STATE BAPTISTS OPEN 100TH CELEBRATION IN GREENVILLE TODAY

Between Thousand And Fifteen Hundred People Attended Opening Session of Centennial Celebration of Baptist Convention This Morning; To Be Entertained At Banquet At College.

The centennial celebration of the North Carolina Baptist State Convention opened in Greenville this morning with between a thousand and fifteen hundred people from all sections of this and other states in attendance.

Numbers of prominent ministers, college presidents and laymen from North Carolina, South Carolina, Georgia, Virginia and Maryland were in attendance, bringing greetings from the states which they represent.

The closing session tomorrow will be featured by an address by Dr. A. C. Cree, of Atlanta, Ga., on the "Challenge of the Next Hundred Years," and greetings from other state conventions.

Despite a cold wind which whipped down from the north, the Memorial Baptist church was packed to overflowing when the convention met this morning at 10 o'clock.

It was expected that the crowd would continue to be augmented during the afternoon hours, but members of the entertainment committee expressed the opinion that they would be able to care for every visitor.

Rev. A. W. Fleischmann opened the convention by reading the third and fourth verses from the third chapter of Joshua. He read the Scripture from the Bible used by Elder Martin Ross, who has been designated the "Father of the North Carolina Baptist Convention" by reason of the fact that the organization had its inception in his versatile mind.

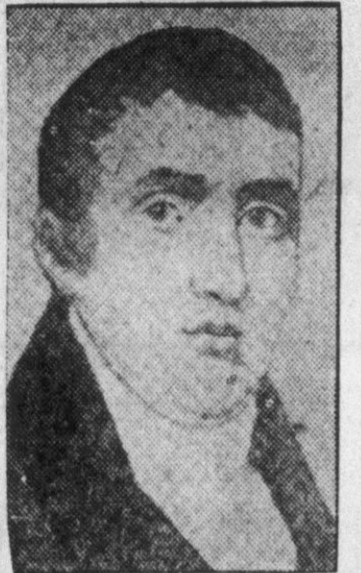

Upon the threshold of a new century we stand, and ere we traverse its unknown highway we would measure the achievements of the past; gather from them the inspiration they are so ready to give and move forward with precision upon this open road before us.

Other speakers during the opening session were Prof. John T. Alderman, Henderson; Dr. G. W. Paschal, Wake Forest; Judge T. M. Pittman, Wake Forest; E. P. Gaines, president of Wake Forest college; W. B. Edwards, of Murfreesboro, president of Chowan college; R. L. Moore, Mars Hill, president of Mars Hill college; J. A. Campbell, of Fule's Creek, president of Campbell college; Charles E. Brewer, president of Meredith college; J. B. Huff, of Wingate, president of Wingate college; J. B. Davis, of Bolling Springs, president of Bolling Springs college; Rev. William Louis Perkins, of Wake Forest, and Rev. Walter M. Gilmore, of Raleigh, recording secretary of the Baptist State convention.

Each of the college heads discussed the record growth of his institution, and the many facts they set forth indicated in a plain and convincing way that education had kept pace with the rapid

Revival of Security Pact Talk Causes Sensation at London Naval Conference

Father Of Convention

Elder Martin Ross, "Father of the Baptist Convention," whose Bible was used in opening the centennial celebration here today.

Although Discussion Still Surrounded by Mystery it was Believed That Great Britain May Have Offered Security Assurance to France.

London, March 26.—(AP)—Secretary Stimson and Prime Minister MacDonald conferred at the House of Commons this afternoon and it was reported that the premier told Mr. Stimson Great Britain was prepared to go ahead with a security pact for France.

Secretary Stimson, after seeing Prime Minister MacDonald, dictated a long report to President Hoover. It was said that the scope of the security pact would depend on what concessions France was willing to make in her naval tonnage figure of 724,000 tons presented to the conference as the French program.

London, March 26.—(AP)—The political aspect of the naval conference came strongly to the fore today as conference talk again centered on the possibility of some form of pact being evolved to break the Franco-Italian party deadlock and produce a five-power treaty.

During the day an abrupt and somewhat sensational change came over the face of naval conference affairs with the resumption of security pact talk as a means of working towards solution of the Franco-Italian differences which had brought the conference, at least in its five-power aspect, to a practical standstill.

It was the most important development for some time in the conference activities and was the subject of discussion in all conference circles to the practical exclusion of everything else.

Resurrection of the security pact talk at this time caused considerable surprise in headquarters, it having been assumed that this phase of the conference discussions was done with. Just how the matter was revived was still surrounded with mystery but impression prevailed that Great Britain may have offered security assurances to France.

It was thought that if such were the fact it might account for Foreign Minister Briand's hurrying back to London from Paris. One thing was abundantly emphasized, however, this was that the American attitude regarding a security pact even of consultative variety, had not undergone a change. It was stated in authoritative American quarters that while the Americans, as previously indicated, have no objections to entering a consultative pact as such they will under no circumstances enter any pact, even on a consultative basis, which invoked the United States in any way in commitments to material assistance.

In other words, if there should be any security pact in which the United States plays a consultative part, it would be stipulated and possibly written into the pact that the American obligations went nowhere beyond consultation. The British spokesman, when asked point blank whether any security offer had been made to France refused to confirm or deny that such an offer had been extended.

The funds will become available immediately. The measure was sent to the White House Monday after the Senate had received in three proposed amendments which would have increased the appropriation for federal buildings at Denver and Boston and provided \$3,000,000 for Porto Rico hurricane relief.

This was the first deficiency bill of the present session. It is expected that another such measure will be passed before adjournment, there frequently being two such bills during each long session.

Greensboro, N. C.—(AP)—W. A. Crawford of Goldsboro and his son, Charles, 14, were injured here when their truck, loaded with furniture, failed to clear an underpass, knocking them off the truck.

Great Shipbuilding Race Forseen Among Countries In Quest of Speed Record

Practical Joker Lands in Prison After Last Joke

Evansville, Ill., March 26.—(AP)—Harry Gordon, wisecracker and practical joker, has landed in jail.

Mrs. Gordon had him put there last night. For years, she said, she had endured the usual line of jokes and tried to smile when God-d-r admonished his friends not to take any wooden nickels. She had eaten salt for sugar, been squirted with water when she smelled fake roses and seen any number of cigars explode.

But last night he introduced a new one. Mrs. Gordon brought a girlhood chum out to the house and introduced her to the husband. He shook hands, looked the guest over quizzically, remarked that she needed a shampoo, and dragging her to the bathroom, gave her one.

That, Mrs. Gordon told police, was the last joke.

