TO BROADCAST ACTIVITIES OF NAVAL CONFAB

Daily Reports of London Arms Conference to Be Sent to All Parts of U. S.

New York, Jan. 18.—(AP)—History in the making, far across the seas, is to be brought to the fireside of America's great radio family for the first time.

Opening ceremonies and daily and weekly reports of the five-power naval conference, to open January 21, will be carried direct from London to every nook and corner of the United States with the aid of short waves and two great nationwide broadcast chains.

Both the National Broadcasting Company and the Columbia Broadcasting System have made elaborate arrangements to give listeners all the details of the great meeting of nations. Both will broadcast the speech of King George of England opening the party, which is expected to last several weeks, and both have sent radio reporters to the other side to report by air on the progress of the discussions.

Cooperation of the British Broadcasting Corporation has made possible this first practical plan of bringing news events from any section of the world to the home of the radio set owner. Heretofore, in experiments conducted to determine the feasibility of an international exchange of programs, entertainment has predominated. Now, through use of the short wave fraction, 56SW, Chelmsford, Eng., A. B. C. Unit, and its microphones in London, details of a world conference abroad will be reported by radio direct.

In the broadcast of King George's speech, which will be made from the royal gallery of the House of Lords and which is only the second pickup from that memorial hall in three years, ten microphones will be used. After the king's talk, it is planned to continue the broadcast of America's first radio so to make available the speech of Prime Minister MacDonald as well as initial addresses of some of the conference delegates.

The broadcast is to begin at 6 A. M. Eastern time, January 21. Engineers have been at work several weeks to insure the success of the broadcast. After leaving 56SW on 25.2 meters, the signals will be picked up on special short wave receivers along the Atlantic seaboard and then carried by wire to the studios of the two chains, to be re-distributed in turn to the stations of their respective networks.

Stations which will carry King George's address are N. B. C. chain and G. B. S. chain both chains will broadcast the weekly and daily reports.

Governor Stresses Need of Milk for People of N. C.

Kinston, Jan. 18.—(AP)—If O. Max Gardner were a czar instead of Governor of North Carolina, he would make it a crime to feed a baby milk from a can, he declared here last night at a "live at home" rally of Eastern North Carolina farmers.

The chief executive asserted that if he had his way every boy and girl in the state would live on a farm three years, and that if he were a czar instead of the people's servant, he would see to it that every baby in the state had fresh, wholesome milk to drink.

"That," he said, "is one of the big troubles of our people—they have been accustomed too long to drinking from cans rather than from glass bottles."

Chief Justice Taft Improving Rapidly

Asheville, Jan. 18.—(AP)—Chief Justice William H. Taft, at Grove Park Inn here to recoup his health, got off to an early start this morning. Mr. Taft arose about 8 o'clock and had breakfast at 8:30. He appeared to be stronger than when he arrived in Asheville last Wednesday and was in a gay and cheerful mood.

Priests Battle Cold in Chicago, Ill.

Chicago, Jan. 18.—(AP)—Priests from St. Mary's Mission house joined with firemen from nearby suburbs in the 15-below zero temperature early today to conquer a fire endangering St. Ann's Home for old people near Techny.

FIRE DESTROYS RESIDENCE OF SEN. PITTMAN

Washington, Jan. 18.—(AP)—Fire destroyed the home of Senator Key Pittman of Nevada, early today, wiping out one of the show places of suburban Washington.

Senator and Mrs. Pittman escaped uninjured and were able to remove considerable furniture and personal effects from the reach of the flames.

The Pittman home is an extensive estate on Ridge Road, near the Maryland line, with extensive grounds overlooking the Potomac.

The residence was a two and one-half story frame building. The upper stories were completely wrecked and the apartments below stairs were badly ruined by water. Senator Pittman estimated the loss at from \$50,000 to \$75,000.

Italian Foreign Minister Stresses Reduction, Not Limitation to MacDonald

London, Jan. 18.—(AP)—Dino Grandi, Italian foreign minister, calling upon Prime Minister MacDonald at No. 10 Downing street this forenoon, said Italy would strive not only for naval limitation but reduction. "Limitation," he said, might mean limitation at even a higher level than prevailed now.

Signor Grandi expressed his satisfaction at meeting Great Britain's premier personally. He repeated Italy's program at the forthcoming naval conference, which convenes Tuesday, the principal points of which already had been communicated by Ambassador Bondonardo.

He expressed hope that the conference would reach a solution satisfactory to all and advantageous to peace.

HEAVY DOCKET SET FOR TRIAL IN COURT HERE

Nearly Two Hundred Cases to Face Week's Session of Criminal Court Monday

A one-week term of Pitt County Superior court for the trial of criminal cases will convene in this city next Monday morning with Judge Thomas Johnson, of Lumberton, presiding. The calendar which was completed a few days ago by Solicitor D. M. Clark contains something like two hundred cases.

There are two dozen cases to go before the grand jury. They consist mainly of charges of larceny and forgery, with two for murder to break the monotony.

Stimson Will Attempt To Dispel Suspicion About Anglo-American Accord

London, Jan. 18.—(AP)—Reassured as to the distance Premier MacDonald proposes to go toward abolishing battleships, Colonel Henry L. Stimson, head of the American delegation of the forthcoming naval conference, prepared today for his attempt to dispel French and Italian suspicions of an Anglo-American accord.

Great Britain have contracted an entente cordial, the cooperative nature of which is a threat to other nations, and that there is anything transcending an ordinary friendly alliance between them.

The Italian and French differences between themselves will come up in due course of time at the conference table, where they will be thrashed out, regardless, it is felt generally, of anything Colonel Stimson might do or say now; whereas general understanding of the true relationship between Great Britain and America is a necessary premise on which much of the conference negotiations is to be built.

A hurried conference late yesterday between Colonel Stimson and Mr. MacDonald at No. 10 Downing street, was believed to have relieved the American's mind of a misunderstanding as regards the premier's attitude toward battleships.

SNOW COVERS WESTERN HALF OF THE SOUTH

Atlanta, Jan. 18.—(AP)—Swirling into the south from the frozen fastness of the Rockies snow laid a treacherous carpet over the western half of Dixie today. Zero weather penetrated Arkansas and sent chilling winds through nearby Tennessee and Kentucky.

Three deaths were chargeable to the winter's latest onslaught. Its drivers were blown off a car plunged into the rain swollen Obion river near Trimble, Tenn. Mildred Rockett, 16, and Evelyn Fields, also 16, were trapped in the machine, but three male companions escaped through a window and swam ashore. In an auto collision on the catfish road near Lawrence, Miss. Mr. Roy Vincent was fatally injured.

