JAPAN READY TO CUT DOWN SHIP TONNAGE

Delegation Says Nation Will Accept Holiday in Ship Construction Until 1936

London, Feb. 13.—(AP)—The Japanese delegation in a statement this afternoon declared that Japan was ready to accept a holiday in ship construction until 1936, to reduce the tonnage of battleships to 25,000 tons and to reduce the maximum calibre of guns to 14-inch.

The delegation generally agreed with the previous British and American announcements, but, to the surprise of the other delegations, failed to make any mention of their demands on the United States for a 70 per cent heavy cruiser ratio.

The statement, which has been eagerly awaited in view of the British and American announcements of naval aims, said that Japan also was ready to agree to the prolongation of the life of battleships from twenty years to twenty-six years.

Japan attaches special importance to cruisers armed with 8-inch guns and wishes to maintain "the minimum force sufficient for the needs of national defense taking into consideration the forces possessed by other powers."

The maximum tonnage of 6-inch gun cruisers should be from 7,000 to 7,500 tons and that of flotilla leaders and destroyers should be equally limited, the statement said.

The age limit of cruisers was suggested at twenty years and that of destroyers at sixteen years.

Japan is convinced, the statement said, that because of the geographical location of her country the submarine is necessary as a means of defense. At the same time Japan will cooperate with the other powers in strictly regulating the employment of submarines against merchant marine.

Japan proposed to limit its submarine tonnage to its present force. The dimension of submarines should be limited and the age limit should be fixed at thirteen years.

Another suggestion was that the limitations of the Washington treaty with regard to airplane carriers should be extended to vessels of this class of less than 10,000 tons.

The memorandum further suggested that the age limit of airplane carriers of more than 10,000 tons should be prolonged to twenty six years but should be fixed at twenty years for other types.

The paragraph in the Japanese statement touching directly on the heavy cruiser problem said: "Japan attaches special importance to eight-inch gun cruisers and desired to maintain minimum strength sufficiently for national defense, taking into consideration the strengths held by other powers."

In the course of their statement the Japanese also reiterated their belief that submarines were generally adapted to defensive uses and were necessary to Japan because of her geographical position.

The Japanese also expressed readiness to agree to a naval holiday in capital ships until 1936.

Co-Ops Receive 19 Cars Cotton

The largest single shipment of cotton from the North Carolina Cotton Growers Cooperative Association has ever received from one individual member was shipped from many of the association's warehouse at Tarboro on Tuesday of this week. The shipment consisted of 19 car loads totaling 552 bales. The cotton was shipped by C. L. Hardy of Maury. He has been a member of the association for the past ten years and is one of the association's largest delivery members.

Fourteenth Bomb Bursts at Chicago

Chicago, Feb. 13.—(AP)—The 14th bomb of the year exploded early today in the Elston avenue factory district doing \$20,000 damage to a boiler company plant and nearby structures.

PRES. HOOVER FISHES IN THE GULF STREAM

Chief Executive Enjoyed Old-Time Fisherman's Luck Yesterday

Long Key, Fla., Feb. 13.—(AP)—President Hoover invaded the Gulf stream today, determined to deplete the ranks of finny inhabitants in southern Florida's most prolific fishing grounds.

The Chief Executive was a victim of old time "fisherman's luck" yesterday. He returned empty handed from a long afternoon's effort. While he rejoiced in the skill of the others in his party, no bait on the presidential hook attracted any attention from the fish.

Accompanied by companions of his vacation trip, Mr. Hoover set sail early for a spot about 10 miles off Long Key. He took lunch with him and planned to remain for at least eight hours.

The sun was shining brightly as the Chief Executive and his friends left for the fishing banks, but the weather reports and an off-shore haze gave promise of cloudy weather before the day is gone. His reputation as a "good sailor, however, gave promise that change in the weather would not alter his angling plans.

The President had made it a practice not to handle his mail or matter pertaining to the London naval conference until after he had returned to the houseboat Sauter, where he is staying, from each day's fishing trip. Mail is not taken from the Long Key dock until after midnight. About 10 o'clock each night, Lawrence Richey, one of the President's secretaries, comes to the shore with such mail as the President has seen fit to write. At this time, Richey calls the White House and sets a detailed report of what is going on in the national capital.

The Chief Executive has kept in close touch in this manner with the London conference, receiving each night a report of developments from his naval aide, Captain Allen Buchanan. Capt. Buchanan, however, has not conferred with the President since their arrival here.

State Students Arrested for Stealing Horse and Wagon, Then Released

Raleigh, Feb. 13.—(AP)—The midnight ride of a dozen State College students, capping numerous other pranks yesterday, was ended early this morning when police carried the youths to the police station and a college professor, attired in full evening dress, drove the nag to her stall.

The youths were detained by police for more than an hour. No charge was lodged against the midnight riders.

About midnight the boys rattled off the campus explaining to passers-by that they intended to ride up town and back.

They were overtaken by a student-employee of the husbandry department who instructed the boys to drive the outfit back to the campus.

They wheeled about and started back-tracking. Soon they were overtaken again, this time by police. The officers rode slowly beside the youths in the wagon, intent on seeing the horse and wagon returned to the barn.

After they had traversed a short distance, R. M. Ruffner, professor of animal husbandry, accosted them. The irate professor demanded the police "lock up the bunch," and he himself climbed onto the wagon seat and he waved the "old gray mare" to the college livery.

The youths were carried or told to come to police station. One boy walked the full distance, more than a mile. The collectors looked with policemen while the minions of the law awaited instructions from the professor.

They came by telephone. Professor Ruffner told the police that the boys not only stole his horse, but they turned the cows out of the pastures as well. He has charge of the college animal husbandry department. Later he called again, instructing police that he would file no charges.

At about 2 A. M. the lads wandered sleepy and tired back to the campus.

Named For I. C. C.

Hugh McCull Tate, Knoxville, Tenn., attorney, was nominated for appointment to the interstate commerce commission.

New York Banker to Buy Bonds From City of Chicago

Chicago, Feb. 13.—(AP)—Today's Herald and Examiner said Herbert C. Heiler, New York investment banker, was coming to Chicago today to purchase \$48,000,000 worth of city tax anticipation warrants.

The newspaper said Heiler represented a banking syndicate and that he had arranged a conference with George K. Schmidt, city controller, to submit his offer.

Heretofore, city officials have estimated they could legally borrow \$27,000,000 on the 1930 levy, but the Heiler syndicate is prepared to inform Schmidt that it prefers to buy \$48,000,000 worth of warrants, the newspaper said.

Advertises for Owner of Diamond

Newark, N. J.—Conscience-stricken after 25 years a woman is advertising in the papers for the owner of a diamond stickpin. A nurse, she picked it up in the snow in 1905 when on the way to attend a patient.

AUDIT UNDER EXAMINATION LOBBY PROBE

Caludius Huston, the Chairman of G. O. P. Committee, Will Be Called Soon

Washington, Feb. 13.—(AP)—Testimony that Charles Evans Hughes, whose confirmation as Chief Justice of the United States is before the Senate, drew up the proposed contract whereby Muscle Shoals would be turned over to the American Cyanamid company, was presented today to the Senate lobby committee.

