CALL SECOND TAX MEETING FOR APRIL 21

Gathering of Tax Payers At Raleigh Also Calls Executive Meeting April 14.

Raleigh, April 1.—(AP)—The executive committee of the North Carolina Tax Relief Association, which was organized here late last night, voted today to call a meeting of the executive committee here April 14 and another general tax conference here April 22.

The action of the executive committee followed an address this morning by Allen J. Maxwell, state commissioner of revenue.

The April 14 meeting of the executive committee will be held for the purpose of naming officers of the association and drawing up resolutions to be presented at the general meeting April 21.

Commissioner Maxwell talked to the meeting this morning for more than an hour. He was often interrupted by questioners seeking his opinion on different matters relating to taxation, the cost of state government, and what a special session of the General Assembly would cost.

Mr. Maxwell declined to be brought into a general sales tax discussion. He pointed out, however, that the state imposes a sales tax on gasoline and collects the tax with a minimum of effort and at the source with little cost to the state, whereas a tax on luxuries would put the state at great expense as every retailer in the state would have to be visited to insure that the tax was being paid as required.

The audience received with applause the statement by Mr. Maxwell that "we have reached the time when public service costs should be brought to a halt so we will be able to think of something other than raising money for public service operations." Several delegates had suggested that public officials were paid too much.

Mr. Maxwell pointed out that public service costs in North Carolina aggregate about \$100,000,000, or more than the net income of all industry in the state and more than either the value of the cotton or tobacco crops.

Continue Effort To Rescue Miners Entombed In Ky.

Kettle Island, Ky., April 1.—(AP)—Rescue workers, endangered last night by a failure of a power line which halted a vital exhaust fan drawing lethal gases from the Pioneer Coal Company's mine, today resumed search for ten of the sixteen men entombed Saturday by an explosion.

With the finding of the bodies of six yesterday, only a forlorn hope was held that any of the others was alive. The opinion that the explosion, the cause of which has never been definitely determined, snuffed out the lives of the miners was held virtually by all the rescuers.

But hope still flickered in the breasts of the relatives of the trapped men, who have maintained a vigil for two days and three nights at the entrance of the mine.

N. Y. Syndicate Buys State Bonds

Raleigh, April 1.—(AP)—A syndicate headed by the First National Bank of New York yesterday bought \$8,920,000 worth of bonds of the State of North Carolina. The interest rate was four and one-quarter per cent. The bid was at .0032, the premium being \$2.85-40. The actual interest rate, with the amount of premium subtracted, was therefore about 4.24.

\$750,000,000 Dividends.

New York.—There's nothing foolish about today for sundry holders of stock in American corporations. It is their first big pay day of the year. Some \$750,000,000 is coming to them in dividends. And this is the 29th birthday of the United States Steel Corporation.

Forfeit \$3,000.

New York.—Rather than produce an anti-German war plays British actors have forfeited \$3,000. The bill of J. Hartley Manners, playwright, left the Royal General Theatrical Fund of London \$500 a year for six years on condition that specified plays be produced annually "so that the remembrance of the atrocities committed by the Germans on the English people be kept alive." An appraisal reveals that the bequest has been declined.

INDIAN WOMAN BECOMES SICK; TRIAL HALTED

Hearing In Marchand Murder Case To Be Resumed Tomorrow Morning

Buffalo, N. Y., April 1.—(AP)—The trial of Lila Jimerson, consumptive Indian woman accused of complicity in the murder of Clothilde Marchand, artists wife, was adjourned today until tomorrow because of the illness of the defendant.

Buffalo, N. Y., April 1.—(AP)—Red Lila Jimerson, accused of the murder of Mrs. Henri Marchand, probably will know tonight whether the white man will send her to the electric chair or whether he will spare her life until it is claimed by the lung affection from which she now suffers.

Testimony relative to the Indian woman's guilt or innocence was completed late yesterday. It is expected the case will reach the jury before nightfall.

The defense case, by which it is hoped to save the erstwhile admirer of Henri Marchand, sculptor and artist, from the chair, was brief. Red Lila did not take the stand. Her counsel told her that her life was at stake, and if she desired to brave the fire of cross-examination, he would permit her to do so.

After an interchange of notes and several conferences, she decided against testifying.

