SENATE COMMITTEE OPENS INVESTIGATION INTO UNEMPLOYMENT

Organizers of Unemployment Conference Refused Audience; Senator Wagner Testifies That He Regards The Number Of Persons Out Of Work As Having Reached Serious Proportions In America

Washington, March 18.—(AP)—Organizers of an "unemployment conference" now in session in Washington unsuccessfully demanded a hearing before the Senate commerce committee today as it began consideration of the unemployment situation with a view to finding a means of improving conditions.

The committee survey is independent of that to be undertaken shortly by the Census Bureau.

Senator Wagner, Democrat, New York, author of three labor bills, in opening the hearings, asserted that "no more serious situation than the present, has ever existed in unemployment conditions."

The New Yorker testified after J. Eads Howe "millionaire hobo" had led a committee of nine representing his "unemployment conference" into the committee room and demanded a hearing.

The committee determined to keep to its prepared program. Chairman Johnson informed Howe that his views were welcome to submit in writing. Later Howe and his committee solicited other members of the Senate seeking a hearing on Thursday morning.

Washington, March 18.—(AP)—During the unemployment survey to be taken next month by the Census Bureau, a Senate committee today started an inquiry into the situation and Senator Wagner, Democrat, New York, the first witness before the committee, testified he regarded the number of persons out of work as having reached "serious proportions."

At the outset of the Senate hearing, Chairman Johnson said the committee intended to ascertain the "truth."

Wagner argued that regardless of what one might hear to the contrary he viewed the situation as most serious.

A delegation from a conference of "unemployment," now going forward in the capital, appeared and asked to be heard, but the committee kept to its prepared program of witnesses recognized as familiar with conditions.

Secretary Davis of the Labor Department has estimated the number of unemployed at 3,000,000.

The Census Bureau survey will be undertaken to obtain accurate data. Upon the results of the survey will depend the measure which the government will undertake to relieve the situation.

At the capitol, Paul Dennis appeared and said he was chairman of the unemployed conference. He and other leaders, however, took the unemployed delegation away as the committee hearing began.

He said the conference was composed of "hoboes, and other unemployed." It was called, said Dennis, by the secretary of the International Brotherhood Welfare Organization, who was "instructed to call it by a number of organizations."

Dennis said that they would make another effort to be heard by the committee.

FIRE WRECKS BUILDING AT FARMVILLE

Two Story Building In Business District Suffers a \$5,000 Loss

The Monk building, two-story structure, located at the corner of Main and Wilson streets, in the heart of the Farmville business district, was gutted by fire early this morning entailing loss estimated at approximately \$5,000.

The fire is said to have originated in the barber shop, and despite the fact that the flames had gained considerable headway when the alarm was sounded, the Farmville fire department had the situation under control within fifty minutes.

Goods in an adjoining building occupied by J. H. Harris, was also damaged. The furnishings in the club rooms in the upstairs of the Monk building were badly damaged by smoke and water.

Search French Liner For Dope

New York, March 18.—(AP)—More than 100 government agents toiled throughout the night in a fruitless search of the French liner France on a tip that narcotics valued at \$3,000,000 had been secreted aboard.

The vessel upon her arrival at quarantine last night, was met by two customs patrol boats and conveyed to her pier where the searching party had been assembled. As an added precaution all visitors were barred from the customs enclosure.

The baggage of all passengers was subjected to a rigid investigation and agents dressed in dungarees and armed with flash lights probed into every possible hiding place in the ship. The search was directed by Assistant U. S. Attorney George J. Mintzer on orders of U. S. Attorney Charles H. Tuttle. The latter said the tip he received was that 2,000 pounds of German narcotics had been hidden aboard before the ship sailed.

Young Woman Mangled by Train Greensboro, March 18.—(AP)—Elma Ward, a young woman employed in a silk mill here, had both feet and an arm crushed off when she was run over early today by a coal car attached to a shifting train in the Southern Railway yards. The girl, with a companion, was walking the tracks en route to her work.

Brokers Firm Of Blythe And Bonner Demanded To Turn Over Record Of \$36,100 Deposit Made By Republican Chairman Last Year

Washington, March 17.—(AP)—After a heated exchange with Chairman Huston of the Republican national committee and a row among its members, the Senate lobby committee today issued a subpoena to obtain from the New York brokerage firm of Blythe and Bonner records of a \$36,100 deposit made last year by Huston.

Huston, a former president of the Tennessee River Improvement Association, objected strenuously to the action and characterized it as unwarranted interference with his personal affairs. He also asserted that his "character had been attacked."

The committee first proposed to obtain a record of all of Huston's accounts with the New York firm but when Senator Robinson, Republican, of Indiana, protested and threatened to carry the fight to the Senate, the subpoena was limited to the records of the \$36,100 contribution from the Union Carbide Company.

The discussion raged in the committee room for several minutes and was one of the stormiest scenes that has taken place since the lobby committee started its session several months ago.

The subpoena directed that Charles A. Kireck, of the firm of Blythe and Bonner produce the records before the committee tomorrow.

Huston was called by the committee for questioning about his activities in connection with Muscle Shoals legislation while president of the Improvement Association.

