

RAPS COLLEGE ASSOCIATIONS AT CONVENTION

Norfolk Minister Tells Raleigh Christians of Menace of Educational Body.

Raleigh, April 30.—(AP)—The Southern Christian convention, that opened a four-day biennial session here yesterday, spent the morning in receiving committee reports and the report on Christian orphanages and this afternoon four addresses were heard.

Tonight the fellowship banquet for the boards of the Christian and Congregational churches will be held with Dr. Charles E. Burton, secretary of the national council of Congregational churches as the keynote speaker.

The governing bodies of both the Congregational and Christian churches are meeting here this week working on the union of the two denominations.

Last night the convention was told by its President, Dr. L. E. Smith of Norfolk, Va., that associations of colleges have already closed the doors of some religious colleges, almost closed the doors of others and that unless the church is careful such associations will eventually drive religious institutions out of the field of education.

The church today, Doctor Smith said as he spoke on "the persecution of the church," is not undergoing physical persecution, but mental, political and social persecution that is just as vital and brutal as was the physical persecution of opposition in the crucifixion of Christ. These forces, Doctor Smith said, have their sources in organized business, organized politics and organized religion.

Doctor Smith asserted that the forces inimical to the schools "would not go out here to Meredith College, up to Elon or Guilford and say to these institutions owned and supported by the church 'you must close your doors. We do not want you longer operating in the field of education. We don't care for a constituency trained by the church.' They wouldn't. But they would get together in an association of colleges and say, 'you must put up so much money or close your doors.'"

Dr. Laughinghouse To Speak.
Florence, S. C., April 30.—(AP)—Dr. Charles O.H. Laughinghouse, state health officer of Raleigh, N. C., will be among the speakers at the annual meeting of the South Carolina Public Health Association to convene here Tuesday, May 6.

TO CONSIDER SUCCESSOR TO TEBELL TONIGHT

Raleigh, April 30.—(AP)—The athletic committee of N. C. State College will meet here tonight to consider a successor to Coach Gus Tebell, who recently resigned as head football coach.

It is generally understood that the field of applicants and coaches under consideration for the job has narrowed to four, one now in North Carolina and three from outside this section. The names of the four are being carefully kept secret.
The committee is expected to hold an executive session after a dinner meeting and to announce the new coach at that time.

RED SPRINGS YOUTH TO REPRESENT STATE IN ORATORICAL CONTEST

Raleigh, April 30.—(AP)—John H. McKinnon of Red Springs will represent N. C. State College in the state oratorical contest on the "Constitution," which is sponsored by the Better American Foundation of California.

The contest, with representatives from eight or ten North Carolina schools entering, will be held at Davidson College Friday night.

The winner of the state contest will enter the southern regional contest at Asheville in May and if successful there will enter the national finals at Los Angeles, June 16th.

Many Ministers Are Enrolled In Pension System

Indianapolis, Ind., April 30.—(AP)—More than 3,000 ministers and nearly 1,100 congregations have enrolled in the ministerial pension system of the Disciples of Christ, the Rev. F. E. Smith, secretary of the movement, reported today as 300 members of the brotherhood's pension commission opened a two-day conference here. Thirty-six states and several Canadian provinces are represented at the meeting.

The Rev. M. Smith explained that under the contributory pension plan being adopted by the Christian churches, both ministers and congregations pay stated percentages of a minister's salary to the pension fund and benefits also are based on salaries.

Work of the pension commission will be divided among the committees, each to consider a particular phase of the system, Dr. A. E. Corey, director of the pension movement, announced. Chairman of the committees whose names were made public today include H. Galt Braxton, Kinston, N. C.

Off For Reno To Get Divorce From Marshall Field

New York, April 30.—(AP)—Mr. Evelyn Marshall Field is en route to Reno, Nev., to obtain a divorce from Marshall Field, 3rd, grandson of the Chicago merchant prince, her attorney said today.

