American Women Fight Any Movement For Dry Law Repeal

Group Of Outstanding Women Give Public Expression Of View On Prohibition Before House Judiciary Committee At Washington; Declare Themselves Solidly Lined Up Behind Enforcement

Washington, March 12.—(AP)—Friends of prohibition placed before the House judiciary committee today the view that the womanhood of America was lined up in solid support of the Eighteenth amendment and was prepared both now and at any time to combat moves looking toward its repeal.

Near the outset, the group of women were given authority to present their prepared testimony without interruption. This decision was reached after a sharp verbal clash, precipitated by wet members who sought to cross-examine. The committee, however, by a viva voce vote deferred interrogation until the women had concluded the statements they had drafted.

Mrs. Henry W. Peabody of Beverly, Mass., chairman of the woman's national committee for law enforcement, took charge of the witnesses, who argued that the wet had failed to provide a "workable solution" in the event the dry statutes were repealed. Further, they contended the anti-prohibitionists had shifted responsibility in this regard by saying they left the solution up to Congress.

The women took the stand in rapid order. They supported their case by presenting statements from Mrs. Henry Ford and Mrs. Thomas A. Edison. Both the Detroit manufacturer and the inventor have been recorded as favoring retention of the Eighteenth amendment, and its supporting laws.

The women witnesses were drawn from a wide field. Some were prominent in club and social circles while others spoke as chairmen of nationally known women's organizations.

Mrs. Vic Donahey, wife of the former Governor of Ohio, Mrs. Orrin R. Judd, president of the Council of Women for Home Missions; Mrs. Jesse W. Nicholson, of Chevy Chase, Maryland, chairman of the Democratic Law Enforcement League; and Mrs. John F. Sippel, of Baltimore, president of the General Federation of Women's Clubs, were among those recorded as supporters of the dry law.

Mrs. Sippel said she had been threatened with bodily harm if she took the witness chair in support of the Eighteenth amendment, but appeared just the same. Mrs. Nicholson testified she had no objection to those seeking a change in the law by legal means, but denounced any effort to seek a change by nullification.

Mrs. Lawrence Prain, legislative chairman of the General Federation of Women's Clubs, told of resolutions the organization had adopted in support of the 18th amendment.

Mrs. F. I. Johnson, of New York, president of the Federation of Women's Boards of Foreign Missions of North America, said she represented many millions of organized church women who have expressed themselves in their own church denominations and have affiliated with the woman's national committee for law enforcement in favor of the 18th amendment opposed to repeal or modification of the Volstead act.

"As church women we recognize our obligations as loyal citizens," she continued. "We also thank God for the answer to the prayer of the ages—Lead us not into temptation but deliver us from evil" answered in part by the free act of this free people in its prohibition against an ancient curse which has wrecked homes and lives and character."

Liquor Case Carried To High Court

Washington, March 12.—(AP)—The Department of Justice today carried to the Supreme court a test case to determine whether the purchaser of intoxicating liquor is guilty of conspiracy.

The appeal was made from the recent decision of Federal Judge Morton of Boston in which he held that the purchase of liquor was not a crime. The Government already has pending before the court a case involving a conspiracy between a purchaser and a seller to transport intoxicating liquors. In announcing the filing of the second case to determine whether the purchasing of intoxicating liquors for beverage purposes is of itself a violation of the prohibition act, the Department said the action was taken in view of the diversity of opinion of various judges on the question.

The new test case involves the charges against James E. Farar, who was held by Judge Morton not to have been guilty of a crime in purchasing liquor.

Giant Shaft To Be Placed At Taft Tomb

Washington, March 12.—(AP)—The tomb of William Howard Taft will be marked for posterity with a memorial shaft befitting the high place he held in the heart of the American people.

The monument is to be selected by Mrs. Taft and their three children, who chose the sylvan nook in Arlington national cemetery in which the man who was President and Chief Justice is now at rest. Simplicity is to be the dominant characteristic of the marker, a simplicity that will be imposing but far removed from the severe, with an inscription telling in unaffected language of the greatness of the one who lies beneath.

With guns booming a requiem, with President Hoover and the might of the government standing reverently by and with platoons from the army and navy and the marine corps drawn up in last salute for one who had been their commander-in-chief, the body of the dead President was lowered slowly to its last home yesterday as the day was drawing to a close.

Then, as the volleys echoed and died across the broad fields of Arlington, came the soft clear notes of the bugle, sounding "taps," and the sky, thick with clouds and falling rain throughout the day, brightened, a bit of blue appeared, and a soft ray of light played about the top of the Washington monument and the spires of the city, hazily visible across the broad Potomac.

It had been a day in which both great and lowly had paid their tribute to a great American. For an hour and a half, the body had lain in state in the rotunda of the capitol, while long lines of plain citizens, who had stood in the falling rain for this opportunity, filed slowly past.

Then had come church services; simple ceremonies conducted by the Taft family pastor, the Rev. Ulysses G. B. Pierce. There were hymns played upon the organ and chimes, prayers, Scripture reading, the recitation of a few poems that Mr. Taft had loved in life. That was all.

From the church the funeral procession filed slowly across the Potomac and up the winding road to Arlington.

START DRIVE FOR COMPLETE INDEPENDENCE

Indians Inaugurate Campaign For Complete Independence From Great Britain

Ahmadabad, India, March 12.—(AP)—Inaugurating their campaign for complete Indian independence from Great Britain, Mahatma Gandhi, 61-year-old Nationalist leader, and 79 of his disciples today began a march to Jalapah, where the first of their measures against the British crown will be enacted.

Twenty thousand persons gathered at the entrance at Mahatma Gandhi's quarters to watch the pioneer party make their exit at 6:30 a. m. in what was the first step of the long-heralded "civil disobedience" asposued by the All-India National Congress at Lahore in January.

Other crowds lined the road chosen by the marchers, who planned their first two halts at the villages of Asaland Bareja. Sixteen students of the Gujarat Vidyapeeth (Gandhi's national university) all of whom had auspicious Safron marks on their foreheads, preceded the party proper.

Gandhi's appearance belied recurring reports that he had been arrested by order of the viceroy, Lord Irwin. It was regarded as by no means sure, however, that he would not be taken into custody, in which case the 16 students acting as an advance guard, were expected to take up his program and continue the march ahead as propagandists.

The party planned to take twenty days to reach the Gulf of Cambay, where they will attempt to produce salt in violation of the government monopoly, thus inaugurating a program which has for its ultimate ends non-payment of taxes (Continued on page six)

Reich Finally Gives Approval To Young Plan

Berlin, March 12.—(AP)—The Reichstag today gave final approval to the Young Plan by a vote of 270 to 192 and then, by a rising vote, also approved the German-American agreement by which Germany's reparations payments to the United States are regulated.

