MANY NEEDY CASES TO BE PROVIDED FOR

Merchants Association Announces First 25 Cases in Christmas Drive

The first list of needy cases to be provided for in the Christmas campaign of the Greenville Merchants Association was made public today. The list contains twenty-five families the majority of whom are in dire distress and badly in need of clothing to keep them warm during the cold spell now sweeping over the southern part of the country.

Members of the campaign committee stated the cases had been fully investigated, and that they had been found worthy of consideration. Numbers of the families are at the point of starvation, with tiny children suffering from the hardships of hunger and cold. In numbers of instances fathers are in jail, or unable to work because of severe illness, and the tiny children are suffering for lack of nourishment.

It is the purpose of the Merchants Association to provide for the most urgent cases as early as possible, and the public has been called upon to contribute liberally of money or clothing. All organizations desiring to adopt one or more families during the holidays must first secure the campaign committee. They will provide liberally for their charges before they will give permission to take a part in the work.

The Merchants Association is being assisted by the Welfare Department, and the progress of the campaign will be recorded by the barometer in front of the office of the secretary of the association, on Evans street, each day.

It was stated that lists of the needy cases would be completed from time to time, and that they should be made public so that everybody may have an opportunity of becoming informed concerning actual conditions among the poor element.

Persons with second-hand clothing are urged to get in touch with members of the campaign committee at once, so that relief may be carried to the tiny children suffering from the severe cold that is sweeping over this community.

The list of cases follows: Case No. 1—Family of three. Father blind. Baby 14 months. Needs clothing, shoes and supplies.

Case No. 2—Family of six. Father disabled. Girl 13, boy 11, 8, 18 months. Needs clothing and shoes.

Case No. 3—Family of three father disabled. Girl 12. All need clothing, shoes and supplies.

Case No. 4—Family of nine. Girl 14, boy 13, boy 11, girl 9, boy 6, boy 3, baby 12 months. All need clothing and supplies.

Case No. 5—Family of nine. Father in State prison. Needs clothing, shoes and supplies.

Case No. 6—Family of four. Father on the road. Boy 10, baby 18 months. All need clothing and supplies.

Case No. 7—Family of five. Father dead. Boy 16, girl 10, boy 8, boy 4. All need clothing and shoes.

Case No. 8—Family of four. Father afflicted with cancer. Girl 13, girl 15. Bad situation. Needs clothing, shoes, fuel, and drugs.

Case No. 9—Family of six. Father blind. Boy 12, girl 7, boy 2, boy 18 months. All need clothing, shoes and supplies.

Case No. 10—Family of six. Father disabled. Boy 11, boy 11, boy 9, boy 6. All need clothing and shoes.

Case No. 11—Two orphan children. Boy 12, girl 13. Parents dead and no home. Need clothing and shoes.

Case No. 12—Family of four. Two small children under four. Father and mother T. B. Badly in need of clothing and shoes.

Soviet Russia Resents American Intervention In Manchurian Situation

Moscow, Dec. 4.—(AP)—The Soviet government notified the United States today that it could not consider the American note reminding the Russian and Chinese governments of their Kellogg pact obligations as a "friendly act."

In a memorandum handed to the French Ambassador, Maurice Herbet, by Maxim Litvinoff, acting commissar for foreign affairs, the Soviet government expressed "amazement that the Government of the United States, which by its own will has no official relations with the Soviet, deems it possible to apply to it with advice and counsel."

In another place the memorandum said: "The Soviet government states further that the pact of Paris does not give any single state or group of states the function of protector of this pact. The Soviet, at any rate, never expressed consent that any state themselves, or by mutual consent should take upon themselves such a right."

Prior to publication of the memorandum, announcement was made that plenipotentiaries of the Moscow and Kuldern provincial governments, conferring at Nikol'sk-Ussuriskiy, a few miles north of Vladivostok, had signed a protocol reorganizing the administration of the disputed Chinese Eastern railway in conformity with the treaties of 1924.

The view was taken in the Moscow memorandum, which was to be forwarded to Paris and Washington, that the American note came at a time when some conditions of the negotiations already had been agreed upon. "In view of this fact," the memorandum said, "the declaration cannot be considered unjustifiable pressure on the negotiations and cannot therefore be taken as a friendly act."

The Nikol'sk-Ussuriskiy protocol was signed by Tsai Yun-Shen, Harbin diplomatic commissioner, for China, and M. Simonovskiy, agent of the Soviet foreign commissariat at Khabarovsk, for the Soviet Union. The 1924 treaties which it recognized were signed at Peking and Mukden and provided for joint operation of the railway which crosses Manchuria and provides a short cut for the trans-Siberian services.

Under the provisions of the new protocol Chairman Liu of the board of the railway will be dismissed, and the Russian government will not insist upon reinstatement of A. I. Emslanov and M. Elmsont as manager and assistant manager of the railway. Both posts will be filled by Russians, however, and both M. Emslanov and M. Elmsont will be appointed to other places on the railroad.

Tsai Yun-Shen in agreeing said the Mukden government henceforth would conform strictly to the agreements of 1924.

Washington, Dec. 4.—(AP)—Unconcealed astonishment and vigorous, if unofficial denial today greeted the charge of Soviet Russia that unfriendly motives lay behind the American efforts to prevent warfare between the Soviet Union and China.

Awaiting receipt of the Russian memorandum, forwarded through French diplomatic channels, government officials studied the text of the communication as transmitted by press correspondents and informally expressed complete surprise and amazement at the severity of its tone and the harshness with which it criticized the action of the United States in calling attention to commitments under the Kellogg treaty for the renunciation of war.

In this connection, they singled out the passage asserting that this step of the American government could not be taken as a friendly act in view of the progress of negotiations with the Mukden provincial government of Manchuria for a direct settlement of the dispute over the Chinese eastern railway, the controversy which gave rise to the Sino-Russian crisis.

The note asserted that unjustifiable pressure was being brought to bear upon these negotiations; that the Kellogg treaty gave no nation or group of nations authority to see that the provisions of the pact are carried out; that the "interference of any other party in the negotiations with the Mukden government or in the conflict itself could not be permitted; and, finally, that the American reminder of treaty obligations had been received with amazement in view of the fact that by its own will the United States has no official relations with Russia.

President Hoover and Secretary Stimson were informed of the Russian response to America's peace proposal last night but together with other high officers of the administration declined to comment. Subordinate officers of the State Department, however, were not hesitant about speaking their opinion of the new turn in the Sino-Russian situation. Wonder was expressed as to how the government's effort to mobilize the public opinion in the Orient and remind China and Russia of their treaty commitments could be construed as other than purely in the interest of peace.

