

Partly cloudy tonight with showers on the coast; Friday local thunder showers; not much change in temperature; moderate to fresh northeast winds.

OCCUPATION OF RHINELAND ENDS IN JUNE

Belgians And British To Withdraw Their Troops After Adoption Young Plan.

The Hague, Netherlands, Aug. 29.—(AP)—The political committee of the reparations conference today voted the end of next June for termination of the occupation of the Rhineland. The Belgian and British will withdraw their troops at once after adoption of the Young plan at the beginning of September, completing evacuation within three months. The Young plan goes into effect.

Giant Zepp Completes Flight Around World; Ship Sets New Record

Naval Air Station, Lakehurst, N. J., Aug. 29.—(AP)—Looping the loop around the world in one of the greatest exploits of flying history, the German dirigible Graf Zeppelin set a new record for the longest flight around the world, completing the trip in 31 days, 15 hours and 21 minutes. The previous record for elapsed time around the world was made last year by John Henry Mears and C. B. D. Colby, who used planes over land and ships across the Atlantic and Pacific. Their time was 23 days, 15 hours and 21 minutes.

FIRST LOAD OF LEAF REACHES MARKET HERE

Everything All Set for Opening of the Greenville Tobacco Market Tuesday

The annual trek to the Greenville tobacco market started today with the bringing of the first load of tobacco by Leonard Taylor. The first offering was carried to the warehouse of McGowan & Cannon where it was placed on the floors to await the opening of the market next Tuesday morning. From now on tobacco will begin pouring on the local market and by next Tuesday morning when the voices of the auctioneers pierce the air, many of the warehouse floors are expected to be packed with the golden leaf. Along with the tobacco will come thousands of farmers from a radius of many miles to elbow their way through the jostling crowds to get an idea about the initial break.

DID YOU KNOW

That the production of oats in Pitt county during 1927 netted the growers the sum of \$116,000? Production was not as great in 1928, however, as the crop sold for only \$71,610.

LOS ANGELES PULLS STUNT AT CLEVELAND

American Dirigible Transfers Passengers to Airplane While in Flight

Cleveland, Ohio, Aug. 29.—(AP)—Moored overnight to a stub mast at Cleveland airport, the navy dirigible Los Angeles returned to join the Graf Zeppelin at Lakehurst, N. J., today after completing for the first time transfer of a passenger to an airplane while in flight. The maneuver was performed before 100,000 spectators at the National air races yesterday. The two craft made the first public demonstration of a "landing" in mid-air during the maneuver when Lieut. A. W. Gorton of the navy engaged a hawser stretched between two uprights on the top wing of his plane to a hook attached to a ladder of metal girders lowered from the keel of the Los Angeles.

British Soldiers Gain Control In Palestine; Arabs Raise Turk Flag

(By the Associated Press) British army, naval and air forces today held Palestine under control except for marauding bands in outlying villages, after six days of fighting between Arabs and Jews growing out of the religious riots controversy at the Walling Wall. Threats of trouble from Bedouin horsemen of Trans-Jordan were reported to have been effectively checked by British soldiers. The population of Palestine, Arab and Jewish, was being rapidly disarmed. All essential services, such as telegraphs, railways and telephones, escaped undamaged during the fighting. Communication from Jerusalem to Cairo was open by all these means today. In London, the British colonial office complained that reports of the government's policy, attributed to Dr. Weizmann, president of the Zionist Executive, after his conference yesterday with Lord Balfour, had been a source of their incompleteness and want of accuracy to the purport of Lord Balfour's conversations with Dr. Weizmann and cannot be taken as authoritative. On the Zionist side, Dr. Weizmann charged the Palestine government "clearly has been guilty of gross incompetence." Travelers arriving in Cairo from Jerusalem described terrible scenes of slaughter of men, women and children in the Arab attack on Hebron Saturday. Sixty Jews, including fifteen American students, were killed and their bodies mutilated.

NEW STORE TO OPEN IN CITY ON SATURDAY

Montgomery Ward To Throw Open Its Doors to the Public At 5th Street Home

The new Montgomery Ward & Company store at 113 East Fifth street, is now completed and will be formally opened to the public on next Saturday, August 31, as is announced elsewhere in this issue of the Reflector. The manager of the new store will be Mr. Clayton O. Webster, who has been in the employ of the company for some time. He will make his home in Greenville. Most of the help in the store has been employed locally. The store presents a very attractive appearance and will prove very interesting to all who visit it. Mr. Webster who has been in charge of the installation of the store states that thousands of announcements have been sent out to customers living within trading radius of Greenville. A big crowd is expected on the opening day. Mr. Webster stated that Greenville has been selected after the most careful and detailed investigation of the resources of this territory. He said, "We do not select Greenville as the location for our store in the expectation of drawing our business from this city. In making our selection of a location, we do not count the number of people who pass the store in a given time as is done by chain store organizations, but we do count the number of automobiles parked in the city on Saturdays and other popular trading days as indicative of the popularity of the city as a trading point for rural customers. We are coming here because we believe the people of this vicinity prefer to trade in Greenville." Montgomery Ward & Company opened the first store of this kind a little over a year ago in Marysville, Kansas, a town of about 6,000 population. The opening attracted more than 6,000 visitors the first day and more than 60 per cent of them came from points far distant from Marysville. Some from distances as far as 100 miles.