Passage of the Young Plan and its connected legislation by the Reichstag marked one of the most momentous decisions as yet taken by the young German republic's law makers. Not only are German reparations payments fixed definitely and finally, thereby moving a large number of vexing left overs from the world war are settled.

More than that, an international bank has been created whereby the world's central bankers are able to meet regularly and in a spirit of mutual cooperation to stabilize the world's exchanges and to aid the world's export trade besides putting Germany's reparations payments on a strictly banking basis.

Man Hurt In Fall Into Gasoline Pit

Bridgport, Conn., March 12.—(AP)—Philip Dunning, 27, Westport, playfully engaged in a game of hide-and-seek with a friend at the Bridgeport hospital with possible internal injuries and an injury to his back received in a fall into a gasoline station oil pit.

The accident occurred last night while he was going to the aid of Mrs. Jessie E. Henry, a Chamber of Commerce employe, who had fallen into the pit as she was getting into an automobile.

Miss Henry screamed as she plunged into the opening. Bellowing that the woman had fallen to the ground, and unable to see the pit in the darkness, Dunning ran in the direction of the woman's scream and stepped into the pit.

Commander Byrd Believed To Be Planning Another Expedition To Antarctic

Belief Exists Among Explorer's Party That He Hopes To Return To The Bottom Of The World To Make Further Explorations East Of Ross Seas

Dunedin, N. Z., March 12.—(AP)—The possibility that Rear Admiral Byrd will take another expedition into the Antarctic was foreseen here today.

Admiral Byrd in an interview said, "If I were to say what I am going to do next, my remarks would cause a sensation."

Although the intrepid explorer, who returned Monday after more than a year at the bottom of the world during which he flew over the South Pole, declined to commit himself further, the trend of events here and feeling among his party indicate that he hopes to return to the Antarctic to make further explorations east of the Ross sea.

HUSTON AGAIN TESTIFIES AT LOBBY PROBE

Says He Knows Nothing Of Missing Records Of Tenn. River Association

Washington, March 12.—(AP)—Apparently wholly at ease, Claudius H. Huston, chairman of the Republican national committee, sat comfortably in a chair before the Senate lobby committee today and testified that he knew nothing of missing records of the Tennessee River Improvement Association.

Called to testify concerning his knowledge of the Improvement Association's activities in connection with Muscle Shoals legislation, Huston, a former president of the organization, said that J. W. Worthington, executive chairman of the association, was probably the only person who could give the committee the desired information. He promised, however, to attempt to obtain the record.

Chairman Caraway of the committee had previously charged that Worthington was "dodging" the committee. After Huston said the secretary was ill in a Detroit hospital, Caraway remarked that he would remain "sick" until there was a "change" in the committee would question him. Huston suggested that if the committee members did not believe Worthington was "really ill" they should make efforts to have him appear.

Huston said his former organization had collected between \$400,000 and \$500,000 since it was created several years ago. He said it had received as much as \$75,000 in a year and as little as \$20,000.

The Senate committee has been investigating Muscle Shoals and efforts in behalf of legislation that would dispose of the Alabama power project for some time. Other witnesses had testified that the Tennessee River Association has favored the bid of the American Cyanamid Company for the project. A bill to accept the offer of the company is now pending in Congress.

Five Hundred Bales Of Cotton Destroyed In New Orleans Fire

New Orleans, March 12.—(AP)—Fire of undetermined origin, the third one to break out mysteriously on the New Orleans waterfront within three weeks, destroyed between 400 and 500 bales of cotton in a section of the City Dock Board's cotton warehouse early today.

Firemen held the flames within one section of the warehouse by closing partitioning doors. With the fire under control, policemen began an investigation seeking to determine if the three fires were of incendiary origin.

The first fire broke out in the Charbonnet wharf three weeks ago and destroyed the wharf, damaged the steamship Scantic and caused the death of six persons.

Late yesterday a fire of undetermined origin started under the Mandeville wharf, burned the structure and ignited the steamship Munaires, tied alongside. The blaze today, like the other two, spread quickly. Firemen had an easier fight against today's fire because of the steel building, the other structures burned being of wood.

APPROVES ADDITIONAL HUNDRED MILLIONS OF DOLLARS FOR FARMING

Fail To Secure Jury At Opening Of Doheny Trial; Another Panel Summoned

Washington, March 12.—(AP)—Failing to secure a jury to try Edward L. Doheny, millionaire oil man, on a charge of bribing Albert B. Fall, from a panel of 25, Justice William H. Hitz today summoned another panel.

Eleven remained in the jury box tentatively. The Government had excused six and the defense five, and four challenges remained to the Government and five to the defense. Two veniremen had been excused for cause.

Doheny's attorneys today had made no move to have the oil man tried before another judge, despite their employer's shout of "it's that damn judge," after Fall had been convicted last October of receiving the bribe. Justice Hitz was not in the court room at the time and court was not in session.

At the beginning of the trial today, Justice Hitz overruled a plea of Doheny's counsel that placing him on trial on the bribery charge would constitute double jeopardy. They contended that the matter of the \$100,000 that Doheny gave Fall had been disposed of in a previous trial in which Doheny and Fall were charged with conspiracy and were acquitted.

Doheny and Fall were acquitted on a charge of conspiring to defraud the Government of the Elk Hill oil naval reserve and the 73-year old defendant maintained that the question of his giving \$100,000 to Fall in 1921 already had been decided by the former jury. The Government charges that Doheny gave Fall the bribe for a lease to the reserve.

Fall was convicted last October of accepting the money as a bribe. Doheny reached court twenty minutes before time for it to convene. He appeared cheerful and unconcerned about the charges against him. Frank J. Hogan, his counsel, said the oil man was convinced he would be acquitted.

Doheny was accompanied by Mrs. Doheny and a number of friends. The defendants took his seat inside the railing beside his counsel, while Mrs. Doheny and her friends sat in the second row of the spectators' seats.

The panel of 26 men and women from whom it was hoped a jury would be chosen was addressed by Justice Hitz, who told them that of his own motion he would lock the jury up and that the case might take "several weeks."

Missing Freshman Believed Seen On Road Near Catawba

Hickory, March 12.—(AP)—A youth, believed by Clint Madaris, of Highland to have been Morgan P. Moorer, missing University of North Carolina freshman, was ridden in Madaris' automobile yesterday from Conover to Catawba.

Madaris said today he did not have a description of the youth and did not ask him his name, but that after returning home last night and reading a description in newspapers, he was convinced he had seen the 17-year old student who disappeared twelve days ago.

University officials have been inclined to believe the freshman, whose home is in Asheville, committed suicide. The disappearance of a revolver Moorer is said to have possessed is pointed to in support of the suicide theory.

Madaris said the youth he picked up told him he was going to "Durham to school" and that his home was in Asheville. He asked for a ride to Statesville and Madaris said he took him as far in that direction as he was going.

