

GOV. RICHARDS IS FRIEND TO UNION LABOR

South Carolina Executive To Invite Labor Head To Future Conference.

Columbia, July 23.—(AP)—Governor John G. Richards announced today that in the future, "where it can be done," Dowell E. Patterson, president of the State Federation of Labor, will be invited "to participate in discussions had by me with the representatives of national labor organizations."

The announcement comes in the wake of a statement Saturday in which Patterson declared the governor was neither "unfair" nor "unfriendly" to organized labor.

The governor recently has been involved in a telephonic dispute with Thomas F. McMahon, president of the United Textile Workers of America, over what McMahon claimed was the denigration of labor organizers from Ware Shoals, S. C.

Patterson in his statement, declared that the impression that Governor Richards was unfriendly to labor should be corrected.

The governor's statement today follows: "I am apprehensive at all times in matters pertaining to labor conditions in this state as they may exist in textile plants and other industrial organizations. I feel that matters pertaining to national labor organizations should come through the regular constituted labor authorities in South Carolina."

"Hon. Dowell E. Patterson is president of the South Carolina Federation of Labor and a member of the House of Representatives from Charleston county. He is thoroughly familiar with labor conditions. As I understand it, Mr. Patterson is the authorized spokesman for the labor unions in this state. In the future where it can be done, Mr. Patterson will be invited to participate in discussions had by me with the representatives of national labor organizations."

"Of course, this does not apply to labor organizations in South Carolina. I am willing at all times to receive representatives or delegations from branches of labor unions in this state."

After Governor Richards had termed McMahon's telegram to him as "impertinent" and "whoreline," the labor leader replied that the governor's attitude was an "open invitation to such law" and declared he had ordered the labor organizers back to Ware Shoals and had told them to take precautions to protect themselves.

The dispute between the governor and McMahon started after an article in the Greenville News, according to state officials, was published in the paper. The article, which was signed by George C. Hanson, a Greenville newspaper editor, stated that McMahon had been in the office of Governor Richards and had taken away from him a copy of a letter.

American Woman And Baby Taken By The Russians

Peiping, July 23.—(AP)—Soviet troops patrolling the Amur river, which skirts northern Manchuria, have captured the Chinese river steamer Lap, taking prisoner the wife and baby daughter of Ray Talbot American.

The Russians sent word to Talbot who is deputy commissioner of Chinese maritime customs at Taiho-Ho across the Amur from Blagoveshchensk, that both were "comfortable and being treated kindly."

George C. Hanson, American consul at Harbin, Manchuria, wiring official reports of the capture here said friends of Talbot at Harbin said Mrs. Talbot was of Russian birth.

The Russians also have captured the Chinese merchantman Haicheng, which they are holding near Balagoveshchensk. Japanese news agency reports, unconfirmed elsewhere, said a Chinese river gunboat had been captured by the Russians on the Amur.

Observers here today estimated seven divisions of Chinese infantry and one of artillery have been assembled in the Manchuria region northwest of Harbin, while 50,000 soldiers are supposed to be gathered at Foganichaya, at the eastern end of the railroad.

Cal Has Endurance Record
Matawan, N. J.—Mathilda seems to have made one of these endurance records. She remained in a tree top five days and five nights. The reason was a bunch of wasps in the lower branches. Not until they were sprayed with poison did she descend. Mathilda is Mrs. Margaret L. Terhune's cat.

Endurance Fliers At Saint Louis Shatter Worlds Flight Record

Lambert Field, St. Louis, Mo., July 23.—(AP)—Dale (Red) Jackson and Forest O'Brine, flying the "St. Louis Robin," passed the world's record for sustained flight at 2:00:32 p. m., today (C. S. T.), when they had been flying 246 hours, 43 minutes and 32 seconds. They needed to remain aloft another hour to officially set a new record.

The endurance plane, piloted by Dale (Red) Jackson and Forest O'Brine, took on a light load of 60 gallons of gasoline when it entered its eleventh day of flight at 7:17 a. m., and then began making wide circles above the field. The weather was clear.

The fliers reported that "everything is all right," and that "we are ready to start another endurance flight." They had said last night they planned to stay up as long as the motor would function.

The wives of the fliers went up this morning and waved greetings to them.

N. Y. BANKER FOUND GUILTY INFRAUDCASE

James Clark Accepts Full Responsibility For Failure Of Private Bank.

New York, July 23.—(AP)—James Rae Clarke, senior partner of Clarke Brothers, defunct private bank, today pleaded guilty to using the mails to defraud, and accepted the full responsibility for the bank's \$5,000,000 failure.

The partners in Clarke Brothers were James Rae Clarke, who owned 70 per cent of the stock, his brother Philip and Hudson, Jr., and John Bouker. All four were indicted by a federal grand jury for mail fraud and concealing assets in bankruptcy and by a county grand jury for accepting deposits after knowing the bank was insolvent.

James Rae Clarke pleaded guilty to the mail fraud charge before Federal Judge Harry B. Anderson. George Gordon Battle, the senior partner's lawyer, announced that James Rae Clarke and Mrs. Clarke were prepared to place all their property at the disposal of the court.

Battle asked adjournment of sentence to permit his client to help in salvaging as much as possible from the financial wreck.

Informing of James Rae Clarke's federal plea, Assistant County Prosecutor Ferdinand Pecora announced that both the senior partner and Philip Clarke would plead guilty today to the charge of accepting deposits after they knew their bank was insolvent.

President Plans Attempt To Cut Military Expense

Washington, July 23.—(AP)—President Hoover intends to establish a commission of army officers within the general staff to see what can be done toward reducing military expenditures.

The commission, the president said today, would be charged with making an extensive inquiry to determine what has been made obsolete by scientific advancements and could be done away with and what programs can be spread over longer periods than originally intended and at the same time maintain complete and adequate preparedness.

The president said the purely military expenses of the United States constitute a military budget greater than that of any other nation and at a time when he considers there is less danger of war than at any period within the last 50 years.

Detective Quits Gastonia Force

Gastonia, N. C., July 23.—(AP)—Without waiting for the outcome of an investigation launched by the city council, W. Thomas Rankin, Gastonia plain clothes officer, resigned from the city force yesterday following charges of assault and drunkenness lodged against him in Mount Holly.

Rankin is the third Gastonia officer to face such charges within the past month. Arthur J. Roach and Tom Gilbert were indicted on similar charges by the Mecklenburg county grand jury at its last session.

Rankins alleged to have assaulted Dr. Burmah D. Moore, of Mount Holly, in a cafe there Sunday. Dr. Moore charged the officer was intoxicated and assaulted him without provocation. Rankin was arrested and released on \$2,000 bond.

