RUTH NICHOLS LEADS WOMAN FLIERS TODAY

N. Y. Woman Entered Midland, Tex., Followed by Memphis Flier.

Midland, Texas, Aug. 22.—(AP).—Ruth Nichols, Rye, N. Y., led women air derby entrants into Midland, today followed by Phoebe Omble, Memphis, Amelia Earhart, Boston was third and Gladys O'Donnell, Long Beach, Calif., fourth. Miss Nichols, who also led the fliers into Pecos, who landed here at 9:28 a. m. She was followed by Mrs. Omble at 10:07 a. m. Miss Earhart at 10:16 a. m., and Miss O'Donnell at 10:22 a. m. During their halt here the fliers were guests of the Midland Rotary club at a luncheon. They were to take off at 2 p. m. Miss Opal Kutz, of New York, brought her plane down on the Midland airport at 11:16 a. m.

Pecos, Texas, Aug. 22.—(AP).—Mrs. Blanche Noyes of Cleveland, Ohio, landed her plane in sixth place at this refueling point in the National women's aerial derby today after a forced landing ten miles west of Pecos because of a fire in her craft.

Mrs. Florence Barnes, who was one of the last of the fliers to take off from the Municipal airport for Pecos, Texas, returned at 3:30 a. m. because of engine trouble. One cylinder stopped functioning while she was endeavoring to cross the Hecla mountains east of here.

A hurried examination by mechanics showed a broken exhaust valve. Repairs were undertaken immediately and Mrs. Barnes planned to hop off again before noon to join the rest of the fliers. A lighted cigarette was found in a spare flying suit in the cockpit, but Mrs. Noyes managed to land the craft and extinguish the fire, suffering slight burns herself. In making the landing she broke the landing gear of her plane but had no trouble in alighting here.

Uncover Alien Runner Plot At Windsor, Ontario

Windsor, Ont., Aug. 22.—(AP).—Youths and a German, who were arrested by police of five aliens, four of them in a parked automobile near the Windsor waterfront, has produced the bold operators of the Detroit river alien runners.

When the men were under examination at police headquarters last night a man who gave his name as "McCarthy" appeared. He explained he was a professional runner and that the others had been in his charge. He had left them, he said, in the car while he went to a neighboring dock.

Elaborating on the alien smuggling business the man said he had planned to deliver his patrons on the Michigan shore before daylight when he would be paid \$50 per head. He did not know what the agent for the aliens had received from his charges.

Tells Police To Let Criminal Talk

Chapel Hill, Aug. 22.—(AP).—"The criminal always will hang himself if you'll let him talk," Ellis H. Parker, Burlington County, N. J., chief of detectives said today in addressing the University of North Carolina's police school.

Mr. Parker, who has handled more than 150 murder cases, with but five acquittals believes in letting the accused tell his story, without interruption. He takes the position that the criminal will be on his guard, if continued interruptions are made when being questioned by officers.

Detective work, in the eyes of the New Jersey chief, is nothing more than common sense, but he has discovered that the best way to learn the truth from an accused man is to watch for his unnatural actions and let him talk.

American Ship To Bring Home Dead Commander

Cherborough, France, Aug. 22.—(AP).—The American cruiser Raleigh put in at the port here today to take home the body of her old commander, Vice Admiral Albert Parker Niblack, who died this week at Monaco.

The body will be put aboard the cruiser tomorrow with the honors due to a vice admiral. Admiral Niblack was formerly commander-in-chief of American naval forces in European waters and president of the International Hydrographic bureau in Monaco.

AYDEN WOMAN KILLED NEAR CAPITAL CITY

Mrs. Ormond Edwards Loses Life in Automobile Wreck Near Raleigh.

Mrs. Ormond Edwards, of Ayden, was killed in an automobile accident near Raleigh last night, according to information brought to this city by Ayden residents today. Full details of the accident has not been received other than it occurred while Mrs. Edwards was visiting in the Raleigh community.

Mrs. Edwards was formerly Miss Elsie Canady, of Oxford. She was about 30 years of age, and was employed in the public school system at Ayden. Her husband was killed in an automobile mishap on the Suffolk road, near Ayden, about two years ago.

Manchurian Bandits Kidnap Britishers

Manchuria, Aug. 22.—(AP).—Manchurian bandits yesterday kidnaped two British insurance inspectors, C. M. Burton, his captain and member of the firm of Butterfield and Swire, and I. H. C. Godfrey, of the Harbin branch of the Commercial Union Company. The men were captured at Mianmu, about 280 miles northeast of Harbin and are believed to be held for ransom. The British consul at Harbin asked the Chinese authorities to secure their immediate release.

Two Stills and Two Men Nabbed By Pitt Officers In Raid In Chicod Area

Another smashing blow was landed against the illicit whiskey traffic of this community in the capture of two stills, two operators, ten gallons of whiskey and a considerable amount of beer in Chicod township yesterday afternoon, according to information given out today at the sheriff's department. The operators were Allen Boyd, white, and Will Brown, colored. They were being held in the county jail in this city today awaiting trial at the next session of county court.

The raid was one of the most outstanding of the summer months and came in the midst of an intensive campaign by county officers to curtail liquor production for the fall and winter season. One of the stills was a giant steam plant of 200 gallons capacity. The other was of the copper type with a capacity of 130 gallons.

The steam plant was operated by the negro and was in full blast when the officers arrived. Brown was taken completely by surprise and surrendered without the slightest show of fight. Part of the ten gallons of whiskey and a considerable portion of the three thousand gallons of beer taken in both raids were with the plant.

ABANDON HOPE FOR SAFETY OF SWISS FLIERS

Crews of Naval and Merchant Vessels Scan Atlantic For Trace of Fliers.

New York, Aug. 22.—(AP).—With only the barest hope that the young Swiss fliers, Oscar Kaeser and Kurt Luescher, survived their westward trans-Atlantic flight attempt, crews of naval and merchant vessels today scanned the North Atlantic for trace of them.

Admiral Charles F. Hues, chief of naval operations, has ordered vessels maintain a sharp watch for the airmen at Roosevelt Field aviators clung to a faint hope that the white monoplane "Jungschwizerland" might yet appear on the eastern horizon, but the hope grew dimmer with each passing hour.

The youthful fliers, one 21 and the other 22 years old, were last seen flying westward over a village in the Azores on Monday afternoon. They should have reached American shores early Tuesday. The 500 gallons of gasoline with which they left Lisbon, bound for New York, could not have kept them in the air much longer than that.

Their Farman monoplane was not equipped with pontoons and could not remain afloat if it came down at sea. Possibility that the aviators might have survived a forced descent was based on knowledge that they carried rubber suits and a rubber boat.

It also was considered possible they might have landed on a tiny island in the Azores or in some lonely spot in Newfoundland or along the Canadian coast.

