

## HEFLIN WILL HELP TO PLAN LOCKE'S DRIVE

### Men Barred From Alabama Primary Plan to Launch Independent Campaign

Birmingham, Dec. 21.—(AP)—With A. Locke, independent candidate for governor, said today that Senator J. Thomas Hefflin, who also has announced for re-election as an independent, would attend a state wide meeting called here January 3 to plan Locke's campaign.

Locke had no comment to make on reports that his followers would form a coalition with the Hefflin force and arrange a full independent ticket.

Meanwhile steps were being taken to obtain opinions from the courts and the attorney-general on the decision of the state Democratic executive committee which barred Locke and Hefflin among others from competing in the next party primary.

The committee excluded as candidates from the 1930 Democratic primary all persons who supported the Republican Presidential ticket or who openly opposed the Democratic executive committee, which barred Locke and Hefflin among others from competing in the next party primary. The committee excluded as candidates from the 1930 Democratic primary all persons who supported the Republican Presidential ticket or who openly opposed the Democratic nominees.

Attorney-General Charles C. McCall, himself a candidate for governor, had under consideration a request for an opinion on whether Democrats who voted for President Hoover can participate at all in the party primary.

William L. Lee, brother of Lawrence Lee, who is governor Bibb Graves' personal attorney, said he had the Republican Presidential ticket, but yesterday filed with the secretary of state his announcement as a candidate for governor subject to the 1930 primary. He said he would present his qualifications to the state Democratic executive committee next month.

"If my qualifications are refused," he said, "I am going to let the courts decide whether an executive committee can fix qualifications for a candidate different from the qualifications for a voter."

The Democratic Presidential ticket carried Alabama last year by a margin of nearly 68,000 in 1928. Addressing a preliminary meeting of his followers last night Locke, a Birmingham attorney, said the part of the state committee ruling which left to the county committees the task of determining the qualifications of candidates for county offices was an "arbitrary distinction between state and county offices."

"They did not take this action hastily," he said. "A number of the Democratic (United States) Senators in an interview in Washington warned against such action. Senator Black of Alabama spoke against such action. The chairman of the national executive committee advised against it."

## Helen to Wear Brown Ensemble At Her Wedding

San Diego, Calif., Dec. 21.—(AP)—Helen Wills, queen of tennis, will wear a brown ensemble, not a wedding gown, when she becomes the bride of Frederick S. Moody, Jr., San Francisco broker, here Monday.

Announcement of the wedding, which took place yesterday, disclosed that Mrs. Wills' costume would be of Parisian design, with felt hat and end accessories to match. All the garments were purchased abroad. It also was announced that Miss Wills would wear no flowers.

In addition to the bride and persons who will be in Saint Clement's Protestant Episcopal chapel when the ceremony is performed will be the parents, Dr. and Mrs. C. A. Wills, of Berkeley; Mr. and Mrs. Frederick S. Moody of San Francisco, and the bridegroom's brother and sister-in-law, Mr. and Mrs. Corbett Moody of Burlingame, Cal.

A wedding breakfast will be served at the Wills home after the ceremony. After a wedding tour of two or three weeks the young couple will be at home in San Francisco.

## PERSON KILLED BY CALIFORNIA STORM

Pomona, Cal., Dec. 21.—(AP)—Southern California, which has been enjoying balmy zephyrs while the rest of the country fought a blizzard, had weather troubles of its own yesterday and today was digging out from under the deposits of a sand storm which caused one death and extensive damage.

## Local Banks Will Remain Open At Night Dec. 24th

In observance of the Christmas holidays, banks of the city will be closed Wednesday and Thursday, December 25 and 26. It was stated today. However, in order to care for the rush prior to the holidays, the banks will remain open until 9 o'clock Christmas Eve night.

## STILL SEARCH FOR CAUSE OF PLANE CRASH

War Department Baffled by Accident in Which Five Persons Were Killed

By OSCAR LEIDING, Aviation Editor

Washington, Dec. 21.—(AP)—Faced with a mystery as baffling as that of ships disappearing at sea, the War Department searched today for any clue that might explain the crash of the giant Fokker airplane that carried a member of Congress and four companions to death as they started home for Christmas.

