FLIER KILLED IN AIRPLANE CRASH IN N. Y.

Accident Causes the Police Head to Seek New Regulations for Flying Over City

New York, Nov. 21.—(AP)—Regulations to prohibit any but experienced pilots from flying planes over Manhattan were demanded today by Police Commissioner Grover A. Whalen as the result of the fall of a plane in West 64th street.

Charles I. Reid, 34 years old, an amateur pilot, was killed and his passenger, Robert Baile, 23, saved himself by a parachute leap yesterday when the plane crashed against the fourth story setback of a new Y. M. C. A. building.

After an investigation of the accident, Commissioner Whalen said:

"In my opinion it was providential that the accident involved no others. The possibilities are obvious. It points to the need of immediate action to restrain any but the most experienced and certified pilots from passing over crowded areas such as Manhattan. This pilot had met such requirements as there are and the very failure of those requirements speaks for itself."

Baile, who landed on a roof across the street from where the plane struck, said Reid, who held a private pilot's license, had chartered the plane at Roosevelt field for a picture-taking flight over Manhattan.

He said the motor began to miss while they were still over Long Island, but that Reid kept the plane headed toward Manhattan.

When they were over Central Park, he continued, the engine developed a pounding noise and the plane began to lose altitude. Reid worked frantically to get the plane higher but failed to do so and then turned over completely three times.

Baile said he then crawled out on the wing of the plane, pulled the rip cord of his parachute, and let it pull him off. He said he had no idea how high the plane was then. Witnesses said he dropped about 500 feet. He was taken from the roof where he landed suffering only from a bruised eye and wrist.

Witnesses said after Baile jumped the plane skinned along the roof tops until it struck the side of the Y. M. C. A. building, then fell straight down, landing on the setback. Reid's body was found in the near cockpit. He had been killed instantly.

Although he carried a parachute he stuck to his plane, apparently trying for a landing in Central Park. He had turned off the ignition switch before the crash, preventing a fire.

Baile is a former lion tamer now engaged in lecture work. Reid was his manager. They had flown together before in the same plane.

Chicago Pays Last Tribute to James Good

Chicago, Nov. 21.—(AP)—James W. Good, late Secretary of War, was borne home today to the scenes of his early political triumphs.

For an hour today his body lay in state in a downtown railway depot while his former associates in government and bar and hundreds of the public who knew him less intimately gathered about his special funeral train to do him a last honor.

Arriving over the Baltimore and Ohio Railroad at 8:35 a. m., the car containing his casket was immediately switched to the Chicago 9:11 a. m., hauled into the downtown Northwestern tracks, and at town Northwestern depot to await departure at 10 a. m. for Cedar Rapids, where arrival was scheduled at 3 p. m.

Freight Traffic Increases in U. S.

Chicago, Nov. 21.—(AP)—Freight traffic over the nation's railroads so far in 1929 has been greater than for a corresponding period in any previous year, the American Railway Association announced today.

Members of the association here for the annual fall meeting were told that conservative estimates indicate the number of cars loaded with revenue freight for the entire year will be approximately the same as that for 1928, when loadings were the largest of any year on record.

Loading of revenue freight from January 1 to November 9 totaled 46,678,086 cars, exceeding by 79,209 cars the previous high record for the same period set in 1926.

Baird Appointed As Successor to Senator W. Edge

Newark, N. J., Nov. 21.—(AP)—David Baird, Jr., of Camden, today was appointed United States Senator to succeed Walter E. Edge by Governor Morgan F. Larson. He will serve until the day of the next general election, in November 1930.

At that time a special election will be held to elect a senator to serve until March 4, 1931, when Edge's regular term expires.

Governor Larson said no formal statement was necessary.

"I am going to appoint David Baird, to succeed Edge," Larson said.

APPEALS TO HIGHER COURT IN RUM CASE

George Holloman Sentenced to Six Months on Roads in County Court

George Holloman, white man of this city, was sentenced to six months on the roads for violation of the prohibition laws by Judge W. L. Whebe, presiding over the regular session of County court this city Tuesday and Wednesday. The defendant filed notice of appeal to Superior court under bond of \$300.

Three slot machine operators were instructed to ship their machines outside the county and had judgment suspended upon payment of costs. The defendants were Herbert Cox, Joe Tripp and L. A. Smith.

Everett Reid, colored, charged with operating an automobile while drunk, was released upon payment of \$50 and cost. He was ordered not to drive a car again in three months.

Roy Turnage, colored, convicted of larceny, was sentenced to three months on the county roads. Louis Smith, appearing in the same case, was permitted to pay \$25 and cost.

Claudius Dawson, colored, charged with larceny, drew six months on the roads.

Elizabeth Atkinson, colored, was allowed to pay cost of action and amount of check on a bad check charge.

Manassas Atkinson, colored, charged with giving worthless check, was required to pay cost of action and amount of the check involved.

Judgment was suspended in the case of Bert Smith, colored, charged with possessing liquor.

Ephraim Lee, colored, was sentenced to three months on the roads after being convicted on larceny charges.

Dave Battle, colored, charged with driving an automobile without lights, was required to pay \$15 and cost.

First Blizzard of Season Hits Montana Today

Helena, Mont., Nov. 21.—(AP)—The first blizzard of the season hit Montana today, shrouding many sections of the state in biting frosts, and sending the mercury down to new low levels for the season.

A cold blast swept down from the north late yesterday, making this night the most severe of the early winter. In that section of North Central Montana a light fall of snow was piled into drifts by a strong wind and the mercury slipped to five or more degrees below zero. The cold was considered very unfavorable for the winter wheat crop, since the snow of a previous storm had disappeared.

Throughout Wyoming and Colorado zero temperatures were generally the rule today, but blizzard conditions seemed confined to Montana.

Strike Back At Critics Who Blame Congress For Stock Market Collapse

Washington, Nov. 21.—(AP)—Republicans and Democrats in the Senate struck out today at critics of the Senate and more particularly at those who would blame Congress for the recent stock market collapse. The debate included an attack by Senator Harrison, of Mississippi, upon the "propaganda" disseminated by President Hoover.

Senator Sackett, of Kentucky, one of the R. P. regulars, defended the Senate, which has been under the control during the tariff contests of the Democratic Republican Independent coalition, and asserted that criticism given his colleagues was unjustified.

H. F. SINCLAIR IS RELEASED FROM PRISON

Oil Baron Finished Term at Washington Jail Last Night At Midnight

Washington, Nov. 21.—(AP)—Harold F. Sinclair today laid aside the compulsory duties of pharmacist at the District of Columbia jail for the freedom and leisure of a multimillionaire oil baron and proprietor of racing horses.

His sentences for contempt of court and of the Senate arising from the oil scandals of the Harding administration were completed last night at midnight and a few minutes later he emerged from the jail, to be greeted by a few close friends and hasten at once to the Mayflower hotel where Mrs. Sinclair awaited him.

His plans were somewhat indefinite, but he expected to go first to New Jersey, where the stock farm of the Rancocas stables is located and then to his Long Island home and New York office.

The booming flash lights of newspaper photographers hailed his emergence from the jail and reporters clustered about him anxious for a statement.

"I have nothing to say," he told them. "I came to jail for not talking you know."

He was greeted at the door by his brother, E. W. Sinclair and G. T. Stanford, an attorney, who had been waiting at the entrance for some little time. In sharp contrast with the may night on which he bustled past reporters and cameramen into the jail, Sinclair agreed to pose for photographs and later to make some remarks for the taking motion pictures.

In doing so, he jibbed, laughingly at the newspaper men, thanking for their "kind reception," and saying:

"I hope you will have another opportunity, and I know you will, or a little more training, and then I believe you will show a marked improvement."

A short time before leaving the jail, Sinclair issued a statement asserting that he had been imprisoned as "a victim of a political campaign to elect honest Democrats by proving how dishonest Republicans were."

He asserted that he could not be "convicted" for sins which he had "never committed, nor pretend to be ashamed of conduct" which he said he knew to have been "imprudent."

In addition, he reviewed the contents of his lawyers when he was sentenced in the courts.

"I have just finished serving sentences for contempt of the Senate and contempt of court—not for any crime," he said. "But the people seem to think that the penalties for contempt were in place of punishment for some other offense with which I was charged but exonerated by a jury."

Sinclair entered the jail on the night of May 6 to serve terms of six months for contempt of court and three for contempt of the Senate. Portions of the two sentences ran concurrently and with deductions for good behavior, he was confined to the jail for six months and fourteen days.

Frigid Weather Grips Mid-West

Chicago, Nov. 21.—(AP)—Frigid temperatures held sway today in the middlewest and northwest, and in many places the ground was covered with snow.

Continued cold and fair weather with readings ranging down to zero was the forecast for today.

Some of the low marks for yesterday were: The Pas, 5 below; Minneapolis, 14; Sioux City, 14; Eau Claire, 6; and Sault Ste. Marie, 6.

Strike Back At Critics Who Blame Congress For Stock Market Collapse

Harrison, one of the Democratic leaders, asserted "today this Senate is more responsive to the will of the American people than ever before."

The mississippi referred to some newspaper friends of President Hoover, whom he did not name "who dine at the White House" and are taken down to the President's camp to write comment unfavorable to the Senate and favorable to someone else.

Senator Johnson of California, Republican, attacked critics within the Senate membership, remarking "the most contemptible wretched bird there is, is the bird who fouls his own nest."

Blast Wrecks Part Of City Block At Capital; Several Persons Hurt

Washington, Nov. 21.—(AP)—An explosion in the downtown commercial district of Washington wrecked a portion of a city block today and injured numerous persons.

