

LOCALS RANK SECOND WITH THE WILLOW

Greenville won second place with the stick in batting averages of the Eastern Carolina league recently released for publication today. The club also won third place in fielding with Goldsboro and Wilmington taking first and second places, respectively.

In the individual batting list, Coltrane for Goldsboro, carried off the honors with a total of eleven hits out of thirty trips to the rubber. Hiller, Greenville player, took second place with nineteen hits out of 53 times at bat.

In the field of pitchers, Duffy, Greenville hurler, topped the list with two games won and none lost. Mackay, also of Greenville, took second position with one win and no losses. Weaver, of Kinston, and Wilson, of Wilmington, were the other thousand percent men.

PIEDMONT LEAGUE table with columns: Club, W, L, Per. Rows include Greensboro, Durham, Winston-Salem, Salisbury, Henderson.

AMERICAN LEAGUE table with columns: Club, W, L, Per. Rows include Philadelphia, New York, St. Louis, Detroit, Cleveland, Washington, Chicago, Boston.

NATIONAL LEAGUE table with columns: Club, W, L, Per. Rows include Pittsburgh, Chicago, St. Louis, New York, Brooklyn, Boston, Philadelphia, Cincinnati.

SOUTH ATLANTIC LEAGUE table with columns: Club, W, L, Per. Rows include Asheville, Knoxville, Macon, Charlotte, Greenville, Spartanburg.

Lincoln, Neb.—Joey Phelan; Omaha, Neb., outpointed Jack Roper, Sioux City, Iowa (10); Jimmy Simmons, St. Paul, outpointed Steve Mickna, Omaha, Neb. (8); Flint, Mich.—W. L. "Young" Stribling, Macon, Ga., stopped California Jack Lee, Los Angeles (8).

Anderson, In.—Eddie Shea, Chicago, knocked out Buck Timidy, Tulsa, Okla. (2).

DODGERS WIN FROM GIANTS

By HERBERT W. BARKER, Associated Press Sports Writer. If they could play the Giants every day, Uncle Wilbert Robinson's Brooklyn Dodgers would be leading the National League instead of languishing in fifth place, only a hop, step and a jump out of the cellar.

However, touch the Giants may be for the rest of the league, they're only "cousins" to the Dodgers who beat their Manhattan rivals yesterday, 5 to 2, for the second straight day, the fourth time in their four last meetings and the eighth time out of 13 games this season.

Yesterday's conflict saw William Watson Clark and "Jug" Handley, Johnny Morrison limit the giants to six hits. Rube Bressler was the batting star with four straight singles that accounted for three Dodgers runs.

In the only other National League engagement, the Chicago Cubs salvaged one game out of the Pittsburgh series, beating the Pirates 4 to 3, chiefly because of the eight hits Ervin Brame allowed three were homers by Cuyler, Wilson and Horsch.

The victory left the Cubs a game and a half back of Pittsburgh, a game ahead of St. Louis and two games ahead of the Giants.

Rain halted the other scheduled league game between Boston and Philadelphia, with the Braves leading 2 to 1 in the third inning.

In the American League, the Philadelphia Athletics increased their lead over the idle New York Yankees to nine full games by nosing out the Boston Red Sox, 5 to 4. A double play with the bases full saved the day for the Mackmen in the ninth inning and enabled Rommel to chalk up his seventh straight triumph.

Although idle, the Yankees regained undisputed possession of second place when the St. Louis Browns, with whom they had been tied, dropped a decision to Cleveland, 10 to 4.

At Detroit, the Tigers pounded Faber and Dugan for 13 hits and scored an easy 13 to 4 victory over the Chicago White Sox. Emil Yde, former Pirate southpaw, gave the Sox ten hits but tightened up in the pinches.

Anderson, In.—Eddie Shea, Chicago, knocked out Buck Timidy, Tulsa, Okla. (2).

Yesterdays Results

EAST CAROLINA LEAGUE: Goldsboro 5, Greenville 2; Fayetteville 6, Rocky Mount 5; Kinston 9, Wilmington 6.

PIEDMONT LEAGUE: High Point 11, Henderson 6; Greensboro 5, Salisbury 4; Winston-Salem 6, Durham 3.

AMERICAN LEAGUE: Philadelphia 5, Boston 4; Detroit 13, Chicago 4; Cleveland 10, St. Louis 4. Others not scheduled.

NATIONAL LEAGUE: Brooklyn 5, New York 2; Chicago 4, Pittsburgh 3; Philadelphia-Boston, rain. Others not scheduled.

SOUTH ATLANTIC LEAGUE: Charlotte 14, Columbia 6; Spartanburg 1, Greenville 6; Augusta 9, Macon 4; Knoxville-Asheville, rain.

Where They Play

EAST CAROLINA LEAGUE: Kinston at Wilmington; Goldsboro at Greenville; Rocky Mount at Fayetteville.

PIEDMONT LEAGUE: Winston-Salem at Durham; Salisbury at Greensboro; High Point at Henderson.

AMERICAN LEAGUE: Chicago at Detroit; New York at Washington; Boston at Philadelphia; Cleveland at St. Louis.

NATIONAL LEAGUE: Brooklyn at New York; Philadelphia at Boston.

SOUTHERN ASSOCIATION: Birmingham at Mobile; Chattanooga at Memphis; Atlanta at New Orleans; Nashville at Little Rock.

SOUTH ATLANTIC LEAGUE: Macon at Augusta; Columbia at Charlotte; Asheville at Spartanburg; Greenville at Knoxville.

Janesville, Wis.—Tony Myska, Grand Rapids, Mich., knocked out Early Little Boy Blue, Minneapolis (1).

Poria, Ill.—Less Marriner, Champaign, Ill., outpointed Tom Sayers, Detroit (10); Johnny McGrath, South Bend, Ind., defeated Harvey Mortenson, Chicago, four (2).

BUGS SNATCH OPENER FROM THE GREENIES

Goldsboro won the opening game of the series from Greenville here yesterday afternoon by the score of 5 to 2. It was one of the most loosely played contests seen on the local diamond this season, the T-bonecoists being credited with a total of six bobbles. The visiting club had only one error chalked against them.

