

Radical Leaders Offer To Join Andre Tardieu In Forming New Cabinet

Premier - Designate Announces That Several Prominent Politicians Have Offered Support Despite Determined Resistance From the Socialist Wing; Expects to Announce Cabinet Soon

Paris, March 1.—(AP)—Andre Tardieu announced today that several Radical leaders had offered to join the cabinet he is forming. This was held likely to break the Radical resistance and enable Tardieu to form a concentration government.

Paris, March 1.—(AP)—The Radical Socialists today refused the peace move of Andre Tardieu Premier-designate who wished to call a three months political truce to permit solution of France's immediately outstanding problems.

Despite the rejection M. Tardieu announced he would have his ministry together tomorrow and would announce it then. It was believed he possibly had won enough individual Radical Socialist votes to his standard with the offer to insure a Chamber majority.

His proposal was, briefly, to quit political scrapping for three months until the naval conference could be concluded, the budget passed, the Young Plan put into execution, and other major problems settled. He was reported in addition to have offered the recalcitrant group for ministers and two undersecretaries in his projected ministry.

"I abjured M. Herriot (one of the Radical Socialist leaders) to recommend to his friends that they accept this indispensable truce, which my friends have accepted unanimously. Nevertheless my cabinet will be formed tomorrow," M. Tardieu said.

M. Herriot carried the offer to his party, which immediately rejected it. M. Herriot himself was to have the Vice-Premiership and Ministry of Justice under the rejected plan.

M. Tardieu has actually filled his one post in his new ministry, that being the foreign office portfolio which he announced today Aristide Briand, who has become a fixture in the office, had accepted.

The Radical Socialists had Tardieu personally responsible for defeat of their president, Camille Chautemps, in the Chamber Wednesday when he asked for a vote of confidence on his ministerial declaration.

Fate of Landers To Reach Jury This Afternoon

Marshall, March 1.—(AP)—The case of Sampson and Arnold Landers, on trial here for their lives in the slaying of Arthur Stanton and Albert King last August, today was nearing the jury stage as attorneys argued the case. The evidence was completed Friday afternoon.

Indications were that the arguments would be completed by mid-afternoon, and that following the judge's charge, the fate of the two Madison county men would be placed in the hands of the jury late today.

The State, putting on rebuttal evidence, closed its case Friday afternoon with the testimony of Agnes Stanton, little daughter of one of the men killed.

The shooting occurred on a highway in the Laurel section of the county on a Sunday afternoon of last August when a truck load of picknickers, driven by Sampson Landers, and the car in which Stanton, King, and the little Stanton girl, and others were riding, met on the highway.

Minister Explains Ten Commandments

Last night Father Leary who is giving the Mission at the Catholic church took up each Commandment separately and explained it in detail showing just how each Commandment is broken. He laid especial emphasis upon the terrible sin against the fifth Commandment known as race suicide which he classed as murder. He also spoke of the great sins of impurity against the sixth Commandment and how God destroyed the cities of Sodom and Gomorrah because of this sin.

Tonight the holy hour will be at 7:45 o'clock and Father Leary will bestow the Papal Blessing upon those present. This is the last night of the Mission and an special invitation is extended all to come and participate in the services.

Technical Adviser

Dr. Jesse S. Reeves of the University of Michigan will be one of the technical advisers at the Hague conference for the codification of international law.

Discover Insect That May Prove Weevil Antidote

Athens, Ga., March 1.—(AP)—Announcement was made today at the University of Georgia that Dr. J. H. Miller, professor of botany and George Crisfield, a collaborator, have discovered an insect that may prove an antidote to the boll weevil. It is called the uracian melleur.

The insect itself previously has been known, but Dr. Miller has found that it is a parasite on the boll weevil without injuring the cotton.

Investigation, however, has not yet indicated the extent to which it might be possible to employ the insect in fighting the boll weevil.

Four Managers Of Chain Stores Held For Short Weights

Greenville, S. C., March 1.—(AP)—Four managers of chain stores here were under bond of \$200 today to appear before Magistrate G. F. Cooley on March 13 to answer charges of selling goods on short weights.

K. M. Williams and W. P. Earp, of the Atlantic and Pacific Tea Company Stores, and G. S. Haynes and B. F. Smith.

Managers of Rogers Grocery Stores were arrested yesterday by A. H. Gilbert, state weights and measures inspector, on warrants charging that goods exhibited for sale were below their labeled weights.

Charges Fruit Fly Forces With Interfering With Prohibition Enforcement

Crampton then produced a letter from Sidney C. Brown, collector of customs at Tampa, which stated that friction had existed between customs officers and representatives of the Department of Agriculture in the eradication area. It was alleged orders had been issued by Dr. Newell's organization prohibiting dry agents from approaching closer than ninety feet to quarantine stations where uniformed national guardsmen were on inspection duty.

Crampton cited a federal law making it felony for any one to seal or conceal liquor or assist in its transportation, after he had made charges that guardsmen were placing the seal of the United States on automobiles and baggage containing liquor and permitting it to be transported.

In his letters Customs Agent Brown cited several alleged instances where dry agents had stopped cars suspected of carrying liquor but the drivers protested against search, after displaying the government seal on his car.

Some of the seals were broken by the customs agents, the letter stated, and huge quantities of liquor found, despite the claim of the government official and could not be broken by any one except a Department of Agriculture representative.

The letter also stated that in some of the instances guardsmen would open the back seat of a car, find huge quantities of liquor in it, and then seal it up without examination of it for hard fruits.

SEEK \$400,000 NECKLACE AT NEW YORK CITY

Man Also Sought in Connection With Diamond Jewel Given by Napoleon to Wife

New York, March 1.—(AP)—The famous necklace which Napoleon gave to his Empress Maria Louise at the birth of their son, L'Aiglon, Duke of Reichstadt, in 1811, was being sought here today.

In connection with the search which was begun by the district attorney's office, a quest is being made for a man described as a colonel of the British Colonial Secret Service who, authorities were told, was commissioned by the Archduchess Marie Theresa of Vienna to sell the necklace which is valued at \$400,000.

Mrs. Anna Eisenmenger, who described herself as an intimate friend of the Archduchess Marie Theresa told assistant district attorney Harold W. Hastings yesterday that she had been sent to this country with power of attorney from the Archduchess to seek the agent and recover the necklace which consists of 47 matched diamonds set in silver and gold.

She said Archduchess Marie Theresa, decided a year ago to sell the necklace which had been in her family more than a century. At about that time, Mrs. Eisenmenger said, the archduchess who is 74 years old, met a man in Vienna who represented himself to be a colonel in the British Colonial Secret Service. Inquires at the British Foreign office substantiated his claims.