Police at the scene estimated that some twenty passersby and employees of a McCroy five and ten cent store, under which the explosion occurred had been injured. Whether any fatalities had occurred was not determined immediately as all of the victims were rushed to hospitals in private cars and ambulances as fast as they were located.

The explosion lifted a part of the concrete sidewalk about forty feet square high into the air. Firemen arriving immediately began digging beneath the ruins for bodies.

No explanation for the explosion was found, but police expressed the opinion that an overheated boiler beneath the store might have been responsible.

At two o'clock ten persons had been removed from the ruins.

Police Inspector Stoll said the explosion probably was caused by an oil furnace under the sidewalk in front of the McCroy store or an oil storage tank there. Persons on the scene at the time estimated that about twenty-five persons had been taken to hospitals, their condition not having been determined.

Walter Bisselberg who was managing the food counter at the front of the store and who was perhaps closer to the explosion than any other man in the store, described it as a great muffled boom, or boom.

FUNERAL FOR R. WILLIAMS HELD TODAY

Well-Known Greenville Man Laid to Rest in the Episcopal Churchyard

Funeral services for Capt. Richard Williams were conducted today at 11 o'clock at St. Paul's Episcopal church in Greenville. The Rev. W. A. Yerry, rector, officiated.

Rev. Thomas C. Doss, bishop of the Diocese of the Carolinas, and Rev. Isaac Hughes, rector of the Episcopal church at Anderson, S. C., were present.

The funeral was conducted with all honors of the Masonic lodge and was attended by numbers of sorrowing friends from this and other sections of the State. A large floral tribune attested the high esteem in which the deceased was held.

Mr. Williams died at his home at the Corner of Green and Fourth streets shortly after 12 o'clock Tuesday night. Death resulting from an attack of heart trouble, he was stricken by a severe attack of his heart while at work at Joyner's warehouse about 10 o'clock Tuesday morning and as his condition showed no improvement later in the day attending physicians held out little hope for his recovery.

Captain Williams was a native of Pitt county, having been born at Falkland. He spent his entire life in this section where he was held in highest esteem by a host of friends.

He was considered one of the most prominent Masons in Eastern North Carolina, having filled practically every office in the local lodge. He was Past Master of the Greenville Lodge A. F. & A. M., Past High Priest of Greenville Chapter, R. A. M., Past Commander of Bethlehem Commandery, Knights Templar.

Although not a veteran of the Civil war himself, Captain Williams served as adjutant of the Bryan Grimes Camp of the Confederacy, and played a conspicuous part in the annual reunions of the camp in this city Memorial Day.

He received the appointment of captain while a member of the National Guards unit here several years ago. He was a former register of deeds of Pitt county, and an active member of the tobacco industry.

White House Bears Active
Washington—White House Bears apparently have caused a big crash in a market. Learning that a New York dealer wanted a fancy price for President Hoover's geometric scribbles, attaches pointed out that lots of the President's friends have them.

Two Billions Cut in Taxes Recommended

Huge Reduction in Income Tax to Be Presented to Congress by Mellon

Washington, Nov. 21.—(AP)—A total reduction of nearly two billion dollars in the taxes of the nation since 1921 will be accomplished if Congress adopts Secretary Mellon's recommendation that the rates on incomes for 1929 be lowered by one per cent.

The reduction made by Congress three Mellon took office in 1921 were through the revenue acts of 1921, 1924, 1925 and 1923. The first slash became effective in 1923 and cut \$683,000,000 off the total collections.

But as the tax rate on the nation were reduced taxable incomes increased corresponding benefits for the treasury. In 1922 the total income and miscellaneous taxes collected by the government amounted to \$2,197,451,383 and the next year despite a reduction of \$963,000,000 the total collected was but \$37,000,000 below the 1922 figure and included a considerable increase from some sources.

In 1921 the tax collections amounted to \$2,796,179,237 and though Congress that year cut \$319,000,000 of the estimated tax payments, the next year saw only a drop of \$22,000,000 in the collections which reached a total of \$2,384,140,268. This sum with the cut was regarded as showing an actual increase of approximately \$408,000,000 from the same sources as compared with the year before.

Tax collections continued to mount in 1925 and 1927, showed a slight drop in 1928 and an increase of \$350,000,000 in 1929 despite another tax cut that took \$222,000,000 more off the total taxes.

Secretary Mellon in recommending tax reductions in Congress maintained that reduction in taxes invariably increased revenue and explained that this resulted from funds that were held in investment becoming active because the smaller income tax was not so heavy.

It also caused an expansion of business, he said, which increased the flow of revenue for the government.

Reduction in the government's expenditures played a great part in these tax reductions possible. These expenses have been reduced from \$1,982,000,000 in 1929 to \$1,848,000,000 for the fiscal year of 1929 ending last June 30.

Florida Fruit Embargo Lifted In This State

Pittsburg, Nov. 21.—(AP)—The embargo on shipment of Florida fruits to the states north of North Carolina was lifted today for the first time since the infestation of the Mediterranean fruit fly was found several months ago.

The action followed the conference last week in Washington between representatives of 11 southern states and the federal plant quarantine control board.

Under the regulations allowing the embargo lifting, no legal back shipments of fruit can be made into this state from Virginia and the State Highway Commission yesterday, upon request of W. A. Graham state commissioner of agriculture, instructed Capt. Charles D. Farmer to have his men of the state highway patrol arrest all persons caught attempting to make back shipments into the state in violation of the regulations. Mr. Graham appeared before the commission upon request of W. C. Woodard of Nash county, chairman of the House committee on public roads.

French Fliers Set New Record From Indo China to Paris

Lebourget, Franch, Nov. 21.—(AP)—Captain Diendone Coste and his companion, Maurice Jacques Beltonde, landed here at 11:30 a. m. setting a new record of four days, 36 minutes from Hanoi, French Indo China, to Paris. This was six hours and twenty minutes faster than Coste and Joseph Lebriz traveled the same 7,500 miles last year on their round the world trip.

The two fliers today were returning from their flight over Asia a few weeks ago which ended with a forced landing at Tsihsihar, Manchuria, creating a new record distance endurance flight.

A huge crowd kept to the edge of the field by the police, broke into enthusiastic cheers as the aviators landed.

M. Laurent-Evanc, air minister, and representatives of President Doumergue greeted the fliers.

"All France presses you to its heart," said the air minister, and then permitted Coste to pin the ribbon of the Legion of Honor on Beltonde's coat. Coste already had been decorated for his aerial feats.

Fletcher in another letter added that a "large and hot fire" had been seen under Senator Fletcher. When Walsh read from this letter that we expect to deliver Senator Fletcher's vote," the witness explained that "was just a Cracker expression."

"We wouldn't do anything to hurt Senator Fletcher," he added. "He's a good man."

Chairman Caraway of the lobby committee said he understood that Glen Skipper, Republican National Association and that Fletcher was made vice-president and the witness asserted this was done without his consent. He denied he had cooperated with any association Skipper organized.

L. L. Chandler of Goulds, Fla., who said he was a tomato and citrus fruit grower, testified he had made nine trips to Washington in connection with tariff legislation and had received between \$700 and \$1,000 for traveling expenses.

The money was raised in Florida, he added, and Senator Walsh asked why it had not been raised directly by the Florida growers instead of through the Tariff Association.

"I suppose that was a mistake," Chandler replied and added that the association had informed them it could handle the matter better but "we know better now."

Chandler said he had approached both Florida Senators, Senators George Georgia, Connally, Texas, Harrison, Mississippi, all Democrats, and Watson Indiana, Smoot, Utah, and Shortridge, California, among others. He also said he had talked to Florida members of the House of Representatives, Garner, Democrat, Texas.

Edge Confirmed As Ambassador to France Today

Washington, Nov. 21.—(AP)—The re-nomination of Senator Walter E. Edge of New Jersey, to be ambassador to France, was confirmed today by the Senate.

As soon as the nomination was received, Chairman Borah of the foreign relations committee asked immediate confirmation, and it was voted without discussion.

Edge was not in the Senate, being in Santa Fe, New Mexico, visiting his son who is in school there.

A telegram was dispatched immediately informing the Senator of the nomination and confirmation. Edge, it was said, would probably send his resignation to Governor Larson of New Jersey by telegram today.

The usual procedure was dispensed with. The nomination was not sent to the committee, receiving unanimous confirmation in open session.

TIDAL WAVE KILLS 27 IN N. FOUNDLAND

Fifteen Foot Wave Swept South Coast After Earthquake on Last Monday

St. Johns, N. F., Nov. 21.—(AP)—Twenty-seven people were drowned on the south coast of Newfoundland in a 15-foot tidal wave which swept up from the earthquake three Monday, according to a wireless report reaching the justice department today from the steamer Portia.

Nine persons, mostly women and children lost their lives when everything along the waterfront at Billin, including sixteen buildings, were swept by the wave. Four bodies were recovered there.

Eighteen persons were drowned at Lord's Cove and Lamsaline, in the Burin district.

All means of communication other than radio, is cut off from the cuth coast.

St. Lawrence also was reported to have been swept by the wave but no lives were lost there.

JUDGE TOWNSEND IS WITNESS AT MARION

Faleigh, Nov. 21.—(AP)—Judge N. A. Townsend, executive counsel who spent some time in Marion as personal representative of Gov. C. May Gardner following the recent labor troubles there for which Alfred Hoffman and others are now on trial on charges of "murder and rebellion," went to Marion today to appear as a witness in the trial. Judge Townsend was subpoenaed sometime ago.

Tells Lobby Committee Florida Fruit Growers Favored Higher Tariff

Washington, Nov. 21.—(AP)—G. S. Fletcher of Miami, president of the Florida East Coast Growers Association testified today before the Senate lobby committee that a citrus was made by Florida growers to get Senator Fletcher, Democrat, Florida, to vote for higher duties on Florida products in the pending tariff bill.