Jeffries did mound work for the home club and would have come out much better than he did had it not been for the ragged support which he received at critical moments. Heller, hurling for the visitors, let the locals down with only three hits against seven for his opponent.

Jones, heavy-hitting right-fielder of the Greenville club, was responsible for the only two tallies his teammates were able to pile up during the game. He hit for the circuit in the seventh and scored Hiller who had been given a free pass to the initial corner.

The box score of yesterday's game follows:

Box score table for Goldsboro vs Greenville. Columns: Ab, R, H, O, A, E. Rows include Foran, Teague, Bickham, Patton, LaFleur, Payne, Smith, Harrison, Heller.

Score by innings table. Rows include Greensboro, Nabock, Young, Hiller, Jones, Clemens, Crump, Kendall, Grant, Jefferies.

Runs batted in: Foran, Patton, LaFleur, Heller (2), Jones (2). Two-base hits: Payne, Clemens. Home

Uzudun Will Meet Schmeling Thursday

New York, June 25.—(AP)—Paulino Uzudun and Max Schmeling, rivals in the season's most important heavyweight bout, have come to the end of their long training grind. They will meet in a 51-round battle at the Yankee stadium Thursday night.

With the fight still three days away, sponsors of the annual Milk Fund Charity boxing show have announced that receipts already have passed the \$300,000 mark. Some optimistic forecasts of a "gate" of \$600,000 have been made.

Both the "German Demsey" and his Spanish woodchopping rival have reached top form and will take it easy for the next few days at their training camps in Lakewood, N. J., and Hoosick Falls, N. Y.

Despite Schmeling's fine record in this country, the betting gentry persists in placing him on the short end of the betting at odds of 6 to 5. Proponents of the Speniard figure he will be outpointed for the first few rounds but that he soon will begin to swo the German down and come on to win either the decision or by a knockout, possibly within eight or nine rounds.

Winston-Salem Trims Durham

(By the Associated Press) Battling for second place in the Piedmont League standing, Winston-Salem trimmed Durham, 6 to 3, yesterday. The victory gave the Twins the second rung in the league ladder by a half-game margin.

The Twins got to Perry in the second and third innings for their runs. Weaver, who relieved him, pitched shut-out ball and had a perfect day at bat, hitting safely in three tries.

The Patriots kept their winning stride in the lead, winning from Salisbury, 5 to 4. Wilson pitched well for Greensboro until the ninth when he developed a streak of wildness. Barnes relieved him and finished the inning without permitting the Colonials to score.

In a heavy hitting contest Henderson outslugged High Point, but failed to convert his to runs and lost, 11 to 6. Dan Boone hit a homer for High Point. Fayetteville took a fall out of the Eastern Carolina leaders, defeating Rocky Mount, 6 to 5, in ten innings. Chisholm had tied the score for the Highlanders in the ninth by stealing home. Heller's pitching won for Goldsboro from Greenville. Gold-bug twirler allowed only three hits and won 5 to 2. Dunkie climaxed a close contest between Wilmington and Kinston by hitting a homer in the ninth with two men on to win for the Eagles, 9 to 6.

Falkland Beats Kilowatt Boys

The fast Falkland aggregation defeated the "Kilowatt" Boys of Greenville, at Greenville on Saturday, June 22, by the score of 4 to 2.

The game was very interesting and closely contested throughout. Manager Paul Flynn, of the Kilowatt club pitched a wonderful game despite the fact that he has played professional baseball in about seven or eight years. Mr. C. F. Pierce was the official umpire.

This victory was the second of the week for the Falkland "Dirty Socks." The other game being on Monday 17th, when the Fountain club fell to defeat before the heavy hitting Falkland club.

On Saturday, July 6, the Kilowatt-ers will come to Falkland for the return game.

CLEVELAND UNLUCKY CITY FOR UMPIRES

Chicago, June 25.—(AP)—Cleveland is becoming an unlucky spot for American league umpires, and the circuit is operating with ten guessers—two less than a full staff.

Several weeks ago E. T. "Red" Ormsby was seriously injured when he was struck by a pop bottle during a demonstration of displeasure by fans. Today the American league office heard that George Van Grafan suffered a fractured arm in a collision with Lew Fonseca, Indian first baseman, Sunday.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, June 25.—(AP)—The cotton market opened steady today at an advance of 1 to 12 points, with the late months relatively firm on the steady showing of Liverpool and an unfavorable view of the early weather reports.

The circulation of notices estimated at between 100,000 and 150,000 bales, caused a good deal of July liquidation, but trade interests were good buyers of July at the wider differences and after selling at 17.90 at the start the price advanced to 18.02. December sold up to 18.82, making net advances of about 8 to 15 points, with the market fairly active and steady within 3 or 4 points of these figures at the end of the first half hour.

Private cables reported continental buying in Liverpool on rain news from the south and reported rather better sales on cotton cloths to China.

GRAIN MARKET

Chicago, June 25.—(AP)—Despite tentative estimates from the United States department of agriculture that the 1929 wheat crop of Canada would be small, wheat values today tended downward. The total Canadian yield forecast was only 200,000,000 to 400,000,000 bushels, compared with 534,000,000 bushels harvested last year. Showers in Canada today, however, and others predicted by a bearish influence on wheat prices, as did better weather in the domestic wheat harvest region southwest. Wheat closed nervous, 1-8 to 1-3-8 net lower, corn 1/8 decline to 1-3c advance, oats, 1-8 to 1-4 to 3-8c off and provisions varying from 7c decline to a rise of 3/8c.

STOCK MARKET

New York, June 25.—(AP)—Stock prices showed decided inclination to advance today despite the stringency in call money. Early losses of 1 to nearly 5 points were largely wiped out by early afternoon and a long list of issues sold 1 to 11 points higher. New high records were established by at least a score individual stocks, including American Can, General Electric, Allied Chemical, North American, Atchison and Pennsylvania.

Call money renewed at 10 per cent and there was a further calling of loans which threatened to send the rate of 12 within the next day or two. The time money market was dull, with no change in rates.

