RESIGNATION OF JAPANESE CABINET SEEN

Tanaka Regime Expected To Resign At Urgent Session Next Week.

Tokyo, June 29.—(AP)—While official statements are lacking, extensive inquiries in political quarters today indicated that the resignation of the Tanaka cabinet could be expected early next week, probably on July 1 when an urgent cabinet session will be held.

Premier Tanaka spent the day in urgent conferences with members of the ministry and the assertions of the local press that he has decided to resign and has so notified his colleagues seems likely to be confirmed.

Although the position taken by General Shirakawa, minister of war, on a certain grave affair in Manchuria appears to have brought on the crisis, the Associated Press learned from a usually well-informed source that dissatisfaction with the premier's handling both of the Manchurian affair and the Kellogg pact ratification in highest quarters also helped to precipitate the difficulties.

Political circles expect that the Minseitō, or opposition party, will succeed to power with Yugo Hamaguchi as premier.

The political uncertainty was reflected today in the action of the Yokohama Specie bank lowering the yen exchange on New York two points.

It is uncertain whether the Tanaka ministry will publish the findings in connection with the bombing of Chang Tso-Lin's train after his defeat in northern China a little over a year ago, or will leave the clearing up of this mystery to his successor. The public remains in the dark concerning the facts of the tragedy but there has been no real attempt to deny that the cabinet's apparent inability entirely to dissociate Japanese subjects, probably non-official, from complicity, is at the bottom of the present crisis.

HAWKS SETS NEW RECORD FOR FLYING

Aviator Completes One-Stop Round Trip Coast to Coast Flight In 36 Hours.

Roosevelt Field, N. Y., June 29.—(AP)—His weariness forgotten in the joy of success, Frank M. Hawks completed a non-stop flight from Los Angeles at 1:16:03 a. m., today, establishing a one-stop round trip coast-to-coast record of 36 hours, 46 minutes and 48 seconds flying time.

Spectators of his arrival were given a momentary alarm when in landing his plane dived across the field and struck a fence, damaging its undercarriage and fuselage.

Hawks was uninjured and climbed out of the plane to be cheered by a crowd of admirers. He was greeted with a kiss by his wife.

He had taken off from Roosevelt Field on Thursday in an attempt to establish three records and succeeded in each case.

He made the flight to the Pacific coast in 19 hours, 10 minutes and 32 seconds, breaking the record of 24 hours and 51 minutes established last year by the late Captain C. B. Collyer and Harry Tucker.

Although he had planned to fly from Los Angeles only long enough to refuel he was detained seven hours and 14 minutes while repairs were made to the plane's stabilizer and ailerons.

Starting off from Los Angeles at 3:37:47 a. m. (Pacific Time) yesterday morning he brought his plane down again on Roosevelt Field 17 hours, 38 minutes and 16 seconds to break the record of 18 hours, 21 minutes and 59 seconds he established last year.

He had hoped to make the round trip in 36 hours of actual flying time, but was delayed on the west-coast trip by headwinds. His elapsed time for the round trip was 44 hours and 48 seconds.

AFTER COAST-TO-COAST RECORD

Capt. Frank M. Hawks shown in the cockpit of his plane before he took off from Roosevelt field, Long Island, N. Y., on a round trip flight to Los Angeles, where he expected to stop only to refuel.

Eastern Tobacco Market Will Open September 3rd Carrington Is Re-elected

Norfolk, Va., June 29.—(AP)—Tobacco markets in South Carolina and Georgia will open a week earlier, as the result of action taken at the closing session of the Tobacco Association of the United States, at Virginia Beach.

Opening days for the several markets follow: Georgia, July 23; South Carolina, July 30; Eastern North Carolina, September 3; Middle Belt, September 24; Old Belt, October 1; Dark Virginia, Belt, November 12.

Colonel A. B. Carrington was unanimously elected president of the association for the fourth term. Other officers were: W. T. Clark, Wilson, N. C., first vice-president; E. J. O'Brien, Louisville, Ky., second vice-president; J. A. Clark, Bedford, Va., third vice-president; and T. M. Carrington, Richmond, chairman of the board of governors.

The board of governors was elected as follows: Clyde Austin, Greenville, Tenn.; T. W. Blackwell, Winston-Salem, N. C.; John P. Bruton, Wilson, N. C.; A. H. Buchan, Mullins, S. C.; W. H. Cosart, Wilson, N. C.; E. C. Currin, Richmond; J. W. Dunnington, Farmville, Va.; Jas. F. Ficklen, Greenville, N. C.; W. A. Goodson, Winston-Salem; O. C. Gregory, Richmond; H. S. Hoachkiss, Richmond; Andrew Jamison, Oxford, N. C.; G. O. Tuck, Louisville, Ky.; J. F. Strickland, Durham, N. C.; R. R. Patterson, Richmond; W. L. McGill, Petersburg, Va.; Jas. I. Miller, Henderson, N. C.; G. T. Patton, Darlington, S. C.; L. H. Reed, Richmond, Va.; W. G. Rogers, Warrenton, N. C.; R. C. Stokes, Lynchburg, Va.; A. P. Thorpe, Rocky Mount, N. C.; C. F. Vaughan, Lexington, Ky.; C. T. Toms, Jr., Durham, N. C.; R. P. Watsin, Wilson, N. C.; J. J. Walter, South Boston, N. C.; V. Webb, Kinston, N. C.; A. J. Bullington, Durham, N. C.; J. M. Purdon, L. L. Strause, Richmond, Va.; and W. C. Vereen, Moultrie, Ga.

Hope of Early Conference On Disarmament Has Faded

Washington, June 29.—(AP)—The rapid development of naval disarmament discussions abroad is arousing some concern in official circles here lest an international conference on the subject be brought about before adequate preparatory work has been done.

A suggestion that the question of reducing sea armaments be approached with caution has been advanced to the British government by the Washington administration. The latter long has held the view, despite its known desire to see the objective attained, that likelihood of failure might be increased if a conference were called before the laborious task of working out all possible preliminary details had been completed.

It is known here that Prime Minister MacDonald is eager to take steps toward world-wide disarmament, and that the United States has been sounded out informally for its attitude on a conference of the naval powers. Such a conference would include the United States, Great Britain, Japan, France, Italy, and the suggestion was that it might be arranged either separate from the League of Nations preparatory disarmament commission, or under the league machinery.

London, June 29.—(AP)—A damper has been thrown on expectations of an imminent conference of the naval powers on disarmament and naval reduction.

Some quarters had been led to believe that prompt actions of Ambassador Dawes, Premier Ramsay MacDonald, and Ambassador Hugh S. Gibson in initiating conversations on the subject implied an early call for a meeting of the nations. However, both in dispatches from Washington and in a speech by Premier MacDonald last night, there was indication that extensive preparation would be undertaken before a call finally is issued for a conference.

The Washington dispatches in-

TRY TO KEEP AIR TRAGEDY FROM FLIERS

Three Musketeers Fly Over New York Unaware Of Fate Of "The Answer."

Roosevelt Field, N. Y., June 29.—(AP)—Sorrow and anxiety were welcome stowaways in the monoplane, three Musketeers, as it circled over Long Island today striving for a new endurance flight record.