Roach and Gilbert were indicted upon allegations they assaulted Pedro Melton Mecklenburg county filing station operator the afternoon of June 7.

One Drowned When Speedboats Collide

Chicago, July 23.—(AP)—Two speedboats, each loaded with passengers, collided head-on in Lake Michigan 200 yards off Navy Pier last night. One person was drowned, another is missing and 18 others were ashore or floundered about in the water until rescued by nearby craft.

The passenger who drowned was Leo Susskind, of Yonkers, N. Y. David Cohen, Chicago, is missing and the lake was being dragged early today for his body. Several of the passengers were injured in the collision. Both boats, each traveling 40 miles an hour over the smooth lake surface, sank almost at once.

Joyce Hawley, the "champagne" girl of Earl Carroll's after-theater party, was prominent in the rescue. She was aboard a boat with a party of friends near the scene of the collision.

President Plans Attempt To Cut Military Expense

Washington, July 23.—(AP)—President Hoover intends to establish a commission of army officers within the general staff to see what can be done toward reducing military expenditures.

The commission, the president said today, would be charged with making an extensive inquiry to determine what has been made obsolete by scientific advancements and could be done away with and what programs can be spread over longer periods than originally intended and at the same time maintain complete and adequate preparedness.

The president said the purely military expenses of the United States constitute a military budget greater than that of any other nation and at a time when he considers there is less danger of war than at any period within the last 50 years.

The possibility of tax reduction, he added, was dependent to a large extent upon an ability to curtail military and naval expenditures. He regards the national situation as modified by the Kellogg treaty and said he was hopeful that expenditures might be saved through a naval disarmament agreement.

The president said that as now estimated purely military expenditures will constitute one-half of the increased government outlay estimated for 1933.

It is now estimated, he said, that the military outlay for 1933 will be \$903,000,000 which is \$120,000,000 more than the similar expenditure for the fiscal year just closed, and compares with an average pre-war expenditure for the military activities of the army and navy of \$266,000,000 annually.

"The American people," the president continued, "should understand that current expenditure on strictly military activities of the army and navy constitutes the largest military budget of any nation in the world today and at a time when there is less real danger of extensive disturbance to peace than at any time in more than half a century."

"The hope of tax reduction lies in a large degree in our ability to economy on the military and naval expenditure and still maintain adequate defense. Our whole situation is certainly modified by the Kellogg past."

"We hope to save material on naval expenditures by international agreement on naval arms. In the matter of army outlay, I am in agreement with the secretary of war to set up within the general staff a commission of leading army officers to reconsider our whole army program, to see what services and other outlays have become obsolete through advancement of science and war methods; and what development programs can be well spread over longer periods in view of the general world outlook and at the same time maintain completely adequate preparedness; such an investigation to be constructive and not destructive."

Chinese Optimistic Over Outlook For Settlement Of Dispute With Russia

Shanghai, July 23.—(AP)—Belief grew here today the crisis in Manchuria would be settled amicably and by negotiation. The Tachung News Agency, considered semi-official, said in a Nanking dispatch, "The belief among officials here that the Sino-Russian controversy will be settled in a friendly manner is apparent."

During a meeting of the council of state this morning President Chiang Kai Shek was said to have remarked, "Inasmuch as the Nationalist government entertains no ill will toward Russia and plans no war it is reasonably certain the Soviet will not take upon itself responsibility for starting another international conflagration."

Harbin press dispatches said, "The tension has perceptibly abated, although outwardly the Chinese authorities are maintaining the impression China believe in military preparedness."

Kirin province provincial military headquarters have been moved to Sufenho (Fogonichaya), while three additional battalions of defense troops have been sent to the northeast borders.

Eight Americans, Frenchmen, Englishmen and others stranded at Harbin by cessation of the trans-Siberian Railway traffic connection have attempted to get a special train to take them to Moscow but thus far their efforts have been in vain. Many have left for Shanghai where they are taking southern route boats to Europe.

The Chinese Eastern Railway offices have just today suspended their trans-Siberian traffic bookings.

Tokyo, July 23.—(AP)—9 spokesman for the foreign office today stated that Japan had received no notification of Secretary Stimson's steps for settlement of the Sino-Russian crisis and that therefore Japan could not associate herself with France and America as Great Britain was said to have done.

He declared the main facts regarding the steps taken were known in Tokyo but there had been no official notification from the Japanese ambassador at Washington of through the American embassy here. It was made known a feeling prevailed Japan has been diplomatically slighted in a sphere in which her interests were greater than any of the other powers.

Private opinions were heard in well-informed circles that Washington's demarche had taken an unfortunate turn if it was true Japan had not been consulted sufficiently in advance. The mystification of official quarters was increased by Moscow press dispatches which said the Soviet had rejected the French offer of mediation and denying receipt of any communication from the United States.

The Japanese ambassador's report of his conversation with Secretary Stimson has not yet been received. The Chinese minister conferred today with Baron Shidehara, foreign minister, and later a representative of the United States embassy called at the foreign office.

Washington, July 23.—(AP)—Governmental and diplomatic circles here today continued optimistic over the course of the dispute between China and Soviet Russia.

The feeling that hostilities would be avoided was sustained, not only by the assurances from the Nanking and Moscow governments. That they intended to comply with the terms of the Kellogg-Briand treaty renouncing war, but by assurances from authoritative quarters that the armed forces of neither nation had violated the other's territory.

Confidence in the effectiveness of the anti-war treaty, despite that it will not become fully operative until Japan's ratification is deposited here tomorrow, has been enhanced by the action of the Paris and Tokyo governments in adding their admissions to that of Secretary Stimson renouncing the Chinese and Russian authorities of their obligations under the pact.

Informing the state department of his government's action, Ambassador DeBuchi, of Japan, assured Secretary Stimson that, as far as the Tokyo officials had been able to learn, the Manchurian border had not been violated on either side, even by a minor skirmish. Traffic along the Chinese Eastern Railway, the focal point of the dispute, has been interrupted, he said, but movement of Russian troops along the border apparently has been confined to precautionary measures.

Accompanied by Captain T. L. Crichton of Minneapolis, Haugland soared away from the World Chamberlin airport at 3:40 o'clock last night in an effort to better the world's record of 246 hours 43 minutes, 32 seconds.

Captain Crichton replaced Thorwald "Thunder" Johnson of St. Paul, who was reported to have had a financial dispute with Haugland and backers of the flight just before the start. Johnson flew with Haugland a month ago when they sailed aloft 149 hours 33 minutes, coming down June 29 because of motor trouble.

The Minnesota formerly the Miss Minnesota was refueled last night for the first time on this flight.

