FOUR PERSONS PERISH IN FIRE AT KNOXVILLE

Several Also Injured When Flames Destroy Four Buildings In Business Area

FOUR PERSONS ... Knoxville, Tenn., March 20.—(AP)—Recovery of three more bodies brought to four the number of persons known to have burned to death here early today in a fire which destroyed four buildings in the business district.

The three bodies were so badly burned that they could not be positively identified. However, W. P. Chandler, director of public safety, said it was reasonably certain that the bodies were those of Sylvester Wilkerson, 40, his wife, Sallie, 34, and her son by a previous marriage, Arthur Sharp, 16. They had been reported among the missing.

Earlier in the day, the body of Carl Merchel, 59, had been taken from the ruins.

G. W. Black was found alive and unharmed. Authorities announced that this accounted for all of the missing.

All of the injured and the missing were residents in the Arcade building on Union street, a two-story structure in which the fire originated.

Carl Merchel, 59, the man burned to death, lived across the street from the Arcade building, but had gone over to investigate the fire. A fireman found him at the top of the stairs in the building with his head badly burned and other burns about the body.

At first firemen believed that all persons residing in the Arcade building had escaped, but a check with the proprietress showed that six were missing.

Several hours after the spread of the flames had been checked, firemen still were unable to enter the ruins of the building to search for bodies.

One of the injured was burned and suffered from bruises and cuts incurred in their flight from the blazing structure.

The injured: Miss Rachel Goodwin; Mr. and Mrs. James Elkins; Clyde Davis; Mr. and Mrs. Alex Lusby; G. A. Wells and Hugh Morris, foreman.

From the Arcade building the flames spread to the Mynatt building and National building, both four-story structures, and to a two-story building adjoining the Arcade. These four structures were destroyed and a two-story building was badly damaged.

Firemen discovered a broken gas main blazing in the basement of the Arcade building.

W. P. Chandler, director of public safety, estimated the damage at \$250,000 or more.

Both Western Union and Postal Telegraph services were interrupted. The Western Union office was damaged by fire and water to the extent of \$25,000, official said. The Postal expected to resume service as soon as broken electric lines could be repaired and the Western Union officials said communication would be restored by night.

Seek To Block Sale Of S. C. Road Bonds

Columbia, S. C., March 20.—(AP)—A new attack on South Carolina's \$55,000,000 highway bond issue was described today as an "eleventh-hour" attempt to prevent or delay actual sale of the bonds.

Complaint papers were filed yesterday in Richland County Court of Common Pleas seeking to have scheduled sale of a \$10,000,000 block of the bonds tomorrow declared null and void. The action was instituted by D. W. Robinson, Columbia attorney, representing Dr. S. W. Williamson, of Darlington; Mark Beynham, Aiken pottery manufacturer, and Z. W. Meeks, Anderson newspaper man.

The complaint, which was directed at the governor, state treasurer and highway department, was met with assertions that the bids on the bonds would be received as advertised.

Gov. John G. Richards declared the action was "purely an attempt at delay." He said if suitable bids were received, the bonds would be sold and the highway improvement program would be launched without delay. Similar sentiment was expressed by state highway officials.

According to Meeks, he and the other two who brought the complaint are of the opinion that the suit will serve to halt the sale of the bonds. He said he did not believe buyers would accept the bonds while litigation concerning their validity was pending.

Rock Hill, S. C.—(AP)—By a vote of 286 to 115, students of the Rock Hill high school decided in favor of "America, the Beautiful" for national anthem against "The Star Spangled Banner."

Cuba Reported Peaceful After Nation-wide Strike Against Unemployment

Sentenced To Die

All Trade Organizations Involved Except Public Utility And Railroad Workers; Two Hundred Thousand Laborers Reported Out

Havana, March 20.—(AP)—Cuba continued peaceful this morning, despite the nation-wide strike declared last night by all trade organizations except public utility and railroad workers.

There were no demonstrations or arrests, and reports from the interior indicated that the strike was similarly quiet over the island.

Havana, March 20.—(AP)—A general strike in protest against unemployment was inaugurated in Cuba at midnight. The island was peaceful and no arrests were made. Police charged the strike was in compliance with orders from the third Internationale at Moscow.

It was estimated 200,000 workmen walked out. The Clear Makers' Union was the first to call a halt to all labor until Friday morning. Street car and omnibus operators left their vehicles at one a. m. Waiters and employees of all restaurants and cabarets left their aprons on the wall hooks at midnight.

Public utility plants and railroads alone were not affected, the view being taken that there were necessary to public welfare. Heavy police guards were maintained in their vicinity but no trouble was anticipated.

Havana had but one newspaper today, El Mundo, Spanish language daily. The Typographical Union members, who in Cuba include reporters as well as linotype operators, walked out of Diario De La Marina at 9 p. m. Wednesday. Four other papers were affected similarly.

CELEBRATION EXPECTED TO BE BIG AFFAIR

Over Thousand People Expected At Birthday Gathering Here Next Week

"It is to be the greatest affair in history of the denomination," said a prominent Baptist today, speaking of the centennial celebration of the North Carolina Baptist State Convention to be held at the Memorial Baptist church in this city Wednesday and Thursday, March 26 and 27.

The same opinion prevailed among countless hundreds of members of the denomination in other parts of the state who will make a pilgrimage of the convention. But North Carolina Baptists are not the only ones interested—prominent men and women from several other southern states will visit the city and assist in lauding the record of the convention over the hundred year period.

It is not known how many persons will be in attendance. Some have estimated the crowd at over a thousand, but that is merely guess work and nobody will know how many will visit the natal city of the convention until the registration is completed on the opening day. But is a settled fact that there will be a thousand people present and the local committees have made arrangement to care for that number and more too should they decide to come.

The program for the celebration, completed several days ago, provides for addresses by some of the outstanding leaders in this and other states. They are men who hold high rank in the world of religion, business and education, and what they will have to say no doubt will have a tremendous influence in the life of the church in the future. It was at first thought the governors of North and South Carolina would be able to attend but they decided that they could not, so each will be represented by a speaker of outstanding ability.

The local committees have been functioning in splendid order over a period of several weeks and when the vanguard arrives it will find the city with arms wide open to receive it and the latching hanging on the outside. The Memorial Baptist church has been completely renovated, re-painted, re-carpeted for the opening session and the historic old edifice will present a spick and span appearance when the celebration actually gets under way.

Greenville is proud of the fact that the Baptists saw fit to organize the convention here and this appreciation will be in evidence during the two days the celebration continues. The visitors will be the recipients of many courtesies while in the city, and will be guests at a banquet to be presented at the college by the Greenville Merchants Association and the college. This will be decidedly one of the most brilliant social functions ever held here, and will be the highlight of the entertainment program of the celebration.

