ANOTHER COLD BLAST WHIPS ACROSS DIXIE

Mercury Flirts With New Low Marks in Southwest and Middlewest Today

Atlanta, Jan. 22.—(AP)—A new cold wave whipped the western half of Dixie today, chilling Arkansas with near zero temperatures and pulling the mercury below the freezing point in Tennessee, Mississippi and Northern Louisiana.

Snow accompanied the biting wind in Arkansas, lying a one to three-inch fall over most of the state. Snow also was falling in Nashville, Tenn., and Louisiana and Mississippi experienced rain and sleet.

Fayetteville and Bentonville in the extreme northwest part of Arkansas felt two degrees above zero last midnight, a drop of six degrees in as many hours.

Just out of the grip of a week-end storm that took twelve lives in the affected area made extensive preparations to meet winter's latest onslaught. In Shreveport, La., emergency squads were being held in readiness in the event of a repetition of the water pipe damage of the past few days, estimated at \$100,000 by city authorities.

The picking of between 15,000 and 25,000 bales of cotton has been delayed in Mississippi by the weather. The dried bluffs spread slowly toward the Atlantic. Temperatures were normal in Alabama and Georgia, but forecasts said the bitter cold would sweep eastward through those states to the Carolinas and Virginia.

Kansas City, Jan. 22.—(AP)—The mercury flirted with new figures on thermometers of the southwest today, abandoning its near-zero favorites to go gadding further down the scale. Only in the Rocky Mountains was there a hint of hope for a return of the prodigal to its normal level above the red dividing line.

Trains were stalled, motorists snowbound, cities felt the pinch of falling fuel supplies and delicate winter fruits of the balmy Rio Grande Valley felt the bite of frost as the fickle quicksilver dropped and dropped.

Zero was threatening over the Texas Panhandle as the seventeenth day of abnormally low temperatures dawned, and the frigid blanket extended south to the Gulf. No estimate could be made of damage to southern truck farms but gardeners were extremely apprehensive.

In Oklahoma City it was zero this morning and reports were received of an entire state hampered in its task of digging out from under a thick blanket of snow by similar temperatures and a strong wind. Several trains snowbound all day yesterday were expected to be running this morning.

Gov. W. J. Holloway reached Tuttle after spending several hours on a train imbedded in a drift near Mustang. Al Johnson, on a special car at Enid, hoped to reach Tulsa today after a similar experience.

Chicago, Jan. 22.—(AP)—Zero dragged more of its kind of weather from the refrigerator today and served to the Middle West ice cold. "No a whiff of warm weather in sight," said the government weather bureau here, glancing over a temperature chart showing readings almost entirely in the sub-zero.

Chicago, not yet thawed from its experience with 16 below weather week, was promised temperatures around 10 below, with a daytime maximum of 10 to 15 above. The reading at Milwaukee last night was minus 10, while in Nebraska—at North Platte—the low reading was minus 22. In the Dakotas and Minnesota it was cold, but temperatures were generally much less severe than during the cold snap of last week.

There were no indications of snow accompanying the cold wave. The weather bureau said zero temperatures were not unlikely for the remainder of the week.

The cold claimed two lives in Chicago. A woman was found frozen to death, her body wrapped in a blanket being found beside a fireless stove. The body of a man, who apparently had been walking in his sleep, was found in a driveway.

Annul Marriage of Actress and School Teacher

Los Angeles, Jan. 22.—(AP)—The marriage of Lorena Sowers, youthful film actress, to Fred Blosser, school teacher, was annulled today after petition by the wife.

The actress said she married Blosser while they were attending Stanford University last summer, but that he had refused to live with her.

"He seemed to prefer books to blondes," she told the judge.

Isolated by River of Ice

Longview, Wash., Jan. 22.—(AP) Completely isolated from the outside world since Saturday, Cathlamet, a small town on the north bank of the Columbia river in Whakiam county, Washington, faces shortage of supplies unless steamers are able to break through the river ice.

The river steamer Waso made a special trip to Cathlamet Saturday but since then no boats have been able to negotiate the ice packed river.

CREDIT EXPERT WILL ADDRESS BUSINESS MEN

Frank T. Caldwell to Speak at Meeting of Merchants Association Tonight

Frank T. Caldwell, field secretary of the National Retail Credit Association, will address members of the Greenville Merchants Association at the Yum Yum Barbecue Palace tonight at 7 o'clock.

The occasion will be a special meeting of the association for discussion of the credit situation, and numbers of state officers are expected to be present to take part in the discussion. The usual supper will be enjoyed.

Mr. Caldwell, the principal speaker of the evening, is recognized as one of the outstanding authorities on the credit situation in the country, and his coming to Greenville at this time is anticipated with more than passing interest by members of the organization.

As Greenville is the only town in Eastern North Carolina to be visited by Mr. Caldwell, invitation has been extended to the business men here and it has not been announced that he will be in the city.

Mr. Caldwell will cover the credit situation thoroughly and bring out many timely facts in this connection. All members of the association were urged to be present and hear what the speaker says regarding credit activities of the leading business organizations of the country.

Nine Small Children And Bus Driver Killed When Train Hits School Truck

Cleveland, Jan. 22.—(AP)—Crash of a school bus and speeding New York Central Railroad train cost the lives of nine small school children and the bus driver this morning at the Sheldon road crossing near Berea, Ohio, 15 miles from Cleveland. At least three other children were injured, and two of them may die.

The identified dead: Don Taylor, driver; William Davidson, 10; Rita J. Linski, 9; Vernon Davidson, 7; Evelyn Kallenback, 7; Jacob Walters, 12; Juanita Walters, his sister, 9; one unidentified.

The identified injured: Ethel Davidson, 10. She has a chance to live.

The train, bound for Chicago, hit the bus squarely in the middle, nearly demolishing it, and scattering bodies and wreckage several hundred feet down the track. As quickly as the train could be stopped, the crew and others aboard jumped off and rendered to the children all possible aid.

"Trucks and automobile were commandeered and took the injured to Berea hospital and the dead to two morgues.

Cause of the tragedy was not determined. The crossing was considered dangerous because there were four tracks, but the weather was bright and visibility was good.

The scene of the accident was in a sparsely settled section, however, with a long, straight, level right-of-way, gives the trains a chance to make high speed.

Twenty three children were said to have been in the bus, and it was possible that there were more dead and injured than were accounted for shortly after the crash.

Eight students at Bear high school had left the bus at their school just a few minutes before the vehicle was struck.

All of the children who were killed had been students in from the first to the sixth grades at the Brookpark school in a Cleveland suburb.

SAYS CHICAGO FINANCES ARE IN BAD SHAPE

Chairman of Citizens' Committee Describes Situation As Critically Desperate

Chicago, Jan. 22.—(AP)—The financial crisis of the city, county and school board was described today by Silas H. Strawn, chairman of the citizens' committee as "critically desperate."

The local governments, he said, following a three-day search by his committee for "a way out," are "flat broke," with no prospect of any aid from the banks. Efforts to induce substantial property owners to buy tax anticipation warrants which they could use as payment of their 1928 tax bills, also have been unsuccessful.

"Complete collapse of the local governments" is only "a matter of days" unless some means of producing cash is found, Strawn warned. Even a special session of the legislature, he said, could not get under way quickly enough to forestall the crisis.

In the county no payrolls have been met for a month. Another payroll, due tomorrow, will not be met, officials said. In the city, the last payday of policemen and firemen found the treasury unable to issue checks. Since January 1 no city payroll has been paid, nor bills paid. The school board is behind on its payroll and has announced it will be unable to meet the next payroll, due Friday, when 13,000 had hoped to get salaries totaling \$1,750,000.

