## WASHINGTON'S LEDGER TO BE MADE HISTORY

### Complete Account Of First President's Activities To Be Made Public.

By ROLAND C. DAVIES,  
Associated Press Staff Writer.  
Washington, Aug. 1.—(AP)—George Washington's revolutionary ledger, showing that as commander in chief of the new republic's forces in its long war of independence he spent only \$160,074 of public funds, has just been removed from the government's files for the use of American historians.

The ledger covered the eight-year period from Washington's occupation of the Revolutionary army's command in June, 1775, to the signing of the peace treaty at Paris and nearly 150 years has lain thick with dust in the records of the government's general accounting office.

In it, Washington daily recorded with quill and ink his expenses and with careful and explicit notations accounted for every expenditure, noting whether it was for "household expenses," "reconnoissances of the enemy's forces," or for purchase of equipment. The entries fill about 100 pages which now form a priceless manuscript.

Besides recording the living expenses of his staff and himself and the expenditures for their military activities, the ledger shows the disposal of the army's "secret intelligence" or spy system, listing various payments to "unnamed persons" so their identities would not be revealed.

The book presents a chronological summary of Washington's movements in the Revolution and each of his battles. For the first two years, he itemized his expenses in terms of both dollars and the English currency, the latter column being headed "Lawful Money."

The first item illustrated the variety of his accounts. On June 1, 1775, he purchased for 260 pounds five horses "for the journey from Philadelphia to the army at Cambridge (Mass.);" a few days later he spent three pounds "for a gun and accoutrements" and only July 24 of that year he paid two pounds, five shillings "to a French cook."

Washington evidently did not attempt to conceal from the new American government his reverses on the battlefield. In his 1777 accounts he recorded expenditures "during the retreat through the Jerseys to Pennsylvania" and later in the same year a \$1,037 item for expenses on the march from Germantown, Pa., "until we halted at Valley Forge for the winter."

Frequently entries were made for reconnoissances of the commander-in-chief "sometimes with and sometimes without the army, but generally with only a party of horse."

The expeditions, these records show, were to scout the British forces or to lay out the American army's battle plan or defensive positions by personal observation. They constituted a major item of his accounts—a total of \$42,755.

For household expenses during the eight years, his accounts totaled \$69,522, and in his daily accounts he itemized even such small expenditures as on June 18, 1777, "for fishing, 6 shillings, 18 pence."

## Fighting Strong Winds Graf Zeppelin Pushes Way Toward America

### Paris, Aug. 1.—(AP)—The trans-Atlantic dirigible Graf Zeppelin left today for the Mediterranean headed for Gibraltar and well on her long journey to the United States for her second visit.

The huge ship, which left Friedrichshafen, Germany, at 3:20 a. m. (9:29 p. m. E. S. T., Wednesday night), with 18 passengers, including seven Americans and two women, was reported by the French steamship Dainy over the Mediterranean, about 50 miles off Barcelona, Spain, at 3 o'clock this afternoon, Greenwich time (10 a. m., E. S. T.).

The dirigible at this time appeared to have picked up considerable speed from her earlier sailing in France as she slowly pushed her way down the Rhine Valley. She was last reported on land at Nimes, in southern France, and two and a half hours later was reported by the Dainy. She had covered this stretch at approximately 70 miles an hour, whereas her previous average had been somewhat under 50.

Friedrichshafen, Germany, Aug. 1.—(AP)—Racing to escape an oncoming storm, the Graf Zeppelin, Germany's mistress of the air, cruised southwestward toward Gibraltar today before setting out across the Atlantic on its second voyage to Lakehurst, N. J.

The dirigible left its hangar here at 3:25 a. m. and at 3:29 a. m. (9:20 p. m. E. S. T., Wednesday) was released by its ground crew. It circled the field once and then disappeared in the west across Lake Constance.

The departure was made in the face of weather reports which held of a low pressure area over Ireland moving in the direction of Friedrichshafen.

Aboard the Graf Zeppelin were 18 passengers, seven of whom were Americans and two of whom were women, and its crew, the usual complement of 41 officers and men, a total of 59 persons.

Ahead of the Giant dirigible lay a trip of, probably, more than 4,000 miles, which at an average cruising speed of 60 miles per hour might be traversed in 60 hours, Dr. Eckener, prior to departure, however, calculated he would need between 80 and 85 hours to reach New York, which he planned to circle before berthing at Lakehurst.

An 80-hour trip would bring the voyage to an end at about 6 a. m., E. S. T., Sunday morning. Dr. Eckener's course from here lay over Konstanz, on the Swiss bank of Lake Constance, Biele, Besancon, France, Lyons, down the Rhine, and southwestward along the Mediterranean coast to Gibraltar. He expected to travel from Gibraltar above or slightly north of the Azores, varying his route according to the weather.

Today's start from here was one of the quickest of its year of life. The crew went aboard at 2:43 a. m. and the passengers two minutes later. Removal from the hangar, begun shortly after 3:00 a. m., was accomplished without difficulty and the dirigible rose easily once the ground hands released it.

Despite elaborate precautions taken yesterday and today, a slow-gleam apparently managed to smuggle himself aboard the ship. It seemed to spectators that he had secreted himself on the Graf's shaft leading straight to the bottom of the dirigible. As the dirigible was pulled from the hangar he dropped straight into the shaft, apparently succeeding in holding himself there until the ship was in the air.

When the police saw what appeared to be a man jump into the shaft, they called to the officers of the Zeppelin but Hans Von Schiller, navigator, responded, "oh, we haven't time to take him off."

None of those watching, however, knew definitely whether he succeeded in holding himself in the shaft, and the possibility was admitted that searchlights "playing on the ship" may have given the impression of a man jumping.

## LIBRARY BODY THANKS DONOR OF \$50,000.00

### Commission Expresses Appreciation of Gift Of Memorial Library By Mr. Sheppard.

Through appropriately worded resolutions, members of the Greenville Public Library Commission today expressed their appreciation to Mr. Harper D. Sheppard of Hanover, Pa., for the gift of \$50,000 to be used in the erection of the Sheppard Memorial Library in honor of Mr. Sheppard's father, the late William Henry Sheppard, a native of Pitt county.

The Library Commission of said town and citizens thereof are truly grateful and highly appreciative of the patriotic spirit which has prompted the donor to provide means to supply a necessity that has long been felt in our community, the resolutions state, "and one, which, at the same time will add so much to the usefulness of the Library Commission and increase the educational influence of the community."

The resolutions follow: Whereas, Mr. Harper D. Sheppard of Hanover, Pa., and a native of Pitt County, has most generously and magnanimously tendered to the Town of Greenville, as a memorial to his father, the late William Haywood Sheppard, Fifty Thousand Dollars, to be used and expended in the building of a public library in the Town of Greenville; and

Whereas, the Library Commission of said Town and the citizens thereof are truly grateful and highly appreciative of the patriotic spirit, which has prompted the donor to provide the means to supply a necessity that has long been felt in our community, and one, which, at the same time, will add so much to the usefulness of the Library Commission and increase the educational influence of the community; and

Whereas, the Library Commission desires to express its appreciation and satisfaction for the Memorial which means so much for the Community, the Citizens of the Town, the Community at large.

Now, Therefore, Be it resolved: That the Library Commission does hereby express its sincere thanks and deep appreciation for the magnanimity of Mr. Sheppard, and does hereby assure him of its earnest desire to co-operate in every possible manner to the end that the building to be erected shall be a fitting memorial to his father, and fully effectuate the intention and desire of the donor.

Be it further resolved: That a copy of this resolution be spread upon the minutes of this Commission, a copy mailed to Mr. Sheppard, and a copy delivered to The Daily Reflector.

J. S. Ficklen, Chairman,  
W. H. Woodard, Secretary,  
Elizabeth P. Carr,  
R. M. Garret,  
Elizabeth H. Kittrell,  
J. E. Winslow.

### Women Fliers To Attempt To Set Endurance Record

Los Angeles, Aug. 1.—(AP)—Announcement that two noted women aviators, Miss Bobbie Trout and Mrs. Louis Thaden McPhetridge, would attempt to take the world's refueling endurance flight record from their men holders Dale (Red) Jackson and Forest O'Brien, was made known last night.

The start of the endurance flight from Los Angeles metropolitan airport will be between Sept. 10 and 20. The date, they explained, was being delayed by their forthcoming participation in the national air derby for women, in which a series of feminist fliers are expected to start from Santa Monica, Cal., on August 18, for a race to Cleveland, Ohio. The two women stated that a bi-plane now is being prepared here for their attempt to break the record, which is 420 hours, 21 1/2 minutes.