Snatches of radio conversation between the plane and the field station indicated that Martin Jensen and his wife, Marguerite, were in a conspiracy of kindness to keep from William Ulrich, third member of the crew, details of the tragedy which befell their friendly rivals, Viola Gentry, "the flying cashier," and Jack Ashcraft.

Miss Gentry, in Nassau county hospital, with her chances for recovery doubtful, frequently called for Ulrich, as she did when she was lifted from the wreck of her plane yesterday.

Ulrich, knowing that Miss Gentry had been injured, but not how seriously, kept grimly at the task upon which he and the Jensens embarked at 7:32:02 Wednesday night. They seek to better the endurance record of 172-2 hours set by the Fort Worth in May.

The crash of Miss Gentry's plane, the Answer, in which her co-pilot, Ashcraft, was killed, near old Westbury, N. Y., yesterday, revealed that a stronger sentiment than the comradeship of the air existed between Ulrich and Miss Gentry.

"As she was lifted out of the wreckage Miss Gentry murmured: 'I just got a tough break, that's all, tell Bill Ulrich. Oh, Bill, Bill.' Ulrich, when he missed seeing the Gentry plane as the fog thinned, got into communication with the field.

"What happened to Viola?" he demanded. Now, you birds give me the details. Don't try to hold out on me."

But Jensen called him from the microphone and Mrs. Jensen warned the field operator not to give Ulrich the details. He was told only that Miss Gentry had suffered a broken arm.

Doctors said Miss Gentry had a severe fracture of the skull, fracture of one arm in two places and one fracture in the other. She also was suffering from serious nervous shock, numerous cuts and bruises and probably internal injuries.

Sandino Off For Exile In Yucatan

Vera Cruz, V. O., June 29.—(AP)—Accompanied by 25 armed men Augustino Sandino former Nicaraguan insurgent leader, was here today enroute to exile at Merida, Yucatan. He arrived yesterday from Guatemala, having been given the government's permission to reside in Mexico.

May Rule Elkdom

When the Order of Elks meets at Los Angeles in July, Walter P. Andrews of Atlanta is expected to be presented for elevation to grand exalted ruler.

Windsor, Ont., June 29.—(AP)—H. B. Jackson, assistant chief customs inspector who is making a survey of the liquor situation in the Great Lakes region, has announced that export of liquor from Detroit river docks in the last two weeks has not been sufficient to meet the overhead costs.

This decrease, he said, especially has been true of the docks at Windsor, Sandwich, East Windsor and the Riverside docks of the border cities.

He said the rum runners were extending their flanks, however to Amherstburg, at one end of the Detroit river, and across Lake St. Clair at the other. But even the shipments from these points, he added, failed to bring the total up to the usual June standard.

He said four liquor boats cleared yesterday from Amersburg, 22 others were loaded and ready for departure, while 19 empties were tied up. Al LaSalle a number are tied up to report to the customs upon their return to the Canadian shore. Unless these are claimed by their owners they will be confiscated and sold at auction.

Inspector Jackson was sent to the district because of "certain criticism" of the customs department. He said he probably would spend several more weeks visiting the various docks along the lakes.

Rainfall During Month Heaviest In Ten Years

Nearly all the water of Tar river has been dumped into the fertile soil of Pitt county during the last month, if the government weather report, made public today, counts for anything, and unquestionably it does.

B. T. Clark local weather observer, stated today that 13.5 inches of rain had fallen in Pitt county during the month of June, giving the county the heaviest precipitation in ten years. The rainfall last night registered 2.74 inches, the observer said. While there has been some rainfall almost daily during the month, the torrential downpours of Saturday, June 15th, was the heaviest with a registration of 4.03 inches.

During the month of May, the report indicated, the precipitation here was 9.2 inches, making a total of 22.7 inches for the past 60 days. The usual annual rainfall for this community, Mr. Clark stated, is approximately four feet.

With many fields in this section literally flooded the crop situation in Pitt county is considered the worst in years. The full extent of the damage could not be determined today, but it was generally conceded that the tobacco crop will be reduced considerably.

Some hope for improvement in that the fields have been so completely drowned that production will be much below normal.

Only in very few instances has

KING MURDER CASE TO OPEN NEXT MONDAY

State Has Big Array Of Evidence Against S. C. Man For Murder Of His Wife.

By MILES H. WOLFF, Associated Press Staff Writer
Chester, S. C., June 29.—(AP)—In a bulky-looking safe in the office of Dr. John E. Cornwell, clerk for Chester county, are six exhibits the state will probably use in its efforts to pin on Raie F. King the blame for the death of his wife.

The exhibits are carefully guarded and none but attorneys are permitted to view them as the time for King's trial draws near. His case is to be called Monday in the Court of General Sessions here, Judge J. K. Henry presiding. He is charged with the murder of his 24-year-old wife, Faye Wilson King.

The safe contains: (1) a bottle found near Mrs. King when neighbors discovered her body on the afternoon of January 25; (2) a piece of wood, said to be spotted with blood from the kitchen of the King home; (3) clothes worn by Mrs. King; all blood spotted, including a sweater, dress and underclothes; (4) text books used in her French class at Sharon high school; (5) a suit-of-man's underwear, also said to have on it blood stains; (6) a report of the findings of chemists at Clemson College who examined Mrs. King's stomach.

The young French teacher's body was discovered in an outhouse near the King home in Sharon, S. C., after her husband had asked neighbors to search for her. He said she had threatened suicide.

Although a verdict of suicide was at first pronounced by York county officials, a latter investigation was held and after a coroner's jury had brought in a verdict that the woman died at the hands of unknown persons, King was arrested.

Later, a second autopsy was performed and marks were found on Mrs. King's neck, leading investigators to believe she had been choked. The grand jury's indictment of King charges that "with his hands and arms, and with cords, wires, ropes and belts placed upon, about and around the neck and throat of her, the said Faye Wilson King, did choke, suffocate and strangle."

King has since been given freedom on a \$5,000 bond and has been living with his parents at Shelby, N. C., his health, very poor at the time of Mrs. King's death, is said by his attorneys to have improved. He is expected to come to Chester Sunday.

King is 37 years of age and for a number of years had a filling station and amusement place near Shelby. He married Ray Wilson on Thanksgiving, 1927, and early in 1928 moved with her from Shelby.

French Cabinet To Discuss The Debt Situation

Paris, June 29.—(AP)—The French cabinet met this morning and received the report of Ambassador Claudel who yesterday asked the Washington government to grant postponement beyond August 1 of the \$400,000,000 war stock debt. Word was immediately sent to the finance and foreign affairs committees of the Chamber of Deputies to meet with them this afternoon and hear the text of the French Ambassador's telegram. The cabinet will meet with its finance committee at 3:00 P. M. and with the foreign affairs committee an hour later. A spokesman said the result of M. Claudel's efforts would be known after these meetings.

No indication of the nature of the reply was given but there was any thing but a refusal, however gently expressed.

CAUDLE ELECTED HEAD OF BAR ASSOCIATION

Wrightsville Beach, June 29.—(AP)—T. L. Caudle, of Wadesboro, was elected president of the North Carolina Bar Association at the final session of its convention here this morning.

