USE KELLOGG PACT TO STOP CHINESE WAR

U. S., England and France Remind Chinese and Russians of Obligations

Washington, Dec. 3.—(AP)—The driving force of united world opinion was concentrated today upon Russia and China to prevent an open outbreak of warfare between those nations and end hostilities along the Siberian frontier.

From Washington, London and Paris, have gone forward sternly worded memorandums to the Moscow and Peking governments reminding each that under the Kellogg treaty it renounced war as an instrument of policy and asserting that they respect in which they are to be held by other countries depends in large measure upon how the commitment is fulfilled.

Such action was taken at the instance of the Washington government which asked all the signatories and adherents of the Kellogg pact to urge Russia and China to effect a peaceable settlement of their dispute over the Chinese Eastern railway.

The response of the nations to which the American request was directed was spontaneous and the State department received the assurance of numerous countries that they would follow America's lead in reminding China and Russia of their treaty obligations.

A dissenting voice, however, came from Japan. At Tokyo, an official statement was issued today asserting that the Japanese government does not intend to associate itself with the American proposal because of her proximity to the disturbance.

Japan felt, it was explained, that such action as was suggested by the United States, would be interpreted in their favor and interfere with prospects for peace.

In addition, it was asserted that Japan, while seeing no objection to American or Great Britain sending notices, considered this course of action unnecessary in view of the recent negotiations between the Manchurian provincial government and the Soviet Union.

A statement by Secretary Stimson which accompanied the publication today of the text of the American memorandum, set forth that many casualties had resulted from recent Sino-Russian border conflict with thousands of people driven from their homes, and asserted that since the dispute began "no effective steps" had been taken by either of the nations to arbitrate the controversy.

The efficacy of the Kellogg treaty he continued, depends upon the fidelity of the governments which are party to it, its sole sanction lies in the power of the public opinion of those countries.

Tokyo, Dec. 3.—(AP)—The Japanese government today declined to give its sanction to the American government's note to Russia or China regarding violation of the Kellogg anti-war pact in Manchuria.

An official statement said Japan did not intend to issue a declaration supporting the American note or otherwise to associate itself with the Washington government's move.

It was said the government saw no great objection to the American and British notes to Russia and China, but it believed such action no longer was necessary since direct peace negotiations between London and Moscow was proceeding.

The spokesman said the opinion was held in Tokyo that the Chinese might interpret such declarations as intervention, thereby stiffening their attitude and interfering with peace prospects.

Mexican Political Leader Exile in U. S.

Nogales, Ariz., Dec. 3.—(AP)—Jose Vasconcelos defeated candidate for the presidency of Mexico, was a self constituted exile in the United States today. He said he would not return to his native country unless summoned by his constituents.

"I prefer to go far away," he said, "and to desert from politics. I am a man of action and I cannot act without my country. I choose to leave it."

Vasconcelos reached the border here from Guaymas, Sonora, accompanied by an escort of Federal soldiers assigned by Governor Francisco de Sonora to accord him safe conduct to the international boundary.

In a formal statement, the defeated candidate said: "I have been practically in prison since a week before the election. Dozens of my leaders have been killed by the Portes Gil government and hundreds of my followers are yet in jail. Oud crime is to have won 95 per cent of the vote."

Indiana Man Weds and Becomes Step Father to Himself

Dublin, Ind., Dec. 3.—(AP)—Along comes Omer Stant with a mixup that is a mixup. Stant says that through his marriage yesterday to Mrs. Joseph Laberson he has become his own stepfather and step-grandfather to his own children.

Stant's wife was a stepdaughter of the present Mrs. Stant. Prior to her marriage yesterday the former Mrs. Laberson was married. Children were born of her first marriage and also of her second.

Stant figures that children born of his own first marriage are now also his step-grandchildren, inasmuch as the present Mrs. Stant was his step-grandmother. Being step-grandfather to his own children, he further reasons, makes him step-father to himself.

Then there is the matter of Stant's own children becoming step-brothers and sisters to their consins.

MRS. BRYAN TO BE BURIED IN GREENVILLE

Funeral Service to Be Conducted From Grimesland Christian Church Wed.

Funeral services for Mrs. W. T. Bryan, former Greenville woman who was killed in an automobile-train collision at Alhambra, California, several weeks ago, will be conducted from the Christian church at Grimesland tomorrow afternoon at 4 o'clock, according to definite announcement of funeral arrangements made by relatives here today.

Services will be conducted by Rev. W. A. Davis, of Washington, N. C., and Rev. J. M. Waters, of Wilson. Burial will be made in Greenville cemetery at Greenville.

The body reached Raleigh last night and will be immediately taken by motor hearse to the home of Mrs. Bryan's mother at Grimesland where it will remain until the final rites tomorrow.

Mrs. Bryan, formerly Miss Mary Proctor, came to her death when the automobile which she was driving was hit by a Southern Pacific train at a crossing at Alhambra, where Mr. and Mrs. Bryan had been living the past two years. Mrs. Bryan did not observe the approaching train until she was almost at the crossing. She made a desperate effort to avoid the accident by swinging her car to the right, but the front wheels hit a

Twenty Million Dollars Wage Increase Announced By Ford Motor Company

Detroit, Dec. 3.—(AP)—Wage increases that will add approximately \$20,000,000 a year to the payroll of Ford Motor company were announced by Edsel Ford, president of the company. The minimum wage of \$6 a day is increased to \$7 a day and increases graduating on the basis of five cents an hour were given employees already receiving between \$7 and \$10 a day.

The increase, which is effective as of Dec. 1, is confined to employees within the United States. Of these, 115,613 come in the classification of increases of five cents an hour to all employees who have been receiving \$7 or more per day.

Those whose minimum wage will be increased from \$5 to \$7 a day number at the present 24,320. The increase is in line with the announcement recently made by Henry Ford at Washington during President Hoover's business conference.

The wage increase from a minimum of \$6 a day to \$7 is a third major step of this kind taken by the company since January, 1914. At that time the company started the industrial world by raising the scale from an average of \$2.34 a day to a minimum of \$5. This increase generally was considered a radical industrial move and many economists contended it could not be successfully accomplished.

Simultaneously the company reduced the working day from nine hours to eight hours. The increase alone resulted in an increase of \$11,000,000 a year for the workers combined, while additions to the number of employees during the shorter working day caused an added wage payment throughout the Ford plants of \$6,000,000 a year.

The second major increase was announced on Jan. 1, 1920 when the minimum scale was increased from \$5 to \$6 a day.

The formal announcement by Edsel Ford said: "Ford employees of every grade began working under an increased wage scale Monday. The Ford minimum wage was increased from \$6 a day to \$7. All employees whose wage rate exceeded the minimum wage received an increase in their hourly rate. The probationary, or hiring-in wage which is paid to apprentice employees for the first two months was raised from \$5 a day to \$6. In addition to these wage increases the salary roll was raised 5 per cent. It is the third time on the Ford Motor Company has raised its minimum wage.

"On the basis of the October payroll which registered 144,990 employees, the monthly increase will amount to \$12,828,451 or slightly in excess of \$12,800,000 a year. All Ford branches and plants in the United States are included.

"Employees raised from \$6 to \$7 a day number 24,320 on the basis of the October payroll.

DETECTIVE IS EXAMINED IN McMANUS CASE

Tells Court Two Persons Told Him They Heard No Fuss When Gambler Was Killed

New York, Dec. 3.—(AP)—Two persons told detectives they heard no noise or disturbance in room 349, Park Central hotel, between 10:30 and 11 p. m., the night of November 4, 1928, the night Arnold Rothstein was shot, although both said they were in the room next door.

The testimony was brought out in cross examination of Detective Patrick Flood by James D. C. Murray, defense attorney, in the murder trial of Charles McManus.

Flood said he and other detectives made the rounds of the rooms on the third floor after they had found Rothstein fatally wounded on the first floor.

At first they go no response to their knocks at the door of room 347. But finally they heard a door close in the room so they opened the door and found a man and woman there.

"Had they heard any noise between 10:30 and 11 p. m., the night of November 4, 1928?" Murray asked.

"I believe they said they hadn't although I wouldn't say positively," Flood answered.

The room was occupied by a couple registered from Mt. Vernon, N. Y., Flood said, but he didn't remember their names.

Murray also questioned Flood as to whether he had questioned a "Congressman Marin from Pennsylvania," McManus had whispered the name to his counsel, but Flood said he hadn't and was not asked further.

The question of whether the police pushed the case with diligence, the charge that they didn't bring one of the major issues of the recent city election, was brought into the case for the first time today.

Judge Charles C. Holt, Jr., presiding, interrupted questioning of Detective Flood by Assistant District Attorney George N. Brothers to ask how detailed testimony of police investigation was material and added that he didn't see how the question of police duty or negligence had anything to do with the case.

Brothers said he didn't either, but he was only laying groundwork for his case and the judge allowed him to proceed.

Long Winded Billie Bids—New York—Victor Seghetti, Italian war veteran, has come from Buenos Aires on a bicycle. He left the Argentine capital April 1, 1928.