Unexpectedly, Henri Marchand, who had told of his many affairs of the heart with both reds and whites, was recalled. He was asked about his romance with an Albany newspaper woman and about a report that he was interrupted once when about to strike his "little pal" with a hammer. Defense counsel also asked if, he left his family hungry when he went on plundering expeditions. Asked if he did not feel morally responsible for the murder of his wife, he clenched his fists and shouted his innocence.

Funeral services will be conducted from St. Paul's Episcopal church Wednesday afternoon at 4:30 o'clock and burial will be made in Cherry Hill cemetery. Services will be conducted by Rev. W. A. Lillycrop, rector of the Episcopal church, assisted by Rev. W. S. Harden of the Presbyterian church.

Active pall bearers will be the following nephews of the deceased: Charles Boyd, J. H. Boyd, Edmond Boyd, Z. P. Vanduyke, William Taft, Hoover Taft and Albert Hoover.

Honorary pall bearers will be: J. L. Little, J. L. Starkey, J. R. Moye, W. B. Brown, F. G. James, Bryce Sigmund, Dr. J. E. Nobles.

Mrs. Horne was born July 12, 1850, the daughter of Mary E. Long and Rev. Edmond Hoover, of Washington. She was married to William Henry Horne of Greenville.

She was one of the oldest members of St. Paul's Episcopal Church; and was beloved by a wide circle of friends in this and other sections of the state.

She is survived by a daughter, Mrs. J. C. Tyson, and three sons, Messrs. John L. Horne, Hill Horne, Charles O'H. Horne, and a brother, Dr. H. R. Hoover, of Wilson. She is also survived by several grandchildren.

HOUSE AGREES TO SEND BILL TO THE SENATE

Tariff To Go To Conference Without Mention Of Chance To Vote On Issues.

Washington, April 1.—(AP)—The House rules committee today agreed upon the rule to send the tariff bill to conference with the Senate, but it made no mention of the understanding reached yesterday that the House would be given an opportunity to vote on the sugar, lumber, cement and shingles rate before they are finally settled in conference.

Representative Tilson, of Connecticut, the Republican leader, however, explained that it was not the practice to place such provision in a rule and indicated that the "gentleman's agreement" that the House would get a chance to vote on the rates would be adhered to.

Under House parliamentary procedure the rule must lay over one day before being debated. Efforts will be made to bring it up and adopt it tomorrow.

The House and Senate then will appoint its conferees and the conference committee probably will get down to work on the hundreds of differences in the House and Senate measures the latter part of this or early next week.

There was some speculation today over what the House would do when asked to vote on sugar, lumber, cement and shingles. Friends of the bill as it now stands were inclined to the opinion that the House would vote to concur in the Senate rate of two cents a pound on Cuban sugar and also the Senate duty of six cents a 100 pounds on cement and the free listing of shingles.

The House bill provides a duty of 2.40 cents on Cuban sugar, as against 1.76 cents in existing law; a rate of 8 cents a 100 pounds on cement, and 25 per cent on shingles.

Predictions also were made that the House would insist on free soft wood lumber which the Senate bill transfers from the free.

Chicago, April 1.—(AP)—Suit for alienation of affections was filed in Superior court yesterday by a woman against her husband's alleged bootlegger.

Mrs. Caroline Vig asks \$25,000 from Marrel and Nan Katz, who, she charges, have supplied her husband, Lingvald Vig, with liquor for eight years, taken most of his money during that time and ven his affections so that he spends more time with them than he does with her.

Mrs. Vig's bill says her husband was such a good customer that when they moved to Chicago, from Minneapolis five years ago, the Kats moved too in order to keep up the liquor supply.

Everett, of Williamson, who is said to have signed a statement that he put a pint of whiskey in the judge's traveling bag, where it was found by a prohibition agent.

"I have had friends investigating the affair since it happened," Judge Sinclair said, "and I have not heard from them. I know only what I read in the papers about Everett having signed a statement. I have nothing further to say right now, not until I know more about the whole matter."

PINT OF RUM FOUND IN GRIP OF N. C. JUDGE

Sinclair "Has Nothing To Say" Regarding Liquor Found In His Traveling Bag

Williamston, N. C., April 1.—(AP)—Discovery by a prohibition agent of a pint of whiskey in the traveling bag of Superior Court Judge N. A. Sinclair was declared today to have resulted from the "prank" of a practical joker.

