

MIDDLE WEST AGAIN IN GRIP OF BLIZZARD

Two Lives Snuffed Out During Storm in Chicago; West Hard Hit by Cold Wave

Chicago, Jan. 10.—(AP)—Again middle America finds herself robed in the ermine of winter snows. A blizzard that was almost a twin of that which whirled over the same territory just before Christmas, today had choked highways, snapped communication lines and impeded commerce.

Two men were dead in Chicago, one walking with head bowed against the gale into the path of a train, the other, snowing snow, being struck down by a blizzard-driven motorist.

The prediction was that it might be a 36-hour snowstorm, at least in the Chicago territory where traffic already was going forward with difficulty. Seven thousand needy men in Chicago found it a silver snowfall, giving them work with shovels. One thousand men were turned into great trucks, carrying away the snow, was added to the daily din of the business district.

Temperatures generally throughout the middle west have been moderate, but starting last night there was a slight downward movement. Temperatures in Chicago ranged around 15 above zero early today. The Dakotas and Minnesota, however, had sub-zero readings, through none approaching the sever cold of the December wave.

Some parts of Illinois came up to snow that lay 18 feet deep in the highways. The Illinois recording of snow fall, there was 7.6 inches, slightly more than half as much snow as fell in the December blizzard.

Kansas City, Jan. 10.—(AP)—Having endured three days of snow, rain and sleet in one of the most widespread blizzards ever to strike the west, the Rocky Mountain and southwestern states today faced a wave of cold which spread like a blanket over a region thousands of miles square.

Thermometers which since Monday have been dropping steadily still were going down this morning. Serious losses of livestock were reported even in the southern states, and Texas orthologists reported the phenomenon of birds moving south from haunts which normally are their comfortable winter homes.

The death of a negro girl in Dallas, whose clothing became ignited as she huddled over a small stove for warmth, was charged to the mounting toll of the storm. Six fatalities have been reported.

With fifteen inches of snow and sleet on the ground here, the fall cleared yesterday morning, but the mercury dropped to zero this morning. Oklahoma City, Ponca City, Enid and other Oklahoma points reported zero readings. A foot of snow blocked highways and streets of communities unequipped to meet such an emergency. The states of the eastern Rocky Mountain slope, as far south as New Mexico, tonight again sub-zero temperatures which have come to be regarded as almost normal. Wyoming was in the grip of an intense, clear cold; the mercury still dropped in Montana with sub-zero readings already the rule, and Idaho and Colorado lay under the same Arctic blanket.

At Lewiston it was 25 below, at Helena, 13, at Havre, 16, at Denver 20 below at midnight.

San Francisco, 10.—(AP)—Clear, extremely cold weather, accompanied by heavy frosts in California, found the Pacific Coast still shivering at normal temperatures today.

Except in mountainous regions in Southern California, the prevalent cold wave was expected to continue without snow or rain for the next 24 hours. Zero and sub-freezing temperatures were predicted by the weather bureau for the north-west states and some parts of California, where yesterday rain turned to snow and disrupted highway and railroad travel.

John M. Nightingale, his wife and 7-year-old son Stanley, who had been marooned in the mountain cabin in the high Sierra 45 miles east of Sonora, Cal., since last Saturday, were found safe in their shack yesterday by two woodsmen. Fred Merma and Jasper Meull who made their way through several miles of deep snow to reach the scene.

Ellyson was hacked to death last Friday night at his filling station. The cash drawer of his establishment was ransacked.

MAYOR ASKS SUPPORT OF FUND DRIVE

Con Lanier Calls On Public to Give Liberally to the Salvation Army Budget

Mayor J. C. Lanier in a statement to the press today, urged support of the annual budget drive of the Salvation Army which will get under way in this city within the next several days.

"During my entire life in the community," the statement declared, "I have never known so many cases of partial and complete destitution, and the number bids fair to grow larger as colder weather comes along. There are many families without the necessary fuel and clothing, as well as food, and although members of the family are willing to work, employment in some cases cannot be found immediately."

"The annual maintenance fund of the local Salvation Army organization is \$4,000 and members of the committee headed by C. B. Rowlett, secretary of the Merchants Association, hope to raise the amount while the drive is in progress.

"The mayor's statement follows: "As the Salvation Army enters its campaign for its annual maintenance fund of \$4,000, I urge our people to rally in the support of this worthy cause. During my entire life in this community I have never known so many cases of partial and complete destitution, and the number bids fair to grow larger as colder weather comes along. There are many families without the necessary fuel and clothing, as well as food, and although members of the family are willing to work, employment in some cases cannot be found immediately."

"Because of this urgent condition, and because the Salvation Army is equipped to distribute the necessities of life into the channels where it will do most good, at minimum overhead cost, I feel that the citizens should rally to this cause and give the full asked for."

"The Salvation Army reaches people who are most destitute and who are often unknown to other relief agencies. It has proven itself an efficient organization, and I believe that any money placed in their hands for relief work will be wisely expended."

Hoover's Plan For Study Of Prohibition Question Meets Stiff Opposition

By RICHARD L. TURNER, Associated Press Staff Writer
Washington, Jan. 10.—Opposition from the foremost rank of house administration leadership today presented a formidable obstacle to the fulfillment of President Hoover's desire for a joint congressional committee to study the question of prohibition enforcement.

