WOULD HAVE NAVAL TREATY EXPIRE IN 1936

Prime Minister MacDonald Sets Forth Britain's Views at Naval Parley

London, Feb. 7. (AP)—Prime Minister MacDonald this afternoon issued a pronouncement of the British government's policy for the naval conference which members of the American delegation declared was regarded as complete acceptance of points put forward in the American statement late yesterday.

Aldermen Contribute \$250 To Emergency Relief Fund; Put On Sanitary Inspector

The emergency relief fund of this community has been enriched by the sum of \$250. This amount was contributed by the Board of Aldermen in regular monthly meeting at the city hall last night to help provide for the local situation arising from crop shortages and subsequent unemployment.

PUBLISHER MUST PAY \$6 00 FINE

LaVarre Required to Pay Fine Because of Failure to Make \$2,000 Bond

Spartanburg, S. C., Feb. 7.—(AP)—William LaVarre, the newspaper publisher, is \$600 poorer today. Because of failure to make \$2,000 bond for his appeal after being found guilty of contempt of court, he has forfeited \$600, the amount of the fine posted temporarily in lieu of bond, court officials here announced today.

Famous 'Pig Woman' of Hall - Mills Case Dies at Jersey City

Jersey City, N. J., Feb. 7.—(AP)—Mrs. Jane Gibson famous "Pig Woman" of the Hall-Mills case, died at the Jersey City hospital today. The farm woman who attained world wide publicity late in 1926 when she testified from a cot in the Somerville courtroom, as star witness against Mrs. Frances Stevens Hall and her brothers, Henry and Willie Stevens, acquitted December 3, 1926, of the murder of Mrs. Eleanor Mills, died at 11:45 A. M. in a cot in ward five, to which she had been admitted January 28.

Twenty Miners Killed By Explosion In Utah; Eight Others Are Missing

Salt Lake City, Utah, Feb. 7.—(AP)—Eighteen mine workers were dead today and the fate of eight others was unknown as rescue crews delved into the lower pockets of a coal mine at Standardville, Utah, following a terrific explosion which rocked the mountain side late last night and crumbled the walls of the mining tunnels. Of the eighteen bodies located in the various slopes of the mine, 16 had been identified. Four men escaped alive.

DEMOCRATS VICTORIOUS ON TARIFF

Win Skirmish in Senate Today for Reduction of Duty on Red Lead

Washington, Feb. 7.—(AP)—Democrats started on another tariff-slashing drive in the Senate today, winning by 37 to 35 a reduction in the present duty on red lead from 33-4 to 21-8 cents a pound. Senator Harrison, Democrat, Mississippi, proposed the reduction. Previously his forces, supported by the Republican Independents, had accomplished a cut in the rate on litharge, a lead pigment used in the manufacture of glass and pottery from 21-2 to 21-8 cents a pound. No record vote was taken on this amendment.

London, Feb. 7.—(AP)—Prime Minister MacDonald in a statement issued today said the British government proposed that the naval treaty to be drawn at London should run until 1936 and that in 1935 a further conference should be called to review the existing world situation.

FAVOR GIVING HOUSE SEAT TO REPUBLICAN

Elections Committee Reports Findings in Wurzbach - McCloskey Controversy

Washington, Feb. 7.—(AP)—A House elections committee reported today it was unanimously in favor of giving Harry M. Wurzbach, Republican, the seat now held by Representative Augustus McCloskey, Democrat, from the 14th Texas district. The chairman, Representative Sears, Republican, Nebraska, announced the stand of the committee after an executive session. The report has not yet been made to the House, since it is not in final form, but the statement by Sears was taken to mean that the controversy was virtually at an end.

WELL KNOWN GRIMESLAND WOMAN DEAD

Mrs. J. O. Proctor Succumbs to Short Illness at the Noon Hour Today

Mrs. Betty Johnson Proctor, wife of the late J. O. Proctor, one of the most prominent business men of the Grimesland community, died at noon today as the result of a stroke of paralysis which she suffered last Tuesday. She was 69 years of age. Funeral services will be conducted from the Grimesland Christian Church tomorrow afternoon at 2 o'clock by Rev. W. A. Davis, pastor of the church. Burial will be made in Greenwood cemetery in this city. Mrs. Proctor was one of the best known women of Grimesland and for years was prominent in the social and religious life of the community.

TAFT STILL CONTINUING TO IMPROVE

Former Chief Justice Able to Take More Nourishment and Is Resting Easy

Washington, Feb. 7.—(AP)—Physicians attending former Chief Justice Taft in an official bulletin at 11:30 A. M., today said that he was continuing to improve. It was added that Mr. Taft was taking more nourishment and was comfortable. The text of the bulletin follows: "The Chief Justice continues to improve. He is taking more nourishment and is comfortable. Sigsbee, Dr. Thomas A. Clayton and Dr. Francis R. Hagner."

LOCAL WOMEN WILL ATTEND A. A. U. W. MEET

Delegation Left Here This Morning for Annual Convention at Charlotte

Mrs. J. E. Winslow, Mrs. E. L. Hillman and Misses Madeline Miller and Mamie E. Jenkins left today for Charlotte where they will attend the annual meeting of the North Carolina Division of the American Association of University Women which opened in that city today. The session will continue through Saturday. The members of the Charlotte Branch, acting as hostesses, have arranged to receive the visiting speakers and delegates on Friday afternoon with a drive around the city followed by tea at the home of Mrs. F. O. Clarkson.

TOBACCO FIRM BUYS GORMAN LEAF FACTORY

McGowan & Cannon to Remodel Building for the Sale of Leaf Tobacco

Announcement was made today by McGowan and Cannon, owners and proprietors of McGowan and Cannon's warehouse of this city, that they had purchased the Gorman tobacco factory which adjoins their large tobacco warehouse. This addition will be remodeled and put in the best of condition for the sale of leaf tobacco at auction. McGowan and Cannon have been one of the leading warehouse firms in Greenville for a number of years. Their warehouse contains about 50,000 square feet of floor space, or about one day's sale. The new addition will give them a total of about 70,000 square feet of floor space which will be among the largest warehouses in the city.