Hoover Urges Prompt Tax Reduction In His Message To Congress

Washington, Dec. 3.—(AP)—A speedy end to the tariff controversy, prompt tax reduction and strengthening of prohibition enforcement were urged upon Congress today by President Hoover in his first message on the state of the union.

A score of other proposals were contained in a twelve thousand word document which the chief executive sent to the House and Senate for reading by the clerks and in which he gave an account of his nine months stewardship in the white house.

Most of the message was a plain, matter-of-fact recital of what he has done and hopes to do, but he resorted to strong language in dealing with prohibition and law enforcement, a subject which he frequently has stressed since taking office.

Calling for co-operation of the average citizen in making statutes effective, the president said that the attitude of the man who selects the particular laws he will obey "may obscure, but cannot dodge the built and ugly truth that the lawbreaker, whoever he may be, is the enemy of society."

Mr. Hoover stood squarely on the position he took at the opening of the special session when he asked for tariff rates beneficial to agriculture and to industries which have not been prosperous and put into official language his known desire for a 1 per cent reduction on individual income and corporation taxes.

Once again he asked that the broad principle of the flexible tariff by which the executive may order rate changes upon recommendation of the tariff commission be retained. The Senate has voted that this power should lodge with Congress.

The president, in making his suggestions to a Congress which has been widely divided over the tariff question, declared that it "would be most helpful if action should be taken at an early moment, more especially at a time when business and agriculture are both co-operating to minimize future uncertainties.

Standing out among his suggestions on that the major prohibition enforcement activities should be transferred from the treasury to the justice department. At the same time the president declared his wish that the District of Columbia, around which a juror has been raised recently as a result of charges of liquor drinking in and out of public life, should be a "model city of law enforcement" for the nation. He asked that the necessary laws be enacted to make it so.

The annual message, the first of its kind submitted by Mr. Hoover, set forth the alternative of naval limitations at the London conference or a six year building program costing \$1,200,000,000. He asked that Congress "give earnest consideration to the possibilities of prudent action which will give relief from our continuous mounting expenditures" for national defense.

President Hoover's suggestions, which if followed, would give the Senate and House many issues for debate, included a range touching almost every phase of the nation's domestic and international problems. They included:

Adherence to the World Court. Delegation by Congress of power to reorganize government departments to the president with reservation of congressional revisory power within a limited period.

Early construction work on an extended public buildings program throughout the country.

An increase from \$30,000,000 to \$35,000,000 in the next fiscal year to push the Mississippi flood control work and more liberal appropriations for general river and harbor work.

Legislation to simplify and expedite consolidation of the railroads.

Investigation into feasibility of amending national banking laws to permit chain banking in limited regions.

Creation of full time federal power commission of three members.

Establishment of permanent federal radio commission along lines of the present temporary commission but with the removal of the requirement that commissioners must be chosen by zones.

Appointment of a special commission to negotiate contracts looking to the resumption of activities at the Muscle Shoals properties.

Congressional study of an immigration plan to more fully meet national necessities.

More liberal appropriations to strengthen the diplomatic and the state department services.

Return of most of the seized alien property within a year.

DENY LIQUOR CAMPAIGN FOR THE HOLIDAYS

Government Officials Describe Reported Drives for Christmas as Myth

Washington, Dec. 3.—(AP)—Officials who enforce the prohibition law are getting hearty laughs these days out of stories from various parts of the country that drives to prevent increased trade in liquor at Christmas time are being made.

Liquor drives at Christmas are a myth, that have never existed, officials say, because the government is operating at its maximum every day in the year to enforce the prohibition laws. The officials assert there is no more liquor at Christmas time than at any other time, but the wider use of it during holiday season leads in their opinion to the belief that the traffic has increased.

"The coast guard is enforcing the law against the smuggling of liquor and other goods every day in the year," Admiral F. C. Billard, commander, said. "We could not increase our efforts at the holiday season because we are expending every effort to uphold the laws 365 days every year and 365 in leap year."

"Drives against liquor at Christmas are myths," Prohibition Commissioner Derran asserted. "The prohibition bureau doesn't indulge in that sort of thing because we are constantly conducting the most intensive drive our forces will permit to enforce the prohibition laws."

"Custom service enforces the law the remainder of the year just as earnestly as we do at the holiday season," Frank Dow, assistant commissioner of customs said. "We do not put on drives against smugglers at Christmas."

Every year about Christmas time stories are circulated in various parts of the country that one or the other of the enforcement agencies is conducting a drive to prevent the sale of large amounts of liquor. Officials chuckle. The fact of the matter is, they say, smugglers and bootleggers get anxious to set the liquor to their customers and take more chances than at any other season with the result that here and there the over-anxious dealers in the illicit beverages are nabbed a little faster than usual.

Prosperity and Prohibition. Goldsboro, Dec. 3.—(AP)—Addressing the Goldsboro Kiwanis Club here last night, Judge M. V. Barnhill, of Rocky Mount, gave a caustically humorous summing up of "prosperity and prohibition." The club chose officers for the coming year.

Atlanta, Dec. 3.—(AP)—Promised relief in a large measure with 24 hours the south today shook itself free of the snow and sleet brought on by the final flurry of a be-numbing cold spell that claimed twenty-six lives. The chilling winds attendant to the usual weather again drew temperatures below the freezing stage in the early morning hours.

The ice-cold, in evidence throughout Dixie, claimed the 26th victim of the four day snow and sleeted all transportation and precipitated a long series of traffic mishaps. Albert T. Shock, of Laurens, S. C. was killed and a companion injured near Greenville, S. C., as their car skidded and overturned on a slippery pavement. A recapitulation showed fourteen traffic deaths, nine due to fires, two of exposure and one by drowning after falling through ice. Three young children were burned to death at Manila, Ark., but the cause of the fire was thought to be a defective flue rather than overheating or other conditions attributable to the weather.

Fires in decorated stoves at two Memphis, Tenn., night clubs set the structures ablaze and sent several hundred patrons out into the cold without wraps. Both buildings were demolished, but no one was hurt.

The renewed cold penetrated to the gulf coast and caused the mercury to dip close to the thirty degree mark as far south as Mobile and New Orleans. In the northern half of Alabama and Georgia and throughout Arkansas and Tennessee temperatures varied between 15 and 25 degrees early today. In the latter two states sleet and snow were disappearing rapidly.

A three-inch blanket of snow, however, enveloped Louisville and extremely low thermometer readings were reported throughout Kentucky.

New York City, four inches of snow accompanied by sleet soon turned streets and sidewalks into a sea of slush. Traffic accidents were numerous and a huge street cleaning force was called out to clear the highways.

The heaviest fall occurred in Pennsylvania with 14 to 16 inches in Crawford county and drifts eight feet deep in Erie county. Despite the heavy fall all highways in the state were opened to traffic last night as a result of an all-day patrol by two hundred trucks with snow plow attachments.

In southern New Jersey the snow quickly turned to rain and sleet which froze on sidewalks and streets making it dangerous for both pedestrians and motorists. Scores of automobiles were stalled and motorist schedules were demoralized.

Through New England the snow storm was general. Six inches of snow fell in Massachusetts and three in Maine. Two deaths occurred in the Boston area indirectly attributable to the storm. A pedestrian exhausted by the storm collapsed at a subway station, and a sailor-blinded by the snow fell from a ship's ladder and drowned.

Some parts of every state in the south experienced temperatures well below freezing last night, weather bureau records show, and the seaboard section, which escaped severe cold last night, was apparently in for lower temperatures before tomorrow morning.

Colder weather tonight was predicted for the central and eastern portions of North Carolina. South Carolina, the Georgia coast, central northeastern and southern Florida, and central and eastern Virginia.

Atlanta, Dec. 3.—(AP)—Continued cold throughout the south was forecast for tonight, with only slight moderation of temperatures expected in some states, and colder weather in prospect for others. Generally warmer weather over the entire south was expected by tomorrow evening, however.

City In Darkness As Generator Burns Out at Power Plant

A burned out generator caused disruption of the city's electric service last night about six o'clock, and the entire town was in complete darkness about fifteen minutes. The emergency came unexpectedly, and it required several minutes for electrical experts to get reserved generators in action.

Members of the Water & Light Commission started today that an expert mechanic started rewinding the burned out piece of machinery today, and that service would be normal from now on.

Disruption of service last night continued for a longer period than any other time in several years. The plant has established something of a record for continuous service for many years.

CHINESE CITY LOOTED TODAY BY MUTINEERS

All Communications With Pukow Cut Off As Mutiny Breaks Out During Day

Nanking, Dec. 3.—(AP)—A detachment of Nationalist troops belonging to the twenty-fourth division mutinied today at Pukow across the Yangtze river from Nanking. All communication with Pukow was severed. It is understood, however, that the mutineers looted a considerable portion of the business district of Pukow before loyal forces succeeded in driving them from the city.

The twenty-fourth division, which participated in the recent fighting in Honan province against the rebellious Kuomintang, or "People's Army," was under order to proceed to Canton to help defend that city against a rebel advance. It was weather transports at Pukow when the mutiny broke out.

Because of the disorder was not stated. It was widely reported, however, that the government's failure to pay the troops, coupled with their displeasure at being ordered to Canton, precipitated the trouble.