The county comptroller has informed the Strawn committee that by March 1 the county will owe \$2,250,000 in salaries and \$3,215,000 in other liabilities.

Dispose of \$2,000,000 Will Chicago, Jan. 22.—(AP)—An estate of approximately \$2,000,000 is disposed of under the will of the late J. Harry Selz, prominent shoe manufacturer, which has been filed for probate.

The widow and two sons are the principal beneficiaries.

All participants declined to discuss or detail subjects discussed at a widely commented dinner party last night attended by the heads of the American, British, and French delegations. Ramsay MacDonald, Arthur Henderson, Colonel Henry L. Stimson, Dwight Morrow, Andre Tardieu, and Aristide Briand were present.

The annual meeting of the Greenville Tobacco Board of Trade will be held at the Rotary club tomorrow evening at 6 o'clock, it was announced today. The meeting will be featured by election of officers for the ensuing year and discussion of several matters affecting the bright leaf industry of this community. J. S. Ficklen, president of the Ficklen Tobacco company, will preside.

The annual meeting is always a source of much interest to members of the organization and it was expected today that attendance would be near one hundred percent. Facts in connection with the present season will be discussed and plans outlined for success of the market in the future.

The market will close for the season with conclusion of sales here Friday. Sales since the Christmas holidays have been very light, but it is believed that they have compared favorably with any other market of the belt. Farmers were urged sometime ago to rush the remainder of their crop to market and it is believed that very little tobacco remains to be sold at this time.

Monroe Man Hit By Automobile

Monroe, N. C., Jan. 22.—(AP)—Release of L. H. Moore, 45, Monroe man, from the Ellen Fitzgerald Hospital where he was carried after being struck by an automobile last night, was expected today.

Moore was hit by an automobile driven by C. E. Faulkner of Raeford, student at Wingeat Junior College during excitement attendant to a fire here. His injuries were at first believed to be fatal. Though suffering with concussion of the brain and bruises, he was recovering rapidly today.

No charges were preferred against Faulkner.

Statesville Minister Buried

Statesville, N. C., Jan. 22.—(AP)—Funeral services for the Rev. T. P. Frazier, who died here yesterday, were held this morning and the body taken to Greensboro for interment.

Five Power Conference Turns To Some Of Most Troublesome Problems

By BYRON PRICE Associated Press Staff Writer

London, Jan. 22.—The five-power naval conference turned boldly and directly today to some of the most troublesome problems on its path-way to success.

The day's recess between yesterday's convening session and tomorrow's resumption "in committee" was formality only. Far from making time the delegations determined to profit by amity and harmony apparent at the opening session in solving their political and technical problems.

France, inevitably, was the center of the picture. It was from Paris, one of the most trouble laden nations of the pre-conference negotiations of the heads of the Italian and French views on naval parity. It was Paris which was most concerned over the Italian demand for Franco-Italian parity. Today it was Andre Tardieu, French premier, who stood most conspicuously in the thick of the first earnest effort to steer the conference away from danger.

Thus far at least the discussions have appeared to be largely advisory, without any attempt to reach conclusions. The French delegation continued to assure their colleagues of willingness to make every reasonable concession to maintain harmony. They asserted that certain primary French expectations would be met and France accorded a proper place among the naval powers. If any agreement reached is to be acceptable and lasting.

There was every indication that this viewpoint was listened to with due understanding by the other delegations at conferences which were held last night and continued today. There was no evidence that an effort was being made at this stage even to dispute the French claims.

The other delegations, however, notably, the British and American, were anxious that the French aspirations be completely and candidly developed at the very outset so they could be studied in the light of full understanding.

All participants declined to discuss or detail subjects discussed at a widely commented dinner party last night attended by the heads of the American, British, and French delegations. Ramsay MacDonald, Arthur Henderson, Colonel Henry L. Stimson, Dwight Morrow, Andre Tardieu, and Aristide Briand were present.

SAYS DRY UNIT SHOULD GO TO DEPT. OF JUSTICE

Secretary Mellon Declares Transfer of Unit to Treasury Department "Illogical"

Washington, Jan. 22.—(AP)—Secretary Mellon today termed the location of the prohibition enforcement unit in the treasury as an "illogical choice" and recommended, before the House expenditures committee, that it be transferred to the Department of Justice.

The cabinet officer was the principal witness before the committee as it began hearings on the Williamson bill to make effective President Hoover's recommendation that the responsibility of enforcing the prohibition law be placed with the justice department.

After summarizing the measure, Secretary Mellon said it "meets with the approval of the treasury department. I recommend the enactment of the proposed legislation."

Mr. Mellon said the responsibility of prohibition enforcement presumably was placed with the treasury department because before the enactment of the Eighteenth Amendment, the commissioner of internal revenue was charged with the duty of collecting excise taxes levied on alcoholic liquors sold for beverage purposes and administering the provisions of the denatured alcoholic act of 1906.

"It was an illogical choice," he asserted. "There is no connection between the assessment and collection of taxes on beverages which is legal to sell and enforcement of laws intended to prohibit their manufacture, transportation and sale."

"When Congress created the bureau of prohibition," he continued, "it formally recognized that there is no such relationship. If this prohibition is unrelated to the duties of the treasury department and in the purpose for which that department was created."

"It is the duty of the department of justice, acting through United States Federal and district attorneys, to prosecute violators of this and other federal statutes. It seems to me that better results may be obtained if those who are to try the cases are in a position to control and direct investigations of violations of the law and the gathering of evidence necessary for their prosecution."

Chauffeur Slain In Liquor Feud

Cleveland, Jan. 22.—(AP)—Chas. S. O'Neil, 31, a chauffeur, was killed last night when five shots from a shotgun roared through the window of his home while he sat reading. Police blamed a bootlegger's feud.

O'Neil, his wife said, returned home shortly before midnight with a man known to police as George Asher. Mrs. O'Neil said Asher went into the kitchen to mix a cocktail while her husband sat down to read.

She said she heard the shots and rushed into the front room to find O'Neil's body, necked under the table. Asher had gone and \$160 was missing from the dead man's pockets. Three shotgun shells were found outside the window.

Final Extension

Columbia, S. C., Jan. 22.—(AP)—Pat Calhoun, of Beaufort, has until August 1, and no longer, to demonstrate that he can produce power from the tide.

Mr. Calhoun, reported to have expended \$100,000 on the hydro-electric enterprise titled the Low Head Water Power Company, was granted a further extension, the commission said, is final.

Eldridge Parker Buried

Mt. Gilead, N. C., Jan. 22.—(AP)—Funeral services were conducted here this afternoon for Eldridge Parker, 81, former resident of Montgomery county, who died Monday evening after a stroke.

Greensboro, N. C.—(AP)—Mrs. T. W. Bickett, of Raleigh, president of the North Carolina Railway Company, is one of the few women of the United States at the head of a railroad. She presided here yesterday at a meeting of officers and directors.

Charlotte, N. C.—(AP)—Six Carolinians have been designated to begin training March 1 at the U. S. Air Corps flying schools at San Antonio, Tex., and Riverside, Cal. They are Richard S. Hicklin, Charlotte; Harry B. Warner, Hickory; Mersette W. Meekins, Washington; Robert B. Hawkins, Wilson; James M. McLeod, Florence, and L. Roesler Sandel, Orangeburn.

The suicide theory was adhered to at the time her charred body was found, but the woman's relatives became suspicious and the death was officially investigated.

Chicago Police Quick on Trigger

Chicago, Jan. 22.—(AP)—The police department last night sealed the heights of service, and Mrs. Mary Tiller was delighted.