Without Opposition Senate Approves Request Of Federal Farm Board For Additional Funds To Carry On Its Operations; Senator Brookhart Blames Board For Not Asking For More Money

Washington, March 12.—(AP)—The Senate today passed the first deficiency appropriation bill carrying \$173,000,000 to meet emergency government expenses including \$100,000,000 for the Farm Board.

Almost \$125,000,000 was added to the measure by the Senate.

Early House approval of the additions is expected and the bill will then be sent to President Hoover.

Among the provisions added by the Senate were \$12,000,000 for river and harbor work; \$7,000,000 for seed loans to farmers in the storm stricken states; \$3,000,000 for Porto Rico hurricane relief, and \$150,000 more for expenses of the American delegation to the London naval arms conference.

Washington, March 12.—(AP)—The additional \$100,000,000 for the Federal Farm Board recently requested by the board was approved today by the Senate without opposition.

The fund was added to the first deficiency bill after sharp debate over the policies of the board during which Senator Brookhart, Republican, Iowa, urged cooperation by the board with the Canadian wheat pool in opposition to England, France and Italy.

Brookhart expressed a belief that a combination of the three European nations against the American wheat growers was in operation. He blamed the board for not asking more money at this time.

Defending the policies of the board, Chairman McNary, of the agriculture committee, said a "desperate situation" existed through the world in the wheat market and he believed the board "was doing all it possibly can at this time."

Senator McKellar, Democrat, of Tennessee, said he had heard reports that the board was "gambling" in the futures market on cotton and wheat and he severely condemned such a practice.

Two Bankers Held In Default Of Bond For Embezzlement

Montgomery, Ala., March 12.—(AP)—Accused of embezzling a total of \$250,856.07 from the defunct First National Bank of Tallahassee, Emmett T. Cox, former president, and C. F. Fincher, former cashier, were held today in default of \$10,000 bail each.

They were arrested late yesterday by federal authorities after an examination of the bank's accounts and a preliminary hearing was set for March 19.

Charlotte Made Stop On Airmail Route To Atlanta

Washington, March 12.—(AP)—Increased air mail service between New York and Atlanta with Charlotte being placed on the route for a direct stop, effective April 1, was announced today by the Postoffice Department. There will be a double daily service between New York and Atlanta.

Departures from New York will be at 3 p. m. with arrival at Atlanta at 11:55 p. m., and 5:55 a. m. Departures from Atlanta will be 12:45 a. m., and 8 p. m., with arrival at New York at 9:30 a. m., and 12:45 a. m., service from Atlanta are the new trips.

Stops will be made at Charlotte on one trip each way, that on the southbound flight at 10:20 p. m., and on the northbound at 9:40 p. m.

Would Discharge Alien Teachers

Detroit, March 12.—(AP)—The Detroit Board of Education had under advisement today a proposal to discharge all of its employes who are aliens and all those who live outside the corporate limits of Detroit.

Included among the latter is Mrs. Evangeline Lodge Lindbergh, mother of Col. Charles A. Lindbergh, who is a teacher of chemistry at Cass Technical high school. Mrs. Lindbergh is a resident of Grosse Pointe, a contiguous suburb of the city.

Two Women Burn To Death Today In Hotel Fire

Canton, Miss., March 12.—(AP)—Miss Annie Harter, 60, and her 90 year old negro servant, Martha Cheatham, were burned to death here today in a fire that destroyed a store and the Trolco hotel. The loss was estimated by firemen and the owners at \$100,000.

The two women were trapped in the bedroom of Miss Harter on the upper floor of the store building which she owned and were burned to death as scores of spectators looked on outside, powerless to rescue them. Their charred bodies were removed by firemen after the blaze.

All guests in the hotel escaped without injury. A number of other business concerns suffer fire losses.

Firemen from Jackson and Yazoo City helped to prevent the flames from spreading further.

Janet Eastman Wins Bathing Beauty Contest

Miami, Fla., March 12.—(AP)—Miss Janet Eastman, 29 year old blonde of Fort Worth Tex., today wore the gem-studded coronet emblematic of the title of "America's Sweetheart," which she was awarded last night in competition with 23 other contestants in the first annual Miami bathing beauty pageant.

Miss Eastman is five feet six inches tall and weighs 120 pounds. It was announced she would receive \$2,500 as first prize and a trip to Rio de Janeiro later in the year to represent the United States in an international beauty pageant there.

"America's Sweetheart" plans to use her prize award in attending Texas Christian university in Abilene, Tex. Her ambition is to go on the stage, she said.

Miss Alberta McKelopp, 17-year old Los Angeles girl, carried off second honors in the contest as "Miss California," while Miss Margaret Ekdahl, of Tampa, Fla., as "Miss Florida," won third prize.

Leases Closed For Parking Space At King's Mountain

Gastonia, March 12.—(AP)—Lease have been closed for space capable of parking 25,000 automobiles, according to C. O. Kuester of Charlotte, chairman of the central celebration committee.

Mr. Kuester and members of the committee yesterday visited the battle field and located sites for the speakers' stand and band stand. Preparations are being made to accommodate more than 100,000, Mr. Kuester said.

SIMMONS WILL NOT ATTEND JACKSON DINNER

Raleigh, March 12.—(AP)—It was reported unlikely today that U. S. Senator F. M. Simmons would attend the Jackson day dinner, to be given here Saturday night by the same Democratic organization of the state.

Senator Simmons was asked yesterday by Tyre Taylor, chairman of the committee on the dinner, to state whether he would be present. "Prospect now is that I will not be able to attend Jackson day dinner," the Senator replied. "Will write."

Wake Forest Man Enters Race For The U. S. Senate

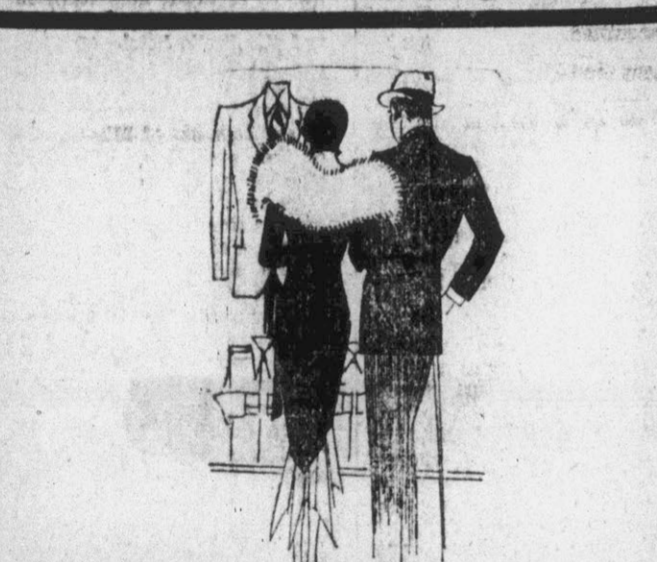

Raleigh, March 12.—(AP)—H. Grady Dorsett, Republican of Wake Forest, today gave out a statement here that he had paid his fee and would enter the state primary to seek the Republican senatorial nomination.