He said he collected \$36,100 from the Union Carbide Company, which was to get a part of the shovels power if the bid of the American Cyanamid Company were accepted. Huston's former association advocated acceptance of the Cyanamid Company's offer.

Huston was then excused indefinitely but the committee informed him he might be wanted for further questioning later.

W. B. Bell, president of the American Cyanamid Company, who also was expected to testify today, was excused until next Tuesday.

While the proposal to produce all Huston's accounts was being considered, Robinson said it would be "just as far" to subpoena the accounts of John J. Raskob, chairman of the Democratic national committee.

Senator Elaine, Republican, Wisconsin, asked Huston if he knew of any "lobbying" engaged in by Raskob.

Huston replied that he knew Raskob was a member of an organization advocating repeal of the prohibition amendment.

DOHENY WEEPS ON STAND AT BRIBERY TRIAL

Government Gets Before Jury Fact That Award Of Naval Oil Reserve Was Fraud.

Washington, March 18.—(AP)—Edward L. Doheny, while on the stand today defending himself against charges of bribery broke down and wept in testifying how naval officers appealed to his patriotism to get him to bid on an oil storage contract and he was temporarily excused from the stand.

The 73-year-old defendant broke down as he reached a point in his testimony which concerned his son, Edward L. Doheny, Jr., who was killed by his secretary about a year ago.

Doheny said Read Admiral J. K. Robison urged him to bid for the Pearl Harbor, Hawaii, oil storage contract because of the menace that a certain power might be to the United States in Pacific waters.

Doheny added that Robison's graphic picture of what might happen as the result of an attack by the power referred to "nearly made me cry."

"Did Robison use the name of your son in his arguments?" asked Hogan.

"Yes," replied Doheny in a choked voice.

Asked to tell what was said, the oil man began to sob. He left the stand for a few minutes but continued his testimony in a firm voice when he returned.

Washington, March 18.—(AP)—For the first time in the long series of criminal oil cases, the government today got before a jury the fact that the award of the Elks Hill naval oil reserve to a Doheny Company had been termed by courts in civil cases as a fraud.

The part of Edward L. Doheny, on trial for bribery, and Albert B. Fall, former secretary of the Interior.

Doheny himself opened the door for admission of the testimony in his bribery trial by reciting under a grueling cross-examination by Owen J. Roberts, special government prosecutor, how he accepted security for \$100,000 bribe to Fall, charges was a \$100,000 bribe to Fall, charges was a \$100,000 bribe to Fall, charges was a \$100,000 bribe to Fall.

"He could do it then," he explained, "without being accused of trying to cover up as nothing in this case was pending."

"The civil cases were pending and you knew it didn't you," Roberts shot back.

"Yes," replied the witness.

"Didn't you refuse to testify on the grounds that it would incriminate you," asked the prosecutor.

Doheny wouldn't give a direct answer and the court directed that he do so.

Thirty Persons Burned To Death In Steamer Fire

Bogota, Colombia, March 18.—(AP)—Burned by flames which even water could not quench, the bodies of between 20 and 30 passengers and crew of the river steamer Bucaramanga were sought today in the Magdalena La Dorada.

The Bucaramanga, berthed at the small river town yesterday, was destroyed when its cargo of petroleum caught fire and burned like tinder. Its captain, Antonio Velez, refusing to leave his ship, was burned to death, while standing on its bridge.

Passengers and crew, squeezed through portholes to escape a furnace behind them, jumped into the river, the surface of which was covered with petroleum which had been released from the ship's tanks. This in a moment caught fire too, and many of those in the water were burned to death before they could swim away.

Only ten passengers of a list thought to number more than 20 were saved. Most of the crew perished. Other steamers in the harbor stood by helplessly, afraid to venture near the doomed ship where the barrels of oil were exploding and spattering liquid of fire for great distances about.

Over Fifty Churches To Close At Moscow

Moscow, March 18.—(AP)—An official announcement today said that fifty-six churches in Moscow and vicinity would be closed upon demand of the people and public organizations.

This is the largest number of churches ever closed by the Soviet government at one time.

The announcement said that the churches would be converted into cultural and educational institutions, schools, workers' clubs, libraries, laboratories, museums, mess-rooms and workshops.

President Hoover Asks Consideration of Report On Southern Patronage

Request Department Of Justice To Look Into Senate Committee's Request For Investigation Although 'Conditions Have Been Cleaned Up'

Washington, March 18.—(AP)—President Hoover has asked the Department of Justice to consider the report of the Senate committee on federal patronage in the south, which condemned conditions there, and requested an investigation.

"He does not approve but condemns any sale of patronage in the south," Fall said.

Blease asserted that the Republican party in South Carolina "stands for graft and corruption and dishonest government and dishonorable disposition of patronage."

Asserting that the government was "a stench in the nostrils of every decent man in the state," Blease added that every one who had participated in the purchase or sale of public offices should be put in the penitentiary.

BANQUET TO FEATURE BIG CELEBRATION

Merchants Association And College To Play Hosts To Visiting Baptists

One of the principal features of the entertainment program of the centennial celebration of the North Carolina Baptist State convention to be held in this city Wednesday and Thursday, March 26, 27, will be the banquet to be given by the Greenville Merchants Association and the East Carolina Teachers College in the dining room at the college Wednesday evening.

