## STRIKERS GO ON TRIAL IN MURDER CASE

### Fifteen Charged With Slaying of Chief Adersholt During Gastonia Disorders.

Gastonia, July 29.—(AP)—The special grand jury empaneled to hear evidence against 23 members of the National Textile Workers Union accused in the Lenoir mills tent colony shooting, this afternoon returned true bills against 15 of those held. Fifteen were charged with murder and eight with assault with intent to kill.

When court reconvened after a recess for lunch nearly three hours, the prisoners were called into court and arraigned.

Gastonia, July 29.—(AP)—Machinery for arraignment of fifteen members of the National Textile Workers Union and affiliated organizations for the slaying of O. F. Adersholt, Gastonia police chief, was set in motion here this morning.

The Gaston county grand jury received indications against these men along with indictments against eight others on charges of assault to kill.

Solicitor John C. Carpenter asked that Arthur M. Dixon, president of the cotton manufacturers association of America, A. F. Batts, a city councilman and cotton mill owner, George B. Coker, a mill man, be excused from jury duty. He emphasized in doing so, that he wished the trial to be as fair as possible.

Judge M. V. Barnhill, who is presiding over the special term of court, then charged the jury, "where only one issue is at stake, the defendant's guilt is charged. This should be determined in a quiet and orderly manner. It must not be clouded by any other issue."

Upon opening of the court, solicitor Carpenter received a cablegram from Berlin signed by "Zentral Vorstand Rote Hilfe Deutschland," which translated means "Central Committee of Red Relief of Germany." It was in protest of this trial.

## S. C. Leaf Markets Will Open Tomorrow

Sumter, S. C., July 29.—(AP)—With apparently well justified hopes on the basis of sales on the Georgia markets for better prices this year than last for an estimated larger crop, growers of the South Carolina tobacco belt looked forward today to the opening of the markets tomorrow.

Florence, Darlington, Timmons-ville and Lamar all report large quantities of tobacco on hand and prospects for increased sales over last year. Rains in this section have reduced the crop somewhat, but planters report a better quality of leaf.

In North Carolina where seven markets are included in the South Carolina belt, the grain and color of the tobacco are both reported as of fairly high quality. Fairmont, leading market of the belt in North Carolina, has added a large new warehouse since last season.

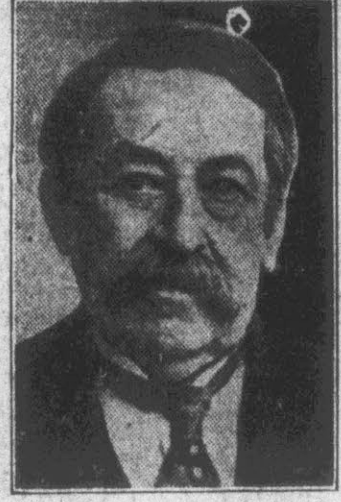

## Labor Organizer Predicts Strikes In N. C. Mills

Raleigh, July 29.—(AP)—Alfred L. Hoffman, its southern organizer, in a address before the Piedmont organizing council here yesterday, said the United Textile Workers Union stood ready to call further strikes in North Carolina if conditions among textile workers were not remedied.

He declared the strike at the Marion Manufacturing Company, at Marion, had been a "continued success" and predicted a strike at the Clinchfield mills, near Marion, within a week or two if there was not a change in working conditions.

He expressed the belief, however, that most of the demands of the workers could be secured without further strikes if that at the Marion Manufacturing Company was a full success.

## May Be New Premier

Aristide Briand, minister of foreign affairs, is expected to succeed Premier Poincare, resigned because of ill health.

## URGES BETTER CONDITIONS IN TEXTILE MILLS

### Secretary Of Trade Union Says N. C. Mills Comparable to India And China.

Bessemer City, N. C., July 29.—(AP)—Delegates to the National Textile Workers' Union Southern Conference here yesterday heard William Z. Foster, secretary of the Trade Union Educational League, describe their working conditions as comparable only to those of textile workers in India and China and made plans for promotion of a militant organization to better them.

Foster, in the past two national elections, has been a candidate for president on the Communist ticket. "Conditions so evil" were not found elsewhere in the United States nor in all southern workers to demand an eight-hour law and abolition of the "stretch-out" system. The latter is applied by the workers to the comparatively recent efficiency system installed in many southern mills.

The conference voted to call a second conference to promote organization of the workers to be held in Charlotte the latter part of September. It was planned to seek representation from all southern mills at the second conference. Delegates were present at the conference here from 55 mills in 29 towns of North Carolina, South Carolina and Tennessee.

Resolutions adopted pledged support to the 23 defendants on trial at Gastonia for the murder of O. F. Adersholt, police chief, and condemned what was termed the attempt of the Wall Street bosses to initiate a new world war by using China as a tool to attack Soviet Russia.

## Dawes And Gibson Continue Talks On Naval Reductions

London, July 29.—(AP)—Ambassador Dawes and Hugh S. Gibson, Ambassador at Brussels, continued their conversation on naval reduction this morning and expected to see Ramsay MacDonald, British Premier, this afternoon to go into the subject in detail with him.

The conference of the two Ambassadors was in line with previous similar conferences since the disarmament question has become paramount here it was said at the American embassy.

## Zeppelin To Fly To United States During The Week

Friedrichshafen, Germany, July 29.—(AP)—Dr. Hugo Eckener, pilot of the Graf Zeppelin, expects to take off from here Thursday or Friday on his second trip to America.

A second test flight, of 11-12 hours, yesterday over south Germany and the Rhineland showed that M. Poincare will not be included in it.

## Entire Nation In Grip Of Intense Heat Wave

### Seven Death Reported

New York, July 29.—(AP)—The country lay gasping today under a heat wave.

In various sections Sunday temperatures approached the century mark. The highest point for the day was 98 degrees, which was recorded from such distant points as Albany, N. Y., Baltimore, Phoenix, Ariz.; St. Louis and Washington. The mercury stood at 92 in Montreal, Boston, Cleveland, Cincinnati, Detroit, Philadelphia, Portland, Ore., and San Antonio, Tex.

## ARMY STAFF WILL SURVEY EXPENDITURE

### Entire General Staff to Devote Energies to Cost Of Military Operations.

Washington, July 29.—(AP)—Back for a week-end conference with President Hoover at his Virginia fishing retreat, Secretary Good said today the entire army general staff would devote its energies to the survey of military expenditures desired by the chief executive with a view of effecting economies.