Legislation is now before Congress to accept the Cyanamid company's bid for the shoals power and nitrate plant.

W. G. Waldo, consulting engineer of the Tennessee River Improvement association, was on the stand today and a memorandum written by him read before the committee said he had been informed by J. O. Hanna, vice-president of the Cyanamid company, that Hughes had drawn up the contract.

The memorandum purported to be a record of a telephone conversation with C. A. Dyer, of Columbia, executive agent of the National Grange.

An audit showing that Claudius H. Huston, then treasurer of the Republican National committee paid \$156,441 to the Washington office of the association between January and February 1923, was examined by the committee.

Huston later became president of the association and resigned shortly before he became chairman of the Republican national committee a few months ago. The lobby committee expects to question his interest in Muscle Shoals legislation.

The audit was examined while the committee was questioning W. G. Waldo, consulting engineer of the Tennessee River Improvement Association. He said he understood the audit had been prepared under the direction of Huston.

Senator Walsh, Democrat, Montana, who questioned the witness about the audit, said it showed that J. W. Worthington chairman of the executive committee of the association, received \$20,000 during the two years.

Waldo asserted this was merely a "loan" for Worthington who used it for the money for the work of the association.

Uses Planes to Carry Physicians to Six Sick

Chicago, Feb. 13.—(AP)—Planes-trains and the telephone have been called upon by Bruce Willis Strong, president of a Chicago automobile sales company to save the life of his wife, critically ill of pneumonia at Key West, Fla.

Mrs. Strong's parents telephoned late yesterday from Key West that Mrs. Strong needed specialists immediately.

Strong, by phone, arranged for Dr. Robert Harris of Miami to fly to Key West last night. Then he recruited Dr. Carl V. Shipley of Chicago and sought a plane to carry Dr. Shipley and himself to Key West.

Government regulations interfered. No planes were permitted to take off from Chicago last night because of low visibility. Strong telephoned Detroit, Indianapolis and St. Louis without getting encouragement. Nashville, Tenn., however, reported visibility good and Strong ordered a plane to be ready early today. With Dr. Shipley he then entrained from Nashville.

Latest reports from Key West were that Mrs. Strong's condition was grave. She is 23 years old.

Shark Proof Fence

Sydney, Australia.—A \$50,000 shark-proof fence protects bathers at the Coogee Beach. It is made of steel nets hanging from cables three miles long.

Buses Must Make Room for Negroes

Demand Congress to Submit Measure to the People at Open Hearing Today

Raleigh, Feb. 13.—(AP)—The North Carolina Corporation Commission must "within a reasonable time" order that "separate but equal" accommodations be provided for negroes in or on passenger buses and in bus stations in the state, according to a ruling of the State Supreme Court.

The decision, which was handed down yesterday, sustained a Superior court ruling by Judge M. Y. Barnhill.

Action to provide bus accommodations for negroes in the state was brought by the transportation committee of the North Carolina Interstate Commission. The commission contended it was without authority to order such accommodations.

The Supreme court decision was written by Associate Justice Clarkson, who in reviewing cases brought before the court in behalf of negroes declared that the negro has "the equal protection of the law."

FEDERAL MEN GET ANOTHER STILL IN PITT

Several Gallons Whiskey Also Taken in Raid in the Belvoir Community

Making their second appearance in Greenville within a week, Federal officers made a raid in Belvoir community last night that netted them 17 gallons of contraband whiskey and a fifty gallon steam distilling plant. The raid also netted 300 gallons of beer and a considerable amount of clothing which the operators had left at the still.

The raid was staged by that contingent of officers from Kingston known as "the wrecking crew" and probably would have resulted in the capture of the distillers had it not been for the fact the plant had been suspended operation for supper. Officers stated that they believed work would have been resumed during the night, although this fact had not been definitely established at the time of the raid.

The still was of the finest type used in the distillation of illicit whiskey in this section of the county. It was operated by steam and was capable of producing an average of one gallon of liquor over a period of several hours.

This was the second capture made by government officers in Pitt county during the last week. The first raid netted them two distilleries a still and a big quantity of beer and paraphernalia.

Cottonseed Crushing Falls Off in January

Washington, Feb. 13.—(AP)—Cottonseed crushed during the six month period, August 1 to January 31, was announced by the census bureau today as having been 3,577,262 tons, compared with 3,715,984 in the same period a year ago, and cottonseed oil produced 1,105,563,651 pounds, compared with 1,157,437,899, and on hand 128,525,469 pounds, compared with 141,234,476.

Cake and meal produced 1,500,661 tons, compared with 1,668,609 and on hand 206,062 tons, compared with 238,779.

Liners produced 737,966 running bales, compared with 776,895, and on hand 263,671 running bales, compared with 213,892.

WOMEN TRY TO GET DRY LAW TO THE POLLS

Demand Congress to Submit Measure to the People at Open Hearing Today

Washington, Feb. 13.—(AP)—A group of outspoken women demanded of Congress today that prohibition be placed squarely before the voters of the nation and that the count of the ballot boxes decide whether America shall continue dry.

One after another they appeared before the House judiciary committee and urged that the Norton resolution to authorize a referendum on the question be approved. They backed up this appeal with a denunciation of conditions as they exist today and argued that a decade of the dry state had produced a situation the voters themselves should be called upon to settle.

It was the second day's session of the hearing started by the committee on a batch of measures asking either outright repeal of the Eighteenth Amendment or a referendum on the question. The first witness was Mrs. Mary T. Norton, a Democratic representative from New Jersey, who has such a reputation for a referendum ending prohibition in a crinoid tailored suit of black crepe de chine, she said a "normal American citizen, regardless of beliefs on the Eighteenth Amendment, would readily concur in the principle that the amendment should not remain in the constitution without approval of the people of the United States."

Mrs. Charles H. Sabin followed her to the witness chair. Mrs. Sabin also was dressed in black. She is a former Republican National committee woman from New York and represented the women's organization for national prohibition reform.

Next to testify was Mrs. David Holmes Norton of Brooklyn. She is secretary of the women's committee to repeal of the Eighteenth Amendment.

"We demand outright, unqualified repeal of the Eighteenth amendment, free from modification, compromise or substitute," she declared.

Miss Louis Gross, of New York, chairman of the national women's moderation league, appeared after Mrs. Norton.

"National prohibition has failed in its purpose," she said. "Young people are drinking liquor obtained in speakeasies at roadhouses and from bootleggers who cannot be regulated. The youth of our country is being destroyed by these unregulated and illegitimate purveyors of liquor."

Several Persons Injured In Explosion That Wrecks Building in New York City

Fifty Children in Adjoining School Rushed to Hospital After the Blast

New York, Feb. 13.—(AP)—Fifty school children were injured, 12 of them seriously enough to require hospital treatment, today when an explosion demolished two one-story brick houses nearby and tore out all the windows on one side of a public school 8 in Brooklyn.