The attorney, Joseph R. Truesdale, declined to comment on reports of a pre-trial agreement settling upon Mr. Field an annual income giving her \$1,000,000 and possession of the Field town house at Four East 70th Street, and custody of their three children, Marshall, Jr., 14, Barbara, 11, and Bernice, 6. The Fields were married in 1915. In addition to having vast interest in Chicago, Mr. Field is a member of a New York brokerage firm.

Close Probe Of Double Killing

Laguna Beach, Cal., April 30.—(AP)—An investigation into the deaths here last Thursday of Mrs. Doris Murray Palmer, divorcee and Adele Ritchie Post, actresses of two decades ago and divorced wife of Guy Bates Post, actor, was closed today.

After Moresby White, an attorney failed to produce letters and diaries of the two women that he said indicated they drew up a suicide pact, Sheriff Sam Jernigan announced there was no evidence to doubt the coroner's jury verdict of murder and suicide.
Mrs. Palmer, the jury decided, was slain by Mrs. Post in a fit of jealous rage and later Mrs. Post, remorse stricken, committed suicide.

P. & N. Ready To File Answer To Injunction

Charlotte, April 30.—(AP)—The Piedmont and Northern railway's headquarters here disclosed today that its answer to the injunction proceedings brought against it by the Interstate Commerce Commission had been prepared and probably would be filed in United States District court at Greenville, S. C., late today.

No information concerning the contents of the railway's answer was revealed by its attorneys.
The injunction proceedings of the I. C. C. grew out of a projected link from Gastonia, to Spartanburg, to connect its lines in North Carolina and South Carolina. Permis-

Indian Woman To Ask New Hearing

Buffalo, April 30.—(AP)—Clarence Darrow, noted criminal lawyer, having refused to take her case, Lila Jimerson, Indian woman, who pleaded guilty to a second degree murder charge recently, announced

today she would make demand Friday for a new trial, with the stakes death in the electric chair or freedom. She is accused of having inspired the murder of Mrs. Clothie Marchand, wife of Henri Marchand, artist and sculptor.

Darrow gave as his reason for declining to take the case, the opinion that no principal involved.

Maxon Charged With First Degree Murder

New York, April 30.—(AP)—James Matthew Maxon, Jr., 21 years old, son of the Protestant Episcopal Bishop Coadjutor of Tennessee, was in jail today charged with murder, first degree, and his landlady who had testified against him at a hearing, was un-

der arrest for illegal possession of firearms.
The landlady, Mrs. R. H. 55 years old, was arrested yesterday police, acting on a copy of an anonymous letter that she had received containing 100 rounds of ammunition in her rooming house, West End avenue.

The guns were found in a dresser in the room in which police charge Maxon beat David Payne, a 70-year-old printer to death with a chair during a brawl in the early hours of the morning of April last.

Newberry, S. C.—(AP)—Newberry College's endowment campaign has reached its goal of \$500,000, the sum considered necessary to maintain it as an "A" grade college.

Plumbing Fixtures Suffer From Visit Of Young Thieves

Thieves operating in and around Greenville evidently have found a market for plumbing fixtures.

At least, this is the conclusion of persons here who have missed lead and copper which go into the making of a good plumbing job.

It is assumed that the thieves are composed of young negroes, who finding a market for copper and lead, have started a clean-up campaign of such metals in the hope of increasing their unlawful earnings.

It was pointed out that the buyer of stolen metals is guilty of receiving stolen goods and makes himself liable to punishment by law.

It was stated that plumbing fixtures in the tobacco district had suffered severely from the invasion of the young thieves and that members of the police department had been appealed to in an effort to put a stop to the pilfering of private property.

Fire Department Called Out Three Times Last Night

Two fires in the colored section of the city last night did damage estimated at approximately \$1,000.

The department also responded to an alarm sent in from box 35 at 11:15 o'clock, but the firemen could find no fire and designated the alarm as "false."

