GROWERS CAN OBTAIN FARM LOAN BLANKS

Application Forms For Government Loans Received at Farm Department.

Application blanks for government loans to farmers in the distressed farm areas have been received and the committees of the county are ready to assist the growers in any way possible to obtain loans, it was stated this morning by E. F. Arnold, director of the Pitt County Department of Agriculture.

The organization for handling the federal seed, federal feed, and fertilizer loan consists of community committees and a county central committee. The U. S. Department of Agriculture, through its local representative, has set up the following community committees for handling these loans in Pitt county:

Ayden: George Prescott, Lloyd Turnage, and Blaney Sumrell. Winterville: J. R. Carroll, J. L. Rollins, and R. H. Hunsucker. Farmville: D. E. Oglesby, John T. Thorne, and T. E. Joyner. Bethel: S. C. Ives, J. V. Taylor, and J. G. Thomas.

All applications for loans must first be submitted to one of the above named committees or in case there is no local committee set up, the applicant may present his application to the central committee which is composed of W. H. Woolard, L. A. Stroud and Roy T. Cox.

Farmers who desire loans may have their application blanks filled out at the county farm agent's office or if they prefer, they may arrange with one of the members of their local committees to fill out same.

In the following paragraphs the principal questions which are likely to be asked by farmers in the southeastern states who wish to get a loan from the Department of Agriculture for the purchase of seed, feed, and fertilizer are answered briefly. No attempt is made to give full details of the general regulations, which are contained in a circular issued by the Secretary of Agriculture under date of March 14, 1930.

What is the authority for these loans?—The Secretary of Agriculture is authorized to make loans to farmers in storm and flood stricken areas in Alabama, Florida, Georgia, North Carolina, South Carolina and Virginia, for the purchase of seed of suitable crops, food for work stock, and fertilizer where no such assistance exists, and upon such terms and subject to such regulations as he prescribes, including an agreement by each farmer to use the seed and fertilizer thus obtained for crop production. This authority is provided in a joint resolution of Congress, approved March 3, 1930.

Where can I make application for a loan?—The field office for the handling of the applications for seed and fertilizer loans in storm and flood stricken areas in Alabama, Florida, Georgia, North Carolina, South Carolina, and Virginia has been established at Columbia, S. C. Application blanks and other forms necessary have been sent to county committees, county agricultural agents, or others designated as representatives and will be distributed by them to banks and other convenient places for the use of applicants.

What is the security required?—Each individual who obtains a loan for seed, feed, and fertilizer in 1930 must give an absolute first lien on crops growing or to be grown by him in 1930, in such form as to entitle it to filing in the county in which he resides.

ARMED POSSES SCOUR SWAMPS FOR TERRORIST

Bloodhounds Used in Hunt For Negro Who Attempts to Assault White Woman.

Wilson, April 5.—(AP)—A negro who attempted to attack the wife of a prominent farmer residing near here yesterday was still at large today. An armed posse of three score men aided by a pair of bloodhounds, was scouring wooded and swamp lands in the section in search of him.

At nine o'clock this morning the bloodhounds took a train in a wooded section in which officers believed the negro spent last night. The chase continued across several miles of blown fields, woods and swamps, but the negro was not sighted.

During the chase last night the negro was sighted several times and shots were fired at him by the posse. It was not known whether he was wounded.

The hunted man is known to be armed. Yesterday he shot at Lee Farmer, a farmer living near the home of the woman the negro accosted, when Farmer attempted to halt him.

The negro late yesterday entered the home of Josh Bryant, prominent farmer, drew a pistol on Mrs. Bryant and later terrorized the neighborhood.

Mrs. Bryant found the negro in her dining room as she returned from a visit with friends. He pointed the gun at her and told her to "keep quiet."

About that time, two neighbors, Mrs. John Owens and Mrs. Will Baits, appeared, and the negro fled.

