## TWO CONVICTS ARE KILLED AT THE OHIO PEN

### Prisoners Killed By Accidental Discharge of Machine Gun

Columbus, Ohio, May 8.—(AP)—Two sleeping Ohio penitentiary convicts were accidentally killed by machine gun bullets today. A weapon, found in the prison yard after last night's stockade fire, was inadvertently discharged by Ohio National Guardsmen.

The victims were asleep in the E and F dormitory and the bullets passed through a barred window, striking both men in the head. They died almost instantly.

The dead were believed to be James Ross, 40, Cuyahoga county, and Albert Freeman, Negro, of the same county. Ross, admitted to the penitentiary in 1925, was serving ten to 15 years for burglary and larceny. Freeman, admitted the same year, was serving ten to 20 years for manslaughter.

Identification was not certain, however, guardsmen pointed out that all numbers in the prison had been confused since the disastrous Easter Monday fire when 320 convicts, locked in their cells, were killed by fire and smoke.

A third convict was wounded. A bullet crashed into the side of Ernest Warren, Cuyahoga county, also a resident of the dormitory. He was serving two to 20 years for cutting to wound. Warren, will recover, prison hospital doctors said.

Colonel Robert S. Haubrich, ranking guard officer at the prison, reported that the shooting occurred about 6 a. m. He said that following last night's fire in the stockade, when about 400 unruly prisoners fired 88 tents inside the barbed wire enclosure, machine guns were mounted in the prison yard to prevent any break for liberty.

Colonel Haubrich designated Captain James Collier, Ironton, to make an official investigation of the shooting. He said the guard regretted the shooting very much but that such accidents "cannot be helped."

The 88 tents destroyed by fire, and erected to house the inmates after they had damaged their cell blocks, will not be replaced, Col. Haubrich said today. The convicts housed in the stockade, will sleep in the open for the time being.

Two hundred prisoners, who have refused to work since the fatal fire, and now confined in the "white city" cell house, in solitary confinement, on a bread and water diet.

## Says Modern Youth Does Not Compare With Grandfather

Washington, May 8.—(AP)—In point of maturity and responsibility says Dr. S. M. Gruenberg, of Columbia University, the modern youth does not compare favorably with his grandfather when the latter was young.

Addressing the International Congress on Mental Hygiene, Dr. Gruenberg today said that the youth of today is "appallingly unaware of alternatives" and "almost totally innocent in the making of choices."

## Kidnapped Man Given Release

St. Louis, May 8.—(AP)—Jacob Godlove, 62, wealthy North St. Louis merchant who was kidnapped Monday night and held for \$30,000 ransom for fifty hours has been freed by his captors. No ransom was paid, his relatives said, in announcing Godlove's release.

## Duke Gets Carillon

Durham, May 7.—(AP)—Announcement has been made here by W. F. New, president of Duke University, of a gift of \$70,000 to the university by George C. Allen and William R. Perkins, of New York. The sum will be used for installation of a carillon in the tower of the university chapel now under construction.

## Doleful England

London.—Doleful England is taking the place of merrie England, in the opinion of Mrs. Stanley Baldwin. Such was the keynote of a speech to conservative women urging higher tariffs.

## Fire Threatens To Wreck Oil Refineries In N. J. After Tanker Explosion

### Flying Governor

Gov. Fred A. Green of Michigan, an ardent supporter of air travel, is seen here in flight from Detroit to fishing grounds in northern Michigan.

## Docks of Gulf Refining Company at Bayonne, N. Y., Destroyed and Plants of Tidewater and Standard Oil Companies Are Threatened By Flames

Bayonne, N. J., May 8.—(AP)—Fire started by the explosion of a 10,000 gallon oil tanker, today roared through the yards of the Gulf Refining company at Constable Hook, threatening the destruction of that plant and the adjacent yards of the Tidewater Oil company and the Standard Oil company.

Three men were injured, one seriously. Officials said all other employees were accounted for.

Shortly after noon two tanks containing between 80,000 and 100,000 barrels of gasoline and five tanks of lesser capacity had exploded, along with a number of tank cars containing fuel oil.

Two hours earlier, the tanker Schurichia, a harbor craft used as a gasoline supply boat, went up in a roar of flame. Gunner Frieden and Carl Nospel, members of the crew, received serious burns. Erich Hoacslans, fleeing from the dock, stepped on a nail and fell, injuring his foot and knee.

The flames spread quickly from pier one of the plant to piers two and three, destroying the docks and roaring through the yard. All Bayonne was shaken by the blast as the tanks in the yard blew up, scattering flaming gasoline in all directions.

## Glass Will Run Without Opposition

Richmond, Va., May 8.—(AP)—United States Senator Carter Glass of Lynchburg, was today declared the nominee of the Democratic party to succeed himself as junior Senator from Virginia.

## Reformed Church Condemns Divorces

Concord, May 8.—(AP)—Resolutions strongly condemning present "divorce evils" today were in the records of the meeting of the reformed church of North Carolina, which closed its 100th annual class at the Bear Creek Church, near here, last night.

The church also went on record in suggesting organization of a Reformed Church Men's League to correspond to the present women's Missionary societies. The suggestion met unanimous approval.

A committee consisting of John W. Hedrick, of High Point, B. J. Summerrow, of Charlotte, and J. W. Warlick, of Hickory, was appointed to have charge of organization of the leagues in all denominations of the Classis.

The next meeting of the Classis will be held at the historic brick church, in Guilford county, where the Classis of the Reformed Church in Guilford county, where the Classis of the Reformed Church in North Carolina was organized 100 years ago.

## Sells Oil Plant for Huge Profit

Los Angeles, May 8.—(AP)—Sale of the Kettleman Oil Company for approximately \$10,500,000 with a resulting profit of \$2,500,000 to Marion Hollins, Peble Beach, Cal., former women's national golf champion, has been revealed here.

Perserving financing efforts of Miss Hollins were said last night to have been responsible for development of the property, in Kettleman Hills, arid range in the San Joaquin valley.