President Signs Deficiency Bill

Washington, March 26.—(AP)—President Hoover today signed the deficiency bill appropriating \$169,500,000 of which \$100,000,000 is immediately available to the Federal Farm Board.

Other items besides the Federal Farm Board appropriation, included \$12,000,000 for river and harbor work, and \$150,000 for the American delegation at the London naval conference.

The funds will become available immediately. The measure was sent to the White House Monday after the Senate had received in three proposed amendments which would have increased the appropriation for federal buildings at Denver and Boston and provided \$3,000,000 for Porto Rico hurricane relief.

This was the first deficiency bill of the present session. It is expected that another such measure will be passed before adjournment, there frequently being two such bills during each long session.

Fast Trip Made by Europa Spurs United States, England and France to New Efforts in Attempt to Wrest Record From German Speed Queen.

New York, March 26.—(AP)—The greatest shipbuilding race in history, in which four nations will attempt to wrest from Germany the honor of having the fastest steamship afloat, was forseen today.

Germany's hold on the mythical blue ribbon of the Atlantic was firmly clinched yesterday when the new North German Lloyd liner, Europa established a record of 4 days, 7 hours and 6 minutes from Cherbourg Breakwater to Ambrose Channel Lightship, entrance of the New York harbor, bettering by 18 minutes the former record established by her sister ship, Bremen.

However, ever since the Bremen took the speed championship from the Cunard liner Mauretania last July plans have been underway in Great Britain, France, Italy and the United States to build ships in the hope of carrying off the speed championship.

The United States lines have already submitted plans for two super-liners capable of maintaining an average speed of twenty-eight and one-half knots. Both ships will cost about \$30,000,000 each.

In Great Britain, the Cunard Line has completed plans for a ship of approximately 60,000 tons. In France, construction of a super-ship by the French Line only awaits enlarging of the St. Nazaire shipyard, while in Italy both the Navigazione Generale Italiana and the Lloyd Sabaudia have plans prepared for ships designed to make a speed of twenty-eight and one-half knots.

The Europa's average speed for her run was 27.91 knots, but for several hours she reached a top speed of 29.01 knots. She is of 48,740 tons. The Bremen is 51,656 tons.

Although Captain Niclaus Johnson declined to confirm predictions that the ship in calmer weather would be able to average 30 knots, he admitted he thought she would be able to do that better than her present record.

SAYS MORTALITY RATE HAS BEEN REDUCED BY DRY STATUTE IN U. S.

Eight Men Are Killed In Explosion In W. Virginia; Three Others Are Missing

Miners Trapped in Mine of Crown Coal Company at Arnettsville, W. Va., When Gas Causes Blast; Rescue Crews Still Busy This Afternoon

Arnettsville, W. V., March 23.—(AP)—Eight men were killed and three others were believed dead in an explosion that swept a section of the Yukon mine of the Crown Coal Company here today. Rescue crews were endeavoring to locate the three miners unaccounted for in a heading where the blast occurred.

None of the bodies was removed from the workings. One of the victims was the night foreman, J. H. Livingston. The others were not identified. Some of them were burned severely. The explosion, according to company officials, probably was caused by gas. There was no fire in the workings as the rescue men pushed their way into the mine.

Rescue crews of the United States Bureau of Mines from Avela, Pa., and state crews from Morgantown and Fairmont, were attempting to locate the missing men, but believed that all were dead.

Six bodies were removed this afternoon and were identified at the temporary morgue established at the mouth of the operations. Those identified beside Livingston were:

- E. N. Castell, motorman. Charles Jacobs, brakeman. Henry Willis, negro, loader. William Thompson, loader. L. H. Harvey, loader. J. Lewis Evans, superintendent of the mine, came here from Johnston, Pa., when he learned of the explosion. J. M. Cook, general superintendent of the Imperial Coal Corporation, of which the Crown Coal Company is a subsidiary, also arrived here.

NORTH DAKOTA PAYS TRIBUTE TO DEAD FLIER

Dignitaries of State Attend Funeral of Carl Ben Elieson at Hatton.

Hatton, N. D., March 26.—(AP)—North Dakota turned from its every day affairs today to pay high tribute to Carl Ben Elieson who had flown across the top of the world and amid Arctic wastes before he fell to his death last November in northern Siberia.

Dignitaries of the state, the townsfolk who knew him before the lure of the air took him to far off places and those who rescued his body from the relentless north incurred at the grave in a little cemetery where the flier was laid to rest, beside his mother.

All public business was suspended and schools closed, while the entire state observed a mourning period during the funeral. It was the first time in the history of North Dakota that a private citizen, who had never held high public office, received such honor.

The famous son of North Dakota was brought home to Hatton yesterday by his father, Ole Elieson, and a delegation of Canadian aviators who aided in reclaiming the body from the Siberian wastes. The elder Elieson was in Alaska when searchers found the bodies of his son and the aviator's mechanic, Earl Berland. Both died in an attempt to reach the ice-bound trading ship, Nanuk.

Eulogies and simple services marked the rites at St. John's Lutheran church, where the boy Elieson once worshipped. Amplifiers carried the orations to a throng outside the edifice, in which only 600 persons could be seated.

American Priests Freed by Lifting Communist Seize

Rome, March 26.—(AP)—The Propagation of the Faith, missionary organization of the Roman Catholic church, today received a cablegram from Shanghai reporting that eleven American priests at Kanchow, Kans., for whose safety there had been fears, had been freed by lifting of a Communist siege there. All were alive and well.

Dispatches from Shanghai yesterday said the plight of the American missionaries at Kanchow was serious. It was feared the Nationalist garrison would be removed, leaving the city open to ransack by the Chinese Communists who surrounded it. Previous Shanghai dispatches have said there were ten priests and six nuns in the city.

VANDENBERG SEEKS TARIFF COMPROMISE

Republican From Michigan Proposes Change in Flexible Provision of Bill.

Washington, March 26.—(AP)—A compromise on the flexible provision of the tariff bill, one of the main points of contention between the President, the Senate and the House, was proposed today by Senator Vandenberg, Republican, of Michigan.

The Senator is one of the administration leaders. In an open letter to Chairman Smoot, of the Senate finance committee, he suggested a plan that would give to both the President and to Congress the power to change tariff rates under the flexible clause.

Mr. Hoover has demanded that the present law giving the executive authority to modify tariff rates be retained. The Senate has amended the tariff act to give this authority to Congress alone. The House has retained the present law in its bill.

The controversy over the flexible provision threatened to be one of the biggest stumbling blocks in the way of an agreement between the Senate and House in the forthcoming conferences on the tariff. The Vandenberg proposal was looked upon today as offering a possible solution which might be acceptable to the Hoover administration.