The views of every person at the army airport at Bolling field who had any knowledge of the accident were sought by the investigating board but so far none have been able to tell what made the ship, powered with three sturdy motors, falter and plunge to the earth.

As the inquiry proceeded, a congressional committee appointed shortly after the accident, arranged to attend the funeral services for Representative William Kirk Kaynor, who was starting for Springfield, Mass., to inspect a naval gun unit and be with his wife and six children for the hanging of stockings on Christmas eve, when the plane crashed to the ground.

Those killed with him were Captain Harry A. Dimer, a veteran pilot who had more than 600 hours in the air in tri-motored ships; Stanley E. Lowe, the congressman's secretary; Arthur A. McGill who was associated with the Republican national committee; and Charles Vladimir Kuzma, the mechanic.

While the bereaved families prepared for a saddened Christmas, Senator Hiram Bingham, of Connecticut, a world war aviator and president of the National Aeronautics Association, made a personal inquiry and called on the nation not to be discouraged over aviation.

## FUNERAL FOR LOCAL WOMAN HELD FRIDAY

Miss Reba Whitehurst Laid to Rest in Cherry Hill Cemetery Yesterday

Funeral services for Miss Reba Whitehurst were conducted from her late home on Fifth street yesterday afternoon at 3 o'clock by Rev. L. O'Brien, Baptist minister, of this city, assisted by Rev. W. A. Lillycrop, pastor of St. Paul's Episcopal church. Burial was made in Cherry Hill cemetery.

Miss Whitehurst died at the Morrison hospital last Thursday morning following illness of about two months' duration. She was taken to the hospital Sunday, but her condition continued to grow worse and little hope was entertained for her recovery.

She was a member of the Immanuel Baptist church, and was actively engaged in the direction of the B. Y. P. U. and Sunday school work prior to her illness. She was also a member of the Eastern Star and the Woman's Auxiliary of the American Legion.

She was a splendid Christian character and was held in the highest esteem by a host of friends in this and surrounding communities. She is survived by her father and mother, Mr. and Mrs. Z. M. Whitehurst, and five sisters and two brothers.

Palbearers were: Active: H. H. Duncan, H. L. Hodges, O. Q. Lassiter, Joseph Palmer, G. J. Woodard, B. S. Warren. Honorary: G. O. Britt, Wiley Brown, T. H. Boykin, Cecil Bilbro, J. W. Foley, C. T. Fleming, R. H. Gaskins, D. W. Hardee, E. W. Helms, H. R. Harris, J. F. Harrington, E. B. Higgs, Larry James, J. B. Kirtrell, W. T. Lipscombe, E. Z. Mabry, L. R. Meadows, B. S. Neal, W. D. Pruitt, W. M. Palmer, C. W. Shuff, F. W. Satterthwaite, Dr. E. P. Spence, E. B. Thomas, C. W. Willard, J. Albert Watson, W. H. Ward, M. H. White, S. J. Everett, Luther Bowling, Charlie Manning, Bruce King.

## LEGION RAISES \$150 FOR POOR WITH BIG BALL

### Event Was Huge Success Despite Assault of the Weather Man With Chilling Blasts

From the standpoint of a social success, the American Legion "Charity Ball" given at Gorman's warehouse last night, was everything that could have been expected. But looking at the affair with the critical eye of a financier, the thing didn't prove as profitable as the Legionnaires expected and hoped that it would.

In fact, the Legionnaires were anticipating receipts of several hundred dollars, but when they got down to figure up expenses—and dances staged on a big scale are expensive—they found that net profit stood at the \$150 mark. It sounded like a mighty small sum for so much trouble and for the hundreds of hungry mouths waiting for food in many parts of the community, but taking in consideration the cold blasts of winter sweeping over the section, the affair panned out very good.

The weather man might have offered rain, or sleet or snow, but he couldn't have given this section milder weather without shattering all of his previous records. It was one of those kind of nights that even young people liked to hang around firesides and it was only natural that attendance at the Legion ball should have been much smaller than expected, even though it was good considering the assault of the weather and everything.