The home of Henry Braxton, on 14th street, was badly damaged by fire at 2 o'clock this morning.

Damage was estimated at \$850. The origin of the fire was not determined as the family was away from home. Most of the damage was on the interior of the building.

The combination cafe and home of Charity Williams, on West Fifth street, was damaged to the extent of about \$150 by a blaze this morning, shortly after four o'clock.

The fire originated in the section of the building used as a cafe.

LET'S JOIN THE CLEAN-UP CRUSADE.

On Monday, May 5th, the nation-wide annual Clean Up and Paint Up crusade will get under way and many cities including some of those in our own state, see in the movement not only a means of bettering health conditions, but to help relieve the unemployment situation at this time by everyone possible who has any cleaning or remodeling in mind to get it done at this time.

In Raleigh the movement is being sponsored by the Chamber of Commerce and that organization has taken upon itself the burden of putting the crusade across in such a fashion that the end will find our capital city a cleaner, healthier and more beautiful city and at the same time hundreds of persons now unemployed will have received enough work to tide them over a dull period. As a part of its campaign the Chamber of Commerce has assumed the role of clearing house for buyer and seller, and advance reports indicate complete success for the movement. To begin with, everyone is urged to clean up and paint up, and every person contemplating having such work done is urged to list with the commerce body their needs in the way of labor to carry on the work. In the meantime, every laborer, carpenter and painter has been urged to list his name with the Chamber of Commerce and just as soon as applications for laborers are received they are filled at once from those listed. In this manner the job of wagging a clean-up campaign can be carried on more quickly and effectively because it avoids the usual delays that come about through seeking just the kind of laborers suited to the certain kind of work to be done.

The matter of such a campaign in Greenville at this time is being given consideration by the local Merchants Association and if put across surely it will mean much to our city in every way. A cleaner, healthier and more beautiful city and a happier people no doubt will result from such a campaign and it will at the same time afford the means of employment for a large number of those in our community who are at this time without work. Why not join other cities now in this Clean-Up and Paint-Up Campaign.

ABOUT TOWN

The baseball talk going on in Greenville at the present time sounds mighty good, and it is to be hoped the boys will keep on talking until something definite has been accomplished.

A league composed of surrounding county towns ought to be a paying proposition. In fact, such an organization should be operated at slight cost compared with regular league teams, and they ought to be a means of drawing much larger crowds.

As the suggestion stands the teams are to be composed of players of each county, making it possible for two or three towns in one county to combine their resources and material for the formation of their clubs.

This section of the state needs sport of this kind to divert the attention of the people during the hot summer months ahead, and it is hoped the promoters here in Greenville will continue talking baseball until something of a concrete nature has been decided upon.

That Greenville will do her part by such an organization cannot be questioned, and if the other towns will only get busy and reach a decision it ought not to be so very long before we shall hear the voice of the umpire calling, "Play ball."

Some means of conserving the surplus supplies of fruits, vegetables, poultry and dairy supplies of this section is one of the most important problems confronting those behind the live-at-home movement in this part of the state at this time.

If we ever fully realize the live-at-home plan it will be necessary that we go about the business of erecting canning plants to take care of the surplus supplies of fruits and vegetables, to be sold to local merchants for home consumption. Then there should be storage plants for poultry and dairy products, making it possible to buy eggs at low prices and then hold them over until the price becomes stronger. It is the same plan followed by the communities up north and in other sections of the country. We consume millions of storage eggs annually, and countless numbers of boxes of canned goods. Why would it not be advisable to do our own canning and preserving such commodities to be consumed when they are needed?

This plan not only would be a means of realizing the live-at-home program, but would afford employment for hundreds of laborers without anything to do. It would have a tendency of keeping our own money constantly in circulation and distributing it over a wider area than ever before.

Greenville is proud of its unit of North Carolina National Guards. These young men have shown splendid development since the unit was organized here several years ago, and it is possible that the coming years will witness just as much improvement as the past.