One of four men grabbed her purse and fled with his companions in an automobile. Mrs. Tiller occupied a streetcar and went directly to a police station. "My purse," she began, "was—"

"Yes, yes, of course," said the sergeant. "Here it is. And here are the men who took it."

A police squad had arrested the men on suspicion, found the purse and a pistol, and had taken them to the station to await the arrival of the victim.

Several Hundred Persons Marooned in Big Lake Section on Mississippi

Memphis, Tenn., Jan. 22.—(AP)—Freezing weather enveloped the lower Mississippi Valley today disrupting rescue operations for about 250 families marooned in their homes in the Big Lake, Arkansas region and approximately as many more water bound in highland camps.

Albert Evans, director of the Red Cross corps, said the rescue crews would try to give every family a chance to leave their homes. If they refused, as some have refused, the responsibility would be theirs, he added. It appeared unlikely that the flood waters would freeze sufficiently to allow the trapped families to walk on ice to safety, but even a crating of ice would make relief work extremely difficult.

More snow and sleet fell over the southeastern Missouri and western Arkansas last night, and considerable suffering was reported among the marooned families. They had food but fuel was running low and it was bitter cold.

Even had made no complete check of the refugees but unofficial reports said about 1,600 families had been affected in the two states by breaks on the St. Francis river and Big Lake.

Many of these were living on their own resources, others were with friends while still others were being kept in box cars and tents and under care of the Red Cross.

The St. Francis and White river were falling in their upper reaches but continued their rises in their lower basins. The danger points had shifted to the Ciardendon area on the White and south of Marked Tree on the St. Francis. The White was above flood stage at Ciardendon and had overflowed into protected lands and forced two saw mills to suspend operations. Charity agencies in Monroe county were besieged with request for aid.

The same situation exist north through Polkett, Craighead, Prairie and Mississippi counties and into Dunkin county Missouri.

Find Automobile of Missing Man At Greensboro

Elkin, N. C.—(AP)—A new clue was being used today in the search for Clement F. Smith, Elkin citizen, through Polkett, Craighead, Prairie and Mississippi counties and into Dunkin county Missouri.

Mr. Smith disappeared January 5, 1929 and has not been heard of since. His automobile was placed in the Greensboro garage about that time. Its ownership was established by the state motor vehicle department.

Relatives fear Mr. Smith is a victim of amnesia or perhaps has met with foul play.

World War Veteran to Go On Trial for Murder of His Wife

Troy, N. C., Jan. 22.—(AP)—The case of Evander Ward, 35, shocked World War veteran, charged with the murder of his wife, Annie, 30, last December 4, at their home near Star, will likely be called for trial during this afternoon's session of Montgomery Superior court. Solicitor Zeb Long said this morning.

The case involves one of the most unusual tragedies in the history of this section. A true bill charging murder was returned against Ward Tuesday by the grand jury after the examination of seven witnesses.

Mrs. Ward's body, which was buried December 5, was exhumed from Dover Church cemetery near Star.

A coroner's jury on examining the body discovered evidence of foul play and Ward was arrested. Evidence before the coroner's jury indicated the woman had been choked to death and her body later draped with oil-soaked quilts and a feather mattress and set afire.

FORMER LOCAL MANDISCOVERS CANCER SERUM

Dr. John Humber, of San Francisco, and Colleague, Make Important Discovery

Dr. John D. Humber, native of Greenville, but now a resident of San Francisco, has won recognition in the world of medicine by collaborating in the discovery of a "cancer killing serum," according to information received in this city today.

The serum is described as the most notable advance in cancer research and has been hailed with interest by the medical profession in all parts of the country.

Dr. Humber, son of Mr. and Mrs. R. L. Humber of this city, is a surgeon of the Southern Pacific Hospital at San Francisco, California, and it was during his research work in the California city that the discovery of the serum was made.

Assisting Dr. Humber in the discovery was Dr. Walter Bernard Coffey, chief surgeon of the Southern Pacific Hospital, and one of the outstanding members of his profession in the country.

It was specified by the originators that the serum was not to be regarded as a cancer cure, but they asserted that it was able to kill cancerous tissues. Dr. Coffey declared that it produced striking results in one particular case during research investigations.

Dr. Karl Meyer, director of the Hooper Foundation of the University of California, described the discovery as the "most notable advance in the field of cancer research" and as being of the utmost possible importance to the medical profession.

Dr. John Galwey, prominent surgeon of San Francisco, said the serum had "proved itself potent in killing of malignant tissues" but that at this stage it would be inadvisable to halt it as a cancer cure.

The serum is derived from the outer layer of the adrenal glands of sheep and was declared by its discoverers to have the power, when injected into the human body, of "destroying tissues of the malignant areas."

Scientist who asserted in investigation of the experiments reported that further research would be necessary to discover in what types of cancer and in what stages the serum is most effective.

Dr. Humber is well known in Greenville. He spent his boyhood here and has visited his parents several times since completing college and entering the field of surgery. He has been connected with the San Francisco Hospital for several years.

NEWS BRIEFS FROM THE TWO CAROLINAS

SUPPLY BILL REPORTED TO HOUSE TODAY

Bill Calls for Increased Provisions of State, Justice, Commerce and Labor

Washington, Jan. 22.—(AP)—Increased provisions were made for the growing functions of four important government departments—state, justice, commerce and labor—in the annual supply bill for the fiscal year 1931, totaling \$113,799,287 reported today to the House by its appropriations committee.

Greater outlays were allowed for penal institutions and law enforcement under the justice department; for regulating immigration under the labor department; for aviation facilities of the commerce department, and for improvement of the foreign service of the state department.

Although the total of the bill shows an increase of only \$1,650,164 over the appropriations for the current year, the extraordinary outlay of \$8,497,000 for the taking of the census by the commerce department, as compared to the \$19,000,000 appropriated for the same purpose for the current year, reflects a reduction in the grand total for the departments of \$10,000,000 which is more apparent than real.

The committee estimated that the actual increase for the commerce department was more than \$5,000,000. However, the bill was \$172,657 less than the budget estimates and the permanent and indefinite appropriations amounted to but \$283,233.

The state department was allowed \$18,799,268, an increase of \$2,125,556; justice, \$31,710,362, an increase of \$3,772,992; commerce, \$53,085,985; a decrease of \$5,703,634, considering the difference in the usual outlay for the fifteenth decennial census, and labor, \$12,220,670, an increase of \$1,455,240.

The sum of \$2,364,273, an increase of \$671,438, was allowed the state department proper, most of it being absorbed by employees of the secretary. The foreign service was allotted \$14,414,996, an increase of \$1,454,118. The major items include \$3,298,500 for foreign service officers' salaries, an increase of \$297,500; contingent expenses at foreign missions \$1,536,325, an increase of \$47,225; contingent expenses at consulates, \$1,737,140, an increase of \$674,140; and clerk hire at consulates \$1,853,266, an increase of \$208,266.

The justice department proper was given \$5,215,627, an increase of \$130,637. Of this increase, \$472,899 was added to the \$2,781,419 appropriation for detection and prosecution of crime. The office of the superintendent of prisons recently created was allotted \$153,388, and enforcement of anti-trust laws was allowed \$203,690.

Mount Mitchell Loses Altitude

Asheville, Jan. 22.—(AP)—Is Mount Mitchell, the highest peak in the Great Smoky Mountains, losing altitude?

The United States Geological survey has revealed that recent measurements show a "loss of altitude" of the Western North Carolina peak.