The warehouse was a thing of beauty and splendor in its decorations of American flags, American Legion emblems, Japanese lanterns, hundreds of yards of bunting and multi-colored Christmas lights. It was a sight that would have gladdened the hearts of anybody interested in the pursuit of the light fantastic and those who braved the cold blasts of King Winter to help the Legionnaires raise funds for the poor had no regrets afterward, although many probably had sore throats and stiff limbs today.

Colonel George Freeman, of Goldsboro, State Commander of the American Legion, and J. M. Carroll, of Goldsboro, State Adjutant, were guests of the Legionnaires at the dance. It was left to Colonel Freeman to lead the ball and he did this in highly approved fashion with Mrs. Richard Stokes, president of the Woman's Auxiliary of the Pitt County Post, as his partner.

Favors were distributed during each of the grand marches, and music for the occasion was furnished by the Duro-Talair Recording orchestra on their first tour of this section of the country.

It was the first time a public dance had been held in the city in four or five years. The City Aldermen having lifted the ban during the holidays in order to give the Legionnaires an opportunity of assisting the Merchants Association and the Welfare Department in raising funds for the poor.

## Work Out Details for New Bank

Greensboro, Dec. 21.—(AP)—Details of the launching of the North Carolina Corporation, a \$250,000 concern to operate throughout the two Carolinas, were being worked out today by officials of the North Carolina Bank and Trust company, parent firm of the corporation.

The new organization will handle the securities, investment, mortgage loan and insurance departments of the bank and trust company, William S. Ryland, president, said yesterday in announcing the formation of the affiliated company.

Oscar W. Burnett, for several years connected with a large New York banking concern, has been elected president. He will assume his duties on January 1 at which date officers of the corporation will be opened in ten "strategic industrial and commercial" cities of the Carolinas.

## AMERICAN NAVAL GUARD ROUTS CHINESE TROOP

Shanghai, Dec. 22.—(AP)—An American naval guard on the steamer "Ipsing" of the American Yangtze river steamship company routed a body of unidentified Chinese troops with heavy machine gun fire yesterday after the ship had been subjected to rifle fire.

The Chinese fire on the steamer, which plies the Yangtze river was so heavy that the guard departed from the usual practice of ignoring such attacks and retaliated vigorously.

In recent weeks uncontrolled Chinese soldiers and bandits have repeatedly attacked foreign steamers in the upper Yangtze river.

## Eight Deputy Sheriffs Acquitted of Murder in Burnsville Court Today

Burnsville, Dec. 21.—(AP)—Eight deputy sheriffs on trial here for the death of six men killed during a strike disorder at Marion, N. C., on October 2 were acquitted of second degree murder today.

The jurors had deliberated the case since 11:20 o'clock yesterday morning. The verdict was returned at 9:32 a. m. today.

Judge G. V. Cowper of Kinston, presiding over a special term of Yancey court, called by Governor O. Max Gardner, complimented the jury for its "careful deliberation" of the case. One of the jurors said the ballot was ten to two for acquittal last night.

The courthouse bell tolled shortly after 9 o'clock this morning to call Judge Cowper to the courtroom. Ordinarily, court has opened at 9:30 and the early call from the jury was taken to mean that it had reached a verdict and was anxious to be liberated.

Only a few persons were in the courtroom when Judge Cowper arrived. He ordered the jury into the courtroom and Sheriff M. C. Huntley opened court. The judge asked if a verdict had been reached and the jurors nodded their heads.

"Receive the verdict," the judge told C. C. Carraway, clerk of the court.

"Have you agreed on a verdict?" Carraway asked.

"Yes," the jurors answered.

"What is it?"

"Not guilty on the seven counts," the verdict on the seven counts were handed to the clerk and the defendants, Webb, Fender, Robert Ward, Charles Tate, James Greene, William Twigg, Taylor Owens, Broadus Robbins and Dave Jarrett went over and shook hands with the jurors and thanked them for their verdict.

The trial grew out of a strike at the Marion Manufacturing Company mill in Marion County, N. C., led by the Marion chapter of the United Textile Workers union, affiliated with the American Federation of Labor, which aided in the prosecution of the case.