Explaining what he described as difficulties in the way of reducing appropriations, he said, "rarely does the adoption of one instrument abolish another," citing the airplane as a weapon which had displaced nothing but constituted an addition to the fighting machinery.

Asked about possible reductions in the coast defenses, to be brought about by mobile coast artillery, he replied that large expenditures would have to be made to improve bridges to make them strong enough to carry the necessary railway carriages for the big guns.

"We are trying to approach the problem with an open mind," he added, "to bring about a reduction, if possible. If economies can be made, I believe the general staff will be able to make them."

"Nothing unusual," he added, "occurred at the week-end conference."

## Tobacco Factories Resume Operation On Local Market

Five factories have begun operation on the Greenville tobacco market and from now until after Christmas they will be as busy as bees handling millions of pounds of the golden leaf from Georgia, South Carolina and this belt.

The opening of the factories imparts new life to the community, in that it provides employment for thousands of hoppers, and puts into circulation thousands of dollars each week. This is the season of the year when Greenville and other tobacco markets begin to recover from the depression of the summer months and get all set for the rush season accompanying the opening of the markets in this belt.

The factories that have already resumed operation are the Export Tobacco Company, Person & Garrett, Greenville Tobacco Company, Ficklen Tobacco Company and the Imperial. Five other factories will open within the next several days, giving employment to hundreds of other laborers. They will operate day and night until after Christmas holidays.

The Chicago district federal court established "some kind of a record when only four not guilty verdicts were returned in the year ending July 30, 1929.

## New French Premier Decides To Retain Poincare's Cabinet

Paris, July 29.—(AP)—Aristide Briand, France's new Premier, will retain intact the cabinet of his predecessor, Raymond Poincare, save that M. Poincare will not be included in it.

M. Briand appeared satisfied with the retention of his old cabinet, apparently realizing it was a makeshift solution at best and would have to be shifted sooner or later to appease political appetites. His time before opening at the Hague of the conference on reparations, however, was too short to experiment further.

The personal of his ministry, arranged by party groupings will be as follows: Right-Republican Democrats union; Georges Bonnet, Minister of Commerce; Center-Republican-Democrats and Social party; Louis Barthou, Minister of Justice; Henri Cheron, Minister of Finance; Democratic and Social Action; Andre Maginot, Minister of the Colonies.

Left Republican party; Andre Tardieu, Minister of the Interior; Georges Leygues, Minister of Marine; Republican Socialist and French Socialist party; Aristide Briand, Premier and Foreign Minister; Paul Painleve, Minister of War; Jean neveu, Minister of Agriculture; Louis Anteuil, Minister of Pensions; Pierre Forget, Minister of Public Work and Transport; Radicals; Louis Loucheur, Minister of Labor; Laurent Eynac, Minister of Aviation; Democrats; Pierre Marraud, Minister of Public Instruction and the Fine Arts.

These Ministers were appointed November 11, 1928, when after a cabinet crisis M. Poincare reconstructed his government.

## Endurance Fliers Draw Near 400 Hour Mark In Clouds Over St. Louis

St. Louis, July 29.—(AP)—Forest O'Brine and Dale (Red) Jackson, champion endurance fliers, today were nearing the 400-hour mark aloft in the St. Louis Robin.

At 9:17 a. m. they had completed 386 hours in the air and had exceeded the record of the Angeleno of the fliers, accumulating at the rate of \$116 an hour, amounted to \$18,000 at that time.

The Robin came low over the field at 6:30 a. m. as the fliers jostled out a message. The note, addressed to "Shorty" Chaffee, of the refueling crew, said: "Shorty, give us 60 to 70 gallons of gas and oil. Everything going fine. Red."

Word that the Minnesota endurance fliers had crashed this morning was sent up to the fliers by their wives, who inclosed notes for each in the breakfast container. This morning's refueling was the 44th transfer of gasoline and oil and the 72nd contact between the endurance plane and the refueler for all purposes. So far 3,320 gallons of gasoline have been transferred.

No indication when the motor will croon its swan song was apparent to ground observers as the airmen went into their 17th day. According to Major William E. Robertson of the Curtiss-Robertson Company, sponsoring the flight, body troubles have not bothered the fliers, although the Angeleno and the City of Cleveland were forced down by such causes. He attributed this to the use of welded metal tubing and alloys in the wings ribs and struts.

Officials of the field estimated a total of 60,000 watched the plane during yesterday, 10,000 more than were attracted last Sunday, previous to the breaking of the record. There were other attractions, including an airplane race, parachute jumps, and an exhibition of "balloon busting" by breaking toy balloons with the planes propeller.

Art Goebel, California to Hawaii flier, was one of the visitors yesterday and sent aloft a note, "Go to it boys, you are certainly doing a wonderful job. Another great step in aviation. Kindest regards."

Goebel showed much interest in the flight, particularly in the refueling, going aloft when Major Wassell and Shorty Chaffee made a contact at 4 o'clock.

A note from the airmen said: "Tell those reports we are not running without lights because we want to. Our battery lasts only a little while and then our lights go out. If those birds don't know anything about this matter, there's no excuse for printing such things. I got a big laugh when they tried to smooth things over about our speed, saying we were bucking headwinds. First time I knew wind blew in circles."

"I can't see what they have to kick about sleeping on the ground. They should be glad to get out in the open and get some fresh air. They can get up and walk around and we can't. Sleeping on a gas tank isn't so hot either."

## Court Still Picking Jury At Columbus

Columbus, Ohio, July 29.—(AP)—The obstacle of set opinions stood again today against the formation of a jury in the trial of Dr. James H. Snook, confessed slayer of his co-ed mistress, Theresa Hix, and four men were examined before one was found to take the seat on the tentative jury, vacated Friday by a defense preemptory challenge.

He was Donald O. Post, a 23-year-old bank clerk and with his acceptance the jury stood tentatively with nine men and three women. Three men before Post had expressed a fixed view as to the guilt or innocence of the 49-year-old former professor at Ohio State. One woman who was called said she was a sister of a member of the Franklin county jury commission and was excused.

Ten men and one woman remained of the original venire of 75 after Post was seated, and ten more persons from a special venire of 50 were held with them in readiness for call. The remainder of the special venire was excused after being sworn until the start of the afternoon session of court today.

