## MOORE GIVEN HEARING AT LOBBY PROCEEDINGS

### Personal Representative of Huston Tells of Stock Transactions.

Washington, March 21.—(AP)—Going further into the \$36,100 which Claudius H. Huston, chairman of the Republican national committee, collected from the Union Carbide Company, the Senate lobby committee today heard W. E. Moore, Huston's personal representative, testify that he bought and sold stocks with the money at Huston's direction. Huston had previously testified he did not know that part of the \$36,100 had been used as margin for stock purchases until he heard Charles A. Krick, member of the brokerage firm of Blyth and Bonner, give the information to the committee.

The money collected from the Carbide company was given to Huston for the Tennessee River Improvement Association, which has interested itself in Muscle Shoals legislation.

The Senate lobby committee, which began to delve into the affairs of the Improvement association in connection with its Muscle Shoals activities, summoned Huston, a former president of the association, after his name had been frequently mentioned in testimony by other witnesses. It decided to go further into the Union Carbide funds after it had learned that the money had been deposited to Huston's personal account with Blyth and Bonner.

Fred H. Hanson, president of the Union Carbide Company when he took the stand today said his company was interested in the American Cyanamid Company's bid for Muscle Shoals because it had a contract to obtain 50,000 horsepower if the bid were accepted. The Tennessee River Improvement Association has advocated compliance of the Cyanamid bid. Huston testified yesterday that the \$36,100 was in return for maps and other data on surveys of the Tennessee river sold to the Carbide company by the Improvement association.

Hagerson said today that he gave the money in response to an appeal by the Republican chairman but said he would not say that "we bought" the maps adding, "I believe it was a consideration for the money we gave."

Senator Blaine, Republican, Wisconsin, said, while Moore was on the stand, that the records produced for the committee by Blyth and Bonner showed that when the \$22,000 deposit was made there was a deficit of Huston's account of \$19,000.

In addition, Senator Walsh, Democrat, Montana, said that on June 25 when the \$14,100 deposit was made there was also a deficit in a Huston account of \$39,500.

## Strange Paralysis Mounts in Kentucky

Louisville, Ky., March 21.—(AP)—As the number of cases of partial paralysis believed by Kentucky health officers and physicians to be caused by drinking adulterated Jamaica ginger mounted today to 50 or more, hops for a scientific diagnosis of the puzzling malady gathered here.

Several of the victims are being brought to the Louisville city hospital immediately and will be isolated for medical and neurological investigation. Meanwhile samples of the "Jake" as the widely distributed mixture is called, are being analyzed.

Dr. L. Terrell, Corbin, where there are more than 100 cases, said he had one brand of ginger analyzed at Atlanta and was told it contained industrial instead of pure grain alcohol.

Supplies of ginger have been traced to New York, St. Louis, Cincinnati and Tennessee points.

## Former Minister Held in Rum Case

Oklahoma City, Okla., March 21.—(AP)—C. L. Thoroughman, who left the Methodist ministry in 1923 to become a federal prohibition agent, today was held under \$5,000 bond on a government charge of operating a still.

The former minister, who resigned from the government service last July, was arrested last night in a raid four miles south of Lawton. Bee Demobrum, a deputy prohibition administrator, said that Thoroughman was found in charge of a moonshine plant. A large still, 70 gallons of liquor, and an automobile and several fire arms were seized.

Roy St. Lewis, United States district attorney, announced the prisoner admitted ownership of the still.

## Graf Zeppelin To Begin S. A. Flight Sometime in May

Friedrichshafen, Germany, Mar. 21.—(AP)—Captain Earnst Lehmann today told the Associated Press that the take-off of the Graf Zeppelin on its South American flight would take place between May 10 and May 15. He said the return would be made by way of Lakehurst, N. J.

The projected itinerary is from Friedrichshafen to Seattle, Rio Janeiro, Pernambuco, the West Indian Islands, Havana, Lakehurst and Seville and Friedrichshafen.

## Fire Destroys Peanut Factory at Scotland Neck

Scotland Neck, N. C., March 21.—(AP)—Fire early today destroyed the plant of the Columbia Peanut Company here. The loss was estimated by W. A. Allmona, manager of the plant, at \$50,000.

The flames were discovered on the fifth floor and spread rapidly through the building, which was filled to capacity with peanuts.

The Scotland Neck fire department appealed for aid from Tarboro but despite the additional fire fighting equipment the building could not be saved.

The flames spread to a nearby warehouse which was virtually destroyed.

The home office of the Columbia Peanut Company, which operated the branch plant at Scotland Neck is located at Suffolk, Va.

## Ten Communists Held in Mexico

Mexico City, March 21.—(AP)—Police last night arrested ten communists after a demonstration in the downtown district. Among those arrested were two men who had just been released after arrest weeks ago on suspicion of implication in the attempt against the life of President Pascual Ortiz Rubio, February 5.

Police confiscated numerous banners demanding resumption of relations with Soviet Russia and demanding a war on "Yankee imperialism."

## RELIEF WORK IS CONCLUDED IN THIS CITY

## Public Subscriptions To Emergency Relief Campaign Given at \$6,500

Greenville people contributed a total sum of \$6,500 to the relief of the poor people of the community during the emergency relief campaign which came to a close several days ago, according to a report of the Social Service Council made public today.

"Every deserving case was taken care of," the report stated, "but this would not have been possible without the generous support of the public."

The relief was conducted through a commissary on Dickinson Avenue following investigation made of the needy cases by K. T. Futrell, director of public welfare and social workers of the council. Hundreds of people who would have gone hungry had it not been for the generous donations of the public were provided with proper clothing and fuel through requisitions issued by Mr. Futrell upon Dr. Carr who had charge of the commissary.

