SEC. LOWMAN REPORTS GENERAL SHAKE UP IN THE NARCOTIC BUREAU

L. G. Nutt, in Charge of Narcotic Department of Prohibition Unit, Transferred to Prohibition Field Supervisor; Anslinger to Take Over the Duties of Nutt Temporarily; Other Changes Reported in Various Parts of the Country

Washington, Feb. 28.—(AP)—The transfer of L. G. Nutt, in charge of the narcotics bureau of the prohibition unit to the position of a prohibition field supervisor and a general shakeup in the narcotic bureau was announced today by Assistant Secretary Lowman.

The responsibility for padding figures on narcotic arrests by government squads in New York, was laid to Nutt recently in a report by a New York grand jury. The figures were the total arrests made by New York police and government agents but the Deputy Commissioner explained that he had sent them to Congress to show the amount of work being done in New York and not with any intention of creating a false impression.

Harry J. Anslinger, assistant commissioner of prohibition, will temporarily take over Nutt's duties effective tomorrow. Joseph A. Manning, narcotic agent at Nashville, Tenn., has been sent to New York to succeed Lowman. Manning's narcotic agent will take Manning's post in Tennessee.

A number of narcotic agents in New York have recently been sent to other posts.

Wenner Fields of Walstonburg, Dead

Funeral services were conducted this afternoon at 3:30 o'clock for Premier A. Fields, 56, of the Walstonburg section, who died Thursday morning at 5 o'clock. Death was attributed to pneumonia following chronic Bright's disease. Rev. S. Tandy, pastor of the Farmville Christian church, officiated. Two weeks ago last Tuesday, the second wife of Mr. Fields, formerly Miss Alma Sutton, of Lenoir county, died of pneumonia.

His first wife was Miss Apple Lang, of Farmville.

State Prison Sets Another Record Mark

Raleigh, Feb. 28.—(AP)—State's prison set another new admittance record during February when the total of convicts admitted reached a new high mark for many Februarys.

There were 107 prisoners admitted up to this morning during the month and the average for February has been only about 60.

During January the prison admitted 152 to set a new all-time record for admissions in a single month thus making the total this year 259.

Prison officials are being faced with a never more difficult task as central prison here and all the prison camps and farms were already overcrowded January 1.

Three Held As Result Fires at Marion, N. C.

Marion, N. C. Feb. 28.—(AP)—Three men were being held today as a result of fires, believed incendiary, that destroyed two houses and partially burned another here.

The men, Leon Moore, Zeb Webb and Woodrow Wilson, are textile union members. Sheriff O. F. Adkins said no formal charges had been preferred against them.

The fires occurred Tuesday and Wednesday nights in homes located near the Marion Manufacturing company, which has experienced labor troubles for a number of months.

One of the houses destroyed was the property of Jim Owens, a deputy sheriff, who was tried and acquitted of charges in connection with the death of six textile mill workers in a riot October 3.

The other houses burned belonged to Miss Ellen Crawford, a school teacher, and J. H. Tate, the property of J. H. Tate, hosiery mill operator.

REVENUE MEN CAN NOT ACT IN POLITICS

Maxwell Makes Announcement After Silver Reported As Simmons Manager

Raleigh, Feb. 28.—(AP)—No employee of the State Department of Revenue will be permitted to serve as campaign manager of any kind during the approaching Democratic primary unless they do so while on leave of absence. A. J. Maxwell, state commissioner of revenue, said today.

Mr. Maxwell issued a formal statement following the announcement in the press today that Sprague Silver, supervisor of the motor vehicle bureau of the Department, had accepted "responsibility of management of the campaign of Senator Simmons for the fourth congressional district."

Saying he felt that he should make a statement on the policy of the department, Mr. Maxwell said that "no engagements will be permitted that tend to neglect or embarrass the business of the department, which is to manage the state's business."

Pointing out that it was expected and desired that all employees exercise their best judgment in support of candidates in contests between Democrats, Mr. Maxwell added, "but such activities as responsibilities of campaign management will inevitably impair efficiency and tend to convert division offices, supported by all taxpayers for public business, into campaign headquarters, and acceptance of such responsibilities cannot be approved except under leave of absence for the period of the campaign."

"I will much regret it if this announcement is in any way prejudicial to the candidacy of Senator Simmons," the statement of Mr. Maxwell said. "The well-known friendship between Senator Simmons and myself, which has continued down to the present time, and my great respect and admiration for his ability and public service to our state is intended, and that my sole purpose is to maintain the orderly operation of this department in the performance of its public duties."

Mr. Silver's early this afternoon said he expected to confer with Mr. Maxwell on the matter. He said that the position he had accepted would mean "little activity" as most of the organizing had already been done or would be done in the individual counties.

At the same time that it was announced that Mr. Silver would serve as district manager it was said that Mrs. George A. Isley, of Raleigh, national committee woman of the American Legion Auxiliary, would serve as co-manager with him.

Blond Girl Bandit Sent To N. Y. Pen

Buffalo, N. Y., Feb. 28.—(AP) Sentences of life imprisonment in Auburn prison were pronounced today by Justice Hinkley, Supreme Court, against Peter Dombkiewicz, companion of Eddie Joyce Richards, the "blonde bandit," in a series of holdups here, and against Stanley Kozynol, the "millionaire kid," for participation in the \$300,000 gem robbery at the home of John L. Carson of this city.

The 20-year-old girl was given 20 years to life in prison, and Eddie Ozydorczak, who was arrested with her and Dombkiewicz, in Montgomery, Ala., will spend 15 years to life at Auburn. Both were first offenders and were given minimum sentences, mandatory by law.

The specified charge against Dombkiewicz, Ozydorczak and the Richards girl was robbery, first degree, in the holdup of David Gluckstein in his jewelry shop here. The two men pleaded guilty.

