Suspends Construction On New P. & N. Railroad Awaiting Court Action

President Lee Issues Orders to Stop Work On New Line In North and South Carolina While Suit Of Interstate Commerce Commission Is In Courts; Plans To Expedite Hearing

Charlotte, April 17.—(AP)—Construction of the Piedmont and Northern Railway connecting link in North Carolina and South Carolina was suspended today on orders of W. S. Lee, of Charlotte, president of the road, while the suit brought yesterday at Greenville, S. C. by the Interstate Commerce Commission for a Federal Court injunction is progressing through the courts.

Mr. Lee announced today that the railway will endeavor to expedite the final hearing of the action, in which the Interstate Commerce Commission is seeking to enjoin the \$5,000,000 construction program.

The work in progress during the past several weeks has been on the link intended to connect terminals of the P. and N. divisions at Gastonia and Spartanburg.

Mr. Lee issued the following statement:

"The suit of the Interstate Commerce Commission has been brought for the purpose of enjoining the Piedmont and Northern railway company from the completion of its lines. It, of course, raises a very serious question vitally affecting the work. The thing which is now of prime importance, and to which we must mainly give our attention, is to get the case tried and disposed of as early as possible. Until the right to proceed is settled, the work must necessarily remain under a cloud and naturally cannot be carried on with the speed and assurance which it should have. We shall have no stone unturned to get the case brought to trial and finally disposed of at the earliest possible moment. The suit will necessarily delay the work, so far as actual construction in the field is concerned; but the plans of the work, and other arrangements not involving actual construction, can and will be continued, as the suit seeks to enjoin construction. In this way, if it is decided that we are free to go ahead, we can reduce the consequences of the delay to a minimum, and put ourselves in the position so that we will be ready to get behind the work to full capacity the moment the way is clear to do so. Pending the commission's application for a preliminary injunction the construction work has been suspended."

The P. and N. on March 10 began work at Spartanburg, S. C., and Gastonia, N. C., on one sector of a proposed \$15,000,000 extension of its lines. The railway did this in defiance of the Interstate Commerce Commission, asserting the commission did not have jurisdiction over an electric inter-urban line.

The commission yesterday filed suit here in United States court for the western district of South Carolina, asking both permanent and temporary injunctions to restrain the road from carrying forward work on its proposed extensions. The P. and N. was required to answer the complaint within 30 days.

The commission charged the P. and N. "was and now is a common carrier by railroad" subject to the commission's authority. It asked first for a permanent injunction and then for a temporary injunction restraining the road's building activities "until the further order of this court."

The commission in 1927 denied the electric railway permission to build extensions from Spartanburg to Gastonia and from Charlotte to Winston-Salem and ultimately to Durham, N. C. It held that a new and unnecessary trunk line system would be created through the Piedmont Carolinas. Several big steam railways joined in opposing the extensions.

The P. and N. then defied the commission and took the matter before the Federal courts. When the Supreme court in an opinion a few weeks ago declined to decide the case on its merits the railway began its construction work to a decisive test.

Officials of the road said yesterday they would decide their next step as soon as they had had opportunity to study the complaint in the suit filed by the Interstate commission.

Auto Accidents Claimed 55 Lives In N. C. In March

Raleigh, April 17.—(AP)—Automobile accidents in North Carolina in March claimed a toll of 55 killed and 284 injured. W. C. Spruill, of the motor vehicle bureau of the State Department of Revenue, announced today.

There were 18 pedestrians killed and 41 injured.

Twenty-four fatalities occurred on straight highways, eight on curve highways and only three at street intersections.

There were five children killed while at play in the street and 13 others were injured. One of the fatalities was a child of less than four years of age.

There were 293 drivers involved in the accidents, of which only 24 were women.

Reckless drivers claimed the greatest toll with nine killed and 24 hurt; speeders killed seven and injured 22; intoxicated drivers killed four and hurt 15 and hit and run drivers killed six and injured nine.

Sunday continued to lead all days in accidents, with a total of 53 casualties, including 15 killed in Sunday accidents, and Saturday was next with 37 injured, of which nine died.

Capone Effects Union Of Chicago's Warring Gangs; Truce With Moran Faction

Amalgamation of Underworld Forces Has As Its Purpose The Ending of Gang Gunnery and the Making of More Power and Profits

Chicago, April 17.—(AP)—A union of Chicago's warring gangs under the single leadership of Al (Scarface) Capone was understood today to have been effected.

The amalgamation of the Capone and George (Bugs) Moran factions, heretofore at odds with each other over liquor, gambling and vice traffic, has for its reported purpose:

(1) The ending of gang gunnery, which has been responsible for hundreds of deaths in Chicago during recent years; and,

(2) The coordinating of all major gang enterprises for purposes of increased power and profits.

The peace agreement was reported by the Herald and Examiner as having been secretly signed following conferences at Capone headquarters at 22nd street and Michigan avenue.

Last night the agreement, binding members of several warring groups into one large gang, was celebrated at numerous places where the more prominent gang members congregate. The Herald and Examiner said these parties were attended by lesser lights of both the Capone and Moran gangs, with Capone men in the majority. The Moran celebration of the ratification is planned for a later date.

Although the amalgamation brings under one leadership the most important gang men of Chicago, it is

ORDER JUDGE TO COURT IN LIQUOR CASE

Sinclair Summoned Before U. S. Commissioner at Selma Next Saturday

Selma, N. C., April 17.—(AP)—Judge N. A. Sinclair of the North Carolina Superior court, has been summoned to appear before United States Commissioner I. W. Massey here Saturday to answer to a charge of violating the Federal prohibition laws. Commissioner Massey said today.