Raleigh, Dec. 21.—(AP)—Increased production of many diversified crops in 1929 was reported by the U. S. Department of Agriculture today. The report was based on preliminary indications. Prices received for the crops have not yet been tallied, the report said, and therefore it is impossible to announce the total crop values.

The following crops showed increased production in 1929 over 1928: Corn, wheat, oats for grain, hay for grain, rye for grain, buckwheat, sorghum for syrup, sweet potatoes, tobacco, alfalfa, sweet clover, Japan clover, timothy, mixed grain hays, miscellaneous tame hays, soybeans, and peanuts. It was pointed out that hay, forage crops and pastures made unusually good yields and, due to the late fall, this meant belated feeding requirements. While the livestock report will not be determined until January, it was said at the department that it was a safe assumption that this type of farming is offering a distinct advantage under present conditions.

The report, giving a table showing production by acres and acres planted to each crop, had the following comment attached: "It is quite evident from the crop information covering the past two years' crops that grasses and grains made yields above the average, while the cash crops like cotton, tobacco, peanuts and truck were either disappointing in yields or prices; the exception was Irish potatoes which brought a good price, due to the extreme shortage in the acreage planted throughout the whole country. It is interesting to note that there was a gain of 60,000 tons or eight per cent in the production of tame hays. This was in spite of a tremendous decline in the acreage of cowpeas this year."

"Small gains experience a favorable growing and harvesting season which occurred prior to the unusually wet summer and fall seasons which so greatly affected cotton and tobacco. The tobacco crop was extremely poor in the concentrated area including Pitt, Lenoir, Craven, Martin and parts of Wayne, Duplin, Beaufort, Wilson, Edgecombe and Bertie counties. Conditions resulting in rather favorable yield and quality were shown in most of the old belt and in the three principal South Carolina belt counties of the state.

"Nineteen Twenty Nine was another year that was indistinctly to the advantage of livestock farmers.

## OUTLINE PLAN FOR MERGING RAIL SYSTEMS

### Practically All Steam Railroads Will Be United Into Nineteen Units

Washington, Dec. 21.—(AP)—A plan for merging practically all of the steam railroads of the United States into nineteen giant operating units was laid down by the Interstate Commerce commission today in compliance with a Congressional mandate.

Five eastern trunk lines would be formed, headed by the Pennsylvania, Baltimore and Ohio, Wabash, Seaboard, New York Central and Chesapeake and Ohio.

The Boston and Maine and the New Haven would form the key system in New England.

In the south there would be three systems, headed by the Atlantic Coast Line, the Southern railway and the Illinois Central.

Other key systems under the plan were as follows: The Great Northern, Northern Pacific, the Chicago, Milwaukee, St. Paul and Pacific, the Chicago, Burlington and Quincy, the Union Pacific, the Southern Pacific, the Atchafalaya, Topeka and Santa Fe, the Missouri Pacific and the Chicago, Rock Island and Pacific, and Chicago and North-western.

Two Canadian groupings were also allowed but were not included in the list of trunk systems.

Many long established relationships between existing carrier systems would be disrupted by the carrying out of the proposal, but the commission said that it represented the attempt to create a transportation system in the country which would maintain competition and give every important traffic center recourse to two or more lines for transport service.

Without specifying the actual local treatment necessary the commission declared that any railroad consolidated "should be accompanied by unification of all terminal lines in the respective terminals," so that all terminal properties should be thrown open to all users on "fair and equal terms" regarding terminal ownership.

A long study and much controversy within the commission and in the railroad field preceded the announcement. Since 1926, when Congress authorized general railroad consolidation on a basis of maintaining competition and further maintaining existing routes and channels of commerce, the commission has repeatedly asked to be relieved of the mandate ordering it to prepare a plan, without result.

Commissioner Eastman in a concurring opinion to the document today declared that "the plan is very compulsory about it nor even any assurance that authority will be sought to carry out the consolidation which it proposes. The important time will come when we take action upon definite applications," to bring about consolidation.

In the actual alignment of railroads projected by the plan there was marked difference with some of the proposals made by important railroad interests which have sought to take advantage of the consolidation law.

In eastern territory the commission plan would leave the New York Central and Pennsylvania systems largely as they now are but would enlarge materially the Chesapeake and Ohio system by adding to it the Erie and Pere Marquette and a large group of connecting short lines.