The explosion occurred in an unoccupied brick dwelling directly across Dean street from a new wing of the school building. The force of the blast wrecked the unoccupied dwelling, a one-story brick house adjoining it, and shattered the glass and ripped out all of the wooden window frames on all four floors of the Dean street side of the school. Two negroes in the house adjoining the one in which the explosion occurred were seriously injured.

New York, Feb. 13.—(AP)—Ten school children were rushed to hospitals suffering from cuts and bruises and some 40 or 50 others suffered slight injuries today as the result of an explosion which wrecked a nearby one-story brick building and shattered windows in public school 83 at Bergen street and Schenectady avenue, Brooklyn.

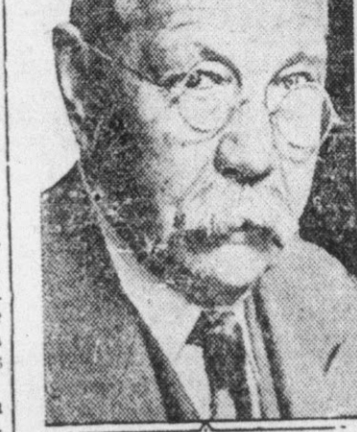

At one of the hospitals it was said the condition of two of the children was critical.

The blast, heard over a wide area, caused rumors to spread that a bomb had exploded at the school and a crowd of parents gathered at the school to seek their children.

Some of the excited parents managed to slip past police reserves into the building but by that time all of the children had been led out.

Confirmation of Hughes As Chief Justice Again Reaches Doubtful Stage

Conan Doyle Ill

Sir Arthur Conan Doyle, creator of Sherlock Holmes, is ill with heart trouble in London and has been confined to his bed for the past few weeks.

Friends Concede Big "Inroads" by the Opposition Overnight, and Fight Assumes More Serious Aspect Today Than Any Time Since Appointment

Washington, Feb. 13.—(AP)—Confirmation of Charles Evans Hughes as Chief Justice of the United States by the Senate went into the doubtful stage today as his friends conceded "big inroads" by the opposition overnight.

Senator Watson, of Indiana, the Republican leader, predicted a margin of 17 votes for the nominee as the fourth day of debate was resumed with Senators Glass, Democrat, Virginia, and Nye, Republican, South Dakota, carrying on the attack against Hughes.

Others who were busy checking the situation early today agreed there was beginning to be doubt on the outcome with decision depending on the final attitude of the Democrats.

Senator Norris, Republican, of Nebraska, who opened the attack on Hughes on Monday, said today "He will be confirmed" but he smiled broadly when asked by how many votes.

Senator Glass was of the opinion that the result was in doubt. All Senators in the doubtful class were the center of attention on the floor and in the cloak rooms as leaders anxiously sought to determine the battle lines today.

It was conceded, also, that a vote might not be reached today. This was based on the presumption that those Democratic Senators who have decided to vote against Hughes wished to make speeches.

Leaders of all factions were obviously surprised by the turn of events in the Senate. On Monday when the judiciary committee reported the nomination favorably by a vote of 10 to 2, no fight was expected.

Democrats of the judiciary committee, led by Senator Walsh, of Montana, the acting Democratic leader, all voted for a favorable report of Hughes.

Sensors Norris and Borah, leaders of the western Republican independents, opened the attack against Hughes on the ground that his views on economics were prejudiced in favor of "big business" and "exalted property rights above the rights of the people."

Senator Glass joined in the attack and the discussion has been under way since.

After asserting that the Senate would not set a precedent by rejecting the nomination and had "a right and reason to consider the environment, training and probable sympathies" of candidates for the Supreme Court, Senator Nye read lengthy extracts from a history of Hughes' record up to 1912. It listed "reversal power corporations among the clients of Hughes' law firm and said that the nominee started out as a young lawyer in the "lucrative field" of corporation litigation.

The history from which Nye read gave considerable space to a New York wire case in which, it said, Hughes' firm lost an attempt to prevent the city from taking down overhead wires as a danger to life.

The court in this case, the history continued, held the contention of Hughes' firm appeared to be that nothing but property right had a right to exist.

Foes of Hughes were seriously considering a move to recommit the nomination to the judiciary committee.

However, there was a division of opinion on that step. Some maintained that there would not be a difference of more than one or two votes on a roll call for confirmation and one for recommittal to committee.

Resume Search for Bodies of Missing Fliers

Motorship Nanuk North Cape, Siberia, Feb. 13.—(AP)—Encouraged by the finding in the wreckage of his plane the helmet worn by Pilot Carl Ben Eielson, American aviator, last November 9, workers searching for the bodies of Eielson and his mechanic, Earl Borland, resumed their labors with renewed vigor today. The wreck was found January 23 in an icy lagoon 90 miles south of here.

GUNMEN KILL TWO PERSONS IN NEW YORK

Dance Hall Hostess and Her Escort Are Slain By Four Men in Automobile

New York, Feb. 13.—(AP)—A woman identified as a dance hall hostess and her escort were killed today by four gunmen who alighted from an automobile, chased them when they fled in opposite directions and shot them down.

The killers escaped in their automobile.

Several hours after the shooting the body of the woman was identified as that of May Smith, 24, who came to New York more than a year ago from Wilkes Barre, Pa., and had been employed as a dance hall hostess. Her escort was Carl (Continued on Page Six)

Officers Get 300 Gallons in Rum Raid

Six Stills and 37,500 Gallons of Beer Also Taken in Craven County

Three hundred gallons of contraband whiskey and six stills were captured by federal officers in a raid in Craven county Tuesday night, according to information given out here today by government officers.

The raid, one of the most extensive launched by government officers in this part of the state in several months, also netted a distillery, 37,500 gallons of beer and a considerable amount of equipment. All of the outfits were placed in a single pile, the liquor poured over it and then burned.

Officers said all of the stills were located in close proximity to one another, and that the man captured was attempting the still which they raided first. This spread the alarm and the men at the other stills made their escape.

The raid was staged under direction of the "wrecking crew" from Kingston, an organization that has succeeded in throwing terror into the camps of the wansky making element of Eastern Carolina.

NEWS BRIEFS FROM THE TWO CAROLINAS

Star, N. C.—(AP)—Paul Hendley, 37, drug salesman of Roxboro, was found dead in his hotel bed here. He had been previously complained of being slightly ill.

Raleigh.—(AP)—J. J. Pleasant, 63, was instantly killed near here when he was run down by a milk truck.

Winston-Salem.—Work of dragging the Yadkin river near here has begun in search for the body of Lewis F. Braddock who disappeared from his home here last week.

Asheville.—(AP)—Completion of

the \$600,000 building program at the United States Veterans' Hospital at Oteen is expected about March 15.

Sandford.—(AP)—J. C. Renegar, 48, of Southern Pines, died here as a result of injuries received last week in an automobile accident.

Greenville, S. C.—(AP)—The Greenville county sinking fund commission is to purchase \$150,000 of county bonds for the construction of a tuberculosis hospital.

