PROHIBITION CONTROVERSY STILL RAGES

Wickersham's Suggestions Still Engaging Attention Of Members Of Congress.

Washington, July 19.—(AP)—The prohibition suggestions made by Chairman Wickersham of the president's law enforcement conference at New London, Conn., continued today to engage the attention of wet and dry members of Congress.

In some quarters, meanwhile, it was regarded as clearly established that the president had no intention of complying with the demand of Senator Caraway, dry Democrat of Arkansas, for the chairman's resignation on the ground that he had sacrificed his usefulness.

That conclusion was drawn from the statement by Senator Watson, an Indiana Republican leader, in defense of the Wickersham proposal that enforcement responsibility be definitely divided between the federal government and the states, which was coupled with his suggestion that, if this were done, "national and state laws might be modified so as to become reasonable and enforceable."

The Republican leader, who is closely associated with President Hoover, interpreted the letter as urging "that the states do their full duty in enforcing the eighteenth amendment."

"Chairman Wickersham's statement," he said, "was an effort to enlist the support of the state in doing their full constitutional duty. The eighteenth amendment left the states concerned with the enforcement of the law to enforce its provisions. Some of the states have not exercised that power."

Senator Borah, Republican, Idaho, dry leader and supporter of the president's enforcement program, remarked that Mr. Wickersham had "at least succeeded in making it clear that he regards the prohibition law as unenforceable."

He declined to say whether he thought President Hoover had seen the letter before it was sent to Governor Roosevelt, of New York, who read it to the conference.

Less reticent on that point, Senator Tydings, wet Democrat of Maryland, declared he did "not think Hoover had anything to do with it," but that he regarded it as an "effort to get the reaction of the governors so that the commission might study their views."

Although he is opposed to "divided control" in prohibition enforcement, he saw "merit in the proposal" and held that it would move in the right direction, "showing that the men at the head of things are at least beginning to question where we are headed."

Endurance Flier Killed In Plane Mishap In Iowa

Des Moines, Iowa, July 19.—(AP)—Ross Arnold, pilot of the endurance monoplane, Greater Des Moines, was killed late yesterday when the plane crashed nine miles southeast of here. The crash followed an attempt at a test refueling preparatory to starting an endurance flight today.

Charles Gatschet, pilot, was thrown from the plane but landed safely with a parachute. The plane was flying directly below its refueling ship, the Miss Sioux City, piloted by Arnold's brother, Amon, and Jimmy Barwick. It suddenly went into a dive, completely out of control.

Seven Killed And Nine Injured By Explosion In Pa.

New Kensington, Pa., July 19.—(AP)—Seven dead and nine injured was the toll today of an explosion which last night wrecked part of the Logan's Ferry works of the United States Aluminum Company, a subsidiary of the Aluminum Company of America.

Premier Poincare Is Still Unwell

Paris, July 19.—(AP)—Premier Raymond Poincare still is not in his usual physical form. When the Chamber of Deputies opened its discussion of the debt records today, he was not in his place. It was said the physicians counseled him to take another day's rest before returning to the torrid atmosphere of Parliament. He is suffering from fatigue.

Film Star To Wed

Anita Stewart, film star, will wed George P. Converse, New York banker, on July 24. They applied for a license in Los Angeles.

HOOVER LIFTS ARMS EMBARGO WITH MEXICANS

Proclamation Raises Ban On Shipment Of Munitions Imposed By Coolidge

Washington, July 19.—(AP)—President Hoover today issued a proclamation raising the embargo on the shipment of arm and munitions to Mexico.

The embargo has been in force since January 7, 1924 and was imposed by President Coolidge. The Mexican government recently requested the lifting of the embargo however, and the President's action today revoked the action in 1924 by President Coolidge.

A statement by the state department in connection with the embargo pointed out that the Mexican government has recently successfully withstood another domestic insurrection and that conditions now in Mexico no longer require maintenance of the embargo.

Bandits Seize Armored Truck With \$100,000

New Orleans, July 19.—(AP)—An armored truck of the Hibernia Bank and Trust Company carrying \$100,000 in cash and checks was seized by hooded bandits early today and driven out after the bank guards had been thrown to the street.

The loot contained \$21,300 in cash and \$21,283 in negotiable checks, but \$61,720 was represented by cancelled checks of the Illinois Central Railroad of no value to the bandits.

The truck was trailed by the bandits in a grey sedan until the curve at Dryades and Julia street was reached. Here the bandits began blowing their horns and the truck chauffeur thinking they wished to pass pulled to one side.

Instead the bandits leaped aboard the truck, firing two shots as they went, jerked the guards off to the street, drove them into a negro restaurant at the point of a shotgun and pistols and escaped up the street in the truck, leaving the sedan which had been stolen.

The guards fired as the truck sped away and the bandits shot back, but all of the bullets went wild.

Bandit Beats Up Operator Of Filling Station And Escapes With \$30.00 Cash

Joe Tripp, operator of a filling station on the Greenville-Farmville highway, about two miles from Farmville, is in a serious condition today as result of injuries sustained when hit in the head by an unidentified negro bandit last night.

After knocking Tripp out, the negro rifled the filling station money drawer and escaped with about \$30.00 in cash. Although county officials had thrown out a dragnet for the bandit today, he was still at liberty this afternoon with no information as to his whereabouts having been obtained.

JOHNSON WILL BE CANDIDATE FOR GOVERNOR

Friends Of Lumberton Attorney Say He Will Be Out For Election In 1932.

Asheville, July 19.—(AP)—Thomas L. Johnson, widely known attorney of Lumberton, judge of the superior court and president pro-tem of the upper house of the last General Assembly, will be candidate for governor in 1932, his friends here indicated today.

Democratic leaders in all sections of the state have rallied to the candidacy of the jurist urging him to enter the Democratic primary.

"I have been urged by many friends in all parts of the state to seek the gubernatorial nomination," Judge Johnson said today. "I have the matter under careful consideration but my judicial position will not permit any announcement or decision at this time."

Judge Johnson was appointed as emergency judge of the superior court last March by Governor O. Mox Gardner.

In June, he was reappointed for another two year term. Since his appointment, he has been serving as presiding jurist over the special term of Buncombe county superior court.

He was an outstanding leader in the state Senate during the session ended in March. He was the administration's spokesman in the upper house and sponsored many of the state-wide measures. By virtue of his election and president pro-tem of the Senate, Senator Johnson was the majority leader.

ASKS BOARD TO CONSIDER COTTON CROP

Senator Connally, Of Texas, Wants Farm Body To Give Early Thought To Situation

Washington, July 19.—(AP)—Senator Connally, Democrat, Texas, appealed to the Federal Farm Board today to give early consideration to the cotton situation.

The Texas senator urged the board to set up a statistical bureau as the first step in pointing the way to a consideration of cotton conditions.

Carl Williams, of Oklahoma, the cotton representative on the board, assured Senator Connally that as soon as the board had determined its policies the cotton situation would receive consideration. He received with interest the suggestion for the establishment of a statistical bureau which would keep the board in touch at all times with cotton crop conditions.

Reports have been received here of the adoption by the Texas and Georgia legislatures of resolutions asking consideration of the cotton situation but the board has not yet been able to give consideration to specific commodities.

While cotton prices have been sliding downward, Senator Connally expressed the opinion that they had stiffened and would at least hold their own.

Little, if anything, indicated the actual peace of the two countries has been broken, the current crop of rumors of border incursions and repulses lacking confirmation from any source. Except for frontier clashes there was some disinclination to believe the serious situation which has developed inevitably meant war.