Purchasers of the company included the Pacific Western Oil Company, the Standard Oil Company of California, and the Honolulu Consolidated Oil Company. A small group of large stockholders, including eastern capitalists, also benefitted handsomely from the sale.

## Says Political Activities Form Small Per Cent of Anti-Saloon League Work

### Scott McBride Informs Senate Lobby Committee That the Organization Also Furnishes President With Information About Prospective Candidates

Washington, May 8.—(AP)—P. Scott McBride, of the Anti-Saloon League, told the Senate lobby committee today that political activities were about five per cent of the organization's work.

He also said that the league furnished the White House information on prospective appointees but added that it had no other contact with the chief executive.

In answer to questions by Chairman Caraway of the committee, he said the league had supported both Democrats and Republicans and asserted it was rarely necessary to bring "political pressure" on members of Congress because of the success of other work by the dry association.

Representative Tinkham, Republican, Massachusetts, a wet, has charged the league with violations of the law in failing to report all money spent in political campaigns.

Tinkham said the organization collected \$67,565,313 from 1883 to 1926 and reported only "nominal sums."

Caraway questioned McBride regarding relations with the White House.

"Do you have any contact with the president?" Caraway asked.

"I have not and our organization has not as an organization," he replied.

"Do you make recommendations for appointments to the president or his subordinate?" Caraway asked.

"No," McBride said. "We give information."

"You say this may be good and that man bad," Caraway continued.

Caraway asked if the organization would place "coals of fire on the president's back" if the appointments were not satisfactory.

"We wouldn't do that but the public might want to," McBride said. (Continued on page two)

## North Carolina Pays \$70,000,000 For Insurance

Raleigh, May 8.—(AP)—North Carolinians in 1929 paid approximately \$70,000,000 in insurance premiums, Dan C. Boney, State Insurance Commissioner, estimated today.

This would be about \$23.33 per capita on a population estimated at 3,000,000 in the state.

Life insurance premiums led the list with almost \$42,000,000 paid for this form alone. Fire insurance companies received about \$15,000,000; compensation companies about \$5,000,000, and casualty companies in the neighborhood of \$8,000,000, Mr. Boney said.

There was a recurrence of the Parker debate today in the Senate. Senator Blease, Democrat, South Carolina, who supported the nominee, said that after the session yesterday he heard one Negro tell another on the street car:

"Well, we gave the South hell today."

"A woman next to me nudged me" said Blease, "but I told her I couldn't resent it because it was true."

Senator Trammell, Democrat, Florida, who opposed Parker said on a street car which he was riding there was "great dependency on the part of the negroes because they favored Parker on account of his decision voiding the Richmond segregation ordinance."

"Find these caries," shouted Blease, "and I will give each one of them a hat."

Vice President Curtis had read to the Senate a telegram from the building trade council of St. Louis expressing the thanks of that organization to the Senators who voted against Parker.

Chicago, May 8.—(AP)—Special prohibition agents, acting under order from Washington, raided two Capone-operated night clubs in Chicago early today, made five arrests and seized a small quantity of liquor.

The Cotton Club, a popular resort operated by Ralph Capone, brother of Al (Scarface) Capone, and the Croyhound Inn, also a Capone night club, were the places raided.

At the Cotton Club the raiders, led by Special Agent Alexander C. Jamie, seized records which they hope may give information showing Capone's reputed connections with the beer traffic in Chicago.

The men arrested were bartenders and waiters. Ralph Capone, recently convicted of fraud in connection with his income tax return was not found.

## Hoover Remains Silent Following Rejection Of Supreme Court Nominee

### Not Indicated Today Whether Any Statement Regarding Parker's Defeat Would Be Made; Another Nominee Expected To Be Selected In Next Few Hours

Washington, May 8.—(AP)—President Hoover continued today to maintain his silence upon the rejection by the Senate of Judge John J. Parker for the Supreme Court.

Shortly after the president reached his office Vice-President Curtis called and discussed the situation. It was said at the White House that no decision had yet been reached whether any statement would be made by the president at this time. It was indicated, however, that nothing would be said today.

President Hoover is expected at the Capitol to undertake immediately consideration of another appointment to the vacant post on the Supreme Court bench, with a view of sending it to the Senate in time to obtain confirmation at this session. From some quarters it has been suggested to the president that he withhold comment upon the Parker case until the new nomination is sent to the Senate.

The president canvassed the situation at breakfast with Senator Watson, of Indiana, the Republican leader.

Those now under consideration for the vacancy include Judges A. B. S. Van Valkenburgh of Missouri, William S. Kenyon of Iowa, and John H. Cotteral of Oklahoma.

The names of Fenton Whitlock Booth, of Illinois, Chief Justice of the Federal Court of Claims, and Robert S. Von Moschizker, Chief Justice of the Pennsylvania Supreme Court also are before the president.

New on D. Baker of Ohio, President Wilson's secretary of war; and John W. Davis, the Democratic presidential nominee in 1924 also have been mentioned, but Senate leaders appear convinced a Republican will be named.

There was a recurrence of the Parker debate today in the Senate. Senator Blease, Democrat, South Carolina, who supported the nominee, said that after the session yesterday he heard one Negro tell another on the street car:

"Well, we gave the South hell today."

"A woman next to me nudged me" said Blease, "but I told her I couldn't resent it because it was true."

## Five Arrests On Capone Night Clubs

Chicago, May 8.—(AP)—Special prohibition agents, acting under order from Washington, raided two Capone-operated night clubs in Chicago early today, made five arrests and seized a small quantity of liquor.

The Cotton Club, a popular resort operated by Ralph Capone, brother of Al (Scarface) Capone, and the Croyhound Inn, also a Capone night club, were the places raided.

## RUSH RELIEF TO TOWNS HIT BY TORNADES

### Red Cross and American Legion Taking Part In Relief Work in Texas

Dallas, May 8.—(AP)—Immediate relief measures, undertaken by the Red Cross, the American Legion and citizens of the state, today were being rushed to the aid of destitute and homeless persons by the score in central and south Texas communities devastated Tuesday by tornadoes.