Winston-Salem.—(AP)—A drive to raise \$125,000 for the community chest, a consolidation of charity organizations, is to be started here.

NEW ARRESTS IN CHICAGO'S CRIME DRIVE

Seven "Big Shot" Gangsters Held by Grand Jury; Total Arrests 2,500

Chicago, Feb. 13.—(AP)—Seven "big shot" gangsters, found behind the drawn shades of a room in which not long ago two others were murdered, were held to the grand jury today as gunmen.

Altogether, police took 425 prisoners yesterday, bringing "crime drive" total for five days to more than 2,500; but the seven found in the dingy second floor restaurant were regarded by police as far the most important of all.

In presenting them at last night's "show-up," at which suspects are paraded across a small stage before the victims of recent crimes, Chief of Detectives Egan said:

"Their names would grace a penitentiary roster or a hangman's warrant. They are the O'Donnell gang."

Two of them were O'Donnell brothers, Myles and Bernard. There is a third and better known O'Donnell, called "Klondyke." There was "Three-Fingered Jack" White, once convicted of murder; George (Red) Barker, known as a labor terrorist and once charged with murder; Mike Quirk, Edward Sirnek and John O'Connor.

With the seven was arrested Frank Lacey, concerning whom police have no previous information.

Five minutes after the "pinch," eight lawyers were demanding that the men be promptly booked so that bail could be arranged and the men freed. They were successful only in the case of Myles O'Donnell, whom they represented as "a dying man."

During the questioning a photographer set off a flash light behind him, and O'Donnell fainted. When he revived he said he thought he had been shot.

Myles O'Donnell was booked for

KELLOGG RESTING IN FLORIDA

Frank B. Kellogg, former secretary of state, is among the prominent visitors to Florida's winter resorts. He is shown here resting on the beach at Miami Beach.

ARREST MAN FOR PURCHASE PINT OF RUM

Government to Continue Such Arrests if Action is Upheld by High Courts

Washington, Feb. 13.—(AP)—The charge against Joseph Patrick Carley of "buying a half pint of gin" heralded as a test of the liquor buyer's guilt under the Volstead Act, collapsed in Police court today after the prosecution was unable to find

anyone who would admit selling the gin to Carley.

Washington, Feb. 13.—(AP)—Assistant Secretary Lowman said today that whether the Government would prosecute buyers of liquor under a charge of violating the national prohibition law would probably depend upon the outcome of Joseph Patrick Carley, arrested here last night on a charge of "buying a half pint of gin."

The assistant secretary of the treasury, who has charge of prohibition matters, said if the charge is upheld by the court the Government would proceed with future prosecutions according to the interpretation placed upon the Volstead act in that decision.

After Carley was arrested here last night David A. Hart, assistant United States attorney, asserted he believed the purchase was a violation of the section of the Volstead act which says "no one shall manufacture, sell, purchase, transport or prescribe any liquor without first obtaining a permit from the court."

Lowman said the Government had never obtained a high court interpretation of this section of the law.

"This particular section of the national prohibition law," he said, "has never been interpreted by a higher court. The action of the police in arresting Carley will be a test of this particular section. If the court upholds his arrest, and he is convicted the Government will enforce the Volstead act within the interpretation of the court in this case."

The United States Courts of Appeals at Philadelphia some months ago held that a buyer was not guilty of conspiring to violate the national prohibition act in instructing a bootlegger to deliver him liquor. Alfred E. Norris, a New York broker, charged with conspiring with a bootlegger to violate the prohibition law was found not guilty by the Federal Court of Appeals but the sector under which Carley was held has never gone before a higher court.

SPECTACULAR FIRE AT VERA CRUZ

Vera Cruz, Mexico, Feb. 13.—(AP)—Fire inflicted a considerable loss in the business section of this city during the night. The blaze broke out in a hat factory and spread quickly to adjoining buildings and to an armory, where explosion of stored ammunition made a spectacular display.

In the midst of the fire the water supply failed and the fire were almost helpless to combat flames.

The Food That Fights Fat

It's a gland food, now used to combat the known cause of so much excess. Doctors now employ it, the world over. And now, without starvation, miltare are gaining new youth and beauty, vigor. You see the results where you look. Fat is the exception now. Marmola prescription tablets embody this modern method. People have them for 22 years—millions of boxes them. Some of your own friends, doubtless, can show you what they do. Let them bring you what they have brought to so many. The results will delight and amaze you. A book in box explains the effects. Go now ask your druggist for a \$1 box of mola. You owe that to yourself.

disorderly conduct and freed under \$1,500 bond.

The room in which the arrests were made is partitioned from the cafe. It was here, police said, that two other well known West Side hoodlums William Clifford and Michael Reilly, were killed.

Edisons Attend Lee County Fair With Firestones

Fort Myers, Fla., Feb. 13.—(AP)—The Edisons and the Firestones went to the Lee County fair last night.

The inventor had "great fun" carrying a huge stuffed yellow rabbit which his wife won at one of the booths.

Both Mr. Edison and his crony, arvey Firestone, staked 35 cents each at a booth but were unsuccessful. They played number 11 each time.

"Let's go, I'm broke," the aged inventor said to Mr. Firestone. Mrs. Edison and Mrs. Firestone fared better. Mrs. Firestone matched Mrs. Edison's rabbit with a doll. Mr. Edison selected the yellow colored rabbit for his wife from a variety of other trinkets which were offered her.

Trick rides caught the eyes of both Mr. Edison and Mr. Firestone, but the inventor was most pleased with a diving dog. The pup shook hands with the electrical wizard to win the remark:

"That's the smartest dog I ever saw."

MRS. RIDDICK HEADS WOMEN VOTERS

Goldston, Feb. 13.—(AP)—Miss Elsie Riddick, of Raleigh, is the new president of the North Carolina League of Women Voters. She was elected here yesterday on the closing day of the league's annual convention.

Other officers chosen were: First vice-president, Mrs. H. F. Seawell, Carthage; second vice president, Mrs. E. R. Mosher, Chapel Hill; third vice president, Mrs. Ruth G. Douglass, Asheville; treasurer, Miss Louise Sebolt, Duke University, Durham; recording secretary, Mrs. H. Grady Moore, Charlotte; corresponding secretary, Mrs. C. A. Shore, Raleigh.

How FORD METHODS CUT COST OF DISTRIBUTION

Lower profits in selling save you at least \$50 to \$75 in addition to the many savings in manufacturing

TWENTY-SEVEN years ago the Ford Motor Company was formed to provide reliable, economical transportation for all the people. That original purpose has never changed. The constant effort in every activity is to find ways to give you greater and greater value without extra cost—frequently at lowered cost. This applies to distribution and similar important factors, as well as manufacture.

For the Ford Motor Company believes that its full duty is not only to make a good automobile at the lowest possible price, but to see that there is no waste, extravagance, or undue profit in any transaction from the time the car leaves the factory until it is delivered to your home. It is obvious that hard-won savings in production will be of little value if they are sacrificed later through excessive selling costs.

