PITT COUNTY HARD HIT BY COLD BLASTS

Business and Schools Badly Crippled By Snow and Sleet of Past Three Days

Bright sunshine peeped out from behind leaden skies and flooded this ice-coated territory today, bringing the first indication of relief of the past three days. Along with this came a report from the weather bureau forecasting fair weather with rising temperatures for tomorrow.

The two inches of snow and sleet which has blanketed the countryside since Wednesday afternoon began to melt under the warm rays of the sun when it appeared at ten o'clock this morning, but at the best it will be at least two or three days before the signs of the worst siege of winter completely disappear.

In addition to the usual suffering among the poor accompanying the blasts of winter, business throughout the county has suffered considerably owing to the inability of large business houses to continue transportation in a normal way. While communication either by telephone or telegraph has not been hampered, buses have been operating behind time owing to the danger of the ice-coated highways.

County schools have been hard hit by the inability of trucks to traverse the slick highways, and it was reported today that numbers of schools in the rural districts had closed until weather conditions improve. Although city schools have been affected only in a minor way, it was stated that attendance had dropped off considerably, especially in the primary schools.

If there were any deaths either from cold or accidents resulting from slick streets and highways they had not been reported here today. Naturally there were the usual number of people who slipped and fell while feeling their way cautiously along the ice-covered streets, but none suffered more than minor injuries.

Despite the suffering usually accompanying the bitter blasts of winter, the visit of the snowman was greeted with gladness by hundreds of children and older people with the spirit of youth still coursing through their veins. Residential districts were converted into veritable skating rinks as celebrants took part in the first winter sports afforded by the weather in this section in years. There were many bruised bodies and an aftermath of colds today as an aftermath of the sports will be continued for several days longer.

Old Man Winter began handing out his offerings to this section Wednesday in the form of light flurries of snow and sleet. But during the afternoon a chilly wind came whistling down out of the north and brought with it a blinding snowstorm that continued until the earth had been covered with at least an inch of snow. Sleet followed intermittently all through the night, and when the city awoke yesterday morning, it was still being served with sleet. The precipitation ceased, however, during the morning hours, and the business district began to dig out from under the inch of ice that handicapped traffic and endangered the lives of pedestrians.

The leaden skies, however, gave forth more snow during the middle of the afternoon and this continued without cessation until about nine o'clock. The additional fall of snow estimated at about an inch, tended only to make the streets and highway more dangerous and this morning traffic was less frequent than yesterday.

Man and Woman Held for Murder

Statesville, Jan. 31. — (AP)—George Hilton, Mooresville filling station operator, and Mrs. Jackie Longworth, former Charlotte roadhouse hostess, were under indictment today for first degree murder in connection with the death of Hubert Sherrill, prominent young man of troutman.

True bills were returned against the couple yesterday by an Iredell county grand jury. Sheriff J. L. Sherrill said he would arrest Hilton and the woman as soon as he could locate them.

Sherrill was found shot to death on a highway in the outskirts of Mooresville on July 10. His death proved to be one of the most baffling mysteries local officers have encountered.

Hilton and Mrs. Longworth were given a preliminary hearing in December on charges growing out of the death but were released on the grounds of insufficient evidence. The grand jury in indicting them yesterday also charged them with immorality in two counts.

Solicitor Zeb W. Long announced the couple would not be put on trial at the present time of court.

Maloneys Given Chance to Talk

Chicago, Jan. 31. — (AP)—Conversation between the John Maloneys is a one-sided affair, by order of the court.

Mrs. Nellie Maloney, seeking a divorce, told Judge Lewis her husband quarreled constantly. Maloney said the same thing about her. The court held that it takes two to make a quarrel, and offered a plan.

Let each have the floor on alternate days, giving the extra day of the week to Mrs. Maloney in deference to the custom of the woman's having the last word.

Maloney had all day yesterday up to last midnight to speak his piece. Mrs. Maloney was bound by the arrangement to sit quietly and listen. It was the opportunity of a lifetime for Maloney to get over a lot of ideas concerning woman's place in the home.

But at the stroke of 12, Mrs. Maloney's day began. Maloney was obliged to hush and listen to his wife. Many a woman probably would have been willing to sacrifice her right eye for a chance to talk to a husband for 24 hours without a break and without the husband having a chance to backfire.

The outcome of the Maloney case is being awaited with interest.

FLAMES GUT BUILDING ON EVANS STREET

Building Occupied by Sumrell Motor Company Damaged by Fire Last Night

Flames gutted the building occupied by the Sumrell Motor company at the lower end of the Evans street business district last night, entailing loss estimated at several thousands of dollars. Most of the damage was confined to the building as the motor car company's loss resulted mainly from water used in combating the flames.

The building is the property of C. H. Edwards, who stated today that although the total loss had not been estimated he was satisfied that it would go into several thousands of dollars. He said the loss was partly covered by insurance.

Originating in the ceiling near a flue the flames had spread through the entire upper part of the building when the alarm was sounded, and firemen experienced difficulty in bringing the blaze under control. The firemen were handicapped by snow and ice, but brought the flames under control after about an hour's fighting.

The prolonged sounding of the fire alarm caused hundreds of people to rush out of warm homes onto icy pavements to attend the fire, and five points was thronged with interested spectators until the fire was brought under control.