WICKERSHAM VIEWS SAID TO BE HAZY

Methodist Temperance Leaders Described Dry Leader's Views As Also Puzzling.

Washington, July 23.—(AP)—Bishop James Cannon, Jr., and Dr. E. I. Crawford, speaking for the Board of Temperance and Social Service of the Methodist Episcopal Church, South, have described as "hazy and puzzling" certain views expressed by Chairman Wickersham of the Hoover law enforcement commission in his recent letter to the governors conference.

Mr. Wickersham is in the city attending session of the committee, but no indication was given at the meeting that the Cannon-Crawford statement was receiving any attention from the group.

The announcement approved Wickersham's suggestion that the states share the burden of enforcing the dry laws, but characterized as "defeatist" the chairman's statement that "national and state laws might be modified so as to become reasonably enforceable."

"Here we have hazy and uncertainty," the statement said, "and not only possible but actual present defeatism, floutly declared, for certainly the natural interpretation of Mr. Wickersham's language is that national and state laws are not reasonably enforceable and require modification before they can be reasonably enforced."

This statement seems to be "premature," the announcement added, "for surely it is too early in the investigation ordered to be made by the crime commission for the chairman to express such a sweeping judgment, which judgment might be modified or changed entirely as the investigation proceeds, and as it might become evident that the causes which at present operate to prevent efficient enforcement, might be removed."

Prices Show Strength At Opening of Georgia Tobacco Market Today

South Georgia's tobacco market opened today with auctioneers calling bids in 22 cities and towns throughout the belt.

Private reports indicated that prices were about one-third to 50 per cent higher than last season. General reports estimated an average of 16 to 17 cents throughout, while in some places the average was above 20 cents. Acreage in the belt was reduced ten per cent this year but growers hope to offset this by offering a finer quality of leaf which was produced through intensified cultivation.

The following reports have been received from tobaccoists on the Georgia markets:

Metter, Ga., July 23.—Small opening. Quality good. Our average \$20.10 per hundred pounds. R. W. Gorman.

Nashville, Ga., July 23.—Nashville is averaging about \$18.50 per hundred pounds. J. F. Arthur.

Camilla, Ga., July 23.—Price range 3 to 40 cents. Average \$17.00.

Pelham, Ga., July 23.—Sales 200,000 pounds, average \$16.00.

Fliers Forced To Earth In Louisiana

Shreveport, La., July 23.—(AP)—Falling in their first attempt at an endurance flight record, W. Currey Sanders and Van Lear Leary, Louisiana aviators, held hopes of trying again.

Their plane, the KWKH, which began its flight at 10:30 a. m., last Wednesday, was forced down at 7:17 o'clock last night on Steere Field, five miles from Shreveport, due to motor trouble. Three of the nine cylinders of the Ryan monoplane blew out as the fliers sought to gain altitude immediately after a refueling contact.

The aviators had been in the air approximately 128 1-2 hours, falling far short of the record.

Another Endurance Flight Started At Minneapolis, Minn.

Minneapolis July 23.—(AP)—The monoplane "Minnesota" with Owen Haugland of Buffalo Minn. as chief pilot, was off today on another refueling endurance record-seeking flight.

Accompanied by Captain T. L. Crichton of Minneapolis, Haugland soared away from the World Chamberlin airport at 3:40 o'clock last night in an effort to better the world's record of 246 hours 43 minutes, 32 seconds.

Captain Crichton replaced Thorwald "Thunder" Johnson of St. Paul, who was reported to have had a financial dispute with Haugland and backers of the flight just before the start. Johnson flew with Haugland a month ago when they sailed aloft 149 hours 33 minutes, coming down June 29 because of motor trouble.

Leeds, England July 23.—(AP)—In the presence of a distinguished gathering of medical men, the University of Leeds today conferred the degree of doctor of science honors cause upon Dr. Charles Mayo, noted American physician of Rochester, Minn.

The confinement took place at the Medical school where Prof. J. K. Jameson, chief of the faculty of medicine, presented Dr. Mayo for the honor.

SPLIT VIEWS STILL EXIST OVER TARIFF

Some Observers Believe That Bill Will Be General In Every Respect.

Washington, July 23.—(AP)—Conflicting expectations are being formed on the basis of scraps of information which emerging from the closed room where the Republicans of the Senate finance committee have established themselves for the complicated task of rewriting the House tariff bill.

On the one hand, inferences are drawn which lead some observers to believe their bill is to be general in scope and that the House in the scope of its upward revision of tariff rates while, on the other hand, indications are cited to support predictions that the proposed increases will be considerably modified.

In the latter category is classed the request of Chairman Smoot to the tariff commission for a list of imported commodities which enter American trade in such relatively small quantities that they amount to less than ten percent of total consumption. Some Republican committee members believe that if domestic producers have more than 90 per cent of the American market for any commodity, they do not need protection against imports. Many of the increases voted by the House are described as affecting such commodities.

While it is taken as a sign that the committee are seriously considering an extensive modification of the House rates, an opposite interpretation is placed on the statement of a senator from California one of the members engaged on the task.

"The Republican party," he said, "proposes to enact a tariff law which shall have due and first regard for American men, women and children—on the farm in the mines, in mills or factory—for the producer and consumer alike—who, without adequate tariff protection, will be forced into competition with poorly paid, cheap labor, of other and less prosperous countries."

Senator LaFollette of Wisconsin, a member of the Republican independent group is organizing in opposition to general tariff revision, meanwhile, has called upon President Hoover to express his views on the matter.

"After dictating the terms of the farm bill and concerning the devaluation plan in unmeasured terms," he said, "the President can not really good grace remain neutral and silent on the tariff."

Playwright Weds New York Actress

New York, July 23.—(AP)—Eugene O'Neill playwright, was married in Paris yesterday to Carlotta Monterey actress. It was announced today by Harry Weinberger, O'Neill's New York attorney. The couple are spending their honeymoon in the Tyrol.

Mrs. Agnes Boulton O'Neill obtained a divorce from the playwright on July 2 in Reno, Nev. O'Neill has been in Paris for some time and recently recovered from a serious illness. Before going to Paris it was announced that he would marry Miss Monterey as soon as Mrs. O'Neill obtained her divorce. Miss Monterey formerly was the wife of Ralph Barton an illustrator, whom she divorced three years ago.

Two Bremens Hold Record At N. York

New York, July 23.—(AP)—There were two Bremens in New York today—each the holder of a fourth Atlantic speed record.

The one was the new North German Lloyd liner, holder of the sea speed record, while the other was the monoplane Bremen, the only plane ever to make the east to west crossing of the North Atlantic. The plane has been on display at Grand Central Terminal.