Preparations of a most elaborate nature were under way today for this single feature, and it is expected to eclipse anything of the kind ever before held in the city. Tentative plans for the banquet have been continuing over a period of several days, but definite announcement was not made until yesterday afternoon when members of the association and college committees reached definite decision.

With their work practically completed other local committees today continued to mark time awaiting the date for the opening of the centennial celebration. Arrangements have been made for taking care of the thousands of more visitors expected to be here during the two days the celebration is in progress, and it is believed the program will move along without a hitch of any kind.

Programs for the celebration are already on the press and are expected to be completed before the end of the week. They contain many interesting facts regarding the founding of the convention in the city one hundred years ago in addition to every single feature of the centennial celebration.

Men high in the life of the denomination in this and other states will attend the celebration. They will come from all sections of North Carolina, South Carolina, Tennessee, Georgia, Virginia and Maryland. Speakers will represent each of the states and attempt to laud the progress of the convention over the hundred year period.

It will be the first time the city has had the opportunity of entertaining such a distinguished gathering of Baptists—the first time in years—and there will be many things to talk about in the way of achievements in the different fields of endeavor. The growth of one hundred years is no small thing for a denomination consisting of several thousands of people, and the walls of the Memorial Baptist Church and the campus building of the East Carolina Teachers college where the gathering is to be held will resound with the reciting of these achievements.

In order to complete arrangements for the celebration, Rev. A. W. Fleischmann, pastor of the Memorial Baptist church, recently sent the following statement to the Biblical Recorder, organ of the State convention:

To the Baptist of North Carolina: On March 26th and 27th the North Carolina Baptist State Convention will meet in its adjourned session in Greenville to review the work of the past century. In as much as that date will soon be at hand we wish to enlist the cooperation of our Baptist people in making ready for their visit to Greenville.

Will you kindly send us word that you are coming so that we may reserve a room for you? We appeal to our churches to send us a note indicating the number of delegates we may expect. This is a meeting extraordinary of the convention and we have no precedent to follow. Advance information of this kind will help us greatly in our effort to entertain our people.

The following accommodations will be available: Rooms in homes will be provided in accordance with the customary Harvard Plan, room and breakfast at \$100 per person.

Hotel accommodations are as follows: Hotel Proctor, Greenville, 100 rooms. Single rooms with bath, \$25; double rooms with bath, \$40; single rooms without bath, \$17.50; double rooms without bath, \$30.

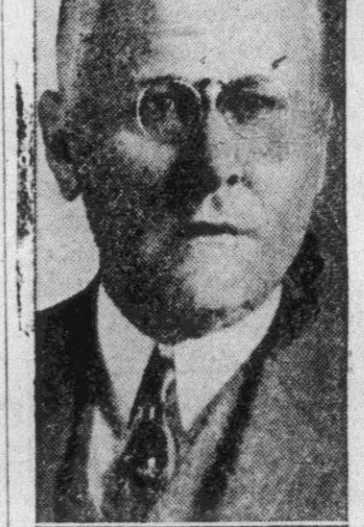

Princeton Hotel, Greenville, 20 rooms. Single rooms, with bath, \$20; double rooms with bath, \$40; single rooms without bath, \$15; double rooms without bath, \$30.

Within a radius of 15 to 45 miles from Greenville the following hotels are available: Hotel Kingston, Kingston; Cherry Hotel, Wilson; Davis Hotel, Farmville; Goldsboro Hotel, Goldsboro; Bland Hotel, Rocky Mount; Louise Hotel, Washington; Farrar Hotel, Tarboro.

Please send communications to Mr. J. B. Kittrell, E. Third street, Greenville, N. C., chairman of the entertainment committee. Your fullest co-operation in this matter will be thoroughly appreciated.

Two Thousand Persons Massacred By Bandits In Chinese Province

After Slaying Entire Populace Of Small Town, The Bandits Loot All Buildings And Flee To Mountains Of Western Kiangsi; All Nanking Government Offices Taken Over By Government

Byrd Addresses School Children Over The Radio

Dunedin, New Zealand, March 18.—(AP)—In perhaps the most inclusive broadcast ever attempted in New Zealand, Rear Admiral Richard E. Byrd, addressed approximately 400,000 school children today, telling them of his experiences during the year of exploration in Antarctica.

The two islands of New Zealand were linked up by cable across Cook Strait and the address, made in the town hall before 7,000 children of Dunedin, was sent by land lines to Christ Church, Wellington and Auckland. Receiving sets were installed in practically every school in the country and Byrd's voice was heard equally well in all of them.

His talk of adventures in the South Polar regions, which included a flight over the South Pole, won the friendship of thousands and when Admiral Byrd proposed that he take to the United States the greeting of the school children of New Zealand the applause was enthusiastic.

Earlier today Admiral Byrd called the members of his expedition from their vacationing in the mountains to prepare for the departure for New York next Sunday.

Chicago Watches In Vain For The Return Of Capone

Chicago, March 18.—(AP)—Chicago watched apparently in vain today for the home-coming of "Scarface" Al Capone, freed after ten months in a Pennsylvania prison on a charge of carrying concealed weapons.