Business news continued favorable. Anaconda Copper directors voted to continue the \$1 dividend rate on the increased capitalization. Libby Owens directors authorized a 4 for 1 stock split up, and a doubling of the annual dividend. A series of excellent industrial and railroad earnings statements also helped to create a more cheerful speculative feeling.

While some of the conservative commission houses continued to urge caution in the making of new commitments because of the possibility of another drastic "money pinch" in the next few days, there was a stronger general feeling that the stringency was temporary, and that easier credit conditions would prevail before the middle of July.

Despite recent unofficial intimations that there had been no change in Federal Reserve credit policy, Wall Street believed that a relaxation is inevitable before the crop harvest season is in full swing.

While the day's buying operations were rather selective in character, the chemical, Public Utility, Mercha Mining, Can and Railroad shares all gave fairly good demonstrations of group strength. Profit taking developed in some of the recent strong spots, but there were no outstanding points of weakness.

General Electric advanced 11 points to 311, Allied Chemical 5 to 286, North American 5 1/2 to 135 1/2, Atchison 5 3/8 to 23 3/8, Norfolk and Western 3 1/2 to 329, Auburn 3 1/2 to 327 3/4 and American Can 3 1/2 to 182 1/4, all new high records.

Adams Express soared 40 points to 665 and then dropped to 650. Dupont ran up 6 points and Borg-Warner Adding Machine, Abraham and Strauss, E. H. Macy, New York Harlem, Best and Co., International

Silver, Public Service of New Jersey Lima Locomotive and Fidelity, Phenix Insurance sold 3 to 6 points high.

Jersey Central 8 points, Columbia Carbon 3 1-2 and Unilt Aircraft Westinghouse Electric and Atlas Powder sold down 2 points or more but all made recovery from their low levels.

Michigan Educator Begins Divorce Suit

Ann Arbor, Mich., June 25.—(AP)—Dr. Clarence Cook Little, retiring president of the University of Michigan, last week filed suit in circuit court here for divorce from Mrs. Katherine Andrews Little, it became known last night.

Delay in learning of the suit was caused by a court order suppressing the plea until the date set for its hearing, August 20. The order also made it impossible to ascertain certainly the allegations upon which President Little's action is based. From good authority, however, it was learned the principal item is "incompatibility of temperament."

Dr. Little left here Saturday for Mount Desert, Maine, where he will conduct cancer research work, and Mrs. Little is believed to be visiting school boys who are students at a school near Boston. Dr. Little resigned about two months ago under pressure from a board of regents which did not sympathize with his views or plans.

Apparently not even intimate friends of the couple were apprised of the divorce action and the university campus today was full of speculation concerning details of the disagreement. Not even a rumor of a separation had been heard prior to last night.

Dr. and Mrs. Little were married in 1911. They have, besides, the two boys, a daughter who is in high school here. Mrs. Little is a daughter of Robert Day Andrews, architect of Boston and Brookline, Mass.

GIANT PLANE WILL SEARCH FOR FLIERS

Little Hope Held Out That Missing Spanish Fliers Are Still Alive.

Cartagena, Spain, June 26.—(AP)—The giant four-motored seaplane Nuncio of Major Ramon Franco has been refitted and refuel ready for immediate departure for the Azores in quest of the four missing Spanish trans-Atlantic aviators.

Army mechanics yesterday completed two days' work in changing one of its engines which gave the missing aviators trouble while they still considered using the plane on their trans-Atlantic venture.

Officials maintained absolute secrecy as to their plans. It was known nevertheless that the flight was considered as possibly the most hopeful of the tremendous efforts being made to locate the missing aviators, who disappeared early Saturday en route to New York by way of the Azores from Alcazars air-drome here.

The Nuncio, same seaplane which Major Franco and his companions, Major Eduardo Gonzalez Gallardo and Captain Julio Ruiz de Alda fitted originally for a round-the-world trip, failing last year with a forced landing on the Portuguese border after taking off at Cadiz.

Overbreathing in one of the motors caused it to be left behind Friday when Major Franco began his trans-Atlantic adventure, the Dornier Wdh 16, constructed in Cadiz with twin motors, according to Dornier patents, being taken instead.

Preparations have been made here also for departure of six submarines, the B-1, B-5, B-16, C-1, C-2, and C-3, provisioned for 15 days, for the Azores, to search for the missing plane. They will leave as soon as their orders are received from the ministry of marine.

Madrid, June 26.—(AP)—Hope was waning today that Major Ramon Franco and his three companions would be found alive. A pilot crew that their plane, a Dornier Wdh 16, crashed or made a forced landing somewhere between Spain and the Azores and had been unable to survive the tempestuousness of the Atlantic.

Spain Italy, England and Portugal mobilized sea and air forces nevertheless to scan the seas for traces of the missing aviators, who left Alcazars air-drome Friday afternoon for New York, intending to stop en route at the Azores for refueling.

There was some feeling in Spain that Major Franco may have overstepped the Azores, either intentionally or unwittingly, and have come down much further along his route to New York. His statement to friends prior to departure that he would "surprise" them, tended to support this theory.

Those most hopeful the four men would be found alive believed they had lighted at some remote island of the Azores Archipelago, and would be picked up shortly, varied clues, purporting to locate the seaplane on the wreckage thus far all appeared today to have been false.

W. Simpson Heads State Bankers

Asheville, N. C., June 26.—(AP)—John W. Simpson, of Greensboro, was elected president of the North Carolina Bankers Association at today's business session of the thirty-third annual convention at Grove Park Inn.

Asheville, June 26.—(AP)—W. G. Gaither of Elizabeth City, retiring president of the North Carolina Bankers Association, was chosen president of the American Bankers Association at a meeting of the state members last night.

He succeeds E. E. Jones of Charlotte. It is the custom of the state association to name the retiring association for this position each year.

John D. Biggs, of Williamston, was named a member of the national executive council. He takes the place of John F. Willy, of Durham. Mr. Willy was chosen to represent the state on the nominating committee of the American Bankers Association. John W. Simpson of Greensboro, was elected as alternate.

W. C. Cloninger of Greensboro, was elected state vice-president of the trust company division and H. P. Spears, of Wilmington, was elected vice-president of the state bank division.

