CLUB WOMEN REVIEW WORK AT PINEHURST

Committee Reports Heard at 28th Annual Meeting of N. C. Federation

Pinehurst, May 15.—(AP)—Activities of a busy and successful year were reviewed this morning by club women of North Carolina as the first business session of the 28th annual convention of the North Carolina Federation of Women's clubs was held.

Reports from committees, officers and boards marked the high spots in the business session.

At breakfast conferences this morning different phases of club work were discussed. This afternoon Dr. Fred Morrison, of Raleigh, was the principal speaker at the luncheon conference on American citizenship, while other luncheon conferences were devoted to junior clubs, literature and literary departments.

Trough the various state-wide prizes in art and literature will be awarded. There will be no awards in music this year as there were not enough entrants to make a contest.

The civic section at a breakfast luncheon this morning heard J. W. Harrelson, director of the state department of conservation and development, appeal for "the byways" of the state, the beauty spots and recreation grounds to attract the people of the state "before they reach a state of depravity."

Beauty created by a far-sighted policy of forestry and roadside planting and beautification would stamp itself "on our innermost personality and soul," Colonel Harrelson said.

Paul Lindley, of Greensboro, outlined the city as a garden, with a "twelve months garden club" backing the proposition and beautifying streets, highways, alleys and gardens.

"A garden will tell the passerby that you are, who you are and where you are," Mr. Lindley said.

Mrs. B. A. Hocutt, of Clayton, made the annual report for the division of conservation, pointing out that club women reported planting more than 16,000 trees during the year. The Varina club put on a planting contest and increased its membership from 18 to 52 and more than 3,000 trees, bulbs, roses and shrubs were planted during the contest. The Aberdeen club reported planting 6455 trees.

In the report of the civics division the activities of the clubs of the state in highway beautification, the accident survey, and furtherance of "the living Christmas tree" program were discussed. Special attention was called to the fact that the Ahoeskie club bought and paid \$500 for a site for a school.

Fines S. C. Man For Operating Auto In N. C.

Asheville, May 15.—(AP)—What is believed to be the first case of the fining in North Carolina of a South Carolinian in the "auto license war" between the two states was reported here today by A. A. McCord, of Greenwood.

Mr. McCord, a traveling salesman who is not driving a truck but an automobile, he said. Previous reference to the license tag "war" had indicated that the North Carolina Highway Commission's ruling that South Carolina licenses applied to trucks only.

Mr. McCord, a traveling salesman who exhibited a receipt from W. F. Hallyburton, Morganton justice of the peace, for a fine of \$10 and \$4.20 cost for "operating an automobile in North Carolina without a North Carolina license tag." The magistrate, who is also a U. S. commissioner, told Mr. McCord, the salesman, that he could pay the fine, or post a bond of \$250 if he wished to fight the case.

Tobacco Exports Reflect Increase

Charlotte, May 15.—(AP)—Exports of unmanufactured tobacco from the United States during the first three months of 1930 were about 27 percent in volume over the same period of 1929 and 20 percent over that period in 1928, according to Marvin Finley, manager of the Carolina Office of United States department of revenue.

The 1930 increases in eight brands totaled 158,809,611 pounds valued at \$35,146,210. Only two brands of tobacco were below the 1929 figure.

Rutherfordton.—(AP)—Haskell Allen is in a hospital here with painful injuries received when a cable broke and dropped an elevator in the Gleason Mills one story. Two other men received slight injuries.

GLOBE GIRDLER AND PILOT

John Henry Mears (left) at Roosevelt field, N. Y., after a flight from Los Angeles in his plane, the City of New York, in which he hopes to better the Graf Zeppelin's world flight record of 21 days. He is shown with his pilot Fred Melchior, Swedish flier. Their world flight will start from New York early in June.

Committee Supports The Political Activities of Five Methodist Bishops

Episcopacy Body, However, Fails to Clear Bishop Cannon of Charges of Stock Market Speculation; Committee to Meet Again Friday

Dallas, Texas, May 15.—(AP)—A prominent member of the general conference of the Methodist Episcopal Church, South, said today that the Episcopacy committee of the conference last night, decided that Bishop James Cannon, Jr., of Washington, D. C., should be brought to trial on a charge of speculation on the stock market.

Nearly six hours of deliberation by the Episcopacy committee yesterday failed to clear Bishop Cannon of the speculation allegations. For three hours in the afternoon, and forty-five minutes at night, Cannon was on the witness stand. Much of the time he was known to have spent reading papers, presumably in reply to the numerous documents presented by Judge G. T. Fitzhugh of Memphis, purporting to be records of his stock market transaction.

After Bishop Cannon left the committee room, the committee spent nearly two more hours discussing his case. The sole known accomplishment of that session was a two-paragraph statement which placed the committee definitely on record as supporting the political activities of "Five Bishops." The committee will not meet again until Friday.