The statement of the Council committee, signed by E. G. Eganagan, chairman, and J. H. Waldrop, secretary, follows:

"The work of the Social Service Council, which organization has been responsible for most of the relief work done in Greenville since the relief drive in the past few weeks has been completed, and all agencies connected with its activities with the exception of the executive committee have been relieved of any further duties.

This organization began to function in a small way just prior to the Christmas holidays. The purpose of the organization at that time was to provide if possible some Christmas cheer for the poor unfortunate of the community by furnishing food, fuel and clothing for hundreds of families that were found to be in destitute circumstances.

Following the holiday season it was discovered that we had hardly scratched the surface in what was necessary to be done in relief work. Appeals began to pour in to various agencies which had worked co-operatively in the activities of the Social Service Council. Then it was realized that reorganization was necessary to meet the emergency, and efforts were put in motion for work on a much larger scale than had been attempted heretofore.

This first step taken was the establishment of a commissary from which was issued food, clothing and fuel. Its operation was under the supervision of those capable of conducting such in a conservative way, and scores of families have been fed and clothed from the time of opening of the commissary up to its close this week.

Solicitors and various other committees rendered a great service. Including numerous contributions of clothing, food and fuel there was approximately \$6,500 raised, and every deserving case was taken care of, which would not have been possible had not the response for funds been so generous.

Now that the work is completed, we the undersigned, serving as a special committee from the executive committee wish to express to all our sincere appreciation for the splendid support given the campaign. We especially wish to thank Mr. K. T. Futrell, Dr. R. L. Carr and ladies from various organizations for the active service they rendered.

## SENATE AGAIN DECLINES TO TAX GASOLINE

### Measure Defeated for The Fifth Time Today by a Vote of 38 to 37.

Washington, March 21.—(AP)—After the Senate today had refused for a fifth time the tariff on oil and gasoline.

The vote was 38 to 37.

The vote was on a proposal by Senator Pine, Republican, Oklahoma, to levy a duty of 40 cents a barrel on crude oil and 20 per cent ad valorem on petroleum by-products, all now on the free list.

The same amendment was defeated, 32 to 28 Wednesday night and again last night without a record vote.

Amendments by Senator Thomas, Democrat, Oklahoma, for rates of \$1 and 50 per cent, respectively on oil and by-products, were defeated by more decisive votes previously.

It was the closest the oil advocates came to getting their tariff.

Nine Democrats voted with 28 Republicans for the duty while 17 Republicans and 21 Democrats opposed it.

The fifth attempt for the oil duty brought an attack from Senator Ashurst, Democrat, Arizona on its sponsors. The Arizona return was accomplished by Vice-President Curtis for using severe language.

Before the roll was taken Ashurst protested against the sudden revival of the attempt for the oil tariff last night by Senator Pine.

"When I was at the bar," said Ashurst, "studies such as have been employed here in oil would have been severely censured. I do not question the good faith of the tariff proponents but it is extremely bad taste and bad manners to call up an amendment of that kind after Senators have gone home to a sick bed believing the oil matter settled."

After the roll was taken, Ashurst inquired if another attempt could be made for the oil duty and added, "I must Senators hold themselves at arms length as if were were the cause of thieves."

Vice-President Curtis ruled that the oil amendment could be brought up again if modified. He then admonished the fiery Arizona Senator for "the language he had used."

"I thank the chairman" responded Ashurst with a bow. "The Senate will be on guard."

## Taft Left Estate Valued at \$475,000

Washington, March 21.—(AP)—A petition for the probate of the will of the late William Howard Taft showed the former President and Chief Justice left an estate valued at \$475,000.

As filed recently by Mrs. Taft, the petition for probate showed Murray Bay, Quebec, Canada, and Mr. Taft owned real estate near Murray Bay, Quebec, Canada, and the mansion on Wyoming avenue in Washington together estimated to be worth \$125,000.

The former Chief Justice's personal estate, comprising stocks, bonds and personal effects was estimated at \$350,000.

Mrs. Taft added that his debts, including the expenses of funeral would not exceed \$3,000.

She told the court also that the subscription of \$10,000 to Yale University mentioned by Mr. Taft in his will, had been paid during his lifetime. Likewise he had paid the \$2,500 to the Taft school, founded by his brother, Horace Taft which was mentioned in a codicil.

## C. S. Carr and Son Injured in Wreck Near Murfreesboro

C. S. Carr and son, C. S. Jr., were injured when the automobile in which they were riding turned over near Murfreesboro this morning, according to information reaching Greenville this afternoon.

They were enroute from Norfolk to Greenville, but were returned to Norfolk where Mr. Carr was placed in a hospital for treatment.

Mr. Carr's injuries are said to consist of a fractured knee arm and rib. His son's injuries were of a minor nature.

The accident is said to have been caused by a blow-out, which caused the car to turn over before it could be brought to a stop.

## Says Appeals For Charity Increased 200 Percent In New York In Six Months

Washington, March 21.—(AP)—Holding unemployment conditions in New York State were comparable only with those of 1914, Miss Frances Perkins, industrial commissioner of the state, today testified before a Senate committee that appeals for charity have increased 200 per cent in the past six months.

She said such an increase in appeals was an indication of a condition in her opinion was "staggering and shocking."

Miss Perkins was the first witness as the committee resumed its inquiry into the unemployment situation. Chairman Johnson has described the hearing as a search for the "truth" about those out of work.

The increase in appeals, she asserted, represented requests from "families in need as the result of unemployment, and it does not include appeals from unemployable persons—these who from sickness or other cause would not be expected to be employed."

Ereod lines have increased in size, Miss Perkins said, but added that these "more dramatic" evidence of distress were not so dependable as the statistics that have been collected by the labor department which she is connected.

