SENATE NOT TO PROBE PATRONAGE CHARGE AT PARKER'S HEARING

Statement By Senator Ashurst That Senator Dill Told Him He Had Been Offered a Federal Judgeship in Return for a Vote for Parker Arouses Senate to White Heat, But Proposal for Probe Is Voted Down

Washington, May 6.—(AP)—Aroused by story of Federal Judgeships offered in return for votes for John J. Parker for the Supreme Court, the Senate debated today whether to investigate, but decided against it.

In the midst of the argument a telegram from Judge Parker himself was read to the Senate. It said no such offer had been made with his knowledge or consent. Ashurst of Arizona told the story. He said Dill of Washington was the supposed recipient of the offer of a judgeship appointment, and that Dill had told him about it.

Dill replied that Ashurst misunderstood him. He had been approached by a personal friend, he said, who said a vote for Parker would help him to stand in with the administration. He added that a judgeship was mentioned, but his friend did not pretend to have any assurance from the White House and the whole thing was regarded by him as a joke.

Watson of Indiana, the Republican floor leader, proposed to lay the Parker nomination aside and investigate. He got no support from anyone, however, and withdrew his motion.

After a tense passage of charges and denial between Senators Ashurst of Arizona and Dill of Washington, administration leaders moved today to suspend consideration of the nomination of John J. Parker for the Supreme Court.

Majority Leader Watson asked that the nomination be laid aside while the Senate investigated Ashurst's statement that Dill had told him he had been offered a Federal judgeship in return for a vote for confirmation of Judge Parker.

Ashurst made his statement in the open Senate, and Dill immediately replied he had told Ashurst no such thing.

The Arizonaan said Senator Bratton of New Mexico also had heard Dill say it.

Then Watson moved that the Senate investigate. Ashurst replied that all the evidence he had already was before the Senate.

Further explaining Dill said a "personal friend" had come to him to plead that he vote for Parker. He did not take the suggestion seriously he said and the friend did not represent himself as having any assurance from the White House.

"I think the whole thing is ridiculous," said Dill.

Senator Norris, Republican, Neb., asked Dill to name the friend but he declined.

"He is a Republican and just thinks that everything Republican should be approved whether it is good, bad or indifferent," said Dill. Dill himself told the Senate that the Washington Senator then explained that he had told Ashurst that he was "impressed with the pressure being brought to bear on me". His friend had suggested to him, he continued, that he would be found "in favor of the administration" if he voted for Parker, and a judgeship was mentioned, but he did not consider it seriously. He would rather retire to private life, he said.

"I haven't even been tempted", Dill assured the Senate.

Use Can Opener To Enter Home

Asheville, N. C., May 6.—(AP)—Can openers are utilitarian articles. Nowadays they are used generally for opening cans. Sometimes they are used to open bottles. Some body has used one to open a window screen.

According to police reports, the home of Reed Kitchen here was entered in such a manner and following the entry jewelry and clothing approximating several hundred dollars in value were taken. The thieves left the can opener behind.

Government Begins Drive To Suppress The Sale Of All Liquor Paraphernalia

Movement Being Undertaken By Prohibition Bureau Under Decision by Supreme Court That Distribution of Such Equipment Is Illegal Under Dry Law

Washington, May 6.—(AP)—The government moved today to suppress all sale of paraphernalia for liquor manufacture.

The drive is being undertaken under the Supreme Court decision yesterday that distribution of such equipment was illegal under the Volstead law.

Prohibition Commissioner Doran announced the step, saying the action of the Supreme Court in upholding the seizure of bottles, casks, and corks in Pittsburgh, on the ground that they had been displayed to attract purchasers who intended to use them in manufacture of illicit liquor, gave the bureau an effective weapon to proceed against every large concern producing such articles.

After the big dealers are "wiped out", Doran said the bureau would "go down the line".

"Our first job is to proceed against the big supply houses of paraphernalia for commercial home brew and for aging moonshine liquor", Doran said.

"We will proceed against every person and concern where the conditions are similar to the Pittsburgh case which was upheld by the Supreme court yesterday.

Washington, May 6.—(AP)—The prohibition bureau may undertake a nation-wide drive against the vendors of paraphernalia used in connection with the traffic in illicit liquor.

Officials of the bureau today were engaged in a close study of the Supreme Court's decision declaring such equipment subject to seizure when offered for sale so as to attract purchasers who intend to utilize it in the unlawful manufacture of intoxicants.

Assistant Secretary Lowman of the treasury department, said he believed the court's decision presented the enforcement unit with effective weapons to be used in combating the bootlegger who manufactures his own wares. The bureau has refrained from interfering with those who make home brew for home consumption.

In announcing the contemplated drive, later yesterday, Lowman said the bureau had frequently sought to bring into the courts persons who sell beer making devices and malt products to which yeast may be added to produce intoxicants, but that such cases have been

TWO NEGROES ARE HELD IN ASSAULT CASE

Fingerprint Experts to Play Important Role in Crime Near Battleboro

Rocky Mount, May 6.—(AP)—Police, expected to know late today whether the negroes who murdered John Lee, aged negro, near Battleboro early Saturday morning and the two negroes who shot Frank Crickmore through the neck, dragged him from his car and later attacked his girl companion, Elizabeth Powell, later the same night, were the same.