Although the total amount of the loss suffered by the Motor company had not been determined today, it was stated that this resulted mainly from water damage.

Announce Plan for Reduction in Crime at Chicago

Chicago, Jan. 31. — (AP)—State's Attorney John A. Swanson, has been presented by his special investigator, Pat Roche, with a plan for eliminating bombings from the country's catalogue of crime.

The plan, reduced to its essentials, calls for the closing of every speakeasy and gambling place in Chicago. Roche does not believe the plan as difficult as it sounds.

Word would be passed along that every such place must be closed. The grand jury would stand by to give prompt action against owners, police or politicians who attempted to oppose the cleanup campaign.

With elimination of gambling and liquor places, Roche said, the gangsters' sources of revenue will have been removed, and thus a daily business estimated at \$200,000 will have been checked. With their income cut off, Roche believes, the gangsters will take steps to halt the bombings, which they will hold responsible for the cleanup campaign, and will take steps to prevent their recurrence.

The plan was made known following the bombing of a wholesale grocery store Wednesday. The state's attorney was studying the proposal today.

Mary A Cupid
New York—It seems that Mary Garden involuntarily has been a cupid. Escher Johnson says that Mary enabled her sister Edna Louise to go to Paris and study drama. Now Edna is Mrs. Dudley Field Malone.

NAVAL PARLEY TO CONSIDER AGENDA TODAY

Hitch in Arrangements Causes Considerable Confusion Among Delegates

London, Jan. 30. — (AP)—The executive session of the five-power naval conference, which had been expected to get under way today, was adjourned an hour later this afternoon. It will meet again on Tuesday.

Changing its plans overnight, the conference went into executive session at 3:00 p. m. today.

The purpose of the session was to smooth out features of the makeup and procedure of the special committee decided on yesterday to discuss the French compromise plan for the measurement of naval power.

London, Jan. 31. — (AP)—A hitch in arrangements threw the five-power naval conference into considerable confusion today, with no one just sure what was to be its program over the week-end. Some of the delegates expressed themselves as mystified by the developments.

The secretariat issued a call for a meeting at 3 p. m., which some interpreted as a reconvening of the full conference but which others considered merely related to the committee on global and categorical tonnage named yesterday. The secretariat was unable itself to straighten the tangle immediately. The Americans understood the full conference was to meet although they did not know the purpose. The French thought the big five had been called together. Italians and Japanese thought it was only the newly appointed agenda committee. British officials on duty at the secretariat said the full conference was meant but added they could not explain.

Prime Minister MacDonald, the conference chairman, was closeted with representatives of the dominion and apparently had not the slightest notion of the confusion among the other delegations. Secretary Stimson finally decided to let the two American members of the new committee, Secretary Adams and Ambassador Gibson go to the St. James' palace at the meeting hour and await results.

The American delegation held a long session this morning. Armand Briand, French foreign minister, left for Paris for the week-end and Premier Tardieu planned to follow suit tomorrow.

The delegations were called together for this afternoon's meeting as a committee of the whole and not in plenary capacity. This method of getting the new agenda committee under way caused much surprise, most of the delegations at first misunderstanding the call sent out by the secretariat.

It was explained eventually that the purpose was to go through the formality of defining the new committee's duties, outlining as far as possible its task of considering the compromised method suggested by the French for measuring navies.

The subjects listed for discussion were identical with those of yesterday's plenary session consisting of the French compromised proposal of Global tonnage and the British proposal for categorical limitation.

The meeting called for today virtually marked the end of the conference activities for the week, most of the delegates planning to get away tonight or tomorrow for the week-end. The American delegates and their wives will be the guests of Prime Minister MacDonald tomorrow at Chequers and the premier himself will act as guide in a sight-seeing tour of historic Buckinghamshire.

Today the prime minister entertained the principal naval advisers of all the delegations and their wives at a luncheon at No. 10 Downing street.

Chicago Begins to See Relief for Pocketbook

Chicago, Jan. 31. — (AP)—The pinched pockets of Chicago and Cook county had the prospect of a slight bulge today.

The citizens' relief committee headed by Silas H. Strawn, conferred yesterday with county board officials relative to advancing nearly \$2,000,000 to meet all expenses up to tomorrow, February 1.

This was followed by reassurance from Gov. Louis L. Emmerson that he would do his utmost to speed up the reassessment of 1928 taxes.

A meeting of state officials and members of the tax commission, called by the Governor, planned a program today to insure quick settlement of both Cook county and state tax problems.

Citing the effects of the 1928 reassessment on state finances, Governor Emmerson pointed out that \$2,700,000 in tax money is owed Chicago by the State of Illinois as Chicago of the state distributive fund for 1929.

Says Statement By Legge Cost Farmers \$50,000,000 By Subsequent Price Drop

Washington, Jan. 31. — (AP)—Senator Harris, Democrat, Georgia, said in the Senate today that a statement attributed to Chairman Legge of the Farm Board that the cotton marketing agency recently set up would not buy cotton on a large scale or at ridiculous prices had caused a \$50,000,000 loss to southern farmers by a subsequent drop in cotton prices.

Legge had denied rumors that the cotton association intended to buy a huge quantity of cotton at from \$20 to \$25 a bale above the current market price.