Under questioning the witness suggested that the "first need" to relieve the situation was long-time planning in industry.

"Unemployment can be made to disappear from American industry," Miss Perkins said. "We have solved other problems. The infant mortality rate, that reigned on act of God a few years ago, has been met, and we have stamped out scrofula. I believe we can reduce unemployment in our industrial structure to a degree at which it would be negligible."

Senator Couzens, Republican, Michigan, who conducted an investigation of unemployment conditions up to January of last year, asked what could be accomplished if a Federal planning agency, such as has been proposed by Senator Wagner, Democrat, New York, were set up.

"There is everywhere a disposition to plan far ahead in industry" responded the witness.

Many industries, she added, were seeking to spread employment over a regular period instead of hiring a great number of workers for a brief period and then discharging them.

Miss Perkins said that evidences of suffering from unemployment in New York are much "more striking" now in view of the public's present disposition to give to charity agencies. In 1914, she said, this was not the case, and evidences of suffering were more obvious.

Consulting an index of labor published by the labor department of New York, Miss Perkins said that about 140,000 factory workers are unemployed. She made the estimate in response to questions from the committee explaining "we have steadily refused to make an estimate of unemployment because we know that it would be but a guess."

The figures for factories, she said, was an estimate. There is greater unemployment, relatively, in building trades, she added and "there is

## HOGAN MAKES RINGING PLEA FOR OIL MAN

### Defense Counsel Asks For Acquittal of Doheny as Trial Draws to Close.

Washington, March 21.—(AP)—The trial of Edward L. Doheny on a charge of bribery drew near its end today with Frank Hogan for the defense making a ringing plea for the acquittal of the 73-year-old multi-millionaire.

The courtroom was packed and long lines of persons waited outside in the hope of admittance. Doheny sat at the counsel table with his back to the spectators. He listened attentively while Hogan asserted that all the evidence showed that the \$100,000 that Doheny gave to Albert B. Fall, former secretary of the Interior, was simply a loan from a wealthy man to an old friend in need.

Fall has been convicted on a charge of receiving a bribe from Doheny but the latter seemed placid and assured as Hogan reviewed the details surrounding the contract to build oil storage tanks for the navy at Pearl Harbor, Hawaii.

This contract which finally resulted in the lease of the Elk Hills naval oil reserve to a Doheny company, gave a concern headed by the wealthy oil man preference to the Elk Hills lands. The government charges that Doheny and Fall carried on the Pearl Harbor negotiations with a view to giving the Elk Hills lease to Doheny interests.

Mrs. Doheny, the defendant's wife, who has been with him during his long sojourns in court rooms in cases growing out of the oil scandals during the administration of President Harding, sat today in the second row of spectators where she had an unobstructed view of the jury, counsel and her husband.

Doheny bowed his head during the morning session when Hogan mentioned his dead son, Edward L. Doheny, Jr.

## Attempt to Stall Further Delay on Road Bond Activity

Columbia, S. C., March 21.—(AP)—A bill designed to prevent further litigation in connection with the \$25,000,000 state highway bond issue was passed in the House of Representatives late last night. It had previously been passed in the Senate.

The bill required that any person bringing suit against the state on bonds issued or to be issued shall put up bond sufficient to cover any damages resulting from the action and that in no case shall it be less than \$25,000. The provisions are made to apply to any pending suit.

Representative Johnson of Spartanburg, candidate for Governor on an Anti-bond issue platform, announced he would start suit immediately contesting the legality of the bond. A block of \$100,000 of the bond is scheduled to be sold today. Suit was instituted in Columbia this week testing the legality of the bonds in today's proposed sale.

The state circuit courts, the state supreme court and the United States supreme court have ruled the act is legal but opponents of the bond issue have continued to fight the act.

## Tear Gas Bomb Brings End To Textile Meeting

Elizabethton, Tenn., March 21.—(AP)—A tear gas bomb hurled through a rear transom into an assembly hall of the United Textile Worker of America last night, broke up a meeting of 200 union strikers.

The bomb was believed to have been stolen from supplies of officers here.

The strikers, who walked out of the Bembury and Glanzstoff Rayon mills about three weeks ago, said the bomb came through the transom from an alley in the rear of the building, went over their heads and landed at the front of the hall.

## Missing Child With Father

Maxton, N. C., March 21.—(AP)—Mrs. Annie Deare Phelps has received word from her estranged husband, B. B. Phelps, at Miami, Fla., saying he has their son, Viktor, who has been missing since Monday.

Mr. Phelps said he picked up Viktor when the boy was going to school and took him to Florida. Mrs. Phelps had been awarded the custody of the boy.

A search was started Monday when the child disappeared.

## Chicken Thieves Remanded to Jail After Trial Here

Charged with stealing chickens from Dr. Morrill at Falkland, three negroes, Alton Diggins, James Moore and Henry Smith, were held in the Pitt county jail here today in default of bond awaiting hearing at the next session of county court.

The defendants were given preliminary hearing before Magistrate R. A. Tyson, Jr., yesterday afternoon and were remanded to jail when they failed to provide bond. They were arrested in Washington where they were captured after disposing of the chickens. Sheriff Whitehurst and Constable Gus Stokes were the arresting officers.

The thieves were alleged to have stolen eighteen hens, all of fine stock, and immediately made their way to the Beaufort county capital to enjoy themselves with the proceeds obtained from the sale.

# STATION WINS HARD FOUGHT LEGAL BATTLE

## Bethel Merchant Awarded Judgment of \$1,500 Against H. H. Simons.

H. V. Station, prominent merchant of Bethel, was awarded judgment against H. H. Simons, farmer of the Bethel community, by a jury sitting in the civil term of Pitt County Superior court here last night. The verdict, coming after six hours of deliberation, brought to an end one of the hardest fought legal battles heard in the court house in several years. It was the third time the case appeared in court the last few months, the first two hearings having resulted in mistrial when the jurors became hopelessly deadlocked.