Dombkiewicz in court as a witness, lessened his chances of leniency during the blonde girl's trial Wednesday by slashing the throat of and seriously wounding Gluckstein, who had identified Sallie as the girl who threatened him with a revolver before she and her two accomplices robbed him of \$9,000 worth of jewelry.

Says Collection of General Fund Takes Drop Off

Raleigh, Feb. 28.—(AP)—Tax collections for the general fund of the state of North Carolina showed a reduction of \$124,000 in February under the same month last year but highway fund collections showed an increase of \$180,536.97. A. J. Maxwell, state commissioner of revenue, announced today.

Total general fund collections for eight months of the current fiscal year are now over \$1,600,000 ahead of last year.

If Mr. Maxwell said, receipts from individual income taxes are in line with the estimates by the budget committee when it drafted the schedule of receipts for the biennium is materially lessened, last year 38,000 individuals paid income taxes and 3,300 corporations paid taxes on income.

One Man Killed By Electric Hoist

New York, Feb. 28.—(AP)—Loaded with three tons of mud and rock, an electric hoist plunged to the bottom of a 600-foot shaft in the Bronx today, killing one man and injuring seven. The shaft was being sunk as part of a new aqueduct between Yonkers and Brooklyn.

Officials said the accident was caused by the snapping of a cable following the breaking of a flange on the lifting mechanism.

Six Hundred Arrests in Chicago During the Last 24 Hours

Chicago, Feb. 28.—(AP)—A negro was killed by a policeman, an officer of the law was wounded, chasing bandits, and a bomb with a sputtering fuse was discovered in time to prevent a serious explosion early today as police push forward their drive against criminals. Six hundred arrests were made during the 24 hours ended last midnight.

Walter Collins, a negro and non-combatant in a gunfight between eight policemen and a man they sought to arrest, was killed.

Policeman David McLean was wounded twice in the arm when he exchanged shots with two men who attempted to rob him. The robbers escaped.

Only a matter of seconds prevented the bomb explosion. Two patrolmen found the bomb with fuse lighted, in the doorway of a butcher shop in the Maxwell Street ghetto. They kicked in into the middle of the street and extinguished the fuse.

Dr. Snook To Pay Death Penalty In Ohio Tonight For Murder Of Miss Hix

Columbus, O., Feb. 28.—(AP)—Today was the last on earth for Dr. James Howard Snook, the 50-year-old former professor of veterinary medicine at the Ohio State University, condemned to die in the electric chair because he killed his coed mistress, Theora Hix.

Dr. Snook spent his last day preparing for death at about 7:00 o'clock tonight, the hour for electrocution. Snook's attorneys, who let him to the governor's office only to lose when his battle there, were merely waiting today. So was Mrs. Helen Marple Snook, faithful wife of the condemned man, who shook the governor with a powerful plea for clemency yesterday.

Dr. Snook, who earned an international reputation as a pistol marksman in addition to national recognition as a writer on hunting and veterinary surgery, played cards with his death mates until "lights out" time last night. He was cheerful during the card game, but as the night drifted into the fatal day, the doctor became nervous and "break" before the morning.

Only a week ago Snook told the newspapermen he "felt" he would get a chance to tell "the true story" of his relations with Miss Hix in another court. However, the Federal Supreme Court Tuesday refused to review his case and Governor Cooper yesterday declined to grant him a fourth reprieve or to commute his sentence to life imprisonment.

WOMAN HURT IN COLLISION ON HIGHWAY

Miss Virginia Bancroft, of Kinston, was probably fatally injured in an automobile collision occurring on the Farmville-Snow Hill highway about 12 o'clock today, according to information reaching this city today. The young woman's left arm and side were said to have been badly crushed by the impact, and physicians at Farmville, where she was carried for first aid treatment, said they entertained little hope for her recovery.

Miss Bancroft was enroute from Rocky Mount to her home in Kinston when her car collided with a truck loaded with turkeys, chickens, and eggs, driven by Jack Lanier, of Beulahville, accompanied by Gib Batcher, both of whom were slightly injured. The truck was bound for Norfolk.

Miss Bancroft was the sole occupant of the light coupe which was a total wreck. The truck was badly damaged.

The accident occurred on a straight stretch of road and both cars were said to have carried good lights. Cause of the accident had not been discovered today, but officers were investigating.

SALISBURY MAN SERIOUSLY BURNED

Salisbury, Feb. 28.—(AP)—Charles C. Lemly, 35, is in a serious condition at a hospital here from burns received this morning when his clothing caught fire while he was lighting a fire at his home here. His mother, hearing a noise, rushed in the room and found his clothes ablaze. She made heroic efforts to extinguish the flames but the son raced from the home before being halted by others attracted to the scene.

Sewanee Defeats State College

Auditorium, Atlanta, Feb. 28.—(AP)—Sewanee's Purple clad case warriors sprung the first surprise of the 1930 Southern Conference basketball tournament by turning back North Carolina State, defending champions, 25 to 19 in the opening game here this afternoon. The North Carolina Sharpshooters were held to two field goals during the first half while Sewanee was rolling up 6 to lead at the half.

SEN. McKELLER URGES RECALL OF AMERICAN DELEGATES IN LONDON

Metropolitan Spain Swept By Tide Of Republicanism; Several Injured In Clash

Thousands Gather in Streets and Clash With Police Following Pronouncement of Former Premier and Enemy of Late Dictatorship

Madrid, Feb. 28.—(AP)—The declaration of former Premier Sanchez Guerra for a republic in Spain—stronger than ever before—and that he could no longer support the present monarch has created the most intense excitement and discussion in political circles as to what effect it will have on the present government.

Premier Berenguer apparently has been considerably upset; by the loss of support of the former premier and today he said he deeply regretted Sanchez Guerra's attitude toward the monarch.