EVERY purchaser of a motor car has the right to know how much of the money he pays is for the car itself and how much is taken up by dealer charges. If these charges are too high, one of two things must happen. Either the price of the car must be raised or the quality lowered. There is no other way. The money must come from somewhere.

In the case of the Ford, the low charges for distribution, selling, financing and accessories mean a direct saving of at least \$50 to \$75 to every purchaser in addition to the still greater savings made possible by economies in manufacturing. Ford charges are not marked up or increased to cover a high trade-in allowance on a used car.

The profit margin on the Ford car has always

been fair to both the dealer and the public. Within the past three months, it has been possible to effect still further economies. Today, the discount or commission of the Ford dealer is the lowest of any automobile dealer. The difference, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

THE business of the Ford dealer is good because he makes a small profit on a large number of sales instead of a large profit on fewer sales. He knows, too, that the extra dollar-for-dollar value of the car makes it easier to sell and more certain to give satisfactory service after purchase.

Consider also that the Ford car is delivered to the purchaser equipped with a Triplex shatter-proof glass windshield, an extra steel-spoke wheel, and bright, enduring Rustless Steel for many exterior metal parts, in addition to four Houdaille double-acting hydraulic shock absorbers and fully enclosed four-wheel brakes.

If for any reason you wish to buy certain small accessories, you will find that these, too, are sold at the usual Ford low prices. Replacement parts are also available at low prices through Ford dealers in every section of the country.

THESE are important points to remember in considering the purchase of a motor car. They show why it is possible to put so much extra quality into the new Ford and still maintain the low price. They are also the reasons why more than 35% of all cars sold today are Model A Fords.

FORD MOTOR COMPANY

Before you buy a radio at any price —

Just Think! 2 WEEKLY

Buys the Famous New 1930 Airline -9 SCREEN GRID

Now...no one need be without the best in Radio entertainment! Ward's new low price and easy payments, as low as \$2 weekly (less than half the price of a good show) bring countless hours of priceless entertainment within reach of all!

Social and Personal

Miss Ada Jones has returned from a visit in Wilmington. Mr. and Mrs. Niles R. Pearce, of Wake Forest, were the guests of Miss Madge Daniels for the past week-end.

Mrs. Ivey Smith and Mrs. Joseph Smith spent today in Raleigh.

Mrs. W. S. Brown, Mrs. Edward Batchelor and guest, Mrs. A. S. Ramby, of Detroit, Mich., Mrs. Joseph Smith and Mrs. M. S. Beard, went to Wilson yesterday.

Mrs. E. T. Dickinson, of Wilson, was the guest of Mrs. J. L. Hassell today.

OWENS—MOORE.

The home of Mrs. Mathilda Moore, on Chestnut street, was the scene of a pretty wedding last evening at seven-thirty o'clock, when her daughter, Miss Nannie Pearl Moore, and William F. Owens, were united in marriage.

The Reverend A. W. Fleischmann, pastor of Memorial Baptist church, of this city, performed the ceremony.

Palms, ferns, snapdragons and gladioli, interspersed with tall pink candles formed a fitting background for the wedding.

Miss Ruth Worthington, of Winterville, becomingly gowned in black crepe satin, with a corsage of sweet-heart roses tied with silver chiffon, played the wedding music. Prior to the entrance of the wedding party, Miss Worthington played Schubert's "Serenade." For the processional, Lehengrin's Wedding March was played; Nevin's "Venetian Love Song" was softly played during the ceremony, and Mendelssohn's Wedding March as a recessional.

First to enter was the flower girl, little Miss Dorothy Snow, who wore a dainty little dress of white lace, with a shoulderette of pink roses. She carried a silver basket of sweetheart roses and scattered rose petals in the pathway of the bride.

Then came little Miss Dorothy Davenport, niece of the bride, wearing a period model of pink tulle, with a shoulderette of pink roses, and carrying the ring in the heart of a rose.

The bride and groom entered together. The bride was lovely in an ensemble of blue crepe, with harmonizing accessories. She carried an arm bouquet of bride's roses, showered with silver ribbons and valley lilies.

Mrs. Owens is the pretty and attractive daughter of Mrs. Mathilda Moore and the late William Walter Moore.

Mr. Owens, formerly of Fountain, is the son of Mr. and Mrs. G. P. Owens. He is in the postal service, and is employed in the city post office. Mr. and Mrs. Owens are both popular among a wide circle of friends.

Following the ceremony, they left for a tour of several northern cities. They will make their home in Greenville.

MISS MADGE DANIELS' BRIDGE HOSTESS

Saturday evening Miss Madge Daniels was a gracious hostess at bridge, complimenting Dr. Charles Barber, of Philadelphia, who was here for the week-end.

The home of Mrs. W. Z. Morton, with whom Miss Daniels is making her home, was attractively decorated with hearts, cupid's and other suggestions of the Valentine season.

Punch was served by Miss Elizabeth Morton and Miss Virginia Perkins.

Bridge was played at four tables. Prizes, Valentine novelties, were won by Miss Clem Bridges, Miss Goldie Harris and Johnnie Johnson.

Following the game the guests were invited into the dining room, where a delectable sweet course carrying out the Valentine idea, was served by Mrs. Morton.

The dining table was very attractive with a cover of lace and centered with a birthday cake. Silver holders with burning tapers were placed at the four corners.

Much merriment was caused by cutting the cake, and many good wishes were extended Dr. Barber, the honor guest, who celebrated his birthday.

Those present were: Miss Mary Lee Foster, Miss Julia H. Parham, Miss Goldie Harris, Miss Rachael Scarborough, Kinston; Miss Clem Bridges, Elm City; Miss Gladys Moors, Tupelo, Miss; Miss Mary Berry Clark, Virginia; Miss Jessie Moye, Miss Virginia Perkins, Miss Elizabeth Morton, Dr. Barber, Philadelphia; Johnnie Johnson, Washington; S. F. Allen, H. B. Utley, Dave Moore and Picklen Arthur.

Charles Cobb III. Friends of Charles Cobb, son of Mr. and Mrs. W. Cobb, will regret to learn that he has been quite ill for the past few days.

T. E. L. Class to Meet. The T. E. L. class of the Immanuel Baptist church will meet with Mrs. Gilbert Teel Friday, Feb. 14th.

Scouts to Meet. Boy Scout troop No. 33 will meet at the Christian church tonight at 7:30 o'clock.

AMERICAN LEGION AUXILIARY MEETS

The American Legion Auxiliary held their regular February meeting Wednesday, Feb. 12, with Mrs. Richard Stokes, at her home on Ninth street. Mrs. J. L. Horne was assistant hostess. Twenty-six members were present.

The Auxiliary has recently put on a drive for new members and now has a paid-up membership of seventy-seven. After the usual business, many letters were read, one from the welfare department. The Auxiliary voted to take families of ex-service men as their opportunities and have been helping them all winter, both as an organization and as individuals. The Auxiliary was so glad to have Mrs. LeRoy Rollins, Mrs. Marvin Horton and Mrs. W. D. Eymon of the Farmville unit, as visitors.