Of these five, only four—Cannon, Edwin Moulton, John M. Moore and H. H. DuBose—were known to have been named by the Rev. Rembert G. Smith of Washington, Ga., instigator of the charge. Since the proceedings of the committee are kept in much privacy, it was not possible to ascertain the name of the fifth. It was recalled, however, that the Rev. Mr. Smith's book attacking Cannon had named a fifth bishop as one of the "four horsemen" over whom Cannon was "Pope."

Bishop Cannon, although jocular, maintained his attitude of non-communicativeness toward the press. He declared he would make a statement at the "proper time" and that the "proper time" would be when he was officially called upon for a statement.

Some delegates attached significance to the fact that the committee spent so much time hearing Bishop Cannon as compared to the rapid fire order in which they passed upon the excellence of the seniority. Four bishops each were given a character at two previous meetings, including three of those known to have been charged with including in politics.

The further fact that Joseph Daniels, former member of the Wilson cabinet and an influential figure in the conference had lent his support to Judge Fitzhugh was (Continued on page six)

Sociable Bandit Lands In Prison

Chicago, May 15.—(AP)—In the bandit business, Paul Harris finds one must be very careful with whom one associates.

Faust was holding up four strangers in a parked car yesterday. During the course of the holdup he grew chatty, and wound up by inviting the victims to take him for a little motor ride. Leslie Healy, one of the men, suggested that the party go to his home for a drink. They did, but when they got there the cellar was bare. Healy said he would go out and get some liquor. He went out, and returned with policemen, who arrested Harris.

SCHOOL FIRE CASE SENT TO HIGHER COURT

Probable Cause Against Young Man Charged With Burning School House

Probable cause was found against Hyman Gardner, young white man of the Swift Creek community, charged with the burning of the Clay Root schoolhouse about two weeks ago, and he was bound over to the August term of Pitt County Superior court under bond of \$500.

The hearing was conducted before Magistrate C. B. Rowlett at the court house late yesterday afternoon. Gardner was arrested by county authorities the first of the week following an investigation into the fire that destroyed the two-teacher frame building accommodating 50 children of the Clay Root community. The building went up in flames about two weeks ago, shortly after Gardner is alleged to have made the statement "that there would be no school there next year."

Five witnesses were put on the stand by the State yesterday afternoon, and there were others that the State did not use. Testimony was to the effect that horse tracks leading from the school house to the Gardner home was discovered by investigators the morning after the fire. It was also stated that Gardner had declared that there would be no more school shortly before the fire.

The fire is believed to have resulted from disagreement between school authorities and an element of the district that desired to control the school during the giving of special entertainments.

Witnesses examined yesterday were J. C. Peel, Asa Smith, Mrs. W. A. Haddock, Miss Crene Jones and Sol Haddock.

NEGRO CONFESSES ATTEMPT TO RAPE SMALL CHILD
Columbia, May 15.—(AP)—Leroy Jackson, 14-year-old Negro, confessed in the state penitentiary today he attempted an assault on a five-year-old white girl of the Graniteville, S. C., yesterday.

Admiral Jones Criticises London Naval Treaty At Hearing In Washington

Declares There Are Several Objections to Pact to Limit the Naval Building; Ad- miral Pratt Declares Country Got Best Agreement Possible

Washington, May 15.—(AP) While one American admiral was praising the London Naval treaty today before a Senate committee, another told a second committee that he could see several objections to it.

Taking the treaty section by section, Rear Admiral Hilary P. Jones, one of the patriachs among naval officers and himself an adviser to the American delegation to London, told the foreign relations committee that, among other things, the new classification of cruisers into six inch and eight inch ships "is contrary to the consistent policy we have maintained always heretofore."

He likewise criticized the battleship provision, saying that France and Italy, who had been parties to the Washington treaty but not to the limitations of the London pact, would not be restricted and adding that while "it does not particularly affect us, I wonder what effect it may have if Great Britain feels alarmed by building by France and Italy."

The speed of 20 knots allowed for the unlimited class of ships also was opposed by Jones. He said this speed "will make very formidable any commerce raider or anti-submarine craft particularly in the Pacific or in the Mediterranean."

Jones followed Secretary Adams on the stand. Meantime before the Senate naval committee Admiral Pratt, commander of the battle fleet, was declaring that the United States "went into this conference with no assets, at all so far as cruisers were concerned," and "got the best agreement possible."

Declaring that "the British always want to restrict us in the type best suited for us—the 8 inch ships," Jones said he had "always objected" to reduction in the American 8 inch ship tonnage.

"I am convinced that if we build up to the tonnage allowed us, we will come up to 1935 frozen into a condition from which we cannot escape," he said.

"Great Britain then will have 180,000 tons for readjustment to meet conditions that may arise.