The national government of China Nanjing dispatches said, viewed the position as grave but not hopeless. President Chang Kai Shek presided yesterday at a meeting of national leaders to discuss the situation. What took place was not revealed.

Traffic on the Chinese Eastern Railway has come to a standstill except for the extensive troop movements. Crowds of Chinese have blocked the border towns eastward and to the south, while Russians in Manchuria are trying to reach Siberia either to the west or the north.

URGE DRY ENFORCEMENT CHANGES

Widespread comment was provoked when Gov. Franklin D. Roosevelt (left) during discussion on crime control at the annual governors' conference at New London, Conn., read a letter from George W. Wickersham (right), head of President Hoover's law enforcement commission, urging changes in dry enforcement.

Edmonton, Alberta July 19.—(AP)—Captain Ross C. Host, flying from Mitchell Field N. Y., to Nome, arrived here at 5:45 a. m. today.

The message sent by Captain Hoyt to the Curtis Service through the Army information bureau, timed his arrival in Edmonton at 5:45 a. m., 15 minutes ahead of his schedule.

He made a stop at Minneapolis, Minn., last night, reaching there within two minutes of his schedule. From Edmonton to White Horse is 1,100 miles, and Captain Hoyt's time table calls for his arrival there at 3 p. m. Fairbanks, Alaska, is the next stop, 500 miles distant from White Horse and Nome is 500 miles away from Fairbanks. His schedule in Eastern Standard Time is: Fairbanks 8:40 p. m.; Nome 1 a. m., Saturday.

Constantinople, July 19.—(AP)—A large part of the city of Angora was ravaged by fire today. Flames broke out at 2 a. m. and, fanned by a strong wind, spread rapidly.

Reports to Constantinople early this afternoon said the fire had not been gotten under control.

Six charred bodies were discovered in the ruined buildings when the first was brought under control after burning for eight hours.

The total number of casualties had not been listed. It was estimated that more than 1,000 shops and houses were destroyed. The financial loss will be considerable.

Ghazi Mustafa Kemal, president of the republic, arrived at the scene of the fire at 3 a. m., and personally directed the firemen's fight against the flames.

The greater part of the old and picturesque town of Angora was destroyed, as well as the market. The flames were checked just before they reached the new city.

London, July 19.—(AP)—The menace of war hung over northeastern Asia today with a tense situation rapidly developing which easily could involve Russia and China in a battle for supremacy in Manchuria.

European correspondents in the affected area reported large concentrations of troops, both Chinese and Russian, at frontier points on the Chinese Eastern Railway, seized last week by Manchurian authorities.

There was admitted danger of border clashes in the proximity of these armies. Such incidents conceivably could precipitate both home governments into a deadly and disastrous conflict.

Little, if anything, indicated the actual peace of the two countries has been broken, the current crop of rumors of border incursions and repulses lacking confirmation from any source. Traffic on the Chinese Eastern Railway has come to a standstill except for the extensive troop movements. Crowds of Chinese have blocked the border towns eastward and to the south, while Russians in Manchuria are trying to reach Siberia either to the west or the north.

Thousands of Russians in the interior of China were reported as anxious to leave the country to escape internment in the event of war. Other Chinese multiples said to number 20,000, and according to the white leader, Ataman Semenov, as they spoke, were said to be anxious to wage war against the Soviet.

Little news emanated from Moscow and there was nothing in such dispatches as were received to indicate any war-like action was being prepared. The usual Russian censorship on press dispatches from Moscow was understood to be in force.

Japanese dispatches said martial law had been declared in Harbin, capital of Manchuria, and the death penalty threatened anyone spreading alarmist reports. Newspapers were strictly censored.

SEVENTEEN EMPLOYEES OF MARION CONCERN CHARGED WITH WOUNDING PRESIDENT OF COMPANY.

Marion, N. C., July 19.—(AP)—Seventeen striking employees of the Marion Manufacturing Company today faced a hearing at 5 o'clock this afternoon before Judge John H. Harwood, presiding in McDowell Superior Court, on the charge of a conspiracy to assault, beat, and wound one R. W. Baldwin, president of the Marion Manufacturing Company, and other employees of the mill.

The men were arrested yesterday afternoon by Sheriff Adkins, following trouble at the mill when Baldwin, leading a group of 25 striker-breakers, was said to have tried to rush to the line of pickets around the mill gate. The arrests were attended by no disturbances, and everything was quiet here this morning.

Baldwin charges he was struck in the head with a club, but the strikers asserted he was hit by the gate when some one slammed it shut to prevent the strike-breakers entering.

SWEDISH PLANE OFF FOR MARITIME COAST

Ottawa, July 19.—(AP)—The Swedish plane Sverig, took off from Livigt, Greenland at 11:18 Greenwich time this morning, bound for the Maritime coast, said a report received by the department of marine and fisheries from the radio station at Bell Esle.

Osaka, Japan, July 19.—(AP)—Harbin correspondent of the Osaka Asahi telegraphed his paper today that the Russians had assumed the offensive and had captured the border cities of Pogranichnaya and Manchul.

Peking, China, July 19.—(AP)—National legations and offices of their military attaches have hummed with activity since announcement yesterday that Russia had severed relations with China in a crisis growing out of Chinese seizure of the Chinese Eastern Railway.

Maps have been brought out and checked, both for troop movements, and to indicate locations of foreigners spread throughout Manchuria. Consular officials have been busy perfecting machinery for protection of nationals in the event of actual hostilities.

Protective units in Peiping, Tientsin and other foreign troop bases in China have been placed on the qui vive in anticipation of an eventuality in the present tense situation.

N. C. MAN FATALLY HURT IN DELAWARE

Wilmington, Del. July 19.—(AP)—John Jones, 30, of Chananoke, N. C., died in a hospital today of injuries received while trying to board a Baltimore & Ohio freight train here.

Before lapsing into unconsciousness the man said he was unmarried and out of work.

Washington, July 19.—(AP)—Secretary Stimson has called to the attention of both the Soviet and Chinese governments the fact that they are signatories of the Kellogg anti-war treaty in connection with reported threats of war between the two countries.

French Ambassador Claudel called at the state department yesterday and it is presumed in diplomatic circles that Secretary Stimson communicated to him for transmission through his government to the Soviet the suggestion that they should abide by the renunciation of war doctrine which was adopted as a national policy by Russia with the adherence to the Kellogg pact.

Chinese minister Wu received a similar suggestion from Secretary Stimson.

While the state department is without authoritative information on the underlying cause of the dispute between China and Russia over the seizure by China of the Chinese Eastern railway, Secretary Stimson on the basis of press reports feels the entire matter can be settled without resort to hostilities.

In his steps to avoid hostilities in the Far East, Secretary Stimson enlisted the aid of Japan, Great Britain and France. Besides conferring yesterday with French Ambassador Claudel, Mr. Stimson talked at length with Japanese Ambassador Debutchi. Sir Esme Howard, the British ambassador, has also conferred with the secretary on the situation.

Under the terms of the four power treaty concerning the Pacific signed in Washington the United States, Great Britain, Japan and France are obligated to confer and consult with one another in a threat to peace in the Pacific and particularly regarding a threat to their possessions. Secretary Stimson went beyond this, however, and took steps to call to the attention of the two governments their adherence to the Kellogg treaties for the renunciation of war.

NINE BODIES RECOVERED IN TRAIN WRECK

Several Injured Also Reported As Result Of Wreck Near Stratton, Col.