In contrast to the record of 4 days, 17 hours and 43 minutes, established by the liner Bremen from Cherbourg to New York, the plane flew from Ireland to Greenly Island, Quebec, in 34 hours and 32 minutes.

Unsinkable Suits
Stresa, Italy—Now come unsinkable suits, especially recommended for trans-Atlantic aviators. Two Polish fliers have been trying them out on Lake Maggiore. They are inflated and have pockets for food, water, etc. The aviators think they can remain aloft two weeks if need be.

For the Love of a Lady

By JEFFERY FARNOL

SYNOPSIS: The cat's-eye ring—Julian's murderer! Helen D'Arcy and Viscount Brocklehurst discover an anonymous note. The scrawled mysterious message declares that on the hand of Julian's murderer was a ring set with a cat's-eye stone, that this ring is still in possession of the murderer, and suggests that the baggage of certain gentlemen be searched to disclose the guilty villain. Helen throws away the note, but Brocklehurst recovers it and hands it to Titus Oldcraft, the London constable. A gapping gypsy-like fellow who is not nearly so sleepy as he seems, makes his appearance at the inn shortly after Sir Richard disappears from his few staunch friends.

Chaptr 26
THE ODD MAN
The gypsy-like country fellow was apparently dozing again, however when once more he was disturbed, this time by the drumming of hoofs, the snort of a horse and a distressful voice.

"Oho, come and old t' mare." Upon the green a magnificent animal pranced, tossed proud head and reared coquettishly, jerking at the halter whereto clung a little old man, Ben, keeper of my lady Helen's estate. Up sprang the countryman and, running forward, gripped the rearing animal by the headstall.

"En, lad," gasped old Ben, "you be ueter 'osses, I can see. The Witch be a bit skittish-like. Cast 'er shoe this mornin'; now as you'll take the mare to the smithy, I'll ave a pint o' ale waitin' for thee. Wot du 'ee say now?"

"Ar! quoth the fellow, and led the now gentle Witch away forthwith; returning presently, he found Ben deep in conversation with landlord John, and frothing tankards on the rustic table.

"Ere be thy ale, lad," cried the old man. The countryman took up his ale, nodded to each and, having drunk deep, seated himself at the extreme end of the long settle.

"John glanced up and around uneasily and softly closed the lattice behind them, then lowered his voice in awesome manner:

"Since—he came! I be watched constant; first 'was Pitt and now—him!"

"Oho—im?" inquired old Ben staring.

"Titus Oldcraft!" murmured John. This constable from London, Ben, the biggest thief-taker of 'em all next to Jonathan Wild, and as big a rogue!

"Oho—im?" exclaimed old Ben, staring at John, who nodded gloomily, and both of them wholly unaware that the lattice behind them was opening sly inch by inch, though the countryman, in the act of taking up his tankard, grasped his ash-stick instead. Forth of the softly-opening lattice crept a long, lean hand at the end of a prodigious long, long arm, a hand that hovered in the air above John with fingers crooked talon-like.

Landlord John took up the empty tankard but, in that moment the clutching hand had clenched itself upon his shoulder. . . . The tankard fell with a clatter, and, uttering a strangled cry, John spun around and beheld a face ou-trust from the open lattice.

"Come, let's heave hi min!" The faces multiplied, from inn-yard and taproom hurried divers burly fellows, while from his smithy across the green strode mighty Joel Bim, swinging ponderous hammer. Titus Oldcraft looked, scowled and, muttering fierce threats, betook himself within doors.

"Aha—oho!" chuckled old Ben, digging the smith in brassy ribs. "Wot do 'ee think o' that, Joel? Dog bite me ef I don't buy this young chap another pint! The way 'e clutted you Titus Oldcraft 'cross the knuckles! Wot do 'ee say, young chap?"

The countryman showed a row of white teeth and shook sleepy head. "Lord!" exclaimed Ben. "No ale—then wot do 'ee want?"

"A job." "You be a stranger ereabouts, eh?" "Ar, be come from Pease Potage." "Wot be thy name, lad?" "Dick."

The sturdy blacksmith tapped himself on grimy forehead with grimy finger. A bit weakish-loike up 'ere, Ben," he suggested.

"Well, I dunn, Joel. I rackon 'e beant sich a fool as 'e looks. 'Ows-er, Dick, go along w' me; 'tis likely I'll find a job for 'ee over the Moat 'ouse, for I've took to 'ee, so come along o' Ben."

Obediently the countryman arose and presently set off in company with the mare who pranced and old Ben who talked and chattered until they came within sight of the Moat House stables; here the old man paused.

"Dick," he inquired, "be 'ee married?" "Naw."

"Then watch out for Betty, my ledlys maid; a rare caution she be and, though a bit thick 'praps, you'm a likely chap." So off went old Ben into the stables, busying himself to the Witch's comfort with the assistance of George, the under-room.

"Jarge," quoth he, "I got a chap outside, a stranger, a furriner from Pease Potage way."

"Oho?" said George, fondling his right whisker.

"And Jarge, though a bit softish-loike, 'e beant sich a fool as 'e seems, so doant come tryin' o' y'r tricks w' im."

"Where is 'e, Ben?" "Outside i' the yard."

George thrust his whiskers over the half-door and peered about.

"Beat no chaps nowheres as I can see, old un," said he; so forth of the stable stepped old Ben, to stand and gaze round about and scratch his white head.

"Well . . . dog bite me!" he exclaimed, for Dick, the countryman, had vanished.

Saunders Gets By With Pajamas

Elizabeth City, N. C., July 23.—(AP)—W. O. Saunders, editor of the Elizabeth City Independent, is today enjoying official approval of his pajamas.

Yesterday afternoon Mr. Saunders appeared on the streets of this city clad in the type of garments usually dedicated solely to sleep. He was arrested and led before Mayor Jerome B. Flora. The mayor looked the editor over and then looked into the law. His decision was that there was nothing wrong with Mr. Saunders' clothing for street wear and that there was no law preventing such a use of pajamas.

Mayor Flora then issued a proclamation, declaring, "it is the inherent right of every citizen or inhabitant of the city and of every visitor, to dress as he pleases, and go and come as he pleases, as long as there is no indecent exposure of his person."

And in addition the mayor declared over his signature that "if I had the nerve, I would adopt them (pajamas) for street wear myself."

Iron Horse Repeats

Chicago, July 23.—(AP)—Eskimo three-year-old colt from the Coldstream farm, has established a reputation as the "iron horse" of the Arlington Park season. During the last three weeks, Eskimo has won five races in six starts, and finished second in his other appearance.