A warrant for Judge Sinclair's arrest was sworn out by U. S. Commissioner I. W. Massey, a Federal prohibition agent who several weeks ago stopped an automobile in which the jurist was riding and found a pint bottle of whiskey in Judge Sinclair's handbag.

The warrant is now in the office of United States Marshal E. C. Geddie at Raleigh, meanwhile, Judge Sinclair characterized the affair as a "frame-up" and later W. H. Everett, of Williamson, N. C., said he "planted" the whiskey in the jurist's luggage as a practical joke just before the jurist left Williamson where he had been presiding over a term of court.

No immediate action was taken, but charges were preferred by Coates and forwarded to the office of the United States District Attorney at Wilmington, N. C.

Judge Sinclair's baggage was searched by Coates on March 20 while the jurist was riding from Williamson to Sanford.

Coates said he acted on a tip furnished from Williamson. Coates hailed the automobile in which Judge Sinclair was riding at Mildred and soon discovered a pint flask of whiskey in the jurist's handbag.

Everett's story of a practical joke was corroborated in statements by Arch Dunning and J. L. Hassell, Williamson attorney and business man.

Raleigh, April 17.—(AP)—A warrant bearing a date of last week has been issued for the arrest of Judge N. A. Sinclair, on a charge of violation of the prohibition laws in the United States Marshal's office here. Ivan Byrd, chief deputy of the eastern district, said this afternoon.

Judge Sinclair was served notice of the warrant over the telephone, Marshal Byrd said, and the jurist said he would be present for a preliminary hearing before Commissioner I. W. Massey at Selma Saturday, Mr. Byrd added.

NEGRO WOMEN SENTENCED TO COUNTY JAIL

Catherines Boyd and Estelle Davis, colored, were convicted on a charge of false pretense in the criminal term of Pitt County Superior court in this city yesterday and sentenced to sixty days each in the county jail.

They were alleged to have made credit purchases on the account of another person, telling the merchant that they had been authorized to do so. When the merchant demanded settlement of the other party, he declined payment saying that he had not authorized the women to trade on his account.

Tom Goo, operator of a shoe repairing shop in Greenville, was found guilty on a charge of giving worthless checks to Sam Levine, operator of a shoe findings house. Sentence was not pronounced in the case. The grand jury also returned a true bill against Levine for aiding and abetting in the giving of the worthless checks.

R. Mobley, charged with giving a worthless check, was found guilty and ordered to pay a fine of \$100 and cost.

Jesse Jones, charged with assault with a deadly weapon, was found guilty, but judgment was reserved over a man walking along the road. Jones was charged with running and not stopping to give him any attention.

George Curry, charged with giving worthless checks, was found guilty, but sentence was reserved. Prayer for judgment was continued in the case of J. W. Kirby, charged with disposing of mortgaged property.

President To Determine Possibility Of Ratifying Naval Treaty This Spring

Senator Borah and Joseph H. Cotton Call At the White House to Discuss London Agreement With Chief Executive

Washington, April 17.—(AP)—President Hoover has undertaken to determine the possibility of Senate ratification of the London naval agreement this spring.

One of the first arrivals at the White House this morning was Senator Borah, of Idaho, chairman of the powerful foreign relations committee, which will be called to act on the agreement reached at London.

He and Joseph H. Cotton, acting secretary of state, were in conference with Mr. Hoover on the situation.

Later it was announced that the executive offices that the President wished to outline all available details of the naval conference to the Senate leaders.

His expressed purpose is to ascertain the possibility for early ratification and he is expected in some quarters to send the London treaty to the Senate for its action as early as possible after the return of the conference delegates.

The delegation plans to sail from London on the Leviathan on April 23 to arrive in Washington about the 30th.

Senator Borah and Acting Secretary Cotton were with the Chief Executive for only 20 minutes. Chairman Hale of the Senate naval affairs committee will be a luncheon guest at the White House today. Mr. Cotton will also be present at this second conference with the Senate leaders on the naval conference.

Senator Watson, of Indiana, the Republican floor leader already had been consulted by Mr. Hoover. He was a breakfast guest at the White House.

After his conference with the President and Mr. Cotton, Borah said that if the agreement were sent to the Senate, his committee would take it up at once.

Asked if he had expressed his approval of the agreement, the Idahoan said: "I like the fact that there is no political clause in it."

The chairman added that all the details of the agreement were not yet known but that they were looked for "any time now."

REPUBLICANS BEGIN STATE CONVENTION

Leslie M. Shaw Keynote Speaker At the Opening of Assemblage At Charlotte

Charlotte, April 17.—(AP)—Readjustment of taxation, a state-supported school system and "vigorous and impartial" enforcement of prohibition were pledged in the platform adopted by the Republican state convention today.

The clause with respect to taxation said "the Democratic system of taxation has practically destroyed land values." It added: "We demand a complete readjustment and revision of the tax system in North Carolina to the end that all classes of property, personal as well as real, intangible as well as tangible, shall bear their just proportion of the tax burden and that land shall be relieved of its present grossly unjust proportion of the tax burden."

"The clause further asked that the General Assembly submit to the constitutional convention for the purpose of revising the state's 'fundamental law.'"

Shaw, former governor of Iowa and secretary of the treasury under President Roosevelt explained his statement by saying North Carolina and its people believed in protection. "The tariff, he said was the only issue between the Democratic and Republican parties.

He arrested the Democratic party would place the American manufacturer in competition with the foreign manufacturer, while the Republican party gave the manufacturers full protection.

"The Democratic party has clung to its false tariff ideas since its origin and will cling to them till it passes from existence," he said.

"The convention delegates greeted this reference to the possibility that the Democratic party might pass out of existence with repeated cheers.