"If we build the tonnage allowed us in this treaty we will still be frozen into a condition from which we can't escape because we will have only 14,000 tons left."

He said Japan is sure to demand a increased ratio in the next conference. He had no doubt, he said, that a different provision on cruiser limitations could have been obtained at London.

"I firmly believe," said Jones, "that the 5-3 ratio with Japan under the circumstances, that now exist in reality amounts to a 5-5 plus, and I so expressed that opinion to the Japanese in 1927 at Geneva."

The admiral said he realized that possibility of getting party with the largest sea power today is "almost impossible."

"We should have the right to use the tonnage allowed to us in the class of ships we want," he continued.

Episcopal Diocese Accepts Invitation to Meet Here Next Year

Wilmington, May 15.—(AP)—An invitation by the St. Paul's Episcopal church of Greenville to hold the 1931 convention there was accepted today at the closing session of the 47th annual convention of the Diocese of Eastern North Carolina, Protestant Episcopal church.

With the Women's Auxiliary meeting with the diocese representatives the convention adopted a resolution to change the time for next year's convention to the fourth week in January.

OPEN NEW BUS MAIL LINE TO NORTH TODAY

First Bus to Make Run Through This City to Tarboro This Evening

Temporary bus mail service between this city and the north became effective today. The first bus will leave Greenville tonight and will reach the northern distributing center in time to make connection with both northbound and southbound passenger trains.

The service will be of a temporary nature until the first of July when the regular route will become effective. Deliveries of mail will be made to Tarboro instead of Rocky Mount as previously announced.

The Merchants Association today received information from the Post-office Department through Congressman Lindsay Warren that bids for the carrying of the mail would be advertised immediately, and that actual service of the regular bus mail line would begin on July 1.

The night service is the result of a petition recently sent to the Post-office department through the Merchants Association, requesting improvement in the delivery of mail to the north. The taking off of trains on both of the railway lines operating through this city greatly disrupted the service and made it impossible for mail from this city to reach the north during the early part of the night.

The same situation applied to districts below Greenville, and complaints were sent into the Post-office department by the other sections affected. The bus will leave Washington at 7 p. m. and will pick up mail en route at intermediate points between this city and Tarboro.

Business men of the city have expressed satisfaction over inauguration of the bus service and believe that it will have a tendency of greatly relieving the situation here, and afford them an opportunity of maintaining usual mail service with northern points.

Emlen Roosevelt Dies in New York

New York, May 15.—(AP)—W. Emlen Roosevelt, capitalist, and a cousin of the late Theodore Roosevelt, died today at 77, 41st Avenue home at the age of 73.

Mr. Roosevelt had been in ill health for some time. He died at 6:30 o'clock this morning.

He was a member of the financial house of Roosevelt and Son, chairman of all American Cables, and an officer and director in numerous other organizations.

He was the son of James and Elizabeth Roosevelt and married the former Christine Keane.

FARMERS URGED TO PLANT MORE BEANS AND CORN

Raleigh, May 15.—(AP)—North Carolina farmers today were urged to declare a "Declaration of Independence for agriculture in this state" by planting more soy beans corn and cowpeas.

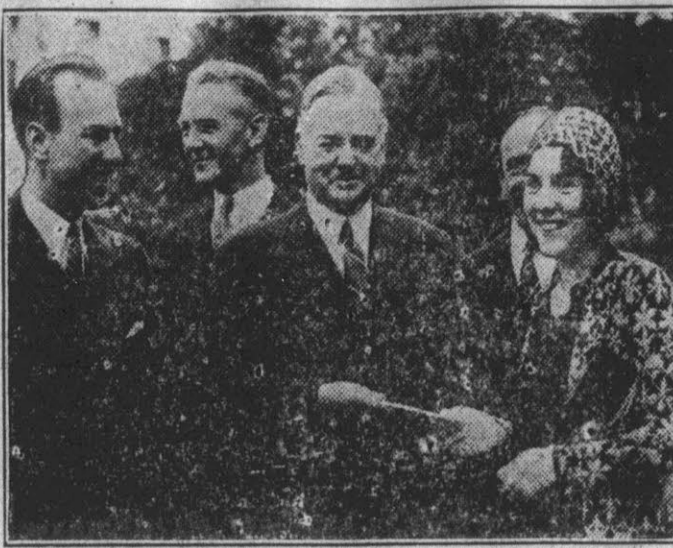

In a proclamation issued here yesterday, Governor Gardner called upon every community leader to produce "this year at least \$50 worth of additional food and feed stuffs as compared with last year's production."

Army Flier Loses Life When Plane Crashes In Hawaii

Honolulu, May 15.—(AP)—Staff Sergeant Joe Becker, stationed at Luke Field, near here, lost his life in the forced landing of a bombing plane in the ocean channel between the Island of Maui and Hawaii yesterday. Ten other men of the army and navy air service, were saved by other planes and surface vessels.