Cwing to the fact that the church building is not expected to be large enough to accommodate the crowds, plans have been perfected for carrying the celebration to the campus college after the opening session. This should afford ample room for everyone and enable the committee to put across the program without the slightest kind of hitch.

FIGURE IN BANK MERGER

Doheny Attorney Charges Government Prosecutor With Slur Upon Patriots

Washington, March 20.—(AP)—After a scathing arraignment of Edward L. Doheny, by Atlee Pomerene, government prosecutor, Frank Hogan, who is defending Doheny on a bribery charge, began his argument today by asserting that Pomerene had "slurred patriotic citizens."

Hogan took advantage of the fifteen minutes left of the morning session by launching into a vigorous attack on Pomerene's arguments. The defense counsel accused the prosecutor of misrepresenting facts.

Pomerene charged that the circumstances surrounding the transfer of \$100,000 from Doheny to Albert B. Fall, former secretary of the Interior, showed that it was a bribe to influence Fall in his award of the Ek Hills naval oil reserve to a Doheny Company. The prosecutor was sarcastic in his reference to Doheny's testimony that he bid on the oil lease because of patriotic motives.

"I thought I knew something about the case," Hogan said, "but I know nothing about these things the prosecutor spoke about."

When charging Pomerene had slurred patriotic citizens, he shouted: "If this case is won by sneering at patriotism and sneering at men who served in the submarines in the war I must admit defeat for I will not sneer or whine. I will present to you only the facts in the case."

"The law," Hogan added, "demands acquittal unless the charge is proved beyond a reasonable doubt."

"If you hesitate and pause as to whether Mr. Doheny is guilty of the crime laid at his door then you must acquit him," he said.

Pomerene was sarcastic as he spoke of Doheny's story that he bid on the Pearl Harbor project only after Read Admiral J. K. Robinson had told him a naval fuel supply in Hawaii was necessary to offset the menace of a Japanese fleet.

"Have any of you ladies and gentlemen heard anything about the Japanese fleet swooping down on the coast?" the government prosecutor asked.

Veteran Football Coach And Revenue Agent Come To Defense of Dry Law

Fielding H. Yost And Daniel C. Roper Give Testimony Before House Judiciary Investigating Committee Today

Washington, March 20.—(AP)—Fielding H. Yost, the veteran football coach at the University of Michigan, and Daniel C. Roper, who as interne revenue officer in 1920 was the first to direct enforcement of national prohibition, today were recorded as supporters of the eighteenth amendment at the House judiciary committee's dry law hearing.

Yost's views were set forth in a telegram submitted by his sister-in-law, Mrs. Lenna Lowe Yost, who has been in charge of presenting the dry witnesses. It read:

"In my opinion the college youth of America is not drinking as much as they did in pre-prohibition days. No one is entirely satisfied with the present conditions. Our government tried to control and regulate the sale of intoxicating liquors for a hundred years and made a miserable failure of it."

"Every one states he is opposed to the return of the saloon. However, any legalized place to sell liquor will serve the same purpose as the saloon—a place to buy intoxicating liquors."

"It is unfortunate that certain people of standing example furnish a leadership to youth in law violation."

Yost's views were in line with those recently presented by another veteran coach of the Western Conference, Alonzo Stagg, for more than a quarter of a century connected with the athletic department of Chicago University.

After the telegram was submitted Daniel C. Roper, of South Carolina, a former commissioner of internal revenue, took the stand. Until the recent establishment of a separate bureau for prohibition enforcement of the dry law was under jurisdiction of a five commissioner of internal revenue.

Roper, who makes his home in Washington, was author of the bill establishing the South Carolina dispensary system.

The dispensary system became effective July 1, 1923.

As an outgrowth of the system, he said, "blind springs" and "moonshine stills" sprang up and the liquor dealers resisted the enforcement. The law compelled sale of liquor of specified quality and in packages.

Roper said the system had proved an absolute failure and added it had not improved conditions but made them worse.

He testified, however, there were many meritorious phases to the law restricting purchases and preventing sale to minors, and explained that revenue from the state central bureau went to the school fund, while the local dispensaries paid over their revenue to the communities.

Bank Of England Cuts Rate Again

London, March 20.—(AP)—The Bank of England reduced the bank rate today from four to three and one-half per cent.

Downward trend of world money rates fostered by central banking institutions—owing to fall in commodity prices and trade depression—reached a point especially in New York and London permitting reduction by the English Central bank from the mark which was established only a fortnight ago.

The authorities were rather forced by the way discount rates declined out of proportion to the official minimum since the collapse of the Wall Street boom to ease the monetary stringency.

Gale Accompanied By Snow And Zero Weather In Montana

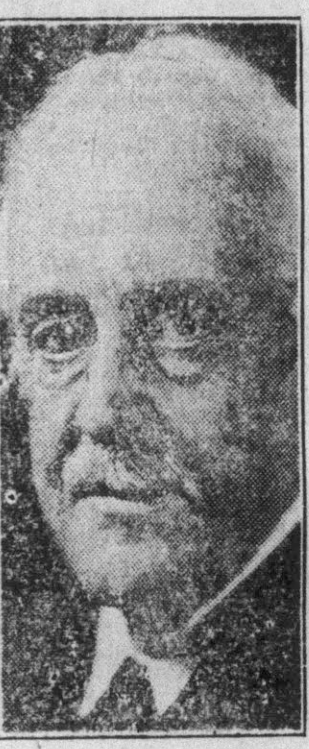

Spokane, Wash., March 20.—(AP)—Swirling snow and zero weather in Montana has arrived hand in hand with gale-like winds that have done extensive damage in eastern Washington and northern Idaho.

Late yesterday the wind, accompanied by a dust pall that caused a murky yellow light, swept into the far northwest.

Near Plains, Mont., a bridge was toppled over into the Missouri river, small buildings were wrecked, and much timber was leveled.

In Lewistown, Mont., the mercury nose-dived 50 degrees and dropped to zero. The cold wave was expected to continue in Montana and Wyoming until tomorrow.

Balfour Is Dead

Lord Balfour, veteran British statesman, died yesterday after an illness of several weeks.

Scores Perish When Chinese Theatre Burns

Mulden, Manchuria, March 20.—(AP)—One hundred and thirty Chinese men, women, and children, were burned to death at Kirin yesterday when fire destroyed a motion picture theatre. Twenty others were injured.

The theatre was of wood and was only two months old. It opened in January to show American films. Defective wiring was believed the cause of the disaster.

Rengo News Agency dispatches to Tokyo yesterday said 76 persons were killed, 16 were missing, and scores injured in the blaze.