The Broadway Limited of the Pennsylvania railroad arrived at 9:55 a. m. A squad of police patrolled the Union Station in search of Capone, but he was not aboard. It had been reported generally the gang chief was Chicago-bound on the train, but conductors and trainmen said he had at no time been aboard, and he was not seen at suburban stations.

His return by airplane was regarded as extremely doubtful in view of the snowstorm that prevailed over this region today.

Woman Killer Gets Clemency

Raleigh, March 18.—(AP)—Ida Ball Warren, who has served almost 15 years in prison for the slaying of her husband in 1915, will soon be free again. She was extended clemency yesterday by Gov. O. Max Gardner. The executive announced she would be freed within two or three months.

Governor Gardner also saved John Sawyer, Martin county man, from the electric chair by commuting his sentence to life imprisonment. Sawyer, who slew J. I. Britton, special officer, last July as the latter attempted to arrest him for an old murder, was found to be a victim of dementia praecox. His condition probably will be further investigated.

After Slaying Entire Populace Of Small Town, The Bandits Loot All Buildings And Flee To Mountains Of Western Kiangsi; All Nanking Government Offices Taken Over By Government

Shanghai, March 18.—(AP)—Bandits and Communists, said delayed Chinese reports received here today, attacked and captured Fuan, a town near Kianfu, central Kiangsi province, massacring all the Fuan officials and 2,000 men, women and children, early this month.

After slaying the populace, continued the reports, the bandits looted the town, carrying their plunder into the mountains of western Kiangsi.

The outrage was reported by the magistrate of Kiangfu. He said the people of Fuan were paralyzed with fear and were afraid further to oppose the bandits, who were depicted as subjecting Kiangsi province to a merciless deluge of robberies and wholesale killings.

The magistrate appealed to the Nationalist government at Nanking for military assistance.

Peiping, China, March 18.—(AP)—All Nanking government offices, organs, and other administrative bureaus in Peiping, former capital of China, were taken over today by the local authorities who said they were acting under orders of Yen Hsi-Shan, so-called "model governor" of Shansi province.

The action implied a very definite widening of the breach between the administrations of President Chiang Kai-Shek at Nanking in central and south China, and the Shansi Kuomintang generals, headed by Yen.

The northern group is now in complete control of the situation here.

The capture of Peiping—then called Peking—in June, 1928, marked one of the high spots in the Nationalist movement which had its origin in Canton and in a few years had swept from one end of China to the other.

Chiang Kai-Shek, now head of the Nationalist government, at that time had the co-operation of Feng Yu-Hsiang and Yen Hsi-Shan and it was really the army of these two latter leaders that captured Peiping and took control of it. Chang Tso-Lin, one-time northern dictator who had his capital there fled to Manchuria and met his death as he was entering Mukden. His train was blown up by a bomb and he was fatally injured.

The Nationalists changed the name of Peking to Peiping, meaning northern peace and immediately moved the capital to Nanking. The foreign countries, however, still retained their legations and embassies at the northern capital where they still are.

Quash Indictment Against Two Men Held For Murder

Greenville, S. C., March 18.—(AP)—The defense motion to quash the bills of indictment charging Carolyn A. Reyor, former Greenville county sheriff, and J. Harmon Moore, former deputy, with murder of Sheriff Sam D. Willis was granted this morning by Judge W. H. Townsend and the case, started last Wednesday, came to an abrupt end.

Judge Townsend ruled with the defense in both their reasons for asking that the bill be quashed. He ruled that the bill was not properly drawn in that it did not "plainly state" when and where the death of Sheriff Willis occurred and also that the grand jury which drew the bill was unconstitutional in that at least two of its members were not qualified jurors.

Solicitor J. G. Leatherwood said after court had adjourned he probably would take an appeal from Judge Townsend's decision to the Supreme Court.

Fire Damages Office In National Bank

The fire department was called to the National bank building this morning about 2 o'clock to extinguish a blaze in the office of Dr. McE. K. Johnson. The firemen succeeded in putting out the blaze with chemicals but not before it had done considerable damage to the office equipment. The total amount of the damage had not been estimated today. The origin of the fire was not determined.

of our public school system is wholly a function of the state, to be paid for by the state. Will you exert your efforts and influence toward carrying out this section of our Constitution?

4. If by the reduction of real property values it is found necessary in order to raise sufficient revenue to carry on the functions of the state and counties, do you favor and will you support measures providing for a luxury tax—a sales tax on all articles not essential to livelihood?

Believing that the above outlined plan offers the surest and most equitable tax relief for our state we ask you these questions in behalf of the people of Pitt County, and we will welcome your reply as to your stand on these things. The people of our county are entitled to know just what to expect from their representatives in the way of tax relief, and if you have a better plan than the above to bring about this relief, please so state.

ABOUT TOWN

Now that work has actually begun on the State demonstration farm between Greenville and Bethel, the people of this section will begin to evince more active interest in the experiment on the part of Gov. O. Max Gardner to show the farmers how advisable it is to produce some of the things used at home.

Governor Gardner believes that the farmers of eastern North Carolina need to produce food and feed stuffs in addition to the regular money crops, and is of the opinion this should put them on the road to prosperity in the course of a few years.