Mrs. Eisenmenger told Mr. Hastings that the Archduchess then gave the necklace to the colonel, whose name is not known here, and he attempted to sell it to the Kheivie of Egypt. The Egyptian ruler declined to pay the price asked and the necklace was returned to the Archduchess.

About three months ago, Mr. Hastings was told, the Archduchess received a letter from the British colonel saying he believed he could find a buyer in the United States for the Heirloom at the price the owner demanded. She then sent the necklace to him by mail and has heard nothing further from him.

Mrs. Eisenmenger said she had heard that the necklace had been sold for \$600,000 to a jeweler here. She also said she had been told that some of the larger diamonds in had been removed and sold separately outside of the city.

FOUR KILLED WHEN TRAIN LEAVES TRACKS

Alicia, Ark., March 1.—(AP)—Early today four bodies had been taken from the burned wreckage of tank and box cars of a Missouri-Pacific freight train which was derailed and caught fire last night near here. Four persons were injured. All of those killed and injured, some of which were negroes, were said to have been "beating their way" on the train.

Three Officers Also Shot in Attempt to Capture Slayer. House Dynamited.

Defiance, O., March 1.—(AP)—A miniature war in which one-pound shells, tear gas bombs and dynamite were employed to besiege a barricaded madman was over today with a casualty list of two dead and three injured, two of them probably fatally.

The dead are Hubert Floehr, 60, escaped inmate of the Toledo State Asylum, and his wife, August, 55, whom he killed during a family argument which preceded his lone five-hour stand in his home against police, county officials, the National Guard and volunteer attackers from the watching crowd of 3,000.

The injured are Police Chief Carl A. Weaver, Newell Littlefield, 23, a student at Defiance college, and William Chappel, 34, a salesman. Shapel, who was shot by Floehr in the abdomen as he attempted to climb through a second story window, and Littlefield, a spectator, wounded in the lungs by a stray shot, were not expected to live.

Chief Weaver dropped with a jagged wound along the left side of his head as he led a storming party.

Floehr, after an argument over his daughter, Elsie, a school teacher, at Petersburg, W. Va., shot his wife in the breast and drove his son, William, 26, from the house.

Armed with two guns and supplied with more than a peck of cartridges, Floehr ran from window to window spinning at the authorities called by William.

The Defiance Howitzer company of the National Guard set up a 37 millimeter field piece and ripped the house with nine one-pound shells, but Floehr had cut all.

Finally a citizen, whose name was not learned, crept inside and planted eight sticks of dynamite. The discharge shattered the upper story to his aid and attackers rushed in to find Floehr dying.

Drys Wait For Wets To Have Fling

Washington, March 1.—(AP)—The dries said today that they would wait until the "wet fling" was over before making public the witnesses they intend to marshal before the House Judiciary committee in support of prohibition.

The wets end their presentation of the dark side of the Eighteenth amendment Tuesday and the Rev. Edwin C. Dinwiddie, secretary of the National Association of organizations supporting the Eighteenth amendment, in a statement asserted that the dry plans "will be kept secret until then."

W. W. Atterbury and Pierre S. DuPont, men of influence in the financial world, have testified at the hearings that they thought prohibition a failure. Reports that the prohibitionists will counter with Henry Ford, John D. Rockefeller, Jr., and A. P. Sloan, who are equally prominent in the world of business, have been heard in and out of the committee room but Chairman Graham said today he had no information of dry plans.

MADMAN SLAYS HIS WIFE AND THEN HIMSELF

A bullet wound in his head indicated he had determined upon suicide.

MAIL ROBBERS ESCAPE FROM LEVENWORTH

Thomas Holden and Francis Keating pass Guards With Identification Cards.

Leavenworth, Kas., March 1.—(AP)—Using forged outside passes, Thomas Holden and Francis L. Keating serving sentences of 25 years each for robbing a mail car on a Grand Trunk railroad train at Evergreen Park, Ill., in September, 1926, escaped from the Federal penitentiary here yesterday and still were at large today.

With a new guard at the main entrance of the prison, Holden and Keating appeared about ten o'clock yesterday morning. In some undetermined manner they had procured two pass cards of the regular kind used by trusty prisoners detailed to outside employment. They had obtained photographs of themselves which were pasted on the backs of the cards, as regularly required.

Satisfied of their proper identification, the guard allowed them to pass through the gate, and their escape was not discovered until late in the afternoon. A half mile west of the prison heavy duck coats worn by the prisoners were found and nearby were the forged passes.

Warden Thomas B. White today was conducting a rigid investigation to discover how the men obtained the passes and photographs. The latter are kept only in the photograph room and the office of the record clerk.

Chicago, March 1.—(AP)—The \$135,000 loot, which Thomas (Red) Holden and Francis Keating grabbed in a Grand Trunk mail car holdup at Evergreen Park in 1926, has never been found and is believed by Chicago police to be closely entwined with the two robbers' escape yesterday from the federal prison at Leavenworth.

The loot, two mail sacks filled with payroll cash for suburban banks, was kicked off the train before it reached Evergreen Park. There, the two men jumped from the mail car and escaped in a waiting automobile.

SPAIN AGAIN RESORTS TO CENSORSHIP

Madrid, March 1.—(AP)—Spain today found itself for all practical purposes under another dictatorship.

The Berenguer government, having experimented with permitting much more freedom of speech, political assembly and newspaper expression and having found disorders and riotous expressions against the monarchy resulting, has overnight returned to the same rigidity of censorship and restraint of political assembly and expression that Primo De Rivera used.

Local and general elections have been indefinitely postponed by decision of the Berenguer cabinet because of the demonstrations which followed the recent speech of former Premier Sanchez Guerra which caused the cabinet to conclude that to attempt the elections would be dangerous to the public peace.

Similarly all pending political meetings have been suspended. The domestic press and outgoing foreign dispatches are being watched much more vigilantly.

High police officials are being allowed to present their resignations for not having prevented demonstrations in Madrid, Barcelona, and elsewhere following the Sanchez Guerra speech.

The same interpretation is being given the resignation of Captain General Barrera of Barcelona, military chief of the Catalan district. The government has ordered all police and military and civil guards to use more forceful methods hereafter in suppressing elements attempting disorders.

JACK MAY FIGHT AGAIN

Rechester, Minn., Mar. 1.—(AP)—Jack Dempsey, former world's heavyweight champion, indicated today he would start intensive training in six weeks with a view to retiring into physical condition to return to the ring.

SLIGHT IMPROVEMENT NOTED IN CONDITION OF WILLIAM H. TAFT

ABANDON HOPE FOR TAFT'S LIFE

William Howard Taft, former President and chief justice, is near death at his home in Washington. The above picture shows Dr. Francis R. Hagner giving newspapermen the latest news of the condition of his distinguished patient after a visit to the sick room.

Washington, March 1.—(AP)—The condition of William Howard Taft was said by his physicians to have slightly improved this morning. "The condition of the former Chief Justice is slightly improved as evidenced by a moderate rise in his blood pressure which has been continuously falling for the past three days."