Chairman Snell of the all-powerful rules committee, through which all House legislation must pass, was sponsor for the statement that Republican leaders of his branch of congress consider the establishment of the agency requested by the chief executive unnecessary.

"We feel," he said, "that we have the necessary machinery already set up in the House to effect the transfer of the prohibition unit from the treasury to the justice department, if that is what they want. We prefer to legislate in the regular way, to let the regular committees handle the transfer of the unit."

Meanwhile, official Washington kept an eye on the Hoover law enforcement commission and sought to substantiate reports that that group had become involved in a serious disagreement which has prevented the preparation of a public statement promised three days ago. The commission, officially in adjournment until February 5, was ig-

FRANCE AND ITALY STILL TALK PARITY

Both Powers Go to Arms Parley With Lines of Disagreement Tightly Drawn

Rome, Jan. 10.—(AP)—Italy and France will go to the five-power naval conference at London, convening January 21, with problems particularly to themselves unsettled, and the lines of disagreement in their view points drawn more definitely than at any time before.

Publication here of the gist of the French note of January 3 to the Italian government disclosed that the Paris government rejected the Italian proposition of naval parity, a fundamental Italian thesis for further negotiation.

It was made known that the foreign ministry regarded the French reply as a rupture of negotiations which have gone on for many weeks between the two countries. The failure, whether momentary or permanent, gave rise to doubt of success in this capital about what part of the London naval program especially affecting France and Italy. The official attitude generally was pessimistic.

There still is a possibility that an agreement may be reached when Dino Grandi, Italian foreign minister, meets Aristide Briand, French foreign minister, at the meeting of the League of Nations Council at Geneva in a few days. But the decided tone of the French note is taken here as precluding any such settlement.

The impression in Rome since receipt of the French note is that the French idea is not in accord with the true spirit of disarmament.

Italy proposed December 21 that Rome and Paris arrange a preliminary conference in order to settle their own private difficulties prior to the London conference, much as Great Britain and America are supposed to have settled theirs.

Italy proposed naval parity to France, but left it to France to name any limitations she saw fit, to which Italy would adjust herself. It was stated here that France, rejecting the Italian proposals, were more stipulated her idea that limitation of armaments should be done individually by different nations who then would agree to keep within the limited program they themselves fixed.

Italy believes in a related instead of absolute idea of limitation, believing that armament should be limited relatively in proportion to the naval strengths of other nations. Since otherwise the conference at London might become an armament race, instead of a disarmament conference.

Rutherfordton, N. C.—(AP)—A. L. Alexander, Volontier, 47, who lived at St. Thomas Mission in Poik county, recently bought his first automobile. In learning to drive it, he ran it over an embankment, fatally injuring himself.

Authorities here did not know who stole Miss Green's car until Stokes was arrested in the South Carolina city. He is said to have carried the automobile to a garage for repairs and then to have offered it for sale. Becoming suspicious, the garage owners conferred with the Flanagan Buggy Company in this city and found that the car had been stolen.

It was intimated at the time that Stokes would be surrendered to the Pitt county officers, but when they reached Lake City, they were told that his crimes in that locality necessitated his being held for trial sometime in May. In the meantime, it was said, he will be held in jail at Lake City.

Several Cases of Spinal Meningitis Reported in S. C.

Orangeburg, S. C., Jan. 10.—(AP)—With the melody of a negro man living near Holy Hill district last night at cerebro-spinal meningitis, the total number of cases of the disease in Orangeburg county has been swelled to 14. Thirty-two cases have been reported in the state since November 9. Deputy sheriffs are patrolling the "Back Bottom" area of the Saluda Dam section to see that strict quarantine orders are obeyed.

Blair, a prominent farmer, developed meningitis after his wife, a son and daughter had died from it since the holidays. His condition, early today was said to be serious.

S. C. REFUSES TO SURRENDER SIGN PAINTER

Ray Stokes, Wanted Here for Theft of Automobile, Still in Jail at Lake City

Ray Stokes, Ayden sign painter, wanted by authorities in this county for the theft of an automobile from Miss Estelle Green, was still a prisoner at Lake City, S. C., today, despite efforts of Pitt county authorities to have him returned to this county to face trial.

Sheriff Sam Whitehurst and Chief of Police Preston Pierce, who went to Lake City Wednesday to take Stokes into custody, returned to Greenville last night, stating that South Carolina officers refused to turn him up. It was said that Stokes was in custody in many times in South Carolina, that authorities were determined to hold him until May, when he is scheduled to face trial.

Sheriff Whitehurst said that Stokes was in custody in many times in South Carolina, that authorities were determined to hold him until May, when he is scheduled to face trial.

Stokes is charged with a number of crimes in the vicinity of Lake City, S. C. Chief among them was the robbery of three filling stations and theft of a considerable amount of goods from freight cars of the Seaboard Air Line Railway. It was stated that a brother, Jack Stokes, was also being held in connection with the robberies, as was another man whose name was not determined.

Asked whether "hell" and "damn" were profane, he said: "I think so, several years ago, but today it's different."

Dill replied that women and children were listening to the station and that it could be heard all over the county.