The Baltimore and Ohio would be given complete ownership of the Reading and the Central of New Jersey, now affiliated, and a half ownership of three other roads, the Detroit, Toledo and Irontown, the Chicago, Indianapolis and Louisville, and the Detroit Toledo shore line. It would also be allowed to keep the Buffalo, Rochester and Pittsburgh which it now tentatively controls but would be separated from the Western Maryland which it had engaged in purchasing during the last two years.

## OUTSIDE AID SAVES TOWN FROM BURNING

Swansea, S. C., Dec. 21.—(AP)—Officials of this town today credited the saving of the business district from fire to the promptness and efficiency of the Columbia fire department in responding to an appeal for aid.

Fire broke out last night in the building housing an automobile agency and threatened to sweep away the entire business section. When the local volunteer fire company was unable to control the blaze, Fire Chief A. McMarshall, Columbia, 20 miles away, rushed two of his fire trucks here and joined the fight against the flames. In a short time the fire was subdued.

## Prospects Brighter for Locating Flier Missing in Siberia

Nome, Alaska, Dec. 21.—(AP)—Prospects of locating Carl Ben Eielson and Earl Borland, Arctic fliers lost somewhere near North Cape, Siberia, since November 9, appeared a little brighter today with receipt of word that a fellow aviator had reached the vicinity after a flight from Teller, Alaska.

Another flier endeavoring to reach the Siberian coast, however, was missing. Little ear was felt for his safety. As it was believed he might have been forced down on the Siberian mainland by fog.

Harold Giliam, who piloted one of the two rescue planes which left Teller, Wednesday, reached the fur trading ship Nanuk, which is frozen in the ice near North Cape. Word of his arrival came through the wireless of the Nanuk.

## CHARITY FUND STILL MOUNTS IN THIS CITY

### Fund for the Poor Reached the \$529.95 Mark During Last Twenty-Four Hours

Contributions to the Merchants' fund continued to climb today with donations totaling \$178.25 during the last 24 hours according to information issued from the office of the secretary at the noon hour. This brought the total amount contributed to \$529.25.

The largest contributor to the fund was the Pitt County Post, of the American Legion. The Legionnaires reported \$150 which was raised through the medium of a Charity Ball given at Gorman's warehouse last night. The next largest contribution was a check for \$10, the name of the donor being entered as "Cash." Other contributors were:

J. C. Galloway, \$50; J. C. Greene, \$5; J. G. Stokes, \$1.75; Mrs. Charles McArthur, \$1; W. P. Moore, \$5; C. C. Hilton, \$5; Cash, \$6.

An accurate record of the progress of the campaign is being prepared on the large twelve-foot barometer in front of the office of the Merchants Association on Evans street. The mercury has done more climbing during the last two days than any other time of the campaign, jumping from below the hundred dollar mark to a good start toward six hundred dollars.

Members of the campaign committee expressed hope today that donations would be far more liberal than usual during the next two days in order that as much money as possible might be raised by Christmas day when the campaign comes to a close. The Welfare Department, assisting in the work of carrying relief to the poverty-stricken people, again sent out an urgent appeal for more clothing for the ragged, hungry children of the stricken area.

With only three more days to Christmas, members of the campaign committee today redoubled their effort to bring about an increase in gifts of clothing, fuel and cash in order that they might be able to care for as great a number of cases as possible. All needy cases are being fully investigated, their needs determined and a complete report made to the Department of Welfare before aid is rendered.

## City Auto Tags Go On Sale Today

Sale of 1930 automobile license tags for the city of Greenville went on today. It was announced this morning by Reid Gaskins, city clerk.

Automobile owners were urged to make application for licenses before January 1, as there will be no extension after that date.

## Tunney Demands Fight to Decision

Bridgeport, Conn., Dec. 21.—(AP)—The desire of Mrs. Katherine King Fogarty, Fort Worth, Texas, divorcee, to withdraw her \$500,000 breach of promise suit against James J. Tunney, today found the retired heavyweight champion demanding a fight to a decision.