Fingerprint experts who took specimens from the Crickmore reader the negroes abandoned near this city Sunday morning and from the safe the negroes rifled in Lee's home will announce the comparisons.

Two negroes were taken to Raleigh last night but police declined to announce their names, why they were taken there or give any information about them.

Officials reiterated today that the negroes they want, beyond any doubt are local men and that escape was impossible for them, but they refused to discuss the affair further.

Sheriff Barden said he felt that he either had the right negroes or negroes who could give him valuable information. He added that the negroes were not being held in Rocky Mount, Tarboro or Battleboro.

Officers are withholding information as the result of the armed crowds who have milled about police headquarters since the news of the crimes spread.

"It was announced today by Sheriff Barden and Chief Hedgespeth that laws against carrying firearms would be enforced. This order was issued after it was learned that young man had been forcing their way into negro homes in the city and searching form them.

TWO KILLED IN DISORDER THRU INDIA

Several Also Injured As Followers of the Nationalist Leaders Protest Arrest

Poona, Indian, May 6.—(AP)—A wide-spread disorder, with two persons killed and up to 100 wounded, is the answer of Mahatma Gandhi's followers to the British government's arrest of "The Holy One".

While the veteran Nationalist leader behind the barred window of his cell in Veroda prison, calmly and industriously spinning cotton on his miniature charka—emblem of the Nationalist movement—trouble occurred in many parts of the restless peninsula.

The most serious conflict today broke out at Delhi, where police fired on rioters and killed two of them after a riot act, prohibiting the assembly of more than five persons, had been proclaimed.

At Calcutta fifteen Nationalist were injured in a clash with the police when they attempted to interrupt railway service between Calcutta and Tekalorat. A mob estimated at 5,000 took part in the disturbance, many of them lying on the tracks to hold up trains.

Half of the textile mills of Bombay, which has two-thirds of the spindles in all India, closed as the result of a workless day proclaimed because of the arrest of Mahatma.

A sympathy strike at Jullundur resulted in the injury of at least 30 persons who fought with the police. Two of them were reported in serious condition.

HIGH COURT HEARS CASE OF STRIKERS

Appeal of Alfred Hoffman and Others Before the Supreme Court At Raleigh

Raleigh, May 6.—(AP)—The State Supreme court today heard arguments in the appeal of Alfred Hoffman and others from convictions on charges of rioting growing out of strike disorders at Marion last August.

The conviction of Hoffman, Lawrence Hogan, Dell Lewis, and Wes Fowler on charges of rioting was protested by the attorneys for the appellants on grounds that Judge G. Vernon Cowper erred in conduct of the case and that in the case of some of the defendants there was not a sufficiency of evidence.

The men were acquitted of charges of resisting arrest at the same time they were found guilty of rioting. Hogan, Fowler, and Lewis were each sentenced to serve six months on the county roads. Hoffman was given 30 days in the McDowell county jail and ordered to pay a fine of \$1,000.

The appellants' attorneys contended that evidence of Charlie Vickers, which was in the nature of a threat, was not competent under the statutes as the case at trial was a misdemeanor.

Contending that if the evidence of Vickers was not competent, there was not a sufficiency of evidence against Hoffman, and also that there was not a sufficiency of evidence against others of the defendants, especially Hogan, the appellants' attorneys asked for a new trial for each of the four defendants.

The court took up civil appeals from the 17th and 18th districts after concluding the Hoffman case.

A. Hall Johnston, of the appellants' counsel, presented the defendants' appeal in the Hoffman case and its exceptions, on the failure of the judge to specifically answer a question from a juror:

"If there had been no riot down at Clinchfield until the officers got there, that is the sheriff and his deputies, and then when the trouble broke out, whether that will be called a riot or not?"

Mr. Hall contended that the defendants throughout claimed that the sheriff and his deputies started the riot, while the strikers were in lawful, peaceful assembly, and that the judge should have answered the question "no" instead of in abstract legal definitions. Declaring the jury was "with the defendants" when it cleared them of charges of resisting arrest, Mr. Hall said a definite answer, basis for which he asserted was in the record, would have cleared the defendants.

Frank Nash, assistant attorney general, presented the case for the state. He took up the evidence, which he declared showed that even though the meeting of strikers was first peaceful and lawful it developed into an unlawful assembly and riot, and discussed the record in the case.

County Tax Payers Urge County Commissioners To Practice Strict Economy

Tax Situation Discussed From Many Angles At Mass Meeting Here Yesterday; Resolutions Seek Reduction In County Expenses Wherever Practical

A mass meeting for discussion of the tax situation was held in the courthouse yesterday was attended by a large number of citizens who took part in the discussions and resolutions seeking strictest economy in county expenditures and state tax reforms, which would bring about relief to the overburdened land owners, were adopted.

The meeting was called to order by Judge F. M. Wooten and Dr. R. L. Carr was elected permanent chairman of the meeting. After brief remarks by Dr. Carr, regarding the purpose of the meeting, he called on Judge Wooten to explain in detail the purpose and object of the meeting, after which it was thrown open for general discussion of the tax matter.