Stratton, Colo., July 19.—(AP)—Nine bodies had been recovered today from the wreckage of the Chicago, Rock Island and Pacific crack passenger train which plunged through a flood weakened bridge into an arroyo a few miles from here, at dawn yesterday morning.

Flood lamps rigged on wrecking trains lighted the twisted steel Pullmans, as searchers worked through the night in an effort to locate additional bodies in the death car—"The Cape Porpoise"—still submerged beneath the torrent that poured down the ordinarily dry creek bed.

On each bank of the stream other Pullman and baggage cars were piled, two of the Pullmans half submerged in the arroyo.

Eight of the bodies were taken from "The Cape Porpoise" which was so completely submerged that it was two hours after the wreck before it was realized that one of the cars in the train was missing. The ninth body, that of a negro Pullman porter, was found a mile downstream from the wreck.

Scores of the more than 100 passengers aboard the train were injured and were taken to hospitals throughout this region by rescue workers.

An westbound train passed over the bridge 45 minutes before the disaster to the westbound train.

Many of the passengers were preparing for their first view of the Rocky Mountains. The dawn was breaking as the train sped westward, at an estimated speed of 45 miles an hour.

From the wreck of Colorado Springs, Colo., a veteran of 25 years service on the Rock Island pilot of the head engine of the double header said the engine crossed the bridge safely.

The structure gave way as the rear wheels of the baggage car passed over it. The car cleared the bridge and plunged off the track, turning over. A second Pullman almost cleared the arroyo, its rear section only falling into the stream.

The next car, "The Cape Porpoise," was submerged and the front portion of the Pullman next in line fell into the water. The remainder of the 13 coaches were strewn about the prairie.

Ryan disconnected his engine from the baggage car and raced it to Vonah, four miles away, where he reported the accident, returning immediately to aid in the rescue work.

The list of dead, announced by the railroad, follows: Miss Mary McDowell, West Palm Beach, Fla.; O. P. Corlie, New York; Mrs. C. F. Corlie, New York; Julia Gul, New York; Mrs. Ben Lewis, Memphis; Henry Lewis, Memphis; Mrs. Jennie Foltz Memphis; Brooks Cline, negro porter; unidentified negro porter.

Two Cops Indicted In Strike Disorder At Gastonia Mills

Charlotte, N. C., July 19.—(AP)—The Mecklenburg county grand jury late yesterday returned true bills of indictment charging assault with a deadly weapon with intent to kill against W. Tom Gilbert and Arthur J. Reach, Gastonia policemen. Each posted \$500 bond to insure appearance for trial which was expected to be called some time today.

Both Reach and Gilbert were wounded in the clash between police and strikers from the Loray Mill the night of June 7 when O. N. Aderholt, Gastonia chief of police, was killed. Information upon which they were indicted was furnished the grand jury by Tom F. Jimison, counsel for 33 strikers and strike sympathizers who are under indictment charging murder and assault with intent to kill in connection with the shooting of Aderholt.

Affidavits secured by Jimison alleged the officers appeared at a filling station near the Catawba river on the Gastonia road the afternoon of June 7 and requested Pedro Melton, who was in charge of it, to get them some liquor. When he told them he had none, the affidavits, which were signed by Melton and others, alleged, the officers drew guns and forced him to jump into the Catawba river and then threw stones at him.

LEAF HOUSE HERE MAKES IMPROVEMENT

Farmers Warehouse Builds Addition; Other Improvements To Building.

Keeping pace with the rapid development of the Greenville tobacco market, R. V. Keel, J. J. Gentry and Nat Young, operators of the Farmers Warehouse, today announced improvements to their building for the coming season.

The improvements consist of an addition 136x44 square feet, which will give the building a total capacity of 46,240 square feet. New offices are also being provided and other improvements made to take care of the offerings this season.

Although this is a new warehouse firm, the operators are not new to the farmers of this territory. They have been connected with the Greenville market for a number of years and are prepared to give their customers the best of service.

Brokers File Suit Against Lavarre In Paper Purchase

Columbia, S. C., July 19.—(AP)—Palmer, Dewitt and Palmer, New York newspaper brokers, have filed suit in superior court here against Gerald Hall and William Lavarre, for \$13,175 in commissions alleged to be due for services in connection with the purchase of three South Carolina newspapers.

Papers in the suit were served on William Lavarre who recently filed suit to have split with Hall. Hall was not in the state and attachment papers were issued for any holdings he may have in the state.

The newspaper brokers claim they are due \$12,500 in commission for the \$400,000 purchase of the Spartanburg Herald and the Spartanburg Journal, and \$675 of the commission claimed for the Columbia Record purchase. Executives of the chain asserted last night that all stock of the papers was in the name of Mr. Lavarre and executives of his organization, and that none of it was held by Mr. Hall.

The Augusta Chronicle, fourth paper in the Hall-Lavarre chain, was not mentioned in the suit.

# For the Love of a Lady

By JEFFERY FARNOL

**SYNOPSIS:** Helen D'Arcy, incensed and outraged by Sir Richard's baseless insinuations, strikes him in the face with her whip and rides off with Gregory. Sir Richard concludes that he has misjudged her and decides on a bold course. He hurries to the village, meets Gregory and tells him that he is determined to marry the beautiful Helen. Richard spies a turvite shadow in the night and follows—it is Tom Pitt delivering a mysterious note addressed to Helen's maid, Betty. Richard finds the note where Tom left it in a garden arbour, when to his surprise Helen approaches him—but Helen is strangely meek and changed, a picture of loveliness in the bright moonlight.

**Chapter 23**  
**A RADIANT DAWN**

Tenderly but quickly, Sir Richard grasped his lovely burden, Helen kicking feebly and voicing mild protests. Vanished was my lady's haughty spirit and disdain, that fierce temper with which she had struck Sir Richard only a few hours before.

"Why . . . what . . . ?" she whispered. "The dew," he explained. "It lies heavy and I fear for thy pretty feet."  
"Oh, 'tis hateful to abuse my helplessness," but my lady's voice betrayed her utter lack of scorn and its gentleness surprised even herself.  
Keeping close to the shadows of the garden, Sir Richard carried my lady, and she, nestling within his arms, felt a delightful sense of repose and comfort, so much so that she rested her head against Sir Richard's shoulder.  
Thus they came to a rustic seat beneath an ancient cherry-tree and carefully he placed her upon it, seating himself beside her. Once more he unfolded the letter to the moonlight and together they read it carefully.  
"Our Thomas becometh somewhat vague in places," said Sir Richard.  
"But," said Helen, pointing to a certain line, "this is clear enough," and forthwith she read:  
"Should ye hear aught of his whereabouts, hasten to tell me, for naught is well until he is took."  
"Richard, surely this means you." Into her voice had come again that exquisite note of tenderness.  
There ensued a silence and Helen, grasping Richard's arm with both her hands, watched his thoughtful features as he studied Tom Pitt's

scrawling—the bold line of nose and brow, the sombre eyes, the sensitive mouth and the square jut of chin . . . A strong face? Yes, decidedly! A good face? Beyond all doubt! Now as my lady sighed, Sir Richard turned to look into her uplifted eyes and she saw in his moorish lips a curve of unexpected tenderness.  
"You feel no cold?" he questioned.  
"No, indeed—oh, no!" she answered, bending to peer at the letter again. "The night is very warm. But what more make you of this roguish message?"  
"Well, this mention of the Haunted Mill inspires me to prophesy that verily haunted 'tis like to be. And so much for this. So come we now to myself and myself."  
"And what of me?" she asked.  
"Well, first thou art my Helen!"  
"And thou art presumptuous!" said she, though her voice was kind, a caress and not a reproach.  
"Second, thou'rt mine own especial housebreaker that, caught 't the very act, yet faced me undaunted—"