CHICAGO PAYS OFF ON THE SCRIP PLAN

Arrange Plans to Cut Cotton Crop

Chicago, Feb. 7.—(AP)—The city today began paying off some bills and some employees—in scrip. Tax anticipation warrants, bearing the signatures of Mayor Thompson and Deputy Victor Petterson were made available to policemen, firemen and other employees who expressed a willingness to take their back pay in this manner. There was no general issuance of the warrants, however, those who wanted to be paid with scrip were obliged to appear at the comptroller's office and request them. The problem of cashing the warrants rested entirely with those who received them. In cases where employees found themselves financially able to retain the tax warrants, they possessed paper calling for six per cent interest. Although it was pay day for school teachers, they received no money. H. Wallace Caldwell, president of the school board, is in New York City seeking money to meet the school payrolls. The total now due the teachers, who have not been paid since Christmas Eve, exceeds \$4,445,000.

Mountain Slide Blocks Highway

Erwin, Tenn., Feb. 7.—(AP)—Two highways leading from here to Asheville were blocked six miles south of Erwin today as the result of a mountain slide which covered the road for a distance of 75 feet. The slide occurred at a point a mile of Earnestville, where the highways divide, one going to Asheville, via Marshall, and the other across the mountain to Burnsville and Asheville. Highway maintenance workers said the slide apparently was caused by the recent warm weather melting the heavy snows which loosened the side of the mountain. They said some of the boulders would have to be blasted before the route could be cleared.

Former Mrs. Bishop Goes to Altar Again

New York, Feb. 7.—(AP)—Friends of the former Mrs. Gloria Gould Bishop, 24-year-old daughter of the late George Jay and Edith Kingston Gould, were surprised today to learn that she had become a bride for the second time. She was married secretly yesterday to Walter MacFarlane Barker, 31, New Yorker, by Magistrate Bernard J. Douras in his chambers in Yorkville court. Joseph and Ada Barker, brother and sister of the bridegroom, witnessed the ceremony. Mrs. Barker was first married to Henry A. Bishop, Jr., when she was dissolved by a divorce granted in Reno, Nev., January 21, 1929. They had one child, Gloria, four years old. Five months after the divorce Bishop married Edith L. Weed, of Norwalk, Conn.

Former Harvard Student Held in Blackmail Threat

Boston, Feb. 7.—(AP)—A 25-year-old former Harvard student, Allan E. Burke, was held today on a warrant charging him with being the author of a \$5,000 blackmail threat aimed at the debutante daughter of Donald McKay Frost, Boston lawyer. Investigation by police and private agencies, with the surveillance of Burke and his associates the past week, led to his arrest late last night. The arrest of other persons, including a woman, police said, is expected. On January 24 the Frost family received a letter threatening that the character of Mary Ryerson Frost, 18-year-old daughter, would be attacked unless \$5,000 was left in a secluded spot. No money was left and police watched in vain. A telephone call, another letter and two telegrams the next day repeated the demand, warning "Last chance tonight between 8 and 9. Newspapers are ready for story." The signature "X" was attached. A decoy package was left but no one tried to secure it. Police said a telegraph operator at a hotel had identified Burke as the man who sent one telegram. A handwriting expert compared his writing with the blackmail letter and his arrest followed. Burke was dropped from Harvard at the end of his freshman year in 1924 for failure in his studies and in recent years had been an interior decorator and sold antiques. His home is in Brookline and his family are socially prominent.

NEWS BRIEFS FROM THE TWO CAROLINAS

Cheraw, S. C.—(AP)—Parnell Meehan, a member of the Chesterfield county delegation in the state legislature, was found guilty of charges of attempting to bribe a county commissioner. Sentence has not been passed. Winston-Salem, N. C.—(AP)—Harvey Bowles, Bedford Bowles and Norman Slate were injured in an automobile collision near here. Monroe, N. C.—(AP)—Mrs. A. D. N. Whitley is in a hospital here as a result of a crash between her automobile and a school bus near Monroe. Spartanburg, S. C.—(AP)—A verdict of \$10,000 has been awarded to Mrs. Helen D. Moseley by the court here against the Southern Railway in connection with the death of Carlos Moseley. Gastonia, N. C.—(AP)—No new evidence has been discovered in the solution of the death of Mrs. Ella May Wiggins, Solicitor John G. Carpenter has announced. High Point, N. C.—(AP)—Frank Matthews, High Point negro, was killed by a railway train at a crossing near here. Asheville, N. C.—(AP)—J. Frank Richardson, Jr., Greenville, S. C., business man, is held under \$5,000 bond in connection with the death of Mrs. Maude McMillan of Spartanburg. The woman was killed in an automobile wreck. Durham, N. C.—(AP)—Ed Cuffie, negro, wanted in connection with the murder of Sheriff S. A. Willis, at Greenville, S. C., has been arrested here and returned to Greenville.

REASSMENT WORKER QUIT DAWES HOME

Evanston, Ill., Feb. 7.—(AP)—Ambassador Charles G. Dawes, over in London today, may be relieved to know that two men walking around his home here yesterday, peering into windows mysteriously, meant no harm. A police squad pounced upon the men as they were gazing raptly into a basement window of the Dawes home. It turned out the men were reassessment workers, one of them being George Cutmore, one of them being Charles, is in charge of the assessment.

Carnation Kid Shot to Death

Tempe, Fla., Feb. 7.—(AP)—Weldon G. Peoples identified by authorities as the "Carnation Kid" of St. Louis was shot to death here last night in a pistol battle with Sheriff R. T. Joughan and a party of deputies, who attempted to arrest him for questioning. Peoples who held a gun in each hand, opened fire, authorities said, as the officers entered a resort on the outskirts of the city. A card found on Peoples gave his address as 403 West C. Street, Joplin Mo. Peoples was wounded fatally by a bullet which struck him in the head. The Sheriff and his ten deputies were not injured. Sheriff Joughan said he went to the house after receiving information that several gunmen had arrived here for a series of "Big Jobs."

Continue Hearing of Whiskey Cases

Oklahoma City, Feb. 7.—(AP)—Customary preliminaries disposed of, the 17 defendants still remain in the Potawatomi county liquor conspiracy case prepared today to defend themselves against government charges that they played prominent roles in the liquor situation in the oil fields of the county. The ranks of the defense, already thinned from the 102 originally indicted by pleas of guilty, death or flight, were further depleted yesterday as Roy St. Lewis, United States district attorney, moved for dismissal of six defendants, explaining he was unable to produce sufficient evidence against them. Edgar S. Vaught, United States District judge hearing the case, eliminated three more by sustaining defense demurrers.