The witness said that no "pressure" was necessary to get Senator Trammell, Democrat, Florida, to vote for the higher duties.

Asked by Caraway if it were true that he had "tried to build a fire" under Senator Fletcher, in order to obtain his vote for the tariff bill, he asserted that an attempt had been made to let the Senator know "the attitude of Florida" on tariff legislation.

Fletcher asserted that he and his associates opposed the activities of J. A. Arnold, manager of the Southern Tariff Association, who has been questioned at length by the lobby committee.

"We were against Arnold and his machine all the while," the witness said.

He added he did not favor association with the Tariff Association because he had heard that it received about 40 per cent commission on collections.

Senator Walsh, Democrat, Montana, then read a letter written by Fletcher to Arnold in July which said "we are doing all possible to bring pressure to bear on Senator Fletcher."

Another letter written by Fletcher to Arnold said "we are going after Senator Fletcher with a pick handle, I mean the old hickory king."

Fletcher in another letter added

O. L. JOYNER PASSES AWAY AT HOME HERE

Founder of Greenville Tobacco Market to Be Buried Tomorrow At 3:30 O'clock

O. L. Joyner, one of the pioneers of the tobacco industry in this section of the state, and founder of the Greenville tobacco market, died at his home in College view this morning about 11 o'clock. Death followed a long battle against an illness that gradually sapped the strength and vitality from a figure that had long been prominent in the business life of the community. He was 60 years of age.

Funeral services will be conducted from his late home tomorrow afternoon at 3:30 o'clock by Rev. E. L. Hillman, pastor of Jarvis Memorial Methodist church, assisted by Rev. A. W. Fleischmann, pastor of Memorial Baptist church. Interment will be made in Cherry Hill cemetery.

Active pall bearers: L. W. Turner, N. O. Warren, R. E. Harris, B. S. Warren, H. S. Ragsdale, D. J. Whichard.

Members of the Tobacco Board of Trade, the tobacco industry and the following will act as honorary pall bearers: B. J. Little, F. C. Ward, Frank Wilson, J. L. Little, F. C. Hardins, S. T. Hooker, Dr. C. F. West, Kingston, W. H. Horrie, O. W. Harrington, R. D. Harrington, Dr. C. O. J. Laughlin, Jim Wiggins, Tarboro, Dr. L. C. Skinner, L. W. Gaylord, Dr. Joe Dixon, W. E. Hooker, Dr. J. E. Nobles, L. R. Meadows, Dr. Paul Fitzgerald, Dr. S. Hassell, A. M. Moseley, Dr. J. Morrill, Falkland, G. C. Flanagan, Dr. Joe Smith, J. G. Gaskins, J. G. Moye, J. H. Boyd, J. R. Turnage, Ayden, T. E. Tucker, R. C. Flanagan, Dr. J. C. Green, J. B. James, J. H. Avery, Oak City.

Mr. Joyner was married to Miss Annie Lynne Fisher, January 25, 1892, and six children survive the union: G. L. Joyner, Jr., Julian H., Carl McDonald, and Mrs. Sidney Caswell, New York; Mrs. E. O. Flanagan, Jr., Greenville; Miss Helen Joyner, New York. He is also survived by two brothers and one sister, Benjamin Joyner, of Paquay Springs; Dr. Claude C. Joyner, of Farmville; Mrs. Studis Thigpen, of Wayne County.

O. L. Joyner was born at Farmville, Pitt County, February 12, 1869, the son of Jacob and Maria A. (Sugg) Joyner, and grandson of Aaron Joyner.

In 1891 Mr. Joyner engaged in the tobacco business, and in that year, largely through his energetic efforts, the first tobacco warehouse was built in Greenville, by stockholders principally by farmers of this county. Mr. Joyner being the largest stockholder. In 1892, he built another and much larger warehouse. From the opening of the first tobacco sale in Greenville, September 23, 1891, Mr. Joyner had been a successful trader in developing the Greenville tobacco market, the second largest bright leaf tobacco market in the world, and was best and most profitable throughout the entire North Carolina for his persevering and untiring efforts in establishing the tobacco industry in this section.

He was the founder of the Greenville tobacco market, and while his activities have been confined to the tobacco business, principally in Greenville, he has been a firm and active champion in the promotion of the industry all over Eastern North Carolina. His reminiscences of thirty-five years in the tobacco industry of Eastern North Carolina, half of different war measures, and how much light on the early development of this branch of agricultural life of the section.

During the World War Mr. Joyner gave assistance to the Government and was one of that patriotic group known as "Dollar a Year Men," and in this capacity traveled over the entire state, making speeches in behalf of different war measures and spearheading the farmers in the line of giving more and closer attention to their hog-raising as one of their most important industries.

In political life he was always in all accord with the principles of the Democratic party, but never consented to accept a political office, although many times as friends urged that he possessed qualities that fitted him admirably for public responsibilities.

Mr. Joyner was a member of the Methodist Episcopal church, a Masonary he was a Knight Templar and a Shriner, a member of Sharon Lodge No. 78, A. F. and A. M., Knights Templar, and Sudan Temple, A. O. N. M. S., New Bern, N. C.

Othos L. Joyner enjoyed unusual advantages in youth, as his mother was a woman of culture and education and before marriage had been a school teacher. After attending Greenville Academy two years, Mr. Joyner spent one year at the University of Kentucky, Lexington.

Mr. Joyner was one of the most beloved characters of the community. He was known by hundreds of people in every walk of life throughout the community.

(Continued on page eight)

INVENTION OF D. A. WINDHAM GETS INTEREST

Local Man Invents Auto Wheel Rim That Revolutionizes Tire Changing

D. A. Windham, well known Greenville man, is inventor of an automobile wheel rim that is attracting considerable attention among prominent automobile manufacturers of the nation at this time. While patent has not actually been perfected, it was stated today that the government had made a favorable report on the invention making the patent almost a certainty in the near future.

Blue prints of the invention have been mailed out to several automobile manufacturers, and the inventor confidently expects it to receive more than passing consideration, in that it is a complete innovation of automobile tire changing.

The rim is made in four sections, each section being connected with thumb screws. This makes it possible to change a tire without the ployed in such changes. It eliminates use of any kind of tools now employed, use of jacks in raising the automobile for removing a tire.

In fact, by loosening the thumb screws the entire inner tube is exposed, making it possible to remove the inner tube without affecting the outer casing. This may be done in a fraction of the time usually required in tire changes.

The invention also facilitates the removal of the entire tire, eliminating the trouble in releasing the valve, screwing on bolts and other such things. All one has to do is to loosen the thumb screws, remove the tire, put on a new tire, tighten thumb screws and the job is done. This also requires considerably less time than is usually consumed in such changes, and should completely revolutionize the tire changing business.

Mr. Windham has several other inventions under way, but outstanding among them is an automobile speed indicator, by which and through which the speed of a moving object may be recorded from 5 to 360 miles an hour. If patented and placed upon the market, the invention should be instrumental in greatly increasing the safety of travel.

Gas produced from smoldering wood was made to drive a motor truck in a test staged at Sonora, in the presence of army officers.

White House Flag Lowered in Honor of Secretary Good

Washington, Nov. 21.—AP.—The flag at the White House was flying at half-staff today—the first time, officials said, other than in memory of a President or former President.

President Hoover issued the order to lower the flag in honor of the late Secretary Good, whose body is on its way to Cedar Rapids, Iowa, for burial at 11 A. M.

The last time the flag was flown at half-staff was when Woodrow Wilson died. The flag on all government buildings were ordered to fly at half-staff out of respect to Secretary Stimson, but this did not affect the White House.

Chemical In Gas Mains

Houston, Tex.—To protect householders from possible explosions and asphyxiation, B. L. Shaw, city engineer, proposes to dose Houston's gas mains with ethyle mercaptan, a chemical giving off a "terrible odor." The chemical, he said, will give instant warning when any gas leak, inside or outside a house, occurs.

Faced with the necessity of boiling water during a drought, the residents of Pittsfield, Mass., were advised to beat the water like eggs to restore the original taste.

LOST — REMINGTON DOUBLE

barrel shot gun, hammerless, 26-in. barrels, with brass bolt braded through stock in front of Mr. Willie Briley's house. Person who found same will please notify Alva H. Hardee or Lewis G. Cooper and receive reward. 21-2t

FOR RENT—STORE AND UPSTAIRS at 11th and Evans Sts. See or call John Sauced. 21-3t

FOR RENT—ONE FIVE-ROOM bungalow, corner Fourteenth and Reade streets. Call 106-W. 21-1f

Wants

WANTED TO BUY—A good automobile, preferably a touring car, with spare tire, good tires, and good engine. Call 106-W. 21-1f

LADIES SHINE PARLOR—SHINE 5 cents. Will be open Sunday mornings 8 to 12 o'clock. Goodyear Shoe Repairing Co., opposite Nat. Bank, on 5th street. 28-1 mo.

FOR SALE—HENS, YOUNG chickens and fresh country eggs. W. C. Johnson, 1200 Broad street, phone 105-L-2.