The Red Cross last night appealed for \$150,000 in Texas for the work and asked for gifts of clothes and food.

Funeral services were planned today for most of the 70 victims and more than 100 injured persons were being cared for in hospitals.

In Pres. Navarro county, where 22 out of 800 inhabitants lost their lives and virtually the entire town was demolished, the cemetery was in the path of the twister and shattered tombstones had to be cleared away before graves could be prepared for the burial of storm victims.

Citizens of Corsicana, nearby, were leading in relief work and were assisting Frost citizens in erecting temporary business buildings and repairing the town's water system.

Citizens of San Antonio, Cuero, Nordheim, Runge, Yorktown and Kenedy and all over south Texas were gathering relief forces for 40 or 50 families left homeless near Nordheim and Runge, in Karnes county, where the tornado Tuesday killed 30 persons and injured more than 20.

## R. H. WRIGHT TO SPEAK HERE MEMORIAL DAY

### Exercises for Confederate Veterans to Be Held At Teachers College Saturday

Memorial Day exercises will be held Saturday, May 10 at East Carolina Teachers College.

Dr. Robt H. Wright will address veterans at this time and Mr. J. H. Rose, superintendent of city schools will have charge of the program.

From the college the veterans will be taken to the high school where the high school band, glee club and other students will join them and go to the cemetery for exercises, which will be conducted by Rev. A. W. Fleischman and E. L. Hillman. The veterans will be guests of the college for lunch.

## NEGRO GIVEN REPRIEVE BY GOV. GARDNER

### Assailant of 77-Year Old White Woman Has Death Sentence Deferred 30 Days

Raleigh, May 8.—(AP)—Wilbur McLeod, Lee county negro, twice convicted of murder and criminal attack on a 77-year-old white woman, will be given a reprieve of 30 days. Gov. O. Max Gardner announced today.

At the same time the governor said he had nothing new to say on the case of Ernest Brumfield, Union county negro, who is scheduled to be electrocuted tomorrow morning at state's prison here.

McLeod was granted a new trial by the Supreme Court after his first conviction. Last week the court upheld, with one member dissenting, a second lower court verdict of electrocution. McLeod would have paid the penalty in the electric chair May 16.

Governor Gardner also announced the parole of six prisoners and the commutation of sentences of two.

Cole Davis, Buncombe negro, sentenced in July, 1928 to serve 15 to 20 years for second degree murder, had his term commuted to a minimum of three and a maximum of 15 years.

Robert Allen, Wayne negro, convicted in November, 1929, and sentenced to five years for manslaughter, with the stipulation he be paroled at the end of 18 months and refrain from driving an automobile, had his term changed to one from five year upon condition that he refrain from driving an automobile for six months after his sentence expires.

Those paroled were: Lee Stegall, convicted in Mecklenburg county in October, 1929 and given three years for larceny; Purcell Smith, convicted in November, 1929, in Wake county of prohibition law violations and sentenced to 12 months; Sloan Brotherton, Iredell county man, convicted in January, 1930, of forgery and sentenced to eight months; Jessie J. Smith, Chatham county man, convicted of drunkenness and driving an automobile while intoxicated in December 1929, and sentenced to four months; Pink Murphy, Buncombe county man sent to prison in November, 1928, for storebreaking and larceny and given three to five years; Frank Smart, Stanley county man convicted in November, 1928, of manslaughter and sentenced to five to seven years.

Murphy, according to his parole statement, recently stopped an attempted escape of two men when he outran one of them and knocked him down. The men had climbed a fence into the prison lot and were among the livestock, the guards fearing and being unable to shoot at them.

## Heflin Predicts Organization Of New Party Soon

Prattville, Ala., May 8.—(AP)—United States Senator J. Thomas Heflin, in an address here last night, said that organization of a "true Democratic party" in the near future may be expected.

He declared desolate plans for organizing such a party had been made but were being held in abeyance, pending a decision by the Alabama Supreme Court on the application of Horace C. Wilkinson, Birmingham, attorney for a rehearing of his petition to hold the Democratic primary in Jefferson county.

Senator Heflin was barred from participating in the August Democratic primary because of his support of Herbert Hoover in 1928. Wilkinson's application to a Jefferson court of equity for a writ of mandamus to prevent the primary and a subsequent appeal to the Supreme Court were overruled and now an application for a rehearing is before the high court.

Wilkinson contended that the primary would be illegal because of the State Democratic Executive committee's action in fixing separate qualification for voters and candidates.

## Hayesville Man Sent to Prison On Murder Charge

Hayesville, N. C., May 8.—(AP)—Paul Platt, aged about 43 years, Wednesday afternoon was sentenced to three years in state's prison by Judge John H. Harwood in Superior court here. He had been convicted earlier in the week of manslaughter.

The charge grew out of the death of Julie Elliott, shot to death by Platt last February. The shooting grew out of an argument over a check account Elliott had at Platt's store.

### Bankers Open Convention At Pinehurst, N. C.

Pinehurst, May 8.—(AP)—Annual reports of the president and secretary and an address by Benjamin M. Anderson, Jr., of the Chase National Bank, New York, featured the opening session today of the North Carolina Bankers' association convention.

John W. Simpson, of Greensboro, president of the association, offered the speculative frenzy of the American people as one of the causes of difficulties now being experienced by the country's banking institutions.

He urged the practice of economy and exercise of caution with the hope of bringing about a healthier condition in the near future.

The report of Paul P. Brown, of Raleigh, state secretary, showed that 3,000 banks have closed in the United States during the past nine years. Inasmuch, he said, as the great bulk of banking business is conducted outside of group, chain and branch movements, there is no need for revolution in the banking regulations of the country.

The annual ball will be held tonight. The convention continues through Saturday morning.

### Freak Weather Gives Snow to Sierra Ranges

San Francisco, May 8.—(AP)—Freak May weather had brought heavy snow falls to the Sierra mountains today.

Eight inches of snow fell at the Calaveras Grove of Big Trees, in little more than an hour. Snow also fell from the Tahoe region to Ash mountain in Sequoia National Park.