Chicago Pays Off On the Scrip Plan

Chicago, Feb. 7.—(AP)—The city today began paying off some bills and some employees—in scrip. Tax anticipation warrants, bearing the signatures of Mayor Thompson and Deputy Victor Petterson were made available to policemen, firemen and other employees who expressed a willingness to take their back pay in this manner. There was no general issuance of the warrants, however, those who wanted to be paid with scrip were obliged to appear at the comptroller's office and request them. Arrange Plans to Cut Cotton Crop

Jackson, Miss., Feb. 7.—(AP)—The perfection of details of a program for the reduction of 1930 cotton acreage today engaged the acreage commission of the American Cotton Co-operative association as a three day conference came to a close here. The members of the commission last night attended a dinner given to 20 campaign producers of corn and cotton in the southern states and heard an address by Dr. Carlos G. Davila, ambassador from Chile. The dinner was given by the southern agricultural workers, and the growers honored included: J. Wilson Alexander, John A. Brown, North Carolina; B. R. Smith, Jr., White, South Carolina, and Carroll Campbell, Virginia.

THE COUNTRY NEWSPAPER.

The country newspaper is becoming more and more a community newspaper—the community in the sense that towns and smaller cities are gradually spreading into the rural regions.

The rural and interurban population have so much in common, with the telephone, rural mail, parcel post and better highways, that they are more like one big neighborhood.

More farmers are building homes in towns and smaller cities to give their children the advantages of high schools, colleges and business opportunities.

In all lines of social development the community newspaper is playing its part and is becoming a more valuable property from an advertising standpoint and as a leading factor in the co-operative growth of city and country.—Portland, Oregon, Manufacturer.

STRETCHING FEDERAL GENEROSITY.

Under color of co-operation in the government program of combating unemployment in an emergent situation the Senate has passed, with unimportant amendment, the House bill heavily increasing appropriations for Federal aid in highway construction for the next three fiscal years.

This measure authorizes an addition of \$50,000,000 to the \$75,000,000 already proposed as the government's contribution to road building in the year beginning July 1 next, and fixes \$125,000,000 as the annual measure for the following two years.

Probably the extension of the helping hand in a crisis is justifiable, but nobody in Congress can believe that the present emergency is likely to continue until June 30, 1933. The danger is that the Federal aid advocates, like the camel which got its nose under the tent and eventually inserted its whole body, will be encouraged by the success of their manoeuvre. — Philadelphia Bulletin.

Tar Heel Relay Team Off for Millrose Event

Chapel Hill, Feb. 7.—A team of five Tar Heel speedsters, headed by Director of Athletics R. A. Fetzer, but minus the services of Captain Dave Nims, was to leave here at noon today for the classic Millrose games in New York City.

Minor Barkley, Dick Garrett, and Ken Gay, lettermen; and Charlie Farmer and Lionel Weil, sophomore sprint stars, made up the quintet.

From this number will be picked the four who will carry Tar Heel colors in the select mile-relay of the Millroses of Saturday. Lafayette, Rutgers and New York City college will furnish the opposition.

Track Captain Dave Nims is out due to sinus and is not to make the trip. The blow was a hard one to Tar Heel hopes, for Nims is the Tar Heels' fastest quarter-miler.

The team is to arrive in New York tomorrow morning, in time for a light workout, before the big race. Besides participating in the mile-relay, Farmer is slated to take part in the sprint events.

supposed they have a hard time of breaking away from it.

But just for the sake of decency, it looks like the dissenters, or whatever term might be applied to the revolutionists eternally bringing about discord in government, they might at least remain quiet until a newly elected President gets through with the formalities of inauguration.

Mexico ought to become one of the leading countries of the world if the people would only stop fighting and get down to work. But it never will as long as so much political inharmonium and shooting of Presidents occurs.

It is said that the method of choosing Presidents is the cause of the dissatisfaction. If such is the case, they ought to change their system of election and arrange upon some plan whereby the revolutionary faction could be brought to some kind of terms.

But whatever the outcome of the controversy, the remainder of the world will continue to look on and hope for better things in the future. At least the easing up of the tension sufficiently to enable a President to assume the reins of government without getting his light "put out."

When husband and wife, living together, file separate returns, either may claim the exemption of \$3,500 or they may divide it between them, the husband, for example, claiming \$1,000 and the wife \$2,500.

Many errors have occurred in the returns of couples married during the taxable year. The revenue act provides that if the marital status of a taxpayer changes during the year, his personal exemption shall be determined by apportionment in accordance with the number of months he was single or married.

For example, a couple married on October 14 may file a joint return and claim an exemption of \$3,125, which is 9-12 of \$3,500, or \$1,125 for the husband, while single, plus 9-12 of \$1,500 for the wife while single, plus 3-12 of \$3,500 for the period during which they were married. Should they file separate returns, each is entitled to an exemption of \$1,562.50, which is 9-12 of \$3,500, plus 1-2 of 3-12 of \$3,500.

A similar provision applies to the head of the family. A taxpayer who on October 14 ceased to be the head of a family—the support in one household of a relative or relatives being discontinued—is entitled to an exemption of \$3,000, which is 9-12 of \$3,500, plus 3-12 of \$1,500.

With respect to the \$400 credit for a dependent, the taxpayer's status as of the last day of the taxable year determines this credit. If his support of such dependent ceases before the end of the year, he is not entitled to this credit.

Of course, it might have been better, but merchants who participated in "Dollar Day" here yesterday were well pleased with the outcome of the occasion.

There have been times when more merchants took an active part in the event, to be sure, but the lack of numbers did not prevent those who did put their bargains on the counter from realizing sales described as very satisfactory.

It indicated that the people of this great trade territory are as much interested in bargain days as ever and are going to attend and buy liberally despite the hard times reported to be visiting in different parts of the community. They figure a bargain is a bargain whether times are good or hard, and they bought in proportion to their requirements.