The army bombing plane carrying four men were forced down yesterday while flying from Luke Field, near Honolulu, to Hilo, Hawaii, with a fleet of seventeen other planes. The bomber was not of the amphibian type.

RECEIVES PRIZE FROM HOOVER

Pauline Lodge of Lakewood, Ohio, won first prize in the Gorgas Memorial institute's essay contest on disease prevention. Left to right: Charles R. Walgren, Jr., Chicago, second prize winner; President Hoover and Miss Lodge.

First Of Administration Bills For Improving Dry Enforcement Is Approved

Both Houses Agree to Transfer of Prohibi- tion Department; Measure to Be Sent to the White House After Minor Points Settled

Washington, May 15.—(AP)—The first of the administration's bills for the improvement of prohibition enforcement today bore the approval of both branches of Congress and awaited only the elimination of minor differences between the two Houses before being sent to the White House.

This was the measure to transfer the prohibition unit from the treasury to the justice department and co-ordinate it with the prosecuting agency there under the direction of a single head. It was approved by the Senate late yesterday, with a few minor amendments in which the House is expected to concur.

The vigorous wet and dry debate that the bill had been expected to evoke in the Senate failed to materialize and the only dispute of any consequence came on an amendment offered by Tydings, Democrat, Maryland, to prohibit the addition of poisonous ingredients to denatured industrial alcohol. This was rejected by a vote of 53 to 19.

The principal Senate amendment would provide that the bill become effective next July 1. The Senate approved the House provision that the issuance of industrial alcohol permits be supervised jointly by the treasury and justice departments.

The wet bloc of the House today threw itself behind an effort to obtain consideration at this session of either the Laguardia bill or modification of the Volstead law or the Norton resolution for a referendum on the repeal of the Eighteenth Amendment. At a meeting late yesterday, the bloc decided to circulate a petition to obtain the action it desires.

Both measures are now in the hands of the judiciary committee, and lacking a favorable committee report, can be brought up in the House only if a majority of the members sign the petition.

F. Scott McBride, general superintendent of the Anti-Saloon league last night issued a statement denying that he had given his approval to the contention that the Volstead law permits the manufacture of home brew.

He had been questioned on this point in his appearance before the Senate lobby committee when he was asked for his opinion of a speech by Representative Fort of New Jersey upholding this view.

"In view of the fact that my statements before the committee on this subject seem to have been misunderstood," McBride said, "I wish to make it plain that it is not my view that the Volstead act authorizes the manufacture of beer or home brew."

TO IMPROVE HENDERSON POSTOFFICE BUILDING

Henderson, May 15.—(AP)—Sprigg Brothers and Mitchell, contracting firm of Aiken, S. C., were low bidders for extensive repair work to be done on the postoffice here, it was announced today.

Two other bids were made. The amount of the low bid is being withheld pending confirmation by the Treasury Department.

Charlotte.—(AP)—Two robbers engaged shortly before last midnight in cracking the safe of the Independent Realty and Loan Co. here were discovered by Policeman C. V. Oats but escaped.

COURT TO PASS ON IMPORTANT DRY QUESTION

Supreme Court Will Return Important Decisions During the Present Sitting

Washington, May 15.—(AP)—Important prohibition decisions by the Supreme court are expected before it ends its present term on June 2.

These may define the legal status of purchasers of bootleg liquor, decide whether the government can require manufacturers withdrawing liquor and alcohol for use in their business to renew their permits annually, and whether automobiles can be confiscated without giving lienholders an opportunity to recover them, when seized for illegal transportation.

Attorney General Mitchell, in anticipation of the transfer of prohibition enforcement to the department of justice, is co-ordinating to clarify controversial questions, and to obtain from the highest court its interpretation of disputed phases of the prohibition law.

The question of the guilt of the purchaser of illicit liquor is before the court in two cases. One comes from Boston, brought against James E. Farrar, in which the government contended that the purchaser is equally guilty with the bootlegger. The other is from Philadelphia.

As approximately \$2,000,000,000 is invested annually by financing companies in connection with the purchase of automobiles on deferred installments, those holding this enormous amount in liens are anxious to know whether the government when it seizes automobiles on the charge of illegal transportation can at its pleasure confiscate them under the internal revenue laws, or under the prohibition law.

In the former case the lienholders have no recourse, but in the latter, they may recover the seized vehicles by proving that their use for illegal purposes had been prohibited.

It is expected that the court, in rendering its decisions, will follow its previously announced policy of construing the prohibition laws as aimed at the suppression of the entire liquor traffic and of interpreting them liberally with this end in view.

