Chapel Hill, March 27.—(AP)—Two resignations from the faculty of the University of North Carolina were announced today.

Howard Mumford Jones, acting head of the English department, is leaving to go to the University of Michigan. Russell Potter, professor of English and assistant to the dean of the Graduate school, is to go to Columbia University where he will be associate director of the extension division in charge of the institute of arts and science.

Expect That Question of Some Kind of Security Pact will Come up at That Time; George Says Pact Would Meet Stubborn Opposition

London, March 27.—(AP)—The chief delegates of the naval conference, meeting at St. James' palace this afternoon, decided to hold a plenary session a week from tomorrow.

In the meantime important negotiations are understood to be proceeding among the British and the French and British and Italians regarding a security pact.

The plenary session will be to discuss the progress made thus far in the conference, the idea being that all angles to that situation should be brought out into the open. As one authoritative conference source put it, "somebody will have to do some talking."

SIMONS WIN COURT FIGHT WITH NELSON

Bethel Men Repossess Piece of Land in Bethel Township; Divorce Granted.

One of the hardest-fought legal battles in the civil term of Pitt County Superior court came to a conclusion yesterday afternoon when a jury sustained the claim of H. H. Simons, A. J. W. L., and Alton Simons, residents of the Bethel community, to a piece of land lying in the Bethel community.

The suit was brought against H. A. Nelson, son-in-law of H. H. Simons, and involved a piece of land valued at approximately \$5,000.

Nelson had been in possession of the land since the death of his wife, contending that it had been deeded to her as her part of the Simons estate. After his wife's death, however, he claimed that the deed had been destroyed, and he was unable to produce it when the Simons asked to repossess the property.

The plaintiffs claimed that no such agreement had existed concerning the transfer of the land, and the jury returned a verdict to this effect owing to the inability of the defendant to produce papers showing that a transfer had been made.

Another suit of interest was disposed of yesterday, it being the case of Mrs. Myrtle Bryant against her husband Perry Bryant, in which she sought absolute divorce. Her plea was granted.

Mrs. Bryant based her suit on the grounds of adultery, charging that Bryant had married a woman in Wayne county, later being forced to separate from her when it was established that he had a wife living in Pitt county.

Court continued hearings this morning in the case of L. B. Cox vs. Clarence Harris, involving dispute over a note valued at \$900. Harris claimed that the signature on the note was not his, and the plaintiff contended that it was. It was indicated that the case would be completed during the afternoon.

Bishop Cheshire Dedicates \$50,000 College Building

Raleigh, March 27.—(AP)—Pis Rev. Joseph Blount Cheshire, D. D., Bishop of the Diocese of North Carolina of the Protestant Episcopal church, was the principal speaker today, on his 80th birthday at the dedication of the new \$50,000 Cheshire building at St. Augustine's college here.

Bishop Cheshire, who became chairman of the board of trustees of the negro college when he became bishop of the Diocese in 1893, discussed the history of the college and its progress along educational lines.

Bishop, Coadjutor Edwin A. Penick of Charlotte and Rev. Edgar H. Gold, president of the college, also spoke at the exercises. This afternoon Bishop Cheshire was honored at a birthday reception given at St. Mary's school.

Engineer Killed In Cab When Hit By "Brakeshoe"

Ann Arbor, Mich., March 27.—(AP)—With the engineer dead in his cab, the victim of a loosened brakeshoe as the train boarded downgrade at high speed between Jackson, Mich., and Ann Arbor, the fireman of a Michigan Central Chicago-Detroit limited brought the train safely to a stop and then with the aid of a brakeman piloted it into the station here at midnight last night.

The engineer, Floyd Finch of Jackson, was killed when the brake shoe became loose and was hurled upward through the cab, crushing his head.

LIONS CLUBS WILL RECEIVE CHARTER HERE

Greenville and Farmville Clubs to Observe "Charter Night" Tonight.

E. S. Whitaker, of Gastonia, district governor of Lions International, arrived in Greenville today by airplane to speak at the "charter night" celebration of the Greenville and Farmville Lions clubs tonight. The celebration will be held at the Rotary building at 3 o'clock, and will be attended by approximately two hundred persons from the two towns.

The district governor, it was said today, will discuss the importance of the Lions clubs, and give a review of the history of the club, which claims among its important members no other than the illustrious Charles A. Lindbergh, the first airman to span the broad Atlantic, and open up new vistas to the world of aviation.

Aside from the principal address of the district governor tonight, the Lions will hear a short talk by Bob Raspberry, of Kingston. Ed Harris, prominent club member of Tarboro, will act as toastmaster. In addition there will be a dance program by Miss Bett Dixon, music by Hinnant's orchestra, song numbers by the Rotary quartet, and the usual supper.

Immediately after the session at the Rotary club, the Lions will entertain at a dance at the Woman's Club building, corner Third and Greene streets. This will be one of the most brilliant social functions of the Spring season, and is expected to be largely attended. Music will be furnished by Hinnant's orchestra.

The Lions club has experienced record growth in various parts of the country, and although the two Pitt county clubs were organized only recently, it was stated that they had enjoyed healthy growth in membership with indication of increased interest in this connection in the future.

The officers of the local club are: S. T. Carson, president; George Hadley, Jr., first vice-president; Charles Carr, second vice-president; Vance Perkins, third vice-president; William Tyson, secretary-treasurer; Jack Spain, Lion tamer; J. T. Patterson, tail twister. Officers of the Farmville club are: Robert Lee Smith, president; A. J. Flanagan, first vice-president; Cecil Johnson, second vice-president; Cecil Lilley, secretary-treasurer; Gentry Galloway, Lion tamer; John King, tail twister.