Later after he had been quoted as saying that the Farm Board did not intend to buy cotton above the current market price, the Farm Board chairman issued another statement in which he explained that the Board would not buy cotton or any other commodity.

Under the agricultural marketing act, the Board cannot buy or sell farm commodities but may make loans to co-operative marketing associations. The chairman explained that the Board would continue to make advances to cotton associations on the loan value basis established last October and that there was no change in its policy toward cotton.

Harris said the Farm Board was intended to "stabilize cotton prices and here we have the chairman of the Board saying cotton was not going to be brought on a large scale or at foolish prices."

The Board had been "a curse to the cotton farmer" instead of an aid he said, adding that the basis for loans had been fixed at 16 cents a pound.

The statement attributed to Legge he added, had done more harm to the cotton farmer than anything since a "statement by the Department of Agriculture three years ago saying the price of cotton was going down."

The latter statement, he asserted, cost the cotton growers \$100,000,000.

NEWS BRIEFS FROM THE TWO CAROLINAS

Spartanburg, S. C. — (AP)—James Coster, 60, was found dead by the roadside near Pauline yesterday. An investigation has been started by authorities.

Lumberton, N. C. — (AP)—Warren G. Locklear, 6, is dead. His father unlocked a trunk to get out a pistol, and the boy, in his father's absence, began rummaging in it for playthings. He accidentally pulled the trigger of the pistol.

Charlotte, N. C. — (AP)—Building contracts awarded in the Carolinas last week totaled \$800,000, according to officials of the Carolinas branch of the Associated General Contractors of America here.

Durham, N. C. — (AP)—A warrant charging Walter Harris, negro, with murder of Rev. E. Frank Lee, pastor of Calvary Methodist church, has been issued. The ministers was fatally shot January 3.

Tarboro, N. C. — (AP)—The extreme cold of the past few days is thought to have caused the death of Wilson Pope, 30-year-old negro.

Chapel Hill, N. C. — (AP)—An alligator, 37 inches in length, captured in Orange County, N. C., has been on display here this week.

EPIDEMIC OF SMALLPOX IN THIS STATE

Raleigh, Jan. 31. — (AP)—An epidemic of smallpox is present at present in five adjoining counties in Eastern North Carolina, the State Board of Health said today.

The disease is centering mainly in Sampson county but the neighboring counties of Harnett, Robeson and Cumberland are affected. It is of "slight intensity," Dr. H. A. Taylor, epidemiologist, said.

All five counties reported more cases of smallpox in January, through yesterday, than the total reported for the year 1929.

Sampson led the list with 55 cases in January, compared to a total of 40 for 1929. In January 1929 Sampson had seven cases.

Harnett had 34 cases in January compared to a 1929 total of 23 and a January 1929 report of five.

Bladen had no smallpox in 1929 and three cases in January.

Robeson had 16 cases in January, a total of four in 1929 and only one last January.

Cumberland reported to the board from all over the state for the week ending January 25 totalled 59, or an increase of 20 over the total reported the same week in 1929.

Other counties in the state reporting smallpox in January this year, through yesterday, were: Buncombe, Cleveland, Durham, Forsyth, Gaston, Henderson, Jackson, Richmond and Union, one case each; Johnson, Lenoir, More and Scotland, two cases each; Wake county, three cases; and Hoke county, five cases.

Relief Workers Finish Activity in Flood Section

Memphis, Tenn., Jan. 31. — (AP)—Relief workers in the Mississippi Delta, having assisted flood marooned families to safety, returned home today. The Tallahatchie river in northwest Mississippi was higher than it had been in several years. Families fled from homes at Sumner, Glendora, Tipso, Philips Swan Lake and several smaller communities. North of Sumner, Cassidy Bayou had inundated 7,000 acres and the overflow was more than 10 feet deep in place.

However, all of the families were safely quartered awaiting recession of the water.

New York—Lloyd H. Kub, who is being sued for separation, avers that his wife is a great admirer of Fannie Hurst and has picked up the idea that married people ought to live apart for a few months every year.

Wife Goes Hollywood
Los Angeles—Hal Leseu, film actor, who has obtained a divorce, said in court that his wife had gone completely Hollywood by insisting on separate apartments.

SAYS REAL GIN COCKTAILS ARE SERVED IN CLUB

Senator Brookhart Promises Action Against Famous New York Club

By RICHARD L. TURNER
Associated Press Staff Writer
Washington, Jan. 31. — Senator Brookhart has a letter which says that "real gin cocktails" are served at a famous New York club—an organization which numbers President Hoover among its members and Chairman George W. Wickersham of the law enforcement commission among its officers.

He read a part of it in the Senate late yesterday, appended a few remarks of his own and promised that in the near future he would have still more to say on the subject.

In the meanwhile, he is particularly anxious that Wickersham see the communication, and hopes that "at an early date he will be ready to advise us how to stop these violations of the liquor law."

The club in question is the Century Association, at 7 West 43rd street, one of the most exclusive in New York City. It was founded by William Cullen Bryant and is devoted to the advancement of the arts. Its membership includes a long list of men distinguished in the professions, the arts, and the sciences.

The tariff bill and the question of imposing an import duty on straw hats were laid aside quickly when Brookhart produced his letter.

Tydings of Maryland, a Democrat, told the Iowa Senator that by a diligent search he could discover fifty such clubs in any large American city.