When several minor riots broke out immediately after Sanchez Guerra's sensational speech yesterday which was climaxed late last night and early this morning with red banners and rock-throwing demonstrations, the government announced it would ban all future political discourses because it believed the present policy of freedom of political conditions.

Ten demonstrators were held by the police this afternoon but the disposition of their cases was not announced. One policeman who was seriously injured in the disorders was taken to a hospital.

Madrid, Feb. 28.—(AP)—Metropolitan Spain today was swept by a tide of Republicanism and anti-Monarchical demonstrations after a public pronouncement by Jose Antonio Sanchez Guerra, former premier and bitter enemy of the late dictatorship, in which he said: "I will never again serve the present king."

Thousands gathered in the streets of Madrid, and fought with police who attempted to bring down their red banners and hush their shouts of "down with the king," and "death to the king." Ten civilians were arrested and one man was injured seriously in a clash outside a theatre in which the former premier's speech was delivered.

General Domingo Berenguer, the new Spanish premier, announced that henceforth all public political speeches would be prohibited. Many of the most prominent leaders of all parties had been making preparations for public announcements, but the decision apparently ends their plans.

Senator Sanchez Guerra's speech had been widely heard inasmuch as he probably is Spain's most venerated statesman.

To the staunchest of the Republican adherents the speech was a disappointment. The former premier did not say he hoped for a Republic. He did say that the movement was stronger than ever and that the country soon might adopt that form of government.

He denied that he had become a Republican personally, and then in his peroration declared: "I shall end with the words of the Duke of Gandia, chief of the palace of the Emperor Charles V, who when the Empress Isabella died, said: 'I shall never more serve those whom the worms can eat.'"

His words brought a thunder of acclamation, not unminged with cries of another temper. Outside the crowd accepted his speech as a pronouncement for a Republic and when he left the building he was greeted tumultuously.

Mounted police with drawn sabres dissolved a crowd of several hundred students, who, excited by the speech, started to parade toward the royal palace, shouting "Down with the monarchy! Long live the Republic!"

Some of the scores on the Calle Alcalá and the Puerto del Sol hurriedly closed their doors and lowered steel shutters when they heard the students' approach, but the demonstration was short-lived and no rioting developed. Dispersed in one quarter the crowd gathered in another, conflicts between the demonstrators and police following each other until far into the night.

DOZEN BARBERS FINED FOR UNSANITARY SHOPS

Salisbury, Feb. 28.—(AP)—A dozen barbers, three white and nine negro, were required to pay costs in the case and received a suspended fine of \$10 each in court here yesterday. They were charged with keeping unsanitary conditions and violating the state barber's act.

Tells Senate That "In Present State of Mind of the Conferees Representing Other Four Powers, It Is Clear There Is No Possibility of Disarmament or Reduction of Armaments; Conference Rides Somewhat Easier Today

London, Feb. 28.—(AP)—The recall of the American delegation from the London naval arms parity was proposed in the Senate today by Senator McKellar, Democrat, Tennessee, who asserted that there was no opportunity for naval reduction. "The Tennessee senator insisted that 'in the present state of mind of the conferees representing the other four powers, it is clear there is no possibility of disarmament or of a reduction of armaments, or even a limitation of armaments.'"

McKellar's suggestion started the first debate in the Senate on the London conference since it convened early in January.

Senator Vandenberg, Republican, Michigan, replied to the Tennessee saying:

"I sympathize with a great many things the senator from Tennessee has said but I believe he has given a premature American pronouncement based upon inadequate and insufficient information. Such contributions of advice to our delegates abroad do far more harm than good."

Continuing, McKellar said that so far as he could judge Great Britain, Japan, France and Italy, instead of seeking a reduction of all armaments, were each "laboriously and diligently seeking to increase their armaments, or to retain naval superiority over us."

"Great Britain's refusal to consider the Rodney matters, and the high limit that she sets upon cruiser tonnage and her unwillingness to regard other nations building the kind of cruisers suitable to other nation's needs indicate her attitude quite fully," he asserted.

"On the other hand, France apparently hopes to attain superiority over Great Britain on the submarine issue and manifestly is seeking superiority over Italy in naval armaments."

"Of course, Japan is holding out for all she can get. In other words, it seems to me that our delegates to the conference are the only ones that are really seeking a reduction of limitation of arms. All others are fighting for increases or superiority."

"In view of the high limit set by Great Britain for cruisers, her refusal either to sink the Rodney or permit the United States to build one of similar kind, her published refusal to consider her limit already suggested as between her and the United States unless France lessens her demands; in view of the fact that France is not going to agree to anything unless the United States agrees to come to her protection in the Mediterranean; in view of the perfectly apparent desire upon the part of the other four nations; either to maintain their superiority or to increase their naval strength; in view of the enormous increase of our own naval construction provided for in the proposed agreement, it seems to me that it is very fortunate that there have been two changes in the French government which will give all the nations concerned a chance to withdraw gracefully from the conference."

"I hope President Hoover will advise our delegates to come home. If we do not we are in a great way, let us decide the question ourselves. Later on a conference may be held which may bring about a real reduction of naval armament."

London, Feb. 28.—(AP)—With immediate threat of fall of the British government removed, the five-power naval conference rode somewhat easier today. Pending return of a French delegation which will permit fuller negotiations, attention was centered on conversations between the American and Japanese delegations.

A handful of Liberals staved off defeat of the Mac Donald ministry in the Commons on the second reading of the coal mine bill by voting with the government. Four Liberals voted for the bill and eight others abstained. The government won by a scant margin of nine votes 280 to 271.

British politicians shunted interest in the naval conference in the excitement of the moment. Just as in France the conference almost disappeared from view in the conference incident to the ministerial crisis. A defeat of the British government would have been a blow far greater than the government defeat.

