BAR ENDORSES CONFIRMATION JUDGE PARKER

State Association Favors North Carolina Man for the Supreme Court Seat

Pinehurst, May 2.—(AP)—Public interest in problems of taxation and government was urged before the North Carolina Bar association today by Governor O. Max Gardner who declared that "when a citizen of North Carolina pays his taxes he has the right to expect that every dollar will be applied to its proper purpose."

The day's program was opened by the unanimous passage of a resolution endorsing Judge John J. Parker of Charlotte for the U. S. Supreme court.

Two hundred and thirty-six members of the association had registered when the day's session began. The convention will close tomorrow morning.

The committee on state laws reported it had decided not to recommend that lawyers as a unit support candidates for judicial offices. "After all in theory, this is a government of the people," said the report, which was adopted.

Kenneth Royall of Goldsboro, state president, presided today.

Recommendations that the association support two constitutional amendments to be submitted to the voters this fall providing for separation of judicial and legislative districts and for an increase in the State Supreme Court of two members, were approved.

The work of a special committee is going before the State Supreme Court to urge that standards of admission to the state bar be raised, was lauded and resolutions that the standards be raised were passed.

Pinehurst, May 2.—(AP)—The North Carolina Bar association today endorsed with a dissenting vote the nomination of Judge John J. Parker of Charlotte to the United States Supreme court.

The association in annual session here passed a resolution presented by A. B. Andrews, of Raleigh, a copy of which was telegraphed to Senator Overman and Simmons at Washington.

The resolution follows: "Whereas the president of the North Carolina Bar association appointed a committee of five members, consisting of Andrew L. Boorke, Thomas S. Rollins, Thomas C. Guthrie, Paul C. Whitlock and William H. Hendren to investigate the judicial decision rendered by Judge John J. Parker, involving labor which committee found an reported, its report being in conformity with the finding of the Department of Justice that there is no basis for Judge Parker on account of the decision rendered in the Red Jacket coal case, where he correctly followed the binding decision of the Supreme Court of the United States;

"Resolved that the North Carolina Bar association does ratify and approve the action of the president and fully endorses and approves the report of the committee;

"Resolved, further, that it is the sense of this association that the Honorable John J. Parker who has been nominated by the president of the United States as Associate Justice of the Supreme Court of the United States is eminently well-fitted by training, character and ability to fill that high office with credit to his nation and his state;

"Resolved, further, that in the opinion of this association whose members have associated with and practiced before Judge Parker that he has dealt fairly and without prejudice with all litigants that have come before him, with but regard to race, color or previous condition of servitude; that, with special reference to the Negro race, has never in the experience of the members of this association shown and disposed to disregard their rights or to treat members of that race otherwise than with fairness and justice;

"Resolved, further, that this association respectfully memorializes the Senate of the United States of America to confirm the nomination by the president to be an Associate Justice of the Supreme Court of the United States.

CANADA MAKES TARIFF EQUAL TO THE U. S.

New Budget Before House of Commons Provides for Countervailing Schedules

Ottawa, May 2.—(AP)—A new budget was before the House of Commons today embodying a system of countervailing tariff schedules which will make the Canadian duty on commodities in reciprocal trade between this country and the United States equal to the United States tariff.

C. A. Dunning, minister of finance, in his speech presenting his first budget yesterday, denied that countervailing rates were placed in the budget as a means of retaliation for tariffs imposed on Canadian exports.

"Those who raise prohibitory barriers against our products entering their markets," he said, "must expect that we will extend favor to our own good customers rather than to them. I speak in no spirit of retaliation. I would rather extend lower tariff favors to those who extend them to us than to impose prohibitive tariffs in return for like treatment."

Washington, May 2.—(AP)—Divergent opinions on the Ottawa announcement that Canada will place in effect immediately countervailing duties on all goods exchanged with the United States based on existing American tariffs and subsequently change them to the basis of the new law now being framed were expressed today by Congressional tariff leaders.

Republicans in both Houses refrained from public comment in view of the present status of the American legislation.

There were indications, however, that some of them construed the Canadian action as a possible threat to influence Congress in its handling of the Hawley-Smoot bill.

Both Chairman Smoot of the Senate Finance committee and Hawley of the House Ways and Means committee declined to be quoted.

Democrats contended enactment of high American tariffs inevitably leads to retaliatory measure by foreign nations and affects this country's foreign trade.

THIS ENUMERATOR HAS DRY JOB

Redding, Calif., May 2.—(AP)—When Asa McKenzie got the job of census enumerator for an area of 294 square miles in northern Lassen county, he immediately began to figure his profits at four cents for each person counted.

Greenville Wins Annual Relay Race From Washington

Greenville won the annual relay race from Washington this afternoon. The Greenville runner reached the court house here two minutes and forty seconds ahead of the Washington runner. J. D. Swain was the final runner for Greenville. His time was 1 hour, 39 minutes and 30 and 2-5 seconds. Earl Daniels finished for Washington. His time was 1 hour, 42 minutes and 10 seconds.

The finish was witnessed by several hundred people gathered along the final route of the runners, and traffic cops cleared the streets after the runner reached the city limits.

Youth Tears Up Piano At Ry. Mt.

Rocky Mount, May 2.—(AP)—Currell Kenney, 16, decided to tear piano playing from the inside yesterday, so while his sister was absent, he proceeded to tear the family music box apart to see what made it work.

His sister, Lorene, returned to find the piano strewn about the floor. An argument ensued. Currell brandished fists and threatened threats. Police were called and Currell locked up.

Judge Thomas ordered him to the roads for thirty days, but suspended sentence providing that he tear up no more pianos.

Seventeen Persons Die In Series Of Tornadoes And Storms In Mid-West

Many Also Injured and Property Valued At Hundreds of Dollars Destroyed; Nebraska, Minnesota and Missouri Hardest Hit

Chicago, May 2, 1930.—(AP)—Angry weather stormed through the middle west late yesterday killing 17 persons, injuring many and destroying property valued at hundreds of thousands of dollars.

Seven of the dead were women. Tornadoes struck at Tekamah, Nebraska, Northboro, Mo., and West, Wis. In North Dakota, Minnesota, Illinois and Iowa the loss of life and property damage was due to electrical storms and high winds.

The storms bounded up and down erratically in a territory including nine states. Nebraska, Minnesota and Missouri were hardest hit, but the destructiveness of the wind and driving rains was also felt in the Dakotas, Kansas, Iowa, Wisconsin and Illinois.

The deaths were distributed in seven states.

Four persons were killed at Tekamah (Co., Neb.).

A farmer was struck dead by lightning near Lawton, N. D.

Two women were drowned near Lake City, Minn., when a cloudburst sent a wall of water down a ravine upon their stalled automobile.

A boy was killed at Westby, Wis., when the Tornado overtook him as he ran before it, seeking the shelter of his home. He was buried in the debris of a building the storm leveled.

A man in a parked automobile at Rockford, Ill., was killed when a falling tree crushed the machine. A farmer was killed at Kickapoo, Leavenworth county, Kas.

Four persons, including one woman and a 10-year-old girl, died in the tornado at Morborne, Mo. The failure of the electric light plant at Tekamah added to the horror of the tornado damage there. Throughout the night doctors at the Tekamah hospital and the American Legion hall, an improvised hospital, worked by lamplight and flashlights, treating scores of men, women and children, many suffering serious hurts.

Streets of the Nebraska town were choked with debris.

One of the Tekamah's dead was Mrs. Hans C. Anderson. Her baby in her arms also was killed when the tornado destroyed their home.

An early estimate placed the property damage at \$150,000, with another \$100,000 loss to property and crops in other Nebraska territory.

At Westby, Wis., the tornado that killed Archer Funk, 9 years old, did another \$100,000 damage. Nearly every building on the main street of this town of 1100 persons was upser or destroyed. A tobacco warehouse was lifted from its foundation and slammed against the walls of a railroad station.

A toll of four dead was left at the town of Northboro.