Prospect Of Probe Of Power Industry Is Foreseen Today

Washington, Aug. 29.—(AP)—Prospects of a wide-spread inquiry by the Senate Interstate Commerce committee into the power industry as well as the forms of communication is foreseen in the terms of a resolution adopted by the Senate shortly before adjournment last night. The resolution authorizes the committee to inquire into "the transmission of power by wire or wireless." On the basis of that authority, Chairman Couzens is contemplating a thorough going investigation. While it is not his intention to go over the field recently covered by the Federal Trade Commission in its study of the financial operations of the Public Utility Power interests, he is considering having hearings with a view to preparing legislation to meet the situation in the Trade Commission inquiry. Some surprise was expressed at the capitol at the feature of the resolution, which was offered by Senator Couzens several months after the committee had begun studying conditions in the radio industry and other modes of communication. Adopted without debate, it authorized the committee to investigate the relationship existing between the different kinds of communication services used in interstate and foreign commerce, including radio, telephone, telegraph, and like so used, and transmission of all kinds of wireless, and cable service by wire or wireless. Senator Couzens contemplates calling the committee together about the middle of next month to consider plans for resuming the investigation on a wider scale. A bill by Senator Couzens proposing a federal communications commission is the subject matter before the committee on which the hearings are to be based.

Contestants Gaining As Big Campaign Warms Up

More candidates are boosting their vote totals daily as the race for the four fine automobiles is slowly getting under way. Candidates as a whole are beginning to realize the importance of report days. As close as the race now stands, the leaders stand an even chance of losing their positions if they let a report day go by without turning in what subscriptions they have up to that time. Some changes have taken place since the last vote count and it will be interesting to learn just what will lead the list next Monday. Next Monday's tabulation will include all votes up to eight o'clock Saturday. Following is last night's report in the "Everybody Wins" campaign:

Table with 2 columns: Candidate Name and Amount. Includes District Number One and District Number Two candidates.

THREE STILL AND TWO MEN TAKEN IN PITT

Three illicit whiskey distilleries fell into the hands of Pitt county and federal officers in a series of raids staged in Greenville township and the Hanrahan community yesterday, according to information given out this morning at the office of Sheriff Sam Whitehurst. The raids also netted two colored distillers by the names of Frank Dail and Isaac Diggins, both of whom were being held in the county jail in this city today in default of \$200 bond each.

MOYE & JUETT PREPARED FOR BIG OPENING

Moye & Juett, says they are ready for the opening of the market. Those men operate the Centre Brick warehouse on Dickerson avenue, on the state highway, one of the largest warehouses in the town. Moye & Juett are both men of experience in the tobacco business. W. S. Moye has been in the warehouse business on this market for 12 years. H. G. Juett has had several years experience in the warehouse business and has also been a buyer on the local market. The company of Moye & Juett was organized last year and sold the first season, nearly nine million pounds of tobacco. The volume of tobacco they sold merits the respect and confidence of the buyers and farmers, and shows to the trade that they know the warehouse business.

Two Negro Operators Held in Jail Here Today in Default of \$200 Bond Each

The operators were rounded up by federal officers in the raid in the Hanrahan community. The still was of the usual type used in the manufacture of illicit whiskey in this section of the country. A considerable amount of beer was taken with the outfit. The two stills captured in Greenville township netted about 800 gallons of beer. One was a steam plant and the other a copper still. Neither of the stills was in operation, but officers were of the opinion that they would have been fired up and gotten under full steam within a few days.

Local Tobacco Warehouse Ready to Receive Farmers' Offerings Sept. 3rd.

Moye & Juett, says they are ready for the opening of the market. Those men operate the Centre Brick warehouse on Dickerson avenue, on the state highway, one of the largest warehouses in the town. Moye & Juett are both men of experience in the tobacco business. W. S. Moye has been in the warehouse business on this market for 12 years. H. G. Juett has had several years experience in the warehouse business and has also been a buyer on the local market. The company of Moye & Juett was organized last year and sold the first season, nearly nine million pounds of tobacco. The volume of tobacco they sold merits the respect and confidence of the buyers and farmers, and shows to the trade that they know the warehouse business.

Eight Men and Two Women Held in Whiskey Case

Greenwood, S. C., Aug. 29.—(AP)—Eight white men and two women of this county were arrested by federal prohibition agents, assisted by state and county constables yesterday in warrants charging violation of the national prohibition law. They are alleged to have sold whiskey to undercover men who have been in the territory for some time. Six men and one woman were still in jail this morning. The others arranged bond late yesterday. The cases will be presented to the grand jury at the November term of United States District court, of officers said.

MAN HELD FOR SHOOTING CHILDREN

Spindale, N. C., Aug. 29.—(AP)—Blanche Tate, 40, today was arrested after two of his children had been shot seriously and he had held officers at bay for thirty minutes. He is said to be mentally deranged. The two children, Mildred, 8, and Marjorie, 6, were shot with a small calibre pistol. Mildred was shot in the head and one eye shot out. She also was wounded in the hand. Marjorie was wounded in the hand. Little hope is held for the recovery of Mildred.

Marion Strike Situation Looms More Threatening

Marion, Aug. 29.—(AP)—The strike situation at the Clinchfield mill here today was unchanged from that brought about by collapse late yesterday of arbitration efforts. The meeting of the arbitration board were split when the representative of the mill declined to meet further with Executive Counsel Nat. A. Townsend and representatives of the strikers. The mill representative withdrew charging that the strikers were being dominated by Alfred Hoffman, a National union official and asserted that he would deal only with employee of the mill. Threats of disorders continued to develop. Shortly before the Clinchfield mill opened for work at 6 o'clock this morning four sticks of dynamite with caps affixed were found on the switch track leading into the mill. It would have gone off if a car had passed over the tracks authorities said. A stick of dynamite with a lighted fuse was hurled at the home of the Rev. J. N. Wise, Methodist minister who has been outspoken in his opposition to some actions of the strikers. The dynamite failed to explode.

