CHINESE CIVIL WAR COMES TO ABRUPT CLOSE

Views of America on Manchurian Situation Communicated Tokyo Today

Complete cessation of hostilities on China's civil war fronts in Honan and Hupeh provinces was disclosed today in a series of dispatches...

Advices from Hankow said fighting between the rebellious Kuomintang, or "people's army," and nationalist troops had stopped with a suddenness that took all observers by surprise...

Chiang Kai-Shek, president of the nationalist government and head of its military forces, returned today to Nanking with a purported program of "sweeping changes" which is expected to give his late enemies, the Kuomintang, a measure of recognition.

Simultaneously the "peoples army" was reported to be evacuating both Honan and Hupeh. Nationalist troops which had been fighting the Kuomintang were said to be withdrawing also...

Japanese dispatches to Shanghai from Hankow, quoting sources usually well informed, asserted reports had been widely circulated that the nationalists had bribed the Kuomintang to cease fighting.

This report said it was generally believed that Chang Kai-Shek, during his recent trip to Honan, had succeeded through Yen Kai-Shan, Governor of Shansi province, in convincing General Fung Yu-Hsiang, head of the Kuomintang, to withdraw his troops in return for 10,000,000 Mexican dollars (\$5,000,000).

This dispatch also quoted another report that Chang had paid the Kuomintang commander \$8,500,000, for which Fung and Yen had agreed to cease hostilities.

Tokyo, Nov. 27.—(AP)—The views of Secretary of State Stimson on the Manchurian situation were communicated to Tokyo today by Ambassador DeBuchi, following his conversation with the American secretary last Monday...

The foreign office disclaimed any intention of taking action at the present time, either independently or in concert with other nations.

Secretary Stimson was quoted as saying the United States favored the renewed war-like activity between the Russians and Chinese as serious, and in the event suggestions by the United States might be thought of value in clearing the situation, they would be made.

Tokyo's equanimity regarding the situation was expressed as due partly to confirmation of reports that the Russian invasion had not reached Khabarovsk and had made but little progress, if any, during the last two days, and also to official confidence that the Russians do not intend a permanent occupation of Chinese territory nor to seize Harbin.

Nevertheless an official Russian communique broadcast today from Khabarovsk, Siberia, declared that "further punitive measures" might be necessary.

It was learned that Baron Kijuro Sadahara, Japanese foreign minister had seen neither the Russian ambassador nor the Chinese minister this week but conferred with the former last Friday, when it was believed assurances were given that led to the Japanese viewpoint of the situation.

The Japanese ambassador at Moscow has been advised of the safety of Japanese residents in the affected zones.

Local Postoffice to Close Thursday

The local postoffice will be closed Thursday in observance of Thanksgiving. The general delivery window will be open from 11:30 to 12:30, but the registered letter and money order divisions will be closed all day.

Public Utility Concerns To Spend \$1,500,000,000 For Expansion Programs

Washington, Nov. 27.—(AP)—President Hoover was informed today by representatives of the Public Utility Corporations that those organizations would spend approximately \$1,500,000,000 in improvement and expansion programs during the coming year.

This information was conveyed on the basis of a survey made at a meeting of the utilities representatives yesterday in New York City.

It indicated probably the largest construction program for any single industry in the country and added enormously to the grand total reported to the President at the series of recent business conferences at the White House.

More than a score of representatives of utilities companies gathered at the White House for a conference with the chief executive. Three separate reports were submitted, one by the electric light and power group; another by the representatives of the larger gas companies and the third was spokesman for the street railway industry.

Mathew S. Sloan, president of the National Electric Light Association issued this statement through the White House:

"The electric light and power, manufactured and natural gas and electric railway utilities contemplate the expenditure of \$1,400,000,000 during 1930 for new construction and expansion of facilities, an increase over the corresponding expenditures for 1929 of \$110,000,000.

"In addition to this amount they will spend to maintain existing properties \$410,000,000.

Keeping with our regular custom, there will be no issue of The Daily Reflector tomorrow. Both the business and mechanical departments will be closed while employees of the paper observe Thanksgiving holiday.

President Plans Quiet Observance for Thanksgiving

Washington, Nov. 27.—(AP)—Thanksgiving will be observed at the white house tomorrow in a quiet, old-fashioned way.

In the morning President and Mrs. Hoover will attend church and then will spend the balance of the day with a few friends.

When evening rolls around, the handsome mahogany table in the state dining room will be filled with delicatessen and wild turkeys along with the trimmings found on the board of most American homes.

Mr. Hoover will have no business engagements, and along with all governments, his executive office will be closed.

The two sons of the president will not be with their parents so that note of the family atmosphere will be missing. They are coming for the Christmas holidays when there will be a Christmas tree and toys for the children of Herbert Hoover, Jr.

Six turkeys already have arrived at the white house. So far as the president is concerned, he is looking forward with particular pleasure to the wild gobbler sent by William M. Moody, postmaster of Washington. Two large domesticated turkeys were sent from northern Minnesota and one each from North Dakota, Iowa and California.

Hope Rises for Safety of Flier Lost in Siberia

Nome, Alaska, Nov. 27.—(AP)—New hope rose today for the safety of Carl Ben Eielson and his mechanic, Earl Borland, missing since they took off November 9 from Teller, Alaska, on an attempted flight to the ice-locked ship Naik as the result of a report by a native dog team driver that he had seen smoke in an isolated spot near North Cape, Siberia.

The Naik is ice-bound with the Soviet ship Stavopol at North Cape and Eielson was attempting a rescue flight when he disappeared. Searchers have acted on the theory that he might have been forced down on the Siberian coast by gales which swept the snow covered section.

The native said the smoke he sighted was about 36 miles from the Naik. Eielson carried a small stove and a large quantity of gasoline, with which it is believed he may have sent up a smoke signal.

Hope was further increased by the fact that this last report coincided with another by a Russian trapper, who said he heard the drone of a plane motor in the same region on the day Eielson and Borland dropped from sight. Fog hid the plane from his view.

'Asked To Resign'

Patrick "Paddy" Harmon, who conceived the Chicago Stadium corporation, has been requested to resign as its president.

The American Gas Association statistical department estimates that expenditures for construction by the manufactured and natural gas industry of the United States in 1930 will aggregate approximately \$425,000,000, an increase of about 6 per cent over the corresponding expenditure in 1929.

Several other cases were disposed of during the day, the majority consisting of charges of violation of prohibition laws and driving automobiles while under the influence of whiskey.