It is for the purpose of showing the farmers how crops may be produced all the year around that the demonstration farm has been started and it is hoped the thousands of planters throughout this part of the state may make several pilgrimages to Pitt county during the year to see what is being accomplished in this direction.

Here are some questions we would like to place before those men who are seeking the honor of representing our county in the next General Assembly:

1. Would you as a representative of the people of Pitt County favor and seek passage of a measure that would repeal the laws that now exempt stocks in foreign corporations from taxes? Should this section be repealed, do you favor, if necessary, federal aid in the form of compelling the reporting by foreign corporations of the names of their stockholders resident in this state, in order that all such property might be listed for taxation in this state?

2. Realizing that real estate is now on the tax books at far above its value and is bearing more than its just share of the tax burdens, would you insist on a revaluation that would reduce the present assessed values on real estate, especially farm property?

3. Do you not interpret the following section of our Constitution: "The General Assembly at its first session under this constitution shall provide by taxation and otherwise for a general and uniform system of public schools, wherein the tuition shall be free to all children of the state between the ages of six and twenty-one years," to mean that the establishment and operation

having spent two years with his present charge in Winterville. Mr. Covert has seen considerable service in the Southern Baptist convention, and will begin his duties here April 15 well qualified to shoulder the responsibilities of the new field.

He is a graduate of the Yale Divinity school. Greenville will extend a cordial welcome to the new pastor and wish for him much success in his new field of endeavor.

The co-operative shipment of poultry continues under the direction of the Pitt County Farm Department. Two more shipments will be made this week, one from Ayden on the 19th and the other from Greenville on the 20th. Pitt county poultry raisers are deriving considerable sums of money from the shipments, and it is indicated at this time that all previous records will be outstripped this season.

The amount of money received from shipments last season enabled the growers to get along in much better shape than those who did not raise poultry for sale. In fact, when prices went bad and crops were shy they had this source of revenue to fall back upon and it came in mighty handy.

The raising of extra money crops should command the attention of the people of this section for the next few years for it is in this way alone will they be able to get back on their feet and enjoy some of the old time prosperity. With the raising of more things of this kind and additional feed and food crops this section is going to emerge from the period of depression felt the last several months and take its rightful place among the thriving, progressive communities of the southland.

Continue Probe Of Death Of Woman

Salt Lake City, March 18.—(AP)—Continued investigation of the killing of Mrs. Dorothy Dexter Moormeister, whose body was found battered by the wheels of her own automobile, was promised today by county officers following action of an inquest jury which found the woman was slain "by an unknown person or unknown persons with felonious intentions."

Before the verdict was returned yesterday two witnesses testified Charles Peter, a mining promoter, resembled the man they saw abandon Mrs. Moormeister's blood-stained car on a Salt Lake City street. Peter declared he was not near the place where the automobile was found.

Gains Ten Pounds In Less Than a Month

It is the governor's plan to do away with this condition by encouraging the farmer to also raise his food and feed crops so that he will have something to live upon if the other crops go to the bad. The idea is one of the most sensible yet advanced for the salvation of the farmer and if followed out should bring splendid returns.

Legionnaires of Pitt county are looking forward with interest to the visit to Greenville tonight of George K. Freeman, of Goldsboro, Commander of the North Carolina Department of the American Legion. Although this is the first visit of Colonel Freeman to Greenville since his elevation to the State Commander of the Legion, he is well known here and his coming is expected to bring about full attendance of the local post.

Since his election to the high office, Mr. Freeman has done everything possible to bring about an increase in the membership of the various posts, and has been instrumental in putting on two drives that netted hundreds of new members. He believes that every man who took part in the great conflict against German autocracy should be enrolled in behalf of humanity in this after the war times, and sees a great future for the organization in the years to come with the combined efforts of all post members.

It has not been stated what Colonel Freeman will talk about tonight, but any message he may deem necessary to the local post will be received with interest. These visits of state commanders always draw splendid crowds, and tonight is expected to be no exception.

The Immanuel Baptist church has extended a call to Rev. W. H. Covert, of Winterville, and he has accepted. This information will be received with interest in view of the fact that Mr. Covert is well and favorably known in this community,

REDS START YEAR WITH HIGH SPIRITS

Associated Press Sports Editor: Orlando, Fla., March 18.—(AP)—The Cincinnati Reds this year have a new owner, a new manager, new spirit—and some old familiar figures in new uniforms.

They hope the combination will make the Redlegs more conspicuous in the National league pennant race than has been the case since they last seriously threatened in 1926.

Manager Dan Howley has given the club a drastic shaking up and developed a habit of hustling that may make the Reds a decided factor this season even though they hardly can hope to entertain any pennant prospects.

Howley has concentrated on the development of new pitchers, the encouragement of the old and the acquisition of a bigger punch in the outfield by obtaining Bob Meusel and Harry (Slug) Hellmann from American clubs and an outlay understood to be around \$50,000.

The new manager found ready-made for him such assets as the great right-handed twirler, Charles (Red) Lucas; a sensational catcher in Clyde Sukeforth; and a fine second-base combination in Hughie Critz and Horace Ford. Leo Durocher, the peppery lad obtained from the Yankees may break into this combination as an alternate or understudy for Ford at shortstop without spoiling its defensive efficiency.