The jury received the case yesterday afternoon about four o'clock and the decision was returned last night at 10 o'clock.

Station was suing Simons for an account of supplies which he furnished the planter during the production of a crop. Simons gave Station the usual kind of legal document required in such cases, and also gave his mother a similar paper. Both papers reached the Register of Deeds' office about the same time, and the problem that caused the three juries long hours of worry and indecision was "Which paper was legitimate?"

Clerks in the office of the Register of Deeds, and in fact, the Register of Deeds, himself, testified that Station had filed his paper one afternoon, and that the instrument had been carried around in the pocket of an official until next morning before filing.

In the meantime, however, witnesses for the defendant, testified that they went to the office of the Register of Deeds next morning to determine if the Station paper had been filed for registration. They said it had not, and the paper of Mrs. Bettie Simons was immediately entered for filing.

"Which paper was actually filed first?" Three times the question went to juries in three separate terms of court, and twice they failed to find an answer. But yesterday the jury decided not to be downed by a question of such import, and continued deliberating until they determined that Station actually recorded his paper first.

The original sum sued for by Station was \$2,500, but it was decided to reduce the amount at a former hearing.

The case attracted considerable interest from the Bethel community, and the court room was fairly well crowded each time the action came up for consideration at the different sittings of the court. Both sides were represented by a great array of legal talent and much testimony was presented by both the plaintiff and defendant.

### Two Men Escape From Jail After Shooting Guards

Montgomery, Ala., March 21—(AP)—Thomas Barnes, one of two prisoners who made a break from Speigner Prison early today was killed in a gun battle with county officers near here shortly before 10 A. M. today. Reports at the county jail gave no information concerning Lee Hudkins who accompanied Barnes in the dash for liberty.

Speigner, Ala., March 21—(AP)—Two guards at the State penitentiary were shot and seriously wounded here early today by two prisoners who opened fire with pistols as shifts were being changed at the prison cotton mill.

In the confusion that followed the shooting, both convicts fled through the prison gates and escaped.

B. F. Baltzer and J. D. Richardson were the guard shot. The prisoners, Lee Hudkins, serving a two to three year sentence and Tom Barnes, serving a 355 year sentence for bank robbery, stepped from the line and opened fire without warning.

Four bullets struck Baltzer and one struck Richardson. Draper said he had begun an investigation of the prisoner's possession of weapons.

Blood hounds were brought here from Killy prison to trail the fugitives. Prison officials were of the opinion that the prisoners had an additional supply of cartridges.

### Dancer Sues For Breach of Promise

Los Angeles, March 21—(AP)—A marriage contract signed two years before Etylin Gibson, former Follies dancer, was divorced from her first husband, is included in a suit by the dancer against Leon Glaser, wealthy broker, asking \$350,000 damages for alleged breach of promise.

The contract was signed by Glaser and Miss Gibson before a notary public November 5, 1926. Miss Gibson was divorced from Billy West screen comedian in 1923. Suit was filed yesterday.

In the contract, entered in legal phrase, Glaser is alleged to have promised to "love, worship, honor, respect, cherish forever Etylin Gibson, to the end of eternity."

Mr. C. F. Redlich, the successful expert says:

"The 'Rupture Retention Shields' hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by Rupture promptly disappear.

Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly, which heretofore never had been retained.

No elastic belts nor filthy leg-straps are used.

I guarantee the durability of my absolutely sweat and moisture proof sanitary appliances.

75 per cent of ruptured children recover completely through expert mechanical treatment according to statistics.

### No Word Received From Missing Man

Sylvia, March 21—(AP)—Efforts to locate the Rev. W. T. Hawkins, Methodist minister of Cashiers, this county, continued Friday. Mr. Hawkins has been missing since he left his home Tuesday afternoon to find his cow.

Lake Cashiers was dragged Thursday in the belief that the missing man might have fallen into the water in the darkness of Tuesday night, but no trace was found.

Friday preparations were being made to drain the lake, a process that will require two or three days it was said.

There is considerable opinion since the lake was dragged Thursday, that draining the lake will prove fruitless, and Friday searching parties continued their search of the surrounding rugged mountains.

### Police Halt Riot Between Negroes And White People

Chicago, March 21—(AP)—Several squads of police halted a riot between negroes and whites on the south side last night, just a block from the University of Chicago campus.

### Kentucky Assembly Censures Governor

Frankfort, Ky., March 21—(AP)—A stormy sixty-day session of the Democratic-controlled Kentucky general assembly came to a noisy close early today, a few hours after both branches had passed a resolution of censure of the Republican Governor Flem D. Sampson, and the latter had charged that the terms of two appointments he had sent to the Senate had been fraudulently altered.

The legislature overrode every one of the Governor's vetoes, and enacted bills that put out of office the highway commission and the text book commission.

Over a veto it voted to accept the \$230,000 offer of former Senator T. Coleman Dupont to buy Cumberland Falls and present it to the State for a park, and enacted a graduated tax on the gross sales of retail stores, declared to be directed at chain stores.

This measure the Governor signed.

**MOVING PICTURE TO BE SHOWN FREE OF CHARGE AT WHITE'S THEATRE**  
Members of the Mystic Shrine of Greenville locality have arranged to show that heart-grIPPING drama, "An Equal Chance," a Metro-Goldwyn-Mayer production, which, in addition to being highly entertaining, gives a graphic exposition of that great and unique charity in behalf of crippled children which is being carried on by the Shriners of North America.