The new official figure for Mt. Mitchell is 6,622 feet, whereas for many years the altitude of this peak has been recorded as 6,711 feet. Mountain peaks in this section were measured last summer to settle the age-old controversy over the relative altitudes of Mt. Mitchell and the high peaks in the Great Smoky Mountains.

The exact measurements of the principal mountain peaks involved in the ancient argument, obtained by the precise and tedious process of running levels, follow: Mount Mitchell, 6,622; Clingman's Dome, 6,043; Mount Guyot, 6,020; Mount Leonate, 6,065.

The announcement of the Geological survey followed the running of levels to the four mountain peaks and a long process of carefully checking the figures. Although the altitude of Mt. Mitchell had previously been officially reported, the geological survey ran levels for its measurement again to definitely settle the controversy.

Rough Weather Holds No Terror for W. H. Taft

Asheville, Jan. 23.—(AP)—Chief Justice William H. Taft, in Asheville to regain his health, refuse to be dismayed by inclement weather. A misty morning Wednesday did not deter the chief justice from his automobile ride.

Attendants at Grove Park Inn where Chief Justice and Mrs. Taft are quartered said the ex-president had an excellent night's sleep last night and appeared much refreshed this morning. He laughed and chatted with those in his party and appeared to be thoroughly enjoying himself. The chief justice to all outward intents has gained much strength since coming here.

Mrs. Henderson Dead
Greenwood, S. C., Jan. 22.—(AP)—Mrs. Alice Sims Henderson is dead here at the age of 98.

S. C. Bank Loses Heavily Through Check Manipulation

Gaffney, S. C., Jan. 22.—(AP)—The First National Bank of Gaffney, whose president, Maynard Smyth, was found shot to death January 14, has lost \$132,266.04 "due to manipulation of checks and drafts," a statement issued today by the directors said.

The director's statement followed a thorough investigation by National bank examiners, who declared the instigator solvent.

The bank is capitalized at \$150,000 and, according to a statement of its condition as of December 31, had surplus and undivided profits of \$184,236.52.

Smyth was found dead in his garage. A discharged pistol belonging to the bank was near him. The discovery was made immediately after the annual stockholders and directors meeting, which was held without Mr. Smyth's presence. Immediately after the tragedy, officials of the bank issued a statement declaring the funds of the institution were in good shape. The bank has remained open.

A coroner's jury found Mr. Smyth's death was accidental. He had occupied the presidency of the bank for ten years, and was regarded as one of the wealthiest citizens of Gaffney, being also connected in an executive capacity with manufacturing interest.

Alleged Slayer of S. C. Sheriff Out Under Bond

Greenville, S. C., Jan. 22.—(AP)—J. Harmon Moore, former deputy sheriff charged with murder in connection with the slaying of Sheriff Sam D. Willis two years ago, was released on \$5,000 bond today.

Moore was reincarcerated in the county jail when his case was called to trial January 13 and was re-admitted to bail Monday when a juror was disqualified and a mistrial ordered.

State Constable Carlos A. Rector, former sheriff charged with murder along with Moore in a warrant issued Monday, will be given a preliminary hearing the first part of next week.

J. T. Babbs, the disqualified juror who was ordered to show cause why he should not be found in contempt of court for alleged public discussion of the Moore case during a week-end recess, will be given a hearing tomorrow morning. The hearing was first set for today, but was postponed because of absence of Babbs' attorney from the city.

Rector and Moore were implicated in the slaying of Sheriff Willis by Blair Rook, negro who confessed to killing Willis, saying he was hired to kill him by the two white men. Rook is also under charges of murder.

Grand Lodge Masons Meet at Capital City

Raleigh, Jan. 22.—(AP)—Memorial services for officers who died during the past year and the ex-emplification of the third degree by the Charlotte lodge occupied the attention of the grand lodge of North Carolina Masons, in annual communication here today.

Officers of the grand lodge will be elected tonight, with Edgar W. Timberlake, Jr. of Wake Forest slated to be chosen as grand master for 1931 to succeed J. J. Phoenix of Greensboro.

Memorial services will be held this afternoon for the late Ben R. Lacy, former state treasurer, and for years grand secretary of the lodge, and for J. C. Braswell and Beverly S. Royster, past grand masters.

The communication, which was opened last night, will be brought to a close with the installation of new officers tomorrow morning.

UNIVERSITY BAND GETS RECOGNITION

Chapel Hill, Jan. 22.—(AP)—The University of North Carolina band has been chosen as one of the ten college bands of the country deserving special recognition by their work, according to a letter received here by Director T. S. McCorkle from Scott P. Squyers, executive secretary of the Kappa Kappa Psi Band Fraternity.

JAMES DORAN EXPECTED TO QUIT HIS JOB

Prohibition Commissioner May Change When His Office is Transferred

Washington, Jan. 22.—(AP)—From the swirling cross-currents of the capital's dry law controversy there emerged today a report that Prohibition Commissioner James M. Doran will retire from the government service when the enforcement unit, of which he is the chief, is transferred from the treasury to the justice department.

Doran, himself, declined to discuss the rumor and Assistant Secretary Lowman, in charge of prohibition, said the commissioner's resignation had not been submitted, but he added he had been told that several large concerns dealing in industrial alcohol had made extremely attractive offers for Doran's services.

Meanwhile, Congress went actively forward with its plans for enacting into law the recommendations of President Hoover and the law enforcement commission for strengthening the administration of the anti-liquor statutes. A committee session today with Secretary Mellon, Commissioner Doran and possibly Attorney General Mitchell as witnesses, is to be followed this week by several more, all dealing with the legislation requested by Mr. Hoover.

Today's meeting was called by Chairman Williamson of the expenditures committee in connection with his bill to transfer the prohibition unit to the justice department and ally it with the prosecuting agencies already in that branch of the government. The King subcommittee of the Senate judiciary committee will consider a similar measure this week, probably with the same witnesses.

Other committee sessions to take place within a few days will take up the proposed expansion of the power of United States commissioners to enable them to try minor violations of the prohibition laws and thus relieve the present congested dockets of the Federal courts.

The wets of the House, who have organized into a closely knit bloc, intend to keep the prohibition question constantly before the public by discussing it on the floor at every opportunity—every day, they hope. They expect shortly to set up an executive committee to conduct extra-official hearings on measures designed to modify the prohibition status.

The wet group read with interest today a letter from Deets Pickett, research secretary of the Methodist Board of Temperance, prohibition and public morals, asking what sort of a system they propose to substitute for prohibition. A series of questions was enumerated, and the whole designated a "challenge."

Doran entered the government service twenty years ago and has been in charge of the prohibition enforcement unit for nearly three years. Previously he had served as chief chemist of the rearsarcevac-chief chemist of the treasury, and in that capacity was prominently connected with the preparation for formulae for denaturing alcohol.

National Guards to Be Furnished Cotton Uniforms

Washington, Jan. 22.—(AP)—National guardsmen of five cotton states are to be furnished with cotton uniforms this year in place of the olive drab melton uniforms which most states are receiving.

Major General William G. Everson has approved the manufacture of 18,300 cotton uniforms with roll collars for distribution in Alabama, Florida, Louisiana, Mississippi and Texas.

They are to be made at the Philadelphia quartermaster depot of a new khaki-colored cloth.

Body of Former Textile Worker Found On Road

Gastonia, Jan. 22.—(AP)—The body of W. P. Long, 40, former employe of the Loray mill here, was found this morning on highway No. 20 about three miles northwest of Gastonia.

Long's head was badly mangled. Coroner J. F. Wallace was unable to report whether he believed the man was struck by a bit-and-run motorist or killed by unidentified parties.

Two men, J. E. Atchley and Floyd Campbell, of Knoxville, Tenn., who were walking along the road toward Bessemer City, discovered the body.