John J. Lentz, of Columbus, Testifies at Resumption of Prohibition Hearing at Washington; Presents Findings of Seventy-seven Insurance Companies Since the Dry Laws Became Effective.

Washington, March 26.—(AP)—After a week's recess the prohibition hearings were resumed today by the House judiciary committee, with John J. Lentz of Columbus, Ohio, testifying that 77 insurance companies had found that the mortality rates had been lowered under the dry statute.

Before the hearings got underway F. Scott McBride, general superintendent of the Anti-Saloon league, announced that the dries would like to have at least two more days in which to complete their case.

He said, however, it had not been decided how long Chairman Graham desired the hearings to continue.

At the outset Representative Hadley, Republican, Washington, read a telegram into the record from J. J. Donovan of Bellington, Wash., defending the Dollar Steamship line from what he termed charges by Representative LaGuardia, Republican, New York, that liquor had been dispensed on the line.

Donovan wrote he had travelled on the Dollar steamships in different parts of the world and had not seen liquor used or dispensed aboard them. The telegram also praised Captain Dollar, the 86-year old head of the line, as a valuable citizen of the country.

Representative LaGuardia in response he would place into the record a report of the fines imposed upon the Dollar ships for violations of liquor and narcotic laws at the proper time.

"I want to show that men aboard the ship have disregarded the law," the New Yorker said. Lentz read from a prepared statement. He contended prohibition had saved the American people millions of dollars.

Lentz quoted former Premier Lloyd George about prohibition, in which the Britisher held:

"The abolition of the saloon is in part the cause of America's prosperity." The witness added that Methodists and other Protestants had repudiated the saloon and alcoholic beverages while the Catholic church, through some of its most noble leaders, has spoken against the liquor traffic.

"For instance," he went on, "the world famous Cardinal Mercier, of Belgium, spoke upon the subject in these heroic words: "Universal prohibition would save more lives than general disarmament."

He also quoted the Right Rev. James E. Cassidy, vicar general of the Diocese of Fall River, as having spoken "courageous language" in support of prohibition.

Plane Accident Claims Another

Wilmington, March 26.—(AP)—M. C. Thomason, who was injured when his plane crashed Sunday while he was instructing his son in flying, died here late last night.

The son died before he could be removed from the wreckage. Mr. Thomason, who moved to Whiteville from Cheraw, S. C., several months ago, received fractures of the leg, fracture of the skull and internal injuries.

STORM WARNING

Washington, March 26.—(AP)—The weather bureau today issued the following storm warning: "Advisory: Southwest storm warnings ordered 9 a. m. south of Atlantic City to Cape Hatteras and warnings changed to southwest north of Atlantic City to Boston. Storm of marked intensity over the lake region will be attended by strong southwest or west winds, probably of gale force at times during the next 24 hours at least."

Durham, N. C.—(AP)—R. M. Scott, of Greensboro has been named district governor of the Masonic club of the arholinas at a convention here. High Point was selected as next year's meeting place.

### WEST VISITED BY BLIZZARD; MUCH DAMAGE

#### Illinois, Ohio and Michigan Hard Hit By Cold; South Also Affected.

Chicago, March 26.—(AP)—Win-  
ter's echo faded away today in  
most of the midwest but its dying  
puffs breathed sporadic snows and  
remained cold.

Spring's return had many foes to  
squash—states covered with snow  
and slush, communication lines  
hampered by sleet, highways clog-  
ged with drifts and airplanes held  
in their hangars.

In the cities, large and small,  
people struggled throughout the  
day to make it possible for mil-  
lions to get to work this morning.  
Passable streets were gradually  
cleared, urban transportation lines  
were partially freed and suburban  
trains restored somewhat to  
regularity.

Shipping was held in port on the  
Great Lakes and waves still lugged  
heavy snowdrifts. In Chicago,  
the blizzard tore away at outer  
edges and seawalls, only recently  
freed from the winter rampages.  
In Milwaukee, the harbor master  
announced a resumption of renewed shipping  
tomorrow.

In Ohio, the blast raged on early  
today with a sleet storm that cen-  
tered over Toledo and blizzard in  
the central part of the state.  
Weather forecasters warned of  
more sleet in northern Ohio,  
but a general abatement else-  
where.

In Detroit, the snowfall had stop-  
ped but left a five inch covering  
over the city and surrounding area.  
Temperatures lowered to 23 de-  
grees. One death was added to the  
list when Stanley Baker, 35, was  
killed as he stepped into a  
hole at St. Louis, Mich. Through-  
out the night, 1,000 men were com-  
mandeered to clear Detroit traffic.

A peak of nature was the only  
weather bureau forecast for  
today. In the west and  
northwest of Chicago, the weather  
was expected to be as the Rocky  
mountains.

St. Louis, March 26.—(AP)—Snow  
drifts, sharp winds and bear  
temperatures have brought  
unpleasant weather to Dixie for  
the first time in weeks. Oyer-  
sight of the weather bureau  
forecasters was in vogue through-  
out the day and growers in a  
number of states expressed concern for  
the crop.

Mercury dropped to 28 in  
southern Virginia and a heavy  
snow laid on the ground for sev-  
eral hours last night in Bristol and  
in Memphis, Nashville and Knox-  
ville, Tenn. Thermometer read-  
ings last midnight gave Memphis  
20 degrees, Birmingham 26, and  
Charlotte 48, while Little Rock  
registered 32.

Slight damage to peaches was  
reported in Virginia and fruit men  
in northwest Arkansas feared bud-  
ding trees would be affected by  
temperatures in the low thirties.  
The familiar forecast of fair and  
warmer was issued for tomorrow.

#### Woman Held Currency Theft

For Springs, Ark., March 26.—  
The wife of Raymond Gallag-  
her, driver of an armored car who  
appeared in New York last Octo-  
ber with \$200,000 was held in jail  
today after authorities had  
found more than \$15,000 in cur-  
rency in the apartments of Mrs.  
Gallagher and a relative.

Gallagher was arrested at Pat-  
erson, N. J., yesterday, en route  
to his mother at Post Chester,  
Pa., and Mrs. Gallagher and  
her relative were taken into  
custody.

Two handbags belong-  
ing to the woman police said it  
aggregated \$20,000. They later  
made their estimate and placed  
the money in the city vault over-  
sight without determining the ex-  
act amount.

# ATHLETICS FAVORITES THIS YEAR

By ALAN GOULD  
Associated Press Sports Editor  
New York, March 26.—The Philadelphia Athletics have proved their 1929. They cannot capture the 1930 pennant on their 1929 record but on past performances alone, regardless of the prospect that they will be even better, Connie Mack's young men will start the American league pennant chase April 15 as overwhelming favorites.

