This is the day of all days in the life of America, and everybody should do something to remind his mother that he is proud of her—the most wonderful mother on earth. But, if she is not here—if she has joined the ranks of the dead—revive her spirit in memory and go to her grave and place a wreath to show that her influence lives on."

"We may become great in all walks of life, but this greatness can be what it should be unless it is dominated by the spirit of the woman we once called by the name of 'Mother.' It is to her the world must turn for the high ideals necessary to sound civilization and it must forever be her influence and love that guides the bark of this humanity of ours."

"The little fellow will be one of many others enjoying the fun afforded by the tiny planes. The supply is about exhausted and if you want one you should get it before the opportunity has slipped."

teachings and example is the most effective in moulding character and shaping destiny. What a faithful suggestion lies hid in that brief line from Holy Writ: 'His Mother made him a little coat!' But that 'little coat' has a figurative application to every Mother's high calling. For she not only provides her child from infancy's first moments with clothing for the body, but moral 'habits' of character and conduct. The

Pullman Custom Built Living Room Furniture

This Suite Is \$347.50 Let's Get to the Bottom of the Price Question

What makes a suite expensive? What makes a suite not expensive? The question isn't "how much?" but "what will I get for my money?" The sensible family will gladly pay a little more if it can be sure it's going to get a lot more. Most people would rather have a Pullman Custom-Built Suite than an ordinary one And they should!

In this suite there is everything that can be put in good furniture except extravagance. Inside it has hardwood frames, doweled and glued for strength. It has all web construction. It has deep coil springs, tied eight ways so they'll stay in place. It has all curled hair and moss filling. And it has PERMANENCE of construction.

Outside it is fashionable in its new design—it has genuine Angora Mohair covering in combination with imported Frieze—it has hand carved solid Mahogany outer frames. And with all this charm and quality it's only \$347.50.

Home Furniture Co. The Right Price Furniture Store Cor. 8th St. & Dickinson Ave. Phone 78

Mother, more than any one else, helps to clothe the immortal soul in garments of light and loveliness, or else in garments of sin and sorrow and shame. She makes "little coats" which no moth can consume, which never wear out, and which are worn by her off-springs long after she has moulded into dust. She weaves her child's habits of thought and conduct; and does it too as clothes are made, stitch by stitch. She does this not only by direct deliberate teachings, but by little words and acts, and by silent unconscious influence.

The Mother in her office holds the key Of the soul, and she it is Who stamps the coin of character. And makes the being who would be a savage. But for her gentle care, A Christian man.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, May 11.—(AP)—Cotton opened steady today at an advance of 3 to 8 points on continuation of yesterday's covering movement, on some trade and commission house buying prompted by relatively steady cables and on reports of a firm spot situation in the south.

Trading was moderately active, with offerings comparatively light and the active months sold 14 to 17 points net higher before the end of the first half hour. July advanced to 18.69 and December to 18.90, but the market met a little more realizing at these figures and eased off slightly in consequence.

Amount of cotton on shipboard awaiting clearance at the end of the week was estimated at \$2,000 bales against 35,000 last year and 118,000 two years ago.

Liverpool cables reported covering, trade calling, and American buying in the market there and said there was an improving cloth demand, especially from India.

STOCK MARKET

New York, May 11.—(AP)—Heavy week-end profit taking turned the course of prices irregular today after an early display of strength. Selling pressure was most effective in the aviation, communications, motor and merchandising groups, while the Public Utilities, Chemicals, Amusements, Oils and Rails presented several points of strength.

Inasmuch as Friday's closing rate of 8 per cent for call money carries over the week-end, the credit situation was not a direct factor in today's market. Wall Street was somewhat puzzled over the source of the new funds which came into

the market yesterday and whether a plentiful supply would still be available next week. Unusually heavy new stock and bond offerings this week suggested the possibility of a large increase in brokers' loans next week.

GRAIN MARKET

Associated Press Market Editor Chicago, May 11.—(AP)—Reports of flooded fields in Kansas and Nebraska, together with exports buying of 1,000,000 bushels of North American wheat, made wheat prices today average higher.

Wheat closed irregular, 1-4c net decline to an equal advance; corn 1-4c to 5-8c off, oats unchanged to 3-4c down, and provisions at 10c setback to 15c gain.

Vaudeville	7:30	
	9:00	

MORE Smartness and Style

MORE Power and Speed

At a record low price for so large and so beautiful a Knight-engined car the new style Willys-Knight "70-B" is bringing the superiorities of the patented double sleeve-valve motor to thousands of added owners.

In each cylinder of this simplest and most efficient of power plants, two metal sleeves combine with the dome-shaped cylinder head to form a perfectly sealed combustion chamber. The full force of the explosion is directed straight downward against the piston, making the most efficient use of the highly compressed gas.

The Knight engine gives high uniform compression at all times, at all speeds, and with any gas—and it is the only type of engine that keeps growing smoother and quieter with use.

In the Willys-Knight "70-B" a rugged seven-bearing crankshaft reduces vibration to a minimum, while the car's improved frame construction gives extra strength and rigidity.