"Nay, Richard, I vow no poor soul was ever more fearful than I."  
"Then art braver than I deemed!" said he, and took her hand in both of his. "Also 'twas to serve thy friend!" Here he raised her hand to his lips and kissed it. My lady nestled closer to Sir Richard, her slim hand still held firmly in his grasp. Again they sat silent, reluctant to break the peaceful quiet of the enchanted night. At last, my lady spoke in voice meek and small:  
"And . . . you . . . left your ring where you found it, the ring I had lost to one I thought you . . . you left it to ward suspicion from me at peril of your life . . . wherefore?"  
"You were my friend."  
"And would be so still," she answered; "thy ever grateful friend."  
"Then Helen, in friendship's name, I bid you tell me where is your cat's-eye ring?"  
"I lost it," she answered, turning to him in swift surprise. "But why do you—?"  
"Helen, tell me how you lost it and when?"  
"Nay, I'm not sure, yet I think 'twas when the masked man stayed me in the lane. Mistaking this man for you I grew angry and dashed my purse's 'neath his horse's feet, and so fiercely that my gaiter flew off and with it, I think, my ring, though I missed it not until next day. But why so grave?"  
"Because with his last breath Julian spoke me this warning: 'Ware, Dick, the cart's eye.'"  
For a moment they sat utterly

still, looking upon each other and never a word.  
"Oh, Richard," sighed she at last in awful whisper. "Then you think he saw it . . . on his slayer's hand . . . my cats-eye ring?"  
"Would it fit a man's finger, Helen?"  
"No—yes. . . I'm not sure, but 'twas loose on mine."  
"These white fingers!" said he and took her hand into his warm, vital clasp again.  
"But my ring, sighed she. "I wonder where now it is."  
"I'd give much to know!" said he thoughtfully. "But enough of this, no more of the past. I'll tell thee of the future."  
"What canst thou know of the future, Richard?"  
"That I shall woo thee," he answered. "Ay—and I further prophesy that this thy Richard, shall suddenly vanish awhile and yet, so vanished, be nearer than thou, or any, dream. I prophesy that because thou art woman very tender and compassionate, thou shalt yet come to think on thy Richard with an ever-growing kindness, until one day perchance, shall be glad to know him so very truly thy friend that Richard vanished, his glad ghost shall yet watch over thee, till at last this murder shall out—then shall he reappear to clasp, to clutch and setze thee to his heart and then—how say you, Helen?"  
"Nay prophet, speak thou!" she murmured.  
"But, even as she uttered the words, a distant clump upon four."  
"Richard, dawn is upon us!"  
"As I did prophesy!" he nodded.  
"Here have we sat the night through," sighed he, "nor have I presumed to kiss thee once!"  
"Indeed but you have, sir—my hands—both of them!"  
"But never thy lips, Helen! Nor shall I ever until my name be clean and I myself, mayhap, something more worthy."  
Now, looking into his sombre eyes, she caught her breath as if indeed she had read there something beyond expectation wonderful. And when she had vanished into the house, he strode away, and in his eyes a radiance not of the dawn.  
"And we do pronounce a verdict of wilful murder 'gainst Sir Richard Guyford of Weare, baronet."  
The inquest indeed had been but a perfunctory business. Witness after witness had been called and examined while Sir Richard, crouched at the judas, had watched, listened, and learned many things about himself.  
He was a sot, a careless landlord,

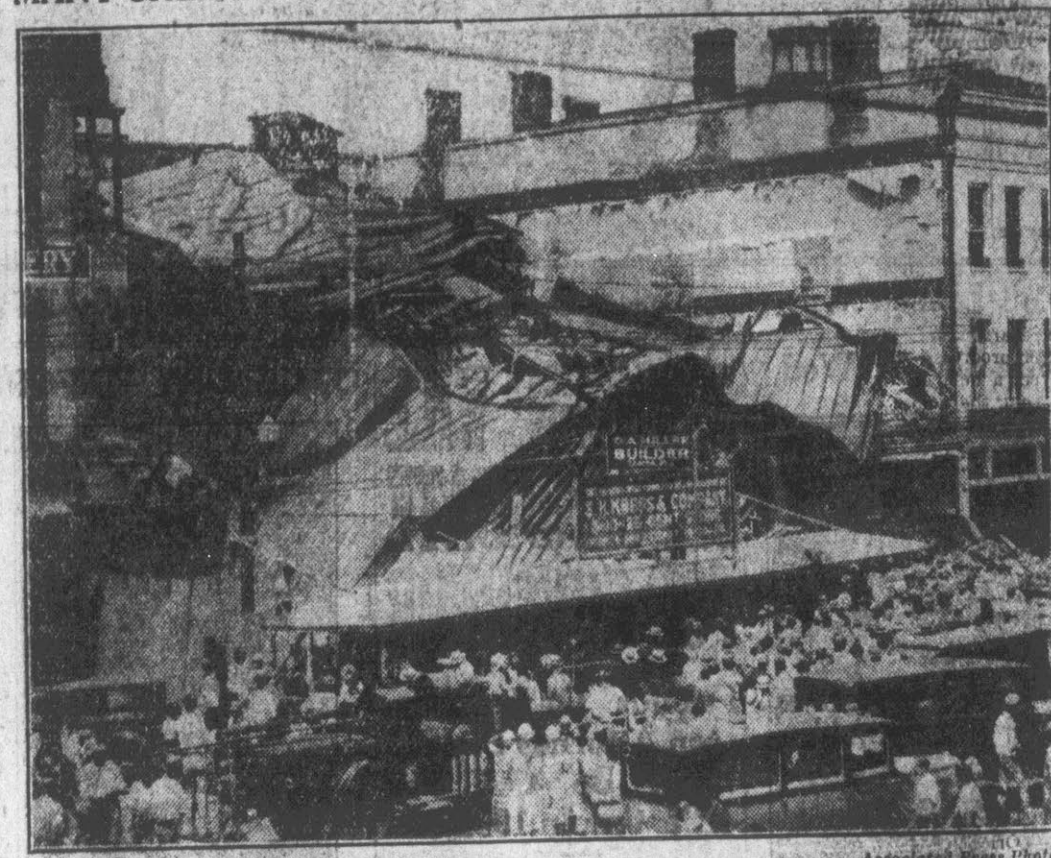

a man of riot and evil life, a friend of gypsies, vagabonds, thieves and dangerous malefactors.  
Viscount Brocklehurst had described his vicious assault upon the dead man. Captain Despard deposed briefly as to the impending duel. Tom Pitt had told how, at about the fatal hour, he had chanced to see Sir Richard gallop his horse very furiously out of the wood, flourishing a pistol in his hand. Then followed evidence as to the finding of Sir Richard's blood-stained cloak.  
"And 'zounds!" muttered Sir Richard, "never sounded man more guilty 'rogue than I. But Tom Pitt—you must clap a pistol in my fist to damn me beyond redemption—I wonder why?"  
All about him were men who were eager to drag him to a shameful doom—more especially Viscount Brocklehurst and Tom Pitt. And wherefore? The one had been Julian's familiar friend, and the other, his servant. Then there was his cloak, found in the wood and smeared with blood. How came it there? A man had worn it that evening in the lane. What of Julian's dying words, the warning against a cat's eye ring—Helen's ring, worn on the fatal pistol hand of Julian's murderer?