Cat Prevents Store Robbery

Goldsboro, March 27.—(AU)—Black cats may be bad luck for some, but J. W. Pate today credited his 12-pound, stygian-hued nouser with preventing his store from being robbed last night.

Bill, the cat, was found caught between the screen and the door when Mr. Pate opened for business this morning. Marks on the door showed efforts had been made to pry it open. A "jimmy" was nearby on the sidewalk.

MUTINY STILL CONTINUES AT MISSOURI PEN

Two Hundred Prisoners Refused to go to Work This Morning Following Rebellion

Jefferson City, Mo., March 27.—(AP)—Approximately 500 convicts in five factories inside the Missouri penitentiary walls went on strike today, after 750 had mutinied yesterday against prison food. The new outbreak resulted in curtailment of operations in the plants and about 900 prisoners were sent back to their cells.

Jefferson City, Mo., March 27.—(AP)—A strike among prisoners at the Missouri penitentiary today, following a food rebellion yesterday, spread rapidly during the forenoon and prison officials announced at 10 a. m. that 250 to 300 men had refused to go to work in the various prison factories.

As fast as the prisoners struck they were taken to their cells and locked in. Officials said there was no violence but as a precaution the local national guard company was mobilized and marine gun companies at the nearby towns of Mexico, Fayette and Sedalia were ordered to be in readiness for immediate removal to the penitentiary. There are 4,000 convicts in the prison.

The trouble this morning started in the chair factory where 150 men refused to go to work after breakfast, demanding better food and better working conditions.

All but fifty finally returned to work after a talk by Warden Leslie Rudolph. The fifty were locked up. The strike then spread to the broom and overalls factories, 150 men in the broom factory refusing to work and another 100 to 250 in the overalls factory quitting.

A threatened strike in the pants factory resulted in prompt closing of the plant and removal of the 115 to 200 prisoners working there to their cells. They had not struck. There were rumors of a strike in the shirt factory later this morning.

Although the convicts complained chiefly against the food, prison officials believe that a growing unbecoming of unrest is largely responsible for the trouble.

The officials sought this morning to quietly pick out the principal trouble makers and as fast as they were singled out they were placed in solitary confinement.

German Cabinet Resigns; Tardieu Receives Vote Of Confidence at Paris

Berlin, March 27.—(AP)—The coalition ministry of Chancellor Mueller resigned today because of the inability of the parties represented in it to agree on a policy covering unemployment insurance. President Von Hindenburg accepted the resignation.

The President requested that the cabinet continue in office until its successor could be appointed. The cabinet had been in office since June 28, 1928. And had weathered numerous difficulties including such problems as the ratification of the Young Plan and the new law for the safety of the republic. It could not reach agreement on the unemployment problem and saw no other alternative save resignation.

Although the cabinet stumbled over a comparatively minor issue, political observers had expected a smashup. It had become increasingly clear that divergencies, not only unemployment insurance but also on taxation, between the Populists, representing the industrialists, and the Socialists, representing the workers, were too great to permit a compromise.

Paris, March 27.—(AP)—The Senate today voted confidence in the Tardieu government by 145 to 124 on the question of credits necessary to finance the new under-secretaries of state created in the new ministries, against which all in the opposition are lined up.

State Baptists Close Birthday Celebration In Greenville Today

Recites History

Senator J. M. Broughton, of Raleigh, spoke at last night's session of the convention here.

Negro Confesses Shooting Crap And Draws Ninety Days

Chicago, March 27.—(AP)—Miles Demmitt, negro, confessed readily to Judge John Lupe yesterday that he was a crap shooter.

It was not crap shooting that was charged against Demmitt, but theft. Policemen had testified finding him, crowbar in hand, in front of a jimmied slot gum machine. The officers said they found 98 pennies in his pockets, all of them green with age.

"How does it happen you were paid off entirely in pennies?" asked the judge.

"People out my way are too poor to have anything but pennies." "Why are all the pennies green?" "Poor folks nurses them so long." "And the crowbar?" "Well, judge, I ah—" "Yes, I know," prompted the judge, "you got tired rolling the dice so you started pushing them with a crowbar. That will be 90 days and \$25."

Held For Theft Of Gas Station

Seminole, Okla., March 27.—(AP)—K. C. Hucking, who by his own admission nursed an ambition to go into business for himself, but lacked the necessary funds, is held in a Seminole jail, charged with theft of equipment for an entire gasoline filling station.

A week ago Hucking installed his station here, and did a thriving business until the law intervened. Chief of Police Jake Sims said the prisoner admitted theft of two pumps, two storage tanks, four oil barrels, and other modern equipment, at Shawnee, Okla.

Woman Escapes From Kidnapers

Bad Axe, Mich., March 27.—(AP)—Bound with adhesive tape, a dog collar and rope to the driver's position in her automobile, Mrs. Elsie Hills, 25, of Detroit, drove into a filling station three miles south of here late last night and told of having been kidnaped near her home. She and her husband, she said, had received notes threatening them if they appeared in a civil suit filed against them by a former landlord.

Two of three men in another car, she said, jumped into her machine, and tied her to the wheel. Two of the men remained in her car and forced her to drive from 4:45 p. m. until nearly midnight. Stalled on a snow-covered road, Mrs. Hills said, the two men got out and disappeared warning her not to move. She drove away, however. A search by Sheriff John L. Hoffman failed to find any trace of the men or the stalled machine.

Final Session Held at East Carolina Teachers College Brought To End at 1 O'clock With Address by Dr. Arch C. Cree, of Atlanta; Convention Sermon Last Night By R. T. Vann, of Raleigh.