### British Banker Commits Suicide

Blankney, Norfolk, England, Aug. 1.—(AP)—Sir Drummond Fraser, prominent British banker and writer on financial subjects, was found dead in bed with his throat cut last night. A razor was lying nearby.

The inquest today returned a verdict of suicide while or unaided mind. Testimony revealed the banker had had a nervous breakdown in 1915 after the loss of his sons in the war. He was further depressed by the death of his wife and had entirely lost the use of his legs. He was 62 years old.

## In Edison Contest

R. L. Bailey, Jackson, who will replace Hugel Fote, Mississippi Edison contest winner, who withdrew from the national tests to enter the U. S. Naval academy.

## BANDIT PLOT FRUSTRATED IN LOUISIANA

### Two Alleged Extortionists Shot as New Orleans Police Begin Round-Up.

New Orleans, Aug. 1.—(AP)—A bold "bandit" blackmail plot was frustrated early today by police bullets and one of two alleged extortionists was shot and captured, while more than a dozen police surrounded a city block bidding their time to seize the other.

Joe Berlin, gambler and operator of a river club in St. Bernard Parish, told police last night that he was made prisoner two weeks ago, taken "for a ride" by two hooded men and forced to give them \$1,000 under threats of death.

He sought the aid of the police after a telephone call to his resort ordered him to deliver \$10,000 at Jackson Avenue and Prytanis street at midnight last night.

Berlin drove to the spot in the heart of the uptown residential section with George Reyer, supervisor of police, and Henry Asset, City detective, hidden in his automobile.

Two men drove up in another car and demanded the \$10,000. One of them was handed a fake package and the officers opened fire through the rear of the bandit automobile. Both men jumped out and ran. The officers captured John Gallico, alias Gene, 28, in the yard of a nearby residence. He was shot but not seriously wounded. A cordon of police then was thrown about the section to take the other man.

## Thousand Men Fight Forest Fire In West

Spokane, Wash., Aug. 1.—(AP)—One thousand men were fighting forest fires today in Idaho, Montana and Washington under conditions that were made acute by the lack of rains.

Probably the most dangerous fire in the region was on Schwartz Creek in the Missola National forest, which roared out of control before heavy winds after fighters had been shifted to new battle lines. Several thousand acres had been burned over. Fires were burning also in the Lolo Butte and Black Feet forests in that state.

In north Idaho several blazes, most of them confined to sections a few hundred acres in area were burning in the Nez Perce and Selkirk forests. In south Idaho the Challis fire which had burned over 1,400 acres, jumped from control lines yesterday, but the Salmon forest blaze, which had devastated 8,000 acres in ten days was believed to have been subdued. Observers in the Boise forest reported that a conflagration that had run for ten days had been controlled.

In Washington the fires were smaller. An obstinate blaze near Marcus which had been controlled twice, broke loose, and after burning several hundred acres of grain and menacing much farm land was brought under control again last night. Another blaze on the Marches river, 35 miles from Yakima, also was subdued.

## COMMUNISTS ARE QUIET IN ALL SECTIONS

### No Disorders Reported In Anti-War Demon- strations In European Countries.

Sofia, Bulgaria, Aug. 1.—(AP)—An official communique from police headquarters at noon today said absolute tranquility reigned throughout Bulgaria on the scheduled day of the world-wide Communist anti-war demonstrations. The morning passed without the slightest disturbance in Sofia. There were no manifestations and little cessation of work.

Belgrade, Jugoslavia, Aug. 1.—(AP)—Complete calm reigned in Jugoslavia today in the face of elaborate police precautions against Communist anti-war demonstrations.

London, Aug. 1.—(AP)—European capitals adopted most strenuous measures today to prevent disturbances growing out of heralded demonstrations by Communist in celebration of the Soviet "anti-war day."

Paris took some of the aspect of an armed camp despite most of its Communist organizers being safely under police lock and key. A last batch of 40 Communists were arrested last night. Forty foreign agitators were put across the frontier. Twenty-two thousand soldiers and gendarmes guarded the city.

The most serious preliminary disturbance was reported from Sarajevo, Jugoslavia, where in 1914 the shots were fired which precipitated the world war. Two workmen were killed yesterday and several others wounded when police fought with Communists who set fire to the railroad shops in that city and tried to ignite other buildings.

Reports from Zagreb, capital of Croatia, said that Communists distributed dynamite bombs among the workers of that center of the Croatian Separatist movement. A police fight with Communists growing out of a raid on a printing plant at Sarajevo resulted in the death of the establishment's owner. Revolutionary documents were confiscated.

At Budapest, Bela Kun, Communist leader and former dictator of Hungary, was arrested with a number of other leaders of the party, as a government precautionary measure. At Prague, Czechoslovakia, the government took extreme measures, importing 1,000 additional gendarmes and occupying important buildings with armed troops. The Communists advertised extensive demonstrations.

## Child Murderer Takes First Ride In Automobile

Boston, Aug. 1.—(AP)—Jesse Harding Pomeroy, 71-year-old murderer of small children, whose crimes horrified the country more than half a century ago, today was given an opportunity to glimpse for the first time the marvels of modern life. In a closely guarded automobile he was whisked from the Charlestown state prison where he has spent the last 54 years, to the state farm at Bridgewater, a distance of about 30 miles.

It was Pomeroy's first automobile trip and probably the first time he ever had seen a machine. The trip itself, would be replete with amazement for the east Boston newspaper boy, who, since entered the prison in 17 at the age of 17, never has stepped outside its confines.

Pomeroy had been sentenced to hang for the murder of Horace Millan, whose body was that of the newsboy's third victim, but because of his youth, the sentence was commuted to life imprisonment. For 41 years thereafter he suffered solitary confinement, a record probably never equalled.

Early this month he was granted a change to Bridgewater by his counsel's effort, although Pomeroy himself announced he wanted to stay at Charlestown unless he could be pardoned. His advanced age made him no longer suited for the hard work at Charlestown.

## TRADES VILLA FOR BOARDING HOUSE ROOM

Bonn, Germany, Aug. 1.—(AP)—Frau Alexander Subkoff, the former Princess Victoria De Schaumburg Lippe, has traded her villa for a room at a boarding house.

The sister of the former kaiser is now occupying a bedroom at the "Hotel De Villa Friede," at Mablein, a small town near this city. The single servant left her since her disastrous marriage with the Russian dancer, Alexander Subkoff who has a small adjoining chamber. The former princess' bankrupt estate is paying her rent and board bill. Art dealers from Cologne have been commissioned to sell all the furnishings in her villa which will then be rented.

## Enters Contest

William F. Day of Pikeville in the national contest for the Thomas A. Edison scholarship to be held in August.

## CRUSH BOMB SYNDICATE AT CHICAGO

### Twelve Men Arrested In Connection With Long Series Of Bombings In State.

Chicago, Aug. 1.—(AP)—A bombing syndicate that had supplied and used "pineapples" in Chicago and other cities for years, was believed to have been crushed today with 12 of the alleged ring leaders in jail and the arrest of others expected soon.

The arrests in a spectacular raid on the gang's headquarters last night constituted the first major attempt to stop one of the city's most notorious evidences of lawlessness—a long series of bombings which had increased until this year the average has been about three bombs a week.

The raid was so unexpected that none of the men arrested had time to put up any resistance. It was expected through the efforts of an under-cover agent who had worked his way into the gang's confidence.

The agent, James Altmeyer, had purchased one bomb from the syndicate some time before and for three months he had been working as a racketeer. Last night he arranged for the purchase of a larger shipment.

With one police squad hidden nearby and another surrounding the nearby house that served as the gang's headquarters, Altmeyer completed his deal with the gang's emissary. He received a package containing forty bombs and paid over \$300 in marked money and a check for \$240.

The police signal was sounded and all of the men in the car that had delivered the bombs as well as those in the house nearby were arrested. Lieutenant George Barker, head of the police bomb squad, said the most important men in the bombing industry were under arrest.

The syndicate, Lieut. Barker said, catered only to simple motives but for an extra amount would do the fencing of plants as well. "Bombs on the cash and carry basis have ranged from \$10 to \$150 for a single bomb," he said, "and the extra charges for shipping or late delivery have ranged from \$20 to \$100 and in some cases higher."

"I state the demand has been made and more for the kind that do real damage."

## AMERICAN BOYS BY CHINESE POLICEMAN

London, Aug. 1.—(AP)—A dispatch in the London Daily Mail from Changshun, Manchuria, said that an American boy, the son of Lieutenant O'Brien, an official of the National City Bank of New York was struck by a Chinese policeman for playing in a street at Harbin Tuesday.