Aarti, Switzerland, Aug. 22.—(AP).—The mother and sister of Kurt Luescher, missing Swiss trans-Atlantic aviator, today gave up hope of seeing him again and accepted with resignation what they considered the will of providence. Members frankly admitted the mother's stoicism. She told them when she agreed to her son becoming an aviator, she realized she must be prepared for all hazards.

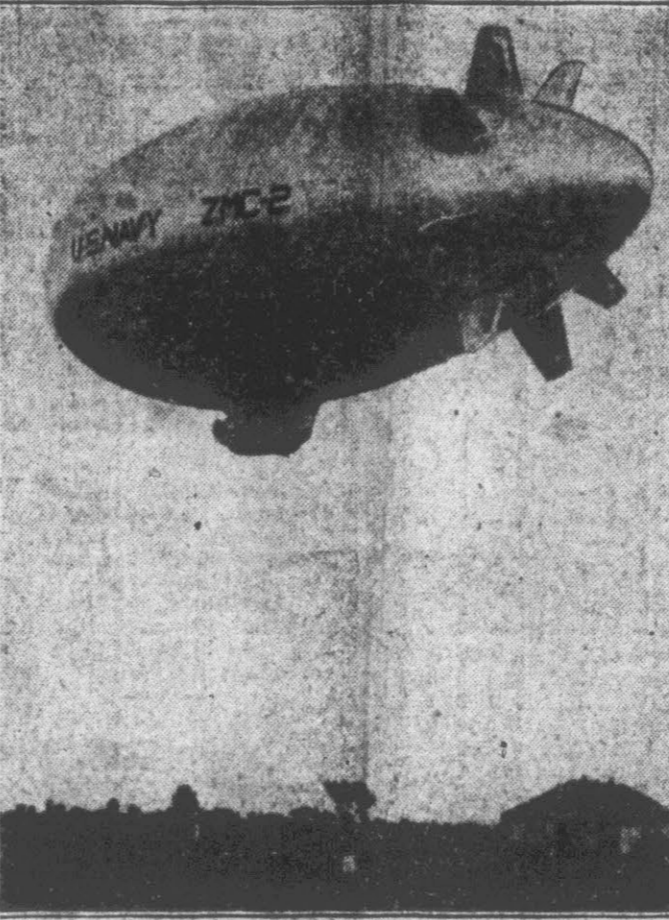

Two Killed By Illinois Cop

West Frankfort, Ill., Aug. 22.—(AP).—Earl Kreicer and Albert McDonald were shot to death by Police Chief Leroy Fisk at about 10:30 last night after the chief and Patrolman George Nupper stopped their motor car in the downtown district to search it for liquor.

Kreicer is said to have fired first at the officers. Fisk fired four shots from a sawed off shotgun hitting both in the head and killing them instantly.

An inquest was scheduled here today. Fisk was placed under technical arrest and held in jail at Denton. Kreicer and McDonald were about 35 years old.

Names of Nominees In Campaign Are Published

Not All of Them Active so Opportunity Still Awaits Entrants

Today it appears—the first list of nominations. Names of nominees received up till 8 o'clock last night, together with their nomination vote of 5000 are printed for candidates entered in The Reflector's great Everybody Wins Something campaign.

Nominations are not closed. Opportunity without a handicap is here today for new entries who will "carry on."

This small list published today must not be misunderstood. The names printed are just nominations. Not all candidates.

The list serves to show who entered. It does not indicate the active candidates. Many who have been nominated have failed, so far, to turn in one single solitary subscription to The Reflector.

Some have not even called to get an official receipt book. They are so far, candidates in name only, nothing more.

Candidates who will not produce subscriptions can not hope to win the more votes you can produce. Simple nominations of a candidate does not mean anything. The nomination is but the first step to the starting point. Anyone content to rest after nomination ceases to exist in this election. Active work—honest effort, constant attention to the business in hand, and that means can't win. And votes win.

And subscriptions mean votes. With so few candidates entered so many of these not yet at least manifesting any life or activity, the opportunity is here for some live ones to enter and "carry on" to win.

The more candidates that are entered the less votes it will take to win. All Win Something.

If two candidates are running for office they must have all the votes between them. The winner must have a majority—over half of all the votes cast. But if five candidates seek the same office the winner only needs to have more votes than the next highest candidate.

Then, too, in this campaign, "everybody wins something." There are the beautiful cars. Four of them—all enclosed models. There are purses of gold and silver totaling thousands of dollars. And remember, too, cash commission of 10 per cent paid all active non-winning participants. In an election for office but one candidate wins. In The Reflector election everybody wins—YOU WIN.

Vote Made Public. The votes for publication of each contestant entered in the campaign, will be printed next Monday. There are any number of contestants entered who so far have failed to make a single report, and this will give those contestants an opportunity to get in their count for Monday's issue. All subscriptions should be turned into campaign headquarters by Saturday night to appear in the count Monday.

If your name is not listed in the proper district, please notify campaign manager not later than Saturday night, so proper correction may be made. If notification is not made you must compete in the district your name now appears in.

If you were nominated and your name does not appear, please notify campaign department immediately so it can be included in tomorrow's list.

Unfavorable Wind Again Causes Postponement Of Graf Zeppelin Departure

Kasumigaura, Japan, August 22.—(AP).—The departure of the dirigible Graf Zeppelin for her trans-Pacific flight to America was postponed again shortly before midnight tonight because of unfavorable winds. At the same time it was announced that the dirigible might leave early in the morning.

A vast crowd was waiting to watch the Graf's departure when postponement became known. The late hour of the postponement (shortly before midnight Japanese time) would be shortly before 10 a. m. E. S. T.) disappointed great numbers of country folk who had left their fields and farms to be present on the historic occasion of the first airship flight from the Orient to America.

The Graf Zeppelin's passengers went on board the dirigible at 9:30 p. m. today (7:30 a. m. E. S. T.). Nineteen passengers and a crew of 42 were aboard the airship to-night for the voyage to America.

In addition to the sixteen passengers whose tickets read from Lakehurst to Lakehurst, a Japanese naval officer, another officer from the general staff of the army and a newspaper man from a Japanese news agency joined the airship.

They replaced Professor Karkhan, Russian geographer, a Japanese naval officer and two newspaper men who came from Friedrichshafen to Kasumigaura.

The new passengers are Lieut. Commander Ryungaku Kusaka of the Japanese naval general staff, Dofu Shima, correspondent of a Japanese news agency, and Major Shichi Shibusaba, of the general staff of the army.

The officers and crew were increased to 42 including Dr. Hugo Eckener by the addition of chief engineer Karl Bauerle, who joined the airship here after supervising its refueling.

PLAN PRIVATE CONVERSATION ON DEBT ISSUE

Hague Delegates to Attempt to Settle Differences in Private Today.

The Hague, August 22.—(AP).—Delegates to the reparations conference, still stubbornly trying to reach some sort of agreement, today turned to private conversations after deciding there was no longer any use trying to settle their differences in committee or in groups.