DIES OF INJURIES FROM GOLF BALL

Chicago, Aug. 29.—(AP)—John Dale Leach, a 12 year old caddy at the Calhoun Country club, died yesterday after having been struck by a golf ball driven by another caddy, Henry Johnson, 14. The Leach boy's skull was fractured.

MONTGOMERY WARD & CO'S

COMMON SENSE AND CRIME

The American people as a whole may be negligent about our crime record, but there is no dearth of suggestions on the part of optimistic reformers.

The United States has the most laws of any nation in the world and likewise the most crime. Our judicial procedure is the most technical and long drawn-out. We have an army of peace officers but the majority of criminals are never punished.

We need fewer laws but more effective ones. Our legal system requires a release from red tape caused by the delays and evasions made possible by countless laws. The application of a little common sense might do more to subdue crime than additional and dubious panaceas offered by enthusiastic, but misled, reformers.

THE GASTONIA STRIKERS ON TRIAL

At Charlotte, N. C., there recommended yesterday the trial of sixteen mill strikers and union organizers charged with the murder of Police Chief Aderholt during the disorders at the Gastonia cotton mills last June. The trial will be watched by the whole country. Already the most unusual precautions have been taken to secure a fair trial and unbiased hearing—a change of venue, the importation of an outside judge, the employment of able special counsel, the unlimbering of batteries of publicity. The tactics of the prosecution are certain of the closest scrutiny.

So far as law and justice go, these sixteen persons are to be tried strictly for murder, and for nothing else. The question is whether in an atmosphere so charged with controversy and prejudice all other elements can be kept outside the court room. The murder was committed during the course of the struggle to unionize Southern mills, and there is involved all the bitter antagonism of Southern employers and their supporters toward unionization. Nor is this all. The organizers under arrest belong to the Communist wing of labor, they were recruiting for the highly radical National Textile Workers' Union, and they are regarded with hostility by labor interests connected with the American Federation of Labor. Feeling has risen high in North Carolina. Union men and union opponents, Communists and anti-Communists, are ready to exploit the trial.

carefully to see whether the prosecution, as is predicted, attacks the organizers for "inciting" a state of mind which made the murder possible. It will look to Judge Barnhill to keep North Carolina justice unstained by those appeals to economic and political prejudice which made the Sacco-Vanzetti case famous.—N. Y. World.

ABOUT TOWN

"We hope to have good attendance at the quarterly meeting of the Pitt county Supper club next Saturday night," E. F. Arnold, director of the Pitt County Department of Agriculture said this morning.

"This is going to be one of the most interesting meetings of the club in months because of the presence of Mr. Etheridge, of the State Department of Agriculture, who will speak to the farmers regarding important problems.

"The meeting is open to the public but each person has been asked to make reservation in order that we may know how many plates to provide. We want everybody to attend, but we also want them to be sure to make proper reservations."

"The Pitt county post of the American Legion came in for recognition at the annual convention of the American Legion held in Raleigh this week," said a member of the local post.

"Aside from getting two district officers, the post won third place from the standpoint of membership. This is a distinction which every member of the organization is proud of. They have experienced healthy growth during the past year, and hope to be able to show as much progress during the present year."

"J. C. Gaskins, register of deeds of Pitt county, had one of the biggest surprises of his life the other morning when Bruce Sugg, Jr., appeared at a window of the office at the courthouse and informed the affable register of deeds that he wanted to get married. Considered a member of Mr. Gaskins' department today.

"The register of deeds looked like he was getting ready to faint. He couldn't take it all in. The idea of a youth like Bruce thinking of marrying was too much for him to absorb all in a moment and he sat right still and sputtered without saying a word.

"However, he came back to life when Bruce grinned, and admitted that he was only fooling."

"It looks like the Coast Line is going to have some opposition in its effort to discontinue two of its passenger trains operating over the Kinston and Weldon branch," observed a business man today, who attended a meeting here Tuesday.

"It is contended that the taking off of these trains would work a great hardship on the communities served along this line in that it would impair mail and express deliveries.

"Resolutions were drafted in opposition to the proposed action and these will be presented at the meeting of the Corporation Commission. The railroad contends that it has lost money in the operation of the trains during the past year and considerable argument in this connection will be presented to the commission.

"The outcome of the hearing will be watched with interest and especially by the interests affected."

"The Reflector correspondents in various parts of the county seem to be right on their toes these days," remarked a reader of the paper today, speaking of the enormous amount of county news handled by the paper the last few weeks.

"I am glad to see revival of interest in the collecting of news from these communities. It has a tendency of keeping the people in closer contact with one another, enabling neighbors in one part of the county to see what other sections are doing.

"There is always something going on all over the county, and the local color furnished by the correspondents makes the news of far greater interest than if it were centralized at one point and then written.

"I hope the correspondents will continue to stay on the job and that they will furnish more news than ever during the long winter months."

"Have you renewed your subscription to the Reflector?" inquired the manager of the circulation of this paper today.

"If not, why not do it before the busy season begins? With the opening of the tobacco market next Tuesday everything is going to bust with life for the next several weeks and it may be that you will be too busy to think about your subscription to the paper.

"The time to look after this important matter is now, so let us have your renewal at once and in that way save yourself from missing a single copy during the busy days ahead.

AIM

In the modern structure of business the retail store has come to be looked upon in a new light, its service and objective now being that of purchasing agent to the community. Selling the particular commodity with which it deals has been relegated to secondary consideration while this new objective has been advanced to a cardinal position in the merchant's order of duty.

In this new capacity the service to the community assumes the guise of a public trust. Only so long as the merchant honors this trust, only so long as his purchasing benefits those he serves, does he prosper. Once he has earned this trust he conscientiously and jealously guards it. Strict adherence to this gospel of retailing assures unflinching confidence and reliance.