Dr. James Howard Snook Dies in Electric Chair For Killing Theora Hix

Former Ohio College Professor Goes To The Chair Calmly After Confessing Murder of His Co-ed Mistress.

Columbus, Ohio, March 1.—(AP)—Dr. James H. Snook, 50, former Ohio State University professor who was electrocuted last night for the murder of Miss Theora Hix, was buried at 8 a. m. today in Greenlawn cemetery. The body was taken to the Snook home last night from a funeral director's parlors. Brief private funeral services were held at the home.

Columbus, Ohio, March 1.—(AP)—Dr. James H. Snook, the truncheon professor who killed his student mistress, Theora Hix, paid with his life in the electric chair at Ohio penitentiary last night.

The former instructor in veterinary surgery at Ohio State University went calmly to death for the crime which he confessed in his last hours, was deliberately planned to ruin his position and reputation.

Dr. Snook, who was 50, walked unassisted to the chair. His hands were cool, his eyes alert, his lips silent. A minister from whom he had just accepted communion intended a benediction as two guards adjusted electrodes to Dr. Snook's right leg and the top of his head.

Six thousand volts of electricity passed through his body in three separate charges. He was pronounced dead at 7:09 p. m.

Today Dr. Snook's body was at the disposal of his faithful wife, Helen Marple Snook, who visited him daily for the past week as the Ohio Supreme Court, the Federal Supreme Court and Gov. Cooper refused to intervene in his behalf. She shared his last meal with him and stayed at the penitentiary until he had been executed.

Then she went to her home, evading the curious crowds by a route and keeping secret her plans for the burial. She had "Nothing to say."

Snook's self control was not shaken during his last hours. Except for a trace of annoyance when the barber was late to shave him and for signs that he had been weeping after parting with his wife, he was perfectly calm as he prepared to die.

His last meal was of fried chicken prepared by the wife of Warden P. E. Thomas, as she always does for condemned men. With him were Mrs. Snook, his pastor, Rev. Isaac E. Miller of the Kings Avenue Meth-

Physicians Report Rise in Temperature Following Visit Shortly Before Noon Hour Today; Former Chief Justice Speaks For the First Time in Three Days; No Hope, However, Entertained for Recovery.

Washington, March 1.—(AP)—The condition of William Howard Taft was said by his physicians to have slightly improved this morning. "The condition of the former Chief Justice is slightly improved as evidenced by a moderate rise in his blood pressure which has been continuously falling for the past three days."

The bulletin was signed by Dr. Francis R. Hagner and Dr. Thomas A. Clayton.

Dr. Hagner said that Mr. Taft spoke today for the first time in three days. He said that when Dr. Clayton knocked at the door of his room this morning the former President said: "Come in."

Further the physician said that Mr. Taft also recognized and spoke a few words to his son Robert A. Taft.

The physician seemed surprised at the apparently slight rally of their patient.

The doctors have said, however, that any improvement in Mr. Taft's condition could be only temporary as they have abandoned hope for his recovery.

Singer Denies Foundation To Suit For Ring

New York, March 1.—(AP)—Frieda Hempel, singer, today said there was no foundation for the suit filed against her by her sister, Mrs. Helse Schaper, to recover a platinum and diamond cross valued at \$10,000.

Mrs. Schaper yesterday obtained an order requiring Mme. Hempel to show cause on Monday why she should not be enjoined from disposing of the jewelry pending trial of the action.

Mrs. Schaper alleges that in 1926 she turned over pawn tickets for the jewelry to Mme. Hempel and asked her to pay the interest. Mme. Hempel, she charges, redeemed the jewelry and sold it to a third person and subsequently bought it back again. During this period she charges four two-carat diamonds were removed and inferior stones substituted.

Mme. Hempel declares she loaned \$2,000 to Mrs. Schaper in 1926, took the pawn tickets as security and redeemed the jewels at a cost of \$2,600 and interest of \$494. She said she returned the mesh bag to her sister, but retained the cross which she valued at \$3,000. The singer added that she had aided her sister often.

Yellow Kid Ends Term in Prison; Back to Chicago

Leavenworth, Kas., March 1.—(AP)—Still debonair and smiling, Joseph (Yellow Kid) Well, one-time prince of American confidence men, today left the Leavenworth Federal prison a free man.

"Sure," he said, "in going back to Chicago."

Although traces of gray appeared in his aggressively pointed mustache, there was no hint of increasing age in his actions. He was freshly dressed.

It was nearly five years ago that Well was found guilty of disposing of bonds and stamps stolen in the famous million dollar train robbery at Roundout, Ill.

A motor car was waiting for Well at the prison gate.

WINSLOW-ROOF.

Columbia, S. C., Feb. 28.—The marriage of Miss Marie Roof, daughter of Mr. and Mrs. D. W. Roof, to Norman Jasper Winslow was solemnized last evening at Ebenezer Lutheran church and was followed by a reception for the two families and the wedding party.

Decorations at the church and at the home showed the same note of beauty and dignity with palms and baskets of flowers with an unusual touch of lightness and grace added to trailing green garlands. Palms were banked within the chancel and the church was beautifully and artistically lighted with seven branched candelabra.

The home was decorated throughout with fern, smilax and flowers. The rooms carried out a color scheme of green and white. The bride and bridegroom received with the bride's parents, Mr. and Mrs. D. W. Roof.

The officiating clergyman was the Rev. P. D. Brown, pastor of Ebenezer Lutheran church. The ceremony was preceded by a musical program rendered by Mrs. Judson, Ready and accompanied by Mrs. J. W. Halliwaenger at the organ. Mrs. Ready's selections were "O Promise Me" and "At Dawning." Mrs. Halliwaenger also played the wedding marches, using the march from Lehengrin for the processional and Mendelssohn for the recessional.

The ushers were: J. B. Caughman, of Columbia; Joe Moye, Wesley Harvey and Sam Carson, of Greenville, N. C. Marvin Sugg, of Greenville, was the bridegroom's best man.

The bridesmaids were beautifully dressed in becoming frocks of pale pink tulle with tight fitting bodices and very full bouffant long skirts of point d'esprit. They carried pink Columbia roses and snapdragons.

Little Betty Sams Roof, daughter of Dr. and Mrs. G. M. S. Roof, served as flower girl. She was dressed in a miniature pink frock completed with a fluffy tulle bow on her right shoulder. She carried a basket of rose petals which she scattered for the bride. Little D. W. Roof, Jr., youngest brother of the bride, was the ring bearer. He was daintily and simply attired in a black and white tulle suit.

The bridesmaids were: Miss Willie B. Taylor, of Columbia, and Miss Louise Winslow, student at Agnes Scott, Atlanta, and Misses Effie Mae Winslow and Mary Wright, of Greenville, N. C.