JURY FAILS TO AGREE IN CASE AGAINST COP

Mistrial Ordered In \$1,000 Damage Suit Against Policeman J. L. Whichard

Mistrial was ordered today in the case of E. S. Ormond, of Bath, against J. L. Whichard, Greenville policeman, in which the plaintiff was suing for \$1,000 damages as result of his arrest and confinement in jail here on a charge of driving an automobile while drunk. The case went to the jury yesterday morning and mistrial was ordered this morning about 11 o'clock when the foreman reported to Judge Nunn that they could not reach an agreement.

The case was one of the most hotly contested during the present sitting of court. Ormond contended that his reputation had been damaged as result of his arrest and confinement in the local jail, and the defense contended that the plaintiff had been arrested because he was drunk.

Ormond filed suit against Whichard and after he had been found not guilty of driving while under the influence of whiskey.

Compromise was reached in the case of T. B. Bunting and J. B. Bunting of Bethel yesterday afternoon after all evidence in the case had been submitted to the jury. The nature of the settlement was not made public. The suit was the outgrowth of disagreement over accounts which the defendant and plaintiff owed one another.

Memorial Service For Earl Balfour

London, March 20.—(AP)—Memorial services for the Earl of Balfour will be held at Westminster Abbey Saturday the day set for the funeral of the Victorian statesman at his Scottish home, Wiltimemore.

The Duke of York will represent King George, and leaders of state will join with other prominent persons and those of humble rank in paying homage to his memory.

At the same time a memorial service will be held in St. Giles Cathedral in Edinburgh.

SENATE VOTES \$1.50 DUTY ON SOFT LUMBER

Resolution By Senator Jones Meets Favorable Consideration Of Body

Washington, March 20.—(AP)—The Senate today voted a tariff of \$1.50 a thousand board feet on soft wood lumber, now on the free list. The vote was 39 to 38.

Reversing a 39 to 34 vote of several weeks ago against a duty of \$2 on such lumber, approval was given the \$1.50 rate as proposed by Senator Jones, Republican, Washington.

The duty would apply to lumber of fir, spruce, pine, hemlock and larch, and railroad ties and telephone poles of all woods.

A modification suggested by Senator Copeland, Democrat, New York and accepted by Jones before the vote would exempt Canadian planks, boards and deals of such woods when in the rough or not further manufactured than planed or dressed on one side. This was a reciprocity step as Canada permits such American lumber to enter Canada free.

Two Senators, Hawes, of Missouri and Sheppard, of Texas, both Democrats, who voted recently against the \$2 rate today voted for the \$1.50 levy.

An amendment to the Jones proposal by Senator Walsh, Democrat, Massachusetts, which would have exempted from duty both rough and dressed lumber from Canada and Mexico as long as those countries maintained no tariffs on the American products was defeated 38 to 32.

Robber Shot Down In Attempt To Rob Cafe In New York

New York, March 20.—(AP)—An attempt by three masked men to hold up a Greenwich Village restaurant shortly before midnight resulted in the killing of one of the robbers, the capture of another after patrons had beaten him severely and the wounding of a man and woman.

A man identified as Alfred Marino was killed by a policeman who surprised the robbers in the act of searching 20 patrons in Charlie's Triangle restaurant in Carmine street.

While the robbers were collecting cash and jewelry from their victims, a waiter slipped out and called (Patrolman James F. Hagers, who ran to the entrance of the restaurant, which is in a basement. Finding the door locked he fired a shot through the glass pane and stepped aside.

As one of the holdup men fled through the door he leveled a pistol at Rogers but the gun jammed. Rogers then shot him through the head, killing him instantly. Another of the holdup men escaped although Rogers fired several shots after him. The third was seized by patrons.

Frank Boggiano, a patron, was struck in the abdomen by a bullet fired by one of the gunmen as they fled. Another bullet glanced from a table and struck Mrs. Clara Schumacher in the breast.

The robber who was captured was identified as Thomas Richlone. Police found him bound on the floor of the restaurant severely beaten about the head and face with sugar bowls and other crockery wielded by his erstwhile victims. Police said they found a pistol on him and \$245 taken from the cash register. Scattered about the place was \$200 more and jewelry belonging to the patrons.

Louis Passanisi and Charles Quarico, proprietors of the place, were arrested for possession of liquor.

Officers Held At Point Of Gun By Auto Driver

Brevard, March 20.—(AP)—How two state automobile inspectors were held at bay for an hour at the point of a saved-off shotgun and finally were permitted by the man who drew the gun on them to depart, was revealed here Wednesday night.

Inspectors J. P. Champion and W. C. Martia, the latter formerly sheriff of Swain county, said Monday they halted Arthur Ledford of Etowah, in Henderson county, when they observed that his car bore no state license. Ledford, they said, drew the gun on them and forced them to remain perfectly still for an hour, while they argued with him. Ledford told them they said that he had no license, expected to buy none, and that he would kill any officer who interfered with him. He was recently arrested for speeding, he said and bought the gun them.

PRE-SCHOOL CLINIC HELD OVER COUNTY

Children To Be Given Examination Before Entering School Next Fall

A pre-school clinic for the examination of children who will enter school next fall has been started by the Pitt County Department of Health. Notices to this effect have been mailed out to parents, and representatives of the Health Department will appear at the various schools upon specified dates to make the examinations.

It was also stated that smallpox vaccination would be given along with the examinations.

The letter sent out by the principals of the school follows:

"It is of the utmost importance that your child or children be physically fit to enter school. Very few children can progress satisfactorily in their studies if handicapped by health. Most of the causes of bad health in children can be removed or remedied. These causes should be removed or remedied before your child enters school so that he or she may make the most rapid progress possible.

"It is unfair to the child to place him in school in such physical defects as to make study a hardship, and the attempt to progress a disappointing struggle. The time to consider this problem is now. Clothing, shoes, books and other things considered necessary for the child to enter school are usually given the most careful attention by the parents. Why neglect the most important part of the preparation?"

The clinics will be held at the following schools on specified dates:

- Tuesday, March 18, 1:30 p. m., Clay Root; Tuesday, March 25, 2 p. m., Simpson; Tuesday, April 1, 2 p. m., Benson.
- Monday, April 7, 9 a. m., Bell Arthur; Monday, April 7, 1:30 p. m., Fountain.
- Tuesday, April 8, 9 a. m., Falkland; Tuesday, April 8, 1:30 p. m., Bellville.
- Wednesday, April 9, 1:30 p. m., Chocoma.
- Friday, April 11, 9 a. m., Pacolet; Friday, April 11, 1:30 p. m., Orlineland.
- Monday, April 14, 9 a. m., Winterville; Monday, April 14, 1:30 p. m., Griffin.
- Tuesday, April 15, 9 a. m., Bethel; Tuesday, April 15, 1:30 p. m., Stokes.