"Two Williamston men said they had a signed statement from William H. Everett, also of Williamston, that he slipped the liquor into the bag without the judge's knowledge. He was quoted as saying he did it "without malice" and "had no idea it would cause trouble."

Prohibition Agent C. E. Coats discovered the spirits in the grip Sunday as Judge Sinclair was driving from Williamston to Rocky Mount, N. C., on his way to Sanford, N. C., to hold court. The judge himself reported the discovery yesterday at Sanford.

He said he was stopped on the highway by Coats who told him "he had information there was whiskey in my bag."

"I told him," said Judge Sinclair, "to open it and see."

"Much to my surprise he found a pint of whiskey in it." The judge was not arrested or detained after the search.

"The same person that put that whiskey in my bag told the officer about it," the judge continued, "I knew nothing about it being in the bag at all."

The two Williamston men, Arch Dunning, attorney, and J. L. Hassell, business man, said Everett put the flask in the luggage just before Judge Sinclair left his hotel in Williamston.

Sanford, April 1.—(AP)—Judge N. A. Sinclair had "nothing further to say right now" when asked this morning if he planned any action against William H. Everett, of Williamson, who is said to have signed a statement that he put a pint of whiskey in the judge's traveling bag, where it was found by a prohibition agent.

REVIVALS TO OPEN IN CITY NEXT SUNDAY

Series Of Simultaneous Services To Continue Here For Two Weeks

A series of simultaneous services will be held in the various churches of the city beginning next Sunday morning and continuing for a period of two weeks. The pastors of the churches will do the preaching and tremendous crowds are expected to attend each day.

Civic organization have been urged to set aside all other engagements of an extraordinary nature while the meetings are in progress so that everybody may be able to take advantage of this opportunity to render a distinct service to the community. Parents have been asked to help the children prepare their school work so that they can attend the meetings. It is desired to let the churches have full sway while he religious campaign is in progress.

On Thursday evening, April 10th, at the Presbyterian church, a supper will be served the officers of each church, representatives of the Sunday schools, women's work, and young peoples' work, for the purpose of enlisting the full support of all the people in this movement.

This is the first time the simultaneous service plan has been attempted in Greenville, and members of the Ministerial Association and prominent laymen expressed hope that everybody would use his influence in making it the great success it should be. The ministers have prepared some timely sermons for each service, and will bring before the people some of the paramount questions affecting the religious and moral welfare of the community.

The entire citizenship has been urged to call off all important gatherings during the time the services are in progress in order that everybody may attend and take advantage of this opportunity to render a distinct service to the churches and the community they serve. The two weeks will be a test of loyalty of the membership of each church to their organization and pastor.

Three Men Begin Flight To Bermuda

North Beach, N. Y., April 1.—(AP)—Captain Lewis A. Yancey and two companions took off at 9:39 a. m. today on an attempt to make a non-stop flight to Bermuda.

The plane rose from the water of Long Island sound on the sixth attempt of the flyers to get the heavily loaded ship into the air.

In attempting to lift the ship Yancey and his companions used more than one hour's supply of gasoline. Observers estimated that at the time of the take-off there remained in the ship's tanks about nine and one-half hours' supply of fuel. The flyers will attempt to make the 759 mile over-water flight in eight hours.

Man And Woman Found Guilty Of Killing Officer

New Castle, Pa., April 1.—(AP)—Walter Glenn Dague, former Wheeling, W. Va., automobile salesman, today stood convicted with his gun-gripping companion, in the slaying last December 27, of Corporal Brady Paul of the Pennsylvania Highway patrol.

In the same court room, where a week ago last Friday another jury returned a verdict of guilty in the first degree with recommendation of death in the electric chair against Mrs. Irene Schroeder in the same crime, the eight men and four women last night brought in the same verdict against the former Sunday school teacher. Only one ballot was taken, the jury being out less than two and one-half hours.