Poison Whiskey Causes Death of Man and Woman

San Francisco, Jan. 22.—(AP)—Poison liquor was blamed by the coroner's officers here today for the death of a man and a woman.

The victims were Mrs. Lauretta Watson and John W. Yates, an army sergeant stationed at the San Francisco presidio.

A hunt was started for the boot-legger.

Wife of Slain Man Arrested At Henderson

Henderson, N. C., Jan. 22.—(AP)—Mrs. O. P. Chester, whose husband was shot and killed in their home in North Henderson last Friday night and for whose death Charlie Green, a boarder in the home, is charged with murder, has been arrested in connection with the slaying, Coroner F. B. Hight said today.

The woman is being held in default of \$5,000 bond.

The coroner said he had evidence that Mrs. Chester was seen coming out of the front door of the house with a shotgun in her hand immediately after the shooting, and that neighbors had told of a quarrel that was in progress in the house for half an hour before they heard a shot.

Green died before a coroner's jury last Saturday night that he died the shooting, after he had surrendered himself to officers, and told them, they said, that he killed Chester. Green is unmarried and had boarded in the Chester home for the past two years.

Durham Electric Company Allowed to Revise Rates

Raleigh, Jan. 22.—(AP)—The Durham Public Service Company, in two orders granted by the State Corporation Commission today, was allowed to revise its electric rates and to discontinue as a trial all street car service and substitute bus service for the same.

The electric rates were allowed to be revised primarily to benefit users of electric utilities, such as refrigerators, stoves, and other small domestic appliances.

The order of the commission said "the rates presented with this petition appear to be a great improvement over former rates in effect in this locality, however, the rates presented for large power and lighting service appear to be virtually those now in effect."

Fail Attempt to Bomb the Home of Chicago Attorney

Chicago, Jan. 22.—(AP)—A frustrated attempt to bomb Assistant State's Attorney Edward Markham, followed by an unsuccessful gun attack upon him, was revealed today. The motive was attributed to the warfare upon an alcohol ring in the suburb of Melrose Park.

The attack upon Markham has been kept secret several days, but when word of it got out yesterday, the assistant state's attorney filed in the details.

"Of course, I have received several threats," said Markham, who has been active in the state and federal drive against Melrose Park distillers. "And I feared my 11 year old son was being kidnapped."

"As I reached the yard, two men ran from the garage. The dog grabbed one. The other fired point blank at me, but missed. By the time I got my shotgun the two men were running down the alley, probably to a waiting automobile."

"Inside the garage I found the hood lifted from the automobile. The ignition had been tampered with. I believe for the purpose of planting a bomb which would have exploded when I attempted to start the motor."

Lumberton Man Dies In Florida

Lumberton, N. C., Jan. 22.—(AP)—The body of Robert W. Williams, 58, well-known man of this section who died in Tampa, Fla., is to arrive here tonight for funeral services tomorrow.

5218 Happy People Give up Their Secret

JUST suppose you could get 5000 joyously happy people together in one big hall and could ask them what made them all so full of pep. Suppose, strangely enough, that all of them had discovered the same way to be happy. You would feel that here, if anywhere in the world, was the secret of how to get joy out of life.

They have found the way Buoyant, Zestful Health, and the Joy that goes with it

This is just what has happened during the last few weeks. We knew there were millions of people who had found the secret of happiness in the same way, and we asked them in one or two small announcements in the magazines and newspapers to tell us their story. Letters came to us from practically all over the globe.

All of them said "The secret of happiness is health." How to get this health? The way that all of these people had discovered was not some magic medicine, not some powerful drug, not some difficult course of training—but only a simple, harmless, natural method. It was to keep the body internally clean, sweeping its natural poisons away each day, regularly as clock work—by the use of Nujol.

These people had made a great discovery. They had found out that Nujol contains no drugs; that it is as tasteless and colorless as pure water; pleasant to take and forms no habit; that it cannot hurt you, no matter how much you take; that it is non-fattening; not absorbed by the body;

that it is only the internal lubrication your body needs, just like any other machine.

It sounds like a fairy tale, doesn't it? To be well and happy so easily? Well, all you need to do to find out if these people have made a real discovery is to get a bottle of Nujol today at any drug store and take it for two weeks. It costs but a few cents and it makes you feel like a million dollars. The sure way to happiness is through health.

Notice to Women
Women do read Sunday newspapers, and the New York World has scored another scoop by including as part of the regular Sunday edition a new section devoted to women and things that interest women. This new section is written by a staff of brilliant women writers, each one a specialist in her subject. Articles on style both here and abroad, home-making and house-keeping, cooking and health, society and club news, gardening and poultry—all in all, the most interesting women's section published in any Sunday newspaper. It will be well worth your while to tell your news-dealer that next Sunday you want The World.

ATTENTION, MEMBERS OF JUNIOR WOMAN'S CLUB

All members of the Junior Woman's Club who have not paid their dues, are requested to pay Miss Frances Norman before the dance Thursday evening. All those wishing to join the club are asked to turn in their name before the dance.

MRS. FORBES ENTERTAINS SANS SOUCI CLUB

The Sans Souci Club was delightfully entertained on Tuesday afternoon by Mrs. C. S. Forbes, at her home on Evans street.

The secretary called the roll and read the minutes of the last meeting, after which a letter from Mr. Futrell, the welfare officer, was read, stating facts about the poor of our community. The club then voted to dispense with buying books for the coming club year and to use this money in helping to alleviate suffering in our community.

After dispensing with the business the books were passed and the meeting was turned over to Mrs. Frank Wilson, who had charge of the program for the afternoon. Mrs. Wilson then called on Miss Jenkins, of East Carolina Teachers College to tell us something about the life and works of Paderewski. Miss Jenkins told in a most delightful way of his early boyhood and many interesting things that have occurred during his life. She referred to the world war, when he devoted his entire time to raising relief funds for his suffering countrymen. At the close of the program we had several of his selections played on the Victrola, among them being his ever popular Minuet.

After current events, the hostess served a tempting salad course with coffee.

We were glad to have as guests for the afternoon, Miss Hadley of Raleigh, Misses Miller and Jenkins of the college.—Reported.

Leave For Greensboro.

Mr. and Mrs. Charles Laughinghouse, Jr., and little daughter left today for Greensboro where they will make their home. Mr. Laughinghouse will be with the Griffin-Bland Hotel Co., and will be located at the King Cotton Hotel, Greensboro.

HOLMES—DUDLEY.

Miss Elizabeth Dudley and Sam Holmes, of Greenville, were married Saturday afternoon, January 18th, at four o'clock, at the home of Mr. and Mrs. Wads Holmes. Rev. W. S. Harden performed the ceremony.

Mrs. Holmes is the daughter of the late Mr. and Mrs. J. C. Dudley. Mr. Holmes is the son of Mrs. O. C. Holmes. He holds a position with the Standard Oil Company of this city.

Mr. and Mrs. Holmes are making their home with Mr. Holmes' mother.

MRS. F. C. HARDING HOSTESS TO END OF THE CENTURY CLUB

The End of the Century club held their regular meeting Tuesday afternoon at the home of Mrs. F. C. Harding on Harding street. The guests for the afternoon were Mrs. Sam Beatty, Miss Mary Beatty and Miss Von Eberstein. We were delighted to have Mrs. Howard as guest for the remainder of the year.

The meeting was opened by the president, Mrs. L. C. Arthur, and the usual business items disposed of. A letter was read from K. T. Futrell asking for a contribution toward the welfare work of the county. This was granted and ten dollars sent.