The defense at the time Post was seated has used seven of its 16 preemptory challenges and the state one of its four. The speed shown today left indications that it will probably be Thursday before any testimony is introduced.

## Two-Thirds of America's Cruiser Building Program Expected to Remain Intact

Washington, July 29.—(AP)—The final outcome of the naval limitation discussions now advancing into a highly technical phase in London is expected by American experts to leave at least two-thirds of the 15-cruiser program intact.

As they see it, at least ten of the contemplated 10,000-ton vessels will have to be built under an arrangement which may be reached in carrying out the agreement between the United States and Great Britain on the principle of absolute equality in the fighting strength of their navies with all kinds of craft considered.

## HALF MILLION COTTON TRADE WORKERS OUT

### Approximately 1,500 Mills Close Down in England As Result Of Walkout.

Manchester, Eng., July 29.—(AP)—A half million cotton trade workers struck this morning, closing down 1,500 mills, following the refusal of employers to concede from their intention of cutting wages 12 1-2 per cent.

The strike was automatic, having been decided upon Saturday. Last minute efforts to avert it Saturday and Sunday failed. It affected almost the entire Lancashire cotton industry with the exception of a few plants outside the employers federation which were still operating.

It was the outgrowth of continued depression in the textile trade which three weeks ago led to an announcement by employers that a 12 1-2 per cent reduction in wages be made effective Saturday. The workers' unions refused to accept the reduction and ordered the strike when efforts at negotiating their differences were rebuffed by the employers.

Nearly every city and town in Lancashire was affected by the strike, which was expected to cause a loss in wages of about 1,000,000 pounds (\$5,000,000) weekly. All mills were open as usual today for the workers but the unions were staunch in their defiance of the order.

Mills remaining open were those whose owners are not members of the Masters' Federation. They announced yesterday they could continue paying the old wage temporarily. They employed only a few thousand however out of Lancashire's half million workers.

A statement issued by Sir Horace Wilson, permanent secretary of the ministry of labor, laid the blame for the walkout squarely on the shoulders of the employers. He said the workers' throughout had offered to submit the issue to a court of arbitration and to accept the decision of the court.

On the other hand, the employers were alleged to have refused to withdraw their notices or to await the result of a government inquiry. About 250,000 weavers and 250,000 spinners were affected.

The ministry of labor, guided by Miss Maggie Handfield, its minister, continued today its efforts to reconcile the disputants but it was considered a hopeless task at least for the present. There was a possibility Premier MacDonald would attempt to harmonize the situation.

Some in reckoning the probable effect of the strike on other industries, estimated 80,000 to 100,000 bleachers, dyers and finishers would be thrown out of work shortly or reduced as a result of the strike. The greater part of the 86,000 tons of coal used in the mills each week will cease, depriving miners of their occupation while miners and railroad and shipping men also will be affected.

The Lancashire wage scales are based on piece work with complicated lists. The employers demanded the workers accept a reduction of two shillings and six pence on the pound, or about 12 1-2 cents on the dollar.

There was some feeling some sort of government action still could save the day and prevent the misery and financial depression which inevitably follows British trade disputes. In this event the operating spinning section probably would ask for resumption of negotiations on their own account. It was expected the mill owners would meet them half way.

## Chief Educator

Claude M. Hirst was chosen superintendent of Arkansas public instruction, to succeed J. P. Womack, who is now president of Henderson teachers college.

## NEGRO SLAYER TO GO ON TRIAL TODAY

Chester, S. C., July 29.—(AP)—Joe Cloud, negro, charged with slaying and burning the body of Dan Gladden, former Charlotte negro, was scheduled to go on trial here today before Judge J. K. Henry in General Sessions Court.

## Two Killed In Riot At Auburn Jail

Auburn, N. C., July 29.—(AP)—Fifty long-term convicts at Auburn state prison yesterday led a revolt of the 1,700 inmates captured the prison arsenal, with its stock of approximately 50 rifles and four machine guns; stormed the main gates; fired several prison shops, with an estimated loss of \$50,000 and shot four guards, one seriously.

Four convicts escaped from the prison in the first rush; two of the mutineers were killed by the fire of the guards, and a third was wounded seriously.

A mere handful of guards, two-thirds of the staff being off duty because it was Sunday, beat back the first attack of the rioters, then, reinforced by the remaining guards, hastily recalled, and state troops, they held a yelling, surging mob of convicts at bay until the outbreak spent its force and quiet was restored within the prison.

## TWO KILLED IN RIOT AT AUBURN JAIL

### Several Also Injured When Prisoners Revolt And Storm Main Gates in New York

Auburn, N. C., July 29.—(AP)—Fifty long-term convicts at Auburn state prison yesterday led a revolt of the 1,700 inmates captured the prison arsenal, with its stock of approximately 50 rifles and four machine guns; stormed the main gates; fired several prison shops, with an estimated loss of \$50,000 and shot four guards, one seriously.

Four convicts escaped from the prison in the first rush; two of the mutineers were killed by the fire of the guards, and a third was wounded seriously.

A mere handful of guards, two-thirds of the staff being off duty because it was Sunday, beat back the first attack of the rioters, then, reinforced by the remaining guards, hastily recalled, and state troops, they held a yelling, surging mob of convicts at bay until the outbreak spent its force and quiet was restored within the prison.

Quiet was restored in the prison early today, a check-up showed that, with the exception of the slain convicts, one in hospital, and the four who escaped, every inmate of the prison was in a cell, although the cells were crowded because of the damage to a cell block by fire.

While most of the rifles stolen from the prison arsenal had been recovered, three machine guns still were missing, and officials were at a loss to account for them, whereabouts.

Prison officials and others today pointed to the similarity between the outbreak at Auburn yesterday and the revolt of the prisoners at Clinton prison, Danmore, a week ago. News of such attempts to gain freedom travels fast along the "grapevine telegraph"—that mysterious method of communication known only to the underworld—said guards at various state prisons had seen half expecting a repetition of the Clinton prison outbreak at some other prison.

Today vigilance at state prisons was even more keen, and four machine guns had been placed on the docks at Sing Sing prison, to guard the fence that separates the prison grounds from the Hudson river.