Another Claim For Schmeling

New York, July 23.—(AP)—The fistie sub-division known as Max Schmeling had one more worry on his hands today. Already over his head in legal entanglements, the German heavyweigh discovered that someone else had brought suit for a portion of his American ring earnings.

The latest claim on Schmeling's purse came in the form of a suit by one Frederick Kirsch, asking for two per cent of Max's earnings. Kirsch, a quondam friend of Schmeling, and Arthur Buelow, the boxer's repudiated manager, filed an order signed by Supreme Court Justice William Black, requiring the Madison Square Garden Corporation and Charlie Rose, another of Schmeling's many managers, to show cause today why a receiver should not be appointed to take over two per cent of the boxer's earnings in his victory over Paulino Uzcudun.

Kirsch said he had introduced Schmeling and Buelow to ros and that Buelow had assigned 100 per cent of Schmeling's earnings to Rose who, in turn, gave 3 per cent of this to Kirsch.

All was serene until Joe Jacobs, now Schmeling's manager of choice, entered the scene. Jacobs acquired a 3 1-2 per cent interest in Schmeling from Buelow and 4 per cent from Rose. Possibly because the mathematical problem was a difficult one, nobody has seen to it that Kirsch got his two per cent, the plaintiff asserted.

After Sparring Mates
Chicago, July 23.—(AP)—Tony Canzoneri, former featherweight champion, who will shoot at Sammy Mandell's lightweight title at Chicago stadium, August 2, is looking for sparring mates who are adept in the use of the left hand.

The Italian wants work with boxers who use a style approaching that employed by Mandell, and already has signed up Harry Dublinsky, Chicago middleweight, and Roxie Allen.

Mandell is working with Benny McArthur, Saginaw, Mich., lightweight, Harry Gransburg and Jackie Johnson.

OLD ENGINE WHICH EXPLODED ON MOUNTAIN

Old Peppersass, an old locomotive, overturned and exploded on the slopes of Mount Washington, N. H., killing one man and injuring the engineer and fireman. The accident took place following ceremonies in which the locomotive, first to climb the mountain in 1869, was being rededicated and used again. Several hundred persons, including governors of seven states, were marooned by the wreck. Picture shows exercises at start of the trip.

NOTICE TO CONTRACTORS

East Carolina Teachers College, Greenville, N. C.

Sealed proposals will be received by the Board of Trustees of the East Carolina Teachers College, Greenville, N. C., at 10:30 a. m., August 21, 1929, for the following work:

The erection and completion of the second unit of a Training School, first unit of a Class Room Building, Administration Building, and Infirmary. Separate bids will be received for Plumbing and Heating.

Plans and specifications may be seen and estimates prepared without cost at the office of the Associated General Contractors, Raleigh, N. C. They may also be obtained by reliable contractors upon application to the Architect at Raleigh on deposit of \$50 for each division of the plans that may be desired, as a guarantee that they will be returned in good condition and without expense within five days after the date set for the submission of bids, and that a proposal in good faith will be made. When these conditions are met the deposit will be refunded; otherwise it will be retained by the architect.

Sub-contractors and material men may secure such portions of the plans and specifications as they may desire at current blue print rates without refund.

Each bid must be accompanied by a certified check, the amounts to be as follows:

Building Contracts.
2nd Unit Training School . . . \$2500
1st Unit Class Room Building . . . 2500
Administration Building . . . 1500
Infirmary . . . 2000
Heating & Plumbing . . . 2500

The amounts above stated to be a guarantee that if bid is accepted the contractor will enter into a contract and give bond in the standard form of the American Institute of Architects (4th Edition) in an ap-

REPORTS ATTACK BY RUSSIANS

Gen. Chang Hsueh-Liang, governor of Manchuria, reported to the Chinese nationalist government at Nanking that soviet forces opened an attack on the Chinese on the eastern border of Manchuria.

STUBBORN PERSISTENT INDIGESTION

If you are one of the unfortunate men or women who suffer torment from terrible—sometimes almost suffocating indigestion—that nothing seems to relieve, here's a fair and square offer you ought to accept.

Thousands just as badly in need of the right kind of medicine have blessed the day they accepted it.

Go today to Warren's drug store or any druggist in America—one who keeps abreast the times—and get one bottle of Lee's Laxative and Cathartic Compound. Take it as directed and if it doesn't do you more good than anything you ever tried—get your money back—without comment.

One bottle will show sufferers from stubborn indigestion that here is a pleasant to take elixir that will put rebellious, distressed stomachs in splendid shape and make them so strong and sturdy that you can enjoy your meals without irritation or distress.

Ten days' special sale \$1.25 bottle for \$1.00. Sold only at Warren's Drug Store, Greenville, N. C.

Where can you find a class more full of pep?
Just look at ours and say she has a rep.
The teacher, pupils, we all think the best,
And though she is quite small, she'll always stand the test.
For tried and true already she has come!
Just watch and wait and see what will be done,
Miss Ella's class, we are so proud of you, we cheer for you!

DANCERS TO GIVE PROGRAM HERE TONIGHT

The Marmein Dancers will give a fine program of their drama dances this evening at 8:30 o'clock, in the auditorium in the administration building of East Carolina Teachers College.

The three sisters, Miriam, Phyllis and Irene, both in their ensemble dances and in the solo numbers are great. They will dance together some of the numbers that were favorites last summer, among them "Machinery," in spired by a visit to the Ford plant. Miriam Marmein will give "The First Kill," based on an American Indian theme. She will also give "The Ship," "The King, the Queen, and the Knave of Hearts" is one of the most delightful to be presented by the three.

The program covers a wide range of interpretations. The costumes, the marvelous dancing, and the lights and general effects all make an entrancing entertainment.

Never has there been an entertainment at the college that pleased the students more than the Marmein Dancers.

The "Endurance Flight Contest" between members of the "Sunshine Class" of Red Oak Christian Church came to an end Sunday with 38 members and seven visitors present. The contest lasted for four Sundays and during that time we have had exactly 100 members present, or an average of twenty-five each Sunday and eighteen visitors, and our collection has been \$6.19.

The class was divided into two sides and each side was given an airship in which to make the flight. Miss Willard Allen was chosen to pilot the airship "Spirit of Good Hope," and their motto, "Bound-to-win" was printed on little blue buttons and worn by the members.

Miss Charlotte Tyson was chosen as the pilot for the airship "Spirit of Good Cheer" and their motto "Can't-be-beat" was printed on little red buttons and worn by members on her side. Each member present on time carried their ship four hours—if they were late they only counted three hours. New members counted five hours and visitors two hours. Every one that could quote a verse from the Bible and tell where it was found, added three hours to their ship's time. Each penny of the collection counted one minute.