Floyd Brown, colored, charged with larceny, was sentenced to nine months in jail by Judge W. L. Whedbee presiding over the regular weekly session of County court this city yesterday.

Several other cases were disposed of during the day, the majority consisting of charges of violation of prohibition laws and driving automobiles while under the influence of whiskey.

Ben Beacham, convicted of selling whiskey, was fined \$50.00 and cost and given a 12-month suspended sentence to the roads.

Found guilty of possessing whiskey, Arthur Ricks and Elliot Boyd, colored, were fined \$50.00 and cost and given a six months suspended sentence to the county roads. They were also charged with driving while drunk.

T. B. Boyd, convicted of driving while drunk, paid a fine of \$50.00 and cost and was ordered not to drive again in 90 days.

James Gray, charged with larceny, had judgment suspended upon payment of cost and \$50.00 to R. L. McElwain. Gray, who was involved in the same case but was judged not guilty.

While they would not comment on the arrests other than to confirm them, Federal court attaches intimated that the officials were not actually engaged in liquor traffic, but were cognizant of it and had not moved to stop it, thus becoming liable under the law.

The thickest blanket of fog in the memory of the oldest inhabitant, mixed with dense smoke from forest fires in this vicinity, has rendered lighting so ineffective that automobiles have been abandoned for night use. Tourists rely upon guides to help them about the city and taxicabs have been refusing to answer calls at night.

The weather bureau is unable to predict when the blanket will lift. Rain is needed to dissipate the fog and smoke and there is no sign of it thus far.

Man Arrested for Shooting 2 Women

Chicago, Nov. 27.—Morgan Ginson, 24, whose habit of "bragging about being from the south" finally led Miss Florence Kohl to break her friendship with him, was arrested today for shooting Miss Kohl and her sister, Mabel.

The sisters, seriously wounded, identified Ginson as the man who shot them last night at their apartment after Florence had told him to leave.

"As first I liked him," the young woman said, "but he kept telling about how 'southern' he was—from Birmingham or Nashville I've forgotten which—and it finally got to be more than I could stand."

"When I told him I didn't want to see him again, he got excited and pulled a pistol. He said if I couldn't have me, no one else would then he began firing."

Ginson, a six footer who said he used to be in the marine corps, was arrested at his rooms several hours after the shooting.

Dozen Oklahoma Banks Failed to Open Doors Today

Oklahoma City, Nov. 27.—(AP)—Graves Shull, state bank commissioner, announced today that 12 state banks failed to open their doors today. The closings were an immediate result of the death last night of H. A. McCauley, 55, of Sapulpa, who was interested in all twelve.

Representatives of the bank department were placed in charge at each institution. The banks announced as closed were: Sapulpa State Bank; the Bank of Mounds; Henrietta State Bank; Bank of Commerce; Weleetka; First State Bank; Vian; Citizens State Bank; Webers Falls; Davenport State Bank; Milton State Bank; First State Bank; Teriton; Avanh State Bank; Keystone State and the Bank of Kellyville.

Dr. J. E. Owen of Asheville and Eckford Hodgson, both employees of the Eastern Air Express, and John Warren, employe of Curtiss-Wright, are charged with the theft of an airplane from the airport here Nov. 2 after holding up the airport watchman who had been deputized to guard the plane.

The plane, a three ship of the Eastern Air Express, had been attached by failure to make payments but Dr. Owen and the others are alleged to have removed it from the airport here by force and flying it to New York, where they were all placed under arrest.

A second extradition hearing in the case is set for next Monday before Gov. Franklin D. Roosevelt in Albany, N. Y. North Carolina has retained George Gordon Battle, New York attorney to represent its interests at the hearing. The first hearing was stopped due to alleged irregularities in the requisition papers. New papers have been issued.

Paris, Nov. 27.—(AP)—Two American women and one American man were granted divorces in the Paris courts today.

Mrs. Maria Winslow Beers was given a decree from Herbert Stewart Beers, to whom she was married in 1926 at the American Consulate at London.

Mrs. Caroline Carruthers Clement was granted a decree from Joseph Taylor Clement, described as an officer in the United States Army stationed at Charlotte, N. C. They were married in May, 1913.

Robert Sate was given a decree from Marie LaForge Sage, whom he married in Detroit, September 12, 1926.

Search Cemetery for Missing Man

Seattle, Nov. 27.—(AP)—An unmarked grave in an isolated cemetery near Malibu, Wash., today became the focal point in the search for the body of James Eugene Bassett, Annapolis, Md., man who disappeared here in September, 1928.

The grave is within the area which prosecutor Fwin D. Colvin declared was revealed to him as the burial place by Decastro Earl May, a suspect in the case, while May was being subjected to tests with "the detector" machine. May, who was convicted of the theft of Bassett's automobile and subsequently sentenced to life imprisonment as a habitual criminal, obtained an injunction restraining Colvin from further use of the machine.

Colvin said he was led to investigate the cemetery by information supplied by three persons whose identity he was not at liberty to divulge. They told him, he said, that they had seen a man answering May's description walking about the cemetery about the time Bassett disappeared.

An iron probe, Colvin said, struck a board or a box at a depth of about two feet. The sexton, James Turner, told the prosecutor that he had dug the grave in question five feet deep, while the casket box was only 22 inches long.

The grave was believed to be that of a man known only as Dillon, who was killed in an automobile about 18 months ago. Efforts were being made to locate his relatives to obtain their consent to open the grave, to ascertain if it contained more than one body Colvin said.

Saes No Indication of Business Failure in Stock Collapse

San Francisco, Nov. 27.—(AP)—E. H. Simmons, president of the New York stock exchange, arriving here from Hawaii, said he saw no alarming indication of business failure in recent stock market crash.

"The man who thinks that the United States has anything fundamentally wrong with it is very foolish," Simmons declared. "I am confident there is no cause to worry from this crash."

Simmons and his wife returned here after spending a month in Hawaii.

Wake County Threatened With \$1,000,000 Suit By General Aero Corporation

Raleigh, Nov. 27.—(AP)—Wake county was today threatened with a million dollar damage suit by the General Aero Corporation of America in a telegram received by Mayor E. E. Curbeth, and copies of which were sent the Raleigh Times and "all southern newspapers."

The telegram protested that two employes of a subsidiary of the General Aero corporation—men employed by the Eastern Air Express—were falsely arrested.