Rev. Lee Sadler Attends Meeting At Capital City

Rev. Lee Sadler left today to attend a meeting in Washington, D. C., of the committee on Budgets and Promotional Relationships of the Disciples of Christ. The committee is now engaged in working out the details of promotion of the pension for aged and disabled ministers, their widows and minor children. The pension fund will go into operation January 1, 1931, incorporated under the laws of the State of Indiana. This pension fund, which has been set up by experts, including Mr. Sayre, who set up a similar fund for the Episcopal church, will be financed as follows:

Each preacher will contribute in monthly installments a sum equivalent to two and one half per cent of his salary; the church he serves will contribute a sum equal to eight per cent of his salary; and an accrued liability fund of eight million dollars will be raised from the church at large. The minimum benefits in case of disability or retirement will be fifty dollars per month; the maximum one half of the average salary received during the term of ministry.

One thousand dollars will be paid immediately in all cases of death of the assured. This fund has been passed upon by the proper authorities of the State of Indiana and declared sound and legal. It has been reviewed by the actuary of the Prudential Life Insurance Company and declared to be sound in every detail.

Rev. Mr. Sadler will speak in Washington Friday at 12 noon on the subject: "Why Have Pensions for Preachers?"

The committee on promotion, of which he is a member, will give their attention to the promotion of the fund in the south east. Because of the condition of finances in this section just now, Mr. Sadler is trying to arrange it so this will be the last of the territory covered. The Eighth Street Christian church is one of the few churches in this section already enrolled. This action was taken by the official board at its February meeting.

Swarm Of Bees Cause Driver To Quit Automobile

Adrian, Mich., March 20.—(AP)—Ary one might catch a bee on the radiator of his automobile while driving down a country road, but it took Clifford P. C. to catch a queen bee. Quite a lot of things happened then. Mr. P. C. was chiefly concerned with the fact that a whole swarm of bees trailed after his car, keeping the queen company. He made a quick decision and leaped from the car before it stopped rolling.

The bees settled around their queen and Mr. P. C. waited for them to leave. Instead they were joined by the remainder of the swarm. Finally P. C. mustered courage, seized a screw driver and freed the queen bee from the radiator. She buzzed a message of thanks and flew away, the swarm following without leaving a single sting.

Large Attendance Expected At The Monarch Minstrel

Large attendance is expected at the Monarch Minstrel to be presented at the East Carolina Teachers College tomorrow night. The show is being given for the benefit of the Greenville relief funds. This will be the second presentation of the show in this city. It was greeted by a capacity audience upon its first appearance at White's theatre and attendance this time is expected to be just as great.

The show is being staged under the personal supervision of E. F. Storey, and has a cast of fifty persons, the majority of whom have seen considerable experience in the presentation of local talent plays. The end men are "Tige" Gardner and C. B. Rowlett, who always succeed in keeping their audiences in an uproar from the rising of the curtain until the last word has been spoken.

There is a grand chorus composed of twenty-five male voices. Mrs. Knott Proctor and Mrs. C. A. White will appear in popular solo numbers. Then, there is a double quartet and professional act from Norfolk.

The curtain will go up at 8:30 o'clock Friday night. Tickets have been placed on sale at the various drug stores.

Men Of Albermarle Presbytery Guests Of Local Church

Laymen of the Albermarle Presbytery met at the Presbyterian church in this city yesterday afternoon and last night to hear discussion dealing with the annuity fund and building a service program. The session was attended by approximately 75 representatives of the various churches of the district who evinced an active interest in the program.

After the first session the visitors were entertained at supper in the basement of the church. Music for the occasion was furnished by the high school orchestra. Solo numbers were rendered by Mrs. J. H. Waldrop and Mrs. J. Knott Proctor. Prof. Ralph Deal acted as toastmaster.

The speakers of the afternoon and evening session were B. G. Alexander, director of the annuity fund campaign, and J. A. Naff, field representative of the Men-of-the-church movement.

An open conference dealing with the activities of men in the church was led by Mr. Naff.

"DOUGHT TO TRY CARDUI AGAIN"

Mother's Advice to Daughter Was Followed, and She Soon Got Better.

North Little Rock, Ark.—"Shortly after my marriage, my health wasn't very good," writes Mrs. W. E. Burgin, 315 West Second Street, this city. "I had severe cramping spells, and at times I would have to go to bed. This would be very weakening."

"I took about five bottles of Cardui at this time and my strength came back. I did not have any more trouble for some time."

Several years later, Mrs. Burgin found herself debilitated by heavy home responsibilities, and she explains: "I seemed very slow in getting my strength back. I was too weak to do anything but just lie around. I would get very nervous over my condition."

"My mother told me I ought to try Cardui again. I did, and soon was getting better. When I had taken about four bottles of Cardui, I was able to do my work again, and haven't had to take it any more."

Thousands of women have written to tell how they had been benefited by taking Cardui. **TAKE CARDUI** Helps Women to Health. **Cardui** is a laxative. 25¢.

Social and Personal

Louise Harris and Miss Robinson, of Gainesville, has been spending some time at home. She returned to school to resume her education at the University of Farmville, where she is now a student.

Davenport, Mrs. Doreen, of Winterville, was Green-ville Wednesday.

Walter LaRoque and Mrs. Greene, of Kinston, were visitors today.

Stacy Staton, of Bethel, was here.

MRS. HARVEY HOSTESS TO END OF THE CENTURY CLUB

Mrs. E. W. Harvey gave a most delightful barbecue luncheon to the End of the Century Club Tuesday at their regular meeting. The members and guests were invited to the Woman's club at one o'clock where a table gay with spring flowers was spread for the members and guests.

Barbecue with all its accessories was served, followed by a sweet course carrying St. Patrick favors on each plate.

After this delightful repast the club was called to order by our much-loved former President, Mrs. J. L. Little. We were delighted to have Mrs. Little preside again, but all expressed deep regret because of the absence of our president, Mrs. Arthur, on account of sickness, and hope she will be back with us at the next meeting.

The usual business items were disposed of and programs for next year decided on. Current events were unusually interesting and brought an item from each member and guest.

The program for the afternoon was "Criminology" and "Welfare Work in North Carolina."

Mrs. Hortense Myer very ably handled the subject of Criminology and spoke of crime being more prevalent today than ever before in our history as there are a multitude of wrong-doers who go free with the assistance of able lawyers. The criminal lawyer's fame is made by securing the release of the murderer.