Since Mr. Dorsett announced sometime ago that he would enter the primary Republican leaders of the state have said that the party will not be forced into a primary.

It is the custom of the Republican party to nominate in convention in North Carolina. What action will be taken in regard to the filing of Mr. Dorsett was causing speculation here today. The Republican state convention will probably consider the matter when it meets in Charlotte next month.

Mr. Dorsett called on the Republicans of the state to nominate an Eastern Carolina man this year. "An eastern man can beat the Democratic nominee this time, whoever he may be," Mr. Dorsett said.

"This is your cause and my cause," he continued. "It is for the growth, development and supremacy of our party in the state. We should put on a campaign in every primary of enlightenment, enlightenment and enlargement. Then the never ceasing Democratic campaign of destructive criticism, knocking and belittlement, which breeds Bolsheviks, will vanish like fog before the sun."

THINK OF YOUR THINK OF AUTOMOBILE IN TERMS OF TOMORROW

Ultimate cost is as important as first cost in the purchase of an automobile

WHEN you purchase an automobile you are making an investment of a considerable amount of money. It is essential, therefore, that you give careful thought to the best selection and know what you are getting for your automobile dollars.

The first cost is important because it may mean an immediate, satisfactory saving. Of equal importance is the ultimate cost after thousands of miles of service. This ultimate cost is the true measure of automobile value.

THE first cost of the new Ford is unusually low not only because of economies in manufacturing, but because the same principles that inspire these savings are extended to every other step that means greater service to the public. It is easy to see that economies in production would be of little value if they were sacrificed later through high charges for distribution, selling, financing and accessories.

The Ford dealer, therefore, does business on the same low-profit margin as the Ford Motor Company. His discount or commission is twenty-five to fifty per cent lower than that of any other automobile dealer. You gain because he makes a small profit on many sales instead of a large profit on fewer sales.

The difference in selling cost, combined with the low charges for financing and accessories, amounts to at least \$50 to \$75 on each car. This is as important as economies in production in keeping down the price you pay for the new Ford.

THE low ultimate cost of the new Ford is the result of sound design, quality of material and unusual care in manufacturing. Friction and wear are reduced by the accuracy with which each part is made and assembled.

These factors combine to decrease the cost of operation and add months and years to the useful life of the car. The good performance and low yearly depreciation of the new Ford are indicative of the enduring quality built into it at the factory.

SERVICE charges are on the same fair, economical basis as the making and selling of the car and replacement parts are always available at low prices through all Ford dealers. In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost.

Think in terms of tomorrow, therefore, when you purchase an automobile. For tomorrow will reveal its true worth.

SYMPHONY ORCHESTRA TO FEATURE CONCERT HERE SATURDAY

The symphony orchestra, which is one of the Duke Musical Clubs that will feature in the entertainment at East Carolina Teachers College on next Saturday evening, is frequently referred to as the "south's finest college orchestra."

The three numbers they will play on the program are "The Lutsiel Overture," "The Anvil Chorus" from Il Trovatore, and "Light Cavalry Overture."

The university club orchestra which will also give several numbers, is under the direction of "Jelly" Ieftwich, who has been called the "savior of jazz in North Carolina."

This orchestra has been engaged to play at Lumina and the Oceanic Hotel at Wrightsville Beach next summer, as they did in Hendersonville last summer.

The Glee Club will sing several songs that are on the program for their European tour. This is one of the last appearances before they sail. They will be interpreters to European audiences of negro spirituals.

The place for the entertainment is the campus building, and the time is Saturday evening, March 15 at 8:30 o'clock.

Shriners To Give Free Show Here

"An Equal Chance," is the title of the heart-gripping drama which is to be shown on the screen of White's theatre next Sunday afternoon. This picture, which is a Metro-Goldwyn-Mayer production, was made at the expense of a prominent member of the Mystic Shrine, Noble-Allen H. Rattree of Los Angeles, Calif.

All the parts in the drama are played by well-known stars, their services and time being donated.

The great benevolent work being done by the Shriners of America in behalf of crippled children whose parents are unable financially to pay for their treatment, is fully depicted in this drama. An annual expenditure of \$1,200,000 has been made each year for the past eight years, during which time there has been built and put into operation 15 hospitals and mobile units in various parts of the United States and Canada. During this period more than 15,000 crippled children have been restored to normal. The Shrine program calls for a continuation of this expenditure of \$1,200,000, which is raised by a direct assessment on each member annually, indefinitely, or until the need is fully met. The local Shriners who are sponsoring the showing of this great film are anxious to have every person in this locality come out and see it next Sunday afternoon. No charge of any kind will be made, all will be welcome. If all are not seated at one showing the film will run until all can see it. White's Theatre is showing this picture without any charge whatever.

Light Docket In County Court Here

Dorsey Barnhill, charged with possession of whiskey, was sentenced to 90 days on the roads by Judge W. L. Whedbee, presiding over the regular weekly session of County court in this city yesterday.

The docket yesterday was one of the lightest in sometime, and work was completed much earlier than usual.

J. H. Hamilton, who resides near Rocky Mount, was fined \$300 and given a two years' suspended sentence to the roads on a charge of transporting whiskey. Eli Richardson, held on the same charge, was adjudged not guilty.

Hamilton was arrested by Greenville police several days ago and is said to have had a considerable amount of whiskey in his possession at the time.

Jayes Lovett, charged with transporting liquor, paid a fine of \$10 and cost, and was given a two years' suspended sentence to the county roads.

Monarch Minstrel Arranges To Play Other Towns Soon

Due to the fact that the Merry Monarch minstrel scored such a direct hit in its initial presentation in this city last week, plans are now under way to carry the show to several of the towns in this part of the state, it became known today.

The attraction is also scheduled to play at the East Carolina Teachers college during the week of March 24.

The minstrel is under the direction of E. F. Storey, who has perfected an organization that stands out prominently as one of the best ever seen in this city. In fact, it is the equal if not the superior to many of the high class road shows, and should prove as much interest in other towns to be visited as it did in its initial appearance at the White's theatre last week.

The show is composed of such well-known performers as "Tige" Gardner and C. B. Rowlett, who as end men, furnish a line of witty jokes and acting that keeps the audience in a constant uproar. Then there are the two soloists, Mrs. Charles White and Mrs. J. Knott Proctor, who never fail to score a direct hit with entertaining song numbers.

A professional dance act out by Norfolk entertainers is also one of the high lights of the minstrel, and this feature will be maintained throughout the tour of this part of the state.