Rebison said he was not defending Henderson, but that he had not examined all the evidence and come to a conclusion.

Chairman Couzens remarked that the commission should act and that this was one case where the public had become disgusted with inaction.

DELEGATES TO NAVAL PARLEY AT SEA TODAY

Col. Stimson Sends Farewell Message to President Prior to Sailing

S. S. George Washington, Jan. 10.—(AP)—American delegates to the forth-coming London Five Power Naval conference were at sea today bound for England, scene of the world's next effort to limit its fighting machinery.

Colonel Henry L. Stimson, secretary of state, sent the delegation's farewell word to President Hoover, who Wednesday bade them God speed at a White House breakfast. Colonel Stimson's radio said: "Our delegation is sailing this afternoon with a deep appreciation of the responsibility of the mission which you have entrusted us and an earnest desire to reach a result worthy of that trust."

To some of the delegation of eighty the Trans-Atlantic trip is no novelty but to others a period of a day or so probably will elapse before they have gained their sea legs. Therefore no formal conferences aboard ship are expected until possibly the first of next week.

The weather was sparklingly clear through the night and there was only a slight roll to the ship as she plowed eastward on a schedule calling for arrival at Plymouth January 17, four days before opening the Naval Limitation conference at London, January 21.

Last messages to folks back home were put aboard the pilot boat in a special pouch after the George Washington left behind in New York Harbor with its screeching sirens, and Fort Jay, with its salute of nineteen guns. Colonel Stimson and Secretary of the Navy Adams stood on the bridge deck during the Fort Jay salute.

The voyage of the George Washington is its third which might be considered one of peace. Twice before when President Wilson went to Europe in connection with the making of the treaty of Versailles this ship carried American representatives to European conferences.

All members of the American party joined Democratically last night in the affairs of the large ship, not a single cabin of which is left unoccupied. Although provided with a private dining room in the suite once occupied by President Wilson Secretary Stimson and Mrs. Stimson took their meals in the dining saloon with the other. Secretary Adams spent much time on the bridge, while Ambassador Morrow, and Senators Robinson and Reed, circulated about the smoking room, chatting with fellow passengers.

Official credentials for the party were revealed to have been sent aboard the ship just before its sailing. These were locked in the ship's safe. The document signed by President Hoover empowers the delegates to negotiate, conclude, and sign any treaties or conventions, or other acts adopted by the conference.

Asked whether "hell" and "damn" were profane, he said: "I think so, several years ago, but today it's different."

Dill replied that women and children were listening to the station and that it could be heard all over the county.

Rebison said he was not defending Henderson, but that he had not examined all the evidence and come to a conclusion.

Chairman Couzens remarked that the commission should act and that this was one case where the public had become disgusted with inaction.

T. E. JOYNER APPOINTED TO COUNTY BOARD

Farmville Man to Fill Unexpired Term of Late Dr. W. W. Dawson of Grifton

Thomas Eli Joyner, prominent business man of Farmville, has been appointed a member of the Pitt County Board of Commissioners, to fill the vacancy created by the recent death of Dr. W. W. Dawson, Grifton physician.

Announcement of the appointment was made today by J. Frank Harrington, clerk of Pitt County Superior court, who is empowered with authority to fill vacancies in this official capacity.

Mr. Joyner is a man of considerable executive ability, and his elevation to the Board of Commissioners no doubt will be received with keen interest in all parts of the county.

Farmville, Jan. 10.—With the entire county of Pitt saddened, but endeavoring to recover from the shock of the loss of one of its most valued and beloved citizens, Dr. W. W. Dawson, of Grifton, clerk of Court, Frank Harrington, of the appointment of Thomas Eli Joyner to this city, to fill his unexpired term of county commissioner.

Mr. Joyner, second son of Mrs. Bertha Barrow Joyner and the late R. L. Joyner, a native of this section, and a citizen of Farmville since 1912, when he accepted the position of manager of the Farmville Furniture Co., which position he still occupies, has ever been active in enterprises for the upbuilding of his community, county and state.

He received his education at Chapel Hill, studying business and executive affairs pertaining to a business career at Poughkeepsie. He married Miss Agnes Barrett soon after coming to Farmville to live, and has a son, Eli, Jr., and two bright young daughters.

Mr. Joyner served six years on the local board of town aldermen as clerk, secretary and treasurer, during one of its most critical periods financially, one of street improvement and paving. He took his father's place as a director of the Citizens Bank about ten years ago and is serving his second term as president of the Farmville Building and Loan Association. A charter member of the local Rotary Club, he is still active and has served most faithfully on the board of stewards of the Methodist church for the past 12 years.

Among Farmville's younger business men in point of age, Mr. Joyner is very efficient and of considerable executive ability, and is considered by friends here as exceptionally well qualified for the position as an overseer of the county's business.

This section and town has been well represented on the county board in past years by R. L. Davis, B. M. Lewis, McD. Horton and J. W. Holmes.

Winter Weather Follows Rains In Tennessee

Memphis, Tenn., Jan. 10.—(AP)—Wintry winds and grey skies which carried a threat of snow flurries prevailed over the central Mississippi Valley today in the wake of three days of rain which had flooded lowlands in several states, damaged highways, hampered rail traffic in some sections and forced rivers and creek tributary to the Mississippi toward flood stages.