Frank L. Wilder, Mrs. Fogarty's counsel, announced in court yesterday, after he had been granted permission to quit the case that Mrs. Fogarty has dispatched a letter authorizing a withdrawal of the action which was brought in Superior court last May.

Tunney's attorney, Homer S. Cummings of Stamford, immediately filed a motion for judgment on his cross complaint, which among other things, alleges that the suit was brought merely to defame Tunney and to extort money. The motion will be argued next Friday before Judge Carl Foster.

## U.S. CONGRESS QUILTS WORK FOR HOLIDAYS

### Only Handful Members in Washington Today to Get Thru Recess Formality

Washington, Dec. 21.—(AP)—Well advanced with its program in the first three weeks of the regular sessions, Congress turned happily today to the Christmas recess and two weeks of rest.

The pre-Christmas record shows four major pieces of legislation already enacted into law—the \$160,000,000 tax reduction resolution, the \$16,000,000 hospitalization bill, the measure ratifying the French war debt settlement and the bill extending indefinitely the life of the radio commission.

Satisfied with the accomplishments, only a handful of members remain on duty today to go through the formalities of quitting for the recess. It is the first real vacation for the Senate, which is still in the throes of the tariff debate it began last September, and no hope of getting a quorum in that chamber was entertained by leaders.

Giving in to the Yuletide spirit, investigations, hearings and meetings of all kinds were abandoned until the end of the recess on January 6. Then the Senate resumes the tariff struggle with the pledge of all factional leaders to sidetrack everything until a tariff measure is finally acted upon.

In addition to the legislation sent to President Hoover, Congressional leaders pointed to another mass of problems disposed of in the Senate and House.

The Senate has finally settled the three-year-old claim of William S. Ware of Pennsylvania, to a seat. Barring him for expenditures of \$785,000 in his primary, and refusing the 1928 election to his Democratic opponent, William B. Wilson. It has seated Joseph R. Grundy as a successor but has yet to dispose of a contest against him.

Two judicial nominees—Albert L. Watson for the middle district of Pennsylvania, and Richard J. Hopkins for Kansas—have been confirmed after debate over protest on their right to serve.

Clearing the way for undisturbed consideration of the treaty, the Senate also acted upon a record number of other nominations, adopted the resolution of Senator Jorck, Republican, Washington, authorizing the joint Congressional committee requested by President Hoover to study methods of reorganizing the prohibition service; and received some additional reports from the Lobby committee on its extensive investigation.

The busy House also has a score. It has sent over to the Senate the \$220,000,000 public buildings measure, passed the interior department appropriation bill, and started the drafting of a \$7,000,000 prison reorganization and construction program.

Also, Congress has sent to the white house authorizations for additional appropriations to combat the fruit fly pest, \$1,000,000 to build a Supreme court building.

All in all, leaders were obviously satisfied with this record today and some declared it to exceed in accomplishments any previous pre-Christmas meeting of Congress.

## Attorney General to Decide Status of Richmond Town

Raleigh, Dec. 21.—(AP)—Attorney General Dennis G. Brummitt, has under advisement today the question of whether the town or Roberdel in Richmond county, is a municipality or not, following action of the town council of that place in voting to give its charter and municipal rights when a field worker of the State Industrial Commission told the council it would have to insure all city officials under the terms of the 1929 workmen's compensation act.

The council voted the commission that its five members, including the Mayor, E. M. Watts, and two patrolmen had resigned and that "there is no more town here as far as we are concerned." The letter was signed by all the retiring officials.

Attorney General Brummitt was asked by the Industrial commission to decide whether the council was empowered to give up the charter of the town in such a manner. It was revealed that none of the officials of Roberdel draw salaries and therefore the commission also asked for a ruling is the compensation act could apply to the officers of the town as they received no compensation for their duties.

The 1920 census gave the population of Roberdel as 476.

Of much interest to friends throughout the South and State is the marriage of Miss Beth Carroll of Winterville, to Cooper Ellis Taylor, of Greenville, which was solemnized today at high noon in the Winterville Baptist church. Rev. W. H. Covert, pastor of the church, officiated, using the ring ceremony. The church was simply but beautifully decorated for the occasion. The bride wore a gown of white tulle and ferns being used in the decorations. The reserved seats were marked with large bouquets of yellow tulle and ferns.