Rifle firing was plainly audible on the Nanking side of the Yangtze. Nanking, however, remains quiet. The sixth division of Nationalist troops is patrolling the Nanking side of the river to prevent a possible crossing of the stream by the mutineers. The Nanking-Pukow ferry service stopped and no one was allowed to cross the river.

It is expected that government forces will have the situation under control shortly.

There are six naval plants on the coast exclusive of the Washington navy yard, one in New Hampshire, one in Massachusetts, one in New York, one in Pennsylvania, one in Virginia, and one in South Carolina. There is another at New Orleans, on the gulf coast.

In Atlantic waters are the scouting fleet of several battleships, some cruisers and destroyers and other auxiliary craft. Now and then the contention has been raised that such a fleet did not require the services of so many repair bases, but this has been met with the argument that all of the plants would be necessary in the event of a naval war in the Atlantic.

Consolidation of War Veterans Work Proposed

Washington, Dec. 3.—(AP)—Consolidation of all government agencies dealing with war veterans with the veterans' bureau would be authorized under a bill introduced today by Chairman Williamson of the House expenditures committee.

The President would be authorized by the measure to transfer the pension bureau from the interior department, and the national home for disabled volunteer soldiers to the jurisdiction of the veterans bureau.

Under the plan, annual expenditures of the government amounting to \$750,000,000 for relief and benefits to former members of the military and naval establishments would be placed under the director of the veterans bureau.

Williamson said consolidation of veterans' activities had been under consideration by his committee for two years, adding its purpose was to effect important administrative changes and economies and to equalize the service rendered to veterans.

Williamson asserted that at present there were many inequalities in the treatment of veterans which would be remedied by the proposed bill.

To Bury Gritton Youth Tomorrow Instead of Today

Funeral services for Willie Seymour, Gritton young man who was drowned when his boat capsized in Moccasin river at Gritton last Saturday afternoon, will be conducted from his late home tomorrow afternoon at two o'clock instead of this afternoon, as announced yesterday. The change in funeral plans resulted from the inability of a brother to reach Gritton in time to attend the last rites.

HOOPER URGES REDUCTION OF MILITARY COST

President Proposes a Survey of Navy and Army in His Annual Message to Congress

By JAMES L. WEST. Associated Press Staff Writer. Washington, Dec. 3.—Behind a twenty-two word sentence in President Hoover's annual message on the state of the union lie the elements of drama for Congress.

Inconspicuously placed at the end of a long section devoted to national defense, appear these words: "I recommend that Congress give earnest consideration to the possibilities of prudent action which will give relief from our continuously mounting expenditures."

This prudent action contemplates a survey of the field of army posts and navy yards with a view to the elimination of those which no longer are needed for the purely defensive purposes to which the United States has committed the use of its armed forces under the treaty renouncing war as an instrument of national policy.

It also takes into account an actual reduction in the land forces and reserves which would renew the age-old controversy between the national guard and the regular army with the pressure from the states bearing upon Congress for the former.

Abolition of a number of military posts and some navy yards on the Atlantic seaboard also would bring down upon Congress representative of the states in which such posts and yards are located as well as others having other establishments the life of which might be brought into question in the political controversy bound to ensue.

Acting on directions of the President, the army general staff has submitted a report to the military stations which it holds can be dispensed with and the information therein will be available for Congress once it sets out to put into force the general recommendation of the chief executive.

Ever since the nation's battle fleet was transferred to the Pacific Coast after the world war there has been repeated agitation for the abolition of some of the Atlantic coast navy yards, but it always has had its end in agitation.

There are six naval plants on the coast exclusive of the Washington navy yard, one in New Hampshire, one in Massachusetts, one in New York, one in Pennsylvania, one in Virginia, and one in South Carolina. There is another at New Orleans, on the gulf coast.

In Atlantic waters are the scouting fleet of several battleships, some cruisers and destroyers and other auxiliary craft. Now and then the contention has been raised that such a fleet did not require the services of so many repair bases, but this has been met with the argument that all of the plants would be necessary in the event of a naval war in the Atlantic.

SHOOTING OF MAN AND WIFE PROBED TODAY

Durham Police Seek Man in Connection With Wounding of Mill Man and Wife

Durham, Dec. 3.—(AP)—Mystery today continued to cloak the shooting last night of Lemuel Clayton, Roxboro laborer, and his wife, as they stood in the doorway of their home.

While no motive could be given for the shooting, police are searching for Charlie Clayton, who they charge with the shooting, but who also is said to be un-related to either of the wounded persons.

Charlie is alleged by police to have driven up to the home of Lemuel Clayton early last night, called the man and his wife to the door and began shooting, while his wife sat in a car at the curb during the affair.

Both of the victims of the shooting were taken to a local hospital where Lemuel Clayton's condition is precarious. He suffered wounds in the kidney and abdomen, and an internal hemorrhage, due to the severing of the abdominal artery, making recovery unlikely.

Mrs. Clayton's condition was regarded as not critical. She was shot through the right side and right arm, the latter shot breaking her wrist.

Charlie Clayton was said by the police to have driven his wife home, taken his car down town, parked in a side street, and disappeared. Search for the man was underway today. Mrs. Charlie Clayton was said to be prostrated at her home with high blood pressure, and is said to have told the police that her husband forced her to accompany him to the scene of the shooting. She professes ignorance of any identity.

Attorney Shoots Man and Woman and Then Himself

Shreveport, La., Dec. 3.—(AP)—After fatally shooting Marmaduke Ward, prominent local business man and wounding Miss Iva Mae Miller, guest at a dinner party at the Ward residence last night, Vernis Morgan, 30, an attorney, clung to life today with two self-inflicted bullet wounds in his right temple.

Morgan forced his way into the Ward residence, according to information gathered by Dr. W. P. Butler, Parish coroner, made his way to the dining room where Ward was sitting at a table with Miss Miller, Mrs. C. E. Poindexter and the latter's daughter, Dorothy, aged 6.

John Alford, negro chauffeur, told police and the coroner that Morgan fired one shot as he came into the house and at the entrance to the dining room fired five more shots. The latter five struck Ward, one penetrating his heart. Miss Miller was wounded in the thigh. Her condition was not serious.

Seek Negro for Shooting Man at Filling Station

Greensboro, Dec. 3.—(AP)—Officers today sought an unidentified negro who last night amid mid-night shot J. A. Long, filling station operator, near his place, six miles from Greensboro on highway No. 10, and escaped.

Long, wounded in the chest and arm, was in a hospital here today in a serious condition.

Two negroes in a car drove up to the filling station, Long told officers. He asked them if they wanted gasoline, one of them told him to "Put up your hands," and when he failed to do so, fired at him point blank three or four times. No effort was made to rob the station, Long said, the car speeding away immediately.

MEXICAN PRESIDENT-ELECT TO ENTER U. S. HOSPITAL

Mexico City, Dec. 3.—(AP)—Pascual Ortiz Rubio, president-elect, was on his way to the United States today where he will enter the Johns Hopkins in Baltimore for rest and treatment prior to assuming office February 5.

BLUE DEVILS ALL SET FOR HEEL GAME

Durham, Dec. 3.—An inspired team of Duke Blue Devils will take the field Saturday against Carolina with the belief it is just as good as the eleven men Chuck Collins sends into the battle.

With unprecedented enthusiasm displayed by the student body, and the encouraging talks of the coaches, the men are fired to a fighting pitch they have not had all season.

Every man in the blue jerseys Saturday afternoon will be out there to turn in the greatest performance of his career. And with the exception of one man, Fred Taylor, Duke should be its top form physically.

When Duke met Carolina last year its greatest offensive strength was minimized by an automobile accident that had Ock Godfrey out of the game, and by the injured ankle of Jankoski.

Next Saturday Carolina will have to stop two hard plunging fullbacks in Kid Brewer and Ock Godfrey, both in the pink of condition and ready for a great afternoon. It will be Godfrey's last game as a Blue Devil. Brewer is a sophomore.

Last year Duke's backfield forces were reduced to the minimum of five men, and one of them crippled. This year Duke has plenty of backs. Rocky may play through the whole game but it is likely four halfbacks will be used, and it is certain that both Godfrey and Brewer will be used at full.

In addition to those seven men sure to play are Pat Rochelle who can play any backfield position, and Plyler, a halfback.

In the line Captain Kistler, Bob Thorne, Nick Warren and Mel Peeler will be playing their last game and will be in there to fight every minute.

Duke is conceding Carolina nothing in the football finale of 1929.

Tech and Georgia Prepare for Last Contest Friday

By DILLON L. GRAHAM Associated Press Staff Writer Atlanta, Dec. 3.—Georgia Tech and the University of Georgia, whose annual football engagement offers one of the most spirited contests of the year in Dixie, went to work on conditions separated by 70 wintry miles yesterday in preparation for their twenty-fifth meeting at Athens Saturday.

In the absence of Coach W. A. Alexander, Line Coach Bill Fincher sent the Yellow Jackets through a short, hard scrimmage against Georgia formations. Alexander planned to take charge of the squad today. At Athens, Coaches Mehr and Thomas kept the Bulldogs busy, boasting their best team in recent years, and with only one defeat chalked up against them, were busy at Chapel Hill perfecting plays for the state championship battle with Duke at Durham. The Blue Devils also went through a strenuous session.