The youngsters made a splendid showing in the annual inspection conducted by State and Federal officers Monday and Tuesday, and they will make even as good a showing when they entrain for camp during the summer months.

The boys are interested in their work, and that they will continue to improve themselves and stand ready for duty in time of stress cannot be questioned.

Herbert Waldrop is the new president of the Greenville Rotary Club. That he will serve the organization faithfully and with outstanding ability cannot be doubted.

As a banker and member of the board of aldermen, Mr. Waldrop has taken an active interest in affairs of the community over a period of several years, and in this new field of endeavor he will be given a greater opportunity of service.

The slogan of Rotary is "Service above self", and that is exactly what members of the organization are attempting to do—give service without thought of self involved.

When a man or organization lives by that code he has done his best. Hundreds of people read the Daily Reflector every day of the week except Sunday, and they are the people who keep correctly informed of the many things happening in different parts of the world.

This paper has a leased wire service that operates continuously eight hours daily, and this enables the paper to furnish its readers with the latest and most authentic developments in every phase of human activity.

If you are not one of the hundreds who read the Reflector, why not send in your subscription at once and assure yourself of keeping in close personal touch with things at home and abroad.

Doug To Watch Bobby.
New York—Douglas Fairbanks, who is fairly proficient with driver, masher, nibbler and the like, may be expected to improve his game. For the next few days he will watch Bobby Jones and Walker Cup team mates hitting golf balls into the Atlantic ocean and perhaps assist them. He's going abroad on the same boat as the team.

Colored Dresses Disapproved.
Paris—Colored dresses for tennis are disapproved by the queen of the courts. Some girls intend to wear pastel shades at Wimbledon, but Mrs. Helen Wills Moody says: "After all, white's best."

Ice in 80 minutes

World's Fastest Freezing—proved in nation-wide test—

In a country-wide test on March 18, Kelvinator dealers in 48 states and the District of Columbia, reported that Kelvinator's wonderful Super-Fast Freezing froze water to solid ice in from 45 to 155 minutes.
The average of all freezing tests was 80 minutes. Even the outside figure—155 minutes—is far faster than any other automatic freezing known to domestic electric refrigeration.
Only Kelvinator domestic models have the famous Iso-Thermic Tubes, without which automatic super-fast freezing is impossible.
These tubes, acting as a cold plate, give amazingly fast freezing, automatically. No regulation is needed. Nothing to tax the memory.
Only with Kelvinator can you freeze ice rapidly without lowering the

temperature in main food compartment. Foods can never be spoiled through too low a degree of cold.

- ### 4-WAY COLD
- Automatic Fast Freezing**—Remarkably fast freezing in all ice and dessert trays. The deluxe Kelvinator gives you far more ice, size for size, than any other domestic refrigerator.
 - Super-Fast Automatic Freezing**—automatically speeds the freezing of ice cubes and desserts in a special compartment—without attention or regulation.
 - Cold Storage**—A large compartment with below-freezing cold, for storage of extra ice cubes, frozen salads, desserts, or those new frozen meats, fish and fruits you now find at many stores.
 - Automatically Controlled Cold**—Constant, scientific refrigeration in all food compartments—always below 50 degrees.
- The model Kelvinator you require may be purchased on easy terms through Kelvinator's attractive ReDiCo monthly budget plan.

LOCAL HIGH WINS FROM KINSTON CLUB

The baseball team of the local high school handed Kinston the first defeat of the season yesterday afternoon by the score of 6 to 3. Kinston had not lost a game in the conference and, in a previous meeting had defeated Greenville by a good margin.

Taylor was in good form for the locals and had the visitors whiffing thru the ozone to find nothing but empty space 11 times during the afternoon. He allowed only seven scattered bingles and not an earned run. In addition he slapped out a single and double to drive in three of his team's runs. His opponent, D. Wooten was not so fortunate. He allowed 11 hits in the time that he was on the mound and was only able to strike out 3. Douglas, who relieved him, struck out two men in the 8th and allowed one hit.