Mrs. J. C. Cromer, aunt of the bride, was the dame of honor. She wore a handsome gown of trailing lily lace and carried a bouquet of Premier roses showered with snapdragons.

Miss Anne Roof, sister of the bride, was maid of honor. She wore a dress of shell pink chiffon made with a bodice molded to the figure and a skirt made very flowing by delicate flesh tulle at the long hemline. She carried a bouquet of pink Premier roses and pink snapdragons. Long white gloves were worn by the maids and the dame.

The bride entered on the arm of her father by whom she was given in marriage. Her gown was of satin in antique ivory. Beautiful in its combination of dignity and youthful lines it was modeled in the new princess silhouette with skirt long in front and ending in a long fan shaped train. The sleeves were long and close fitting. The veil of tulle was made of cloche of rose point and the cap was of close fitting lace. The bride's slippers were ivory satin and her bouquet was entirely of lily of the valley generously showered with lily of the valley.

Mr. Winslow was attended by Marvin Sugg, of Greenville, N. C., who acted as his best man.

Immediately after the ceremony Mr. and Mrs. Roof entertained with a small reception for the wedding party, the two families and a few close friends. Greeting the guests at the door were: Mr. and Mrs. William Judson Ready and Misses Wilhelmina Robison and Dorothy Post ushered the guests into the dining room. The bride's table was beautifully appointed with wedding cake and lighted candles while trailing green fern gave it a lovely effect. Miss Margaret Hofer ushered the guests into the gift room.

The out-of-town guests of the wedding were: Mr. and Mrs. J. E. Winslow, Miss Elizabeth Winslow, Hugh and Philip Winslow, Greenville, N. C.; Mr. and Mrs. Fred Nolan, of Valdosta, Ga.; Dr. J. W. Thomson, of Rock Hill, and Mr. and Mrs. Monroe Bowman, of Harleyville.

The bride is the daughter of D. W. Roof and the late Mrs. Roof, who was before her marriage Cora Leaphart. She is a graduate of Winthrop College, a member of the Tau Omega Kappa sorority. She held many honors at Winthrop and has a host of friends throughout

the two Carolinas. Norman Winslow is the eldest son of Mr. and Mrs. J. E. Winslow, a graduate of Earlham College and the University of Wisconsin. He is a member of the Sigma Chi fraternity. On his paternal side he is a direct descendant of Mary Chilton of Mayflower fame and John Winslow. He is connected with his father in the J. E. Winslow Company, general merchants, of Greenville, N. C.

Many attractive affairs have been given for the lovely bride during the past week. Miss Margaret Hofer entertained at bridge Tuesday and Wednesday Miss Dorothy Post gave a lovely bridge party. Mrs. James S. Farr entertained for the wedding party and out-of-town guests Wednesday at 4:30 and Miss Willie B. Taylor gave a lovely rehearsal party at her home on Millwood avenue following the rehearsals.

Miss Brogden Returns to Texas. Miss Mary Brogden of San Marcos, Texas, who has been the guest of her sister, Mrs. D. M. Clark, has returned home.

LIVE AT HOME WEEK

Farmers should plant all crops And not just one. Some farmers have had cotton. And they say they're done.

We should all have a garden. And plant all sorts of things. Not go to the store. And waste it on rings.

Some people waste money On all sorts of fines. Then they just yell Because of hard times.

A TRIBUTE TO MISS MARY BLANCHE PATRICK

Our Heavenly Father has called to his presence Miss Mary Blanche Patrick after an extended illness of several months. To her loved ones and friends her going means a peculiar loss because of the fineness of her character. God has reached down and plucked one of the beautiful blooms to adorn His upper world. We have shared her for a time, and it seems such a little while. Nevertheless in that time the fragrance of her life has sweetened many another. Who could come under the influence of a life so filled with unconquerable fortitude and courage and not be better for it? Her indomitable spirit brought unmeasured inspiration to those that endeavored to minister to her. Though ministered to for sometime she in reality ministered to others in a large way.

Such choice souls exemplify the good seed of God's Word sown in their hearts and nurtured by a holy, living faith in the Saviour to whom they have surrendered themselves. God give us more young lives as devoted to Him as this one, and yet able to enjoy all the splendid things one finds in the world.

Miss Patrick was always an active member of Memorial Baptist church in its various departments of work, and her association with those who knew her there lingers as a sacred memory. Her own immediate family, Mrs. Dot Patrick, her mother, and Mr. Frank Patrick, her brother, who gave themselves so unreservedly in her behalf will be able to keep in that innermost sanctuary of the soul the treasures of her fine spirit.

"When a sorrow comes upon you that no other soul can share, And the burden seems too heavy for the human heart to bear, There is One whose grace can comfort if you'll give Him an abode;

There's a Burden-bearer ready if you'll trust Him with the load; For the precious promise reaches to the depths of human woe, That however deep the waters they shall never overflow."

—By Rev. A. W. Fleischmann, Pastor, Memorial Baptist Church.

Association Paid Out \$32,433.30 in Dividends in 1929

The Home Building & Loan Association of this city paid to its thousand shareholders during the year 1929 \$32,433.30 in dividends.

There are in North Carolina 232 associations with resources of \$95,000,000. The Home Building and Loan Association of this city has resources over \$1,000,000 and ranks with the twenty-five largest in the state.

Due to rapid expansion this association has had to increase its authorized capital five times during the last twenty years and it now has an authorized capital of \$5,000,000.

Besides having paid out \$32,433.50 in dividends this association paid to holders of paid-up certificates \$19,167.72 in interest during the year 1929. In their statement of December 31st, after having paid out the above amounts they showed a surplus of \$73,000.

MRS. TURNAGE HOSTESS TO MERRY MATRONS

Farmville, Feb. 28.—A variety of spring flowers was used to decorate the home of Mrs. H. W. Turnage on Tuesday afternoon, when she was hostess to the Merry Matrons, and to special guests, among whom were Mrs. C. R. Townsend, Mrs. R. S. Tandy and Mrs. W. R. Willis.

Continuing the interesting program on "Furnishing the Home," was a talk by Mrs. J. M. Hobgood on "What To Put On The Mantle and Sideboard," and a paper, "How to Paint Furniture" by Mrs. J. Loyd Horton. A delightful salad course was followed by sweets.

A considerable amount of paraphernalia used in the traffic was also captured, officers said.

Rug Demonstration Underway at Store of Quinn-Miller's

A demonstration of the famous Waitall rug was in progress at Quinn-Miller & Co., local furniture dealers today. The demonstration is probably one of the most unique ever conducted in this city and attracted hundreds of passersby.

A Waitall rug has been placed on the sidewalk in front of the store, in an effort to show its enduring qualities. All day long a stream of people walked over the rug, and many stopped to make inspection and to ask what it was all about.