The first exhibition was greeted by a capacity audience here and opinion was expressed that a large audience would be large at the college and other places to be visited from time to time.

Tucker Announces Himself Candidate For County Sheriff

The first candidate to toss his hat into the ring for the county primary to be held during the month of June is Wyatt Tucker, of Farmville, who announced this afternoon that he would be a candidate for the office of Sheriff of Pitt county, opposing the present incumbent, Sam Whitehurst.

Mr. Tucker was a candidate for the same office during the last primary but was defeated. He is well-known in this and other communities and his announcement was received with interest due to the fact that it was the opening gun in the battle usually preceding election day.

Eighth District Nurses To Meet Next At Tarboro

The Eighth District Nurses Association held its regular monthly meeting at the Rotary club building in this city yesterday afternoon at 3 o'clock and a program of more than usual interest was enjoyed. Miss Cobb, of Wilson, presided, and fifty-seven representatives from the 26 counties comprising the association were in attendance. The next meeting will be held in Tarboro.

The visitors were entertained at a delightful three-course banquet by members of the local Nurses Association. The banquet room was attractively decorated in keeping with St. Patrick's Day with green and white flowers predominating.

Two solo numbers were sung by Messrs. E. Johnson and E. F. Storey. Miss Christine Evans acted as accompanist.

The principal talks of the session were made by Drs. Joseph Smith and K. B. Pace, of Greenville. Dr. Smith spoke on the subject of "Influenza" and Dr. Pace discussed "Parrot Fever." Both talks brought out interesting facts in connection with the subjects.

Arrange Hydrator Demonstration Here

Use of the recently introduced Frigidare hydrator to preserve the crisp freshness of leafy vegetables and similar foods for long periods of time has proved such a popular subject with housewives everywhere, that Mr. J. A. Collins, of the Home Furniture, Inc., local dealer, has arranged a special 10-day demonstration at the local showroom, beginning Thursday, March 13 and ending March 22.

"Since the announcement of the new hydrator, we have received scores of visitors who wanted this new development in the field of household refrigeration explained," he said. "Information that the hydrator is an important aid in the preparation of tasty, fresh salads of all kinds has aroused such general interest that this special demonstration has been decided upon."

The demonstration will be held daily from eight o'clock in the morning until 10 o'clock at night. Salads will be prepared from vegetables which have been freshened in the hydrator. Desserts, frozen with the aid of the famous Frigidare cold control, will be served to visitors.

Many other features have been arranged for the demonstration, it was announced. Special souvenirs will be given to those who purchase refrigerators during the ten days and unusual features have been planned for persons who already are Frigidare users.

The Frigidare salad book, containing many methods for the preparation of a wide variety of dishes will be distributed during this period. The book is a companion piece to the Frigidare frozen desserts booklet, more than a half million of which were requested by housewives during the first few months after the announcement of the cold control last year.

Local Trade Body To Launch Drive For More Members

Setting its goal at 150 members, the Merchants Association will launch a membership drive in this city tomorrow morning. Plans for the campaign have already been arranged and call for one of the most intensive drives in months.

The campaign committee is composed of the following:

L. A. Stroud, chairman, J. J. White, C. H. Forbes, B. B. Sugg, J. H. Waldrop, J. F. Bowen.

The Merchants Association has experienced splendid growth over a period of many years, and it is the intention of the new officers to make the present year the most successful in history if possible. It is for this reason that the membership campaign is being launched, it being realized that the more members an organization has the more active and influential it should be.

ABOUT TOWN

Congressman Warren has assured the business men of Greenville that he will use his influence in bringing about better mail service between this city and northern points.

The assurance will be received with interest here by reason of the fact that the problems vitally affect both the business and social life of the community.

Exchange of mail between here and the north is very important, and the Postoffice department would be doing the right thing by inaugurating of service between here and Rocky Mount.

Greenville will extend a cordial welcome to the district meeting of the Tri-County Medical Society to be conducted in this city Thursday evening. The organization has met here before in past years, and always an interesting program was provided under direction of the Pitt County Medical Society who will be hosts to the visitors.

The members of the medical profession have done much to do away with human suffering during the past several years, and such gatherings as that to be held here this week gives each of the doctors a broader perspective for future activities. The exchange of views and observations proves most helpful and should do much to increase interest in the work the society is accomplishing.

Greenville people like thousands of others throughout the country are making a last minute effort to fill out their income tax blanks and get them to the State department before Saturday night when the date of expiration is up.

It is the same old run of past years, although possibly more accentuated in this state this year by reason of the financial stringency and the inability of the people to provide the tax payments as quickly as of old. But the tax must come before Saturday or those failing to provide it will be subject to a penalty, and from now until the end of the week will witness an unusual bustle among rich and poor alike as they race with time to beat the deadline.

"If work on the farm" at this time means anything in the future prosperity of this section, then the future is more than bright," declared a Greenville traveling man yesterday, speaking of the amount of work going on in different parts of the county at this time.

"I have visited practically every community in this section of the state the last several weeks and everywhere I went the farmers were busy clearing their lands and getting ready for the production of another crop.

"It is the first time in years that preparation of land got underway at such an early date, and if planting and cultivations of the crops are pushed like the preparation then we should be able to produce something to be proud of.

"I like to see the growers go to work this way. It not only puts them ahead of the game, but should enable them to forget some of their financial worries and come out at the end of the season at the bird end of the horn. Work is the best remedy in the world for a period of depression. It enables the people to forget their plight temporarily and causes them to look forward more hopefully to the future."

"The live-at-home program continues to meet with the approval of the farmers of Pitt county, according to opinion of leaders in the field of agriculture, and will be put into actual practice by many of the growers during the present year.

The majority of the growers realize that something must be done to improve their condition and they are ready to give the thrift program a trial and see how they pan out at the end of the season. It may be in the form of an experiment at this time, but they hope eventually to make it something of which the entire community will be pleased.

Live at home plans have attracted the attention of growers in all sections of the state by reason of the publicity which Governor O. Max Gardner gave it during last fall. The governor believes it is necessary to insure the continued prosperity of the people of this great state, and not only advocates the producing of more of the things used at home, but is doing his best to see that it is put into actual practice.