Passing by the home of Lee Farmer, the fugitive fired three shots at Mr. Farmer, who immediately went into the house, got his gun and together with several negroes pursued the negro. They sighted him in a patch of woods and fired several shots at him.

Whiffs in Traffic Golf and the Cops Take Him to Court

Detroit, April 5.—(AP)—John Herman was three up on himself in an absorbing game of traffic golf yesterday when he "whiffed" and the cop got him.

Traffic golf, it was explained, is a simple but exciting pastime for the motorist who drives to work each morning through rows of traffic lights. If a green light is passed without stopping, the driver is "one up" and if a red light call a halt he is penalized one, just as in match golf. The game resolves itself into seeing how many green lights one can pass without stopping for the red signal.

A "whiff," it developed, is counted when the driver crosses on the yellow signal and things happen just like they did to Mr. Herman.

President of American Federation of Labor First to Testify At Hearing On Appointment of N. C. Man to Supreme Court Bench.

Washington, April 5.—(AP)—Hearings on the nomination of Judge John Parker, of North Carolina, to be an Associate Justice of the Supreme court were ended today by a judiciary sub-committee after receiving vigorous protests against him from organized labor.

Chairman Overman, of the sub-committee said after a conference with other committee members that he would be unable to make a report to the judiciary committee before its meeting a week from Monday.

Washington, April 5.—(AP)—William Green, president of the American Federation of Labor, told a Senate judiciary sub-committee today that all organized labor is united in opposition to confirmation of Judge John J. Parker of North Carolina as an Associate Justice of the Supreme court.

Green was the first witness at hearings of those opposed to the confirmation of Judge Parker who was named by President Hoover to succeed the late Justice Sanford.

Before Green testified Chairman Overman of the judiciary sub-committee considering the nomination, introduced a letter from Governor Gardner of North Carolina and other North Carolinians endorsing Judge Parker.

"I have never known any man," wrote Governor Gardner, "who possessed a higher or a finer sense of righteousness and justice as Judge Parker. In my opinion Judge Parker enjoys the confidence and esteem of an overwhelming majority of the people of this state, irrespective of party affiliations.

"There is not, in my judgment, the slightest basis in reality for the fear expressed by one group of our citizens that he would not, as a judge of the Supreme court, be absolutely fair and impartial in any case of controversy which might arise."

Mr. Green said labor was opposed to Parker because of his decision upholding an injunction restraining the United Mine Workers from soliciting membership in the Red Jacket Coal and Coke Company in West Virginia.

Reading from a letter he had addressed to members of the committee, Mr. Green said the injunction approved by Judge Parker, "in effect reduced the workers employed by these numerous coal companies represented in the Red Jacket Consolidated Coal and Coke Company case to a condition approximating industrial servitude."

"Trade union representatives were denied the right to talk to them and to peacefully persuade them to join a trade union," he continued. "They could not be asked to join a union and in that way exercise the right of collective action comparable to the exercise of the right to organize exercised by those corporations which employed them."

Senator Borah, Republican, Idaho, questioned whether the Parker decision was not in accordance with a decision rendered by the late Chief Justice Taft. Green disagreed. But Borah indicated a belief that it did concur.

"I am not passing judgment on the Parker decision," Borah added. Senator Overman also introduced letters endorsing Parker from Plummer Stewart, of Charlotte, a former law partner of the nominee; and from George Roundtree, of Wilmington, N. C.

Overman told Green he had letters stating that labor's real protest is against the Supreme court's "Yellow Dog Contract" decision rather than against Parker as an individual.

"We don't want to be placed in that light," replied Green. "We believe Judge Parker represents the views expressed in the Supreme court decision. We don't want to strengthen the reactionary side of the court with this nominee."

Green continued that labor did not oppose the use of the injunction for the protection of property but it did oppose its use for the purpose of preventing the workers from exercising their rights to join unions.