**HOOKEKTON WOMAN HONORS BRIDE-ELECT**

Hookerton, N. C., July 12.—Mrs. H. S. Hardy was a charming hostess at a bridge party given at her home in honor of Miss Mary Frances Albritton, who is to marry Dr. F. W. Carroll on July 27.

After progressive bridge had been enjoyed, a delicious ice course, carrying out the color scheme of pink and green, was served. Miss Ruby Dail received high score prize and Miss Albritton was given a lovely perfume atomizer.

After this the bride-elect was blind-folded and led to a table on which was found a hat box containing a miscellaneous shower for the bride. This was quite a surprise.

## DENIES REPORT ON TARIFF QUESTION

Washington, July 19.—(AP)—The White House today denied published reports that President Hoover had directed the tariff commission to report to him on Democratic members of Congress who had made requests of it.

At the same time a comment on the reports by Senator Harrison, Democrat Mississippi, declared the Democratic minority would "neither be bludgeoned nor browbeaten" in the tariff controversy.

## HOOVER PAYS FOR HIS FISHING PRESERVE LODGE

Washington, July 19.—(AP)—The cost of building President Hoover's fishing lodge on the Rapidan river in Virginia is being borne by the chief executive himself.

This statement was made today by George Akerson, the President's secretary, when his attention was called to reports that the expense was being met by the government.

"The President," Akerson said, "is paying out of his own pocket for every board and nail that goes into the lodge."

## Would Abolish Tips

London—Jack Mills, laborite M. P., is circulating a petition for the abolition of tips in the House of Commons restaurant. Waiters are paid \$8 a week and provide their own uniforms. But there is a deficit and the committee in charge is adverse to making salaries large enough without tips.

## Ready to Clear Out

Newark, N. J. — John Dreier, wealthy retired milkman who owns 20 acres, formerly a cow pasture, in the midst of valuable residential property, has plastered it with signs reading "for sale to colored people only; long terms; restrictions."

Streets were cut though his land recently over his objections. His explanation of the sign is: "They rose me out. They don't want me so let them have colored people neighbors."

## No Compensation For Employes If Off on Vacation

Raleigh, July 18.—(AP)—Parsons who are injured while on vacation need not expect to receive compensation for their injuries in accordance with the terms of the workmen's compensation act, T. A. Wilson, member of the State Industrial Commission, said today.

A number of inquiries have been made along this line he said, some persons thinking that just because they are on vacation with pay from their jobs they will be entitled to compensation in event they are injured while away.

## SIXTY YEAR OLD WOMAN AND HER FOUR CHILDREN HELD FOR SELLING BOOZE

Pine Bluff, Ark., July 19.—(AP)—A sixty year old woman, three of her children and a daughter-in-law were arrested here today on charges of transporting liquor. The five, Mrs. Ella Long, the mother, Lester Long, E. Long and his wife, and Willie B. Long, were taken into custody after an automobile chase during which they were alleged to have broken up several containers of whiskey.

## Earthquake Does Great Damage In Florence, Italy

Florence, Italy, July 19.—(AP)—Florence was shaken by an earthquake at 10:02 p. m., yesterday. The shock lasted about eight seconds and did considerable damage.

Roofs fell and crevices appeared in walls in Borgo, San Lorenzo, Vlechio, Harberino and Firenzoula, but no personal injuries were reported.

The quake, which was undulatory in character, caused many to desert their homes and spend the night outdoors. Its epicenter was believed to be about 25 miles distant.

The Piazza Michelangelino, the Campo di Marte, and Lecasine were full of fearful people while the populace of the hamlet Mugello went out into the fields to sleep.

At Bologna the shock was lighter than at Florence. At Faenza and Castel Del Rio the inhabitants were greatly alarmed.

## Floods Claim 20 Lives.

Hyderabad, Nizam's Dominions, British India, July 19.—(AP)—The floods, following torrential rains throughout Sind have taken twenty lives. Stopping crops such as cotton and rice, and houses on the low lying lands have been greatly damaged. Cattle losses have been heavy.

## Fliers Sail For Home.

Cherbourg, France, July 19.—After a final cup of champagne as guests of the Cherbourg Chamber of Commerce, Captain Lewis Yancey and Roger G. Williams, American trans-Atlantic aviators, sailed for home tonight aboard the liner Republic.

## Babe Lame Again.

Cleveland, July 19.—(AP)—Babe Ruth, who sprained his knee at Detroit two days ago, pulled up lame again today in the first game between the Yankees and the Indians. He was forced to leave the game after receiving a pass in the first inning and going to second base. Cedric Durst replaced him on the base and also in the field.

## Makes Money Fast

New York—George F. Baker has made \$11,000,000 in one day on paper. He is chairman of the board of the First National Bank and the stock soared more than \$500 a share to \$7,800 bid and \$8,000 asked. He holds 22,800 shares.

## MORROW BESIEGED BY JOB HUNTERS

Mexico City, July 19.—(AP)—Published reports in Mexican and United States newspapers that Ambassador Morrow was acquiring vast land and water properties in Mexico have brought a flood of applications, letters and telegrams from people who want to work for him.

The communications have occasioned considerable surprise at the embassy where it was stated the ambassador owned less than an acre of land in Mexico, that being the plot on which his country home at Cuernavaca is located, which cost him \$6,000. As for "purchasing waterfalls on behalf" of the General Electric Company, it was said the nearest thing to water power he owned in Mexico was the swimming pool in the back yard of the Cuernavaca place.

## Liquor Informers May Be Prosecuted

Los Angeles, Cal., July 19.—(AP)—The State District Court of Appeals here ruled yesterday that informers who send officers on fruitless liquor raids can be sued by the raid victims for malicious prosecution and for damages.

The ruling permitted the reinstatement of a suit by Mr. and Mrs. Earl R. Biancetti against three of their neighbors, John, Jenny and Daisy Barr. The Barrs reported that the Biancettis were conducting a bootlegging establishment. The police obtained a search warrant and raided the Biancetti home but found no liquor.

In announcing its decision the Appellate Court said it was not necessary for an informer to sign a complaint or an information to establish his responsibility. If a person is instrumental in setting the law in motion he may be held liable.

MUNICIPAL PLANTS AN ASSET

For the second successive year the city council of Colby, Kansas, has voted to operate the city government without tax levies. Such is made possible because of the fact that the earnings from the municipally owned electric light and water plant provides all the necessary revenue to defray the governmental expenses.

The tobaccoists are leaving for the Georgia markets, which brings us to the realization that it will not be long now before our own markets begin operation. Ordinarily time flies fast enough and we do not dare wish it to pass faster than it really does but after a summer of such wet weather and dry business in this section, we venture to say that almost everybody in the community will be glad when the remaining days between now and the opening of the tobacco markets have passed and the silver tongue of the auctioneer again ushers in our fall business season.

HOME GROWN FARM RELIEF

Last year, it is recorded, North Carolina imported \$1,780,000 of mixed feeds. There isn't any use to elaborate on this. It stares us in the face as a glaring opportunity for the farmers of North Carolina to do some farm relief for themselves. Certainly, this is the way it struck George Ross, new superintendent of the State's farms, who is going to see to it that this policy shall not

be charged up to the farming operations of the State institutions over which he has control. Next year, prison labor will be utilized in the preparation of mixed feeds from products grown on the prison farms and the other 25 farms owned and operated by the State.