Proud of the record of achievement established during the last hundred years, and spurred by a challenge to even greater heights during the next century, several hundred Baptists from different sections of North Carolina began trekking their way homeward this afternoon after attending the extraordinary session of the North Carolina State Baptist Convention in this city. The occasion was the celebration of the hundredth anniversary of the founding of the convention in Greenville.

The convention came to a close at the campus building of the East Carolina Teachers college shortly after the noon hour. The final address was delivered by Dr. Arch C. Cree, of Atlanta, Ga., who used as his subject, "The Challenge of the Next Hundred Years." It was a powerful plea in behalf of continued interest in the work of the church, and gripped the imagination of the congregation as no other address of the convention had done.

Two other speakers of the morning session were Dr. Hight C. Moore, of Nashville, Tenn., who discussed "Literature," and Rev. J. S. Farmer, for many years with the Biblical Recorder, who talked on the subject of "Periodicals," and what they meant to the various branches of the denomination. Dr. Livingston Johnson, of Raleigh, was to have appeared on the program, but was unable to attend on account of the illness of members of his family.

Devotional exercises at the morning session today were led by Dr. Paul A. Bagby, of Wilson. Greetings from other denominations were extended to the convention by W. A. Harper, of Elon college, H. S. Hiller, Atlantic Christian college, Dr. R. H. Wright, president of East Carolina Teachers college, and Rev. W. S. Harden, of the Presbyterian church.

The matter of publishing the full details of the meeting together with all addresses into book form was discussed, and John W. Holmes, of Farmville, was appointed chairman of a committee to make arrangements in this connection.

The convention opened in the Memorial Baptist church, yesterday morning at 10 o'clock. Nearly a thousand people were on hand at the opening, and the church building was so overtaxed that the meeting was removed to the campus building at the college. The crowd continued to swell during the day and during the afternoon it was estimated that there were between twelve and fifteen hundred people in attendance. The large auditorium at the college was well filled during last night's session.

Dr. Cree's message to the convention this morning was divided into four separate, and distinct challenges: Fellowship that will be righteous in the relations of all men; Christianity to take its place in the world; Spiritual ministry of the Gospel of Jesus Christ; Preservation of the personal effect of those who have given furtherance to the cause of the faith.

He summed up some of the outstanding achievements of the past, and told his hearers to let them be an incentive to their future work. He stressed the importance of square dealing with fellowmen, and said that Christianity must continue to take its place in the world if civilization is to go forward in the future as in the past. He also urged the preservation of the efforts of the leaders who blazed the way in the past, that their feet might prove a stepping stone to the future.

The addresses of Dr. Moore and Mr. Farmer were confined entirely to the periodical field, and contained many facts of interest in this connection.

Last night the Baptist State convention guests were entertained at a banquet in the dining room of the East Carolina Teachers college by the Greenville Merchants Association and the college. The affair was one of the most brilliant in the history of the city, although devoid of the usual oratorical fireworks that go to make up an occasion of this kind.

After the banquet, the hosts re-

RING WORLD ASKS RELIEF FROM FOULS

By EDWARD J. NEIL
Associated Press Sports Editor
New York, March 27.—The ancient order of fight managers, the gray beards who should know, have a few thousand words to say on the subject of the foul plague that is tearing today at the throat of their favorite pastime.

The cry for some action, some legislation that will definitely curb the evil, has reached such a pitch within the past few months that a half dozen commissions have increased penalties for low punching.

But the managers have a cure. In fact they have three, all decisive, and strangely enough all far more drastic and severe than any penalties put in force so far by state ruling bodies. No suggestion, now, will brook for an instant the idea that the wages of the gladiators involved in fouls should be withheld from them by anyone.

The cure backed by a majority of New York managers calls for the immediate counting out of a fighter who goes to the floor claiming foul. It would punish the scant minority of the innocent who really have been hit low with the great majority of the guilty who either are deliberately faking or are taking advantage of a technicality.

This suggestion, backed by Leo B. Flynn, who managed Jack Dempsey's last comeback; Dan Moran, pilot of the former welterweight champion, Jack Britton; Frank Beckman, mentor of Maxey Rosenbloom; and many others, is built around the idea that, no good fighter will stay on the floor, foul or no foul, if he knows that the referee is about to count him out. These managers believe that an incapacitating foul is the worst thing in the boxing business.

Minor fouls, they insist, are just ordinary incidents in a game deemed for rough and rugged men.

Jimmy Bronson, chief second of Gene Tunney, adds one qualification to that plan. He would permit examination by a physician after the match and a reversal of decision if the loser had been badly hurt. This was the rule in the A. P. boxing overseas during the world war. Jimmy referred 1,029 fights overseas and not one ended in a foul. Jimmy said they fought for glory, not money, and never thought of fouls.

The chief counter cure is offered by Jimmy Robinson, manager of Scott Scott, whose claims of foul fouls are the cause of Jimmy's ire. His rules are rules and should be enforced, that most fouls start in a fighter's corner where "roads" encourage him to foul until warned, that more drastic penalties should be applied and include the foul puncher's manager, seconds and even close relations. Jimmy blames referees for indecision and fighter, at times for trying to save wagers by fouling out when losing.

First Ball Game Here Tomorrow

The first baseball game of the local season is scheduled to get under way tomorrow afternoon at 3:45 when the local high school nine meets the team from Tarboro. This is a conference engagement and should give a fair indication of the strength of the high school leas. The inclement weather kept the ball players inside yesterday but the pitchers and catchers worked out in the gym and are ready to go tomorrow afternoon.