Judge Wooten, in leading the discussion, dealt mostly with the expenses of the county, the influences being brought to bear upon the commission by various groups and various departments for large budgets and the failure of the people of the county as a whole voicing their protests to the commission. In this way, he explained, the commissioners hear only one side of the question and naturally the budgets are adopted accordingly. As a means of full representation before the commissioners, he offered a resolution providing for the appointment of five men from each of the thirteen townships in the county to compose a tax commission which will act as an advisory committee to the county commissioners in the fixing of the expenses and the adoption of the budgets of the various departments of the county. After brief discussion of the resolutions, same was adopted.

Taking part in the general discussion, J. C. Galloway spoke on the tax situation, and he said that while we want all the tax relief possible, that the same must not come about through demoralization of the progress and efficiency of the county, and presented the following resolutions which were adopted:

Whereas due to reason beyond the control of any one, we have and are facing financial depression, and realizing that we should practice strict economy in the management of the county affairs:

And whereas, we realize our Board of County Commissioners, composed of loyal and able men in whom we have confidence, have been carrying on the affairs of the county with splendid judgment and discretion under such conditions, we feel that our board should practice strict economy and wherever practical reduce the cost of administration of the affairs of said county.

Now, therefore be it resolved, that we believe everything practical should be done to secure tax relief, and do request that our Board use every reasonable means to reduce the expenditure of the county and yet maintain an efficient organization.

That realizing the greater part of tax relief would have to come from State aid, and therefore we urge that our members of the next Legislature put forth every effort to secure such aid.

Mark Smith, of Beaver Dam township, discussed the tax situation from the standpoint of valuation. While it is not the desire to cut down the progress of the county, all must realize that land was bearing more than its just portion of the tax burden, and he urged a reevaluation of land at its true money value and steps that would place every kind of property on the tax books at its true value in order that the tax burden might (Continued on page four)

AMRIES STILL BATTLE WITH FIRE IN EAST

Brush and Grass Fires Continue to Defy Efforts of Firefighters; Loss Heavy

New York, May 6.—(AP)—Brush and grass fires which have beset scores of communities in the eastern states, burning over thousands of acres and destroying property valued in millions, continued today to offer stubborn resistance to the armies of firefighters.

An extended dry period in which rainfall has been 50 to 75 percent below normal, converting dead grass and underbrush into tinder was blamed by foresters and conservation officials for the prevalence of the fires.

While many other communities were combating blazes, Nashua, N. H., was caring for 1,500 of its citizens made homeless by the fire which swept a section of the city Sunday.

The greatest brush fire menace appeared in southern New Jersey today although fires still were burning in several New England states, New York and Pennsylvania. A forest fire near Poland, W. Va., which for a time threatened to ignite oil storage tanks and wells was quenched by rain.

In New Jersey wher thousands of firmen, soldiers and Marines and private citizens have fought flames since Sunday, state fire wardens said 109 buildings have been destroyed and 62,000 acres of woods and farm land burned over.

With Public Buildings and Homes Destroyed, Entire Population of Pegu Homeless Following One of the Greatest Catastrophes in History; Tidal Wave Takes Toll of Life Following Earthquake

Rangoon, Burma, May 6.—(AP)—The Exchange Telegraph agency said today that the entire town of Pegu had been wiped out by an earthquake and subsequent tidal wave, with the number of dead estimated at 1,000.

The municipal building, the banks and the government school at Pegu were virtually in ruins and many other buildings were badly damaged.

The market was burned out and the whole town presents a spectacle of ruin.

The roof of the famous Shwe-Maw-Daw Pagoda, an ancient structure 324 feet high, was damaged. Police (commissioner's) office and the secretariat were badly damaged and had to be closed.

The town of Pegu is about 40 miles northeast of Rangoon on the Rangoon river. It is an important port and much of Burma's exports pass through it. The place was as one of the most important ports of British India. In 1881 it had a population of 18,700.

The division of Pegu comprises the Districts of Rangoon, Town, Hanthawaddy, Insein, Dharrapada, Pegu and Tromé. The division has an area of 13,707 square miles and in 1921 had a population of 2,930,000.

The town of Pegu was described by travelers in the 18th century as a place of great size and magnificence. It is still surrounded by traces of the old walls.

In Pegu is the Shwe-Daw Pagoda, 324 feet high, which is regarded as even more holy than the Shwe-Dagon Pagoda at Rangoon.

Two Men Arrested for Hiway Robbery

High Point, May 6.—(AP)—Jim Allen and Ray Gurley have been arrested here charged with hiway robbery following a story told by police by Wiley Spencer, taxi cab operator, who says the two took him over several weeks ago and relieved him of all his money.

Spencer said he was taken to a sparsely settled section of the county and there the two men intimidated the money they were confiscating was for an association which collected money for the protection of one of its members in court. The change of money came just after Gurley's house had been ransacked by police and who found whiskey there.

Allen has given bond but Gurley is still in jail. Their case will come up for trial this week.

Seeks Naval Parity With Great Britain

Washington, May 6.—(AP)—Charmian Britten of the House naval committee announced today that she would introduce a bill for naval warcraft costing \$1,000,000,000, which he said would be "necessary to bring the American navy to parity with Great Britain in the next ten years."

Britten conferred with Secretary Adams today on navy needs under the London Naval treaty.