Mrs. C. O. Rice, 50, wife of the president of the Northboro Trust Company, and her seventeen year old son, John, were killed when their home was demolished. Two other residences in the town collapsed causing the deaths of Charles Storms, 45, a plumber, and Ruby Shirley, 10 year old daughter of Mr. Storms.

Dry Law Opponent Says He Knows Pres. Hoover Is Not a "Dry" At Heart

Washington, May 2.—(AP)—A letter written by William H. Stayton, chairman of the Board of the Association Against the Prohibition Amendment, placed in the record of the Senate lobby committee today said he knew that President Hoover "is not at heart a dry."

The letter was read after the witness had denied, in response to a question by Senator Blaine, Republican, Wisconsin, that the association had bought any liquor to be served at a celebration for a candidate for the Presidency in 1928.

No name was mentioned by Blaine in putting the question. The letter discussing President Hoover was written in March, 1929, to Herbert L. Clark, of Philadelphia. After Stayton wrote that he knew Mr. Hoover "is not at heart a dry," it added:

"I fear that I must approach the conclusion that he is a dry because of the prospective profit in votes, and nothing that has to do with right or wrong or with facts will make any impression upon him."

From Puerto Cabezas Colonel Lindbergh flew 638 miles to make this stop.

Cotton Official

Associated Press Photo
D. E. McCuen of Greenville, S. C., is the new president of the American Cotton Shippers association.

Betty Jane, and Mrs. Walter Dodge all of Rochester, Minn., were killed when a cloudburst swept down from the hills onto the car in which they were riding near Lake City, Minn. Two other women leaped from the car and ran to higher ground, escaping the river of water that poured down and covered the stalled machine.

A storm of tornadic dimension struck Washab and Steele counties in southern Minnesota, destroying small farm buildings and doing other property damage estimated at \$100,000.

St. Paul, Minn., May 2.—(AP)—Twenty residents of Tekamah, Neb., escaped the tornado which wiped out part of that town yesterday when called to St. Paul as witnesses in a law suit.

They were assured today in a telegram from Tekamah that all families of the members of their party were safe.

Kansas City, May 2.—(AP)—Scores of families were homeless today, the result of a series of three tornadoes in rural communities of Kansas and Missouri that last night snuffed out at least five lives and injured more than 20 persons.

Thousands of dollars of damage was suffered by property owners. The tornadoes dipped into the countryside, leveling homes, barns and smaller buildings. The sweep of the wind was followed by drenching rains and hail storm.

A toll of four dead was left at the town of Northboro.

Mrs. C. O. Rice, 50, wife of the president of the Northboro Trust Company, and her seventeen year old son, John, were killed when their home was demolished. Two other residences in the town collapsed causing the deaths of Charles Storms, 45, a plumber, and Ruby Shirley, 10 year old daughter of Mr. Storms.

Raleigh Widow Has 120 Quarts Pre-War Liquor

Raleigh, N. C., May 2.—(AP)—An unnamed widow here would like to know what to do with 120 quarts of pre-war "bottled in bond" whiskey.

Her son sent her the liquor in 1917, joined the army, and was killed. It has never been disturbed. The story leaked out when she asked an attorney for advice.

Letter Written By William H. Stayton Placed In Record of the Senate Lobby Committee During Today's Hearing At the Capital City

Washington, May 2.—(AP)—A letter written by William H. Stayton, chairman of the Board of the Association Against the Prohibition Amendment, placed in the record of the Senate lobby committee today said he knew that President Hoover "is not at heart a dry."

The letter was read after the witness had denied, in response to a question by Senator Blaine, Republican, Wisconsin, that the association had bought any liquor to be served at a celebration for a candidate for the Presidency in 1928.

No name was mentioned by Blaine in putting the question. The letter discussing President Hoover was written in March, 1929, to Herbert L. Clark, of Philadelphia. After Stayton wrote that he knew Mr. Hoover "is not at heart a dry," it added:

"I fear that I must approach the conclusion that he is a dry because of the prospective profit in votes, and nothing that has to do with right or wrong or with facts will make any impression upon him."

CITY TO ELECT NEW ALDERMEN NEXT MONDAY

Five Aldermen to Be Chosen Without Any Contest in Any of the Wards

The municipal election for the selection of five aldermen will be held in Greenville next Monday. The contest promises to be one of the most listless in years owing to the fact that there is no contest from either of the five wards involved.

However, there will be three new names confronting the voters in the Second, Third and Fourth wards owing to the failure of the incumbents to run for re-election.

In the second ward J. I. Hassel will take the place of Ed Harvey. In the third ward J. A. Collins will run in the place of the incumbent, W. H. Bradsher, while in the Fourth W. H. Norris will take the place of J. Key Brown.

There is no contest in the First ward where J. I. Smith is offering for re-election. In the fifth ward, A. E. Hobgood, who was appointed several weeks ago to fill the unexpired term of Ralph Garrett, is running for re-election without opposition.

Aldermanic elections in recent years have been featured by strenuous opposition in the majority of the wards, but for some unaccountable reason the candidates were conspicuous for their paucity this time, and the contest will pass with out the slightest indication of battle.

The filing period for candidates closed last Monday, so if anybody had any intention of entering the race this time he will have to curb the ambition until another election date rolls around. The three new candidates are well known in their respective wards, and one of them, J. L. Hassel, served as alderman several years ago.

Study in Polar Regions May Aid Radio Reception

Washington, May 2.—(AP)—Better weather forecasts and radio reception may result from a year's international study of magnetic meteorological reservations in the Polar areas.

Captain H. U. Sverdrup, noted Norwegian explorer, told members of the African Geophysical Union today that most of the nations are to participate in the simultaneous observations near both poles in 1932-33.

The undertaking will gather magnetic and meteorological observations through a network of stations in the Arctic and Antarctic. The international committee of meteorological directors expects the increased knowledge gained to be of practical application to problems connected with terrestrial magnetism, marine and aerial navigation, wireless telegraphy and weather forecasting.

School Principal Saves Child's Life

Greensboro, May 2.—(AP)—A hale of heroism today rested over C. R. Byrd, principal of Guilford High School at Guilford College for his quick action in saving the life of Chalmers Jones, 8, whose clothes caught fire last night.

During the presentation of an opera at the high school, the lad strayed outside and struck a match which ignited his clothes. He rushed into the auditorium, clothes ablaze, and screaming.

The principal tore off his coat, wrapped it about the boy and smothered the flames. The boy was brought to a hospital here where he was treated for burns on his body, neck and arms. His condition was reported serious.

Burned in High School Bldg.

Greensboro, N. C.—(AP)—Chalmers Jones, 8, was seriously burned last night during an opera performance at Guilford College High School.

French Woman Breaks Record for Endurance

Le Bourget, France, May 2.—(AP)—Mlle Lena Bernstein, French aviatrice, broke the women's endurance record today and was still in the air at 2 p. m., more than 31 hours after their take-off.

She left the field at 7:18 yesterday and radioed the field this afternoon that she intended to land about 8 o'clock tonight.

Her flight thus far has exceeded the mark set by Miss Eleanor Smith at Roosevelt Field, N. Y., last April with time of 26 hours, 21 minutes, 32 seconds.

Board Of Aldermen Pass New Parking Ordinance For Dickinson Avenue

Forty-Five Degree Parking Regulation To Become Effective On May 15th; Other Matters Considered At Meeting Here Last Night

In an effort to improve the traffic situation on Dickinson avenue, the Board of Aldermen, in regular monthly session at the city hall last night, passed an ordinance providing for a forty-five degree parking angle from Five Points to the Atlantic Coast Line depot. The new regulation will become effective May 15.

The same parking plan has been in effect on Evans street for the past several months, and according to those in close touch with the traffic situation, has proved very satisfactory. It provides for parking on one side of the street each month and in that way keeps the other part of the street open to traffic at all times.

Mayor Lanier stated that he had investigated the Dickinson avenue situation with members of a committee, and that they thought the forty-five degree angle would prove far more satisfactory than the old way of parking. He described the present system as wasteful, and said too much time was taken up both in parking and moving the cars after parking. He expressed opinion that the new plan would enable the cars to get in and out of parking spaces much quicker than under the old plan, and that this would have a tendency of speeding up traffic even at the most congested part of the tobacco season in the fall of the year.