Heavy gales struck southern California coast near Redondo beach and for several hours threatened fishing enthusiasts and crews of small boats with disaster.

At the St. James Parochial School classes were dismissed when the wind velocity seemed likely to cave in the school building.

Numbers of fishermen who had put out in comparatively calm weather had trouble getting back to shore. Several members of the Santa Monica motion picture colony were included in those storm bound. In a small launch, Gilbert Roland and Townsend Natheby, husband of Constance Talmadge, were unable to land on the unprotected Santa Monica coast line for several hours. They finally landed in a cove.

### Former Cashier of Rutherfordton Bank Arrested

Rutherfordton, May 8.—(AP)—W. B. Walker, formerly cashier of the defunct Rutherford County Bank & Trust Company, was arrested in Hickory Wednesday afternoon charged with accepting deposits when he knew the bank was insolvent; misappropriation of \$2,000 of the bank's funds by loaning to himself on worthless collateral; and unlawfully taking \$300 of the bank's funds by cashing a check signed by his brother, Herman Walker, of Statesville, when the latter had no funds in the bank.

Walker was sworn out by J. H. Gibbs, Rutherford contractor. He said he deposited \$975 in the bank on the afternoon of February 3.

### Ask for Control of Liquor Traffic

Toronto, May 8.—(AP)—Charging the present liquor legislation in Ontario "entirely inadequate," the Presbyterian Synod of Toronto and Kingston has adopted a resolution calling upon the provincial and federal governments to take such steps as shall control the liquor traffic with the view to ultimate prohibition.

Objection to the term "prohibition" was voiced by Dr. W. G. Wis, of the University of Toronto, and the Rev. John Lennox, of Havelock.

"You will never get Canadian public opinion to submit to that," said Mr. Lennox. "As soon as you get a club over a man's head and tell him what he must do, he won't do it."

### A Way To Stop Attacks Of Fits

Reports are received of an amazing treatment that epileptics state has proved successful in stopping their attacks. R. Lepso, Apt. 153, Island Ave., Milwaukee, Wis., has been supplying sufferers with this treatment. He now wishes to reach all those who have not been helped and to do so is making the startling offer of a generous treatment free to all sufferers. Anyone afflicted should write for this free treatment at once, giving age.—(Adv.)

### Harvard Students Clash With Police

Cambridge, Mass., May 8.—(AP)—Several hundred Harvard students, many in pajama clad, rioted late last night through the Golf Coast section, defying 40 policemen to create order and police officers and bystanders with bottles, fruit, telephone books and pails and bags of water.

Carroll H. Parker, secretary of the Phillips Brooks association, was arrested clad in pajama and bathrobe and charged with disturbing the peace. Samuel C. Davis, Jr., of St. Louis, and John K. Bottomley of Boston, freshmen, were taken to the college infirmary with injuries received in the melee.

The trouble started, police believe, after a water battle in one of the dormitories during a warm evening. The familiar rallying cry of "Rheinhardt, Rheinhardt" assailed the students. A nearby policeman turned in a riot call and during the confusion a fire alarm was turned in to bring apparatus to the fray.

### Supreme Court Faced By Heavy Docket Tuesday

Raleigh, May 8.—(AP)—The biggest docket of the State Supreme court for the spring term and one of the heaviest ever faced will be started next Tuesday when 33 cases for argument from the 19th judicial district will be heard. The original docket listed 39 cases, but some have been decided and others will not be argued.

Among the cases to be argued are: Don S. Elias against the Board of Commissioner of Buncombe county, the Advocate Printing Co. et al. seeking to restrain the commissioners from printing tax notices in the Advocate.

Two appeals in suits against the board of city school commissioners, one involving the right of that body to operate the college of the city of Asheville, a junior college, and the other challenging the right of the board to discontinue kindergartens.

### Seize Carload of Chinese "Spirits"

Chicago, May 8.—(AP)—The first intimation that Chicago may be receiving smuggled intoxicants from the Orient was given today by railway employees who reported the seizure of a carload of Chinese spirits by Federal authorities. The shipment was billed as bamboo sprouts.

Two cans of "sprouts" were opened and found to contain an intoxicant the exact nature of which was not disclosed.

### Cabarrus County Boy Dragged To Death By Mule

Concord, May 8.—(AP)—Andrew Clay, 17-year-old Cabarrus County farm boy, was dragged to death over woods and fields on his father's farm near here after his foot caught in a trace chain fastened to a mule.

Young Clay mounted the mule late yesterday to ride him home after a day's work in the fields and the mule threw him. Unable to get his foot loose from the trace chain, Clay was dragged for some distance when relatives caught the mule, almost every bone in Clay's body was found to be broken.

Funeral services will be held tomorrow. He is survived by his father, W. M. Clay, his stepmother and several half brothers and sisters.

### SAYS POLITICAL ACTIVITIES FORM SMALL PERCENT OF ANTI-SALOON LEAGUE WORK

(Continued from page one)  
"You wouldn't carry any water to put out the conflagration," Caraway remarked.

The plan of the league concerning prohibition appointments was contained in a memorandum, McBride said.

The memorandum follows:  
To permit the league to be maneuvering responsibility for the appointing power and no action by the league should ever give color of authenticity to the charge that it is responsible for the appointment.

"Always to endeavor to furnish the appointing power with the fullest information properly obtainable about candidates for appointive offices dealing with prohibition. This should not be in the form of an indictment or endorsement but should tend to show fitness, or unfitness and serve as a guide whereby the appointing power may be assisted in coming to a decision."

**Mice and Men to Be Presented At College Tonight**

"Mice and Men", a very beautiful and charming romantic play, will be presented at East Carolina Teachers College, by the Senior Normal Class, both this evening and tomorrow evening, at eight o'clock, in the old auditorium in the administration building of the college. This is the twentieth annual play presented by the two-year, or normal, graduating class, a class that has made an enviable reputation for his class and entertaining plays. This year the class has been especially fortunate in selecting a play that combines thrilling situations, variety of scenes, colorful and lovely costumes, flashes of fun, melodramatic contrasts, and sprightliness and interest throughout.