Returning to the capitol, the Illinois representative said he had obtained confidential figures which showed that new construction requirements for the next ten years would call for 73,500 tons in 6 inch gun cruisers, 150,000 tons in new destroyers, 52,700 tons in submarines and 69,000 tons in aircraft carriers.

ABOUT TOWN

Now that the question of improving the roads from Bruce to the Edgecombe County line and from Bruce through Falkland to Fountain, it is to be hoped the County Highway Commission will give it the consideration which it deserves. These strips of road are almost impassable at times, and consequently the people of those districts go to do the most of their buying in the section the most easily reached.

The territories in the north long ago have realized the advisability of opening up the routes to these communities and consequently are drawing thousands of dollars in business that would come to this section if our own roads were improved.

The two roads from the connecting link between Greenville and the north and west, and it is of the utmost importance that something could be done about making them passable. It would mean additional business for the merchants by reducing the distance between Greenville and northern and western communities.

The people of this section are stirred up over the tax situation at this time and it is possible that that out of the controversy there will come some definite action whereby there will be a reduction that will bring desired relief to the hundreds of landowners of the community.

The owners of land has been bearing the brunt of taxation ever since the beginning of the country, and the time at last has come for some relief.

There are numerous ways pointed out in this direction and it may be some of them will be definitely shaped to accomplish some thing really noteworthy in the near future.

Nothing great or good has ever been accomplished without the people becoming thoroughly aroused and demanding their rights. This period has come in the fight on taxation in Pitt County and it may be said without fear of contradiction that something good will be the outcome of the effort.

It is the consensus of opinion that surrounding counties will be interested in the proposed organization of an amateur baseball league in this section and inquiries have already begun to reach the promoters here. However, nothing of any definite nature has yet been accomplished.

That the public would be interested in the organization of such a league cannot be doubted. Every day somebody asks what progress has been made and he really appears crestfallen when told that no definite progress has been made.

It is to be hoped that the promoters here will continue digging away—testing out sentiment—until they have been assured that we are to have baseball or that we are not to have it. It is a problem in which hundreds are interested and which would receive the patronage of numbers of fans in the various towns should organization be perfected.

Persons in other towns interested in the proposal should get in touch with G. V. Smith or T. T. Hollingsworth. They are the men behind the movement, and they will be glad to communicate with any town showing the slightest inclination of becoming a league member.

Greenville people for the first time had the opportunity of voting under the new Australian ballot law in the election to select five aldermen here yesterday, but only a very few actually took advantage of it.

The booth, a steel-framed, canvas-covered affair, was placed on the count house portico for the use of anybody desiring to vote in privacy, but if any tried it they were few and far between. The reason, however, for this disinclination to try out the booth undoubtedly came about through the lack of contest in the election and the smallness of the crowd gathered at the polls. Had there been the usual contest and crowds the booth would have Phil Verdi, Cleveland, 8.

been constantly in use, and the new law would have been tried out in real style. Many of these booths have been constructed by the county to be used in future elections, and they will come in for use for the first time all over the county in the June elections. At this time everybody will get a chance of entering the booths and voting in privacy, and the plan will actually be given a thorough trial in Pitt County.

PUBLIC FORUM

OUR READERS ARE INVITED TO USE THIS COLUMN FOR DISCUSSING PROBLEMS OF INTEREST TO THIS COMMUNITY. IN ALL CASES NAMES MUST ACCOMPANY ANY COMMUNICATION.

Please Make Your Discussion As Short As Possible.

Brother-Citizens and real estate tax payers of Pitt County, I was encouraged to see the splendid representation of taxpayers at Greenville Monday. I feel that we are indebted to Judge Wooten for the splendid work he has done. I regret that because of differences of opinion our time and attention was diverted from our main objective. I respect every person in honest opinion. I admire Judge Wooten for his frankness. But what hurt was this to find that we had present in our meeting a group of persons not in sympathy with the burdens of the tax payers. That placed a damper on the progress of our work.

Let's follow up the suggestion and motion of Judge Wooten and representatives of each township go before the County Commissioners. Citizens of Pitt County, it behooves each of you to support this movement. Every citizen in Pitt County is directly or indirectly dependent upon agriculture. If we continue to discriminate against agriculture, farming will continue to become less profitable and attractive. When agriculture goes in Pitt county, Pitt county will go. There is worlds of space to live and produce all necessities of life elsewhere.

If our Representatives and Senators have fixed a valuation on real estate which can only be equalized they have paved the way for our doom.

We must demand a law that will give us an assessment of real estate at its money value.

In the June primary we must vote for men that will give us relief.

Dear Editor: Will you please publish the information we desire: As the law now stands does it specify that real estate shall be equalized to maintain its present value or be assessed at its true money value?

And oblige, MARK H. SMITH.

ATHLETICS AGAIN LEAD IN AMERICAN

Connie Mack's Philadelphia A's have overcome the spotty play that marked their early-season efforts and vaulted back into the lead in the American League race. Al Simmons' fifth homer of the season enabled the A's to register their fifth successive victory at the expense of the St. Louis Browns yesterday, 4 to 3 in 12 innings. It was the sheer power rather than the continuity of the champion's batting that beat the Browns. Victims of a vicious batting attack at Boston, the Cleveland Indians fell back into a tie with the Athletics for the league lead. Four Indian pitchers were pounded for 25 hits as the Red Sox won, 18 to 3, and snapped Cleveland's winning streak of six straight.