Premier Jaspard of Belgium, at a meeting of the six powers this morning, intervened when he saw the discussion was making no progress whatever. He proposed that the delegates adjourn for the present, leaving the rest of the work of the conference to be done in private conversations. This was readily agreed to since all of the other delegates had been forced to come to the same conclusion.

These conversations, which probably will go on this afternoon and tomorrow morning, will have three principal objects:

(1) Agreement of the other creditors with the British as to the distribution of annuities.

(2) Agreement between the French, Belgians and Germans as to the date for final liberation of the Rhineland from military occupation.

(3) In case the two others fail, how to break off the conference so that it can be resumed under conditions permitting hope of success.

During today's meeting, Premier Briand of France showed some optimism saying: "this conference is not dead, we must do all we can to save it."

The regular meeting of the board of trustees of the college was scheduled to meet this afternoon and it was expected that they would confirm action of the building committee in awarding the contract for the improvements.

Maniac Kills Policeman At Montgomery, Ala.

Montgomery, Ala., Aug. 22.—(AP).—A policeman was shot to death and another seriously wounded in what apparently was an attack by a maniac as they patrolled a beat near the downtown area here early today.

The attack occurred as the officers, Rex C. Wright, 38, and Wm. W. Smith, 48, emerged from their automobile after drawing up to a curb. Wright was killed instantly by a bullet through his chest after he had been felled by a blow on the head from a heavy iron instrument. Smith was stunned by two blows over the head from the instrument. Both were plain clothes men.

Joseph Dodson Choate, 26, was arrested at the scene of the attack after calmly informing officers that he "did it all." He was taken into custody. He was doctored as a "suspect."

London, Aug. 22.—(AP).—Tokyo cablegrams to the daily mail today, purporting to be based on official Japanese information, said Soviet troops had completed mobilization on the Manchurian frontier and shortly would march on Harbin, the Provincial railroad center.

The cablegram, whose author was Sir Percival Phillips, prominent British newspaperman, said the Soviet Union government had determined to force China to comply with its demands regarding the Chinese-Eastern railway by warlike operations, but without a formal declaration of war.

It was said the advance of the newly organized far eastern army would be a "punitive expedition" and it was not believed the Chinese soldiers would offer serious opposition to the Russian advance, but instead would adopt delaying tactics. It was unknown whether the Russian advance actually had already begun.

While it was stated in Tokyo that Japan did not intend to interfere in Manchuria unless her interests were threatened directly it was declared in Peking that Japanese military guards on the south Manchurian railway were busy and were preparing for the arrival of reinforcements. There were continued reports here of alleged Russian violations of the Manchurian frontier but precise details were lacking. A Peiping dispatch of the express under official dispatches from several foreign sources confirmed previous reports of a 24-hour engagement near Manchuli in which the Chinese had 90 casualties. It was presumed this had reference to the Dalainor engagements.

Washington, Aug. 22.—(AP).—Russian Soviet authorities are accused of activities to "bring about a world wide revolution" in the latest Chinese note dealing with the Manchurian controversy. The Nanking officials found evidence, they said the Russians were promoting "secret plans to nullify China's unification, to overthrow the Chinese government, to organize secret forces for destroying the Eastern railway, and to carry out a policy of wholesale assassinations and thereby bring about a world wide revolution.

FRENCH FLIERS PLAN HOP-OFF EARLY FRIDAY

Chase of Graf Zeppelin Postponed Today on Account of Condition of Radio.

Le Bourget, France, August 22.—(AP).—Captain Dieudonne Coste, France's premier aviator, announced this morning he would take off on his mysterious long distance journey—to Tokyo to race the Zeppelin across the Pacific, or to New York—as soon as weather conditions permitted.

This information was accepted generally as explaining his failure to appear at the field this morning for scheduled take off at dawn on his trip.

He made a three hour test flight this morning in his plane, the Question Mark, and at the end of the flight announced that the wireless apparatus, which had not functioned properly yesterday, was now working at its best.

Le Bourget, France, Aug. 22.—(AP).—Captain Dieudonne Coste, French aviation ace, today postponed probably until tomorrow a projected long distance flight which it was believed would take him across the Atlantic in an attempt to reach New York.

The aviator's take-off with Maurice Jaccotte Bellonte, his mechanic, in their plane the "Question Mark" had been set for dawn, but neither appeared at the field for the early start.

It was learned later that the plane's radio had not stood up well under tests and would be gone over again today in preparation for the flight. Weather conditions, somewhat adverse today, are expected to be better tomorrow.

Coste himself has been a stickler for good radio communication in the course of his flights. Tests of the machine's wireless yesterday morning gave poor results. Further tests in the afternoon showed improvement but still were not altogether what they should have been.

There still was some speculation today as to the destination of the Question Mark when it finally does take off. Most of the aviator's friends accepted his story of a flight to overtake the Graf Zeppelin as camouflage to cover the intended westward trans-Atlantic hop, which only one plane ever has negotiated.

Neither Coste nor his close associates could be reached for confirmation of his plans. His announcement that he would give the Graf Zeppelin exactly a week's start, and one third the distance around the world as handicap was hailed here as the first world air-race.

Coste himself said he would make the distance from Paris to Siberia in one flight. Leaving Le Bourget at 5 a. m., he would not land until Vladivostok was reached. There he would refuel and fly on to Tokyo by 9 p. m. Saturday night.

At Kasumigaura airport where the Zeppelin has spent three days, Coste told his friends arrangements had been made for pontoons to be installed on his plane. Stopping Japan only eight hours for sleep, supplies and necessary alterations to his craft, the daring Frenchman would friends he expected to take off at 5 o'clock Sunday morning on the Pacific leg of his chase.

His route would be by way of the Hawaiian Islands rather than by the northern great circle route followed by the Graf Zeppelin.

Honolulu would be reached Tuesday morning, Aug. 27. A successful jump across the Eastern Pacific would land the Frenchman in Los Angeles before the Zeppelin is refueled. Somewhere between Honolulu and New York Coste said he expected to overtake his German rival.

Lavarre Files Answer in Suit At Macon, Ga.

Macon, Ga., Aug. 22.—(AP).—William Lavarre's answer to the suit of Harold Hall, seeking operation control of the August (Ga.) Chronicle and three South Carolina newspapers, which they purchased with funds advanced by the International Paper company, was filed in U. S. District court here today and was immediately followed by legal discussion as to what phase of the case should be heard first.

In his answer to the contempt proceedings, Lavarre, while contending that Hall was not a partner in the enterprise on an annual basis with himself, declared that he did not answer immediately because he had agreed with Hall to discuss a compromise. He added that he had proposed to Hall that he (Hall) accept \$70,000 and "surrender any interests" he had in the papers, providing Lavarre could effect an amicable adjustment with the International Paper company of "the various questions now open."