"Dollar Day" is the semi-annual event launched by the Merchants Association for the purpose of offering the people of this section bargains in practically every line of the merchandise field, and those who fail to attend miss some real values.

The occasion will become of greater significance with each succeeding year, and the next time will probably see more merchants and more bargains in active competition.

BIG ITALIAN KNOCKS OUT BILLY OWENS

New York, Feb. 7.—(AP)—There are no figures to prove it, but the suspicion grows that Primo Carnera, Venetian carpenter, will be the highest paid athlete in the United States within almost as short a time as it takes to tell it.

The giant Italian heavyweight knocked out Cowboy Billy Owens, Cherokee Indian from Guthrie, Okla., in three minutes and 25 seconds of fighting at Newark last night and boosted his total earnings in America to somewhere between \$40,000 and \$45,000.

Carnera has made three ring appearances since he came to this country and knocked out three men in total ring time of five minutes, 22 seconds. That makes his earnings average approximately \$8,000 for every minute he spent in the ring.

Owens made a better showing than either of Carnera's previous opponents although that may have been because the Italian was inclined to clown his way through the first round. The Italian knocked out Big Boy Peterson in 1 minute, 10 seconds of fighting in his first match here and Ko'd Elzear Rioux of Canada in 47 seconds at Chicago last Friday night. Owens lasted 3 minutes, 25 seconds.

Eight thousand persons jammed their way into the Newark armory and watched Carnera abandon his usual formula of getting his man as quickly as possible. The ambushing moved about the ring with great speed, boxing with Owens, wrestling his man around in the clinches when he wasn't blocking all the punches the red man aimed at him. Toward the end of the round Carnera sent home several hard punches to the head and body but Owens took them without flinching.

As the second round opened, Primo landed both hands heavily to the Indian's head. Owens' knees buckled and he went down on his shoulders as a heavy right caught him on the chin. The count of ten found Owens writhing on the floor and Carnera a victor in his third straight match.

Carnera weighed 276; Owens 220.

NEW YORKER TO MEET TEXAN

Chicago, Feb. 7.—(AP)—Harry Ebbetts, New York middleweight puncher, and Clyde Chastain of Dallas, Tex., will meet tonight in the 10-round feature of Promoter Jack Dempsey's sixth boxing program—an affair Dempsey will operate by remote control.

The card will be the only major offering of the week in Chicago and Dempsey was hopeful it would draw enough trade to enable him to get some of his money back. His five previous shows have provided plenty of action but have left him in the red financially.

FIGHTS LAST NIGHT

Newark, N. J.—Primo Carnera, Italy, knocked out Cowboy Billy Owens, Guthrie, Okla. (2); Buck Weaver, Medicine Lodge, Kas., stopped Jack Shaw, South Orange, N. J. (4).

Hartford, Conn.—Bushy Graham, Utica, N. Y., knocked out Al Hackow, Hazelton, Pa., (3).

Berlin—Harry Stein, Germany, defeated Frankie Genaro, New York, foul, (7).

Winterville Licks Greenville Cagers

In a closely contested basketball game in the Greenville gymnasium Tuesday night, the boys' team Winterville high school defeated Greenville by a score of 25 to 21. Winterville took the lead in the early minutes of the game and was never headed. A strong rally by Greenville in the closing minutes of the game fell short when the visitors resorted to "freezing" tactics.

J. Worthington, Winterville forward, was high scorer of the contest with 17 points. Smith, Greenville, was second with 9 markers. Lee, Greenville forward, exhibited some excellent floor work.

SPORTS SLANTS

Iowa's hastily made up football schedule for 1930 reveals a number of the main reasons why it will be distinctly to the advantage of the Hawkeyes to regain good standing in the western conference. Except for Nebraska, which again has shown its willingness to meet all comers by backing its neighbor, Iowa's slate lists no natural rivals. The Hawkeyes hardly can have much in common with a century, George Washington, Bradley Tech or even with Penn State, Detroit and Marquette, although the latter trio at least will furnish rugged grilling entertainment.

Iowans who resent what they regard as a holier-than-thou attitude among the other western conference colleges probably prefer to have the Hawkeyes proceed on their own. The fact remains, however, that Iowa's natural rivals are in the conference. It is only necessary to contrast her new football slate with that of last year, including games with Ohio State, Michigan, Illinois and Minnesota to make this clear. As a result, Iowa will be satisfied in the long run to swallow a few bitter pills and again make it a Big Ten.

There would not be much doubt about the football future of Albie Booth if Yale's mighty atom combined with his elusiveness the ruggedness of the lightweight sensation of professional hockey—Ralph Weiland of the world's champion Boston Bruins. Weiland scales around 135 pounds, the lightweight limit, but he has more than held his own in one of the roughest and toughest of all sports. Cooney has many of Booth's eel-like qualities for getting through an opening with the puck. Like Booth he also is kept out of the starting lineup and sent on the ice when decisive action is called for. He has led the National League scorers for most of the season.

Boston has a well-established claimant to world's heavyweight wrestling honors in Gus Sonnenberg but the "Better Business Bureau" of Gus's home town seem to get little if any thrill out of it. On the contrary, it has issued a bulletin charging that Sonnenberg in alleged "championship matches" in various parts of the country met the same opponent under different names. The Bulletin asserts that Sonnenberg engaged in a half dozen "title matches" in which the opponent was one and the same man, Dan Kelleff, of sparring mate.

The "brother act" has had many variations in boxing. A well known Mid-Western boxer fought against local boys under a variety of names. A prominent southern punch topper used the family chauffeur as an opponent while on tour. In New England recently was discovered the more recently was discovered the more realistic case of twin brothers, both boxers, one of whom assigned the other to take his place and also his licking.

WILDCATS TO TACKLE V. P. I. PONY EXPRESS

Charlotte, Feb. 7.—(AP)—Davidson is "Mystery" quint in the Big Five cage struggle, is rampaging through Virginia.

The Wildcats last night at Salem, Va., overwhelmed Roanoke College, 49 to 16, while North Carolina was taking a 39 to 24 drubbing from the mighty and undefeated Washington and Lee Generals at Lexington, Va.

Tonight at Blacksburg, Va., the Wildcats test their mettle against the V. P. I. Pony Express, a team licked 30 to 21 by North Carolina Wednesday. The Tar Heels will play Virginia tonight at Charlottesville.