Undeclared in three seasons, the Tennessee Volunteers will endeavor to keep their state clean in their debate with South Carolina at Knoxville, while the Old Liners of Maryland deploy against Little Western Maryland, which with ten victories heads the list of the nation's unbeaten and untied teams. The game will be played at Baltimore.

A state battle between Louisiana Poly and Southwestern Louisiana at Ruston, La., is the only S. I. A. A. clash booked.

Loyola of New Orleans entertains Centenary in the Crescent City and Hampden-Sydney is arrayed against William and Mary at Richmond.

RADIO GUIDES AID GERMAN FLIERS

Berlin. (AP)—Radio photo graphy is another step the German Luftwaffe proposes to take in its effort to make flying 100 per cent safe.

Already a highly developed radio position and weather report service from airports to planes is being transmitted by telegraph signals. Now it is the intention of engineers of the German air transport company to add radio-photography.

Tests, during which photographs of storm formations, weather maps and landing conditions on airports were sent to planes in midair, proved so successful that the company plans to equip all of its trimotored planes with radiophoto receivers.

Weather maps sent and received aboard the plane during the tests showed the pilot where he would encounter favorable winds, the end of cloud formations and, in fact, meteorological conditions in general on the entire flight. Another radiophoto showed the advance of a storm front.

A third photo received showed a sketch of Tempelhof airport on which a section of the landing field had been flooded by rain and thus become dangerous for landing.

Radio Jazz Unpopular San Francisco.—(AP)—Jazz music does not rate high among radio listeners of the Pacific coast. In a poll for music preference, jazz was at the bottom of the list with organ recitals and orchestral selections in the lead. The most popular form of music is the light classical composition.

New Penn Captain

Associated Press Photo Dick Gentile, who ran 102 yards for a touchdown against Cornell, will be Pennsylvania's 1930 grid captain.

Ball Player's Fate Rests With Arbitration Board

New York, Dec. 3.—(AP)—Pittsburgh and Yale, with three representatives apiece, win the lion's share of the honors on the all-eastern football eleven for 1929 named by a consensus of sports writers polled by the Associated Press.

In the first team lineup is only one survivor of last year's all-star array—Keener Cagel of the Army. The West Point head retained his backfield post despite the fact he played on a losing team all season.

The little Albie Booth of Yale, the only Sophomore selected, is named quarterback and Toby Unasa, with more votes than any other back, becomes Gagle running mate. Cornell's backfield, Al Marsters, Dartmouth's incapacitated ace, is placed at fullback, although his regular post was at half.

Joe Donchess of Pittsburgh is a top-heavy choice for one end position and the other goes to Jim Douglas of Harvard despite hot competition from such valuable wingmen as Nemecek of New York University and Booma of Dartmouth, placed on the second team.

Sam Wakeman, Cornell leader, and Fay Vincent, Yale captain-elect, win the first team tackle assignments. Captain "Firpo" Greene of Yale and Ray Montgomery, Pittsburgh, get the call at guard, and Ben Tiekner, Harvard captain elect, nestled out Tom Siano of Fordham for first string center selection.

Richmond, Va., Dec. 2.—(AP)—Prolonged cold weather in Virginia has been accompanied by a series of fires during the last 48 hours, resulting in one death and considerable property loss.

Henry Broadus Bishop, 30, of Hopewell, Va., bookkeeper, died of suffocation in his room over a grocery store yesterday as fire destroyed the building. The blaze was believed to have started from a cigarette stump.

William H. Mullen, 76, Richmond labor leader, was overcome yesterday afternoon while asleep in his home as fire partially destroyed the residence. He was revived at a hospital.

Four buildings were razed by fire of undetermined origin that wiped out half of the small business section of Stoney Creek, Va. Firemen from Petersburg, Va., formed a bucket brigade and saved nearby structures.

The boiler house of the Western State hospital for the insane at Staunton, Va., was destroyed by fire. A railroad locomotive was lent to generate steam for the comfort of the more than 1,600 patients at the hospital. Governor Byrd said \$25,000 would cover the damage.

Deaths of British Pedestrians London.—(AP)—Vehicles in England keep to the left, pedestrians keep to the right. On narrow streets cars must run with wheels flush to the curb, with the result that part of a truck frequently overhangs the sidewalk and smacks a pedestrian. One Londoner was killed in such a circumstance.

Chicago—Danny Demont, Chicago, knocked out Harry Kahn, Milwaukee, (6); Willis Pelligrini, Chicago, outpointed Pat Moore, Chicago, (8).

Toronto, Ont.—Willie Davies, of Charleroi, Pa., outpointed Eugene Hunt, France, (10).

New Orleans—Eddie "Kid" Wolfe, Memphis, Tenn., outpointed Jose Estrada, Mexico, (10).

Indianapolis—Happy Atherton, of Indianapolis, outpointed Anastasio Vucero, Panama, (10). Johnny Senas, Bermuda, knocked out Buzz Carlin, Jeffersonville, Ind., (3).

Trenton, N. J.—Young Terry, of Trenton, knocked out Pete Petrolle, Fargo, N. D., (4).

PHOTOGRAPH WRITS TO AID PIANO TUNE Worcester, Mass.—(AP)—Piano wire vibrations have their picture taken here, where much of the piano wire of the United States is manufactured.

The sound is recorded on a microphone, the vibrations of which are transferred to photographic plates by use of a flashing light and a mirror.

The object is refinements in piano making. Photographs are used to study the relations of the rigidity of the frame and the pull of the wires.

Pittsburgh and Yale Win Lion's Share in All-Eastern Eleven

Chattanooga, Tenn., Dec. 3.—(AP)—The baseball fate of George Toporcer, bespectacled infielder of the Rochester club of the international league today rested with seven of the eight members of the national board of arbitration, minor league's baseball's highest tribunal.

The former St. Louis Cardinal came to have his day in court, accompanied by his manager, Billy Southworth, who also stands as an appellant before the board. Southport is asking to be relieved of a fine of \$500.

Toporcer's plight, pending possible action by the board is more serious. He stands sentenced by M. H. Sexton, president of the National association of baseball leagues, the minor league organization to suspension for one year from participation in organized baseball, in addition to a fine of \$200 imposed last October during the playing of the "little world series" between Rochester and Kansas City.

Toporcer was ejected from a game at Rochester by an umpire after strenuous objection by Toporcer to a called third strike. Later charges of inciting the crowd were preferred and Toporcer's suspension followed. Southworth's punishment came on charges of failing to restrain the player.

The two players in appealing to the board from the president's decision, represent that they were on hunting trips, out of communication with the baseball world, and did not receive the notice to appear to answer the charges.

The members of the board of arbitration are J. H. Farrell, Auburn N. Y., chairman and secretary; J. Calewing, Oakland, Calif.; John D. Martin, Memphis, Tenn.; Thomas J. Hickey, Chicago, Ill.; William G. Bramham, Durham, N. C.; Dale D. Gear, Topeka, Kans.; J. Alvin Gardner, Wichita Falls, Texas, and J. V. Jamison, Jr., Hagerstown, Md., only Mr. Jamison is absent.

The meetings of the board act as a certain raiser for the annual convention of the national association, opening tomorrow. Baseball men from far and near continued to reach Chattanooga to participate in the general deliberations and perhaps make a few trades of players.

The international league will make another effort to elect a president, and meeting in New York last month resulting in a deadlock. The western league will hold a meeting and may decide to split its season.

Although this year's convention has not yet opened, two active bids have appeared for the 1930 meeting. West Baden, Ind., and Montreal, Canada will extend invitations.

Series of Fires Cause One Death

Richmond, Va., Dec. 2.—(AP)—Prolonged cold weather in Virginia has been accompanied by a series of fires during the last 48 hours, resulting in one death and considerable property loss.

Henry Broadus Bishop, 30, of Hopewell, Va., bookkeeper, died of suffocation in his room over a grocery store yesterday as fire destroyed the building. The blaze was believed to have started from a cigarette stump.

William H. Mullen, 76, Richmond labor leader, was overcome yesterday afternoon while asleep in his home as fire partially destroyed the residence. He was revived at a hospital.

Four buildings were razed by fire of undetermined origin that wiped out half of the small business section of Stoney Creek, Va. Firemen from Petersburg, Va., formed a bucket brigade and saved nearby structures.

The Boiler house of the Western State hospital for the insane at Staunton, Va., was destroyed by fire. A railroad locomotive was lent to generate steam for the comfort of the more than 1,600 patients at the hospital. Governor Byrd said \$25,000 would cover the damage.

One Dead and Five Missing In Ship Wreck

Sault Ste. Marie, Mich., Dec. 2.—(AP)—The freighter Kiowa's gambler with the treacherous seas of Lake Superior had ended today on an isolated shore of the lake with five of her crew missing, one dead and 18 rescued after severe exposure.

Radio messages received by coast guard headquarters here revealed how the Kiowa's sturdiness had been staked against the first storm of what mariners call the "gambler's season" for lake navigation; and how her skipper twice played a game of chance with winter, only to lose both times.