BAPTISTS AT WORK ON NEW BUDGET TODAY

\$3,000,000 Recommended to Cover Expenses of Activities Next Year

New Orleans, May 15.—(AP)—A budget of \$3,000,000 for next year's activities was recommended to the Southern Baptist Convention today by the convention's executive committee.

In submitting the recommendation, Austin Crouch, of Nashville, Tenn., said the budget had been framed in conference with representatives of all southern agencies; the proposed budget was divided as follows:

- Foreign Mission Board \$1,500,000
- Home Mission Board, (including \$25,000 for New Mexico bonds), \$725,000
- Relief and annuity board, \$210,000
- Educational Board (handled by executive committee) \$100,000
- Southern Baptist Theological Seminary, \$100,000
- Southwestern Theological Seminary, \$152,000
- Baptist Bible Institute, \$110,000
- American Baptist Theological Seminary, \$12,000
- New Orleans Baptist Hospital, \$75,000
- Womens Missionary Union Training School, \$16,000

The total goals set by the nearly a score of states and the District of Columbia for the year is 5,807,907.50.

"Your committee believes that one of the greatest problems confronting our denomination is the problem of enlistment. After making a careful survey, Dr. E. P. Alldredge makes the startling statement that only thirty percent of our people have been enlisted in the support of denominational causes, thus leaving seventy percent unenlisted."

"This great company of unenlisted Baptists have a like precious faith with us." They have been redeemed by the blood of Christ, regenerated by the Holy Spirit, and have confessed Jesus Christ as their Saviour and Lord. Therefore, they constitute a mighty potential missionary force. They need only to be made to see their duty and to feel their responsibility. The ultimate air in promotional work is to enlist every individual Baptist in supporting every phase of the "Master's program."

Tramp Steamer Captured With Rich Rum Cargo

Green Bay, Wis., May 15.—(AP)—The tramp steamer Ansterg, with 5,000 cases of Canadian liquor aboard valued at \$800,000, was captured late yesterday by a crew of the Plum Island Coast Guard station as it attempted to run into Green Bay from Lake Michigan.

The crew of five men, armed with rifles, offered no resistance when the Coast Guardsmen boarded the ship.

Captain M. A. Jackson, of the Plum Island station, sighted the ship, which had been painted black, late yesterday afternoon. It was running at top speed.

A Coast Guard cutter gave chase and soon overhauled the tramp steamer as it was attempting to run the straits into Green Bay, at the tip of the Door County peninsula.

Two Negroes Face Death in Chair for Murder Near Wilson

Wilson, May 15.—(AP)—Aaron Sharp and Berry Richardson, Negroes, today faced death in the electric chair as Wright Bynum and William Randall, their alleged companions in the killing of Callie C. Williford, aged Susan Hill farmer, went on trial in Wilson County Superior court on first degree murder charges.

Sharp and Richardson, who had confessed parts in the slaying and robbing of Williford, were convicted last night after a jury deliberated but seven minutes. Their trial started yesterday morning.

A special venire of 75 was ordered to report in court this morning for the trial of Bynum and Randall, who maintained innocence.

Woman Killer Gives Self Up

Spartanburg, S. C., May 15.—(AP)—Effie Mae Elm, confessed slayer of her cousin, Walter J. Hall, Clifton Mill operative was shot to death on a lonely road May 6, rested in the Spartanburg jail here today after a 60-mile hike to give herself up.

The 19-year-old girl, clad in overalls and with a boyish look, walked from Anderson to Spartanburg to confess she shot Hall when, she said, he advanced on her with a knife.

SPORTS SLANTS

It has been a long time since major league baseball got away to as hilarious a start as it has for the year 10 A. B., marking the end of the decade of cloud. AFTER the season began hitting home runs in record quantities.

The pre-season dope has been kicked all over the premises by the performances of such teams as Washington's Senators and New York's Giants. These two clubs were world's series rivals six years ago but neither received much of a tumble in the advance figuring, especially the Senators. Neither may be 1-2 when September rolls around but a good start is a large part of the battle. Games won in April count just as much as those won in May, June, July, August, and September.

The pitchers took the upper hand for the get-away but the sluggers found the range before a fortnight of campaigning. Since then the carnage has been terrific, with the day alone witnessing an average of nearly 18 runs, 29 hits and six pitchers for each of seven games played.

The attendance and gate receipts boomed in spite of bad early season weather. The Yankees and A's in the only two games they were able to play in April drew \$100,000. The Giants played to capacity houses in Philadelphia and Brooklyn, where it was necessary to look the gates hours before game time. And 18,400 turned out in a snow storm at Pittsburgh for an attempted inaugural that lasted less than three innings.