So far as training camp dope and chatter may point the way the chief obstacles to a second straight victory by the A's are the revamped New York Yankees and rebuilt Detroit Tigers, each packing sufficient punch to make any opening pitcher groan.

As for the others, Cleveland and St. Louis figure principally as threats, involved mainly in a fight for a first division berth; Chicago and Washington as "dark horses," difficult to rate in advance; Boston, improved but still a rank outsider.

The Athletics finished the 1929 race 18 games ahead of the Yankees, 24 in front of Cleveland, 26 better than St. Louis, 35 ahead of Washington and 36 beyond Detroit. This left not the slightest room for argument. Since the boys who turned the trick for the veteran Connie Mack are all back on the thing line, many of them improved and all cheerful of confidence, there is not the slightest reason to doubt the strength of the world champions.

Mack, with better reserves and at least one fine new pitcher prospect in Leroy Mahaffey, is the only manager in the league to stand pat of his regular lineup.

The honorees of the Yankees under the new leadership of Bob Shawkey depend chiefly on how the outlying staff develops and whether two rookies, Ben Chapman at third and Dusty Cooke in left, measure up to big league standards. The former champions have the punch with Babe Ruth apparently in shape to earn his \$80,000 salary as the club's pace-setter.

The others, under Bucky Harris, are on picking candidates out of a team that has developed considerable better defenses to go along with its terrific batting power.

Both the Yankees and Tigers can match the A's hit for hit, but neither has yet developed a twisting staff able to hold its own with George Walsh, Earnshaw, Olin, Samuel, Shores and the other old-time curvers and smoke-ballers.

Cleveland, St. Louis and Chicago, on the other hand, have exceptional pitching strength. This is especially true of the Browns, who are handicapped by a distinct weakness at bat. The Indians, third last year, do a remarkable performance by veterans such as Fonseca and rookies such as Ferrell and Averill, have some heavy hitters but shaky infield. The White Sox, pepped up by Donie Bush, also have infield problems but expect Smead Jolley to help furnish the needed punch.

This leave, Washington and Boston for final consideration. Walter Johnson's Senators, without the hitting of Goose Goslin or its equivalent, do not figure as serious contenders. The Red Sox appear improved but no more than enough to make a vigorous scrap to escape last place.

Four new managers, Donie Bush at Chicago, Helnie Wagner at Boston, Bill Killefer at St. Paul and Bob Shawkey at New York — will join the concerted attempt to "bang" the ancient Mr. Mack and his A's. About the best they can hope for, however, is that it won't be so top-sider as the pennant race of 1929. Only the "breaks," it appears, can upset the Hoys of McGillicuddy.

Spring Relapse at Raleigh  
Raleigh, March 25.—(AP)—Raleigh today experienced another relapse of the Infant Spring with a biting wind blowing and a low temperature of 38 last night. The weather was raw and uninviting during the morning, even though the sun was shining brilliantly. The mercury had only risen to 41 at nine o'clock. The wind was blowing at a 24-mile an hour rate, the weather Bureau said.

# SPORTS SLANTS

By ALAN GOULD  
Associated Press Sports Editor  
Taking a number of factors into consideration, the value of the veteran Jimmy Dykes to Connie Mack hardly can be over-estimated.

Gordon Cochrane, Al Simmons and Jimmy Foxx happen to be a trio of important daily cogs in the machine, not to overlook the importance of Romert Moses Grove and George Earnshaw, but Dykes is unquestionably the sparkplug, the pepper-pot and the "barber" of the A's, besides being a great and versatile infielder. Cochrane is generally considered aggressive, and he is, but Mekey or "Mike," as the players call him, is a shrinking violet compared to Dykes.

I got an earful as well as eye full of Dykes' stuff, sitting on the bench with the A's in an exhibition game with the Cardinals at Bradenton. Dykes not only had something to say to each and every one of his team-mates, from the bench or from his post at third, but he kept up a running fire of chatter toward the opposing outfit.

"You get on kid, and I'll bring you in," Jimmy remarked to a rookie infielder. The rookie did slip and so did Dykes but Jimmy was fit to be tied when Homer Summa failed to score from second on his (Jimmy's) single.

As Foxx came back to the bench after belting one of Sberdel's pitchers to distant left-center, a hit that would have been a home run in any major league park, Dykes remarked:

"Nice pop-fly, Foxx. When are you going to start hitting?"

Dykes, who will be 34 this year, has been with the Athletics longer than any of the Mackmen except Freddie Collins and Cy Perkins. Jimmy is still going strong, apparently at the height of his career while the other two are retired from regular duty. Last year, Dykes batted .327 for the best mark of his entire 12-year career in the majors, all spent with the A's. He filled in at short and second base in emergencies and played each position with the same skill.

At the close of the 1929 season, when it came to casting votes for the most valuable player, Dykes received more recognition than any other member of the Athletics. Dan, known at bat with a great array of ebullient hitting spirit, Jimmy should have another great year. Being as much as any individual in the club to keep the A's at the top.

In company with a flock of other players viewed the proceedings, Babe Ruth did not think so much of the Scott-Sharkey fight or the performance either of these heavyweights gave at Miami.

"There's only one bird I would say 25 bucks to watch in the ring," remarked Ruth. "And that's Dempsey. He always could sock and I still think he can beat most of the bums they call heavyweights nowadays."

## Local Scoutmasters Meet Discuss Scouting

The Scoutmasters of Greenville held a pleasant and interesting meeting Wednesday night in Mrs. Parker's Dining Room. They enjoyed a delicious supper and had a round table discussion on problems that their troops face in the Scouting program.

District Commissioner, Dr. M. B. Macey and Scout Executive Herbert Stuckey were present and took part in the discussions. Scoutmasters, Joe Taft, R. E. Forrest, Kelly Gay and William Tyson were present.

The consensus of opinion seemed to be that the people of Greenville have not fully realized the great possibilities of Scouting as a character-building medium for boys and do not realize just how much hard work there is in it for the Scoutmaster who must give at least one night a week to the troop and some time in preparation for troop programs, totalling about five hours work each week. It is thought as the Scouting work progresses the community will more and more realize its great value.

Scout Executive Stuckey was high in his praise for the excellent type of Scoutmasters in Greenville and the fine spirit of cooperation that has been manifested by the local district committee. He stated that with the continued fine leadership the movement now has in Greenville within two or three years may be one of the best Scouting towns in Eastern North Carolina.