Dr. J. E. Owen of Asheville and Eckford Hodgson, both employees of the Eastern Air Express, and John Warren, employe of Curtiss-Wright, are charged with the theft of an airplane from the airport here Nov. 2 after holding up the airport watchman who had been deputized to guard the plane.

Union Services at Immanuel Baptist at 10:30; Observance Here Be Quiet

With the tobacco market, banks and all public buildings closed, Thanksgiving day is expected to pass off quietly and in an old-fashioned way in Greenville tomorrow.

The only outstanding feature in connection with observance of the day will be the annual Thanksgiving union service at Immanuel Baptist church where large numbers will gather at 10:30 in the morning to return thanks for the many blessings bestowed upon the community during the past year.

The services were to have been held in the Christian church but improvements now underway in the auditorium made it impossible to hold the services there.

The services will probably be the most inspirational in years. The sermon will be delivered by Rev. Thomas E. Beaman, pastor of the Free Will Baptist church. The Christian church choir has prepared an elaborate musical program under the direction of Miss Eugenia Thomas, director of Public school music at the East Carolina Teachers college.

The public-members of all churches have been given a cordial invitation to attend the services and help express gratitude for the beautiful blessing enjoyed by the locality.

The annual trek to other sections of the State to attend football games and to visit friends and relatives got under way this afternoon. Numbers of men were planning one-day hunting trips to the lower part of the State in quest of "big game, while others were arranging to hunt in nearby districts.

Bring Home Bodies of U. S. Soldiers Killed During War

New York, Nov. 27.—(AP)—After lying for ten years in lonely Siberian graves, the bodies of 75 American war dead were approaching their homeland today to receive the honors of their country.

The steamship President Roosevelt of the United States lines, is bringing the bodies from France on the last lap of their long journey. It is scheduled to arrive at its Hoboken pier either tomorrow night or early Friday. The ship has been delayed by heavy gales.

The Americans had been sent to the Archangel front as part of an allied force to prevent the Germans from seizing the North Russian ports for submarine bases after the Russian revolution. They were members of the 339th infantry, 310th engineers, 337th ambulance company, and 337th field hospital.

Some of the men were killed in action, others died of wounds, disease and exposure. In 1919, 102 bodies were returned to this country. The others have lain in scattered graves along the Trans-Siberian railroad until recently when they were removed through the efforts of the Veterans of Foreign Wars. Eleven more bodies still are in France awaiting word from relatives now living in Europe.

STEALS TURKEY GETS BULLETS

Chicago, Nov. 27.—(AP)—John Janis has a wife, seven children and two bullet wounds in the leg. Broke and jobless, Janis saw a turkey hanging in a butcher shop. He took it, he owner shot him. Tomorrow will be just Thursday out at Janis' house.

Death Penalty Sought for Five in Murder Case

Mountain View, Ark., Nov. 27.—(AP)—The death penalty, imposed upon one man in Stone county in the last quarter of a century, will be sought by Prosecuting Attorney Hugh Williamson for the five men accused of the torture slaying of Connie Franklin.

Their trial, set for December 16, promises to reveal the full details of the burning alive of the farm hand and an attack upon his sweetheart, crimes which the prosecutor said he believed, were motivated by a desire to prevent the youth from marrying a 16 year old girl of the community. He described Franklin "mentally deficient."

The prosecutor, who will be opposed by his younger brother, former State Senator Ben Williamson, chief counsel for the defendants, expects 15 or 16 witnesses to testify for the state and said that he considered evidence already in possession sufficient to send the five to the electric chair.

Authorities said a virtual reign of terror conducted by a band of night riders had for months sealed the lips of those who had knowledge of the crimes of last March. Until arrests were made, Sheriff Sam Johnson said, few persons would venture to discuss the disappearance of Franklin. The riders, the officers added, flogged the girl the night before the killing.

The sheriff still is seeking four other men in connection with the killing. The accused men are held in separate jails. They have made no statements except to deny any knowledge of the crime.

Two Arrests in Plans to Stamp Out "Radicals"

New Orleans, Nov. 27.—(AP)—A campaign to "stamp out" radicals conducted by city authorities under acting Mayor T. Semmes Walmesley and endorsed by national Commander O. L. Bodenhammer of the American Legion today had brought into custody four suspects, two of whom were charged with violating a state law prohibiting the advocacy of the destruction of the government of the United States.

Victor Aronson and William J. Davis, arrested Monday near a cotton mill while distributing literature which police described as radical, faced prosecution under a state law enacted in 1917. John S. Morgan, 32, seaman, and Leonard Brown, 29, a negro, were seized last night and held as "dangerous and suspicious characters."

Deny Motion for Non-Suit for Strikers

Woman Testifies That Deputy Sheriff Hit Her During the Disorders

Marion, Nov. 27.—(AP)—Motion for non-suit was overruled after defense and state evidence had been completed here today in the trial of Alfred Hoffman, labor organizer, and three strikers charged with rioting and resisting an officer.

Trial of Alfred Hoffman was described today as "a conflict between the cotton mills and labor" by A. Hall Johnson of Asheville, in opening arguments for the defense.

"On the court records," he told the jury, "the trial is called the State versus Alfred Hoffman, Del Lewis, Lawrence Hogan and Wes Fowler, but that is not a correct description. The true title of the case is the Marion Manufacturing Company and the Clinchfield Manufacturing Company against organized labor."

Hoffman and the three strikers are accused of instigating and participating in a riot in the Clinchfield mill village on August 30 to prevent restoration of furniture of an alleged strike-breaker to his home after a crowd of strikers was said to have removed it. The Marion Manufacturing Company has also figured in recent labor disturbances, but the state's case is based on the disturbance of August 30.

Attorney Johnson opened his address with the statement that the judge of the McDowell county court here had "found that the defendants could not get a fair trial in this county" and had sent to Burke, a neighboring county, for jurors.

"The father of Democracy," Mr. Johnson continued, "declared that all men are created equal. All labor men wanted in striking here was a fair deal. Labor union men are as much entitled to the services of the officers of the county as the mill owners—but they didn't get it."

J. W. Winborne opened arguments for the prosecution. He declared that the crowd at the mill villages in rioting in an effort to prevent officers from carrying out their legal duty in restoring the furniture of the alleged strike-breaker.

Mr. Johnson's argument concluded the morning session of the court. The afternoon program included two addresses, one by state counsel and one by defense, with the remainder of the arguments and the charge of Judge G. V. Cowper set for Friday. Adjournment will be taken for Thanksgiving.