Davidson conquered V. M. I., 35 to 27, Wednesday, and if the Presbyterians come through tonight with their colors high they will have a firing start for their clash Monday with Duke. The Wildcats and Blue Devils will do battle at Davidson in a match that will bear heavily upon the Big Five championship.

Davidson opened the Big Five season with a 22 to 20 victory over North Carolina, but since then has not played another Big Five game. Therefore, how the Presbyterians stack up in the championship race is largely a closed book. The Duke game Monday should go a long way toward telling the story.

The Devils, who have beaten everybody in the Big Five except Davidson are catapulting along at the top of the column with four straight victories. Comeron's crew,

CUYLER SIGNS UP WITH THE CUBS

Chicago, Feb. 7.—(AP)—Hazen "Kiki" Cuyler, fleet rightfielder of the National League champion Chicago Cubs, has had his new contract revised to read "two years" instead of "one year." Cuyler, in Chicago with his Pontiac, Mich., semi-professional basketball team, has agreed to terms offered by President William L. Veck, but wanted a two-year term—and got it yesterday.

ABOUT TOWN

Just when Mexico thought she was going to get by with an inauguration without the usual disorders, an assassin fired a bullet into the head of the newly elected President throwing the country into a turmoil that weeks will be required to quiet.

Social and Personal

Mrs. Curtis Duval and Mrs. E. L. Perkins have returned from a visit in Richmond, Va.

Mrs. Leslie H. Bowling, of High Point, is the week-end guest of her mother, Mrs. J. L. Carper.

Mr. and Mrs. C. W. Miller, of Washington, D. C., and Mrs. C. R. Leighton, of Goldsboro, are the guests of Mr. and Mrs. E. H. Wilson.

R. T. and Fountain Cox, of Winterville, were Greenville visitors today.

Mr. and Mrs. J. D. Cox, of Winterville, were here today enroute to Washington.

Edwards Matthews of Washington, was here today.

Mrs. Bryan Club Hostess

Mrs. Fred P. Bryan delightfully entertained the members of her bridge club last evening. The table appointments and other decorations were suggestive of the Valentine season. Mrs. L. H. Bowling was winner of bridge cards for high score.

Mrs. Dail Laughinghouse assisted the hostess in serving a tempting salad course and coffee.

Mrs. Dail Laughinghouse, Mrs. W. H. Bradsher, Mrs. George Stone and Mrs. Frank Bendall were guests of the club.

LOCAL MAN TO ATTEND WINDOW TRIMMING SCHOOL

During 1930 the window display school of the J. C. Penny company will operate 30 weeks, an increase of 4 weeks over 1929. Cleveland, St. Louis, and St. Paul have been selected as accessible centers for stores located in the east and middle western sections of the country and the southern and western states will be covered by sessions at Atlanta, Port Worth, Portland and Los Angeles.

The school is an outgrowth of a trial class conducted in 1927 which demonstrated its value by improved display methods on the part of those attending. Last year 132 selected representatives from among its younger men. Mr. Langrall, who has been chosen as the representative from Greenville because of his general ability and his interest in the subject, leaves for Atlanta on the 8th.

Notice to Patrons

Last night at a meeting of the Board of Trustees of the Greenville Graded Schools, the superintendent of schools recommended to the board that, in view of present economic conditions, the pupils of the high school be allowed the privilege of going home to lunch. The board adopted this recommendation of the superintendent along with his recommendation that the lunch period be lengthened to forty-five minutes instead of the present 30 minutes. This will necessitate the lengthening of the high school 15 minutes in the afternoon. Therefore, beginning Monday, the high school will dismiss at 3:25 instead of 3:10.

Our meat markets are clean and sanitary, and well stocked with all kinds of fresh meats at right prices. Give us a trial. Home Grocery Stores.

Living At Home

Facts and figures showing what can be accomplished at home on a small space of 200 square yards of ground in the city of Greenville, N. C. We grow enough vegetables to supply a family of three and have some for the neighbors. We have early sweet corn from June to September by planting every two weeks. Around the garden fence are string beans and lima beans. Also have on this same space of grounds, tomatoes, peppers, okra, turnip salad and after the above crops are off the whole garden is put into collards, which furnishes the table during the winter. In this garden are some collards now growing.

From the above vegetables raised in this garden, 35 cents were earned for table use in winter. Our menu calls for vegetable soup each Wednesday. So much for garden.

Take the hen yard adjoining this garden, of only 150 square yards of ground, which is divided into two yards. One has a grape vine for shade in summer time for the young chicks, in fall this space is sown in rye for green feed. From 50 hens we have gathered 180 dozen eggs during last year. Also raised 85 chickens for table use only. Local market price for eggs paid all expense for entire flock of birds, making a net profit of 95 young chickens ready for table.

This merely gives an idea of what can be done towards life at home in Greenville, N. C.

This was accomplished by the Chairman of the Garden Club.

You can get fresh country eggs and fat chickens from our stores. Home Grocery Stores.

Ray Barry Weds for Seventh Time

Rockford, Ill., Feb. 7.—(AP)—During his 34 years Ray Barry has been married seven times, and he is still a comparatively young man.

The seventh marriage took place yesterday. The bride was a former Mrs. Barry, having been number four, according to Barry's reckoning. Her previous marriage had been voided.

Yesterday's marriage was followed by developments. Another former Mrs. Barry, number six, appeared at the Barry home, expressing objections to Barry's seventh venture. Barry called police and asked them to arrest her, saying her presence on the front porch was annoying him.

A bit later, Barry appeared at police headquarters and asked for the young woman's release. Police said he told them he had decided to divorce No. 7 and remarry No. 6.

"You're too changeable," Chief August Bargan told him. "You'll appear in court against this young woman Friday."

"Not against her," said Barry, resolutely, "but for her."

Last night inquiry was made of Mrs. Barry if she had heard anything about her husband's planning a divorce and remarriage.

"I hadn't heard it," said Mrs. Barry, "but it may be so. Ray is so changeable."

Believe Capone Back of Song Racket in U. S.