A lady will make a complete record of all persons who walk across the rug. The demonstration will continue ten days, and the figures will be used to show the enduring qualities of the fabric.

What Are You Doing?

To keep the home fires of the community merchant and business man burning?

The success of the local business man, whether he be merchant or otherwise depends absolutely upon the support given him by the public. If he prospers—like-wise you will prosper, for you are both interested in the same cause, and that is to build up and advance the progress of our city and community.

If we forsake our home folks we are cutting our own throats and help further to sap the life out of our town and business.

MUST REDUCE ACREAGE.

The following urgent appeal to cotton growers for reduced acreage in the interest of better prices has been prepared by J. W. Gay and Company, and we gladly pass it on to our readers realizing that steps toward a smaller crop and more diversified farming must be taken if the farmers are to receive a living price for their products:

"With world's consumption of American cotton approximately half a million bales below the first six months of last season while domestic figures will be compelled to run against a monthly average of 616,000 during the second half of the year, indications point to a considerable increase in the carry-over on July 31, compared with a year ago. As curtailment is still in force among American mills and the export continues to run behind last season to the extent of over 600,000 bales, liquidation of both contracts and spot cotton weakened the position, carrying spot prices in New Orleans more than a cent below the Farm Board lending figure at that port.

"The planting season is rapidly approaching and this whole subject of the amount of land to be given over to cotton should receive the earnest consideration of every cotton grower in the south. When prices declined to 10c and 12c a pound under the record acreage of nearly 43,000,000 and the record production of 18,000,000 bales in 1926, plants cut acreage 10 per cent to 15 per cent the follow spring. This not only brought about a smaller yield but caused a profitable readjustment of the price level and resulting returns to the producer. Acreage was steadily increased during the two succeeding years until last season the acreage was back almost to the high water mark of 1926. During the past few years, foreign countries have been growing more and more cotton until the world price has declined to an unremunerative figure. In an emergency of this character, nothing that the Government can do can succeed without the assistance and cooperation of the individual. Thoroughly aware of the plight of the farmer and in an effort to bring to agriculture some measure of the returns accruing to other lines of industry, Congress has passed the Farm Bill and the Farm Board is now functioning under this Act.

It is becoming increasingly evident that the Board itself has in mind policies of far-reaching significance but, in order to become effective, they must meet with cooperation on the part of the individual.

"It is to the great mass of independent growers that the importance of acreage control must appeal in order to have any definite effect on the total output. Partial reduction in acreage by members of cooperative associations would not be sufficient to restore prices to a profitable level. Regardless of the action of those who are now cooperating under the activities of the Farm Board Agencies, each individual grower should feel called upon to weigh the whole subject carefully and be led to substitute a certain percentage of the land planted to cotton the past two years to other purposes. The Department of Agriculture has just pointed out a variety of ways in which the farmer can produce supplies needed for the farm and the home which are now purchased when they might easily be grown on the place. If the cotton grower will wholeheartedly unite with and support the Farm Board in its program to limit production of certain crops through diversification of farming activity, the road will be opened to substantially improved agricultural prospects."

ABOUT TOWN

The sewer construction program of the City of Greenville will not only help to relieve the unemployment situation, but also provide better sewerage facilities for the sections affected.

There is nothing that helps to promote the health of the public more than proper sewer connections, and it is to be hoped the program under way will bring relief to the sections where the work is in progress.

The city acted wisely in authorizing this important improvement program at this time in view of the relief which it will furnish to the unemployed and the price at which labor may be hired at this time. They should realize quite a saving in this respect and at the same time get good returns for their money.

Greenville high school basketball teams have had fairly good success this season and emerge at the end of the conference season with a goodly number of victories to their credit.

While the showing of the club has been good, attendance has not been what it should have been. Had the public supported the boys and girls in proper form, we have not the slightest idea but that the end of the season would have found them far ahead of the present standing.

Money spent in this connection goes to the maintenance of the high school athletic body, and it is to be hoped the public will turn out in larger numbers during the spring program just ahead.

When a section interests its children in habits of thrift, it should be on the high road to prosperity. Thrift is one of the greatest assets of a community, and it should be preached from every nook and corner until the people absorb it to such extent that they are ready to practice it under all circumstances.

Greenville and Pitt county people have heard much about thrift in the "Live-at-Home" movement now under way in this county, and judging by the way the various organizations are going after it, they will hear much more about the plan. It has been preached in the schools and public buildings every day for the past several weeks, and it will continue to be talked until it has been firmly rooted in the mind of both adults and children.

Thrift, a disposition to save and make use of the resources which we have here at home, is of vital importance to the future life of the locality. We should stick to the movement until something tangible has been realized.

Visits America

dangerous but we see hundreds of people gamble with their lives in this respect every day. They do it in the operation of their automobiles, in their homes and at places of business, apparently unmindful of the fact that they are subjecting their lives to imminent danger through conflagrations of a most disastrous nature.

Human life is the most priceless possession of a community, and it is the duty of the citizenship to try and protect it under all circumstances, although hundreds daily subject themselves to the peril of gasoline. Think once—twice—three times—if necessary, while using gas, and in that way cut down the annual loss of life and property.

Bad debts may be deducted from gross income in computing net income only for the year in which they are ascertained to be worthless and charged off the books of the taxpayer. The taxpayer should attach to his return a statement showing the propriety of any deductions claimed for bad debts. Where the surrounding circumstances show that a debt is worthless and uncollectible, and that legal action, in all probability, would not avail, proof of these facts is sufficient of their worthlessness.

Unpaid loans made to relatives or friends with little or no expectation of their return are not deductible, but are regarded as gifts. If a debt is forgiven, it cannot be claimed.

A valid debt proved to be worthless is not always a proper deduction. For example, unpaid amounts representing wages, salaries, or rents, or similar items of taxable income, are not allowed as deductions unless included in the creditor's return for the year or in the previous year. The fact that expected income was not received does not decrease the amount of taxable income.

Conditions Here Are Not So Bad

The following facts prove that business conditions in Greenville are not so bad as most people are led to believe. Just the other day a salesman contest was terminated for the month of February and the local salesman here for the Carolina Gas and Electric Co. was declared winner over all salesmen in the six other towns in which the above company operates.

When we have facts before us that Greenville showed the largest percentage of gain over six other cities, and all of them larger with the exception of Washington it appears that business is far from being dull here.

The local salesman, F. W. Millar, Jr., sold 271 percent of the sales quota assigned to the local Gas Company, and yesterday was guest of honor at the Managers meeting at which time he was presented with the prize of \$50.00 in gold.

APPLICANTS FOR C. M. T. C. URGED TO ACT

Applications Should be Filed at Once, According to County Representative.