The riot started at 1:15 p. m. when a trusty, whose name has not been disclosed yet, strolled across the ward to where Merle Osborne, keeper of the prison, lay room dozed. As he heard Osborne, he whipped a pistol from his clothing and fired point blank at the guard. Osborne fell beneath the feet of half a hundred convicts who had sprung from all parts of the prison yard in response to the signal.

The prisoners snatched Osborne's keys from his pocket and headed for the arsenal. There they seized every available rifle and four machine guns and rushed for the main gates.

Milton Ryther, on guard at the gate, saw the mob advancing, locked the gates and threw the key over the wall into the street. Then the mob was upon him. While one man covered Ryther, then the other three swept the street in front of the prison with rifle and machine gun fire. Then the four leaped from the wall and escaped.

Meanwhile the remaining ring leaders of the outbreak had rushed back to the prison yard and opened fire on the guards along the top of the wall. Simultaneously some of the convicts set fire to the prison shops, while others severed power and light lines and gas pipes leading into the prison.

Under cover of the dense smoke the convicts attempted to rush the walls but were driven back by fire from guards posted along the top. Then they rallied in the prison yard, rallying their forces for fresh attacks.

At the outbreak of the disturbance, the prison siren failed its warning and Warden Edgar S. Jennings sent out telephone calls for assistance. Fifty state troopers were rushed to the prison, and all available police together with a unit of the New York National Guard patrolled the streets.

While fire fighters were checking the blazes the guards on the wall were doubled and under cover of their guns, six troopers entered the convicts after first removing their rifles. They then were returned to their cells after another minor outbreak in which two additional convicts were injured.

Dr. Raymond F. C. Kieb, state commissioner of correction, attributed the outbreak to overcrowding of prisoners and said he had been "feeling it for a long time." The prison housed 1,772 at the time of the outbreak. Former Governor Alfred E. Smith, during his administration, recommended the prison's abolition.

## MR. AND MRS. GILBERT LEAVE FOR WESTERN N. C.

Mr. and Mrs. J. J. Gilbert left Sunday for Asheville and other points in the mountains. While away Mr. Gilbert will attend the annual summer meeting of the district deputies of the Grand Lodge of Masons, which takes place in Hickory.

## RETURN FROM FURNITURE SHOW AT HIGH POINT

Messrs. E. H. and Joe Taft have returned from High Point where they attended the furniture exposition. While there they purchased a complete stock of furniture for their fall and winter trade. They were highly pleased with the various styles on exhibit.

## FOUR MARRIAGE LICENSES ISSUED HERE THIS WEEK

The following marriage licenses have been issued by the register of deeds since the report of the early part of last week:

M. M. Edmundson to Miss Reba Whitehurst, both of the Bethel community.  
Albert Price, of Hopewell, Va., to Mrs. Laura Agnes Hughes of Greenville.  
Herbert Clark to Miss Bessie May Sutton, of Greenville.  
Colored.  
Herman Spicer to Janie Morrow, both of Swift Creek.

## Rev. R. J. Bamber Delivers Sermon At Union Service

The second of the summer series of union services was held in the auditorium of the new high school building last night. The sermon was delivered by Rev. R. J. Bamber, pastor of the Eighth Street Church of Christ. Song services were in charge of J. H. Rose, superintendent of city schools.

A fairly large crowd attended the services last night and listened with interest to the message delivered by the secretary of the Greenville Ministerial Association.

The services will be conducted each Sunday night until the latter part of August when members of the various denominations will go back to their churches for usual evening worship. The services last summer created more than general interest and the court house lawn was crowded each Sunday evening by men, women and children representing practically every walk of life.

## Attend Short Courses At Raleigh this Week

Numbers of young men and women representing the various home and farm demonstration clubs of the county left this morning for Raleigh, where they will attend short courses at State College. The courses will be continued during the week and will cover many subjects of interest to the farm life of the various communities of the state.

Several women from Pitt county attended similar courses at Raleigh last week and reported that they were highly pleased with what they had learned following their return to this city last Saturday.

## Mayors Court

Monday, July 29.  
Clinton Waldrop, colored, drunk and staggering on the street; \$5.00 and cost.  
John Brown, colored, disorderly conduct; paid cost.  
Charlie Forbes, colored, whiskey for sale; bound over to county court under bond of \$50.00.  
George Carson, drunk and down; \$10.00 and cost.

## DOROTHY STONE WILL SUCCEED RUBY KEELER

New York, July 29.—(AP)—Ruby Keeler, wife of Al Jolson, forced by illness to retire from her stellar role in "Show Girl," will be succeeded by Dorothy Stone.

Jolson informed Florenz Ziegfeld, the producer, that Miss Keeler insisted on remaining in the cast until Miss Stone arrives from California Wednesday. She is studying the part en route.

River taxicabs now ply between a railway station and Chicago's business district along Michigan avenue.

## Sues Millionaire

Ruth Tromley, ex-model, sued Charles A. Channel, Chicago millionaire, for \$100,000, alleging breach of promise. Channel is 56 and has been married 26 years.

## Bromley To Try Air Trip Again

Tacoma, Wash., July 29.—(AP)—Lieut. Harold Bromley whose specially constructed monoplane was wrecked here yesterday when he attempted to take off on a non-stop flight to Tokyo, expects to try it again within 60 days.

Heavily loaded, the low-slung plane sped down a specially built ramp and whirled into a "ground loop" after Bromley had been blinded by gasoline spray from the craft's fully loaded tanks.

Half the right wing of the plane was crumpled into a mass of steel and plywood. Bromley sprang from the wreckage unhurt. The flier blamed himself for the crash, declaring he should have stopped the ship as soon as the gasoline spray blinded him.

After the crash a special meeting of backers of the flight resulted in a decision to rebuild the plane immediately.

The wrecked plane was to be crated today and sent to Burbank, Calif., to be rebuilt.

An examination showed that the 425-horsepower motor of the plane had not been seriously damaged.

## PREMIER MUSSOLINI FORTY SIX TODAY

Rome, July 29.—(AP)—Today was Premier Mussolini's forty sixth birthday but Romans generally could only guess how he was spending it. Some believed, since he landed at Rimini, on the Adriatic coast, Friday night he had gone to his villa near Forli to be with his family.

The Premier told his collaborators in the foreign office he did not wish the day to be marked in any special manner. This feeling, he said, was not because he objected to being a year older, but because he thought there were already enough holidays in the Roman calendar.