## Chat From the Training Camp

San Antonio, Texas, March 25.—(AP)—At this particular stage of the baseball training campaign, Melvin Ott, boy wonder of the New York Giants, has no liking for low balls.

The slugging outfielder struck at twice and was safe once on a fielding error yesterday as canny old George Burns, one-time Giant outfielder, instructed his San Antonio pitchers to give Ott nothing but slow stuff. The Giants made only eight hits to San Antonio's ten, but won, 3-1.

St. Petersburg, Fla., March 25.—(AP)—Allen (Dusty) Cooke, candidate for left field in the New York Yankees outfield, has a strong booster in Americus Polli, recruit pitcher.

Cooke has not been hitting lately and Polli, who played with him at St. Paul last year, was asked about it. "He didn't hit at the training camp last year," said Americus, "and batted about .200 the first month of the season. After that they couldn't get him out."

# HIGH TO OPEN BALL SEASON HERE FRIDAY

Friday afternoon will see the opening game of the local baseball season when Greenville High meets the Tarboro Highs in a contest that will get underway at 3:45. The game will be played at the Third Street diamond.

The locals have been practicing for the past two weeks and have gradually rounded into shape. About 30 candidates have been reporting each afternoon and it has been quite a job to pick a starting line-up. Leo, King, Hodges, and Evans have been showing the best form in infield work and will probably get the starting call Friday.

Roger Taylor, a sophomore, will get the first pitching assignment, and Bud Bullock will backstop for him. The veteran Smith will be in his usual place in center but his running mate in left field, Joe Dixon, suffered a fractured arm in practice Monday and will be out for at least a month. This leaves the other two positions open and a race of candidates are working for the jobs. Those showing up well are Brown, Williams, Caboon, Meye, and several others.

The game will start at 3:45 at the Third Street school and the admission will be 25 cents.

## Trafton to Fight Italian Tonight

Kansas City, March 25.—(AP)—Primo Carnera, 270-pound Italian crapper, tonight will attempt to increase his steadily growing string of knockout victories at the expense of George Trafton, Notre Dame and professional football star, who previously donned the padded gloves to defeat Art Shires, Chicago White Sox first baseman.

Although fans are frankly skeptical of Trafton's chances against the foreign man mountain, the former football player today expressed confidence that he will stay the limit.

"My plans are simple," Trafton said. "With the bell I'll enter that big hunk of cheese and then let him look out."

Winston Salem, N. C.—(AP)—Sam Howard, 22, is held here on the charge of manslaughter after a ball he pitched struck and killed Wesley Holder, 13.

## Chat From the Training Camp

San Antonio, Texas, March 25.—(AP)—At this particular stage of the baseball training campaign, Melvin Ott, boy wonder of the New York Giants, has no liking for low balls.

The slugging outfielder struck at twice and was safe once on a fielding error yesterday as canny old George Burns, one-time Giant outfielder, instructed his San Antonio pitchers to give Ott nothing but slow stuff. The Giants made only eight hits to San Antonio's ten, but won, 3-1.

Winter Haven, Fla., March 25.—(AP)—Fifty or no count, is the answer of Chuck Klein, long distance hitter of the Phillies, when asked how many home runs he expects to make this season. He led the league last year with 43.

Fort Myers, Fla., March 25.—(AP)—Connie Mack revealed today that the Athletics will be without the services of Al Simmons, outfield ace, until the A's and Phillies meet in the Philadelphia city series April 5. Simmons has no liking for the sandy ball fields of Florida, claiming they give him mawson ankles.

Oakland, Cal., March 25.—(AP)—The Pittsburgh Pirates are believed by Manager Jewel Ens to be in such good shape for the National league race that he has cancelled further morning workouts.

Bradenton, Fla., March 25.—(AP)—Eliminating the "Hs and Buts," Manager Gabby Street has already decided on the four hurlers who will deliver a pennant for the St.

Louis Cardinals. He named Bill Hallahan, Al Grabowski, Phil Rhee and Syd Johnson, as being capable of delivering 17 victories each.

West Palm Beach, Fla., March 25.—(AP)—The batting order of the St. Louis Browns is already worrying Manager Bill Killefer who is undecided where Melillo will finally land. Should O'Rourke capture the third base job, the red-haired Italian will move down the batting order to take advantage of his ability to drive in runs, but should Sammy Hale oust O'Rourke then the Chicago boy will remain second up.

Winter Haven, Fla., March 24.—(AP)—Grover Alexander, engaged by the Phillies as pitchers' coach and relief hurler, said today his arm was in great shape and that he was anxious to get into a real game.

"I want to pitch in my regular turn this year," he said. "That means every fourth day. If I get so much rest I'm a poor pitcher and I'm in shape now and ready to go."

Fort Myers, Fla., March 24.—(AP)—Lefty Grove, Philadelphia Athletics' fast ball pitcher, will be better this year than last, in the opinion of Dan Howley, new manager of the Cincinnati Reds. "He never

St. Petersburg, Fla., March 24.—(AP)—Dusty Cooke and Ben Chapman, recruits from the St. Paul club of the American Association, together will patrol the left side of the Yankee defense, Cooke in left field and Chapman at third base.

Clearwater, Fla., March 24.—(AP)—Wilbert Robinson's Wildcat Cages is to see a lot of service this week. It is a rope meshed cage 75 feet long, 15 feet wide and 15 high. On one end is a back drop and a few feet in front a regulation home plate. Suspended on each side of the plate are two sand bags, the top of each being shoulder high and

the bottom knee high. At the other end of the cage is a pitching slab. Robbie makes his pitchers go through their full repertoire, trying to pitch each ball between the bags.

San Antonio, Texas, March 24.—(AP)—If John McGraw really can't pitch, as the old Red Sox coach, who is now a scout, says, through as a member of the New York Giants. Roush, who has declined to accept a big cut in his salary, was given until yesterday to report to the Giant training camp, or suffer "the consequences." Roush neither reported nor sent any word to McGraw.

Los Angeles, Cal., March 24.—(AP)—Exhibition games don't bring pennants, but Manager Joe McCarthy isn't exactly pleased at the way Pacific Coast league clubs are hitting his pitching regulars. Guy Burn is the latest victim.

San Francisco, March 24.—(AP)—Harry Frensch warmed up for duty today against Oakland with intentions of improving upon the best record turned in so far by any Pittsburgh Pirate hurler. Last Wednesday French worked the first five inning against the San Francisco Mission and held them hitless.

These "Mississippi Mudcats" was slaughtered for six runs and eight hits in four innings by Los Angeles yesterday and the Angels won, 7 to 4.