The labor leader said that in the decision by Judge Parker in the Red Jacket case the United Mine Workers were restrained from giving financial assistance to the employees of the Red Jacket Company in the event that they joined the union.

Governor Gardner Calls Conference Of Governors At Asheville April 26th

Invites Chief Executives of Seven Southeastern States to Discuss Economic and Industrial Problems.

Held In Kidnaping

Convict Shot In Attempt To Quit Sing Sing

Raleigh, April 5.—(AP)—Gov. O. Max Gardner of North Carolina today called a conference of the governors of seven southeastern states to be held in Asheville, N. C., April 26, for the consideration of the economic, agricultural and industrial problems of the southeast.

The governors of Virginia, South Carolina, Georgia, Alabama, Florida and Tennessee have been invited by Governor Gardner to meet with him and discuss conditions in this section.

Definite acceptance of the invitations have been received from Governor Horton of Tennessee, Governor Pollard of Virginia, and Governor Richards of South Carolina, Governor Gardner announced.

Ossining, N. Y., April 5.—(AP)—A stream of machine gun bullets cut short the attempted escape of a Sing Sing convict after he had scaled two walls and plunged into the Hudson river last night. His body was recovered 15 minutes later with a bullet wound in the neck.

The recreation period had ended and the prisoners were falling into line to be marched to their cells for the night. Alphonso Tarrello, 24, serving a term for robbery, broke from the line and dashed across the yard.

Ignoring the shouts of guards, he scrambled over a 16 foot barrier, ran across the intervening space and climbed a 12 foot wire fence surrounded by sharp spikes.

As he ran toward the river, Ernest Bullard, a guard stationed on the dock, called to him to halt and levelled a machine gun. Tarrello kept on toward the water and the guard fired.

Marshallowtown, Ia., April 5.—(AP)—The Marshallowtown fire bell should ring now only when there is a fire—or at the most early, when somebody thinks there's one.

The bell had been ringing every hour or so for days, and for no apparent reason. This, of course, caused all sorts of inconvenience to the firemen.

All sorts of traps were laid in hopes of catching the practical joker, but none could be found. Finally the search led to the bell itself. There, it was found a brooding pigeon had built a nest around the electric cord leading to the gong. Part of the insulation had worn off, and the wire had become entwined with bits of string so that every time the pigeon turned the egg, a contact was made that rang the bell.

Locust Grove, Ga., April 5.—(AP)—P. F. Pruitt, chief of police of Locust Grove, said that the body of J. M. Wilkins, negro Pullman porter of the Southern Railway's Kansas City special, was found near here early today with the knees touching the ground and the head tied to a small tree by his porter's coat.

Pruitt said a large wound beneath the negro's left arm led into the heart and apparently had been made with a large knife.

The police chief said a set of foot prints led from the railroad tracks across a freshly plowed field some 300 yards away where the body was found and that the same prints led back again to the tracks. The footprints, he said, did not correspond to the negro's shoes, which were muddy. A trail of blood, he declared, paralleled the footprints.

The Kansas City special did not stop at Locust Grove, but at July, Ga., 17 miles from here.

Railroad officials said that the negro was last seen alive when the train left Macon at 3 a. m., today and was not missed until the train was pulling into Atlanta. Railroad and Pullman employees professed ignorance of the circumstances of the porter's disappearance from the train.

Wilkins was said to have lived in Kansas City and to have handled the Pullman for several months between Kansas City and Miami.

Gastonia, April 5.—(AP)—(AP)—Seven additional cases of partial paralysis blamed on adulterated Jamaica ginger drunk as a beverage were reported in Gaston county today, bringing the total known to exist in the county to 27. Three were reported today from Belmont and four more from Gastonia. There are 16 cases at High Shoals.

CITY CHURCHES FINISH PLANS FOR REVIVALS

Series of Simultaneous to Begin Here Tomorrow Morning at 11 O'clock.