Several other matters were considered by the board last night, but principle among them was a petition from the Board of Trustees of City Schools asking for an extension of Elizabeth street to make the grounds of the school in that section more accessible. After considerable discussion of the matter, a committee composed of T. T. Hollingsworth and J. I. Smith was appointed to confer with property owners and attempt to reach an amicable settlement of the matter.

N. G. Bartlett, secretary of the East Carolina Chamber of Commerce appeared before the board and attempted to sell the city space in a booklet, "Builders of East Carolina," to be issued by the chamber at an early date. The price of the space was \$50.00. The board declined to make an appropriation of this kind.

Mr. Bartlett explained that the booklet would set forth facts concerning each of the cities and counties of this part of the state, and that each of the cities would be

allotted a page for summing up its resources and possibilities. He said that 69 towns had already subscribed for space, and that numbers of other towns had signified intention of doing likewise.

The board expressed appreciation of the project, but sticking tight to the economy program adopted earlier in the year, declined to buy space in the booklet.

The board decided to hold an adjourned session today to consider petitions for curbing and gutter, and determine exactly what projects of this nature could be given consideration at this time.

Earl Forbes was granted permission to stage a public dance during the early part of the month, with provision that he pay the usual tax of \$50.00.

Alderman Boyd reported arrival of the new road machine ordered out on approval at the last session of the aldermen. D. M. Sellers, of the street department, reported that the machine had been placed in operation and had proved satisfactory. The board approved purchase of the machine and the mayor were instructed to arrange terms of payment with the Raleigh Tractor company.

The board heard a petition from citizens on Green street, from Second street to the new river bridge, asking for paved sidewalks. The petition was turned over the clerk.

Senator Norris Demands Rejection Of Parker As Nominee To High Court

Washington, May 2.—(AP)—Rejection of Judge John J. Parker, of North Carolina, as a nominee to the Supreme Court or for the appointive power," Norris said. "I am moved in my opposition by a desire to keep that great tribunal on a higher plane than I believe it would be if this man were confirmed as a member."

Senator Norris took the floor to carry ahead the opposition debate on President Hoover's nominee. Slight hope was held out for a vote by nightfall, although this was the fifth day of discussion.

Both sides considered the result still doubtful, but the foes of Parker believed they had a margin.

Unless a vote is reached today, the decision goes over until Monday.

"I deny the insinuation s here that the opposition has any lack of respect for Judge Parker for the Supreme Court or for the appointive power," Norris said. "I am moved in my opposition by a desire to keep that great tribunal on a higher plane than I believe it would be if this man were confirmed as a member."

Senator Black, Democrat, Ala., placed into the record a decision passed upon by the Circuit Court of Appeals, of which Parker is a member, upholding a restraining order against unions sending help to striking miners seeking to retain possession of homes.

Black made no comment on the

Pays \$100 Fine for Drinking One Glass of Beer

Evansville, Ill., May 2.—(AP)—The beer out here is very potent, said Magistrate Barber to Miss Helen Lynch yesterday.

The charge of reckless driving against her was reduced by Miss Lynch as "ridiculous."

"Why," she said, "I had only one small glass of beer."

"You mean to say," interrupted Prosecutor Stolle, "that you consumed a glass—an entire glass—of beer? Why that makes a complete case against you. A whole glass of beer—an automobile-reckless driving. It's an inevitable combination."

"That is correct," said the court, fining Miss Lynch \$100.

"Any person who drinks as much as a teaspoonful of the beer now in circulation hereabouts is reckless, very very reckless."

decision, but said he was placing it in the record for consideration.

Senator Norris backed back to the fight against confirmation of Justice Louis D. Brandeis of the Supreme Court in 1916 when he asserted the Republicans waged the contest against the Supreme Court nominee.

He recalled that he was the only Republican member of the Senate now serving who voted then for confirmation of Brandeis.

This, he argued, was precedent for any fight on a Supreme Court jurist. Norris contended, further, that the contest waged against Justice Brandeis in the Senate "was not on the high plane" of this fight.

SAYS RUSSIA REDS FOMENT RIOTS IN U. S.

New York Police Seize Documents Showing Soviets Cause of Disorders

New York, May 2.—(AP)—Police Commissioner Whalen today made public photostats of Russian documents seized by his secret police which he declared showed the Communist International of Moscow was directly responsible for the fomenting of strikes and riots in the United States. There are references in the documents to expenditures for outbreaks and support of strikers.

One of the documents is on the letterhead of the Amtorg Trading Corporation, official purchasing agent in the United States for the Soviet government. It has offices in New York and has transacted hundreds of thousands of dollars worth of business in this country.

This letter lists the names of thirty men and women sent to New York by Moscow as being hard to replace and states that the recall of any of them might result in a serious handicap in the work.

Commissioner Whalen said the list of 30 names includes that of one Delgass, whom he described as the most dangerous of the undercover criminal secret police of Moscow and one time personal secretary of Derginskis, organizer of the Russian Cheka.

The commissioner said the attention of the police department was drawn to the activities of the Communists through the number of unnecessary and violent strikes which the representatives of labor declared to be backed by the Russian Soviet government.

One document dated from Moscow January 3, 1930, and addressed to "Comrade G. Grafpen," informs him that the executive committee of the Comintern and Profert has directed he be again dispatched to the United States as general representative of the organization.

Attached to the letter is a list of 25 persons being sent from Russia to be distributed by Grafpen as follows: New York, 7; Massachusetts, 3; Illinois, 3; North Carolina, 3; South Carolina, 1; Pennsylvania, 3; Connecticut, 1; Michigan, 2; Georgia, 2.

A document dated Dec. 16, 1929 from the executive committee, Komintern, Moscow, to "Dear Comrade Saul," reads in part:

"In connection with the approaching economic crisis in the United States, it is requested that all funds in your possession be turned over to Comrade Liza for the enforcement of proletarian front. The funds must be expended by the American committees of K. P. in branches mostly affected by the crisis—I. E. textile, mining, fur and other industries; and the money should be given for the support of strikers with the approval of the Communist cells of each striking group."

Peter A. Bogdanov, chairman of the Amtorg Trading Corporation, issued a statement today declaring that the letters alleged to have been written by an official of the Amtorg Corporation were forgeries. He referred to such letters from Commissioner Whalen's exhibit as were reproduced in afternoon newspapers.

Says Narrow Policy With Labor Will Be Fatal to the South

New York, May 2.—(AP)—Everett P. Partridge, of Ann Arbor, Mich., associated editor of the American Chemical Society Journal, says in a statistical survey of southern industries released by the society today that a narrow policy in dealing with labor will be fatal to social and industrial progress in the South.

"The fact that labor is cheaper 1/3 the south than in more highly industrialized portions of the United States is undoubtedly important in considering the location of new industries in this region," Mr. Partridge reports.

"It will be a narrow policy, however, cheap, in attempting to maintain cheap labor costs, permits the same cycle of labor conflicts in the south in the next quarter-century that took place in the development of industry in the northeast."

"If short sighted industrial executives fail to learn by experience, the development of industry in the south is likely to be marked by bitter wars."

Adopt Boy

Chapel Hill, N. C.—(AP)—President Harry W. Chase, of the University of North Carolina, and Mrs. Chase, have completed legal arrangements to adopt Carl Griggs of Winston-Salem. Griggs is 17 years old and is a sophomore at the University. He will assume the name of Carl Carter Chase.

Chapel Hill, N. C.—(AP)—President Harry W. Chase, of the University of North Carolina, and Mrs. Chase, have completed legal arrangements to adopt Carl Griggs of Winston-Salem. Griggs is 17 years old and is a sophomore at the University. He will assume the name of Carl Carter Chase.