Brookhart replied that "tydings was one of a group which is 'crazy on this liquor issue.'"

Copeland of New York, wanted to know how Brookhart had obtained admission to the Century club and added that he himself couldn't get in "with a pick-axe."

Brookhart's explanation was that the New Yorker is "personally dry." He said he had not been in the club.

Brookhart would not say who was the author of the communication although he was pressed for an answer to this question by Bingham of Connecticut.

New York, Jan. 31. — (AP)—Members of the Century club, which at one time forbade its members playing bridge, today refused to comment on charges of Senator Smith Brookhart that gin cocktails were served at the club.

The Century club, also known as the Century Association, was founded by William Cullen Bryant in 1847. It has a clubhouse in West 43rd street, just off Fifth avenue. It lists among its officers, George W. Wickersham, and Dr. Nicholas Murray Butler, president of Columbia University, as vice-presidents. The roster of over 500 members includes President Hoover.

While expressions of regret at the failure of the bank have been heard on all sides, so far there has been no reaction that would have any effect on other banking institutions in the county. A consolidated statement of all Pitt county banks as of December 31 reveals that at the beginning of the new year the Farmers Bank was the only institution reporting borrowed money, the other banks beginning the new year with a clean slate. The consolidated statement showed total resources of \$6,403,584.73 with deposits of \$4,985,528.97.

The bank occupies its own home at the corner of Pitt street and Dickinson avenue, on the edge of the tobacco district, and has played an important part in the growth of that particular section of town during the last several years. The institution enjoyed liberal patronage, especially during the tobacco season, and assisted materially in speeding up activities in that section of the town when the bring leaf season was at its height.

Another Street Car Dynamited At New Orleans

New Orleans, Jan. 31. — (AP)—The sixty fifth bombing of New Orleans street cars tore the floor boards from a trolley last night and shattered its windows. Mrs. Angelina Mangeni, 55, suffered from shock but three other passengers and the crew of the car were unhurt.

The dynamiting was similar to the other trolley explosions which have occurred intermittently since a strike of motormen and conductors last July. The car rolled over a bomb placed between the rails at a street intersection. Mrs. Mangeni was revived without medical attention.

An investigation by police and Federal deputy marshals had been fruitless early today.

Declares South Sympathetic to Organized Labor

Washington, Jan. 31. — (AP)—William Green, president of the American Federation of Labor, said in a statement today that as a result of information obtained on a speaking tour through the southern industrial centers he was convinced that "the south is sympathetic to the cause of organized labor."

Green spoke in Birmingham, Nashville, Knoxville, Asheville, Elizabethton and Richmond, emphasizing the stand of the federation for higher wages and better living conditions.

"Thinking men and women in the south understand labor's position on higher wages," Green said. "They understand, as do citizens in other sections of the country, that low wages is not a prosperity base. We must continue telling this story, that unorganized workers will understand, unite and apply this philosophy."

Bad Health Causes Wealthy Woman to Kill Herself

Chicago, Jan. 31. — (AP)—Money isn't everything, and Mrs. Elizabeth Welge, knowing it, is dead.

Her wealth was estimated in excess of half a million dollars which she inherited from her father. But her health was poor, and she blamed this for her act in a note found after police broke into her apartment yesterday and found her dead from gas. She was 61 years old.

FARMERS BANK CLOSES DOORS THIS MORNING

Large Withdrawals at Opening of Business Today Causes Suspension of Business

The Farmers Bank, financial institution located in the tobacco district of this city, closed its doors this morning. "Frozen assets" accumulating over a period of several years of operation made it inadvisable to continue operation and the suspension this morning, according to a statement of one of the officials, was to protect the interest of the depositors.

It was the first bank closing in the history of Greenville, and was greeted with surprise on all sides. The bank opened at the usual time this morning, but its doors were closed a short time later, with a note being tacked on the door explaining the action.

While the bank has been in operation for seventeen years, it was pointed out that it had never paid a dividend and about two years ago stockholders were required to stand a 75 per cent assessment in the hope of bringing over the difficulties. One or two large withdrawals immediately after opening this morning brought the cash on hand below the legal requirements and convinced officials that immediate action was necessary to protect the interests of all concerned and suspension of business followed immediately.

The bank was organized in 1913 with a capitalization of \$25,000. The capital stock was later increased to \$50,000 and when the institution closed today its actual capital paid in stock was \$43,550.

The published statement of the bank at the close of business December 31st, showed a total resources of \$381,642.90 with loans and discounts of \$203,169.42 and money borrowed, \$55,000. It was stated this morning that all public funds on deposit in the bank were secured and that in addition there were deposits, time savings and checking accounts totalling \$90,000. While no definite statement could be made pending arrival of state bank examiners hope was expressed that in the process of liquidation enough would be realized from the loans and discounts to repay the borrowed money and the depositors and prevent their suffering any loss.

While expressions of regret at the failure of the bank have been heard on all sides, so far there has been no reaction that would have any effect on other banking institutions in the county. A consolidated statement of all Pitt county banks as of December 31 reveals that at the beginning of the new year the Farmers Bank was the only institution reporting borrowed money, the other banks beginning the new year with a clean slate. The consolidated statement showed total resources of \$6,403,584.73 with deposits of \$4,985,528.97.