New York, Feb. 7.—(AP)—The name of Al Capone, Chicago gang leader, was linked today with the popular song racket, which consists of pirating copyrighted songs and selling them at five cents a copy on the street.

The activities of the racketeers was revealed yesterday at the arraignment of two men, Morris Shapiro and Samuel A. Cohen, in Federal court on charges of violating the copyright law.

Nathan Burkan, counsel for the American Society of Composers, Authors and Publishers, attended the arraignment and said that the composers and publishers are losing millions of dollars a year because of the racket.

"It is our impression," he said, "that this racket originated in Chicago and that persons close to Al Capone are back of it."

As a result of the distribution, he said, the sales of Irving Berlin had dropped from 15,000 to 6,000 copies a day.

United States Attorney Charles H. Tuttle said that he, Police Commissioner Grover A. Whalen and John G. Payne, chairman of the music publishers, had received letters reminding them that a man had been stabbed in Brooklyn for attempting to interfere with the preparations of the song "Bootleggers."

Aviation Business Goes Color Crazy

New York, Feb. 7.—(AP)—The aviation business has gone color crazy.

The outstanding impression to be gained from a view of the forty-two planes ranged in Grand Central Palace for the second annual New York aviation show which opened today.

Green and black, orange and black, scarlet and gray colors that even a psittacosis-free parrot would envy, have been splashed on the wings and fuselage of the modern commercial airplane, from one seater sport planes to giant transport craft.

One are the days of white wings and black bodies, or solid gray ships—color is distinctly the thing today.

The popularity of gliders also is reflected in the show with four of the fragile-appearing, all-wooden ships on exhibit, among them is a replica of the one which Col Charles A. Lindbergh is using in his experiment in the California mountains.

The smallest ship in the show is a low monoplane made by the Society Aircraft company of Holland, Mich., and named the "flying dutchman." It weighs only 835 pounds and carries only one passenger. It is a departure from the general brilliant color scheme. Its only decoration being black and white squares on the aerilions and tail, the body and wings being black with a white border around the cowling of the cockpit.

The largest plane is a giant all-metal monoplane, powered with two 600 horsepower motors and built to carry twenty-four passengers. It is an Uppercu-Burnell, manufactured by the company of that name at Keyport, N. J., and holds the premier position in the show in the center of the first floor.

Lindy May Try Glider Flight During Evening

Lindbergh Camp, Tehachapi Mountains, Calif., Feb. 7.—(AP)—Colonel Charles A. Lindbergh, whose glider experiments have attracted the attention of aviation enthusiasts to this mountain camp, today will resume his tests and may attempt a brief night flight to take advantage of a breeze which apparently flows in velocity after dark.

Night flying will be necessary in connection with the proposed attempt of Hawley Bowles to better the world glider record of 14 hours, 45 minutes now held in Germany. Bowles, who with Lindbergh is engaged in the present experiments, indicated it would be better to start the record attempt in the dark, in order to have daylight at the finish.

The Lindbergh camp is equipped with twenty gas lanterns to light the landing field.

Lindbergh yesterday took off in a Bowles glider and remained aloft 21 minutes, 10 seconds, when lack of a favorable breeze forced him to land in an emergency field about four miles from the point of take-off. During the flight he circled Lebec Lake several times, and observers said he flew about fifteen miles. He made a perfect landing, the glider coming to a stop within twelve feet after a run the ground.

CO-OPS SELL LAST LOT ASSOCIATION LEAF

Richmond, Va., Feb. 7.—(AP)—M. L. Corey, a receiver of the Tobacco Growers Co-operative Association, announced today that the last of the association tobacco has been sold and that approximately \$500,000 would be available soon for distribution among the members of the former co-operative body in Virginia, North Carolina and South Carolina.

Mr. Corey said the receivers would be discharged probably by June 1, July 1. The final lot of tobacco in the hands of the receivers, consisting of approximately 8,000,000 pounds was sold in a single lot. The name of the purchaser and the price received was not made public.

Woman Sentenced to Jail for Life for Shoplifting

New York, Feb. 7.—(AP)—Helen Rosen, 29 years old, with a police record as a shoplifter, was in jail today under life sentence as the first woman convicted as a fourth offender under the Baumes habitual criminal law.

She was sentenced yesterday after a jury, deliberating 15 minutes, decided that four pleas of guilty which she had entered to charges of shoplifting during the past ten years, brought her under the provisions of the Baumes law.

Arresting officers in each of the four cases were in court to identify her. They said they knew her by numerous aliases and identified her by her Italian hair.

Her first offense, according to the testimony, was in 1920, when she was arrested for grand larceny for stealing two dresses from a mid-town store. She was then known as Ruth Davis. She pleaded guilty and was sentenced to one year in Auburn prison.

She was again arrested and pleaded guilty to grand larceny for the theft of a coat in 1924 from a Fifth avenue shop.

Under the name of Stella Rose, she was caught trying to steal another coat from a store in 1926. The last offense was last week after she again pleaded guilty.

When sentence was pronounced by Judge Max S. Levine, the woman now known as Mrs. Ruth St. Clair, fainted. She was restored and carried hysterical from the court room.

Arrest Two On Robbery Charge

Richmond, Va., Feb. 7.—(AP)—Police detained two men here early today after Herbert C. McCauley, 30, reported he had been taken into the country in an automobile, slugged, robbed of \$3,000 in cash, a \$500 note and a diamond ring, and thrown to the roadside.

The two men arrested, J. H. Miffliton and W. L. Raborg, Jr., were overhauled by a squad car, police said, after a chase starting when an officer sighted a car of the description given by McCauley, passing police headquarters.

McCauley said the money taken was the residue of \$11,000 awarded him in a damage suit in New York some months ago, after a falling brick struck him on the head.

He reported to police that last night he had displayed the money and note in the presence of Raborg and another man, whose name he did not know. The pair, according to the police report, induced him to ride with them and when some miles out of the city attacked him. He reported he knew nothing after being struck on the head, until pedestrians, asserting they had seen the alleged assault, picked him up and advised him of the car's license number.

Raborg and Miffliton, when arrested, denied robbing McCauley, stating McCauley left the automobile of his own volition while riding in Powhatan county near Richmond. The missing money was not found. Police seized a diamond ring in Miffliton's possession pending investigation.