Chapel Hill, N. C.—(AP)—President Harry W. Chase, of the University of North Carolina,

Accomplishments of the 1929 General Assembly In Relation to Pitt County

Many of us in the last General Assembly realized that there was urgent need for tax relief to the farmers and real estate owners of the State. A tax burden upon general property had increased to such extent that it was imperative to check further increase and if possible effect a reduction. While it was not possible to accomplish as much along this line as many hoped, a substantial relief to property owners was provided through increased appropriations to the several counties of funds from the State Treasury to aid them in meeting school and road costs. The State School Fund was exactly

doubled—from a \$3,250,000.00 yearly appropriation to \$6,500,000.00. The gasoline tax was increased and \$3,500,000.00 is now being sent to the counties from this source and is distributed to the one hundred counties according to area and population. Thus a total increase of \$6,750,000.00 over any previous year was made in these two funds. This year \$10,000,000.00 will be sent to the counties from the State Treasury by action of the 1929 Legislature

and results in relief to the tax upon real estate to that extent since not one dollar of it is paid to the State by property owners as such, but is collected through the medium of the income, license, franchise and gasoline tax.

To bring this action close home, it is only necessary to see in what way it has affected our own county of Pitt. Last year this county received from the State Fund to aid in operating the six months school term \$11,787.15. By reason of the action of the last General Assembly, the county is this year receiving \$59,556.94 which is an increase of \$47,769.79. In addition, the county receives \$15,122.73 as aid in meeting the cost of the two months extended term, which has heretofore been borne entirely by the districts. This is distributed to the several districts with respect to their needs as shown by their cost and the valuation of their property. It has meant much to several districts in the county that were laboring under a heavy burden of taxation and even then had difficulty in operating the full two months. The total amount thus received to aid in meeting the school cost is \$74,679.67.

Let it be remembered that the property holders of our county as such do not pay one cent into the State Fund. If this amount had not been received and the school cost had remained the same, it would have been necessary to increase the tax rate of the county 15c on the \$100 valuation for this purpose.

From the gasoline tax returned to the counties, Pitt county receives \$45,990.00. Here again it is clear that unless some retrenchment had been made in the road cost, the property owners of the county would have faced an increased tax rate. This item alone would have meant a rate increase of 9c. The county wide tax rate would then have been placed at \$1.53 instead of \$1.29 actually levied had these funds not come to the county from the sources above mentioned.

Pitt county received from the Equalizing Fund 1928-1929, \$11,782.15. By the action of the 1929 Legislature, Pitt County received from the Equalizing fund, special tax reduction fund, and the gas tax the sum of \$120,669.67 which was \$108,882.52 more than the county had ever received before from any previous Legislature.

The farm lands of Pitt County were reduced in value around five million dollars in 1928 by revaluation under the direction of the County Commissioners. To make this reduction legal, it was necessary for your representatives to pass a bill in the 1929 Legislature, as this revaluation was done out of time.

The tax rate on property would have been reduced 24c instead of 4c by the receipt of \$120,669.67 which the 1929 Legislature provided for Pitt county if the land values

had not been changed. If we expect to get a tax reduction it has to come largely from the state. Of course our County Government and Schools should be run on an economical basis, but our watch word should be "value received for every dollar of tax money spent." Under no circumstances should we cut to ruin the efficiency of our schools and administrative officer of our county. The Legislature should stop the issuing of bonds for permanent improvement for our higher education for the time being and direct an economy programme for the maintenance of all our state offices and institutions. We should issue no more bonds for the building of roads at this time and our surplus from our gas and license tax should be used by the Highway Commission to take over all the county roads that it is possible to do in order that the county may be relieved of road tax.

Pitt County was among the first counties in the state to build concrete roads, issued its own bonds for construction. These roads were turned over to the State Highway Commission without cost to the State. These bonds are outstanding against the county and a special tax is levied to pay interest and provide a sinking fund to pay these bonds when they become due. This condition applies to a few other counties in the state. My efforts will be used to correct this injustice, thereby relieving Pitt County of this special tax.

I am glad to submit this information to the tax payers of my county in order that they may know there was a beginning made in our last General Assembly for tax relief on real estate.

Respectfully,
E. G. FLANAGAN, Member of the General Assembly and a Candidate for Re-election.

development of our credit system, our statistics, our methods of security and relief in depression" all show progress.

"Let me add," the whole range of our experiences from this

boom and slump should be placed under accurate examination with a view to broad determination of what can be done to achieve greater stability for the future, both in prevention and remedy. If such

an exhaustive examination meets with general approval, I shall, when the situation clears a little, move to organize a body—representative of business, economics, labor and agriculture—to undertake it.

School's out. Now for the daily raid on the Uneeda Graham Crackers. Lucky mother keeps plenty on hand because the children love them so.

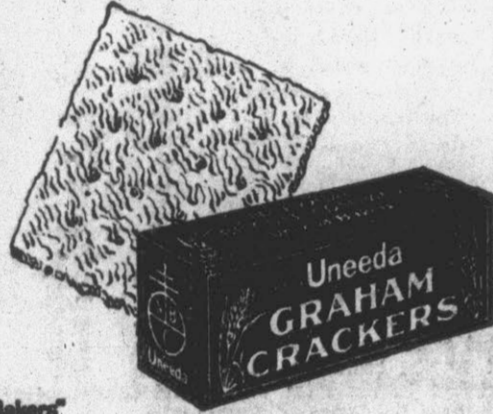

Says the Uneeda Boy.

Uneeda GRAHAM CRACKERS

The N.B.C. Uneeda Seal helps you identify Uneeda Graham Crackers. These are the crunchy-crisp golden squares you've eaten way back as far as you can remember. You can buy them in the package or by the pound.

Taxi Driver Talks Holdup Man Out of Idea Robbing Him

New York, May 2.—(AP)—A taxi-cab driver with a little quick thinking and a ready tongue today talked a hold-up man out of the idea of robbing him and into a trap that led to his arrest.

David Steerer, the driver, told the police that the hold-up man tried to rob him while a passenger in his cab in Central Park. Steerer said he reasoned with him something like this:

"Why are you sticking me up? I have got less than twenty dollars with me and besides I need it worse than you do. I've got a wife to support and my kid is sick in the hospital. If you want to pull a stickup, why don't you go down to the Village Nut club. You can pick up a couple of grand down there."

So the stranger permitted Steerer to drive him to the Greenwich Village resort. Immediately after the man entered, the taxi driver informed a policeman who entered the club with drawn gun and arrested the would-be hold-up man as he stood at the entrance surveying the crowd. The man gave his name as Edward Donahue, 23 years old, and after being forced to pay Steerer \$1.40 taxi fare was arrested on a charge of attempted robbery.

Governor Cooper Looks Over Report Of Prison Tragedy

Columbus, O., May 2.—(AP)—While Ohio National Guardsmen maintained order at Ohio penitentiary, Governor Cooper set today aside to study the report of his board of inquiry which investigated the prison fire disaster of April 21.

The investigation was completed last week and the report was submitted first to state welfare director, Hal H. Griswold.

The governor will decide where the responsibility shall be placed for the fire which claimed the lives of 320 convicts. He has given no intimation as to what action he plans to take, although it is considered unlikely that he will recommend any change in the administrative personnel of the penitentiary.

The apparent tranquility existing after National Guardsmen put down the mutiny of 1300 idle prisoners was broken late yesterday when fire damaged a tent in the barbed wire stockade in the prison. The blaze was quickly extinguished by troops. The prisoners now quartered in the stockade were in the mess hall. Guard officers at first said a prisoner started the fire, but later blamed a discharged cigarette.

Hoover to Study Last Collapse of the Stock Market

Washington, May 2.—(AP)—To achieve a greater degree of economic stability for the future, President Hoover is planning an exhaustive study of the stock market collapse of last year, the boom period which preceded it and the depression which followed.

In his project meets with general approval, the chief executive intends to institute the inquiry when the present situation "clears a little", and, to carry out the investigation, he contemplates the appointment of a commission representing the various fields of endeavor involved.

Mr. Hoover made this known last night in delivering an address before the Chamber of Commerce of the United States, in which he also expressed the opinion that the worst effects of the security crash are now past with a renewed prosperity lying just ahead.