Several Injured When Trolley Car Hits Large Truck

New York, Nov. 27.—(AP)—Two trolley cars struck a heavy motor truck unloaded with building material at the junction of Church and Brooklyn Avenues in Brooklyn today, injuring the motorman of one of the trolleys seriously and causing lesser injuries to twenty others. The injured motorman, John Weiland, aged 69, was taken to a hospital with a fractured skull and may die.

The motor truck, driven by Griffith Sullivan, was proceeding across the street intersection, witnesses said just as the trolleys were approaching from opposite directions. One trolley hit the truck a heavy blow, causing it to careen in front of the other trolley car.

Sullivan was knocked from his seat but escaped with minor scratches. He was arrested. The front ends of both trolley cars were caved in. Windows were shattered. Passengers were panic stricken. Most of them were thrown from their seats and some were cut by broken glass.

Ambulances from three hospitals treated all but two of the injured on the scene and they were later able to leave for their home.

John Mann of Brooklyn, aged 76, was taken to a hospital with a possible fractured leg and other injuries.

Begin Anti-Trust Action Against Film Interests

New York, Nov. 27.—(AP)—Attorney General William Mitchell today began two anti-trust proceedings against the Fox and Warner brothers and other film interest charging violation of the Clayton act.

Complaints were filed in the United States District court here. One names Warner Brothers Pictures, Inc., Stanley company of America, controlling 25,041 shares of First National Pictures and First National Pictures, Inc., as defendants.

Recent expansion activities by Fox and Warner Bros., interests, involving the purchase of stock control in competing companies, is said to be the cause of the action.

# G. O. P. AFTER MORE POWER IN THE HOUSE

## Republicans Intend to Increase Membership on Major House Committees

By CECIL B. DICKSON, Associated Press Staff Writer  
Washington, Nov. 27.—The overwhelming Republican majority of 162 in the House forecasts a general shake-up in most of the committee memberships that will strengthen the Republican and weaken the Democratic representation.

Republican leaders have indicated to Representative Garner of Texas, the minority leader, that they desire to increase their membership on the major committees of 21 members from 13 to 14. This would reduce the Democrats from 8 to 7, and would necessitate the transfer of several to other committees.

The Republican majority was increased by the 1928 elections from 34 in the seventieth Congress to 162 in the seventy-first. The House membership of 435, has 267 Republicans, 165 Democrats, one Farmer-Laborer, and two vacancies.

When the regular session begins on Monday, only five committees organized in the special session, will be functioning. The remainder will be organized later in the week after the Republicans and Democrats have selected their committee slates, and submitted them to the House. In them the changes will be made. With approximately 130 vacancies to be filled by both sides, scores of changes are expected. Many members have expressed a desire for changed assignments, while others are entitled to be elevated to more important bodies through seniority and demonstrated ability to handle specific legislation.

Representative Tilton of Connecticut, the majority leader, has called a meeting of the committee on committees for next Tuesday, the second day of the regular session. At that time it will be decided whether to increase the Republican membership and the committee slates will be prepared.

The minority members of the ways and means committee, headed by Representative Garner, will meet Monday to draft the Democratic slate. With the loss of members in the last election, and by death, there are about 60 vacant Democratic posts but Republican action may reduce that number.

Many Republicans favor reducing

the Judiciary and Interstate Commerce committees membership from 23 to 21, cutting off two Democrats and leaving 14 Republicans. Garner opposes this, holding that the importance of the committees justifies the larger membership.

Although they may lose much committee representation, the Democrats are gratified that the quotas fixed for three of the most powerful committees will remain unchanged under an agreement between the parties in the House. The ways and means committee is divided 15 and 10; appropriations 21 and 14, and rules 8 and 4.

# SUNDOWN STORIES

## A CHILLY STORY.

(By Mary Graham Benner)  
"I am a member of the family who begins the very cold weather," said the chilly visitor as he began to explain to Peggy and Jim at the suggestion of the Little Black Clock, what he did.

"Some one must start it—so I chose to be the one. You know how the really cold weather settles down in earnest for the winter? Well, it never does that until I have been around first."

"I go about carrying with me dampness and chilliness and cold air and sharp wind."

"I have lots of all of them in my two suit cases, and I scatter them about as I make my journey."

"Often I receive splendid compliments! Many people say they feel the cold more when I am around than they do when the really colder members of my family arrive."

"Isn't that a fine compliment?" John and Peggy nodded, though they were not quite certain that they would consider it a compliment.

"I get everything in readiness for my family. I see that everything is cold enough. To be sure there are some parts of the country where I do not travel—where they do not have cold weather and where my cold-weather family would not go."

"But I have plenty of land to cover—plenty of country to prepare for my dear winter family."

"I must be on my way now. I mustn't waste—pardon me—spare another moment for chatter."

The chilly visitor was on his way and how very, very, very chilly it did seem.

## Much Interest Centers About Cornell Clash

New York, Nov. 27.—(AP)—With assorted rivals, ancient and modern, ready to square off against each other in holiday games tomorrow, football interest in the east has been diverted momentarily from the interesting engagements with which the season in this sector will be brought to a close on Saturday. The annual battle between Notre Dame and the Army will furnish the big climax of the campaign at the Yankee Stadium on Saturday, but the burning question at this moment is whether a fine Cornell eleven really can halt Pennsylvania's tricky offense tomorrow.

Cornell arrived in Philadelphia today for a drill on Franklin Field where 82,000 enthusiasts will occupy every inch of seating space tomorrow. The Pennsylvania eleven is spending its time on the sea shore in New Jersey and will not return to Franklin Field until the hour of the game.

Syracuse and Columbia will meet here tomorrow in their ninth annual tilt. Syracuse is favored.

Another invader of the Metropolitan Carnegie Tech, is favored to revenge three successive beatings at the hands of New York university.

Undeclared by an eastern eleven, Colgate plays Brown tomorrow at Providence. Colgate is favored.

Pittsburg is in a position to turn on all its power against Penn State in the annual Thanksgiving game

at Pittsburg. A victory over the Pennsylvania team would seal Pittsburg's claim to the eastern championship.

Washington and Jefferson is favored over West Virginia in the annual battle of Morgantown, which dates back to 1891 and which is the oldest of all the Thanksgiving day fixtures. W. and J. holds an edge of 18 victories to seven, with two games tied.