Mrs. Moyer quoted several passages from the Bible closing with Ezekiel, "Son of man I have made thee a watchman unto the hour of Israel; therefore hear the word at my mouth and give them warning from me." "When I say unto the wicked thou shalt surely die, and thou give him not warning, nor speakest to warn the wicked from his wicked way to save his life; the same wicked man shall die in his iniquity; but his blood will I require at thy hand."

Mrs. Jennie Howard discussed the subject of Welfare Work in North Carolina. She called our attention to the institutions in North Carolina that are state supported, solely for the purpose of helping those who cannot help themselves. She mentioned the Jackson Training School for boys, Samaritan girls, Caswell Training School for feeble minded at Kinston. Special mention was made of the Farm Colony at Kinston which is superintended by Miss Altona Gales. This is claimed to be one of the most remarkable institutions in the world. An appropriation of \$60,000 was made in 1927 when its establishment was provided for.

All through Mrs. Howard's instructive paper the words uppermost in our hearts and minds were: "In as much as ye have done it unto the least of one of these ye have done it unto Me."

We were delighted to have as guests Mrs. F. W. Brown, Mrs. W. S. Harden and Miss Ruth Hillhouse. —Reported.

Held for Stealing Hams. Three negroes were held in the county jail in this city today awaiting trial on a charge of stealing five hams from the smokehouse on the Old House farm, several miles from Greenville. They are Tom Sims, Tom Little, Henry Daniels. Arrests were made by members of the sheriff's office.

COTTAGE PRAYER MEETING FRIDAY NIGHT

Cottage prayer meeting Friday evening at 7:30 at the home of the Misses Lawrence, 402 Summit street. Every member is urged to be present. Let us put aside other things these days, and prepare for our personal visitation evangelism. This is important.

Mrs. Douglas West Honored. Honoring Mrs. Douglas West, of New York, who was recently married, Mrs. Edward L. Bradshaw and St. C. B. West, Jr., charmingly entertained at bridge Wednesday afternoon. The home of Mrs. Bradshaw on Evans street, was attractively decorated. Spring flowers, vases of yellow and white flowers, were used. Bridge was played at five tables.

Concluding a number of spirited games, Miss Florence Taft awarded Charli perfume for score, Mrs. L. B. McCormick given Duska perfume for low score. Mrs. West was remembered as an electric peacemaker. Mrs. West was also presented a lovely basket which contained a number of gifts from each guest. —A. R. Piggott and Mrs. Selma Moore assisted in serving a table salad course with hot tea.

Surprise Birthday Dinner. Farmville, N. C., March 20.—Miss Louise Smith entertained at a beautifully appointed dinner party on Tuesday evening in honor of the birthday of her mother, Mrs. P. Smith. Mrs. Smith's visit with friends to a neighboring town, Miss Smith opportunity to make the event a surprise party.

Lovely spring flowers were arranged throughout the house, the dining room being especially attractive. The table had as a centerpiece a large birthday cake with yellow candles flanked with vases of daffodils. Covers were laid for six. A three course dinner was served to the following guests: Mrs. B. S. Smith, Mrs. E. C. Beaman, Mrs. J. W. Lang, Mrs. J. W. Parker, Mrs. R. A. Fields and Mrs. D. S. Morrill.

Called To South Carolina. Mr. and Mrs. O. Q. Lassiter and children and Miss Peggy Johnson left last night for South Carolina in response to a message announcing the death of their father, Mr. D. I. Johnson.

Mr. and Mrs. Joseph Johnson also left this afternoon for South Carolina to attend the funeral which will be held tomorrow.

KEEP CLIMBING
When things go wrong,
And your friends seem few;
When you've done the best
You know how to do;
When depression and gloom
Just tear at your soul;
Keep striving, keep climbing,
Till you reach your goal.

Don't get discouraged
When you get criticized.
Even Christ was mocked,
And then crucified.
Let hope and understanding
Dwell deep in your soul.
Keep striving, keep climbing,
And you'll reach your goal.

REGULATING BILLBOARDS.

It appears that Gov. Morgan F. Larson of New Jersey is in favor of the bill which has been introduced in the Legislature of that State calling for a tax of 3 cents a square foot on billboards and giving the State Highway Department regulatory powers over them, and that the bill has some chance of being passed. We can hope that it will be. For this is a scheme that gives some promise of bringing billboards under control, and it is most desirable that it be given a trial. If the New Jersey Legislature passes the bill a fight against it in the courts may be taken for granted, for the billboard industry is a large one; indeed, the despatches indicate that a powerful lobby is working against the bill already. But such a fight is precisely what is needed; the legal status of the billboard, especially, needs clearing up, so that the outcome in New Jersey might furnish other States with valuable information as to what is practicable and fair and what is not. When the data are in, the way will be open for the country to transform its highways from the unsightly things they are at present to drive-ways having beauty.—New York World.

ABOUT TOWN

"Love and devotion to the flag is the thing that is holding the American Legion together" in the opinion of Colonel Edgar Bain, of Goldsboro, who addressed the Pitt County Post of the American Legion here this week. "It is the same influence that caused the boys to go overseas and give freely of their blood that the world might be saved from German autocracy," he declared. Colonel Bain, one of those veterans who faced German shellfire on the front lines in France, believes that the cause of the Legion is as great today as was the cause the boys crossed the ocean to fight for. He believes that the work of caring for the disabled buddies who were maimed and disabled in the war and the support of high principles of government are just as important today as was the fighting of the war, and he urged the Legionnaires to stand by ready to render the highest type of service possible. Increased membership as enunciated by State Commander Freeman is going to count largely in the future of the Legion, and every post is being urged to maintain as near a full quota as possible throughout the year. The Pitt County Post is doing its best in this direction and has the distinction of being one of the several posts that went over the top in the recent membership drive. With the report of baseball activities coming from other sections of the country, Greenville and this immediate part of the state are beginning to feel the fever creep upon them. But it is a settled fact that we

are to have no league baseball as in past years. This statement has gone out from the former league towns, so it is up to somebody somewhere to offer some kind of a suggestion to relieve the situation—find something to allay the fever. Whether the various towns would be interested in forming teams composed of local players has not been determined, but it seems that clubs of this kind in several of the towns would have a tendency toward furnishing a wholesome branch of the national pastime. Each town has several players who shone brilliantly in college ball, and if these men could be interested it is apparent they might be able to get together fairly formidable organizations. Greenville has considerable material in this variety, and it is hoped the boys will begin to unlimber with the advent of the balmy weather of spring and see what they can do to provide some baseball.

Merchants in all parts of the country are beginning to awaken to the important part which unattractively decorated display windows mean to their business and the future promises to produce a revelation in this field of advertising.