Pitt county boys between the ages of 17 and 24, wishing to attend the C. M. T. C. this summer at Fort Bragg, are urged to make applications at once. William H. Rogers, county representative, states that the quota is 12 for Pitt county, but if more than this number file application early enough they may also be taken care of.

Application blanks may be had from Mr. Rogers, of this city, or Capt. Dan B. Floyd, F. A. 307 Professional Bldg., Raleigh, N. C.

The object of the Citizens Military Training Camp is to bring together young men of high type from all sections of the country on a common basis of equality and under the most favorable conditions of outdoor life; to stimulate and promote citizenship, patriotism and Americanism; and through expert physical direction, athletic coaching and military training to benefit the young men individually and bring them to realize their obligation to their country.

Attendance at any of the courses does not constitute a present or future contract of enlistment in the army of the United States. However, a graduate of a Blue course is eligible for appointment as an officer in the Officers' Reserve corps.

The government is satisfied to train the applicant for one month as a worth while investment in good citizenship.

There will be no expense involved for those who attend the C. M. T. C., as the government pays all expenses consisting of railroad transportation to and from camp, uniforms, food, shelter and medical attention.

If the parent is looking for a camp to send their son or if the young man is looking for a place to have a good time this summer, and incidentally learn something that will be beneficial to him and his country, there is no better place than the Citizens Military Training Camp. Each day's activities is so planned as to present a well balanced program. There will be just enough physical exercise, drills and games to keep the strong young bodies fit, and young brains alert so that they can grasp the instruction more readily and with greater enthusiasm.

The moral side of the young man's instruction will also receive due attention. Each camp will have its chaplains of practically every denomination who function the same as the past of their own churches, visiting students in their tents, lecturing upon inspiring topics and holding religious services in the camp chapels on the Sabbath.

To Close Play or Recover for Widow

Amarillo, Tex., March 1.—(AP)—Gene Howe, editor of the Amarillo News, will leave here Monday for New York with the announced purpose of "either closing the biggest dramatic hit in New York or securing an equitable settlement for an Amarillo widow and mother."

Howe referred to the play, "The Last Mile," which he asserted was based on the experience of Robert Blake, son of Mrs. Ella Blake of Amarillo. Blake was executed in the state penitentiary about a year ago.

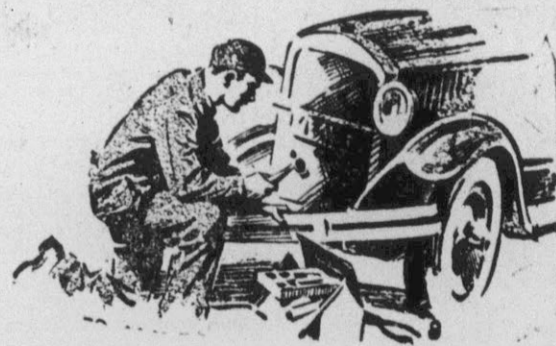

Just before his execution he wrote a playlet, "The Law Takes Its Toll," which was published in American Mercury, and the rights of which were given to Mrs. Blake as her son's only legacy. This playlet, Howe asserts, was used by John Wexley, in writing "The Last Mile."

"According to New York newspapers," Howe said, "Wexley stated he obtained the idea and the

CAGE TEAMS PREPARE FOR NEXT ROUNDS

Atlanta, March 1.—(AP)—Favored teams, victor in all but one instance, in the opening round of the Southern Conference basketball tournament were ready today for sterner opposition in the second round.

The Sewanee Tigers, making their debut at a conference championship cage meet, handed the North Carolina State Red Terrors, defending champions, a surprise package in the opening game yesterday. The purple jerseyed warriors from the Tennessee mountains held the Raleigh basketweavers to two field goals in the first half and went on to whip them decisively 25 to 19.

Washington and Lee takes the field against Tennessee at 3:45 this afternoon, with the Georgia Tech-Duke encounter slated for 5 o'clock. Kentucky and Sewanee will open the night program with Alabama and Georgia furnishing the fireworks in the last game.

Both Duke and Washington and Lee had tough foes to conquer yesterday. The Generals scored an overtime 33 to 29 win over Homer Rags's Mississippi (agent). The Generals led in the first half but Mississippi flashed brilliantly in the last half to knot the count at 28-28.

Louisiana State Tigers matched strength with Duke all the way. The half found Duke only five points ahead, 26 to 21, but the Durham court demons pulled away in the last half to finish in front 43 to 34.

The Kentucky Wildcats pumped to an early lead over Maryland and maintained the small advantage throughout, leading at the half 12 to 6 and winding up with a 26 to 21 victory.

Georgia Tech's Yellow Jackets were the highest scoring squad, running up 53 points in their 53 to 31 victory over Tulane.

After trailing North Carolina throughout the first period, Georgia moved away in the final period, winning 26 to 17.

Chat From the Training Camp

St. Petersburg, Fla., March 1.—(AP)—For the first time in the history of the club, the New York Yankees will have to go through with a vigorous program designed to bring about an improvement in their sliding ability. Bob Shawkey, new manager of the club, is a firm believer in the efficacy of the sliding pit and one has been constructed at the Yankee training camp here.

Clearwater, Fla., March 1.—(AP)—The boys will be careful hereafter in making bets with Wilbert Robinson, manager of Brooklyn Dodgers. In a game between the wets and dris yesterday, Robby bet one dollar on the dris. As the wets rallied and threatened to tie the score, Robby went to the coaching lines and ordered Albie Dudley, pitcher for the wets to steal second base. Dudley was put out by the customary mile and Robby went back to the bench satisfied that he had won his bet. A moment later, however, Glenn Wright slugged the ball over the left field fence, 350 feet away, to deadlock the score at 6-6 and there it remained.

San Antonio, Texas, March 1.—(AP)—John McGraw, manager of the New York Giants, lately has swung the axe. Lou Winer, right handed pitcher, and Jack Gallagher, burly catcher, have been unconditionally released. At the same time McGraw announced the purchase of Johnny Mehl, former White Sox outfielder, who was with Meado last year.

Winter Haven, Fla., March 1.—(AP)—With the veteran Grover Cleveland Alexander as headmaster, the Phillies' pitching staff is going to school. Manager Burt Shotton plans to carry ten pitchers this season, three of whom will be coaches and two relief workers. Shotton said he would build his staff around Alexander, and two other veterans, Bryon Speece and Earl Collard, with Alexander in the role of chief of staff.

Port Myers, Fla., March 1.—(AP)—Manager Connie Mack has created a new job for Howard Ehmke, veteran right hander who pitched the Athletics to victory in the first world series game last year. The inventor of the "hesitation" pitch ball will have complete coaching charge of the rookie boxmen, eight of whom are now working out here.

JACK DEMPSEY AT MAYO CLINIC

Rochester, Minn., March 1.—(AP)—Jack Dempsey, former world's heavyweight champion, arrived today to consult physicians at the Mayo Clinic.