Admission is entirely free and no collection will even be mentioned. Everybody will be welcomed. All members of the Masonic fraternity, and especially all Shriners, are urged to see this picture.

Show will be started promptly at 2:30 p. m., next Sunday, March 23, at White's theatre in Greenville.

This is the second time the picture has been shown in Greenville.

**MRS. M. L. WRIGHT HOSTESS TO THE COLLEGE DAMES**  
An afternoon bridge party was enjoyed by members of the Teachers College Dames on Tuesday afternoon when Mrs. M. L. Wright entertained the club and several guests at her home which was most attractive with many lovely spring flowers. The living room, reception hall and sun parlor opening into each other was an ideal place for the five tables of bridge. The St. Patricks motif was carried throughout the afternoon beginning with the score cards and green hats filled with green and white mints on each table. When the games were ended, Mrs. R. H. Wright held high score and was presented a green bath towel. Mrs. H. J. McGinnis held low score and was given a deck of cards. The Tea table prizes which were St. Patricks Day favors were cut by Mrs. A. A. Henderson, Mrs. C. W. Porter, Mrs. Marianne Murphy, Mrs. J. B. Cummings and Mrs. Lott. A delicious salad course was served by the hostess and Mrs. M. K. Fort.

The guests for the afternoon were Mrs. C. W. Porter, Mrs. Lott, Mrs. Murphy, Mrs. A. A. Henderson, Mrs. B. W. Ginn and Misses Morton, Wagall and Hyman.—Reported.

Mrs. E. A. Griffin entertained a number of little guests yesterday at her home in Goldsboro, honoring her nephew, Master David J. Wichard, III, of this city. The guests enjoyed a number of games. Tables decorated with Easter chickens were placed on the lawn. An ice course and candies were served. A birthday cake decorated with Easter chickens and three burning candles was enjoyed. Those attending from Greenville were Masters David J. Wichard, III, Jack Wichard, little Miss Elizabeth Bridgers and Master Charles Taylor Pace.

**Mrs. Moore III**  
Friends of Mrs. T. I. Moore will regret to learn that she is ill at her home on Paris Avenue.

**WOMAN'S CLUB OF FARMVILLE MEETS IN REGULAR SESSION**  
Farmville, March 19.—The Woman's Club held its regular March meeting at the home of Mrs. J. N. Wheless. Many lovely flowers were arranged in the library and living room.

The president announced the State Federation meeting in Pinehurst and discussed the yearly report, the best piece of work being the starting of a public library, which was sponsored by the Art-Literary department. Communications from state officers concerning activities of interest to the club were read and voted upon. Reports of the different chairmen were heard and approved. The following officers were re-elected at this time: President, Mrs. J. B. Joyner; first vice-president, Mrs. Annie Perkins; second vice-president, Mrs. L. P. Thomas; recording secretary, Mrs. W. H. Nance; corresponding secretary, Mrs. G. A. Jones; treasurer, Miss Tabitha De Visconti; bulletin reporter, Mrs. J. M. Hobgood.

The interesting program, arranged by the Art-Literary department was as follows: a paper, "The Selection and Arrangement of Pictures in the Home," by Mrs. J. W. Harrell; a talk with illustrations, "Pictures We Should Know," by Miss Annie Perkins. Mrs. Haywood Smith and Mrs. W. H. Nance served a refreshing beverage and salted nuts after adjournment.

**DEMONSTRATION CLUB OF WINTERVILLE TO MEET**  
The March meeting of the Winterville Home Demonstration club will be held on Tuesday afternoon the 25th at 2:30 o'clock at the home of V. T. Corey, Dr. R. L. Carr, of Greenville, will be present and address us on the subject of "Home Loans." Then, too, we are to have a plant exchange. If you have any seeds, plants, or shrubs that you do not need please bring them along and exchange with friends.

Please do not forget to take your "year book," also a pencil and note book. A large attendance of both members and friends is expected.

**NOTICE**  
To the members of the Memorial Baptist church who are expecting visitors for the convention, wish to say, we are planning to help you take care of them, so far as cats are concerned.  
Attend the services, and eat at Mrs. Parkerson's Dining Room, Dickinson Avenue.  
"Your Patronage Appreciated."  
"We Serve to Serve Again"

**MRS. R. J. SLAY ENTERTAINS A. A. U. W.**  
The Greenville branch of the A. A. U. W. met with Mrs. R. J. Slay on Thursday afternoon, March 20 at her home on Eighth street. As the guests arrived they were served tea, pastry puffs and wafers. Mrs. E. L. Henderson poured tea. Mrs. Hillman, the president, presided. The roll call showed that only a few members were absent. Quite a lot of business was transacted, the two most important being the discussions of the plans for the College Day which is to be held at the high school on April 11 under the direction of this branch and the plans for the day on which Mrs. Chase Going Woodhouse will be a guest of the organization. Plans for next year's programs were discussed and turned over to the program committee of which Mrs. S. J. Everett is chairman. The program for the afternoon proved most interesting. Mrs. Everett discussed the eligibility and membership rollings of the national association, telling of its organization in 1882 and that then as now its foremost objects were the development of opportunities for higher education for women and the creation and maintenance of higher standards in those institutions admitting women students and as a means towards these ends, membership is restricted to alumnae from those colleges which meet certain requirements specified by the association. She read a list of the Southern colleges which are meeting these and those which are working towards admission. Miss Catherine Cassidy told of the present legislative acts which are being favored by the A. A. U. W. The time and place of the next meeting will be announced later.—Reported.

**MRS. HALL HOSTESS TO SANS SOUCI CLUB**  
On Tuesday afternoon Mrs. W. L. Hall delightfully entertained the members of the Sans Souci book club at her home on Fourth street. Spring flowers added their happy note as decorations and the friendly charm of the hostess made this one of the most enjoyable meetings of the year.