The Washington Senators suffered their third straight defeat, losing to Detroit 3 to 1, in a tight pitcher's battle between Lloyd Brown and Lefty Hoegset. Both went out in the eighth inning with the Tigers leading 3-1 and there the score remained. Vernon Gomez, Pacific Coast recruit, gave up only five hits as the New York Yankees won their third straight game from the Chicago White Sox, 4 to 1. Jimmie Kamm's home run in the second inning accounted for the White Sox's only run. Red Faber shut out the Yanks for six innings but they fell on him for three runs in the seventh. Lazzeri hit for the circuit off Caraway in the eighth.

In the National League, the New York Giants went back into first place with a 9 to 1 triumph over the Pittsburgh Pirates. Bill Walker was the whole show for the winners. He gave up only six hits, one homer by George Grantham, and hit for the circuit with the bases filled in the fourth inning.

Cincinnati pounded Grimes for six runs in the first five innings and easily beat the Boston Braves, 10 to 6. After tallying once in the third inning, the Reds fell on Grimes for five runs in the fifth. Boston came back with five off Red Lucas in the first half of the sixth but the Reds put the game on ice in their half with four runs off Brandt. Horace Ford had a great day at bat with three doubles and a triple.

An Appreciation of An Efficient Jurist

R. A. Nunn—Four Square Judge—Fair, Impartial, Trustworthy, Courteous.

It may be due to the fact that Superior Court Judge R. A. Nunn received his early training in a newspaper office that has given him a great reputation for intellect and fair decisions all over the State—but we rather suspect he was born and reared that way—bar associations in several cities where Judge "Tom" Nunn has held court have lauded his just decisions, praised his intelligent leadership of his court—and always somewhere in those resolutions or a editorial mention of the Judge has appeared word of his unfailing courtesy on or off the bench—all those who come in contact with him like Rom Nunn—he has that happy faculty of being "just plain folks"—it's not born in him to pose or be pretentious—we, his neighbors here in New Bern love him for his years of unremitting unselfish civic labors, his ever ready, kindly wit—and now that he's a candidate again for Judge of Superior Court he'll undoubtedly emerge from the primary in this city and county with the largest majority a man was ever given—simply because we recognize him as just—and a four-square man.—The Times, 25 April, 1930.

Judge Nunn was appointed by the Governor and then nominated and elected by the Democratic party to fill the unexpired term of the late Judge Horton. In the Democratic primary next June he will be a candidate for renomination as Judge for a full term in the office. (Political Advertisement)

Mother's Love
Of all the special days which may bring to us the dearest is, without any question, Mother's Day.

There are many things in this good old world
That changes as the seasons go;
The girls pass on from their babyhood.
The laddies to manhood grow.
The play things that once were so very dear
Are scattered and torn apart.
But the thing that can never, never change
Is the love of a mother's heart.

As long as she lives she will love and cling,
To the one who is her own child,
She loves all the time, be he noble and fine
Or sinfully reckless and wild.
She wants him near, and she holds him dear,
Let the world condemn if it will
Be it glory or shame, be it praise or blame,
A mother will love him still.

'Tis a gift of God, this mother-love,
Not something bestowed by man.
As a Robin wings, to her nest and springs
To the food, just the best she can
See a mother slaves, and a mother craves
To the uttermost, bitter end
O! What is greater than mother-love
Or harder to comprehend?
MRS. LUTHER JOYNER.

Attributes Victory To Flying Tackle
Los Angeles, May 6.—(AP)—Gus "Dynamic" Sonnenberg, former college football player, today attributed another wrestling victory to his application of flying tackles learned on the gridiron.

Sonnenberg, who claims the world heavyweight wrestling championship, defeated Everett Marshall of La Junta, Colo., two out of three falls before 17,580 fans at Wrightly field here last night.

Marshall's side-stepping and straight-arming proved a good defense, and he won the first fall in 21 minutes and 38 seconds with an airplane spin.

After wrestling for 11 minutes and 55 seconds, Sonnenberg caught Marshall with a flying tackle and took the second fall. Within one minute and 22 seconds Sonnenberg's flying tackle had Marshall on the floor for the third and winning tumble.

Thousands of Fish Put in Pitt Streams
It was said today that 14,000 small fish had been dumped into the streams of Pitt county during the last several days as a part of the State program of replenishing the rapidly diminishing supply of fish in the streams of North Carolina.

The fish were shipped from the hatchery at Edenton and were placed in Tar river and the various creeks of the county.

Doubt Identity of Man Killed On Road Near Hickory
Hickory, May 6.—(AP)—That T. H. Brown found Monday on highway 10 near here with his skull crushed may not be T. H. Brown is indicated by a letter just received by police here from H. Eggleton of Charleston, W. Va.

Eggleton states the family is in financial straits and could not come here to identify the body and further says that Mrs. Ruth Eggleton, reported by the Adjutant General of the United States to be the mother of Brown, has no son by that name.

The letter says the son, who has not been heard from in years, was named Thomas Howard Eggleton and that, following his being gassed in the war, had sometimes assumed the name of Thomas Howard Brown.