The meeting adjourned to meet March 12th with Mrs. E. F. Duke on Eighth street. The hostesses served tempting refreshments. —Reported.

SOPHOMORES WIN
Last night local sophomores took a game from Winterville Sophomores with a score of 15-26. Dail starred for the local team by making 15 points. Davenport made 6 points for the visiting team.

Parents-Teachers Meet.

The Parent-Teacher Association of the West Greenville School held a most interesting meeting on Wednesday afternoon. The fourth grade under the direction of Miss Foley rendered a program. American songs, their authors and their origin were the theme. This especially well rendered program was not only intensely interesting and entertaining, but instructive. Several national airs, Indian songs and negro melodies given by the children, demonstrated painstaking and careful training. Several selections on the harmonica closed this unique musical program.

The business session was opened by the vice-president, Mrs. A. P. Hines, presiding. Routine business was quickly dispatched. Announcement was made that a patriotic party would be given at the school building Friday night. The public is urged to attend. A small admission fee will be charged. The welfare committee made a splendid report. —Reported.

Miss Cowell Improving.
Friends of Miss Sallie Cowell will be glad to learn that she is improving after several days' illness.

Here For Auxiliary Meeting.
Mrs. LeRoy Rollins, Mrs. Marvin Horton, Mrs. W. D. Bryan, members of the Farmville unit, and Mrs. V. A. Ward, Mrs. C. L. Wilson, Mrs. A. S. Everett and Mrs. R. W. Higden, of Robersonville, members of the Greenville unit, were visitors at the American Legion Auxiliary meeting Wednesday.

MUSIC AND ART DEPT. WOMAN'S CLUB NOT TO MEET

The Music and Art department of the Woman's Club will not hold their regular meeting Friday afternoon.

EPISCOPAL LADIES TO HAVE DAY OF PRAYER

The women of St. Paul's Episcopal church will have a day of silent prayer tomorrow, beginning at 10 o'clock and closing with a short vesper service at five o'clock.

Every woman of the church is urged to attend this service, if only for a few minutes. All members are especially requested to be present at the vesper service.

AMERICAN LEGION AUXILIARY IS ORGANIZED IN FARMVILLE

Farmville, Feb. 13.—As the result of a recent visit from the chairman of the district, Mrs. Floyd Cohoon of Columbia, a meeting of eligible members was held this week at the home of Mrs. W. D. Bryan and an auxiliary to the local Post of the American Legion was organized and the following officers were elected: Mrs. W. D. Bryan, president; Mrs. J. W. Joyner, vice-president; Mrs. Leroy Rollins, secretary; Mrs. E. J. H. Paylor, treasurer; Mrs. P. E. Jones, historian; Mrs. J. C. Glass, chaplain; Mrs. Royce Tucker, typist; Mrs. W. D. Debnam, sergeant at arms.

MAJOR BENJAMIN MAY CHAPTER D. A. R. MEETS

Farmville, Feb. 13.—Members of the local D. A. R. chapter numbering thirty-six and three guests, Mrs. J. S. Whittlesey, Mrs. G. A. Rouse, and Miss Edna Robinson, were delightfully entertained by Mrs. G. M. Holden and Mrs. B. H. Knott at the home of the latter. The lower floor

was thrown ensuite and made most attractive and fragrant with spring flowers.

The following delegates were elected to represent this group at the state meeting, March 6-8: Mrs. B. Streeter Sheppard of Raleigh, Mrs. U. H. Cozart of Wilson, Mrs. C. H. Arlington of Rocky Mount, Mrs. C. T. Dixon, Mrs. G. V. Jones, Mrs. R. S. Tandy, and Mrs. J. Lloyd Horton of Farmville, and Misses Evelyn Horton and Sue Barrett, were elected as pages. The chapter voted to assist in the book campaign for the new library and Misses Elizabeth Fields, Louise Smith, Evelyn Horton, and Sue Barrett were appointed as a book committee.

Saturday, February 15, was decided upon as the date for giving away the Treasury Chest, and Mrs. J. H. Barrett of Wilson was given a rising vote of thanks for her untiring efforts on behalf of the project started by the chapter several weeks ago. On account of the State Convention date the next meeting was changed from March 8th to March 18th. A splendid report of the chapter activities during the three years of its organization was given by Mrs. B. Streeter Sheppard, historian, in observance of Anniversary month.

The program consisted of a talk on "Washington and Lincoln" by the regent, Mrs. T. C. Turnage, a discussion of "National Defense," by Mrs. W. M. Willis, and a paper, "Prose and Poetry of the Old South," by Mrs. Mary Moye Patterson. A delectable salad course was served by the hostesses, assisted by Misses Rosa Robinson and Mary Frier Rouse.

U. D. C. Meets

Farmville, Feb. 12.—The U. D. C. chapter, U. D. C. No. 1, was delightfully entertained this week by Mrs. A. W. Bobbitt at her apartment on Church street. Japanese quince and Breath of Spring added attractiveness to the living room. Mrs. A. B. Walters, chaplain, had charge of the devotional period which preceded the program on John S. Mosby. Mrs. J. W. Harrell, who well rendered program was had a very interesting paper on the life and career of Mosby. A delicious marshmallow salad course was served to the nineteen members and the following guests, Mrs. R. O. Lang, Mrs. O. R. Townsend, Mrs. W. H. Nance and Mrs. Copeland.

Monarch Club to Give Minstrel

"Merry Monarch Minstrels" sponsored by the Greenville Monarch club is rapidly taking form and will be presented in White's Theatre on March 7, three weeks from Friday.

The proceeds of the show will be used strictly for charity in helping to relieve the condition in this locality. This is only one of the several methods that the local Monarch club is using to raise funds for this purpose.

The cast is composed of local, out-of-town and professional talent, including C. B. Rowlett and "Tige" Gardner, premier end men playing with C. O. Webster, "Soup" Porter, Tom Foley, Ed Sawyer which has never failed to please any audience.

The soloists which do not need any introduction and are widely known throughout Eastern North Carolina, include Mr. Herbert Waldrop, Mrs. Charles White, accompanied by Mrs. Knott Prector, Troy Reuse, leading tenor, Ed Johnson, Judson Blount, Charlie James, Guy Smith, D. M. Sellers, Ed Williams, W. W. Lee and the American Legion Quartet.

WINSLOW

The Bride's Choice

One of the most modern patterns of today, and yet it brings down to us the beauty and grace of the 18th Century, with the most historical background of any pattern ever placed on the American market.

Now On Display

TOLAR'S

"At the Big Clock"

Music will be furnished by the Greenville orchestra which is now devoting all of its spare time to rehearsals in preparation for this particular occasion. Miss Christine Evans and Miss Edna Smith will be at the piano.

The production of the entire show is in the hands of the well-known and very able old time minstrel producer, Ernest Storey.

It is hoped that the entire population of Greenville and the near-by towns will take an interest in this achievement which is for a most worthy cause.

Scouts to Take Part in Swimming Event at Wilson

Between twenty and thirty Boy Scouts will go to Wilson tomorrow afternoon to participate in a swimming contest to be held in the Wilson high school. The trustee of the Wilson school have tendered the use of the school swimming pool, and officers today expressed their appreciation of the kindness.