In Arkansas and Tennessee snow added to the hardships encountered by levee workers battling high water on the Mississippi Valley's interior streams. The flakes were piled from five to seven inches deep in Arkansas and a steady fall was in progress at Memphis and Nashville, Tenn. The lowest thermometer readings in the area were from Fayetteville, Bentonville and Harrison, three Arkansas cities in which the mercury dropped to six below zero. Little Rock had five degrees above and six inches of snow.

Automobile traffic was paralyzed in Memphis as the snow continued with the temperature 14 above. An icy gale accompanied the flakes in western Arkansas. Railroad service, however, was not hampered seriously.

MISSING MAN IN OIL SCANDAL REPORTED SICK

James O'Neil, Who Fled During Teapot Dome Inquiry Wants to Return Home

Cannes, France, Jan. 18.—(AP)—A sick, broken old man sits in the Villa St. Augustine on the outskirts of this city longing for a sight of the Statue of Liberty and the Kansas and Oklahoma oil fields which produced his fortune.

He is James O. O'Neil, former president of the Prairie Oil and Gas Company, and missing witness in the famous Teapot Dome oil scandal. He and Henry M. Blackmer, who was president of the Mid-West Refining Company, fled from the United States to Europe rather than give testimony in the Teapot Dome investigation which, it was charged, might have incriminated their friend Harry Sinclair.

O'Neil who has evaded process servers who sought to subpoena him back to the United States since 1924, is an American citizen, but his expired passport does not enable him to leave France unless headed for the United States, and to return to the United States may involve countless complications for him.

He is quite ill, of heart trouble and wants to go back home. Numerous lawyers are making inquiries on his behalf as to just what will happen when he sets foot on American soil. His physicians advise against a voyage.

When Blackmer, the other missing witness, was discovered two years ago on a train between Monaco and Nice the American government representatives thought that O'Neil would be an easy catch.

But O'Neil learned that once his friend accepted the legal paper handed him by a young smiling consular officer, the American courts were quick to fine him \$100,000 for not appearing at the senate.

Best missing witness. In southern France alone five consular officers, two secret service operators, a dozen reporters and a weird collection of private detectives searched for him in vain. The hunt extended to Italy, Spain and North Africa. O'Neil was "reliably reported" as being in a monastery near Florence, Italy. Guards were posted on the Franco-Italian border at Ventimille.

Eight-Year-Old Boy to Deliver Sermon at Greensboro

Greensboro, Jan. 18.—(AP)—An eight-year-old boy, Angus Wirtz, of Danville, Va., will preach in one of the Greensboro's largest churches tomorrow afternoon.

An invitation was extended by the Elm Street Christian church to the boy who is visiting his grand-uncle, Dewey M. Morris, banker, and was accepted.

CIVIL COURT COMES TO END IN THIS CITY

The civil term of Pitt county Superior court which has been in progress in this city since last Monday morning came to a close yesterday afternoon. Approximately twenty cases were disposed of during the term, many of them consisting of land controversies which required more than usual time in disposition.

A one week term of criminal court will convene next Monday morning with something like two hundred cases on docket. The session will be presided over by Judge Thomas Johnson, of Lumberton, who made his first official appearance in this community in the civil term just closed.

Yesterday's session was marked by completion of the case of Ayden Loan and Insurance Company vs. T. L. Simmons, of Rocky Mount, general agent of the Pilot Life Insurance company. After all evidence had been submitted, a compromise was effected that resulted in Simmons paying to the Ayden concern the sum of \$200. The suit involved \$1600, but attorneys finally agreed on the fifty-fifty split.

The case consumed practically the entire day and resulted from failure of the Pilot Life representative to pay the Ayden Insurance men for services which they rendered while acting as local representatives of the Pilot Life. It was stated that Simmons had promised to split fifty-fifty with the Ayden representative; for any business which they turned into his office. A voluminous amount of evidence was represented on both sides and the decision to compromise came when all angles of the case had been presented.

YOUNG PLAN TO BE SIGNED AT THE HAGUE

Formal Signing of the Protocol Expected to Take Place Sometime Monday

The Hague, Jan. 18.—(AP)—Delegates to the second session of the Hague reparations conference on application of the Young Plan expected today to leave this city Monday after formal signing of a protocol making the Young Plan effective.

The last obstacle to signing of the protocol was believed in a session last night at which agreement was reached on a point of issuance of the first reparations bonds. Members of the Little Entente, their meeting lasting well into this morning, agreed to disagree, and to continue their conferences at Paris after adjournment of the Hague meeting.

COLD CLAIMS SEVERAL LIVES IN SOUTHWEST

Death and Starvation Stalk Over Great Area in Wake of Blizzard

Kansas City, Jan. 18.—(AP)—Cold, death and privation stalked hand in hand over the southwest today as the van of a blizzard slowly making its exit from the northern Rocky Mountain states roared out over the Gulf of Mexico. Temperature records of decades fell in a dozen states and fourteen lives have been taken.

Approximately 50 persons were believed marooned in snow drifts and telegraph wire were down and damped over the north by the most severe storm of years. Telephone highways impassable, hampering rescue operations.

Serious loss of livestock was feared. From the sheep country of Wyoming to the cattle ranges of Texas. Rising temperatures were predicted for Wyoming, Colorado and New Mexico today but Texas, Oklahoma, Kansas and points even farther east were in the grip of one of the most severe cold waves of their history. Texas particularly was hard hit, a hard driven snow adding to the misery of a cold to which that state is unused.

At Shamrock, Texas, 140 persons were fighting against death by cold and starvation. They went there expecting to find work on a projected railroad, only to find that construction will not be started until spring. Welfare organizations of the town of 5,000 persons were swamped by demands upon them.

The coldest place in the state was in the panhandle, where 8 below was recorded, but clear to the Mexican border the snow and ice wind held sway.

A reading of 25 degrees below zero at Barnsdale, Okla., was believed an all time record for the state, in the absence of official figures. Highway traffic and even railroads were demoralized by snow. In the last 24 hours Harve, Mont., reported 26 below, but the thermometer rose today to 16 above.

Chicago, Jan. 18.—(AP)—Sub-zero cold had settled upon the north and middle western states today. In Chicago early today, a rise is predicted for Sunday with restoration of normal January temperature looked for by Monday.

From Illinois to the North and West, the polar blast clung on steadily. At Duluth, Miss., it was 25 below; in Des Moines, Ia., it was the same. All over Nebraska the mercury slid below the zero mark.

Labor Federation Reviews Results of Florida Confab

St. Petersburg, Fla., Jan. 18.—(AP)—As President William Green prepared to leave for Birmingham where he will inaugurate a southern organization campaign on Monday members of the executive council of the American Federation of Labor today reviewed the results of their conference here.

Outstanding among the decisions of the council was the agreement to make a survey on the unemployment situation in connection with the national census of this year. Mr. Green estimated that 3,000,000 laborers were out of work and suggested that consideration be given efforts to bring about a gradual reduction in the hours of labor either by the establishment of a universal eight hour day or a five day week.