When the contest closed it was found that Miss Willard Allen's ship had stayed in the air 313 hours, 59 minutes, and Miss Charlotte Tyson's ship 303 hours, 19 minutes. This was a very close race and was thoroughly enjoyed by all the members.

Our picnic will be held at Public Landing on Wednesday afternoon, July 31st. Everyone that wishes to go and enjoy the afternoon is invited to go and take supper with you.

Next Thursday morning several members of the Home Demonstration club, their husbands, and friends will leave Red Oak Church at six o'clock for an all-day visit in Raleigh. While in Raleigh we will attend a meeting at State College and after the meeting we will visit places of interest in the city. We will take lunch with us. Everyone who has never visited the capital of your state is especially invited to join the crowd and anyone else that wishes to take the trip with us is invited to go. Don't forget the date, Thursday morning, July 25th, six o'clock, at Red Oak Church.

Miss Eula Stewart and brother of New Bern, are visiting Mrs. Ethel Allen.

Mr. John Ivey Tyson had the misfortune to get a tobacco barn and its contents burned last week.

The members of Miss Ella May's Sunday school class enjoyed a delightful hay-ride and party last Friday night. They rode to the home of their teacher and there they

played games, after which they were served ice cream and cake by their hostess. After giving three cheers for their teacher they sang this song:

MR. HINTON WRITES FROM CHAPEL HILL

After an absence of forty-eight years, here I am in Chapel Hill, the seat of the University of North Carolina, the home of culture and refinement of plain living and high thinking.

Marvelous changes have taken place. Many large airy, superb public structures have been erected. Handsome private residences situated on spacious lots, neatly kept and beautifully adorned with shrubs and lovely flowers greet the eye. Many monuments erected to illustrious sons are in evidence. The regular population has increased wonderfully. The place is thronged with students eager to add to their acquirements. Many distinguished educators of national repute are here delivering lectures of real worth—broad, informative, eloquent. I have met many old friends and made a number of new ones.

Have enjoyed to the full the lectures. I am visiting my daughter, Mrs. Wm. G. Adams, who is attending the summer school. Greetings to Greenville and best wishes to the Editor of the Daily Reflector and his entire staff.

OUTLOOK BRIGHT

In view of the apparent
crop shortage in this imme-
diate section tobacco grow-
ers can find some hope in
early reports from the open-
ing of the Georgia markets
today. Reports from the
Georgia area indicate a third
higher price on all grades.
Increased consumption, a
less amount in storage, a
short crop and reports of
higher prices in Georgia
should bring somewhat a
spirit of optimism to grow-
ers in this section. The Geor-
gia figures make the fall
outlook more promising.

MR. STIMSON AND THE CHINESE SITUATION

Acting in concert with the
British Empire, France and
Japan, co-signatories to the
four-power treaty of 1921,
Secretary Stimson has re-
minded the government of
China of its obligations un-
der the Kellogg-Briand pact
for the renunciation of war
as an instrument of national
policy. A similar message to
Russia, with whom we have
no diplomatic relations, was
relayed through M. Briand.
Diplomatic conferences in
line with this timely warn-
ing are in progress, with a
fair likelihood that they will
lead to a peaceful settlement
of the sudden dispute. Both
nations express the desire to
avoid hostilities. Both have
accepted the Kellogg treaty.
Neither can deny that the
questions at issue are jus-
tifiable under it. Neither can
lightly afford to disregard
the unanimous public opin-
ion of the civilized world.
This incident is another
answer to the "ancient and
modern inquiry, "What have
we to do with 'abroad'?" We
have very much to do with
the war menace in far-away
China. To showing the angry
disputants the road to peace,
with honor, the prompt en-
ergy of Secretary Stimson in
calling attention to the Kel-
logg treaty and insisting
upon its application to the
present issues has mightily
contributed. These services
of the Secretary of State will
not lack appreciation in his
own country or the gratitude
of intelligent and informed
people in the two confronted
nations.—New York World.

Negro Killer Sentenced At Eufaula, Ala.

Eufaula, Ala., July 22.—(AP)—Lester Bouyer, aka Charles Harris, negro, was declared guilty of first degree murder here today by a Barbour county circuit court jury which tried him for killing Jack Hines, mechanic, on a roadside four miles from here on the night of July 10. The verdict was returned in less than two hours and a half from the trial opened at 8:30 A. M. The jury deliberated less than ten minutes. Circuit Judge J. S. Williams sentenced the negro to be electrocuted in Kilby prison at Montgomery on

ABOUT TOWN

"Inclement weather cut down the crowd to the first of the series of union services held in this city last night," said a member of the Ministerial Association today, "but we are hopeful both weather conditions and the crowd, too, will be better next Sunday night."
"These services should be inspirational in every sense of the word. They should be of interest to members of every denomination as they have the only opportunity of the year to assemble and worship the Lord together."
"Services in past years have drawn tremendous crowds and it is hoped as much interest as ever will be manifested while the services are in progress. Keep next Sunday night in mind and make it a point to attend these services."

"Glaring headlights should receive as much attention from members of the State Highway Patrol as any other one thing," declared a Greenville man today who returned from another section of the state during a rainstorm.
"It is difficult enough to drive when lights are normal, but when one is blinded by over-bright lights he is liable to run off the road, injure himself for life or get killed."
"Anybody who drives over the public highways of the county knows the danger of the bright lights. They are as much a menace to traffic as dim lights, in fact, more so."
"In straightening out the traffic problems of the state, it is hoped the officers will give due attention to lights and see that as many over-bright lights are banished as possible."

"You can't be too careful driving on the public highways of the state these days," declared a Greenville business man today returning from a visit to another state.
"You not only have to keep your eyes open to your own imperfection, but have to watch the other fellow like a hawk. Most of the wrecks are caused by recklessness, by men and women who do not realize there are other people on the road who place some value upon their own lives."
"The traffic situation has become complex not only in the cities but upon every highway of the state where traffic is heavy both day and night."
"If you own an automobile, be careful. Your life is of value to someone, and certainly the other fellow's life is valuable also."

"We are still clinging tenaciously to the top of the column," mentioned a follower of the Greenville ball club, speaking of the number of games won by the Greenville organization last week.
"We not only increased our strength in the standing of clubs column, but set a pace the best teams in the league could not keep up with. This is a record the majority of people are proud of and everybody is hopeful it may be maintained from day to day until the final half of the season has been concluded and we have the banner all sewed up."
"Show the club your appreciation of the record by attending the three games to be played here this week. We have one more game with Rocky Mount and two with Kinston and when the dust of battle has cleared away we hope to be able to report three more games added to our string."