Mrs. Hobgood Hostess
Farmville, Feb. 12.—Mrs. J. H. Hobgood was gracious hostess to the Merry Matrons on Tuesday afternoon. Pasty willow branches and an unusually beautiful display of

HEALTHY LOT OF CHILDREN

Every Member of the Family Took Black-Draught When Out of Sorts.

Walnut Ridge, Ark.—"Until I was a grown girl, I did not know there was any other purgative but Theodor's Black-Draught," writes Mrs. J. C. Hathorne, of this place. "My father gave it to every member of his family."

"Whenever we got out of sorts, he got down the Black-Draught, and gave it to us this way for indigestion and constipation. There were eight of us children in our family. We were a healthy lot. Black-Draught was about our only medicine."

"I have continued to use it off and on in my home as I have needed it since I have been married. I give it a good recommendation, for I know from my own use Black-Draught is a good medicine."

Theodor's Black-Draught is a purely vegetable cathartic or laxative medicine, composed of selected medicinal herbs and roots. Black-Draught is finely powdered, which enables the juices of the stomach to extract its medicinal properties in a natural way. NA-267

Indigestion, Biliousness

pottery was in keeping with the program on Pottery and Its Decoration. Mrs. G. M. Holden discussed "this subject and Mrs. R. A. Fields had a paper on "Silk Lamp Shades," which may be made at home. Plans for the library canvass were made and Mrs. J. Lloyd Horton, Mrs. B. O. Turnage, Mrs. A. C. Monk and Mrs. R. W. Turnage were appointed as a committee. The hour of meeting was changed to 3:30, and a law governing absence was passed. Special guests of the hostess were Mrs. Ruth Byrd, Mrs. R. A. Eymon, Mrs.

Negro to Pay for Killing in Electric Chair

Raleigh, Feb. 13.—(AP)—Ray Evans, Richmond county negro, will be electrocuted at 10:30 tomorrow morning for the killing of Constable W. D. Smith last June 12.

The twenty-four-year old negro was sentenced to die last fall but an appeal to the Supreme court stayed execution. When the high court turned down the appeal last December the electrocution was automatically set for December 17.

Governor O. Max Gardner granted a reprieve of 30 days to keep the execution from occurring during Christmas week. He said at the time he would not interfere again.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Feb. 13.—(AP)—The cotton market opened steady at a decline of five to 14 points, with active months soon showing net losses of 15 to 19 points in response to the relatively easy showing of Liverpool over yesterday's local holiday. May sold off to 15.86 and October to 16.25 during the first few minutes making net losses of 15 to 19 points, but these prices seemed to bring a little more buying and prices steadied up several points from the lowest. At the end of the first half hour May was ruling around 15.93 with the market some nine to 16 points below last Tuesday's closing quotations. Old crop positions were relatively steady on covering and trade buying, and there was some bearish comment on reports that fertilizer tag sales for the southern states during January showed an increase of 11.1 per cent as compared with last year.

GRAIN MARKET

Chicago, Feb. 13.—(AP)—Wheat averaged higher in price here today but increased selling to realize profits on upturns led to reactions in the late dealing. Poor buying support, nevertheless, developed as the market declined. Houses with foreign connections were prominent at times as purchasers of Chicago wheat future contracts, although refraining from any sign of a disposition to take hold freely at present of wheat for export either from the United States or Canada.

Wheat closed unsettled 1 1/8 to 5/8 lower than Tuesday's finish. Corn closed 1-2 to 1-1/8 down; oats 1-8 to 1-4 to 3-8 off, and provisions varying from 2 setback to a rise of 5 cents.

STOCK MARKET

New York, Feb. 13.—(AP)—Sharply conflicting price movements in today's stock market reflected the struggle for control between opposing speculative forces. Prices headed upward at the opening under the leadership of the public utilities and a few high grade industrials such as American Can, American Tobacco B. U. S. Steel common, which were marked up to new high levels for the year. The market turned irregular in the early afternoon on a renewal of selling pressure against Simmons Co., Gillette Safety Razor and the mail order issues.

Business news was mixed in character. Freight loadings in the week ended Feb. 1 were considerably larger than the week before but fell below the same week last year, and were the lowest of any corresponding week since 1925. Copper stocks showed a further slight increase in January but shipments were slightly larger than the month before.

Call money renewed unchanged at 4 per cent.

Pool activities accounted largely for the activity in the public utility group merger rumors stimulating the advance in that group. Philadelphia Co., General Public Service, Brooklyn Union Gas and American Telephone were marked up 4 to 7 points to new peak prices for the year. American Water Works was marked up 3, and a number of others advanced a point or two. One block of 10,000 shares of Consolidated Gas of New York changing hands at 115.

only ten class days for leave of absence on each tour and always plan to use this time to the greatest advantage, both in number of engagements and in territory covered. Now that they have their own bus and equipment they have accomplished many things that would otherwise be impossible.

They will present three one-act plays at East Carolina Teachers College on the evening of February 25.

GUNMEN KILL TWO PERSONS IN N. Y.

(Continued from page one)
 Police Barrell, 30, of the Bronx, who police said was known in the Bronx as a gambler and had a criminal record dating back to 1919.

Employees of a nearby garage told the police the man and woman had proceeded about 50 feet from a garage where he had stored his car when the automobile with the four men drew up to the curb beside them.

As the men stepped from the machine, the woman screamed and started to run north, while Barrell fled in the opposite direction. Two of the men chased the woman, who after running a few yards tripped and fell. They then fired four shots at her, one of which entered the back of her neck and the other between the shoulders blades.

Her screams attracted a negro washer who had admitted the couple to the Sherman garage a few minutes earlier. He ran to the street, picked her up and placed her in a taxicab. She was dead when examined by a hospital surgeon.

Meanwhile, the other two gunmen chased Barrell to the entrance of another garage where they fired five shots at him. One pierced his chin and the other his chest. A garage employe called an ambulance but Barrell died before its arrival. At the Sherman garage it was said Barrell had been storing his car there for the last two months under the name of "C. Barrell".

Playmakers Will Come Here Feb. 25

The Carolina Playmakers in their February tour will play in only four places in North Carolina. They start their tour in Albemarle, going across South Carolina, with four engagements, and further south than they have ever been before, with four engagements in Georgia—Atlanta, Augusta, Macon, and Columbus, the most southern point. Then they make the jump to Wilmington, thence to Greenville, and wind up their tour in Rocky Mount the evening after they are in Greenville.

In the fall they went as far as Boston for the first time, and played in cities in Pennsylvania, Maryland, Virginia, and twice in New York but with only one date in North Carolina. They are allowed

2 to 6 years

\$1.00 to \$1.95

6 to 14 years

\$1.95 to \$2.95

GREENVILLE WINS FROM WASHINGTON

Last Tuesday the Greenville boys invaded W. C. I. in Washington and returned victorious. The game was fast and well played by both teams although the home boys greatly outplayed the Washington boys. Bullock, our little whirlwind forward, led in the scoring with Lee and Deal only one point each behind. Unusual team work was responsible for the victory. Each member of the team succeeded in scoring at least one point.