Rain which had fallen almost continuously since Monday night over much of the central valley cleared last night, and temperature began falling. Cloudy and colder was forecast for today with fair weather promised by tomorrow.

In Memphis 9.61 inches of rain fell in the 72 hour period.

While inland streams were taxed to carry off the excess water, the heavy precipitation found the Mississippi main drainage artery, at a nominal stage. After receiving the first of the surplus from its tributaries, the Mississippi at Memphis last night registered 25 feet, ten feet below flood stage.

Water continued today to block traffic on the main highway between Memphis and Little Rock, Ark., and from Fulton to Wickliffe, Ky., a highway was closed.

Marionettes Will Appear Here Jan. 14

Tony Sarg's Marionettes on Tuesday of next week, January 14, will appear twice at East Carolina Teachers College, and will again delight both children and grown people, as they did two years ago.

In the afternoon, at 3:35 o'clock, they will give two playlets and some features that show what can be done with puppets, all together making a program of variety that will interest very small children, who could not follow a complicated plot in a long play. "The Bremen Band," Grimm's story known by other names also, as "The Traveling Musicians," "The Musicians of Bremen," and "The Town Musicians," gives a chance to show animals—the donkey, dog, cat, and rooster, and yet has an interesting story full of humor. "The Stolen Princess" is a pure fairy tale of the Arabian Nights type, with oriental richness. The dances and other skits run in will give life and color to the show.

In the evening "Rip Van Winkle" the favorite of all folk tales, will be presented in two acts, with seven scenes.

The Washington Irving version of the story is used because there are more characters and there is a greater chance for action than in the others. Rip's dog, Dame Van Winkle, the group of old friends at the inn, the quaint little Dutchmen with Hendrick Hudson in the mountains, are all in this play, with Rip himself as the central figure. It takes over four hundred strings to operate Rip Van Winkle.

Season tickets are being sold by members of the Woman's club. This ticket admits to both the matinee and the evening performance of the Marionettes and will be good for one of the best seats for the grand opera, "The Barber of Seville," which will be presented by the Festival Opera Company on the evening of February 4th. It will entitle the holder to a seat within the block reserved for season ticket holders when Count von Luckner appears, in March, and for the concert by a college glee club, about which definite announcements will be made later. If there is an extra attraction added to the year's program, following the precedent of other years, the ticket will admit to that also.

Probe of Mystery Fires in Asheville Takes New Turn

Asheville, Jan. 10.—(AP)—The investigation of Asheville's epidemic of mystery fires today assumed new aspects as a special committee from the North Carolina Fire Prevention Association conferred with Chief A. L. Duckett and Deputy Fire Insurance Commissioner Frank Jordan on the advisability of making an inspection of the physical condition and insurance carried on Asheville properties, particularly those vacant.

While the committee will remain anonymous as to individuals for the time being, it pledged Chief Duckett the fullest cooperation of the North Carolina Fire Prevention Association in its stand on the question of the unusual number of fires of incendiary or questionable origin that have occurred in Asheville within recent months.

The committee spent several hours Thursday night and Friday morning going over the situation with Chief Duckett and Deputy Commissioner Jordan.

The North Carolina Fire Prevention Association is made up of fire insurance special agents from throughout the state. Meetings are held periodically to discuss fire insurance problems. The Asheville situation drew the association's attention when Chief Duckett started an investigation of the city's mystery fires Tuesday.

During the past 12 months, 13 vacant homes have been burned within the city limits and Asheville fire loss from unknown causes was \$51,832 while it loss from fires which were directly traceable to incendiaryism was \$3,565.

Chief Duckett enlisted the cooperation of Deputy Fire Insurance Commissioner Jordan and state and city officials in his drive to stop incendiaryism in the Asheville district.

Mary Pickford Testifies About Salary in Court

Los Angeles, Jan. 10.—(AP)—The motion picture colony at Hollywood today got a glimpse of figures on the earnings of Mary Pickford, who appeared in Probate court yesterday and testified about her income in connection with the estate of her mother, Mrs. Charlotte Pickford Smith, who died in March, 1928.

Miss Pickford protested the levying of inheritance taxes against her mother's estate amounting to \$38,284 in addition to the \$52,000 the state already has collected.

The actress contended that the state law was not entitled to the additional tax, on the ground that \$780,000 of Mrs. Smith's \$1,100,000 estate was in three trust funds held jointly by mother and daughter, the survivor to inherit all.

Miss Pickford, wearing a rose veil over a close fitting brown felt hat, a simple skirt slightly more than knee length, and a brown mink coat braved a rain storm to appear in court.

Among other things, she testified that in 1917 she saved \$42,000 out of a \$50,000 salary, just after the war, in 1919, she said she was earning \$10,000 a week. The following year she began producing her own pictures. About this time she employed Charles H. Schwab to create a trust fund.

The actress testified she paid her mother \$26,000 a year salary in 1916 and \$52,000 a year in 1917 and 1918. Asked what her mother did to earn such a salary, Miss Pickford said:

"Oh, she was taking care of our personal expenses, donations and paying the bills. The children, Jack and Lottie, lived with her and she was the head of the family. Her services were very valuable."