Meusel and Hellmann, in fine condition and eager to show they can hit National league curves as hard as they hit American league fast balls, give the Reds a much needed clean-up wallop. Howley will be disappointed if these two do not around 350 apiece. They will be supported probably by Ernest Evar Swanson, centerfielder, and one of the fastest men in baseball, with Curtis Walker, Ethan Allen and perhaps Earl Webb, former Cub, in reserve.

The veteran George Kelly at first and either Charley Dressen or Joe Stripp at third will round out the infield. No matter how many games they place in the winning column, the Red flingers will be in condition. Howley has had the whole club hustling but he has had the pitchers running. Like Bob Shawkey, Bucky Harris and other managers, Howley regards a pitcher's legs as important as his arms.

Sukeforth, who hit 354 last season, his first as a regular, will share the catching assignments with the veteran Johnnie Gooch, but Howley has the hooks out for another backstop, needed for emergencies.

Italian Giant Whips Wiggins

St. Louis, Mo., March 18.—(AP)—Chuck Wiggins, Indianapolis batter of policemen, found the going too tough against Primo Carnera, the man mountain from Venice here last night and the Italian won his tenth straight American knock-out victory, Wiggins succumbing in the second round of a scheduled 10-round bout.

Wiggins went through the ropes twice in the first minute of the second frame, the first time for the count of seven before Willie Handed jammed him back onto the canvas and the second time prostrate outside the ring.

More than 22,000 persons jammed the arena, which Promoter Mique Malloy claims is a new world's record for indoor boxing events, and paid upwards of \$60,000 to see Wiggins, groggy from a lullaby against which he had no defense, sprawl through the ropes.

Carnera, whose other nine fights were held to be setups while Wiggins was ballyhooed as his thoughtful customer, showered rights and lefts to the Hoosier's head and body in the first round, leaving the hard-headed veteran red in body and face. Wiggins failed to land a solid punch although he was in there trying.

The Behemoth from the Alps carried 271 pounds into the ring while the Hoosier weighed in at 207. A bright green cap and a green jersey helped cloth the Italian in the St. Patrick's night battle.

BAILEY SEEKS MORE FOR FARMERS' DOLLAR

Goldsboro, March 18.—(AP)—Josiah W. Bailey, of Raleigh, candidate for the Democratic nomination to U. S. How They Grew Thin

You will be surprised, if you look around, at how many people have grown thin in late years. It is evident that some new method has come into very wide use. It has been found that a weak gland is a great cause of obesity. So modern physicians have been fighting that cause, without starvation diets. The right method is embodied in Marmola prescription tablets. People have used them for 22 years—millions of boxes of them. Now in almost every circle the delightful results are apparent. A book in each box of Marmola tells you how and why it acts. The formula is given. Go try this remarkable, this natural means. Ask your druggist today or a \$1 box of Marmola. You owe that to yourself.

Does your cake fall, too?

Some women never seem to have any luck with biscuits, pies and cakes. Though they measure the ingredients exactly according to recipe and mix them with scrupulous care—usually the pastry comes out of the oven soggy, overdone or lop-sided.

Imagine the joy and satisfaction of KNOWING that your baked goods will be done to perfection—EVERY TIME! Impossible in an out-of-date oven. But it's taken for granted by women who cook with Modern Gas Ranges—because temperatures are positively and accurately maintained with an Oven Control Dial.

Other features of the Modern Gas Range include: Smokeless Broiler, Concealed Manifold, Removable Oven Bottom Tray. Come in and let us explain fully—we have the solution to your cooking failures.

Social and Personal

Misses Mary Lee Smith and Ella Sockwell have returned from a short visit to Winston-Salem and Wilkesboro.

Marvin Horton, of Farmville, was a Greenville visitor yesterday. Mrs. Della Pitt, of Hobgood, spent the week-end with her daughter, Mrs. Estelle McLemore.

Mrs. N. E. Anderson returned yesterday from a visit in Richmond, Va. She was accompanied home by her daughter, Mrs. Luther Ausborn.

Frank Wilson, Jr., is at home from Chapel Hill for a few days. N. G. White, of Richmond, Va., is spending a few days here with relatives.

Mrs. Henry Canady and Mrs. R. T. Hood of Kinston, were Greenville visitors today.

R. J. Cobb, of Norfolk, Va., was a business visitor here today.

WEST-FORBES.

Miss Anastasia Forbes and Douglas West were married at eight o'clock Thursday evening, March 6, in the Little Church Around the Corner, New York. Father John performed the ceremony.

The bride was becomingly gowned in blue chiffon and wore a corsage of red roses. She was attended by Miss Elsa Varga as maid of honor. West had as his best man, A. A. Forbes, Jr., brother of the bride.

The wedding came as a surprise to the many friends of the young couple. Both are popular members of the younger set of this city. They have been making their home in New York for the past few months.

Mrs. West is the pretty and attractive daughter of Mr. and Mrs. A. A. Forbes. She is a graduate of East Carolina Teachers College, Mr. West, the son of Mr. and Mrs. C. B. West, received his education at Duke University. He is in the engineering department of the Navy Plaza in New York.

Mr. and Mrs. West arrived Sunday to spend some time with relatives. They will make their home in New York.