"August, the final vacation month is approaching, so get everything in line if you are one of the numbers who have left vacation time off the last summer month," said the circulation manager of this paper today.
"Among the many things you will want while away will be the Reflector. It will be highly important that you keep yourself posted upon developments in your home town, and the best way to do that is to let us have your subscription for the Reflector before you go away."
"Lots of people make the mistake of going away thinking they can get along without news from home. They are usually the ones who write back and say, 'Please send me the paper at once. I simply can't get along without news from home.'"

BUCS HALT ADVANCE OF THE LOCALS

Unable to field with accuracy and to hit opportunely, the league leading Greenville club of the Eastern Carolina League dropped the first game of the series to the Rocky Mount Buccaneers at the Fair Grounds here yesterday.

It was the first time Greenville had dropped a game in a week, they having divided a double bill with the Wilmington Pirates and then capped five straight games during which the remainder of the week's play.

Gill, right-hand flinger, enjoyed remarkable success against the league leaders, holding them close to the hassocks at critical stages and absolutely refusing to yield the slightest kind of a hit with men on bases.

Fitzpatrick, Greenie hurler who had the distinction of blanking Goldsboro in one of the most spectacular diamond battles seen here this season, pitched winning ball for the locals, but the Bucs managed to bunt hits in the fourth and eighth frames and piled up a lead which they were able to maintain without any trouble.

Wallock and Hiller, with three hits of four trips to the plate, lead off the attack against the Buccaneers, and Brandes, Cohen and Stewart took the offensive for the visitors.

Stewart, Rocky Mount first-sacker, was easily the star performer of the day. It was his one-handed stab of Kendall's line drive in the eighth frame that prevented at least two Greenville runners from leaving to the checking station with additional counters.

While the Buc first baseman was performing so brilliantly, Crump, playing the same position for Greenville, had a day off. He let a fast grounder go through his legs in the eighth frame and two runners raced home with the others advancing.

Rocky Mount will complete the series here this afternoon and the Kingston Eagles will open a two-game series here tomorrow. With Rocky Mount and Greenville fighting hard to maintain their leads, it was expected the remainder of the week would be fraught with more both towns. Skelton will probably open the series for Greenville against Kingston.

PIRATES COP CONTEST OFF THE DODGERS

By HERBERT W. BARKER, Associated Press Sports Writer.

While all other Major League clubs were idle yesterday, the Pirates shelled three Dodger pitchers for sixteen lousy hits and coasted in with a 13 to 3 victory.

Slise Dudley had stopped the Pirate rally in the second and blanked them in the third but he was rudely assaulted in the fourth.

Paul Waner started this frame with a home run into the right field stands, his third hit of the game. Clark, the Pirates' rookie third baseman, promptly tripled to left field and Dudley was relieved by Win Ballou.

Erwin Brame, who had pitched steady ball all the way, eased up in the ninth and a double and two singles gave the Dodgers their final tally before Herman's pop fly ended the game.

All other National League clubs had an open date as did all American league teams but Cleveland and Philadelphia, whose game was rained out at the Quaker City.

Scores Part Set
New York—In the view of Christopher Morley, dramatic producer, some of New York's ultra smart set have an unhappy, empty and fatuous life.

SCOTS LEAD THE LEAGUE WITH STICK

With a percentage of 338, the Fayetteville Highlanders lead all clubs of the Eastern Carolina league with the stick through games of July 15th, according to compilation of figures made public this week.

Rocky Mount came in for second honors, Goldsboro, third, Kineston fourth, Greenville fifth, and Wilmington, sixth.

From the standpoint of team fielding, the Rocky Mount Buccaneers topped the column with a percentage of 978.

Without Fayetteville, stepped in and trotted away with pitching honors of the league, while Skelton of Greenville, took second place.

Includes players participating in fifteen or more games—batting .270 or more.

Chicago—Johnny Burns, San Francisco, outpointed Haakon Hansen, Chicago (10); Sergeant Ray McPeck, Denver, Colo., outpointed Cecil Hurt, Indianapolis (6); Cowboy Dula, Fort Worth, Tex., outpointed Johnny Battone, Chicago (6); Bobby O'Hara, Augusta, Ga., outpointed Bud Hammer, Gary, Ind. (4).

Pittsburgh—Andy Divodi, New York, defeated Dick Ramies, Cleveland, four (5).
Boston—Andy Martin, Boston, outpointed Bud Taylor, Terre Haute, Ind. (10).
Janesville, Wis.—R. H. Kennedy, St. Paul, outpointed Tony Sanders, Chicago (10).

WARREN WINS OVER WEISSE

Washington, N. C. July 23.—(AP)—Addison Ekum Warren, North Carolina's foremost contender for heavyweight honors, found Julian Weiss of New York a rough and rugged opponent last night, but earned a decision in 10 rounds of fast milling. A crowd of 3000 "home-folks" turned out to see Warren, a Beaufort county boy.

Durham Bulls Still Winning

(By the Associated Press)
Durham defeated Winston-Salem, 6 to 2, yesterday behind the fine pitching of Lee Reid in the Piedmont League's only game. The Salisbury-Greensboro and High Point-Henderson games were rained out.

Reid held the Twins to seven hits, three of them coming in the ninth inning when he "let up" with his game safely in the bag. It was the seventh victory for the Bulls in their last eight starts. They are now but a game behind the league-leading Patriots.

Rocky Mount knocked a game off the lead of Greenville in the Eastern Carolina League by trimming the Greenies 7 to 2. The Buccaneers were out 10 to 9. But bunched their blows to advantage.

Five errors the Scots made aided helped Kinston to a 7 to 3 victory over Fayetteville. The Eagles played errorless ball, but got only seven hits off Stenson, while the Highlanders touch Thomas for ten safeties.

The Pirates hit Wickers heavily and won easily from Goldsboro, 6 to 1. The Goldbugs got their one run in the first inning when Thormahlen, Wilmington twirler, started off unsteadily. After the first, however, he settled down and pitched airtight ball to the end.

Birmingham Drops In The Southern
Atlanta, Ga., July 23.—(AP)—The Birmingham Barons, Southern Association leaders, resumed its decline yesterday, losing the sponge in favor of the Little Rock Travelers, 9 to 5, while New Orleans and

Atlanta, continous rivals, were resting.

The defeat placed the leaders a scant three games in front of the Pelicans and four and one-half games up on the Crackers.

Little Rock pushed off to a comfortable lead in the first inning, greeting Pitcher Hasty of the Barons for four runs. Carlos Moore, came to the rescue but he experienced equally as much trouble in the fourth when another rally took place.