When the father protested he was brutally attacked by fifteen policemen who beat him with rifle butts and bound him with ropes. They then took him to the police station where he was assaulted again.

## EDISON HAS NO INTENTION OF RETIRING

### Electrical Wizard Entertains Youths To Stand Test For Edison Scholarship.

West Orange, N. J., Aug. 1.—(AP)—Although choosing his unofficial "successor," Thomas A. Edison has no intention of retiring.

In response to one of a series of questions submitted by newspapermen during a reception to the 40 youths who are to take the examination today for the Edison scholarship, the inventor said:

"No, I'll never retire. It's unhealthy. The boys, one from each of the states and the District of Columbia, will compete for the Edison scholarship of a four-year technical education and recognition as 'the brightest boy in America.'"

They approached the examination after a reception by the electrical wizard and the committee of judges, composed of Henry Ford, Col. Charles A. Lindbergh, George Eastman, President S. Paul Moon of the Massachusetts College of Technology, and Dr. Lewis Perry, headmaster of Phillips-Exeter Academy.

Short addresses of welcome were made by Mr. Edison, Mr. Ford and Dr. Stratton, and Colonel Lindbergh bowed and grinned in answer to loud cheers from the boys.

Following the speeches, the man who has made questionnaires almost as famous as electric lights, answered a set of questions presented by newspapermen. He took 15 minutes to write out the answers to the ten questions.

"What do you think about the future of the talking pictures?" "Without great improvements the people will tire of them. Talking is no substitute for the good acting we have had in silent films."

"Is the introduction of young men into your organization as a result of this contest, an indication of your retirement and if so, when will it take place?" "No, I'll never retire. It's unhealthy."

"Is there not a danger of serious unemployment if so much weight is laid on color and technical education and too many are turned out for the requirements of industry?" "Industry is getting so complex that there is an immense shortage of the right kind of men to manage affairs. This is getting more serious every day as science discovers new phenomena."

"What is the next invention or discovery you foresee?" "Utilization of natural products."

"Do you consider the will to work and facing of realities of life as important for the youth of America as a first class education?" "There are three things which insure success—ambition, imagination and the will to work. Of these the will to work accomplishes the most education of the right kind gets quicker results."

"Do you consider the prevalent craze for the setting of records, endurance tests, etc. healthy for industry in general?" "Yes."

"Given the same opportunity afforded the winner of this contest, do you believe your own success would have been greater or earlier?" "Yes."

"Will a similar contest be held next year, or at regular intervals in the future?" "Don't know yet."

"Do you agree with the proposal of George W. Wickersham that the states should assume the burden of local prohibition enforcement?" "No."

"Do you think that the scientific experimental field affords as great opportunities to women as to men, and why were girls not included in this contest?" "Nearly as great. The first experiment was with boys, as they act in wider field."

## GERMAN LINER WINS ANOTHER SPEED RECORD

### Bremen Batters Previous Record From N. Y. To Plymouth by Over Eight Hours

Plymouth, Eng., Aug. 1.—(AP)—The German liner, Bremen, flagship of the North German Lloyd fleet, today took from the British Mauretania its last north Atlantic crossing record, besting by 8 hours 17 minutes the Mauretania's previous fast time from New York to this port.

The Bremen docked here at 2:25 a. m., having used 4 days 14 hours, 30 minutes for its trip from Ambrose Channel lightship to Eddystone light. Its average speed was 27.91 knots per hour, and its maximum day's run 667 miles. The previous best record of the Mauretania listed here was 4 days, 22 hours and 57 minutes, made in September, 1924.

Just as the Bremen's westward voyage last week was its maiden trip in that direction, so the return trip completed today was its first eastward crossing. On the westward trip from Cherbourg the ship crossed in 4 days 17 hours 42 minutes to reach New York 8 hours and 52 minutes better than the previous record of the Mauretania.

On the westward voyage an average speed of 27.93 knots was maintained with maximum day's run of 713 miles. The Mauretania's maximum day's run was 676 miles.

## Dawes Continues Disarmament Talk With MacDonald

London, Aug. 1.—(AP)—Ambassador Dawes visited Premier MacDonald at No. 10 Downing street again today. They continued their conversations on disarmament.

Premier MacDonald, who has taken to going in late months was reported from taking a plane to his native village of Liggismonth, Scotland today because of unfavorable weather. At first the visit was abandoned, but later it was announced that he would make the trip by train.

## THIEF STEALS CRUTCHES OF CHICAGO CRIPPLE

Chicago, Aug. 1.—(AP)—Police are seeking Chicago's meanest thief. Yesterday, while Joe Barsinski, a cripple, was splashing around in Lake Michigan, the thief took not only his clothing and the money he had saved up to pay the rent, but his crutches as well.

## DECREASE IN RESOURCES OF STATE BANKS

### Report Of Bank Examiner Shows Dropping Off Of Business For Month Of June.

Raleigh, Aug. 1.—(AP)—Resources of state banks as of the close of business June 30, 1929, showed a decrease of \$13,858,890.42, compared with resources June 30, 1928. Resources June 20 this year amounted to \$302,890,652.91, compared with \$131,750,543.33 on June 30, 1928, according to the report of John Mitchell, chief state bank examiner.

During the one year, Mr. Mitchell's report showed loans and discounts decreased \$13,500,000; investments in United States bonds, \$3,190,000; cash and due from banks, \$500,000. Investments in North Carolina bonds and all other stocks and bonds increased \$2,700,000. The principal changes in liabilities were an increase of \$700,000 in capital account and \$2,700,000 in redemptions and bills payable. Deposits amounted to \$230,000,000—a decrease for the period of \$17,500,000. Against the deposit liability of \$230,000,000 from the banks held cash and due from reserve agents amounting to \$37,000,000, giving them a cash reserve of 16 per cent, investments in United States, North Carolina, and other marketable bonds and securities amounted to \$26,000,000, giving them a secondary reserve of 11 per cent, or a total reserve of 27 per cent.

In addition to the resources mentioned, the resources of 46 industrial banks amounted to \$20,000,000, and trust assets of all banks, \$94,500,000, making the total resources of all state banks, \$416,000,000.

Sweden has 1,000 organizations pleading for disarmament and peace.

## THREE HOME RUNS AND A SHOTGUN

Alexandria, La., Aug. 1.—(AP)—"Bad News" Hale, the celebrated home run swatter on the Alexandria team of the Cotton States League, got a shotgun and three home runs in a double-header yesterday.

Hale crashed one over the fence in the first game. The mayor then presented him a \$100 shotgun in behalf of the fans and he sent two more over the successive times at bat. The heavy hitter plays third base.

## Wind And Rain Fail To Dampen Ardor Of Scouts

Arrow Park, England, Aug. 1.—(AP)—A tempestuous night of rain and wind failed today to dampen the spirits of 50,000 Boy Scouts camped here for the World Jam-boree celebrating the 21st anniversary of the founding of their organization.

For four hours wind approaching a gale blew sweeping currents of rain down on the boys, caving in many of their tents. Streets this morning were a sea of mud but the boys went about setting everything to rights.

The Yankee headquarters tent looked rather sad, with most of the stakes pulled out on one side and the flags blown down from the camp gateway. A Scottish sentry expressed it.

"The Americans have been having a wee bit of trouble."