FOR RENT—FOUR ROOM APARTMENT, upstairs, with private bath, on Summit street, between Third and Fourth. Phone 490. 16-6t

FARM FOR SALE, CHEAP—CASH or terms. Two hundred acres; approximately fifty cleared. Will grow tobacco, cotton, corn, soy beans and other eastern Carolina crops. Good schools. Address Box 114, Maysville, N. C. 21-5t

WE ARE STILL OFFERING reduced prices on very best grade of coal you can buy—prompt delivery. Eastern Carolina Service Corp., phone 215. 18-3t

CALL WILLIAMS & WALDREP Market for fresh corned hams, sides and shoulders. Phones 660-661. 21-5t

FOR RENT—APARTMENT UPSTAIRS, four rooms and private bath. Mrs. S. M. Woolfolk, phone 816-W. 13-1f

WE HAVE A GOOD SUPPLY of the famous Bonny Blue Red Ashe Coal. Call W. C. Clark Coal and Wood Yard, phone 131.

FOR RENT—STORAGE WAREHOUSE on Evans street, Norfolk Southern Railroad track. Compartment No. 1, size 50x100 ft. Compartment No. 2, size 25x100 ft. Reasonable rent. See E. G. Flanagan. 77f

WANTED — TO COMMUNICATE with firm desiring the services of an experienced bookkeeper and office manager. Employed and can give A-1 references. Address: F. B. care this paper. 13-6t

LOST—SOMEWHERE IN GREENVILLE, a bunch of keys, consisting of post office, skeleton and other keys. Finder please notify or return to J. B. Oakley. 20-2t

Graceful lines—32 inches long.

"Congratulations! How Did You Do It!"

"How did I do it? Well, it started seven years ago when I made up my mind that SOME day I'd have my own business. From that day I began saving — opened an account at the Greenville Banking & Trust Co., fed it every Saturday night, and let the 4 per cent interest ride... the account grew, and now... well, thanks for the congratulations! I wish you luck!"

Social and Personal

Mr. and Mrs. Herbet Cox and little daughter, Jean, spent yesterday in Fayetteville.

Mrs. S. M. Crisp and little daughter left today for a visit in Chapel Hill.

Mrs. L. C. Skinner is visiting relatives in Oxford, and Mrs. William Rodman, Jr. and Mrs. B. B. Brandt, of Washington, were here today.

Mr. and Mrs. H. R. Brown, of Greenville, Tenn., who have been the guests of their daughter, Mrs. J. B. James, have returned to their home.

Mrs. R. Hyman left this morning for Erwin where she will spend some time with her daughter, Mrs. J. F. Lynch.

Mr. and Mrs. J. B. James spent yesterday afternoon in Raleigh. J. F. Lynch, of Erwin, was here today.

Mr. and Mrs. John Weikle, who have been here for some time, left today for Owensboro, Ky. Mr. Weikle has been on the tobacco market.

Mr. and Mrs. L. S. Parkerson have returned from Charlotte.

H. M. White, of Petersburg, Va., is a Greenville business visitor today.

Cordon Davis left today for a business trip to Seaboard.

Birthday Party. Ann Smith, the little daughter of Mr. and Mrs. Ivy Smith, celebrated her second birthday on Tuesday evening, Nov. 19th. After the guests gathered, they were invited to the dining room where little Ann presided. She watched the burning of the two candles on her birthday cake with delight, after which all the guests enjoyed a turkey dinner.

Those present were Mr. and Mrs. Bowen, Dr. and Mrs. Joe Smith, Mrs. Bessie Thompson, Mrs. Ed Strickland, Mr. S. B. Howell, Mrs. Bruce Strickland, Master Joe Smith Jr., Master James Smith and Master Joe Henderson. The little hostesses played her part well and everyone had a lovely time.

MRS. FICKLEN LEAVES FOR HENDERSON

Mrs. E. B. Ficklen left today for Henderson to attend the wedding of Miss Lucy Kittrell and Reginald Brothers, which will take place this evening.

CLAUDE GASKINS, JR. IN FAYETTEVILLE HOSPITAL

Friends of Claude Gaskins, Jr. will be glad to learn that he is getting along nicely following an operation which he underwent in Highsmith hospital.

EXECUTIVE BOARD OF WOMAN'S COUNCIL MEETS

The meeting of the executive board of the Woman's Council was held in the office of the Home Demonstration Agent on Wednesday afternoon, Nov. 20. Several bills were approved by the board, and the secretary was authorized to pay them. The board voted to have an officer's training school early in the year, at which time Mr. F. H. Jeter, agricultural editor of the News and Observer, will be asked to hold a one-day school in news writing.

A woman's exchange was discussed and the board will help with publicity in reaching rural women who have things that they might sell.

The woman's part of the live-at-home program was discussed and it was decided that the women would be asked to use their influence in seeing that each family has a year-around garden and at least two fruit trees are planted each year, that the family has a supply of milk and butter, and at least 30 hens. They will also make an effort to see that the home lawns are improved.

Each vice-president was asked to make a membership list for her club for Mrs. H. D. Gurganus who is membership chairman of the county.

All club secretaries will be asked to report club news to Mrs. E. H. Boyd, county reporter, in December, March, June and September. —County Reporter.

Birth Announcement. Born to Mr. and Mrs. Guy Evans Tuesday, Nov. 19th, a son Guy Carr Evans, Jr.

Birth Announcement. Mr. and Mrs. W. J. Allen of Grimesland, announce the birth of a son, Francis Blount, Nov. 19th.

HERE FOR FUNERAL OF MR. WILLIAMS

Rev. Isaac Hughes, Henderson; Mr. and Mrs. L. I. Moore, New Bern; Tom Moore, Wilson; Mrs. William Russ, Rocky Mount; Mr. and Mrs. William Russ, Jr., Raleigh; Mr. and Mrs. Ike Thorpe, Rocky Mount; Mrs. G. B. W. King, Washington, D. C.; Mr. and Mrs. Hammer Winstead, Rocky Mount; Mrs. Preston Tyson, Wilson; Lawrence Merrill, Snow Hill; Mr. and Mrs. Andrew Joyner and Mrs. Jeff Fountain, of Raleigh, were among those here today attending the funeral of R. Williams.

IN APPRECIATION OF THE LATE CAPT. RICHARD WILLIAMS

I cannot refrain from expressing my deep sorrow for the death of Capt. Richard Williams; I have never known a more amiable gentleman in all my intercourse with men. He was of the pure type of old Southern gentleman, kind and congenial to all of his fellowmen, he bore the marks of a great ancestry. In all of my association with him, I cannot recall an obscene remark that ever fell from his lips in my presence; his ideals were without a fault; his patriotism reached the zenith of loyalty.

In spirit he lived by the side of the dead and was a friend to man. If it were in my power, I would place on his grave a never fading flower whose nectar might impregnate the atmosphere all around and live as a symbol of the sublime character of him who sleeps in the tomb. W. L. BILBRO.

To The Citizens of Greenville. The United States Army Band, "Pershing's Own," will be the guests of our city on next Monday, Nov. 25th, and will give two concerts at the East Carolina Teachers College, one in the afternoon and one Monday night.

The distinguished musical organization is an official part of our government, and has represented the United States at functions throughout the world. It was officially created by General Pershing in France during the World War, and is at present composed of some of the most renowned musicians in our country.

The entertainment committee of the college has been able to book this band for our city, and we should consider it a privilege to have them with us to play for us.

I trust that everyone will do whatever he can to make the visitors feel at home during their stay here, and that in honor of these representatives of the United States Government the merchants of the

town display United States flags in front of their stores and places of business. J. C. LANIER, Mayor.

Tuesday Afternoon Club. Farmville, Nov. 21.—Mrs. Claude Barrett was hostess to her card club on Tuesday afternoon at her home on Content near street. After several progressions, the high score prize, dainty sandwiches, was presented to Mrs. M. V. Norton. A delicious fruit mixture topped with cream was served to Mrs. Lath Morris, Mrs. M. V. Horton, Mrs. H. W. Turnage, Mrs. C. T. Dixon, Mrs. A. C. Hodges, Mrs. Eugene Clayton, Mrs. George Holston, and Mrs. R. D. Rouse.

A PIONEER PASSES
 The death today of O. L. Joyner, a founder of the Greenville Tobacco Market, marks the passing of a pioneer who during his lifetime devoted it to the upbuilding of an industry that has meant much to his section and will stand as a memorial to his efforts. Neither time nor space here will permit a recitation of Olthus Joyner's achievements nor his virtues. He was an honest, upright, God-fearing citizen, a loving and dutiful husband and father, and a true friend with lines of friendship marked by neither color, race nor creed. Our community mourns the loss of such a man.

To Prison For Threat
 London.—For threatening to reveal to customers a prison record unless paid \$2,500, Thomas Blake has been sentenced to serve three years in prison. The threat was made against another director of a business corporation with whom Blake served time before their association in business.

Plans of the Merchants Association to bring about better decorating in the business and residential sections of the city during the Christmas holidays should receive considerable attention of the citizenship this year by reason of the splendid impression which similar decorations made last year.

The merchants and home-owners have been asked to go about their decorating upon a more elaborate scale than ever this year, and attempt to outclass any city in this part of the country.

Committees have already been assigned to work in the business district and days before the holiday season actually begins should see "streets" and stores literally blazing with the spirit of the Yule-tide season. Street decorations this year should be more pronounced than formerly in that they lend an atmosphere to the holiday crowds that has a very pleasing effect.

It is to be hoped the Merchants Association continues with its plans until every street in the main business district is fully decorated by Christmas.

Don't forget the Boy Scout "Bundle Day" campaign to be conducted in this city Saturday.

The Scouts will begin their canvass of the residential districts early Saturday morning and by nightfall they hope their work will be completed. The public has been asked to give liberally of clothing, placed in bundles, in readiness for the visit of the Scout committees.

The bundles will be turned over to K. T. Futrell, director of the Pitt County Department of Welfare, to be distributed among the poor people of the community. Mr. Futrell keeps in close touch with the condition of the poor element of the locality and will be able to place every piece of clothing the Scouts collect.