A three run rally snatched victory from the fire in the ninth inning as Chattanooga nosed out Mobile, 7 to 6, to strengthen its hold on seventh place.

Mike Kelly's Spartanburg clan blanked the Knoxville Smokies, South Atlantic Association leaders, 4 to 0, yesterday to make it seven straight victories. Mahaffey mastered the leaders throughout.

Macon Peaches pounded out an 11 to 4 win over the Columbia Comers, centering the attack in the third and fourth innings for nine runs. Greenville remained on even grounds with the Peaches second place by defeating Asheville, 6 to 4.

Market Report Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, July 23.—(AP)—Cotton opened steady today as a decline of 7 to 20 points under further liquidation or realizing, promoted by favorable weather reports and an opinion that the crop was making fully normal July progress. About 50 July notices were reported and that position sold off to 18.42 or 20 points net lower under liquidation. After months showed net declines of about 7 to 13 points. Liverpool bought here on the differences and the market steadied up a few points on covering after the call, but the bulge was checked by continued local and commission house selling. The market showed net losses of about 9 to 13 points at the end of the first half hour.

GRAIN MARKET

Chicago, July 23.—(AP)—Swinging backward nearly six cents a bushel from early upturn, the wheat market today displayed only moderate rallying power in late transactions, an estimate of only 215,000,000 bushels yield this season in the Canadian prairie provinces received much attention as being the most radical statement of drought losses yet made from any authoritative source. On the other hand, profit-taking sales and hedging pressure found the market bare of aggressive buying at times, and total absence of fresh export business from this country or Canada tended further to pull values down.

Wheat closed nervous, 1 7/8c to 2 3/4c under, yesterday's finish; corn closed unchanged to 1 1/8c higher; oats, 1-4c down, and provisions unchanged to 4c off.

STOCK MARKET

New York, July 23.—(AP)—Reversing their trends yesterday, stock prices moved higher today while grain prices declined. The rally in stocks, which came after an opening period of irregularity, carried nearly a score issues, including several public utilities, to new high records. Gains in the active issue ran from 1 to 6 points and were distributed over a fairly broad list. Call money renewed unchanged at 7 per cent, with indications that the rate might be maintained, but time money was perceptibly firmer, with all maturities again quoted at 8 per cent as against 7 3/4 to 8 yesterday. Calling of loans was only moderate.

Spurred by reports of the formation of new investment trusts and merger rumors, the public utilities again were turned over in large volume. Detroit Edison, Pacific Lighting, Louisville Gas & Electric and Electric Power & Light all moved into new high ground. Columbia Gas, Consolidated Gas, Western Union, Radio, International Telephone and several others sold 2 or more points above yesterday's final quotations.

Except for the publication of another series of favorable earnings reports, including record breaking figures by the Chrysler Corporation and Goodyear Rubber Company, and reports of a better demand for corner, there was little in the day's news to explain the sudden change in speculative sentiment. Heavy short covering prompted by the apparent inability of bearish traders to dislodge any large volume of long stock, was an important factor in the day's advance.

Redeemable shares still showed signs of irregularity through New York Central and Union Pacific. Each were marked up more than 4 points and Baltimore & Ohio was pushed into new high ground. Jersey Central soared 9 points on a few sales and Pennsylvania, Erie, Atchison, Missouri Pacific and a few others advanced 2 points or more. Southern Pacific, Larkawanna and Missouri Pacific preferred turned heavy toward the end.

Constable To Go On Trial For Murder Today

Buchanan, Ga., July 23.—(AP)—Arraignment of Constable Luke Ballenger on first degree murder indictment for the slaying of Grady Phillips, 25, who was shot to death during the officer's attempt to halt an automobile operated by the man and three companions, was set for today.

The officer said he tried to halt the car upon complaint of neighbors that its occupants were boisterous, and that he fired at the tires after the driver attempted to run over him. No liquor was found in the car.

SPECIAL COURT TO TRY HAMPER KILLERS

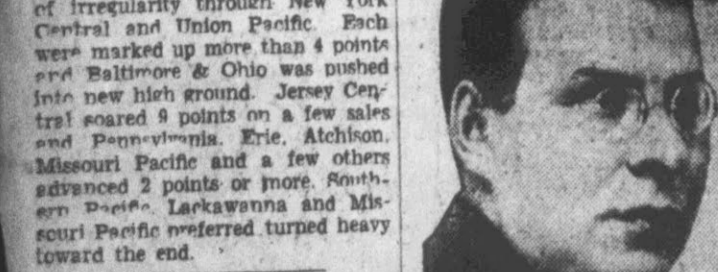

Tallahassee, Fla., July 23.—(AP)—A special session of the Lake county grand jury will convene tomorrow to consider the Bremer kidnaping on July 6 of Levi Allen and Mrs. Angeline Mohawk killing station proprietors.

Meantime three men were being held by Lake county officers who said they believed two of them at least were implicated in the killing. H. W. Prescott of Fisherman's radio, Orange county, and J. C. Pike of Winter Garden, were held under murder charges while Russ Ross of Ansonia was detained as a material witness.

Stands By Pact

Chicago, July 23.—(AP)—Ralph Emmett had one yesterday to the apartment of his estranged wife, Mary, seeking reconciliation. The visit ended in his death.

Stranded at the top of the second floor landing, awaiting her answer to his knock, Emmett faltered. He fell down stairs and his skull was fractured.

Jan Rudzutak, acting head of the soviet government, declares that barring warlike acts by the Chinese he will stand by the Kellogg pact.

Steamer Strikes Iceberg But No One Is Injured

Washington, July 23.—(AP)—The first collision between a steamship and an iceberg in the Atlantic shipping lanes in the last 15 years was reported early today in a message to the coast guard headquarters from its cutter Modoc, of the international ice patrol.

The British steamer Vimeira, bound from Glasgow, struck an iceberg Saturday off the Grand Banks east of Newfoundland, the cutter reported, but no one was injured. The steering gear was disabled and other damage was caused, but the ship was proceeding toward port.

The message did not make it clear whether the steamer was proceeding without assistance nor did it give the destination. As far as records here show, it is the first accident of the kind since the international ice patrol was organized shortly after the Titanic disaster.

Held In Slaying

Tacoma, Wash., July 23.—(AP)—A new wrinkle in taking off for a trans-ocean flight was to be tested here today by Capt. Harold Bomley, who is preparing for an aerial dash to London.

Bromley announced he would test the feasibility of having another plane fly overhead to guide him down the runway. His Lockheed monoplane City of Tacoma is so constructed that he must fly practically blind until the ship is well in the air.

With a plane guiding him Bromley believes he can hurdle a full speed greater safety down the 5,000-foot runway.