All plans had been finally completed today for the opening of the series of simultaneous services to be conducted in the Greenville churches the next two weeks. The first services will be held tomorrow morning at 11 o'clock and will continue every evening thereafter except on Saturdays.

Pastors of the various churches will do the preaching, and it was said today that each had prepared a number of sermons of more than ordinary interest to be delivered during the two weeks the campaign is in progress. The colored churches of the city will co-ordinate in the simultaneous campaign and the services will be general in all churches of the city.

One of the features of the meetings will be a supper for officers and key workers of the churches at the Presbyterian church Thursday evening at 6:30 o'clock. This will be on the order of a get-together meeting of all the campaign workers and is expected to result in a more widespread effort to bring about the conversion of the several hundreds who are not members of any church.

The campaign follows in the wake of a religious census of the city in which the membership of the churches was determined, as was the number outside the church. The census is expected to be of invaluable aid in assisting ministers in reaching those who have not become affiliated with any denomination.

The public has been extended a cordial invitation to attend the meetings, and all civic and business organizations have been urged to abandon all evening engagements during the two weeks the revivals are in progress. Parents have also been requested to assist children in the preparation of lessons in the afternoon so that they may be able to attend the services at night.

Sadler Speaks Before Kiwanians

Rev. Lee Sadler, pastor of the Eighth Street Church of Christ, was the principal speaker at the regular twice-a-month meeting of the Greenville Kiwanis club at the Rotary building last night. He spoke on the subject of "Our Boys" and brought out many interesting facts in the interest of raising the youth of today to be a better citizen of tomorrow.

The program last night was in charge of W. S. Brown and President B. B. Sugg presided. The usual supper and song numbers were enjoyed, and two members, Dr. Bonner and Dr. Paul Fitzgerald, were received into the club.

Mr. Sadler urged his hearers to consider their boys and to be companions to them, expressing belief that this would have a tendency of leading youth to a higher plane of life.

Kansas City Man Sought in Kansas Insurance Plot

Bentonville, Ark., April 5.—(AP)—The state's investigation into the fatal shooting of William R. Pearman of Columbia, Mo., in what it termed was an insurance swindle plot, today had brought the issuance of a warrant for the arrest of S. K. Johnson, Kansas City real estate man.

Officers announced that Johnson was wanted on a felony charge in connection with the death of Pearman, who was found shot to death on a roadside near Gravette, Ark., last week. One man, Dr. A. J. Bass, wealthy retired dentist of Columbia, was in jail here, named in three indictments, one of them charging murder of Pearman and two others accusing him of being an accessory before and after the fact to the murder. Pearman carried under an assumed name \$200,000 in life insurance assigned to Bass.

The warrant for Johnson's arrest was issued after the final report of the grand jury was returned. The jury adjourned after returning five indictments, three of them against Bass. The nature of the other indictments was not announced because of an Arkansas law making publication of indictments unprivileged unless persons named in them have been arrested.

Thirty Injured by Police

Bombay, India, April 5.—(AP)—Thirty persons were injured when police fired into a crowd of striking railwaymen here yesterday. A police sergeant, a woman and a man were so seriously wounded that they were taken to a hospital.

Ray Tipton, St. Louis, was arrested at request of Kansas City police in connection with \$100,000 extortion and kidnaping plot against Michael Katz, Kansas City drugist.

PRES. HOOVER ANTICIPATING SOME SURPLUS

Believes Rigid Economy in Government Will Leave Nation to Good at End of Year

Washington, April 5.—(AP)—President Hoover is looking forward to a slender surplus at the close of this and the next fiscal year if the most rigid economy is exercised, meanwhile by both the legislative and executive branches of the government.

His estimate is based upon income tax collections for March which, he says, "indicate that the unfavorable developments of last fall did not affect individual incomes to the extent that many had feared." The year's receipts from this source are now expected to be somewhat less than last year, but subsequently greater than in 1928.