The heroine, "Peggy", is a Greenville girl, Miss Lois Herring, and a charming creature she is. The attractive hero, Lord Lovell, as played by Miss Margaret Silver, is a fine match for her. Miss Ida Cobb is an excellent Mark Embury, the unsuccessful lover and unselfish guardian. Miss Kate Murray, as Roger Goodlake, and Miss Cassie Cassidy, as Joanna Goodlake, are both very fine in these interesting parts.

Miss Dora Ham, as Peter, the servant, furnishes much of the fun of the play.

A string of wee-begone little orphans in the first act and the magnificent lords and ladies who are attendants at the ball furnish a fine melodramatic contrast.

The realistic scenes shift from interiors to exteriors—in the study, in the old hay-loft, in the living room, in the ball room and in the garden—so that the stage itself is of interest throughout the play.

The costumes are not only pretty in design and coloring but are fresh and new, many of them made by the costumer for this special production, as the costumes did not have a set of costumes in stock for this play.

Miss Nettina Strobach, director of community drama for North Carolina, with headquarters at Chapel Hill, who is also one of the best of the Carolina Playmakers, is director of the play. She made two trips to the college earlier in the spring, selecting the play and the cast and getting the actors started with their parts so that her assistants could go on with the training. She returned several days ago to give full time to finishing up the production. The fine results of her work and of her capable assistants, this evening and tomorrow evening will testify to the excellent work they have done.

The play is under the management of the class, so is not included in the season ticket that is sold to the public, but the college girls and staff are admitted to one performance on the tickets they hold.

**This Evening And Tomorrow Evening At 8 O'clock**

**"MICE AND MEN"**

A romantic comedy Will be presented By The SENIOR NORMAL CLASS

East Carolina Teachers College In The Administration Building

Admission: Children 25c; Adults 50c

These tickets cannot, however, be transferred to outside people. The play is presented on two successive evenings so that room may be left in the old auditorium for the public each evening.

**HELP FOR ENGLISH STUDENTS AT LIBRARY**

For the benefit of high school students who are now working on spring term English papers, special material has been placed on a table in the Greenville Public Library.

To that which was already in the library the books listed below have been added. A few others have been ordered and will be put in circulation soon. These were selected with the approval of Miss Madge Daniels of the high school English department. These books serve this special purpose just now but they are of general literary value and are worth while additions to the library collection. This special table is by the reference shelves on which may be found 1929 editions of good encyclopedias. At present this material may be checked out for only one day at a time. The pupils may do some studying in the library, taking out only that book which deals with a special subject.

New books placed on the table today are:

Hearn—Interpretations of Literature; Long—English Literature; Dawson—Makers of English Fiction; Phelps—English Romantic Movement; Walker—English Essay and Essays; Long—American Literature; Pancaast—American Literature; Van Doren—American Novel; Berdau—Modern Essays; Cross—The Short Story.

**Decided Joke**

New York—Some Britishers who were polite bewildered smiles were noticeable at a dinner in honor of the Earl of Derby have had a joke decided for them. General Harbord wisecracked that an ancestor of the Earl attacked his name to an indestructible hat. What Americans call "debries" are known in England as "Bowlers."

**Bishop—Humorist**

Dallas—Bishop Warren A. Candler of Atlanta is a portly humorist, who pokes fun at himself. He doesn't play golf because he says when he gets near enough to the ball to hit it he can't see it and when he is far enough away to see it he can't reach it.

**Seek Return of Man for Abandonment**

Raleigh, May 8.—(AP)—Demand papers on the governor of Tennessee were issued today by Gov. O. Max Gardner for the return to Salisbury of Melvern H. Perry wanted to face a charge of abandonment and non-support of his wife and child.

Melvorn was a professor in the high school at Salisbury and married one of his pupils, according to papers accompanying the request for extradition papers. More than a year ago he deserted his wife and her 18-months old baby and since that time has not contributed to their support or even written his wife.

**LUTHERANS BEGIN FINAL DAY OF CONVENTION**

Gastonia, May 8.—(AP)—The southern conference of the United Evangelical Lutheran Synod of North Carolina entered its second and final day of its convention here today.

Between 60 and 70 delegates from the counties of Rowan, Cabarrus, Mecklenburg, Gaston, Union, Lincoln and Cleveland are in attendance.

**ABOUT TOWN**

The Merchants Association has provided a unique feature for the week of May 20 in the nature of an automobile endurance drive by one of the celebrated drivers of the county.

The event will be conducted in connection with the live-at-home and trade-at-home campaign and is expected to attract the attention of thousands of people of this great shopping center.

The driver will pass over the streets of Greenville for a total of one hundred hours, during which time he will give several mystery performances. At the completion of the contest, the driver will be placed in one of the store windows of the main business district where the people will have the opportunity of looking upon him while he sleeps and attempts to recover from the grueling test in the automobile. This is one of the most unusual endurance contests held in this section and it is certain to attract the attention of people for a radius of many miles, and possibly draw numbers here who never came before.

Now that the senate has refused to confirm the nomination of Judge Parker to fill the vacancy created by the death of Judge Sanford, the public will watch with interest the next appointment by President Hoover.

The defeat of the southern jurist was so pronounced that it is hardly probable that the president will again pick a nominee from the southland. Just where he will go to get him remains to be seen and from now on the people will watch the newspapers until a choice has been made.

Now that the people have called upon the County Commissioners to adopt a merit program and attempt to reduce expenses wherever possible, they should also think something about economizing themselves.

This is one of the greatest periods of readjustment since the ending of the war and it is going to be necessary for the head of every household to cut expenses in every way he can and attempt to lay aside something for a rainy day.

This has already become necessary in thousands of homes of the county where the salaries of the head of the families have been cut to such extent they find it impossible to live as they formerly did. It all seems mighty hard, and it is, but this must be adjusted and in this period of adjustment all of us must take our part.