The election followed debate on two resolutions, one of which would have pledged members to support law enforcement and the eleventh amendment, and another to provide for bar association approval of candidates for judge and solicitor. The first was tabled and action deferred on the second.

Since early territorial days Ohio has erected 21 forts.

GREENS LOSE TO THE SCOTS

Fayetteville, June 28.—The entire Highlander pitching staff was called on in today's game with Greenville, which the locals won, 6 to 5.

Stephenson, who relieved Durham, because of wildness in the 8th, was taken out in the ninth after walking two and retiring one. Brandon duplicate this free trip feat and forced in a run. Mungo was then rushed in and retired the side. Fifteen of the Greenville Tobaccoists were stranded on the bases, 12 of them receiving free transportation to first. Durham kept his seven hits scattered.

Umpires: Anderson and Boggs. Time of game: 2:00.

Full Play in Two Carolina Leagues

(By the Associated Press.)

The baseball industry renewed its activity along the Piedmont and Eastern Carolina league fronts yesterday as the clouds rolled away and the sun shone once more.

The Patriots opened the week-end series with Winston-Salem by taking an 11-inning game 7 to 6. Parrish hit his 5th homer of the season to give Greensboro the victory. At Durham Hank Reid turned in his 13th win as the Bulls trimmed High Point 4 to 1. The big hurler allowed only six hits. The Painters' one run was a homer by Williams.

In a battle of the cellar clubs at Salisbury the Henderson Bruins lost to the Colonials 10 to 2. A fluke homer inside the park by Eleazer with the bases full, helped the Colonials while they backed up McNeil's pitching with four double plays.

Concession at the Eastern Carolina loop became worse when Wilmington and Rocky Mount split a double header while the third place club opened a pair from Kingston. The day's round left the Buccaneers and Pirates in a tie for the leadership with Goldsboro only one game to the rear. Rocky Mount entered the leadership alone for a brief period when Bill bested Eli, son 4-3 in a hurler's duel in the first game. The Pirates battered out a 6-2 victory behind Eamon's good pitching in the nightcap.

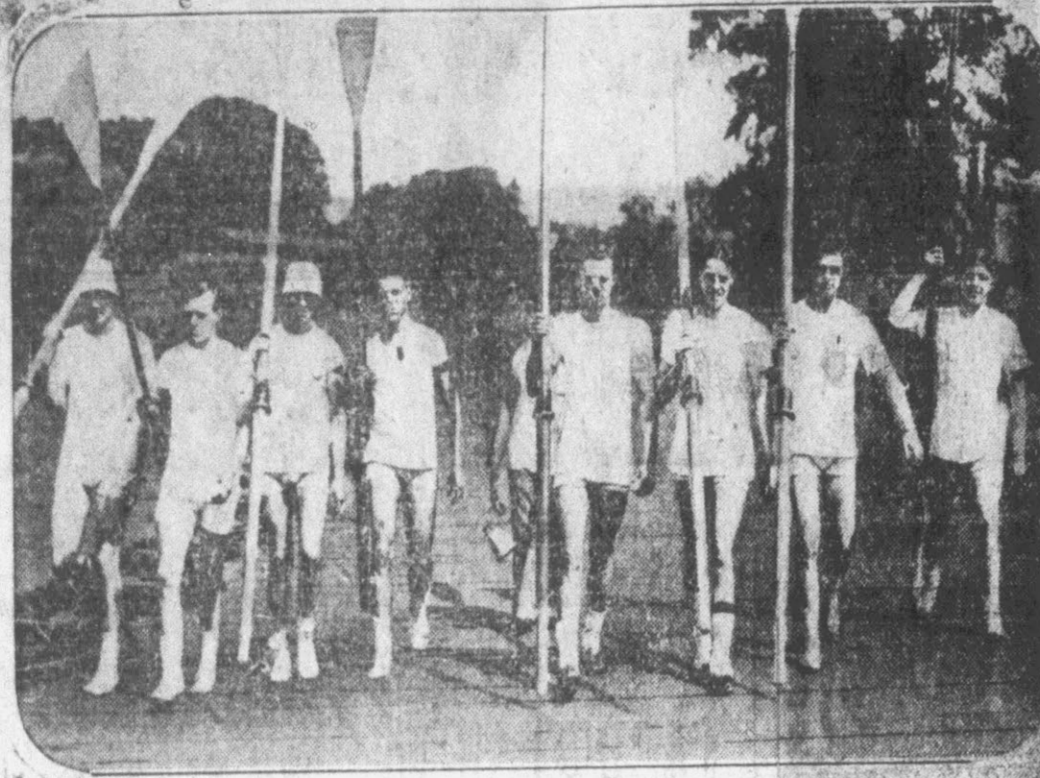

Holler was right and let the Braves down with three hits as Craddock took the first of their two games 7 to 4. Rabel battled Finlator for eight innings before the Pugs allowed over a counter to take the nightcap 2-1. Fayetteville ran up an early lead and managed to take the other Eastern Carolina game from Greenville 6-5. The Tobaccoists worked up all their runs in the first three innings and forced a parade of Highlander pitchers before they were downed, one error of a tie.

CERTIFICATE OF DISSOLUTION
State of North Carolina
Department of State.
To All to Whom These Presents May Come—Greeting:
Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Greenville Ice and Coal Company, Incorporated, a corporation of this State, whose principal office is situated in the city of Greenville, County of Pitt, State of North Carolina (C. W. Harvey being the agent therein and in charge thereof upon whom process may be served), has complied with the requirements of Chapter 22, Consolidated Statutes, entitled, "Corporations," preliminary to the issuing of this Certificate of Dissolution;

Now Therefore, I, J. A. Hartness, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 30th day of May, 1929, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In Testimony Whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 30th day of May, A. D. 1929.
J. A. Hartness,
Secretary of State.

NOTICE OF SALE.
By virtue of the power of sale contained in that certain Deed of Trust executed by Carlos Pray and wife, Glennie Pray, to W. H. MILD and yet THEY SATISFY

TASTE above everything

The choicest of Turkish tobaccos — Xanthi, Cavalla, Smyrna, Samsoun — blended with the ripest, sweetest domestic tobaccos that money can buy — blended... and "cross-blended", for taste, for mildness, for aroma... For the simple reason that what counts in Chesterfield is taste—"taste above everything."

Chesterfield

FINE TURKISH and DOMESTIC tobaccos, not only BLENDED but CROSS-BLENDED

Social & Personal

Miss Isabel Warren of Washington, was here yesterday.

Mr. and Mrs. W. P. Moore and little son left this morning for Quitman, Ga.

Misses Ellis and Charlotte Grimes of Washington, were here today.

Mrs. P. M. Johnston and daughter, Miss Maude Johnston, have returned from a trip to the mountains of western North Carolina.

Attend Wedding in Durham.
Mr. and Mrs. A. E. Hobgood, accompanied by Mr. and Mrs. A. D. Hobgood and Miss Scotia Hobgood of Kinston, left this morning for Durham to attend the wedding of their niece, Miss Elizabeth Hobgood. Miss Rose Hadley is also in Durham for the wedding.