At the current rate of expenditure, the President said in a statement issued for publication today, "it appears that we should be able to close the fiscal year ending the thirtieth of next June with a very moderate surplus."

The same holds true for next year, he continued, but there the situation is clouded by the fact that a surplus originally estimated at \$47,000,000 has already been reduced by \$30,000,000 through Congressional appropriations.

"The major difficulty in prospect," Mr. Hoover added, "arises from the fact that bills already favorably reported by Congressional committees if enacted into law, would entail an additional expenditure of nearly \$300,000,000 during the next fiscal year, and as far as we can see today, inevitably result in a deficit. The situation clearly calls for most rigid economy and deferment of even otherwise justifiable expenditures by both the legislative and executive departments."

The President's statement said that the income tax payments of corporations apparently will not fall below last year. It is apparent, he added, that the cut in the tax rate "was fully justified."

Men And Women Caught in Rum Radids in West

Salsbury, April 5.—(AP)—Men and women alike were caught today in a dragnet for alleged moonshiners and blind tigers spread over Rowan and nearby counties by federal prohibition officers.

Deputy Administrator J. L. Osteen, of Greensboro, yesterday directed a "dry-up campaign" from temporary headquarters here. He announced last night that during the day 48 persons had been arrested, and that the drive would continue today. He predicted the total arrests would approximate 60 before the crusade ended.

Of 23 arrests made yesterday in Rowan county, seven were women. Fifteen persons were arrested in Cabarrus and 10 in Stanly county. Most of those arrested arranged bond when they were given hearings before U. S. Commissioners.

It's wise to choose a SIX! After all, it is a perfectly simple matter to decide which automobile to buy. Only two questions must be answered to your satisfaction— First: Which car gives the most for my money? Second: Which car represents the soundest investment in satisfaction and pride of ownership? In buying a low-priced car consider the following facts: It is wise to choose a six-cylinder motor— for six cylinders are necessary to take out vibration and roughness. Six-cylinder smoothness will save the motor, the whole chassis, the body, the passengers, and the driver. The Chevrolet is a six. And yet it sells at a price that anyone can afford to pay. This very low-priced car lasts longer, not only because of fine materials and oversize parts, but also because it is a six. Its big, smooth, 50-horsepower six-cylinder engine is always "taking it easy." There is no feeling of strain at any speed. With all its six-cylinder smoothness and power the New Chevrolet Six uses no extra gasoline or oil. Efficient design makes this possible—overhead valves—high compression power from any fuel—very latest high-acceleration carburetor—close-fitting, long-wearing pistons—crankcase ventilation—air cleaner. You can really have extreme economy and still satisfy your ideal of truly modern transportation. Chevrolet economy is also the mark of Chevrolet sincerity in manufacture. To illustrate: Chevrolet valves are readily accessible and adjustable. This saves replacing valves, and also makes it possible to preserve efficiency. A similar example is found in Chevrolet's molded brake lining—reducing the necessity of frequent replacement, and consequent expense. Furthermore, there is a rear axle inspection plate on the new Chevrolet Six. This makes it unnecessary to take the axle apart to examine it or clean it. The Chevrolet Six is full of such evidence that true motor car economy comes from advancement and refinement. Like the finest cars, the Chevrolet Six provides the comfort and protection of four springs controlled by hydraulic shock absorbers. They are mounted lengthwise, in the direction of car travel, and self-adjusting spring shackles maintain quiet. ROADSTER OR PHAETON \$495 F. O. B. FACTORY, FLINT, MICHIGAN

Of interest to their many friends was the wedding of Miss Rubelle Evans and Cecil Perkins, which took place this morning at nine o'clock at Eighth Street Church of Christ.

Only relatives and a few intimate friends attended the wedding.

The chancel was banked with ferns, lilies, hyacinths and other spring flowers in white and shades of pink, which formed an attractive setting for the ceremony.