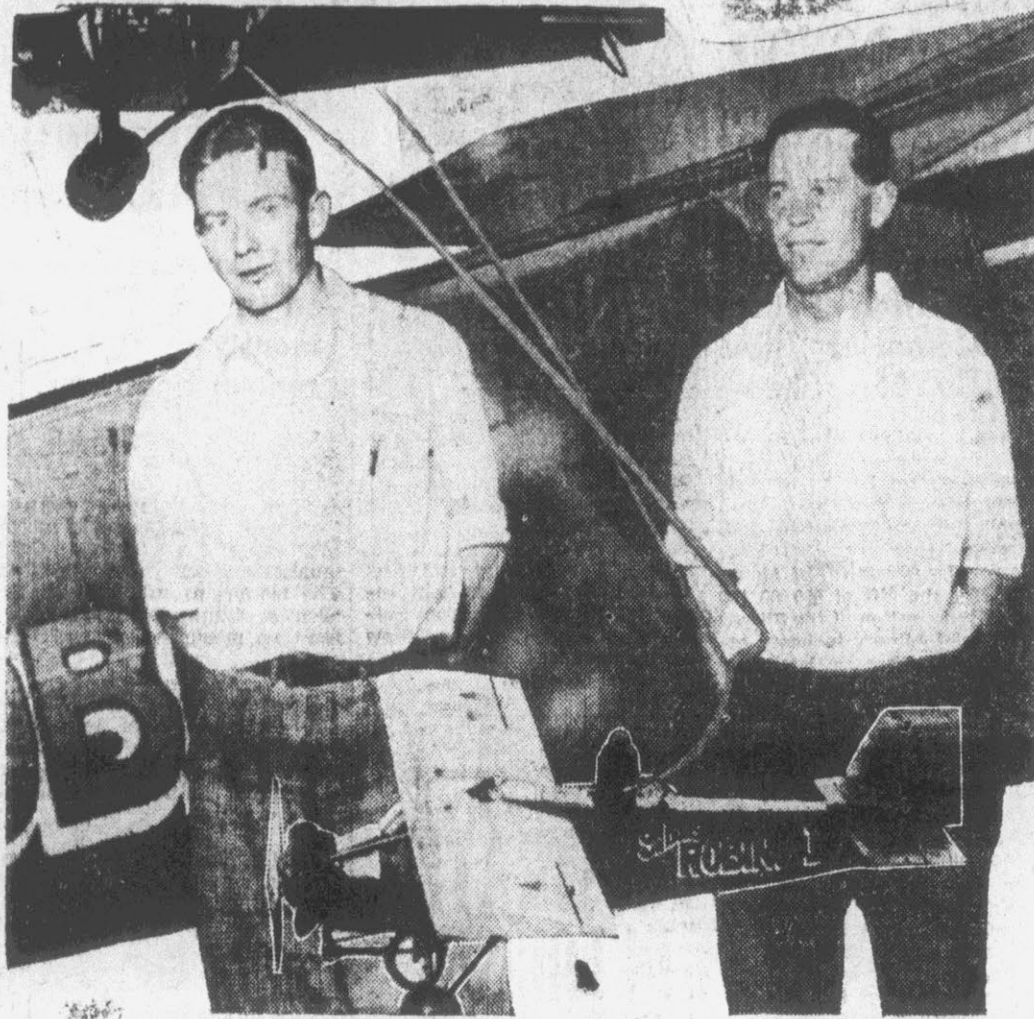

# NEWS of the DAY in PICTURES

## WHEN NEW YORK GREETED FLIERS

Mayor Walker tendered New York's official greeting to the Pathfinder crew, Roger Q. Williams and Lewis Yancey, at city hall.

## ST. LOUIS FLIERS AFTER 420 HOURS ALOFT

Dale (Red) Jackson (left), and Forrest O'Brine are shown standing beside their monoplane "St. Louis Robin" after completing their record endurance refuelling flight of 420 hours and 21 minutes. Insets show the "Robin" and its refuelling ship in action. (Associated Press telephoto from St. Louis.)

## TEXTILE STRIKERS GO ON TRIAL FOR MURDER

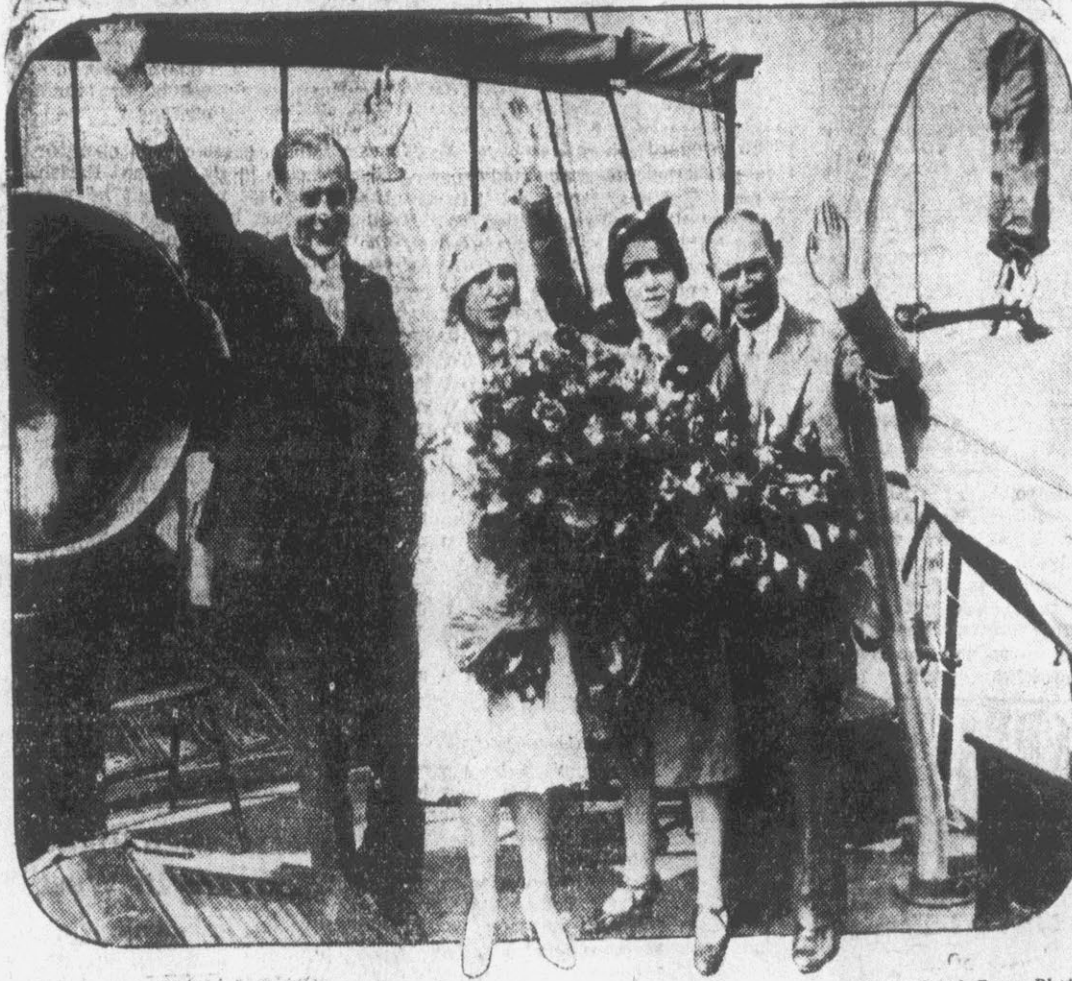

Sixteen striking textile workers (top left) were called to trial in Gastonia, N. C., charged with the death of Police Chief Aderhold of Gastonia, killed in a fight between police and workers. The other pictures show a court room scene, the court house at Gastonia, and M. V. Barnhill, presiding judge.

## PA AND MA JACKSON GREET ENDURANCE FLIERS

Above is the greeting Mr. and Mrs. Henry Jackson of Faribault, Minn., carried to their son, Dale Jackson, one of the pilots of the record breaking endurance plane St. Louis Robin, when they arrived at Lambert field by plane. Below Jackson is shown on the catwalk of the endurance plane.

## WIVES GREET RETURNING ROME FLIERS

Capt. Lewis A. Yancey (left) and Roger Q. Williams, returning trans-Atlantic fliers, were welcomed home by their wives when they arrived in New York aboard the liner Republic.

## STRIKERS' DEFENSE COUNSEL

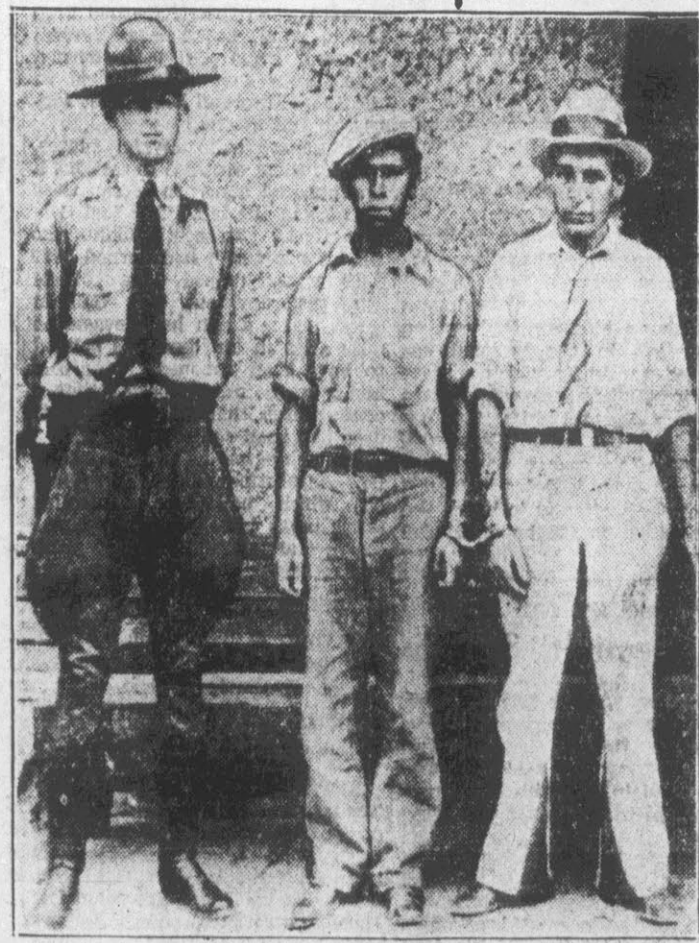

Tom P. Jimison (right) of Charlotte, N. C., is acting as chief of defense counsel in the trial of 16 mill strikers indicted for murder of Gastonia, N. C., chief of police. John Randolph Neal (upper left) of Knoxville, Tenn., and Leon Josephson of Trenton, N. J., are assisting him.