The nation, he said, has advanced in methods of stability in recent years, adding that "the de-

PRIDE of POSSESSION

O—O

YOU will take a real pride in the smart style and fresh new beauty of the Ford just as you will find an ever-growing satisfaction in its alert, capable performance. From the new deep radiator to the tip of the curving rear fender, there is an unbroken sweep of line—a flowing grace of contour and harmony of color heretofore thought possible only in an expensive automobile. Craftsmanship has been put into mass production.

Social and Personal

J. B. James and M. K. Blount left this morning for Pinehurst to attend the Bar Association meeting.

Mrs. John L. Horne, Mrs. C. W. Porter and Mrs. Bryce Sigmon and **Mrs. A. H. Taft** spent yesterday in Rocky Mount.

Mr. and Mrs. C. B. Thompson, of New Bern, were here yesterday.

Dr. and Mrs. Charles O'H. Laughinghouse, of Raleigh, are spending several days here with relatives.

Miss Louise Rountree, who was visiting relatives near Critton, was called home Wednesday on account of the death of her uncle, C. E. Rountree.

Attend Funeral of Mr. Rountree.

Charles Rountree, of Morehead City, **Clifton Rountree**, of Rocky Mount, and **Mr. and Mrs. Richard Rountree**, of Tarboro, were here yesterday to attend the funeral of their uncle, C. E. Rountree.

Mrs. Ward Entertains For Guests.

Mrs. Harvey Ward was a charming hostess at bridge Wednesday afternoon, honoring her house guests, **Mrs. Lawrence Bonnell** and **Mrs. C. Hemby**, of Jacksonville, Florida.

The living room, sun room and dining room ensuite were very attractive with profusions of spring flowers.

Concluding a number of progressions, **Miss Elizabeth Rogers** was presented a potted plant for high score. **Mrs. H. C. Sugg** was given bridge cards for low score. Table prizes, shoulderettes, were won by **Mrs. C. T. Reid**, **Mrs. J. S. Willard** and **Mrs. Harry Johnson**. The honor guests, **Mrs. Bonnell** and **Mrs. Hemby**, were remembered with silhouettes.

Mrs. Key Norris assisted the hostess in serving delicious refreshments.

If you are not buying your groceries from our stores, give us a trial. **QUALITY MERCHANDISE AND SERVICE** is our motto. Home Grocery Stores.

Mrs. Hassell Hostess to U. D. C.

The George B. Singletary chapter U. D. C., held their regular monthly meeting at the home of **Mrs. J. L. Hassell** on Pitt street. Plans for Memorial Day were before the chapter at this meeting and the following committee were appointed: **Mrs. A. M. Moseley**, **Mrs. S. T. White**, transportation; **Mrs. J. L. Fleming** and **Mrs. C. S. Forbes**, excursions at the cemetery; **Mrs. J. L. Hassell** and **Mrs. J. L. Little**, flowers.

Our program for the afternoon was in charge of **Miss Jessie Moye**, who gave a sketch of the "Life of Jefferson Davis," President of the Confederacy, and also a sketch of the Jefferson Davis highway. She spoke of Davis as being a man slandered, persecuted, imprisoned by his enemies and misunderstood and under-valued by his own people. In all his trials, his falling health, his broken fortunes, his moral greatness and Christian character remain unchanged. After his death it was said of him: "He swayed Senates, and led soldiers of the Union—and he stood accused of treason in a court of justice. He saw victory swell illustrious battlefields—and he became a captive. He conquered himself and forgave his enemies, but he bent to none but God."

Miss Moye briefly told of the Jefferson Davis highway running from ocean to ocean. This highway traverses one hundred and fifty miles through a beautiful and interesting section of North Carolina, touching places of historic, scenic, industrial and educational interest.

After this interesting historical program the hostess served a delicious salad course.

Piano Recital.

Miss Dorothy Sloan, a member of the freshman class of East Carolina Teachers College, will give a piano recital Friday evening, May 2nd, at 7:30 in the campus building. Everyone is cordially invited.

Meeting of D. A. R.

The members of the local chapter of the Daughters of the American Revolution were the guests of **Mrs. E. W. Hellen** Thursday afternoon at her home on Elizabeth street. Following the salute to the flag and the ritual, **Mrs. Della McGee**, chaplain, conducted an impressive devotional service.

In a short business session the regent, **Mrs. R. L. Smith**, appointed a committee to formulate recommendations relative to the placing of markers on historic spots in and near Greenville. Those named to serve on the committee were **Mrs. T. E. Hooker**, **Mrs. Della McGee**, **Mrs. S. T. White** and **Miss Lella Higgs**.

Many interesting historical facts were brought out when each member responded to the roll call by giving some event which happened during the month of April. **Mrs. S. T. White** added variety to the program by reading a delightfully instructive article on the homes of the early presidents while they were chief executives.

Mrs. T. E. Hooker then presented the speaker of the afternoon, **Mr. William Tyson**. Mr. Tyson showed originality in his choice of subject, discussing a Revolutionary character about whom little is known by the average citizen beyond the fact that he betrayed his country. The speaker showed that **Benedict Arnold** was an able and courageous commander, and that after his successful battle at Saratoga, he was the idol of his fellow patriots. So daring and clever a man found himself with many enemies; and through petty jealousies and active hatreds on the part of certain members of Congress, five officers of lower rank were promoted over his head. To a man of Arnold's temperament this was galling and insufferable treatment. Washington, who had confidence in Arnold and in his ability, tried to rectify the mistake by putting him in command of the forces in Philadelphia. There Arnold came under active Tory influence, and was twice tried for treason, but was acquitted each time. Washington, further proved his confidence by putting him in charge of the fortress at West Point, but so impetuous and high-spirited a man as Arnold could not be appeased. Believing himself unjustly treated, the victim of the politicians and his career ruined, he finally betrayed his post to the British commander. Since that day his early devotion to the cause of his country and his conspicuous military successes have rarely been spoken of; instead, his name has become synonymous with all that is despicable.

Immediately following Mr. Tyson's well presented speech, the hostess, assisted by **Mrs. E. J. Garrett**, served a refreshing ice course.

SENIOR NORMAL CLASS TO PRESENT PLAY

The Senior Normal class of East Carolina Teachers College will present the play "Mice and Men" on May 8 and 9 in the college auditorium. The cast is as follows:

Mark Embury, **Ida Cobb**; **Roger Goodlake**, **Kate Murray**; **Caplain George Lovell**, **Margaret Silva**; **Sir Harry Tomblestone**, **Mary Shepherd Keel**; **Kit Baringer**, **Trevor Porter**; **Peter Dora Ham**; **Joanna Goodlake**, **Cassie Carty**; **Mrs. Deborah**, **Helen House**; **Peggy**, **Lois Herring**; **Matron**, **Lucy Best**; **Beadie**, **Lettie Prigden**.

Orphans—**Geraldine Andrews**, **Annie Robeson**, **Susan Rumbley**, **Lois Newsome**, **Kate Turner**, **Mary Parker**, **Hazel Rodwell**, **Elizabeth Griffin**, **Lois Herring**, and **Helen Simmons**.

Attendants at the ball—**Lucy Gambell**, **Mary Parker**, **Mabel Collier**, **Louise Smith**, **Estelle**, **Hollway**, **Anne Coleman**, **Helen Simmons**, **Camille Winstead**, **Elizabeth Griffin**, **Lettie Prigden**.

Synopsis—The middle-aged doctrinaire, **Mark Embury**, has been once crossed in love. At length, he decides to marry and beget an heir. He selects from the lower class some healthy and young girl, **Peggy**, who after being educated, will be in a position to marry him. But he realizes, after some years that he is madly in love with her. He proposes, and she imagines that he is asking her to marry his scapegrace nephew—the young and joyous soldier, who is her ideal, even

Scientist Will Visit Chile Mines

State College, Pa., May 2.—International recognition has come to Professor J. W. White, in charge of soils research, at the Pennsylvania State College agricultural experiment station, for the fourth time in four years, it has just been announced.