Mrs. Thornton Honored at Tea. Miss Lella Higgs informally entertained at a pretty tea Saturday afternoon, honoring her sister, Mrs. L. B. Thornton, of Buffalo, N. Y.

A green and white color note was carried out in the decorations. Pear blossoms and other spring flowers, with suggestions of St. Patrick's Day, were effectively used. Mrs. Frank Bendall and Miss Christine Johnson greeted the guests at the door. Receiving with Miss Higgs were Mrs. E. B. Higgs and Mrs. Thornton.

In the library, Mrs. S. J. Everett poured tea and was assisted by Mrs. George F. Hadley, Mrs. Edward L. Bradshaw, Mrs. M. B. Massey, Miss Margaret Shields, and Elizabeth Everett. The tea table was very attractive with pear blossoms and green candles in silver holders.

Miss Madge Daniels received in the living room, and Mrs. E. W. Griffin received in the library. A number of guests called.

Model School P. T. A. to Meet. The regular monthly meeting of the Model School Parent-Teacher Association will be held Wednesday afternoon at 3:30 at the school building. All parents are urged to be present.

Judge Nunn Here. Judge R. A. Nunn, of New Bern, is holding court here.

WINTERVILLE HIGH SCHOOL TO PRESENT PLAY. The senior class of Winterville High school will present "The Hidden Guest," a comedy in three acts, in the Winterville auditorium Friday evening, March 21st, at 7:45 o'clock. This play is being produced by special arrangement with Samuel French of New York.

St. Peter's Catholic Church. Holy Sacrifice of the Mass Wednesday morning at 7:30. Stations of the Cross Wednesday afternoon at 4:30.

Erect Flagpole. The Serv-U Filling Station, located at the intersection of the Greenville-Farmville and Ayden highways, has erected a large flagpole from which the American flag will be displayed from day to day. The pole is about 50 feet high and permits a view of the flag for quite a distance.

Strange Paralysis Reported in Kentucky. Richmond, Ky., March 18.—(AP)—Partial paralysis, believed to be of the type prevalent at a number of points in the country and to be caused by consumption of poisonous alcohol, has made its appearance at Paint Lick, this county.

Three Killed in Wreck. Evansville, Ind., March 18.—(AP)—Three men were killed and at least one other man was seriously injured early today when a freight train on the Louisville and Nashville Railroad was wrecked at Kinney Station, between Guthrie, Ky., and Springfield, Tenn.

Details of the wreck were meager as officials of the company here boarded a wrecking train to rush to the scene.

Plan To Organize Isaak Walton Club In This City Soon

Colonel Seymour Bullock, field organizer of the Isaak Walton League of America, will be in Greenville Wednesday, March 26, for the purpose of organizing a chapter of the Isaak Walton league. All sportsmen and interested citizens are urged to attend an organizational meeting to be held at the courthouse at 7:30 o'clock. County game warden Marvin V. Horton, of Farmville, has requested all sportsmen and others interested in joining the league to communicate with him prior to the meeting in order that they may assist in getting as large an attendance at the meeting as possible.

Two Compromise Actions Feature First Day Court

A two weeks' term of Pitt county Superior court for the trial of civil cases convened in this city yesterday with Judge R. A. Nunn, of New Bern, presiding. The calendar for each week contains numbers of cases of more or less interest, and the session will be one of the busiest of the year.

After completing two compromise actions, court began in the case of J. N. Williams vs. J. N. and A. H. Taft, regarding the erection of some buildings. The case was expected to consume the remainder of the day.

The case of the Norfolk Bagging Company vs. J. A. Griffin was compromised, but terms of the agreement were not made known. Settlement was also reached in the case of Minnie Simon vs. Mary Boyd, involving suit over the dividing line between properties near the river in this city.

William Sharpe, Jr., of Wilson was sworn in as member of the bar by Judge Nunn during the opening session.

Market Report Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, March 18.—(AP)—Cotton opened steady today at an advance of 3 to 12 points on a continuation of the covering movement in the old crop months, which morning. Liverpool just about met yesterday's local advance and after some irregularity, the market here sold up to 15.38 for May, making a new high for the present movement and a net advance of about 20 to 25 points on old crop positions.

Later deliveries were rather slow in following the advance, but sold 8 to 10 points net higher, or back to about the best prices of yesterday afternoon. Trading was moderately active and the fluctuations suggested continued nervousness over the near month situation, particularly with reference to May. The difference between May in New York and Liverpool narrowed to about 74 points during the early trading. Liverpool cables reported Continental and Bombay buying with an absence of selling pressure in that market and said there was an improved cloth demand for Egypt and South America.

Wheat scored upturns in price late today, helped by corn market strength and by 3,245,000 bushels decrease of the world's wheat available supply. Meanwhile, expectations were that a cold wave would work down from the north by Thursday or Friday over domestic wheat territory. The world's available supply of wheat is now 411,556,000 bushels against 392,208,000 bushels a year ago.

Wheat closed firm, 1.8-5-8c a bushel higher than yesterday's finish. Corn closed 3-4-15-8c up, oats 1-6-7-8c advanced, and provisions unchanged to a rise of 12c.