Prior to the ceremony a musical program consisting of "Kamenoi-Ostrio" by Rubenstein, was rendered by Prof. W. J. Wyatt, Jr., of Wake Forest College, after which J. H. Bostick of Charlotte, sang impressively, "Entreat Me Not to Leave Thee," by Gounod and "Untill," by Sanderson. Liszt's "Liebstauum" was used during the ceremony and Mendelssohn's Wedding March was used as a recessional.

To the strains of the Bridal Chorus from Lohengrin, the ushers, H. E. Savage, of Rocky Mount, and Dr. T. C. Myatt, of New York, entered and took their places at the altar. Next to enter was the maid of honor, Miss Lillian Rouse, of Asheville, wearing dainty chiffon with accessories to match. She carried an arm bouquet of butterfly roses tied with harmonizing tulle.

The bride then entered with her brother, Dr. F. W. Carroll, of Hooker, who gave her in marriage. She was lovely in a handsome dress of brown fat crepe, ultra princess model, with long skirt of uneven hemline, trimmed in eggshell satin and lace. She carried an exquisite bouquet of tallismen roses showered with gold ribbons and valley lilies. The bride was met at the altar by the bridegroom and his best man, his brother, Arnold C. Taylor, of Stanley, N. C.

Immediately after the ceremony the couple left by motor for a wedding trip and on their return will make their home in Greenville, on West Fifth street.

The bride is the attractive and talented daughter of Mr. and Mrs. J. B. Carroll of Winterville. She received her education at Meredith College, where she later served as dean of women.

The bridegroom is the son of the late Mr. and Mrs. C. E. Taylor of Owensboro, Kentucky, and was educated at the University of Alabama. For several years he was connected with the Lincee Packing Company in Charlotte and is now the manager of its branch office in Greenville.

Mr. and Mrs. Taylor were the recipients of many beautiful and useful presents which attest their popularity among a wide circle of friends.

## SUNDOWN STORIES

THE CLOCK'S FAMILY  
BY MARY BRAHAM BONNER

"I couldn't resist leaving you with some of my family who are about to take a journey," the Little Black Clock said.

Joan and Peggy couldn't imagine what the Little Black Clock was going to do.

He led them into a railway station and there they saw a flat car ready to be attached to the regular train.

"Some of my family are traveling in that flat car and then they are going to be fixed up into a gorgeous clock in another city."

"They wouldn't be comfortable in an ordinary box car and they would not fit into a very well, so they've had this car made specially for them. Isn't that a grand honor?"

"Oh, really? Well, forgive me if I shatter a habit. I'm so proud of my family. There are no prouder homes, be brightened and made glad by its precious gifts so graciously bestowed. And to each and everyone who so generously contributes to this fund we heartily wish a happy Christmas and a prosperous New Year."

"Some of the family go outside of huge buildings, some go in ball, some have wonderful fashions made for them and others have gorgeous clothes and bells."

"Oh, there are so many clock styles and so many clock ways, and you must admit that we're one of the largest families in the world."

"My dear, you can't go anywhere harder, where there isn't some member of the family to be found."

"And we really keep in very good health. Of course sometimes we have to have doctors — and the clocks that live an outdoor life have to be looked after."

"How do you have to be looked after?" asked Joan.

"That's all I want! A question! I'll answer it with pleasure. So they sat down by the flat car which was to take a clock on a journey and waited for the Little Black Clock to continue."

Munday—"Out-Door Clocks."

## LOCAL BOYS WIN HONORS ON GRIDIRON

James Wilson, member of the Greenville High school football eleven, has been selected as the outstanding player in the North Eastern Athletic conference, according to a vote taken by the various coaches in compiling the names of members of an all-conference team.

Ray Briley, Greenville, half back, came in for recognition of the coaches, winning first half back berth on the second team.

Wilson was described as the outstanding end in the conference. He is a brilliant defensive and offensive end and one of the best prospects for college football in the conference.

In commenting on Wilson after the Greenville-Rocky Mount game during the past season, Coach Bob Stiles, of Rocky Mount, declared him to be the best end he had seen. The name was described as one of the hardest fought, the Rocky Mount team participated in during the season, and the splendid defensive work of Wilson was one of the contributing factors.