Nugget of Gold Found in N. C. Valued at \$115

Cherryville, N. C., Feb. 28.—(AP)—A nugget of gold, found three miles from Cherryville, has been analyzed at Philadelphia and found to be worth \$115, according to T. C. Abernethy, cashier of the Cherryville National Bank.

Mr. Abernethy refused to say who was the owner of the property but declared further investigation was being made to see if there was more gold.

NOTED WOMAN GAMBLER DIES IN S. DAKOTA

Death Flips Ace of Spades for "Poker Alice" Tubs, Last of Picturesque Figures

Rapid City, S. D., Feb. 28.—(AP)—Death dealing from "a cold deck" flipped the ace of spades for "Poker Alice" Tubs yesterday. It was her admission card to the big game that is eternity.

She was one of the last of a bizarre Coterie of hard living straight-shooting men and women who added the color—sometimes it was blood-red—to the old west. "Deadwood Dick", "Wild Bill" Hickock and "Calamity Jane" were others.

"Poker Alice" wore a gun, smoked cigars and could "swear like a trumper"; but in all of her 77 years of life she dealt from the top of the deck.

During a life as adventurous as any man's, she gambled for high stakes without a single betraying quiver of the hand as she dealt, without the twitching of a face muscle. Cold as the steel of the revolver she wore, she sat in unnumbered thousands of high stake games.

Yesterday she bucked a game that she—no one—could beat. Old age and complications, following an operation for gall stones, were given by doctors as the cause of her death on a hospital bed.

Poker Alice was English born but American bred, and always the gambler she started as a faro dealer. So successful was she, that soon she was known not just as a woman gambler, but as a winning gambler man or woman.

Colorado, Nevada, Montana, the Dakotas—wherever there was pay dirt and hordes with guts enough to lay it against the turn of a card—Poker Alice was. She took \$2,121 in one night's play at Silver City, N. Mexico.

It seems rather strange, in retrospect, that Poker Alice, self-reliant, courageous and able to take care of herself anywhere—should have had time for love, yet she was three times married. Her first husband was a mining engineer, Frank Duffield. Then there came W. G. Tubs, a gambler who despite a wide reputation of his own, never could equal Poker Alice at the card table. Her third husband was George Huckert, but when he died Poker Alice resumed the name of her second husband.

County Employees In S. C. Forced to Wait for Pay

Spartanburg, S. C., Feb. 28.—(AP)—The last day of the month is "pay-day" for Spartanburg County employees.

Today is February 28, and 1930 is not a leap-year. All this, however, didn't mean anything today to Spartanburg county's employees.

Officials announced yesterday the county was "temporarily out of funds" and employees would have to wait a little while for their monthly checks. They said this was the first time in their memory anything of this sort has ever happened in Spartanburg county.

Failure of the county delegation last year to assess a large enough tax levy was blamed.

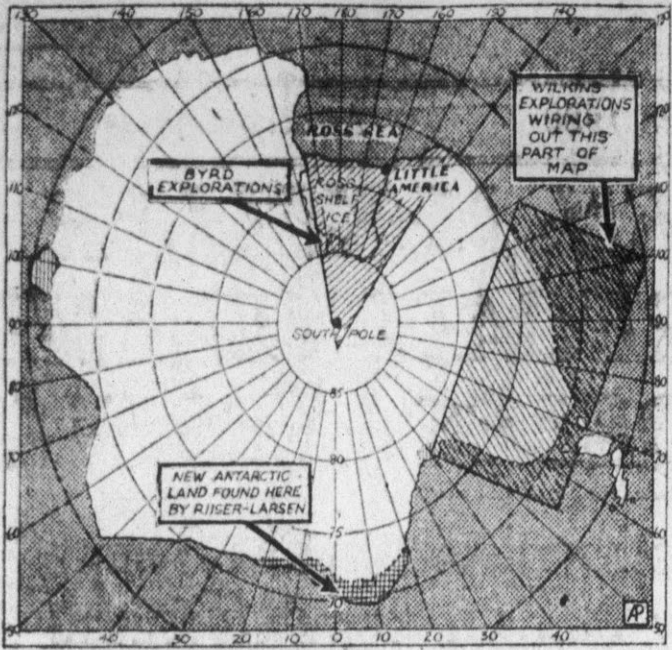

The pay checks already have been made out and signed by the county board. Officials were busy today with arrangements to obtain enough money to cover the checks so they could be delivered.

a large portion of our prop-
erty from taxes, and vote
for no candidate who will
not pledge such a service to
his county. If every piece of
every kind of property was
on the tax books in North
Carolina and was paying
part of the tax burdens, our
rates would not be high
enough to prove burdensome
to anybody, but so long as
real property bears practi-
cally all of the taxes the
landowner will find himself
burdened beyond endurance
and fast approaching bank-
ruptcy.

NOW IS THE TIME for
our people to act. How much
tax relief will depend upon
the type of men who com-
pose the next General As-
sembly and it is in the power
of the voters of our state to
send such men as will carry
on this fight for an equitable
and just tax system.

**ABOUT
TOWN**

Spring cleaning has stated at
the city hall.
This is gratifying news—news
that will be received with joy
throughout the city.
The city officers are representa-
tive of the entire citizenship and
it is nothing but fitting and proper
that they should look clean and
tidy—right up to the minute all
the time.
Members of the Board of Alder-
men are to be congratulated upon
their foresight. When most people
begin work of spring cleaning they
will have theirs over with and will
be all set for the long hot months
of summer.

Business is all that could be ex-
pected this season of the year, re-
marked a Greenville merchant
yesterday.
The same expression may be
heard on all sides, lending belief to
the argument that conditions in
this section are not as bad in busi-
ness way as they have been painted.
Expressions of optimism have
largely replaced those of pessimism
and from now on should see things
pick up in every line of industry
and especially after people actually
get down to work in preparation
for the next crop.