Under the provisions of the new protocol Chairman Liu of the board of the railway will be dismissed, and the Russian government will not insist upon reinstatement of A. I. Emslanov and M. Elmsont as manager and assistant manager of the railway. Both posts will be filled by Russians, however, and both M. Emslanov and M. Elmsont will be appointed to other places on the railroad.

Norfolk & Southern Authorized to Take Off 2 Trains Dec. 15

Raleigh, Dec. 4.—(AP)—The State Corporation Commission issued an order this morning authorizing the Norfolk-Southern Railroad to discontinue passenger trains Nos. 17 and 18 between Raleigh and Washington, N. C., effective December 15.

The order followed a five-hour hearing held yesterday when citizens of Washington, Belhaven and Terra Ceir appeared and protested that removal of the trains would hurt the dairying and fish industries of the section. The railroad defended that revenue from passengers, mail, express and freight was insufficient to warrant operation of the trains.

The order said in part: "The commission is of the opinion and so finds that earnings of trains Nos. 17 and 18 are insufficient to take care of the actual out-of-pocket cost of operation and in fact, are being run at too great a loss to make it reasonable that the commission order their continuance; that both the milk and fish shipmen can, with some inconvenience on the part of the shippers be handled on train No. 3, passing Pinetown at 1:17 a. m. and Washington at 2 a. m. respectively, and this General Superintendent Dugan testified he would arrange to (1) and likewise co-operate with the Federal government in arranging to care for the mail now being handled by trains Nos. 17 and 18.

VARE TO PLEAD CAUSE BEFORE SENATE TODAY

Senator-Elect Personally Appears On the Senate Floor in Own Defense

Washington, Dec. 4.—(AP)—In the midst of a scathing attack upon the 1929 Pennsylvania senatorial primary and election by Senator Norris, Nebraska, Senator-elect William S. Vare entered the Senate chamber today to await an opportunity to personally plead his right to a seat in the U. S. Senate as a Republican Senator.

Denied the oath of office by the Senate two years ago when he presented himself for membership, Vare was granted the opportunity by the Senate to appear at this time in his own defense. He returned today for the first time as a vote near on his right to a seat.

The Pennsylvania man who stroked a year ago, walked into the Senate unassisted. He used a cane and limped slightly. He went first to the lounge in the rear of the chamber to await word that he could deliver a prepared address.

Accompanied by his physician, Dr. John J. Shaw, the senator-elect walked to a seat on the first row of the Republican side. As he entered the white-haired Nebraska Senator was at the high point of a denunciation of the Pennsylvania election won by Vare. He went on without interruption.

Mr. Vare on his way to the front shook hands with several Democratic Senators including Senator Robinson of Arkansas, the minority leader.

Death Toll Increases As Cold Wave Continues To Hold Sway In Southland

Atlanta, Dec. 4.—(AP)—Frigid weather, which has long overstayed its anticipated visit, retained a strangle hold on the Sunny South today bringing the death list to an even thirty with the addition of three names. Forecasters still insisted their predictions of rising temperatures would materialize shortly and carry the mercury above the freezing point.

The latest fatalities reported were John Thomas Brown and Mason Simms, railroad workers, found frozen to death beside a road near Tomworth, Rowan county, Virginia. The bodies were located several days ago, but word of their discovery did not reach Richmond until last night. An aged negro, said to be 100 years old, was found frozen to death near Knoxville, Tenn.

The fire in under-wood to have originated in Launders Plumbing shop and was brought under control about 2 o'clock this morning.

Rocky Mount, N. C. Dec. 4.—(AP)—Fifteen members of the Rocky Mount fire department were sent to Wilson last night in response to a call for aid in combatting a fire in North Goldsboro street the business district.

Returning this morning local firemen said several buildings were virtually destroyed and that the loss probably would be in excess of \$50,000.

The fire in under-wood to have originated in Launders Plumbing shop and was brought under control about 2 o'clock this morning.

ELEVEN LIVES LOST IN WRECK OF FREIGHTER

Ships Continue Effort to Rescue Crew of Norwich City From Island

Pago Pago, Samoa, Dec. 4.—(AP)—Rescue ships which reported the loss of eleven men and the saving of three others in the wreck of the British freighter Norwich City at Gardner Island, 700 miles north of here, again faced the dangers of heavy seas and treacherous coral reefs today in their effort to take 21 others from the island, upon which they are marooned.

First word of the fate of the 35 men aboard the Norwich City when she struck a coral reef last Saturday was received here last night in a terse message from the steamer Trongate.

The message said that the Trongate had taken aboard three of the survivors, including the wireless operator and second engineer of the Norwich City. Eleven members of the crew drowned, said the message when the Norwich City struck the reef. The three rescued by the Trongate apparently had been among the 24 to reach the island.

The Trongate advised that it had managed to get a rocket line to those on the island and would do its utmost to get them aboard today.

By means of the rocket line the Trongate communicated with the marooned men last night and learned that they were in need of water and provisions. The survivors reported that the food and water supplies of the Norwich City were lost when the ship was broken in two by the breakers.

Enormous breakers still were rolling in on all sides, the Trongate's message states, adding that other ships had tried all day but had been unable to get past the coral reefs which virtually surrounded the island.

Among the rescue ships reported at the scene yesterday were the Lincoln Elsworth and the Lavington Court. Gardner Island is in the Phoenix group and is supposed to be uninhabited.

'Bad Boy' Mayor Was Re-Elected At Newbury, Mass.

Newbury Port, Mass. Dec. 4.—(AP)—By the narrow margin of 46 votes Andrew J. (Bossy) Gillis, bad boy mayor of this old Merrimack Valley town, was re-elected to the office yesterday. He promptly ordered a detail of police of his own choice to guard the ballot boxes.

Gillis, which gave his opponent, Michael Cashman, a majority of 32 instead of an expected 200 Gillis majority. "Brother, you wait, how the old cleaver is going to swing—I've got them all tabulated," he said.

Gillis received 3119 votes and Cashman 3073. Cashman said he would ask for a recount. Several years ago Gillis served a brief jail sentence after a physical encounter with Cashman.

The vote was the largest ever recorded here. Cashman received the support of the local newspaper and business interests and Gillis ran on a platform of his own personal popularity.

Congress Told It Will Cost Over Four Billion Dollars To Run Nation

Washington, Dec. 4.—(AP)—President Hoover informed Congress today that it would require more than four billion dollars to run the Federal government for the next fiscal year but in doing so he presented encouraging figures on treasury finances and reiterated his recommendation for a quick reduction in taxes.

He submitted the first annual budget for the Hoover administration, which contained 1,504 pages with an accompanying summary. It called for appropriations of \$3,830,452,341 and estimated the outlay for the year beginning next July 1 at \$4,102,938,706. At the end of time a surplus of \$122,000,000 would be available.