Soviet Troops Mobilize And Prepare to Advance On Big Railroad Center

London, Aug. 22.—(AP).—Tokyo cablegrams to the daily mail today, purporting to be based on official Japanese information, said Soviet troops had completed mobilization on the Manchurian frontier and shortly would march on Harbin, the Provincial railroad center.

The cablegram, whose author was Sir Percival Phillips, prominent British newspaperman, said the Soviet Union government had determined to force China to comply with its demands regarding the Chinese-Eastern railway by warlike operations, but without a formal declaration of war.

# CUBS ROMP AWAY WITH THE GIANTS

Just by way of proving that they were not downhearted at the temporary loss of Charley Grimm, the Cubs slapped three Giant pitchers for 14 hits at the Polo Grounds yesterday to win by 9 to 2, as the Pirates submitted to their daily curfew by the furious Phillies. The net result of these proceedings was to increase the margin of the Bruins to ten and one-half games, a tidy margin even with the regular first baseman nursing a fractured left wrist.

Last reports from physicians and surgeons are that Grimm's fracture, even though on his throwing arm, may not keep him out for more than three or four weeks.

McCarthy placed young Clarence Blair, the Little Rock recruit, in temporary charge of first base, but dispatched a hurry call for Charlie Tolson, option to Los Angeles last spring.

Charlie Root presided over the observance at the Polo Grounds, giving the Cubs their third victory over the Giants in four games. The Messrs. Benton, Yemas and Judd were placed in the line of Chicago's fire. Riggs Stephenson and Kiki Cuyler responded with home runs Stephenson totaling three hits for the day.

Young Harry Smythe of Asheville again put the finishing touches on the Phill victory but official credit went to Phil Collins. The score was 10 to 3 giving Burr Shotton's boy four straight over Bush's men.

All the rabbit blood was extracted from the ball they used in Brooklyn yesterday, and young Clise Dudley pitched the home team to a 1 to 3 triumph over the Cardinals.

Dudley scattered six hits, while Clarence Mitchell permitted Del Bissonette to strike in a first inning crisis which yielded the game's only run.

The Braves this remained in the cellar.

The Athletics surprised American league circles by dropping a series to the Browns yesterday through the medium of losing the final game by 7 to 5.

It becomes increasingly apparent that the Yankees record of 110 games won and 44 lost in 1927 is safe. To beat it now, the Macks must take no fewer than 25 of their remaining 36 games.

Mr. Mack employed Walberk Earnshaw and Orvell against Rip Collins yesterday to no avail. Of more importance to the Browns than the victory itself was the injury of Heinie Manush and Fred Schulte, who crashed into each other while chasing Rench's fly in the fifth. Manush suffered a broken nose. He will be out for two weeks, but Schulte may return to left field within a few days.

Young We-lev Ferrell stopped the Senators cold with his second successive four-hit game, the Indians winning by 3 to 1. It was Ferrell's fourteenth victory.

Detroit slammed Bayne and Carroll hard to win the finale from the Red Sox by 13 to 2. Uhle was the winner.

## Augusta Wolves Suffer Reverse

Atlanta, Aug. 22.—(AP)—Odle Strain's Augusta Wolves, South Atlantic Association leaders, suffered their first reverse in the last 10 games yesterday, when Charlotte stopped a ninth inning rally to win out 9 to 7. Infielder Griffin took Williams' hard drive in the ninth and converted it into a double play to stop the Augustans after three runs already had been scored.

Johnny Walker turned in a two hit victory over Spartanburg to keep Knoxville close to the heels of Augusta for the leadership. The score was 9 to 1. The Smokies now are trailing by one half game. Wadley and McWair drove out homers for the winners.

Columbia again defeated Macon by a one run margin to increase the Penches' losing streak to twelve games. The score was 6 to 5. The losers collected 11 hits but were unable to deliver in the pinches. Asheville bunched four hits for two runs in the fifth inning to defeat Greenville 7 to 5 in the series final. The Spinners scored their only run off Baylin in the first inning.

## Rickard's Wife Almost Penniless

New York, Aug. 22.—(AP)—The New York American today quotes Mrs. Tex Rickard, young widow of the famous fight promoter, as saying she is almost penniless although her husband was reputed to be worth \$1,000,000 when he died.

Mrs. Rickard said she was receiving less than \$5,000 from the estate and had little hope of getting any more. The American describes the \$500,000 trust fund created for their two year old daughter, Maxine, as only a generous dream on the part of Mr. Rickard and says there will be nothing left for the daughter.

"My financial situation right now is such that I must step out and get myself a job in order to support my daughter," the paper quotes her as saying.

"If I could collect five per cent of the money that was owed to Tex, I would never have to worry. The I O U's he left would fill a good sized scrapbook, but not one of them appears to be worth the paper it is written on."

## FAIR YOUNG FLIERS ENTER DERBY

Mrs. Cy Caldwell (left) and Patty Willis are among the youngest entrants for the women's air derby from Santa Monica, Cal., to Cleveland, starting August 18.

## SCOTS BEAT GREENIES IN FIRST GAME

Inability to hit the ball beyond the infield with runners on the paths, together with three errors, on the part of Greenville, gave Fayetteville the first encounter of the series today, 2 to 1.

Greene, on the mound for the visitors, was a bit wild at times, but the necessary bingle by the home club was not there. Ludke, for Greenville, pitched ball that ordinarily would win, but the miscues by his infield assisted Fayetteville in its victory.

Mackie, for the Highlanders, was the hitting star of the game, securing three singles for a perfect day with the stick.

## FORMER CITY ATTORNEY SENTENCED TO PRISON

Pine Bluff, Ark., Aug. 22.—(AP)—Pending outcome of petition for a new trial, Ralph R. Red former City attorney of Pine Bluff, was held in the county jail today, under sentence of five years in the Arkansas penitentiary as an accessory to the robbery of the People's Bank in April. He was convicted by a circuit court jury late yesterday.

## NARCOTIC AGENT DANGEROUSLY SHOT

New Orleans, Aug. 20.—(AP)—Clarence U. P. Moore, federal narcotics agent, was shot and dangerously wounded here today by one of two narcotic peddlers he sought to arrest.

Moore, narcotic officials said, was responsible for some of the most extensive narcotics raids and arrests in New Orleans in recent months. Before coming to New Orleans, he was a member of the San Francisco police force.