Return From Trip.
Rev. and Mrs. W. S. Harden returned yesterday from a trip to Atlanta, Ga., making the 1,100-mile trip in a car, and without any trouble. They were accompanied by Mrs. Harden's sister from Chicago, Mrs. C. E. Shattuc. They visited Mrs. Harden's sister, Mrs. J. H. Coit in Atlanta. Mrs. Shattuc is the editor of the Glen Elynn News, a weekly paper of the town.

Mr. Harden wishes to inform all of his members that he will occupy his pulpit at both morning and evening services Sunday.

Champion Radish Raiser.
So far as is known, Luther Winborne, of Greenville, is the champion radish raiser of this community. Mr. Winborne brought a 7-1/4 pound winter radish to the Reflector office yesterday, and it is of such great proportion that the casual observer takes for granted that it is a rutabaga and goes on about his business. Another specimen, somewhat smaller, was included in the display but it is large enough to also cause one's mind to turn to thoughts of rutabagas and turnips.

Mr. and Mrs. Taylor Honored.
Mr. and Mrs. G. O. Taylor graciously entertained at their home on Pitt street at a three-course dinner on Thursday evening, honoring Mr. and Mrs. Thomas E. Taylor, who were married on June 12th and are now visiting at the home of Mr. Taylor's parents, Mr. and Mrs. J. G. Taylor, enroute to their home in Lakeland, Fla. Miss Elma Andrews of Kinston, house guest of Miss Blanche Staton, and Mrs. E. B. Davis, also of Kinston, and who is visiting her parents, Mr. and Mrs. J. G. Taylor, were hon. guests.

The home was beautifully decorated, carrying out the color scheme of pink and green. In the center of the dining table was a lovely bowl of summer flowers, and the guests' places were marked by dainty pink baskets filled with mints.

Those enjoying Mr. and Mrs. Taylor's hospitality were: Mr. and Mrs. Taylor, Miss Andrews and Mrs. Davis, of Kinston; Misses Aya Taylor, Blanche Staton, Willard Whitchard, and Eleana Staton.

Baldree-Sutton.
Mr. and Mrs. E. F. Sutton announce the marriage of their daughter Louise to Mr. Marvin Baldree on Tuesday, the twenty-ninth of June one thousand nine hundred and twenty-nine Greenville, North Carolina.

Ladies Aid To Meet.
The Ladies' Aid Society of the Immanuel Baptist Church will meet Monday afternoon at 3:30 o'clock.

Missionary Society To Meet.
The Woman's Missionary Society of Jarvis Memorial Methodist Church, will meet Monday afternoon at 4:30 o'clock.

Return From Bar Meeting.
Judge Albion Dunn, William Tyson, Colonel F. G. James and J. B. James have returned from Wrightsville Beach where they attended the annual meeting of the North Carolina Bar Association.

Birth Announcement.
Mr. and Mrs. D. R. Morgan, of Farmville, announce the birth of a son, June 28th. Mrs. Morgan was formerly Miss Juanita Savage of this city.

To Preach Here Tomorrow.
Dr. A. O. Boda, pastor of the First Baptist Church of New Bern, will preach at the Immanuel Baptist Church in this city tomorrow morning. Rev. O'Brien, pastor of the local church, will exchange pulpits with Dr. Boda for the morning service.

MISSIONARY SOCIETY WILL MEET MONDAY
The Woman's Missionary Society of the Christian Church will meet Monday afternoon at 3:30 o'clock at the church.

Masonic Notice!
Regular communication of Greenville Lodge No. 284 Monday night, July 1st, at 8 o'clock. Will have first Monday night program. Members urged to attend and visitors invited. Fri-Sat.

Return From Asheville.
Mr. and Mrs. E. G. Flanagan, W. H. Woolard and C. H. Forbes have returned from Asheville, where they attended the annual meeting of the North Carolina Bankers Association.

First Cotton Blossom.
H. A. Hart & Brother, Grifton merchants, have mailed the Reflector the first cotton blossom of the season. It was stated that the bloom came from the crop of Charles Grubbs, tenant on the farm of J. O. Gaskins, about a half-mile from Grifton.

Attend Wedding in Durham.
Mr. and Mrs. A. E. Hobgood, accompanied by Mr. and Mrs. A. D. Hobgood and Miss Scotia Hobgood of Kinston, left this morning for Durham to attend the wedding of their niece, Miss Elizabeth Hobgood. Miss Rose Hadley is also in Durham for the wedding.

TRIO SEEKS 'AVIATION RECORD'

A woman is included in the new crew of the endurance monoplane "Three Musketeers." She is Margaret Jensen, wife of Martin Jensen (left). William Ulbrich is the other member of the trio. Below is shown the takeoff from the Roosevelt field, Long Island, N. Y.

Lightning struck the home of Blanco Ross, in Chatham Circle last night, shattering several windows and causing general alarm among members of the household. The fire department was called out, but the house did not catch fire and service of the department was not needed.

Members of the fire department expressed opinion today that the house did not get the full effect of the thunderbolt. It is believed to have struck a telephone pole near the house, with the lightning following a wire into the building. The telephone pole was shattered and parts of it were found on the top of the house, leading to the supposition that the lightning struck the pole before hitting the house.

Inmates of the home reported seeing a ball of fire roll across the inside of the house after the first deafening report, but it did little damage aside from shattering windows.

Would Supplant Dogma With New Type Of Thought
Atlanta, June 29.—(AP)—A new type of thinking to replace dogma was a suggestion before the National Education Association today, as it embarked on the second day of the 67th convention.

William John Cooper, United States commissioner of education, addressing the first informal session, offered the suggestion, explaining that it was a teacher's duty to avoid the longing to settle things with finality.

The formal opening of the convention will come Monday with the first session of the representative assembly, the governing body consisting of 1,200 delegates.

Meanwhile, various special organizations and associations will bring their problems before general sessions of the convention. W. P. Morgan, president of the Western Illinois State Teachers' College in an address prepared for delivery at the morning session, suggested a federal appropriation in the bureau of education at Washington for the advancement of teacher training.

"In 1872," he said, "there were only 41 institutions in the United States for the purpose of training teachers. They were operated on an annual appropriation of \$392,522. By 1912, 159 institutions had been organized and they were operated at an annual expense of education statistics for 1926 show \$16,090,326. Bureau of statistics for 1926 show that there were over 200 public normal schools at the time, for which there were appropriations in excess of \$25,000,000 annually."

Josephus Daniels, Raleigh, N. C., secretary of the navy in the Wilson cabinet, told the association members that he believed the United States would be a member of the League of Nations or some similar association within ten years.

WILLIAM THOMAS INCE TO WED "MISS FLORIDA"
Los Angeles, June 29.—(AP)—William Thomas Ince, 20, son of the late William H. Ince, pioneer picture producer, has filed an intention to wed Ada Williams, 18-year-old film actress, who made her debut on the screen after she had won the title of "Miss Florida" in 1927.
The young couple said the wedding would be in Beverly Hills, on July 7. Miss Williams is the daughter of Mrs. John Calvin Williams, who accompanied her to California two years ago.

Inmates of the home reported seeing a ball of fire roll across the inside of the house after the first deafening report, but it did little damage aside from shattering windows.