San Antonio, Texas, March 24.—(AP)—Smead Jolley, the big bear hit man who is expected to give the White Sox a long missing punch at the plate, has started delivering already.

He started the attack against the Giants and kept it rolling with a pair of doubles.

A HUNDRED YEARS OF SERVICE.

It was with delight that citizens of this city last fall learned that the North Carolina Baptist Convention had decided to come to Greenville, the city in which the convention was organized one hundred years ago...

What should bring most joy, however, not only to members of the Baptist denomination but to all Christian people, is the great progress and the accomplishment for the Kingdom on the part of the North Carolina Baptist State Convention during the hundred years of its existence...

This glorious past of the Baptist denomination in our state is a challenge to the future and ere the bi-centennial of the convention's organization is celebrated the work will have become a power for the Kingdom of God far beyond the hope and visions of those few devout souls who, one hundred years ago today, met in this city and officially organized the North Carolina Baptist State Convention.

ABOUT TOWN

Greenville is host today to several hundreds of Baptists gathered here for the purpose of celebrating the hundredth anniversary of the founding of the North Carolina Baptist Convention...

they leave it is hoped they will have that feeling of wanting to come back just as they did in wanting to come. This is the first time the convention ever celebrated a birthday, and it is appropriate that it should have come back to the scene of its nativity for the celebration...

Col. Seymour Bullock, who will speak at the organization of the "Isak Walton League" at the court house tonight.

Members of the Lions International of Greenville and Farmville will celebrate Charter night at the Rotary club here Thursday night. It will be one of the really big affairs the organizations have staged since they came into being several months ago...

One of the high lights of the program will be an address from the district governor. He will bring a message dealing with the growth of the Lions clubs in various parts of the country...

Service clubs of this kind have their influence in the life of a community. While the majority of people think the only thing they are good for is to get together, feast and have a good time...

The Lions, like other service organizations of the city, have plenty of room for work in the future, owing to the conditions that have existed here the last several months...

Should you want to keep tab on all important developments during the centennial celebration of the Baptist State convention in this city today and tomorrow, subscribe to the Reflector and assure yourself of getting every little detail...

If you are not one of the hundreds of subscribers who receive the paper each afternoon, send in your subscription at once and in that way get in time for real news service.

Greenville business houses have joined with everybody else in extending a cordial welcome to the hundreds of Baptists gathered here today to celebrate the anniversary of the founding of the Baptist State convention.

The greetings are couched in all earnestness, and show that the business people are really interested in the development of the denomination whether their owners are of the same faith or not.

It is needless to say the merchants wish it was possible for every one of the visitors to go through the business district and the various stores to see what they have to offer.

And then when you are riding around looking at those tobacco plants on which you have a mortgage, see how those hay and vegetable crops are coming on.

First, you must FORCE farmers to raise their food and feedstuffs. Didn't I hear you howl? "The farmer does not have these things and he MUST have them."

And then when you are riding around looking at those tobacco plants on which you have a mortgage, see how those hay and vegetable crops are coming on.

Charlotte, March 26.—(AP)—W. M. Baker, truck driver, was instantly killed this morning when a side of a tank truck here.

Deck Thornburg, flagman, who was riding on the front of the engine, narrowly escaped death by jumping from the engine just before the crash.

Fire department equipment was called when gasoline began spurting from the wrecked truck but no fire developed.

TOO MUCH TOBACCO—WHOSE FAULT?

(For Crop Mortgage Specialists Only)

Mr. Time Merchant, whose do YOU say? Can't say? Well I can! You're—much of it.

In last Friday's Reflector the editor predicted the farmer's suicide, financially, as coming this fall because of his planting too much of the weed.

It costs you more to sell on time, doesn't it? You lose a lot don't you? You raise your prices to make up deficiencies, don't you?

You take crop mortgages on "Big Money" crops (cotton, but more especially tobacco), don't you? The more acres the man plants the more dollars per month you furnish him, don't you?

Many of those mortgages are no good, aren't they (specially last year)? You must raise your prices a bit higher, mustn't you?

And now this year, after you have been shown that the farmer cannot say "Tobacco grow, bring high prices," and presto! it is done, you are at your specialization hotter than ever, aren't you?

After all this, I say, YOU are demanding that more acres be planted to take care of those crop mortgages and giraffe-high prices, aren't you?

There are some farmers who are just enough ignorant to think that you are doing THEM a grand kindness when you take a crop mortgage. They say to themselves, "Huh, if I don't make anything, I don't pay anything."

So eat, drink and buy hay for we may not raise anything this year. These farmers should realize that mortgages are things that should be personally inspected before signing, and that even though they make not a CROP this year he will lose his personal property, and will have to pay higher time prices next year.

Now, Mr. C. M. S., what I want you to let sink in is this: "It all depends on you! And how! You must realize that you can no longer be a merchant when the people of your community have nothing to buy with. The buying public in Eastern Carolina is composed of a majority of farm people, who have been and are responsible for your luxuries. Well, then, you CANNOT afford to have your trade balk on your OWN, can you? You must do better."

Alford were tea guests.

## LITERARY DEPARTMENT WOMAN'S CLUB MEETS

Tuesday afternoon Misses Agnes and Carolyn Fullilove were hostesses to the Literary Department of the Woman's Club at the Vines House.

Mrs. K. T. Futrell was in charge of the program. She gave a very interesting talk on Sir James Barrie the British novelist and dramatist. From his mother, Barrie inherited spiritual aid and genius. He also inherited from her the whimsically gay vision he had of life. Under many names his mother is the heroine of all of Barrie's writings. Barrie has more insight into character than any other English playwright. His people are always whimsical, gay, and very human—there is a spiritual intimacy in his work that no one else can show.

The most famous of Barrie's plays "What Every Woman Knows," was reviewed by Miss Gray. This is a tragic-comedy. It is gay, witty, and also full of pathos. In this play he shows rare ability in his interpretation of women.

After the program a social hour was enjoyed. A delectable ice course was served by the hostesses assisted by Miss Evelyn Smith.

## FALKLAND NEWS

Mrs. Rubelle Pierce, of Greenville, spent the week-end with Miss Delphia Satterfield.

D. T. House went to Raleigh Friday.

Mrs. W. J. Moore has been kept in for several days with a trouble at the throat.

Miss Ruth Pittman came home from Greensboro and returned to E. C. T. College Sunday.

Miss Mabel Little, after spending some time at home, returned to Mitchell College at Statesville, where she is attending school.

J. J. Sumrell of Greenville, was a welcome visitor to our Sunday school on Sunday morning.

Rev. Leonidas Manning held services here Sunday night.