Paul was fatally shot when he stopped a party of motorists for questioning following the hold-up of a Butler, Pa., store. The store charged it was Irene Schroeder and Dague who exchanged shots with Paul and Private Ernest Moore, also of the patrol. Moore was wounded.

their infants during the spring and summer months at least. They should be impressed with the importance of cleanliness and pure water and freedom, as far as possible, from flies and contaminated food. It would be well to call attention also to the fact that many negroes are suffering with pellagra and it might be mentioned that 59 deaths from this disease alone occurred in the colored insane asylum of Goldsboro during the last six months of 1929. This should provide an opportunity for information to the colored people about the meaning of a balanced diet and other such questions."

Pre-school clinics will be conducted by the County Department of Health in the various schools of the county beginning Monday, April 7th. The clinics are for children who are to enter school next fall, and are held principally for the purpose of getting the children in the best possible physical condition for beginning school life.

The parents of the county have been urged to co-operate with the Health department to make the clinics as successful as possible. Conferences have been arranged for the parents, and they will be given complete information as to what will be expected of them.

There are lots of things to be considered when a child enters school but the most important is his health. It is the purpose of the health department to determine the physical imperfections of the children and to make recommendations for their correction before school opens. This should bring about a general improvement in the health of the child, and enable him to carry on his school work more efficiently than children in past years. A child physically unfit cannot be expected to keep pace with the child in the bloom of health, and it is to be hoped the parents will assist the health department in every way they can to make the clinics the desired success.

A chorus from various schools of the county will give a program at the campus building of East Carolina Teachers college Friday evening, April 11, and will be the most extensive thing ever before attempted in the county.

The young singers are already receiving training under direction of the directors of music of the East Carolina Teachers college, and county teachers, and will meet here Thursday to go through an entire day of rehearsing.

This is the first school-wide attempt at mass singing and what it will meet with good results cannot be doubted. It is the purpose of the County Department of Education to create among the students a greater appreciation of music. Should the plan receive the encouragement of parents there is no question but that future efforts of the kind will go over in far greater style than the first attempt, although the promoters are banking on splendid attendance Friday evening.

The public is given a cordial invitation to attend and show the young pupils and the sponsors also that they are behind them in the movement and are willing to lend their support to all future efforts of the kind.

A series of simultaneous services will begin in the various churches of Greenville next Sunday and continue for a period of two weeks. The public is not only given a cordial invitation, but urged to attend the services and in that way show that they are heartily in favor of the effort to increase spirituality in the community.

A recent city-wide survey showed that there are hundreds of persons who are not members of any denomination, and during this campaign an effort will be made to line them up for service in the field of religion.

This is the first time that simultaneous services have been held in Greenville and that good results will obtain cannot be doubted. It is nothing but the duty of the church-goers to co-operate with the Ministerial Association in making the revival a success, and in that way inducing other people to follow in their footsteps.

DUKE TO GET HEAD COACH AT ALABAMA

Tuscaloosa, Ala., April 1.—(AP)—Wallace Wade announced today he has resigned as head football coach at the University of Alabama and has signed a five-year contract with Duke University beginning in September 1931.

Coach Wade gave no reason for leaving Alabama. He said he had not planned to take any of his assistants to Duke. Wade had been offered a five-year contract with Alabama, and had received offers from a number of other universities, two of them within the Southern Conference.

Dr. George H. Denny, president of the university, commenting on the coach's resignation, said: "Duke University is fortunate to obtain a coach of Wade's ability."

"It is with deep regret that I learn that Wade is going to leave us after 1930," Dr. Denny said. "He has made Alabama not only a great coach but is a great leader of young men."

As Alabama has more than a year in which to select a new coach, no attempt will be made at present to obtain a successor to Wade, the university president announced. He said he had no one in mind as even a possible successor.

Durham, April 1.—(AP)—Announcement of Wallace Wade, football coach at the University of Alabama, that he had signed a five-year contract as head football coach at Duke university was confirmed today by Dean William Wannamaker, of the local institution.

ABOUT TOWN

The negro death rate in North Carolina from such diseases as tuberculosis and the diseases of infancy and childhood is almost everywhere throughout the state higher than for the white race." says an article sent out by the State Department of Health.

"We desire to urge upon the health officers, the welfare officers, the teachers in both white and colored schools, and the newspaper and physicians" the report continues, "that a special effort be made to bring about a more hopeful outlook from the standpoint of preventable diseases."