The appropriations were \$145,690,000 less than for this year. A \$200,000,000 appropriation for the Farm Board, to be submitted later, and a \$72,000,000 carryover from last year, however, made up the difference between the amount requested and the estimated expenditures which cover all of the major projects of the government.

Although he had recommended the 1 per cent reduction in corporation and individual income taxes in his annual message, which was submitted yesterday, the president devoted considerable space to this subject in the budget message. He called the attention of Congress to past experience which had shown that business prosperity had been stimulated by lowering of taxes.

"With an estimated surplus of over \$225,000,000 (this year and \$122,000,000 next year), he said, 'it is felt that some measure of reduction in taxes is justified.'"

The army, the navy, rivers and harbors, road and Indian care and forest protection were some of the activities listed for increases in funds over those available last year, that for the navy being \$16,399,000.

The prohibition bureau would get \$15,200,000, or \$1,275,000 more than for the present year.

A sound financial structure was portrayed by the president who said the public debt stood at \$16,931,000,000 last June 30. At its peak in August 1919 it was \$26,595,000,000.

President Hoover's views were reflected by Secretary Mellon, whose annual report was submitted to Congress within a few minutes after the budget was delivered. The secretary said the treasury expected an income of \$4,219,263,494 next year.

Even while the budget message and the report of Secretary Mellon were being formally placed on record, the house ways and means committee reported a resolution for tax reduction and it will be taken up for action on Thursday.

DR. DAWSON UNCONSCIOUS AT HOSPITAL

Dr. W. W. Dawson, prominent Grifton physician and member of the Pitt County Board of Commissioners was carried to a Kingston hospital in an unconscious condition today. Physicians were unable to say at the noon hour whether his condition was caused by injuries sustained in a wreck last night or from some undisclosed illness. It was stated that X-Ray examinations were to be made during the afternoon in hope of locating the trouble.

Dr. Dawson was discovered in an unconscious condition while in bed this morning about four o'clock. The discovery was made by his wife who had been attracted by his heavy breathing. A physician was immediately called in and the condition of Dr. Dawson was found to be so critical that he was immediately rushed to the hospital.

Earlier during the night the car which Dr. Dawson was driving was wrecked on the Kingston-Grifton highway, about a mile from Grifton. Dr. Dawson is said to have walked to his home and retired after the wreck, without making any mention of feeling badly.

If he suffered any injury in the wreck it was not visible on any part of the body, and hospital doctors were busy today attempting to determine whether the condition of Dr. Dawson was caused by internal injuries or from some illness.

Dr. Dawson is one of the best known citizens of the county. He has taken a prominent part in affairs of the county government over a period of many years.

Chemical Engineers to End Convention at Asheville Today

Asheville, Dec. 4.—(AP)—Members of the American Institute of Chemical Engineers prepared to end their three-day convention here this afternoon with a visit to three industrial plants in the county. Two of the industries are textile and the third a tannery.

Delegates held their final business session Wednesday morning. The session concerned the intimate business of the society and was not devoted to a discussion of chemistry as applied to certain industries as were the sessions Monday and Tuesday.

Delegates spent Tuesday afternoon on the golf links and on scenic tours of the city.

EXPLAINS TAX REDUCTION TO HOUSE TODAY

Under Secretary of Treasury Gives Detailed Account of Proposed Cut

Washington, Dec. 4.—(AP)—Moving to speed congressional action on the administration's \$160,000,000 income tax reduction program, Under-Secretary Mills of the Treasury, appeared before the House ways and means committee today and explained the proposed cut in detail.

The Hawley resolution to provide for a flat one per cent reduction on corporation and normal individual incomes of 1929, on which the committee was holding hearings, followed, he said, President Hoover's recommendations and was approved by the Treasury department.

Although party leaders in both houses had agreed to the plan, Mills explained the Treasury had been confronted with the difficulty of determining the business trend of the coming year in arriving at the amount of reduction that could be allowed.

The features of the measure were, he said, that it limits the new rates to one year—a novelty in income tax legislation in this country—and that it gives relief to the maximum number of income taxpayers, with relatively larger benefits to those with smaller incomes.

The reasons for limited revision were, he said, the estimated surplus of \$225,000,000 for 1930, and the estimated surplus of \$123,000,000 for 1931.

"These figures," he said, "do not indicate a very large margin of safety in budgets of over \$4,000,000,000, but the tax reduction of \$160,000,000 which will result from the enactment of this bill, is divided approximately equally between two fiscal years."

"Looked at from this standpoint, the margin of safety is reasonably adequate. The Treasury department feels, therefore, that the taxpayers should receive the benefit of those prospective surpluses in the form of tax reduction."

Mills explained that a Treasury surplus may be recurring or temporary, but that the estimated surpluses of 1930 and 1931 "seem to fall in the second class."

"Moreover," he continued, "the problem of estimating future revenue is attended by extraordinary difficulties at the present time due to the existence of a number of factors the effect of which it is almost impossible to foresee."

The under-secretary explained that the Treasury had been confronted with the "difficult problem of determining what effect the recent precipitous decline of security values will have on tax receipts from security transactions, which unquestionably yielded a very large income in 1928 and for the first eight months of the calendar year 1929."

"The pending measure," he continued, "solves the problem of giving to the taxpayer the benefit of the surplus which seems reasonably certain in the fiscal year 1930 without running too great a risk of incurring a deficit during the fiscal year 1931."

Although explaining the chief beneficiaries of the measure would be wage earning and salaried employees, he said about \$90,000,000 would be slashed off corporation taxes and \$70,000,000 off individual income taxes. The manner in which to grant the tax cut to the greatest number was through a corporation tax reduction, he added.

Corporations, relatively speaking, he said, were overtaxed, and added that in 1927 they paid 24.46 per cent of their net income in taxes, including income taxes.

He pointed out that persons owning stocks in corporations were "virtually paying taxes through the corporations at 12 per cent, on that portion of their income arising from the profits of business enterprises in which they were stockholders."

Mills presented a statement showing the total receipts for the fiscal year 1929, at \$4,033,250,225, with expenditures amounting to \$3,848,463,189 leaving a surplus of \$184,787,036. It gave the 1930 estimate receipts at \$4,249,263,000 and expenditures at \$4,023,681,000 with an estimated surplus of \$225,582,000. Estimated receipts for 1931 were placed at \$4,235,727,000, expenditures at \$4,102,938,706, with a surplus of \$132,788,294.

SENIOR PLAY TO BE PRESENTED THURSDAY

"The Taming of the Shrew," one of Shakespeare's great comedies, will be presented by the senior class of East Carolina Teachers college on Thursday and Friday evenings of this week. The main action of the play centers around Petruchio, a wealthy young noble of Padua, and Katherine, the shrewish daughter of a rich old citizen named Baptista. Bianca, Katherine's gentle sister, has been recently married to Hortensio, a worthy gentleman, but Katherine has never been courted until Petruchio attracted by her beauty and wealth determines to marry and tame her. Many exciting and extremely funny scenes follow. In the end, Katherine is brought to such submission that she calls her father "a lovely maiden" just because Petruchio wished it.