Two Mayors Killed During Celebration

Tampico, Mexico, Feb. 7.—(AP)—Both the incoming and outgoing mayors of the town of Villa Altamira, near here, were assassinated Wednesday night as they celebrated inauguration of the new municipal government.

The two men were at a party given in their honor and in honor of the newly elected beauty queen for a forthcoming carnival when an unidentified man in the party opened fire with a pistol, shooting both.

The assassin escaped and the mayors were brought toward Tampico in an automobile, the outgoing mayor, Martin Martinez, dying enroute. The incoming mayor, Ciro Rodriguez, died soon after reaching this city.

Troops were held in their barracks here throughout yesterday as a precautionary measure consequent to public excitement after the attempt against the life of President Ortiz Rubio. There were no disturbances.

INVITES ESMÉ HOWARD TO KING'S MT. CELEBRATION

Washington, Feb. 7.—(AP)—Not content with the acceptance of President Hoover of the invitation to attend the Kings Mountain celebration, Clarence O. Keuster of the Charlotte Chamber of Commerce yesterday tried to get Sir Esme Howard, ambassador from Great Britain, to attend.

Seeing the ambassador ready to drive away, the Charlotte man rushed up and shouted an invitation. The ambassador was puzzled at first and then smiled.

"Thank you," he said, "I must catch a train now but I'll write you."

THE IDEAL MILK FOR CHILDREN

CHILD specialists long since pronounced Cow's milk Nature's perfect food for children. Milk builds sturdy bodies, and nurtures strong and healthy minds. Milk stores up vitality through all the growing years.

Klim—fresh milk powdered—is the ideal form of milk for children. All the fats and solids, all the vitamins, are retained in Klim. It's pure, too, and always uniform, and so creamy in flavor that children love it.

Whether for drinking or cooking, let Klim be your steady milk supply. It's economical and handy. Just add water to Klim (proportions on the can) and your milk is ready for you. It keeps sweet and fresh in winter and summer—without ice—even after the can is opened.

Use Klim and safeguard your children's health and growth.

Our grocer has Klim in 1, 2 and 5 lb. sizes—the larger the size you buy, the more you save.

Market Report Cotton--Stocks--Grain

COTTON MARKET

N. Y. STOCK LIST

New York, Feb. 7.—(AP)—Cotton opened barely steady today at an advance of nine points to a decline of two points. Near months were higher in response to the steady showing of foreign markets but there was further liquidation in commission house selling in the latter deliveries. Offerings increased after the call, and although there was further trade buying as well as covering, prices eased. May contracts which had sold up to 16.00 declined to 15.84 and the general market was net unchanged to 8 points lower at the end of the first half hour.

New Orleans was relatively weak early and was a seller in the local market. Liverpool was better than expected on the New York close yesterday and said there had been covering and Manchester and Continental buying promoted by a steady tone in Egyptian cotton. Reports that Manchester spinners of America were taking a ballot on a proposal to work thirty five hours weekly for eight weeks from March 3 probably helped to offset the influence of the better Liverpool showing. The Bombay market was unchanged.

STOCK MARKET

New York, Feb. 7.—(AP)—After an early period of irregularity and dullness, the stock market bounded upward again today under the leadership of the railroad shares, at least a dozen of which moved into new high ground for the year. Most of the early declines of 1 to 5 points had been cut in half or wiped out, by early afternoon, when a long list of issues were selling 1 to 15 points above yesterday's final quotations.

In view of the cut in the New York Federal Reserve discount rate yesterday, the early action of the market was disappointing to many traders, and one of the large commission houses sent out a message over its extensive wire system urging customers to take profits. The market turned dull on the decline after bear traders had made several futile attempts to unsettle general list, with the result that it was quick to rally.

A further break of \$1 a bale in cotton prices, bringing them to a new low level for the season, accompanied the announcement that the wholesale index of commodity prices already was at the lowest level in five years.

Call money renewed at 4 per cent, as against 4 1/2 yesterday, while the time money displayed an easier undertone, particularly for the longer maturities.

Head of Oxford Boat Club Quits

London, Feb. 7.—(AP)—Dissension which threatened to hamper Oxford's preparations for the annual boat race with Cambridge apparently has been eliminated with the resignation of Alastair Graham, president of the Oxford boat club. The president of the club, similar to the captain of an American crew, is in absolute charge of the crew, its training and the appointment of coaches. J. Tinné was chosen as Graham's successor.

The dispute began when the coaches, Dr. Mallam, Major Wiggins and A. S. Garton favored Tinné to replace Graham at the No. 7 oar in the Oxford boat. The President insisted upon retaining his seat in the boat and cited tradition to prove his right to it. Finding Graham unshakable, the coaches resigned in a body.

Graham then called a meeting of the captains of the college boats and after a discussion of the situation announced his resignation. Tinné, brother of the famous Oxford Blue of 1912, was immediately chosen as his successor. It is generally expected that Tinné would reappoint the original coaches although he has authority to appoint a new staff.

College President Caught in Smallpox Quarantine, Texas

San Antonio, Tex., Feb. 9.—(AP)—Guarded by two policemen Dr. J. R. Drain, president of the Texas Chiropractic College, was marooned today in his own administration building, caught in a smallpox quarantine imposed by city health authorities.

At the city hall it was said Miss Florence Bradley, college bookkeeper was stricken with smallpox and the quarantine was declared because Dr. Drain refused to be vaccinated and insisted on remaining in his office at the school.

Dr. Drain said Miss Bradley was not at the college at the time she became ill. He President added that he was beginning a "period of dieting."

"No one can come in or go out," he said, "and I am not going to call on the policemen for aid."

Filipino Resorts Given Protection of Oregon Police

Portland, Ore., Feb. 7.—(AP)—Filipino resorts here were being given special police protection today as the result of an attack by eight whites upon Vincente Catoda, Filipino.

Catoda, who was found lying on the sidewalk last night, was a patient at the police emergency hospital overnight.

Catoda said the eight men had an automobile bearing license plates of California. He said the car pulled alongside him and the men leaped out to halt him. They asked where they could find other Filipinos, he told police, and when he refused to answer they attacked him.