What this will be worth to the State institutions is a matter of mathematics. It's greatest value is its worth as an example and a bit of inspiration to the farmers of the State.—News and Observer.

ABOUT TOWN

"Greenville people saw the prettiest piece of mound work in years here last Wednesday afternoon when Fitzpatrick let Goldsboro down with one hit to win a 3 to 0 shutout." declared a citizen yesterday morning discussing the pitching feat.

"It looked like the game was going to develop into a pitchers' battle, but the Greenville hurler so far out-pitched his opponent that he was by far the outstanding feature of the game. His twisters were the most puzzling seen here this season. In fact, the ball took such peculiar turns that the umpire inspected the sphere from time to time to determine the cause of the antics. He didn't find anything, so it is naturally concluded that all the stuff is in the slim wrist of the new Greenville hurler, and that he is capable of pulling similar performances without the aid of anything but the might of his good right arm."

"Such baseball as this should inspire Greenville people to attend the games in large numbers, and in that way show their appreciation of the splendid effort of Greenville players to maintain the lead of the league which they have held for the past ten days or more."

"If you like baseball, Mr. Fan, then don't miss the remainder of the games played here this season. You need the inspiration and the ball club needs your money—so get yourself ready and be sure to be on hand when the umpire calls play ball at the next Greenville game."

"Pitt county farmers are certainly busy at this time putting in their harvest of bright leaf tobacco," said a well known business man who returned to the city yesterday afternoon after a visit to various parts of the county.

"From now until the latter part of August the majority of farmers will be busy with their tobacco getting it in shape for the opening of the market the early part of September."

"While the crop has been reduced in some sections by the recent heavy rainfall, numbers of farmers are going to turn out normal acreage and be ready to receive the good prices expected to prevail during opening days. We can cut our crop and then have enough left to get by on if the price situation is favorable and the attention of everybody will be centered in this one direction. It has been the case for the last thirty years or more and will continue to be the case as long as the industry lives."

"The department is using its every influence to interest Pitt county farmers in the value of dairying, or of just owning one cow," said a prominent member of the County Farm Department today.

"Dairying has proved successful and profitable to other communities, and it is hoped it will prove likewise here. And there is no earthly reason why it should not. Just one cow would help cut down the expenses of the family to such an extent that the average farmer would realize an enormous saving in the course of a year."

"It is to be hoped this matter will receive more consideration from every farmer desiring to increase his revenue and that the next year may see a general increase in the industry."

"It looks as if the Boy Scouts of Greenville are planning to have a big time this summer," declared a read of this paper, discussing the meeting held here Tuesday night for outlining plans for summer encampment.

# Greenville Club Sweeps Series With Goldsboro; Off To Scot Town Today

Greenville made it two in a row by taking the final game of the series from Goldsboro here yesterday afternoon by the score of 9 to 0. It was anybody's old ball game until the eighth inning when Greenville sent three runners over the plate to break the tie and give them a lead that the visitors made no move to overcome in the final innings.

Both clubs bled along for three innings without scoring, although they made several feints at the plate but, in the fourth Greenville batters got busy and sent over one runner. In the fifth the Bugs unleashed an attack, which coupled with two errors of the locals, enabled them to shove four runners across the rubber, giving them a lead which looked like a mountain to the splendid crowd of Greenville fans waiting breathlessly in the grandstand and bleachers.

However, in their half of the fifth the Tobaccoists got busy with the stick again and when the smoke of battle had cleared away three runners had reported at the checking station with enough tallies to tie the score 4-4. In the sixth, the Bugs took advantage of erratic throw anastasiann un an shrldunambing of the Greenville infield and gained a one run lead. But the advantage was short lived. The mighty smokes of the leagu leaders cracked out sufficient hits in their half of the sixth to give them two runs and a one run lead.

Not yet ready to yield, the Bugs managed to get another runner home in the eighth to tie the score. But their hopes were blasted for the day when the invincible Worms eased three more men in for counters in their half of the eighth, virtually ending one of the greatest nip-and-tuck races seen here during the season.

Jefferies started out on the mound for Greenville, and while he pitched winning ball he failed to receive outright support and retired in the seventh inning in favor of Garcoe. The bespectacled youth, who aside from being one of the best mound artists in the league, is a fielding pitcher, let the visitors have one more run. After that time, he was invincible and the Bugs swung the air in vain in an effort to connect for sufficient bingles to send additional runners over the rubber.

Coltraine, Goldsboro ace, started out on the mound but after yielding eight hits was pulled in the fifth frame in favor of Rakel. While both men hurled fairly good ball, they were unable to stop the barrage the Greenville batsmen who hit almost at will with men on bases. Senda, Greenville left fielder, came in for batting honors of the day. He connected four times out of five trips to the platter, all four hits resulting in five runners across the checking station. "Budie" Crump won second place in the willow assault, getting three hits, one a two bagger, out of three trips up.

Buckner and Payne lead the Bugs with the stick, each connecting for two safeties out of three and five trips, respectively. Goldsboro had eight hits in all credited up to them while Greenville connected for a grand total of twelve.

The victory enabled Greenville to maintain her game and a half lead of the circuit, with Fayetteville still holding second place. Greenville moved over to Fayetteville this afternoon to conclude the week's play with a two game series with the Highlanders. Owing to the fact that the Scots are making a strong bid for the leadership of the league, much interest is attached to the battles, and fans from all six cities will watch each game with more than passing interest.

## TOM LOUGHRAN WINS DECISION OFF BRADDOCK

New York, July 19.—(AP)—Tommy Loughran was still ruler of light-heavyweight bridge today and James J. Braddock, Jersey City puncher, had only a boxing lesson to show for his meteoric climb to the rank of contender.

Meeting Braddock in a 15-round titular battle at the Yankee Stadium last night, Loughran pried up points with a stabbing left hand and won the decision beyond a question of a doubt.

Not once during the struggle could Braddock land squarely with the famous right hand with which he had broken Pete Latzo's jaw, knocked out Tuffy Griffith in two rounds and stopped the Buffalo speedster, Jimmy Slattery, in nine rounds.

Outsped and outfought all the way, the Jersey lad found the champion's left always ready to catch the wild over-hand rights that came his way.

Never had Loughran appeared to better advantage. His educated left hand kept the challenger off balance, thus neutralizing the undoubted power Braddock has in his fists.

The Associated Press scorecard gave Braddock only two of the 15 rounds.

As usual, Loughran started slowly, giving ground all the way in the first round.

Loughran continued fighting cautiously in the second, apparently to find out what he would need.

Beginning with the third, however, the champion was in complete command of the situation. Using that tantalizing left jab at every opportunity, he made Braddock miss his swings by feet on several occasions.

Although beddiered by the stream of punches that hit him with lightning speed, Braddock never was discouraged. He marched stolidly forward, but never could drive his right hand in effectively. A crowd of some 25,000 saw the scrap. The "gate" was around \$90,000.

Loughran weighed 174 pounds; Braddock 170.

In the ten-round semi-final Dave Shape, California veteran, punched his way to a decision over Rene Devos, crack Belgian middleweight. Each weighed 159 pounds.

New York, July 19.—(AP)—Tommy Loughran announced early today that the light-heavyweight throne was vacant and that he would seek the permission of various boxing commission to campaign hereafter as a heavyweight. Departing from the Yankee Stadium just after midnight.

"From now on I am going to fight at my normal weight which will preclude my continuing in the 175-pound division. I intend to give up the crown and see what I can do among the heavies, the authorities, of course, willing."

The Mackmen now is eight and one-half contests.