Father of Trusts Plans to Return to Field of Labor

New York, Jan. 18.—(AP)—After two years of retirement, Charles R. Flint, known in financial circles as the "father of trusts," plans to celebrate his 80th birthday on January 24 by returning to active business as the only means to happiness.

At the time of his retirement from active management of his firm, Flint & Co., he said it was pure greed that made millionaires keep increasing their fortunes rather than retiring and enjoying life.

Norris Advocates Abandoning of the Grand Jury System

Washington, Jan. 18.—(AP)—Speeding up federal court procedure by abandoning the grand jury system, except where necessary requires, is suggested by Chairman Norris of the Senate judiciary committee.

Senator Norris offers this proposition as a counter proposal to the recommendation of President Hoover's law enforcement commission for trials by United States commissioners of petty offenders, which he is inclined to regard as unconstitutional.

The voluminous recommendations of the law enforcement commission are before Senator Norris' committee and will come up there for early consideration.

Chairman Norris is ready to support the recommendations for transfer of the prohibition enforcement service from the treasury to the justice department—a proposal that has long been before Congress.

Second Case of Spinal Meningitis At High Point

High Point, Jan. 18.—(AP)—A second case of spinal meningitis, which already has claimed one victim in High Point, has developed.

A serious illness of Wallard Jester, 19-year-old brick mason, yesterday was diagnosed by Dr. S. S. Coe, city physician, as the dread disease. A high school student died a few days ago. Dr. Coe said that there was no contact between the two cases and that their origin was puzzling.

N. C. STATE TO STORM CAGERS AT LEXINGTON

Charlotte, Jan. 18.—(AP)—Spurred on by an overwhelming victory over the V. P. I. Gobblers, North Carolina State's Red Terrors will continue their Virginia basketball invasion tonight by storming the stronghold of the Washington and Lee Generals at Lexington.

The Terrors last night laid the Gobblers low at Blacksburg. The last year Southern conference champions unfolded a brand of care work the Virginia Poly five could not withstand and won by the decisive score of 31 to 17.

State's quint moved on Lexington today seeking revenge not for themselves but for two fellow North Carolina teams—The Tar Heel and Blue Devil fives, both defeated on their home courts this week by the Washington and Lee cagers.

In the meantime, the Duke Blue Devils and Wake Forest Deacons were aired for a scrappy North Carolina "big five" encounter tonight at Durham. The dope favored the Devils, but the Baptists, already beaten by N. C. State, were prepared to make determined attempt at a come-back.

Fans in South Carolina today were turning their eyes toward a new star in the Palmetto basketball firmament—Erskine college—which last night conquered Newberry college, 48 to 17, at Due West for its fifth consecutive victory in the state.

The Seceiders have licked the Citadel Bulldogs twice and the College of Charleston and P. C. once each.

Other last night scores:

At Charleston, S. C., Citadel 38; Winford 18. College of Charleston 46; South Carolina 32.

At Clemson College, S. C., Clemson 37; P. C. 12.

Smith and Ruth Licked at Golf

Coral Gables, Fla., Jan. 18.—(AP)—Beaten in his first Florida match because the home run diet of Babe Ruth betrayed the Bambino, former Governor Alfred E. Smith broke up the links team of Smith and Ruth today and set out along in quest of golfing honors.

A challenge to former Governor James M. Cox was promptly answered and the two, each of whom has been the Democratic party's standard bearer in a presidential campaign, arranged an 18 hole battle.

Soda water has always occupied an important place on the Babe's menu, but the Bambino yesterday forgot the usual complement of frankfurters. The cooling beverage, trampled by itself under a hot sun, immediately produced an attack of cramps.

The result was a licking for Babe and Al at the hands of Bob Shawkey, New Yankee Manager, and Bill Klem, the umpire. The count was 8 and 7.

Leo Lomski and James Braddock Fight to a Draw

Chicago, Jan. 18.—(AP)—Promoter Jack Dempsey, and Leo Lomski, Aberdeen, Wash., light heavyweight, today were almost convinced that the boxing game is something to stay out of.

The former world heavyweight champion's sorrow was caused by the fact that only 5,432 spectators who paid \$15,939, went to the Chicago Coliseum to see Lomski, and James J. Braddock, the Jersey City puncher, fight.

Lomski will never believe he didn't get better than a draw with Braddock, and from their actions when the stand-off decision was announced, most of the witnesses agree with the westerner.

Although knocked down twice by Braddock's right hand jolts, Lomski, in the opinion of ringside experts, took seven of the 10 rounds, and deserved the decision. The referee and judges announced a variety of opinion, possible, the former, Dave Miller, calling it a draw, one judge voting for Lomski, and the other casting his ballot for Braddock. Lomski was floored for a two-count in the second round, and went down again in the fifth without taking a count. However, he carried the fight on his taller, heavier opponent, and scored repeatedly with his left to both head and body.

Dempsey, thwarted by sub-zero weather that kept the fans at home listening to the radio account of the fight, was reported to have lost about \$11,000 on the venture, bringing his total deficit since he started offering boxing entertainment in Chicago last October, to approximately \$40,000.

Speedboat Designer Will Visit America

New York, Jan. 18.—(AP)—Hubert Scott-Paine, British speedboat designer, will arrive in this country Wednesday aboard the Homeric. With his visit here motorboat leaders in America heard rumors that Scott-Paine would design and build two challengers for the Harmsworth speed-boat trophy now held by Gar Wood of Detroit. One of the boats is to be delivered to Sir Henry Segrave, who already has announced his intention of challenging for the trophy this year. The other will be placed in the race by Scott-Paine himself. Marion Carstairs, famous British war pilot, also will have one or more entries in the race.

Gardner Issues Requisition for Pitt County Man

End Investigation of Public Utilities

Raleigh, Jan. 18.—(AP)—Gov. O. Max Gardner today issued a requisition on Gov. John G. Richards of South Carolina for the return to this state of a prisoner and honored a requisition from Virginia for a prisoner wanted in Richmond.

Ray Stokes, wanted in Pitt county to face charges of breaking, entering and larceny, is under arrest in Florence, S. C. Governor Gardner notified Governor Richards, in asking to be allowed to return the man.

Governor Pollard of Virginia asked for S. John, under arrest in Greensboro, who is wanted to answer grand larceny charges.

Wears Same Boots

Reidsville, Jan. 18.—(AP)—Twenty years ago when E. H. Degrotte was engaged in the manufacture of boots and shoes here he made himself a pair of boots.

Mr. Degrotte has now reached his four score years, is hale and hearty and is still wearing that same pair of boots.

"They are good for at least 20 more years service," he says. "I expect to wear them that much longer."