And to this aim does the firm of Curtis Perkins subscribe its name and direct its efforts and attention. Dedicated to serving Greenville and vicinity, it is our trust to secure for you the best merchandise available, the best value for your money and the greatest satisfaction. Only by honoring the trust you have placed in us can we continue to command your confidence and patronage.

NEW FALL LINES NOW READY!

CURTIS PERKINS

Social & Personal

Mrs. Joseph Smith, Mrs. C. A. Bowen, Miss Appie Smith and Joe Smith, Jr., spent yesterday in Raleigh.

Miss Mary Rachel Teel has returned from a visit to Miss Dorothy Pool in New Bern.

Mrs. F. C. Harding and Miss Mary Harding have returned from a visit to Petersburg, Va.

Master Charles Taylor Pace has returned from a visit in Goldsboro.

Professor Elbert Farber, of Cambridge, Md., who has been visiting Edwin Longell, has returned home.

Miss Jean Rush is spending her vacation at Myrtle Beach.

Miss Lou A. Taylor has returned from an automobile trip to northern states and through the Valley of Virginia.

John Proctor, of New York, is visiting relatives in Greenville and Grimesland.

Mrs. Larry James and little son have returned from Wrightsville Beach where they have been spending the summer.

Mr. and Mrs. John Flanagan and little son, Eddie, Miss Willie Skinner and James Little have returned from Richmond, Va.

Miss Elizabeth Austin left today for Poplar Branch, Currituck county, where she is to teach Domestic Science in the high school.

Misses Ernestine and Thelma Parker, of Belvoir, are visiting in Oak City.

Miss Lurlyn Tyson, of Holbrook is visiting Mrs. C. L. Tyson at Belvoir.

Miss Dorothy Batts of Cary, is visiting Miss Iris Cox.

Mrs. C. V. York and Miss Mabel York, of Raleigh, who have been visiting Mrs. York's mother, Mrs. N. S. Anderson, returned home this afternoon.

Mrs. Virginia Wilkerson, of Belhaven, was a Greenville shopper today.

Miss Darden, of Franklin, Va., is the guest of her sister, Mrs. G. G. Stone.

B. T. Cannon, Claude Brown and Sam Carico have returned from the Georgia tobacco market.

Birthday Celebration.
On Tuesday afternoon at the home of Mrs. D. C. McLawhorn, on Chestnut street, Lila Rook, Buntell, sister of Mrs. McLawhorn, entertained from four to six, quite a number of her little friends, in honor of her tenth birthday.

Many games were enjoyed by the little ones, then came a very delightful boxing game by the little boys, wearing their real boxing gloves, which was a real treat for the grown-ups who looked on with interest.

At five-thirty a delicious ice course was served with baskets of candy. At the close of the party prizes were given to the boy and girl who could do the cutest stunt without a smile. Lillian Abee and Ernest Minges being the winners, received bottles of candy. The little guests departed at six-thirty all declaring a pleasant time, and wishing Lila Rook many more happy birthdays. Lila received many very useful and lovely gifts.

—Reported.

Get New Member.
The secretary of the Merchants' association announced today that Montgomery-Ward Company had come a member of that organization.

Has Tonsil Operation.
Friends of J. P. Fleming will be glad to know that he is getting on nicely following a tonsil operation which he underwent in the hospital.

The U. S. S. Concord a veteran of the Battle of Manila Bay is being sold to the Polyline torch of the junkman at Astoria, Ore.

Return From Vacation.

Rev. and Mrs. E. L. Hillman returned last night from Mississippi, and the western part of North Carolina where they have been visiting relatives during their vacation. Mrs. Hillman's sister, Miss Katherine Warlick, accompanied them home.

Attention Library Readers.

During the summer quite a number of library books have become overdue, and fines on others were not paid when the books were returned. During the next few days special efforts will be made to clear up these old matters. Library readers will please aid in the work by bringing in all overdue books at once. If books have been lost please come to the library and report the loss. This work must be cleared up so that we may begin the splendid plans which have been made for fall work.

FAVORITE POEM

I have to live by myself, and so I want to be fit for myself to know; I want to be able, as the days go by, Always to look myself in the eye; I don't want to stand with the setting sun And hate myself for what I have done.

I want to go out with my head erect; I want to deserve everybody's respect; I don't want to keep on my closet shelf; A lot of secrets about myself, And fool myself as I come and go. By thinking that no one ever will know.

While here in this struggle for fame and self, I want to be able to like myself. I never can hide myself from me, And be what God requests me to be Unless I can look at myself and know.

That I sow the seed that He wants me to sow. So whatever happens, I want to be self-respecting and conscience free And I hope I'll live this whole life through.

The way I really wish to do, And if under the blood of Christ we live, He will grace, and wisdom give. —Mrs. Maud Sumrell

Mr. Bryan in Hospital.
Friends of Fred P. Bryan will be glad to learn that he is getting along nicely following an operation which he underwent in the local hospital yesterday.

Adult B. Y. P. U. To Meet.
Mrs. L. W. Reed, 205 Tenth street, will be hostess to the Adult B. Y. P. U. of the Immanuel Baptist church Friday evening at 7:30 o'clock. All members are requested to be present.

City Postoffice To Close Monday For Labor Day

The Greenville postoffice will be closed Monday in observance of Labor Day. It was announced today by Postmaster Heber Munford, and city carriers will make morning deliveries only. There will be no deliveries on the rural routes. The general delivery window will be open from 11:30 to 12:30. The registry and money order departments will not open.