Bill Brown turned in the fielding feature of the game when he went far back into deep right to take to a drive from the bat of Spence and save a three base hit or homer. Bill also found his batting eye and slapped out a triple and single out of 3 times up. C. D. Smith got a triple and single out of three trips to the plate and John Hodges and Roger Taylor were the other two hit bat swingers.

The game went smoothly until the last half of the eighth when Kinston kicked on a decision of the umpire at second base and Coach Kelly pulled his men off the field. After some little argument, however, the game was resumed and Roger Taylor proceeded to strike out the next three men to end the game.

Greenville plays Washington at the Third Street school Friday afternoon next three thirty. The game will follow the annual relay that takes place on that day between the two schools.

Race Gets Close In The Piedmont

Charlotte, April 30. (AP)—A glance at the Piedmont League standings this morning makes it plain to the cigarette loop fan that the race is going to be a nip and tuck affair this season.
A tripple tie for leadership exists between Durham, Winston-Salem and High Point, while the other three clubs are knotted just below them with three victories each against four defeats.
The Durham Bulls were linked by Raleigh but remained in the race for leadership as a result of having got the jump on other clubs in early season games. The Caps nearly whitewashed them, sinking them 10 to 1. Deneering, Cap hurler turned in a five hit game as his mates slapped Reid and MacKay for 16 safeties.
Sharpshooter Dan Boone gave his pointers an 8 to 7 victory over Greensboro with a timely double in the ninth frame. This scrap started out as a pitcher's duel only to end in a slugger's feast. Red Williams got a homer to aid the Pointer triumph.
Jimmy Teague, Henderson Gamecocks, staged an uprising in the ninth frame against Winston-Salem, tallying four times, but the twin's triumphed 8 to 7. The sacks

were loaded with Gamecocks in the 9th when way, Sparger and Weaver manipulated a double play to end the threat.

The scene of battle changes today. Greensboro goes to Henderson, Raleigh to Winston-Salem and High Point to Durham.

SPORTS SLANTS

By ALAN GOULD (Associated Press Sports Editor)

Baseball and football have had their famous brother acts. Baseball still has, with the Waners as prime examples. Golf has one of the finest family hook-ups of them all in the Farrell brothers—Jimmy, the quiet but quite efficient National Open king and Irish lad with the million-dollar smile. It isn't a new combination. The Farrell brothers have long been partners in the professional business at the Quaker Ridge Club, across the road from the course of which the National Open was played last year in Westchester County. Winters they team up at St. Augustine.

Not so much is heard of Jimmy, the silent partner. Take it from Johnny, however, he runs the family show.

"You know I really didn't start anywhere until the spring of 1927," Johnny says. "Up to then I was just one of the boys, winning a flock of qualifying medals but finishing nowhere at the end of the tournament. I got going with Jim's help and advice and began winning some tournaments. In fact I won a flock of them in 1927, starting with the Met Open. Then I won the National Open in 1928 at Olym-

pia. Jim was so nervous he could not follow me around during the playoff in which I beat Bobby Jones by a stroke.

"I say to myself, 'This was easy. How long has it been going on?' And that's just where I made a big mistake. I thought more about my game, tried to pick it apart to see how it ticked—and you know what happened. I didn't qualify for the last two rounds of the 1929 Open, right in my own backyard. That was tough but I have learned that too much self-analysis does not pay in this game of golf. So I am just up there smacking 'em now."

All four of the principal American golf champions will join the invasion of British links launched with the end of April and continuing until the middle of June.

The biggest parade of club-swingers ever organized for the advance on the Lion's Links is headed by Bobby Jones, captain of the amateur Walker Cup team and holder of the national open crown; Glenna Collett, the women's champion; Harrison Johnson, the amateur king and Lee Diegel, professional champion who also holds the Canadian open title.