"No party ever increased the tariff without benefiting industry," Shaw said.

"The sole cause of unemployment now is uncertainty over the tariff uncertainty created by the Senate's attitude toward the tariff."

The keynote speaker asserted that imports increased under protection. "Those who read and think not at all say the Democratic party has come to protect," Shaw continued. "I tell you it is not true," he said.

Rutherfordton.—(AP)—Approximately \$85,000 additional refunds will come to Rutherfordton county as the result of the Supreme Court decision in its favor in a taxation controversy with the Herietta mills.

NEGRO DIES IN CHAIR AT CAPITAL CITY

Robert Mangum Pays For Murder of Youngville Man and Attack On Wife

Raleigh, April 17.—(AP)—Robert Mangum, Franklin county negro, was electrocuted at state's prison today for the killing of George Pearce, of Youngville, Franklin county, and then criminally attacking Mrs. Pearce.

Mangum, 21, with his 22nd birthday coming one week from tomorrow, had refused to eat since a light luncheon yesterday at noon.

As the negro took his seat in the chair, unaided, his eye shone brightly as he looked up and said: "I'm ready. I'm going to Jesus."

Only one shock was needed to snuff out the life of the negro, it lasting 1:58 minutes. The negro was dead five minutes after he entered the little octagonal death chamber.

Mangum was the first person to die in the chair one day other than Friday since 1925. Usually capital cases are appealed to the Supreme court and a dismissal of appeal by that tribunal automatically sets execution for a Friday. Mangum's case was not appealed and Gov. O. Max Gardner declined clemency.

For the first time in six years the curtains on the many windows of the death chamber were pulled down and the room would have been dark except for brightly burning electric lights. No explanation was given but it was believed that they were down because two weeks ago a young woman, denied admission to the room, watched a lightning bolt strike through a window while standing on some boxes.

Mangum's crime was committed last November 15. He stabbed Mr. Pearce in the throat, the man dying some weeks later of pneumonia, which doctors said was superinduced by the wound, and then attacked Mrs. Pearce. Mangum denied he was drunk and remembered nothing about the attack.

Kidnapped Man Freed By Captors

Mexico City, April 17.—(AP)—The American embassy reported today that Leonard P. Cassidy, American citizen who had been kidnapped Tuesday night by four men, was released late last night and reached Schastapol ranch in a state of exhaustion.

Herschel Johnson, American charge d'affaires, said the report of Cassidy's release came from Patrick Shea, president of the Transcontinental Fruit Co. One of the bandits is understood to be held.

Cassidy was unable to furnish details why he was kidnapped or why he was released, it was said.

Lillycrop Makes Splendid Appeal At Morning Watch Services At M. E. Church

Message Brings Renewed Dedication to Work of the Church; W. H. Covert to Lead Services Tomorrow Morning

Rev. W. A. Lillycrop, rector of St. Paul's Episcopal church, delivered an inspirational sermon at the "morning watch" services at Jarvis Memorial Methodist church this morning. The message brought a renewed dedication to the cause of Christianity for the numbers of people who had gathered for the service.

The services last night were well attended and much interest was manifested in the powerful sermons delivered by the pastors of the churches participating in the series of simultaneous services. The campaign will come to a close at the end of this week.

Rev. W. H. Covert, pastor of the Immanuel Baptist church, will speak at the services tomorrow morning.

Jarvis Memorial Methodist Church. An increase in attendance was in evidence at the services last evening. The fine choir rendered their part of the service well especially so in the rendition of the "Awakening Chorus."

The pastor spoke on: "What Shall We Do With Jesus?" He presented vividly the story of Pilate and the two prisoners. This story was transformed into a most wonderful sermon bringing directly home to each individual the question, "What Shall I Do With Jesus?" and asking "Will we suffer the forces of evil to come into our midst and stay, or will we pledge anew to live the life of Christ and do what he would have us do?" There is evil all about us; the whole atmosphere is contaminated with it; and we satisfied or "what shall we do with Jesus?" Nineteen hundred years ago that question was asked, and the suffering of its answer has brought to us victory over death. As we come to this Holy Easter season may we answer the question so that it may bring

Says Islanders Need Bibles and Less Rum Agents

Citiz. Ark., April 17.—(AP)—A demure little woman who as a census enumerator set out for Big Island, scene of frequent liquor raids, came back today with her book full of names and an assertion that the island people need more bibles and schools and fewer revenue agents.

Mrs. Clara Ross, who accepted the assignment in the face of reports from Tennessee that men at Big Island should be shot on islands in the Mississippi river, said the people of Big Island entertained her "royally" and that she questioned all but two persons.

These two, she said, were new comers who feared she was a "revenuer." Their premises recently were raided by prohibition agents, she said.

"Tell the boys in Tennessee I don't know what's on their island, but mine had big hearted people," Mrs. Ross said. "And they are not all bootleggers, either."

North Carolina Democrat to Bring Question of Confirmation Before Senate Judiciary Committee On Monday; Administration Leaders Plan Conference to Discuss Charges Against Parker

Washington, April 17.—(AP)—A movement began in the Senate today to have Judge John Parker, of North Carolina, the nominee of President Hoover for the Supreme Court, called before the judiciary committee to answer protests made against him.

Determined opposition to Parker by the negroes who have attributed racial prejudice to him because of a speech in 1920 has caused considerable concern in the Senate Republican ranks.

Informal conferences were held today by Senate Republicans and it appeared that Judge Parker would be asked to come before the Senate judiciary committee to answer the complaints lodged against him by the negroes.

Some of the Republican Senators who urged the Parker nomination strongly; upon President Hoover are among those now classed in the doubtful column.