Mrs. J. L. Carper, wearing a black chiffon gown with black hat and shoulder corsage of valley lilies and lavender sweet peas, gave a short musical program prior to the entrance of the bride and groom.

Lohengrin's Wedding March was used as the processional and Mendelssohn's as a recessional.

The bride and groom entered together. The Reverend Lee Sadler, pastor of the church, performed the ceremony. The bride wore a becoming ensemble of tan crepe, with matching accessories. Her flowers were a corsage of Tallman roses and valley lilies.

Mrs. Perkins is the pretty and attractive daughter of the late Mr. and Mrs. Roy T. Evans. She is a graduate of East Carolina Teachers College, and a popular member of the younger social set. She has always made her home in Greenville.

Mr. Perkins is the son of Mr. and Mrs. J. W. Perkins of Wendell. He has been making his home in Greenville for the past few years. He is connected with the Proctor Hotel and has made a large circle of friends since coming to Greenville.

After a wedding trip to northern cities Mr. and Mrs. Perkins will be at home at the Proctor Hotel.

Miss Eva Perkins, of Wendell, and Mrs. Herman Eatman, of Bailey, were here to attend the wedding.

Mrs. O. N. Todd, of Tallapoosa, Ga., who will open revival services at Pentecostal Holiness Church here tomorrow.

**Woman Evangelist To Hold Revival**  
Mrs. O. N. Todd, of Tallapoosa, Ga., who comes to begin a meeting in the Pentecostal Holiness church, arrived this morning at 10:08. The meeting will begin Sunday morning at 11 o'clock. There will be services each evening at 7:30 o'clock.

Mrs. Todd comes to us with a background of many successful years in the ministry. The friends of our church and all the people of this vicinity have an unusual opportunity to hear messages of Gospel truth.

The local church is doing what it can to make provision for the congregation to be comfortable. The floor of the church has been recently finished, and new and more comfortable seats have been provided. We trust that every one, and especially those of this immediate community, will make a special effort to attend these services here for the Methodist Sunday School convention, and it was found we had made enough to make a payment on the chairs in the club house, which debt the junior organization had taken over. It was also decided that the junior club should sponsor the opening of the miniature golf course on the corner of Fourth and Washington streets.

The meeting was then turned over to the program leader and Mrs. Jesse R. Moyer, whose most interesting paper on "The Legitimate Stage" was greatly enjoyed. Miss Moyer spoke of the beginning of the drama, of the effect of the death of Christ on it, making the theme of the plays a sort of "Heaven versus Hell," of the Shakespearean era, and so on down to our present plays, and the modern movies which have had such a tremendous effect on the country. She then sketched the Talmadge family and the Fairbanks Pickfords as examples of the screen's great actors and actresses. She told of the early life and struggle of Eva La Gallienne and of what she had meant to the speaking stage, and of the beloved Ellen Terry and what she gave to the stage and the world.

**Hospital Nurses Meet.**  
The nurses of Pitt Community hospital held their regular meeting Friday evening, April 4, at the nurses' home on Jarvis street.

The home was artistically decorated with wild dogwood and yellow jasmynes.

The program chairman was Miss Rubelle Briley. She opened the program with a song "America, the Beautiful." Following this Miss Allene Johnson gave a very interesting and instructive talk on development of nursing in the past one hundred years. The main feature of the program was the debate, Resolved: That We As Individuals Do Not Remain at a Standstill, We Must Either Go Forward or Backward. Dr. S. M. Crisp upheld the affirmative side of the question while Dr. J. T. Winstead of the negative, won his side of the question. Miss Margaret Forrest rendered a solo, "Beautiful Garden of Paradise."

The latter part of the program was turned over to fun and merriment. Miss Lula Mae Jenkins told jokes on those present.

Informal dancing and group singing was enjoyed while refreshments were served.

The guests of the evening were: Dr. and Mrs. George Stone, Dr. S. M. Crisp, Dr. Winstead and Mrs. J. L. Evans.