The most conspicuous figure missing from this convention of champions is Walter Hagen, American holder of the British open title for the past two seasons. Cyril James

Hastings Tolley, of course, will be there to defend his hold on the British amateur sceptre, but Joyce Wethered has retired and will not defend the British women's championship as she has so often done.

The best previous year that the Yankee golfers have ever enjoyed on British soil was 1928—the year that Bobby Jones captured the British Open for the first time at Lytham and St. Anne's, Jers Swetser won the British Amateur at Muirfield and the two combined to help America triumph in the Walker cup matches by the close score of 6 to 5.

In the British Open, the first four were Jones, Al Watrous, Walter Hagen and George Von Elm.

Walter Hagen contributed to the rout by beating Abe Mitchell, 2 and 1 in their famous 72-hole match that aroused so much controversy because the American prokept his British rival waiting at the tee.

The Grand Army of the Republic's likes does as well on the other side this spring, there will be no cause for complaint. At least there is the good chance of another Yankee clearing up.

1. Jones, Johnson, Von Elm, Voigt, Willing, Moe, Ouimet and MacKeney leading the defense of the Walker cup as well as the attack.

2. Jones, Diegel, Horton Smith, Von Elm and a few others advancing on the British open.

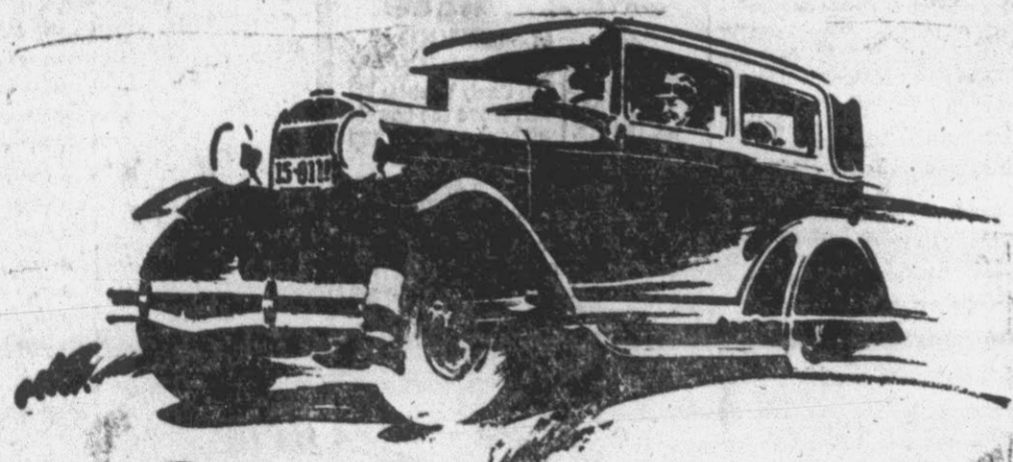

3. Diegel taking up the personal nibbles with Abe Mitchell.

4. And the biggest list of American women stars yet mustered for foreign play, led by Glenna Collett, Helen Hicks, Maureen Orcutt, Virginia Van Wie and a dozen others, for a team match as well as the British women's championship.

Baseball's first week of major play featured the finest brand of spring pitching that can be recalled in a blue moon. Six shutouts, three in each circuit, were recorded in as many days. The Phillies, hardest hitting club in either league, collected four runs in their first three games. And the despised Red Sox beat Hoyt and Pennock of the Yankees in a double-header to celebrate Patriots' Day, something the Bostonians haven't done since the original ride of Paul Revere.

COTTON MARKET

New York, April 30.—(AP)—Cotton opened steady today at an advance of 1 point on the new October contract, but generally 1 to 5 points lower. Active months showed net losses of 3 to 6 points soon after the call. There was some near month liquidation on the circulation of notices amounting to about 5,000 bales and May eased to 16.03. The new October contract declined to 14.65 under realizing or local and commission house selling promoted by relatively easy cables and a belief that rains had improved soil conditions in the southwest. Offerings were hot heavy, however, and were well enough taken to steady the market up two or three points by the end of the first half hour.