Groping through the storm and trying to hug the south shore line, the Kiowa went aground Saturday night on a reef ten miles west of the village of Grand Marais, Mich. Through the night she listed and Sunday morning, while the storm continued, Capt. Alex Young of Duluth, decided to chance launching of a life boat to get ashore.

The reports said the little craft capized throwing him, the steward, wheelman, watchman and the porter into the water. A sixth man was believed to have been carried out into the lake with the boat and it was his body, found yesterday, that revealed the Kiowa's plight.

His companions were believed to be dead, although coast guardsmen continued a search for them.

While the Kiowa settled in the shallow water, a half-mile from Aux Sable light house, 18 men huddled in the portions which were not submerged and waited for help.

When guardsmen reached them, many were suffering from the exposure to the gale and sub-zero temperatures.

COLORADO'S "RED SNOW" HAS WATERMELON SCENT

Denver.—(AP)—Science has explained the phenomenon of "red snow" in the Arapahoe glacier region, near the Continental divide of the Rocky mountains in Colorado.

To persons who make the trip by United States forest trails to the great ice-rivers in this region, the reddish tinge of snow is one of the most curious and interesting features.

The color is most noticeable when one walks over a glacier and crosses a great spot where the snow looks red. Footsteps turn a crimson hue. A faint but well defined scent of watermelon emanates from the colored snow.

Scientists have found that this kind of snow does not fall—it grows. It is a minute form of plant life, related to algae.

Tucson, Ariz.—Isabel Helen Maynard, stepdaughter of M. J. Hanon, speaker of the Arizona house of representatives, is going to Cairo as the bride of Hassan Saby El Kord, son of the director of education in Cairo. They met at the University of Arizona, where the groom studied agr-culture. The marriage was on the holiday.

Fiddlers "Carry On" Providence, R. I.—"Carry On" will be the tune now played by the old time fiddlers of this state. With a charter granted to them under the name of the Old Time Fiddlers' club of Rhode Island, all the old fiddlers of this state have incorporated with "Carry On" as their slogan.

Locusts Attack Legion. Marrakesh, Morocco.—The French Foreign Legion is having one of its hardest battles of its career. Swarms of locusts have descended from the Atlas mountains. Airplanes and cavalry have failed in frontal and flank attacks upon the hordes.

JEWELRY IS TINTED BY ELECTRIC PROCESS One whaling company in the North Pacific this year captured 235 whales.

Missouri has begun plans for a new \$2,300,000 road program.

To Spend \$50,000,000 Pittsburgh, Pa., Nov. 29.—(AP)—The Aluminum Company of America will expend \$50,000,000 in 1930, it was announced at the company offices here. The allocation under the budget headings has not been completed, but a considerable part of this sum will be spent in the Pittsburgh district, it was said.

New N. Y. U. Captain

Associated Press Photo Jerry Nemecek, star end on the New York university football team, was elected captain of the team for 1930.

A. C. L. Traffic Manager is Dead

Wilmington, Dec. 2.—(AP)—James Menzies, 69, freight traffic manager of the Atlantic Coast line railroad and one of the best known railroad men of the south, died at his home here last night of pneumonia after an illness of 10 days.

Born in Scotland, Mr. Menzies came to this country and entered railroad work, rising to the position which he held at the time of his death.

He is survived by his widow, who was Miss Mary Voorhes, and two daughters. Funeral services will be held here tomorrow afternoon and his body will then be taken to Bismarck, N. J., for burial.

CATHOLICS TO ESTABLISH LOAN BANKS FOR EARNERS

Washington, Dec. 2.—(AP)—A nation-wide system of credit unions to lend money to wage earners is to be set up by the social action department of the National Catholic Welfare conference.

Personal short time loans at a moderate rate of interest will be made.

The organizations, a few of which now are in existence, are known as Catholic parish credit unions. The conference plans their extension into the 36 states where credit union laws are in force.

The parish credit union is a co-operative savings and loan society. Depositors buy shares at an average value, usually \$5, and get 6 per cent a year interest. The capital thus obtained is loaned out at 8 per cent.

Al Made "Big Chief." New York—Chief Leading Star of the Blackfeet, has presented to Chief Curry of Tammany a head-dress, wampum belt and other trappings. Chief Leading Star alias Alfred E. Smith, has received the title and regalia at Helena, Mont., while campaigning for the presidency.

Dan Maroney of Rock Island, Ill., has been a railroad employe 55 years, within 10 years of his life span.

Lord Cheylesmore Married to Nurse

Vancouver, B. C., Dec. 2.—(AP)—The marriage of Lord Cheylesmore, ranchman, to a nurse was disclosed today.

He came to Alberta six years ago, took up 4,000 acres of land at Alick, near Calgary, and established the Happy Valley Ranch. Only July 25 last, he was married to Miss Margaret Pearl Sundberg, daughter of Mr. and Mrs. A. L. Sundberg, of Alick.

Lord Cheylesmore is generally known in Alberta as Captain Francis Henry Ormand Eaton. Miss Sundberg came to Vancouver early in 1927 to take up nursing and was graduated from the General Hospital.

The couple will visit eastern Canada and the United States.

WEATHER CHARTS RADIOED TO PILOTS OF LUFT HANSA

Berlin.—(AP)—Furnishing air line pilots with weather charts by radio photograph transmission is under experiment by the German Luft Hansa, says A. Douglas Cook, assistant United States trade commissioner here.

Besides a weather map, a Luft Hansa pilot on the Berlin-Cologne route was given a picture of the movement of a thunder storm from which he was able to estimate its speed and the point at which it would be encountered, Cook said.

On another occasion the photograph of an airport, which was unsafe because of floods, was transmitted and the pilot was enabled to pick up another spot to land.

J. Waddy Tate, mayor of Dallas, favors a calendar of 13 months "if all holidays would fall on Monday, church services were held once a month and workers received an extra month's pay for that extra month."

Bears' 1930 Captain

Associated Press Photo Carl Handy, guard on the University of California's football team, was elected captain of the Golden Bears for 1930.

LARGEST WIND TUNNEL PLANNED BY N. A. C. A.

Langley Field, Va.—(AP)—Bids for construction of a gigantic wind tunnel, in which full scale models of all except the larger planes built in this country may be tested, are to be asked shortly by the National Advisory Committee for Aeronautics.

The huge tunnel, the largest in the world, will be built at the committee's Langley field laboratory.

Unlike the ordinary wind tunnel, which is round, the new tunnel will be oval, 25 feet high and 75 feet across. Three multi-bladed steel propellers, each 25 feet in diameter, will drive the air stream through the tunnel.

State Prison Singer Escapes

Raleigh, Dec. 2.—(AP)—Robert "Bobby" Felment, state's prison's radio singing successor to Paul Turner, has escaped. Warden H. H. Honeycutt announced today.

Felment, who was said to have spent several years on the vaudeville stage, broadcast from station WPTF here several times during the summer and early fall and showed that he had a very good tenor voice.

Felment, who is said to be the son of a minister, was sentenced from Iredell county in May of this year to serve from two to four years for temporary larceny of an automobile. He made his escape from the prison camp near Cary.

Felment succeeded Turner as radio soloist at the prison when the one time "mystery man" was released from prison last summer. He had done very little singing at the prison before Turner left. Turner, shortly after leaving prison, became involved again and last advice state's prison officials had of him he was under arrest for Charleston, W. Va., and Cincinnati authorities.

Police Fight Robbers

Singapore, Straits Settlement, Nov. 29.—(AP)—Hand to hand fighting between a gang of armed Chinese robbers and police at the Compound before a wealthy Arab house today finally was quelled by the police and the entire gang arrested. The Arab occupant of the house was wounded, as were two police and eight of the robbers.

TOO BUSY TO CONSIDER SENATORIAL CONTENT

Washington, Dec. 3.—(AP)—Reports that Representative Edith N. Rogers, Republican, Massachusetts, would enter the Massachusetts senatorial race next year for the seat from which Senator Gillett, Republican, plans to retire, today prompted a statement that she was "too busy in my present work to give it consideration at this time."

"Many persons have requested me to become a candidate for Senator to succeed Senator Gillett," Mrs. Rogers said. "It is very kind of them. At present, however, I am very busy with work affecting my district and have been unable to give the matter consideration."

Smith Chosen Wheat King.

Chicago, Dec. 3.—(AP)—A wheat grower from the foothills of the Canadian Rockies, Joseph H. B. Smith, was selected as the wheat king of the national hay and grain show today. Smith, whose home is at Wall Creek, Alberta, won the title with his sample of hard red spring wheat which weighed 66.3 pounds to the bushel.

APPROVE \$30,000 FOR PAN-AMERICAN PUBLICATION

Havana, Dec. 3.—(AP)—An appropriation of \$30,000 for publishing the acts of the sixth Pan-American conference held here two years ago, was today approved by the Cuban Congress. The money will be paid to Dr. Antonio Sanchez de Bustamante, Cuban jurist.

The Cuban government plans to print the conference acts immediately and send them to all those who participated in the Havana conference.

The acts will be published in Spanish, English, French and Portuguese.