REPUBLICAN BEGINS FIGHT ON DRY LAW

Senator Laguardia to Contest Validity of Appropriations for Prohibition

Washington, Jan. 18.—(AP)—Arguing that the Eighteenth Amendment had by its own terms become invalid, Representative Laguardia, Republican, New York, today raised a point of order against appropriations for prohibition enforcement included in the pending treasury-postoffice supply bill.

The New Yorker contended that the amendment had never been properly ratified, basing this assertion upon the third section of the amendment which says that the amendment "shall be inoperative unless it shall have been ratified as an amendment to the constitution by the legislature of the several states, within seven years from the date of the submission thereof to the states by the Congress."

This section, he said, came to force when the amendment was a whole was first ratified by thirty-six states. Coming into force at that time, he interpreted it as stipulating that it must again be ratified by thirty-six states or at the expiration of the seven-year period the entire amendment, became inoperative. Ten states, he said, had gone through what he saw as the necessary procedure of a second ratification.

Asserting that "we cannot ignore section three or brush it aside as meaningless," Laguardia said "we cannot accept the theory which some will urge, that it had no reference to the ratification of the amendment and has now no force or effect."

The section must be construed, he said, with the same rules of construction applicable to other sections of the amendment. The mere fact, he continued, that the section described the method of "re-ratification" to be the same as that required for original ratification indicates that section three is a novel provision in our constitution limiting the life of the Eighteenth Amendment unless certain contingencies in the future shall have taken place."

LaGuardia described how the original amendment, now section three was offered in the Senate by the late Senator Harding of Ohio, providing a date before which the amendment must be ratified.

"There was great doubt," the New Yorker said. "In the Senate as well as in the House to the force and effect of section three as part of the constitution and as to its meaning as such, should the amendment be ratified. Congress voted for it with its eyes open. The amendment was submitted to the states under the provision of the constitution as it then existed. If this particular amendment had not been ratified within seven years there was nothing to prevent the states from ratifying it later.

"So that, to say that it is applicable only to the date or time of original submission, has no force, for the states were not bound to any such limitation until section 3 became a part of the constitution itself. That being so, it cannot be said then that it is applicable to something that has already happened. Section three necessarily means that the article must again be ratified as therein provided in the period therein provided, or else become inoperative as therein provided."

Landis Tells Shires to Quit the Fight Ring

Chicago, Jan. 18.—(AP)—Arthur Shires, Peck's Bad Boy Jr boss and his own big boy of boxing, appeared before Kenesaw M. Landis, baseball's high commissioner, today to receive a warning that he either must quit boxing or forsake the national pastime.

Shires spent only about three minutes before Commissioner Landis, and emerged with the laconic comment: "It looks like I'll have to quit the ring." He hurried out of the building without issuing any statement or posing for pictures, both of which have been among his favorite sports.

Landis issued a statement saying that hereafter any member of organized baseball who takes up boxing professionally would be automatically retired from baseball. He also said he had instructed Shires not to talk to newspapermen or pose for pictures which explained the "boxer's hasty exit."

SAYS SHE HAS NOT RENOUNCED CITIZENSHIP

Washington, Jan. 18.—(AP)—Presenting her own case in the contest over her seat in the House, Representative Ruth Bryan Owen, of Florida, Democrat, told a House elections committee today that she had never renounced her citizenship to the United States even though married to an Englishman.

ZERO WEATHER ADDS MISERY TO FLOOD SECTION

Vincennes, Ind., Jan. 18.—(AP)—Zero weather carried on the wings of a sharp north wind, brought added misery to marooned families in the flooded district of the Wabash and White rivers today.

The Wabash had dropped four inches here this morning, the gauge reading 24.9. The threat of flood danger here appeared over but blocks of ice were appearing in the channel, and may cause damage to bridges.

The crumbling of 100 feet of levee of White river five miles south of Decker, Ind., yesterday afternoon poured a torrent of flood water over 20,000 acres of farm land in southwestern Knox county.

SEVERE COLD WAVE DUE FOR RALEIGH

Raleigh, Jan. 18.—(AP)—The Raleigh weather bureau today announced that the severest cold wave of the season to date was due to reach here before dawn tomorrow with a probable low temperature of 14 or 12 degrees.

Lee A. Denson, in charge of the weather bureau, ordered the cold flag displayed and said that motorists had better look to their automobile radiators and housekeepers to their water pipes to prevent them from freezing and bursting.

At 11 o'clock today it was raining here and the mercury stood 39.38 in the official thermometer. Mr. Denson said the thermometer was probably starting fall this afternoon.

PRISONER ASKS TO BE HANGED WITHOUT DELAY

Sacramento, Cal., Jan. 18.—(AP)—From his dungeon cell at Folsom prison where he has heard five former pals start the death march and drop through the gallows in the last three weeks, Albert M. Stewart has sent a plea that his appeal be dropped and that he be hanged without delay.

The condemned man said he wished to end "the petrifying rigors of doubt and dread" which assailed him as he awaits action on his case.

Stewart is the last of six convicts sentenced to death for participation in the Folsom prison riot of Thanksgiving day, 1927, which cost eleven lives.

Abandonment of his appeal is asked by Stewart in a letter received here by Superior Judge Malcolm

But After Taking Theford's Black-Draught, Lady Says She Feels Fine.

Wofford, Ky.—Mrs. Orpha Hill, of this place, says: "I think Theford's Black-Draught is the very first medicine I ever knew anything about. When I was a child, I did not feel well, or if I had a cold, my mother gave me Black-Draught.

"When I was married, it became a family medicine in my own home, as it was in my mother's. I take it for headache, and especially for constipation.

"When I get bilious, my skin gets yellow and I have a very bad taste in my mouth, and a drowsy feeling all during the day. My eyes burn and I get dizzy, or my head is swimming.

"When I take Black-Draught, it seems to drive the impurities out of my system, and I feel fine.

"My children are grown now, and Black-Draught still has its place on my medicine shelf. I am seldom without this old reliable remedy. I certainly recommend it."

REPORTS FIFTY-FIVE CASES OF PARROT FEVER

Washington, Jan. 18.—(AP)—Surgeon General Cummings of the Public Health Service reported today that a total of about 55 cases of parrot fever or psittacosis have occurred during the present outbreak in nine states, and that eight deaths have resulted from the rare disease.

Dr. Charles Armstrong, public health officer in charge of a nation wide survey of the disease, said his own check-up showed a total of 40 "well established" cases of parrot fever, and four others about which there is slight doubt.

Public health service bacteriologists, Dr. Armstrong said, are at work in an effort to identify bacteria causing the sickness in parrots. He brought the carcass of a parrot from Baltimore several days ago, and cultures have been made from it in the hygienic laboratory.