Other cities in North Carolina

RHEUMATISM

have conducted campaigns of this kind and in two or three instances reported collecting as high as four tons of clothing. Surely Greenville will be able to do as good as any of them.

The Scouts are not asking for money or food—they simply want clothing, and if you have anything of this kind, place it in a bundle and have it in readiness when the Scouts visit your home sometime Saturday.

The passing of Richard Williams, familiarly known as "Captain Dick" by hundreds of friends and acquaintances in this section of the State will be received with profound sorrow.

Mr. Williams was not only one of the oldest men of the city, but he was a leader in the Masonic lodge and for years prominently associated with activities of the Bryan Grimes Camp of the Confederacy.

Not a veteran of the Civil war himself, Captain Williams, however, evinced an active interest in the organization in this city, and each year greeted the gray-haired veterans as they assembled here in annual reunion. He served as adjutant of the camp and in that way lifted a burden from the bent shoulders of the men who fought for the lost cause of the South.

The life of Captain Williams exemplified the high type of citizenship of the section in which he was born and reared, and his wise counsel will be greatly missed among members of the Masonic order with whom he was an authority on rituals of the organization.

The ending of the week will witness the closing of the annual Red Cross campaign of the American Red Cross, and if you have not renewed your membership to this organization why not get busy and do so at once?

It is an organization launched in behalf of humanity, and has been serving in this capacity for years. The work of the Red Cross is familiar to nearly every man, woman and child in the country, and everybody should join in an effort to extend its activities.

The canvass will continue in Pitt

county until the quota has been raised, but in case you haven't seen why not get in touch with some member of the soliciting committee and let them have your renewal. Pitt county has always stood behind the work of the Red Cross and it is certain they will do likewise this year.

Don't forget the many splendid bargains which local merchants are offering during "Sales and Show Jubilee Week".

Stores have been thronged with visitors from several communities during the week but hundreds of bargains still remain for the thrifty shopper.

When you are tired of shopping, local theatres offer a special picture program, and this should prove restful after hours spent at the counters in quest of bargains.

Remember the splendid values which merchants have offered in many years and visit the stores to see what they have provided for your inspection during this trade week.

It is always SUMMER-TIME in your KITCHEN

It's always summer-time in your kitchen. It's never cool where there is a stove. And the dangers of food contamination are present as long as the temperature in your refrigerator can rise above fifty degrees.

Faithfully, quietly, automatically the General Electric gives you the perfect refrigeration that safeguards health. It makes plenty of ice cubes, operates without ever needing to be oiled, creates no radio interference. And it has an accessible freezing regulator. Important, too, is the fact that it is the only refrigerator which has an all-steel cabinet—"built like a safe."

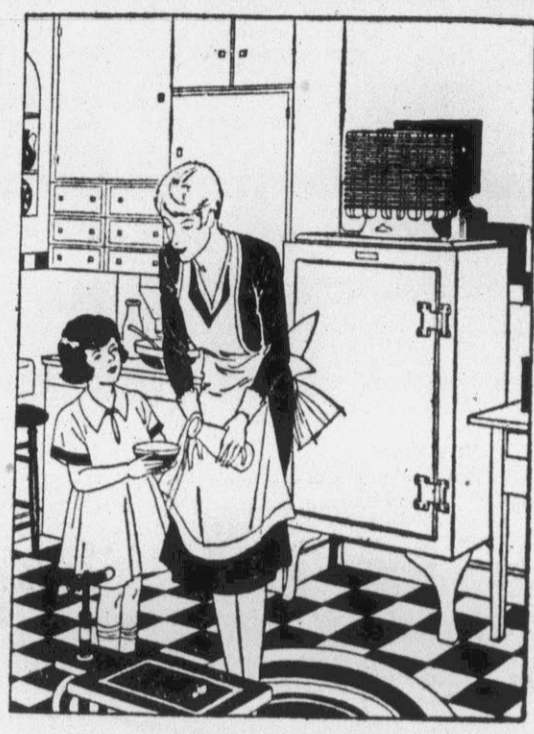

More than 350,000 homes are enjoying the economy, convenience and health-guarding service of General Electric Refrigerators . . . and not one owner has spent a dollar for any kind of repairs or service.

Come in and examine the various models—there's a size and style to fit your needs and your kitchen. Just a small down payment can put a General Electric Refrigerator in your home.

EVERY GENERAL ELECTRIC REFRIGERATOR IS HERMETICALLY SEALED

MOOSE STAGE CEREMONIAL IN THIS CITY

Officers Elected and Raleigh Chosen As Next Meeting Place At Frolic Here

The fall ceremonial and frolic of Enoca Legion No. 89, Order of the Moose, met with the Greenville lodge yesterday. Numbers of members of the organization from various lodges of Eastern North Carolina were in attendance and enjoyed a program that was brought to a conclusion with a banquet at the Women's club building, corner Third and Green streets, last night.

The next meeting will be held in Raleigh, February 10th.

Raleigh captured the James J. Davis loving cup from Sanford, the award being made for the most points scored at the Legion meeting.

Officers elected for the coming year were:

A. H. McIver, Sanford, Great North Moose; C. A. Musselwhite, Greenville, South Moose; S. J. Maulsby, Fayetteville, East Moose; S. H. Mitchell, Goldsboro, West Moose; H. B. Winston, Raleigh, Treasurer; J. E. Petway, Wilson, Guiding Moose; M. Dullin, Durham, Custodian; A. B. Cox, Sanford, August; C. N. Winston, Raleigh, Herder; Edgar Womble, Raleigh, Representative to the Southern Conference.

An unanimous vote of thanks was extended for the consideration of the office of Herder.

The banquet last night was attended by members of the order and heads of various civic organizations of the city. J. R. Barker acted as toastmaster.

The address of welcome was made by J. H. Waldrop, member of the board of city aldermen, representing Mayor J. C. Lanier. The response was made by A. H. McIver of Sanford.

The principal address of the evening was delivered by Hon. William Trickett Giles, supreme lecturer of the order. He spoke on the subject of "The Under-privileged Child" and brought out many interesting facts in this connection.

The following representatives of local clubs responded to toasts: Howard McGinnis, secretary of Rotary club; R. C. Deal, president of the Kiwanis club; A. B. Corey, past commander of the Pitt County Post of the American Legion.

An enjoyable musical program was rendered by Mrs. J. H. Waldrop, Misses Wedmore and Gaskin and Mrs. R. A. Tyson, Jr.

The Greenville lodge is the baby member of the Moose organization, but the reception accorded the visitors to the ceremonial indicated that the infant had thrown off its swaddling clothes and reached a stage of maturity. The rapid growth of the Greenville lodge received much favorable comment. C. A. Musselwhite was chairman of the local program committee.

SUNDOWN STORIES

WATCHING THE SUN.

(By Mary Graham Bonner)

"Where are we now?" asked John. "I'm sure you've turned the time way, way back. The world looks very new and there aren't so very many people about."

"What are the people doing—the ones we do see?" Peggy asked.

"They're telling the time," the Little Black Clock said.

"But they're looking up at the sun," Peggy insisted.

"Yes, and seeing the shadows, too. They're telling the time by the sun. They are going to make sun-dials, and you might say that sun-dials were my great, great-grandfather."

"But wait a moment—or rather quite a few moments. I'm turning the time on now. You'll see!"

As Peggy and John watched they saw the scene change and a boy was arranging a way of telling the hours of the night by letting water drip slowly from a tiny hole he had made in a very large jar.

"That's the first water clock!" exclaimed the Little Black Clock. "You see they could tell the time after a fashion with the help of the sun but when night came they had no idea of the time until the sun appeared once more. This boy has discovered how to tell the time at night."

"As the water becomes lower in the huge jar so much time has passed, and he is going to divide the night up into hours, which he will measure by the time it takes the water to drip out of the little hole in the jar."

It was fascinating to watch the boy. He was much too busy to notice them. But above all it was exciting to see how thrilled the Little Black Clock was to see this old, old ancestor of his—the water clock!

Tomorrow—"The Duck's Bell"

As a measure of preparedness against disasters, epidemics or war, a nation-wide enrollment of nurses by the American Red Cross is maintained in Washington.

Lindy Drives Car one-Handed

New York—Colonel Lindbergh can drive an automobile as well as an airplane with one hand. He has motored about the city with his right arm in a slingsling. His soft shirt was open at the throat and innocent of a tie.

Theatrical Man Weds Stage Star

San Francisco, Nov. 21.—(AP)—Oliver Moroso, theatrical producer, and Helen McRuer, leading woman in several of his recent plays, were married here early this morning with scores of stage folk acting as unexpected witnesses. The marriage took place at a midnight dinner. The couple obtained the marriage

English Banks Reduce Rates

London, Nov. 21.—(AP)—The bank rate was reduced today from six to five and one half per cent.

Since the discount rate of the Federal Reserve Bank recently was lowered discount rates here have been sliding on the assumption that a lower official minimum would be established. The bank of England has had difficulty in making the six per cent rate imposed October 31 effective.

With more funds returning from America, the gold drain into France checked and the international monetary situation easier, the Bank of England was enabled to give traders the benefit of a half per cent reduction. However, its gold stock at present is 30,000,000 below the level of a year ago.

The money market anticipated today's reaction by discounting bills at low figures and is expecting another reduction of the official minimum rate in the near future, especially if the American Federal Reserve Bank make a similar move.

Complete List of Men to Represent U. S. Naval Meet

Washington, Nov. 21.—(AP)—The selection of the group of men who will represent America when the world's principal naval powers meet at London to consider a limitation of the instruments of sea warfare is now complete.