Coffee-Drinking Contest

New York—Eighteen boys and eighteen girls at Columbia University are to be paid \$1 an hour for drinking coffee and answering questions. They will be interrogated after each cup until their capacity is reached. It is described as a psychophysical experiment to determine the effect of coffee on the elementary and motor capacities.

Return From Wedding Trip.

Mr. and Mrs. C. O. Webster have returned from their wedding trip and are making their home with Mr. and Mrs. L. W. Tucker on Third street. Mr. Webster and Miss Margaret Felder were married on Monday, November 25th at the home of the bride in Taxville, S. C.

Mr. Webster is manager of the local Montgomery Ward store.

MR. ADAIR DIES IN SOUTH CAROLINA

Mrs. L. A. Stroud received a wire last night announcing the death of her cousin, LaMar Adair, of Charleston, S. C.

Mr. Adair is well known in Greenville, where he has visited Mr. and Mrs. Stroud.

FREES THE HOME AND CLEARS THE MORTGAGE IN ANY EVENT

Here is a Home Purchase Plan which will liquidate a mortgage on your home in 10, 15 or 20 years, if you live, or clears the incumbrance immediately if perchance you should die during the period, leaving the home free and clear for your loved ones.

No commission charged. Simple six per cent interest guaranteed.

Backed by one of the largest and strongest financial institutions in the world, with assets of more than a Billion Dollars.

The Equitable Life Assurance Society, Representative—Miss Mamie Ruth Tunstall.

Looking For Something?

For the out-of-the-ordinary Gift that is just a little different—just a little better—and still at a price that you may save much—inspect our line.

AMBITIOUS THIEF REPORTED IN WAKE

Raleigh, Dec. 3.—(AP)—Wake county's most ambitious thief of the current season was reported today by O. M. McKaughan, superintendent of the water and light department of Wake Forest.

A stretch of the water department's copper wire is missing and the "steepie jack" who did the job picked a story night and a hazardous spot to grab his loot.

Last Friday night, Mc. McKaughan said today, when the mercury was bobbing up and down—mostly down—around the 15-degree mark in the Wake Forest section, the thief skinned up two poles 25 feet high and cut down two spans of the copper wire. He successfully escaped with his loot and left no clues.

The wire which was stolen supplies current to the Wake Forest pumping station and is used only in case of fire. The amount stolen was about 50 pounds.

Sign Extradition Treaty.

Bogota, Colombia, Dec. 3.—(AP)—An extradition treaty between Colombia and Great Britain was signed today in the main hall of the ministry of foreign affairs. The treaty covers all British dominions and territories.

Railroad Man Dead.

Elizabeth, N. J., Dec. 3.—(AP)—James Home Harris, 63 years old, maintenance engineer for the Pennsylvania Railroad for the past 37 years, died suddenly at his home here last night.

He had worked yesterday and returned home last night in apparent good health. Death was due to a cerebral hemorrhage.

Mr. Harris was a native of Scotland. He was graduated from the University of Virginia. Surviving are a son, James Home Harris, Jr., and a daughter, Mrs. Henry B. Clark, both of this city.

Bill Looks to Retirement

West Point, N. Y.—Bill Jones, retiring army football coach, who is 34 years old, is looking forward to the day of his retirement from the service. "Then I can play all the squash I want to," he explained.

Red Dresses Popular

Washington—Red dresses seem to be the thing for wives to wear when watching their husbands run the ship of state. Mrs. Longworth wore one in the house gallery and Mrs. Gann one in the Senate gallery at the opening of Congress.

John D. 3. Heart-Whole

New York—John D. Rockefeller, 3rd, who is 23 and good looking and has a job and great prospects, is heart-whole. "Absolutely," he laughed when questioned on his first day at work.

To Run Harvard Grid

Cambridge, Mass.—A couple of boys from fashionable Park Avenue, New York, are to run Harvard football next year. Ben Tjebken, new captain, and Douglas Dillon, manager, both live there.

Book-Collecting Hobby

Princeton, N. J.—Often, instead of eating lunch, Kermit Roosevelt prowls around old book stores, occasionally buying a volume. Book-collecting, especially first editions, is his avocation, he told the Daily Princetonian, in urging the importance of a hobby.

Modern Adam Catches Cold.

New York—Burt M. McConnell, who spent nine weeks in the Quebec wilderness living almost Adam-like and doing such things as sleeping in snow, is back in New York with a cold. He caught it on a train.

HOOVERS OBSERVE HOLIDAY

Mrs. Hoover, President Hoover and their son, Allan, arriving at the Metropolitan Memorial Methodist church, where they participated in the Thanksgiving service.

\$25,000 Fire At Mebane, N. C.

Mebane, Dec. 3.—(AP)—Damage estimated at more than \$25,000 was done here early today by a fire that virtually destroyed the new Majestic Theatre here and did heavy damage to the Mebane Motor Company store and garage. A lunch stand next to the motor company also was damaged.

The fire was discovered in the theatre at 2:30 o'clock this morning. It already had gained great headway but at 5 o'clock was under control and at 9 o'clock was virtually extinguished.

Pitt Commissioners Reappoint Various Department Heads

The Board of County Commissioners in regular monthly session in this city yesterday reappointed various department heads for another year.

Those reappointed were: C. C. Coppedge, auditor; F. L. Stone, tax-supervisor; J. B. James, county attorney; R. E. Corbett, superintendent of county home.

In addition to this the board certified the bonds of elective officers and considered the usual run of routine business.

PROTEST REMOVAL OF N. & S. PASSENGER TRAIN

Raleigh, Dec. 3.—(AP)—The State Corporation commission today heard protests from Washington, Belhaven and Terraconia oppose the removal by the Norfolk and Southern railroad of trains 17 and 18 operated between Raleigh and Washington, N. C.

Testimony before the commission was completed early this afternoon and arguments heard. The commission did not give its findings immediately.

Duncan Made Marshal

Washington, Dec. 3.—(AP)—President Hoover today nominated J. Duncan Adams as United States marshal for the western district of South Carolina.

Bledsoe Heads W. and L. Lexington, Va., Dec. 3.—(AP)—E. H. Bledsoe, of Sykesville, Md., has been elected captain of the Washington and Lee football team for 1930.

Bledsoe, who was elected at the team banquet last night has played tight end for the last two years. An outstanding student, he is to receive his degree this year but will return next year for advance work.

W. F. Patterson, a fireman for the Texas and Pacific railway, practices law in Fort Worth after 3 o'clock each afternoon.

"Casey" Jones, driver of a clean car's truck drives University of Missouri co-eds to early morning classes.

MRS. HILL SUES FOR DIVORCE

Mrs. Mildred Hill, former musical comedy actress and third wife of Walter Hill, youngest son of the late James J. Hill, railroad magnate, has started divorce proceedings against her husband in Livingston, Mont.

Missouri-Pacific Seek Permission to Unify System

Washington, Dec. 3.—(AP)—Recommendation that the Missouri Pacific Railroad be permitted to carry through its unification proposal was made to the Interstate Commerce Commission today by Examiner O. D. Weed.

The Missouri Pacific would be permitted to acquire control under lease of the New Orleans, Texas and Mexico; the International-Great Northern; the St. Louis, Brownsville and Mexico; the Orange and Northwestern; the New Ibera and Northwestern; the Iberia, St. Mary and Eastern; the Houston and Brazo Valley; the San Rio Grande Valley; the San Antonio, Uvalde and Gulf; the Sugar Land; the Rio Grande City; the Abertson and Gulf; the Asphalt Belt; the San Antonio Southern; the Austin Dame and Suburban; the Beaumont, Stur Lake and Western; the Houston North Shore; the Natchez and Southern; the Natchez and Louisiana; the New Orleans and Lower Coast; the Fort Smith Suburban and the Missouri Pacific Railroad Corporation in Nebraska.

Millionaires Lose on Building Plan

London, (AP)—For years there has been a hue and cry about the housing shortage in London.

Certain speculative builders took it to heart, spent millions on apartment houses, and now are left holding the sack. Their lovely buildings are half empty.

There are more naifs for millionaires than there are millionaires to fill them.

So few Londoners feel like paying \$10,000 a year and up for apartments with "American" conveniences that the presence of a scattered few of them in the up-to-date buildings only accentuates the general lack of tenants.

Some of the landlords too, have been complicating matters by insisting on \$125,000 for the purchase of a lease.

Several builders conclude that what London really wants is apartments for the "man of moderate means." So a new crop of apartment houses is rising, in one of which it will be possible to rent a one-room apartment with bath for as little as \$100 a month.

Meanwhile, spokesmen of the laboring classes still keep on talking about the "great housing shortage" and the desperate lack of small flats which a \$15 a week clerk or mechanic can rent.

There is no shortage of \$15 a week clerks and mechanics.

Wins Poetry Award

Associated Press Photo
Edwin Arlington Robinson, author of "Tristram," was awarded the American Institute of Arts and Letters gold medal for poetry.

Unmasked Bandit Gets \$600 From Winston Theatre

Winston-Salem, Dec. 3.—(AP)—Appearing just before it closed for the night, an unmasked bandit last night held up the ticket office of the Colonial Theatre here and escaped with the day's receipts. H. S. Orr, theatre manager, estimated the sum taken at between \$500 and \$600.