At conclusion of the hearing, Superior Judge Harry Holtzer ordered the attorneys to prepare briefs and submit them Tuesday.

Belgian Queen Had Dowry of Over \$6,500,000. Rome, Jan. 10.—(AP)—Princess Marie Jose of Belgium who last Wednesday became the bride of Crown Prince Humbert of Italy, brought as her dowry, it was said in diplomatic circles today, in excess of 50,000,000 Belgian francs, or about \$6,500,000.

This together with the appanage of the crown prince, his own private properties, including Raconing Castle, which itself is one of the largest estates in the world, forms such a substantial patrimony as to give the couple an independent status equal to, if not surpassing, that of most European royal families.

King Victor Emmanuel, father of Prince Humbert, is reputed to be the wealthiest man in all Italy. The prince and princess this morning heard 30,000 Roman school children acclaim them and 6,000 set them in song in the statue of Piazza Di Siena, in the great park known as the Villa Umberto mo. At the conclusion of the greatest youngsters marched by royal stand and each deposited flowers in honor of the young couple.

Forestall Action in New Republican Setup in Senate. Washington, Jan. 10.—(AP)—An attempt by some of the Western dependents to gain further recognition in the Senate Republican organization forestalled final action today by the party's conference on a new Republican setup for the state.

Senator McMaster of South Dakota, complained at the Republican conference that his seniority had been disregarded in placing Senator Hastings of Delaware on the Interstate Commerce Committee.

Senator Howell, of Nebraska, moved that the new organization setup for the Senate organization be referred back to the committee on committees with instructions to put McMaster on the Interstate Commerce committee.

Senator Phelps, of Colorado, countered with a motion that the committee on committees be instructed to follow the rule of seniority in all cases, pointing out that his should place Senators Goff, of West Virginia and Metcalf, of Rhode Island on the Finance committee in the place of Senators La Follette, Wisconsin, and Thomas of Idaho.

The Republican regulars who conceded to the demands of the Western independents at La Follette's place on the Finance committee an who waived their seniority to place Thomas of the young guard" also on this powerful committee, spoke somewhat reluctantly of the new uprising, with Senator Moses, of New Hampshire, being the talking.

Not only an unusually large number of members were there but a greater spirit of interest, with helpful reports of work done in the Master's cause.

The meeting after being called to order by the president, Mrs. McGee, was opened with an inspiring devotional from the 3rd chapter of Philippians, given by Mrs. E. L. Hillman, stressing the necessity of forgetting last year's faults and failures and looking hopefully to the future.

Reports given for Christmas work were provisions for nearly three destitute families, gifts sent to Samarcand and stockings filled by the junior auxiliary.

Following further business items an article from the January Silver Cross "Christian Leadership," was read by Mrs. Closs Hearne.

Says No Breach of Dry Policy Now Existing. Washington, Jan. 10.—(AP)—Speaker Longworth said today that he desired to make it clear that there was no breach of prohibition policy between the Republican leaders and President Hoover.

Senator Smoot Draws Dividends On Past Life. Washington, Jan. 10.—(AP)—Reed Smoot, of Utah, dean of Republicans in the Senate and an indefatigable worker, celebrated his 68th birthday today with these words:

"I am drawing dividends on the life I have lived since boyhood. I've never, never drank liquor in my life. I've never smoked. I've always eaten good, plain food and loved work. I never was lazy and never saw a time when I didn't have plenty to do.

\$5,000 GIVEN TO THE POOR DURING DRIVE

Report of Social Service Council Shows 2,000 Received Aid During Holidays

The Social Service Council met last night for the purpose of hearing reports of the work done in behalf of the poor people of the community during the holidays. It was indicated that 2,000 persons were given help through the various agencies co-operating with the organization through the Welfare Department.

It was also shown that in clothing and cash contributed there was about \$5,000 expended among the poor element.

It was decided that the Social Service Council would be continued as a permanent organization and while it is impossible to function on a large scale as it did during the holidays, they hope to be able with the help of the different organizations and individuals to render service to the poor and needy at different times.

Because of the numerous personal applications made to the Welfare Department for work, Mr. Futrell has agreed to establish an employment bureau and anyone desiring the services of laborers of any kind are urged to confer with Mr. Futrell, and he will be glad to send the required help.

It matters not how big or small the job may be Mr. Futrell is at all times in touch with those who would be glad to fill the places. The reports last night, it was said, were most gratifying to those assisting in the relief work during the holidays, and inspired them to continue active service.

The first game of the high school basketball season will be played at the school gymnasium tonight and it is to be hoped that the attendance will be large. Support of our people in the way of attendance at school athletic events helps to show the boys and girls that we are behind them in their efforts and makes them better students as well as athletes. Attend every game you can this season. You will enjoy the games and you will help along the work of the schools.

governing board, which accounts for our hearty approval of the action in the appointment to fill the vacancy on the board.