In the first half the Greenville boys outplayed the Washington team that at the end the score was 14-3 Greenville but in the second half W. C. I. came back with such renewed force and aggressiveness that at the end of the period a score of 21-14 in Greenville's favor. It was a good game in which both teams showed good spirit. However there was only a very few backers from here. We would like to make this up by turning out in large numbers for the Farmville game in Farmville Friday night.

Layola Takes a Close Game From Carolina

Charlotte, Feb. 13.—(AP)—The powerful basketball team of Loyola of Chicago today was recovering from one of the biggest scares a team this season has experienced.

The Ramblers breezed into Chapel Hill and tackled North Carolina last night and finally won, 26 to 25, but only after one of the most desperate battles of the season.

Near the end of the contest, the mighty western eagles saw the Tar Heels ring up 14 points while they were held scoreless. These points gave the Heels a 25 to 22 lead, and it was only after a desperate drive that the Chicagoans scored four points in the last two minutes of play to win the game.

While the Tar Heels were engaging the westerners, Davidson was taking a rather easy victory from Wake Forest in a Big Five match at Davidson. The Wildcats beat the Deacons, 33 to 17.

Lenoir Rhyne moved up within a notch of Big Point, Little Six leader, by defeating Guilford, 37 to 25, at Hickory. Appalachian turned back Catawba, 18 to 16, at Boon.

THIRTEEN WHITE SOX TO GO SOUTH SATURDAY

Chicago, Feb. 13.—(AP)—Either figuring they can't be any more unlucky, or because they are not superstitious anyway, 13 players of the Chicago White Sox club today will compose the official squad when the southward trip starts Saturday.

Six players are listed in the group which will head for San Antonio, Tex., to train for the 1930 championship campaign, the club's first under the direction of Donie Dubois. Catcher Clyde Crouse, and pitchers Bob Weiland, Ed Walsh, Jr., Gerald Byrne, and Harold and Harold McKain are the players.

The rest of the official party will include Manager Bush, Coach Barney Kelly, Trainer William Buckner, Secretary Harry Carter, Lou Lou Comiskey, and Lou Jarboeur, traveling secretary.

The other members of the squad will go to San Antonio directly from their homes.

Never Dines Out

Paris—Andre Tardieu, who is rated as an expert with knife and fork, has found it necessary to train for his job as Prime Minister. He never dines out now; his cuisine consist of two oranges about 9 P. M.

Twelve Years Mayor and Going Strong!

WHEN a man who has been mayor of a big city for twelve years finds out how to live, his words are worth listening to. Ex-Mayor E. N. Kirby of Abilene, Texas, discovered the simple way to health about ten years ago (he is now 64).

"I am now a new man, and as active as a boy," says Mr. Kirby. "I feel fine all the time and rarely have an ache or a pain, although for twenty-five years I suffered with rheumatism, and sometimes was unable to stand or walk. I would not give up my simple health discovery—no, not for five thousand dollars in gold!" That discovery was Nujol!

That's the wonderful thing about Nujol. Although it is not a medicine and contains absolutely no drugs, its harmless internal lubrication seems to make people feel better and look on the brighter side of life, whether they are old or young.

Of course you can understand why this is so: we all of us have natural poisons in our bodies that make us feel headachy, sick and low in our minds. Nujol, which is as tasteless and colorless as pure water, helps to absorb these and carry them away, easily, regularly as clock work.

Instead of drugging and irritating your body with pills, cathartics, laxatives, and other habit-forming drugs, give your body the internal lubrication which it needs, just as

Minnesota Pilots

Fritz Crisler (above) of the University of Chicago is reported to have been named head football coach and Elton E. (Ted) Wieman of Michigan his first assistant at the University of Minnesota.

FIGHTS LAST NIGHT

Boston—Jimmy Maloney, Boston, stopped Al Friedman, Boston, (4). Detroit—Billy Light, St. Paul, out-pointed Morrie Sherman, Detroit, (10).

Milan, Italy—This capital of Lombardy is about to celebrate the 400th anniversary of a scientist whose greatest invention has been a terror in all parts of the world for centuries. The historical society is looking into the archives to see if some of the ignominy can be removed from him. Dr. Andrea Alciato invented the alarm clock. His device not only sounded a bell at a selected time but lighted a candle.

She's Getting Thinner Every Day

HER FAT IS MELTING FAST AWAY

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning.

The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 85c bottle of Kruschen Salts at Greenville Drug Company (last 4 days) with tech distinct understanding that you must be satisfied with results or money back.

One Montana woman lost 19 pounds of fat in 4 weeks and feels better than she has for years.

Never Dines Out

Paris—Andre Tardieu, who is rated as an expert with knife and fork, has found it necessary to train for his job as Prime Minister. He never dines out now; his cuisine consist of two oranges about 9 P. M.

SPORTS SLANTS

Whether Babe Ruth collects \$75,000 or \$85,000 for his pursuit of the baseball arts in 1930, the pay-roll of the New York Yankees still will be the heaviest in the major leagues.

Even with a little pruning here and there, such as the release of Bob Meusel's \$13,000 contract, the Yankee salary list runs up to around \$300,000 for the season.

Those who pry into these financial matters figure the Chicago Cubs have a pay-roll aggregate in excess of \$250,000, with Rogers Hornsby and Hack Wilson as the top men, at \$40,000 and \$35,000 respectively. Hornsby is the highest paid National League player.

Connie Mack, treasurer as well as manager of the world's champions, will sign check amounting to more than \$200,000 for 1930, a figure which probably also is equalled if not surpassed by the New York Giants.

Professional hockey, in a summer time, has had a similar experience. To meet the cry for more goals, rules were radically changed to aid the offense this season. The consequent scoring rampage resulted in National League sextets doubling the output of goals. Now the tendency is to seek a happy medium while still furnishing enough excitement to keep up the interest of the customers.

So far as the rules are concerned, one set seems as good as another to the Boston Bruins, who won the world's championship last winter and have spread-eagled the field this season with record-breaking ease.

There was a time when star pitchers drew the biggest pay checks. They still collect enough to keep the wolves away but Ruth, Hornsby, Gehrig and Wilson now are the highest paid players to evidence the power of the home run in the front office as well as the ball park.

On the other hand, Chuck Klein drew down a mere \$75,000 from the Phillies last year for breaking the National League home run record, and his team-mate, Lefty O'Doul, not much more for leading the league's batsmen with a mark of 268.

Before closing the statement of financial affairs, it may be noted that Lou Little, Columbia's new head football coach, becomes one of the highest, if not actually the highest paid gridiron mentor in the country. It is understood Little has an agreement calling for an average wage of \$20,000 for three years, apportioned at \$12,000 for 1930, \$20,000 for 1931 and \$22,000 for 1932.

The Carnegie report, covering over 100 colleges and universities,

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (Adv.)