"It would be a splendid idea for health officers, welfare officers, and physicians especially, to arrange to talk to the colored congregations in their churches discussing frankly and plainly with the leaders of the negro race the present extensive existence of venereal diseases, which are detrimental to the race as a whole. The talk could also be utilized to great advantage in stressing the importance of preventive vaccination against smallpox, diphtheria, and typhoid fever."

"Special care could and should be urged upon the negro mothers to make greater efforts to care for

**Macbeth Pleases College Audience**

The Shakespeare Players gave two excellent performances of "Macbeth" at East Carolina Teachers College yesterday, afternoon and evening.

Emphasis was upon acting and voice effects, and in both of these the production was very fine. The correct Shakespearean stage was used, with the black back curtain for tragedy, with the supernatural scenes played in shadow, and mere suggestions for the furnishings, using only the properties necessary for the action. This is far better than an effort to make the stage realistic with showy trappings. One advantage is the movement from scene to scene without breaks and waits. The costumes were authentic, every detail in keeping with the times of Macbeth in Scotland. The interpretation of the parts followed the traditions of the best productions of "Macbeth."

James Hendrickson, as Macbeth, was superb. His magnificent physique and virility, his histrionic power, and his rich deep voice, all combined to make him a fine Macbeth. Claire Bruce as Lady Macbeth, was an excellent match for him. Her voice was singularly rich and clear. The sleep walking scenes seemed to be the favorite with the audience. Both of these and Miss Glover who played minor parts, were with Robert Mantell. Hendrickson has been with Fritz Leibers Shakespeare company and Miss Bruce with the Theatre Guild and other New York companies. Emmet Shields, who played two roles, Duncan and Macduff, was with Mrs. Fiske last season in "Much Ado About Nothing." Messrs. Patterson, Greene and Colby, others in the cast, have all played with good Shakespearean companies, and gave good support to the stars.

This company, formerly known as the Shakespeare Players, is doing an excellent thing in bringing Shakespeare's plays to the people. They travel in their own motor, going in caravan style, from state to state, usually appearing in college towns, but filling in dates in the larger towns along the way.

The college was fortunate in securing them, and those who hold season tickets were fortunate in getting a second extra attraction without extra cost.

There will be one more attraction this season. On April 14 Count von Luckner will relate some of his experiences that won for him the title of "Sea Devil."

**Colored Woman Falls Dead Of Main Street, Farmville**

Farmville, March 31.—Consternation was felt by passers-by here on Saturday afternoon at seeing the body of a colored woman, which lay for an hour and a half on Main street, near the business section.

Lou Joyner, age 50, wife of Windsor Joyner, negro tenant of W. A. Pollard, who lives near Arthur, fell dead as she walked along the street. The body lay where it fell, awaiting the decision of the town authorities concerning calling the coroner. This was decided unnecessary and the body was at last removed by a local colored undertaker.

Raleigh, N. C.—(AP)—Sidney O. Chase, of Sanford, Fla., and L. B. Skinner, of Tampa, Fla., have offered the State of North Carolina land on the coast in Brunswick county for establishment of an airport. The General Assembly must pass upon the offer.

## Simultaneous Meetings Begin At Farmville

Farmville, April 1.—Feeling the need of a revival, four of Farmville's churches are uniting in a co-operative effort and have arranged simultaneous meetings which began Sunday evening, and are to be continued throughout the week.

In his sermon of Sunday evening, the minister said, "The greatest need of our town is not more business, better prices for tobacco, etc. These are good and necessary, but our greatest need is to know God. For it is written, 'Seek ye first the kingdom of God, and His righteousness; and all of these things shall be added unto you.' In the past, we have sought material things; we found them; now in many instances they have vanished. If we will seek the things of God they will endure."

Another said, "These hard times through which we are passing, is God's call to place the emphasis where it belongs; not on worldly things which today is and tomorrow may not be, but our God, the same yesterday, today, tomorrow and forever."

The pastors of the respective churches, Dr. J. W. Harrell, Methodist, Dr. A. S. Venable, Presbyterian, Rev. R. S. Tandy, Christian, will conduct the series of meetings, each in his own church, while Rev. Ford A. Burns, Baptist, will be assisted by Dr. J. W. Settle, of Shelby.