F. N. Montague, president First Industrial Bank of Winston-Salem, was chosen chairman of the industrial bank section of the North Carolina Bankers Association at the annual meeting of this group yesterday afternoon. He succeeds J. T. Porter, of Charlotte, who was selected as treasurer.

Gurney P. Hood, president Hood System, Inc., of Goldsboro, was elected vice-chairman, and James T. Madry, of Durham, secretary.

WOMAN TAKES SHOT AT FRENCH CONSUL

Berlin, June 26.—(AP)—M. Binet, French consul here, had a narrow escape from death today when an excited Lithuanian woman fired at him several times in the French consulate.

A porter caught the woman's arm and the shots went wild, lodging in the ceiling of the room.

Begins Flight From Miami To New York City

Miami, Fla., June 26.—(AP)—The "Miami Maid" amphibian plane, recently built here, took off at 3:20 a. m. Eastern Standard time today for a non-stop flight to New York. It was expected to reach its destination late today with messages from officials here to Mayor Jimmie Walker.

The ship was piloted by Eddie Nirmaier, with L. C. McCarthy as mechanic.

Protected Father

Grace Noblin, 24, of Starkville, Miss., was released after a preliminary hearing for the shooting of Walter Bush, whom she claimed attacked her aged father.

WAR DEBTS UP FOR AIRING IN FRANCE TODAY

Both Government and Parliament Preoccupied With Financial Difficulties.

Paris, June 26.—(AP)—The war debts which France owes to America and Great Britain today seemed likely to be the principal pre-occupation of both the government and Parliament for the next few weeks.

Facing the long fight, the government found its position none too strong, for while winning on two votes of confidence on allied questions last night and this morning, its majority on one was the smallest in the cabinet's history. The first vote was 291 to 265, the second 347 to 267.

It was increasingly evident that with the great number of obligations anxious to have their say on the subject, ratifications of the two debt accords hardly could materialize much before August 1. On that date, unless the debts accords have been ratified France will be obliged to pay the United States \$400,000,000 covering the surplus war stocks bill.

Premier Poincare already has talked through four long sessions of the finance and foreign affairs committees on the debts. For the fifth session today he had prepared a review of the history of reparations, and it was expected he would need a sixth hearing to make a comparison of the Young and the Dawes plans.

It appeared improbable today the government would be ready for parliamentary interpellations Friday, since when the premier has concluded his speech-making both Ministers Briand and Cheron are to address the committees. All these probably will have to answer a host of questions once the interpellations get under way.

In the event the full debates in both chambers do not start until mid-July the conference of governments on application of the Young plan, first projected for July, probably would be postponed until August, since both the premier and M. Briand would have to remain in Paris to see the debt discussion through to its end.

Newspapers have devoted considerable space to the debt discussion and while those of the extreme left are opposed to ratification most of the others seemed to accept it as inevitable if unpleasant.

Two State Officers Speak At Quarterly Meeting Of Merchants Association

"A solution of the problems confronting the mercantile of North Carolina is possible only through organized effort," Dallas Holloman, of Raleigh, president of the North Carolina Merchants Association, told members of the Greenville Merchants Association in regular quarterly meeting and banquet at the Rotary building last night.

The address of the head of the state organization came at the conclusion of what was generally considered the best program put on by the local trade body in its history. It was a program that brought out many facts concerning the various phases of industry of the section and these facts were presented by men well acquainted with conditions prevailing throughout this and other sections of the world.

The association had another distinguished visitor present during the evening. It was no other than W. L. Dowell of Raleigh, secretary of the state organization, who brought interesting sidelights on the state convention recently held at Hickory. Other speakers of the occasion were Judson Blount of this city, vice-president of the state association; J. H. Waldrop, cashier of the Greenville Banking & Trust Company; Charlie Tolar and J. S. Ficklen, president of the Tobacco Association of Trade, who told of the tobacco situation in this section and also in Europe.

J. J. White, president of the Greenville association, presided. He expressed appreciation of the interest the membership had shown in the meeting, and told of the ambition of the trade body to make the city a distributing center instead of a manufacturing center.

Mrs. J. Knott Proctor entertained the hundred or more merchants with a delightful song program, being accompanied at the piano by Mrs. Evan E. Settle. Secretary C. B. Rowlett presented the same report which he read at the state convention. It covered activities of the organization during the past year, and was so good that it won favorable mention among the forty other organizations represented at the state meeting.

Mr. Rowlett was handed numbers of bouquets on the report, and last night the state president and secretary continued flinging flowers his way by declaring him to be one of the most competent secretaries in the state. A rising vote of thanks was extended to the local secretary for the splendid work which he had been able to accomplish.

Judson Blount, who had the distinction of being elected to the vice-presidency of the state body at the last convention, was the first speaker on the program last night. He was assigned the subject, "The Benefit of the State Association to Individual Members," and brought out many facts of interest in this connection. He urged the reading of the organization's paper, and then told of some of the achievements of the state secretary during the last legislature in which he was instrumental in saving the merchants thousands of dollars.

Mr. Dowell was introduced by M. K. Blount, Pitt county legislator, who came in constant contact with the state secretary during the last legislature. Mr. Blount said Mr. Dowell was well informed upon all problems of moment, and that he had found him of great help in reaching decisions on important questions.

Speaking of the Hickory convention, Mr. Dowell said it was one of the best meetings the state body ever had. Hickory people today themselves in entertainment and this feature was so complete the merchants hardly had time for their regular business sessions. He lauded the work of the Greenville association and said that out of the many other organizations represented in the state meeting, Greenville won second place in contest for two loving cups.

Charlie Tolar, member of the Greenville association, who attended the Hickory convention, furnished considerable humor with his comments on the trip. He was introduced by President White as the second Will Rogers, and he lived up to the denomination in a way that produced a constant flow of laughter.

J. H. Waldrop spoke about worthless advertising and told of the service which the Merchants Association was rendering in saving its members from wildcat advertising schemes.

J. S. Ficklen, president of the Ficklen Tobacco Company of Greenville, recently returned from Europe, told of the conditions facing the tobacco industry in this locality and then summed up the situation in Europe. He said conditions looked bad here because of the incessant downpour of rain, but insisted that he saw no reason for pessimism. He said there was no question there would be a shortage, and that some farmers would be more vitally affected than others, but he also saw a sufficient improvement in the price situation to make up for the shortage.