## OPENS MEETING HERE

At the close she read a poem that Dame Terry had written on her death.

Mrs. Charles White charmingly sang "Robin, Robin, Sing Me a Song" by Chas. Gilbert Spross, and "Pale Moon" by Bogan. She was accompanied on the piano by Mrs. Guy Smith. The hostesses then served a delicious sweet course with Easter favors.

## Local Debaters Break Fifty-Fifty

The high school debating team supporting the affirmative end of the query, Resolved that North Carolina should adopt the proposed constitutional amendment authorizing the classification of property for taxation, won its leg of the triangular debate with Washington and New Bern. The pupils on the affirmative were Marguerite McGinnis and Nancy Lee Summerell. Washington high school affirmative won over New Bern negative in the local high school auditorium. At the same time New Bern affirmative won

## over the Greenville negative in Washington. Elizabeth Carr and Rosamond Horne upheld the negative for Greenville.

Since no team in the triangle won both legs of the debate, no team will go to Chapel Hill this year.

Mount Airy, N. C.—(AP)—George M. Sparker, 52, well-known farmer, shot himself at his home here. Friends attribute it to ill health.

**ISO-THERMIC TUBES FOR Automatic Fast Freezing of Ice and Desserts**

Here is a feature that will appeal to every user of electric refrigeration—a special Kelvinator compartment that gives extra-fast freezing, automatically. Note the spiral coil of Iso-Thermic Tubes, indicated by arrows. This is, in effect, a Cold Plate, in which intense cold is concentrated. Ice cubes and desserts are frozen in half the usual time. Yet food compartments are not affected. A feature exclusive to Kelvinator and standard equipment on all 1930-Kelvinator models.

Balanced refrigeration—the goal toward which the entire refrigeration industry has been striving, is now a reality in the new Super-Automatic Kelvinator.

Through the use of Iso-Thermic Tubes, an exclusive Kelvinator design, the proper degree of cold for every refrigerating purpose is automatically maintained without your giving so much as a thought to it.

For example, ice cubes and desserts are frozen in record time—without attention or regulation on your part. Simultaneously, foods are preserved at a separate and scientifically correct temperature between 40 and 50 degrees. And in larger models a special cold storage compartment for fish, meats, fowl, desserts, or an extra supply of ice cubes, maintains a temperature sufficiently cold for this purpose.

Truly, here is refrigeration efficiency at its peak. Nothing to adjust, nothing to worry about. The Super-Automatic Kelvinator performs its work smoothly, silently and to perfection.

Why not visit a Kelvinator showroom today and have the Kelvinator dealer demonstrate this balanced refrigeration? There are a dozen or more other vital improvements that will surely interest you. Ask about the Kelvinator ReDisCo plan by which any model may be purchased out of income on easy monthly terms.

**1 Iso-Thermic Tubes**—Give new fast freezing of ice cubes. Fully automatic—no regulation or hand controls. Ice capacity up to 35 pounds. Faster freezing of ice creams and desserts.

**2 Super-Automatic Refrigeration**—Food compartments always between 40 and 50 degrees. Not affected by lower temperature of ice chamber. Cold-Keeper cuts down starting and stopping of mechanical unit fully one-third.

**3 Cold Storage Compartment** For Meats, Game, Etc.—Larger size Kelvinators have separate compartment where perishable foods may be kept indefinitely.

# Market Report

## Cotton--Stocks--Grain

### COTTON MARKET

New York, April 5.—(AP)—Cotton opened steady today at an advance of 4 points to a decline of 3 points.

Traders were made cautious at the start by yesterday's sharp fluctuations and uncertainty as to the further attitude of old crop long interests, but there was considerable realizing or liquidation and prices went 5 to 12 points net lower in the first few minutes with May declining to 16.30 and new October to 15.47.