Our average citizens in
the past by their apparent
lack of interest in affairs
have made it "charmingly
easy" for interested persons
to get through certain legis-
lation that would shift the
greater portion of the tax
burdens to the shoulders of
the landowners, and now if
this wrong is to be righted
it is certainly time for all
thinking men and women to
join in a fight for same. We
can talk about the sales tax
or the luxury tax, and as we
have stated in this column
before, this would be a great
improvement over the pres-
ent system, but the most
just way out of our present
dilemma is a repeal of those
sections of our laws that ex-
empt a great portion of our
property from taxation. A
resident of this state who
invests his money in stocks
and bonds of foreign cor-
porations enjoys all the privi-
leges and advantages afford-
ed by our state, county and
city governments, yet pays
nothing toward the opera-
tion of these governments.
Is there anything fair or
just in such a system?

If the people of North
Carolina really want relief
from the present burden-
some land taxes there is only
one way to get it. In just a
few weeks all over our state
there will be announcements
of candidacies for the Gen-
eral Assembly and the State
Senate. Let every voter in
each county who is really in-
terested in tax relief see to
it that the candidates pledge
themselves to wage an un-
conditional fight to repeal
the laws that now exempt

of the Daily Reflector, why not
become one?
This paper furnishes its hundreds
of readers with complete reports of
all the important happenings in
different parts of the world. The
minute anything of importance oc-
curs it is flashed across the net-
work of leased wires into this
office, protecting our readers and
giving them the same service en-
joyed by the larger cities.
Why not send in your subscrip-
tion immediately and in that way
prepare yourself for the long days
of summer just ahead.

Sharkey Wins Over Britisher In Miami Bout

Miami, Fla., Feb. 28.—(AP)—The cry of "fair or foul" was raised again today amid the chaos of the heavyweight fight realm, wafted upon the balmy southern breezes as a result of the Sharkey-Scott fight at Miami last night.

In a finish that was as balmy as the weather, Sharkey was declared the winner by Referee Lou Magnolia last night after the lanky British champion had claimed a foul, taken a complete minute's rest to recuperate as the claim was disallowed and, then, refused altogether to continue as he swayed against the ropes from the effects of a terrific left hook to the pit of the stomach.

The climax of this third round, the climax of a carnival of clamor that was a financial as well as a athletic flop, probably has no precedent in the history of American heavy-weight boxing—with Sharkey first warned for hitting low Scott's sinking with an agonized look and cry of foul, police and handlers in the ring as the referee helped drag Scott to his corner for an examination and a minute's rest, Sharkey raging around the ring with tears streaming down his face as he feared disqualification, Scott then limping out to continue the bout with pain written all over his face, helpless on the ropes, protesting his inability to continue from the effects of body blows or an alleged foul or both.

Sharkey won the decision and as a result, the right to battle Max Schmeling, the German champion, for a bout that will be billed for the world championship in June at the Yankee Stadium, New York. The Boston sailor, however, in the opinion of most critics, fought an unsatisfactory fight, jeopardized his chances of winning from an opponent he obviously outclassed and added nothing to his prestige as the leading American title contender.

Scott, thoroughly eliminated from any future consideration in the heavyweight circus, left a sorrowful impression as a fighter, in spite of his apparent show of gameness in deciding to continue in the third round after a claim of foul. The argument as to whether or not Scott was fouled, whether it has any ultimate importance or not, may go on for some time to come without being settled, experts at the ringside differed sharply on the question, some maintaining that Scott was hit low at least six times and that Sharkey would have been disqualified; others, equally as emphatic in asserting that while the American hit low several times on Scott's thigh, he did not deliver any directly foul punches.

Referee Magnolia, veteran New York ring arbiter and the sole ruling official of the bout, declared flatly he saw no low punches but after the fight, examination of Scott showed a lump on the right leg, several inches below the waistline. An examining physician described the injury as traumatic sciatica, producing a partial paralysis which collapsed and the limping manner in which he went out or resumed fighting in the ring, however, at the height of the confusion and during the minute's armistice that Magnolia declared to make his examination, both the referee and the official boxing commission physician decided Scott was neither fouled nor hurt.

Magnolia explained that his extraordinary action in stopping the fight for a full minute was prompted by a desire to avoid any possible "squawk" or charge of unfair dealing. The result of the semi-final between Johnny Risko and Victorio Campolo of the Argentine, declared a draw by Referee Kid McParland New York, also was unsatisfactory to the majority of spectators and experts who considered Risko held a winning edge.

Financially, the battle was apparently as big a failure as it was disappointing in a competitive way. The paid attendance was estimated at only 25,000 half the arena's capacity, and the receipts at \$200,000, or less. On this basis, the Madison Square Garden corporation faced a possible loss of \$50,000.

In the three other bouts on the card, Jimmy Maloney of Boston outpointed Moise Bouquillon of France; Tommy Loughran of Philadelphia gained the referee's decision over Pierre Charles of Belgium and Paul Bianchi, youthful Argentine, knocked out Billy Daring of Palm Beach, in the first round.

Winterville Wins Couple of Games
In the second meeting between the teams this season Winterville High boys defeated Greenville on Tuesday night in this city, 30-23. Winterville held a good advantage at half-time, but toward the close of the game Greenville rallied, pushing the visitors hard for the lead.

FIGHTS LAST NIGHT

Miami, Fla.—Jack Sharkey, Boston, stopped Phil Scott, England (3); Johnny Risko, Cleveland, and Victorio Campolo, Argentine, drew (10); Tommy Loughran, Philadelphia, outpointed Pierre Charles, Belgium (10); Jimmy Maloney, Boston, outpointed Moise Bouquillon, France (10); Paul Bianchi, Argentine, knocked out Billy Daring, Miami, (1); Indianapolis—Chuck Wiggins, Indianapolis, and George Cook, Sydney, Australia, drew (10).