He said he had talked with many prominent tobaccoists and it seem-

DENY ATTEMPT TO TEACH DRY LAW IN SCHOOL

Prohibition Department Denies Dissemination of Propaganda For This Purpose.

Washington, June 26.—(AP)—Suggestions that the public school system was to be used by the prohibition bureau for dissemination of enforcement propaganda brought forth today an emphatic denial of any such intent from the Treasury Department.

The denial of the "wrong impression," as Prohibition Commissioner Doran described it, followed swiftly on the publication of a pamphlet containing suggestions for the incorporation of prohibition information in eight school study subjects, together with slogans supporting prohibition and admonitions to teachers to help toward enforcement.

The pamphlet was made public by Anna B. Sutter, director of the statistical and educational division of the bureau, with the explanation that she would display the proposed course of study, entitled, "How Shall We Teach the Eighteenth Amendment?" in a book at the meeting of the National Education Association in Atlanta, June 28 to July 3.

"The Treasury Department does not intend to make suggestions to school authorities or to attempt to use the schools as a propaganda to school authorities or to attempt to use the schools as a propaganda medium," Commissioner Doran declared, explaining that "the public school system is operated under the control and authority of the several state governments and is not subject to control of the federal government."

"This announcement followed a series of conferences which began with a summons to Miss Sutter from Assistant Secretary Lowman and wound up with a discussion of the subject by Lowman, Doran and Under-Secretary Mills.

Doran's statement cited the "fact that but \$50,000 was available under the appropriation authorized at the last regular session of Congress for the dissemination of information about prohibition. This, he said, made it "apparent to any one in a position to carry on propaganda in the public school system of the United States, but it only in a position to furnish documentary statements of the workings of the prohibition laws."

"Many of the states have laws requiring that the effects of alcohol and narcotics on the human system be taught in the public schools," he said. "The Bureau of Prohibition has prepared a limited number of pamphlets which contain accurate information on these subjects as well as the economic phases of prohibition, and they are available should they be desired.

"The federal government is not going to supply any teachers or lecturers for this work, but upon requests from the regular constituted school authorities, the Bureau of Prohibition will furnish such pamphlets and information as it has available."

The amount the bureau intends to expend for this purpose, he declared, "will not exceed the insignificant sum of a few hundred dollars."

Hold Sailors On Liquor Charge At Wilmington Today

Wilmington, June 26.—(AP)—Three sailors who gave their home port as Miami, Fla., were in jail here today, while United States customs officials held a yacht, the Bolis, and 150 gallons of liquor found aboard her as evidence to support charges of violating the customs and prohibition laws lodged against the men.

The sailors, John Neelson, Paul Nilsen and Charles Veber, were jailed in default of \$5,000 bond each after being bound over at a preliminary hearing for trial at the next term of United States District Court.

Yacht, sailors and liquor were taken Sunday by coast guard patrol boat CG-232, 15 miles off Morehead City. Coast guard officers said they had been "tipped" the yacht was a rum runner bound from Miami to New York.

VOCATIONAL EDUCATION BOARD QUALIFIES

Raleigh, June 26.—The new state board of vocational education has qualified for its duties. The board consists of Luther H. Hodges, Spray; Mrs. T. E. Johnson, Salisbury; Leonard H. Kitchen, Scotland Neck; Dr. A. T. Allen, state superintendent of public instruction.

PRINCIPALS IN POISON PROBE

Ocle Mix, 22, (left) of New Bedford, Texas, confessed, officials said, that he poisoned his 17-year-old wife, shown at his side.

Definite Announcement Of Negotiations To Cut Navies To Be Made Soon

London, June 26.—(AP)—Definite announcement of negotiations for limitation of navies is expected to be made soon, either at Washington or from No. 10 Downing street, official resident of the English prime minister.

In a speech last night which revealed he had had another meeting with United States Ambassador Daves, Prime Minister Ramsay MacDonald, said he hoped soon to reveal how the negotiations were to be conducted. Hugh C. Gibson also was at the meeting to which Mr. MacDonald referred.

The speech was before a labor reception at the Friends' meeting house on Euston road, and in it Mr. MacDonald declared he would go no further at present than to say he was hopeful. Announcement of the meeting place of a disarmament conference and its object might be expected within a few days, he intimated.

"I am not a prophet, and am not going to pose as one able to prophesy," he said. "I am convinced of this, that the obstacles which have been in the way of an understanding have been created, if I may say so, by a lack of understanding of each other."

"The great thing which is wanted in the world today is the capacity of different peoples, different races and different nations to put themselves in each others shoes. That will be one of the things that we shall try to do in the conduct of these negotiations."

Meanwhile at the fourth biennial conference of the British Service League Ambassador Daves, in the presence of the Prince of Wales, told his hearers that his chief instructions from President Hoover had been to promote comradeship as opposed to force as arbiter between nations.

General Daves did not specifically mention disarmament or the coming negotiations in his speech, but this reference to his mission as a general ambassador of peace was tacitly assumed to have had a covert reference to the projected parity, the main lines of which popularly were supposed to have been arranged at yesterday's meeting with Mr. MacDonald.

The premier's announcement at the Friends' meeting place last night was the first public intimation there has been a second meeting of General Daves and Mr. MacDonald, or that Ambassador Gibson had been taken to see the premier. A crowded day for General Daves today, ending at the court presentation tonight at Buckingham Palace precluded the possibility of his conferring much further with Mr. Gibson and it was believed Mr. Gibson might return to his Brussels post today.

World Automobile Production Sets New High Record

Washington, June 26.—(AP)—World automobile production set a new record in 1928.

The department of commerce announced today that the total production last year was 5,293,138, making an increase of 1,044,173 over the 1927 figure.

Combined output of the United States and Canada was 4,601,141, an increase of 1,020,761. Decreases were reported for England, Spain and Denmark.

"More than 55 per cent of total production was required for replacement, as compared with approximately 50 per cent in 1927, 37 per cent in 1926 and a similar percentage in 1925," the commerce department said.