Professor White has been chosen to go with a party of a few American soil scientists to Chile as guest of the educational bureau of the Chilean nitrate producers, June 28 to August 18. The occasion is the centennial celebration of the opening of the famous nitrate of soda mines in Chile, which will be visited by the tourists on this trip. Other included and there will be opportunity granted to study the agriculture of the countries visited.

For the past 100 years the Chilean nitrate deposits have supplied American farmers with nitrogen fertilizer. The Pennsylvania station was one of the first to experiment with nitrate of soda, tests being made in the old fertility plots which are the oldest continuous experiments of their kind in America.

In 1927 Professor White was the official Pennsylvania representative at the annual meeting of the International Society of Soil Science. One of the features of the meeting was a trans-continental tour of the United States and part of Canada. The following year he was American representative of the international soil scientists at the international bituminous coal conference in Pittsburgh. Last year he was a member of a party of fourteen American experiment station scientists who toured western Europe as guests of the German potash syndicate and associated companies. There they studied agricultural conditions and visited famous commercial fertilizer establishments.

Professor White is recognized as one of the outstanding soil scientists in America. His experiments have been significant and his reports and articles have been widely read.

The above article will be read with interest by friends of Professor White. He is a former Greenville man.

FOUND NOT GUILTY IN THEATRE DISASTER

Edinburgh, Scotland, May 2.—(AP)—Charles Dorward, manager of the Paisley Cinema Theatre in which 70 children died after a fire panic New Year's Eve, today was found not guilty of culpable homicide in connection with the deaths.

The prosecution charged that Dorward had obstructed one of the two exits by padlocking an iron gate. The theatre manager asserted that he had unlocked the gate and left the padlock on a post before the matinee started.

SANS SOUCI CLUB WITH MRS. CARROLL

A most delightful meeting of the Sans Souci Club was held on Wednesday afternoon with Mrs. John Carroll at her home in Winterville. The members were greeted with gracious hospitality and invited into the dining room where they were served delicious punch and sandwiches.

The meeting was called to order by the president, Mrs. J. B. Kittrell. This being the last regular meeting, plans were made for the closing of the club year. It was decided that we give our books to the Library, the program for next year was discussed, and final arrangements were made for the pilgrimage to Edenton on May 6. This trip is being given to the club by our very splendid and gracious president, Mrs. Kittrell, who has arranged every detail for the pleasure and enjoyment of the occasion.

The club was especially privileged in having on the program a guest from one of the other clubs. Her own club members had expressed such appreciation and enjoyment of Mrs. Rose's presentation of a program on Dr. Fosdick that one of our members very happily asked her to present it to us.

We are certainly very grateful to Mrs. Rose for giving us this splendid and inspiring appraisal of Dr. Fosdick. We only wish that those prejudiced critics who will neither hear him nor read his books could have heard her understanding study and appreciation of this genius who is one of the widest read religious writers, and the outstanding personality in the pulpit today.

At the close of the program the hostess served another course of delectable refreshments. The club then adjourned to meet again at 8:30 a. m., on next Tuesday at the home of Mrs. Kittrell, from which place we leave for the journey to the ancient town of Edenton.

THE DEBENTURE PLAN.

Chairman Legge of the Federal Farm Board warns the farmers that if the export-debenture plan is adopted it will involve us in "a wheat war" inspired by the resentment of the wheat-buying nations.

Bless your heart, Alexander, it's a wheat war we are in now! There is hardly a foreign buyer of wheat but is trying to get that product from some other than an American grower.

Greenville Boy Scouts found out something about the operation of a municipality while acting as heads of the various departments of city government yesterday.

As one expressed it, "I got time to read the morning paper, but after that I didn't see anything but work ahead."

The experience will at least afford the youngsters something to talk about for many moons to come, but it will also inspire them to exert greater influence than ever before to co-operate with city officials in making the city a better place in which to live.

The boys got the chance of acting as city officials through efforts of the Lions club in their observance of National Boys' Week.

Greenville people are justly proud of the Boy Scout organization, and everybody is hopeful it will experience as much growth in the future as in the past.

The debenture plan ought to relieve that situation. Under that plan the exporter of wheat would receive debenture certificates entitling him to bring back goods in exchange on which the certificates would pay the tariff.

The only real objection to this device is that it would reduce, indirectly, the extortionate tariff protection afforded our great trusts and monopolies.

It would be "relieving the farmer at the expense of industry." But why not? Isn't the farmer entitled to it? Hasn't industry been enriched at his expense?

And isn't just a little of turn about fair play?—Omaha World-Herald.

MRS. CHARLES McARTHUR.

local boys, however, it is to be hoped another loving cup will be purchased and offered again next year. This wholesome spirit of rivalry existing between Greenville and Washington in these races has had a tendency of tightening the bonds between the two towns and they believe they have some of the best high school runners in the state.

The formation of a baseball league among the various counties of this section is still being talked but if anything outstanding has been accomplished it had not been reported today.

People who like baseball and believe it beneficial to the various towns of the locality ought to let their desires be known while the proposal is being talked. The promoters stand ready and willing to organize such a league if given proper encouragement and the matter is strictly up to the people.

Think over the matter and then go to these men and tell them you are behind them in the undertaking. Remember what a good time you had while the Eastern Carolina league was in operation. The games afforded you a place to go three afternoons to the week, and for many it meant following the club to other towns.

An amateur league could be operated at much less expense than a regular league organization, and it is sure the public would be just as much interested. The players would be composed of home boys and naturally the people would be more interested in their exploits on the diamond than they would a perfect stranger, regardless of how good he might be able to play.

If you want baseball, begin talking it on all sides, and in that way convince the promoters that you would support such an organization in real form.

Greenville people are justly proud of the Boy Scout organization, and everybody is hopeful it will experience as much growth in the future as in the past. If this should be realized, then there are great things in store for the boys, as growth the last few months surpassed anything in history.

Asleep Or Awake? Are we, as a people, aware of the crisis that is just ahead? Are we not asleep at the switch? Shall we awake in time, or shall we sleep on while the forces which are working so steadily for our civic and economic destruction gather such momentum that nothing can stop them?

If we do not arouse ourselves who will fight this battle for us? Monday is the time, the court house is the place, let us all be there.

MRS. CHARLES McARTHUR.

Hyde Recommends Organization to Regulate Power

Washington, May 2.—(AP)—Secretary Hyde advocated a new independent organization to regulate the nation's power resources today before the House interstate commerce committee.

The agency proposed by the agriculture secretary would supplant the Federal Power Commission, now composed ex-officio of the secretaries of agriculture, interior and war.

Hyde said, "We have had one grand glorious fuss" in the power commission, the affairs of which have recently been under the scrutiny of the Senate interstate commerce committee.

The secretary said it was "vitally necessary" for Congress to provide for an independent commission that could deal with the power problem.

It was impossible, he added, for the present commission to give detailed attention to the work.

Hindu Held On Larceny Charge

Los Angeles, May 2.—(AP)—Swami Bartappa Raw, a Hindu, was being held here today on five counts of grand theft and three of violating the moral code on complaint of Mrs. Adele Banks Allerhand.

Raw, who was arrested several days ago when Policewoman May Ross went to his sooth-saying parlor to investigate and later reported the seer had attacked her, was held under \$25,000 bond pending a preliminary hearing May 8.

British Embassy to Import Liquor

Washington, May 2.—(AP)—Importation of liquor by the British embassy for the official and personal use of the ambassador and the embassy staff is to be resumed. It was stopped by the former ambassador Sir Esme Howard.

Sir Ronald Lindsay the present ambassador, has reached the conclusion that the matter is entirely a personal one, not affecting the action of anyone else or diplomatic privilege.

What Congress Is Doing

SENATE Resumes consideration of Parker Supreme Court nomination. Lobby committee goes ahead with prohibition investigation.

HOUSE Considers lumber, shingle and sugar rates in the tariff bill. Military affairs committee perfects language of the Reece bill for disposition of Muscle Shoals.

Interstate commerce committee resumes consideration of proposed establishment of a new Federal power commission, with Secretary Hyde on the stand.