ROUND TABLE CLUB MEETS WITH MRS. MOYE

The Round Table club met at the home of Mrs. J. R. Moye on December 3rd. The attendance was unusually good and several guests added to the pleasure of the afternoon. The business matters were quickly dispatched by the president, Mrs. J. E. Winslow. Twenty dollars worth of Red Cross seals were purchased and ten dollars was donated to the American Legion Auxiliary for "Christmas cheer" at Oteen.

These subjects for study was "Modern Songs and Their Writers." In a most interesting entertaining and enjoyable manner Mrs. R. G. Fitzgerald presented a paper which covered a wide range of study and direct choice in selection of songs and song writers. She was ably assisted in the presentation of her material by renditions of the songs under discussion. With Miss Eugenia Thomas as accompanist, Misses Jessie Moye and Bessie Brown sang the following songs illustrative of the periods discussed so ably by Mrs. Fitzgerald:

Pre-war songs, 1900-1919—After the Bell, by Ches. K. Harris; and Perfect Day, by Charles J. Harris; Song by Miss Jessie Moye.

War songs, 1914-1918—Tipperary; Smiles, by Will Gallahan; Keep the

Home Fires Burning. by Ivan Novena, sung by Miss Bessie Brown.

After War Period, 1919-1927—Allegory by Irving Berlin; Memories, by Gus Khan. Sung by Miss Bessie Brown.

Present, 1927-1929—Kiss Me Again by Victor Herbert; From the Land of the Sky Blue Waters, by Charles Codman, sung by Miss Jessie Moye.

The Round Table club feels deeply grateful to Mrs. Fitzgerald and her assistants for the splendid program.

A delectable salad course was served by the hostess, assisted by Mrs. George Hadley and Miss Jessie Moye. The guests departed thanking Mrs. Moye for her gracious hospitality.

LOSE HOPE OF FINDING FLIER

Carion, Pa., Dec. 4.—(AP)—The hunt for Thomas P. Nelson, air mail pilot missing since Monday, was extended today from Clarion to Andover, Ohio, although searchers admitted they were losing hope of finding Nelson alive.

Several planes which searched for Nelson yesterday and then went to Cleveland because of limited facilities at the local airport, will return today to join other planes starting out from here. A heavy snow was falling and the thermometer registered four degrees above zero.

W. L. Smith, district superintendent of the National Air Transport company, Cleveland, which employed Nelson, said today he planned to lay out the search area in square plots. Each search plane will be assigned a square comprising three miles each day.

REMOVE PIN FROM LONG

Newark, N. J.—A pin has been removed from the right lung of Gladys Gest, 6, after 143 days of pain to her and an expenditure of \$1,100 by the Presbyterian hospital. She swallowed it at play. It took seven X-ray pictures to locate it.

Then there was five operations with use of the fluoroscope, X-ray apparatus which permits doctors to watch through the wall of the chest instruments inserted in the throat. The maximum use of the apparatus was 17 seconds because of the danger of injuring tissue. On the fifth attempt there proved to be time enough.

Oldsmobile and Viking Dealers Hold Meet Here

A meeting of Oldsmobile and Viking dealers was held in this city yesterday at the Sugg Motor Company, distributors for the eastern half of North Carolina.

The dealers heard a discussion of the program for the coming year. The discussions were led by Mr. Sugg, E. E. Rawl and J. F. Brinkley.

Contracts were signed by fifteen dealers at this meeting. Owing to the fact that quite a number of dealers were unable to be present, a similar meeting will be held during the early part of next week.

Oldsmobile dealers, it was reported, will close the year with the biggest business record in history. More than 100,000 Oldsmobiles and 15,000 Vikings were driven during the year.

It was predicted that all records would be shattered in 1930.

Bodies of Man and College Girl Are Found in River

Hickory, Dec. 4.—(AP)—The bodies of Elsie Power, Lenoir High school, and her sweetheart Luther Turner, who disappeared Sunday night, were found in the Catawba river near the "new steel bridge." Turner is a college student at his parents' home in this city.

Hickory, Dec. 4.—(AP)—A woman's piercing scream from the darkness of the Catawba bank at 9 o'clock Sunday night was the only new clue uncovered today by searchers for Elsie Power, 18 year old Lenoir High school Co-Ed, who disappeared here Sunday night with her sweetheart, Luther Turner.

The youth left a note saying his body would be found in the river "near the steel bridge."

Meanwhile rewards totalling \$225 have been offered for information leading to the finding of the girl.

The scream was heard by the wife of Will Boston, farmer, who resides about a half mile from the river bank. She said the cry gradually grew faint and that it sounded as though it came from the road-way near the Boston home which leads to the river bank. A thorough search of the river near the spot was being made today.

Although the search was continued and relatives feared both might be dead, police cling to the theory that the couple had eloped. No trace of an automobile in which they were riding has been found.

MELLON SAYS OUTLOOK FOR 1930 IS GOOD

Big Surplus Shown in Annual Report of the Secretary of the Treasury

Washington, Dec. 4.—(AP)—Secretary Mellon placed a tax reduction plan formally before Congress today with a statement that business was good in 1929, and predicted to be good in 1930.

Out of a surplus of treasury receipts over expenditures of \$1,914,000,000 for the fiscal year ended June 30 and available for the fiscal year ending June 30, and \$122,000,000 for 1931, he suggested the following rate changes:

A reduction in normal income and corporation incomes of 1 percent, making the levy on individual income 1-2 percent on the first \$1,000, 2 percent on the next \$4,000 and 4 percent on all above that figure with a drop from 12 to 10 percent on corporations. Mr. Mellon predicted that the tax on corporations would benefit the largest number of persons. These business organizations, he said, were prospering in comparison with individuals.

The secretary emphasized his known views in making his recommendations. These included one which he had previously made informally, that Congress adopt a flexible provision for the tax law which would enable the government to lower or raise taxes as the condition of the treasury's finances warranted.

Speaking of the surplus, the secretary said the excess of receipts was due to a great increase in individual income, which in 1928 showed a gain of \$2,000,000,000 in profits from sale of capital assets, due to trading on the stock market. It was difficult to determine, he said, what effect "the precipitous decline of security values" would have on security transactions "which unquestionably yielded a very large income in 1928 and the first eight months of the calendar year 1929."

Most of the secretary's annual report, containing his recommendations, dealt with conditions which governed before the recent stock market plunge, but it contained no note of pessimism for the future. As to last year he said business enjoyed a "highly satisfactory" year.