Earl Harry (Dutch) Clark, about whose athletic exploits around the Rocky Mountain area considerable has been written, will be graduated this June from Colorado College with high honors in scholarship as well as a collection of 12 varsity letters. One of the greatest all-around stars ever developed in the Far West, Clark has three letters in football, one in baseball, four in track and basketball to show for his activities. He has turned down a number of flattering offers from other institutions to return to his alma mater as a coach next season, assisting W. T. (Bully) Van de Graaf in football and taking full charge of the basketball squad.

One of the most remarkable features of Clark's career is that he has achieved extraordinary heights of accomplishment in spite of poor eyesight. Clark was reluctant to admit it and the fact was not generally known that it almost cut short his career. Bill Mulligan, former sports editor of the Colorado Spring Gazette told me that after one basketball game, early in college, Dutch did a lot of dodging and dribbling that seemed unnecessary. When it was mentioned to him afterwards, he admitted it was due to the fact that every opposing player looked like two or three men to him!

After watching the Athletics perform at Franklin Field, Tommy Loughran has decided it is a good place in which to train for his field. He has persuaded Lawson Robertson, Pennsylvania's head track coach, to condition him for his ring work. For his heavy weight work, Loughran might get a few tips from Barney Berlinger, Penn's all-around strong man.

Earl of Derby In Kentucky For Hores Race

Louisville, May 14.—(AP)—Non-professional interest in the Kentucky derby centered today at Lexington, 80 miles west of here, where residents of the Blue Grass section awaited arrival of the Earl of Derby, who will inspect famed thoroughbred nurseries there before coming to Churchill Downs where he will present the Gold Plate to the owner of the winner of Kentucky's great race Saturday.

The Earl will spend two days at Elmendorf Farm, the famous show place of Joseph E. Widener, New York, his host while he is in this country. The English nobleman left Washington yesterday in Mr. Widener's private railroad car, and was expected to arrive in Lexington this morning.

Professional interest in the derby concerned itself today with the result of the derby trial yesterday in which Uncle Luther splashed his way in ahead of a field of six other contenders in a mile dash. Uncle Luther, owned by Luther Stivers, Lexington paid better than five to one in the mutuels, and placed himself in the forefront of the derby candidates, especially if Saturday should be a rainy day. The derby trial yesterday was run in the mud.

Ned O. owned by G. W. Foreman and Dark Entry carrying the colors of Hal Price Headley were second and third in the race.

Coal Schooner Sinks Off N. Y.

New York, May 15.—(AP)—The schooner Azua, bound for Bermuda with a cargo of coal, was rammed and sunk early today by the Savannah liner City of Atlanta, 47 miles southwest of Barnegat Light, N. J. The Savannah line was advised today by radio.

J. E. McLean, master and owner of the Azua, and all seven members of his crew were taken aboard the City of Atlanta, which proceeded on Savannah with her bow damaged above the waterline. The Azua was a four masted, the City of Atlanta sailed from New York yesterday with 22 passengers and a cargo of eight.

Possibility of marriage of Archduke Otto of Austria and Princess Maria, youngest daughter of the Italian royal family, has been mentioned in Vienna political circles.

Sheriff's Tax Sale

By virtue of the tax list execution placed in my hands by the Board of Pitt County Drainage Commission, of Drainage District No. 2, and the levy made thereunder, and the law authorizing such sale, I will on Monday, June 2nd, 1930, at the court house door in the town of Greenville, N. C., beginning at 12 o'clock noon, offer at auction the real estate of the parties hereinafter set out and the real estate as described in the said tax list, unless the taxes and costs on the several parcels are paid by that time. Drainage tax 1929.

This May 8th, 1930.

S. A. WHITEHURST, Sheriff of Pitt County.

BEFORE IT'S TOO LATE!

When tempted to over-indulge

"Reach for a **Lucky** instead!"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a **Lucky** instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." **Lucky Strike** has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that **Lucky** is less irritating to your throat.

"Coming events cast their shadows before"

TUNE IN The Lucky Strike Dance Orchestra, every Saturday and Thursday evening, over N. B. C. networks.

"It's toasted"

Your Throat Protection—against irritation—against cough

*In the U. S. Public Health Reports of 1923, Volume 38, Page 1271, we find the following: "Among short men less than 5 feet 7 inches in height an excess (in weight) of 20% involves an added mortality of 30% above normal. A 40% excess adds 80% to the mortality." We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky** instead" you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

Every household Frigidaire is all

PORCELAIN-ON-STEEL

inside and outside
It will never rust, nor scratch, nor peel, nor blister. It is beautiful when you buy it—and it stays that way

this is ONE reason why

3 times

as many Frigidaires are now in use as any other make of electric refrigerator

Frigidaire is sold with a definite guarantee, backed by General Motors. And still more important to you as a purchaser is the fact that year after year Frigidaire continues to give satisfaction—long after the guarantee has expired. If service should be required it is rendered instantly and without removing the machine from the premises.

WHAT FOOLS THESE MORTALS BE.