Plans for the play "Disposing of Mary" were completed and the play is to be given next Tuesday night, Jan. 28, in the administration building at East Carolina Teachers College. This play was written by Mrs. E. T. Robeson and is being coached by Miss Emma Hooper, member of the college faculty.

The club expressed regrets that Mrs. T. E. Hooker, one of our much loved members, was in the hospital at this time.

Outstanding topics of the day were given when current events were called for, including cannibals and possums. At the close of the business hour, the program was turned over to Mrs. B. W. Moseley whose subject was "The Modern Architecture of Our Cities and Sketches of Outstanding Architects." She gave a synopsis of the story "The Magic Island" by Will Irwin. She mentioned that on the forward horizon of the island one sees an exhalation of wavy violet mist.

They seem at first parts of a palace so great that a king might here house all of his subject; and a structure whose design changes and shifts and all but disappears at a mist's whim. Yesterday, where only a landmark stood, today a great hole, tomorrow a vast tower will arise.

Several New York buildings such as the Waldorf Astoria, the Terminal of the Grand Central station, Commodore Hotel were vividly described and pictures of each shown to the club.

After the program the hostess, assisted by Miss Von Eberstein and her daughter, Miss Mary Harding, served a delicious salad course.—Reported.

NOTHING SLOW ABOUT "BARBER OF SEVILLE"

There is nothing slow and dull about "The Barber of Seville," the opera to be presented by the Festival Opera company at East Carolina Teachers College on the evening of February 4, so the public need not fear that they will be the victims of "high-brow" music, stories they cannot understand, words they cannot follow, and other features that make some people fear grand opera.

While the opera chosen is by Rossini, and has merit sufficient to be classed in the repertoires of grand opera singers it has humor and entertainment enough to make it appeal to lovers of light opera, so much that it is classed as "comic" opera.

It is in English, so any one can follow the story as it unfolds as if it were a play, and yet the dramatic scenes are more intense than in a play and the singing of beautiful arias and love songs add greatly to the enjoyment.

The cast is made up of people who are great singers and excellent actors. Henri Scott, the bass-baritone star who comes with rich experience from the greatest opera companies in America and Europe, Malvena Passmore, coloratura soprano who has won laurels in both American and European opera, and Rhys-Rees Morgan, the tenor from the Royal Opera company of London.

The thoughts on "Thrift" by Mr. Bradsher were very good and we hope they were read by a large number and will be practiced by more this coming year. As we want to keep the saving idea before us—here follows other thoughts on "Thrift."

Thrift.

What is thrift? Webster says that it is a thriving state; economical management; frugality gain, etc.

Why should we practice it? First, because it is good training; second, it is essential for advancement; 3rd, it is the main road to success.

Few men knew the value of thrift and practiced it in their lives as did Benjamin Franklin. In many matters he was not stingy but saving, not foolish but wise, not miserly but frugal. He practiced what he preached and many of his homely

Former Greenville Woman Witnesses Richmond Holdup

Miss Eliza Moore, of Richmond, daughter of Mr. and Mrs. T. M. Moore, of Greenville, had the harrowing experience of being in a grocery store at Richmond during a recent holdup, according to information received by relatives here today. The bandits and store employees exchanged a few shots but Miss Moore escaped without injury, although badly frightened by the experience.

The holdup occurred in broad daylight as Miss Moore entered a grocery store to make some purchases. There was one other customer and two clerks in the building when she entered. As she started to make her purchases, two masked men entered, brandishing pistols, and demanded everybody to "stick your hands up!"

"Thinking the men meant to rob the customers, Miss Moore opened her purse and tendered the contents to one of the bandits as he passed close by where she was stand-. The masked bandit glanced disdainfully at the proffered money, and said, "I don't want your money; all I want you to do is to keep your mouth shut."

With that admonition the bandit and his companion rifled the cash register of a considerable amount of money, and in making their hasty exit exchanged fire with the clerks who had opened fire upon them.

Miss Moore said it was impossible to describe her sensation right at that time, but that there was one thing sure—she was scared stiff, especially when the guns were brought into play.

Mrs. W. J. Bryan Dies in California; Burial at Arlington

Hollywood, Cal., Jan. 22.—(AP)—Arrangements were being completed today for the removal to Washington, D. C., of the body of Mrs. Mary Baird Bryan, 69, widow of William Jennings Bryan, for burial beside her famous husband in Arlington National cemetery.

Mrs. Bryan died here last night at the home of her daughter, Mrs. Grace Bryan Hargreaves, wife of a Beverly Hills, Cal., banker. She had been suffering from arthritis for about 12 years but her condition was not considered serious until her return three months ago from Miami, Fla., where she had visited another daughter, Mrs. Ruth Bryan Owen, member of Congress from Florida.

With Mrs. Bryan when death came were her daughters, Mrs. Hargreaves and a son, William Jennings Bryan, Jr., Los Angeles attorney, and their families.

Announcement of plans for the burial was made following the receipt of word from Mrs. Owen in Washington, with whom Mrs. Bryan made her home most of the time since the death of her husband in 1925.

Mrs. Bryan, who before her marriage on October 8, 1864, was Mary Elizabeth Baird of Perry, Illinois, recently had completed writing a biography of her husband, which had been begun as an autobiography by the commoner.

Besides her children Mrs. Bryan is survived by three grandsons, children of William Jennings Bryan, Jr., two grand daughters and two grandsons, children of Mrs. Hargreaves, and two granddaughters and two grandsons, children of Mrs. Owen.

Other speakers included Mrs. Richard Mansfield, the famous actress; Paul Green, the playwright, who is a member of the faculty of the University of North Carolina; Norman Thomas, the former socialist representative from the New York Theatre Guild.

Supreme Court Hears Appeal of P. & N. Railroad

Washington, Jan. 22.—(AP)—The Supreme court today heard appeal of the Piedmont and Northern railway, an interurban electric railway operating in North and South Carolina, challenging the jurisdiction of the Interstate Commerce Commission over proposed extensions of the railway.

As a test case to determine the jurisdiction of the Federal commission over electric lines the controversy has attracted wide attention. After applying to the commission for permission to extend its lines from Spartanburg, S. C., across the state line to Gastonia, N. C., and from Charlotte, N. C., to Winston-Salem, N. C., the railway withdrew its application. The commission refused to dismiss the application, saying a majority of the company's revenues came from freight haulage, and contending it thus was not an interurban electric line within the meaning of the law which exempted such lines from its jurisdiction.

Fear Missing Man Has Been Killed By Moonshiners

Hertford, N. C., Jan. 22.—(AP)—Fear was expressed today by relatives and friends of Tom McMullen, prominent Hertford man, that he was mistaken by moonshiners who operated in the fastness of the upper Perquimans river as a raider and either captured or killed him. McMullen has been missing since Saturday when he left on a hunting trip up the Perquimans river.

McMullen is an excellent swimmer and friends believe he could have made his way to shore if the boat in which he set out had been sunk. With his knowledge of woodcraft, they believe he would have been able to make his way to Hertford by this time.

They believe if he had been the victim of a hunting accident it would have been possible to locate his motor boat.

Man and Woman Returned to Pa. to Face Trial

Phoenix, Ariz., Jan. 22.—(AP)—Mrs. Irene Schroeder and Walter Gleen Dague, in the custody of Pennsylvania officers, today were speeding in a chartered pullman car toward New Castle, Pa., where slaying Corporal Brady Paul of the they must face trial on a charge of state highway patrol.

At 12:45 A. M., today the prisoner were placed aboard a Southern Pacific train at Chandler, Ariz., where they were taken from Phoenix yesterday, immediately after they had waived extradition in a sudden reversal of their plans to fight return to the eastern state.