Offerings then subsided, and the market stiffened on covering. There also appeared to be some sport house buying of the near month's May rallied to 16.48 and new October to 15.57, making net advances of about 7 to 13 points, but the market showed continued nervousness and met further realizing on the bulge.

Liverpool did not fully meet yesterday's local decline. Private cables said liquidation there had been absorbed by covering and trade calling. Cotton on shipboard awaiting clearance at the week-end was estimated at 102,000 bales against 112,000 last year.

rapid advance of the last few days. The selling was not directly associated with any development in the day's news.

Amusement shares were among the hardest hit. Warner Brothers Pictures, which turned heavy yesterday, sold down more than three points on reports that earnings for the second quarter of the fiscal year which ends April 28, would run around \$1.50 a share, as against some publicized estimates of \$2 to \$2.50 a share. General Theatres Equipment, Paramount Famous Lasky and Loews sold down 2 to 3 points and Radio, Fox and some of the others declined a point or more.

### GRAIN MARKET

Chicago, April 5.—(AP)—Pro. aspects of virtually unabated drought next week and decrease of the United States visible supply on Monday led to fresh soaring of wheat today.

Commission house buying of future deliveries of wheat was the largest in some time, especially as the day drew to an end. The finish was at practically the day's top level.

Wheat closed strong 17-8-23-4c a bushel higher than yesterday's finish.

Corn closed unchanged to 1-2c up, oats unchanged to 1-413-9 cents advanced and provisions varying from 5 cents decline to a rise of 2 cents.

### STOCK MARKET

New York, April 5.—(AP)—The stock market, having moved into new high ground in a series of record-breaking sessions earlier in the week, today ran into a storm of profit taking which brought about widespread irregularity of price movement. Pool operators succeeded in marking up at least a score issues to new high levels for the year on gains which rain from 1 to 7 points but this was offset by a long list of declines angling from 1 to nearly 6 points.

While there was a feeling in many quarters that the market had been running too far ahead of general business, the recovery in which has been slow, today's reaction was generally characterized as a correction of a temporarily top-heavy speculative position built up in the

### New Bern Lawyer Out For Solicitor Of Fifth District

Thomas O. Moore, New Bern attorney, announced today that he would be a candidate for the office of Solicitor of the Fifth Judicial District, opposing D. M. Clark, of

Greenville, the present incumbent. Mr. Moore is 29 years of age, was born in Greenville, and raised in Pitt and Craven counties. He received his education at Virginia Military Institute and the University of North Carolina, graduating from the University with the class of 1921.

He was licensed to practice law in 1922 and since that time has been associated with the firm of Moore and Dunn at New Bern. He was solicitor of Craven county from 1924 to 1928.

He is a member of the American Legion, having been a member of the New Bern post since organization in 1920. He enlisted in the United States army in 1918, immediately after becoming 18 years old.

### SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by B. B. Hardy and wife, Ida Hardy, on the 16th day of January, 1923, and recorded in book 1-14, page 323, we will on Saturday, the

12th day of April, 1930

at the courthouse door in Greenville, N. C., Pitt County, sell at public auction for cash, to the highest bidder the following land, to-wit:

All that certain tract or parcel of land, situate, lying and being in the State of North Carolina, Pitt County, and in Pactolus Township, bounded and described as follows, to-wit:

Bounded on the north by the public road; bounded on the east by the lands of George Little and W. W. Little; bounded on the South by the lands of J. R. Davenport, and bounded on the West by the lands of J. C. Crandall, containing 70 acres, being the same land described in a Deed from J. C. Crandall and wife to B. B. Hardy, dated February, 1914, recorded in the Register's Office of Pitt County, North Carolina, in Book U-10, page 540, to which said Deed reference is made for further description.

This sale is made by reason of the failure of B. B. Hardy and wife, Ida Hardy, to pay off and discharge the indebtedness secured by said deed of trust.

A deposit of 10 per cent will be required from the purchaser at the sale.

This the 20th day of Feb., 1930.