In fact, we believe that our present system of electing our county commissioners should be so changed as to make sure that on each board, every section of the county should be represented. While under our present system, no two men are ever chosen from the same township of the county, such a thing is possible, which would mean that at times other certain sections would go unrepresented. If our county board is to be composed of five members we believe that our county should be divided into five different districts and that the voters of each district should elect their member of the board. Such a plan would assure equal representation of every section of our county and no doubt would enable the county work to be carried on in a way that would prove of most benefit to the people of our county.

ABOUT TOWN

Mayor J. C. Ianier has issued instructions to members of the police department to arrest all automobile owners without city auto license tags after next Saturday.

The tags went on sale ten days ago, but up to the present time only about half of the automobile owners have made application for licenses.

This is a deplorable state of affairs and deserves the most drastic action the mayor may deem suitable for the occasion.

Suppose an automobile owner had not bought his state license by the first of the month and continued to drive without it. Why every policeman and county officer in the section would be on his heels, and they would not rest until the required license had been provided under penalty of the law.

No doubt money is tight with you, but make an effort to buy your license by next Saturday and in that way help put more money in the city's coffers. Such action will enable you to avoid the embarrassment of being haled into court to answer for your negligence.

The Salvation Army is preparing to launch its annual drive for clothing its work among the needy people of the community, and Greenville people will be asked to contribute the sum of \$4,000 to make this possible.

That the public will give as liberally as possible to this cause, we have not the slightest doubt. Times may be a little hard and money tight, but this will not prevent the public from remembering what the Salvation Army has done for humanity.

It is needless to sum up the activities of this great organization. Suffice to say that the work in our own midst has been of a very commendable nature and deserving of the support of everybody interested in this mighty Army of Mercy swinging in behalf of the cause of a class of people no other organization is able to reach.

Tonight members of the Greenville Kiwanis club will gather in the first session of the new year, and listen to some of the achievements of the year just closed.

It will be a mixture of the old and new, retirement of Ralph Deal as president and the succession of B. B. Sugg, prominent tobaccoist.

Mr. Deal made the club a good president. He was ever alert to the possibilities for service to the community, and his influence was always used in that direction.

Bruce Sugg has never been the type of fellow to let the grass grow under his feet, and the club is standing on the threshold of as great a future as it ever did before.

There is always work for an organization of this kind, and if the Kiwanians live up to the responsibilities resting upon them they will fill the new year with greater achievements than ever before.

The dreams of the youthful new year light up the future with greater possibilities just as the deeds of the old year dimly the past with human achievements.

of the state with view of interesting the students in the importance of the American flag.

As in former years when similar contests were conducted, the school children this year will show more than passing interests in the movement and present some very good facts concerning the flag.

It is gratifying to note that county schools have shown a desire to enter the contest and will be well represented when the preliminaries get underway. The plan will be conducted along the elimination line, and the town or city that breaks into the finals will come in for considerable recognition and honor.

The Legion is doing excellent work in arousing more interest in the significance attached to the nation's flag and it is assured that good results will be obtained.

This will enable you to have the news of the world at your fingertips during the quiet of the evenings, and in that way keep you in close personal touch with things upon which you should be well informed.

LOCAL CAGERS BEGIN ACTION HERE TONIGHT

The Greenville High basketball teams swing into action tonight, when the boys tackle the Kinston High quintet and the girls play hostess to Roanoke Rapids in the local gym. Both games are expected to be well contested, tho the Greenville coaches have had their troubles in early practice. A dearth of material has been Coach Porter's main worry, and a wealth of it has been perplexing Miss Newman. However, both aggregations will put up a struggle worth watching.

Tomorrow night will open the season for the Freshman teams of G. H. S., with the invasion of Winterville's "C" team to play the boys. At the same time the Ayden Sextette will return a tie game with the Greenville Sophomore girls played some time ago, and in this contest, the Freshman girls will be given an opportunity to show their developing ability for a part of the game.

The games both nights, will begin at 7:30, and will be run on a basis of no waits for the spectators, running the first half of the second game into the intermission of the first.

FIGHTS LAST NIGHT

New York—Larry Biello, New York, outpointed Jack Murphy, California, (10).
New Haven—Bat Battalino, New Haven, knocked out Phil Verde, Rochester, (3).
Philadelphia—Mickey Diambnd, Philadelphia, outpointed Speedy Culberson, Oklahoma, (3).
Miami—Eddie Speaks, Louisville, outpointed Harry Forbes, Chicago, (10).

Lake Worth, Fla.—Joe Estrada, Mexico, and Ray Mitchell, Philadelphia, Drew, (10).
Grand Rapids, Mich.—Len Darcy, Grand Rapids, outpointed Murray Gibbitz, New York, (10).

Tar Heels and Cats Open Big Five Race

Chapel Hill, Jan. 10.—The North Carolina and Davidson quints will join hands tomorrow night in pulling the rope that will raise the curtain on the 1930 Big Five basketball campaign.

The initial Big Five game of the State is to be played on the Wildcat floor at Davidson and promises to be interesting enough.

It will give the first line on the relative strength of these two ancient rivals' comparative abilities and will also indicate whether Coach Jim Ashmore has been able to develop that long-sought forward combination.

The Tar Heels lost four letter forwards via graduation route last year.

Harper, Marpet and Brown were back as veterans for the other posts

but only rookies for the forward berths.