Along with the reduction of salaries must also come cheaper living conditions. Things cannot remain as they are and when the change reaches every phase of living it will not be as hard to get along as it is now with the abnormality existing on the other side of the scales.

While the showers Tuesday afternoon and night relieved the near drought conditions which have existed in this section the last several days, they were not sufficient to give the crops as much moisture as needed. The situation is really serious in this section and unless the locality gets a drenching rain in the near future the growth of the various crops is going to be stunted to an undetermined extent.

This is the season of the year when either too much rain or dry weather is detrimental to the production of the principal crops. Last year we were drenched so completely that the crops were stunted until we were able to produce only half as much as we should. It is to be hoped that the section will be visited by more refreshing showers in the near future and that the prospect of a drought will be completely done away with.

Vacation time will soon be here and thousands of people in this part of the county will be themselves away to the mountains and seashore to get away from the roar and din of industry.

Everybody looks forward to this season of the year with pleasure because it gives them the first and only opportunity of an extended vacation in their favorite sections of the country.

In planning vacations this season, Greenville people should not forget the importance of letting the Reflector follow them wherever they go. The paper will enable everybody to pass his time away more pleasantly. He will be able to rest and have a good time and at the same time keep in close personal touch with things back home.

The Reflector carries detailed reports of happenings at home and abroad, and the man desiring to keep correctly informed should not fail to send in his subscription.

NEW CLASHES REPORTED IN INDIA TODAY

Twenty - Five Killed In Encounter Between Ghandi Forces and Civil Officers

Sholapur, Bombay, India, May 8.—(AP)—Twenty-seven or more police and natives were killed in rioting which, starting last night, was resumed at dawn today and had resulted at noon in seizure of this city of 120,000 inhabitants by the adherents of Mahatma Ghandi.

Residing the local authorities who had forbidden their assembly, the angry natives maintained attacks which threw the city into chaos.

The local police were powerless. Citizen reserves who joined them soon were thrown back by the rioters. Troops rushed into this textile community likewise proved unable to cope with the situation.

At noon today the officer commanding the auxiliary forces of India sent out a call for more troops. His request stated that he considered the single detachment already provided would not be enough.

Six police stations were burned down during the morning, the magistrate's court was wiped out by flames and all liquor shops in town suffered a similar fate.

Serious and continued encounters between civil and military forces and adherents of the "passive resistance" program of Mahatma Ghandi were in progress in Indian today.

More than 27 police and natives were killed in Sholapur today. A struggle for control of the city, growing out of attempts to disperse demonstrators, seemingly had resulted adversely for the constituted authorities.

While the conflict was in progress at Sholapur it was made known that Mahatma Ghandi had been spirited away in the night from his Yeroda prison quarters at Pooná to the Shivaris fortress at Purandhar. Reason for the transfer was not indicated. Purandhar is twenty-five miles from Pooná. Removal of the aged prisoner was accomplished as secretly as was his previous internment.

Bombay reported another extensive cotton fire at Sewri today, which destroyed about \$75,000 dollars worth of baled cotton. The blaze raged for three hours before being controlled. Sewri was visited by a number of cotton fires earlier this year. The authorities did not indicate whether or not the blaze had been set.

The resignation of Ratansi Morpeth, member of the council of state for Bombay, was also announced today. In a letter to Viceroy Lord Irwin he protested "the ruthless repression culminating in the arbitrary internment of Mahatma Ghandi."

The disorders at Sholapur began at 11 o'clock this morning when a number of volunteers who were prevented from cutting down palm trees from which liquor is extracted clashed with the police.

A district magistrate was called to the scene when the crowd befuddled the police were ordered to open fire.

The trouble town this afternoon was in a state of chaos, the rioters burned every liquor shop in the town except Onjm.

Raleigh—(AP)—Increase of tuition fees for out-of-state students from \$100 to \$150 was suggested by President Harry W. Chase of the University of North Carolina to a trustees committee as a possible way to reduce the state's necessary appropriation to the institution.

How Women Lose Fat In England

GAIN PHYSICAL CHARM How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose unhealthy fat that you don't need and don't want and at the same time feel better than you have for years?

How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?

How would you like to get your weight down to normal and at the same time develop that urge for activity that makes work a pleasure and also gain in ambition and keenness of mind?

Get on the scales to-day and see how much you weigh—then get an 85 cent bottle of Kruschen Salts which will last you for 4 weeks. Take one-half teaspoonful, every morning in a glass of hot water and when you have finished the first bottle weigh yourself again.

Now you can laugh at the people who pay hundreds of dollars to lose a few pounds of fat—now you will know the pleasant way to lose unsightly fat and you'll also know that the 6 vitalizing salts of Kruschen (Salts that your blood, nerves and glands must have to function properly)—have presented you with glorious health.

After that you'll want to walk around and say to your friends—"One 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."

Leading druggists America over sell Kruschen Salts—you can always get it at Greenville Drug Co.—(Adv.)

Pittsburgh Man And Wife Killed Near Wilmington

Wilmington, May 8.—(AP)—The bodies of Jack V. Hurd, prominent Pittsburgh business man and sports man, and Mrs. Hurd, killed in an automobile wreck here last night, today were being held in a Wilmington morgue awaiting arrival of Mr. Hurd's brother, H. S. Hurd from Pinehurst.

The accident occurred near a bridge in the northern part of the city. The Hurds were en route from their winter home at Pinehurst to visit Mr. and Mrs. C. M. Phillips, of Wilmington, when their automobile left the road at a curve near a bridge and plunged into a creek.

There were no witnesses to the accident, but two small boys heard the crash and ran to the scene. The automobile was submerged in 14 feet of water. The bodies were discovered floating by some logs near the bridge.

Physicians who examined the bodies, which were badly crushed, expressed the opinion that the two were killed outright in the crash. The automobile was an open model.

Mr. Phillips, who is said to be a former boxing commissioner for New Jersey, identified the bodies as those of Mr. and Mrs. Hurd. Phillips is a well known golfer here.