## WARREN ANNOUNCES NEW APPOINTMENTS TO WEST POINT

Washington, N. C., July 27.—Congressman Lindsay Warren today announced his appointments for the two vacancies at the Naval Academy from the First Congressional District. The examination will be held in April, and the successful candidates will enter the academy in June, 1930. For one vacancy, Alonzo Dumay Gordan of Washington, is named as principal; Louis Curtis, of Abokie, first alternate; Richard Edward Grimes of Robertsonville, second alternate, and Robert Abner Eason of Greenville, as third alternate.

For the other vacancy, Cecil Edward Blount, of Roper, is named as principal; Walton Burgett Walters of Washington, first alternate; John Walton Hobbs, Jr., of Weaverville, second alternate; Wallace Litchfield Reed, of Hertford, third alternate.

## SAYS NATIONS NEED JUSTICE AND NOT FORCE

### Senator Joseph Robinson Chief Speaker At Annual Legion Meeting.

Blytheville, Ark., July 29.—(AP)—Until justice in international affairs is substituted for force the nations will continue to exhaust their resources in building navies and in training armies Senator Joe T. Robinson of Arkansas said in an address at the annual state convention of the annual American Legion here today.

"Treaties renouncing war and providing for disarmament are helpful because they capitalize the real desire of law abiding men and women in every land to escape the drain and strain of war on resources and morals," he said.

"The tax burdens incident to large military and naval establishments can only be escaped through simultaneous action by the great world powers in the establishment of tribunals of justice for the settlement of international disputes.

"The anti-war pact already signed by nearly all civilized governments has just been declared effective. Its length and value is being tested in the rupture threatened between Russia and China which embraces approximately one third of the population of the world. However, much it may be desired disarmament may only be expected to follow security."

Senator Robinson declared the United States is extending its commerce throughout the world and "is not popular in any part of the globe."

"It is therefore unwise and unsafe to rely on our rivals for protection and while we are not a war-like people and are anxious to contribute to the establishment under which it may be practical to suspend naval construction our safety requires that reasonable safeguards be taken to assure our own immunity from attack"

Final decision regarding the operation doubtless will be made tomorrow at a medical consultation, but it is expected soon as the former premier is considered by his physicians in excellent condition for it.

## SEEK TO IDENTIFY BODY OF DEAD NEGRO

Bessemer City, July 29.—(AP)—Authorities here today sought identification of the body of a negro man who was found on the tracks of the railroad line from Bessemer City to King's Mountain yesterday. A letter in his pocket was addressed to Pearl Brown of Lawndale. He was believed to have been riding a freight and to have fallen, being killed by impact with the roadbed.

## Head-on Home Run Hazleton, Pa.

The head of Right Fielder Layden, of Birmingham in the Penn League has been responsible for a home run by Roseberry, of Hazleton. As Layden was chasing a fly the ball hit him on the head and bounced over the fence. ayden continued in the game.

## Academic Beauty

Lorene Davis, Winter Haven, Fla., selected by campus mates, reigns over the University of Florida summer school as its most beautiful girl.

## BEGIN PROBE OF WILL OF PRINCESS HATZFELDT

London, July 29.—(AP)—Under the presidency of Consul-General Halstead, an American court began inquiry here today into the will of Princess Hatzfeldt, American born woman who died in London last December, leaving a fortune estimated at \$5,000,000.

The proceedings are at the instance of Edwin Whitman Prentice, of San Francisco, a nephew of the princess, who left her estate to 60 English legatees. Prentice seeks to break the will on the ground of fraud and undue influence.

## PREMIER POINCARÉ BRIGHT AND CHEERFUL

Paris, July 29.—(AP)—Former Premier Poincaré, free from governmental responsibility, was bright and cheerful today and ready for a contemplated operation.

Final decision regarding the operation doubtless will be made tomorrow at a medical consultation, but it is expected soon as the former premier is considered by his physicians in excellent condition for it.

## Bug Club Orator Held In Stabbing Case At Chicago

Chicago, July 29.—(AP)—The leading orator of the "Bug Clubs," an organization which meets regularly in one of the city parks for open forum discussions, was arrested yesterday in connection with the stabbing last Friday of George T. Donohue, 16-year-old son of the superintendent of the South Park system.

Heilbron denied stabbing the youth but said young Donohue was the leader of a group of hecklers who had made sport of the "Bugs" for the last month.

Donohue said he wandered into the meeting Friday night, and joined with some other hecklers and that Heilbron took exception to his interruptions and struck him in the abdomen. He said he was not aware that he had been stabbed and fought it out with the orator before his attention was called to the blood on his clothing.

Heilbron was charged with assault with intent to kill and carrying concealed weapons.

## RACES OPEN TODAY AT SARATOGA SPRINGS

Saratoga Springs, N. Y., July 29.—(AP)—Two stakes—one for juveniles and the other for matured racers—inaugurate the opening of the August meeting at Saratoga today.

Some 15 of the best two-year-olds in the land have been named for the stake. A five and one-half furlong dash with a purse of \$5,000 added.

Diavolo was to carry top weight of 123 pounds in the Saratoga handicap for matured runners. Other probable starters included Displeasure, Recreation, Distraction, Sun Edwin, Soul of Honor, Sun Fire, Hot Toddy and Bateau.

## Too Many Names

London.—At a guinea a line sundry persons have been advertising in the newspapers that they were unable to attend the Royal Garden party last week. The list of guests invited ran so far into the thousands that no paper printed it all.

## Headed For Africa

Mrs. L. O. Sordahl will accompany her husband and brother for a three-year stay at a South African solar observatory.

## SANFORD MAN HELD IN DEATH OF AUTOIST

Sanford, July 29.—(AP)—A. A. Wagner, of Sanford, was being held today pending investigation of an automobile accident yesterday after-

noon in which Paul Byerly, 20, of Cummock, was killed. Wagner's car collided with that of Byerly three miles west of here. Carlos McLeod and J. W. Freeman, passengers, were slightly injured in the crash.

## PERUVIAN HONOR PRESIDENT HOOVER

Lima, Peru, July 29.—(AP)—The Peruvian government, on the 108th anniversary of Peruvian independence yesterday awarded the grand cross with diamonds of the order of the Sun to President Hoover. The grand cross was awarded to Secretary of State Stimson.