Neiman and Edwards will probably get the call again tonight, but Coach Ashmore will probably be juggling his forwards pairs again in search of the elusive, hard-to-find scoring combination.

The Davidson starting lineup will probably show Captain Johnston and Pritchett, forwards; Rusk, center; and Goodson and Proctor, guards.

Davidson will probably be favorite for as season records go. The Youngerites opened impressively against Catawaba, won a lopsided 33-18 count from Charlotte "Y" and looked equally good against Woford on Wednesday.

The Tar Heels, who will be playing their first college game, won three of four pre-Christmas games with "Y" quints and were to start the 1930 ball to rolling against Greenboro "Y" tonight.

Wrestling Is Placed Under N. B. A. Rules

Cincinnati, Ohio, Jan. 10.—(AP)—Wrestling, a profession which never recognized any national affiliation and frequently witnessed many muddled championship situations, was placed today by the national boxing association on the same organized basis as all governed sports.

Stanley M. Isaacs, president of the N. B. A., which last year included the mat game in its jurisdiction, announced that effective immediately all wrestlers are subject to the benefits, championship awards, suspensions and discipline of the national organization. About 3,500 wrestlers are affected.

High spots of the N. B. A. wrestling requirements call for defense

of championships three times a year; posting of title appearance forfeits ranging from \$2,500 to \$5,000, public bidding by promoters for the privilege of staging championship bouts, wrestlers to accept terms of the highest bidder, national champions to be decided in recognized classes by April 20, 1930, and championship entries to be matched by public drawing.

Wrestling, Isaacs said, from now on is an established part of the N. B. A., the regulations were drawn by a committee headed by Paul Prehn, former University of Illinois wrestling coach and a past president of the N. B. A.

Isaacs said the N. B. A. will not dominate over the wrestling but it was found necessary to formulate strong rules to protect the public from unsanctioned matches and disputed national championships.

The N. B. A. recognized only four weights—heavy, light-heavy, middle and welter. At present, Isaacs said, there is insufficient activity in the lighter classes to justify championships.

Five wrestlers were selected as worthy of an opportunity to compete immediately for championship in each division. One man in each class was given a bye provided all five men enter the eliminations. The bye-man will participate only in the final match.

Refusal by any wrestler to enter means his elimination effective in all 32 states under N. B. A. government.

The ranking heavies are Gus Sonnenberg, Providence, R. I.; Richard Shikat, Philadelphia; John Pesek, Ravenna, Nbr.; Jim London, St. Louis, and Pete Sauter (also known as Ray Steel), Tulsa, Okla. Sonnenberg was granted the bye

Mandell is Ready for Cuban Fighter

(Miami Beach, Fla., Jan. 10.—(AP)—Lightweight Sammy Mandell today said he was ready to repulse the left handed thrusts of Young Manuel Quintero, Cuban boxer, in the first major ring engagement of the Florida season.

Mandell meets Quintero tonight in a ten round non-title bout at the Miami Kennel club. Both fighters were resting before the battle and the only activity which they had arranged for the day was the weighing in process late in the afternoon.

The champion was favored, although considerable weight was given to the fact that Quintero is one of the few left handers Mandell has encountered.

Trains unloaded fight fans from the north end south last night and today and the arrival of a steamer load of 350 Cuban fight fans, staunch supporters of Young Mandell, gave the affair an international aspect.

Billy Haack, Memphis referee and veteran arbiter, will be assisted by judges in event the fight results in a decision.

Workmen yesterday concluded their work of preparing the Kennel club arena. It has a capacity of 30,000.

COTTON MARKET N. Y. STOCK LIST

New York, Jan. 10.—(AP)—The cotton market opened steady today at an advance of 2 points to a decline of 4 points. Some overnight buying orders brought in by the firmness of yesterday and a bullish view of the standard cloth statistics for December was reported. It was supplied by realizing and some local or foreign selling promoted by the indifferent showing of Liverpool and the report of the New York Cotton Exchange service estimated domestic consumption for December at 477,000 bales, compared with the census report of 544,150 for November and 533,301 reported for December last year. The demand seemed to taper off after the opening and demand seemed to taper off after the opening and prices eased under the offerings which sent March off to 17.33 and July to 17.75. The general market showed net declines of about 6 to 9 points at the end of the first half hour. Private cables said advances on local and foreign buying in Liverpool had been checked by realizing.

GRAIN MARKET

Chicago, Jan. 10.—(AP)—Flattening out of export business in North American wheat did much to send wheat prices here down today to the lowest level touched this week. Reports that Russia had sold more than 1,000,000 bushels of rye to Norway counted also as a depressing influence on wheat values. Wheat closed unsettled 1 7-8 to 3-8 a bushel lower than yesterday's finish; corn closed 1 to 1 3-8 down; oats 5-8 to 3-4 off and provisions varying from 29c decline to a rise of 12c.

STOCK MARKET

By STANLEY W. PRENOSIL
 New York, Jan. 10.—(AP)—Heavy profit taking impeded the resumption of the recovery in today's stock market, although operators for the advance continued to retain the advantage. Early gains of 1 to nearly 7 points were cut down, and in a few cases wiped out and converted into moderate declines. Trading, which started off at a brisk pace, turned dull in the early afternoon.