Representations have been made to the President and he is standing pat pending developments. The nomination is still before the judiciary committee which will meet again Monday.

Washington, April 17.—(AP)—A move for action on the nomination of Judge John J. Parker as an Associate Justice of the Supreme Court is to be made in the Senate Judiciary committee next Monday by Senator Overman, Democrat, North Carolina.

Overman, who is supporting the nominee, was chairman of a subcommittee which heard the protests of organized labor and of Negro organizations against the confirmation of the nomination. Judge Parker is a prominent citizen of his state but, unlike the Senator, is a Republican.

The protest against Parker and President Hoover's determination to stand by his nominee have created some concern among administration leaders. They plan conferences soon to discuss the situation.

Senator Patterson, Republican, Missouri, late yesterday announced the receipt of a telegram from B. G. Voorhees, Republican state chairman of Mississippi, vigorously opposing the nominee.

If the Senate approves the nomination, he said, it "will be the first great affront to be given by a Republican Senate to the Negro race since the days of Abraham Lincoln."

Confirmation in Voorhees opinion would mean "that the Republican party might just as well say good-bye to Missouri for the next two or three elections at least."

Labor has protested against Judge Parker on the basis of his opinion as a circuit judge in the Red Jacket injunction case, in which the unions were restrained from attempting to organize the employees of the Red Jacket Coal company of West Virginia. President William Green of the American Federation of Labor, said that it showed Judge Parker to be judicially biased against the working men.

Negro organizations also have protested asserting that a speech attributed to Judge Parker while he was campaigning for the governorship of North Carolina, revealed him as prejudiced against the Negro race.

The Department of Justice has defended the Red Jacket decision with a statement asserting that Judge Parker had no choice but to follow a previous decision of the Supreme Court.

SAYS VITAMIN PREVENTATIVE FOR DISEASES

Cleveland Scientist Says Vitamin D Had Proved Cure for Several Ailments

Philadelphia, April 17.—(AP)—Dr. Weston A. Price, Cleveland scientist, told an audience of prominent Philadelphia physicians last night that after ten years of research he had found in "vitamin D" a preventive, and in some cases a cure for the so-called degenerative diseases—cancer, heart disease, influenza and pneumonia.

In some instances he said he had cured cases of these diseases by the introduction of the vitamin in capsule form, or in less advanced stages by changing the patient's diet to include quantities of spring butter containing a high percentage of the curative element. He did not mention cancer specifically among these cases.

With conclusions drawn from spectra analysis of the sun's ray, he presented the theory that light is composed of those elements which sustain the spring season and are absorbed by grass-eating animals. Hence, he said, milk at this season of the year is abnormally rich in vitamins, particularly vitamin D.

"In our modern life," Dr. Price said, "we practice self-cannibalism. We draw upon the calcium and vitamin content of our bodies to keep us going, and eventually we break down. By introduction of vitamin D, known as the 'sunlight vitamin,' we build up the bone, prevent tooth decay, which is the most universal disease, and eventually remove the infections which produce degenerative diseases.

"Although it is not generally realized, pyorrhea, or decay of the teeth, is usually accompanied by a similar breakdown in other bones of the body. Hence the rem-

edy is one of die. Our primary object is that of prevention. It is regrettable under the circumstances that people have not come to realize fully the advantages of many products, and particularly spring butter. In the winter, mothers pay high prices for 'cream' butter, whereas the products that has been in cold storage from the previous spring is of much higher value. The capsules I use contain a concentrate of vitamins from high-vitamin butter, together with almost equal amounts of high-vitamin cod-liver oil."

Darrow Asked To Come to Defense Of Indian Girl

Buffalo, N. Y., April 17.—(AP)—Clarence S. Darrow today was asked to come to the defense of Lila Jimerson, Cayuga Indian girl, who recently pleaded guilty to murder, second degree, in the death of Mrs. Henri Marchand, white woman.

An appeal to Mr. Darrow was telegraphed by the Indians of the Cattaraugus and Allegheny reservations through Ran, Jid Jimerson, president of the Seneca nation. Lila, who is in a municipal hospital, has not improved satisfactorily to permit her arraignment in court for sentence. The Indians will seek to reopen her case prior to such arraignment on the ground that when she assented to a guilty plea by a nod of the head from her cot, she was so weakened from loss of blood and was in such physical pain that she did not realize the import of her act.

Further, members of her tribe contend, if the Indian girl had been able to take the stand at her trial and tell all she had to tell, she would not appear in such a bad light as she does now.

Robber Captured While Attempting To Rob S. C. Bank

Greenville, S. C., April 17.—(AP)—Earl Sarratt, 30, was wounded and captured when he attempted to hold up single-handed the Merchants and Planters National Bank here this morning.

Sarratt, unmasked, entered the bank a pistol to his hand, and ordered clerks to stick up their hands. Other clerks opened fire.

Sarratt was wounded in the right hand and disarmed. The clerks' fire took him by surprise that he was unable to fire a shot.

The bandit, a Cherokee county native, has been off the chain gang but a short time.

He was charged with manufacturing, transporting, possession, and sale of intoxicating beverages. He was arrested in Beaufort county by Federal officers.

Thorne Nominated Cotton Director

Representatives of the first district of the North Carolina Cotton Cooperative Association met in Greenville on Wednesday, April 16, and unanimously nominated John T. Thorne as candidate for director of the first district.

The delegates represented at this meeting went on record as favoring the standardization of varieties of cotton by counties and requested the North Carolina Cotton Growers Association to push this matter wherever possible.

They also went on record as urging more attention to the ginning of cotton, both in the matter of avoiding the cutting of lint and of keeping varieties of seed pure and unmixed at the gins as much as possible, and ask the cooperation of the people operating gins in this matter.