SALE OF VALUABLE FARM PROPERTY  
Under and by virtue of the authority conferred upon us in a deed of trust executed by John M. Tripp and wife, Sallie H. Tripp, on the 15th day of December, 1922 and recorded in Book T-14, page 366, we will on Saturday,  
31st day of August, 1929  
12 o'clock, noon,  
at the courthouse door in Greenville, N. C., Pitt County, sell at public auction for cash to the highest bidder the following land, to-wit:  
A certain piece or parcel of land situated in Carolina Township, Pitt County, North Carolina, on the North side of Grindle Creek, bounded on the North by R. D. Harrington, on the East by the County Road, leading from Greenville to Whitehorns on the South by Grindle Creek, on the West by lands of W. M. Simmons, more particularly described as follows, to-wit: Beginning at a corner centered by two gums and one Cypress on the North edge of the run of Grindle Creek, being an agreed corner made between said R. D. Harrington and W. M. Simmons, during November, 1911, and recorded in Book B-10, page 182, Pitt County records; thence with their agreed line N. 36-30 E. 1790 feet to a small sweet gum, centered by sourwood, maple, dogwood and sweet gum, thence with their agreed line N. 29-30 E. 755 feet to their agreed corner, on their axle centered by two small sweet gums and two small oaks, thence with a dividing line made today between said R. D. Harrington and G. W. it's "STANDARD"

OUT of all the conflicting claims for gasoline, what is the motorist to believe? Here's a fact that means something:

Throughout the territory where "Standard" improved Gasoline is sold it is now preferred by more than twice as many motorists as the leading competitive brand.

Back of every gallon of "Standard" improved Gasoline are the facilities for producing the best gasoline. A large staff of scientists has the single-track job of putting "Standard" quality in the lead—and keeping it there!

Compare "Standard" improved Gasoline with any other gasoline selling at regular prices—regardless of color or claims. Find out for yourself why it has won such a tremendous lead over all other brands.

## "STANDARD" Improved GASOLINE

IT'S THE CHAMPION—THE NO. 1 FAVORITE

THIS "GEORGE WASHINGTON" speedometer reflects truth about mileage. It is the one used by the "Standard" Proving Laboratory when test cars are driven over the public highways.

...in the ring it's PUNCH!

...in a cigarette it's TASTE!

"STICKIN' to our knittin'"—never forgetting that Chesterfield's popularity depends on Chesterfield's taste...

But what is taste? Aroma, for one thing—keen and spicy fragrance. For another, that satisfying something—flavor, mellow tobacco goodness—which we can only call "character." Taste is what smokers want; taste is what Chesterfield offers—

"TASTE above everything"

MILD... and yet THEY SATISFY

## LOOK AFTER YOUR HEART

Dr. Charles O'H. Laughinghouse, State Health Officer, is the author of the following statement, which the State Board of Health is sending out this week concerning the question of heart disease.

"The North Carolina State Board of Health is in close accord with the opinion that nowadays many hearts are injured by overdoing. Therefore, it is advisable that you go to your physician for a health examination every year. If the physician finds your heart impaired, he will teach you how to live so as to prevent further impairment.

"Do this and quit worrying. He will explain the limitations which you need to place around your work, your exercise, your diet and your sleep. And if needful give you medicine. Follow his instructions faithfully because it will make your heart last longer and make you more productive.

"Stay clear of the things that injure the adult heart. BE YOUR AGE. Live an orderly life. Avoid over-indulgences and over-strains. Have decayed teeth and other centers of infection cleared up. If you get sick, take the time for a complete convalescence, particularly if your sickness is caused by any kind of an infection. Keep your periodic health and dental examination up every year and oftener if necessary."

## Lockjaw Claims Pitt County Boy

Elias Braxton, 14, son of Elijah Braxton, who lives a few miles east of Greenville, died this morning following several days' illness from lockjaw.

Funeral services were conducted this afternoon followed by interment in the family burying ground.

Young Braxton stuck a nail in his foot about ten days ago, and it was thought he was getting along all right until Monday night when his condition became worse and the lockjaw set in. He continued to grow worse despite everything that could be done to bring about his improvement, and last night all hope for his recovery was abandoned.

## FALKLAND NEWS

The revival at Red Oak, conducted by Rev. R. J. Bamber, is being well attended. So far there has been four additions. The singing has been splendid and we have had wonderful co-operation between other churches and ours. Mr. Bamber took as his text Tuesday night, "Seek ye first the kingdom of God and His righteousness and all these things shall be added unto you." He delivered an uplifting discourse on this subject and at the close two young women came forward and confessed Christ. The meeting will continue through Sunday morning. Bible school will begin at ten o'clock. We welcome you to all these services.

We are glad to know that Mrs. John Crawford has returned from the hospital, but we were grieved to learn that she is still in a precarious condition. Our sympathy goes out to Mr. Crawford and his family and we hope that the good wife and mother will soon be restored to health.

Miss Lena Jones, of Washington, D. C., is visiting Miss Margaret Stokes. Miss Jones will be in our community for two weeks, and as this is her first trip to the Old North State we hope she will be favorably impressed.

Mr. and Mrs. A. W. Ahge, Rev. Edwards and Mr. Rollins, of Winterville, attended services at our church last night.

Miss Ruby Smith has returned from a recent visit in Micro, Johnston county.

Mr. and Mrs. Hassell Corbett, of Micro, visited friends at Red Oak Sunday.

Miss Malissa Causey is visiting her sister Mrs. R. S. Allen.

Mr. and Mrs. George Dail visited friends in our community Sunday afternoon.

## Rescue Crew of Burning Vessel

New York, Aug. 22.—(AP)—J. H. Benson, master of the dollar liner President Harrison, wireless today that his men had rescued the entire crew of 26 men of the German steamer Quimistan which caught fire in mid-ocean. The radio marine corporation received a report yesterday from the Freighter Quimistan on fire and deserted about 1,100 miles east of Norfolk, Va. It was not then known what had become of the crew.

# BOYS ALL SET FOR OUTING ON PAMUNCO RIVER

## Greenville Youths can Make Way for Annual Trek to Encampment

The great adventure for many of the boys of Greenville is about to begin. Some of those who have been preparing for the annual trip to Camp Pitt, on the Pamlico, have been for the last few days as thrilled as if their birthdays came on Christmas. "Can't wait" falls entirely to express it. And even some of the parents are getting almost equally interested.

Applications are coming rolling in to the Director, and prospects are for a well filled camp of the best Greenville's youth, augmented by boys from Washington and other towns. The crowd will be representative of the best of the state's youth, and led by a similar contingent of our young manhood.

Scouts will find especial remembrance of them in the possibilities of camp life, and some activities just for their pleasure. Tests may be passed off and Merit Badges won; done by all who desire it. Special Scout leadership will be provided and troop scoutmasters earnestly invited to come down for whatever time they may find possible.

The athletic program, with its age-weight classification into the four groups of Seniors, Juniors, Midgets and Mites, will provide plenty of interesting competition for every one with boys of his own size, with the points they accumulate helping to contribute to the camp championship. At last year, the two groups of "Pirates" and "Wildcats" will dispute for the camp championship from the first day until the last, with the final outcome probably in doubt up to the farewell campfire.

The advance crew is scheduled to leave tomorrow afternoon at 12:10 with the packs of all the boys, provisions and equipment; to set things in order for the main invasion on Saturday. Boys should send their packs to the Public Library between 9 and 12 P. M., in order to obtain free transportation for them.