An increase of nearly 300,000 tons in the unfilled orders of the United States steel corporation was the most important business development of the day. The gain, however, probably was due to a shutting down of operations last month rather than to any unusual increase in demand. U. S. Steel common, which advanced 2 1-4 points to 17 1-4 in the early trading, practically lost all of its gain in the wave of profit taking which followed the announcement, but soon crossed 17 1/2 again.

Stees Sheffield steel ran up 5 points. Call money renewed unchanged at 4 1-2 per cent but the supply of new funds was not as plentiful, and it looked as though the rate would be maintained instead of being dropped to 4 per cent as it has in the three preceding sessions. The time money market was quiet.

Despite the optimistic statements coming from automobile executives attending the annual motor show here, the automotive issues continued heavy. Nash, Chrysler, Hudson, Timken Roller Bearing and Hayes Body all yielded a point or more, while Auburn lost its early gain of 5 1-4 points by early afternoon. Western Union, which soared 14 points yesterday, fell back 5 1-2 to today and American Machine and Foundry, which closed yesterday with a gain of 5 1-2 points, was hammered down 7 3-4 today.

Bakersville, N. C.—(AP)—Dock Snyder, of Hawk, N. C., is in a hospital at Banner Elk, Avery county, with a broken back. When a tree he cut fell into another tree and lodged, he set about cutting down the second tree. He was unable to get out of the way of both of them. His condition is serious.

SEEK CAUSE OF PLANE MISHAP AT WOODBINE

Body of Mrs. Neva Paris, Killed Yesterday, Taken to Great Neck, N. Y.

Woodbine, Ga., Jan. 10.—(AP)—The cause of the mishap in which Mrs. Neva Finley Paris, 36, year-old prize winner in the last woman's National Air Derby, lost her life was sought today in the wreckage of her plane.

The body of Mrs. Paris was taken from Brunswick, Ga., last night to her Great Neck, N. Y., home and a representative of the Curtiss Flying Service, which had employed her, was ordered to come here from Columbia, S. C., and examine the debris of the airship.

En route to a Miami, Fla., flying meet Mrs. Paris' plane circled over Woodbine several times yesterday at an altitude of about 2,000 feet and then fell. The craft was demolished, but did not catch fire.

Taking up aviation in 1928 Mrs. Paris was an apt pupil and early in 1929 made an emergency landing on a patch of mud at the old Curtil Field near Mineola after her propeller had dropped off when she was 300 feet in the air. She won fifth place in the National Women's air derby last year and had planned to interest wealthy friends in buying planes while in Florida.

The New York Evening World said yesterday that she was divorced from Rex Lee Paris in 1918. Paris attracted attention in 1913 by refusing to become a patient of Dr. Friedrich Franz Friedmann to whom his father offered \$1,000,000 if the doctor would cure the young man of tuberculosis. Paris later regained his health by living out doors and the German specialist was exposed by physicians as a fake.

Mr. and Mrs. C. E. Finley, her parents, a sister and brother survive Mrs. Paris.

Next two months most dangerous
 Health officers sound warning
 for February and March heating

Condemn old-fashioned heating methods

The old, overworked stove is the culprit. And he does his most devastating "culpiting" during February and March, say health officers. For during these two months human resistance is said to be at its weakest—vitality at its lowest ebb. And it is at this time that many families neglect their health the most. Huddling around a run-down stove, they shiver and shake in the chill of a half-heated house. Hallways are frigid, floors are draughty, there are winter ills and doctor bills. Health officials vigorously condemn this old-fashioned heating method.

"Enjoy-It-Now" Club to Rescue

Right now, it is estimated, there are upwards of one million homes in the United States that are underheated. Many of these people are trying to make the old stove "do" until next season, failing to realize the sacrifice they are making in comfort, health and waste of fuel. But today, good old American ingenuity has come to the rescue with the "Enjoy-It-Now" Clubs.

Clubs Forming Now

Right now these clubs are forming all over the country. Members are exchanging the discomforts of stove heat for the toasty, healthful, whole-house warmth of the Estate Heatrola. In the last three years thousands of families have taken advantage of this generous organization. The "Enjoy-It-Now" Club asks little and gives much. The dealer takes out the old stove, makes a liberal allowance on it, installs a brand-new Estate Heatrola, takes a deposit of only \$15, and then one dollar a month until Fall, when regular easy-to-meet payments begin. An amazingly liberal plan—and the health officials give it a hearty O. K.

"I Will Always Praise Sargon"

"Sargon certainly brought happiness into my home and I will never cease praising it."
 "I suffered terribly for four years with stomach trouble. My appetite

MRS. J. F. PHILLIPS
 was poor, my food didn't digest right, I was dreadfully nervous and was continually taking laxatives. Four bottles of Sargon gave me a splendid appetite; my digestion is perfect and my stomach trouble is over. My nerves don't bother me like they did, I sleep fine and can't remember when I've felt stronger or more energetic! Sargon Pills completely overcame my constipation and biliousness. My eight year old daughter and my husband both took the treatment, they are wonderfully improved, stronger and better in every way!—Mrs. J. F. Phillips, 107 Peachtree St., N. E. Charlotte.

Sargon may be obtained in Greenville at Warren Drug Co.