Their secret removal from Phoenix, authorities believed, was to prevent attorneys for the couple seeking a writ of habeas corpus and reopening the extradition hearing. Governor John C. Phillips earlier in the day refused to grant a continuance of the hearing. Pennsylvania officers who took the prisoners to the train declined to comment on the move.

Four Thousand Students Go On Strike at Madrid

Madrid, Jan. 22.—(AP)—Four thousand students of the National University went on strike today amid riotous scenes, the students refusing to attend their classes ejected some of their professors from class rooms and broke some doors and windows.

The strikers were called because the students said they feared the government intended to dissolve the student organization.

Civil guards were called to restore order.

The university was closed, all classes suspended, and police mounted guard around the buildings after civil guards had restored order.

WE SHOULD BE PROUD OF HIM.

Greenville people should be especially interested in the discovery by two San Francisco physicians of anti-cancer serum, in view of the fact that Dr. John D. Humber, native of this city, was one of the co-discoverers in this important find that should prove of great benefit to mankind.

After witnessing demonstrations of the new serum by Drs. Coffey and Humber, other prominent figures of the medical profession described it as "the greatest advance yet made in the fight against cancer."

Greenville people should feel a touch of pride that this former Greenville boy has attained such a high stage in a profession devoted to the relief of the sufferings of mankind.

GOOD ADVICE.

The following poem submitted to us by one of our readers, John H. Briley, contains, we believe, some good advice to the people of our community just at this time and since it coincides to a great degree with our own views and the attitude we have been endeavoring to get our people to take toward all this hard times talk we are taking the liberty to pass on to our readers through our editorial column this contribution by Mr. Briley:

STOP YER KICKIN'.

Stop yer kickin' 'bout the times— Git a hustle on you; Skirmish 'round and grab the dimes. Ef the dollars shun you, Croakin' never bought a dress, Growlin' isn't in it. Fix your peepers on success. Then go in to win it. Times is gittin' good again. Try to help them if you kin.

ABOUT TOWN

Renewed emphasis will be placed on the live-at-home movement in this county during the month of February by the holding of mass meetings in various sections of the county.

The farmers at this time are not being urged to add any additional units of livestock unless they have home grown feed with which to care for same, but they are being urged to provide in their farm program sufficient food crops to take care of additional hogs, cows, and poultry which are to be added to the farm during the fall months.

Establishment of the commissary on Dickinson avenue to provide for the people suffering from the effects of crop shortages and unemployment is the first concrete movement taken in the city for relief in this direction.

The situation is one of the most serious Pitt county has faced in many a day, but it is believed the thrifty, resourceful people will be able to meet it without outside aid.

The whole world is watching London for developments at the five-power naval conference which convened yesterday.

The Reflector will furnish complete accounts of the developments of the conference each day, and the subscriber may rest assured of being kept well informed in this connection.

Greenville will be on the air again Thursday evening at Raleigh.

This will be the third time that the resources and possibilities of this locality have been put on the ether, and the public is urged to tune in and hear what this section has to offer the home-seeker and investor.

The campaign to raise the \$4,000 budget for the Salvation Army will be continued in view of the fact that only about one-third of the amount has been raised up to this time.

EAST GETTING REVENGE FOR GRID DEFEATS

By HERBERT W. BAKER (Associated Press Sports Writer) New York, Jan. 22.—(AP)—The East fared none too well in football's intersectional warfare but it is getting some measure of revenge on the basketball court.

A more or less complete tabulation gives eastern cage fives a record of 28 victories in 39 games against foes from the midwest, south and far west. Twenty-one of these triumphs have been scored at the expense of midwestern teams; six over southern aggregations and one over the far west. Of the 11 defeats inflicted on the east, eight of them are credited to the mid-west; two to the south and one to the far west.

Most active in defense of Eastern honors has been the crack University of Pittsburgh quintet led by Chas Hyatt, former Uniontown, Pa., high school star. Pitt has rolled up 11 straight wins so far this season and eight of them have been over teams from other sections of the basketball front. Pitt's victims include Indiana, Northwestern and Ohio State of the western conference; Nebraska of the big six; Montana State of the Rocky Mountain conference; Wittenberg of the Ohio Big Five; Iowa and Notre Dame.

Penn. Syracuse and Duquesne have chalked up three intersectional triumphs each. Penn beat Indiana and Ohio State of the western conference, and Georgia Tech of the southern but was forced to bow to Michigan in another start. Syracuse trimmed Michigan State and Ohio State and broke even in two games with Creighton of the Missouri Valley conference. Duquesne accounted for victories over John Carroll of Cleveland, Adrian of Michigan and Elmhurst of Illinois but the Dukes were beaten by Loyola's great five at Chicago as well as by Iowa.

The East has been extremely successful against the bigger conferences. Pitt and Penn have accounted for five victories in six games with western conference aggregations, and against the southern conference, Atlantic Seaboard teams have four victories against two defeats. Georgia Tech dropped four of its five games on an Eastern invasion but Duke made up partially for these set-backs by trouncing the Navy.

Irish Jack to Meet Texan Chicago, Jan. 22.—(AP)—Irish Jack Pilkington of New York will meet Tony Herrera, Forth Worth, Texas, lightweight, in the eighth round semi-windup on the Jackie Fields-Vince Dundee boxing card at the Stadium Friday night.

Wrestlers Banned By Illinois Ring

Chicago, Jan. 22.—(AP)—Heavyweight wrestlers, split into warring factions over the championship, have been banned from Illinois rings until such time as they can agree to settle their titular claims in an elimination tournament sponsored by the State Athletic Commission. The commission ordered the ban, effective immediately, after it had failed to induce the wrestlers to meet in such a tournament here this month. The pre-arranged match between John Pesek, the "Nebraska Tiger Man," and John Evko, the ponderous Slav, was permitted to stand, however. It is to be held next Tuesday night.

General John V. Clinlin, chairman of the Illinois Commission, said the heavyweights agreed to enter an elimination tournament but that Gus Sonnenberg, recognized generally as the champion, insisted he meet only the tournament survivor for the title, while others insisted Sonnenberg meet all challengers.

"There were so many disagreements that the commission was forced to give up the tournament," General Clinlin added, "and indefinitely suspend all heavyweight wrestlers until they can agree." All forfeit, guaranteeing various types of claims by the disagreeing wrestlers, were returned by the commission.

TRY TO FIND PLACE TO TAKE FRANCHISE OF KINSTON-FAYETTEVILLE

Goldsboro, Jan. 21.—(AP)—Directors of the Eastern Carolina baseball league are casting about for two cities to take the places of Kinston and Fayetteville, which has surrendered their franchises in the loop.

The annual directors meeting was deferred two weeks here yesterday when it was found only three clubs, Wilmington, Greenville and Goldsboro, had delegates present. The officials present, however, decided informally to continue efforts to recruit two new cities to round out a six-club circuit.

Believe Shires and Bush Have Ended Quarrel

Chicago, Jan. 22.—(AP)—The case of organized baseball, the White Sox in particular, against Charles Arthur "The Great" Shires neared conclusion today.

The punch throwing White Sox first baseman, who has already acceded to Commissioner K. M. Landis' demand that he quit the professional ring and get into shape for baseball, conferred secretly with Donnie Bush, new White Sox manager, yesterday and from the smiles that wreathed their faces it looked like both had come to an agreement.

Shires is expected to have his suspension, levied because of his fist fight with former manager Russell "Lena" Blackburne last season, lifted and receive his 1930 contract this week.

"Bush and I will get along one hundred per cent," Shires said after the conference. "Shires is a fine boy and I'm sure we're going to get along famously and win some ball games this summer," Manager Bush said.