All who wish to travel to Camp in a group will meet with their cars in front of the Library promptly at 9 Saturday morning, and no one will feel like waiting for stragglers. There is still time for boys to arrange to go, out it is rapidly passing away. Do not wait for someone else to look you up, but send your application in immediately.

## Passenger Plane Reaches N. York To Return Today

Roosevelt Field, N. Y. Aug. 22.—(AP)—Captain Roscoe Turner and his three passengers departed today for a return trip to the Pacific coast in their flight to demonstrate the feasibility of one-day transcontinental air passenger service.

They arrived here last night from Glendale, Calif., having made the cross country flight in 19 hours and 53 minutes, with three refueling stops. The return flight will be made tomorrow.

The passengers were Fred G. Trooper and Russell Peck of Los Angeles, and D. E. Lane, of Berkeley, Cal. H. C. Gatty, of Los Angeles, was navigator.

The plane left Glendale at 12:45 a. m. (Pacific Time) yesterday with stops for fuel at Albuquerque, N. M., Tulsa, Okla. and Cincinnati, Ohio. A stop also was made at Louisville, Ky., to send telegrams.

Captain Turner planned to make as much of the flight in daylight as possible, but upon his arrival last night he said:

"It was sure a tough job going over the Rocky Mountains this morning before daylight and over the Appalachians after dark. That's enough work for any man in one day."

He said the plane needed only fuel and oil to be ready for the return flight.

under arrest. Just how many here were, the officers professed not to know themselves. The raiders brought in prisoners faster than records could be filed on them.

The names of 25 held were given out and officers said there were others in jail yet unlisted.

While the Charlotte raids were being staged, Eastern Carolina enforcement officers operating out of Fayetteville armed themselves with 53 warrants sworn out on evidence collected by under-cover men and rounded up a score or more of alleged rum dealers in Roberson county. Other warrants were expected to be served today.

Those arrested were mostly filling station operators, negro bell boys and small farmers.

ABOUT TOWN

They are having some good baseball over at Fountain and Maccl...
The game between these two towns last Tuesday was as good as I ever saw. Fountain, won by a comfortable margin but they had one of the hardest fights of the season doing so.

Members of the sheriff's office and township constables are certainly waging relentless war upon the bootleg element of this county...

These cool nights presage the coming of the fall of the year, remarked a citizen today, telling the writer of this column of the joy he experiences at the approach of the crisp days of autumn.

Another month and we will be preparing for the coming of some real chilly weather and then for the coming of frost, sleet and snow. Some people may not like the winter season, but I do.

Just a few more days now and this old town will take on an entirely different appearance, mentioned a tobaccoist today, referring to the opening of the Eastern Carolina tobacco belt September 3.

Everybody is always glad to see the tobacco season come. It puts new life into everybody and causes them to forget the hard times experienced during the summer months.

Greenville is looking forward to good sales despite the crop shortage caused by heavy rainfall, and before the season is over many a hard-pressed business man is going to find himself on easy street ready to meet another lean streak of the summer months.

If you haven't subscribed to the advertising fund for the city of Greenville get busy and do so at once, urged members of the canvassing committee of the Merchants Association who are busy this week attempting to raise \$31,500 for this purpose.

Remember the important part in which the advertising fund played in the growth and development of the city in past years, and then dig down in your jeans and give until you feel like you have done what is expected of you.

Money given in the cause does not benefit any special person or firm. It is spent in the interest of the entire city and everybody profits from it.

Think the matter over. Mr. Business Man, and give as liberally as you can to this great cause. It is for the continued upbuilding of the city and community in which you live and certainly this is of vast importance to you.

A Concrete tile tobacco barn saves time and money - because -
It reduces cost of fuel and labor.
It is highly fire-resistant.
It requires practically no maintenance.
It permits accurate control of temperature and humidity.
It reduces time required for curing.
It is adapted to curing and storing other crops.
Progressive farmers throughout the tobacco sections realize the many advantages of concrete barns—and are building more each year.

Death Treasure

By R. A. J. WALLING

SYNOPSIS: Seven men heard the shot, saw Roger Pell fall dead—not one could tell the police who fired it. A weird drama had been enacted before their eyes—Pell turning on his chief enemy, Parson Marling, threatening to produce a 'ghost' for the trembling padre. Pell stooped to unbolt the library door, a pistol exploded, Pell dropped. Inspector Wayne refuses to believe the story but seven spectators insist. He then searches all finds no pistol. No one has left the room, a shot through a window is ruled out. An interruption—Professor Laxton, who failed to arrive at the intended seance over buried treasures, is found in the corridor unconscious. More questioning—a startling theory is suggested—was Pell shot through the keyhole?

Chapter 10 THE KEYHOLE MURDER

"Not through the keyhole," Somerfield's words set up a rush of theory, which broke the oppressive spell. It loosed all tongues. Wayne turned to stare at the door in its archway, and at the huge lock, and at the large worn aperture in it. "Mr. Fotherbury," said Wayne "is that door ever locked?" "Always" at night. "And the key usually kept on the outside?" "Always." "Before I examine it, should you say that the key ought to be in the lock now?" "Yes, certainly—if nobody has removed it." "It is not in the lock," Wayne exclaimed. "Every man in the room must have known it—the door has been swung open several times." Wayne walked to the door and pulled it open. There was no key. "You gentlemen will please remain in your seats," said he. He went outside and closed the door. We could imagine him stooping to peep through the keyhole. Immediately he was inside again, looking down on the body of Pell. "Mr. Grenofen," he called to me, "will you come and show me exactly what Pell did?" As I went to him, Wayne fastened both bolts. "Pell was here," said I, taking the spot where he had stood. "He waited with his arm up, looking at his watch like this," he said. "Now!" and he started immediately for the door. He shot back to the top bolt, so, and he was stooping to the bottom bolt, like this, and before he reached it, there was a terrific bang