Because the indicated surplus in the fiscal year 1930 might be of the temporary variety, he urged Congress to make the tax reduction through resolution, so that while it would give the taxpayers the benefit of the prosperous year, and could be retained next year if found warranted, it would permit the return of the present rates without any further action, if that was found advisable.

In making his tax reduction recommendation the secretary said that the public debt was being adequately cared for and pointed out that the total had been reduced from \$17,694,290,562, to \$16,934,197,747 in the fiscal year 1929. He presented estimates showing that in the present fiscal year (1930) the treasury expected to collect \$4,219,283,434 and estimated expenditures at \$4,023,681,900 while in 1931 it expects to collect \$4,225,727,698 and spend \$4,102,936,700.

In asking that the corporation tax be reduced one per cent the secretary pointed to statistics which he said showed that corporations were taxed 24.46 per cent of their income whereas 20,590,000 individuals had an average rate of taxation of 0.46 per cent.

"The number of individuals contributing directly to the support of

the federal government through the income tax has been 6,000,000 since 1917," the report said, and of these contributing, the vast majority pay but an insignificant amount at a very low rate. Of 2,434,000 individuals returning taxable income 2,059,000 returned but \$32,831,000 of income tax, while 373,000 individuals returned a net tax of \$1,109,000,000. The average rate of tax on the net incomes of the 2,059,000 individuals was 0.42 per cent, whereas the million of individuals who owned stock in corporations who were paying through corporations 12 per cent of the profits of the business enterprise in which they were shareholders. The figures were from a study of the 1927 returns.

In 1927, the secretary continued, corporations paid \$3,753,000,000 in dividends so that 107,000,000 dollars in dividends they declared, they paid 46 cents in taxes.

Mr. Mellon declared the Federal Reserve Board had endeavored to guard against undue extension of credit through speculative channels and to conserve the country's resources for the purpose of meeting the future requirements of industry and trade. He called attention to the extension of group banking and urged that Congress study the situation. It was hoped however, he said, that some other extension of group and branch banking "will prove a permanent solution and that the Federal Reserve Board will now in effect will be avoided."

Out of 6,707 banks in the Federal Reserve System, 354 were operating in 231 branches, he said.

RESERVE EXPECTED TO NAME NEW SECRETARY OF WAR BY CHRISTMAS

Washington, Dec. 4.—(AP)—President Hoover is expected to name a new Secretary of War some time before Christmas and confidence was expressed in official circles today that Acting Secretary Patrick J. Hurley would be advanced to the head of the department.

Since the death of James W. Good, many have expressed hope to Mr. Hoover that Mr. Hurley might assume the post. These expressions have come particularly from the south which had desired representation in the cabinet.

GLAD RAGS REFLECT REVIVAL OF ROMANCE

Paris, (AP) Romantic clothes are back in fashion.

Psychologists of the haute couture explain it by the theory that post-war depression, which made women want to appear as inconspicuous as possible, is finally ended.

Now, they say, things are going to swing the other way and every woman wants to dramatize herself in her clothes and intensely her personality to the utmost.

Paris, always obliging, provides plumage for some high powered personalities in its latest offerings.

REDS CAPTURE CITIES AROUND KANCHOW, CHINA

Shanghai, Dec. 4.—(AP)—The Shanghai headquarters of the Lazarus Mission, which is represented at Kanchow, scene of reported wholesale murder and looting, received a telegram from its Kanchow branch Nov. 30 saying "Reds have captured the cities about Kanchow and the situation is serious."

Headquarters of the mission are at Germantown Philadelphia.

THEY NEED YOUR HELP.

The first list of Christmas Opportunities appears in today's paper, and it is to be hoped that the response to the call for funds to take care of these and many more to be published later will be generous.

PROTECT THE NINETY PER CENT.

Our ever-increasing automobile accident record is one of America's greatest problems. Last year 27,500 people were killed in auto accidents, of whom 16,000 were pedestrians.

ACQUIRING THE THRIFT HABIT.

Members of the Christmas Saving Club of this city will receive ten thousand dollars tomorrow, according to announcement made today by the Hood Bank.

morrow, make up your mind that your name will be on the list next year. It's not hard to practice thrift once you acquire the habit and through installment saving is a good way to begin.

ABOUT TOWN

Read the list of needy cases which members of the Merchants Association hope to relieve during their Christmas campaign and then let your heart go out to the unfortunate in terms of dollars or clothing to keep them warm during the cold winter months.

There are numbers of pitiful cases contained on the list. Among them is a family of nine with the father in State prison, and the mother unable to provide for them only in a minor way. Another tells of a family of four with the father blind.

The Merchants Association is carefully investigating all cases applying for assistance, and you may rest assured that anything you may give to the campaign will go to a good cause. There is no cause greater than the cause of humanity, and that is exactly what the campaign is launched in behalf of.

Think over the manifold blessing that have been showered upon you and yours during the year, and then remember the poor with a gift as liberal as your pocketbook will stand.

The postoffice department and the express companies have started their annual campaign to induce the public to mail their letters and packages earlier this year, and they will be followed by similar pleas from merchants in the hundreds of cities and towns throughout the nation.

Why not be one of the thirty-pack up your bundles and then mail them at once with the usual inscription—"Do not open until Christmas." You should be gratified by the action and find more time to devote to the activities of the holiday season.

The Greenville Water & Light Commission has established something of a record in the way of giving continuous light service to its hundreds of patrons during the last few years. We did not realize what an important part this record played in the every day life of the community until the generator cracked Monday night and left the city in complete darkness over a period of fifteen minutes.

It was the longest time service had been disrupted in years, and had the electricians anticipated any trouble they could have avoided the slightest delay by throwing mighty emergency generators into action.

Greenville is to be congratulated on the splendid record which the light plant has established. It has been an invaluable asset to the rapid growth we have made the last few years, and has been able to keep pace with every branch of human activity.

That the future of the plant is as bright as it has ever been can not be doubted in the slightest sense of the word. The city has invested to meet demands of the future, and with wires connecting various other communities of this section, it is to be presumed that future expansion will be just as rapid and healthy as the past.

Greenville and Pitt county people have had their first real taste of winter. Such a slice of cold is something unusual for this season of the year and caught hundreds of people unprepared.

Usually, we have our most severe weather during the early part of January and in the early spring, but somehow the weather man got his wires crossed this year and dislodged offerings that sent hundreds hurrying for the woodhouses and depleted coal bins.

Some predict a hard winter because of the heavier plumage of wild fowl and thicker bark on certain kinds of trees, and while this all sounds very well and is perfectly plausible, it is to be hoped the time of the times are merely a prank of nature. However, we are to come hard weather with the smug of each winter, and we might as well have it now as any time, providing we do not have to put up with it later during the season.

time. The changeable seasons furnish diversion for us and enable us to more completely appreciate "our kind" of weather when it actually comes.