Cummings to Give Kiwanis Program

J. B. Cummings will have charge of the program of the Greenville Kiwanis club at the Rotary building tomorrow night. The program is to be entirely different from anything in recent months and every member of the club was urged to be present.

The meeting will begin at 6:45 and close at 7:45 in order to give the club members an opportunity of attending the series of simultaneous services at the various churches.

DANCING SPOTS BEFORE EYES

Queer Dizzy Sensation, Due To Constipation, Relieved By Black-Draught.

Jacksonville, Fla.—"When I was a little child, my father used Black-Draught in our home, and I grew up knowing what a good medicine it is," writes Mrs. J. R. Wiggins, of 16 West Twenty-fifth Street, this city.

"I have always used it when I needed something for constipation or biliousness," continues Mrs. Wiggins. "Occasionally I suffer from nervous, sick headaches, blind spots seem to dance before my eyes and I feel dizzy."

"I find that a few doses of Black-Draught will quickly remove the cause of this trouble, which is constipation. I also find it good for gas on the stomach and spells of indigestion."

"I try to keep Black-Draught in my home. After I have taken a course of Black-Draught, my general health is much better. I feel fresh and have more energy. I can recommend Black-Draught because I have found it such a good medicine for my own use."

At the first sign of constipation, take Theoford's Black-Draught. Costs only 1 cent a dose.

ABOUT TOWN

Greenville people who are desir-
ous of seeing some real good base-
ball should go out to see the High
school lads in action. The boys
scored a 5-0 shutout against Wash-
ington the first of the week and
demonstrated the fact that they
are in the game for all they can
get out of it. Members of the in-
field are reported to have handled
several difficult chances without a
bludge. This is a record the gen-
eral run of sports lovers should ap-
preciate and they should turn out
to the next game played here and
see what the boys are capable of
doing.

"Scop" Porter, director of High
school athletics, believes he has a
team this season that deserves the
liberal patronage of the public, and
is hopeful of boosting the Athletic
Association's coffers considerably
during the next few weeks.

April has lived up to its reputa-
tion of being the most fickle month
in the year, and the average citi-
zen is forced to take along his over-
coat, umbrella and overshoes in
order to be able to meet the de-
mands which the changing tem-
peratures bring with them.

The month so far has been typi-
cal of springtime, filled as it has
been with warm, sunny days,
occasional showers, but that we will
have a few more chilly days and
nights is not to be doubted. The
weather man holds out little hope
of continued warm weather until
after the Easter season, and when
that is over we may look forward
to something of a very definite
nature in the way of summertime.

This is the season of the year for
outdoor life, and already hundreds
have participated in popular sports
in keeping with the first breath of
springtime. From now on activities
of "us kind will increase and in a
few more days and nights life of
the summer season will be at its
height and continue until early
September when the majority will
begin turning their thoughts to
preparation for the coming of the
chill days of winter.

In spite of the general complaint
of hard times in and around
Greenville, many improvements
have taken place during the last
several months, and indications are
that they will continue.

Greenville is probably one of the
most thriving young cities in this
part of the state and if there is
anything going on at all anywhere,
one will also find the wheels of
progress grinding away here. This
has been the case for a number
of years and that it will continue
cannot be doubted.

Expansion cannot stop just be-
cause money is a little bit tight. In
fact, it is such a season that im-
provement program should be get-
ting underway. It will help to re-
lieve the labor situation and at the
same time provide something of
which the community is in need of
if it is to maintain the rapid pace
of past years.

If you don't believe there is some
thing doing here, glance about you
and count the improvements that
have started the last few months,
and then consider those now be-
ing contemplated.

Persons interested in tax reduc-
tion should not fail to attend the
series of tax meetings planned for
the various townships of the county
during the next several days. It is
important that the meetings be
largely attended as the full pur-
pose of the movement cannot be
carried out without the interest of
the people.

The tax reduction problem is one
of the greatest demanding the at-
tention of the public at this time,
and if a cut is to be realized in
this county, then the people must
decide exactly what they want and
let their desires be known.

Economy in government, like
everything else, must be practiced
during the next few years but this
can not be realized unless there is
a concerted movement in that
direction. The mass meeting plan
is the most direct way of giving
the people a chance to express their
opinion and that opportunity will
be afforded in the meetings now
being planned.

Tax Relief
Some time not long ago, some one
wrote me anonymously urging me
to take part in the discussion of
the Tax situation, which, through
careless legislation has become en-
tirely too burdensome.

Knowing so little of the laws of
taxation, my lack of a working
knowledge of the subject made me
hesitate in attempting a reply.
Since attending the inspirational
mass meeting at the court house
on Saturday, it seems fit that I
touch upon some phases of the
situation.

In the first place let us consider

the call for this gathering and the
response.

The right of the people to assem-
ble in mass meeting is one of the
guarantees of our Constitution,
then why did not every one who
could, in a crisis like this, come at
this significant call?

Why did the women of the
county not show more interest in
this vital issue? What are our
clubs and patriotic societies for but
to awaken us to greater efforts to
inculcate good citizenship; how can
we be good citizens if we are igno-
rant of the ordinary functions of
our government?

Why were some of the candidates
for nomination to our Legislature
absent from this rally? These
candidates who were present, with
one or two exceptions, gave their
views as two ways and means thru
which relief may come by legisla-
tion all timely and to the point.

The chairman stressed the folly
of sitting idly, taking no part
until something we do not like is
put over, then we are ready to find
fault with our law makers whom
we have ever been prone to leave
to think for us. Alone this
there is much that ought to be said,
until we, as a people, are both able
and willing to do our own think-
ing. We stay away from educa-
tional discussions of timely topics,
we skip the thoughtful editorials
in our papers; in truth, we are not
educated in the essentials of good
government and Patriotism.