He said he was undecided whether he would return to the ring and indicated he might make an announcement after the consultation. "Right now, I don't know whether or not I will return to the ring. I would have to spend a long time thinking to see if I could get into condition," he said.

Sprint defeats experienced on the boards this winter by George Simpson, Cy Leland and Ray Barbuti emphasize the vast difference between competition over the indoor runways and on the outdoor cinderpaths.

Comparatively few dash men ever have been successful in both varieties of competition. The object is the same, indoors or out, but conditions are so strikingly different that it is like two separate sports.

Loren Murehison for years was the king of all indoor sprinters because of his jack-rabbit ability on the getaway outdoors. "Mureh" was good enough to win national championships at 100 as well as 220 yards, making the Olympic teams of 1920 and 1924 but he was in his element on the boards.

Murehison, though long experienced, knew all the tricks of indoor running. He took the sharp banked turns "on high" and was a shot off the marks. I have seen him, in a 300-yard run, open up a ten-yard margin in the first 50 or 75 yards by knowing how to make every step count on the turns.

Jackson Scholz was fair indoors but a champion outdoors. Charley Paddock was smart enough to stay off the boards. The blond Californian was not built for indoor competition and realized it. Paddock lasted longer than most sprinters because he knew his limitations and picked his spots.

Chet Bowman, built more for cinderpaths than boards, nevertheless has had successful sprint career indoors, chiefly because of his fine competitive temperament. Chet always was one of the gamest of the dash men, cool under pressure. His fellow Syracusean, Ray Barbuti, made a mistake trying an indoor come-back at the short sprint distance. Ray seldom gathers a full head of steam until he was past the 50-yard mark in any race. He could "run over" his opponents at a quarter mile by the sheer drive and power of his stride. The Olympic 400-meter champion was also a crack quarter-miler indoors.

Jack Elder beat Cy Leland indoors but the Texan probably would show his heels to the Notre Dame flash two out of three times on the cinderpaths, at 100 yards or 220. Leland seems naturally built for the furlong. Like Barbuti, he is not an exceptional starter but has lots of power. The same thing is true of the other Texas Tornado, Claude Braey of Rice Institute.

George Simpson, built more along the lines of a greyhound, should be a good board runner but the Ohio State ace is somewhat fragile and more at home on the cinder.

Colorado College is coming East to play the Army in 1931, thereby marking another step in the spread of intersectional football, but unfortunately Dutch Clark will not accompany the Tigers. This is the last varsity year for the Flying Dutchman, who gained fame as All-America quarterback in 1928 as he set the Rocky Mountain gridirons on fire with his performances.

Mabel Normand Laid To Rest At Hollywood

By ROBBINS COONS

Associated Press Staff Writer

Los Angeles, Calif., March 1.—(AP)—It was the Hollywood of old that buried Mabel Normand yesterday.

The body of the tragedy-haunted film comedienne reposed today in the receiving vault of the quiet chapel in Cavalry cemetery, awaiting the decision of her family as to its final resting place. Miss Normand died last Sunday after a long fight against tuberculosis.

There was no great funeral for the one-time sprite of screen comedy, in accord with the wishes of her family, and no surging mobs were there to mar the dignity of the obsequies. A crowd there was, of course, of several hundred, which waited outside the local funeral parlors where the brief service of the Catholic church was read.

The new Hollywood of microphones and music and dancing chorus girls, was scarcely represented at Mabel Normand's funeral, except by those of the old days who survived in the new.

It was Mabel's own Hollywood, the Hollywood that loved her and remained loyal when the breath of scandal had wilted her career and buried her health, the movie world of her own hey-day, that followed her to the tomb.

Rabbi to Study Opera

Indictments To Be Returned in Graft Charges in Georgia

Atlanta, March 1.—(AP)—The termination of the four-month old grand jury investigation into alleged graft in the municipal government with the return of an unestimated number of indictments was set for late today by Solicitor General John A. Boykin of Fulton county.

The nature of the indictments was not given, but Mr. Boykin said the true bills would be given to Judge Virlyn B. Moore in superior court after 3 p. m., and the court immediately would issue bench warrants.

"All of the men indicted," he said, "have numerous friends and I do not expect to see any of them detained for lack of bail bond."

Throat Specialist Drops Dead at N. Y.

New York, March 1.—(AP)—Dr. Floyd Sumner Muckey, a nose and throat specialist who devoted the last forty years to a study of the science of voice production, died of a stroke of apoplexy last night while seated at his home listening to a woman pupil singing Handel's "Oh Sleep." He was 72 years old.

He is credited in "Who's Who" with having been the first to give a working analysis of tone, to have photographed a manometric flame and to have made a demonstration photograph of vocal cords in action.

W. M. U. To Meet At Elizabeth City

By WALTER M. GILMORE

Raleigh, March 1.—The first big Baptist event of the year is the annual session of the Woman's Missionary Union of North Carolina, Auxiliary to the Baptist State Convention, which meets in the auditorium of the First Baptist Church of Elizabeth City this year, beginning Tuesday evening, March 11, and closing Thursday evening, March 13.

Last year there were over a thousand Baptist ladies in attendance at this Convention, which met in High Point, a central point in the state. Several hundred representatives from every section of the state are expected this year, even though the meeting place is in the extreme northeastern corner of the state.

Mrs. Wesley N. Jones, of Raleigh, who has served as president since 1916, and who has been connected in an official way with the organization since its beginning in 1889, will preside at this session. Her presidential address Wednesday morning on "Be Ye Steadfast," will sound the keynote of the convention.

The personnel of the program this year is up to the usual standard, it is thought. Among the high lights from out of the state who will bring messages to the convention are: Miss Kathleen Mallory, Birmingham, corresponding secretary, W. M. U. Southern Baptist Convention; Miss Blanche Snyder White, Richmond, Va., corresponding secretary, W. M. U. of Virginia; Mrs. C. K. Dozier, Fukuroka, Japan, president, W. M. U. of Japan, and Mrs. C. C. Martin, Norfolk, Va.

COTTON MARKET

N. Y. STOCK LIST

New York, March 1.—(AP)—The cotton market opened steady today at an advance of 3 points to a decline of 3 points. There may have been a little buying on the relatively steady showing of Liverpool, but it was limited and the market eased right after the call under realizing or liquidation which was probably influenced by weakness in wheat.

New Orleans was a moderate seller here on the decline which carried prices about 7 to 15 points lower by the end of the first half hour with many selling off to 15.38 and October to 15.75. Liverpool cables reported Continental buying and trade calling in that market and said an increased business with India was expected at an early date.

The amount of cotton on shipboard awaiting clearance at the end of the week was estimated at 135,000 bales against 149,000 last year.