Lightning Strikes Blanco Ross' Home
Lightning struck the home of Blanco Ross, in Chatham Circle last night, shattering several windows and causing general alarm among members of the household. The fire department was called out, but the house did not catch fire and service of the department was not needed.

Members of the fire department expressed opinion today that the house did not get the full effect of the thunderbolt. It is believed to have struck a telephone pole near the house, with the lightning following a wire into the building. The telephone pole was shattered and parts of it were found on the top of the house, leading to the supposition that the lightning struck the pole before hitting the house.

Inmates of the home reported seeing a ball of fire roll across the inside of the house after the first deafening report, but it did little damage aside from shattering windows.

CLYDE ERWIN SPEAKER AT KIWANIS CLUB

Head Of Rutherford Schools Makes Address Dealing With "City Planning"

Clyde A. Erwin, superintendent of schools of Rutherford county and a member of the summer school faculty of East Carolina Teachers College, was the principal speaker at the regular twice-a-month meeting of the Greenville Kiwanis club last night. He spoke on the subject, "City Planning", and brought out many facts of interest in this connection.

The meeting last night was presided over by Dr. Paul Fitzgerald in the absence of President Ralph Deal, who is attending the annual convention of International Kiwanis at Milwaukee. This program was in charge of A. D. Frank, member of the faculty of East Carolina Teachers college, who, aside from providing a gifted speaker, presented two young women who put on an acrobatic program of exceptional merit. The young actresses were Miss Janie Gold Hardee, member of the student body of the Teachers college, and little Miss Clara Spence, 11 year old daughter of Dr. and Mrs. E. P. Spence of this city.

The acrobatic program came in the midst of the usual supper and held the attention of the fifty or more Kiwanians until the last act had been presented. It was an exhibition of skill in the various contortions of the human body and each act drew liberal applause.

The song program was in charge of Rev. L. R. O'Brien, assisted at the piano by Miss Edna Smith. Dr. S. M. Crisp was introduced as a new member, words of induction being delivered by J. F. Harrington, clerk of Superior Court of Pitt county.

The speaker of the evening was introduced by Mr. Frank. Mr. Erwin said everywhere one went he found people claiming their town to be the best town in the country. This spirit of rivalry, he said, was causing the people of the various towns to do their utmost to make their towns rank among the best of the country, and that they were meeting with marked success.

The first instance of city planning he said had its inception in the city of Washington, which he described as the one city in the country where people had enough space and an elbow room for both business and recreation. Many others of the nation, he declared, happened without any definite plan for their future, and these towns in later years were forced to spend enormous sums of money to provide things they failed to provide through lack of definite planning at the outset. Some cities have an opportunity to build anew because of disaster. He pointed to San Francisco as one of the best examples of this kind in the country. The earthquake that practically razed the entire city caused it to have to build anew and in this last building project more attention was given to the idea of symmetrical arrangement with due attention to traffic conditions. He also pointed to Baltimore as another town that had an opportunity to rebuild through the conflagration that practically wiped out the city many years ago.

There is an influx of people to North Carolina at this time, the speaker said, and many of the smaller cities are finding it difficult to care for the additional population because they failed to plan with vision years before. He said the time had come for more serious consideration of the important matter of city planning and that any town that plans to go forward should give careful attention to this problem if progress is what it should be.

He stressed the need of consideration of health, education and moral development in plans for the modern city, and also brought out the need of zoning ordinances to bring about proportion in the various residential sections.

Morehead City, N. C. June 29—(AP)—Saved from drowning when his seaplane crashed in the harbor here yesterday only through the heroism of two men from the coast guard cutter Pamlico, Lieut. James E. Baker, of Hampton Roads, Va., today was in a hospital here with injuries described as serious.

The seaplane crashed when a sudden gust of wind caused it to tip the mast of the Pamlico as Baker was attempting to bring it down in the harbor. Nose first, it plunged under the water.

Lieut. William J. Slatter, a passenger, was uninjured in the crash and, losing his safety belt, bobbed to the surface. Baker, injured, was held in the plane by his belt. James Midgett, of Morehead city, and a coast guardsman named Dixon dived from the Pamlico to Baker's aid. After swimming down to the plane five times without success, Midgett succeeded on the sixth attempt in pulling Baker from the cockpit and brought him to safety.

GUARDSMEN PREPARE FOR ENCAMPMENT

Local Artillery Unit Getting In Shape For Ten-Day Visit To Camp Bragg

Battery A, local field artillery unit of the North Carolina National Guard, today was planning for annual encampment at Camp Bragg, August 11, according to announcement given out by Captain Carl Lanier. The encampment will continue for a period of ten days during which time North Carolina guardsmen will be put through strenuous training in every department of the military field.

The local unit was able to establish an enviable record in previous encampments, and officers and men too, are hopeful of being able to do the same thing this year. The unit is entering its second three-year period at this time with many new enlistments. The company still lacks about five members reaching normal strength, but it is believed this shortage will be supplied in time for encampment.

Considerable drilling is going to be necessary to put the recruits in fine trim for the ten days' stay at Camp Bragg, officers said, but this has already started and by the first of August every man ought to be in the finest condition.

Captain Lanier said today that anybody desiring to join should apply to the Battery at once. All expenses will be defrayed at camp and the men will be allowed regular rate of pay.

U. D. C. To Unveil Memorial On July 3

On the third day of July North Carolina's memorial to her sons who fought in the battle of Gettysburg, will be unveiled on the famous battlefield.

This is a notable and significant event in the history of the North Carolina Division, United Daughters of the Confederacy—an event which marks the realization of a dream long cherished by North Carolina Daughters, the culmination of a hope to which they have clung tenaciously for many years. The credit for this splendid achievement is due the members of the Gettysburg committee. They have labored long and faithfully and the division is deeply indebted to them, particularly to the chairman, Mrs. Marshall Williams, whose tireless efforts and persistent determination through the years are now crowned with unqualified success.

Every chapter in the division is invited and urged to send a representation to the unveiling ceremonies, which promise to be of unusual interest. Governor Gardner, ex-Governor McLean, representatives of the United States government, Mrs. Williams, General Boyden, the division president will take part in the program, and many prominent North Carolinians will be present. Daughters, it is hoped you will attend in large numbers, for it will be an inspiring occasion.

Award Contracts For Construction Of Two Cruisers

Washington, June 29.—(AP)—The navy today awarded contracts for construction of the first two light cruisers of its 15 cruiser building program to the Puget Sound navy yard and the Bethlehem Shipbuilding Corporation of New York.

Bids from private shipyards and estimates from navy yards for the construction of the next three cruisers are still under consideration and Secretary Adams said that awards for these vessels would be made within a few days.

The Bethlehem Shipbuilding Corporation bid \$10,753,000 for construction of one vessel at its Quincy, Mass., yard, for delivery within 36 months. The Puget Sound navy yard submitted an estimate of \$8,838,000 with a construction period of 40 months.