In addition to the army-Notre Dame clash at the Yankee Stadium, Saturday's card is featured by meetings between Dartmouth and the Navy at Philadelphia, Holy Cross and Boston College at Boston and Temple and Villanova at Philadelphia.

## Wall Street Bears Shun the Spotlight

New York.—(AP)—They said the words were full of them, yet experienced Wall street bear hunters, during the recent decline, were unable to smoke out one bona fide bear.

In former days bulls and bears fought very much in the open and the public watched safely from the gallery. Successful bears were not much lower in the Wall street caste system than successful bulls.

Success was the main thing. Wall street was frankly a speculative community. The rules and chances were well known to all players. Even then the bulls enjoyed certain advantages in public esteem, for they usually had patriotism and the constructive viewpoint on their side.

The famous advice to be "a bull on the United States," credited to the late J. Pierpont Morgan and a dozen other leaders of the past generation, always could be invoked by critics of those who make money by pushing prices downward.

But that neither prevented the growth of a class of prominent bears nor checked the flood of exaggerated reports and about the profits of their exploits.

Exaggeration is still the rule today whenever the winnings of bear raiders are described, judging from brokerage house records.

When the public began to use the speculative machinery most of the bears retired from sight. Persistently rising prices took the courage out of them and little was heard for some time concerning their shadowy activities.

The market began to crumble and the bears came padding back, but they were no longer bears.

At least, they declined the name and insisted that rumor had placed them in a false light. With millions of investors looking for someone to blame, modern bears prefer to remain anonymous.

# ALL THE WORK done the day before FOR THIS THANKSGIVING

EVERYONE enjoys the turkey—but who enjoys preparing the dinner? For the fortunate woman who has a General Electric Refrigerator much drudgery is eliminated.

Entrees, salads, desserts can be prepared the day before—and chilled to new goodness and flavor in a General Electric.

Quietly, automatically, this simple trouble-free refrigerator guards food... makes plenty of ice cubes... freezes delicacies.

Only the General Electric has an all-steel cabinet and hermetically sealed mechanism mounted on top. It also has a freezing regulator. See the various models.

More than 350,000 homes are enjoying the economy, convenience and health-guarding service of General Electric Refrigerators... and not one owner has spent a dollar for repairs or service—an unrivalled record!

### TINY TOT CIRCUS TO BE PRESENTED HERE

All children love to attend circuses, and they all love to play circus. They play it out in the barns or under the apple tree or up in the attic.

Now they are going to have a real circus on the stage, with animals and clowns and cages and costumes—and a real audience.

On December 6, the first three grades of the Model School will give their big circus in the high school auditorium at 7:30 o'clock. Everybody knows about it. The children have the enthusiasm and their mamas and papas have caught it.

A very nice lunch was served by the class rooms of the college.

After lunch Dr. Grady Dixon of Ayden, gave a health talk, "Co-operative Health Plan," which was helpful.

Dr. Andrus also gave another talk on "Co-operative Relationships." The following program was rendered:

10:30 a. m.—Opening; Devotional; Music.

10:40—Introducing the Program—Mr. Meadows.

10:50—The School Three-Fold Plan—Miss Parrott.

11:00—The Child a Total Personality—Dr. Ruth Andrus.

NO PRAYER MEETING IN WOODMEN HALL SATURDAY. It was announced today that there would be no prayer service held in the Woodmen hall Saturday night, and that announcement would be made when the services were to begin again.

Mrs. Thorne Hostess. Farmville, Nov. 27.—A most enjoyable party was the Merry Matrons meeting of Tuesday afternoon, when Mrs. John T. Thorne was hostess at her home on Church street. Late fall flowers and foliage were used with artistic effect.

Welfare work was discussed in a business session presided over by Mrs. M. V. Jones and assistance for a needy case decided upon. The program with "Floor Covering" as its general topic, was developed by splendid papers; the first, "Kinds of Rugs and Their Care," by Mrs. R. H. Knott and the second, "Other Floor Coverings," by Mrs. J. W. Parker. Several piano selections were rendered by Mrs. J. M. Hobgood.

Salted pecans and stuffed dates were additions to a congealed salad purse and dainty packages containing home made pralines were given as favors by the hostess as the guests departed. Besides the club members Mrs. Thorne had as guests, Mrs. Plato Monk, Mrs. E. C. Beaman, Miss E. Robinson and Mrs. J. L. Shackelford.

Hostess to Garden Club. Farmville, Nov. 27.—Mrs. A. C. Hodges was hostess to the Garden Club this week. Living Christmas trees, hedges and the conservation of holly and long leaf pine were subjects of discussion, and a conservation pledge was made by members present. Attractive year books compiled by the chairman, Miss Tabitha De Visconti, were distributed at this time.

County Parents-Teachers Meet. The Parent-Teachers Association held a meeting at East Carolina Teachers College Thursday, Nov. 21. Owing to beautiful weather, every town in Pitt county had several representatives.

The program was introduced by Mr. Meadows, English teacher at the college. The first on the program was a talk by Miss Hattie Parrott of Raleigh on "The School's Three-Fold Plan." Her talk was very helpful and interesting.

It was a great pleasure and privilege to hear Dr. Ruth Andrus of Columbia University. Her subject was "The Child a Total Personality." She began with the pre-school child on to adolescence. After he talked an open discussion was held, with questions on child development answered.

A very nice lunch was served by the class rooms of the college.

After lunch Dr. Grady Dixon of Ayden, gave a health talk, "Co-operative Health Plan," which was helpful.

Dr. Andrus also gave another talk on "Co-operative Relationships." The following program was rendered:

JOINT HOSTESSES TO D. A. R. CHAPTER. Farmville, Nov. 27.—Mrs. W. C. Askew and Mrs. W. Leslie Smith were joint hostesses at the regular monthly meeting of the Col. Alexander McAllister chapter D. A. R. this week, at the home of the former, which was lovely with flowers of varied hues.

Mrs. W. B. Murphy of Snow Hill, who is regent of this chapter, presided. A demit was granted to Mrs. Carey Warren of Greenville, and a favorable report given by the registrar, Mrs. Norville Palmer of Hookerton, on the papers of Mrs. Harry Taylor of the same town, which had been verified at headquarters.

The chapter enjoyed an imaginary trip through Hawaii, Japan and Egypt, with Miss Gertrude Carraway of New Bern, who recently completed a trip around the world. A delightful musical program was rendered by Mrs. Johnnie Holmes and Mrs. J. W. Joyner. Mrs. Louise Stewart of New Bern, chairman of her district and another out-of-town guest, made a short talk. Refreshments were served in two courses. Additional guests of the hostesses included Mrs. B. O. Turnage and Mrs. J. N. Gregory.