The idea has already made its appearance in Greenville and leading merchants of the principal business district have provided themselves with windows that would do credit to the largest cities of the country. They have not only provided the windows, but they have also displayed quite a bit of taste in decorations. This has resulted in closer attention to window displays, and has attracted the attention of thousands of people who probably would not have bothered with it if they saw in the windows.

This brings us down to the importance of keeping something attractive on display at all times. Don't let the displays grow old, but continue to change them every few days in order that you may give the public an accurate idea of what you have to offer. As new materials arrive, show them in the windows. You will find trade picking up to a greater extent than ever. Nothing does more to give life to business than proper window display and newspaper advertising. The newspapers tell the people what the merchants have to offer and the windows display it. It is a source of advertising that has proved of incalculable value to the merchants in the big cities and it is just as applicable to the merchants in the small towns.

The state demonstration farm in Pitt county is going to hold the attention of the farmers in this section of the state during the time the experiment is in progress, in the opinion of a leading agriculturalist.

Governor Gardner has aroused the people to the importance of growing more of the things they consume at home, and they are going to watch him as he attempts to prove the advisability of his plan on the farm located between Greenville and the town of Betuel. The governor not only intends to improve farming conditions in Eastern Carolina but he also plans to awaken an active interest in the production of many of the things the average run of farmers have been buying out of the stores while they confined their attention to the production of the money crops. He thinks the old idea is all wrong, and that it has resulted in the present plight which the people find themselves in.

An all-the-year-around plan of farming is what the governor is after, and on the Pitt county farm he will attempt to show the farmers the kind of crops to be planted at certain seasons of the year—crops that will give the farmer and his stock something to eat all the year around if the plan is faithfully carried out. Heretofore the grower has been planting money crops and loafing the rest of the year. In other words, he has not been putting his spare time to anything profitable, and has been forced to spend money for the things he used at home just the same. It is a big undertaking the governor has shouldered, but it has much merit and ought to prove of great value if properly followed out by the farmers.

SEEK MISSING PREACHER IN JACKSON COUNTY Asheville, March 20.—(AP)—The rugged timber ridge country of Jackson county was being combed today for trace of the Rev. W. T. Hawkins, 73, famous in Cashiers Valley as a preacher and a rattlesnake hunter.

The aged man disappeared Tuesday after he had started out to look for his cow, neither he nor the cow has been seen since. The minister has lived many years in the sparsely settled section, and today virtually every resident for miles around had joined the party searching for him. Fear was expressed that the missing man had fallen over a precipice in the mountainous region.

DR. COX AGREES WITH US ON THE TAX QUESTION

(Editor's Note:—The following letter from Dr. B. T. Cox, of Winterville, candidate for the House of Representatives, in the first reply we have received to our request through our editorial columns as to the stand of our legislative candidates on certain issues that we believe essential to tax relief, and a more equitable system of taxation in our state.)

Winterville, N. C., March 19, 1930 Daily Reflector, Greenville, N. C. Dear Sir:—In compliance with your request "To Our Legislative Candidates" Tuesday, March 19, 1930, I beg leave to submit the following:—1st. If elected to the General Assembly of North Carolina as a representative of Pitt County, I will seek and support a measure that would repeal the law that now exempts stocks in foreign corporations from taxes. And if this measure be repealed by the General Assembly of North Carolina, I would then invoke Federal aid in the form of compelling the reporting by foreign corporations, the names of their stockholders residing in this state.

2nd. I would support a bill which would insist on a revaluation of taxes that would reduce the present assessed values on real estate, especially farm property.

3rd. I would support and vote for a bill which would require that the establishment of our public school system should be paid for by the state; I would exert my efforts and my influence in carrying out this section of our Constitution.

4th. I would favor and give my support providing for a luxury and sales tax on all articles not essential to livelihood. I do believe that the above outlined plan offers the surest and most equitable tax relief for our state.

Yours truly, B. T. COX, M. D.

How Women Lose Fat In England Gains Physical Charm

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health? How would you like to lose unhealthy fat that you don't need and don't want and at the same time feel better than you have for years? How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration? How would you like to get your weight down to normal and at the same time develop that urge for activity that makes work a pleasure and also gain in ambition and keenness of mind? Get on the scales today and see how much you weigh—then get an 85 cent bottle of Kruschen Salts which will last you for 4 weeks. Take one half teaspoonful every morning in a glass of hot water and when you have finished the first bottle weigh yourself again. Now you can laugh at the people who pay hundreds of dollars to lose a few pounds of fat—now you will know the pleasant way to lose unsightly fat and you'll also know that 6 vitalizing salts of Kruschen (Salts that your blood, nerves and glands must have to function properly)—have presented you with glorious health. After that you'll want to walk around and say to your friends—"One 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money." Leading druggists America over sell Kruschen Salts—you can always get it at Greenville Drug Co.

CANDIDATES' CARDS

ANNOUNCEMENT

I hereby announce myself a candidate for re-election for Sheriff of Pitt County, subject to the action of the Democratic primary, June 7th, 1930.

If nominated and elected, I shall endeavor to enforce the laws to the best of my ability, as I have during my tenure of office. Your approval of my past record by your support in the coming primary will be greatly appreciated. S. A. WHITEHURST

TO THE VOTERS OF PITT COUNTY

I hereby announce myself a candidate for re-election to the House of Representatives, subject to the action of the Democratic primary to be held June 7, 1930.

If nominated and elected, I pledge myself to work for the reduction of taxes on farm land and real estate, economy in state and county government, and do all in my power with justice to all to relieve the farmer of his burden of taxation. E. G. FLANAGAN.

NOTICE OF CANDIDACY.

Subject to the action of the Democratic primary on June 7th 1930, I hereby announce myself for re-election to the State Senate.

I am in hearty sympathy and agreement with any safe movement for the reduction of land taxes. During the past two sessions of the General Assembly I have helped and aided in the passage of laws which have materially reduced land taxes in Pitt County. If elected, I pledge a continuation of my efforts in this movement. Your support will be appreciated. M. K. BLOUNT.

GIANTS MAKE POOR SHOWING IN TRAINING

By GAYLE TALBOT, Jr., Associated Press Sports Writer
 San Antonio, Tex., March 20.—Behind with their training schedule and smarting from a series of lousy lickings at the hands of a supposedly weaker club, John McGraw and his Giants are not in a happy frame of mind as they prepare to wind up spring labors here.

Just around the corner, so to speak, is a National league campaign, and the McGraw men are not ready. First, there was a bumper crop of holdouts, and the big guys straggled in slowly. That made John J. fretful. Then the weather became capricious, and the boys have taken too many of their workouts on the overstuffed furniture.