Liverpool cables said local and foreign liquidation in that market had been taken by trade buying, but reported a pessimistic feeling in the cotton cloth market. India business was at a standstill and yarns pressed for sale.

GRAIN MARKET

Chicago, April 30.—(AP)—Expectations that deliveries of wheat tomorrow on May contracts here will total fully 5,000,000 bushels had a depressing influence on wheat prices late today. Traders were inclined to look for first of the month deliveries of liberal size also at Kansas City and Minneapolis. The bulk of the gain thus delivered, however, was expected to pass into the hands of Farm Board allies, and the market was given some support too by the fact that North American wheat export business today was about 1,000,000 bushels.

After breaking the season's low price record for the May delivery, the wheat market closed unsettled at nearly the day's bottom level, 1-2 to 1-5 lower than yesterday's finish; corn closed irregular 5-8 off to 3-8 up; oats 1-4 to 3-4 down and provisions unchanged to a setback of 5c.

STOCK MARKET

New York, April 30.—(AP)—The stock market was a two-sided affair again today with the high priced specialties, oils and public utilities presenting several points of strength while renewed weakness developed in many of the steels, coppers and rails. Prices generally rounded upward at the start, ran into a storm of selling before midday, then made irregular recovery in the early afternoon, only to encounter renewed selling.

Trading was in fairly heavy volume, with the ticker again running several minutes behind the market until afternoon, when the ticker caught up.

Unfavorable steel and copper trade news cast a damper on speculative enthusiasm. Pig iron prices were cut 50 cents a ton in the Chicago district, and the weekly Iron Age review stated that "price weakness in iron and steel has become more pronounced." Steel input production is estimated at 78 per cent of capacity as against 80 per cent a week ago. Copper prices broke sharply on the London metal exchange, leading to rather widespread expectations of a further cut here, probably to around 12 cents per pound.

U. S. Steel common was carried down more than 4 points before it met effective buying support, despite the fact that the quarterly earnings reported late yesterday exceeded general expectations.

Practically all of the leading copper stocks sold at new low levels for the year. Greene Cananea, making its first appearance on the tape this year, sold at 89, which contrasts with the previous price of 122 recorded last December. Anaconda, Cerro de Pasco, Calumet and Arizona, Kennecott and Granby dropped 2 points or more, while losses of a point or so among the others were common.

Goldboro, N. C.—(AP)—Earl W. Frank, New Bern man at one time, held in Richmond under suspicion in the murder of Mary Baker, of Washington, will be returned here to face a larceny charge.

URGES SPECIAL CONGRESS IF ENFORCEMENT PROGRAM IS NOT PASSED THIS TIME

 tended to feel the force Federal authority.

Both the tariff bill and the London naval treaty, Jones predicted would be cut out of the way by about June 1 leaving ample time in his estimation to act upon the law enforcement administration measures.

Regarding the tariff bill the Senator said it would be a "poor reflection on Congress" if after a year of consideration the legislative body failed to act upon it.

Mystery Deepens In Murder Case

Muskogee, Okla., April 30.—(AP)—Alleged blood spots found on a coat worn by John W. Wike, one of two traveling companions of Geo. and David Smith, Connecticut capitalists, today added more mystery to the slaying of the Smiths here Saturday night in a hotel.

Wike, whose home is in Sharon, Conn., and P. G. Seely, of Washington, Conn., the fourth member of the automobile party whose visit to Oklahoma ended in tragedy, are to be given preliminary hearings today on charges of murder.

Both deny an implication in the slayings, asserting the Smiths, who were robbers who fought with the victims in their hotel room.

 Wilmington, Del.—A 125-foot all steel Diesel-engined yacht is to be built for Edsel Ford. The pilot house will be removable so the craft can go to Detroit from the Atlantic ocean, clearing all the bridges in the New York State barge canal.