Harmonious in every move, smooth
in all discussion, non-partisan, frat-
ernal, (The right way to seek red-
ress for evil), far-reaching in its
purpose and effect, this meeting
will be long remembered.

Mrs. CHARLES McArthur.

**She Lost 19 Pounds
of Fat In 27 Days**

During October a woman in Mon-
tana wrote—"My first bottle of
Kruschen Salts lasted almost four
weeks and during that time I lost
19 pounds of fat—Kruschen is all
you claim for it—I feel better than
I have for years."

Here's the recipe that banishes
fat and brings into blossom all the
natural attractiveness that every
woman possesses.

Every morning take one half tea-
spoonful of Kruschen Salts in a
glass of hot water before breakfast.

Be sure and do this every morn-
ing for "It's the little daily dose
that takes off the fat."—Don't miss
a morning. The Kruschen habit
means that every particle of poison-
ous waste matter and harmful acids
and gases are expelled from the
system.

At the same time the stomach,
liver, kidneys and bowels are toned
up and the pure, fresh blood con-
taining Nature's six life-giving
salts is carried to every organ,
gland, nerve and fibre of the body
and this is followed by "that Krus-
chen feeling" of energetic health
and activity that is reflected in
bright eyes, clear skin, cheerful
vivacity and charming figure.

If you want to lose fat with speed
get an 85c bottle of Kruschen Salts

you must be satisfied with results
or money back.

MRS. FITZGERALD HOSTESS TO ROUND TABLE CLUB

On Tuesday afternoon the Round Table Club met in regular session with Mrs. Paul Fitzgerald in her attractive home on Fifth street, the beauty of which was enhanced by the spring flowers and the warm hospitality of the hostess.

Mrs. J. E. Winslow presided and in a delightful manner reviewed with us the items of business interest to the club, and after extending greetings of welcome to the guests of the afternoon, who were Mrs. W. H. Tolson, of New York, Mrs. C. C. Christian, of Urbana, Virginia, Miss Lois Gorbell of the college, Miss Jessie Moye and Mrs. J. T. Bland, gave the meeting over to Mrs. J. H. Rose, who announced that Mrs. E. B. Higgs would give the day's program from the subject "Modern English Poets."

Mrs. Higgs restricted her discussion to three English poets, and in an instructive and delightful paper gave critical and biographical information, frequently quoting them directly.

First, John Massfield, the Chaucer of today, and called by many critics the most popular of English poets, and of whom William Lyon Phelps says, "His soul was the 'Widow of By-street,' to see his unblurred and shining spirit."

The second—Rudyard Kipling—of whom one does not think without remembering his "Recessional," through which, in its scriptural phraseology, its contribution of hearty pride and deep contrition, in its holy hope and high humility, is expressed with austere majesty the genius of the English race. The soul of a great poet entered into the hearts of men, there to abide forever. In his book of verse published in 1919 are some of his most powerful verses.

The third poet—A. A. Milne, who is most noteworthy through his poems for children—some of which are "When We Were Very Young," "Winnie the Pooh," and "Now We Are Six." Some of these poems have been set to music and selections from "When We Were Very Young" were beautifully rendered by Miss Jessie Moye with violin accompaniment by Miss Lois Gorbell.

The hostess, assisted by Miss Jessie Moye, served very tempting refreshments while a really social period was enjoyed.

RED OAK NEWS

Every member of Red Oak Home Demonstration Club will please remember that on this coming Saturday, April 19, we will have an all-day meeting at the church and you are asked to invite your husbands, friends and neighbors to meet with us there for the purpose of erecting our club home.

The ladies are asked to wear cotton dresses and the men overalls. For dinner we want you to prepare a "live-at-home" menu as far as possible and turkey salad, pork or ham and chasers, etc., will find a hearty welcome at twelve o'clock when all hands stop work for dinner. You may have to be a member of the club to attend this meeting, just spare time along and you will find a hearty welcome awaiting you.

Men are asked to bring whatever tools they think are needed to skin, drive nails and lay mortar and ladies are asked to bring yard-brooms, rakes, etc.—and don't forget your dinner—April 19th, 7:30 o'clock. Everybody come!

There will be an Easter program given by a number of children of Red Oak Sunday School next Sunday morning, April 21. You are invited to come to Sunday School at ten o'clock and worship with us.

Frigidaire Begins Advertising Drive

Dayton, O., April 17.—The largest newspaper advertising campaign in the history of the Frigidaire Corporation, electric-refrigeration subsidiary of General Motors, is being launched this month, following a U.S. record of unusual activity. E. G. Biechler, president and general manager, made known today.

One million dollars will be spent for advertising this spring in approximately 2,500 newspapers in the United States to tell the story of the superiority of this electric refrigerator, Mr. Biechler said.

"The million dollar newspaper campaign, which will be the backbone of our spring advertising, is a fair presentation of the experience gained from many years of advertising," said Mr. Biechler.

"Newspapers" he continued "played a prominent part in recent introduction of the hydrator, a moist air compartment which enables the housewife to preserve vegetables and revive those that have wilted. The hydrator, a

part of all household models, is being acclaimed today, three months after its introduction, in homes in all parts of the country, and numerous letters of commendation have been received by the corporation.

One of the salient features of the newspaper campaign is the heralding of the fact that sales of this electric refrigerator have reached the point where there are now three times as many Frigidaires in use as any other make of electric refrigerator, he pointed out.

All Frigidaire production records for the first quarter were broken in supplying the demand for household electric refrigerators," Mr. Biechler stated. "Twice as many people visited our showrooms during March as during the corresponding month of 1929. More men are employed in the factories than ever before at this time of the year."