As a fitting climax, the New York entry has been taking it on the chin with alarming regularity in practice bouts with the Chicago White Sox, who apparently have thrived on Texas weather. The fact might not be important at this stage, but the Gothamites received three heavy beatings and were held to an 11-inning tie before they finally achieved a victory over the Wind City delegation. Four more scheduled exhibitions with the

Sox have been cancelled on McGraw's plea that his club needs practice.

There is consolation for the veteran pilot, however, in the premise that no team as good as his can go one being bad forever. Except for what has come to be an annual pain in the region of second base, the Giants appear to be a thoroughly healthy organization. They had enough to finish third in the last race. The club certainly is no weaker.

Eddie Marshall, a rangy youngster who compiled a .316 batting average with Bridgeport last year, appears ready to plug that gap at second. He and Andy Reese, who essayed the task most of last year, have waged a lively scrap for a month, with Marshall holding an edge. If the rookie can hit anything like last year's mark it will be an improvement over Reese's .263 and give the Giants a fairly explosive infield.

Big Bill Terry, who whaled the ball at .372 clip last year, leaves little to be desired at first, and Travis Jackson and Freddie Lindstrom are, of course, fixtures at short and third.

Melvin Ott, the versatile "boy wonder," who cracked 179 hits, including 42 homers last year, again may be expected to supply the big punch in the Giant outfield. He was about the only punch last year, excepting the veteran, Eddie Roush, who hit .324 in 115 games. Chick Fullis and Fred Leach, other members of last year's fly chasing corps, did no hitting to speak of. A trio of newcomers who may put additional power in the outer works are Johnny Mostil, obtained from the White Sox, and Sam Leslie and

George Fisher, slugging recruits from Memphis and Buffalo. Leslie rapped .376 for Memphis in 1929 and probably will stick in the big show.

Although the chuckers have been slow to attain top form, McGraw is untroubled about that department. In Carl Hubbell and Bill Aaker he has a pair of the niftiest southpaws in the business, and Larry Benton, Fred Fitzsimmons, Joe Genewich and old John Scott are veterans who can be depended upon for a bundle of wins if they get a fair share of the breaks.

Bob O'Farrell and the large Francis Hogan again will team up to give the Giants a great catching staff.

The Rockne system of football coaching has spread about as far as it is possible this year without going beyond the confines of the United States.

It covers the area now from Gainesville, Fla., where Charley Bachman coaches the Florida Gators, to Seattle, where Jimmy Phelan, former Irish quarter back, has assumed command at the University of Washington; from Los Angeles, where Tom Lieb has accepted the Loyola job after a season of pinch-hitting for "The Rock" at South Bend, to Manchester, N. H., where Harry O'Boyle has signed to coach basketball and baseball as well as football at St. Anselm's School.

A line on the Rockne system also can be stretched to Philadelphia, where Harry Stuhldreher is coaching Villanova, to the Golden Gate, in proximity to which Slip Madigan has been developing some fine teams at St. Mary's.

O'Boyle, a backfield star at Notre Dame after the departure of the "Four Horsemen," shifted his activities to New Hampshire after a term as assistant to Cleo O'Donnell at Holy Cross. O'Boyle was an all-around star at South Bend and a protegee of Tommy Mills, the veteran former assistant to Coach Knickerbocker, now athletic director at Georgetown.

Cornell's magnificent rally of its track and field forces to tie Pennsylvania for the eastern indoor championships is reminiscent of the old days of Jack Moakley's Big Red teams, all conquering before the speed and brawn of the Pacific Coast took command of the situation. Moakley, in nearly four decades of coaching always has had the faculty of getting his boys to do a little bit better than they believed they could. Old Jack without the use of any heroics, knows now to "lift up" his youngsters with a few quiet words of encouragement. . . . The inspiration gained from the surprising indoor showing should go a long way toward making Cornell a substantial factor in the outdoor campaign, this spring at Cambridge. The East needs all the strength it can muster to withstand the forthcoming charge of Stanford and Southern California.

Chat From the Training Camp

San Antonio, Tex., March 20.—(AP)—John McGraw, New York Giant manager, is rapidly cutting his squad down to the size required for the regular season. Two more rookies have received word that they are slated to spend the season on the Giant farm in Bridgeport, Conn. They are Joe Wisotski, pitcher, and Lou Allen, shortstop.

St. Petersburg, Fla., March 20.—(AP)—Bob Shawkey, manager of the New York Yankees, agrees with most baseball fans that the American league pennant lies between his team and the Philadelphia Athletics. And Bob the Gob is not inclined to rate his team second.

Winter Haven, Fla., March 20.—(AP)—Fresco Thompson, captain and star second baseman of the Phillies, was at the training camp today, but he has not yet signed his contract.

Fort Myers, Fla., March 20.—(AP)—Jimmy Foxx, slugging first baseman of the Philadelphia Athletics, is pulling hard for first base-

man Keecey's injured hand to heal.

Foxx is the only regular who has been unable to get a rest. He had to go the full route in every exhibition game since Keecey hurt his hand more than a week ago.

San Francisco, March 20.—(AP)—The Pittsburgh Pirate squad was the smaller by three today. Pitchers Walter Meine and Ivan Green and Catcher Hal Finney, were on the way to the minors for more seasoning.

West Palm Beach, Fla., March 20.—(AP)—Heinie Manush, hold-out outfielder of the St. Louis Browns was huddled with Manager Bill Killefer for an hour or more yesterday but neither reported developments toward settling differences.

Bradenton, Fla., March 20.—(AP)—Gib Johnson, who has been working out with the St. Louis Cardinals during spring training, shows much promise as a mound-man and was expected to get the initial call today when the Red Birds engage the New York Yankees on the local lot.

Orlando, Fla., March 20.—(AP)—Dan Howley prescribed a short snappy practice session for the Reds today before leading them off to Fort Myers, where they will play

a return engagement with the world's champions Friday.

New Orleans, March 20.—(AP)—The Cleveland Indians are willing to trade outfielder Eddie Morgan, but not for Nat Spencer, Washington's holdout catcher, as was rumored in the Nats' camp. Cleveland would like to have Irving Hadley, Washington right-hander, or Ralph Kress, St. Louis shortstop, but admit there isn't much chance to get them.

Tampa, Fla., March 20.—(AP)—The Detroit Tigers' headquarters here has become little more than a place to spend the night between trips.

The team was off again today for another exhibition game, this time at St. Petersburg, with the Boston Braves as opponents.

Biloxi, Miss., March 20.—(AP)—The Senators headed north today for Chattanooga with a stop-off at Birmingham tomorrow where they will play Clyde Milan's Barons.