The Ladies Bible Class celebrated St. Patrick's Day Friday night with a most enjoyable social at the school building, featuring Irish races, jokes, games, music and contests, after which delightful refreshments were served. Winners in the races received prizes. The first prize, a salt and pepper set, went to the Gilhooly family and the bobby prize went to the O'Brien family, consisting of a bottle of catsup. Over 800 pennies were contributed for benefit of class fund.

St. Patrick, the best known of all the Saints, was born in Scotland. He had a very romantic and adventurous life. At the age of 13 he was taken to Ireland and taken to Ireland. He did much good work there. Someone has said:

Found Ireland all heathen and left it all Christian. He organized our churches and baptized 1,000 people.

## RED OAK NEWS

## Izaak Walton League Speaks on Evangelism To Be Organized In Greenville Tonight

The sportsmen of Pitt county, and business men interested in the conservation of our natural resources, are called to a meeting in the court house at 8 o'clock this evening to meet Col. C. Szymour, national field representative of the Izaak Walton League, who is to speak on the need of reforestation, and of restocking the woods with birds and the streams with fish.

The New Era man of this morning says of Colonel Bullock's talk in New Bern:

"New Bern Rotary has enjoyed some of its most splendid programs—but seldom has the club enjoyed a program as it did that of last night when Lieut.-Col. Charles S. Bullock spoke on the subject 'What makes Rotary Rotate.' After speaking to the Rotarians he left immediately for the court house where another audience awaited him."

At the court house Colonel Bullock spoke on the readjustment of the tax-base so as to induce the farmer to plant more trees. His argument was plain as length in the New Era paper.

Colonel Bullock is reckoned in among the most fluent, humorous and siter-orner speakers of the day and a treat is in store for all who gather to hear him tonight.

Women's organizations and the Boy Scouts are especially invited to this evening's meeting.

The Izaak Walton League is a national organization devoted to the preservation of the charm of the outdoors. It is non-political, non-sectarian and non-profit making. Already 45 chapters have been established in North Carolina composed of sportsmen who love to hunt and fish, business men interested in the utilization of water-powers but opposed to the pollution of them, women-folk who would preserve the natural scenic beauties of the state, students who would have a readjustment of the tax system, and others who would conserve for posterity the heritage from the fathers now held in trust for unborn generations.

Two Hurt When Car Hits Wagon

Noah Tron, Jr., and R. R. Tyson received painful injuries when a wagon on which they were riding was hit by an automobile driven by Mrs. Joe Little, on the Greenville-Farmville highway, about two miles from Greenville, late yesterday afternoon. The wagon was almost completely demolished and a mule badly hurt.

It was said that Mrs. Little lost control of the car while preparing to pass the wagon, and that the car swerved directly into the wagon before it could be brought to a stop. Mrs. Little escaped un-injured.

## Three Grain Dealers Charged With Aiding Price Manipulation

Chicago, March 26.—(AP)—The Tribune today said three Chicago grain dealers are charged with aiding manipulation of grain prices in federal complaints which will be heard here April 7.

The charges, as quoted by the Tribune, are that the three Chicagoans were responsible for the sale of at least 335,000 bushels of wheat last summer at prices both lower and higher than the market, and that they sent out misleading and inaccurate market information, all in an effort to control prices.

The men named in the complaint said to have been signed by Secretary of Agriculture Hyde are William B. Massey, John S. Reddy and Phillip J. Reddy, all members of the board of trade.

The hearing before the grain future administration commission will be the first of its kind since that body was created by the Federal future administration act, nearly eight years ago. Two years ago officials of the Armour-Grain Company were cited for violation of the grain futures act, but the filing of bankruptcy papers prevented a hearing on the complaints.

Seven Hundred Prisoners Mutiny at Missouri Pen

Jefferson City, Mo., March 25.—(AP)—Seven hundred and fifty prisoners in the Missouri penitentiary mutinied this afternoon, refusing to move out of the prison dining hall until they were "fried some meat."

Disturbed over the noon menu, the prisoners said they would remain in the dining room and prison officials at 2:30 o'clock this afternoon were marshalling forces to cope with the situation.

# Greenville Memorial Baptists Church

Some History of Early Baptists in Pitt County and of the Greenville Church.

There is no written record concerning the organization of the Baptist Church in Greenville save the statement in an old deed in Book H. H., page 98 of the records of Pitt County, that the church was constituted July 2, 1827. This deed bears date of Sept. 10th, 1832, and was for the lot on which the present Memorial Church stands, and was from Joe B. Judkins, to Redding S. Blount, a Trustee of the church. In another deed on page 99 of the same book, dated April 26, 1836, Redding S. Blount transferred the lot to David Lawrence, a Trustee of the church.

There is no other recorded history of the early years of the church. It is known that Mr. David Lawrence was for many years clerk of the church, and when his home was burned in 1866 the church conference books containing all records were destroyed. New records had to be started and were kept through thirty years, when in 1895 the home of Mr. L. W. Lawrence, who was then clerk of the church, was burned, and all records were again destroyed.

From an authentic source we learn that Rev. Thomas D. Mason was the first man known to be settled as pastor of the church. He was here in 1827, the year in which the old deed referred to above says the church was organized, hence must have been the first pastor. He was present and took part in the organization of the Baptist State Convention here in 1830. Soon afterwards he moved away.

Prior to this, and as far back as the middle of the eighteenth century, 1755, the Baptists were established in Pitt County. Rhame, Noble and Joseph Parker, were among the early preachers. John Wingfield (now Winfield) settled on North Creek, in Beaufort County, about 1730, and he traveled into Pitt County and preached sometimes. In 1756 Dr. McAden, the first Presbyterian missionary to visit North Carolina, preached for the Baptists at Red Banks. Great Swamp, four miles from Greenville, was probably the oldest Baptist Church in this section, Greenville coming next, and then Tranter's Creek.

It is not known how long it was after the organization of the church before a house of worship was built, but it is said that the congregation worshipped for some years in an academy building on the lot opposite where the Methodist Church now stands. A house of worship was no doubt built soon after the purchase of the lot in 1832.

From the time of Mason down to the present, the church has had a succession of able pastors and her history has been in every way honorable. Among the early pastors were Henry Spivey, McDonald, Gwaltney, S. S. Wallace, T. R. Owen, P. G. Gold, Taylor, Simpson, and others.

Rev. Thomas Carrick was pastor of the church for ten years, and it was largely through his efforts that the old wooden house of worship (now used by Hickory Hill Baptist Church colored), was supplanted by the handsome brick memorial building we have here today. This beautiful and substantial house was built as a memorial to the organization of the State Convention here. Work on the building was begun in June, 1883, and the basement was completed so that the first service could be held in it in June, 1884. During the progress of the work the congregation worshipped in the Court House. From 1884 to the completion of the building in 1890, all the services of the church were held in the basement.