Italian Giant Wins Victory Over Trafton

Kansas City, March 27.—(AP)—Primo Carnera, giant Italian carnera, today boasted 12 knockouts in as many appearances in American boxing rings, the result of a 54 second victory here last night over George Trafton, erstwhile Chicago football professional.

The heavyweight match, scheduled for ten rounds, ended after Trafton fell to the canvas for the third time. The 8,000 fans present booed and jeered.

At the bell Trafton rushed across the ring at the towering Italian. After a mild embrace he fell to the floor on his stomach. At the count of six, the ex-football player arose and again charged across the canvas. Carnera's big hand swung and sent Trafton fell.

The foreman walked to his corner, placed his hands on the ropes, and gazed at the crowd. Trafton climbed to his feet at the count of nine, hurried across the ring, and eluded his giant opponent in the back.

Carnera then turned quickly and the Chicagoan fell for the count beats a flurry of rights and lefts. A short right hand jab to the chin ended the fight.

As a result of last night's fight Carnera's gross earnings now are well over the \$100,000 mark. None of his matches have gone more than three rounds.

Winston-Salem, N. C.—(AP)—M. P. Moore, 17, missing University of North Carolina student, was seen in York, Pa., by Harry M. Gibbs, business man, he said here.

SPORTS SLANTS

By ALAN GOULD
Associated Press Sports Editor

The most frequent fistic quarrels that have been tossed at this department recently are:

1. What will Schmeling do to Sharkey?
2. Can Carnera really fight?
3. Will Dempsey fight again?

The answers to each of these happen to belong in the "if and but" class. The gent who can unravel them in advance not only could clean up financially but win the Tunney-Muldoon award for some thing or other.

If Sharkey doesn't show any more against Schmeling than he did in the bally affair with Scott, the German clouter stands at least an even chance to belt the Boston scrapper completely out of the picture. Schmeling will knock Sharkey's ear off if Jack comes tearing in, wide open and wild, the way he did against the fragile Philip Scuffling Max. It is safe to assume, has no vulnerability in the sciotic nerve of the Achilles heel. He can punch, which is something Sharkey failed to do against Scott and a few others. On the other hand, Sharkey may decide to have one of his good nights. If so, he should outpoint Doc Maxie handily, if not actually knock him out. Sharkey always had had championship stuff in him but manifests it only now and then.

Carnera is still the big mystery man of the ring. Those who have seen him either regard him as a freak and no fighter at all or a mauler who has the speed, punch and size to beat anything in heavy-weight costume. Willie Stirling thinks Carnera can fight but Willie only a light heavy and not much of a puncher, had Carnera on the floor. The testimony of Big Boy Peterson, Farmer Lodge and a few others who have collapsed at the approach of the Carnera Clout, can be ruled out as prejudiced.

There will be no answer to the Prime puzzle until he steps into a legitimate match with some capable fighter such as Campolo, who is nearly a match in size for the Italian and a terrific right-hand hitter. Johnny Risko, having demonstrated Campolo was not too big for him at the New York Commission, would be only too glad to work on Carnera.

At the moment, probably, Jack Dempsey himself cannot say whether or not he will don the gloves again for anything more serious than the movie. A year ago Dempsey considered his fighting career definitely over but shifting financial fortunes may have changed his view. The old manner knows better than anyone else the difficulties of getting into condition after a three-year lay-off. He knows, too, that against a young, sharp puncher of the Tunney type, he might suffer serious injury to his eyes. They came out of the two Tunney battles badly damaged.

The proper financial inducements may be the compelling factor in a Dempsey come-back but it is doubtful he will attempt to fight unless he feels he can get back into contention.

Developments may make 1930 one of the most interesting of fistic years, even though the Miami inlee started nothing more than a lack of arguments. With Sharkey, Campolo, Carnera, Schmeling, Risko, Griffith and a few others around, most anything can happen among the heavyweights.

Rayleigh, N. C.—(AP)—P. A. Williams, father of Melvin Williams for whose death Ruffin Woodard was convicted of murder, secured a parole for the latter by writing Governor Gardner he knew "Ruffin Woodard did not kill my son."

MOTHER GAVE BLACK-DRAUGHT

"Fine for Constipation and Sick Headache," Writes Alabama Lady.

Huntsville, Ala.—"My mother gave Black-Draught to all the children in our home," writes Mrs. W. T. Taylor, of Sixth Avenue, this city. "It was the only medicine I knew of when I grew up. We took it in the winter (as a laxative) for colds, and whenever we ate anything that disagreed with us she gave us a course of Black-Draught."

"After I grew up, I took Black-Draught for constipation and sick headache. It surely is fine for that. I make a tea out of Black-Draught and take it at night, when needed. It is the best laxative I know anything about, and the only one I ever use. After a lifetime of experience I can heartily recommend it."

The medicine which this Alabama lady recommends is the same Theford's Black-Draught which so many others have told of having used, all their lives, because of the good results obtained from taking it. Get the genuine—Theford's. No other so good—and none so economical.

Chat From the Training Camp

Los Angeles, March 27.—(AP)—The hitting of Chicago's National League champion Cubs appears to be up to par, but the pitching, especially by recruits and Lynn Nelson in particular, has not satisfied Manager Joe McCarthy.

San Antonio, March 27.—(AP)—Today was pruning and moving day in the camp of the Chicago White Sox. Members of the squad were aware that the next stop was Dallas, but did not know whom Manager Donie Bush planned to whittle from the Coniskey payroll.

Bradenton, Fla., March 27.—(AP)—Jimmy Lindsey, right handed pitcher, who looked so good in a St. Louis Cardinal uniform at the end of the 1929 season has failed to come through during the spring training season and may be shipped to Houston.