Declaring that mob violence knows no laws and no reason and makes fools of men, the Rocky Mount Evening Telegram, commenting on the recent Sherman, Texas, riot and lynching says:

"The less one reads of this mad affair in Sherman, Texas, the less frightened one becomes when one remembers the possibilities for development of similar proportions in this city just little more than a week ago. Negroes, supposedly of this community, were charged with an attack upon a girl. All day and all night the Negroes were chased by milling hundreds, and had he hundreds come upon a Negro in those woods, he would have been slain, regardless of his business here. Woods were burned, property destroyed in the search for two Negroes. And the fact remains that the Negroes for whom the posse combed the woods had no more to do with the crime than any Negro standing idle on a street corner.

"In Sherman the insanity, the savagery of the mob was more apparent. Incensed at their inability to seize a Negro, admitting an attack upon a white woman, the milling, angry, shouting mob searched a court house, blasted open a vault door, hanged the dead body of a Negro to a tree, riddled it with bullets and left a fire burning under it while members continued to destroy Negro places of business and Negro homes. And we doubt, even now, if a single member of the mob can give one satisfactory reason for his participation in this most dreadful of revolts against government.

"To consider the occurrence in Texas recalls the words of Puck as he watched the lovers in the forest: 'Lord, what fools these mortals be!' No jungle feasts and celebrations ever appeared more barbaric. Vandals, this Texas mob! Vandals, completely forgetting law, and order, and the fact that they claim to be civilized and to deserve rights of free men.

"We cannot recall a more insane, a more maddened mob than that which participated in the shameful lynching in Sherman. Men, ordinarily law-abiding became savages. Many of them are members, we imagine, of law-abiding fraternities. Many of them wish today they had never participated. Many of them are truly sick

and weary of the whole affair. And they made barbarians of themselves to accomplish only that which the law would have accomplished for them a few days later had the Negro been proved guilty of the offense with which he was charged. "But the fact remains they were in open revolt against the state. And such revolts, if the majesty of the law is to be upheld, must be punished. Governor Moody dispatched troops and has said that the leaders will be punished. Doubtless they will earn prison sentences.

"We have never been in sympathy with mob formations, mob rules. At best mobs move and act without reason and without right. And we cannot recall one incident where the mob has been more insane, less able to reason the futility of its deed. When grown men permit themselves to return to the state of savagery they appear inevitably most pathetic."

ABOUT TOWN

Greenville people are proud of the new library now under construction on the old Evans Street school site. When completed it will be one of the most handsome structures in the two Carolinas.

The building is the gift of Mr. Harper D. Sheppard of Hanover Pa., and will be a memorial to his father, a native of this county. In addition to giving the building, Mr. Sheppard also donated \$10,000 for furniture, bringing his entire gift to \$60,000.

The building fills a long felt need of the city. For years members of the Library Committee have dreamed of the time when they might build a home in keeping with the splendid community, but not until Mr. Sheppard decided to erect a memorial to his father did this dream assume tangible form.

Embracing as it does certain community features, the new structure will be more than a library. It will be a community center where old and young may spend hours in wholesome pastime and personal improvement.

Gifts of this kind not only stand as a memorial to the men to whom they are dedicated but prove of great help in improving community life and providing a higher type of citizenship. It is a gift which the city is deeply appreciative, and we feel sure Mr. Sheppard will be impressed with the deep gratitude of the people when he visits the city in the near future and sees what his donation has made possible.

Next week will be trade week in Greenville and the Merchants Association has provided a sensational automobile endurance drive as one of the principal features. The drive will continue for a period of one hundred hours, and during that time Hap Roberts will pull off a number of mystery stunts in the different sections of the business district.

This is the first time that such an attraction has been provided for at trade week, and it is certain hundreds of people will come to the city to witness Roberts in his long drive without sleep.

Of inducement to the trading public also will be special bargains to be offered by the merchants during the week. These will include some of the most seasonable materials in stock and the man or woman that misses this chance to buy at real bargain prices may have cause to regret later on in the season.

Members of the Episcopal church in this city are to be congratulated upon the beginning of construction on their new building on Fourth street. Completion of the edifice will fit a long felt need. It is also the realization of a great dream by members of the congregation who have labored year in and year out with the vision of a new church constantly before them. The building will be one of the most beautiful structures of the denomination in this part of the State, and will occupy a commanding position sitting as it does on a hillside overlooking the ravine. The entire city joins the congregation in rejoicing over the great opportunities for service opened up by the new building, and everybody will hope that the same growth will be as evident in the future as in the past.

RED CAGLE'S MARRIAGE REVEALED

Records in Gretna, La., court revealed that Red Cagle, Army football star, and Marion Munford Haile of New Roads, La., were married August 25, 1928.