Mr. and Mrs. Hurd were winter residents of Pinehurst, where they were prominent in golfing and social circles.

Pittsburgh, May 8.—(AP)—Jack V. Hurd, who with his wife was killed in an automobile accident last night in Wilmington, N. C., was a prominent Pittsburgh steel man and former husband of Dorothy Campbell Hurd, one-time woman golf champion of the United States, Great Britain and Canada. Hurd

MANY FINE QUALITIES make up the "charm" that is Miss America's, but her genuine wholesomeness appeals most of all.

IN A CIGARETTE, TOO, the real appeal is wholesomeness of taste.

WITNESS CHESTERFIELD'S popularity, growing every day. No flash in the pan, but enduring popularity, earned by giving smokers a cigarette of better quality, richer aroma and finer fragrance, blended and cross-blended to just one end... "TASTE above everything".

# TOM ZACHARY SHOWING 'EM A FEW THINGS

Jonathan Thompson Zachary of the New York Yankees is the oldest pitcher in the American League, in spite of his nickname "Old Tom." Not to be by any means the youngest, Tom became 33 years old yesterday and he celebrated his birthday in rags showing the youngsters a few things.

Last year Zachary led the American League pitchers by winning 12 games without a defeat. He also had the best earned run rating, giving but 33 in 120 innings. Up to yesterday, Tom had not done so well during the chilly spring but with the advent of summer weather he scored his first victory, defeating the Cleveland Indians, 12 to 6.

Zachary received some aid from another Yankee ancient, Babe Ruth, and from Roy Sherd, who is more than ten years younger. Ruth contributed largely to the five-run rally which decided the game by hitting his fourth home run of the season with two on base. Sherd came to Zachary's rescue when he weakened in the late innings.

Except in three National League games yesterday, the pitchers had the better of the major league hitters. Bennie Froy of Cincinnati won a game but Ershaw lost.

Two of the three hits off Ershaw were made by the opposing pitcher, Stewart of the St. Louis Browns, who pitched a six hit game. The third was a homer by Sammy Hale with one man on base which gave the Browns a 2 to 1 decision. Froy won his third straight game and his second 10 to 0 contest by stopping the Boston Braves. Cincinnati did not come through against Ben Cantwell until the ninth inning when a pair of doubles brought the game's only run.

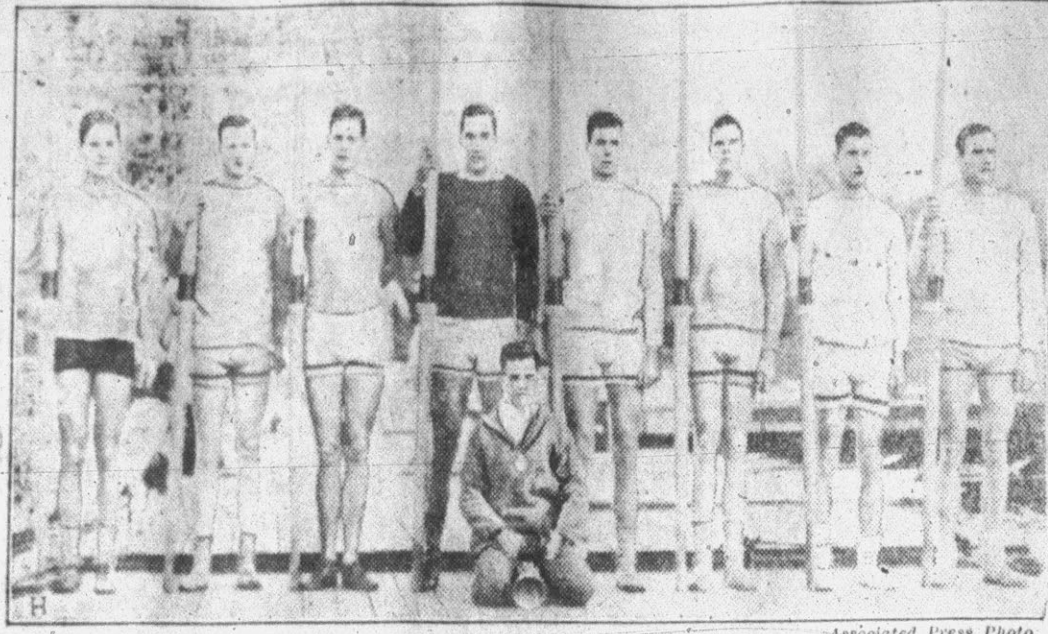

Cary Whitehill of Detroit had the better of three Washington pitchers, holding the Senators to six hits for a 3 to 1 triumph. The Tigers got eight blows. Horace Lisenbee allowed the Chicago White Sox a dozen hits but kept them harmlessly scattered while young Tom Oliver led the Boston Red Sox. Oliver, who has hit safely in 16 consecutive games, got four blows in five times at bat.

The St. Louis Cardinals win in the front rank of the heavy hitters yesterday as they hammered five Philadelphia pitchers for a 16 to 11 victory. The game produced 35 hits, 19 of them for extra bases, and five home runs. The Cards had just a one hit margin but they bunched their clouts for nine runs in the fifth inning.

Not far behind came the Pittsburgh Pirates and New York Giants deciding 31 hits in Pittsburgh's 16 to 8 victory. The Giants got 16 of the blows but Pittsburgh greeted the debut of Roy Parmelee as a starting pitcher with a six run burst and never were overtaken.

The Chicago Cubs continued the assaults on Brooklyn Pitching by hitting steadily and at the proper moments to gain a 9 to 5 victory after Brooklyn had opened the game with a home run drive that brought four tallies in the first inning.

# SPORTS SLANTS

By ALAN GOULD  
(Associated Press Sports Editor)

Who have been the greatest athletic performers at the five classic distances from 100 yards to one mile?

This question was debated with considerable tury during the chif-fests incident to the Penn Relay Carnival and this department's report of the final consensus shows this line-up of super-talent:

100 yards—Arthur Duffey of Boston.  
220 yards—Charles Paddock of Los Angeles.  
440 yards—James E. (Ted) Meredith of Philadelphia.  
880 yards—Douglas G. A. Lowe of London, England.  
One Mile—Paavo Nurmi of Abo, Finland.