OPEN FORUM

TO THE ORGANIZED CHARITIES OF PITT COUNTY

The sad story of Mrs. Nannie Caroline Taylor, recent suicide of Lenoir county, impels me to suggest that the charitable organizations cooperating in this county investigate conditions in the county.

Working through the schools and Parent-Teacher Associations, the most needy ones could be located with little trouble. Many children in school are without shoes, books, tablets, and are actually suffering from proper food.

This is not over-drawn. I hope every benevolent minded person in a position to aid in this work will respond at once. Organized effort could easily furnish materials for a hot lunch (soup, cocoa or anything along that line). The teachers will gladly serve them. Second-hand shoes and clothing will do much good.

-MRS. C. McARTHUR.

Farmers Sell Your TOBACCO IN GREENVILLE

With the market closed two days last week for Thanksgiving, sales were light, totaling 1,329,838 pounds, for an average price of \$19.29 per hundred.

We are selling tobacco daily from practically every county in Eastern Carolina and the farmers say it is paying them to sell in Greenville, even though some of them travel at least 125 miles.

Those in position to absolutely know, say we are highest market and have keener buying competition than any market in the East.

Since Last Season—

Three of the warehouses have made large additions, which gives the market increased floor space of about two acres. Some of the factories have made enlargements to their buildings, installing additional redrying facilities and other equipment. The Greenville tobacco market is decidedly in better position to handle, daily, larger quantities of tobacco than ever before.

Tobacco Warehouses—

Greenville tobacco market has nine (9) large and modern brick warehouses with close to 14 acres floor space, sufficient to accommodate 2,225,000 lbs. of tobacco daily. These warehouses are managed by men of years of experience.

Buyers and Factories—

Greenville tobacco market has four (4) sets of buyers, representing all the important companies in the world, using bright tobacco. Nine (9) larger and modern tobacco factories are located here, additions having been made to several of them since last season, while one new plant has been built.

Roads and Locations—

Greenville tobacco market is located in the heart of Eastern North Carolina. Seven fine hard surfaced roads lead into Greenville. Tobacco growers living 125 miles from Greenville to tobacco market sell their tobacco in Greenville and return home same day.

MEVER LEADS ALL-SOUTHERN GRIDIRON TEAM

Atlanta, Dec. 4.—(AP)—Gene McEver, fleet Tennessee half back is the Dixie scoring leader, polled the heaviest individual vote among the players nominated for the fourth annual all-southern football team selected for the Associated Press by more than fifty coaches and sports writers. He was virtually a unanimous choice.

Seven conference schools placed men on the team. Tulane, conference champions, Tennessee, Alabama and Vanderbilt won two positions. Florida, North Carolina and Georgia each placed one man. Three members of last year's honor team, Van Sickle of Florida; Barker of Tulane and Abernathy of Vanderbilt, repeated. Verran Smith, Georgia flankman, was the only Sophomore to make the squad. The first and second teams follow:

- First team Position Second team
- Smith, Georgia Left End
- McEver, Tenn. Hugg, Tenn. Left Tackle
- Elington, Alabama Marce, Ga. Tech Left Guard
- Brown, Vandy. Steele, Florida Center
- Roberts, Tulane Beall, S. Caro. Right Guard

Halfbacks—Boinson, South Carolina; Leonard, Vanderbilt; Ackman, Tennessee; Mitchell, Georgia Tech; Spear, Virginia Olymp; McGaghey, Vanderbilt; Armstrong, Tulane.

Fullbacks—Parker, Vanderbilt; Rothstein, Georgia; Spaulding, N. C.; Bobby Dodd, whose field generalship guided the Tennessee Volunteers through to five conference victories, was the popular choice for quarterback.

Ray Farris, captain and guard of the North Carolina Tar Heels, polled more votes than any other lineman. "Bull" Brown, Vanderbilt's guard ran second.

The hottest competition centered around the pivot position. Roberts of Tulane had a slight lead over Beall of South Carolina, Boland of Georgia and Finney of Tennessee.