The Episcopal church will have its services during Holy Week, when services will be conducted by two of the Church Army men.

## Cotton Farmers To Hold Meeting In City Thursday

A county-wide meeting of members of the North Carolina Cotton Growers Association and other cotton farmers, will be held in the court house in Greenville at 11 a. m., on Thursday, April 3. At this meeting Mr. U. B. Blalock, general manager of the association, or Mr. M. G. Mann, assistant general manager, will be the principal speaker for the occasion.

This meeting is being called for the purpose of having an official from the office talk to the members about how the Federal Farm Board is co-operating in the development of the cotton co-operatives. There will also be a frank and full discussion of the many co-operative problems, one of which will be the progress that is being made in the production and development of a better quality cotton.

Every farmer who is interested in the production and marketing of cotton is invited to attend this meeting. The business and professional men of Greenville and other towns in this section are especially invited to come and hear this discussion.

At this meeting E. F. Arnold, county agent, will have some announcement to make in regard to the agricultural seed loans that will be made in this section.

## Oil Gusher Still Running Wild In Oklahoma Field

Oklahoma City, April 1.—(AP)—Defying man's puny efforts to restrict its towering strength, the Mary Sudik No. 1 wild oil gusher of the Oklahoma City field, today hurled a constant menace of thousands of barrels of oil hundreds of feet into the air.

All suggested precautions were being taken against the possibility of an outbreak of the grim terror of the oil fields, fire. Swept on the wings of a 30-mile gale, petroleum laden spray from what is termed the largest sweet, high gravity well in the world, yesterday showed over the country side to the side to the north of the gusher.

A sudden flash of flame, igniting the oil, would carry disaster and tremendous loss to the citizens of Oklahoma City, who after years of effort have proved that an extensive pool of "liquid gold" lies at their door.

As a result of yesterday's high wind, housewives in South Oklahoma City were warned to close the windows of their homes.

Fire fighting equipment was dotted in strategic locations along the edge of the city and throughout the oil fields.

Oil splattered down on the deserted building and stacks of Bodine City, mushroom oil town, and then whipped northward through the oil fields, its path marked by hurriedly quenched fires and halted drilling operations. The entire field was at a standstill.

Although the wind had died away diligence against possible fire was not relaxed.

## Missing Student Found In Vicksburg

Vicksburg, Miss., April 1.—(AP)—Robert Emmet Boyle, former Fordham university student, who disappeared in December, 1928, was identified as a cab driver here today by a policeman who had seen his photograph published in a newspaper. Boyle admitted his identity.

Confronted by Patrolman Joe Ritchie, Boyle, son of Dr. Patrick Boyle, of Glenfalls, N. Y., readily admitted his identity and talked freely of his wanderings through many southern states.

Several months ago Patrolman Ritchie clipped a photograph of the youth from a newspaper and placed it in his pocketbook. He later clipped another picture and carefully folded it away, at the time forming a mental picture of the youth's features.

Ritchie was assigned to duty on a street corner where cab drivers park. One of the cab man's countenance drew his attention. The officer said nothing for a while but compared his features with the photograph until he felt certain that the driver resembled the photograph he held. Then he found that the driver's name was that of the student for whom \$500 reward was offered in Glenfalls.

Raleigh, N. C.—Opening of the truck season is reducing unemployment in Eastern North Carolina in the opinion of Frank Grist, commissioner of labor and printing.

**BAB HITS LONG ONE**  
San Antonio, Tex., April 1.—(AP)—The Yankees yesterday reached the Giant training ground here where Mel Ott had started the local fans with a homer over the center field fence.

"Where did Ott hit that ball, kid?" Babe Ruth asked the San Antonio catcher on his first appearance at the plate.

"This side of the scoreboard," come the reply.

"Well, I'm going to crack it over the other side of the board," said the Babe. And he did it.

## Bandits Conduct Reign Of Terror In Chinese Area

Shanghai, April 1.—(AP)—Further dispatches today confirmed reports that bandit armies were conducting a virtual reign of terror in several provinces of China south of the Yangtze river.