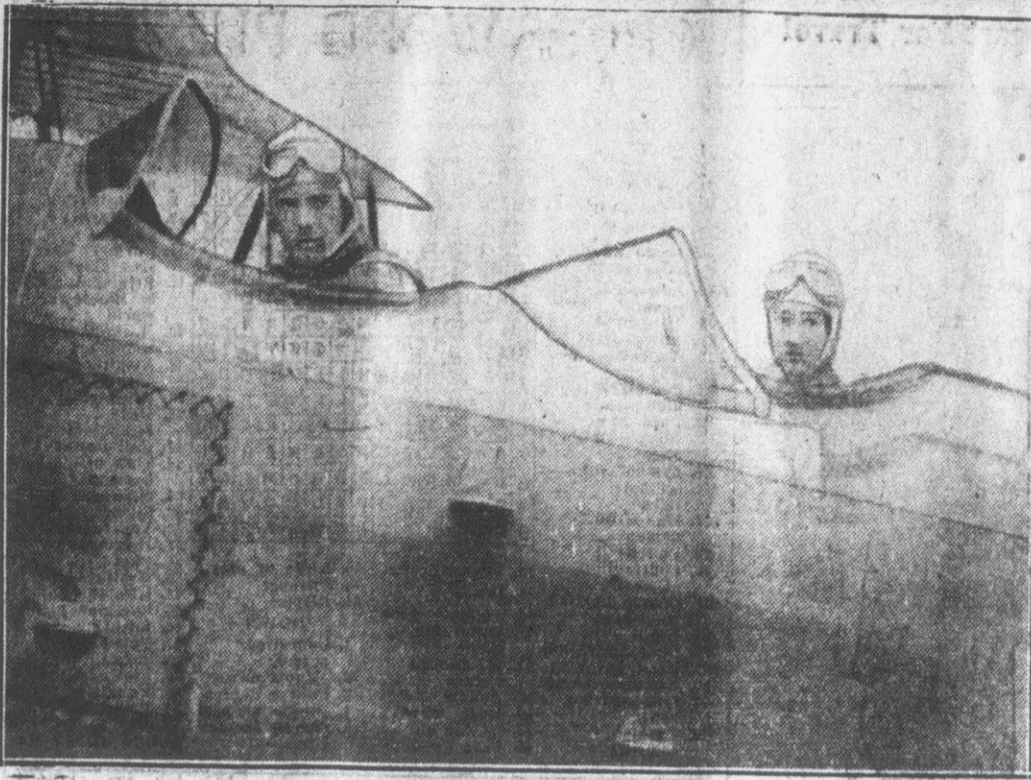

Much Speculation About Appointment To Federal Board

Washington, June 29.—(AP)—The designation by President Hoover of three of the eight men he will name for membership on the federal board left agricultural leaders speculating today on the question, who will be appointed from the great middle western farming region to represent principally the wheat interests.

Announcement of the member, or members to represent this commodity in greatest need of immediate application of the stabilization contemplated by the act under which the board will function.

The first three members announced came from the "boarder states",—agriculturally speaking—of Oklahoma, Kentucky, and Missouri. One of them, James C. Stone, of Lexington, represents the tobacco growing industry; another, C. B. Denman of Farmington, Missouri, is identified with livestock, and the third, Carl Williams of Oklahoma City, for years has been identified with the American Cotton Growers Exchange.

SUPPLY BILLS WILL FEATURE NEXT CONGRESS

Longworth Believes Principal Work At Next Session Will Be Confined To Bills

Washington, June 29.—(AP)—Unless the tariff bill drags into the regular session, Speaker Longworth believes that, shorn of most of the major subjects of perennial controversy, the principal work of Congress will be the annual supply bills. Muscle Shoals alone remains of the most controversial tasks that have vexed former Congresses for many years although inland waterway legislation and railroad problems also fall to a relatively moderate extent into the same category. Both the speaker and Rep. Tilson of Connecticut, the majority leader, however, view the coming session

now as one which will have as its major task the work of allotting some four billions of dollars to the departments and other agencies of the government to carry on their work. Farm relief has been transferred from the legislative to the executive field after more than a decade of controversy. Boulder Canyon has been disposed of similarly. Reapportionment of the House membership is assured. The national origin basis for determining the immigration quotas of the different nations will be in effect next Monday. Taxes have been reduced. Tariff revision may remain for the regular session, but leaders hope to have it out of the way before December.

LARGE CROWDS ATTEND GOOD HOPE SUNDAY SCHOOL

Large crowds are attending the Good Hope Sunday school at Pollard's schoolhouse, it was announced by officers today, and great progress is being made in all departments. W. C. Dresbach is superintendent of the Sunday school and D. C. Creech is secretary. The school meets each Sunday afternoon at 3 o'clock, and prayer meeting is held each Friday evening at 8 o'clock. Mr. Chambers is teacher of the Bible class. He also conducts the prayer meetings. The public is

urged to attend the services and help the Sunday school grow in size and service.

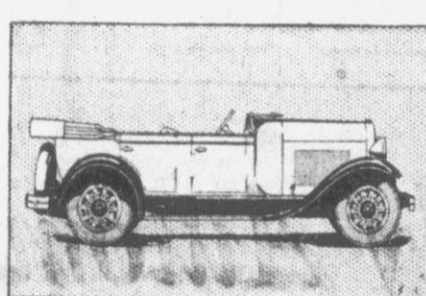

NOTICE OF SALE

Under and by virtue of the powers of sale contained in a mortgage from Edward Adams and wife, to A. W. Ange & Company, recorded in the office of the Register of Deeds of Pitt County, in Book D-13, page 34, details having been made in the payments thereby secured, and by virtue of an order of the Superior Court of Pitt County, directing a sale of said land, the bid had at the sale last on May 9th, 1929, having been raised as provided by law, the undersigned will offer for sale at the highest bidder for cash, at public auction, at the courthouse door in Greenville, North Carolina, at 12:00 o'clock, noon, on Monday, June 24th, 1929,