West Palm Beach, Fla., March 27.—(AP)—Chad Kinsler, who took part in 24 games for the St. Louis Browns last year, has developed a few curve ball deliveries in an attempt to fool American league batters this season.

Los Angeles, Calif., March 27.—(AP)—Helmie Meine will go on the string line for the Pittsburgh Pirates in their first game of a four-contest series against the Chicago Cubs starting here this afternoon.

New Orleans, March 27.—(AP)—Only Earl Averill of the Cleveland Indians has been hitting up to expectations in exhibition skirmishes, but Manager Roger Peckinpaugh declines to be worried. Fink, Joe Sewell and Zeke Bonura, counted on for the batting punch, are expected to find their eyes soon.

Orlando, Fla., March 27.—(AP)—For the first time in the eight years the Cincinnati Reds have trained here there will be a practice session on Tinker field Sunday. Local authorities objected previously.

Tampa, Fla., March 27.—(AP)—The Detroit Tigers meet the Toronto Internationals here today in the last exhibition game at their training camp before starting their homeward trek which will end at Detroit in time for three exhibition games there before opening the season April 15 with St. Louis as the visiting team.

Chattanooga, Tenn., March 27.—(AP)—Cold winds kept the Washington team off the diamond yesterday, but President Griffith kept things warm by releasing a statement regarding the Goslin salary dispute. In a letter addressed to Goslin, he said:

"It has been my intention all along to give you a straight contract for \$10,000 and for you to leave it up to me to give you a bonus for whatever amount above your contract that your work for the season warrants."

Fresno, Cal., March 27.—(AP)—Large Ed Morris, leader of the Red Sox mound staff, is seeing lit. He action these days, because of an obstinate head cold. He has made several trips to head specialists several trip to a head specialist.

THE WORDS on the back of the package still mean what they say. No "extras," which do not contribute to the quality of the smoke, are included in the price of Camels. Just the utmost smoke-enjoyment that modern science can put into a cigarette.

That statement was on the first package of Camels manufactured and has been on every one of the billions of Camel packages sold from that day to this. When it was first written, other cigarette manufacturers were giving away flags, pictures of actresses, pictures of ball players—almost anything that would make the smoker think he was getting something extra for his money. The makers of Camels believed the smoker wanted a cigarette sold strictly on its merits, with all of its cost put into quality—a cigarette made of such excellent tobaccos—so perfectly blended—so mellow—so fragrant—that it would win its own way.

The vast popularity of Camels is a tribute to that four-square policy.

Don't look for premiums or coupons, as the cost of the tobaccos blended in CAMEL Cigarettes prohibits the use of them.

C., March 26.—As to whether the man or his subject drew the large crowd to the city hall here last night remains a de- batable question, but at any rate the city court room was filled to capacity by 7:30, the hour set for Carl Goerch's speech against the chain store menace.

Mr. Goerch's analysis of the economic situation created by the chain stores and his presentation of them as a possible menace of the future were logical, reasonable and enlightening. He concluded with an appeal to his hearers to meet the situation squarely and deal with it in an effective manner.

Fat Comes At Forty

Sometimes in earlier years. It comes when a certain gland grows weak. That is what modern authorities find. And it means the world over now combat this cause.

The method they use is embodied in Marmola prescription tablets. People have used them for 22 years—millions of boxes of them. Now in every circle you can see what slender figures, what health and vigor that right method brings. And all without abnormal exercise or diet.

Every box of Marmola contains the formula and facts. Users know the reasons for all good effects. In fairness to yourself, go try Marmola. Watch the results. All druggists supply it at \$1 a box.

Celebrate Eighth Anniversary. Farmville, March 26.—A special meeting of the Order of the Eastern Star was held this week in the Masonic hall in celebration of the eighth anniversary of the local lodge and for the installation of new officers.

An artistic arrangement of spears, jonquils and hyacinths carried the five colors of the order.

After the usual formal opening the distinguished guests were introduced, these including Mrs. J. W. Duval, past grand matron, Mrs. J. Parker, past grand matron, Mrs. J. L. Lewis of New Bern, district deputy (grand matron, past matrons, patrons and charter members of the local order. Appropriate songs of welcome were sung after the presenta-

tions. A short talk by the retiring worthy matron, Mrs. J. T. Bundy, prece- ded the installation of new officers.

Recently installed upon the office of deputy acting as installing officer, Mrs. Dissoway of the Craven chap- ter as marshal, and Mrs. T. W. Lang as chaplain. The officers are: Wor- thy matron, Mrs. A. C. Hodges; worthy patron, Mrs. L. Taylor; asso- ciate matron, Mrs. R. A. Joyner; secretary, Mrs. G. M. Holden; treas- urer, Mrs. T. W. Lang; conductress, Mrs. D. E. Oglesby; associate con- ductress, Mrs. J. T. Bundy; chap- lain, Mrs. J. L. Shackelford; marshal, Mrs. R. A. Fields; Adah, Mrs. R. J. Wainwright; Ruth, Mrs. J. G. Smith; Esther, Mrs. Haywood Smith; Mar- sha, Mrs. B. S. Smith; Electa, Mrs. P. E. Jones; warder, Mrs. M. V. Jones; sentinel, R. G. Wainwright.

The incoming worthy matron made a splendid speech after the ceremonies. Mrs. Lang presented the Jr. past matron's jewel, Mrs. M. V. Jones presenting the Jr. past ma- tron's jewel to R. A. Joyner, and Mrs. J. M. Hobbard the chapter's gift to the district deputy grand matron.

The four visitors from the New Bern chapter made short talks and an interesting history of the begin- ning and development of the Farm- ville chapter was given by Mrs. Parker. The birthday cake was cut by the past matrons and patrons and refreshments were served in two courses.