# GREENS DROP FINAL GAME WITH BUCS

Rocky Mount, July 27.—Red Brandes turned today's game with Greenville into the win column for Rocky Mount with his single in the ninth inning to scare Fayonski with the winning run. The score was 5 to 4.

Pitcher udke held the Buc's at his mercy until the seventh when a barrage of hits sent him to the showers after four runs had crossed. Anders, new Greenville pitcher, proceeded to set the Buc's down until the ninth when Fayonski was safe at first when he beat out a roller. He went to second when Crump led the ball get away from him. He stole third and scored an instant later.

The Greens came near scoring in their half of the ninth when Carson hit safely, went to second on a sacrifice. Nalbock was safe on Stewart's error but Carson was caught between the home plate and third. The ball was doubled back to find Nalbock between second and third. He was out.

The entire Buc contingent, with the exception of Vance, hit safely. Brandes led with three, among them a double, and Gill with two, also a double to his credit. The pitcher's double scored a pair of runners. Kendall, Greenville, collected his third and fourth double in two days, to the with Nalbock, Jones and Carson for hitting honors.

Buc players handled 22 assists without a bobble. Stewar: made 14 outs with one error.

The box score:

Greenville	Ab.	R.	H.	O.	A.	E.

# FRANCE WINS DAVIS CUP

Paris, July 29.—(AP)—Thanks chiefly to that little tennis machine, Henri Cochet, the Davis cup, emblem of world team supremacy, will remain in France for another year. The pick of United States' talent, hopeful of recapturing the cup lost to the tri-color in 1927, stormed the French tennis ramparts when they appeared weakest, only to fall back, defeated almost single handed by Cochet.

In a challenge round decided by the narrow margin of three matches to two, Cochet accounted for two of the three French victories and walked off the undisturbed hero of a thrilling and dramatic series.

With the score standing at two matches to one against them, the Americans had no more than an outside chance to pull the series out of the fire when the final day's play began yesterday. Big Bill Tilden, himself a heroic figure in many a Davis cup combat, came through in gallant fashion, trouncing Jean Prastra, weaker half of the French team.

The tall Philadelphia's victory squared the series and left the issue to be decided in the final singles match between Cochet and George Lott, 24-year-old star from the University of Chicago, playing in his first Davis cup challenge round.

In a crisis like this, Cochet was unbeatable. He stormed his way through Lott's defense and clinched the series that insured retention of the coveted trophy for at least another year. Cochet raced through the first set with the loss of only one game but could do nothing with the Chicagoan in the second. Lott, rising to heights he seldom has touched, raced all over the court in this set and squared the match. Cochet, momentarily worried, sped up his game and romped ox with the third set at love. Lott succeeded in bringing the games to three-all in the fourth set but Cochet raced through the next three for set, match and series.

Tilden, beaten by Cochet in straight sets on Friday, overwhelmed Prastra in the first singles match of the closing day. He did not appear to be taking things seriously in the first set and woke up to find the bounding Basque had won it. Then he began to bear down, ran through the second set with the loss of one game, took the third with the loss of four, and then started off a rally by Prastra to capture the fourth and deciding set. Lott's magnificent stand against Cochet served to disperse the partisanship of the crowd of 19,000. As

## DEACON JOLLIFF HOOKS ON WITH CLASS A CLUB

Deacon Joliff, manager of Greenville in the East Carolina last year and with that club for a time this season, is now in Class A company. Mike Konnick, who piloted Kinston for a time in the Virginia League in 1927, recently secured the veteran Deacon for the Allentown club of the Eastern League. Joliff made his bow to the fans by slapping out a triple as a pinch-hitter, but he lost his first pitching start in the Eastern loop.

he left the courts, in tears of his defeat, the young American was given as great, if not greater, an oration as Cochet himself.

## WANT ADS PAY

# YANKS TAKE CLOSE GAME ON SUNDAY

By HERBERT BARKER  
(Associated Press Sports Writer)

The New York Yankees, whose runaway victories in the American league were the despair of all rivals, are getting the taste of their own medicine these days.

In the last three American league games, contenders used 1 to play 700 baseball only to find that not only could they not gain an inch but actually lost ground to the Yankee steamroller that over long stretches could play at better than an .800 clip.

The same thing is holding true again this season except that the Yanks have yielded their accustomed "Simon Legree" role to Connie Mack's Philadelphia Athletics.

Through the enforced idleness of the Athletics, the Yanks found an opportunity to whittle away a little of the A's lead yesterday. It took all one run by George Herman Ruth to enable them to down the St. Louis Browns, 7-6 in 12 innings and cut the Athletics' lead to 10 games. Lou Gehrig had hit his 25th homer in the first inning with one on.

A four run rally in the ninth gave Cleveland a 9 to 6 triumph over the Washington Senators. It was the Indians' third in a row over the Senators.

Aided by a home run and two singles by Martin McManus, Detroit's rookie pitcher, Kyle Gralam won his first game in the American league, beating the Boston Red Sox 5 to 3.

In the National league, the Chicago Cubs increased their lead over Pittsburgh to two and a half games by trouncing the Phillies 7 to 2, for their seventh successive victory. Guy Bush won his 14th game of the season against a single defeat, giving the Phils six hits.

John McGraw's New York Giants pounded Alexander, Frankross and Hallahan for 19 hits to beat St. Louis 10-5. Mel Ott got his 28th homer of the season.

Cincinnati ran its winning streak to five by beating Brooklyn in both ends of a double bill, 4-3 and 7-5.

## Where They Play

EAST CAROLINA LEAGUE  
Goldboro at Kinston.  
Wilmington at Greenville.  
Fayetteville at Rocky Mount.

Recovers Most of oss  
Hooker, N. J.—Six persons have been arrested because the \$5,000 savings of romantic Sime Suserich, railroad fireman, vanished. Sime planned to use the money to slope with Mrs. Sophie Radulic. At the rendezvous, so he says, she demanded the cash, and was reinforced by a clubswinging husband. Sime called in the police and after they traced the money from his person to that they recovered \$4,350.

# MUCH DOING IN THE FIGHT REALM TODAY

New York, July 29.—(AP)—Sammy Mandell king of the lightweight's believe, he can avoid the jinx that has been following champions recently, when he steps into the ring against Tony Canzoneri at Chicago this Friday night.