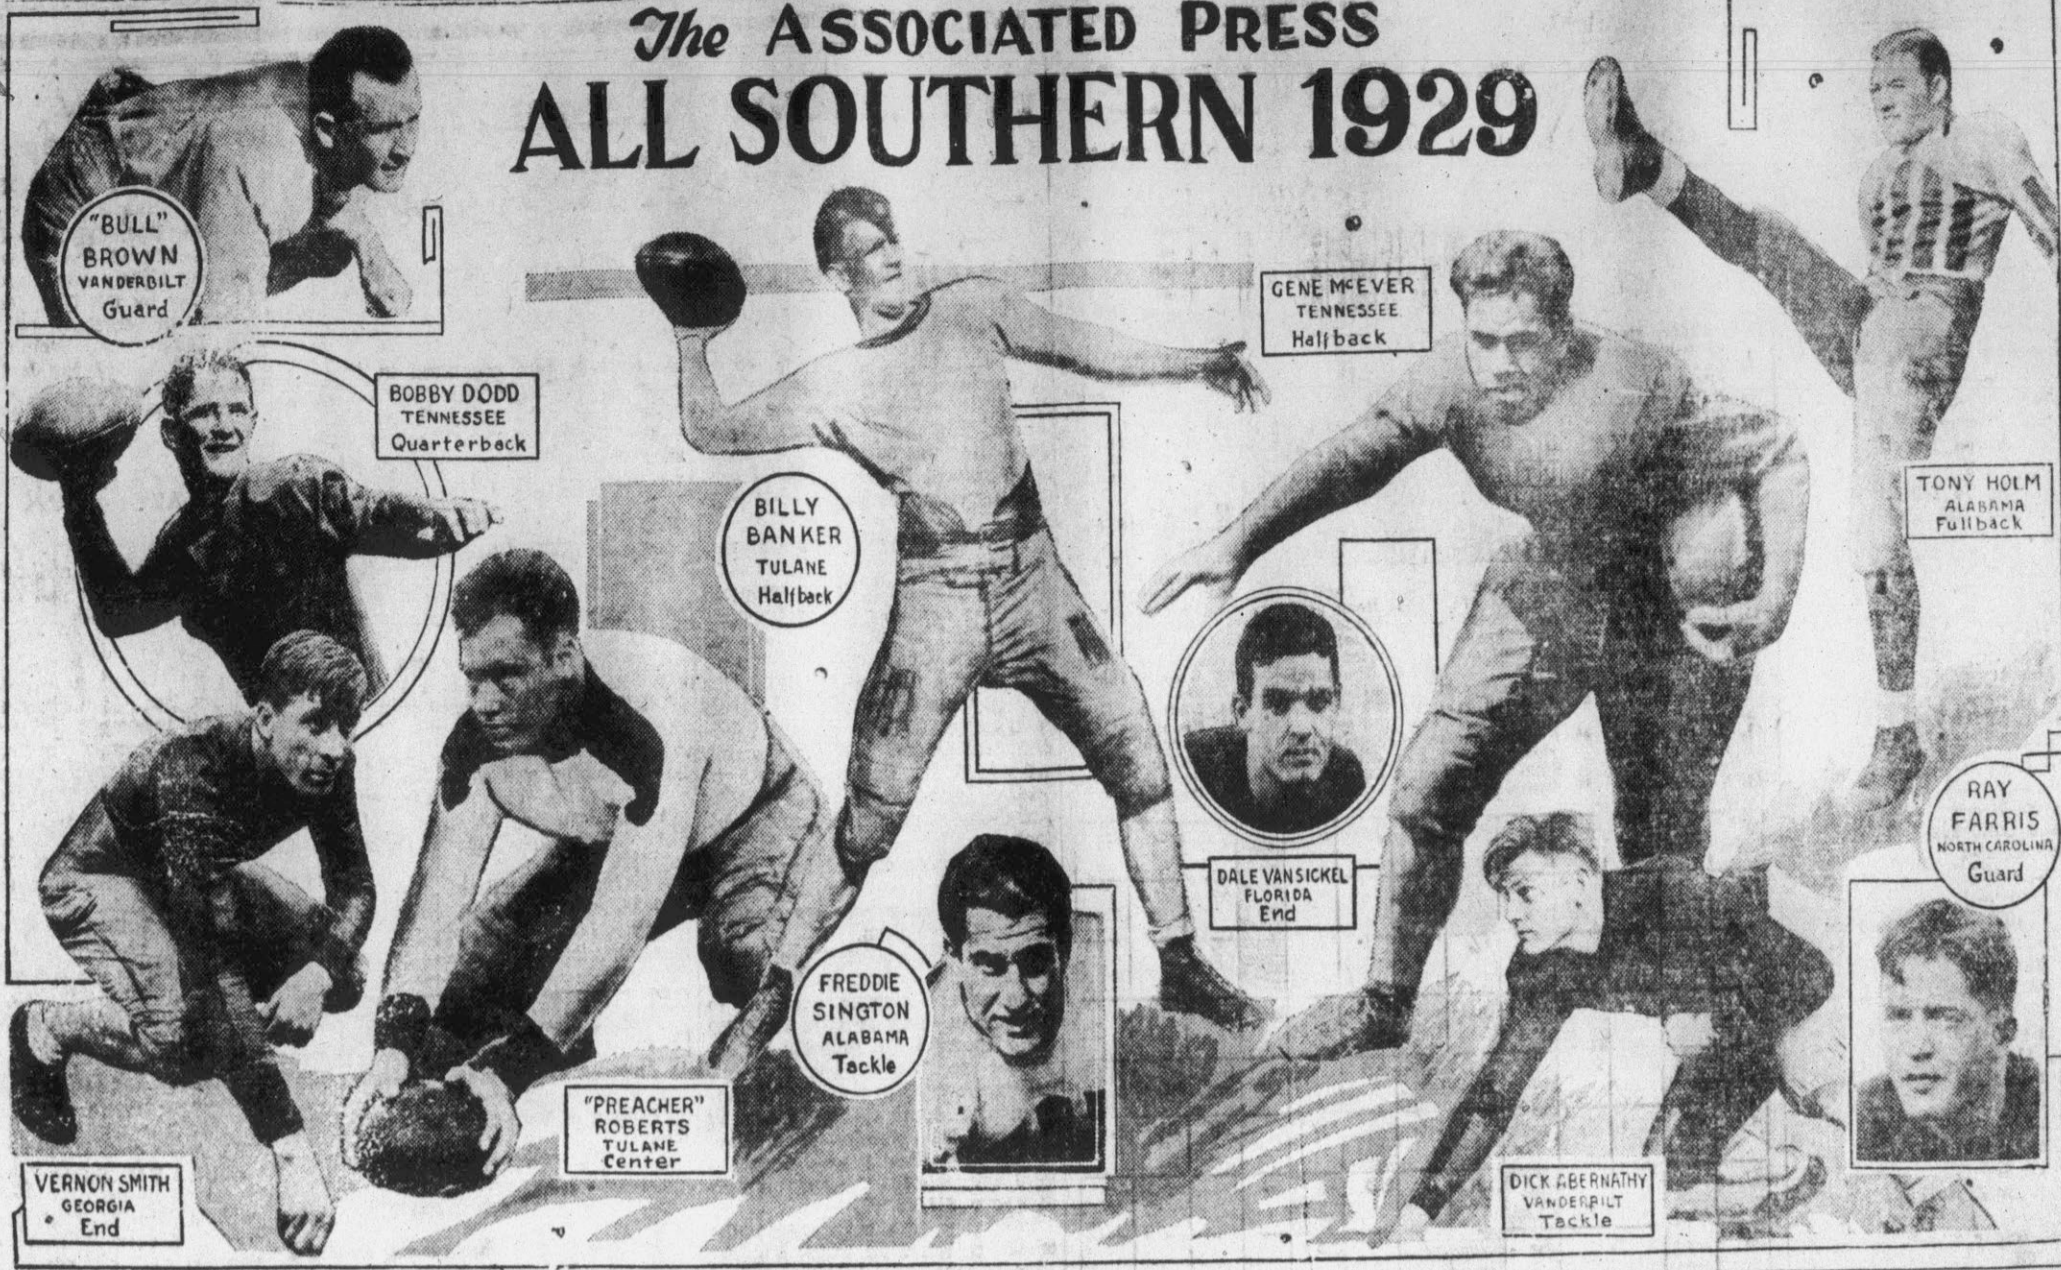

With McEver heading the list, the other honor men in the order of their popularity were Holm, Banker, Farris, Smith and Sington.

Georgia Tech. Both national and Southern champions last year, failed to place a man on the first team. It was the first time in four years that the Golden Tornado was not represented.

Hickory, Dec. 3.—(AP)—Luther Poover, 18, and Luther Urner, her sweetheart, who disappeared after attending church Sunday night had not been located today. They left what relatives regarded as a suicide note.

Police who searched the riverbanks found no traces of the automobile in which they were supposed to have been riding.

Miss Poover was a student at Lehigh Rhine college.

HEELS OFFER MANY PLAYERS ON ALL-STATE

Chapel Hill, Dec. 4.—The University of North Carolina's high scoring football squad will be presenting a galaxy of material for the All-State pickers as the Tar Heels wind up their season against Duke Saturday.

In winning eight games of nine, with a clean slate in the state, and scoring 298 points to lead all southern conference teams, the Tar Heels have rolled up an impressive record that no other big five team can equal.