Washing'on, Feb. 7.—(AP)—European countries during 1929 purchased nearly \$1,000,000,000 more goods from the United States than they sold to the United States in the same year. The relationship of American exports and imports to the principal geographical divisions of the world for 1929 was disclosed today by the commerce department statistics on foreign trade.

Canada was the best customer among nations for the United States during 1929, and in addition was the largest single source of imports which the United States received during the year. Total exports from Canada to the United States for 1929 were \$948,501,227 against \$914,712,215 the previous year, while imports from Canada in 1929 amounted to \$504,276,826 against \$489,303,211 the previous year.

The United Kingdom, which ranks next to Canada in purchase of American commodities, received exports of \$847,979,856 from this country last year, which was practically identical with the like exports for 1928. In furnishing imports to the United States, however, Great Britain was pushed from second place by Japan which during 1929 supplied imports to a total of \$431,722,664 while imports from England were \$329,766,636.

Man Held for Poisoning Wife

Salt Lake, Okla., Feb. 7.—(AP)—Jesse Maynard, 32, today was held for trial on a charge of poisoning his wife for the sake of his house.

At his preliminary hearing the state introduced testimony that poison had been found in the viscera of the dead woman, who was mother of three children, and charged Maynard was impelled to murder his wife by a love affair with Miss Lora Roden, pretty 23-year-old girl who had been employed in the Maynard home for two years.

Miss Roden, red-haired and with prominent dimples displayed in frequent smiles, appeared as a witness carrying a one-month-old baby whose father, she said, was Maynard. No charge has been placed against her.

Hillman Heads Education Body

Memphis, Tenn., Feb. 7.—(AP)—Concluding the annual meeting of the Educational Association of the Methodist Episcopal Church, South, with the election of Dr. J. N. Hillman of Emory and Henry College, as president, church leaders today turned their attention to an adjourned meeting of the board of lay activities.

The board met in Lake Junaluska, N. C., last summer but adjourned to continue discussion here of proposals to be submitted to the general conference of the church in August.

Dr. Hillman was elected as head of the Education Association at the final session last night of a two-day meeting. Dr. C. M. Dannelly, president of Kentucky Wesleyan of Winchester, Ky., was elected vice-president, and W. E. Hogan of Nashville, the re-elected secretary and treasurer.

Death Rate From Auto Accidents Still Increases

Raleigh, Feb. 7.—(AP)—While deaths from automobile accidents in North Carolina were increasing only three per cent in 1929 over 1928, the increase in auto fatalities for the United States was 13 per cent over 1928. W. C. Spruill, assistant director of the motor vehicle bureau of the state revenue department, was informed today. Statistics for the United States showed that about 31,500 people were killed in automobile accidents in 1929 compared to 28,000 in 1928. Mr. Spruill was informed by the national safety council of Chicago.

In 641 fatal accidents in North Carolina in 1929 there were 690 people killed.

"Our automobile deaths for the nation for 1929," Mr. Spruill pointed out "increased 13 percent and the total automobile registration only about eight per cent, showing that our auto deaths are growing more rapidly than our increase in the use of automobiles."

There was a daily average for the country of more than 86 deaths a day and 2,500 serious injuries from automobile mishaps.

Mr. Spruill advised all drivers to keep their side of the road and use a little common sense in order to avoid accidents and lessen the toll in fatalities.

EUROPE BUYS HEAVILY FROM UNITED STATES

Sale Last Year \$1,000,000,000 More Than America Spent in Europe

Clark Candy Plant Wrecked by Flames

A small frame building on Albermarle avenue occupied by a candy plant belonging to George Clark was completely wiped out by fire last night entailing loss estimated at \$600. The building was valued at about \$100 and the equipment and stock \$500.

ALDERMEN CONTRIBUTE \$250 TO EMERGENCY RELIEF FUND: PUT ON SANITARY INSPECTOR

(Continued from page one)

It was indicated that slaughter house and dairy inspections would not come under the supervision of the sanitary inspector, and this work was left in the hands of Dr. Alex Viola, at a salary of \$75.00 per month.

In their decision to employ a sanitary inspector, members of the board stipulated that his salary should not exceed \$125 a month. It was stated that there were numbers of eligible men in the city who would be glad to take over the work for a salary of between \$100 and \$125 a month, and it was recommended that a local man be employed.

It was voted to leave the matter entirely in the hands of Mayor J. C. Lanier, who will immediately cast about for a desirable man to fill the position. It was decided to give the inspector full police authority in order to enable him to effect full co-operation with the sanitary laws. His duties will embrace the entire field of sanitation including the usual mosquito campaign.

Mayor Lanier said that he had been requested by members of the Water and Light Commission to confer with the board regarding the borrowing of \$15,000 to continue the sewer program in the eastern section of the city. \$10,000 would be spent in the sewer program and the additional \$5,000 would be used in repaying the city a loan obtained by the Water and Light Commission sometime ago. The mayor said the commission members thought the program of improvement should be continued at this time in order to help relieve the unemployment situation, and also to provide a long felt need in the sections of the city affected by lack of proper sewer connections.

The mayor and chairman of the finance committee were instructed to make negotiations for the loan should the Water and Light Commission continue to desire it.

Mayor Lanier called attention to the condition of the budget after the first four months of operation and showed that expenditure had exceeded the budget to the extent of about \$3,000 he said that this condition was caused by unexpected expenses in the way of bringing suits against delinquent taxpayers and payment of workmen's compensation insurance. He was not appalled at the situation at all, and expressed belief that the board would be able to catch up within the budget during the next month or so.

The pool room question came up again last night, and as usual produced considerable discussion before finally meeting with defeat. The discussion was precipitated by a petition of R. Hyman to operate a pocket billiard parlor and social club in the business district. Although Mr. Hyman assured that board he planned to conduct a clean up-to-date place, the petition met with failure when members of the board declared that the ban on pool rooms which has existed over a period of three years should not be lifted.

It was decided that the town should take no action on petitions for refund of taxes paid by citizens said to have lived outside the city limits in the western part of the city prior to the year of 1925.

The fire department was given permission to have 100 feet of fire hose repaired.

The board decided to defer action lister until the next meeting. Chief of Police Preston Pierce asked for an appropriation of \$35.00 to provide himself with a desk and private office at police headquarters. The matter was referred to the property committee with power to act.