The delegation will consist of Secretary Henry L. Stimson of the State Department; Secretary Charles Francis Adams of the Navy Department; Charles G. Dawes, the Ambassador to Great Britain; Dwight W. Morrow, the Ambassador

RADIO ACTS AS PAGE FOR HOSPITAL STAFF

Philadelphia, Nov. 21.—(AP)—A radio paging system to expedite communication with members of its staff whose services are needed quickly has been installed in the University of Pennsylvania hospital.

A microphone has been placed in

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

The main office of the hospital over which culls may be carried to 40 loud speakers located at strategic points in the corridors of five buildings comprising the hospital unit.

If it is known, however, that the member of the staff desired is in a certain building, the operator can confine the broadcasting to that building by a switch.

NOTICE OF SALE

Under and by virtue of the power of sale contained in that certain deed of trust, dated February 1st, 1928, from Thad Shivers and wife, Mary E. Shivers, to D. L. McWhorter, Trustee, of record in Book F-17, page 588, in the office of the Register of Deeds for Pitt County, default having been made in the payment of the indebtedness therein described, the undersigned will sell to the highest bidder for cash before the Court House door, at 12 o'clock, noon, on

Monday, December 23rd, 1929

the following described lands:

Beginning at the northwest corner of the intersection of Contentnea Street and Douglas Street in the Town of Greenville, N. C., and running thence Westwardly with the Northern line of Douglas Street 126 feet to a stake in Douglas Street; thence Northwardly and parallel with the line of Contentnea Street 35 feet to a stake; thence Eastwardly and parallel with the line of Imperial Street 126 feet to a stake in the Eastern line of Contentnea Street; thence with the Western line of Contentnea Street 35 feet back to the beginning point and being the Southern portion of lots 8 and 9 in Block G of Cherry View addition as will appear by reference to map book 2, page 148.

This the 20th day of Nov., 1929.

D. L. McWhorter, Trustee.

Edwin A. James, Atty.

Every drop is better because it is new-processed

...."STANDARD" Gasoline..refined by the latest and best methods...gives every car owner startling performance records...quicker starting and pickup, smoother power, less knocking...a high-test GASOLINE AT NO ADVANCE IN PRICE

ACRES AND ACRES of giant towers exclusively devoted to producing this full-rich, high-test gasoline. Because of the new-processed "Standard" Gasoline's instant popularity, the plant goes full blast day and night.

Why the world awards first place to STUDEBAKER EIGHTS

Eleven world records for speed and endurance—and more American stock car records than all other makes combined—are held by Studebaker Eights.

This year's Penrose Trophy Race to the summit of Pikes Peak was won in record time by a Studebaker President Eight—over a tortuous twisting roadway involving 154 breathtaking curves.

The greatest record in the history of transportation established over a year ago by Studebaker's President Eight that traveled 30,000 miles in 26,326 consecutive minutes—still stands unchallenged. And this time-tried championship stamina is built into every Studebaker Eight—President, Commander or Dictator.

Studebaker is the world's largest builder of Eights because Studebaker Eights are brilliant and thrifty beyond anything motordom has known. Drive one of the new Studebaker Eights before committing yourself to any new car—Six or Eight.

Studebaker Eights cost no more to buy or to operate

Dictator Eight Sedan . . . \$1285
Commander Eight Sedan . . \$1515
President Eight Sedan . . . \$1765

Four-Door Sedan Models. Prices at the factory

SUMRELL MOTOR CAR CO., Inc.

"STANDARD" GASOLINE

NEW-PROCESSED HIGH-TEST

WHAT are the specifications and "extra" refinements of the new-processed "Standard" Gasoline? There's no stronger phrase than "quicker starting." If there were, we would apply it to this new fuel—to the manner in which, cold weather, or not, it starts the engine roaring with power. Pickup, the best ever. Smoother power, one more result of the new cracking process. Less knocking, too. Minimum shifting. In brief, a high-test gasoline at no advance in price—the kind you have always wanted.

Other popular-priced gasolines may have one or some of the qualities we have named, but only the new-processed "Standard" Gasoline has them all—because it is refined by this new patented process.

Try the new-processed "Standard" Gasoline TODAY. Test it today in any way you choose—then let your motor tell its own story of more efficient performance. On sale everywhere. At no advance in price.

CRAZY QUILT PLAY CAUSES MUCH TROUBLE

Atlanta, Nov. 21.—(AP)—The puzzling "crazy quilt" formation, which made Billy Laval, the wise old coach of the South Carolina Gamecocks, famous all over the south, is causing no end of trouble at Greenville, where the Florida Alligators are trying to get ready for their clash with South Carolina at Columbia on Saturday.

Coach Bachman and his "Gators" will entrain for the north tonight with very little progress made against the baffling Laval shifts. In fact, Coach Bachman is on record as saying the rules committee ought to do something about such trick stuff as the "crazy quilt."

The South Carolina-Florida clash is the only conference game on the week-end program, most of the elevens being in the midst of intensive preparations for Thanksgiving Day battles, which, in some cases will rine down the 1929 curtain.

From Blacksburg, Va., where Virginia Poly is getting ready for its annual battle for blood with Virginia Military came news of the most distressing nature for Gobbler supporters.

Dexter Hubbard, around whom the Virginia Poly forward wall is built, fractured a leg in the Maryland game last week and will not be available for duty against the Lexington Cadets.

Coach Harry Mehre, the Georgia trainer, has been giving his Bulldogs special rehearsals in passing all week and is trying to work out a defense for Tony Holm and his Albatross running mates.

Both Tennessee and Kentucky, which meet at Lexington in one of the holiday feature clashes, are prepared in tip top shape, while Coach Bernie Eierman thinks he will be able to send his full Tulane strength against Louisiana State at New Orleans.

One of the oldest sectional games in the country will bring North Carolina and Virginia together at Chapel Hill. The Tar Heels are anxious to repeat their triumph of last year, although Chuck Collins has warned them that the Virginia team is steadily improving and will be hard to turn back.

Vanderbilt and Sewanee, ancient rivals, meet at Nashville and Georgia Tech. will take on Auburn at Atlanta.

Saturday will find the conference teams playing outside opposition. North Carolina State journeys north to play Wake Forest at Philadelphia. Duke will try to get ready for its North Carolina University game against Wake Forest at Durham and Citadel and Clemson will meet at Clemson College.

The high spots of the S. I. A. A. program send Oglethorpe and Mercer against each other at Atlanta and Howard against Birmingham Southeastern at Birmingham. Centenary and Louisiana Poly play at Saratoga.

Same Clubs Stay In Sally League Another Season

Charlotte, Nov. 21.—(AP)—The eight clubs which wound up the South Atlantic association's five-year agreement with the past season were all set today for another whirl at the national pastime under about the same management.

The new five-year contract agreed to here by the club directors and President William G. Bramham binds the clubs to practically the same features which existed in the contract which has just ended.

The league magnates tinkered a bit with the rules for the coming playing season, but not greatly, and they passed over whatever opportunity the meeting gave for dipping into the league surplus.

Voting a split season, the directors added an incentive for a club strong enough to take the first half to come back and grab the second section of the race. The incentive is no less than \$1,000, formed by each club chipping in \$200 and the whole pot to go to any club that can take both ends of the league.

Details of the league schedule were set with President Bramham, who will meet out tentatively and present it to the league governing board, but the date for beginning of the second half was set for July 3.

One of the four class men, or players who have seen service in better than Class B ball, was lopped off, the directors holding that no club should have more than three for the coming season instead of the four allowed last year.

Except for permitting rookies of last season to retain that status during this coming season despite a year's experience in Class B ball for some of them, no change was made in the much discussed rookie rule.

Continuing to take depositions in suit against Gene Tunney.

Little Rock, Ark., Nov. 21.—(AP)—Attorneys taking depositions to be used in the trials of the two suits for \$500,000 each brought against Gene Tunney, retired heavyweight boxing champion, by Mrs. Katherine King Fogarty and her husband John Fogarty of Fort Worth, Texas, today transferred their activities to Little Rock.

SPORTS SLANTS

When the 1929 gridiron campaign opened, one of the main topics was whether Roy Riegels, the big, blond captain of the University of California, could "take it."

In the New Year's Day climax to the previous season, Riegels stunned his partisans as well as the football world in general by doing one of the stunts that are written about but seldom seen—dashing about 70 yards the wrong way after recovering a fumble. His team lost the game, to Georgia Tech, by the margin of a single point, as a safety was the outcome of that backward dash.

However crushing that blow was to him at the time, Roy Riegels has come back. Not only has he "taken it" but this season he has played the game of his life, leading California to the top of the Pacific Coast Conference in one of the season's biggest surprises and stamping himself personally as a prospective All-American center.

If that isn't a story-book come-back, there never was one. Riegels' jump from being the "goat" of one season to a hero of the next is as dramatic as any development of the year and that includes the meteoric rise of Yale's Albie Booth.

Riegels has the right perspective and a sense of humor as well as natural football ability. At a dinner in San Francisco last August, where the Pasadena game was a topic, Roy prefaced a short speech by remarking:

"I still think I was going the right way."

When I asked him what he had been doing to get into condition for this season, he grinned and said:

"Oh, I've been working on an asparagus farm all summer."

Six feet tall and weighing 175 pounds, Riegels is rangy and fast. He plays a roving center on defense, hopping all over the field to make tackles and displaying an intuitive ability to diagnose plays. He was a star against Pennsylvania, and at Los Angeles was the outstanding lineman of the day as California whipped Southern California. This was the Oakland youth's first appearance in the motion picture belt since his disastrous stunt at Pasadena and the big crowd in the Coliseum watched him stage a great come-back.