Justice of Peace Warns Bootleggers

Thornton, Tex., June 26.—(AP)—"The boys" in Thornton now refer to Nat Hudson as "the most considerate justice of the peace in the world."

In a paid advertisement in the Thornton Rustler, Hudson warned his "bootlegger friends" as follows: "Beginning with July 1, I am going to make it hard for any man to make or sell home brew or whiskey.

"Boys, don't let us catch you, for we will bind you over to the grand jury with enough evidence to convict you. I'm not on the water wagon. My great-grandfather took a drink in our war with England. Grandpa had a drink in our war with Mexico. I was more or less drunk in three different armies. I will still take a drink. Boys, stay out of our way we are your friends but have to do our duty."

Disposes Of Bear.

Port Arthur, Ont.—Paul John is a head-bite Injun fisherman who will stand no molestation of his catch. A bear was purloining his pike. Paul John threw a stone at the animal, stunned it, then rushed and dispatched it with a hunting knife.

New York.—The hner Vulcania, bound from Trieste to New York, is making a special stop at the island of Brioni en route to Bermuda. M. Gimbel to visit his friends, Mr. and Mrs. Gene Tunney.

Bishop's Account Described Today As Speculative

New York, June 26.—(AP)—The trading account of Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, was described as speculative in testimony on record today in the bankruptcy hearing of Cable & Company.

C. W. Kable, who lent his name to the company while he did clerical work for \$35 a week, was examined at length yesterday concerning the relations of the southern churchman with the firm.

He was shown photostatic copies of ledger sheets bearing entries of the bishop's deals.

"Don't you see from that account that the stocks were not held and that it was really a speculative account?"

"Yes," replied Kable.

Harry L. Goldhurst, who employed Kable, testified Monday that Bishop Cannon bought stocks through his firm on a part payment plan. The bishop recently said in Washington that his dealings with the company had been part payment stock purchases for investment.

Kable said Goldhurst had full charge of Bishop Cannon's account and that he was nothing more than an office boy to the bishop.

He said the bishop kept in close touch with the stock market and once when he made a trip to South America left with Goldhurst a list of places where he could be reached.

World Automobile Production Sets New High Record

Washington, June 26.—(AP)—World automobile production set a new record in 1928.

The department of commerce announced today that the total production last year was 5,293,138, making an increase of 1,044,173 over the 1927 figure.

Combined output of the United States and Canada was 4,601,141, an increase of 1,020,761. Decreases were reported for England, Spain and Denmark.

"More than 55 per cent of total production was required for replacement, as compared with approximately 50 per cent in 1927, 37 per cent in 1926 and a similar percentage in 1925," the commerce department said.

Federal Agents Determined To Raise The Price Of Liquor In Memphis.

Memphis, Tenn., June 26.—(AP)—More than 70 persons were in jail here today because federal prohibition agents have determined to "raise the price of liquor in Memphis to the national level."

Forty-two agents started out early yesterday with thick sheafs of warrants sworn out by under-cover agents, and by nightfall all the jails in the city were crowded.

Colonel A. W. Mays, of Louisville, district prohibition administrator, was in charge and had co-operation of local and county authorities. He said all prisoners would be prosecuted under the Jones law and that padlocking would be demanded in many cases. Arraignments were expected today.

"We are going to raise Memphis liquor prices to the level of the rest of the country," Colonel Mays declared. "Liquor has been too cheap, and too plentiful here."

Colonel Mays said yesterday's raid was but the first of a series and that he had 100 or 150 more warrants to serve.

President's Son Promoted In Army

Washington, June 26.—(AP)—It is now First Lieutenant Herbert Hoover, Jr.

The son of the President today was given that rank in the special reserve of the army.

The name of the son of the President moved through the machinery of the War Department in the usual way and the appointment was announced along with 500 others.

Those commissioned in the special reserve may be assigned to any branch of the service and Lt. Hoover will be attached to the air corps.

HEAVY DOCKET GIVEN HEARING HERE TUESDAY

Liquor And Larceny Cases Predominated Regular Session Of County Court.

Romeus Brown and Joe Baker, charged with manufacturing whiskey in the Belvoir community of Pitt county, were each sentenced to six months on the county roads by Judge W. L. Whedbee, presiding over the regular session of county court in this city yesterday. It was the first sitting of court in two weeks; the previous week's session having been postponed in order to give planters more time with their crops, and the docket was congested to no little extent. Work, however, was completed late in the afternoon.

James Mooring, colored, charged with larceny and receiving stolen goods, was given six months on the roads.

Judgment was suspended on payment of cost in the case of Randolph Parker, colored, charged with assault with a deadly weapon.

Prayer for judgment was continued for a period of two years in the case of Silas Jones, colored, appearing on a charge of abandonment, providing he should pay the sum of \$4.00 a week to Rosa Jones for support of their children.

Jim Jones, charged with assault with a deadly weapon on a female, drew two years' suspended sentence to the roads, capias to become effective at any time he should be found guilty of violating any of the criminal laws.

Moses Boyd, colored, was given the choice of paying \$50.00 and cost or going to the roads for 90 days after being found guilty of receiving, possessing and transporting whiskey.

Tom Hayes, charged with receiving, possessing and transporting whiskey, was sentenced to six months on the roads and ordered to pay a fine of \$100 and cost, the jail sentence to be in addition to two years for violation of any of the criminal laws. H. G. Ayers, appearing in the same case, was adjudged not guilty.

Prayer for judgment was continued in the case of E. J. Conkitt, charged with abandoning his children, with provision that he pay \$50.00 a month for support of the children.

L. C. Clark, colored, charged with assault with a deadly weapon, was fined \$10.00 and cost and sentenced to 90 days on the roads. Offie Sugg, appearing in the same case, was sent to Superior court for action.

James Wilson, colored, charged with larceny, was adjudged not guilty. John Dye, held in the same case, was sent to juvenile court for disposition.

Judgment was suspended upon payment of 1-3 cost in the case of Will Davis, colored, charged with giving worthless check. He filed notice of appeal to Superior court.