J. B. KITTRELL LEADS U. S. AS T. P. A. WRITER

Local Man Declared "Champion Membership Writer" By National Secretary

J. B. Kittrell, of Greenville, who wrote 260 applications for membership in the North Carolina Division of the T. P. A. for the fiscal year ending May 1, has been officially proclaimed "champion writer of the United States" by the national headquarters of the organization at St. Louis, according to announcement made by R. P. Rawley, secretary of the state organization, following receipt of a telegram from T. S. Logan, national secretary.

The national secretary also notified Mr. Rawley that North Carolina had won for the fourth time in succession the net-gain in membership contest, leading all other states in the country with a net gain of 1,572, thus carrying the State membership to 9,267. These are the highest figures this State has ever reached, according to the records in the office of Secretary Rawley. Pennsylvania is the second highest state with a net gain of 687.

These figures will be announced at the annual State convention which will be in session at Charlotte on Thursday, Friday and Saturday of this week. J. P. Johnson, of North Wilkesboro, is slated to succeed Jack Callaway, of Henderson as president of the North Carolina Division while State Secretary R. P. Rawley will be re-elected for another term.

A delegation consisting of ten members of the Greenville Post, headed by President J. B. Kittrell, will attend the convention. At this meeting "Century Writers" will be selected to attend the national convention at New Orleans in June.

Mr. Kittrell has been active in the work of the local post since its organization here several years ago. He has taken a prominent place as a membership writer for sometime, and his distinction as the leading writer of the county has been received with interest here. He is president of the Greenville Post, is member of the state board of directors, chairman of the district membership in Eastern Carolina.

SMALL VOTE IS RECORDED IN CITY ELECTION

Total of 86 Votes Cast for Five Aldermen in Greenville Yesterday

Voting for the first time under the Australian ballot law, Greenville people went to the polls yesterday and cast their vote for five aldermen. The election was purely a perfunctory process by reason of the fact that there was no competition in either of the wards, and the candidates had clear sailing for the day.

The election unquestionably was one of the mildest affairs staged in this city in years, and only a total of 86 votes was cast for the five candidates. The largest vote, 23, was received by J. L. Hassell in the Second ward with A. E. Hobbgood running a close second in the Fifth ward with 22 votes. W. H. Norris, in the Fourth ward, and J. E. Collins, in the Third ward, received 15 votes each. John Ivory Smith, of the First ward, received 11 votes.

The vote was not at all representative of the voting strength of the city, which normally is around two thousand mark, and is indicative of the interest manifested in the election. Had there been contest as in past years, it is generally conceded that the vote would have shown a decided increase over past years owing to the gradual growth of the city during the last several months.

One of the booths provided under the Australian ballot legislation was placed on the portico at the Third street entrance to the court house when the polls opened yesterday morning, but it attracted only minor attention as the votes trickled in at the office of the registrar of deeds where the poll holders were stationed. The booth—steel-famed and canvas-covered on the sides was of the same type that will be used in the county-wide election to be held next June. The county has purchased enough for every precinct of the county, and voters who want to do their voting in privacy will be afforded that.

Notice is hereby given that the annual meeting of the share holders of the Home Building & Loan Association of Greenville, North Carolina, will be held at the City Hall on Thursday evening, May 6th, 1930 at 8:00 o'clock.

opportunity when the polls are thrown open again.

The election yesterday resulted in three new aldermen taking their places on the board for the next two years due to the withdrawal of force of the incumbents. Those who failed to run were W. H. Bradsher, Ed Harvey and J. Key Brown. Their places were taken by J. L. Hassell, W. H. Norris and J. E. Collins.

Offices of Three Senators Robbed

Washington, May 6.—(AP)—Investigation and conjecture today followed the disclosure that the offices of three Senators had been entered and rifled and a few small articles stolen.

The offices were those of Senators McKellar and Brock of Tennessee, and Smoot, of Utah. The loot reported consisted of four pens and a desk pad, although McKellar also said his desks, files and papers had been ransacked.

He told the incident in the Senate late yesterday, saying it occurred Saturday night and blaming "secret service agents" as the probable marauders.

McKellar recently brought to the attention of the Senate a letter from Assistant Secretary Dixon of the Interior department to one of President Hoover's secretaries, urging the appointment of Judge John J. Parker, a North Carolina Republican, to the Supreme court as a "master political stroke." The Par-

ker nomination has since become the subject of a heated Senate controversy, which is now in progress.

W. H. Moran, chief of the secret service, denied the Senator's assertion, regarding his agents, saying that the "secret service is not interested in anybody's office and has not and does not do such things.

Bankers Are Not Alarmed At Crash On Stock Market

New York, May 6.—(AP)—Bankers, who last fall organized to go to the aid of the stock market, protested today to see no cause for alarm in the situation which brought a record turnover of 5,279,269 shares for the year and set 200 new lows for the same period.

They pointed out that where the market was demoralized to the verge of a breakdown last fall, trading yesterday was orderly, although the volume of business was the fifth largest in the history of the exchange and the busiest since last October 30 when 10,737,320 shares changed hands.

The heavy selling came when a strong opening and a last hour rally which carried many issues back to substantial gains.