## WRECKED BUILDINGS AFTER AUBURN PRISON RIOT

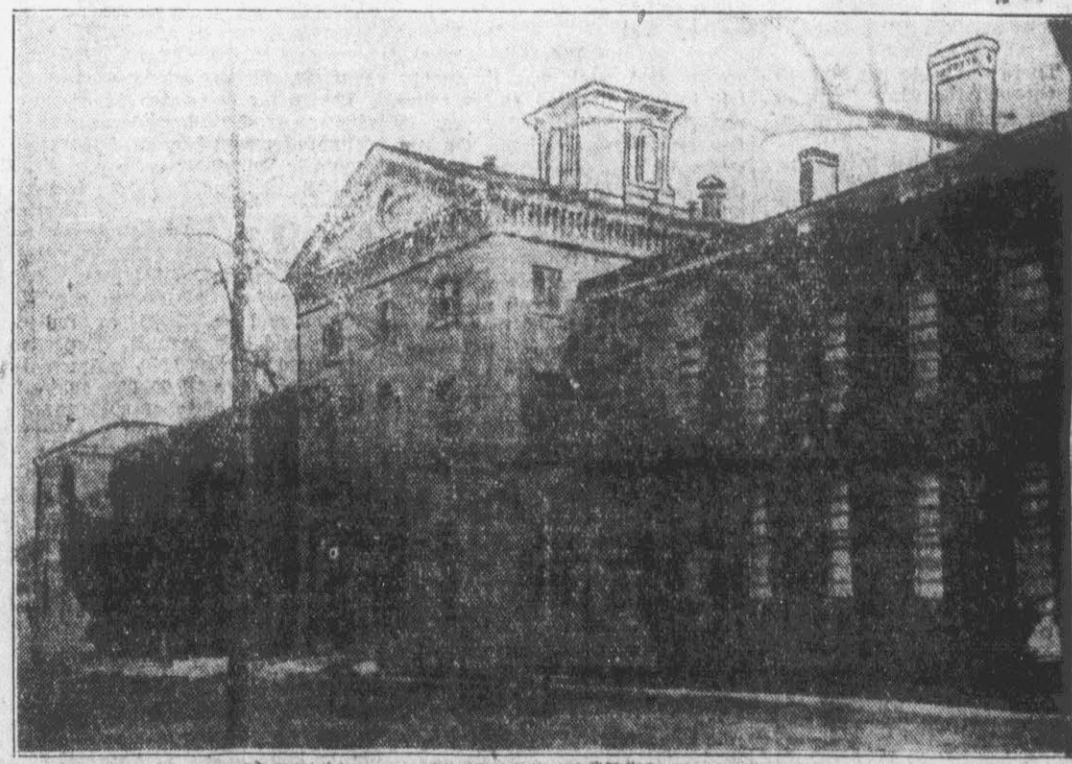

This picture, taken shortly after 1,700 rioting prisoners had been subdued at Auburn, N. Y., state prison, shows buildings destroyed by fire. The wrecked hook and ladder truck in foreground was used to batter way through walls when gates became jammed during height of battle with prisoners.

## RUM RUNNERS IN BORDER BATTLE

Three men, two smugglers and one officer, were killed in a gun fight between liquor smugglers and border officers near El Paso, Tex. One of the officers and two captured smugglers are shown above.

## WHERE 1,700 NEW YORK PRISONERS RIOTED

The state prison at Auburn, N. Y., was the scene of a riot of 1,700 prisoners. During the fighting two convicts were killed and four guards were injured. Four convicts escaped when the rioters stormed the prison gates.

NO "SECH" ANIMAL

The answer the Army and Navy boards give to President Hoover's stressed economy program for the military branches, is a formal recommendation of a large increase in pay. It is easy to talk economy in public expenditures, but hard to realize. It is so hard that, though Mr. Coolidge was much touted for it, he spent twice as much on government as Woodrow Wilson, not counting war expenses or expenditures necessitated by the war. The same thing is true in State affairs, where there are increases every time the Salary and Wage Commission acts. Equally so in county and city administration. "The man who can invent a workable plan to economize in public service and secure its application would be entitled not only to a Nobel but also a Noble medal." - News and Observer.

GOVERNOR ROOSEVELT AND THE PRESIDENCY

The office of Governor of the State of New York is a post of honor and great opportunity. It is natural that when a man has been elected to this office the question of his advancement to the Presidency should interest the public and the press. Particularly is this true if the man happens to be a Democrat. For New York is a Republican State; the election of a Democratic Governor is a tribute to the character of the candidate and the confidence he inspires; immediately he becomes an outstanding figure in his party. In these circumstances it is inevitable, even if it is not desirable, that ambitious hopes and far-sighted plans should be read into every important action and every championship of a new issue on the part of a Democrat Governor at Albany. In a statement to The World Governor Roosevelt says that he is deeply disturbed by publishing rumors that he is already angling for his party's nomination for the Presidency. "I made it perfectly clear at Albany immediately after my nomination," the Governor declares, "that for these two years I am concerned only with the administration of New York State Government. This is a man's-sized job which takes all my time, and I have not devoted and shall not devote any time or thought to purely speculative matters which do not concern the State." This is a level-headed statement. The responsibilities of Governor Roosevelt's present post are large

enough to occupy his time. The Presidential campaign of 1932 is still remote, and no one has the faintest notion what issues it will raise. Mr. Roosevelt's real opportunity lies at home, in service to the people of this State. He has shown himself well aware of that fact in the work he has already done to modernize the social legislation of the State, to give it decent hospitals, to restore prosperity to its farms and to fashion in its interest a constructive plan for the development of its water power on the St. Lawrence River.—N. Y. World.

ABOUT TOWN

"Representatives of the Curtiss Flying Service ought to find quite a number of aviation enthusiasts in and around Greenville," commented a citizen today, speaking of the effort now on foot to provide an airport here and create more interest in flying. "There are young men in this town literally itching to get under the controls of one of the birds of the air and if an airport should be opened up here and instruction in flying offered to the public there should be no shortage of pupils. "The entire country is air-minded at this time, and in the course of years airports will be as frequently patronized as the railway depots and bus stations. It is going to take time to bring about the change, but it is not so far away after all, judging from the crowds swarming through the flying fields of the larger cities."

"That heat wave everybody has been deploring the last several days abated for a day or so, but it is back today just as strong as ever," asserted a Greenville business man as he drew from his pocket a handkerchief about the size of an ordinary bed sheet and began wiping the perspiration from his furrowed brow. "Some people may like this kind of temperature, but I am in favor of the crisp days of the fall of the year. That is the season when the tang in the air injects new life into the body of the tired business man and enables him to get behind his counters and sell more goods than ever. "But the summer is about spent now. Within the next several days the nights will begin getting cool and before we know it the spirit of fall will pervade the land."

"With all teams of the Eastern Carolina league hanging close together in the percentage column, it is a foregone conclusion that the last half is going to be equally as close as the first half," observed a fan today. "Just what the outcome of the season will be is a matter of speculation at this time. It looks like Rocky Mount is going to run away with the honors, but who knows, this same club may hit a slump in the next few days and finish up the season much below first place. "Baseball is as fickle as the weather. It is just as uncertain as life itself. When you think you have a game won, something happens and the club under the bottom noses out on top. It is this fact that is going to play such an important part in cementing interest on the final series and holding the fans until the last ball has been tossed. "Every club will want to play off the championship series with Wilmington, winners of the first half, but it is going to take some hard fighting to accomplish this ambition and this fact might as well sink deeply into the cranium of those who are in doubt."