Healing Services Drawing Interest

The revival and healing services conducted at Corman's warehouse by K. H. Turner, evangelist, continue to draw large crowds, and much interest is being manifested in the circus said to have been made from time to time. It was stated today that several persons from Durham and Raleigh had been real cured at the services and that a divine cure returned to Morehead City this week, resulting in the healing of a little child of deafness. Services will continue until after the 18th of May. Sing services begin promptly at 7:30.

LILYCROP MAKES SPENDID APPEAL AT MORNING WATCH SERVICE AT M. E. CHURCH

(Continued from Page One) Rev. Coveris referred to the millions today who called Christ the Lord but who for unknown reasons do not the things that Christ taught. He enlarged upon the fact that if people today would concentrate their minds and hearts on Christ's teachings and would work together for the good of mankind that anything undertaken could be accomplished. He gave a very practical discussion on orthodox and emphasized the fact that Creeds and rituals were not the chief end of Christianity but the fidelity was the goal—faithfulness to the teachings of Christ. He said further that perhaps one reason for the apparent indifference of people to Christianity was that Christ seemed far away. He said that Christ were to appear on the streets of Greenville at an appointed hour would anything keep us from recognizing Him? Then he referred to the shortsightedness and lack of faith in seeing Christ in our mind's eye. "And why call ye Me Lord, Lord and do not the things which I say?"

The Immanuel Baptist Church were its members as well as others to attend these services. You who do not attend are losing some of the greatest opportunities of your lives to lead people to Christ. Make a special effort to attend these meetings.

Memorial Baptist Church. The C. J. Ellen Bible class for men participated in this evening's service and added much to its inspiration. The members present entered enthusiastically into the service of men's night.

The subject of the pastor's message was "The Manliness of Christ," and the texts found in Luke 9:51, John 18:45 and 1 John 2:6.

In this theme we are to think of a very marked characteristic of our Lord Jesus Christ, namely His manliness. Though he was more gentle than the most gentle mother the most gentle person who ever lived on earth, the one true and perfect gentleman he was at the same time the strongest and most virile of all the sons of men. elements of His manliness will attract our attention, out of the many that one may find as we study His character.

First, the flint-like attitude He assumed as He faced gravest peril. Our first text gives us the clue to this fact. Going to Jerusalem He approached agony, yet death Him in right in the eye without flinching, and met him to feel his sting in His own body, but to conquer it, and to share that victory with us. At Jerusalem He went forth knowing all things that should come upon Him. For us God mercifully clothes the future with a veil. He hid to us, fully knowing that that lay ahead. In this manly confidence we are bidden to follow Him.

Second, we note the warrior spirit in His manliness. He came to earth to be the dauntless leader in the great fight the universe has ever known. To be His follower means we, too, must be fearless fighters, as well as gentle comforters. This is true in the individual's fight for Christ, but it is also necessary for Christians to be of one mind in our fight against social evil when we lift His incision head above us. Warrior Christians are needed in Greenville today to maintain our Christian Sabbath—to protect our youth against alienation—forced in their way to snare them into evil.

Third, we need His fearless frankness in unfolding to men the price of a Christian life. He concealed nothing, but bode men count the cost of being a Christian. It calls for a deeper realization of this fact. There is need for that type of Christian heroism here today.

Fourth, we are shown His uncompromising attitude toward sin in all its forms. Sin was always sin in the eyes of Jesus. There was no excusable sin in His estimation. It was never white or black, big or little. Sin in all its forms He hated and denounced it as leprosy, a hideous evil. "Repent or perish," He said. Likewise He denounced hypocrisy, pretense, self-righteousness, self-sufficiency, self-justification, and unadmitted sin. In Luke 13:14, 15 His words are very searching. He appeals for this heroic fearlessness holy audacity, self-sacrifice, and utter reality in the life we live today. "He that hath his abideth in Him ought himself also to walk even as he walked."

The time is short. Tonight is next.

to our last service this week. Let us do our best to make it still more effective. Come, and bring others with you.

Presbyterian Church. Again the attendance was good, better than last night and some new faces present. Again Rev. R. B. Parkerson gave very effectively two selections, one a duet, with Mr. Parkerson and Miss Ayala, the other appropriate to the subject, "Rest for the Weary," from which the pastor developed his sermon for the evening. He said in part; that the text, which was Matthew 11:28 was the most widely quoted verse in the Bible, and must be so for a good reason. It was because everyone knew the meaning of its words, labor, burdens, and rest. So many had tested this invitation, and found rest to their souls. It was addressed to all who labored, all who were heavy laden, all who needed rest, so it must be applicable to all people everywhere, three even children so tired and needed rest. But especially it applied to those who were burdened with sin, were tired of sin, and longed for rest from sin.

The person who issued this invitation was Jesus Christ, the Son of God, which included His humanity. His deity, His saviorhood, making it certain that he could give us what He promised. The receiving of this rest was simply by accepting the invitation: "Come unto me." The subject for this evening is "Confessing Christ."

LOOK FOR THE ORANGE AND BLUE FRONTS

SPORTS SLANTS

By ALAN GOULD
Associated Press Sports Editor

An increasing number of inquiries demand to know when Primo Carnera is going to "fight somebody." This is a sample:

"How long are the fans going to stand for this Carnera pushing over a lot of set-ups? If he can fight why doesn't he meet some one who isn't working on space rates?"

It is refreshing, at least, to find widespread skepticism in the genuineness of Carnera's string of fistie appearances about the country. The New York State Athletic Commission has refused any longer to permit wrestling events to be billed as anything but "exhibitions." A similar policy might well be adopted nationally so far as Carnera's performances are concerned.