DIXIE CAGE TOURNAMENT OPENS TODAY

Atlanta, Feb. 28.—(AP)—Sixteen cage teams, the strongest in Dixie this year, were ready today for the start of the 1930 Southern Conference basketball tournament.

All yesterday's trains brought their quota of players from schools representing all sections of the south and today found each of the teams fit and ready for the strain of tournament play.

North Carolina State, defending champions, open the festivities at 1 o'clock this afternoon at the city auditorium court against Sewanee. The 1929 titleholders will be shy the services of their stellar sophomore forward, Jimmy Brown. Brown was ruled ineligible because of scholastic difficulties.

All South Duke expects to take Louisiana State into camp with little difficulty in the first round play. The Blue Devils will be handicapped by the absence of their lanky center, Joe Craven. Craven spent several days this week in the Durham Infirmary, suffering from a month's infection. However, he accompanied the team to Atlanta and Coach Cameron hopes to use him if he goes gets too soon.

Today's schedule:
3: P. M.—Alabama vs. Clemson.
4: P. M.—Tennessee vs. V. M. I.
5: P. M.—Duke vs. L. S. U.
7: P. M.—Kentucky vs. Maryland.
8: P. M.—University of North Carolina vs. Georgia.
9: P. M.—Georgia Tech vs. Tulane.

Greenville Girls Beat Rocky Mount
The girls' basketball team of Greenville High School defeated Rocky Mount Wednesday afternoon by the score of 38 to 23. The game was stubbornly contested throughout, but superior playing on the part of the local girls at crucial stages enabled them to pile up a lead the railroad city girls were unable to overcome.

Substitutes for Greenville were Askew, Brooks, Hearne and Overton.

NOTICE
Pursuant to Section 3404 Consolidated Statutes C. S., Ben Brooks will take notice that the undersigned has in his possession one Ford Roadster Model A Automobile, Motor Number A-730672 and unless the said Ben Brooks takes proper proceedings prescribed by law the property will be advertised and sold by virtue of authority contained in Section 3403 of the Consolidated Statutes.

GREENVILLE CAGE TOSSERS WIN FROM R. R.

The Greenville High school basketball team journeyed down to Roanoke Rapids last night and covered themselves with glory in the last conference game of the season by defeating the strong Rapids team 22 to 7. This was the same team that defeated Greenville in the earlier part of the season 27 to 13, and the locals gained sweet revenge last night for the early defeat.

From the opening whistle the Greenville lads showed marked superiority in every phase of the game. Sullivan for the losers opened the game with a nice two-pointer from the foul line to give Roanoke Rapids the lead for the only time of the evening; Lee followed for Greenville tallying a foul shot and a field goal to put his team in the lead. Bullock shot two long goals from the center of the small Roanoke Rapids floor. Lee added another on a crisp shot, and Smith ended the tallying for Greenville in the first half by shooting another crisp. In the meantime, the Rapids boys were adding two points on a foul goal by Matthews and one by Sullivan, to make the half time score 11 to 4.

The second half produced the same ratio with Greenville scoring 11 more points and the local team only being able to mark up three. In this half the scoring was equally divided among the Greenville sharpshooters with Smith, Bullock, and Dixon getting three points each and Lee chiming in with a two pointer. Sullivan scored the three points for his team.

The defensive play of last night's game was the best that the season has produced in the Greenville team. Especially outstanding was the work of Rivers, center for the Pitt boys, who dropped back to standing guard. He was a whirlwind dervish in the back court and it was in a great part due to his great work that Roanoke Rapids was held to two meagre field goals.

For Roanoke Rapids Sullivan, the only one who scored 17 points in his other appearance against Greenville was the only one of his team to leave the basket. He shot the only two field goals and contributed two foul shots to score six of his team's seven points. Lee and Bullock with seven points each led the Greenville scoring but they were ably abetted by Rivers, Smith and Dixon.

Chat From the Training Camp
St. Petersburg, Fla., Feb. 28.—(AP)—Henry Johnson, who has the latest ball among New York Yankee pitchers, apparently has returned to the form that made him a sensation in 1928. In that season Johnson beat the Athletics five times in six starts.

San Antonio, Texas, Feb. 28.—(AP)—Len Shires, a second baseman and younger brother of "The Great" Shires, Chicago White Sox first baseman, has reported to the New York Giants for trial.

Clearwater, Fla., Feb. 28.—(AP)—L begins to appear as though Babe Herman, slugging outfielder of the Brooklyn Robins, is one of the few real holdouts in the Major Leagues. Herman, well up among the National League batsmen all last season, is standing pat on his demand for \$25,000 for his 1930 season.

GET IN ON THE NEW GAS RATE! Consumer Special Gas Water Heater

The Guardian of the Gate
"The cheapest hot water I've ever enjoyed" is the enthusiastic praise from thousands of satisfied users of our Special Heater. And why is it so economical? One of the many features that make it so is this "Guardian of the Gate" or orifice through which all the gas burned must pass. This orifice opening is so small, that a common pin cannot be forced through!

This heater actually burns less gas than the small summer burner on your gas stove. The orifice combined with other features such as "thermos bottle" insulation, brings you low-cost, ever-ready hot water.

CAROLINA GAS AND ELECTRIC CO.
Installation of this Storage Heater entitles you to the new Gas Rate. We will buy your wasteful furnace coil. Get rid of this money-eater. We will give you a liberal allowance for your old coil or heater to apply on the purchase of this new low-cost Gas Water Heater. Free installation to existing connections. When a Storage Heater is installed all gas consumed in your home will be billed at the new rate. Ask for full information today!

New Orleans, Feb. 28.—(AP)—The continued absence of Wes Ferrell and Willie Hudlin, holdouts of the mound staff, has caused Manager Roger Peckinpaugh of the Cleveland Indians to lay his plans as though he will have to do without them.