Dowdy Smith was fined \$50.00 and cost and had his license revoked for 90 days on a charge of driving an automobile while drunk. He was also charged with speeding and reckless driving, drunk and disorderly, but filed notice of appeal to Superior court after being fined in both instances.

MANY JAILED IN DRY RAIDS IN TENNESSEE

Memphis, Tenn., June 26.—(AP)—More than 70 persons were in jail here today because federal prohibition agents have determined to "raise the price of liquor in Memphis to the national level."

Forty-two agents started out early yesterday with thick sheafs of warrants sworn out by under-cover agents, and by nightfall all the jails in the city were crowded.

Colonel A. W. Mays, of Louisville, district prohibition administrator, was in charge and had co-operation of local and county authorities. He said all prisoners would be prosecuted under the Jones law and that padlocking would be demanded in many cases. Arraignments were expected today.

"We are going to raise Memphis liquor prices to the level of the rest of the country," Colonel Mays declared. "Liquor has been too cheap, and too plentiful here."

Colonel Mays said yesterday's raid was but the first of a series and that he had 100 or 150 more warrants to serve.

Spurious Money Gets Hi-jackers In Deep Trouble

Macon, Ga., June 26.—(AP)—It appears that rackets don't mix successfully.

For instance, when a gang of Miami, Fla., bootleggers decided to hi-jack a Jacksonville rival, they neglected to find out when the money they took from the lining of his coat was good or bad.

Consequently, with secret service men as well as prohibition agents on the trail, the result has been 10 arrests, five in Miami, three in Jacksonville, D. C., and one each in Jacksonville and Mason.

W. M. Bolton, of Goulds, Fla., was under \$5,000 bond for the federal grand jury here today after his plea of guilty before a United States commission on a charge of passing two worthless \$50 bills. He said a man in a Miami lunch stand gave him the bad money to buy liquor, and that he came here and spent it instead.

George Brodnax, secretary service operative, today was authority for the statement that Jack Fields, of Jacksonville, was the man who was hi-jacked at Miami and had \$1,750 worth of spurious bill taken from him. He since has been arrested and placed in jail at Jacksonville, the operative said.

Brodnax said all the bills were printed off a plate used by L. M. Renna, of Jacksonville, in 1924. Renna is serving a term in the United States prison at Atlanta for counterfeiting. The plate never has been found.

Jarvis Memorial M. E. Church. Prayer meeting this evening at 8:00 o'clock, at Jarvis Memorial M. E. Church. You are cordially invited to attend.

Yum Yum Palace Entertains With Barbecue Dinner

V. C. Fleming and J. L. Perkins yesterday entertained about thirty Greenville business and professional men at a barbecue and brunswick stew dinner at the new Yum Yum barbecue palace, on the Greenville-Bethel highway, a short distance from Greenville. The building was thrown open to the public the latter part of last week and is considered the finest of its kind in this section of the country.

The guests were treated to a beautiful spread of barbecue and brunswick stew with accessories, after which numbers expressed their appreciation of the high type of service rendered at the palace. It was stated that the palace met a long felt need of the community and should enjoy marked success.

A rising vote of thanks was extended to the owners for the delightful repast and also for their vision in providing the locality with a splendid establishment of the kind.

The Yum Yum palace is under the supervision of Mr. E. P. Weeks, who has had extensive experience in the management of places of the kind, and who is assisted by a personnel chosen for their character and integrity.

Two Loving Cups To Be Given Away In Baby Contest

The two silver loving cups to be given away to winners in the baby contest, now in progress in this city are on display in the windows of W. L. Best's jewelry store, directors of the contest said today. These cups will be awarded to the babies receiving the largest number of votes.

One of the outstanding features of the contest will be a big parade tomorrow afternoon at five o'clock when all of the contestants will be displayed to the public in a colorful pageant.

All Master Masons have a cordial invitation to attend.

Dr. B. McK. Johnson, Master Sharon. A. M. Harris, Master Greenville.

Call W. H. ALLEN, Phone 780-W, Grand Ave. and Virginia St. June 25-31.

THIRD STORY TELLING HOUR THURSDAY AFTERNOON

The third story-telling hour sponsored by the Sodalis Wesley Class will be held at the library Thursday afternoon. It will be held out of doors if the weather permits.

Miss Nancy Lacy who is teaching the second grade at the Model School, will tell the stories. Miss Lacy knows children and knows what they like to hear. Her program will be varied, containing nature stories and humorous stories.

Among others, Miss Lacy will give "The Elephant Child," by Rudyard Kipling.

All boys and girls between the ages of six and eleven are invited. They are requested to be present at 5 o'clock as the stories will start promptly at that hour.

Mid-Week Prayer Services. Regular mid-week prayer services tonight at eight o'clock at Immanuel Baptist Church. The public is invited.

Insult To Navy. New York—For an insult to the uniform of the navy, Clifford Reed, chief usher for a movie theatre, must spend two months in jail. Joseph F. Collins, a seaman of the battleship Wyoming, and his mother were put out of the orchestra because the youth was in uniform.

"Eleven years ago," said Justice Kelly, "you would have thrown yourself on this young man's neck and dragged him in."

Get Stinson's Goat. Washington—Somebody's got Secretary Stinson's goat. William Hamilton Bones, who was a pet of the governor general at Manila, has arrived at San Francisco, but inspectors of the Department of Agriculture are holding him, insisting he is not eligible under the law to join Old Soak at Washington.

Famous Onslow County Ham. The "Prodigal Son," famous Onslow county ham ad writer, has returned, not with a fatted calf, but loaded with these famous Onslow county hams. Of the 20,000 pounds of which I gave notice sometime ago, 17,000 pounds have been sold. Only 3,000 pounds more bought at this time and these will be sold by the 15th of July. However, I promise to take care of my many customers until August 1.

I have had many complimentary remarks made to me on my ads about Onslow county hams by men and women, well read and with fine judgment. Some have quizzed me to know what colleges I attended, and my pedigree, etc. In reply to these questions I will say I was prepared not for the University of North Carolina, Yale, Harvard, Princeton or even Oxford, England, but was prepared for the greatest university of the world, My father and mother, William and Louisa Allen, were illiterate. My father was a Primitive Baptist and attended the church at Great Swamp and Tyson Church. He believed in the scripture injunction, "Spare not the rod and ruin the child." Old Man Dave House was his preacher. My mother was a little more conservative and liberal in her views and a constant believer in and attendant of the Free Will Baptist Church at Piney Grove. Old Man Billie Baker was her preacher. My mother, knowing that I was a little tanned by the scorching rays of the hot sun like all mothers, loved the youngest boy, and I being the youngest boy, not raised as a lily in a bandbox, her doctrine was, "Pretty was as pretty done."