EAT MORE "JOLLY TIME" BUTTER KIST POPCORN

If you are following a reducing diet, it is doubly important that you take a regular amount of roughage into the system daily. Most reducing diets do not contain a sufficient amount of roughage. The world's choicest popcorn is recommended by many dietitians because it con- tains the bulk necessary to insure proper health. Popcorn is not fat- tening, its bulk sweeps the system clean of poisonous wastes, helping to promote glorious health and beauty. It is delicious, nutritious and satisfying. Local Warehouse Begins Enlarging

Enlargement of the McGowan & Cannon warehouse got under way today. The improvement program consists of adding the McGowan redrying plant to the warehouse building, which, when completed, will give 27,000 feet of floor space. Work of tearing out the partitions to the warehouse and redrying plant got under way this morning and will be completed long ahead of the opening of the next tobacco season. It will make the ware- house one of the largest in Eastern Carolina.

The warehouse is owned and operated by C. H. McGowan and Biggs T. Cannon.

Minister Held For Selling Insurance Without License

Raleigh, March 27.—(AP)—The Rev. Charles L. Tolar, Chocowinity minister, has been convicted at New Bern of selling insurance in North Carolina without a license. Dan C. Boney, state insurance commission- er, announced today.

The Rev. Mr. Tolar, Mr. Boney said he was advised, was tried in recorder's court in New Bern on two accounts. In one case he was fined \$100 and the costs and in the other he was given a twelve months suspended sentence on the roads. To be suspended during his good behavior.

Woman Commits Suicide at N. Y.

New York, March 27.—(AP)—A woman artist who was assistant to Ralph Moleski, famous bridge engi- neer, committed suicide by shooting in his East 38th street home yester- day.

She was Mrs. Belle Silvera, 62 years old, who aided Mr. Modjeski in making his maps and drawings and also had charge of his house- hold. She had been with him seven years.

Her body was found by the engi- neer stretched out in a bathtub on the fourth floor of the house. There was a rubber mat underneath the body and a pillow under the head. Death had been caused by a bullet through the temple. Tied to the woman's wrist by a string, was a pistol.

In a note addressed to police, Mrs. Silvera said he act was prompted by the fact that she was suffering from sleeping sickness and feared that she was becoming a paralytic. She wrote that she had tied the pistol to her wrist so that she could reach it easily for a second attempt if the first failed to end her life.

Chicago Still In The Grip Of Hard Weather

Chicago, March 27.—(AP)—The snow ended today, but the slush and drifts lingered on.

The snow stopped last night as suddenly and as unexpectedly as it began Tuesday morning, leaving Chicago and its suburbs shrouded in the heaviest continuous fall in the city's history—19.1 inches.

Although the city was no longer faced with the necessity of fighting more snow, it had by no means coped with what it already had.

Traffic was still delayed and in some cases paralyzed, schools were still dismissed and streets and side- walks clogged with snow.

ABOUT TOWN

AU REVOIR.

With the closing of the
centennial celebration here
today the Baptists of our
state start their homeward
journey filled with the glori-
ous record of achievement
of their denomination during
the century just ended, and
no doubt inspired to greater
efforts and greater achieve-
ments in the years now
ahead of us. Certainly the
meeting has been an enjoy-
able occasion for the people
of Greenville and if our vis-
itors have enjoyed their stay
here as much as we have en-
joyed having them, they will
want to bring the convention
back to Greenville long be-
fore time for another cen-
tury birthday.

Our parting word to these
Baptist visitors is, we are in-
deed glad you came, and we
sincerely hope that you will
again honor us with a visit.

INCOMPETENT DRIVERS.

The cost of careful licens-
ing of automobile drivers by
the state has been advanced
as one of the chief objec-
tions to it. The death and
property damage toll taken
by incompetent drivers has
not seemed definitely enough
an offset to the item of ex-
pense.

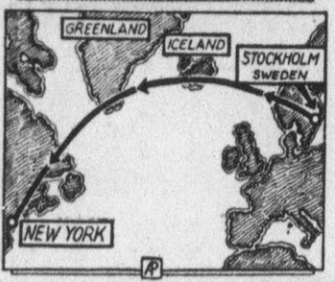

The recklessness on our
highways now is to cost
automobile drivers in an ad-
ditional levy at one point
just about the expenditure
carefully licensing would re-
quire. The insurance com-
panies are raising the public
liability and property dam-
age rates. The estimate of a
Carolina Motor club official
is that \$350,000 a year more
will be collected from North
Carolina buyers of insur-
ance.

That additional charge
amounts to about one dollar
for each automobile owned
in the state. A dollar should
suffice to pay the costs of a
thorough examination of a
driver's qualifications.

The insurance companies
are moved to raise the rates
by the statistics of our high-
way accidents. With 690
deaths and 4,984 persons in-
jured during last year, the
rates were deemed too low
and unprofitable.

The \$500,000 will not be
laid upon the automobile
owners levelly. The class
chiefly responsible for the
increase generally will es-
cape the burden. Many of
the least competent drivers
carry no liability insurance.
The public liability rate is
increased by \$3 on light cars
in the large cities and \$2 in
rural communities. Medium
heavy pay \$3 more and
heavy cars pay \$4 more
throughout the state. Prop-

your presence inspire the boys to
greater achievement.

Greenville is ideally situated as
the principal chopping center of
Eastern North Carolina, and the
people who stop here from time
to time will find that the city is
able to live up to the splendid
reputation.

If you are one of those who has
never visited the city, make it a
point to come here during the
spring and summer months and
see what the merchants have to
offer. You will be more than pleas-

the splendid spirit with which you
are received by the various mer-

thousands of values which the
merchants have selected for your
inspection.