So long as the curious contribute to the extent they are far merely to witness Carnera's bulk in action, there is no good financial reason for cutting short his tour. Conservatively, it should not take more than two additional months for Carnera to complete the circuit as an exhibition performer. At the end of that time, and with upwards of \$200,000 to show for it, the Ambling Alp can well afford to run the risk of being tapped on the chin by some one who is serious about the business.

Carnera and Victorio Campolo, the big Argentine, probably will swap fustices at one of the New York ball parks in July. It will be time enough then to make a definite appraisal of the Italian beef on the hoof.

Somewhat belatedly, the United States Golf association has ruled definitely on the case of Johnny Dawson, disbaring the Chicago amateur from further competition with the simon-pure because he is a sporting goods salesman. There may be no debate over the merits but it seems a trifle ill-timed to have suddenly thrust out the official hand of the golf law to restrain him from further competition after he had played for two days in the North and South tournament and tied for the qualifying medal.

Dawson made his own decision last September, so far as his business connections were concerned, but beyond barring him from the national amateur at Pebble Beach, the ruling powers left his status very much in the air. Johnny said to me then:

"I'm willing to take the penalty. I have my future in business to think about first, not where and when I play golf. At the same time it does seem a bit unfair. I was in the sporting goods business long before anybody ever heard of me as a golfer. I'm sticking to that because it is what I know and am best fitted for, yet now I am barred because I happen to play a little bit better golf."

WEATHER MAN UPSETS PLAY IN THE MAJORS

Old man weather, who has a habit of disrupting early season schedules and causing baseball managers to mutter dark threats of delaying the start of the next season, has delivered his first severe blow of the baseball year.

Mr. Weather, in the form of rain and cold, wiped off five games from yesterday's major league program, leaving but two contests in the National League and one in the American League.

And the Chicago White Sox and Cleveland Indians still are trying to stage their opening at Chicago, hopeful of getting it done today before the Indians have to move on. It might have been better for the national league champions, the Chicago Cubs, if the rainy area had extended as far as St. Louis. Playing their second game here, the Cubs took a 13 to 3 beating from the rampant Cardinals.

Starting in the first inning, the cards collected 20 hits, six of them doubles and one a home run by Jim Bottomley. George Fisher, Young slugger recently obtained from the New York Giants, led the parade with four hits, giving him a record of eight blows in nine times at bat for the first two games.

The other National League game gave Cincinnati an even break in two games against the Pittsburgh Pirates with a 3 to 1 triumph. Pete Donohue of Cincinnati engaged in a duel of righthanders against Ervin Brame and came out ahead because of the fine support he received. Donohue kept ten hits scattered and Critz, Ford and Kelly put a quick stop to Pirate threats by completing three double plays. The Reds bunched a pair of their seven hits off Bram for two runs and Walker provided a third with a home run in the seventh.

In the American League, Washington's Senators became the first team to win two games by nosing out the Boston Red Sox, 5 to 4, on the strength of two home runs in the early innings. Sam West, the first man up, got one, then Ossie Bluege cracked out another with two on base. After the third inning, Milton Gaston gave the Senators only two hits, but Bump Hadley kept the box in check by allowing them only six altogether.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, April 17.—(AP)—Cotton opened steady today at a decline of six points to an advance of 5 points. The market quickly firm, however, an active positions showed net advances of about five to ten points during the early trading on covering and trade buying. Liverpool did not fully meet yesterday's local advance and this may have accounted for some of the initial selling.

A feature of the early news was the reported spot sales totaling 22,000 bales in the Liverpool market, of which 18,000 bales were of other than American growth, with the total including 15,000 bales for export.

Part of this increased business was attributed in the trade to purchases of Egyptian cotton for shipment to this country in anticipation of the proposed tariff of seven cents per pound on staple cotton.

Business here was moderately active, the advance to 16.15 for May and 15.22 for new October contracts was followed by setbacks of a few points before the end of the first half hour under realizing and some New Orleans selling.

Trading was only moderate in volume, due to the disinclination of many traders to add to their commitments over the three-day stock exchange holiday.

Call money renewed at 4 percent with the supply so plentiful and the demand so moderate that the rate was dropped to 3 1/2 per cent. Out-of-town banks were reported to have transferred funds here for temporary employment over the Easter holiday.

Renewed weakness of the copper shares was based on rumors that a further cut in the price of the red metal to around 12 cents a pound was likely, although these lacked official confirmation.

Selling of the rails was influenced by the poor traffic and earnings statements now being published, and the conservative forecasts of some of the railway executives as to summer prospects. Boston and Maine dropped 5 points, New York & Harlem 4, and Lehigh Valley, Texas and Pacific, N & W and C & O lost 3 points or more.

Consolidated Gas, Diamond Match Checker Cab, Auburn Auto, Western Union were marked up 3 to 5 points

GRAIN MARKET

Chicago, April 17.—(AP)—Wheat values averaged lower today notwithstanding rallies due to pre-holiday evening-up of accounts. The market appeared to lack aggressive support on price bulges. News of complete breaking of the drought in northwestern Kansas, where much wheat has been without rain for months past, gave a decided jolt to friends of higher prices.

Wheat closed unsettled 1-8 to 3-4 lower than yesterday's finish; corn closed 1-4 to 7-8 down; oats 3-8 to 5-8 off and provisions unchanged to a rise of 2.

STOCK MARKET

By STANLEY W. PREOSIL
New York, April 17.—(AP)—Curtious cross currents of prices ran through today's stock market in reflection of the usual pre-Easter adjustment of speculative accounts. The market presented a reactionary appearance during the morning when selling pressure was renewed against the rail and copper shares.