ELIZABETH CITY BANKER SHOOTS HIMSELF TODAY

Elizabeth City, N. C., Aug. 29.—(AP)—J. L. Tucker, cashier of the Herford Branch of the Carolina Banking and Trust company shot himself this morning and was brought here to a hospital.

NEGRO SENT TO ROADS ON BAD CHARGE

Albert Sheppard Draws 5 and Not More Than 7 Years in Criminal Court

Judge Midyette, of Jackson, continued to administer justice in the criminal term of Pitt County Superior Court yesterday, and as on previous days, defendants found guilty of various criminal charges were sent out to the county roads for service. The road force has been swelled considerably during the present term, and indications pointed to even more sentences of a conclusion the latter part of the term before the term comes to week.

Albert Sheppard, colored man residing in the Bama, populous colored district of Greenville, was found guilty of a charge of rape and sentenced to not less than five nor more than ten years to the county roads. He was charged with attempting to rape a woman by the name of Margie Davis, a resident of the Bama district also. Gentry Purvis, colored, found guilty of his sorrow that the law will not tolerate the carrying of concealed

weapons when Judge Midyette sent him out to the county roads to spend six months at hard labor. Fred Heath was given twelve months on the roads on a charge of forgery.

Peter Bryant, colored, convicted on a charge of possessing whiskey, was given a six months' suspended sentence to the roads.

The whole time grand jury continued its work in the various numbers of cases coming up for consideration during the day and returned six true bills. It was indicated that the jury would begin looking over county offices probably today, and would be ready with a report some time tomorrow.

True bills were returned in the following cases:

James Hood, forgery.
Thomas Short, larceny.
Kathleen Boyd and Estelle Little, false pretense.
J. C. Carson, embezzlement.
Ernest Bobbitt, false pretense.
Martha Joyner, forgery.

Last Double Bill Of Season In City Friday Afternoon

The last double header of the season will be played on the Greenville diamond tomorrow between the local club and the Rocky Mount Bucs. Rocky Mount will conclude the series Saturday.

The season will come to a close Monday with Greenville playing at Kinston in the morning and on the home grounds in the afternoon.

Officials of the club today urged the public to turn out to these last games and in that way help boost the financial standing of the organization.

Local Weekly Changes Editors

Three times within the month the Greenville News has had new editors. Tom W. Johnson, of Ayden, resigned the first of August to be succeeded by Miss Sude E. Pyatt, formerly of Goldsboro. Miss Pyatt in turn resigned this week to be followed by H. Edward Sanders, of Raleigh.

Mr. Sanders comes to Greenville from Raleigh, where he has been with the Associated Press and the Raleigh Times. Tom Johnson returned to the Albermarle Press, where he had been employed before coming to Greenville as city editor. Miss Pyatt goes to Pennsylvania, where she will be assistant editor of the Abington Gazette, published at Abington, Penna., near Pittsburgh. This will not be Miss Pyatt's first newspaper experience in Pennsylvania. She studied journalism at Temple University in Philadelphia in 1922-23 and was employed on the Evening Bulletin in that city.

In leaving Greenville, Miss Pyatt said that she regretted to go, having met many nice people in the city, of whom in even so short a time she was very fond of, but matters of personal consideration, as

well as business ones influenced her going to Pennsylvania. The Greenville News now has offices in the Speight & Co. office on Evans street.

WALTER CAMP TO BE MARRIED TOMORROW

New York, Aug. 29.—(AP)—Walter E. Camp, Jr., announced that his marriage to Miss Ruth Elder will take place in New York tomorrow.

"Where the wedding will be is our business," he said, "and where we will spend our honeymoon also is our business."

The engagement of Miss Elder and Camp, president of Inspiration Pictures, Inc., and son of the late Walter Camp, "father" of modern football, was announced last week while Miss Elder was flying in the women's air derby from Santa Monica, Calif., to Cleveland. He proposed just before she took off from Santa Monica and she gave him her answer by telephone from the first stop on the route.

REAM OF THE SOUTH

PITTSBURGH SLIPS OVER ONE ON CUBS

By WILLIAM CHIPMAN
Associated Press Sports Writer

The demise of the Pirates was prematurely announced, according to no less an authority than Joseph V. McCarthy himself. The keeper of the Cubs takes oath that the Buccaneers not only were alive as recently as yesterday afternoon, but also were raiding the country in and about Forbes Field where it was unsafe for peaceable folks to go about their business.

The Bruin band tripped into Pittsburgh yesterday faced by the purely routine task of going through with five games of ball against a foe already falling. The surprise of the invaders knew no bounds when the home defenders took not one decision but two in the dual skirmish which marked the opening of this happy party.

While this double demerit put into Bruin rest scarcely can be said to have restored the Pirates to the dignity of contenders, the fact remains that the Cubs themselves are headed nowhere in the general direction of a 20 game lead, which seemed not improbable just 24 hours ago. The men of McCarthy still lead by 12 and one-half games and are coming champions, but the mathematical certainty at least is a bit further away.

Playing their first game under the management of Jewel Ens, successor to Donie Bush, the Pirates lapped Perce lay Malone to win by 10 to 3, after Kiki Cuyler's homer had given the Cubs a 3 to 1 lead over Bluefish Grimes in the third. It was Grimes' seventeenth box triumph.

All of this was understandable. Even the best of them must have an off day, a momentary slip. The Cubs dashed into a lead of 6 to 2 in the seventh round of the nightcap on Rogers Hornsby's thirtieth home run, and order seemed to be restored. In the home half, however, the Pirates assaulted Ken Penner, the Hoosier recruit, for three runs, and continued the bombardment in the eighth for two more to win by 7 to 6.