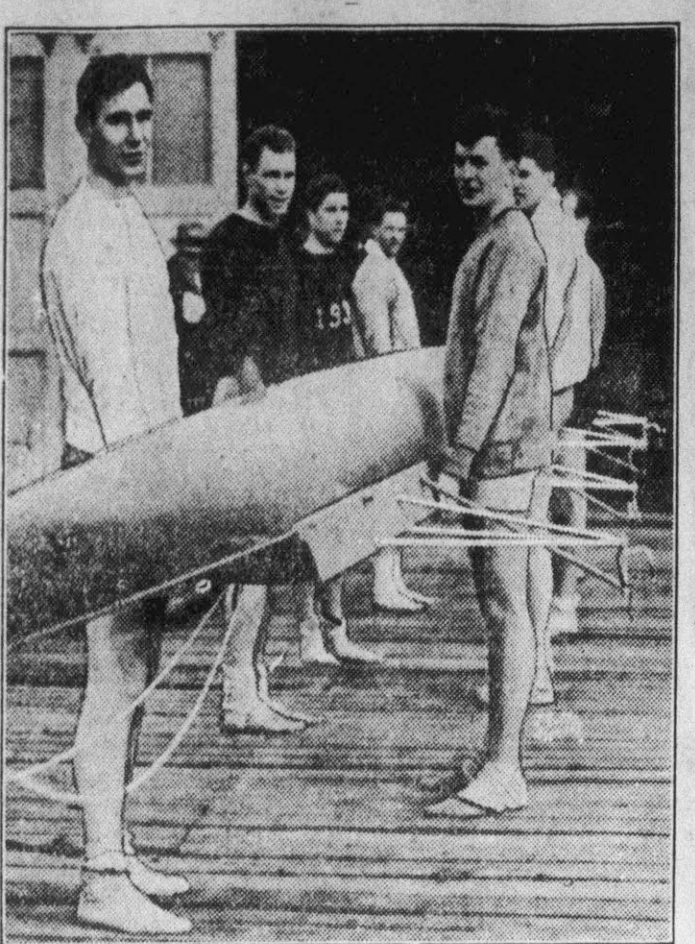

The governor has the right idea about the agricultural situation, it seems, and if the people will rally behind him and put the plan to a test there is no doubt but that they will come out all right at the end of the year.

Woman Granted New Trial On Whiskey Charge

Jansing, Mich., March 12—(AP)—Mrs. Etta Mae Miller, a victim of Michigan's former "life-for-liquor" law, was free today for the first time in 14 months.

The 50-year-old mother and housewife, who began a life sentence in the Detroit house of correction following her conviction here December 31, 1923 on a fourth liquor felony, returned to her home and her husband last night. She was released on \$2,500 bond pending a new trial granted by the Supreme court.

Under a former section of Michigan's habitual criminal law, conviction of four liquor offenses made a life sentence mandatory. The last State Legislature removed liquor offenses from the classification of felonies under which the life sentence is imposed. Her sentence then was commuted to 7-12 to 15 years.

Her Cross Little Boy Wouldn't Eat Or Sleep

"My little son had poor appetite, couldn't sleep and was cross. I gave him Vinol and it ended these troubles like magic."—Mrs. L. DuCrest.

Vinol supplies the body important mineral elements of iron, calcium with cod liver peptone. This is just what thin, nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious! Warren's Drug Store.

"SO, MY PROUD BEAUTY, YOU WOULD REPULSE ME, EH?" barked DALTON

"I would indeed," said the fairest flower of the countryside. "And how!"

"What is there about me, to bring this disfavor down upon my head?" he demanded.

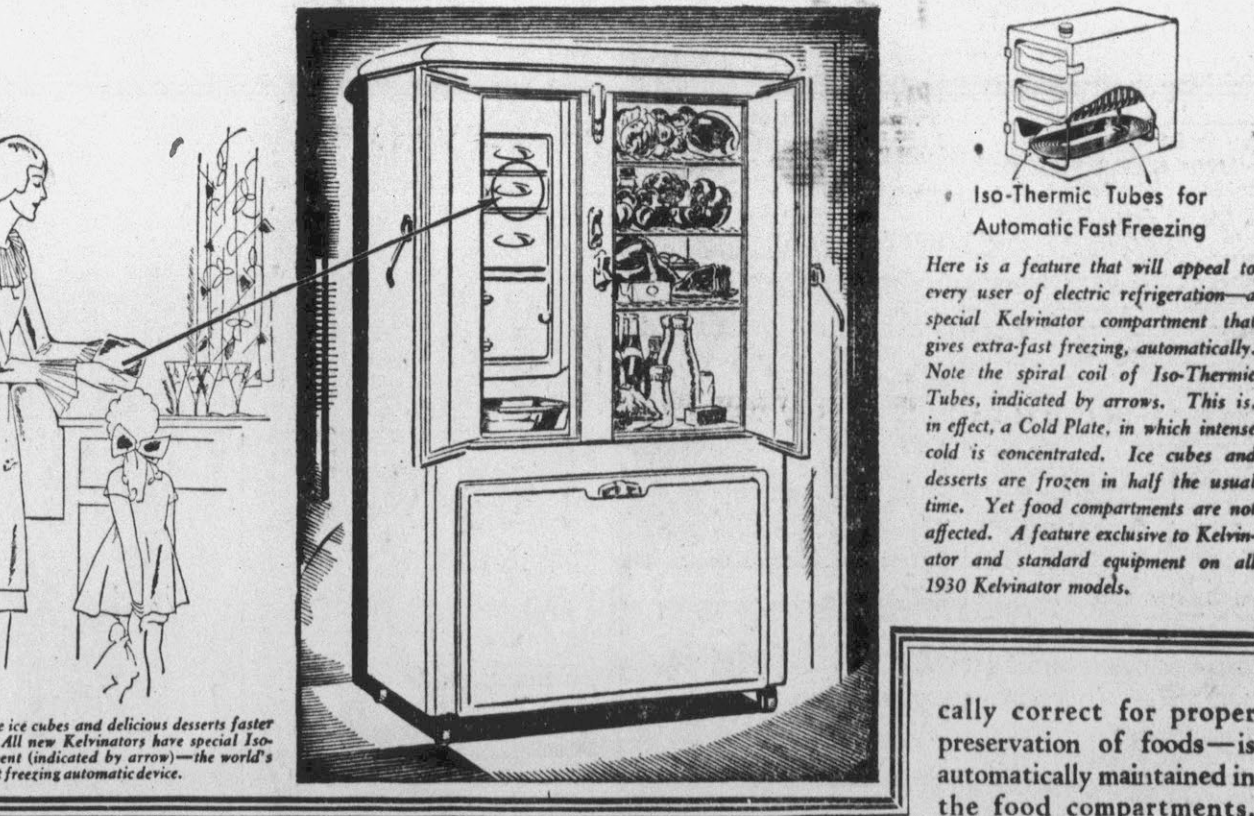

"Your voice, sir," she answered him haughtily. "The man who wins my heart must smoke OLD GOLDS in kindness to his throat—and to his listeners."

Iso-Thermic Tubes

... the automatic self-starting device for fast freezing of ice and desserts ...

FOR 15 years, Kelvinator engineers have striven to make electric refrigeration more trouble-free, more automatic, more complete in the service it renders to users.

The results of this policy are evident in a first inspection of the new Super-Automatic Kelvinators now available in a wide range of self-contained models.