The bank occupies its own home at the corner of Pitt street and Dickinson avenue, on the edge of the tobacco district, and has played an important part in the growth of that particular section of town during the last several years. The institution enjoyed liberal patronage, especially during the tobacco season, and assisted materially in speeding up activities in that section of the town when the bring leaf season was at its height.

Report Rescue of Fishing Launch

Charleston, Jan. 31. — (AP)—Radio dispatches received here this morning told of the rescue of the Robert W., a fishing launch, which had been fished—lost in heavy seas.

The launch, with seven men aboard, was being towed to port and a Coast Guard patrol boat had been dispatched to relieve the steamship Elizabeth, which effected the rescue of her tow.

The meager dispatches indicated that Robert W. was drifting helplessly, without fuel or anchors. It was picked up about 30 miles southeast of Charleston.

N. C. BAPTISTS PLANNING FOR BIG BIRTHDAY

Committees Arrange for Celebration of 100th Anniversary Here in March

Plans continue to assume definite form here for the Centennial celebration of the State Baptist convention to be held at the Memorial Baptist church in this city March 26 and 27th, according to information given out today by local committees.

Rev. A. W. Fleischmann, pastor of the local church, said this morning that he had written the chairman of the Convention program committee requesting him to report on the progress that has been made in preparation of the program. It is a known fact that several outstanding Southern Baptist will attend the celebration and appear on the program.

Local committees have already been completed for handling the thousands of fore Baptists expected to be present during the two days the convention is in progress, and Mr. Fleischmann recently sent a story to the Biblical Recorder setting forth the kind of accommodations which the visitors may expect while here.

The celebration is of outstanding interest to every member of the denomination in the state in view of the fact that it is the first time the Baptist have ever observed a birthday. The convention was organized in Greenville March 27, 27, one hundred years ago, in the Memorial Baptist church, but which was then known as the Missionary Baptist church.

The following committees are directing the several activities in connection with the celebration.

General Committee: Mr. Richard Gorman, chairman. Mr. J. B. Kittrell, Mr. D. J. Whitchard, Jr., Mr. Julian J. White, Mr. E. G. Flanagan, Mr. J. H. Boyd, Mrs. J. B. Spillman, Mrs. J. L. Fleming, Mrs. G. J. Woodward, Mrs. C. S. Forbes.

Entertainment committee: Mr. J. B. Kittrell, chairman. Mr. J. B. Spillman, Mrs. G. J. Woodward.

Publicity committee: Mr. David J. Whitchard, Jr., chairman. Mr. Herbert Utley.

Place of Meeting committee: Mrs. C. S. Forbes, chairman. Mrs. J. B. Spillman, Mr. E. G. Flanagan.

Church improvement: Mr. J. H. Boyd, chairman. Mr. A. E. Hobbgood, Mr. Charles Shuff.

Mr. Fleischmann has sent the following story to the Biblical Recorder: On March 26th and 27th, the North Carolina Baptist State Convention will meet in its adjourned session in Greenville to review the work of the past century. In as much as that date will soon be at hand we wish to enlist the cooperation of our Baptist people in making ready for their visit to Greenville.

Will you kindly send us word that you are coming so that we may reserve a room for you? We appeal to our churches to send us a note indicating the number of delegates we may expect. This is a meeting extraordinary of the convention and we have no precedent to follow. Advance information of this kind will help us greatly in our effort to entertain our people.

The following accommodations will be available: Rooms in homes will be provided in accordance with the customary Harvard Plan, room and breakfast at \$1.00 per person.

Hotel accommodations are as follows: Hotel Proctor, Greenville, 100 rooms. Single rooms with bath, \$2.50; double rooms with bath \$4.00; single rooms without bath, \$1.75; Double rooms, without bath, \$3.00. Princeton Hotel, Greenville, 26 rooms. Single rooms, with bath, \$2.00; double rooms with bath \$4.00; single rooms without bath, \$1.50; double rooms without bath, \$3.00.

Accommodations can best be secured in the above hotels by making advance reservations because of limited space.

Within a radius of 15 to 45 miles from Greenville the following hotels are available: Kinston Hotel, Kinston; Cherry Hotel, Union; Davis Hotel, Farmville; Goldsboro Hotel, Goldsboro; Bland Hotel, Rocky Mount; Louise Hotel, Washington; Farrar Hotel, Tarboro.

Please send communications to Mr. J. B. Kittrell, E. Third street, Greenville, N. C., chairman of the entertainment committee. Your fullest co-operation in this matter will be thoroughly appreciated.

A TIME FOR SANE ACTION.

While the closing of the Farmers Bank here today is to be much regretted, it is to be hoped that our people will not let themselves be thrown into a feeling of panic as a result and cause them to plead more hard times.

All these disarmament conferences, the Kellogg Peace Pact and similar moves are fine gestures, but if America really wants to help bring about world peace, why don't it take the proper and surest course by entering the League of Nations?

and hysteria might spell disaster.

THE BEST WAY TO WORLD PEACE.

The following editorial in our yesterday's issue was so jumbled because of typographical errors that its meaning was lost, and we reprint it today in its corrected form.

From the way Will Rogers reports the progress of the London disarmament conference it would appear that it has fallen into the rut of commission and committee appointments so typical of the present administration of our government with little or nothing being accomplished beyond passing the buck on to some commission that in turn passes it along to somebody else.