From Hankow came information that the bandit who had last Thursday raided and looted the city of Yenchow, western Kiangsi province, besides capturing three missionaries, had bolted the district magistrate in oil, killed a Chinese Christian pastor and forced the residents to pay \$80,000 mex "good will money" before the departed.

Grave fears were expressed for the safety of the kidnapped trio, which included Miss Nina Eleanor Gemmel, 35, formerly of Girard, Kas., and Tacoma, Wash.; the other captured missionaries being the Rev. and Mrs. R. W. Porteus, of England.

An expected general evacuation of foreigners from Kiangsi province-long ravaged by attacks of the lawless bands, was reported from Nanchang, capital of the province, because of increasing danger: from the bandits who were moving northward. Eight thousand organized brigands under the leadership of Chu Teh, bandit leader educated in Europe, were said to be menacing Nanchang. Chu Teh was believed to have 30,000 well armed henchmen under his control, throughout Kiangsi province.

Bandits were reported in dispatches as having captured Quinren south of Soochow, fifty miles from Shanghai, killing many who opposed them and carrying away 57 wealthy Chinese residents, after announcing they would be killed unless ransom money was paid.

New York, April 1.—(AP)—Cotton opened steady today at an advance of 2 to 8 points and sold about 9 to 12 points net higher in the first few minutes. May rose to 16.34 and the new October contract to 15.66. These prices brought freer offerings of the old crop months and prices sagged a few points. The market was less active but fairly steady at net advances of about 3 to 10 points at the end of the first half hour.

Liverpool cables said there had been covering with Continental and Bombay buying there but that the advance had been checked by realizing. These cables reported a fair cloth demand for India with improved sales to the Continent and South America.

May contracts were at the end of the first half hour where about 66 points over the new October compared with a difference of 73 points at the close of the previous day.

## STOCK MARKET

New York, April 1.—(AP)—Resumption of the upward price movement in today's stock market lifted more than 50 issues to new high levels for the year, but the advance encountered heavy profit taking and occasional short selling which brought about a few substantial declines.

Trading started off at a brisk pace but slowed up in the early afternoon when the ticker caught up with the market for the first time in about a fortnight.

The demand for stocks embraced a rather broad list with the steels, public utilities and oils giving the best demonstrations of group strength. Extreme gains in the active issues ranged from 2 to 6 points with a few specialties showing larger advances. Worthington Pump and the Peoples Gas each broke 8 points but made partial recovery, the former selling down to 11 as against a high of 139 last week.

Call money renewed unchanged at 4 per cent. New funds came into the market but the demand was relatively light. The time money market was dull with rates unchanged. Bankers' acceptances were firmer, all maturities being advanced 1/8 to 1/4 of 1 per cent.

In the public utility group, Public Service of New Jersey, Standard Gas & Electric and Detroit Edison ran up 4 to 6 1/2 points, the first named registering another new 1930 peak. United Gas Improvement, Southern California Edison and Commonwealth & Southern also reached new high ground.

Strength of such issues as Johns Manville, United Biscuit, Columbian Carbon, Safeway Stores, Liggett & Myers, B. Bullard Co., and F. G. Shattuck, the last three reaching new highs, was offset by the heaviness of Union Pacific, Atchison, Eastman Kodak, Allied Chemical, Air Reduction, Checker Cab and J. I. Case. Auburn, after setting a new high at 263 3/4, fell to 257 before it met effective buying support.

## LOST TIRED, WEARY FEELING

Lady Tells of Taking Cardui In The Spring With Resulting Benefit.

Portsmouth, Ohio.—Mrs. H. H. Penn, who lives at 839 Front Street, this city, has written the following account of her use of Cardui, for the interest of other women who have suffered similarly:

"I was tired all the time—had misery in back and sides that kept me feeling bad. I was in a nervous and weakening condition. I lost in weight until I was very thin."

"During girlhood, mother had given me Cardui, and that had helped me so much then that I decided to take it again. I took several bottles and my strength began to return and I gained in weight. I soon lost that tired and weary feeling."

"Cardui has done me a great deal of good since then. I have taken Cardui several times in the spring and have been benefited. It does me lots of good, and I am always ready to recommend it."

Thousands of women have written to tell how they had been benefited by taking Cardui. Cardui is purely vegetable. Try it for your troubles."