Officer's Injuries Declared Permanent

Injuries which Motorcycle Officer R. H. Byrd received in a collision with an automobile here several weeks ago, have been described as permanent by members of the medical staff at the Wilmington hospital, where the officer at present is confined. In an x-ray examination made at the hospital yesterday it was discovered that the officer had sustained three fractures of the backbone, one of which was declared to be of a very serious nature.

Mr. Byrd was confined in the Greenville hospital several weeks, and was taken to Wilmington a few days ago to receive attention of a specialist.

The officer received the injuries when his motorcycle was hit by an automobile driven by a daughter of Mr. Carey Mayo of this city. The accident occurred on Fourth street near the Planagan Buggy Company, the officer being thrown from his machine with such force that his condition was considered critical for several days.

Crippled Child Fatally Burned

Asheville, April 30.—(AP)—A paralytic since childhood, Mildred Johnson, 20, of West Asheville, liked to amuse herself when left alone by striking matches.

"They look so pretty burning," she said.

Monday she was left alone in the kitchen of the Johnson home with a box of matches. She struck a match and the head flew off, igniting her clothing.

Her father, Homer Johnson, who was in his garden heard her scream and rushing in found her fatally burned.

ITALY DECIDES UPON CRUISER PROGRAM

Rome, April 30.—(AP)—The council of ministers decided to lay down one ten-thousand ton cruiser, two 5,100-ton scout cruisers, four 1,240-ton destroyers, and 22 submarines in 1930.

The construction program was decided upon after a detailed report from Admiral Sirrianni, who was an Italian delegate at the London naval conference. Foreign Minister Grandi, chief Italian delegate, was present.

Childs Again In Cafe Business

New York, April 30.—(AP)—William Childs is back in the restaurant business, beginning over again at 63.

The man who put his family name on 118 eating places, only to lose control of them a year ago, opened the first of a new chain of restaurants on Broadway last night. He hopes to add 15 eating places a year to this first one of his new chain.

Forty years ago he and his brother started their first lunch room on Cortland street, in downtown New York. When he lost control a year ago to a stockholder's group who had acquired majority control in his restaurants, he resigned as president of a corporation capitalized at approximately \$37,000,000.

Wins Suit Against French Music Hall

Paris, April 30.—(AP)—Nelson Morris of Chicago today won his suit against the managers of the Palace Music Hall who had disregarded his statement forbidding his wife, Jane Aubret, French actress, to appear on their stage.

The court awarded \$2,000 damages, rejecting the manager's plea that the Morrises were married in the United States where the wife is not obliged to obey the husband.

The court held that all persons living in France were obliged to observe the French legal principle that wife must obey the husband.

GOULD TO INVEST IN MORE FRENCH PROPERTY

Nice, France, April 30.—(AP)—Reliable reports state that Frank Jay Gould, owner of the Palais de la Mediterranee in Nice, is about to invest \$2,000,000 more in Riviera real estate. This time his venture will be at Beuil, the mountain centre for winter sports, fifty miles from Nice. Tentative plans call for the construction of a large hotel and the improving of roads leading to the village.

Mr. Gould already is one of the heaviest investors in Riviera property. His Nice casino cost over \$5,000,000.

THE HOOVER REPRESENTATIVES ARE HERE

THE representatives from the Hoover factory have arrived. Their visit is an event of unusual importance both to Hoover owners and to every one interested in efficient cleaning.

These men will be glad to give you a demonstration, in your home, of the sensational Hoover cleaning principle, "Positive Agitation." If you are a Hoover owner, they will be glad to look over your machine, making any adjustments needed to keep it in first-class condition, or replacing at a very small charge any parts worn out in use.

As their stay here is very brief, it is imperative that you telephone at once, reserving time for either a demonstration or the conditioning of your Hoover.