"The parrot from which we have obtained cultures," he added, "was associated with a human case of psittacosis in Baltimore, but it will take another week to establish the identity of the bacteria."

A number of cases of parrot fever have been recorded in Baltimore, after the discovery in Annapolis of the first case to receive scientific attention during the present outbreak. Dr. Armstrong is in charge of a nation-wide study of the disease, which is said to resemble both typhoid fever and pneumonia. It is thought that the first cases of this outbreak occurred around the Christmas holidays, and are traceable to a shipment of parrots received at New York.

POWER FARMING DAY

THE power farming idea is sweeping the country so rapidly these days that it is important for every farmer to get first hand information on this subject. It is the purpose of our big POWER FARMING DAY, January 22nd—to provide, in an interesting, entertaining way, facts that will prove helpful to present and prospective power farmers.

The men who will present these facts during our POWER FARMING DAY are experienced in tractor operation and upkeep. Their discussion and demonstration of power farming equipment methods will be worth money to every farmer who is interested in reducing production costs. And, remember, the whole party is FREE. Come early and be our guest for the day. There'll be a dandy FREE LUNCH AT NOON, and FREE MOVIES.

METHODIST MISSIONARY SOCIETY MEETS MONDAY

The local work of the Woman's Missionary Society will meet Monday afternoon at 3:30. At the same hour a meeting for the Baby Division will be held. Mothers who have babies or children that are members of this division are asked to bring or send them. The dues of 25 cents for the year, and the mite boxes for the quarter will be collected at this meeting. Babies or children up to six years old who are not members, are invited to come and join.

RESOLUTIONS OF RESPECT

The following resolutions were adopted January 16, 1930 at a meeting of the Pitt County Medical Society:

Rarely indeed does any society of men feel the hand of fate so heavily as the Pitt County Medical Society has since our meeting in December. During that brief period of time three of our beloved members have passed on, to meet with us no more.

On January 15th, Dr. Zeno Brown, in the fullness of his three score and ten years, made the journey to that Bourne, whence no traveler returns, leaving behind him the precious heritage of the memory of a life honorably and usefully spent in the service of the Master, and for the betterment and relief of his fellow man.

On January 2nd, Dr. William Walter Dawson, in the very midday of his usefulness, when his invaluable services to his state and his country and his profession, were most highly appreciated, passed on, leaving a void in his several spheres of activity, that will be hard indeed to fill.

On January 11th, Dr. Cicero Jasper Ellen in the early noonday of his radiant, consecrated and invaluable life, left us, like one who "Draws the drapery of his couch about him, and lies down to peaceful dreams," and passed to that land beyond the "Sunset's radiant glow."

Therefore, Be It Resolved: That while the dispensations of Providence are beyond our understanding, and leave us inclined to ask the question, Why? We bow in humble submission, knowing that with them, all is well.

That in the passing of these men, the State and County have lost faithful servants, the value of whose services were beyond estimation.

That the Pitt County Medical Society has lost some of its most faithful, most helpful, and most beloved members, and that their lives and examples should be an inspiration to us in the future.

That we assure the bereaved families, that we sorrow with them, and offer our most sincere sympathy.

That these resolutions be spread on the minutes of the Society. That a copy of these resolutions be sent to the several bereaved families, and to the Greenville papers.

HOME DEMONSTRATION CLUB OFFICERS MEET

A meeting of the Home Demonstration Club officers was held in the county agent's office on Thursday afternoon. Representatives from Simpson, Winterville, Red Banks, Pierce and Cannon districts were present.

Definite plans were made for a "Live-at-Home" supper to be held in the different sections of the county and influential men of these sections, would be asked to speak, and other forms of entertainment would be provided.

Given dates for suppers are as follows:
Winterville, Friday, Jan. 31; Choccoland, Friday, Feb. 7; Falkland, Wednesday, Feb. 12; Cannon and Pierce, Wednesday, Feb. 5; Stokes, Thursday, Jan. 30; Arthur, Friday, Feb. 7.

Announcements were made in the order given. Governor Gardner would speak at Grainger's High School in Kingston. An attendance from this county was urged.

Mr. Arnold, the county agent, would see to the loading of a car of live poultry at the places mentioned; Ayden, Wednesday, Jan. 22; Greenville, Thursday, Jan. 23; Bethel, Friday, Jan. 24; Farmville, Friday, Jan. 24. Cash prizes are to be paid.

An address for ordering felt was given: Commonwealth Felt Co., 76-77 Summer St., Boston, Mass. The woman's part of the live-at-home program for 1930 will deal with clothing as the major project. An award of merit will be made to the one who best carries out the requirements of the Home Demonstration Agent in regards to clothing.

College Dames Meet.

The Teachers College Dames met Friday afternoon, January 16, with Mrs. Carl Adams at her home on Eighth street. The president, Mrs. E. L. Henderson, presided. The roll was called and the minutes were read and adopted.

Mrs. M. K. Fort had charge of the program, and in a most interesting way told of some of the writers of South Carolina. She mentioned briefly Roy Octavious Cohen, who has written so many sloppy stories; Archibald Rutledge, Robert Quillan of Aunt Het and Willie Willis fame; Edison Marshall, E. C. McCants and Jim Derriex, who is carrying on the work of his brother, Samuel Derriex. Then she told more in detail of Dubose Heyward whose book, Mumbo's Daughters, was a literary gild selection of 1929, and Julia Peterkin, whose book Scarlet Sister Mary, won the Pulitzer prize for 1929.

At the conclusion of the program Mrs. Adams assisted by her mother, Mrs. J. H. Lewis, and sister, Mrs. Herbert ReBarker, served delicious ice cream and angel food cake.

Garden Club Meets.

The Garden club met January 8, at 3 o'clock at the club house. The roll was called by the secretary, and eight members were present.

The meeting was called to order by the president. The first thing to come before the meeting was a motion which was seconded to secure grass seed and have that plot on Fifth street sown.

Next, Mrs. Moore talked a few minutes on roadside beautification. Mrs. Moore also stressed the importance of making money for the club. The following plan was outlined: that each member sell to some other member or any one, plants. So the members have donated shrubs, phlox, dahlias and bulbs of all kinds, true to name, strong and healthy plants, without disease. The proceeds from these plants will go to the Garden club. Those wanting to secure plants or desiring further information, call Mrs. E. B. Allsbrook.

Mrs. Harvey next made a short talk in regards to seeing Mr. Hart about ordering seeds.

There being no further business, the meeting adjourned.

UNIVERSITY COLLEGE WOMEN MEET

A very interesting meeting of the Greenville branch of the American Association of University Women was held Thursday afternoon, January 16, with Mrs. Adelaide Bloxton, in the practice house of East Carolina Teachers College. As the guests arrived they were served tea and wafers. The living room was attractive with red berries and winter foliage.