Here's what Bill had to say about it yesterday:

"Well, the conference met today and appointed a commission to meet tomorrow and appoint a delegation who will eventually appoint a sub-committee to draw up ways and means of finding out what to start with first."

Greenville and Pitt county certainly had a good taste of winter during the last two days. With rain, snow and sleet as a menu the section has been treated to more kinds of weather than it has had at one time in many a day.

In fact it is the first time in the last few years that the countryside has been covered by a blanket of ice, and those who have to be out in the open hope it will be the last time for many years to come.

However, the majority of us will be glad to have the bad weather, if it is bound to be a part of the season's program. The sooner it is over, the sooner we shall have the balmy days of spring to lighten the heart and sause our thoughts to turn to the joys and pleasures of the summer season.

More legal documents have passed through the office of the register of deeds of Pitt county during the last six months than any other single period in years.

This indicates, among other

COLDS COST MONEY

things, that there is a considerable amount of business going on over the county despite the plea of financial shortage and hard times.

Many of the papers involve the transfer of farm land and city properties, and indicate that a considerable amount of money is being exchanged between the various parties involved.

Then, too, there are other papers taken as security or loans extended to farmers making preparations for the cultivation of the next crop, and for other lines of endeavor.

Optimism is the thing needed by members of the American Legion at this time, if the opinion of leaders of the organization count for anything.

The Legionnaires should be sanguine concerning the outcome of the future endeavors and attempt to make them possible by giving the best they have even as they gave to make the winning of the war possible.

The ex-serviceman—the man who sacrificed so freely in behalf of civilization—holds the destiny of the nation in his hand, many of the leaders believe, and it is for this reason they are attempting to awaken the former soldier to the responsibilities resting upon him at this time.

Many influences are at play attempting to tear down the principles for which the American soldier fought, and it is his duty to come to the defense of his county today as much as it was when the tail went out for volunteers in the World War.

These influences must be combated, and the best way to combat them, leading men believe, is through the activities of the American Legion. The Legionnaire knows the power of mass action. He knows that individualism does not pay and that he will rally around the great cause of the nation today as he did

during the war, cannot be doubted in the least.

What Greenville and Pitt county need at this time is not talk about hard times but a spirit of optimism that will enable the section to carry over until another planting season brings some of the prosperity lost in the crop failure last year.

It is no use to complain about the things that might have happened. Sad repining tends only to discourage the stout heart of another attempting to overcome circumstances over which he has no control, hoping that work will bring something better in the future.

The spirit of optimism must dominate the heart of the business man, the professional man, the teacher, the preacher and the thousands of other people attempting to restore lost confidence. It is, no time for quitting the task begun years ago. The road to many a success has been paved by failure. It is bitter, cold philosophy, but nevertheless, should prove an inspiration to those who feel like giving up because they can't see the silver lining in the dark cloud hovering about them.

Have you paid your taxes? If not, why not get busy and make an effort to do so at once. A penalty will be added to up-

paid taxes during the month of February, making it that much more difficult to meet the obligation.

You may be one of those who thinks the county or the city can get along without the money due them. That may be true for a length of time. But suppose everybody thought the same way about it? The answer is at once evident. The county and city would be on the brink of poverty, in far worse shape than you or the man pinched by hard times.

If it is impossible for you to meet your taxes, at this time, go up to the sheriff or the city clerk and tell him so, and then make some arrangements concerning the future payment of same. You will feel better and the city and county officials will know exactly what to expect.

OPEN FORUM

Editor Reflector: Allow me space in your most esteemed paper to say to the party who called my office yesterday to make sarcastic remarks about the "now on the sidewalk, that while I do not know his name, I think if he

has any business on earth he could very well use his time attending to it and allow me the right to look after mine. In my opinion, any person who uses the phone without giving his name for such a purpose is so low he would have to use a step-ladder to kiss a snake.

ALLIGATOR TURNS UP IN ORANGE COUNTY

Chapel Hill, Jan. 30.—A crowd of curious University students gathered in front of Davie Hall here this week to see a live young alligator, some 37 inches in length, that I. E. Clark, Orange county farmer, caught on his farm.

Mr. Clark explained that he had caught the reptile in a swampy rain-soaked section of his farm, which is located on the Durham road about 3 miles north of here.

Biology students estimated the alligator's age at from 10 to 20 years. Its small size, they said, was probably due to living in a cool climate. The reptile appeared nonchalant

enough to the spectators and hardly moved, but kept close to the ground as if suffering from the cold. No one could explain its presence in Orange county.

Continue Search for Boat Charleston, S. C., Jan. 31.—(AP)—Search was continued today for the fishing boat Robert W. Reported missing off Charleston with

seven negro fishermen believed to be aboard. The Robert W. was last sighted Wednesday morning 15 miles southeast of the Charleston lightship. It was due here Wednesday but failed to show up. Coast Guard boats yesterday searched the sea off Charleston for the craft but failed to find any sign of it. The quest was continued today.

Edward Thomas and Charles King, students of Duke University, are home for a few days.

Mr. and Mrs. Charles Pierson, of Washington, were Greenville visitors today.

RESOLUTION ON THE DEATH OF H. E. AUSTIN.