No fewer than four champions bit the dust last week. Joe Dundee dropped his welterweight crown to Jackie Fields at Detroit; Al Simon knocked out Andre Rottis, featherweight champion, in an over-weight fight; Mushy Callahan, junior, welterweight titleholder, was beaten by Jack Berg in another non-title battle; and Al Brown, New York State's nominee for the bantamweight title, was outpointed in a non-championship bout by Est Battalino.

Mandell, however, is not worrying. He believes he can take care of himself and those who saw him trounce Jimmy McLarnin, a much more dangerous puncher than Canzoneri, never found the Rockford flash, will be a 7 to 5 favorite.

Ray Miller, Chicago lightweight, and Luis Vicentini, of Chile, hooked up in the semi-final of eight rounds and Basil Galasso, New Orleans, and Andy Callahan of Boston, are matched in another eight-rounder.

Kid Chocolate, the Cuban featherweight flash, is booked to make his first appearance in the mid-west, meeting Steve Smith of Bridgeport, Conn. in a ten round bout at Chicago Tuesday night.

W. L. (Younie) Stribling, Macon heavyweight, meets Babe Hunt of Ponca City, Okla. at Tulsa, tonight at about the same time Johnny Piken, Cleveland rubber man, is striving for vengeance in a 12-round return meeting with Emmet Revere, of Elwood City, Pa., at Cleveland.

Humber Pugazy's card at Ebbets Field, Brooklyn, on Wednesday left him together Joe Glick and Billy Wallace, lightweight; Benny Bass and Benny (Kid) Carter, featherweights; and Archie Bell and Johnny Erickson, bantamweights.

At the Greensboro stadium tomorrow night, Angus Snyder, heavy middleweight, Kansas City heavyweight, is matched with George Hoffman, former amateur star. Mike Sankovitch, of New Jersey, and Salvatore Ruffello.

# ...off the springboard it's FORM!

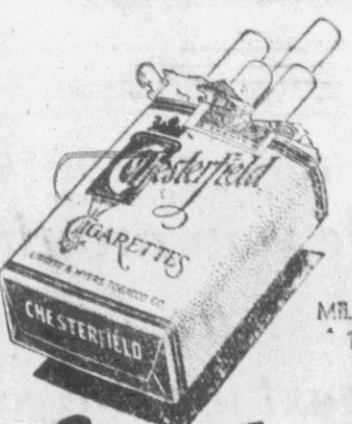

# ...in a cigarette it's TASTE!

GETTING DOWN to brass tacks, a cigarette is a smoke—made and bought for your own enjoyment.

But between just something to smoke, and tobacco character, richness, delicate aroma—in short, something to taste—well, that's the difference that accounts for Chesterfield's ever-mounting popularity—

"TASTE above everything"

# Chesterfield

FINE TURKISH and DOMESTIC tobaccos, not only BLENDED but CROSS-BLENDED

TAKES THE HILL IN HIGH!

and it Stops Knocks!

If you don't like to hear your engine knock going uphill—if it annoys you to shift into second gear to avoid stalling—then fill up with Sinclair H-C Gasoline and ride the grade in high!

This outstanding motor fuel (with a four years' record of superior engine performance) gives high compression performance to new or old engines of any type—in any weather.

It stops knocks and keeps them stopped—runs the engine cool, smooth and quiet up hill and down—H-C is the answer to your question "What gas shall I use to keep the knock out of my cylinders?" H-C is all gasoline, nothing added.

H-C will never disappoint you—try it wherever you see the Sinclair H-C pumps—and go over the hill in high!

•OPALINE Motor Oil gives you an EXTRA SERVICE by sealing pistons' power.

## Cotton--Stocks--Grain

### COTTON MARKET

New York, July 29.—(AP)—The cotton market opened early today at a decline of 7 to 15 points in response to lower Liverpool cables and the Lancashire labor troubles. October sold at 18.48 and January at 18.70 during the early trading but there was considerable trade buying at the decline, and after the initial offerings had been absorbed, prices steadied on covering.

A private report was issued placing the condition of the crop at 70.9 against a report of 72.7 a month ago.

Cable advices from Liverpool said the market there was lower under London, Manchester and Continental liquidation, promoted by favorable weather reports from the south, but that business in cotton yarns and cloths was practically at a standstill owing to the stoppage of the Lancashire mills.

### GRAIN MARKET

Chicago, July 29.—(AP)—Wheat, corn and oats today all showed above any prices here before. This season, but reached sharply as a result of heavy selling to realize profits. Crop deterioration because of drought and high temperatures was the main stimulus for higher prices.

Wheat closed irregular, at the same as Saturday's price to 2 1/2 lower; corn closed at 1-2 to 1-1/2 net gain; oats 3/8 to 1-1/4 net gain and prices unchanged to 1/2 down.

### STOCK MARKET

New York, July 29.—(AP)—A sweeping reaction in stock prices took place in today's market after several ineffectual attempts had been made to rally the general list by marking up special stocks.

While investment selling had been going on throughout the morning, the liquidating movement did not gather full force until around midday when a storm of selling orders suddenly appeared, and carried scores of issues 2 to 12 points below last week's final quotations.

Wall street was inclined to seek the credit stringency for the selling movement. Call money renewed today at 9 per cent, with only a moderate supply of funds available, and a firmer undertone was reported in the time money market. With heavy month-end demands for funds at hand, coupled with the expiration of stock "rights", little hope of easier credit conditions was foreseen for sometime.

"Bear" trades sold stocks rather heavily on the theory that most of the "good news" which the market had been discounting was out, and that there was little left on which bullish enthusiasm could be generated. Most of the so-called "investment services" had been advising their customers to reduce long commitments on the theory that the market was "over bought". The apparent inability of pool operators to attract an outside following also encouraged short selling.

Business news continued favorable. Another long series of favorable semi-annual earnings statements made their appearance today, the American Locomotive Company showing earnings per share 11 times that of the first half of last year.