FIVE PERSONS IN COURT FOR HANDLING RUM

Whiskey Runners Bound Over to Federal Court Under Bond From \$250 to \$500.

Five violators of the national prohibition laws were given preliminary hearing in this city yesterday before United States Commissioner Thomas R. Beaman and bound over to the next term of Federal court under bonds ranging from \$250 to \$500. Most of the arrests were made at Bethel, and the defendants were operating between Bear Grass and Rocky Mount.

J. E. Coggins, of Rocky Mount, was nabbed by Bethel officers with 361-2 gallons of whiskey in his possession. He was released under \$500 bond in preliminary hearing here.

Charlie Davis, of Rocky Mount, colored, had 36 gallons of contraband whiskey in his possession when he fell into the hands of Bethel officers. He was released under bond of \$500.

Oscar Cooper, of Rocky Mount, charged with aiding and abetting in the violation of national prohibition laws by reason of furnishing an automobile for the transportation of whiskey was given liberty under bond of \$250.

Turner Williams, colored, Rocky Mount, aiding and abetting in violation of the dry laws, was released under \$300 bond.

Ernest Jenkins, colored, of Connettee, charged with manufacturing whiskey, was required to give bond of \$300.

Hoover Commission Opens Hearing but Nobody to Testify

Port-Au-Prince, Haiti, March 1.—(AP)—The Hoover Commission on Haitian affairs opened its first session here this morning but no one arrived to testify.

The commission was informed by a spokesman of the opposition press that they had advised everyone to stay away because they had decided that this morning's invitation to testify meant that the commission was a second "McCormick commission."

The opposition editors said that they "heard all the past misdeeds of the occupation and threw their books into the ocean without removing the situation."

The American commission immediately issued a statement saying: "We are not another McCormick commission, but we are here looking into the future and not the past. We want to find from the people how and when the occupation can cease and national institutions be re-established."

GOOD RESULTS FROM CARDUI

Arkansas Lady Tells How This Medicine Helped Her on Several Occasions.

Huntsville, Ark.—"When I was fifteen years old, I suffered from backache and headache, and most of the time I was in bed," writes Mrs. R. D. Axtell, of this place. "Mrs. Axtell says she was advised to take Cardui. 'My mother had used it and found it helpful,' she adds, 'so I took it with good results. I never was bothered any more with aches and pains. 'I am now forty-five years old, and am the mother of eight children. I have taken Cardui since I was married and have gotten good benefit from it. 'About two years ago, I felt run-down and weak. My health was not what it should have been, so I took three bottles of Cardui, and it helped me a lot. I was able to do all my work and raise a garden. 'If you are run-down, nervous, or suffer every month, take Cardui, a purely vegetable, reconstructive medicine, used by women for over fifty years. 'Thousands of women praise Cardui for the benefits they have felt after taking it. 'TAKE CARDUI Helps Women to Health. 'Theford's Black-Draught should also be used in connection with Cardui, as a laxative. 25¢.

GOOD RESULTS FROM CARDUI

Arkansas Lady Tells How This Medicine Helped Her on Several Occasions.

Huntsville, Ark.—"When I was fifteen years old, I suffered from backache and headache, and most of the time I was in bed," writes Mrs. R. D. Axtell, of this place. "Mrs. Axtell says she was advised to take Cardui. 'My mother had used it and found it helpful,' she adds, 'so I took it with good results. I never was bothered any more with aches and pains. 'I am now forty-five years old, and am the mother of eight children. I have taken Cardui since I was married and have gotten good benefit from it. 'About two years ago, I felt run-down and weak. My health was not what it should have been, so I took three bottles of Cardui, and it helped me a lot. I was able to do all my work and raise a garden. 'If you are run-down, nervous, or suffer every month, take Cardui, a purely vegetable, reconstructive medicine, used by women for over fifty years. 'Thousands of women praise Cardui for the benefits they have felt after taking it. 'TAKE CARDUI Helps Women to Health. 'Theford's Black-Draught should also be used in connection with Cardui, as a laxative. 25¢.

GRAIN MARKET

Chicago, March 1.—(AP)—Despite indications of future delivery buying on the part of Farm Board allies, wheat values averaged lower here today, especially new crop contracts. Weakness of wheat prices at Liverpool and Winnipeg acted as a weight on the Chicago market, and Winnipeg May wheat lost its premium as compared with Chicago May. A feature of trading operations here was buying of May wheat against simultaneous selling of July, the latter representing wheat yet to be grown.

Wheat closed unsettled 1-8c-1-8c a bushel lower than yesterday's firm. Corn closed unchanged to 1-4c higher, oats 1-8c-3-4c up, and provisions 7-10c down.

STOCK MARKET

New York, March 1.—(AP)—Stock prices made further recovery in today's first session but many of the early gains of 1 to 71-2 points were cut down by a wave of profit taking in the last hour. Nearly two score issues, including Radio Corporation and about a dozen public utilities moved into new high ground for the year.

There was little in the day's news to influence the price movement. Wheat futures, the recent rally in which gave the stock market much of its buying impetus, sold off today, and there was no change in credit situation. Weekly business reviews, continued to characterize the situation as "spotty."

In the public utility group, Pacific Lighting was marked up nearly six points to a new high at 957-8. American Telephone, North American, American Power & Light, and American Water Works, Electric Power & Light, and Louisville Gas & Electric were bid up 1 to 21-2 points to new peak prices for the year. Brooklyn Union Gas, Philadelphia Co. and Stone & Webster also marked up 2 points or more.

Radio Corporation common was turned over in large volume, crossing 50 to the best price of the year. The rise in this stock was attributed in some quarters to a revival of operations by an old pool in that it is, and in others to heavy buying for the account of British interests. American Tobacco "B" crossed 242 to a new high for an extreme gain of more than 6 points. Union Bag & Paper was marked up nearly 4 points to a new top at 157-8. United Aircraft, McKeesport Tin Plate, Rosia Insurance, Warner Bros. Pictures, Parmelee Transportation, Remington-Rand, Auto Sales and Bucyrus-Erie also reached new high ground.

Interborough Rapid Transit broke nearly 4 points on the decision of State Supreme Court Justice Ingraham that the 6-cent fare stipulated in the company's contract with the city was binding. Midland Steel Products preferred, which ran up sharply in the last few minutes of trading yesterday, lost 4 points on realizing.

The closing was strong, total sales approximated 1,750,000 shares.

Price of Wales Taking Pictures Of African Wilds

Nairobi, Kenya, Africa, March 1.—(AP)—The Prince of Wales, is now in the hunting field but for the past few days has spent a good deal of the time in the air taking a number of pictures of different species. Captain Black, British flyer, was taken the Prince on several flights during which the Prince identified many different types of game. The Prince also has trekked trails through the bush on foot with a motion picture camera taking many hundreds of feet of film to add to his collection of game study.