Iso-Thermic Tubes, for example, are found only in the new Kelvinators. Built around a special freezing tray, this new device automatically starts freezing operations when a tray of water or dessert is placed within. Ice cubes and frozen desserts are prepared in record time. There is nothing to watch or regulate.

But Kelvinator design carefully keeps this extreme cold in its right place. A separate temperature—scientifically correct for proper preservation of foods—is automatically maintained in the food compartments. Thus, food cannot be spoiled through freezing or too high a temperature.

With all their improvements in fully automatic operation and in far finer cabinet designs, the new Kelvinators are most moderately priced. See them today and learn how easily you may enjoy this modern refrigeration service now through Kelvinator's attractive ReDisCo monthly budget plan.

SENATORS IN COLD WATER THIS SEASON

By RALPH WHEATLEY
Associated Press Staff Writer

Biloxi, Miss., March 12.—About the only bright thing that was found around the training camp of the Washington Senators was the sun overhead.

The main trouble was due to the mulishness of Goose Goslin, who has refused to join his team mates on the Gulf Coast because Clark Griffith could not open his money pots enough to suit him. And if Goose does not take his place on the team the question remains unanswered as to who can pound out the slashing hits and home runs around which a team can rally.

Coupled with the trouble with the Goose is the cold knowledge that the mainstays of the team have passed the crest of their careers. Great in their day but waning now is the story of Sam Rice, Joe Judge, Oswald Bluege and Harold Ruel.

The new blood of youngsters is needed to start the Senators back on the climb toward the pennant. And there lies the secret. Can these youngsters do it? Goose Goslin has been counted on heavily to inspire the new men to hit and play ball. It was felt that after his two miserable years, he was due to revert to his old form of brilliance and set the stride for the whole team.

But with him out an already weak hitting team becomes weaker. For this reason Manager Walter Johnson, with determination in his eye, is spending most of his time trying to develop some hitters from among his thin squad of 28. The Goose would not be missed for a minute in the field as Emile (Red) Barnes can field as good as Goslin ever could. It is at the bat where the Goose is needed.

From a defensive fielding standpoint, there is no better team in the league than the Washington outfit. There are prospects of developing sufficient pitching material to meet demands but when it comes to batting some of these fellows appears to be cross-eyed. A team can't go far without hitters and hitters are what Johnson is after. On the mound he expects Fred

Marberry to carry the burden with strong support from Sam Jones, Irving Hadley and Zoloph Liska. He has his eye on Carlos Moore. Lloyd Brown and Bob Burke in the hope they will develop into campaigning twirlers. If he should be favored with such luck, his piteous worries would be over. Behind the bat, Ruel no doubt will be leading man with Bennett Tate first alternate.

Chat From the Training Camp

St. Petersburg, Fla., March 12.—(AP)—Babe Ruth is devoting himself with great zest to the New York Yankees' spring training exhibition games.

The Babe was an outstanding figure in the Yankees' victory over the Braves yesterday, getting a long triple, a single and two walks.

San Antonio, Texas, March 12.—(AP)—Big Bill Terry and Freddie Lindstrom, big guns of the New York Giants' attack, finally have reported for work but both are somewhat the worse for wear.

Lindstrom, who has not yet signed a contract, finished his first workout with a blister on his throwing hand while Terry has a sore thumb.

Clearwater, Fla., March 12.—(AP)—Day by day the conviction grows that Wilbert Robinson's Brooklyn Robins will be set-ups for no one in the 1930 National league race.

The Robins fielded without an error and batted out 17 hits in trouncing Detroit yesterday.

Winter Haven, Fla., March 12.—(AP)—Grover Cleveland Alexander, back with the Phillies, in the role of coach and relief hurler, will be a big help to the club this year, in the opinion of Manager Spotton.

Fort Myers, Fla., March 12.—(AP)—Connie Mack, major domo of the Athletics, is well satisfied with the showing of the champions in the four game series with the St. Louis Nationals which resulted in an even break.

He sees no reason why the Athletics should not repeat, but his prediction today was that "it's going to be a tough race."

MICKEY SET TO SHOOT 'EM DOWN

This may not be good news for budding American league base stealers but it is big news to the A's to know that Mickey Cochrane is getting that old peg of his in shape.

Burleigh Grimes continues as a holdout, went to the mound today for the regulars to unwork his curves on the Yanigans. Over at shortstop, another position involving a holdout, was Charley Egan, shifted there from the Yanigan line up for experimental purposes.

West Palm Beach, Fla., March 12.—(AP)—Dick Coffman will be the St. Louis Browns' inaugural exhibition game pitcher when the American leaguers engaged the Buffalo Internationals at Fort Lauderdale Friday.

Bradenton, Fla., March 12.—(AP)—Frankie Frisc, captain of the St. Louis Cardinals, was expected in camp today with his contract signed and ready for the season's work while Charles "Flint" Rhem, a holdout, came to terms yesterday morning and was in uniform yesterday afternoon.

Orlando, Fla., March 12.—(AP)—Members of the Cincinnati Reds are agreed that Dan Howley, manager, intends to keep them in trim but are convinced there will be no trouble about it. Howley set down on 11:30 bed time but otherwise left matters much in the players' own hands.

New Orleans, March 12.—(AP)—It may have no significance, but Zeke Bonura, husky recruit, has been assigned to play first base with the regular squad of the Cleveland Indians in the absence of the convalescent Lew Fonseca.

Galli Curci To Sail For United States

Paris, March 12.—(AP)— Mme. Amelita Galli Curci, who retired recently as prima donna for the Metropolitan Grand Opera Company of New York, has cancelled the remainder of her European concert tour and is sailing Wednesday for the United States.

In a statement published here the famous soprano assigned as reason for the cancellation criticism which had appeared in the papers of what were considered exorbitant fees extracted from their impoverished country.

Mme. Galli Curci recently was used and booed in Budapest where she sang Violetta in La Traviata. She said she was not in good voice because of a bad cold. The only later note stated her cancelling a performance of "The Barber of Seville" and the opera management brought action against her. She also cancelled concerts in Vienna and Paris for the same reason.

Mme. Galli Curci said she considered her fees for European performances quite reasonable, explaining that they were only \$2,200 a performance, or less than half of the American level.

SPORTS SLANTS

By ALAN GOULD
Associated Press Sports Editor

The fistie fiasco of Miami did not do a lot to help clear the heavy-weight atmosphere, except to dispose of Phil Scott, and the complications still are rampant, with Schmeling, Carnera, Campolo, Risko, Griffith and now, the talk of Jack Dempsey's comeback, to keep the steam up in the ballyhooed calipso.

Mav Schmeling is the "man to beat" and Sharkey seems elected to try to do it in June in a decisive match. For fully two years, if not longer, Sharkey has had the natural equipment necessary to land a rim on top of the heavyweight heap but the big Lithuanian lacks the virtue of consistency. Whether it is due to nervousness or over-anxiety, the sailor has a habit of muffing his best chances. He did it against Dempsey, Heeney, Risko. He was away off-color against Scott, even though he emerged with a questionable technical knockout to his credit.