Literary Club Meets. Farmville, Nov. 27.—(AP)—Miss Tabitha De Visconti was hostess to the Farmville Literary Club on Wednesday afternoon at the Davis Hotel. Bowls of narcissus and potted plants were arranged in the

spacious upper parlor.

Chief among the business matters was the election of a first vice-president, Mrs. W. M. Willis, to succeed Mrs. A. S. Bynum, who moved recently to Charlotte. A report of the Tuberculosis Christmas Seal sale was given by the chairman of the committee, Miss Annie Perkins, who outlined plans for the sale this year.

"Kauptmann as a Naturalistic Dramatist," was the subject of an interesting paper by Mrs. R. T. Martin, who told of the rise of naturalism in Germany and compared Kauptmann and Sudermann while Mrs. J. W. Joyner discussed a play "The Weavers," by the former, showing how the artist dealt with the two opposing parties, Capital and Labor, and the faults of each without definitely taking sides.

Mrs. B. Streeter Sheppard of Raleigh, sister and guest of the hostesses, assisted in serving a delightful salad course.

Appreciation. The entertainment committee of East Carolina Teachers College wishes to give public expression of appreciation to the American Legion, the Rotary Club, the Biwanis Club, and the aeronauts Association for their fine co-operation in making the visit of the United States Army Band to Greenville a success, and to thank especially the men who furnished cars for the transportation of the members of the band from the train to the hotel and the merchants for putting the flags out along the streets.

Capt. Stannard and his men were delighted with the town and commented on the fine spirit that exists between the town and the college.

This Is Wednesday Evening. Again, the time for prayer at the churches has come. Who will be there? Will you?

At the Presbyterian church, the study will be: Psalm 89:38-52. If you need prayer for any reason come and pray with God's people. The hour is 7:30 p. m.

### LISTEN FOR THE RINGING OF THE BELLS

At 10 o'clock Friday morning the bells of the city will ring out, that those who listen to their ringing may know that the Christmas Seal sale of 1929 has begun. This is the 23rd year of the Christmas Seal sale. The money from these seals furnish the means for not only the work in the counties but also important research work, such as trying to determine the cause of the fact that the death rate from tuberculosis is greater among young girls than young boys, and the effort to secure an effective vaccine upon which a cure may be based.

This is a joyous fight, for we can see real progress has been made, and hopes are high for the work next year in the use of funds realized from this seal sale.

When the bells ring out let them be a reminder to you to lay aside the money with which to buy seals, that it may be at hand when you are called upon.

FLOOD STUDY SPURS SEARCH FOR QUAKERS. St. Louis.—(AP)—St. Louis university this fall began search for the cause of frequent earth tremors in the area that once was visited by the worst earthquake ever recorded

on the North American continent. This search, strangely enough, is not so much concerned with earthquakes as with flood control.

If the location and the causes of the tremors can be ascertained accurately, the Rev. Father James B. Maclewane, S. J., head of the university geophysics department, says the findings are likely to influence the placing of earthworks for Mississippi flood control.

The studies are made in the "New Madrid" district, comprising a territory 150 miles long and 50 miles wide from southern Illinois well down into Tennessee in the river valley.

In 1811 and 1812 there were disastrous quakes which opened huge fissures near New Madrid, Mo., and to which the formation of the Reelfoot lakes in Tennessee are attributed.

About 2,000 lesser quakes followed. The tremors now occurring in this area are unnoticeable except on seismographs. They occur about once a month.

Father Maclewane will use two seismographs set up at widely separated points in the district to attempt to determine the center of the disturbance.

If certain lines through the district are found most frequently subject to tremors, it is possible that lines of concrete posts may be erected to mark them and to use as geodetic checks on horizontal and vertical land movements.

The survey includes portions of Illinois, Missouri, Kentucky, Tennessee and Arkansas.

# ABOUT TOWN

Tomorrow is Thanksgiving day. It is a day set aside for returning thanks for the many blessings which the nation has received during the year.

Greenville will observe the day with its annual Thanksgiving service at Immanuel Baptist church where a member of the Ministerial association will return thanks for the blessings of the community.

We have lots of things to be thankful for this year, and the services should be largely attended.

If you have an idea of leaving the city, why not make it a point to remain over until after the services so that you may be one of the many citizens to take part in the worship.

This old custom of showing appreciation of the blessing which we received every day of the year is a good one. Some of us may have more to be thankful for than others, but all of us in the truest sense of the word have been recipients of untold blessings.

Not a day passes in the life of any man that some kind of blessing is not conferred upon him. The blessing may not be visible, but nevertheless, it is there, and will show forth in all its glorious beauty in the days to come.

The thing for us to do is to show our genuine gratitude for what has been done for us, it matters not how much we may have toiled and suffered. It makes us worthy of greater things—more strong and sturdy to bear up under the joys and sorrows of life, for they must be mixed; and who knows but our appreciation may cause the joys to outnumber the sorrows. Life is filled with long days of toil and sacrifice, but even these have their rewards and an appreciative spirit enables us to take advantage of them when they come.

If the Boy Scouts failed to visit your home during the Bundle Day drive yesterday, you are requested to call telephone 408, and arrangements will be made to get your bundle.

The drive is one of the most extensive the Scouts ever attempted before. They hope to raise enough clothing to take care of all the needy cases coming under the attention of the Department of Public Welfare.

Whether they were able to do that in the half day campaign remains to be seen, but this should not cause any contributor to hold back. If you have a bundle, let the Welfare department know about it immediately so that every case possible may be taken care of during the holidays.

With winter days already here the poor people of Pitt county are going to suffer if they are not provided for by the more fortunate clothed by around your house would carry comfort to many a thin clad woman or child.

Thousands of hunters will roam of North Carolina tomorrow in quest of game of some sort; and while all of them will be anxious to make big "kills" they should bear in mind the restrictions of hunting laws and not violate any of this legislation.

Game wardens are on the alert for violations at this season of the year, and it is certain numbers of careless hunters will be in court after Thanksgiving to answer to charges for various violations.

The majority of these will consist of lack of hunting licenses. Some will attempt to hunt without providing themselves with license, hoping to escape officers of the law in doing so. But, usually they are the ones who get caught and many cases of this kind will be on the dockets of county courts the week after Thanksgiving.