"Crop conditions down our way have improved considerably during the last several days," said J. R. Smith, one of the leading business men of Ayden, who dropped into the Reflector office yesterday afternoon to pay his respects to the staff. "Corn and cotton crops are looking better than any other time this season, and it looks like we are going to get a fairly good yield despite the heavy rainfall last month. "The boll weevil looked like he meant to take full possession of the staple during the early part of the season, but he is giving away against the rapid development of the cotton and may not cause more than usual damage. "If prices for our major crops are what they should be, Ayden people should have little reason for complaint." "Those automobile tire carriers carrying pictures of a wagon hub with the lettering, 'Greenville, the hub of Eastern North Carolina,' ought to do much towards putting the country to thinking about the rapid progress made by this city the last few years, declared one of the old boosters of the town today. "These covers will not only be read by the people in and around Greenville but the people of distant territories will get an opportunity of looking them over as Greenville people begin driving from one sec-

tion of the country to another on their annual vacation. "This is a mighty good means of advertising and ought to bring splendid results."

Wholesale Tonsil Operation. New York—Seven relatives from Cedar Swamp, near Goshen, N. Y., are in a hospital all at once, their tonsils having been removed. Arthur Cromwell, who tended lawns, died of a sore throat. His dying wish was that his relatives be saved from the same fate. So his widow and her sister and his five children flived 65 miles to the big town. The wholesale operations and treatment were free.

LEGAL NOTICE The following rules and regulations were adopted by the Board of Conservation and Development at its meeting at Morehead City on July 28th and 29th, and are now the law governing these features and parts of "Inland Fisheries" to which they refer and to the extent expressed: It shall be unlawful for any fisherman to use more than one pole while fishing in "Inland Waters" of North Carolina. It shall be unlawful to fish with trot lines in "Inland Waters" of North Carolina. It shall be unlawful to net for minnows to be used or sold for bait with nets not to exceed eight feet in length and two and one-half feet in depth and with a mesh not to exceed one-fourth inch; no sport fish of any size to be taken. All such netting as well as the tanks in which minnows are kept to be subject to frequent inspection by the Wardens. Provided, that in the State Lakes, if found advisable, special permits may be issued to use larger nets. Provided further, that this ruling does not apply to waters which have been, or may be, stocked with minnows as a public health measure. It shall be unlawful to fish by any method in Pigeon River from the Champion Fibre Company Dam in Canton to Shefields Dam for a period of two years beginning September 1, 1929. It shall be unlawful to fish by any method in either prong of Currie Creek in McDowell county for a period of two years, beginning September 1, 1929. It shall be unlawful to fish by any method in Reems Creek and its tributary, South Fork, in Buncombe county, for a period of three years, beginning September 1, 1929. A certain piece or tract of land

EXECUTOR'S NOTICE. Having this day qualified as executor of the estate of Martha E. Smith, late of Pitt County, North Carolina, this is to notify all persons having claims against said estate to present them to the undersigned within twelve months from this date or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This July 17th, 1929. H. C. Smith Executor, Martha E. Smith Estate. July 19-1tw-4wk.

ADMINISTRATOR'S NOTICE. Having this day qualified as administrator of the estate of Jasper Hoell, late of Pitt County, North Carolina, this is to notify all persons having claims against said estate to present them to the undersigned or Mrs. Jasper Hoell, Greenville, N. C., within twelve months from this date or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This July 5th, 1929. J. J. Elks, Administrator, Jasper Hoell Estate. July 11-1tw-4wk.

MORTGAGE SALE NOTICE Under and by virtue of power of sale contained in a mortgage from M. M. Wiggins and wife, dated February 9, 1928, and recorded in Book F-17, at page 593, of Pitt County Registry, the undersigned will on Monday, August 5, 1929, at 12 o'clock, noon, offer for sale at the court house door of Pitt County the following described property: A certain piece or tract of land

lying and being in Chio-d Township, Pitt County, State of North Carolina, and described as follows, to-wit: Being lot fifteen (15) in Block fifty-two (52) and lot Three in Block fifty-three (53) as per map in map book of Pitt County at page 20. This being less conveyed from Alston Grimes to M. M. Wiggins by deed dated Nov. 3th, 1913, and recorded in Book A-12, page 224 Pitt County Records. Also lots (14) fourteen and (15) fifteen, in Block fifty (50) and lot (13) thirteen in Block fifty-three (53), as per map in map book of Pitt County at page 20. Being lots conveyed from Alston Grimes to J. Turner Hawkins. Book N-10, page 244 Pitt County Records. Also one Studebaker Automobile Touring Car, Serial No. —, Engine No. 26873, 1923 model, being the same car this day purchased from N. L. Sawyer. This July 1, 1929. N. L. Sawyer, Mortgagee, by Annie Sawyer, Admx. J. D. Paul, Atty. Washington, N. C. July 8-1tw-4wk.

NOTICE. North Carolina—Pitt County. In the Superior Court Before the Clerk. IN RE: PITT COUNTY DRAINAGE DISTRICT NO. 2 ELECTION It appearing to the satisfaction of the Court, that the two year term of office of W. J. Bundy will expire September 30, 1929, and that MONDAY, August 12, 1929, is the time fixed by statute for the holding of an election of said district for the purpose of electing a commissioner to succeed the said commissioner whose term expires as aforesaid: NOW, therefore, it is hereby ordered that an election be held by the owners of land within the boundaries of Pitt County Drainage District No. 2 under authority of Chapter 94 N. C. Code 1927, for the purpose of electing a commissioner to succeed W. J. Bundy for a term of three years from October 1, 1929. That such election be held at 11 o'clock on MONDAY, AUGUST 12, 1929, IN THE COURT HOUSE IN GREENVILLE, IN THE COURTROOM UNDER THE SUPERVISION OF THIS COURT. Thereat each landowner within said district will be qualified to vote for such commissioner under rules declared at the time by the Court. It is further ordered that copy of this order be published in The Daily Reflector one time during the week of July 29, 1929, and one time during the week of August 5, 1929, and that for ten days copies hereof be posted before said Court House door and at five conspicuous places within said district, preceding August 12, 1929. This July 30th, 1929. J. F. Harrington, Clerk Superior Court. July 31-1tw-2wk.

MORTGAGE SALE By virtue of the power of sale contained in a certain mortgage deed executed by Sullivan Lumber Company to the undersigned dated May 24th, 1927 and registered in the registry of Pitt County in Book T-16, at page 164, default having been made in the payment of the indebtedness thereby secured, the undersigned will on Thursday, August 8th, 1929 at twelve o'clock, noon at the court house door in Greenville, Pitt County, North Carolina, offer for sale at public auction to the highest bidder for cash, the fol-

lowing described real estate, to-wit: A certain tract, lot or parcel of land situated in the said town of Ayden, County of Pitt and State of North Carolina, on the east side of E. Railroad Street and more particularly described as follows: Beginning at a stake, the intersection of East Railroad and Peachtree Street, then runnings Eastwardly with Peachtree Street 220 feet to an iron stake; then Northerly and parallel with E. Railroad Street 165

feet to an iron stake; then a West-erly course and parallel with Peachtree Street 220 feet to E. Railroad Street; then a Southerly course with E. Railroad Street 165 feet to the beginning, and being the lot upon which the Planters Warehouse is now located and situated, this being a part of the same lot of land conveyed to the Planters Warehouse Company by J. S. Hart and wife, Kittle Hart, by deed dated March —, 1918, and recorded in

Book J-12, page 610, Pitt County Registry, and being also a part of the lot of land conveyed to John S. Hart by Henry Simmons, Brannetta Simmons, et al, by deed dated December —, 1880, and recorded in Book G-4, page 306, Pitt County Registry. This the 8th day of July, 1929. W. G. Bramham, Receiver for Eastern Carolina Warehousing Corporation, Mortgagee. July 10-1tw-4wk.

# Locals Split Double Bill With Fayetteville Kilties

Greenville and Fayetteville divided a double bill here yesterday afternoon, the locals taking the first exhibition by the score of 7 to 3, and Fayetteville winning the nightcap, 7 to 6.

The final game was one of the most hectic encounters seen on the local diamond this season. The Greenville infield literally blew up in the second and third inning, making enough error to enable the visitors to send four runners to the checking station. Three errors in a row, combined with Fitzpatrick's liberality in the matter of free passes to first, gave the visitors an opening in the third frame which they didn't fail to take advantage of.