At the other six National league clubs were idle. Charlie Mack righted the fortunes of the Athletics once more, but he had to sail upon Bob Groves to clinch a 9 to 7 decision over the Yankees at the Stadium on the Harlem.

Babe Ruth returned after a lay-off of part of one game, and hammered out his thirty-sixth home run, increasing his lead. The Senators rallied at the end to defeat the Red Sox by 7 to 4 in the second and final game of the short series in Washington. Walter Johnson's men took both. The four remaining American league clubs were idle.

BUGS WIN GAME FROM THE GREENS

Rocky Mount, Aug. 28.—(AP)—Messer Ludke and Skelton, Greenville chunckers, encountered the sum total of 15 Rocky Mount hits here this afternoon as the Bucs took the opening game of the series with the Greens, 8-4.

Two homers from the bat of Bobby Reis, together with his single, formed the big noise in the Rocky Mount hitting, and Joe Vance's running catch of Jones' hard drive in the seventh featured the fielding. The Greens scored twice in the third when they collected a pair of hits and got a walk off Patterson, but Manager Moore doubled to score Vance and knot the count in the fourth and the Bucs took the lead when Patterson and Fayonsky singled consecutively to score another runner.

Ludke fell victim to a shower of blows in the fifth and was relieved by Skelton. An unassisted double play by Jones in the fifth retired the side when the bases were loaded.

No Change In Piedmont Lead

(By the Associated Press.)
The on-two dash of the Patriots and Bulls for the Piedmont pennant bowled over Henderson and Salisbury yesterday, but made no change in the standing of the leaders. The Patriots had a tough time with Henderson, but got the margin to win in the eighth—4 to 3 on Young's home run after Turner had doubled. Weaver held the Colonials to four hits and Durham won easily at Salisbury 7 to 0. The Pats hold a one-game lead over the Bulls. The Twins ran a winning streak up to six straight by taking a pair

of games from High Point. The scores were 2-0 and 4-0. Elmer Bray worked the first for Winston-Salem and held the Pointers to four hits. Maoney outpitched Miller in the nightcap. The Buccaneers lengthened their lead in the Eastern Carolina game by trimming Greenville 8 to 4, while the second-place Goldbugs were losing to Fayetteville 10 to 5. Ludke and Skelton were baited heavily as Rocky Mount won. The Highlanders kept up a steady attack against Coitrane and Wickers to beat the Bucs. Petosky, Mich.—Sammy Mandell, world lightweight champion, stopped Frankie Frisco, California, (3).

To the Farmers of Eastern North Carolina

The Greenville Tobacco Market is better prepared in every way to handle your tobacco than ever before in the history of the market, and Joyner's Warehouse, in keeping time with the spirit of Greenville, offers you every advantage any market or any warehouse can offer to sell your tobacco to the best advantage.

Bobby Jones To Try His Luck On Different Course

Del Monte, Cal., Aug. 29.—(AP)—Bobby Jones, National amateur golf champion, will try his clubs out on a different course here today when with Francis Duimet, Roger D. Lapham, president of the California Golf Association, and Harry Lapham of Boston, he will stroke the sporty Cypress Point links.

The George Marvel, training for the defense of his title at the Pebble Beach course here Monday expects to find all sorts of tough going at Cypress Point where a hook or slice puts the player in sand or rough that is without equal on this peninsula.

Bobby, trailed by a gallery of some 3,000 fans, cut two strokes off at Pebble Beach yesterday in a four-same with Cyril Tolly, the British star, Phillips Finlay of Redlands, Cal., and Francis Brown of Honolulu. The champion shot an even 70. The course par is 72. He also set a record for the remade course, the previous best official mark being made by Johnny McHugh, the California champion. Apparently relaxed and playing easily, Jones went around with the Birdies singing sweetly every other hole or so. He was one under par on the first nine, with Birdies on the fifth and sixth holes. His most spectacular streak, however, started on the fourteenth where he got the first of three consecutive Birdies. He dropped a twenty-footer on the fourteenth and sank puts of six feet or more on the fifteenth and sixteenth. "Calamity Jane," his veteran putter, appeared to be working from all angles of the greens.

MEXICAN PRESIDENT SUPPORTS FOOTBALL

Mexico City, Aug. 29.—(AP)—The effort to introduce football in Mexico has another enthusiastic supporter: President Portes Gil.

The president devoted half an hour yesterday to a discussion of the game with Reginald Root, Yale line coach, who is serving for three months as mentor of the University of Mexico eleven, and ended by promising to attend the university's next game here.

The president said he hoped the time would come when the team would be able to play American college teams.

Intercollegiate football is a comparatively new game in Mexico. Until recently the only kind of football played here was soccer.

Death Treasure

By R. A. J. WALLING

SYNOPSIS: Veronica's mysterious fugitive—whom Mrs. Grenofen decides to name Cousin John Merryweather during his furtive visit at Woodcot—brings deep amazement to Tom Grenofen almost immediately after his arrival by demanding that the dilapidated bag, which he carries, be locked in the safe. But Tom's surprise at the man's appearance is even greater—his ragged clothes, his hair cropped close to his head, his unshaven features. The strange guest betrays an intimate knowledge of the Blackwater country, then tries to cover up his misstep. The next morning Tom receives a shock that makes him doubt the wisdom of being influenced by Veronica's blue eyes, for a glaring headline stares at him from the morning paper: "Daring Escape of a Convict."

Chapter 16

THE CONVICT'S ESCAPE

Recovered from the first shock of reading that headline, "Daring Escape of a Convict," I noted the many subsidiary headings full of Extraordinary Circumstances, a Mystery Woman, a Subtle Plot and other ingredients well mixed in the dispatch into an exciting story. In brief, it was thus:

That the escape of a prisoner from Dartmoor Convict Prison on Saturday was much more remarkable than it had appeared at first. The prison officials and the police were entirely nonplussed. They did not know where the man had gone or with whom.