STOCK MARKET

New York, March 18.—(AP)—In the broadest and most active stock market session of the year today, prices of leading issues were marked up 1 to 10 points. More than 50 stocks, including General Motors, Radio, Eastman Kodak, Goodyear Rubber and most of the oil, moved to new high levels for the year. Blocks of 5,000 to 20,000 shares changed hands at rather frequent intervals, with the tape at times running nearly half an hour behind the market.

East credit conditions, and a growing belief that a turn for the better in business is close at hand, were the principal factors in the day's advance. However, a number of individual issues were bought on merger, higher dividend and stock dividend prospects.

Call money again dropped from 3 1/2 to 3 per cent, with funds available in the outside market at 2 1/2. An easier money market was also apparent in the time money market. The New York Federal Reserve bank reduced its buying rate on bills, and most leading acceptance dealers cut the rate on bankers' acceptances 1-8 of 1 per cent, the sixth cut in the last three weeks.

Pool operations were again conducted on a large scale, with leading commission houses reporting an increase in public participation. The apparent inability of the bear traders to unsettle the market in their selling drives of the last week, coupled with the existence of an unusually large short interest in several of the leading speculative issues, encouraged bullish operations.

CAROLIN NEWS BRIEFS

Marion, N. C.—(AP)—Major Louis M. Bourne, marine corps aviator flying from Quantico, Va., to Asheville, was forced down here by heavy fog. He landed safely.

McCormick, S. C.—(AP)—C. Fox Shull, 45, of Vale, N. C., was killed here by a Charleston and Western Carolina train. Shull is believed to have gone to sleep on the tracks.

Maxton, N. C.—(AP)—Victor Phelps, 9, is missing from the home of his mother, Mrs. Annie Deares Phelps. She expressed belief his father, E. B. Phelps, has kidnapped him. The Phelps separated some time ago.

Burlington, N. C.—(AP)—Kenneth, 19-months-old son of Mr. and Mrs. W. E. Pope, choked to death when a walnut kernel lodged in his throat.

Greenville, S. C.—(AP)—William Bryant, of Horry county, was injured fatally when his automobile ran off an embankment between Fairbluff and Nichols.

SPAIN TO PAY HIGH TRIBUTE TO DE RIVERA

Former Dictator To Be Buried With Military Pomp Of His Rank Of Capt.-Gen.

Irun, Spain, March 18.—(AP)—The Spanish batteries topping the hills along the French frontier roared a 21-gun salute today as the body of Primo De Rivera crossed the border into Spain.

This was the former dictator, who died in Paris Sunday night, honored with the same salute that would be given a king.

As the train halted at the little railway station here, where sometimes exiles have seen their last of Spain, the coffin was removed and placed in state in a chapel of the station. Masses were said by priests and prayers were offered.

Late this afternoon the funeral train will leave for Madrid, where it will arrive Wednesday morning. All night long, as it swings southward, priests at every railway station will offer prayers for the man who ruled Spain for six years.

After arrival at Madrid the body will rest in state at the north railway station until 11 o'clock. Then the funeral cortege will move to Sanisidro cemetery, where Primo will find his last rest beside his wife and other relatives in the family vault.

Paris, March 18.—(AP)—When the casket, draped in the red and yellow of Spain, bearing the body of the late General Primo De Rivera was lifted onto the funeral train last night for Spain, one man stood apart and made the sign of the cross.

The woman was Senorita Nina Castellanos, who was engaged to the former dictator two years ago, but who became estranged from him after he accused her of conduct unbecoming the bride-to-be of a man of his station.

Senorita Castellanos was not invited by the family of the general to take any part in the funeral ceremony and throughout the obsequies at the station she remained in the background.

Surgeon Held For Poisoning Wife

Denver, Colo., March 18.—(AP)—Charged with fatally poisoning his wife, Major Charles A. Shepard, surgeon at Fitzsimmons Veterans hospital was in jail here today, following his arrest last night by federal officers on a fugitive warrant from Topeka, Kas.

Mrs. Shappard died last June 15 in Fort Riley, Kas. Later when reports that she had met foul play arose, an investigation was started. Her remains were disinterred and an autopsy performed. Toxicologists' reports to army officers at Fort Riley said death resulted from poison.

Major Shepard vigorously denied the charge after his arrest.

The arrest was made by United States Marshal Richard C. Callen, under direction of special agents of the Department of Justice. Federal authorities here said that the officer's arrest followed asserted confession of a girl with whom the army officer was friendly.

The girl's admission that she had been friendly with the army officer even before the death of Mrs. Shepard, was given as one reason for the investigation of Mrs. Shepard's death.

The surgeon has been under surveillance for several months. He was called to the federal building here yesterday morning and subjected to an all day examination. His arrest was ordered after the questioning.

When taken to the county jail, Major Shepard was in uniform. Because of a regulation forbidding army officers being placed in a civil jail while so garbed, he was held in an outer office under orders of Marshal Callen until civilian clothing was obtained.

Spring Show For Colorado

Denver, Colo., March 18.—(AP)—A light blanket of spring snow today covered a portion of the Rocky Mountain section, while to the east, particularly in Kansas, rain aided spring crops materially.

The snow pelted nearly all of Colorado and much of Wyoming and the storm continued down the eastern tier of the Rockies into New Mexico and northeastern Arizona. A falling mercury made streets slippery and resulted in traffic accidents.