Selling orders embraced a rather wide list of issues but the merchandising, public utility and railroad shares were the hardest hit. Graham and Scudder broke 12 points, American Telephone 8 3/4. General Electric 5 5/8, New York Central 7 1/2, Westinghouse Electric 5 5/8, International Business Machine 6 1/2 and St. Louis Southwestern 6 1/4. Extreme declines of 4 to 6 points were recorded by the least a score issues including agiled Chemical, American Power and Light, Auburn Auto, American Can, American and Foreign Power, American International, Baltimore and Ohio, Consolidated Gas, Delaware and Hudson, International Harvester, Johns Manville, Marmon Motors, May Department Stores, Union Carbide and Texas and Pacific.

### Land Bank Council Dies At Columbia

Columbia, July 29.—(AP)—Robert H. Welch, general counsel for the federal land bank of Columbia since its organization in 1917, died here yesterday in his fifty-fifth year.

He had been a member of the legislature from Richland county, an assistant general counsel of the Southern Railway and had been counsel for citizens in the formation of five new South Carolina counties.

### PRIVATE PURCHASE OF FAMOUS PSALMS

London, July 29.—(AP)—The announced sale of the Luttrell Psalter, a famous collection of the Psalms, which was expected to realize 30,000 pounds sterling, took an unexpected turn today when the auctioneer at Sotheby's announced the Psalter had been purchased by a private benefactor who wished to remain anonymous.

The purchaser gave 30,000 guineas (about \$150,000) and will allow the British Museum a year in which to collect the money in order to obtain the book.

### BANDITS MAKE RAUL ON MEXICAN TRAIN

Mexico City, July 29.—(AP)—Disturbances to travelers from Saltillo, Coahuila, said bandits attacked a mixed freight passenger train yesterday at Herdrazas and carried off 9,000 pesos (about \$4,500) from the express car. The passengers were not molested.

### Two Explosions Damage Furrir's Store In New York

New York, July 29.—(AP)—Two explosions today blew out the front of a furriers' showroom, injured a passerby and sent tenants of nearby houses fleeing to the street. Police attributed the "blows" to bombs as a result of differences in the fur trade.

The explosions occurred in the hallway of a four-story building in West 27th street, occupied on the ground floor by Sachs Brothers, furriers. Flames that followed were quickly extinguished. The retreat was strewn with furs, and John Inghill, 24, was struck by shattering glass and part of a grilled screen that covered the windows of the fur store. He was treated for lacerations of the scalp and left leg.

On the second floor of the building, police reported finding ten drums of alcohol, all intact. The upper stories are untenanted.

### Irvin Cobb Says Prohibition Only Fine Experiment

Washington, July 29.—(AP)—Irvin S. Cobb, in his first statement as chairman of the authors and artists committee of the Association against the Prohibition Amendment, expresses the opinion that "if prohibition is a noble experiment, then the San Francisco fire and the Galveston flood also should be listed among the noble experiments of our nation history."

Asserting the right to agitate for repeal or re-interpretation of prohibition by Congress, he said "we now know that millions of otherwise orderly citizens are engaged in constant violations of the letter and spirit" of the Volstead Act.

He cited "corruption, bribery, graft, hypocrisy, perjury, beer-wars, machine gun battles, debauchery of minors and a growing contempt for law and order," as outstanding "by products of this general evasion of statutory regulations," and said: "We have only to take the ordinary experiences of the ordinary man, along with his personal knowledge, and the dependable hearsay testimony which comes to his ears, and the indictment stands complete and perfected."

### Mystery Surrounds Death Of Croydens

London, July 29.—(AP)—The sudden deaths of three members of a Croyden family which for months have engaged the closest attention of police authorities today developed into a full-fledged murder mystery.

Returning a verdict of murder by poison, a coroner's jury found that Miss Vera Sidney, one of the three persons in the same family whose death was connected with the mysterious case, died from poison administered by a person or persons unknown.

The other two persons who died from poison were Mrs. Violet Amelia Sidney, mother of Vera, and Edmond Creighton Duff, who was Mrs. Sidney's son-in-law. Duff died on April 17, 1928, Vera on February 14, 1929, and Mrs. Sidney on April 5, 1929.

The suspicious circumstances attached to their deaths caused the exhumation of the bodies and a coroner's jury for weeks has been hearing testimony, the case stirring an unusual amount of interest.

Among the principal witnesses at the inquest were Mrs. Grace Duff, widow of Edmond Duff, and her brother, Thomas Sidney. Both were in court when the verdict was returned.

### Negro Held On Assault Charge

Salisbury, N. C., July 29.—(AP)—Hazen Jackson, negro, alias Jimmy Kodzer, is believed to be in jail today "somewhere in North Carolina," following his arrest in connection with an assault upon Mrs. Henry Canup late Saturday afternoon.

Sheriff Ily refused to confirm the report, but the man was taken, here shortly after he had been carried by Mrs. Canup. Testimony of Leon Dyke, another negro, resulted in the arrest of Jackson.

Mrs. Canup, wife of a prominent farmer of this section, was attacked Saturday while looking after the poultry on her farm.

### ROCKINGHAM MAN KILLED BY TRAIN

Rockingham, July 29.—(AP)—Ground beneath the wheels of the Seaboard Air Line's "Red Ball" fast through freight, Leo Goodwin, 22, of Rockingham, was killed and his body horribly mangled three miles west of here yesterday. Goodwin stumbled and fell as he started across the tracks with a party of young men ahead of the train.

### DAUGHTER AT BEDSIDE OF VICTOR L. BERGER

Milwaukee, Wis., July 29.—(AP)—Mrs. Jan Edelman, daughter of Victor L. Berger, has reached her father's bedside after a hurried trip from England. She found that his condition was improved. Mr. Berger, former Socialist Congressman and publisher of the Milwaukee Leader, has been in a critical condition since he was struck by a street car July 16.

"Mr. Berger has made satisfactory progress during the last 24 hours," said Dr. A. J. Patek. "The fever has irritated him and caused him to be restless has somewhat subsided."

### Novelist Dies At Chicago

Chicago, July 29.—(AP)—Henry Blake Fuller, 72, author of several novels, died yesterday.

His best known works were the Chevalier of Pensieri-Vant, the Chatelain of Trinité, The Cliff Dweller, with the Procession, and several books of Poems and dramatic sketches. His prose works have been used in several colleges in studying Reyle.

### THIRTEEN MISSIONARIES DIE OF TYPHUS FEVER

Peiping, July 29.—(AP)—Advices from Kansu to the International Famine Relief Committee here today said thirteen foreign missionaries and priests had died of typhus fever there within the last two months. The names were not given.