Centers seem to flourish on the Pacific Coast, among other things, and two of the best will come to grips when Riegels opposes Heinicke of Stanford in the "big game" on November 23 at Palo Alto. The East has seen both perform, for Heinicke was a play-wrecker in the game with the Army in New York last December. The Stanford star was a casualty at the start of the season but apparently has returned to form. If Riegels can outplay his stocky Cardinal rival he may clinch the All-American honors that seem within his grasp.

Baseball prospects in the Eastern Carolina League for the 1930 season will be canvassed at a meeting of the directors of the league at the Hotel Goldsboro tomorrow night. Judge W. G. Bramham, president of the league, will preside at the meeting.

Three of the clubs in the league, Fayetteville, Goldsboro and Kinston are known to have deficits, and the status of the others was stated as "doubtful."

Word received here from President Bramham, however, was that he expected the league would shape itself up all right and go into its third year.

Canada is America's best customer for refrigerating equipment. Australia is the second leading market.

WILSON WILL PLAY LOCALS HERE FRIDAY

The last game of the conference scheduled for the local High School aggregation will be played here on Friday when Wilson, leaders in the percentage column, will come here for the grand finale. With the record of the visitors and the reputation of the Greenville team to play twice as well against an opponent of much known power, an interesting game will be easily foreseen.

Coach Porter's boys have been working out faithfully and will present a better front in the coming contest than they have all year. As many as possible can come out to see this last appearance of the best little fighting team that Greenville has had representing its school in a long time.

The game will be played at the Greenville Heights School football grounds, the kick-off being called for 3:00.

Westerners can give the Cadets just the sort of work they need to be in fine fettle for Notre Dame a week later.

Villanova and Temple worked hard yesterday for their respective games against North Carolina State and Drake.

GRID SQUADS PREPARE FOR NEXT FIGHTS

When I asked him what he had been doing to get into condition for this season, he grinned and said:

"Oh, I've been working on an asparagus farm all summer."

Six feet tall and weighing 175 pounds, Riegels is rangy and fast. He plays a roving center on defense, hopping all over the field to make tackles and displaying an intuitive ability to diagnose plays. FIREMEN RESCUE CREW OF BURNING YACHT

Vero Beach, Fla., Nov. 21.—(AP)—A Philadelphia yachtman, Fred C. Cobb and two men companions, enroute to Palm Beach, today expressed their thanks to the local fire department for a speedy rescue near here last night from their burning craft, the Grace.

The firemen, attracted by distress signals, sent up when the yacht's crew failed to make satisfactory progress in pumping operations, put out to sea in row boats, took off the passengers and assisted in safely maneuvering the 50 foot boat ashore. The names of Cobb's companions could not be learned.

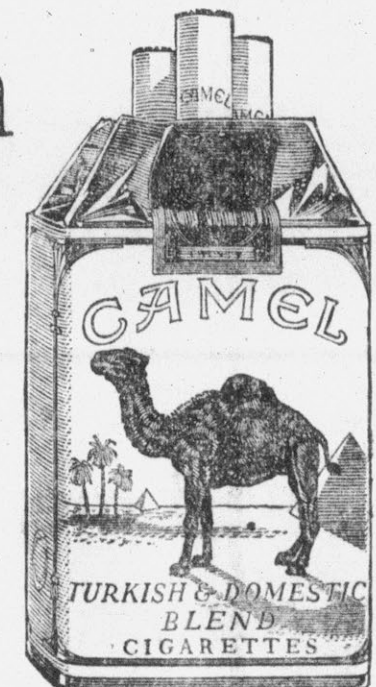

FIGHTS LAST NIGHT

Mason City, Ia.—Eskimo Gratio, Dead Horse, Alaska, outpointed Bob Graham, Kansas City, (10); Hymie Wiseman, Des Moines, Ia., stopped Johnny Ryan, Omaha, Neb. (1).

Ponies, Iceland's leading form of transportation, are being supplanted by the American automobile.

Camel has the quality that smokers depend upon

It is all right to experiment but a pity to spend too much time experimenting when you might be enjoying the fragrant pleasure of smoking Camels.

It has been the experience of many smokers, after trying other brands, that Camels give constant and unflinching pleasure. Their mildness, due to choice tobaccos and expert blending, makes it possible to smoke them liberally without any tiring of the taste. This quality, which smokers have learned to depend upon, will be maintained, because Camels are made for those who know and appreciate the real pleasure of smoking.

when they learn the difference they flock to Camels

U. S. ARMY BAND HERE NEXT MONDAY

The United States Army Band "Pershing's Own," will receive a royal welcome when they arrive in Greenville on Monday morning on the 10:08 train. Delegations from the different organizations of the town, led by the American Legion, with representatives from the Woman's Auxiliary, will meet the train with automobiles and take the men to the hotel. There are fifty-two men in the band. The representatives from the Kiwanis and Rotary clubs and the Merchants Association added to these will make an imposing procession.

The merchants have been requested to have the flags out on the street as a salute to the members of the United States Army, and these will be kept out all day in honor of the band.

The members of the band wear their regulation uniform exchanging it for the cadet grey when they appear officially as a band, either in official parade or on the stage.

The two concerts will be given in the Campus building of East Carolina Teachers College, the matinee at 3:30 and the evening concert at 8:30. Tickets will be sold at the door.

Grade Visits Capital City.

The sixth grade of the Training School went to Raleigh on Thursday of last week. With Col. Fred A. Olds as guide, the following places of interest were seen: State Capitol, Hill of History, Museum of Natural History, Governor's Mansion, W. P. T. F. broadcasting station, School for the Blind, Dix Hill, State Prison, Mt. Vernon of the South, Zoo, and a granite quarry.

Those in the party were Leo Burks, Leodora Diamond, Irma Cobb Dunn, Helen Foley, Louis Stuart Ficklen, Robert Fields, Martha Jane Gates, Elizabeth Gates, Richard Harris, Mary C. Horne, Alton Johnson, Lou Nichols Joyner, J. A. Joyner, Charles Musselwhite, Matt Phillips, Frances Rock, Marguerite Rogerson, Lula Hackney Ruffin, Herbert Scoville, Earl Shuff, Phyllis Shuff, Ronald Slay, J. B. Parents-Teachers Meet.

Farmville, Nov. 21—The Farmville Parent-Teacher Association held its November meeting this week in the school auditorium at three o'clock.

The meeting was called to order by the President, Mrs. Loyd Smith, and opened with invocation by Dr. Frank Dean of Wilmington, Episcopal minister, who also made a practical talk during the course of the program on "Laying the Foundation for Good Citizenship."

Carrying the suggestion of book reading was a very delightful play on familiar rhymes and stories enacted by pupils of the grammar grades.

The monthly attendance prizes were given to the following:

was won by Grade 4, Miss Sallie Norwood, teacher. The December meeting was changed from Friday to Thursday.

Merry Matrons Meet.

Farmville, Nov. 21—The home of Mrs. Leslie Smith was beautifully decorated with autumn flowers on Tuesday afternoon when she was charming hostess to the Merry Matrons.

The general topic, "Windows, Doors and Their Treatment," was developed by papers on "Shades and Awnings," by Mrs. J. W. Lovelace and "Curtains, Draperies and Portieres," by Mrs. A. C. Monk. A program of piano and vocal selections was rendered by Mrs. J. M. Hobgood and Mrs. M. V. Jones.

A delightful sweet course was followed by cheese crisps and black coffee. In addition to the club members Mrs. Smith had as guests: Miss Jessie Heame, Mesdames George E. Beckman, Wesley Willis, Sarah Hassell, Arthur Tugwell, A. W. Bobbitt, Clifton Corbette, M. S. Crinkley and John Stanell.

FALKLAND NEWS

Frank Parker, Jr., has gone to Richmond, Va.

Mrs. C. A. Lawrence and brother, George Crisp, left for Vass Monday where Mrs. Lawrence will make her home.

Miss Emma Gorham, who has been visiting in Rocky Mount, has returned home.

The regular monthly meeting of the Ladies' Bible Class will meet with Mrs. W. J. Moore on Friday night.

Miss Ruth Pittman spent the week-end at home.

Rev. Leonidas Manning will preach here next Sunday night.

The donations for the orphans was a generous one and very gratifying to the Sunday school members.

Mrs. C. H. Andrews and children of Raleigh, spent Saturday here visiting Mrs. Luella Stanell.

Friends here of Capt. Richard Williams feel very sad to learn of his departure from this life. We extend heartfelt sympathy to those left behind.

Army Band Will Play at College Here on Monday

The program for the United States Army Band will have running notes along with the selections that will be played at the matinee and evening concert at East Carolina Teachers College on next Monday, November 25. This makes the music much more delightful to the audience. They anticipate the different themes and the story in print retold in music has an added charm.

On the program are some of the selection that have been discovered from the civilizations of the past and have been re-written for the modern world. It is interesting to the Pan-American Union chose the United States Army Band as the representative of Latin-American music at the expositions in Spain last summer—Captain Stannard and his musicians interpreted the western world south of us to their satisfaction of both. There are several selections in the programs that the band played in Spain last summer at the expositions in Seville and in Barcelona. The conductor of "Pershing's Own" naturally appreciates tributes to war heroes, so there are several of heroic marches.

There are several selections in the programs that the band played in Spain last summer at the expositions in Seville and in Barcelona. The conductor of "Pershing's Own" naturally appreciates tributes to war heroes, so there are several of heroic marches.

There are several selections in the programs that the band played in Spain last summer at the expositions in Seville and in Barcelona. The conductor of "Pershing's Own" naturally appreciates tributes to war heroes, so there are several of heroic marches.

Captain Stannard is a composer himself with no small reputation and his experience in Spain inspired him to compose a piece of music commemorating this experience.