Sharkey, most of the critics believe, will be beaten by Schmeling if he is as wild and erratic against the German outlier as he was against Scott. Schmeling will not be hitting on the run as Scott did nor will his mind be concentrated on the possibility of fouls. This foul business is an obsession, apparently, with Scott. Schmeling, on the other hand, is a natural mixer and slurrer, with a right hand marked with dynamite. No one has yet beaten up Johnny Risko in the thorough fashion that Schmeling did a year ago. As a matter of fact for all the pounding he has taken, Risko at Miami looked tough enough to have "taken" anyone else on the card, including Sharkey.

Carnera has yet to be fully tested, though he probably will be before the summer is over. Campolo is still in the early stages of development after only 14 fights, but he has a terrific punch. Griffith has steadily improved. And Dempsey still has PUNCH, even though the old mauler's legs are far from spry enough to match him with any rough, fast-moving youngster.

The point about Dempsey is that no matter how he takes on, he can still pack 'em in at the gate. This happens to be a vital factor at a moment when promoters are finding a good portion of the heavyweight crop more of a liability than an asset when it comes to checking up the gate receipts. The flop of Miami is still fairly fresh in mind.

Finds Youth's Fountain!

"JUST one thing has contributed more than anything else in my life toward making me the radiantly happy woman I am today," writes Mrs. Walter Ruelh, of Glenbrook, Conn. "If this was selling at ten dollars a bottle instead of the few cents it costs, I would scrape the money together, and I don't mean maybe!"

"I guess a good many others feel the same way, judging by the number of people I know who swear by this 'Fountain of Youth.'"

Millions of people all over the world have discovered this simple secret, which is nothing but giving our bodies the internal lubrication that they need, as much as any machine. After you have taken Nujol for a few days, and have proved to yourself how it brightens your whole life, you will wonder how so simple a treatment can make such a great change in your health and your happiness. The reason is this:

Regularly as clock work, Nujol clears out of our bodies those poisons (we all have them) which slow us up, make us headachy, low in our minds.

Colorless and tasteless as pure water, Nujol cannot hurt you, no

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, March 12.—(AP)—Cotton opened steady at an advance of 8 to 11 points today on covering together with some trade and commission house buying which seemed to be promoted by relatively firm Liverpool cables. The advance to 15.54 for May and 14.75 for October or about 40 to 50 points above recent low levels brought in considerable realizing or reselling, however, and offerings became rather heavier after the lower opening of the wheat market. Prices sagged back to just about yesterday's closing quotations by the end of the first half hour. Liverpool cables said there had been Continental and Bombay buying also covering in that market and reported moderate sales of cotton cloths to India and South America but said that yarns were being pressed for sale.

The service bureau of the New York Cotton Exchange estimates domestic consumption for February at 487,000 bales compared with 577,000 in January and 594,000 in February last year.

GRAIN MARKET

Chicago, March 12.—(AP)—Grain prices took a giant downward swing today, with wheat going as much as 11.5-cents a bushel below values current last week. Every cereal on the list outdid this season's previous bottom quotations. Faced by world-wide bearing conditions, holders of wheat future delivery contracts were especially urgent in letting go of ownership, and subsequent rallies failed to overcome price setbacks except in part, although considerable buying was done on account of fears of a cold wave and because of continued reports of high winds and lack of moisture southwest.

Wheat closed feverish, 1-2@3.8c a bushel lower than yesterday's finish. Corn closed 15-8c@1-4c down, oats 5-8c@15.8c off, and provisions showing to drop.

STOCK MARKET

New York, March 12.—(AP)—The stock market ran into a storm of selling today on what appeared to be a record-breaking volume of business for the year. Scores of issues were carried down 1 to 10 points, half a dozen or so to their lowest prices of the year, before the reaction was checked at midday by a brisk recovery which materially reduced the early declines. Total sales crossed the 2,000,000 share mark before the end of the second hour, with the tape nearly half an hour late.

While the reaction was widely regarded as a necessary correction of a temporarily top-heavy speculative position, the selling received considerable impetus from some unfavorable business developments. Iron Age reported that operations for the steel industry had declined from 78 to 75 per cent, with little prospect that the rate would again exceed 60 per cent in the first half of the year; freight car loadings for the week ended March 1 were 79,102 cars below the same week of last year, and were the lowest of any corresponding week since 1922. One of the few bright spots in the situation was a decline of nearly 90,000 barrels in the daily average of crude oil production last week.

Call money renewed unchanged at 4 per cent and then fell to 3 1/2. U. S. Steel common sold down 3 points to 179 1/8. Dow Jones reporting that operations of the corporation which had been maintained at between 85 and 88 per cent of their capacity for three weeks had dropped to 82 per cent. Vanadium and Inland also sold off sharply, although the former fully recovered its loss by early afternoon. Eastman Kodak, Keith-Albee Orpheum preferred, American Can, International Harvester, Johns Manville, DuPont and Coca Cola sold down 3 to 4 1/2 points. Inland National Bank preferred was bid up 4 1/4 points to 81, and Electric Power & Light 1 5/8 to 77 1/4, both new peak prices for the year. Amer-

MacDonald Plans To Hold Office

London, March 12.—(AP)—Although defeated by eight votes in the House of Commons on an amendment to its coal mines bill the Labor government of J. Ramsay MacDonald will not resign, but will continue in office until its administration is assailed successfully on a matter of importance.

The amendment to the coal mines bill which Conservatives and Liberals passed over Mr. MacDonald's head last night does not materially change the measure. Immediately after the division of 282 votes for the amendment and 274 against, the Prime Minister was asked by Stanley Baldwin, Conservative leader, if he intended to go on with the bill.

Mr. MacDonald answered quickly: "I am amazed at the question. Mr. Baldwin will have an opportunity two days from now to move his party's vote on the measure. I shall be glad to accommodate him if he will make his vote of censure general, and we will accept the decision." Mr. MacDonald evinced no discomfiture at his defeat, which indeed was somewhat negatived by subsequent government majorities on other minor points.

START DRIVE FOR COMPLETE INDEPENDENCE

(Continued from page one) and a nation-wide non-participation with the British government in India. Enroute Gandhi and his disciples will preach their doctrine of civil disobedience, stressing always the necessity for its detaining a non-violent character, the keystone of Gandhi's creed.

The countryside from Ahmadabad toward Jalapur, a distance of about 165 miles, was flooded with colored pamphlets summoning people of the towns and villages on the route of the march to turn out in full force and to make bonfires of foreign made cloth. One pamphlet said, "Don't forget the great man who will soon be crucified for the liberty of India."