If you haven't the proper licenses, get busy and provide yourself with them immediately and be among that class who will do their hunting in complete peace.

State highways will be crowded with hundreds of motorists tomorrow going from one section of the county to another to attend football games and to visit their homes and friends.

If you happen to be one of them, use every precaution to avoid an automobile wreck. The nation usually pays a high price for its holiday celebrations through loss of life on highways, but with a little more sane driving on the part of our people the casualty list could be greatly reduced.

Give the other fellow plenty of room tomorrow, and by all means stay on the road if abutments are slick. More wrecks are caused from cars leaving the road and hitting slick abutments than any other one thing.

Make an effort to drive carefully all the time. You may be a little bit late getting where you started, but it is much better to get there whole than in parts on an ambulance.

turn the stream of their thanks into another manner of channel; First, that God hath created them after His own image; secondly, that He hath called them out of the Common crowd of this world and made them Christians; thirdly, and more especially, that among those who bear the name of Christ He hath made them faithful ones; like a few quick-sighted men among a company of blind ones; like the light in Goshen, when all Egypt was dark besides; or like Gideon's fleece, only watered with the dew of heaven, while the rest of the earth was dry and destitute of his favor. Great cause of thankfulness indeed.

Let's count up our mercies and every day reasons for gratitude looking at the hundred little things and large things, gentle words, loving smiles, flowers sent to cheer us, children to greet us, old friends to advise us, and middle aged friends uphold us, good books to read, dear songs to sing, meetings in gladness, even parting in hope for the better life, we do not know where to end the list. The best thing to do is to live always in an atmosphere sweet and vital with thanksgiving. "Praise God, from whom all blessings flow!"

We thank Him for the great minds of men and women that have lived and died.

For all the blessings of Thy hand, For freedom in fair freedom's land Pursuits of thrift that brings us wealth,

For schools and churches, peace and health,

For commerce, yielding up her stores,

Brought for man's use from distant shores;

For countless gifts, O Lord, we raise Our hymns of gratitude and praise.

For the bright sun that shines on high,

For the stars glittering in the sky— For these and everything we see— O Lord, our hearts we lift to Thee. "In everything give thanks."

—C. J. HARRIS.

# Farmers Sell Your TOBACCO IN GREENVILLE

Sales were somewhat lighter last week, totaling 3,663,962 pounds for an average price of \$21.18 per hundred.

We are selling tobacco daily from practically every county in Eastern Carolina and the farmers say it is paying them to sell in Greenville, even though some of them travel at least 125 miles.

Those in position to absolutely know, say we are highest market and have keener buying competition than any market in the East.

## Since Last Season—

Three of the warehouses have made large additions, which gives the market increased floor space of about two acres. Some of the factories have made enlargements to their buildings, installing additional redrying facilities and other equipment. The Greenville tobacco market is decidedly in better position to handle, daily, larger quantities of tobacco than ever before.

## Tobacco Warehouses—

Greenville tobacco market has nine (9) large and modern brick warehouses with close to 14 acres floor space, sufficient to accommodate 2,225,000 lbs. of tobacco daily. These warehouses are managed by men of years of experience..

## Buyers and Factories—

Greenville tobacco market has four (4) sets of buyers, representing all the important companies in the world, using bright tobacco. Nine (9) larger and modern tobacco factories are located here, additions having been made to several of them since last season, while one new plant has been built.

## Roads and Locations—

Greenville tobacco market is located in the heart of Eastern North Carolina. Seven fine hard surfaced roads lead into Greenville. Tobacco growers living 125 miles from Greenville tobacco market sell their tobacco in Greenville and return home same day.

## OPEN FORUM

**SOME REASONS FOR THANKSGIVING.**  
 Plato, looking through the dim spectacles of nature gave thanks unto God for three things: First, that God created him a man, not a beast; second, that he was born a Grecian and not a barbarian; thirdly, that not only so, but a philosopher also. But Christians, that are better bred and taught,

## TOMORROW IS "THANKSGIVING DAY"

The caption immediately brings to the mind the thought of a table loaded with many delicacies, amidst which a golden brown turkey, stuffed with highly flavored dressing, reigns supreme, nor are the many pumpkins that will be made into pies with which to end a perfect meal forgotten. It also brings visions to some of another morning that the alarm clock will not rudely interrupt pleasant dreams, to the huntsman an opportunity for a day in the woods in the pursuit of game, to others "just another day."

It is wondered if the original intent, that it should be a day set aside to give thanks for the many blessings of the year, has not been minimized and overlooked in satiating the desire for pleasure—the god at whose shrine so many worship.

Those few pioneers of the wilderness, who in the fall of 1621 were the first to celebrate this day, were thankful that they had been allowed to live, that the harvest was such as to sustain them through the winter, and for a fair possibility of continued existence. Though provided with only the bare necessities of life and surrounded on every side by seemingly unconquerable difficulties and hardships, yet they gave thanks.

It is doubtful if the most visionary among them would have prophesied that in a few centuries cities, containing buildings many times higher than the highest of trees, would have taken the place of the forests which hid the hostile Indians; that self-propelled machines would climb over hills on concrete roads at a faster rate of speed than the deer that traveled the wooded paths; that even the air would be conquered and man rival the eagle in his flights, or that they would be remembered as the pioneers of the world's most prosperous nation.

Today, their descendants living among circumstances that would have seemed to them as Utopian, possessed of conveniences and luxuries that in the wildest dreams of fancy they would not have hoped for, should not forget that for these blessings they are indebted to the creator of the universe and on tomorrow emphasize their thanks and not the pleasures.

# CAROLINAS TO WITNESS FULL GRID PROGRAM

Rest and light workouts were the tapering off programs prescribed by coaches today for the 17 teams of the two Carolinas which will engage in Thanksgiving gridiron battles.

While few games remain for teams of the two states after the Thanksgiving game, tomorrow's clashes will bring a stirring football season to a climax and for the majority of the teams will end it.

Neighborhood battles from the major portion of the football menu. North Carolina's struggle with its ancient rival, the University of Virginia; the Erskine-Southern S. I. A. A. clash and Guilford's invasion of Lynchburg are the only games in which teams engage out-of-state opponents.

Primed to avenge many a licking received in years gone by, the Tar Heels will endeavor to trounce Virginia soundly. Indications are that the game will draw a capacity crowd for Kenan Stadium and its 24,000 seats.