Return From Wedding Trip. Mr. and Mrs. Jesse Smith have returned from their wedding trip to New York, Washington and other northern cities. They are making their home on East Ninth street.

To Ex-Service Men.

Don't forget that December 31st, 1929, is the last day for filing your claim for adjusted compensation. All men, both white and colored, who have not yet filed their claims should immediately get in touch with some officer of the local post of the American Legion, with a view to filing their application. December 31, 1929, is positively your last day.

Bus Lines to Get Hearing in Capital City

Raleigh, Nov. 21—(AP)—The State Corporation commission tomorrow will hold several hearings of bus lines seeking to get franchise for operation of Interstate carriers on North Carolina highways where Interstate bus lines are

already in operation.

Among the applications to be heard will be that from the Southern Motor Transit company of Virginia and South Carolina. State lines via Norfolk, Raleigh, Sanford, Pinehurst, Aberdeen and Rockingham.

The Nevins-Southern Bus company seeks a franchise to operate Interstate traffic through North Carolina via Norfolk, Henderson, Raleigh, Durham, Chapel Hill, San-

ford, Aberdeen, Hamlet and Rockingham.

The Piedmont Special, W. A. Watkins, wants permission to operate between Raleigh and Lexington via Cary, Pittsboro, Siler City, Ramseur, Ashboro.

The Safety Transit company is seeking a franchise to operate between Raleigh and the South Carolina state line via Craven and Sandhills via Cary, Sanford and Rockingham.

Some Golfer

Belmont, Mass.—James Cash, Jr., of Omaha, student of the Harvard law school, is quite a golfer. Would an unwanted disturbance hamper his game? Well, an earthquake, the only one he has played in, improved it. Just after he had walked the ball from the tee of a par three hole at Belmont Springs there came an earth tremor. Cash found his ball in the cup.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Nov. 21.—(AP)—Cotton opened steady at a decline of 1 to 11 points today. The census report showing 11,989,308 bales ginned prior to November 14th was about in line with expectations and had evidently been discounted. Its failure to stimulate fresh buying appeared a disappointment to holders of contracts and offerings increased after the opening with active months showing net losses of 11 to 14 points by the end of the first half-hour.

There was further liquidation and switching from December to later months, while a little more southern selling was reported on the decline which carried the price of January off to 17.62 and May to 18.16.

Liverpool cables said that declines there under hedging, continental and Bombay selling had been checked by covering and local buying on the reduction in the Bank of England rate.

fair support around that level. American Can converted an early gain of 2 points into a gain of 4. Otis Elevator dropped 21 points and rallied 7.

General Electric was marked up 12 points on buying influenced by the announcement that the Pennsylvania Railroad was ordering \$16,000,000 worth of electric locomotives from that and other companies. Westinghouse Electric, North American Standard Gas & Electric, American Tobacco Issues, U. S. Industrial Alcohol, Warren Bros. Air Reduction and Public Service of New Jersey also recorded substantial gains.

GRAIN MARKET

Chicago, Nov. 21.—(AP)—Wheat buying took on big proportions today, and prices went soaring. About 18 per cent of the total acreage seeded in Argentina was reported abandoned, and estimates of the Argentine exportable surplus of the new crop were cut down to as low as 91,000,000 bushels, the bottom-most figures yet mentioned. Black rust also was reported in Southern Argentina, and with harvest three to four weeks distant over that section the rust spread there was said to carry a heavy additional menace to the Argentine crop.

Wheat closed unsettled 2 1-8 to 2 3-8 higher than yesterday's finish; corn closed unchanged to 3-8 off; oats 1-4 to 1-2 up and provisions varying from 2c decline to an equal advance.

STOCK MARKET

New York, Nov. 21.—(AP)—Stocks prices made further recovery in today's market after an early period of heaviness in which several of the recent leaders lost 1 to 4 points. These losses were largely recovered and a long list of issues marked up 1 to 10 points, with the rails taking a prominent part in the advance.

Early selling is believed to have represented profit taking on the part of nervous traders, who had accumulated profits in the brisk rally earlier in the week, and also some experimental short selling on the part of bearing professionals. The early decline failed to bring out any appreciable volume of stock leading to a brisk short covering in the latter half of the session.

Credit conditions continued easy. Call money dropped from 5 to 4 1-2 per cent and bankers' acceptances were again reduced 1-8 of 1 per cent by a few dealers, making the 11th reduction in the last month. The time money market was quiet with 5 to 5 1-2 per cent the ruling rates. Inasmuch as prices have advanced during the greater part of the last week, Wall street would not be surprised at an increase in Federal Reserve brokers' loans although it is possible that a further decrease may be shown as a result of the belated liquidation of weakened speculative holdings and their transfer from weak to strong hands.

U. S. Steel, common, which sagged to 165 1-2 in the early trading, snapped back to 170 and received

INTENSE PAIN IN HEAD & BACK

Mississippi Lady Says She Took Cardui and Felt Stronger, Better.

Jackson, Miss.—"A few years ago, I found that I was very weak, and that nothing I ate seemed to give me any strength," says Mrs. R. B. Douglas, of 704 Congress Street, this city.

"I suffered intense pain in my head and back. At times, I would have to hold on to something to steady myself, so as to do my little work. I was worried about my condition.

"My mother told me that I should take some Cardui. After taking two bottles, I felt stronger, but I kept on taking Cardui until my head and back quit hurting. I took six bottles in all, and have never quit praising Cardui since then."

"Thousands of other women, who had been in a run-down, suffering condition, have reported that after taking Cardui their health was better."

"The medicinal value of the herbs from which Cardui is extracted has been well-known in the history of medicine for more than six hundred years. Get a bottle, today."

TAKE
CARDUI
IN USE BY
WOMEN FOR OVER 50 YEARS

While taking Cardui, a good laxative to use is Theodor's Black-Draught, 25¢ a package.

After all, the first duty of a stove is to cook. Far more important than the shining beauty of this new Perfection model is the fact that it will enable you to cook any dish perfectly and quickly. Broiled steak, that requires intense heat... angel food, that must have a slow oven... cook these at the same time, if you wish. They will both be delicious.

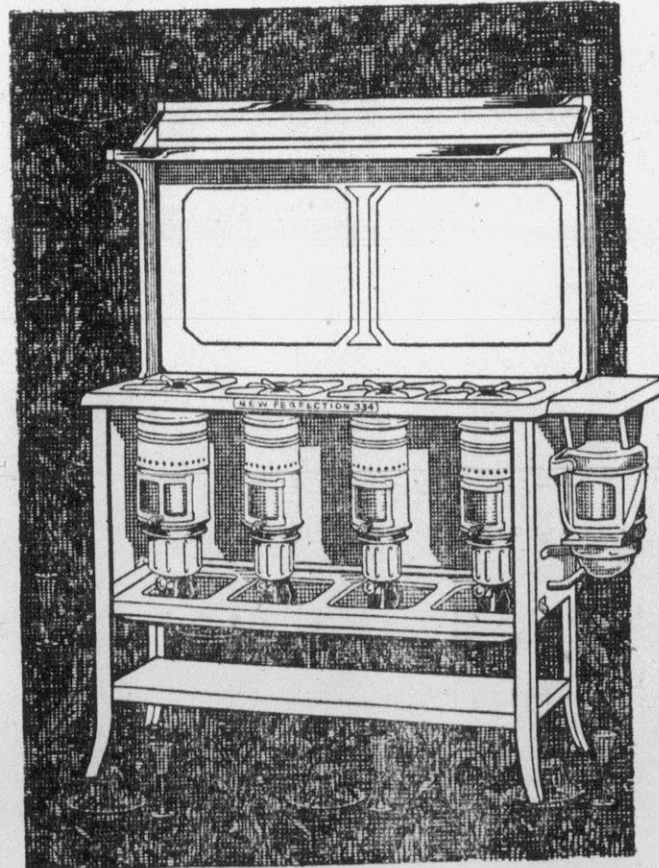

This clean, intense cooking heat comes from four Giant Superflex burners—one a "Big Giant." All have automatic wick stops. Flame can't go too high.

Porcelain Enamel Finish

The finish which helps to make this stove so beautiful is porcelain enamel and Perfectolac... snow-white, silver gray, dove gray. It cannot rust or wear out.

Other modern features are: a closed-in back... three convenient shelves... removable tray below the burners... reversible reservoir... large lower reservoir.

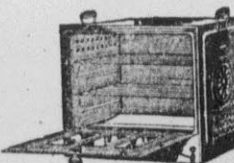

This stove is one of Perfection's newest

models, which include ranges with built-in ovens... long chimney, short chimney and gasoline stoves—any kind you want. Prices, \$18 to \$164. Your dealer will doubtless offer you the convenience of time payments.

Use a "Live Heat" Oven

For perfect baking, use a Perfection or Puritan "Live Heat" oven, in which heat rushes in at the bottom, circulates quickly around the foods and down between the double walls. This gives a third wall of "live heat", speedier baking and better flavored foods.

"Live heat" ovens mean perfect baking.

out this section of the state and everybody looked up to him and respected him for his honest and straightforward way of dealing with them. He was just as much a friend to the tenant farmer as to the giants of finance and industry and it was this quality that enabled him to gain such a permanent niche in the hearts of his fellowmen.

Ayden to Play Oxford Tomorrow

Members of the Ayden High school football team will go to Oxford tomorrow to play the High school of that place for the championship of the east. Should the Pitt county boys win, they will go to Chapel Hill to play champions of the west for state honors.

I was stated today that the Pitt county boys would be accompanied by a delegation of two hundred or more "rooters." It was expected that numbers of people from Greenville and other points would attend.