The selection of this "Big Five" does not settle the argument; neither is it official, but the all-around weight of evidence over a testing period of time is strongly in its favor.

There have been and still are a flock of great sprinters, whirlwinds like Drew, Craig, Scholz, Locke, Borah and, now, Leland Simpson, Kykoff, Duffey, although his name and records were wiped from the A. A. U. record books because he first spritzer to run an authentic 9.6 seconds for the 100.

Paddock, long a storm center, nevertheless possesses an unparalleled record for sprinting consistency. The erstwhile "California Comet" shared with Jackson Scholz the distinction of racing in three Olympic meets. You will find Paddock's name mentioned in the book of world records as often as all other sprinters combined. He was officially registered six times for the 100 in 9 3-5 seconds and he held the 220-yard record until Roland Locke of Nebraska knocked it off in 1926. Locke was a brilliant performer but his career was much shorter and less consistent than Paddock's. Nor can youngsters like Simpson and Leland, great as they now appear, be ranked ahead of veteran internationalists such as

Paddock without the test of additional time and competition.

Meredith takes the quarter-mile post by just about the unanimous vote of the assembled clans. His world's record of 47 2-5 seconds still stands.

The one-time University of Pennsylvania flier, now an assistant track coach at his alma mater, might also do as a nomination for the half-mile but he would prefer himself that this post go to the smooth

striding Briton, Douglas Lowe, two-time Olympic champion at 800 meters.

On a blazing hot August day in 1923 at Stamford Bridge, I saw Lowe, in his second race of the afternoon, run a relay half mile in 1 minute and 51 seconds.

### FOUR BALL PLAYERS DECLARED INELIGIBLE

Chicago, May 8.—(AP)—Four National league veterans have been

declared ineligible by Commissioner Kenesaw M. Landis, for failure to sign new contracts.

They are Edd Roush, Giant outfielder; Johnny Coones, Boston infielder; Chester Nichols, Philadelphia pitcher; and J. Pete Fowler, pitcher for the St. Louis Cardinals.

Should the ineligible have a change of heart and decide to sign new contracts, they must be reinstated by Commissioner Landis with customary deductions from salaries for idleness.

Lady Says That After Taking Cardui Her Nerves Seemed More Settled.

Spartanburg, S. C.—"About a year ago, I found myself in a weak, run-down condition, and so nervous that at times I felt like I wanted to scream," writes Mrs. J. T. E. Thomas, of 445 South Arch Street, this city.

"The least noise would make me tremble and feel weak and nervous," she explains.

"I felt so bad, I decided to take a tonic. I read where Cardui had helped other weak women, and I decided to try it for myself.

"I felt better after I began taking Cardui, and decided to keep it up. I took six bottles in all.

"I was in better condition after taking Cardui, and my nerves were more settled. I think Cardui is a good medicine."

This well-known medicine is an extract of valuable medicinal herbs, and contains nothing harmful or injurious. It has been in use so long, its merit has been proved by the experience of thousands of women.

Try Cardui in your case.

# Market Report

## Cotton--Stocks--Grain

### COTTON MARKET

New York, May 8.—(AP)—Cotton opened firm at an advance of 5 to 37 points with the new crop relatively active on covering and buying promoted by the failure of the early weather map to show any rain of consequence in the eastern belt. This, combined with a feeling that the western belt had been getting a little too much rain, gave rather a less favorable to covering and was accompanied by talk of a firm technical position.

Some further liquidation of old crop months was in evidence but it was absorbed by spot houses and while fluctuations were somewhat irregular, the market was 9 to 10 points net higher on old crop positions, with May selling at 16.35 and about 26 to 36 points net higher on the new crop at the end of the first half-hour.

The new October contract sold up to 14.60 and held within 4 or 5 points of that figure around 10:30 o'clock. The early buying was encouraged by firmness in Liverpool which reported continental and Bombay buying of late months on the advance there.

### GRAIN MARKET

Chicago, May 8.—(AP)—Dwindling away of buying power on advances led to late downturns in wheat values today, with July and December hitting new bottom records. May wheat came down to within a shade of \$1.00 per bushel. Crop comments both from spring and winter wheat regions were generally favorable, late estimate of new export business from North America was disappointing, and nervousness was shown relative to assertions that France is offering wheat to Great Britain at 98c.

Wheat closed irregular 3-8 lower to 1-4 higher, compared with yesterday's finish; corn closed 3-4 to 1-2 down; oats a shade to 1-4 off, and provisions varying from 2 decline to 5 gain.

### STOCK MARKET

New York, May 8.—(AP)—A sizeable backwash of selling swept over the stock market today, after the sharp setback late yesterday, but after several leading shares had been sharply depressed, U. S. Steel reaching new low ground for the year, the wave of liquidation quickly receded, and a rally set in which reached substantial proportions by early afternoon. Renewed liquidation appeared on the advance, however, and the market turned dull and irregular.

The failure of yesterday's rallies to hold apparently tased considerable disappointment, and uncertainty over the weekly brokerage loan figures, to make their appearance after the close, was an unsettling factor. The selling was well absorbed, however, and it was said in brokerage circles that important banking interests, both domestic and foreign, were still taking advantage of recessions to accumulate stocks in considerable volume.

An important factor in the afternoon rally was an upturn in the coppers, after their persistent penetration of new low levels for the year or longer. In copper trade circles it was reported that the latest reduction in the price, taking it to 12 1/2 cents a pound, was finally meeting with considerable buying, both from domestic and European fabricators. This prompted considerable covering by shorts who had been maintaining their positions in expectation of further price cutting. There was little inclination to resume any ambitious operations for the advance in this group, however, until dividend reductions, now regarded as inevitable, are out of the way.

Steadily increasing brokers loans during recent weeks, even when prices have been on the downgrade, have been a little disconcerting, and Wall street would be pleased to see a sizeable reduction in the figures to be published late today.