San Antonio, Tex., Feb. 28.—(AP)—The Chicago White Sox probably will do all of their training right in San Antonio until the exhibition tour with the New York Giants opens.

Double Header Cage Game Here Tomorrow Night
The last opportunity for local fans to see a double header this year will be offered tomorrow night when the Greenville High freshmen engage the second string of W. C. I. in a double clash. In a recent contest the Greenville teams were both beaten, but not in the least outclassed, for both games were decided by very narrow margins. In tomorrow night's games.

Her Rheumatic Pains "Awful"
"Sargon did more for me in a few weeks time than everything else combined did in 25 years and gave me a nine pound gain in weight besides."

MRS. ELIZABETH MILLER
"For years I was crippled up with awful rheumatic pains in my arms and legs. I was very nervous and had awful headaches. I'd suffer with gascolic and smothering spells after meals, and the glands in my throat and neck would swell to the size of apples. I was so weak and run-down and lost so much flesh nobody thought I'd live. I've taken 4 bottles of Sargon, my rheumatic pains are almost gone, the swelling in my glands is hardly noticeable, my nerves are strengthened and I have not had a headache since the second bottle. Sargon Pills relieved me entirely of a chronic case of constipation."—Mrs. Elizabeth Miller, 129 Hillside St., Asheville. Sargon may be obtained in Greenville at Warren Drug Company.—(Adv.)

several of the best girl players, who have been out recently, are expected to strengthen their lineup, and the boys have a good number of approximately equal players, to be prepared for interesting struggles, and will be watched with all the more interest as the season is nearing its end, and but a few single games remain after this double engagement. The first game will begin promptly at 7:30 in the High School gymnasium.

San Antonio, Tex., Feb. 28.—(AP)—The Chicago White Sox probably will do all of their training right in San Antonio until the exhibition tour with the New York Giants opens.

Double Header Cage Game Here Tomorrow Night
The last opportunity for local fans to see a double header this year will be offered tomorrow night when the Greenville High freshmen engage the second string of W. C. I. in a double clash. In a recent contest the Greenville teams were both beaten, but not in the least outclassed, for both games were decided by very narrow margins. In tomorrow night's games.

Her Rheumatic Pains "Awful"
"Sargon did more for me in a few weeks time than everything else combined did in 25 years and gave me a nine pound gain in weight besides."

MRS. ELIZABETH MILLER
"For years I was crippled up with awful rheumatic pains in my arms and legs. I was very nervous and had awful headaches. I'd suffer with gascolic and smothering spells after meals, and the glands in my throat and neck would swell to the size of apples. I was so weak and run-down and lost so much flesh nobody thought I'd live. I've taken 4 bottles of Sargon, my rheumatic pains are almost gone, the swelling in my glands is hardly noticeable, my nerves are strengthened and I have not had a headache since the second bottle. Sargon Pills relieved me entirely of a chronic case of constipation."—Mrs. Elizabeth Miller, 129 Hillside St., Asheville. Sargon may be obtained in Greenville at Warren Drug Company.—(Adv.)

COTTON MARKET

New York, Feb. 28.—(AP)—Cotton opened steady at a decline of 2 to 3 points today under realizing promoted by relatively easy Liverpool cables and a feeling that the technical position had eased somewhat on the recent advance of about \$3.00 per bale. May sold off to 15.46 and October to 15.89, but the offerings were not heavy and prices steadied later on a renewal of covering and trade buying.

By the end of the first half hour May had recovered to 15.53 and October to 15.94, making net advances of 1 to 3 points with the market comparatively quiet.

Liverpool cables said that some Continental and Bombay buying in that market had been supplied by local and London realizing and reported moderate sales of cotton cloth to Africa and South America but said yarns were dull with stocks burdensome.

GRAIN MARKET

Chicago, Feb. 28.—(AP)—With indications that government-sponsored agencies are taking a decided stand in regard to supporting the wheat market, wheat prices readily moved upward today. Contributing to this result were Winnipeg advice that legislation would be enacted to enable Canadian provincial authorities to guarantee loans of the Canadian Growers' Pool. Announcement was also made that Argentine and Australian shipments for the week were only half as much as was the case at this time last year.

STOCK MARKET

By STANLEY W. PRENSHIL
New York, Feb. 28.—(AP)—The stock market continued to creep upward today although its progress was interrupted now and then by profit-taking and occasional flurries of short selling. Gains of 1 to 6 points were again distributed over a fairly broad list, with more than a score issues, including American Telephone, Radio, Westinghouse and Paramount Famous Lasker, reaching new high ground for the year.

There was no change in the character of the business news. More 1929 favorable earnings reports mostly those of small companies, made their appearance. Sears Roebuck reported a slight gain in sales for the first eight weeks of the year and an extra dividend of 25 cents was declared on Congress Cigar.

Call money renewed at 4 1/2 per cent but again dropped to 4 when the supply of funds became plentiful that the official opening rate was shaded in the outside market. The time money market was quiet with the undertone easier.

Farm implement shares made a brisk response to the further recovery in wheat prices. J. I. Case ran up 5 points, and Oliver Farm equipment convertible preferred and Minneapolis Moline plow each advanced more than 3 points.

Among many other issues to reach new high ground were Parmelee Transportation, Warner Bros. Pictures, North American Co., Best & Co., American International, Remington Rand and United Aircraft.

"King" Kelley Dies at Raleigh

Raleigh, Feb. 28.—(AP)—George W. (King) Kelley, widely known former big league baseball player and manager of teams in the southeast, died at his home here this afternoon after a lingering illness.

Kelley at times managed the Raleigh team in the old Carolina League, the Portsmouth team of the Virginia League and the Charleston, S. C. team of the South Atlantic Association.

SENATOR McKELLAR URGES RECALL OF U. S. DELEGATES FROM NAVAL PARLEY

(Continued from page one)

France, since under the British system resignation of the ministry, dissolution of parliament, and a new general election—a matter of six weeks—probably would have been involved.