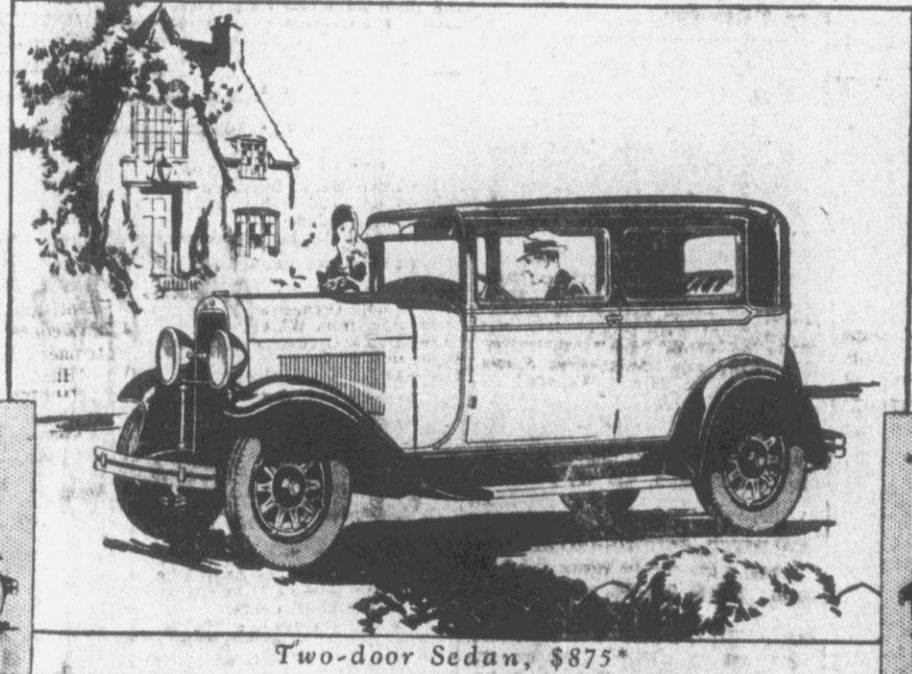

the property described below, said property being sold subject to a lease for the year of 1929, possession to be given January 1st, 1930, and 10 per cent deposit on bid will be required, such land described as follows: Bounded on the North by Zedock Cox, on the South by Joseph McLawhorn, and being on the West side of the Greenville-Kinston Road, and being the same place where the said Edward Adams lives, containing 20 acres, more or less. This is the 5th day of June, 1929. A. W. Ange & Company, Agents. Frank Harris, Assignee.

EIGHT SMART BODY STYLES

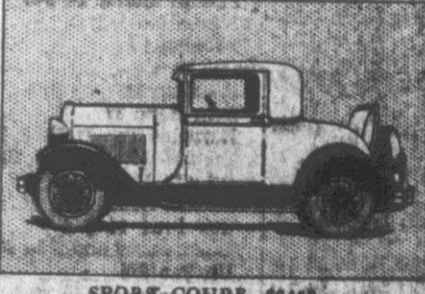

A Variety of Equipment Combinations

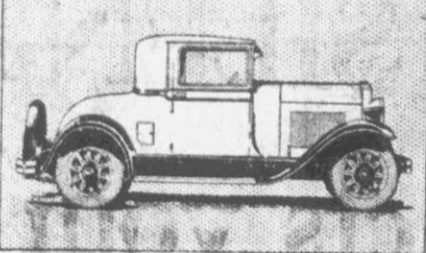

PHAETON, \$945*

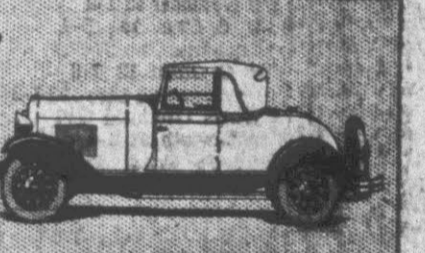

Two-door Sedan, \$875*

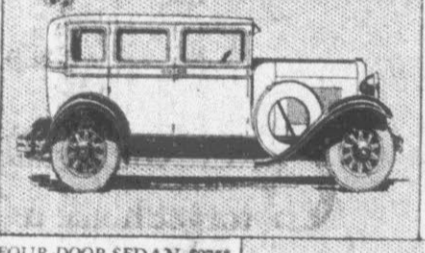

SPORT COUPE, \$945*

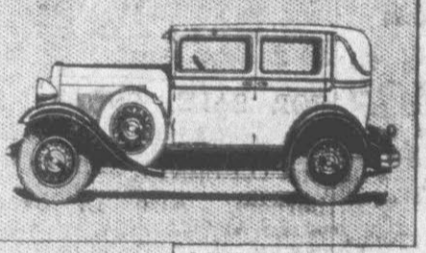

COUPE, \$875*

CONVERTIBLE ROADSTER, \$1045*

FOUR-DOOR SEDAN, \$975* Special equipment, shown in illustration, extra.

LANDAU SEDAN, \$1035* De Luxe equipment, shown in illustration, extra.

SPORT ROADSTER, \$945*

Oldsmobile gives you a choice of twenty-four different models, open and enclosed, with a variety of seating arrangements, a variety of equipment, and a variety of color combinations. Among them you are sure to find a car which will exactly suit your requirements.

This wide selection of body styles in a car of low price is one of the reasons why Oldsmobile is sweeping to new heights of popularity in every section of the country. But contributing in even greater measure to Oldsmobile's tremendous nationwide success are its sturdy, dependable chassis—smooth, powerful engine—luxurious comfort—and voguish style.

The Two-door Sedan provides roomy comfort for five passengers. This body type is especially popular in families where there are small children, because of the completely enclosed rear compartment.

The Four-door five-passenger Sedan is considered by many the ideal family car. Its full-width, deep-cushioned seats assure restful riding comfort. Door interiors are embellished with integral panel treatments.

The Landau Sedan furnishes complete travel luxury. Its smart exterior is matched by a wealth of interior refinements, including walnut panelings and cushioned arm-rests for rear seat passengers.

The Coupe is an excellent car for business, professional, or personal

use. Among its outstanding advantages are extra-width doors, parcel shelf behind the seat, and a commodious compartment for luggage beneath the rear deck.

The Sport Coupe is beautifully finished inside and out. The rear quarter panels are of metal, and the rear window lowers for free communication with passengers in the deck seat. A space for golf clubs or luggage is easily accessible through a side locker door.

The Convertible Roadster, just introduced, is an entirely new body style, as well as a new Oldsmobile model. With top down, it is a stylish open roadster. With top up and side panels raised, it becomes a snug, comfortable, fully enclosed coupe. The slanted windshield may be turned down over the dash—an unusual feature in a convertible car. There is a fully-cushioned rear deck seat which accommodates two extra passengers.

The Sport Roadster is a low-swung,

tailored and permits clear vision with side curtains in place. As in all Oldsmobile open models, the one-piece windshield folds down over the dash.

In addition to these Standard models, Oldsmobile provides a complete line of eight Special models and eight De Luxe models at slightly higher prices.

Special equipment includes two spare tires, tubes, and rims, mounted in fender wells with special locking and holding device, bumpers front and rear, and trunk platform.

De Luxe equipment includes six wire wheels, six tires and tubes, bumpers front and rear, trunk platform, and chromium-plated headlamps. The two spare wheels are securely mounted in fender wells with a special holding and locking device.

Come in and inspect this finer Oldsmobile. Drive it yourself. Make critical comparisons with other cars in its field. No matter which body style you select, you will find it eminently satisfactory in appearance, performance, comfort, and interior finish—and an unrivaled value at its price.

Consider the Delivered Price. Consider the delivered price as well as the list price when comparing automobile values. Oldsmobile delivered prices include only reasonable charges for delivery and financing.

TWO DOOR SEDAN \$875

*All prices f.o.b. factory, Lansing, Michigan. Spare tires and bumpers extra on standard models.

Market Report Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, June 29--(AP)--The cotton market opened steady today as a decline of 1 to 11 points in response to relatively easy Liverpool cables and expectations of generally good weather in the south over the week-end. There was considerable week end trading with some local and commission house selling and active months sold around 5 to 15 points net lower by the end of the first half hour, with October declining to 18.58.

The opinion was expressed by some of the local traders that if the tropical disturbances caused rains in south Texas, they would probably prove more beneficial than otherwise but the decline through in some covering and trade buying and the market was steady at the end of the first half hour.

Liverpool cables reported local and continental liquidation. The amount of cotton on shipboard awaiting clearance at the end of the week was estimated at 61,000 bales against 78,000 last year.