South Carolina's major battle brings together Furman and Clemson at Greenville in a game in which the Tigers hope to wind up their season with a clean record in the Palmetto state.

Duke, fostering hopes of a state title, will invade the lair of the Davidson Wildcats. The Blue Devils could claim the North Carolina title by trimming Davidson and then licking North Carolina on December 7.

The Citadel will place its undefeated S. I. A. A. record in whatever jeopardy Wofford can offer at Charleston.

We're forest none to successful against its North Carolina opponents, will endeavor to send the Mercer Bears home to Georgia defeated. The game is scheduled for Asheville.

N. C. State is the only "big five" team of North Carolina not to be in action tomorrow. The Wolfpack and South Carolina will both be idle, awaiting their meeting at Raleigh Saturday.

The Newberry-Presbyterian, Elon-Lenoir Rhyne and Atlantic Christian-Catawba battles round out the Thanksgiving card.

Los Angeles—Eddie Mack, Colorado outpointed Tod Morgan, junior light weigh champion, (10); (Non-title).

**Fined for Selling Tainted Horse Meat To Chili Company**

St. Joseph, Mo., Nov. 27.—(AP)—Horse meat may be a proper ingredient of chili con carne—but the law demands it at least be unadulterated.

F. J. Behmer, proprietor of a Manhattan, Kas., slaughter house, was fined \$365 yesterday by a jury which decided he was guilty of selling spoiled horse meat to a St. Joseph chili manufacturer.

Behmer denied the charge, but admitted he carried the meat in stock as dog food. The chili company since has gone out of business.

## DIXIE GRID TEAMS SET FOR BATTLE

Atlanta, Nov. 27.—(AP)—Southern gridiron machines were maneuvering into battle formations today for the renewal of annual hostilities in the two score or more Thanksgiving day tussles slated for Dixie.

In most cases, teams playing on foreign fields pulled out of their own strongholds today, while those slated for home engagements took advantage of the extra day's practice to smooth out the kinks in their attacks.

A duel of star half backs is promised at Lexington, Ky., tomorrow as the Tennessee Volunteers, seeking another victory to add to their perfect record, pit Gene McEver, the Dixie scoring leader, against "Shipwreck" Kelly,

## SPORTS SLANTS

Quite a number of the most important football arguments of the year won't be settled until after Thanksgiving Dinner has been digested. Here are a few of the main engagements for November 25 on the gridiron:

Penn-Cornell at Philadelphia.  
Colgate-Brown at Providence.  
Pittsburgh Penn-State at Pittsburgh.  
Tennessee-Kentucky at Lexington.

Nebraska-Iowa State at Lincoln.  
Missouri-Oklahoma at Columbia.  
St. Mary's-Oregon at San Francisco.

Of this collection, Pittsburgh, Tennessee and St. Mary's are three of the unbeaten brigades, with three of the best records of any outfits in the country. Pitt and Tennessee have waded through all opposition while St. Mary's hasn't been scored on including a scoreless tie with the University of California early in the campaign.

If these frays aren't enough for the week, Saturday will furnish two of the most spectacular in Notre Dame's final clash of the season with Army at New York, and Texas Christian's battle with Southern Methodist at Fort Worth, with the Southwestern Conference title at stake.

The Army-Notre Dame affair comes close to being the outstanding classic now on the Eastern program, so far as actual rivalry are concerned. Mutual respect and admiration between the Hoosier and the Cadets has lifted this affair far above the ordinary, where the on-lookers are limited in number only by the capacity of the Yankee Stadium.

West Point is primed for a big rally this year and it will take the best combination of the Irish and the Dutch in the Notre Dame lineup to break through the soldiers.

Cornell invades Franklin Field for its historic duel against Pennsylvania with the best chance of beating the Quakers in several years. Rockfield focus-pens and brilliant Joeine have upset the Cornillians in their last few trips to Philadelphia. Superior Cornell lines have watched the piekin fly over their heads until they became dizzy.

This year, Gil Doble has not only mastered the pass defense of the 10-years but has given them offensive aerial weapons that have produced results. In addition, the new fumble rule will prevent anything like the 90-yard run after after Cornell had gone 70 yards down the field only to fumble at the doorstep. It would be an ironic touch for Cornell to turn the tables on its old rival through the air, but it is altogether possible, especially since Pennsylvania's Paul Seull no longer is around to harass the Red forces.

It was a rare thrill for the throng of 123,000 that saw Russ Saunders of Southern California return a kickoff 95 yards for a touchdown in the game at Soldier Field, yet the sequence of plays was duplicated on the same afternoon at Austin, Texas. Cy Roland, the sprinter-halfback of the Texas Christian Horned Frogs, tucked a kickoff under his arm and dashed 90 yards to a touchdown just after Texas had marched 55 yards for a score.

In both cases, probably over-confidence on the part of the team that had just scored. Notre Dams and Texas, figured in the subsequent long and touchdown. Saunders and Roland caught their opponents' guard, roving down the field exultating themselves that everything was all right. All of which indicates that the ancient adage can be applied to football as well as baseball—"be nothing for granted."

Incidentally show Captain Johnny Sican, Virginia quarterback, who ranks with the best field generals in the country and Captain, Ray Farris, North Carolina's triple-threat guard, who is being boosted for All-American this year.

**When a White Collar Man "Goes Army"**  
Perhaps he doesn't learn a few things!

**DON'T** envy a man who "only has to work a typewriter." So we were told by Mr. Solon S. Bloom of 3503 Woodbrook Avenue, Baltimore, Md., whose health began to give way because his work gave him no bodily exercise.

"I decided to get away to a military training camp," says Mr. Bloom, "thinking the rough and tumble with the army would do me good for a month. I asked the doctor what to do about my condition. 'I've seen men, I've known men,' he said. 'I know what they eat, drink, and how they live. I know cathartics, physics, and all the ways men try to keep themselves regular—and the only two that go together well are men and Nujol. Nujol soothes and heals the membranes and expels bodily poisons normally, naturally, easily, so that you are regular as clock-work.'"

into the army. If you are like most other people, you too will find that Nujol will make all the difference in the world in the way you feel. Remember Nujol is not a medicine, for it contains no drugs of any kind. It is simply bodily lubrication that everybody needs. You can get a bottle of Nujol at any good drug store, in a sealed package, for the price of a couple of good cigars. If you will start today and try it for two weeks you will agree that Nujol is the easy normal way to keep well and make a success out of your life. You will be astonished at the results!