What they had discovered was the extremely clever way in which his accomplices outside had worked without arousing the least suspicion.

The chief agent was apparently a young woman who was seen in a car that passed through the city of Exeter, 25 miles from the prison early Sunday morning.

It was much later when it was discovered that the prisoner was missing; then, of course, it was far too late to trace the car.

But the policeman who saw it was so struck by the physiognomy of the man who leaned forward impatiently and said, "Go on, go on!" that when the description of the fugitive was circulated he had no doubt whatever this was the same man.

The escape had been elaborately studied, and once out of the cell the prisoner had been able to get clear by a microscopical timing of the movements of the warders and officers. The alarm system had been cleverly deranged.

He had been provided with the cord and a thin steel hook to throw over the wall. He had scaled it at the point nearest a plantation which, within three seconds, gave him perfect cover. The car waited for him in the road below the conclave.

The authorities suspected that without the assistance of an accomplice inside as well as outside it would have failed. A further point was that the accomplice outside must have been quite familiar with the routine of the prison.

The prisoner of whom a description was issued, was Eugene Richard, 32, convicted at Canterbury of manslaughter and sentenced to five years' penal servitude. He declined at the trial to reveal a single fact about himself.

The crime of which he was convicted was committed at Dover. He and another man, giving the name of Ernest Philip, but of uncertain nationality, seemed to have followed across from Ostend a clerk in a London business house, returning from Belgium with a large sum in Belgian currency. Instead of taking the train to London the two men went to the hotel. Late at night they informed the police that they had been molested by a gang while walking. There had been a fight in which one of the gang was knocked out.

The police accompanied them to the place and found the clerk unconscious. He died in hospital. No trace of a gang could be found.

Suspicion against the two men was confirmed when on Richard the police found a considerable sum of money in Belgian currency amounting to 10,000 francs. Richard declared that it was his own.

Richard admitted that he gave the blow which knocked out the clerk and declared that the blow was in self-defense.

The jury convicted of manslaughter, and the judge inflicted the severe sentence of five years' penal servitude and gave Philip, who was found guilty of being accessory during the fact, 12 months' hard labor. From the dock Richard had made a violent protest against the sentence. He had ever since been a most difficult prisoner and this was why he was in Dartmoor—the isolated fastness among the clouds of a mountainous wild reserved for the worst convicts.

This was the narrative which spread over two or three columns of the newspaper. I read them with growing mystification and alarm.

What a trick of fate that had brought quiet and decorous Woodcot into the midst of a sensational and sordid drama like this!

For I could not question that the hero of the fight at Dover cliffs and the escape from Dartmoor Prison now lay in the guest room.

It all dovetailed in too perfectly to leave a single loophole—the days the times, the circumstances.

The police description of Richard might have been written sitting in front of Cousin John—his tall figure, his dark eyes and overhanging brow.

And there was Veronica's sudden flight from London on Saturday morning, her secret return on Sunday evening, her concealment of a fugitive—and such a fugitive!

And there was Pell's absence at the same time. Was Pell the other accomplice, the second man in the car? Somehow this did not seem to harmonize with the worst suspicion that tortured me about his death. But Pell's absence would have to be explained.

That some connection existed between the escape from Dartmoor and the tragedy in the library at Newplace I could not doubt. It was hateful to have my mother in the midst of this confusion; but Veronica's blue eyes—they placed me under compulsion.

None of these considerations however, was the most alarming that the newspaper suggested. Another transcended them all.

Last night, when Cousin John leaped back from the square of light on the back lawn with that horrified whisper, I paid no special attention to his gesture. I thought it part of his general objection to being seen by anybody.

Now the idea forced itself into my mind that it was a particular objection to being seen by Professor Laxton.

"That man!" I recalled his nerve-stricken exclamation. And the terrifying thought came that later in the night, when Cousin John took flight at the open window, he might have had more reason for alarm than I supposed.

For Laxton was in Devonshire on Saturday, as I had imagined doing some archeological work, and his letter to me came from Tavistock—close to the scene of Cousin John's escape. And Laxton had acted very curiously for a professor of archeology on Sunday night. Copyright, 1929, Wm. Morrow Co.

Professor Laxton disturbs Tom Grenofen's peace of mind in tomorrow's chapter.

WILLIAMS LEADS FIELD OF FLIERS

Buffalo, N. Y., Aug. 28.—(AP)—Errett Williams landed at Buffalo from Syracuse at 10:02 a. m. Eastern Standard time first of a field of eight fliers to finish the fourth leg of the Philadelphia-to-Cleveland air derby.

Thirty seconds later Wesley Smith, Norristown, Pa., landed, trailing them was Sydney A. Riley, Allentown, Pa., and Ike Stewart, Cincinnati.

The derbyists planned to refuel here and take off immediately on the fifth and final leg of the circuit to Cleveland.

SAYS OLD MEN SHOULD STAY ON THE JOB

New York.—"Older men should never quit," Henry Ford has told E. C. Forbes. "If all the men over 50 go out of the world there would not be enough experience left to run it." The interview appears in Forbes Magazine.

ONE MAN KILLED IN N. Y. RACKET

New York, Aug. 28.—(AP)—Racketeering in the Garment Workers' trade was blamed by police today for a shooting in Brooklyn which resulted in the death of one man and the wounding of two others.

Mike Petrone, 34, died in a hospital two hours after the shooting from wounds in the right side and the stomach. Earnest Rossi, 29, was in a critical condition with bullet wounds in the right side and in both arms. Tony Bassi, 24 had two slight scalp wounds.