Mrs. E. L. Hillman called the meeting to order and roll call was answered by items of interest concerning women in the educational world. Much business was attended to. Mrs. Hillman and Mrs. J. E. Winslow were named delegates to the state meeting which will be held in Charlotte in February.

Mrs. J. A. Watson and Miss Eugenia Thomas were welcomed as new members.

Miss Annie Newell had charge of the program, the subject for the afternoon being an interpretation of educational policies of the American Association. She explained these plans and aims, stating that at present particular emphasis is being laid upon the study of the pre-school and elementary school child. Miss Betty White told in detail of the work that has been

done so far in this pre-school child study showing the possibilities of these classes.

Miss Laura Rose gave in a most instructive talk, the outline of the work which she had accomplished and explained many things in connection with this world peace meeting, which gave her hearers a clearer understanding of its difficulties and its aims. The members voted unanimously to sign the memorial which the American Association is sending to the American delegates, asking them to lend their efforts towards the policies that will make for world peace.

The next meet will be with Mrs. J. B. Kittrell on February 20. —Reported.

HERE IS A CHANCE TO LEARN ABOUT POWER FARMING

Special Entertainment To Be Given Free.

The J. E. Winslow Co., Inc. have completed all arrangements for their extensive Power Farming entertainment to be held on January 22 in this city. They have made arrangements with the speakers, secured the motion pictures, and made arrangements for an appetizing lunch to be served at noon.

That part of the program dealing with the care of the tractor will be in charge of the International Harvester Company and will be thoroughly practical in every way. The men in charge have been handling tractors many years and not only know the tractors from the standpoint of theory, but can operate them and give you the benefit of their practical experience. They will be anxious to answer your questions.

Several reels of motion pictures will be shown. These pictures will bring to the people the latest methods of farming in other sections of the country.

Farming today is dependent on volume production—that is, the producing of more per person on the farm. By increasing the volume per person the cost of production is materially decreased. One of the objectives of this entertainment is to bring through pictures and otherwise, experiences of the outstanding farmers of the present day.

Tractors and other present-day equipment will be on display to offer a first class study of the various mechanical features. Several new machines have been introduced in the past few years, some of which are making their appearance for the first time. Come and see for yourself how these machines operate and what their effect will be on crop production.

Do not forget the date—every progressive farmer should be there. Make your plans now, bring the entire family, and spend the whole day. Be prompt.

than any other thing, therefore, the
public will welcome the Agricultural
Credit Corporation recently organ-
ized to aid the farmer during this
crucial period.

"Business has been much better
than I expected it would be after
the holidays," a local business man
told the writer of this column to-
day, in reply to an interrogation
concerning the trend of trade dur-
ing the first month of the year.

"I think the majority of people
expected to see the bottom drop out
of everything after Christmas, but
they have been badly fooled so far.
This opinion resulted from so much
talk about hard times, of predic-
tions of dire distress and poverty,
which actually made an impression
among the general run of people.

"But when the time came for
things to go to the bows-woos every-
body discovered they had to con-
tinue living and then went to work
with a vigor and tenacity that
meant great things for the future.

"This section is far too great in
an agricultural way to permit a bad
crop to cause people to lose their
optimistic slant upon life, and the
sooner everybody forgets depression
and gets down to honest-to-good-
ness labor the better off all of us
will be."

With the state of North Carolina
planning to spend about \$11,000,000
for construction and improvement
of the highway system during the
present year, the common laborer in
the section affected should find a
brief respite from his long period
of idleness.

There is nothing in the world that
has a tendency of producing a hap-
py, contented people than plenty of
work at reasonable wages, and as
long as we have this to look forward
to we have no fear concerning the
future.

It is a pity every section of the
state will not share in some huge
construction program of a similar
kind, but since the majority of
counties already have their good
road systems, the only thing for
the counties not affected in the
state program, is to anticipate some-
thing along other lines of industry.

Hallet Ward, of Washington, a
former U. S. congressman from this
district, will speak in Greenville on
Monday on the subject of reduction
of taxes. As he is probably one of
the best informed men in the sec-
tion upon this "bone of contention,"
it is more than likely a good number
of people will turn out to hear him.

Mr. Ward, like other tax reduction
advocates of this section, thinks the
time has come to relieve the land-
owner of the burden he has carried
since time immemorial and to shift
it to some other channel. The chan-
nel has not been definitely agreed
upon by this school of thought, but
it is generally conceded that luxur-
ies and power companies should
share the burden and make up for
whatever is lifted from the shoulder
of the property owners.

While the various counties of the
state have reduced taxes to a slight
extent during the last several
months, those boosting the cause of
the property owners declare the cut
has not been sufficient to bring
back the desired relief. This brings
back the question of another long
drawn out fight in this connection, one
in which the tax reduction advocates
no doubt will have the sympathy
of the masses.

Poultry raisers of Pitt county are
beginning to realize on their last
crop of chickens, according to in-
formation given out by the depart-
ment of agriculture today.

Sales for this year have already
started and from now on there will
be a steady stream of money rolling
into Pitt county as the farmers dis-
pose of their offerings. The county
last year received several thousands
of dollars for its crop of chickens,
and it is expected the amount will
be increased this year by reason of
the increase in the raising of poultry
in the various communities.

Anything that brings in revenue
should be sought by Pitt county
farmers in an effort to avoid un-
usual periods of depression and as
poultry raising is one of the best
means, it is certain it should be con-
ducted along more extensive lines
in the future.

New York Banks
Try to Recover
Waggoner Fund

Denver, Jan. 18.—(AP)—Six New
York banks have taken the first
step in an attempt to recover ap-
proximately \$500,000 which C. D.
Waggoner, former president of the
bank of Telluride, Col., took from
them through a complicated finan-
cial manipulation last August.

The banks late yesterday filed a
claim here for the entire amount,
with the state bank examiner. De-
puty Commissioner Axel B. Olson, in
the absence of Grant McPerson,
state bank commissioner, declined
to comment.

McPerson previously has taken
the stand that although the money
was obtained illegally by Waggoner,
it was legally received by the bank
at Telluride and in the interest of
the depositors the commission will
retain possession of it pending a
court decision. The bank of Telluride,
with all its assets, is now in the
hands of the state bank commis-
sioner.

Americans Startle London
London—The furcoats, silk stock-
ings, cosmetics and snappy remarks
of stenographers who have come
with the American delegation to the
naval parley are startling London.
A girl reporter writes in the
Evening Standard that English
girls are less smart and well groom-
ed but they still have their com-
plexions; every American typist she
saw was made up as though for the
stage. Another journalist asked
one of the girls if she hoped to find
a husband in England. "I hear the
Prince of Wales is out of town," she
replied.