Fitzpatrick was as wild as the proverbial March hare and issued enough passes to first to give an ordinary crowd of spectators the heart trouble, but the tremendous crowd that attended the half-holiday exhibitions were not weakened in the slightest sense of the word. They cheered lustily when Greenville overcame the Highlanders' lead by a terrific batting rally in the third and groaned audibly when Fayetteville tied up in the fourth. The two clubs tied the score at least three times before Fayetteville finally sent the winning run over in the extra inning of the nightcap. Skelton relieved Fitzpatrick in the third frame, and while he had more success in the matter of base off balls, he failed to prevent the visitors from hitting opportunistically at critical stages.

Mungo started out for the Highlanders, but was relieved in the third by Brennan when he became wild and ineffective. Brannon had a game leg, but he hurried good ball and managed to silence the heavy artillery of the locals when offensive would have increased their lead.

"Specks" Garbee went all the way for Greenville in the first encounter. He let the visitors down with nine hits, which were so well scattered about the lot that they failed to count for runs, except in the first and seventh innings when the Highlanders did all of their scoring. Brannon opened up on the firing line for the visitors but was relieved in the fourth inning by Durham who was also hit hard in the final innings.

Hiller and Cox led in the batting for Greenville in the first contest, connecting for three safeties each. Kendall scintillated in the last game with a double and triple that figured prominently in the scoring. Partridge did big the willow work for the Highlanders, being credited with two hits in the first game and three in the nightcap.

Young, Greenville center gardener, starred in the way of fielding. Twice this youngster ran far back toward the fence and brought down drives that apparently were labelled for extra bases and additional runs. The games were witnessed by the usual half-holiday crowd, one of the largest to attend any single game of the season, and much enthusiasm existed in the first game when the Greenville club exhibited a brand of playing that gained the league leadership sometime ago, only to lose it later by a mediocre brand of playing. Cheering was lusty in the final game, and nerves remained tense as the clubs saw-sawed from inning to inning, tying the score only to break it the next inning and forge ahead to what seemed to be a comfortable lead. Harrill's single in the eighth with one man on bases gave the Highlanders the necessary tally to win the game and get an ever split of the double bill.

The Highlanders will conclude the series here this afternoon and tomorrow will find the local club playing in Goldsboro, attempting to wrest two games from that club and fatten their chances of overcoming the league-leading Rocky Mount Bucs.

The box score of yesterday's encounters follows:

Club	W.	L.	Pct.

# BRAVES WIN FROM CUBS

By EDWARD J. NEIL (Associated Press Sports Writer)

It's beginning to look as though into the reign of each of baseball's master minds the monkey wrench of some past error of judgment sooner or later must fall.

For the past season or so John J. McGraw has taken more than his share on the chin when castoffs such as Burrell Grimes, Hackenschmidt Wilson, and a half dozen other former Giants returned in other uniforms to haunt him.

Now it's the turn of Joe McCarthy, who does the heavy metal drudgery for the Chicago Cubs. The Cubs are in first place in the National league today, five games ahead of the tottering Pittsburgh Pirates, but it might be more if it wasn't for old "Socks" Seibold.

He pitched the Braves to a 7 to 1 victory over the Cubs, the second time he has snubbed old Master McCarthy in his last two trips.

The Cubs came back to put the Braves in their proper places in the second half of the double header when Powerhouse Wilson lashed out two home runs to make it an even 3 for the season. Pat Malone coasted home 6 to 2.

Threatening to take a sudden nose dive in the standing as the Cardinals did a few warts ago, the crippled Pirates crossed another engagement to the Phillies 6 to 2 and slipped another half notch back of the Cubs. "Chuck" Klein hit his 33rd homer for Philadelphia, and Don Hurst picked up his fifth in the past four games. Lon Koupal, right hander Wilbert Robinson sent to the Phillies from his own bullpen held the Pirates nicely.

The Cincinnati Reds and the New York Giants started an old fashioned pitchers' duel with Pats Rixey the tall left hander, besting Joe Genewich a crumple most of the season 2 to 1. The Brooklyn Dodgers and St. Louis Cards wrestled through another double header that ended in a draw the Cards winning the first 5 to 2, behind Joe Haines' fine twinning but losing the second when Wild Bill Hallahan gave more bases than base hits.

The day in the American league was less on its feet than the others. The Philadelphia Athletics outplayed a 9 to 13 game lead over the Yankees by bludgeoning the Times 10 to 1 while Ben York held the Chicago White Sox to 10 to 0 for the seventh straight day. Philo Wolfson held Detroit to four hits while Max Baer's hot hand outlasted Carroll and Dillman in the fifth to win one. Baker got two hits in the inning and took the game.

The Boston Red Sox with a four man lead over Cleveland winning the first and dominating the second later blew it and Washington to five hits in the fifth won 7 to 1.

# Patriot Lead Dwindling In The Piedmont

(By the Associated Press)

The Patriots' Piedmont league lead dwindled to a mere half-game yesterday when they got only an even break with Winston-Salem in a double header while the second place Bulls were grabbing two from the Pointers.

The Pats topped the Twins 13 to 7 in the opener, but dropped the nightcap held to five innings by rain, 6 to 1. Dubuque started the first game for the Twins, but was hard hit. Greensboro scored nine runs in the first two innings, tying five in the first and four in the second. Mauney relieved Dubuque with one out in the second.

It took the Bulls ten innings to win the first of their two games with the Pointers, 5 and 4, but they got the second easily 6 to 2. Fred Tabby drove in the winning run in the first, hit safely three times in the second and started afield.

Henderson parked away steadily at Edwards and Steal to defeat Salisbury 8 to 3. Townsend worked out a good game for the Bunnies, Gilbrech, rookie first sacker, made his first appearance with the Colts and played a good game off in addition to hitting two out of three. He replaced Andrews, a former Sally leaguer, who has been placed on the suspended list.

The Goldbugs hure in what is probably an Eastern Carolina league record for stolen bases as they defeated Wilmington 12 to 5. Ten thefts entered in the victory.

Greenville and Fayetteville split a double header, Garbee working out a 7 to 3 victory for the Greenville in the opener, while the Highlanders copped the nightcap 7-6.

# Macon Breaks Winning Streak Of The Smokies

Atlanta, Aug. 1.—(AP)—Buck Newsome, young Macon pitcher, almost single handed, snapped the six game winning streak of the Knoxville Smokies. South Atlantic Association leaders at Macon took the series finale 2 to 1, in 11 innings. He held the invaders to five hits, one a scratch, and hit out a triple, double and single to account for the tying and winning runs.

The Augusta Wolves came through in the ninth to defeat Asheville 5 to 4 while Spartanburg was losing to Charlotte, and moved into a tie with the Spartans for second place. Snyder's double and Gann's single manufactured the winning score after Asheville had tied it in their bevin of the inning.

The Charlotte Hornets hit opportunely and played brilliantly afield behind Pitcher Bremer to defeat Spartanburg 3 to 0, after losing two straight. Fox's home runs were given out as Columbia bested Greenville 10 to 6 in a slugfest match. They were evenly divided.

# FIGHTS LAST NIGHT

Chicago, Aug. 1.—(AP)—Radio broadcasting will not be permitted at the Sammy Mandell-Tony Cannoner lightweight championship fight at the Chicago Stadium tomorrow night.

Police Herman, president of the stadium, ordered it banned because he feels radio cuts down attendance.

To Battle For Golf Title. Chicago, Aug. 1.—(AP)—Mary Elizabeth Fford of Kansas City, and Ariel Vilas of Chicago, neither of whom has reached her sixteenth year, today were to battle it out for the western women's junior golf championship at the Evanston country club.

Miss Vilas reached the title round by a 2 to 1 victory over Lucy Fford of Indianapolis, while Miss Fford won over Lucy Jane Hedberg of Chicago, by a 3 and 2 margin.

Thirsty tourists cooled themselves with approximately 10,000 tons of ice on American railroads this summer.

Game law violators are to be chased by Minnesota game warden along the Mississippi river in motorboats.

# Market Report

## Cotton--Stocks--Grain

### COTTON MARKET

New York, Aug. 1.—(AP)—Cotton opened steady today at an advance of 1/2 to 1/4 points on a continuation of yesterday's buying movement. The market was supposed to reflect uncertainty over the progress of the crop and unfavorable features in the weather news.

October contracts sold up to 19.30 and March 19.68, or about 10 to 16 points net higher, but the advance was not considerable realizing and the market showed reactions of 10 to 12 points from the best by the end of the first half hour.

Liverpool just about met yesterday's local advance and reported that there had been covering and foreign buying in the market.