We, the faculty of East Carolina Teachers College, feel deeply our irreparable loss in the death of one of our most valuable and beloved colleagues, Herbert E. Austin, who, as a charter member of the faculty, helped lay the foundation of the institution and whose indomitable faith, fine spirit, and untiring zeal, throughout twenty years of unbroken service, have left upon it an indelible stamp.

Mr. Austin was a great teacher, a worthy co-laborer, a strong administrator, and a staunch advocate of universal education. The state owes him a debt of gratitude for his constructive work in helping to build up high standards in the teaching profession, and the community for his wise leadership in religious, fraternal, and social organizations.

We believe his influence will ever be felt by thousands of young women who came in contact with him in college life. They will never forget his excellent instruction in the use of the tools of education, his wise precepts enunciated in his rich, clear voice, the poise with which he presided, the sanity of his outlook on life, the logical solution of the problems they presented to him, the pointed advice, with sympathy and understanding, he always gave them.

We who knew him well wish to pay tribute to him not only as a professional man and as a leader, but as a man, one of great strength of character, of profound religious faith, of loyalty in friendship and in all personal relationships, and as one who was a lover of the finer things in art and life.

We, as faculty, wish to have this expression of our sense of loss and our appraisal of our fellow-worker go on record in our minutes and we wish to rededicate ourselves to the task of carrying on the work to which he dedicated his life and to pass on his standards to future generations of teachers and students who will rise up and bless him for the work he has done for posterity.

We wish to have copies of this memorial sent to the local papers and the college paper, the Teco Echo, for publication, and to the family.

GREENVILLE FROM A DISTANCE.

(By Loy E. Ballard, Asheville, N. C.)

They say it's over three hundred miles from Asheville to Greenville, but it didn't seem so far the other evening when we turned the radio on. There was the voice of Mr. C. B. Rowlett just as plain as the nose on your face, and that talk about the old town made us "rare" up with pride and say, "My! how the old town has grown!" It was all fine and dandy, Greenville, old dear, come up on the air again.

higher and the lower priced seats. All the seats except those reserved for the college students are placed on sale. School girls and boys are given a rate of half price.

The Festival Opera Company gives one of the most interesting productions of this favorite opera ever presented in America. They have made it possible for the people who cannot go to the big opera houses in the larger cities to see and hear grand opera by bringing it to the people.

This opera is especially suited to their purposes. It has a comparatively small cast, has an interesting and romantic plot, is full of humor, so the audience gains by having the lines spoken in English. None of the humor is lost, and the plot can be easily followed. The stage setting is simple and can be managed on any fairly good stage. The music is tuneful and beautiful and does not require a full-fledged orchestra. Voices and the piano can bring out the lovely melodies, and the sparkling arias.

Most of the singers in the cast are American born and can sing in English, yet they have had the very best foreign training and experience. Most of the foreign-born artists scorn singing in English. One can get a fine idea of the essentials of grand opera and can enjoy the plot, the fun, and the music.

Mission School Closes at Local Baptist Church

The School of Missions which has been in progress at the Memorial Baptist church since last Sunday came to a conclusion last night. The closing resulted from the severe cold weather that prevented expected attendance.

In spite of the inclement weather, however, Rev. A. W. Fleischmann reported today that there were approximately 198 students enrolled for study, and that considerable progress was being made when the elements interfered.

The workers were to have visited Bethel and Farmville yesterday but were prevented doing so by the dangerous condition of highways caused by sleet and snow of the day before.

Miss Emma Lachman and Miss Alva Lawrence were in charge of the classes.

ARRAIGNMENT OF MINISTER AWAITS VICTIM'S CONDITION

Ottawa, Ill., Jan. 31.—(AP)—Arrestment of Rev. James A. Wilson, 60-year-old pastor of the Mendota, Ill., Methodist church, on preliminary charges of attempted murder today awaited word of the condition of Amos Elliott, church janitor, shot and wounded by the pastor.

Wilson wounded Elliott and his wife in a dispute Wednesday at the Elliott home in Mendota; then he returned home and attempted suicide.

Although the wounds of none of the three at first were regarded as serious, State's Attorney Russell O. Hanson, of LaSalle county, said today that Elliott's condition was worse and that arraignment on the formal charges filed yesterday would be held up pending a report from Elliott's physician.

Here's a slight variation of the slogan of Greenville as given over the radio by Mr. Rowlett the other evening. It's revised to express the feelings of the writer—"Our Greenville—even after we leave it!"

We ring off. Call 533 if you're ever in Asheville.

NINE WIDOWS OF TURKISH RULER RECEIVE \$50,000,000

New York, Jan. 31.—(AP)—A London dispatch to the New York Times today said that after a five year legal battle nine surviving widows and 13 children of Abdul Hamid, sultan of Turkey who was deposed in 1909, have obtained \$50,000,000 from the ruler's \$1,500,000,000 estate.

Greece, it was reported in London offered \$50,000,000 to Abdul's former favorite, now living in poverty in various capitals of Europe. The Aegean financial Trust Ltd., of London, hopes to get for them \$1,000,000,000 from Iraq.

Abdul, who died in prison in 1918 was said by some to be the richest man in the world. A number of British and American financiers have backed the contention of his heirs that confiscation of his properties during and after the World War was illegal. Greece's offer concerns properties acquired from Turkey and under post war treaties.