Does the Toe Flip

New York—Betty Saunders, 11, while dancing on her toes, turns a back flip and lands on her toes. She is a Philadelphia child who has been studying aerobatics since three years old and her stunt was shown at the convention of the American Society of Teachers of Dancing here.

Al's Dog Dead

Albany, N. Y.—One of Alfred E. Smith's best friends, separated from him, is dead. Big Jeff, great dane was left in Albany until arrangements could be made for him in New York. He died of a leg infection.

Students' Suits
Just in Time for School
14.75 and 16.75

Two-button single breasted model with either peak or notch lapel, pleated vest and pleated trousers. Fabrics include many fine Cassimeres in the newest and smartest shades for fall.

Helping Mother Prepare
For the Opening of School

Back to School! That glorious adventure of childhood! And what an important part pretty, stylish clothes play in helping your child enjoy school hours. Ten million Mothers will tell you that when you buy your school outfits here, they are not only stylish and serviceable, but actually *save you money.*

Why School Outfits Cost Less In Our Store

Probably you have wondered why things cost so much less here. The answer is that we plan and economize when buying, exactly as Mother does when selecting the school wardrobes for her family. But where Mother only buys for two or three youngsters, we buy for millions of them, and Mother's savings of a penny here and a dollar there, amount to a very large sum when you are buying for millions of families at once.

School Days will soon be here! We extend an invitation to Thrifty Mothers to pay us a visit of inspection.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Aug. 29.—(AP)—The cotton market opened steady at a decline of 1 to 4 points today under liquidation or reselling by recent buyers who were influenced by relatively easy cables and reports of showers in Texas.

There was some southern selling, presumably in the way of hedging but this seemed to be just about offset by trade buying to fix prices and the market held fairly steady until the weather map was posted. This confirmed the private reports of showers in some points of the southwest and prices eased off with active months showing net losses of about 11 to 14 points by the end of the first half hour. October declined to 18.00 and March to 19.18.

Liverpool cables said that some local buying there had been supplied by hedging and liquidation on the reports of Texas showers.

GRAIN MARKET

Chicago, Aug. 29.—(AP)—Bullish cables from the Argentine and short covering in the overseas market reversed short carrying in an oversold market reversing the early downturn on the Chicago wheat market today. Exporting was still quiet and dullness at Liverpool weakened Chicago at first but a rally of four cents from the bottom squared with short covering all the way up. Permit taking trimmed down the net gain.

Other gains formed up on adverse crop news and gains for September delivery crossed the dollar mark. Wheat finished strong, 2 to 2.3 cents higher and corn strong, 1 to 1.2 cents higher, oats were steady, 2 to 1.2 cents up with prospects steady, to lower to higher.

STOCK MARKET

New York, Aug. 29.—(AP)—The railroad shares again furnished impressive leadership in today's stock market, with a dozen issues rising 1 to 10 points to new high records. Buying in the general list was of a more selective character, with the food, public utility and chemical shares showing several points of strength while the steel, motor and copper shares made little headway.

Selling in advance of the holiday and the weekly Federal Reserve statement was fairly well absorbed, although one stock dropped 13 points, another 6 and sprinkling of miscellaneous shares 1 to 3 points. Pool operations furnished the chief stimulus for the advance, although there appeared to be a strong investment demand for the railroad shares in response to the excellent character of current earnings statements.

There was no change in credit rates at 9 per cent, and there appeared to be a comfortable supply available at that figure. Baking opinion is divided as to whether or whether sufficient funds will be attracted here for employment over the three-day holiday to bring about a recession in the rate.

Ferrous metal ran up 30 points to 260 and dropped back to 240 1-4. Atison was marked up 9 points to 297 7-8. Chesapeake and Ohio 5 to 176 3-4. Lackawanna 6 1-4 to 104 1-2. Southern Pacific 4 3-4 to 191 5-8 and Union Pacific 5 1-2 to 191 5-8, all new high records. St. Paul common and preferred, Pennsylvania, "Niel Plate," Erie common, Norfolk and Western and Nashville, Chattanooga and St. Louis also reached new high levels.

Auburn also was whirled up 13 points to a new top at 473, which contrasts with the year's low at 321. National Lead jumped 16 1-2 points to a new high at 1-3 and then slipped back to 100. American Water Works, American Tobacco At Air Reduction, American Type Foundry, B. H. Macy, Stone and Webster, International Harvester and Ingersoll Rand were up 5 to 18 points.

FIVE JURORS SELECTED IN STRIKE TRIAL

Special Venire Ordered When Regular Venire Is Exhausted At Charlotte.

Charlotte, N. C., Aug. 29.—(AP)—Five jurors were in the box when court adjourned for lunch at noon today in the trial of sixteen strikers and union officials accused of murder in connection with the death of O. F. Aderholt, chief of police of Gastonia.

The court today ordered a second special venire of 300 men called for service when the first special venire of 200 is exhausted. This delayed proceedings to some extent this morning and only 23 talesmen were examined.

Two jurors were added to the three accepted by both sides yesterday. These were C. W. Nartin of Charlotte, a union carpenter and J. F. Campbell, Charlotte, news dealer. The men chosen yesterday were S.

For permanence and economy—Build your tobacco barn of Concrete tile

Mr. A. T. Holman, Agricultural Engineer of North Carolina State College, says— "... the concrete hollow-tile barn is well adapted to tobacco curing because it is economical, less expensive to operate in both fuel and labor costs, and cures a more uniform grade of tobacco—for temperature and humidity are easily controlled, and the tobacco comes in order without loss of time. "The material reduction of fire loss and the adaptability of the barn for curing and storing sweet potatoes are equally advantageous features."