Rocky Mount placed six men on the all-conference team in addition to winning the conference championship with only one touchdown scored against them.

Coach 'Soup' Porter, manager of Greenville High, today expressed gratification at the recognition given Wilson and Briley. He heartily agreed with the Rocky Mount coach that Wilson is one of the outstanding players in the conference.

## Ballard's X Road

As the shadows lengthen one naturally grows reminiscent and loves to wander back into the bygone years. Every year as Christmas approaches, we find ourselves living again the days of childhood. Could one only recapture the exquisite joy that thrilled us at the very thought of Christmas and Santa Claus. Happily all the joy in this, the greatest of all holidays, was not confined to childhood; from year to year the beauty and love of the holy season has grown upon us until the true significance of Christmas seems to have penetrated the very heart of our people.

What influence save that of the Christ could move us to such efforts to raise funds in order to carry joy and peace into the lives of the unfortunate poor? The spirit of helpfulness that manifests itself in this season is a true reflection of the love of God.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

New York, Dec. 21.—(AP)—Cotton opened steady at unchanged prices to a decline of five points with active selling 3 to 7 points net lower during the first few minutes under further liquidation and local selling promoted by easier Liverpool cables.

Prices made new low ground on all deliveries with January selling at 16.10 and March at 17.27 but this decline sought in some trade buying as well as week end covering and the market just about recovered its initial losses with prices holding steady at the end of the first half hour.

Liverpool cable advices said that hedging and liquidation had been absorbed by trade calling at the decline in Liverpool and reported a fair demand for light cloths from India. The amount of cotton on shipboard awaiting clearance at the end of the week was limited at 125,690 bales against 173,983 last year.

## GRAIN MARKET

Chicago, Dec. 21.—(AP)—Soaring prices for wheat today carried the market here 5 1-2 cents a bushel higher than yesterday's finish and brought about big rushes of general buying. In addition with the price bulges, European demand for North American wheat to be shipped abroad took on a break of volume not witnessed previously in a long while.

Total trans-Atlantic purchases today amounted to two million bushels, by far the outstanding factor in hoisting wheat values was bidding which was inaugurated by representatives of the Federal Farm Board at above current market quotations although little if any wheat was obtained on the bids.

Wheat closed buoyant at virtually the day's top level, showing 4 7-8 to 5 1-2 net gain. Corn closed 1 3-8 to 2 up; oats 7-8 to 1 1-2 advance and provisions unchanged to a setback of ten cents.

## STOCK MARKET

New York, Dec. 21.—(AP)—The stock market staged a brisk recovery today after an early period of irregularity. Extreme gains in a long list to active issues ranged from 1 to 10 points, with only a few soft spots cropping out here and there as belated tax selling and liquidation of weakened speculative accounts made its appearance, trading was fairly heavy in volume for a half holiday session.

There was nothing in the day's news to account for the sudden change of speculative sentiment, leading to the belief that the market had been oversold, at least temporarily. Bear traders, apparently unable to dislodge any large volume of stock, rushed to cover as floor traders bought stocks heavily for a turn.

Publication of the interstate commerce commission revised consolidation plan, which was along the lines of the unofficial summary published yesterday, failed to stimulate much interest in the railroad shares. Insofar as the eastern field is concerned, the plan varies widely from the groupings previously favored by the leading eastern executives, but the commission's plan is generally regarded as a basis for discussion rather than as an arbitrary allocation of roads. Union Pacific, with a gain of 5 points, was the leader of the rail group.

Brisk recoveries in Fox film and International Combustion suggested the existence of a tremendous short interest in those issues. Fox film rallied more than 4 points from Friday's low while Combustion, preferred, which touched a new low at 18.12 on Thursday, jumped 7 1-2 points to 24 3-4. Safeway stores, Simmons Co., U. S. Industrial Alcohol, General Electric and Union Carbide all rallied 5 points or more. U. S. Steel common, Anaconda copper, Dupont, Public Service of New Jersey and Gillette safety razor were among the many issues to show gains of 2 points or more.

The closing was strong. Total sales approximated 1,750,000 shares.