The roll call showed several members absent on account of illness, whereupon a committee was appointed to remember them with flowers from the club.

Much business was hurriedly dispatched and the books passed, to give place to a beautiful paper prepared by Mrs. Key Brown, on "Plays in the Making."

In the absence of Mrs. Brown the paper was read by Mrs. M. K. Blount in her own forceful style, impressing all present with North Carolina's place in the world of folk plays. It is interesting to note that in Chapel Hill, we have the first state supported theatre in America, devoted to the development of native drama. Also that Maxwell Anderson—in the New York World, says Professor Koch has lifted an independent banner in what New York concedingly refers to as the provinces, and his work is likely to be of more moment in the history of drama in the United States than the work of all the manufacturers and importers of theatrical novelties who are famous as producers in this city.

After the program—current events were discussed, and among them the club felt proud to give place and appreciation to Doctors Coffey and Humber in their cancer research work.

The meeting was then turned over to the hostess, who served a delicious salad course, topped it off with some of her very best cake, after which the club adjourned to meet next with Mrs. Carey Warren.—Reported.

ABOUT TOWN

The pre-school clinic to be conducted by the Pitt County Department of Health during the months of March and April should receive the earnest co-operation of people in various sections of the county...

Component health workers will examine the children and determine if they are physically handicapped in any way. Recommendations will be made to the parents so that the child may be gotten in the best physical condition possible before entering school.

Books and clothing will be needed also but they are of minor consideration to the health of the child himself. It would be folly to attempt to educate a child physically handicapped as are hundreds in various parts of the county...

When the health workers visit your community, Mr. and Mrs. Citizen, see that you do your best to assist them and in that way insure better work in the educational life of your community.

It will be the first time the Baptists have celebrated a birthday in one hundred years and it is natural to suppose that they are planning a big time when they meet in Greenville next week to observe their hundredth birthday anniversary.

The denomination has many things to be proud of over that period of one hundred years of service, and if they determined to point out every single achievement they would be here two or three weeks. Two days is a mighty short time for such an important gathering, and every minute should be crowded with something interesting.

The latest leased wire news service from all parts of the world is what the Reflector offers its readers each afternoon. It is a service not many towns the size of Greenville enjoy, and few towns several times the size of Greenville.

These reports cover every branch of human activity, and are described in a way that supplies the reader with every important fact. The stories are compiled by the most expert men of the profession, and should be easily and quickly digested by the interested reader.

The Reflector news service is the fastest known to present day science. It is flashed into this office at the rate of fifty words a minute, eight hours a day, and if put into print, would fill a paper several times the size of the edition used each day.

If you are not one of the hundreds of Reflector readers, why not subscribe right away and get in line for interesting evenings during the hot summer days just around the corner.

Greenville people have been urged to support the Boy Scout movement in order that the youngsters may be inspired to become one of the greatest units in this part of the state.

Although the local unit is one of the youngest of this section, it is considered one of the strongest, and will become even stronger should it be given the proper support from the public.

It is useless to say what the Scout represents. Everybody should be familiar with their activities in the interest of rendering some outstanding service to their fellowman each succeeding day.

There is no reason why Greenville should not have the best organization of Eastern Carolina. She has the boys and the kind of men necessary to put across work of this kind. What is needed more than anything else is public support and it is believed this will be given freely when the people really understand what the Scouts are after.

If your boy is not a member of this organization, why not interest him in joining and in that way lining himself up for law and order, for representing ideals that are necessary to develop sturdy youth into strong, reliable men?

BUNNY PLEDGES SUPPORT IN BEHALF OF TAX RELIEF

(Editor's Note: This is the second reply from legislative candidates to our request for their stand on certain issues that will come before the next session of the General Assembly.) Greenville, N. C., March 21, 1930. The Daily Reflector, Greenville, N. C. Gentlemen:

I take pleasure in answering the questions to legislative candidates in your issue of Tuesday, March 18, 1930 relative to taxation. Taxation will be the major problem before this General Assembly, and the voters have a right to know where the candidates stand.

1st. If elected as a representative of the people of Pitt County, I would zealously seek passage of a statute repealing the law which now exempts stocks in foreign corporations from taxation.

Should this section be repealed, I favor and would work for, federal aid in the form of compelling the reporting by foreign corporations of the names of stockholders resident in this state, in order that all such property might be listed for taxation in this state.

2nd. I would insist on a revaluation of real estate that would reduce the present assessed values, realizing that real estate is now on the tax books at far above its value and is bearing more than its just share of the tax burden.

3rd. The establishment and operation of our public school system is a function of the state to be paid for by the state, in the contemplation of the section of the Constitution providing for same. In behalf of this I would exert my earnest efforts.

4th. If by the reduction of real property values it is found necessary in order to raise sufficient revenue to carry on the functions of the counties and the state, I favor and will support measures providing for a tax on luxuries.

These matters will come before this General Assembly and if elected, I assure you that they will not receive merely my passive and perfunctory support, but my active and zealous work, for in them and in the practice of rigid economy in government, lies the surest remedy for our present ills.

Yours very truly, WILLIAM J. BUNNY.

TAKES THE FARMERS' BURDEN

In a former article I advanced a few reasons why, in my opinion, a graduated land tax is desirable at this time to divert ownership of farm land from large landed estates and corporations to which it is gravitating, back to the soil tillers, who ought, by all means, to own a little home and farm.

In another article you saw one of my reasons for favoring a tax-free homestead exemption of \$2500. And the article preceding this one dealt, in a brief way, with the why and wherefore of a larger exemption from taxation of household and kitchen furniture.