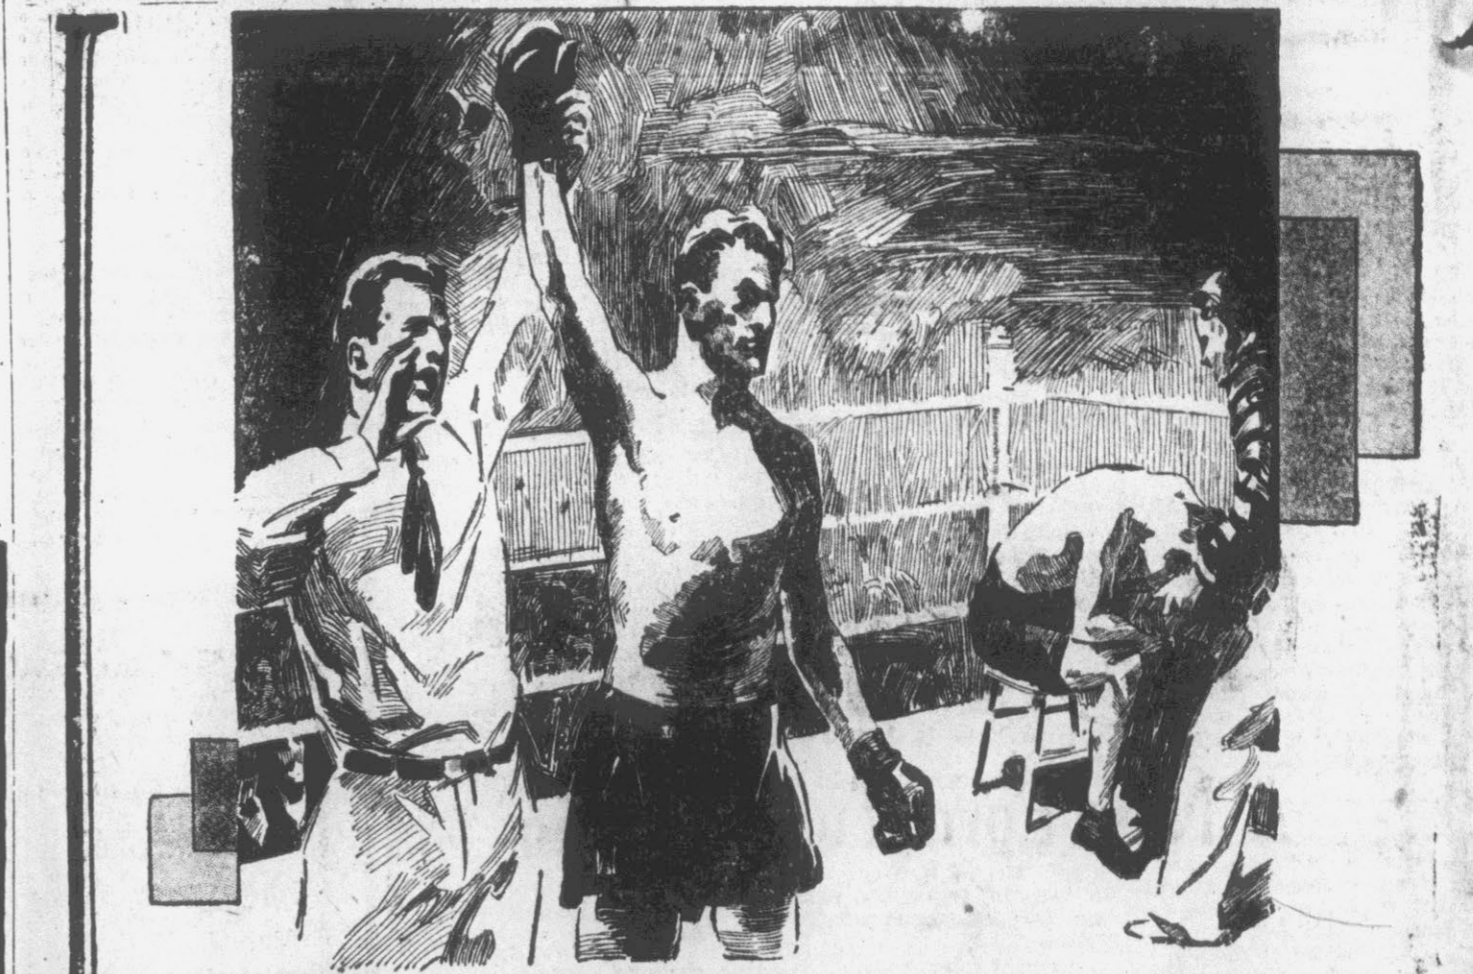

ing across it. We stopped and spread out. Wayne pushed to the front. Laxton seemed a little groggy, but not much hurt. He gave me no sign of recognition. "Which of you gentlemen is Mr. Fotherbury?" he asked. "Most extraordinary introduction," said Laxton. "I'm afraid I've not been able to keep my appointment very punctually." "Appointment?" Mr. Fotherbury inquired with his eyebrows up. "Yes, I said I'd be with you at three o'clock." "Good gracious!" cried the host. "You can't be Professor Laxton?" "Oh, yes, I can," said Laxton. "And what on earth—" "Excuse me, Mr. Fotherbury," Wayne put his hand up. "If this gentleman will come with me, I'll speak to him first."

For my purpose, which is to tell the facts about Roger Pell, I need not dwell with the public procedure of Wayne and his superiors. Wayne was a capital fellow—the best type of the trained police officer, and in England that is saying a lot. But Wayne naturally concerned himself only to find an explanation of the murder and when he had found it, since the murderer could obviously not be caught by Blackwater, he handed the whole thing over to Scotland Yard. And Scotland Yard began its hunt for the mysterious person of whom we came to speak as "Pell's ghost." Wayne, puzzled to death and bulging with those suspicions of his, as soon as the theory of his shot through the keyhole was suggested, conceived the idea that Laxton might be the ghost! (Copyright, 1929, Wm. Morrow Co.)

Professor Laxton has a puzzling explanation to offer—in tomorrow's chapter.

# SENATE PLANS TO STUDY NEW TARIFF ISSUE

Membership to Prepare For Long Struggle to Come September 4th.

Washington, Aug. 22.—(AP)—The Senate membership, which will enter upon its tariff debate September 4, will have the largest part of the next two weeks to study the House measure as revised by the Senate finance committee Republicans in preparation for the long struggles to come.

The committee majority had only a few minor administrative provisions to act upon today before completing its task of rewriting the bill. Meanwhile, predictions were increasing that final congressional action on the measure could not be completed before the end of the special session and that the debate would extend into the regular session beginning in December, with prospects that final enactment would be further delayed in that event.

The rate sections of the bill already have been made available to the Democratic members of the committee, who had no part in rewriting the measure, and the administrative sections will be ready for their consideration that afternoon called for tomorrow to begin planning for the contest that will get under way two weeks from now.

In its revision of the administrative sections, the committee majority, after approving House provisions to enable the tariff commission to consider competitive conditions as well as production costs in determining bases for imposts, voted to retain the presidential power to advance or reduce rates as much as 50 per cent but rejected proposals to increase the commission membership to seven and eliminate the present law's provision that not more than three could be members of the same party.

It also inserted an amendment by Senator Reed, Republican, Pennsylvania, to base ad valorem rates on America instead of foreign values, which, he said, "would not change the measure of protection in the slightest degree" but would merely speed up the commission's work of determining values and eliminate undervaluation frauds.

Senator Simmons of North Carolina, who, as ranking minority member, called the Democratic committee's meeting tomorrow, explained that "we do not contemplate offering a substitute for the entire bill" but intend to prepare a number of amendments and substitutes for amendments to be sponsored by the majority members, amendments offered in the Senate by committee-men have priority, and substitutes must be disposed of before they can be voted on.