Coast Guardsmen
Held for Bribery

Buffalo, N. Y., Jan. 18.—(AP)—
Accused of accepting a bribe from
a rum runner for the release of a
seized speed boat, three Coast
Guardsmen were under arrest in
the Erie county jail today while a
countrywide search was underway
for a fourth man.

Coast Guard authorities said the
four guardsmen after seizing a speed
boat in Toledo Harbor accepted a
\$2,500 bribe from a Toledo bootleg-
ger named Courtney for the release
of the craft.

The boat later was again captured
and Courtney then made his
charges.

Mother On Stand
in Murder Trial

Camden, N. J., Jan. 18.—(AP)—
The defense in the trial of Gladys
May Parks rested its case when
court opened today. The only wit-
nesses for the defense was Miss Parks
who was on the stand yesterday
and denied she was responsible for
the death of two children for which
she is charged with murder in the
first degree.

Samuel P. Orlando, chief defense
counsel, announced he would call
only one more witness and that the
case probably would go to the jury
this afternoon. He did not indicate
who the witness would be.

Statements by Miss Parks to
prosecute Clifford Baldwin shortly
after she surrendered last Novem-
ber accusing Judge Joseph A. Corio,
of Atlantic City, of slaying Timoth-
y, and implicating her brother-in-
law, Earl Farr, as an accessory
after the fact, were repudiated by
the 35-year-old defendant on the
witness stand yesterday.

Miss Parks testified that she had
made the statements because au-
thorities refused to believe her when
she "told the truth," and so "they
would let me alone to get some
rest." Judge Corio and Farr took
the stand to provide a complete
alibi.

Two Families Evicted
At Marion Mill Town

Marion, Jan. 18.—(AP)— Marion
yesterday wrote end to another
chapter in her lengthy story of
labor dissension and turmoil.

Two families of strikers at the
Cinchfield mill, were quietly evicted
yesterday afternoon by sheriff's
deputies from homes, the property
of the mill. The families of Miss
Daisy King and J. J. Brooks were
moved out by Constable B. L. Rob-
bins, recently acquitted at Burn-
sville of blame in connection with
the shooting of the strikers, and
two other officers, acting on evic-
tion papers obtained some months
ago.

Families at the Marion Manufac-
turing Company's houses, who still
refused to move, will be ejected im-
mediately, the officers said.

Gastonia Woman
Burned to Death

Gastonia, Jan. 18.—(AP)—Mrs.
Louise Revels, 54, was burned to
death at her South Gastonia home
yesterday afternoon when her cloth-
ing caught fire as she sat out on
a blaze in her three-year-old grand-
son's clothing.

The child was playing near a
small heater when his clothing
caught fire. His grandmother quick-
ly smothered the flames which
blazed around him, but at the same
time her own clothing became
ignited.

Neighbors who, hearing the boy
scream, went to the home found
Mrs. Revels unconscious. Her
grandchild was uninjured. She
died five hours later without regain-
ing consciousness.

A PROMISE FULFILLED A PLEDGE RENEWED

that this car shall not be wanting in a single essential factor that contributes to performance, comfort, beauty, or long life . . . that in the design, material, and manufacture of every detail, the strictest standards shall be rigidly maintained . . . that their boundless resources and matchless facilities shall be utilized to the utmost to provide these qualities at the lowest possible cost . . ."

More than three years ago, Olds Motor Works published this declaration of purpose, and publicly pledged itself to this policy of progress.

And the promise has been fulfilled.

The Oldsmobile Six reflects this purpose in the many improvements and refinements which have been made from time to time.

Meanwhile, the Viking Eight was introduced,

applying the same principles to a 90-degree V-type eight in the great medium-price field.

Olds Motor Works recognizes four responsibilities in its policy pledged to progress . . . first, to engineer progressively . . . second, to manufacture faithfully . . . third, to sell honestly . . . and fourth, to support its dealers and join with them in the most equitable service policy in existence. Olds Motor Works' interest in every sale goes far beyond the time of purchase.

And now, at the beginning of this new year, Olds Motor Works renews its pledge and reaffirms its responsibilities in order that in 1930, as in years past, it shall retain the sincere friendship of every owner . . . and that every motorist may consider the purchase of either Oldsmobile or Viking with absolute confidence.

DEEP-ROOTED in the mind of every man who plans or builds or tests is the unwavering determination that his knowledge and skill and resources shall render constant service . . .

... that the American family may have, at a moderate investment, a car that gratifies their finer tastes as well as satisfies their every need . . .

COTTON MARKET

New York, Jan. 18.—(AP)—Cotton opened steady as a decline of 6 to 10 points under moderate liquidation and commission house selling in response to lower Liverpool cables than expected and on a bearish view of extremely cold weather in the central and western cotton belt states which some seemed to think might kill some of the boll weevil in hibernation. Offers, however, were not large and after selling down to 17.29 for March, the market rallied a few points on trade buying the covering.

The volume of business was small and there was a disposition to await developments. Liverpool cables said that the market there was influenced by calling and local and Bombay selling with a poor off-take. A fairer cloth inquiry was reported abroad and some improvement in the turnover of yarns.

Liverpool spot sales were reported at 2,000 bales including 1,000 American.

Cotton of shipboard awaiting clearance was reported at 149,466 bales against 173,677 last year and 119,891 two years ago.

GRAIN MARKET

Chicago, Jan. 18.—(AP)—Despite evident paucity of export demand for wheat from North America, wheat values in Chicago went upward today with a good deal of force, the chief incentive was action by the National Grain Corporation in raising bids here 2 cents a bushel for country run wheat. On the other hand Argentine wheat prices today closed 1-5-8c a bushel lower, indicating that sharper competition from below the equator is forthcoming in supplying the wheat import needs of Europe.

Wheat in Chicago closed unsettled 1-2 to 7-8 to 1c a bushel higher than yesterday's finish; corn closed 1-4 to 1-2 up; oats 1-8 to 1-4 advance, and provisions showing 5c to 12c gain.

STOCK MARKET

By STANLEY W. PRENOSIL
New York, Jan. 18.—(AP)—The reaction in Stock prices, which started yesterday, continued today. Scores of leading issues were marked down 1 to 5 points before recovery. In contrast to sessions earlier in the year, trading showed a tendency to turn dull on the rallies and to increase on the declines.

Application for a receiver for the Fox Film corporation, brought by a minority stockholders committee, was followed by an outburst of selling in the stock, which carried it down 4-3-4 points to 18, but it quickly rallied above 20. The stock sold as low as 11-1-8 this year.

Further weakness also developed in the radio shares, Grigsby-Grumow falling 3-1-4 points to a new low at 121-2, which contrasted with a high of 70 established by the present stock after the splitup last year. Radio Corporation common sold down to 36-1-2 but rebounded above 37.