Mrs. Margaret Sprinkle, cashier, said the bandit came to the window, handed her a note and then presented a revolver. She said she did not read the note, but the bandit told her to fill a paper bag he handed her with money or he would shoot. Taking the bag, which she had filled, the bandit joined a companion in a car which had halted at the curb and he two drove away.

FORMER "U" PRESIDENT STUDIED IN LAW SCHOOL

Fayetteville, Ark. (AP)—Dean G. W. Drake, a former president of the University of Arkansas, is enrolled as a student in the law school and has two of his former students as instructors.

Half a century ago Dean Drake came to the university as a mathematics instructor. Later he became president of the institution. He retired as a faculty member during the last school year and enrolled in the law school this fall.

Tobacco Meeting Set for Dec. 7

Raleigh, Dec. 3.—(AP)—A mass meeting of tobacco farmers from all sections of the State will be held here Tuesday, December 17, instead of Wednesday, December 16, as originally scheduled. Dean I. O. Schaub, head of the agricultural extension service at State College, announced today.

The date has been changed due to the inability of James C. Stone, tobacco member of the Federal Farm Board, to attend on the date first set.

The meeting has been called to discuss the advisability of attempting the organization of a tobacco growers co-operative association in North Carolina. All county agents are co-operating with State College authorities in an attempt to have a large and representative attendance at the meeting. Dean Schaub said.

DANGEROUS CRIMINALS ESCAPE FROM QUARRIES

Winston-Salem, Dec. 3.—(AP)—Ezra Steele, June Curry and Carl Russell, negroes, all long-term prisoners and regarded as desperate criminals, overpowered a guard and escaped from the Piedmont quarries near here today.

City police and the sheriff were notified and at once took up the chase.

Steele is serving a life sentence for having attacked a woman, being convicted three times of this crime, once being sentenced to death, the sentence being commuted to life imprisonment. He has escaped several times and is said to be under life sentence in another state.

Curry was serving 30 years and Russell 50 to 60. Their records were not available at the camp.

SUES GOVERNMENT IN INSURANCE ISSUE

Anderson, S. C., Dec. 3.—(AP)—The case of E. F. Roper against the United States government, an issue involving the war risk insurance act was before the United States district court here today, the plaintiff seeking recovery of \$5,000 alleged to be due the estate of the late Charles W. Roper, on an insurance policy with the government.

Indications are that the case, which was begun Monday afternoon when court reconvened after the week-end recess, will consume most of today's session.

THE HOME FURNITURE COMPANY

has just received a message from Atwater Kent Manufacturing Company, Philadelphia, Pa.

No Change of Models.

We quote a telegram just received: "We are satisfied that no better radio set than our present screen grid models can be produced either by our selves or our competitors (stop) we will continue to manufacture and sell the present Atwater Kent line throughout the spring season."

"Atwater Kent Mfg. Co."

"THE TAMING OF THE SHREW"

Which is to be presented on Thursday and Friday evenings of this week by the SENIOR CLASS

—of—
EAST CAROLINA TEACHERS COLLEGE

Is a three-act comedy of the Elizabethan era. The cast will include eighteen members. The costumes worn by the characters will be strikingly rich and beautiful; the scenery, pleasing; and the singing and dancing between acts, very enjoyable.

FIFTEEN MINUTES OF DARKNESS.

The fifteen minutes our town was in total darkness last night was enough to convince our people just how much the efficient service our local light plant has been furnishing us for a number of years means to us, and how much we miss it, when something goes wrong.

ABOUT TOWN

MELLON'S MELON FOR THIS STATE

Mellon's one per cent reduction of income tax (overdue a whole year) will help a few North Carolina taxpayers, individuals and corporations, by \$186,659.97.

Though this State stands second in the payment of internal revenue taxes (most of it from the cigarette tax), there are no reductions proposed in these taxes.

paid by citizens of North Carolina. There were 33,398 returns in North Carolina and of these 14,767 were taxable. In the whole country the average net taxable income is \$5,497 and in North Carolina it was \$4,668.

There were 64 persons in North Carolina who reported net incomes in excess of \$100,000. Three reported incomes of between seven hundred and fifty thousand and a million dollars and one in excess of a million dollars.

gratification at the splendid service which they received. Every section of the country has its crop failure, and this happens to be Pitt county's.

Christmas shopping has actually gotten under way in Greenville and numbers of people have taken advantage of the splendid offerings which merchants had to offer.

The high school grid season will come to a close in North Carolina with the playing of the championship series at Chapel Hill.

While we were unable to reach the finals in football, who knows but that we may not forge to the front in the case of next year's season.

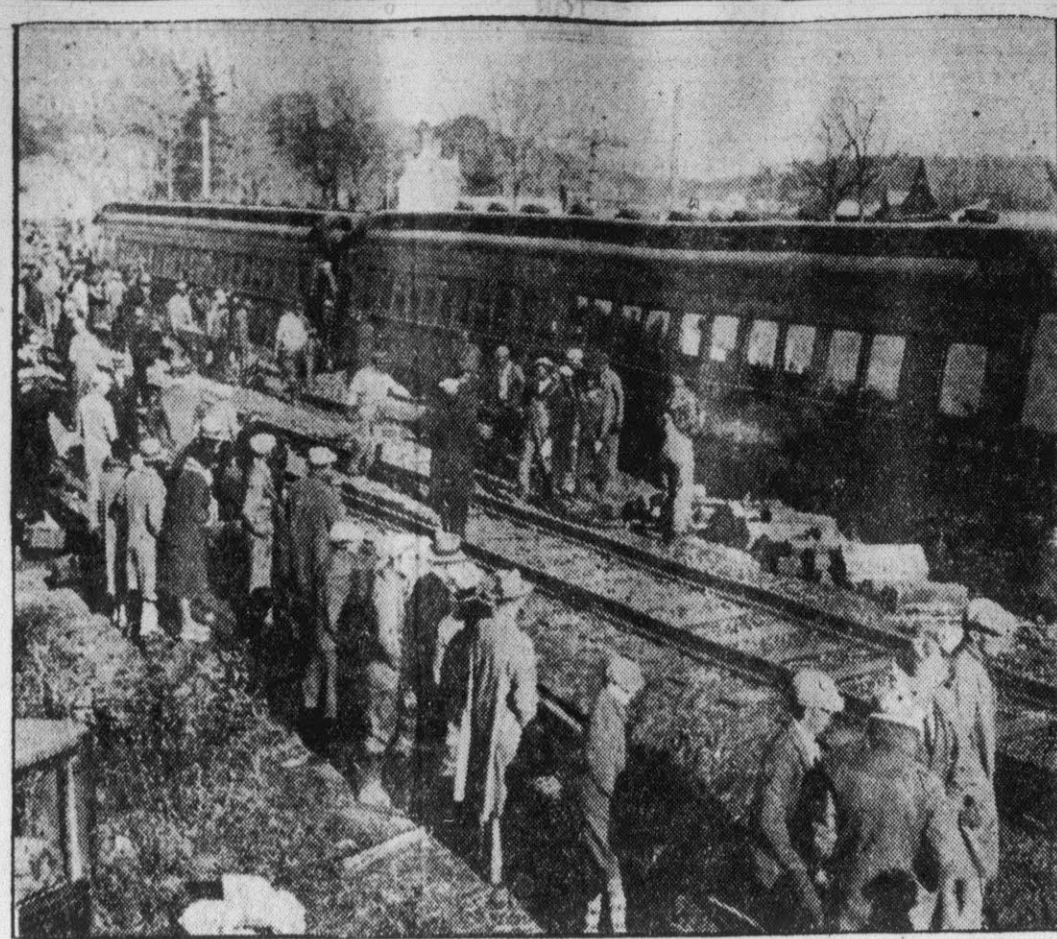

What Congress is Doing Tuesday, Senate: Hears President Hoover's first annual message; takes up case of seating William S. Vare, Pennsylvania senator-elect.

Market Report

Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, Dec. 3.—(AP)—Cotton opened steady at unchanged prices to a decline of 3 points which was only a partial response to relatively easy Liverpool cables. The decline seemed to be checked by trade buying around 17.75 for May and after showing net losses of about 4 to 5 points, prices steadied up on covering by smaller private crop figures.

Fluctuations were narrow but the market held steady and within a point or two of yesterday's closing quotations at the end of the first half hour. A private crop report was published, placing the yield at 14,889,000 bales of 500 pounds and making the crop in running bales 14,638,000 bales. This report estimated earnings prior to December 1st at \$2,289,000 bales.

Liverpool cables reported that trade calling had been supplied by hedge selling and continental liquidation in the market there and said there was a fair inquiry for cotton cloth from India but that many offers were impracticable.

GRAIN MARKET

By JOHN P. BOUGHAN, Associated Press Market Editor, Chicago, Dec. 3.—Helped by increased over-seas demand for wheat shipments from North America and by enlarged crop losses in Argentina, wheat prices today scored sharp gains. North American export business today was estimated at 1,739,000 bushels, including 500,000 bushels of durum wheat from the United States highest quotations for the day here for wheat were partly due to a telegraphic error in transmitting the close of the Liverpool market, but the mistake was quickly corrected, and a reaction here followed.