The government is not safely past threat of defeat on the measure yet, since the bill, which was passed on second reading, still must go through report stage and a third reading. Immediate further consideration was adjourned on motion of Mr. Mac Donald who said that William Graham, president of the Board of Trade, author of the measure, had collapsed of overwork shortly after the House division.

The Labor vote of 280 in the division on the bill was made up of 270 labor members, four Liberals, four Independents, and two to be settled soon it would go a long way toward removing a matter largely extraneous to French interests so that when the French finally returned the bigger issues might be attacked.

Court of Appeals Upholds Jones Law

St. Louis, Feb. 28.—(AP)—Validity of the Jones law prohibition measure providing heavy penalties has been upheld by the United States Circuit Court of Appeals here in an opinion which held that an assignment attaching the constitutional right of the act was without merit. The opinion was written in the appeal of Neal and William Brady, yesterday convicted in Des Moines and given fines and jail sentences.

The constitutionality of the act was attacked under the eighth amendment prohibiting excessive fines and cruel and unusual punishment.

School Girl Dies in Airplane Wreck

Walsenburg, Ohio, Feb. 28.—(AP)—The theory of a pilot that his plane was crippled by shots fired at it by cattle rustlers caused an investigation today into an airplane crash on isolated Mosca Pass yesterday.

Miss Elsie Noble, 16, a student of Centennial High School, Pueblo, was killed and Miss Abra Tallow, 16, also a student at the school, seriously injured. Harry Miller, the pilot, of the plane which was owned by the Alamosa Airways, Inc., suffered slight injuries.

Sheriff Harry J. Capps of Huerfano county will head a posse to the scene of the crash to investigate the theory given by Miller, who told authorities that he felt two shots hit the plane after which an aileron refused to function. Just before the accident, he said, he looked down to see two horsemen racing away into the hills. Authorities said cattle rustlers have been active in the vicinity.

Tardieu Sure of Forming Cabinet

Paris, Feb. 28.—(AP)—Andre Tardieu formally assured President Doumergue this afternoon that he would form a cabinet.

Tardieu spent only a few minutes with President Doumergue. On merging he said he had reported progress and told the President he had undertaken to form the ministry.

He refused to give any indication when he would have the ministry ready or to say anything about its political complexion.

Brothers On Trial for Murder Today

San Francisco, Feb. 28.—(AP)—Sampson Landers, charged with the first degree murder of Albert King and Arthur Stanton last August, took the stand here Friday morning to give his version of the shooting that ended with two men dead.

His brother, on trial on the same charge, testified in his own defense Thursday afternoon.

Sampson Landers, 32, first testified that he had known the two dead men all his life as men of bad character and men ready to fight on the least provocation. He then went into the story of the shooting.

Giant Bomber Wrecked by Fire

Langley Field, Va., Feb. 28.—(AP)—Whether or not aeronautical engineers have perfected a fire proof gasoline tank for use in planes is a question that may have been answered this morning. The tank of a giant Keystone bomber, practically filled with gas was the only portion of the ship saved early today aside from the metal parts when the plane caught fire in some unexpected manner. This ship was one of 18 selected for a flight to the west coast and cost between \$75,000 and \$99,000. Origin of the fire was under investigation today.

Asks Court to Change His Name

Chicago, Feb. 28.—(AP)—The name of a man who was pronounced "Wladyslaw Szczepaniewicz" in Poland it would be pronounced "one sees it as good as another"; but in America it is not pronounced. Mr. Szczepaniewicz said in Superior court yesterday he was an American citizen and yearned to have people greeting him, say, "How do you do, Mr. Szczepaniewicz?" But he was out of the question. He petitioned to have it changed to Walter Shep.

Son, Mieczyslaw, also wants to be known hereafter as plain Matthew Shep.

If the court agrees to substitute Shep for Szczepaniewicz, it is not unlikely the typographical Union will offer a rising vote of thanks.

Beauty Queens Reign

Mexico City—Eighteen queens of beauty are to preside over a carnival tomorrow. Partisans were so vigorous that an attempt to choose one queen was abandoned.

War Ace Fatally Injured in Wreck

Sydney, Australia, Feb. 28.—(AP)—William V. Kelley, Jr., an American war ace and son of a wealthy Chicago manufacturer, was fatally injured in a motor smash today.

A blur on the western front Kelley earned the name of "Wild Bill." He brought down two enemy planes and was decorated by Marshal Foch with the Croix De Guerre at Solsons.

What Congress Is Doing

Abandons Trip to Europe.
Jersey City—After two attempts Mrs. Kate Seder has decided not to try again to make a trip to Europe. A week ago after family good-byes at the steamship Bremen's pier, she embarked, explaining she could not leave husband and children. There were good-byes again as the steamship Berlin was preparing to leave yesterday. Mrs. Seder hurried down the gangplank as the whistle blew.

Quakes Prove Advantageous.
Brawley, Calif.—Quakes are not without advantages in the Imperial Valley. They caused small geysers to spout and irrigated a 160-acre field of cantaloupes.

Bare Legs Barred.
New York—Bare-legged girls and men wearing plus fours are barred from the presence of sacred elephants in Siam. Advice from Bangkok are that American tourists visiting the elephants' stables were compelled to return to a liner and put on more dignified garb.

What Congress Is Doing Today

Senate:
Continues consideration of tariff bill.
Lobby committee resumes Muscle Shoals investigation.
House:
Meets at noon.
Secretary Mellon appears before ways and means committee on bill to avoid international double taxation.

Acquitted of Murder.
Jacksonville, Fla., Feb. 28.—(AP)—Harvey Jackson was acquitted by a jury in court here today of the murder of W. P. Parker, editor of the Blue Shirt, a labor organ and a former editor of the Menace, anti-Catholic publication.