As a rule the farming industry is an unprofitable business, yet a very necessary business to the life and progress of the people, regardless of occupation. Eliminate agriculture as a business equation in this country, and great will be the suffering of the nation.

Therefore, being the basic industry of the country, it behooves the taxing powers to forego doing anything calculated to oppress the individual farmer, who at this time is in distress and must have succor from somewhere.

And since the farming industry is so vital to the life of other businesses in the land, it is a duty we all owe to agriculture to see that oppressive taxes are not levied on our tillers of the soil. Therefore, let's be generous enough to give the poor farmer a tax-free exemption of \$500 on his farming utensils.

feeling like a different man.

"For years rheumatic pains would come and go, headaches worried me nearly all the time and nobody will ever know how I suffered with indigestion. I lost weight rapidly and finally became so rundown that I had to take to the bed and stay there for three weeks. I had about given up hope of ever being well when I found Sargon—and I honestly believe it saved my life. My appetite picked right up, all the old indigestion is gone, my headaches and rheumatic pains have disappeared, I have gained 7 pounds in weight and put in a full day's work every day. Sargon Pill got my liver to working right, regulated me perfectly and I feel invigorated and fine all the time."—Ernest Penland, Carolina Food Products Co., Asheville.

DAUGHTERS OF AMERICAN REVOLUTION HOLD MEETING

Farmville, March 19.—The Major Benjamin May Chapter, D. A. R., had as its March hostesses, Misses Helen and Hulda Smith, who charmingly entertained in the Rotary club rooms. Baskets of jonquil and other spring flowers were used as decorations.

Reports of the recent State Conference in Greensboro were given by the regent, Mrs. T. C. Turnage. Mrs. B. Streeter Sheppard of Raleigh, Mrs. U. H. Cozart of Wilson, Mrs. C. T. Dixon and Miss Evelyn Horton, each of whom discussed certain and distinct features of the meet.

The beauty and charm of colonial gardens were described and explained by Miss Mae Joyner in an interesting manner, and a lovely poem, "A Package of Seeds," by Edgar Guest, was read by Mrs. G. M. Holden.

An ice course proved most refreshing and sharmocks made appropriate favors. Besides the chapter members the hostesses had as guests; Mr. Ada Turnage Wood and Miss Mildred Wood of Bath; Mrs. W. D. Bryan and Mrs. Lancaster of Raleigh, guest of Mrs. D. R. Morgan.

CANDIDATES' CARDS

ANNOUNCEMENT

I hereby announce myself a candidate for re-election for Sheriff of Pitt County, subject to the action of the Democratic primary, June 7th, 1930.

If nominated and elected, I shall endeavor to enforce the laws to the best of my ability, as I have during my tenure of office.

Your approval of my past record by your support in the coming primary will be greatly appreciated. S. A. WHITEHURST

TO THE VOTERS OF PITT COUNTY

I hereby announce myself a candidate for re-election to the House of Representatives, subject to the action of the Democratic primary to be held June 7, 1930.

If nominated and elected, I pledge myself to work for the reduction of taxes on farm land and real estate, economy in state and county government, and do all in my power with justice to all to relieve the farmer of his burden of taxation. E. G. FLANAGAN

NOTICE OF CANDIDACY

Subject to the action of the Democratic primary on June 7th 1930, I hereby announce myself for re-election to the State Senate.

I am in hearty sympathy and agreement with any safe movement for the reduction of land taxes. During the past sessions of the General Assembly I have helped and aided in the passage of laws which have materially reduced land taxes in Pitt County. If elected, I pledge a continuation of my efforts in this movement. Your support will be appreciated. M. K. BLOUNT.

# CHICAGO SOX HOPEFUL FOR FIRST BERTH

By GALE TALBOT, Jr.  
Associated Press Sports Writer  
San Antonio, Tex., March 21.—(AP)—Possessing little strength that they did not have last year when they finished just one jump from the American league cellar, the 1930 Chicago White Sox are strangely confident and hopeful for a first division berth.

A different manager and a choice crop of rookies is the only real strength exhibited by the Chicagoans. The natural supposition would be that they are not quite ready to win a pennant. But the Sox, apparently, never heard of such a line of reasoning.

They are whooping it up for the likeable Donie Bush. There is a spirit, a spark in camp you can't miss. Even the continued presence of Art Shires, who it appears might be permanently absent, has helped to diminish their enthusiasm. The players, to a man, believe they are headed for the first division, and Bush is not the kind of fellow to let them differ.

"We've got a fine looking bunch of youngsters," said Donie. "It's too early to do any predicting, but I believe the boys are going to play some great baseball for me. I think it's safe to say we'll finish higher than last year. Improved hitting will do that."

Orders and approving legal—Except at first, where the veteran Bud Clancy has filled in for Shires during the Great One's prolonged correspondence with headquarters, the team looks at least as strong in every department as last year, and its pitching and hitting should show an improvement. Although a great spring batter, Clancy now can field as skillfully as he hit along with Shires for a full season.

In shifting Chalmers Cissell from short to second, Bush has solved his laystone problem. The expensive boy from the Coast looks like a "natural" on the right side of the diamond and is hitting the ball hard. His change of scenery, however, left a fine, large vacancy at shortstop, and that is where the real battle has raged.

Irving Jeffries, a grinning youth from Dallas, and Ernie Smith, up from Birmingham, are scrapping it out with Bill Hummerfeld, a hold-over, with no decision yet in sight. Both Jeffries and Smith hit over 300 with championship clubs last year and one of them likely will lead the nod, with Hummerfeld again expected for the utility role. Willie Kamm at third completes the infield. John Kerr, who held down second last year, finds himself in a precarious position.