Pensacola, Fla., March 20.—(AP)—Milt Gaston, hit in the head by a slippery bat from the hands of Bill Narlesky last week, was back in the Red Sox camp today ready to resume mound duty. He took a vacation at St. Louis.

SPARTANBURG AFTER TWIN BALL OUTFIT

Spartanburg, S. C., March 20.—(AP)—A Spartanburg proposal for a Greenville-Spartanburg "twin" baseball club today was before officials of the Greenville club and the South Atlantic league.

The suggestion grew out of a meeting of fans here yesterday. The fans proposed to buy half interest in the Greenville baseball organization, member of the club Sally loop.

"The Twins" was suggested as the name of the jointly owned outfit, should the proposition meet with favor and be accepted.

Judge W. G. Bramham, of Durham, N. C., president of the league, last night said he did not then have any comment to make on the proposal.

Spartanburg was a member of the Sally league last year but recently lost its franchise. Greenville also experienced difficulties at the close of last season, but a Junior Chamber of Commerce drive saved the franchise.

Asheboro, N. C.—(AP)—Mrs. Ora Smith, charged with killing her husband as he slept, is to be brought to trial the week of March 31. Her mind is believed to have been affected.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, March 20. — (AP) — Cotton opened steady today at an advance of 3 points to a decline of 2 points. Traders appeared to be very little impressed by relatively steady Liverpool cables, but demand picked up somewhat right after the opening with the active months soon showing net advances of 8 to 15 points on covering and trade buying.

The report of the Census Bureau showing earnings of 15,544,584 running bales from the crop of 1929 were a shade below expectations if anything and may have led to a little buying but the advance to 15.59 for May and 15.50 for old October met renewed realizing or liquidation, while there seemed to be some selling for southern accounts.

Prices slipped off several points under these offerings with the market ruling about 3 to 5 points net higher at the end of the first half hour. The total earnings reported in bales of 500 pounds gross were 14,821,499 bales compared with the government's December crop estimate of 14,919,000 bales.

Liverpool cables reported American, Continental and Bombay selling in that market absorbed by covering, but early declines there were followed by rallies just before the local opening.

GRAIN MARKET

Chicago, March 20. — (AP) — Influenced largely by unlooked for late upturns in quotations at Winnipeg, Liverpool and Buenos Aires, wheat values here rose briskly in Chicago today toward the last. Exporters noted more assurance on the part of European buyers, and said there had been at least some purchasing for half a dozen trans-Atlantic countries today. Absence of selling pressure here was an outstanding feature, and the wheat stabilization corporation was reported as having found it unnecessary to add any appreciable amount of wheat to the corporation's hold-ings during the last week.

Wheat closed firm 13-9-21-4c a level higher than yesterday's finish. Corn closed 7-8-15.8c up, oats 1-8-5-8c advanced and provisions varying from 7c decline to a rise of 2c.

STOCK MARKET

New York, March 20. — (AP) — The stock market displayed a complete reversal of form today, selling off sharply under a heavy volume of short selling and profit taking in the morning, and then rallying briskly in the afternoon under the leadership of the motor, chemicals and specialties. Early declines of 1 to 4 points were substantially reduced, or wiped out, and a long list of stocks marked up 1 to 13 points, of which a score or more were pushed into new high grounds.

A further relaxation in credit conditions was again an important bullish factor although some observers were inclined to place a bearish interpretation upon this development on the theory that it indicated an unusually small commercial demand for funds.

Call money renewed at 2 per cent for the first time in nearly six years because the low rate had resulted in a withdrawal of some out-of-town funds, there was little disposition to cut the rate in the outside market. Time money rates were again shaded, and bankers acceptance rates were cut 1-4 to 1 per cent, after a long series of cuts of 1-8 of 1 per cent, in the last three weeks.

The Bank of England rediscount rate was cut from 4 to 3-1/2 per cent, the lowest rate since 1923, but local banking opinion was divided as to the possibility of a cut in the New York Federal Reserve bank rate after the close. While open market rates would suggest the possibility of a further cut in the New York rate, it was pointed out that there is no special incen-

Atlanta, Ga., March 20. — (AP) — Low temperatures that were accompanied by frost in several states and ice at Asheville, N. C., were reported in messages received by the United States Weather Bureau here today from all sections of the south.

C. F. Von Herrmann, meteorologist, predicted warmer weather today but said lower temperatures were in prospect over the week-end throughout the southeast.

Asheville, with a reading of 28, had the lowest temperature reported in the south today. Charlotte, N. C., had 39 and Raleigh, N. C., 38 at 7 a. m. today. Other temperatures at this hour were:

Nashville, Tenn., 36; Memphis, Tenn., 42; Charleston, S. C., 48; Atlanta, 35; Birmingham, Ala., 38; New Orleans, 50; Meridian, Miss., 36; Little Rock, Ark., 40; Louisville, Ky., 38; Lynchburg, Va., 36; Norfolk, Va., 44.

Von Herrmann said frost was reported in sections of Georgia, Alabama, Mississippi, Virginia and North Carolina. He said the warm weather season was too far advanced in Florida to bring much cold to that state.

Hoover Commission To Haiti Returns

Miami, Fla., March 20. — (AP) — Members of President Hoover's Haitian Commission, arriving here at 8:30 a. m., entrained for Washington early today after a sight-seeing tour of the city.

Although members of the commission refused to disclose the nature of the report they will make to President Hoover within three weeks, Henry P. Fletcher, a member, speaking for the group said: "We had a most interesting experience and spent all of our time there investigating conditions. We were pleased to be able to make recommendations for the solution of the serious political situation in that country."

The group will arrive in Washington at 1 p. m., Friday and will go immediately to the White House where they will appear before the President at 3 p. m.

Slayer Chooses To Die At Hands Of Firing Squad

Salt Lake City, March 20. — (AP) — The firing squad at the Utah state prison today faced another gruesome task, the execution of Delbert Green, 21-year-old confessed slayer of his wife, her mother, and her step-father.

Green yesterday chose this mode of death when offered his choice of death by shooting or hanging, in accordance with the state laws. He appeared unmoved at the question and selected the firing squad, which has most of the approximately 30 prisoners given such preference since the passage of the legislation.

Execution was set for May 17 by District Judge E. Pratt, holding court at Farmington. Previously the judge passed the death sentence, which was mandatory, and overruled a motion for a new trial.

Green followed his wife to her mother's home near Layton, Utah, last January and after she had refused to return with him to their home at Ogden, shot and killed her and her mother as they lay in bed with his infant child, and then killed his father-in-law who also was his uncle. The baby, together with Green's 9-year-old sister-in-law and his aged grandmother, escaped.