Plays Golf at Home

St. Paul—Jimmy John on swings each of his golf clubs 25 times a day at home in winter. There's a rubber mat to prevent divots in the hardwood floor and the amateur champion takes his stance in such a place that the charming Mrs. Johnston will not be annoyed also by broken furniture A quarter century of swings with each club makes the afternoon practice last one hour.

Negro Will Not Defend N. Y. U.

NEW YORK, Jan. 22.—(AP)—M. J. Jack, Negro middle distance runner, will not be eligible to compete for the University after January 31 and therefore will not defend his half mile crown at the intercollegiate indoor track and field championship here in March.

Although he has had only two years of varsity competition, he completes three years of eligibility at the end of this month. During his sophomore year he competed as an unattached athlete as scholastic difficulties prevented his competing for New York University.

His inability to compete makes it virtually impossible for the Violets to successfully defend the indoor title they captured last year for the first time. Edwards not only won the half mile championship but ran anchor on the team that won the two-mile relay event.

Edwards also holds the outdoor intercollegiate half mile title which he won last summer by setting a new intercollegiate record of 1:52, the national half mile championship and the national 1,000 yards title. A native of British Guiana, Edwards represented Canada in the last Olympic games.

Boxers Turn Up Their Noses On Professional Ball

Chicago, Jan. 22.—(AP)—And now boxers have turned up their noses on professional baseball. No little pleased by Baseball Commissioner Landis' edict that no baseball player can compete in the prize ring, the Benevolent Association of Boxers, headed by Promoter Jim Mullen of Chicago, has countered with an order that none of its boxers can play baseball.

"Fight all you want to, but you've got to stay away from baseball playing," the boxer's association demanded.

Refuses to Pay \$10,000 Forfeit

Sacramento, Cal., Jan. 22.—(AP)—William H. Hanlon, chairman of the California Boxing commission, said he could not obey an order of the Illinois State Athletic commission that a \$10,000 forfeit posted by Mickey Walker, middleweight boxing champion, be given to the Shrine Hospital.

Walker posted the money as a guarantee that he would risk his title by last September, when the Illinois commission permitted him to go out of his class to meet Tommy Loughran for the light heavyweight title here last March. Walker's manager, Jack Kearns, has a temporary injunction to prevent the money being paid.

Hanlon said the disposition of the money was solely up to the California Supreme court, which has the matter of awarding the cash on its docket. The court does not convene until 30 days hence and until "that time Hanlon intends to keep possession of the money."

Jack Seeks New Material

Chicago, Jan. 22.—(AP)—Jack Dempsey today shopped around for a new attraction to fill his date at the Coliseum February 7. He was forced to cancel his ten round match between Tony Canzoneri and Goldie Hess of Los Angeles due to injuries to the New York lightweight, sustained in his match with Jack Berg. Canzoneri received cuts over the eyes that will prevent him from boxing for a month.

WRESTLER TURNS ON REFEREE AT FIGHT

Greenville, S. C., Jan. 22.—(AP)—Evidently not satisfied with the physical prowess of his opponent, Bill Martin, wrestler, turned on Referee Joe Robinson during his match here last night with Abe Kaplan.

Martin, Graggy from a series of flying headcuts applied by Kaplan, was thrown to the mat. Unaware that his opponent had won a fall, the dazed Martin arose from the canvas and grabbed the nearest man to him—Referee Robinson. The referee held his own against the wrestler. He socked Martin with a hamlike fist that kept the grabbler on the mat until he was removed from the ring.

FIVE KILLED WHEN TAXI PLANE CRASHES

Dieppe, France, Jan. 22.—(AP)—Five persons were killed when a taxi-plane crashed against a cliff near Dieppe probably Monday. Four of the dead were passengers and the fifth was the pilot. The plane had been missing for two days and it was assumed the smashup occurred during Monday's storm.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Jan. 22.—(AP)—The cotton market opened steady at unchanged prices to an advance of 7 points with the active months showing net gains of 4 to 7 points during the first few minutes on covering together with a little trade and commission house buying. This may have been encouraged by relatively steady Liverpool cables, but the market was quiet and while offerings were light, prices sagged off a point or two by the end of the first half hour under realizing.

Reports of continued cold weather in the south came in for some comment in relation to the probable survival of boll weevil but were not a factor of apparent importance. Liverpool cables reported local buying and covering and said there was an increasing cloth demand from India with fair sales to Egypt and South America.

GRAIN MARKET

Chicago, Jan. 22.—(AP)—North American export business in wheat broadened out to around 2,000,000 bushels today, and helped make prices tend upward here for future deliveries. There was active buying of futures for houses with seaboard and foreign connections. Something of a drawback, though, was that the North American export buying today consisted nearly altogether of wheat corn in Canada.

Closing quotations of wheat were irregular with March and May firm but July weak, the market as a whole finishing 1-2c off to 1-2c up compared with 24 hours before. Corn finished 1-4 lower to 1-8 higher, oats 1-8@1-4c to 3-8@1-2c advanced, and provisions 5c to 7c down.

STOCK MARKET

By STANLEY W. PRENOSIS
New York, Jan. 22.—(AP)—Bullish sentiment was more pronounced in today's stock market although there were enough soft spots scattered throughout the list to give the appearance of irregularity. Extreme gains of 1 to 10 points established in the morning trading were fairly well maintained, with trading showing a moderate increase in volume.

Business news had a more cheerful tinge. Reports of a further upturn in steel mill activity and a reduction in unemployment were buttressed by some good 1929 earnings statements.

Freight car loadings in the week ended January 11 showed a substantial increase above the week before but were below those of the corresponding week last year, and the lowest of any similar period since 1922. The loss, however, was extreme in the shipment of grain and grain products, all other commodities showing a gain.

Iron Age estimated that the two leading producers were operating at 70 per cent of capacity, with the average rate for the country around 67 per cent. It states that "the week has brought the steel industry a further gain in both demand and production but points out that 'improvement in business is not spectacular'."

J. I. Case ran up 10 points and advanced Rmely common and preferred, International Harvester and Oliver Farm equipment sold 2 to 4 points higher.

Chain store and merchandising issues attracted a good following. Spiegel May Stern advancing nearly 5 points, R. H. Macy 4, and Montgomery Ward. United Stores preferred and Schulte common 2 points or more. Schulte preferred jumped 9 points.

U. S. Industrial alcohol and Air Reduction broke 7 1/2 and 7 points, respectively, but recovered about half their losses by early afternoon. Republic Steel preferred sold off 3 points on rumors that the new reamer financing would involve an additional large issue of preferred stock.

Call money again dropped from 4 1/2 to 4 per cent.

TWELVE KILLED
Johannesburg, Union of South Africa, Jan. 20.—(AP)—Natives in the Crown Mines Compound yesterday used knives, stones and clubs to vent their wrath in a tribal battle on imported laborers from Poland. In the ensuing clash twelve natives were killed and 29 were injured. Police for a time were unable to control the combatants.

FIVE PERISH IN BLIZZARD
Wellington, New Zealand, Jan. 20.—(AP)—A party of four women with a guide, all New Zealanders, were overwhelmed by a blizzard and perished on the Tasman glacier recently. Their bodies were found today in the vicinity of Delaboue Bay.

John D. Rides in Plane
Ormond Beach, Fla.—Another tip to duffers: John D. Rockefeller took a ride in an airplane. Then he shot his best golf of the season. The ride was the length of the fairway on the golf course and the plane taxied; it didn't fly at all; purpose only. The pilots, a Mr. and Mrs., received sundry shiny dimes.