More important to Connie Mack than this paper advantage of having won a game which the Yankees yet have to play was the showing of George Walberg who in recent games had threatened to enter a slump. Walberg gave the Bengals nine hits, but so scattered these that the afternoon was an Athletic walk-over.

Washington opened its stay in St. Louis by winning a wild 10 to 3 decision.

The veteran Red Faber shaded Danny McFayden in a fine pitching battle at Chicago, and the White Sox defeated the Red Sox by 2 to 1 in ten innings.

## BILL TILDEN WINS OPENING TENNIS MATCH

Berlin, July 19.—(AP)—Bill Tilden smashed his way to victory over Hans Moldenhauer, of Germany, in three straight sets today to give the United States the opening match in the interzone Davis cup tennis final against the Germans. The score was 6-2.

Big Bill carried too many faults for Moldenhauer. The German, eight years his junior, carried more speed of foot than Tilden but the wizardry of the American's racquet, dealing out a disconcerting mixture of cannon balls, stinging drives, volleys and drop shots, had him guessing all the way.

A crowd of not quite 5,000 watched the match under a hot sun.

Moldenhauer appeared handicapped by nervousness at first but when he recovered his composure Tilden had to show close to his best form against the methodical stroking of the German.

Both began somewhat nervously. Moldenhauer made two double faults in the opening game, giving Tilden a lead at the very outset.

They were content to exchange ground strokes for the first few games. Later, as the battle progressed, the players advanced or tenned to mid-court and sometimes to the net where Big Bill's better control of his nerves and greater accuracy dominated the play.

Table with 4 columns: Club, W, L, Pct. Rows: Macon, Kncville, Columbia, Augusta, Greenville, Asheville, Charlotte, Spartanburg.

## GIANTS TURN BACK PIRATES

By WILLIAM J. CHIPMAN, Associated Press Sports Writer.

The first phase of John McGraw's own personal crucia battle against the high-riding Pirates had just the result Joe McCarthy himself would have asked. The Giants turned back the Pirates by 4 to 1 as the McCarthy troops swept through the paper defenses of the Robins, 11 to 7.

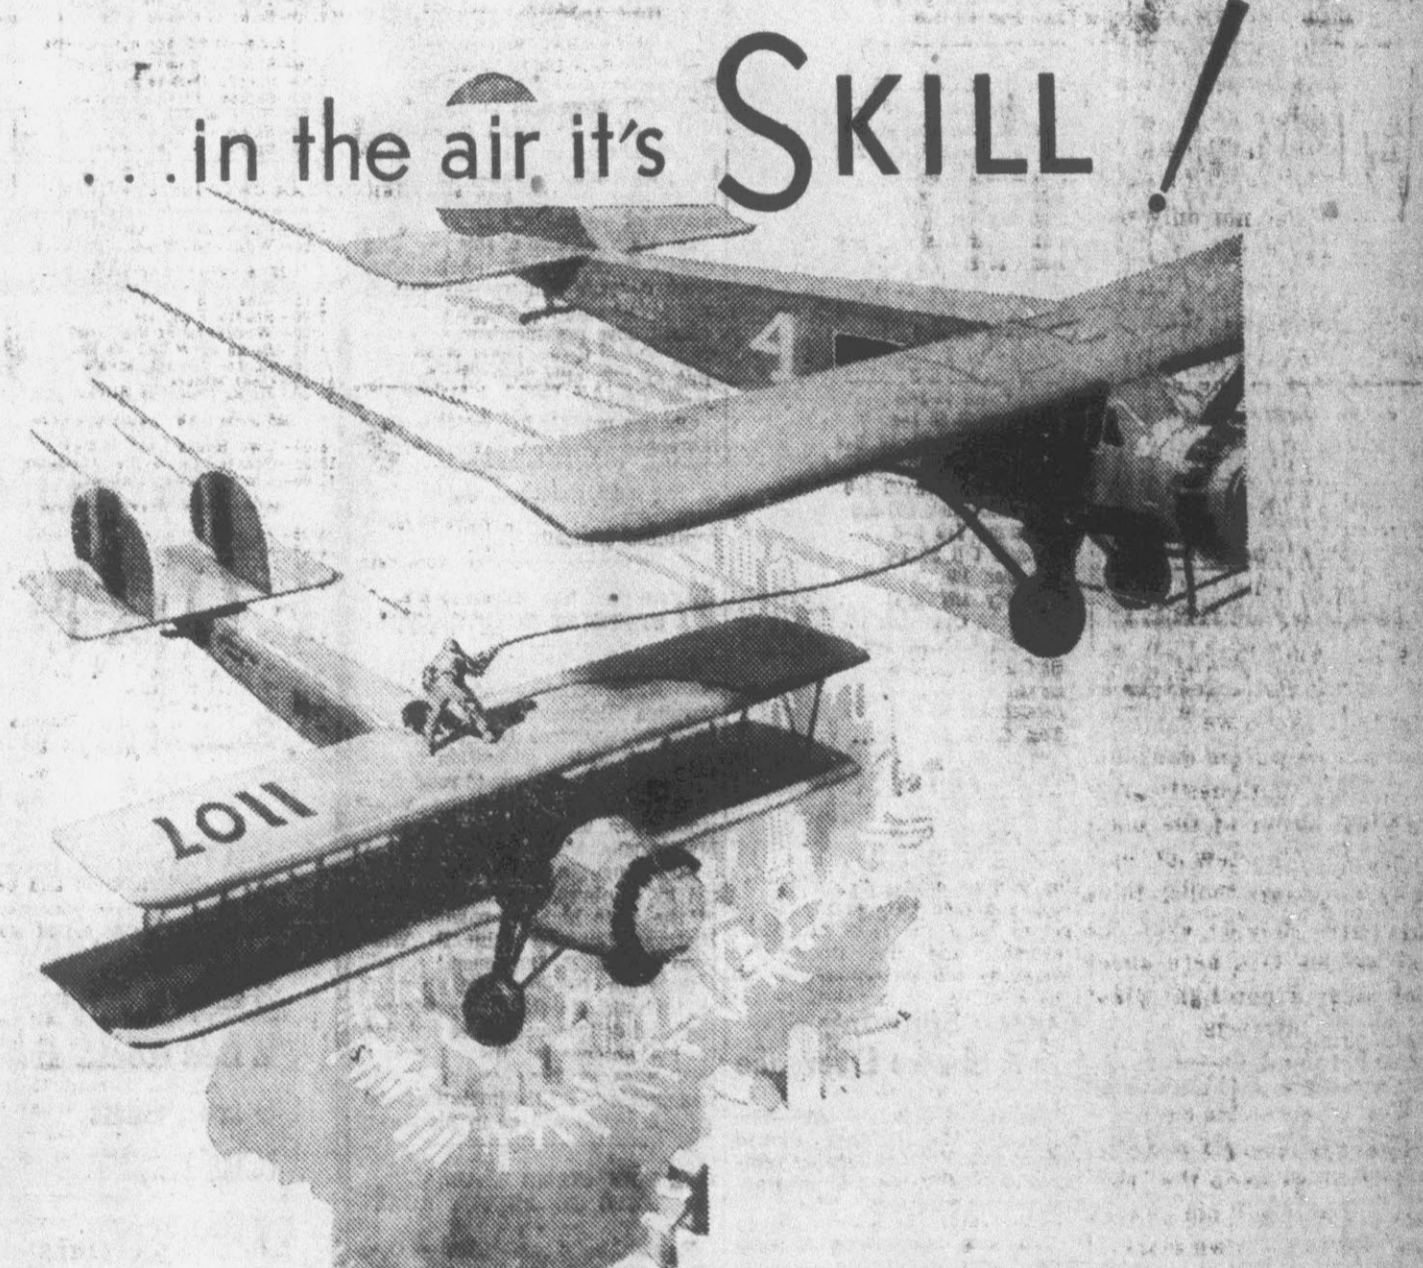

Another Chicago victory today, matched by another Pirate defeat, would send the Cubs back to the top by a percentage margin with the standing in games a virtual tie. The Bruins have not been at the head of the class since they divided morning and afternoon games with the Cincinnati Reds on the Fourth of July when the first game, it may be recalled, was called at the end of the eighth for business reasons, with Cincinnati ahead.