Smead Jolly, a strapping slugger from San Francisco, who has hit around 400 regularly for several years, is the prize addition to the outfield. He reported late and has yet to prove that he can do big league pitching that way, but Bush expects him to break up a flock of ball games. Between him a regular trick in the pasture patrol are the fleet Carl Reynolds, John Watwood and Alex Metzler, regulars last year, and Jimmy Moore, George Blackberry and Dave Harris, three hard-hitting newcomers. Moore, who batted at a .364 clip for Dallas last year, appears the most promising of the latter trio, though he is nursing a broken finger at present.

Two youngsters from lesser leagues are being counted upon to bolster a somewhat wobbly mound staff. They are Vic Franzer, a real right hander whose pitching featured Dallas' drive to the 1928 Texas league flag, and Pat Caraway, a southpaw who compiled a remarkable record with Tepeka of the Western league.

## FIGHTS LAST NIGHT

Jacksonville, Fla.—Primo Carnera, Italy, knocked out Frank Zavita, Newark. (1)

Wilson, N. C.—Ad Warren, of Chapel Hill, N. C., outpointed Sid Terris, Mebane, N. C. (10)

Detroit—Bud Taylor, Terre Haute, Ind., outpointed Bat Battalino, of Hartford, Conn. (10); Title not at stake.

## THREE LIKELY STARTERS FOR DETROIT TIGERS

These three Tigers are helping keep Manager Bucky Harris happy in the spring training camp. Johnson and Stone are outfield fixtures and Rogell, a recruit from St. Paul, seems to have the short-stop berth clinched.

## SPORTS SLANTS

### Warren Defeats Sid Terris In Wilson Battle

Wilson, March 21.—(AP)—Another scalp, that of Big Sid Terris, dangled today at the belt of Addison Exum Warren, the Carolinas' heavyweight boxing champion.

The former University of North Carolina athlete slammed out a ten-round decision victory over Sid in a fierce battle held here last night. Add weighed 184-2 and his opponent 200.

A record-breaking crowd, upwards of 4,500 fight fans witnessed the battle, staged under American Legion auspices. Twice before the show began, crowded sections of the grandstands crumbled under their heavy burden, spilling several hundred fans on the floor.

The first time, two persons were slightly injured, and in the second "knock-out" a half dozen were lightly bruised and scratched. No serious injuries were reported, however, and the show went on as scheduled.

In a waterweight, a semi-final, tiger-like Cliff Wellons, of Fayetteville, took an eight-round decision from Frank K. O. Conway, Durham.

Both fights were full of action. Warren and Terris fought furiously toe to toe in the last half of their battle.

Add, a former collegiate boxing champion, is now making his headquarters at Durham and Chapel Hill. Sid lives near Mebane.

### Chat From the Training Camp

Fort Lauderdale, Fla., March 21.—(AP)—If Adoli Luque doesn't start a game this season he still will have proved himself invaluable to Wilber Robinson, manager of the Brooklyn Robins. Luque has done wonders this spring in coaching the young Dodger pitchers.

Bradenton, Fla., March 21.—(AP)—The New York Yankees are worried over waning of his. In recent exhibition games, they have been hitting with all their customary power but they've been unable to come through in the pinches.

Fort Myers, Fla., March 21.—(AP)—Manager Connie Mack is a bit worried about the world champion Athletics' pitching staff. "I'm satisfied that I've got good pitchers," he said today, "but what worries me is not enough good pitching. I've got no worries about Grove, Earnshaw and Walberg. But they need help."

Winter Haven, Fla., March 21.—(AP)—The Phillies roster of regulars is complete and Manager Burt Shotton wore a broad smile today. Fred Thompson, captain and second baseman, signed his contract yesterday and had his first workout with the team.

San Francisco, March 21.—(AP)

The probable batting order of the Pittsburgh Pirates in the opening game with Cincinnati April 15 at Cincinnati was made known today by Manager Jewel Ems.

Lloyd Waner will lead off, followed by Grantham, Paul Waner, Traynor in the cleanup position, Zehr, Comorosky, Bartell, and the battery.

Bradenton, Fla., March 21.—(AP)—Just when President Sam Breadon was feeling pleased over the increased fight and spirit displayed by his St. Louis Cardinals, he had to advise Manager Gabby to "keep 'em toned down a little."

Commissioner Landis reached Bradenton by phone yesterday and informed the proxy he didn't want the Red Birds to say unkind things to umpires. Brick Owens stopped the game Wednesday and chased all the extra players from the bench for talking too much.

West Palm Beach, Fla., March 21.—(AP)—Heinie Manush, leading hit maker of the St. Louis Browns, joined the stay-at-home today after signing a contract yesterday. Manush, who wintered here, has had daily conversations regarding the possibilities of his signing up, but wanted an increase over last year, which the Browns were reported unwilling to give.

New Orleans, La., March 21.—(AP)—Lew Fonseca, star first sacker and king pin in the Indians' at-

tack was in camp today reporting himself in good condition but unable to say whether he will be ready for the league's opener. Fonseca nursed a case of scarlet fever during the winter.

Orlando, Fla., March 21.—(AP)—The absence of hitting by the Cincinnati Reds in all but one exhibition encounter is not worrying Manager Dan Howley. He says the pitchers his men have been up against are among the best in the American league and most of them have been training longer than the Red batters.

## DOROTHY DARNIT

DOROTHY: I AM VERY PROUD OF MY ANCESTORS

YOU DON'T SAY SO

I CAN TRACE MY CLAN BACK TO THE FLOOD

AIN'T THAT NICE?

I NEVER HEARD OF THE NAME OF DARNIT GOING INTO THE ARK

OF COURSE YOU DIDN'T

MY GANG ALWAYS HAD BOATS OF THEIR OWN