The Democratic tariff leader is among those who have begun to wonder whether the bill can be enacted before the end of the special session.

"I thought at first that we may get it out of the way by mid-November," he observed, "but I doubt now whether we will complete it at the special session unless some restrictive or revision limitation resolution is adopted."

## Farmers Sell Your TOBACCO IN GREENVILLE

### Since Last Season—

Three of the warehouses have made large additions, which gives the market increased floor space of about two acres. Some of the factories have made enlargements to their buildings, installing additional redrying facilities and other equipment. The Greenville tobacco market is decidedly in better position to handle, daily, larger quantities of tobacco than ever before.

### Tobacco Warehouses—

Greenville tobacco market has nine (9) large and modern brick warehouses with close to 14 acres floor space, sufficient to accommodate 2,225,000 lbs. of tobacco daily. These warehouses are managed by men of years of experience.

### Buyers and Factories—

Greenville tobacco market has four (4) sets of buyers, representing all the important companies in the world, using bright tobacco. Nine (9) large and modern tobacco factories are located here, additions having been made to several of them since last season, while one new plant has been built.

### Roads and Locations—

Greenville tobacco market is located in the heart of Eastern North Carolina. Seven fine hard surfaced roads lead into Greenville. Tobacco growers living 125 miles from Greenville tobacco market sell their tobacco in Greenville and return home same day.

# Market Report

## Cotton--Stocks--Grain

### COTTON MARKET

New York, Aug. 22.—(AP)—The cotton market opened steady today at an advance of 1 to 11 points in response to relative steady cables and reports of continued dry weather in Texas. There was considerable uncertainty as to further weather developments in the southwest, however, owing partly to the tropical storm situation and the opening advance was checked by a renewal of the liquidation which was in progress at the close yesterday.

Prices sagged off several points, but the offerings were absorbed by covering and local buying with prices showing net advances of 12 to 14 points at the end of the first half hour. December contracts after selling at 18.71 at the start, reacted to 18.64 and were later holding around 18.75.

Private cables attribute the advance in Liverpool to covering and continental buying on the absence of rains in Texas.

### GRAIN MARKET

Chicago, Aug. 22.—(AP)—Flour trading rapidly over a range of about 4c, wheat today closed nervous, 5-6 to 1-3-4 under yesterday's finish. A big decline in wheat prices at Liverpool counted as a notable depressing factor, and there were also larger primary domestic receipts today than a year back, although less than at this time last week. A leading British authority predicted today there would be no active export wheat demand for months yet by Germany, France, Italy or Spain except for special milling lots.

Corn closed irregular, 5-8 net lower to 1-2-3-4 advance, oats 1-4 to 1-2-3-4 from and provisions varying from 20 setback to 8 rise of 1 to 10.

### STOCK MARKET

New York, Aug. 22.—(AP)—The stock market, apparently having recovered from mis fears of a large increase in brokers' loans last week, moved upward in brisk fashion today under the leadership of the high grade rails and public utilities, more than a score of which established new high records. Gains in the active issues ran from 2 to nearly 12 points, with trading fairly heavy in volume.

Reduction in the call money rate from 7 to 6 per cent for the second successive day, coupled with an easier undertone for time money, also had a bullish effect on speculative sentiment. Wall street obviously was pleased at the continue high rate of steel output and freight car loadings, and the unusually favorable character of most of the earnings reports. The market showed no reaction to the reparations crisis at the Hague or the further military disturbances in the far east.

While several conservative commission houses continued to urge a lightening of long commitments on the theory that many stocks were "over bought," others continued to advise purchase of the railroad and industrial leaders on the theory that large blocks of these stocks are being taken out of the market by investment trusts and that a scarcity in the floating supply, coupled with expanding earnings, indicated further sharp advances in those issues.

DuPont ran up 11 1-4 points to 207 1-2, Warren Bros. 11 to 122, Co. Commercial Investment Trust 9 to 205 7-8, Westinghouse Electric common 6 3-4 to 263 1-2 and the first preferred 7 to 250, Pacific Gas and Electric 6 1-4 to 84 3-4, Pere Marquette 6 to 215 and Woolworth 4 to 68 5-8, all new high records. Bethlehem Steel, Southern California Edison, Spark Whittington and General Railway Signal also moved into new high ground.

Extreme gains of 5 to 11 points also were recorded by Air Deduction, Federal Light and Traction, General

### Bandit Falls Asleep While Staging Holdup

Chicago, Aug. 22.—(AP)—The bandit was very sleepy. He could hardly keep his eyes open as with a revolver in each hand he walked into an eating place just south of West Chicago last night and ordered 35 customers to put up their hands.

"Line up against the wall," he ordered, yawning.

He was about to search them for valuables when he observed a cushioned bench at one side of the dining room. He went over and lay down, keeping his guns pointed at the others.

"I am very tired," he apologized. His eyes closed. The customers, hands over heads, looked on in surprise. His breathing became regular and noisy. The pistols clattered to the floor. The bandit was sound asleep.

Someone called police. They arrived and shook the sleeper with vigor. They told him he was under arrest.

"All right," said the man, whose name he later revealed as Chester Kopiscki, "but come back in the morning, will you? I'm sleepy."

### Pajama Parade At Little Rock Falls Through

Little Rock, Ark., Aug. 22.—(AP)—Pajama inspectors became traffic cops as 2,500 persons turned out last night for a raucous advertised pajama dance. Only 25 couples showed up in pajamas.

The inspectors were deputy sheriffs dispatched to a local casino under terms of an injunction granted promoters of the dance. The injunction forbade Sheriff Cook from

in interfering with the event, but ordered him to station deputies at the dance hall to see that the dancers wore sufficient clothes in addition to pajamas to meet the requirements of decency.

The deputies were on hand but with nothing to do. A huge crowd swarmed the place and traffic became snarled. Soon the officers were directing traffic while a scant 25 couples were mustered for the pajama parade.

The injunction was granted yesterday after the sheriff, upon requests of women's clubs announced he would stop the dance.

### Question Jadwin's Right to Receive His Present Pay

Washington, Aug. 22.—(AP)—Unquestionably Edgar Jadwin, retired chief of army engineers, is the only living American to hold the rank of lieutenant general, but the question has arisen whether he has the right to receive the pay of that grade.

Major General Roderick L. Carmichael, chief of army finance, is puzzled over the problem, which has been projected by Jadwin's promotion upon his retirement, and has asked Comptroller General McCarl for a decision on the question.

Jadwin was promoted from major general to lieutenant general upon his retirement August 7 under a 1915 congressional act permitting officers who served in the construction of the Panama Canal to be elevated to the next grade after completing their active service.

In the event of a decision against his receiving the rank's pay, army officers expressed the belief that Jadwin might have to seek congressional action to obtain it.