Married Again

New York—Gwen Taylor, actress and daughter of an army aviator, who says he has parachuted from planes seven times in Daddy's safety device, has leaped into matrimony again. Jimmy Ardell, who was in a show with her, is her second husband. Her first marriage, to James Davis, another actor, was followed by an annulment. Betty Grance Tucker is Gwen's real name.

Keep The Home Fires Burning

"Purity — Service — Economy — Reliability"

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Jan. 31.—(AP)—The cotton market opened steady today on an advance of 8 to 15 points in response to relatively steady Liverpool cables. The extent of the recent decline seemed to have created reactionary sentiment and there was rather active covering which appeared to be combined with some trade and commission house buying.

May sold up to 16.51 and October to 16.92 on the initial demand, but buyers seemed to be getting their contracts at the advance, and the market soon weakened under a renewal of more or less general selling or liquidation.

Some of the early buyers resold as prices broke into the new low field, and the market was rather unsettled at the end of the first half hour. May sold off to 16.29 and October to 16.70, making net declines of about 6 to 12 points.

Dec. 17.05 17.13 16.88 17.03 16.90

GRAIN MARKET

Chicago, Jan. 31.—(AP)—After collapsing today to about 50c a bushel below the season's top price level, wheat values here recovered to about yesterday's finish. Reports of frost damage to the domestic winter wheat crop southwest were a factor in causing the market to recover and so too were assertions that new wheat in Argentina available for prompt shipment is becoming scarce. With Argentine and Australian shipments smaller than a week ago, it was contended in some quarters that importing countries have practically no alternative but to center upon North American wheat.

Wheat closed unsettled here, future deliveries finishing at the same as 24 hours before to 3-8c higher. Corn closed 1-4c to 1-3/8c advanced, oats unchanged to 1-2c up, and provisions ranging from 7c decline to 1-2c up, and provisions ranging from 7c decline to a rise of a shade.

STOCK MARKET
By STANLEY W. PRENISEL—New York, Jan. 31.—(AP)—The stock market showed increased activity and strength today with the oils and the Public Utilities in the forefront of the advance. Profit taking sales swept the market, at intervals, but they were generally well absorbed, the best prices of the day, as a rule, being recorded in the afternoon trading.

Reversing the procedure of recent sessions, call money opened at 4 per cent, the lowest renewal rate since January 27, 1928, and then advanced to 4 1/2. Bankers' Acceptances were reduced 1-8 of 1 per cent for all maturities. Time money and commercial paper rates held steady.

N. Y. STOCK LIST

There was little in the day's news to influence the price movement. Broadstreet's Weekly Review continued to be characterized by "fair and quiet," but sets forth that "taking the month as a whole, industry has shown definite expansion, and there is no question but what employment has likewise expanded from its low levels of December, while on the other hand, operations are not so active nor is buying so well advanced as a year ago." The Studebaker Corporation omitted the usual quarterly stock dividends of 1 per cent but Allis-Chalmers and Sears Roebuck made public excellent sales statements, the latter for the first period of its new 12 month calendar.

Heavy buying of Standard Oil of New Jersey, which crossed 65 for a gain of more than 2 points, started a brisk demand for the other oil shares. Prices advanced 3 points, started a brisk demand for the other oil shares. Several other issues advanced a point or more.

Specimens ran into further selling on the announcement of new financing but early declines of a point or more in Montgomery-Ward, Sears Roebuck, Safeway Stores and Cluett Peabody were made up.

SINGER TO FIGHT RUGGED CHILEAN

New York, Jan. 31.—(AP)—Lightweights hold sway in Madison Square Garden tonight as Al Singer, 135-pounder from the Bronx, takes on Rugged Stanislaus Loayza of Chile in a ten round bout.

Rated by some critics as the man most likely to remove the lightweight crown from Sammy Mandell's head, Singer has been established a 2 to 1 favorite over Loayza. The Chilean is a rough customer, apparently impervious to punishment, but he is not as fast, not as good a boxer nor as heavy a puncher as Singer.

Dr. Conrad, who holds a decision over Rene De Vos, the Belgium sharpshooter, meets the free-swinging blonde, Harry Ebbets, Freeport, N. Y., middleweight, in the ten round semi-final.

White's Theatre

FRIDAY-SATURDAY

"Broadway Scandals"

With Sally O'Neil and Jack Eagan.

All-Talking, Singing and Dancing.

A North Carolina Farmer

E. B. Faulk, Jonesboro, N. C., made 46.9 bu. of corn per acre when he used 300 lbs. Chilean Nitrate per acre with acid phosphate and potash. On corn fertilized with only acid and potash—no Chilean Nitrate—he made only 29 bu. per acre. A clear increase due to Chilean Nitrate of 17.9 bu. per acre.

Chilean Nitrate is not synthetic. It is mined and refined in Chile, largely by American capital, brought here in American ships and sold to American farmers at a low price.

See your local dealer. If he does not carry Chilean Nitrate, he can easily get it for you.

Free Fertilizer Book

Our new book, "How to Fertilize Corn in the South," tells how to make a real corn crop. It is free. Ask for Book No. 5, or tear out this ad and mail it with your name and address written in the margin.

1830-1930... One hundred years of fertilizer service to American agriculture.