Judiciary committee takes up proposed amendments to the judicial code.

CANDIDATES' CARDS

FOR COUNTY COMMISSIONER I hereby announce my candidacy for County Commissioner of Pitt County, subject to the Democratic Primary June 7th. If nominated and elected, I will endeavor to reduce the expense of county government to give immediate relief to the taxpayers of our county.

IVEY SMITH. May 2-2t.

PIT COUNTY

I hereby announce myself a candidate for the office of Sheriff of Pitt County, subject to the action of the Democratic primary to be

held June 7, 1930. Since the present incumbent has been in office for two terms, and all things being equal, I am asking the voters of Pitt County for their support in the coming Primary to be held June 7th, 1930. If nominated and elected I shall give my individual attention to the faithful and impartial performance of the duties connected therewith.

WYATT C. TUCKER.

ANNOUNCEMENT

I hereby announce myself a candidate for re-election for Sheriff of Pitt County, subject to the action of the Democratic primary, June 7th, 1930.

If nominated and elected, I shall endeavor to enforce the laws to the best of my ability, as I have during my tenure of office. Your approval of my past record by your support in the coming primary will be greatly appreciated.

S. A. WHITEHURST

TO THE VOTERS OF PIT COUNTY

I hereby announce myself a candidate for re-election to the House of Representatives, subject to the

action of the Democratic primary to be held June 7, 1930.

If nominated and elected, I pledge myself to work for the reduction of taxes on farm land and real estate, economy in state and county government, and do all in my power with justice to all to relieve the farmer of his burden of taxation.

E. G. FLANAGAN. March 28-cod.

ANNOUNCEMENT

I hereby announce my candidacy for the House of Representatives, subject to the Democratic Primary June 7, 1930. I pledge my best efforts for rigid economy in state and county government, for repeal of the law exempting foreign securities from taxation, for a sales tax on luxuries and for other legislation to relieve

real estate of the heavy tax burden. Your support will be appreciated.

WILLIAM J. BUNDY

ANNOUNCEMENT

I hereby announce myself a candidate for Constable of the Township of Greenville, subject to the action of the voters of the Democratic primary to be held June 7, 1930.

LEE CRAWFORD.

FOR SENATE

I hereby announce my candidacy for the State Senate, subject to the Democratic Primary. If nominated and elected, I am pledging my best efforts to secure legislation to relieve the excessive tax burden on farm lands and other real estate,

and economy in all County and State government.

ARTHUR B. COREY. Mar. 28-Tue-Fri.

action of the Democratic primary to be held June 7, 1930. If nominated and elected, I pledge myself to work for the reduction of taxes on farm land and real estate, economy in state and county government, and do all in my power with justice to all to relieve the farmer of his burden of taxation.

E. G. FLANAGAN. March 28-cod.

TO THE VOTERS OF PIT COUNTY

I am a candidate for a seat in the House of Representatives of 1931, subject to the action of the Democratic primary, to be held June 7th. I pledge my best efforts in helping bring about better legislation. Your support will be greatly appreciated.

J. W. HOLMES.

FOR CONSTABLE

I hereby announce myself a candidate for Constable of Winterville Township, subject to the action of the Democratic primary to be held June 7, 1930.

VERNON WHITEHURST. TUE-FRI.

ANNOUNCEMENT

Subject to the action of the Democratic Primary on June 7th, 1930, I hereby announce my candidacy

for nomination and election to the House of Representatives. I served Pitt County in the House during the Legislature of 1925 and if I am nominated and elected again, I pledge to work to relieve lands from burden of taxation. I will appreciate your vote.

K. A. PITTMAN. March 28-cod.

If this honor should come to the

Alleged Slayer Of Ranch Hands Captured Today

Modesto, Cal., May 2.—(AP)—Object of a four-day hunt as the suspected slayer of three ranch hands, Charles Wiley, alias Charles Dodge, was captured at Crows Landing, near here, today. State highway patrol officers and deputy sheriffs who arrested Wiley said he had confessed killing Jack Murphy, Dolote G. Fultz and Joseph Barton in a ranch cabin last Monday morning. Wiley's alleged confession related that he and the three men had participated in a drinking party the day before the killing and that his companions attacked him. He said he armed himself and returned to their cabin the next day and shot them down.

Dorothy: THAT'S THE TROUBLE THE OTHER KIDS MOTHER TOLD HIM TO ONLY COUNT TEN.

A'S DEFEAT DETROIT IN BAT SPREE

The opening of the intersectional play in the major leagues is generally considered as starting the first real tests of relative strength among the teams.

Prior to the first east-west games, they engage in a sort of round-robin affair which may give one team a long winning or losing streak for no particular reason, but when one division is lined up against the other, usually an important change.

The intersectional action of the 1930 campaign begins in earnest today after a two-game preview yesterday which gave an evicting hint of what may happen.

In the American League contest, the rather battered world's champions, the Philadelphia Athletics, opened their first real attack of the year to trounce the Detroit Tigers, 19 to 2. The Athletics are in fourth place after the eastern series, due principally to their inability to make any progress against Washington. Of the five games they lost, four were to the Senators.

Against Detroit, the A's staged a regular slugfest. They started slugging with the first pitch as Max Bishop opened the action with a home run, and they slowed up in only two innings. The final count showed 18 hits for Philadelphia, including five home runs, three doubles and two triples, while the Tigers could get but seven blows from Lefty Grove, who struck out nine.

Detroit, however, is down in seventh place after losing out in every western team and dropping five out of seven games to Cleveland, before coming east.

The Braves owed their low position in the National League standing to the New York Giants, who defeated them five times in succession, but they began to rise as soon as they invaded the west. Yesterday's triumph over Pittsburgh put them up into third place while the Pirates dropped from first, won principally by a clean sweep of four games against the St. Louis Cards, to second.

Walter Beger spoiled a promising pitching duel in yesterday's game by hitting a pair of home runs in successive innings. Up to the seventh, Harry Siebold of Boston and Larry French of Pittsburgh had fought it out with only one run for Pittsburgh. Then Beger tied the score with a homer. Neun followed his example and the Braves bunched singles for a third run. Beger's homer in the eighth proved to be the deciding counter as he Siebold weakened in the last half of the frame and gave Pittsburgh two runs.

SPORTS SLANTS

By ALAN GOULD
(Associated Press Sports Editor)

On the basis of the returns that have drifted in so far from the West Coast, at least four track and field records are likely to be bumped off in the classic I. C. A. A. A. championships at Cambridge when the combined forces of California, Stanford and Southern California swing into action. Which is to say that four of the existing records have been surpassed by the Pacific Coast boys in the spring dual meets, with the end not yet in sight. And the Eastern talent is yet to be heard from.

Some of the athletes may have difficulty reproducing at Cambridge what they have been doing on the coast, but here's situation in the various events:

100-yard dash—I. C. A. A. A. record of 9 7-10 set by Al Lecogey in 1922 and equalled by Hank Russell in 1926. Frank Wynoff of Southern California and Hector Dyer of Stanford each has been clocked in 9 6-10.

High Jump—record of 6 feet 5 1-4 inches made by Bob King of Stanford in 1926. Bob Van Osdel of Southern California has leaped 6 feet 7 1-4 inches.

Shotput—record of 50 feet 3 inches, made by Harlow Rothert of Stanford in 1929. Rothert's best this spring is 51 feet 10 3-8 inches and his team mate, Eric Krenz, has also exceeded 51 feet.

Discus—record of 154 feet 11 inches, made by Krenz in 1929. Krenz holds the American record of 163 feet, 8 inches and has tossed over 161 feet this year.

"With that swing of his, Babe Ruth ought to be a great golfer," remarked Johnny Farrell, Johnny was watching the Babe from the press-box of the Yankee Stadium during the excitement of the opening game there with the Athletics, but he was thinking of what he had seen Ruth do with the golf clubs, not the bat. "There is a beautiful ease in Ruth's motion, plus tremendous power. He doesn't have to slug to get terrific distances in either game. The proper timing and follow-through do the work for him—he has his eye on the ball."