In October, 1890, the Tar River Association met here and on Sunday, the 12th, the memorial building was dedicated. Dr. T. H. Pritchard, of Wilmington, preached the dedicatory sermon. The total cost of the building was about \$13,000, more than half of which was paid by people around Greenville. The house was seven years in building, from the fact that the work was frequently interrupted by lack of funds. However, the struggles and hardships endured were forgotten in the joy that filled all souls on the day that the building was dedicated to the service of God.

## It Brings the Sunshine of Spring-time Into a Room

SO easy to move about from one part of a room to another—or from room to room—it is a fascinating experience to see the interesting effects one can produce with the invigorating colorings of Lloyd loom furniture.

THE new Lloyd styles in numerous color combinations, exquisitely upholstered are here. The smooth, even weave of the fiber, steel tubular legs, a new Lloyd feature, and removable auto-type cushions provide long life and solid comfort.

PARTICULARLY interesting is the fact that the purchase of an entire suite represents an extremely small investment.

## Facts About State Convention

The record of progress of the Baptist denomination in North Carolina during the past hundred years is one that should bring a feeling of pride to every Baptist and should be an inspiration to greater things in this new century of the State Convention now beginning.

When the Convention was organized in 1830 there were in North Carolina, according to Dr. Samuel Waite and Dr. Thomas Meredith, who were leading spirits in the movement, around 15,360 Baptists of all kinds, Missionary, Anti-Missionary, Free Will, white and colored, who were grouped into 272 churches and into 14 district Associations. They were widely scattered, without a college, a hospital, an orphanage, or a newspaper.

About this time there was a sharp division in the ranks of the Baptist denomination over the question of missions, education and Sunday school, the Convention group of Baptists contending earnestly for these agencies. The opposing group have never had a State organization.

The latest statistics of the Convention just published revealed the fact that there are now 297,026 constituent members of the Convention. It is estimated that there are around 250,000 negro Baptists in the State, who also have a convention. The convention has grown from 272 churches to 2,307, and from 14 district Associations to 67.

There are now 2,185 Baptist Sunday schools with an enrollment of 339,900; 2,692 Women's Missionary Societies with a membership of 47,272 who contributed last year to missionary enterprises \$345,199.89; 2,293 B. Y. P. U. organizations with 52,789 members. There are now seven Baptist colleges in the State with an enrollment of around 4,000 for the past year, and with an equipment and endowment of more than \$7,000,000. The Baptists also have a large orphanage at Thomsville that cares for about 1,000 orphan children here and at the Kennedy Home, near Kinston, and through its Mothers' Aid Department. Some six years ago the Baptists opened up their hospital at Winston-Salem, which is considered one of the most potential agencies of the denomination. For 96 years the Biblical Recorder, printed in Raleigh, has been the organ of the denomination. For 40 years or more Charity and Children, printed at Thomasville as the organ of the Mills Home, has been an effective agent in promoting the work of the denomination.

### Southern Ontario In Grip Of Winter; Damage Reported

Toronto, Ont., March 26.—(AP)—A trail of shattered communication systems, several inches of slushy snow and rising rivers and streams today marked the passage of one of the worst storms in the history of southern and central Ontario.

An electrical storm following on the heels of an all-day snow, brought about conditions decidedly treacherous on city streets and highways. Telephone conditions soon became encased in a coating of ice and crashed to the ground, unable to withstand the combined assault of ice and gale.

At Grimsby volunteer police patrolled the streets all night and the town's firemen were kept standing by ready for emergency. As a result of the storm only a retaining wall remained to protect the town's pump house from ice-floes being dashed against the shore by waves 50 and 60 feet high. An old pier and a steamer ticket office were crushed and carried away. Trees that have stood the storms of decades were uprooted and blown away in many old landmarks were leveled.

To add to the confusion ice-laden power wires snapped leaving the town in darkness. At Hamilton, the same handicap prevailed. Street cars were stranded and pedestrians were forced to walk to their homes.

### Last Thought of Suicide Victim Was of His Wife

Vienna, March 26.—(AP)—Although Dr. Hermann (Ernest) Watzl, chemist and inventor, died in a suicide pact with another woman, his last thoughts were of his American wife at home in Cleveland, and their two children.

The exact time of the shot which first killed his bigamous bride, formerly Mrs. Mary McGranahan of Cleveland, and then took his own life has not been determined, but it is believed they were fired just before midnight Sunday, when his life insurance premiums would have expired.

A letter to a Vienna intimate found near the body of Watzl as it was discovered in a dowdy room of the Hotel Sacher, contained the message:

"Knowing the custom of insurance companies I realized that my wife would be unable to cash my policy of 35,000 unless she could establish my death officially. But I also knew that the claim would fall if my premiums were not paid regularly to my death.

"Then I remembered the insurance installment falling due tomorrow which I am unable to meet. Thus my wife will be robbed unless I die today. I am therefore going today, before the premium is due."

In another note Watzl and Mary McGranahan asked that they be cremated together.

### Women Voters Celebrate Ten Years Suffrage

Washington, March 26.—(AP)—The National League of Women Voters today celebrated ten years of women's suffrage with a chain of luncheon parties stretching across the country.

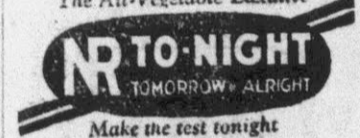

The luncheon tables were joined by a nation-wide radio hook-up, with Carrie Chapman Catt, silver-haired, seventy-year-old, the grand old lady of women's suffrage, addressing the thousands of celebrants.

Blue and yellow was the color theme of the day, the colors sure born on campaign badges and banners in the days when suffrage was still but a hope for the future. In St. Louis the party was brightened with the famous yellow umbrellas of a former parade. In Chicago the women got out their old yellow campaign hats. Everywhere the occasion was made brilliant with the militant banners of another day.

In addition to Mrs. Catt, the

### Liquor Measure Sent to Senate

Ottawa, March 25.—(AP)—Having passed in the House of Commons by a vote of 173 to 11, the government bill to refuse clearances to cargoes of liquor destined for the United States went to the Senate today.

Although the opposition subjected Premier W. L. MacKenzie King and his government to a withering fire of criticism during debate on the measure, only 10 opposition votes were cast against it. The 11th negative vote was that of Major C. G. Poweg, of Quebec, a Liberal and member of Mr. King's party.