GRAIN MARKET

Chicago, June 29--(AP)--Rapid upturns took place in wheat values today, but they met with big profit taking sales, and a sharp reaction from the day's top level followed. Dubious spring wheat crop prospects in the American northwest and in Canada, with unsatisfactory threshing returns from the domestic harvest of winter wheat southwest, were responsible largely for the new upward swing of the market.

Wheat closed unsettled, 1 1/4 to 2 1/2 cents net higher, corn unchanged to 5-6¢-3/4c, oats varying from 3-9c decline to 1-2c advance, provisions varying from 2c setback to a rise of 15¢.

STOCK MARKET

New York, June 29--(AP)--The stock market closed strong today on the wave of bullish enthusiasm created this week by definite indications of a relaxation in credit conditions. There were a few soft spots here and there, but prices generally moved upward with the public utility, merchandising, chemical and investment railroad shares all presenting numerous points of strength.

Operators for the advance resumed their activities with confidence in the belief that the worst of the tight money period was over. While admitting the possibility of an upward flurry in the call rate before the middle of next month, they state that any increase is likely to be temporary and that the ruling rate will be 7 or lower before the end of the month.

Investment railroad shares were in brisk demand on the theory that those issues had not fully discounted the sharp expansion in earnings in the first half of the year, and the beneficial effects of the St. Louis & O'Fallon decision, setting aside the interstate commerce commission's basis of valuation. Chesapeake Corporation and Pere Marquette, all advanced 2 to 3 1/2 points to new high records.

A widespread belief that two or three additional large public utility mergers are in the making helped to maintain interest in the power and light stocks. American Water Works, Columbia Gas & Electric, Detroit Edison, American Power & Light and several others advanced 2 or more points. Telephone issues also resumed their advance. International Telephone crossing 101 to a new high for the present issue, while American Telephone was marked up 4 1/4 points.

MISSING SPANISH
AIRMEN ARE RESCUED
(Continued From Page One)

obtained of the arrival in the Azores, the Spanish government took steps to send out rescue parties and particularly asked Great Britain for the aid of the air plane-carrier Eagle, at that time en route from London to its station in the Azores.

Meanwhile, Italian and Portuguese ships and planes had started in search for them and even a German plane was being prepared. The British government acquiesced immediately to the Spanish request and the Eagle began scouring the seas between the European coast and the Azores. Airplanes were sent out and scanned wide areas without success. Finally the Eagle turned toward Gibraltar to cover a line from the Azores to the entrance of the Mediterranean over which Major Franco would likely have flown. This course was successful as indicated by today's news.

The Spanish minister of marine today telegraphed the British admiralty at Gibraltar as follows:

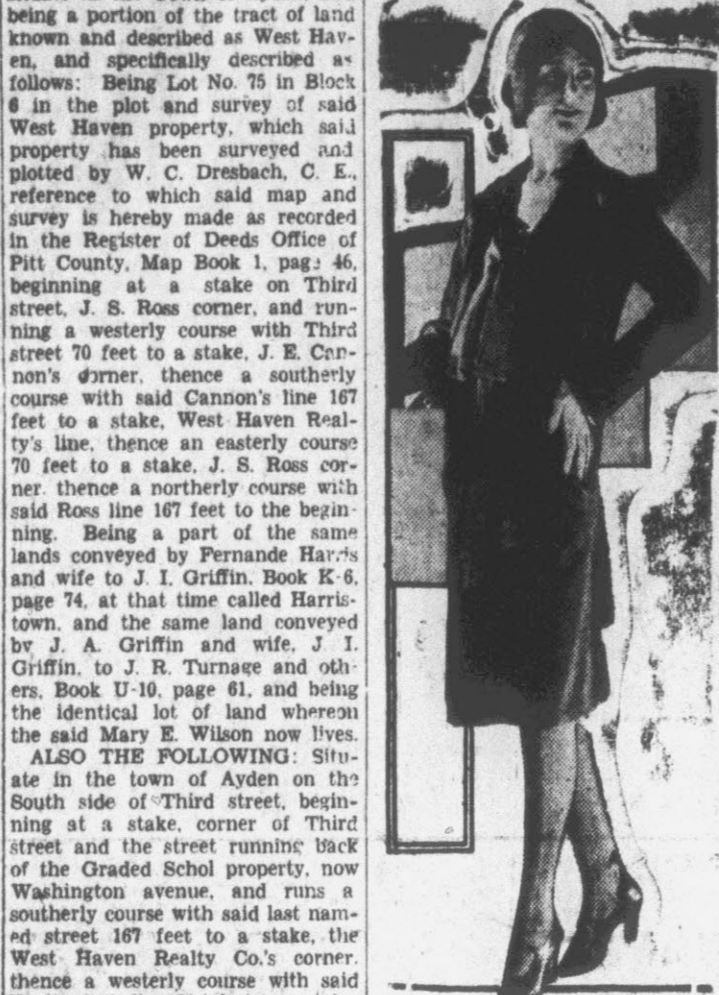

"Just received news of the Eagle's finding of the Manco hydro-airplane. I am deeply grateful. I thank you wholeheartedly for the splendid help given by the British marine."

The British ambassador in Madrid, Sir George Graham, visited the minister of marine personally to extend congratulations.

King Alfonso, who is now in London, also was notified of the rescue as he had given orders to be kept closely in touch with developments.

Nineteen universities and colleges in Indiana graduated 4,701 students in June.

protects your food and health

ONCE you install the New Silent Kelvinator, you can forget home refrigeration problems.

For the new Kelvinator is as fully automatic as it is silent in operation.

No regulation or attention on your part. Instead, a scientifically correct degree of cold for perfect food preservation, as well as for freezing ice cubes, desserts or salads--constantly maintained month after month.

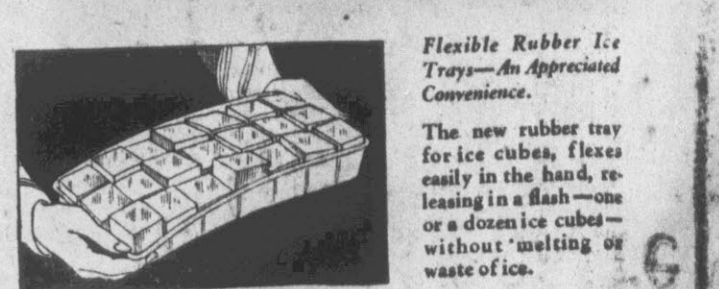

See the New Silent Kelvinator at once to know how efficient and silent electric household refrigeration can be. The 1929 models in all the beauty of their new design and finish are now on display.

Enjoy your Kelvinator at once. Buy it now on Kelvinator's ReDisCo monthly budget plan and experience the many advantages of health and convenience it brings to your home.

THE RELIABLE KELVINATOR

Water & Light Commission

THERE ARE KELVINATOR ELECTRIC INSTALLATIONS FOR EVERY COMMERCIAL PURPOSE

Flexible Rubber Ice Trays--An Appreciated Convenience.
The new rubber tray for ice cubes, flexes easily in the hand, releasing in a flash--one or a dozen ice cubes--without melting or waste of ice.