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, May 2.—(AP)—Cotton opened barely steady at a decline of 4 to 9 points under further liquidation and scattered selling of new crop months, promoted by relative,ly easy Liverpool cables and reports of further rain in the south-west.

Covering by near month shorts caused bulges of a point or two right after the call, but the selling continued with July easing off to 16.45, or 14 points net lower, while the new October contract sold down to 14.58, making a net decline of 8 points by the end of the first half hour. Prices were within 3 or 4 points of these figures at the end of the first hour.

Cable advices received in the trade here from Liverpool reported local liquidation of near months in the market there and Continental selling of distant months. They also reported further cloth buying for home consumption with moderate sales to South America.

GRAIN MARKET

Chicago, May 2.—(AP)—Wheat traders focused attention today chiefly on May official crop estimates indicating 7,000,000 bushels less domestic winter wheat this season than suggested by the government April report. The probable yield pointed to is 35,000,000 bu. below last year's harvest, with a decrease of 7.3 percent in this country's spring wheat acreage and 4.8 percent decrease for Canada.

Uncertainties, however, regarding settlement of May delivery contracts tended to restrict new speculative buying, and the market showed a sagging tendency at times.

Wheat closed irregular, varying from 3-8c decline to 3-8c advance, compared with yesterday's finish.

Corn closed 3-4c toll-1c off to day and provisions showing 10c gain.

STOCK MARKET

New York, May 2.—(AP)—The stock market was swamped with another flood of selling today, paradoxical as such action may seem after a reduction in the New York Federal Reserve re-discount rate to a low level as it has ever reached, and President Hoover's encouraging report of nationwide progress in industrial and financial readjustment since the autumn crash. Powerful support appeared for pivotal shares by early afternoon, however, and substantial rallies appeared.

Selling was in large volume during the morning, the ticker falling considerably in arrears. Wall street is now inclined to the belief that important banking interest have been willing to see the recent speculative enthusiasm for stocks squelched by a good reaction, to prepare the bond market for an international-reparations loan, but if this is true, a reaction too severe would defeat their purpose. Successful flotation of the reparations loan would hold promise of helping to revive world-wide trade conditions.

While the lower re-discount rate is a favorable augury for business generally, so far as the long-range view is concerned, bankers point out that it is in a measure a reflection of the scant demand for commercial loans, which reflects slow business generally, and there is a feeling in some quarters that bidding on stocks on de-discount rate reductions, a traditional procedure in the past, amounts to putting the card before the horse. If it was the purpose of the Federal Reserve to lower its rate at a time when it would not inspire a new orgy of speculation, it appears to have chosen a proper time.

Will Not Defend Title
Chicago, May 2.—(AP)—Percy N. Collins of Chicago, will not defend his National Amateur 182 ball-line billiard championship against Edgar T. Appleby of New York, until next September. Appleby filed his challenge for a title match this month, but business affairs made it impossible for Collins to play before autumn.

Mistakes Fire-Box for Letter-Box
Goldsboro, N. C.—(AP)—An old negro man here wanted to mail some letters so he opened the door of a fire-box to deposit them. Four big trucks came rolling up. The negro still had his letters and a perplexed expression.

Three Injured In Automobile Wreck Near Salisbury

Salisbury, May 2.—(AP)—Three persons, a 20-year-old girl and two small boys, were injured in automobile accident in and near Salisbury late yesterday.

Johnny, 10-year-old son of Mr. and Mrs. Tom Ruffy, who live near here, were seriously hurt when he was knocked from his bicycle by an automobile, said to have been driven by Turner Fretwell, of Louisville, Ky.

Tom Foreman, Jr., six years old and his nurse, Bell Lane, 20-year-old white girl, were painfully injured when struck by the automobile of C. E. Hotinger, of White Rock, S. C., while they were crossing the street. Both were knocked unconscious, but are not seriously injured. Police said the accident was unavoidable.

The Ruffy boy suffered a broken leg and sustained a severe gash in his head. Fretwell will be held under bond pending developments in the boy's condition.

Yonkers Man Held In Baker Murder

Yonkers, N. Y., May 2.—(AP)—Detective Sergeant Carlton Talley, of the Washington, D. C., police, left here at noon today with George Kelly, 20, of this city, who is said to be wanted for questioning in connection with the murder of Mary Baker, navy department employe, on April 11.

Kelly was arrested here today and charged with the theft of clothing from a Washington rooming house. Kelly found some clothing of Miss Baker's in a manhole in Arlington County, Va., and turned the articles over to the police.

Police are said not to suspect Kelly of the actual murder but want to question him in the hope of obtaining information.

Police Get Wrong Man
Charlotte, May 2.—(AP)—A man held at Lancaster, S. C., thought to have been Walt Foster, sought by Charlotte police in connection with the hit and run death of Lillian Condon, 14-year-old Charlotte girl, has been identified as another man named Foster from North Wilkesboro, police here said today.

Charlotte police received information yesterday that Walt Foster had been arrested in Lancaster, but later it developed that he was not the man wanted.

Shriners Gather at Greensboro

Greensboro, May 2.—(AP) Scores of delegates were arriving here today from nearby cities and towns to attend the spring ceremonial of Birland Temple Dramatic Order of the Knights of Khorashan which is to open this afternoon.

BOARD OF ALDERMEN PASS NEW PARKING ORDINANCE FOR DICKINSON AVENUE

(Continued from page 1) for checking of frontage and further investigation.

George Gardner, chief of the fire department, reported attending a school for firemen at Wilmington, and said that good results were obtained. He said a complete report of activities would be forwarded to the aldermen by the school officials.

Alderman Bradsher asked the board to eliminate the tax on building and loan associations, saying that it was working a great hardship on the people building through these organizations. The board deferred the matter until the beginning of the next fiscal year.

SEVENTEEN PERSONS DIE IN SERIES OF TORNADOES AND STORMS IN MID-WEST

(Continued on page four) and Mrs. George Shirley. At Kickapoo, Kas., Lawrence, Kohn, 43, a farmer, was killed.

A farm home near Valley Falls, Kas., was blown away and five members of a family named Slocum which occupied the dwelling, were reported missing.

Scores of farm buildings were flattened in the two states by the series of tornadoes.

resident Hoover Asks Appropriation For Boulder Dam

Washington, May 2.—(AP)—President Hoover today requested Congress to make available immediately \$10,000,000 to begin construction of Boulder Dam.

The request was made in order to supply funds for the commencement of work on the main stream of the Colorado river at Black Canyon to create a storage reservoir and for a power plant and incidental structures suitable for the development of the project to produce electrical energy and to control the flood waters of that stream.

President Hoover Asks \$6,000,000 for Deficiencies

Washington, May 2.—(AP)—President Hoover called upon Congress today to make available quickly almost \$6,000,000 to cover deficiencies in government departments.

With this amount was included the first call for an appropriation for construction of Boulder dam. The sum asked was \$10,660,000.

Of the deficiency requested \$1,374,053 would go to the justice department.

More than \$1,000,000 was asked for construction at army posts to house federal prisoners. Of this Fort Bragg, North Carolina, would receive \$138,300; Camp Meade, Maryland \$74,700; and Camp Lee, Virginia, \$12,200.

For the agriculture department \$100,000 was requested to enable the secretary to put into effect the Buchanan Act to conduct investigations of cotton ginning. This bill was recently signed by President Hoover. The funds are to be used for the erection of an experimental ginning plant in a southern state and for the purchase of ginning equipment for experimental purposes.

Dogs to Run in Stadium
Chicago, May 2.—(AP)—The dogs will run in the Chicago stadium starting May 15.

Contracts for a 60-day indoor greyhound meeting have been signed, but the stadium, like other Chicago tracks, must operate under an injunction as the legality of the pastime has not been determined.

Children Escape Injury

Beaufort, N. C.—(AP)—A school bus load of children escaped injury when a Ford side-swiped the bus near Smyrna yesterday, turning it over and dumping several of the occupants in a canal by the side of the road.