The New Orleans season-end figures placed the world's consumption of American cotton at 16,309,000 bales, including 1,053,000 bales of linters and the carryover at 4,979,000 bales, including 284,000 bales of linters.

and then rebounded above 210. Marmon Motors, Standard Gas & Electric, Atchison, St. Joseph Lead, Brooklyn Union Gas, and Timken Roller Bearing all sold 4 to 5 points higher.

Pacific Telephone fell back 5 points, Allis Chalmers 4, Industrial Rayon 3 3/4 and New York Central, Lackawanna, Wright Aero and American & Foreign Power 2 points or more.

Reports of a brisk foreign demand for copper brought fresh buying into the copper shares in which the public is reported to be heavily committed.

### GRAIN MARKET

Chicago, Aug. 1.—Wheat advanced in the late dealings today, more than offsetting early declines. Private crop estimates to be given out tomorrow were generally expected to prove bullish, and there were late indications that new export business in wheat from the United States was under way. Predictions of another short crop of wheat in Canada were also current, based on experience regarding peculiarities of Canadian sub-soil moisture conditions.

Wheat closed unsettled, 3-8c to 1 1/2c above yesterday's finish. Corn closed 1/2c to 1/4c net decline to 1-3/8c advance. Oats 1/8c off to 1-4/8c gain. Provisions varying from 2c setback to a rise of a shade.

### STOCK MARKET

New York, Aug. 1.—(AP)—High call money rates slowed up trading in today's stock market, but failed to check the resumption of the upward price movement. A springing of issues lost ground in a mid-day selling movement, but the main price tendency was upward, with the public utilities and high priced specialties in the vanguard of the advance.

Heavy calling of loans sent the call money rate from 10 to 11 per cent with indications that the rate would work higher before the month-end stringency was over. Time money rates held firm, with 9 per cent asked for the shorter maturities. The National City bank, in its monthly review, stated that for credit this season when rates are customarily easy "it seems quite useless to hope for cheap money in the near future; nevertheless there is no reason to fear that ample bank accommodation will not be available at reasonable rates to finance legitimate business, including the requirements of crop moving and the fall trade."

Inasmuch as no change was made in the Bank of England discount rate today, Wall Street is not looking for any change in the New York call rate. Because of the declining trend of prices in the latter part of last week and early this week, little changes in brokers' loans is expected when the weekly statement is issued after the close.

Business and trade news continued favorable, with excellent current earnings statement providing the background for the advance in many issues.

Tetroit Edison was the spectacular feature in today's market, soaring 27 points to a new high record at 399. Vulcan Detinting, common, and the A stock each jumped 18 points to new highs.

Gas, Auburn Auto and Buffalo & Spanghanna all ran up more than 8 points to new high records, while General Electric touched a new top at 24 1-2, up 7. Westinghouse Electric, Gillette Safety Razor and General Public Service also reached new peak prices.

U. S. Steel, common, which earned more than \$11 a share in the first half of the year, crossed 211 to a new high, sold down to 209 1/4.

## Heads Mail Pilots

Harry Haking, who has been flying the mail nine years, is new president of the Air Mail Pilots Association.

## Urges Union of Presbyterians

Pen Mar, Pa., Aug. 1.—(AP)—Immediate and unconditional organic union of all branches of the Presbyterian church was urged today in an address by Dr. William Chalmers Covert, general secretary of the Presbyterian board of Christian education.

Dr. Covert, as principal speaker at a meeting of churchmen from both sides of the Mason and Dixon line, called to discuss church union declared that every argument for reuniting the separated units of the church has taken on a new urgency. Every objection that has arisen to postpone and prevent this oneness, he said, has less weight with the thoughtful and devoted leaders in the church than at any time in a generation.

"The radical situation that once justified or made congenial the separate grouping of our Presbyterians in the pioneer period of our continent has entirely passed, because of the dilution of the old radical stocks and the universality and supremacy of a real American breed of Presbyterians," the Philadelphia minister declared.

He emphasized that the unifying of all Presbyterians into the Presbyterian church of America "would strike the fires of moral enthusiasm in the hearts of all our youth, and would put new motive power into millions of our men and women out of whose church life and present spiritual experience the urge and glow have gone."

The board remained in session all day.

## Swallowed Watch

Somerville, N. J.—Bennie Bonini, six weeks old, swallowed a wrist watch. His mother called the police. A patrolman started hustling to a hospital on a motorcycle with Bennie. The watch was looted out on a rough stretch of road.

## NOTICE OF RE-SALE OF REAL ESTATE

By virtue of authority contained in that order of resale made by his Honor J. F. Harrington, Clerk, in the matter of the sale of lands of Mart P. Moore and wife Dora Moore, under the deed of trust executed by them to W. H. Woolard, trustee on the 12th day of May, 1928, recorded in book M-17, at page 439, the first sale having been raised, the undersigned will offer for sale for cash before the courthouse door in Greenville on Friday, the 16th day of Aug., 1929 at 12 o'clock noon, the following lands to-wit:

That parcel or lot of land situate in Greenville, Pitt County, North Carolina, on the west side of Reade street in the northwest intersection of Reade and Eleventh streets, and beginning at said intersection and runs northwardly with Reade street 45 feet to a stake; thence westwardly, parallel with Eleventh street, 125 feet to a stake; thence southwardly parallel with Reade street 45 feet to Eleventh street; thence eastwardly with Eleventh street 125 feet to the beginning point. Being the identical parcel of land conveyed to the said Mart P. Moore and wife Dora Moore, by J. H. Waldron and wife, by deed dated December 22nd 1926, and recorded in Book M-16 at page 447, public opinion of Pitt County.

Said sale will start at 4:47 1/2 over and above Home Building and Loan Association's mortgage. Bidder required to deposit ten per cent of sale price to show good faith.

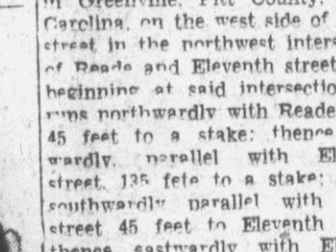

This the 1st day of August 1929.

W. H. Woolard, Trustee.

W. H. Woolard, Atty.

Aug. 1-1w-2wk.

## For Congress

Mrs. George Brown has announced her candidacy to succeed the late Leslie J. Steele, representative from the fifth Georgia (Atlanta) district.

## THREE KILLED WHEN MAN RUNS AMUCK AT SPARTANBURG

Spartanburg, S. C., Aug. 1.—(AP)—Three men were killed and others probably fatally wounded, and the entire west end of the city thrown into confusion here today when T. Earl Robertson, a shipping clerk, suddenly became insane and ran amuck with a hand axe.

## GASTONIA INFANT KILLED IN WRECK

Charlotte, Aug. 1.—(AP)—Bille Dobbie, infant son of Mrs. J. H. Dobbie, of Gastonia, was instantly killed and three women injured in an automobile accident near here today.

Mrs. J. H. Dobbie mother of the child, Mrs. Davis, captain of the Salvation Army corps, and Miss Estelle Devoe, all of Gastonia, were injured. A fifth occupant of the car, a small child, was injured.

The automobile, which was driven by Mrs. Davis, overturned at the intersection of Wilkinson Boulevard and Dowd Road. Failure of the brakes to function was attributed by one of the women as the reason of the accident.

Preliminary examination of the women indicated that neither was seriously hurt. All of the injured were taken to a Charlotte hospital.

## Gas Tax Effective

Chicago, Aug. 1.—(AP)—Illinois' three-cent gasoline tax law went into effect last midnight. This state was the last in the United States to adopt a gasoline tax.

## Allan Hoover Recovers

Washington, Aug. 1.—(AP)—Allan Hoover, son of the president, who suffered a slight stomach disorder several days ago, was reported today as having entirely recovered.

He was making plans to accompany the presidential party tomorrow on the regular week-end trip to the Rapidan river camp in the Blue Ridge mountains of Virginia.

## AGE 7000 PRAYER TO WED IN CONNECTICUT

New Haven, Conn., Aug. 1.—(AP)—A license to marry has been obtained by the Rev. William Henry Singleton, 94-year-old negro preacher. Singleton is credited with being only negro in the United States to raise a regiment of his own race in the Civil War. He will marry Mary K. Powers, 55.

Singleton, who has been preaching to his people here for many years, was born a slave at Newburne, S. C. When the Civil War began, he organized the 35th U. S. Infantry, and became its sergeant major. He is one of 46 surviving members of Admiral Foote's Post, G. A. R. He will be a delegate to the national encampment at Portland, Maine.

Chinese ring neck pheasants will be common game birds in Wisconsin five years hence, predicts W