Speakers for the bankers said the behavior of the market yesterday was regarded as largely professional with comparatively little participation by the public. They said there had been no thought of rearranging the bankers' group of last fall.

A flood of liquidating orders from the west and a drive by bearish professionals were the chief factors in the midday slump which saw prices of leading issues drop a point over several weeks ago and relieved investment buying coupled with short coverage in the last half hour of the session accounted for the rally, operators said.

Defer Exhumation Of Woman's Body

Snow Hill, N. C., May 6.—(AP)—Exhumation of Mrs. George Gay's body to determine whether, as officers suspect, poison caused her death a week ago was postponed today until tomorrow.

Dr. W. W. Murphy, of Snow Hill, who will perform the autopsy, was called from the city today and the exhumation consequently was postponed. When Mrs. Gay's body is removed from its grave, Dr. Murphy will send the stomach to a state chemist in Raleigh for examination.

Sheriff E. A. Rasberry said today there were no developments in the case. George Gay, 24-year-old widower of the woman, is held in jail without bond pending investigation of her death.

Sheriff Rasberry said he had learned Gay purchased poison a short while before Mrs. Gay's death under what the sheriff termed "unusual circumstances."

Believes Rock Part of Meteor

Leafsville, May 6.—(AP)—J. F. Lewis here has a piece of rock of some other formation he picked up in front of his house. He believes the substance to be a fragment of the meteor which passed over this section Saturday night.

The rock is about the size and shape of a cocoanut. It was broken in three or four pieces and the inside showed a white crystalline substance. The outside is of a dark brown color.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, May 6.—(AP)—Cotton opened steady, and unchanged to 8 points up, today on the fairly steady showing of Liverpool and a renewal of the covering movement which was in evidence during yesterday's late trading.

Additional May notices, estimated at about 13,400 bales, were reported but leading trade interests were buyers of May against sales of July at a difference of about 12 points and the near month offerings were readily absorbed, with May selling up to 16.41 during the early trading, or 7 points net, higher.

The advance met some realizing and scattered selling, but the market was steady at the end of the first half hour with the new October contract selling at 14.34 and with the general list showing net gains of about 4 to 12 points. Liverpool cables said here had been Continental buying and calling supplied by realizing in that market.

GRAIN MARKET

Chicago, May 6.—(AP)—Improved export demand for wheat, together with renewed strength of the securities market, led to sharp upturns in wheat prices today. It was estimated in some quarters that Europe had purchased 1,000,000 bushels of wheat today from Canada and the United States.

Wheat closed unsettled 15.8-23 1-4c higher than yesterday's finish. Corn closed 5-8-13-8c up, oats 3-8-1c advanced, and provisions unchanged to 12c down.

STOCK MARKET

New York, May 6.—(AP)—The stock market today showed fairly pronounced signs of recovery after the recent attack of financial convulsions. They were inclined to take a conservative view, however, indicating that intermediate setbacks would not be unusual.

Stocks began the day with a further outburst of strength, as the short covering movement which caused the violent upswing late yesterday was completed. Advances of 2 to 3 points were common, with a few erratic issues making wider gains. The market soon turned wishy-washy. The market turned dull around midday.

Bullish operations in the utilities were resumed, and practically the entire market showed a strong upward trend during the early afternoon. Trading soon turned dull on the rally, however.

Credit conditions remained favorable, with call loans renewing at 3-1/2 percent and the rate later dropping to 3.

The forward movement in the utilities carried such issues as American Power and Light, North American, American Water Works, Western Union, Standard Gas and American Telephone up nearly 10 points.

Among the more volatile shares, J. I. Case surged up more than 20 points, getting above 310, as compared to a low yesterday of 276.

Hopewell Shows Large Increase Of Population

Washington, May 6.—(AP)—The honor of having the largest percentage of increase in population in the last ten years has shifted from an Ohio to a Virginia town. Michigan took the honors in 1920.

Announcement of the population of Hopewell, Va., the town which sprung up during the war as a munitions manufacturing center, placed its increase at 710.7 per cent with a total of 11,325 inhabitants as compared with 1,397 in 1920.

Prior to Hopewell's announcement, Garfield Heights, Ohio, was holding the increase lead with 510.7 percent and a population of 15,575.

Inglewood, Calif., was next with 466.6 per cent and a population of 19,605.

N. C. Legion Ranks Third
 Goldsboro, May 5.—(AP)—North Carolina Department of the American Legion ranks third as National headquarters citation of March 31, State Adjutant J. M. Caldwell announced today.

The department had secured 13,413 members to that date against the national quota for the state of 11,462 making a standing of 113.27 percent. An award of \$50 was given the department with the right to name the third presenter at the Legion ball to be held in Boston soon.

ELECTION OF OFFICERS TO END DENTAL MEETING
 Asheville, May 6.—(AP)—Election of officers tonight will bring to a close the 56th annual convention of the North Carolina dental society here.

Preceding the election will be the annual banquet.

There will be no afternoon session.

The convention opened last night with the address of Dr. John S. Wheeler, of Greensboro, retiring president.