The Cubs began their day in Brooklyn with a seven-run onslaught in the first which broke Clise Dudley and bent Ray Moss. From that point onward it was merely a Chicago breeze, although the Robins did fire away at Hol Calson with such vigor in the sixth that Joe McCarthy deemed it wise to send out Art Henf to finish the game.

A five-run rally in the eighth enabled old Alex, the great, to pick up credit for the Cardinals' 6 to 4 victory over the Braves. The Phils turned back Cincinnati by 6 to 4 in a game noteworthy because no one hit a home run.

The Yankees were rained out in Cleveland, and the Athletics picked up a technical advantage of half a game by defeating Detroit, 8 to 4, in ten innings.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET N. Y. STOCK LIST

New York, July 19.—(AP)—Cotton opened steady at a decline of 3 to 7 points under renewed liquidation and some local southern selling attributed to a better view of the weather map and slightly easier Liverpool cables. October sold off to 014.75 and January to 19.00 during the first few minutes making net declines of 13 to 4 points on the active months. These prices brought in buying from the trade or commission house sources, and the market was quiet but barely steady at rallies of a few points from the lowest around 10.30 o'clock. Liverpool cables reported continental selling and a firm market for cotton cloths but said that the turnover in yarns was much less than production.

## STOCK MARKET

New York, July 19.—(AP)—Disregarding the establishment of a new high record in federal reserve brokers' loans the stock market continued to move upward today although the advance was by no means uniform. Buying operations were conducted with considerable vigor in a varied assortment of steel public utilities, and electrical and railroad shares, a dozen of which moved into new high ground. Several of the motor and oil shares were conspicuously heavy.

Call money remained at 4 per cent but the volume of funds became so plentiful that the rate was dropped to 7 in the early afternoon. Other monetary accommodations held steady.

While some nervousness was apparent as a result of the increase of \$50,000,000 in brokers' loans, wall street seemed more interested in the reduction of member bank borrowings at the federal reserve.

Trade news continued favorable. A Berlin demand was reported for copper by foreign and domestic consumers. Another flock of favorable earnings reports made their appearance, and wall street was again flooded with rumors of stock split-ups and higher dividends.

U. S. Steel common returned to its old role as the market leader by buying more than 4 points to a new high at 208 1/2. Republic crossed 114 to a new top. Quaker steel advanced more than 3 points via some of the other so-called independents advanced a point or more.

Major speculative activity was in the public utility shares, several of which were turned over in enormous volume. Public service of New Jersey, National Power and Light, Standard Gas and Electric and the new United Gas Improvement all climbed into new high ground. Consolidated Gas, Electric Power and Light, Louisville Gas and Detroit Edison sold 2 to 4 points higher.

Buying of these issues was based on reports that several new consolidations will be announced before Congress reconvenes in the fall.

Bendix Aviation ran up nearly 6 points to a new peak. First National Stores attained a new high on expansion rumors. General Electric, Johns Manville, battery outfit Associated Dry Goods, National Bus. and American Type Founders also sold 3 or more points above yesterday's final quotations. Anaconda and Andes were the leaders in the Copper group.

Rails were mixed. Kansas City and Southern crossed 100 to a new peak and New York Central, Pennsylvania, Union Pacific, New Haven and Delaware and Hudson advanced 1 3/4 to 2 1/2 points but Canadian Pacific and Atchafalpa were heavy.

## Islanders Vote For Prohibition

Charlottetown, P. E. I., July 19.—(AP)—The prohibition act in Prince Edward Island was decisively endorsed by a plebiscite yesterday at which voters were asked to decide between its retention or substitution of government sale.

All the returns have not been compiled but prohibition was conceded a large majority. There was a general lack of interest in the balloting.

Approximately 17,000 electors cast their ballots, about 50 per cent of the vote polled in the general provincial election of 1927, when the Conservative government of J. D. Stewart went to the county with a policy of government control of the sale of liquor, only to be overwhelmingly defeated by the Liberal party of Premier R. A. C. Saunders, who promised sincere enforcement of the prohibition act and a plebiscite in 1929 free from any political tinge.

Voting in Charlottetown and vicinity resulted in a majority of 218 for government control, the totals being 1,417 to 1,199. Only a third of the electorate here went to the polls, and the women's vote predominated in many instances. Prohibition majorities for all three counties, Kings, Queen and Prince, were reported.

The two questions submitted to the electorate were:  
1.—Are you in favor of the prohibition act as now the law in this province?  
2.—Are you in favor of the sale of alcoholic liquors under a government control act?

A similar plebiscite will be held in Nova Scotia this year.

## DEATH FROM BELLAGRA SHOWS BIG INCREASE

Raleigh, July 19.—(AP)—Deaths from pellagra in North Carolina during the first six months of 1929 showed a 50 per cent increase over the same period of 1928, the State Board of Health announced today.

During the first six months of this year there were 458 deaths from pellagra in the state, the board reported, of which 114 were reported in June. Last year during the first six months there were 305 deaths.

## HENDERSON BOY HAS DOUBLE PNEUMONIA

Henderson, July 19.—(AP)—Richard Gooch, son of Mr. and Mrs. L. R. Gooch, prominent family of this city, is critically ill at Camp Glenn, Morehead City, as the result of double pneumonia, following an injury to his leg in the accidental discharge of a gun.

Leon Joyner, also of this city, and Gooch were "cleaning their guns," when Joyner's gun was discharged, the bullet entering Gooch's leg.

Both boys are members of Company C, National Guard Infantry unit of this city, now in camp at Camp Glenn.

Gooch's parents left yesterday for Morehead City on advice from Captain J. G. Cooper, in command of the local company, and a message from them said the young man continues critically ill.

## DOUGHTON TO REPRESENT STATE AT ROAD OPENING

Raleigh, July 19.—(AP)—Chairman R. A. Doughton, of the North Carolina Highway Commission, will officially represent North Carolina tomorrow at the celebration of the opening of the new paved road connecting Roanoke, Va., and Winston-Salem, which will be staged at Martinsville, Va.

Mr. Doughton will be accompanied by Captain Charles D. Farmer of the state highway patrol, Chief Highway Engineer John D. Waldrop and Mr. R. Dunsagan.

Governor Gardner had accepted an invitation to attend the celebration and deliver an address but due to his absence at the governors' conference at New London, Conn., was unable to fill the invitation, and Mr. Doughton will go in his stead.

## ONE MAN CRIME WAVE ABLE TO BE OUT AGAIN

Raleigh, July 19.—(AP)—Otto Wood, North Carolina state prison's "one man crime wave," was able to be out on the prison yard again today after a brief stay in the hospital. Wood, according to Dr. J. H. Norman, prison physician, evidently ate too much for his own good and was stricken with something akin to acute indigestion.