U. S. Steel common sold down more than a point but rallied moderately on the announcement of a further upturn in steel operations in the Youngstown district.

A brisk demand for the tobacco issues featured the late trading. American Tobacco quickly recovered its early loss of 3-1-2 points and the B stock converted a decline of 10 into a gain of 4 points. Lorillard moved up 2-3-8 and the Liggett and Myers issues and Reynolds Tobacco B advanced a point or so.

The closing was steady. Total sales approximated 1,300,000 shares.

Mrs. Cunningham Dies at Deep Run

Mrs. Peanie Cunningham, 90, died this morning at 7:30 o'clock at her home in the Deep Run community, Lenoir county. She had been in ill health over a period of two weeks and a death was not unexpected.

Funeral services will be conducted from her late home tomorrow afternoon and interment will be made in the family burying ground in the Deep Run section.

Mrs. Cunningham was a native of Lenoir county and had spent virtually her entire life in the Deep Run territory. She is survived by three children, several grand and great-grandchildren. She was the grandmother of W. E. Smith, linotype operator on the Daily Reflector.

Mrs. Cunningham was one of the most prominent women of her community, being the widow of the late Elder Henry Cunningham, one of the best known ministers of the Free Will Baptist church.

MEDICAL BODY PAYS TRIBUTE TO THE DEAD

Pitt County Society Holds Memorial Service for Three Dead Members

Memorial services in honor of three members who have died since the first of the year were held by members of the Pitt County Medical Society in regular monthly meeting at the Woman's Club in this city last Thursday night. Splendid tribute was paid to Dr. W. W. Dawson, of Grifton, Dr. C. J. Elen, and Dr. Zeno Brown, of Greenville, all of whom died since the beginning of the new year.

Resolutions were drafted expressing the deep sorrow of the society in losing the services of the three members, and sympathy was extended to the families of each. Practically every member of the society joined in short speeches of tribute. Dr. E. B. Beasley, of Fountain, newly-elected president of the society, presided for the first time last night and Drs. K. B. Pace and E. B.

Beasley were hosts at a delightful turkey supper. There was only one paper read during the evening, that being by Dr. W. I. Wooten, whose subject was "Report of 463 Obstetrical Cases." He presented numbers of facts which proved more than general interest to the membership. A case report was made by Dr. M. T. Frizelle, of Ayden.

Seven Ounce Egg

Lincolnton, N. C., Jan. 18.—(AP)—A hen egg measuring eight inches around the center and nine inches around the ends was displayed this week by C. W. Smith, Lincoln county resident. The egg, which was laid by a hen or Mr. Smith's place, weighed seven ounces, Mr. Smith said it contained three yolks.

STREAMS STILL RISING IN MISSISSIPPI VALLEY

Memphis, Tenn., Jan. 18.—(AP)—Despite a seige of bitter cold which checked further rainfall, interior streams of the lower Mississippi Valley continued to pound at their levees today and threatened to overflow new areas of farm lands. Minor levees on the St. Francis river in Arkansas and Missouri and on the White in Arkansas were being topped as the streams went far over flood stage.

Government engineers have predicted that the important dike near Kennett, Mo., and the Jackson levee near DeValls Bluff, Ar. would break. The heaviest snow of the year

started falling in this area at noon yesterday. A high wind that whipped the snow into drifts, churned the high rivers and added hardships to the levee crews that worked on the strained dikes all night. The temperature was below 14 in the Memphis area early today and snow was falling, interfering with traffic and doing some damage.

Acting College Head Dead.

Baltimore, Jan. 18.—(AP)—Dr. Hans Froelicher, 63, one of the original faculty of Goucher College and acting head of that institution, died last night when he was suddenly stricken with an attack of a heart ailment from which he had suffered for many years.

Dr. Froelicher, Homer T. Saint Gaudens, son of the noted sculptor, and Mrs. Froelicher, had directed privately prior to a lecture on art which Saint Gaudens was to deliver at the college, and had started for the school when the fatal attack ended more than two score years' service with Goucher.

MAYOR AND POLICE HEAD CONVICTED OF CONSPIRACY TO VIOLATE DRY LAW

Hammond, Ind., Jan. 18.—(AP)—Mayor Raleigh P. Hale, chief of police, James W. Regan, and 13 others of East Chicago, including one woman, were convicted in Federal District court last night on charges of conspiracy to violate the prohibition laws.

The convictions represented another chapter in the government's extensive campaign to clean out

what it charged were widespread and wholesale violations of liquor laws in the Columet district which includes the Indiana cities of Gary, East Chicago, Hammond, Whiting and Crown Point. Gambling and vice under the protection of officials resulted from the liquor law violations, the government charged.

MANY VIOLENT DEATHS IN STATE IN DECEMBER

Raleigh, Jan. 18.—(AP)—There were 179 violent deaths in North Carolina in December, the bureau of vital statistics of the state board of health reported today.

For the first time in many months "acroplane fatalities" figured in the report.

The bureau reported 62 automobile fatalities.

There also were 21 suicides, an unusually large number, and 13 homicides.

Thirty-nine were killed by accidental burns or in fires.

There were 29 killed by accidental gunshot wounds and two by gunshot wounds of doubtful nature.

Five were claimed by accidental drowning.

The report showed no train accident or auto-train accident deaths.

Storm Warning.

Washington, Jan. 18.—(AP)—The weather bureau today issued the following storm warning: Advisory, northeast storm warnings south of Block Island to Cape Hatteras. Disturbance central near Cape Hatteras will move northeastward with rapidly increasing intensity attended by gales diminishing late tonight.

Old Stoves!

NOW you can get rid of that wasteful, vexing old stove, around which your family has huddled in discomfort so long. We are ready to take it out—make you a liberal allowance for it—and install a brand-new, 1930-model Heatrola in its place. With the coldest part of the winter still to come—the danger period, when flu and other illnesses abound—healthful, whole-house heat is of the utmost importance. That's the kind of heat you get with the Heatrola, and now is the time to begin enjoying it. Join the "Enjoy-It-Now" Club before February 1st, pay only a small amount down, then NO MORE UNTIL FALL. Come in, let us show you the several models of the genuine Heatrola, or telephone and invite us to call.

LOOK INSIDE . . .

to be sure you get the genuine. Only the Heatrola has the wonderful Intensi-Fire Air Duct that utilizes heat which in the ordinary heater goes to waste—up the chimney.

Here is our generous offer

1. You pay a membership fee of only \$15.00, which is the first payment on your Heatrola; then only \$1.00 per week until Fall.
2. We allow you \$10.00 for your old stove (\$5.00 if you select a Junior Heatrola). This is also credited on the purchase price.
3. We deliver and install your new Heatrola immediately.
4. Next Fall, with a substantial amount to your credit, you begin regular payments on a convenient monthly basis.