Coach Collins has run not one team but two and three full eleven every game. At least 18 of the Tar Heels who have been responsible for Carolina's fine record would seem to demand serious consideration of the pickers of the mythical All-State selections.

Don Holt and Julian Fenner are both strong end claimants. Carolina's end play has not been so conspicuous this year because Coach Collins has built his passing attack mostly around his backs. Both, however, have proven fine pass receivers when needed, have been great blockers, and have consistently held enemy gains via the ends to less than 10 yards a game. Holt and Fenner are seniors of three years' experience.

Both are big, 180 pound, stand 6 feet, or better, and are fast. Fenner has played great ball all season and likewise Holt except for a month's spell of influenza.

The play of Carolina's two veteran tackles has been a constant feature. Bill Koenig, 6 feet, 2 and 199 pounds, and Fenton Adkins, 6 feet 2 and 239 are both the dashy, charging type who break through to enemy plays in mating. Both are third-year men.

Captain Ray Farris, triple-threat guard, has made every all-southern pick to date and has been placed on a number of All-American squads for honorable mention. Ellis Fysal, at the other guard, of 6 feet 10 and 133 pounds won his berth in mid-season over two lettermen because he so nearly matched Farris' drive and fight.

Ned Lipscomb seems a certainty at center. With his towering height and 182 pounds, he has proven by far the best center in the state on pass defense, and has at the same

time been a great blocker and a mountain on offense. Pete Wyrick and Johnny Branch are both good bets at quarterback. Wyrick, a good passer and receiver, is a man on interference, a good punt receiver, and one of the headiest field generals seen in the state in years, would hold the edge but for injuries that have hampered his play part of the season. Branch has proven a marvel on punt returning and open field running, has looked great on passing and receiving, and has run Wyrick a close second on interference and heady generalship. He "has already made the second all-southern of the United Press and placed on a number of other picks. Jim Magner, Jimmy Maus, and Jimmy Ward are all strong claimants for left half. Magner has averaged 71-2 yards every time he has carried the ball this season, has done great passing and blocking, and has proven a man of punch at all times. Ward, a triple-threat, has played a jam-up game and at the same time has scored 11 touchdowns to lead all North Carolina scorers. Maus, ace of the Tar Heel passers and a nifty runner as well, was kept out of the lineup in early season due to injuries but has hit his stride in the last few games. He looked great against Virginia.

It seems almost impossible to keep either Magner, Ward, or Strud Nash, fleet right half, off the all-state pickers, but Chuck Erickson, another fifth half back, must be counted in. Nash averaged better than 12 yards a try against Virginia last week and has perhaps been the most consistent man in the Tar Heel backfield all year. Erickson is perhaps as fine a broken field runner as there is in the South.

Enthusiastically the doctor added: "In my career as a player and a coach I have played against and coached against the best teams of the East and Middle West and I have never encountered Nagurski's equal."

Of Ukrainian blood, the "Big Nag" is a "physical brute with aristocratic temperament," Spear explains. His development, or evolution, from end to tackle to pulverizing fullback is one of the dramatic features of a game checkoff of the usual. When he cracked three ribs in the Iowa game last year and was forced to wear a brace, Nash went back into the line, he said, to play some football "standing straight up" inasmuch as he could not bend over to take the passes from center.

The turn-over in football coaches for a variety of reasons, will be heavier after the close of the 1929 season than usual, whether or not it has anything to do with the findings of the famous Carnegie report that the tenure of a coach's office in 3 out of 7 instances depend on the production of winning teams.

Military arrangements figure in the situation. At West Point, Major Ralph Sasse will take over the work of Biff Jones, but at the University of Tennessee, where Major Bob will Neyland has finished a four-year term special assignment will permit him to continue his brilliant work with the volunteers. Another Army man, Major John McEwen, has ended four years at the University of Oregon, but since he returned from the military to go west, he is free to pick another coaching spot.

Washington must find a successor to Enoch Bagshaw, the storm-center of an internal war at Seattle this year. Ike Armstrong's contract expires after this season at the University of Utah but his remarkable success with the Indians is likely to produce strong inducements to stay at Salt Lake City, in preference to turning an attentive ear to other offers. At Syracuse, Vic Hanson, one-time All-American end and all-around star, is due to succeed Lew Andreas as head coach of the Orange in 1930.

The talk about replacing Arnold Horween at Harvard with either Eddie Casey or Charley Hubbard, due to Harween's business demands in Chicago, may turn to persuasive tone, as a result of the fine victory of the Crimson over Yale.

Charley Crowley may figure in a shuffle at Columbia but the veteran Gil Dobbie, after surviving a preseason storm at Cornell, now seems slated to fill out his 10 1/2 year contract, especially with a rise in gridiron fortunes for the Ithacans.

When Bronko Nagurski scored the two touchdowns that helped Minnesota beat Wisconsin in the final game of the season for the Gophers, he finished a career as "the greatest all-around football player I have ever seen."

Two Major Teams Equally Honored On All-Star Team

St. Louis, Dec. 4.—(AP)—The two major leagues in baseball shared honors equally in the 1929 all-star team of the Sporting News, St. Louis baseball newspaper, named by the votes of 187 members of the announced today.

Each league placed five men on the team, which includes two pitchers and one player for each of the other positions.

An outstanding feature was unanimous selection by the editors of Mickey Cochrane of the world champion Philadelphia Athletics for the catching position. He received all 187 votes. Three of his team-mates also were chosen.

Members of the team are: Al Simmons, Athletics; left field; Hack Wilson, Chicago Cubs, center field; Babe Ruth, New York Yankees, right field; Jimmy Foxx, Philadelphia Athletics, first base; Rogers Hornsby, Chicago Cubs, second base; Pie Traynor, Pittsburgh Pirates, third base; Travis Jackson, New York Giants, shortstop; Micky Cochrane, Athletics, catcher; Lefty Grove, Athletics, pitcher; Burleigh Grimes, Pittsburgh Pirates, pitcher.

The team has a batting average of .327 and if the pitchers are excluded, the average is .46. The two pitchers have won a total of 37 games while losing 13 for an average of .740 for the season.

Seven players were chosen by overwhelming votes. The race for first base was close between Foxx and Bill Terry of the Giants; Grimes was closely pressed by George Earnshaw of the Athletics for the second pitching position, and Hack Wilson had competition for the center garden position.

The Sporting News has sponsored selection of the team for five years and Hornsby is the only player to be named on all five teams.

Triky Men on Boat

New York—Aboard the ocean liner Ile de France there were reports that thick gentlemen of the Green Cloth were keeping a sharp watch for victims. A stranger strove to play Harry Fox, who helps make Broadway laugh, and invited him to bridge or poker. Harry replied that he played cards only at home.

"But," he added, "I'll tell you what I will play with you." The stranger's eyes brightened. "I'll play postoffice," said Harry.