Post-Dated Check Held Worthless

Raleigh, March 27.—(AP)—A
worthless post-dated check is
nothing more than "a scrap of
paper" under the North Carolina
law as interpreted by a ruling of
the State Supreme court.

A decision holding that a person
giving such a check was not crim-
inally liable under the state's "bad
check law" was handed down yester-
day by the high court. The
opinion was written by Chief Jus-
tice Stacy.

The Supreme state tribunal up-
held a similar decision by Judge
Frank Daniels in Wake County Su-
perior court. The case came up on
an appeal by the State against F.
H. Crawford.

Vicious Dogs Attack Sheep

Greensboro, March 27.—(AP)—
Vicious dogs early today attacked a
flock of 400 sheep on the estate of
Thomas D. Hardin in the north-
western suburbs of the city, kill-
ing nine of the animals and in-
juring eight others.

Aroused by the piteous wailing
and beating of his flock, Mr. Har-
din grabbed his shotgun and hur-
ried to the sheep pasture to inves-
tigate. He fired on two dogs dis-
covered in the pasture and believes
he wounded one of them.

Says High Wages Needed by Labor

Washington, March 17.—(AP)—William Green, president of the American Federation of Labor, today said that his organization emphasized the need of high wages and a steady income because it regards "wages and incomes essential to the modern American home." His remarks were made during a radio talk on "Labor and Its Relations to the American Home."

Among the working people the enjoyment of life, the establishment and the maintenance of the home and home-life depend upon wages and salaries," he said. "Declaring an economic order which employs the mother in mills and factories," he said:

"American labor does not believe that this is good for society or for the nation. Modern industry should be denied the exacting demands which it makes on mothers in the mills and in the factories of the nation. An economic order should be established which will permit the mother to live in the home, to care for the home and protect and care for the children in the home."

Two Physicians Injured in Blast At Ohio Hospital

Canton, Ohio, March 27.—(AP)—Two physicians were burned seriously and a baby of whom an X-ray picture was being taken was blown across the operating room at the Molly Stark tuberculosis hospital northeast of here today by an explosion of the film. Ambulances and surgeons from Canton were sent to the hospital.

Hospital officials were reticent to discuss the accident claiming it was not serious. They admitted, however, that an X-ray tube blew up while the machine was in operation.

Dr. H. O. Black, who resigned as president of the hospital several days ago, was called to the hospital shortly after the explosion.

Police said that the two physicians were badly burned but the hospital authorities did not confirm it.

Several employees of the Ohio Power Company rushed to the hospital with an inhaler.

The

of
Greenville

Eastern Carolina Service Corporation takes pleasure in contributing to further economy by a reduction in the price of its product—
Health Guard Ice.

It is strikingly appropriate that this change should take place at a time when business activity is again "looking up" to the peak levels of the past few years, and every dollar that can be

struck from the family budget amounts to a real saving.

As community builders, it is always the company's pleasure to contribute in any and way possible to the welfare of the city of Greenville.

The prices quoted below should afford a considerable saving to the careful and thrifty housewife.

COTTON MARKET

New York, March 27. (AP)—Cotton opened steady today at a decline of 10 points to a decline of 3 points on a continuation of the near month covering movement. May contracts sold up to 15.95 on the initial demand for 15 points net higher and into new high ground. July was also quite active, advancing to 15.90 or 12 points net higher but later delivery prices were relatively quiet and there was further selling of new crop positions by buyers of the spring and summer months.

No particular news factor was emphasized in connection with the fluctuations which were again attributed to various technical readjustments incident to the evening up of May commitments.

Liverpool cables were better than the one on the new crop but failed to meet yesterday's local advance on old crop positions.

GRAIN MARKET

Chicago, March 27. (AP)—Despite Farm Board announcements that domestic spring wheat acreage will probably be reduced more than government figures would indicate, wheat prices today receded from advances. Upturns brought about enlarged selling toward the last, early buyers showing a general disposition to realize profits. Late estimates of export purchases of North American wheat today, 200,000 to 300,000 bushels, had a bearish effect.

Wheat closed easy at the same as yesterday's finish to 5-8 lower; corn closed unchanged to 5-8 off; oats 1-4 to 3-4 down and provisions unchanged to a setback of 5.

STOCK MARKET

New York, March 27. (AP)—Prices on the New York Stock Exchange bounded upward with an impressive flourish at the opening of today's market, ran into heavy volume of trading when it hit a feverish peak behind the market and then made irregular recovery when new leaders were brought forward in the early afternoon so great was the volume of trading that the ticker was running about three quarters of an hour behind the market to the end of the third hour, with every indication that the day's sales would set another new high record for the year.

The mid-day movement received its chief impetus from an increase in the call money rate from 3-1/2 to 4 per cent. This was accompanied by the heavy calling of loans as bankers began their semi-weekly adjustment of balances at the Federal Reserve Bank. Time money and commercial paper rates held firm.

Delegation of the regular quarterly dividends by Anaconda Copper, which many speculators felt was endangered by the unsettled conditions in the copper industry during the past few months, stimulated the afternoon recovery. Anaconda, in which a large short interest had developed, rallied at last 3 points on the announcement of the regular dividend, but was still a couple of points below the year's high established a couple of months ago.

Couriously, the public utilities led the early advance and also presented the most weak spots when the market turned reactionary. In the early upswing, American Telephone, Peoples Gas, Pacific Lighting, Stone and Weber, Public Service of New Jersey, Consolidated Gas, Commonwealth and Southern, Engineers Public Service, General Gas and Electric, American Water Works, National Power and Light, North American, Utilities Power and Light, United Gas Improvement, United Corporation and Electric Power and Light all moved into new high ground. On the break, American Water Works, American Power and Light, Columbia Gas, Western Union and several others sold down 2 to 4 points but all made partial recovery.