My father was a Confederate soldier and laid down his gun at Raleigh and returned home to make a living for his wife and children. I having been born after the war, my parents' financial condition was not so fabulous as to afford educational advantages to their children in letters, rhetoric, etc. The first advantage he gave me to get a ready-made suit of clothes was about three quarters of an acre of sag broom and a little cotton patch that made about 300 pounds of seed cotton. It brought two and a half cents a pound, at total of \$7.50. I spent \$6.50 of this money with Mr. Alfred Forbes for a suit of clothes that would cost \$35 or \$40 now.

My mother having died when I was fourteen and my father dying a year later, I approached Professor W. H. Ragsdale and asked the privilege of going to school to him the following spring. He told me, "All right." At that time he was teaching at the academy here. Later Professor John Duckett taught me at Greenville College. While I was studying under Prof. Duckett I taught school during the summer months for two years at Red Banks, later going to Chapel Hill to take up my studies at the University under Dr. Thomas Hume, professor of English, and former professor of Latin at the University of Virginia.

Since leaving the university, I have, like thousands of others, been devoting my time and energy to efforts at making a square and honorable living and getting along with my fellowman, as my mother always taught me "Do unto others as you would have them do unto you."

I'm off for Onslow county today and promise my customers a nice lot of these hams to suit their tastes, delicious and appetizing.

Call W. H. ALLEN, Phone 780-W, Grand Ave. and Virginia St. June 25-31.

SUGAR TARIFF GIVEN ACTION BY COMMITTEE

Senate Finance Committee Also Gives Thought To Duties Imposed On Hides.

Washington, June 26.—(AP)—The tariff duties to be imposed upon sugar and hides, commodities affecting every household and each individual, were taken up for consideration today by sub-committees of the Senate finance committee.

Rates to be placed on these articles precipitate a storm of controversy when the tariff measure was before the House and the dispute now has been transferred to the Senate where arguments pro and con again are being heard.

Although not listed to be reached until Friday, the hides schedule was taken up unexpectedly today to hear two of several dozen witnesses who have asked to be heard on the subject and the first of these, F. E. Molin, of Denver, Colorado, urged that the rate of 10 per cent ad valorem, proposed in the House measure, be retained.

Before another sub-committee, Frank A. Dillingham, of New Jersey, representing the Association of Sugar Producers of Porto Rico, headed the long list of those waiting to discuss sugar duties. He described as prohibitive as far as the island was concerned the increase from \$1 to \$3 a ton on sugar cane, as recommended by the House measure.

Senator Smoot, Republican, Utah, chairman of the sub-committee, said he had information that one Porto Rican factory had made \$345,000 in profit in one year by importing Santo Domingo cane at \$1 a ton and shipping its raw products free to the United States.

American capital in Porto Rico, he added, should not have such an advantage over domestic producers and contended the House rates would correct the situation.

Dillingham favored the rate of \$2.40 on raw sugar from Cuba, as against \$1.75 now, but said in answer to question that if it were applied to Porto Rico from which sugar is allowed free entry, the sugar industries there would be ruined.

Porto Rican sugar, one-third of whose production is controlled by Americans, the witness said, is selling at New York at \$4 a ton less, adding that every one of the islands' 14 factories had lost money this year.

He estimated Porto Rican sugar crops this year would total about 600,000 short tons, as against 744,000 tons last year. The September hurricane, he said, cut down the output.

Dillingham declared he thought it would be fair to limit free importation of sugar from the Philippines to the present output. He

FORD GETS EDISON WORKSHOP

Thomas A. Edison's original workshop in which he developed the carbon filament electric lamp was presented to Henry Ford at Parsippany, N. J., for his Dearborn, Mich., museum. Mr. Ford (left) and Mr. Edison are shown below as they appeared at the ceremony.

he believed the House rate would stimulate Philippine production unless a restriction were placed.

Lindbergh Continues Journey In Air

Columbus, Ohio, June 26.—(AP)—Col. Charles A. Lindbergh's program before he continued his transcontinental air journey with his bride, today bore out his statements that the trip was purely for business reasons. Lindbergh is hard at work, he said, on a flight of final inspection before the formal opening July 8 of the air-rail system of the continental Air Transport, to which he is technical adviser. Today he faced numerous conferences with company officials and a survey of Port Columbus, eastern air-rail junction of the line, before he continued the journey.

The trip in his open plane carried the Lindberghs via Indianapolis and other air stations by easy stages to the coast. He will serve as pilot on the first eastward flight from Los Angeles to Winslow, Ariz., when the line is opened.

COMMUNISTS BLAMED FOR MILL STRIKE

American Legion At Gastonia Denounces Activities In The Strike Area.

Gastonia, N. C., June 26.—(AP)—Vigorous denunciation of what was termed Communist propaganda and doctrines was voiced in a resolution adopted last night by Gaston Post No. 23, American Legion.

"The resolution, which was adopted unanimously, stated that the legionnaires 'deeply deplore the present conditions and wish in the strongest terms to register their opposition.'"

Appearance of Communist workers in Gastonia and Gaston county recently was blamed for mill strikes in the territory, the climax being the fatal wounding of Police Chief Aderholt.

Introduced by Dameron H. Williams, the resolution was received enthusiastically, the 650 members of the post rising to voice their approval.

The legion post also raised the sum of \$75 or \$100 for the "Aderholt widow fund," which now has reached more than \$2,000.

While the legion denounced the activities of the Communists, they commended the patience and fairness, and tendency on the part of the citizenship of the city and county to abide by law and order in the face of trying circumstances.

The resolution classed the methods, teachings, plans and general behavior of the Communists as "atheistic, un-American, and in no way contributing anything to the peace and happiness of the community."