STOCK MARKET

By STANLEY W. PRENSHIL, Associated Press Financial Editor, New York, Dec. 3.—The stock market, after an irregular opening, engaged in a broad upward price movement today under the influence of easier credit conditions and the optimistic survey of business conditions by President Hoover in his message to Congress. Gains in many of the active issues ran from 2 to 10 points with even larger advances in a few high priced specialties. Trading increased on the rally, with blocks of 5,000 shares, or more, again making their appearance at frequent intervals.

The advance, which embraced practically all leading groups of stocks, was one of the most extensive since the market hit bottom in the middle of last month. "Bear" traders, who had been selling stocks freely in the last fortnight, rushed to cover as large buying orders appeared for a varied assortment of investment and speculative issues, some of which again showed signs of new activity.

President Hoover's declaration that there had been no inflation in commodity prices, that foreign trade expansion steadies industry and employment, and that the agricultural situation is improving, together with his pronouncement in favor of railroad consolidation and against the government operation of Muscle Shoals helped to create bullish sentiment, and restore confidence. The day's business news, while meagre, was generally favorable.

The rush to buy stocks started soon after extracts of the President's message began to appear on the financial news tickers. Reports that call money, which renewed at 4 1/2 per cent, was being freely loaned in the outside market at 4, also helped to stimulate the demand for stocks.

Auburn auto ran up 30 points. Laclede Gas 15, American Tobacco B 10, and Warren Bros, Missouri Pacific Common, Air Reduction, Allied Chemical, J. I. Case, Foster Wheeler, Wabash, Central Electric, American Machine & Foundry, American Tobacco B, and U. S. Industrial Alcohol all sold 6 to 9 points above yesterday's final quotations.

Among the long list of issues to be marked up 4 points, or more, were National Biscuit, Underwood Elliott Fisher, Western Maryland, Murray Corporation, Atchison, North American Co., American and Foreign Power, American Water Works, Sears Roebuck, American Can, Otis Elevator and Worthington Pump.

Hickory Youth Killed by Brother
 Hickory, Dec. 3.—(AP)—Accidental discharge of a rifle in the hands of his seven-year-old brother caused the instant death of Roy Moore, Jr., 3, at the home of his parents in Fishland.

Elson, the older brother, was said to have inadvertently injected a cartridge into the unloading firing chamber of the rifle from his magazine.

Funeral services were held for the child this morning.

Oregon packers have added frozen strawberries to the list of fruits shipped in cans.

To Visit America

 Eamonn De Valera, Irish republic leader, plans to visit America in the near future.

STOCK PRICES SOAR UPWARD ON N. Y. MARI

Broad Buying Movement Follows Publication of President Hoover's Message

New York, Dec. 3.—(AP)—Publication of President Hoover's message to Congress was followed by a broad buying movement on the New York stock exchange which carried scores of issues up \$2 to \$10 a share, and specialties even higher. Trading, which had been relatively dull for the past fortnight, showed a marked expansion in volume, with the ticker again falling slightly behind the market.

The rally was one of the most impressive since the general level of prices sank to a new low for the year in the middle of last month, and embraced practically all groups of stocks.

Special strength was shown by the railroad shares, particularly such low priced issues as Western Maryland, Missouri-Kansas-Texas, Wabash, St. Paul preferred and Chicago Great Western preferred, presumably on buying influenced by the president's declaration in favor of railroad consolidations and legislation to expedite them. Missouri Pacific issues, Atchison and Chesapeake & Ohio also recorded large gains.

Auburn auto recorded an extreme gain of \$30 a share, and J. I. Case and American Tobacco B \$10 each. More than a score of issues showed gains of \$4 a share, or more, the list including American Can, American Water Works, Allied Chemical, American Foreign Power, Columbia Gas, General Electric R. H. Macy, Sears Roebuck, Underwood Elliott Fisher and U. S. Industrial Alcohol.

Morrow to Fly With Lindbergh

Camden, N. J., Dec. 3.—(AP)—Ambassador Dwight W. Morrow, who will become United States Senator from New Jersey, early next week, will fly to Camden soon in an airplane to be piloted by his son-in-law, Colonel Charles A. Lindbergh, according to David Baird, Jr., United States Senator-designate.

Mr. Baird made this announcement last night, while addressing members of the Camden County Republican executive committee at their monthly meeting.

"I understand," he said, "it has been arranged and within a short time Colonel Lindbergh will come with the ambassador."

WARREN TICKETS MOVE TO DEFER VARE CASE

Washington, Dec. 3.—(AP)—A move to defer the Vare case in the Senate until next Monday was urged today by Senator Borah, Republican, Idaho, and debate on the Pennsylvania's right to a seat was started.

Before unanimous consent necessary to make definite the Norris program could be asked, general discussion started.

Senator Johnson, Republican, California, suggested that the Senate vote first on the Norris resolution and then take up the Wilson-Vare election consent. He proposed that the Senate proceed at once with the Norris resolution. Other senators immediately began clamoring for recognition.

DIFFERENT VIEWS ON PRESIDENT'S MESSAGE

Washington, Dec. 3.—(AP)—Comments today from members of Congress ranged from hearty approval expressed by Senator Watson of Indiana, the Republican leader, to the statement by Senator Robinson of Arkansas, the Democratic leader, that it had supplied no suggestions of value on the tariff.

Watson said the message was commendatory in tone and added that he believed carrying out of the recommendations by Congress prove a benefit to the country. Robinson after disapproving the references to the pending tariff bill, praised the chief executive's suggestions in Flood control and tax reduction.

From another Democratic quarter the Democratic National Executive committee, came a sharper attack on the chief executive's statements on the tariff.

Joseph Stone, committee chairman, ascribed the message to Congress as a "major" on the tariff was concerned was meaningless and predicted that the "old guard in the Senate" will continue to insist that its robber tariff program has the President's approval.

TUNNEYS RETURN FROM HONEYMOON IN EUROPE

New York, Dec. 3.—(AP)—Announcing emphatically that he does not intend returning to the ring and has permanently ended his public career, James Joseph "Gene" Tunney arrived here today with Mrs. Tunney after a 15-months honeymoon in Europe. A crowd of several hundred met the Tunneys when they debarked from the Consuelo liner, Vulcania, early this afternoon.

William McLaren, farmer, near Pringle, S. D., raises 6,000 bushels of potatoes on 15 acres of land.

MRS. BRYAN TO BE BURIED IN GREENVILLE

(Continued from page one)
 ditch, and threw the other end of the car directly in the path of the lumbering train.

Mrs. Bryan was a native of Pitt county. She spent the most of her life in Grimesland and Greenville where she was well known by a wide circle of friends.

She was the daughter of the late W. E. Proctor, prominent Grimesland business man, and Mrs. Lena Proctor. She is survived by her mother and husband, and adopted daughter, Mary Ann, three sisters, Mrs. Tom Andrews, Bethel; Mrs. W. A. Hudson, Grimesland; Mrs. R. Edwards, Grimesland and three brothers, J. Knott, Greenville; John, New York, and David Proctor, Grimesland.

Headache Kept Her Miserable

"I feel like a new person since taking Sargon and Sargon Soft Mox Pills. The most terrible headaches imaginable used to keep me miserable day and night and tore

MRS. LILLIE CULEY

up my nerves so I couldn't sleep. My whole system seemed filled with poisons from constipation and an aching liver. I tried so many medicines without lasting relief that I lost heart.

"I began Sargon to please my husband, and within a week felt marvelously strengthened all over. Now the headaches are entirely gone, my nerves are in fine condition and I sleep like a child. Sargon Pills overcame my constipation and torpid liver without the least griping or nausea. I'm stronger and better in every way than I've been in years, and want to make this statement in pure gratitude for what the Sargon treatment did for me."—Mrs. Lillie Culey, 2310 Bahanville Road, Columbia, S. C.

Sargon may be obtained at Greenville at the Warren Drug Co.

R. J. COBB FARM

CLARK AND GORHAM TRACTS
 On Old Greenville-Tarboro Road, Greenville Township,
AT AUCTION
 Wed. Dec. 4th At 11:00 A. M.
 TERMS: 15 Per Cent Cash, Balance in Ten Years.

This valuable farm, consisting of 1,350 acres, with dwellings and the necessary stables, barns, and pack houses to give each tract sufficient buildings and barns, has been subdivided into small farms and will be sold at public auction.

Farm lands, in the past few years have been selling at low prices and, for the most profit, should be bought at this time.

An editorial in the Pennsylvania Farmer says: "Good farm land can be bought now for fewer dollars per acre than when livestock, dairy products, and poultry products were worth only one-third as much as they command now. It can be bought for fewer dollars per acre than when grains were worth half their current price. The purchase can be financed now at less cost than then. If these things are true, why isn't good land a good buy? It is, for the right man—the man who knows how to use land, who is industrious and careful, who wants a home of his own enough to work and sacrifice for it, who has a wife with the same ideas about it. To such persons good land is a sound investment right now. For such persons it will make money, not only by operation, but by increase in market value."