Worthington Pump was marked up 6 points to 137, Allied Chemical 5-1-4, Houston Oil 4-1-2 to 110, General Refrigerator 3-1-2 to 87-1-2, and Electric Auto Lite 3 to 110 7-8. All new high records, General Motors and General Electric also reached new high ground in the afternoon recovery, the former selling at 50 for the first time this year.

Outside of the anaconda dividends there was little in the day's business

NEWS TO INFLUENCE THE PRICE MOVEMENT.

However, the feeling has been growing in speculative circles that a general recovery in business is inevitable this spring and summer and that the current rise in the market is discounted such action.

STAE BAPTISTS CLOSE BIRTHDAY CELEBRATION IN GREENVILLE TODAY

(Continued From Page One)

assembled at the campus building at the college where they heard Dr. R. T. Vann, president emeritus of Meredith college, deliver the convention sermon. Dr. Vann was preceded by Senator J. M. Broughton, of Raleigh, who spoke on the subject of "A Hundred Years of Public Influence." Scripture, comment and prayer, was delivered by Dr. Charles H. Durham, of Lumberton.

At the conclusion of the program the choir of the Memorial Baptist church, under the direction of Mrs. J. L. Fleming, rendered a special selection. The choir was assisted by Mrs. John Karsnach, of the Methodist church, and Rev. R. F. Pittman, of Ayden. Mrs. Fleming acted as accompanist.

Dr. Vann, 80 years of age, who has rendered outstanding service to the denomination despite the loss of both arms during his early manhood, spoke upon the "Unshakable Kingdom," taking his text from Hebrews 12:28, "We have a kingdom that cannot be shaken." He spoke over an hour and brought a powerful message dealing with the influence of Christ in the life of mankind.

He declared that the life of Christ stood out as a distinct challenge to the world, supreme and incomparable.

"Should a flaw be found in the life of Christ," he said, "the world would rise in one great revulsion such as has never before been seen, and civilization would tremble upon the threshold of darkness." He declared that the coming of Jesus

brought immortality of life beyond the grave, and this fact has flooded the world with a glorious light that has penetrated the farthest corners of civilization.

Christ put a new value on humanity, he pointed out. He brought with Him a spirit of democracy, a love for mankind that expressed the thought, "I am good as you are and you are as good as I am." He declared that God ruled by love and not by law. This love is expressed throughout the teachings of Jesus Christ. Wherever He went love predominated, and all of those He came in contact with felt the influence of the affection.

He described Christ as one of the greatest Democrats in the history of the World. He was not a Democrat in the present day sense of the word, not in a political way, but he was the supreme author of liberty, a man who went about from place to place setting souls free from their bondage of ignorance of disbelief, and then giving them the message of love and liberty that has been handed down from generation to generation during the last two thousand years.

Jesus, during His stay on earth, organized an endless kingdom, Dr. Vann said, and the people who live in that kingdom will never perish. He quoted that passage of Scripture, "Because I live, ye shall live," and declared that the promise held just as good now as it did when uttered by the matchless Saviour of humanity.

He pointed out that Jesus was the greatest lawmaker of all ages, and that He made enough laws for humanity and ven quet. No more laws are needed, he said. There is nothing scientific about the laws laid down by Christ, but they are respected and adhered to by men high in the life of science and invention, and wherever one may go he will find them worshipping at the shrine of the laws as enunciated by Christ.

He urged his hearers to hold steadfast to the laws of God and to continue to use their influence in the upbuilding of His kingdom.

Mr. Broughton discussed the history of the Baptist denomination and the profound part which the lives of the leading members had played in moulding public life and sentiment.

He paid special tribute to Dr. Vann, designating him as one of those peerless leaders who had been instrumental in adding lustre to the Baptist cause as head of one of the greatest educational institutions at a time when it required both wisdom and patience to cross the chasm separating the denomination from success. He said were Dr. Vann older he would readily call him the "Grand Old Man" of the convention, but since he was still young despite the eighty years resting upon his shoulders, he would call him "the Baptist's beloved."

He discussed the influence of the Baptists on the commonwealth, in religious liberty, in education and in moral progress. He told of some of the noted figures in the early life of the denomination and the superb fight which they made in behalf of a united people, launched in behalf of one great cause. He paid tribute to Henry Abbott and Martin Ross, the latter who was known as the "Father of the Convention," by reason of the fact that the organization had its inception in his mind, although he died three years prior to the actual formation of the convention in this city in 1830.

He said Baptists from the earliest date had led in the fight for religious liberty and that it was the result of their efforts that the people of the state worshipped in complete freedom. He declared that their contribution in this respect had resulted in enrichment of the religious life of the state.

He said the church had always been independent and democratic, always ready to yield to love, but never tolerating dictation. The church is controlled by her people without outside interference, and the will of her people dominates at all times.

Referring to the important part which Baptists have played in the life of education, he said they had always been in the forefront in the battle in this respect and maintained associational high schools for the education of their people fifty years before the present high school system came into being.

He told of the battle for better education, and that this reached the peak of its glory during the day of Aycock, and continued until today under the administration of Governor Gardner. He pointed out that six and one-half millions of dollars was appropriated for education activities of the state at the last sitting of the Legislature, and that the fight would be carried on until every child had the advantages which he deserved.

Discussing the important part of Baptist temperance societies one hundred years ago, he declared that the activities of this organization eventually lead to prohibition which held sway in every state of the Union today.