REPLYING TO JUDGE WOOTEN'S DENUNCIATION OF THE HOME AND FARM DEMONSTRATION CLUBS FOR THEIR EFFORTS IN BEHALF OF THE CONTINUATION OF THEIR DEPARTMENT, MRS. O. H. JACKSON SPOKE BRIEFLY ON THE ACCOMPLISHMENTS THROUGHOUT THE COUNTY ALONG THE LINE OF HOME CLUB WORK.

Several others present made brief talks along different lines of county expense as well as efforts toward tax reforms on the part of the next Legislature that would bring about more just and equitable system of taxation.

Prior to adjournment, Mayor J. C. Lanier offered a resolution expressing thanks to the Board of County Commissioners for their labors in behalf of the people of their county and expressing confidence that these commissioners will cut expenses as far as possible, consistent with sound economy and efficiency in administration.

NOTICE OF ELECTION.

The Private Laws of the General Assembly of North Carolina, session 1921, as amended by session 1925, require that an election for the selection of five members of the Board of Aldermen, one from each ward of the Town of Greenville, shall be held on the first Monday, the 5th day of May, 1930; that the books for registration of voters who are not already registered for Municipal Elections or who have transferred from one ward to another, since the last election, shall be kept open for twenty days, exclusive of Sundays, preceding the first Monday in May, and that all candidates for Aldermen shall register their candidacy with the City Clerk at least five days prior to the first Monday in May, and shall deposit the sum of \$1.00; that there shall be only one voting place; to-wit: The County Court House, and that persons registering to vote shall be registered according to wards in which they reside, and that all tickets to be voted shall contain the names of all properly registered candidates which shall be supplied by the Clerk of the Town of Greenville; that all persons residing within the Town of Greenville will be allowed to register and vote, if eligible under the State Laws governing the qualifications of voters in General Elections, said qualifications being one year's residence within the State, four months within the Town.

At the regular meeting of the Board of Aldermen held on the 6th day of March, 1930, the foregoing notice of election was ordered published, and Mr. Chas. F. Manning was appointed Registrar to open the books for registration on the 11th day of April, and to keep open said books for a period of twenty days exclusive of Sundays, at various places in the Town of Greenville most convenient for registration of those citizens not already registered who desire to register and vote in said election.

This first day of April, 1930.
 J. E. Gaskins, City Clerk.

criminals was most unfair, and voiced his protest against the depression of such sentiments. He likewise praised the demonstration work that is being carried on in this county, declared it to be most valuable to the people of the rural districts, and urged that there be no effort to cut down these activities.

C. T. Mumford in a brief talk stated that under the present system we are sitting and heading toward the loss of our homes for what of a just tax system and reduction in expenses throughout every department. He referred to the police department of this city which he believed was costing several times the amount it should cost to carry on the work. He urged as the best means of tax relief a thorough investigation of every department of the administration, fewer employees, and less salary.

C. W. Hearne spoke on the burdens of the tax payer and how these excessive burdens were a hindrance to home ownership there-by decreasing the value of real estate throughout the county. He stated that it was not his desire to cut down the progress and efficiency of the county, but expressed belief that there could be some tax relief without cutting down the efficiency. He likewise referred to the present system of assessment and appraisal of land values in which the property owner has no voice, and he urged that the Legislature be requested to enact a plan of assessment based on the earning power of the property with every concession possible to the home and farm owner. He likewise referred to the present system whereby court fines, etc., go to the school fund instead of the general fund. He urged a change in the constitution which would place this money in the general fund and compel the schools to remain within their fixed budgets without the excess funds from the courts. In this way, he declared, the courts would be self-sustaining as should be every other department of government.

15% Reduction on all Electrolux Gas Refrigerators During May and June

Why can't ELECTROLUX

grow noisy with age?

IT'S natural for you to expect certain things in an automatic refrigerator. Absolute noiselessness is one of them. You get it with Electrolux because it has no machinery... no moving parts. A tiny gas flame and a trickle of water do all the work.

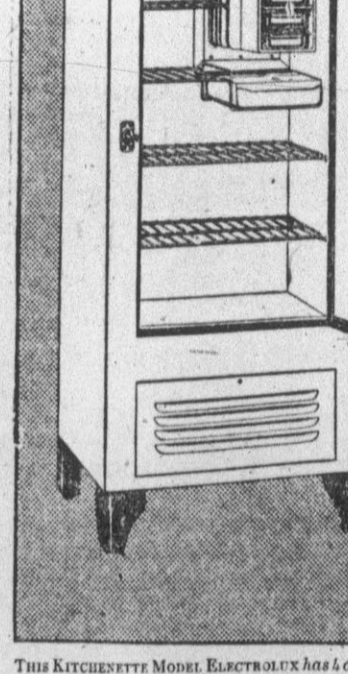

Hence, Electrolux is silent when you buy it... silent after you've used it for years. Without a whisper of sound, Electrolux supplies you with plenty of pure sparkling ice cubes and constant refrigerating cold that freezes desserts quickly, chills salads and drinks perfectly and keeps food fresh and wholesome for days and days. And, best of all, at a cost that is less than the wholesale price of ice.

You owe it to yourself—to your family—to see Electrolux before you buy an automatic refrigerator. Come in and inspect our special display... and be sure to ask about easy terms.

Costs 4¢ to 10¢ a day
 Electrolux operates not only noiselessly but also inexpensively. All the ice you can use costs only 4¢ to 10¢ a day.