WEDDING UNITES STAGE STARS

Barbara Newberry, musical comedy actress, and Eddie Foy, Jr., comedian son of a famous comedian father, were married recently in New York. They will go to Hollywood soon where both are under contract to appear in talking pictures.

...and that the man desiring to keep abreast of the time must produce more of the things which he consumes at home. The plan is being tried out by two states in this county, and any grower desiring to farm along this line can obtain much valuable information by going to the farm between this city and Bethel and seeing what is being accomplished. The man that raises the stuff consumed by his family and his stock will be able to live without going heels over head in debt in even of the failure of the principal money crops. He will be able to keep step with prosperity when everything is going dead wrong with the man farming along old lines. The opportunity of more constructive farming was never more bright than at this time and there is no question that the man who adopts a strictly live at home program will come out on top next harvest season.

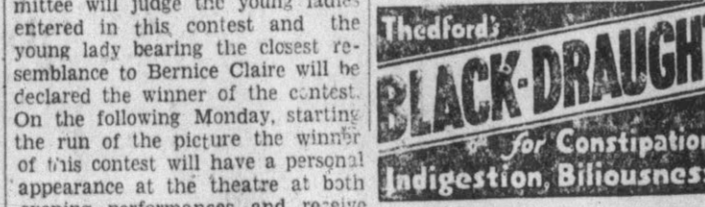

SICK IF SHE ATE CERTAIN THINGS

Carolina Lady Tells How She Was Helped By Theford's Black-Draught.

Winston-Salem, N. C.—"I grew up knowing about Black-Draught—it has been our standard standby all my life," says Mrs. P. H. Dunnagan, 238 Cleveland Avenue, this city. "My father and mother use Black-Draught, and after I got married and began house-keeping, I kept on using it in my home. I don't think there is anything like it.

"Whenever I am troubled with constipation, or bilious indigestion, I immediately begin to take Black-Draught, and soon am feeling like myself again. Sometimes I have spells of indigestion when I have heaviness in my chest and shortness of breath. Whenever I would eat meat, and some other things, I would almost smother. I found that taking Black-Draught relieved this entirely, and I am not bothered with indigestion any more.

"This summer, when I went on my vacation, I took Black-Draught with me. I recommend it to others, because I have found it to be so good, for in a day or two after I have taken Black-Draught, I feel splendid."

DOROTHY DARNIT

the know. This should be quite a thrill for the young lady, winner of the contest. However it is not compulsory. Now, girls here is an opportunity to have your name and photograph presented to one of the largest producing studios that there is, and who can tell that some day in the future this opportunity may bring you fame and fortune. Follow up the trailers, pictures and literature on No. No. Nanette, and if you thing you have an opportunity of winning this contest get your name in the box office as soon as possible at the theatre. This contest will be judged next Saturday at 3 P. M. For further information, see Mr. Corbett, manager of White's Theatre.

AGED JANITOR RETIRES FROM POSTAL WORK

"Uncle Ferd" Barnhill At Age of 67 to Open Business at the River Bridge

Fernando B. Barnhill, probably one of the best known members of the colored race in Greenville, was retired from the government postal service today with partial pay. When "Uncle Ferd," as he is known among hundreds of people here, completed his day this morning, he had rounded out nearly sixteen years as janitor at the postoffice building. He is 67 years of age.

While retiring from service with Uncle Sam, the aged man does not intend to give up the field of labor entirely. In fact, he has already announced his intention of opening a fish, grocery, chicken and produce business at the foot of the river bridge where he has lived over a period of thirty years. "Uncle Ferd" owns his own home and has played an important part in the development of his race.

Before entering the government service, he was connected with the town for fifteen years. He was in charge of city streets and a considerable part of the first drainage pipe was laid under his direction and by his grade. He stated today that he crawled through many a pipe hole at that time to see that the lines were properly laid, and that this experience was only one of the number that he encountered during his work with the city.

He was one of the organizers of the "Rough and Ready" hook and ladder fire department and is still a member. He was captain of the department for twenty years, and during that time the organization made rapid progress. The company is still very active, and is right on the spot whenever needed. During his long years of labor with all classes of people, the aged Negro has never had any differences. He has never been arrested, and is still using his influence as a medium for peace and better understanding among his fellowmen.

He is one of the most prominent members of the Sycamore Hill Baptist church. He has helped nurse the congregation from its infancy and members today recalled the saving of \$3,000 in insurance through his own personal effort. The church was hard pressed in a financial way and was prepared to drop the insurance. "Uncle Ferd" stepped in and offered to carry the insurance himself. A few years later the building went up in flames but the \$3,000 insurance was saved by Barnhill's wisdom and was applied to the new structure now occupied by the congregation.

"Uncle Ferd" expressed his deep appreciation to the people of Greenville for assisting him in his past efforts, but like the Christian he has proved himself to be, he gives God credit for his material success. He has extended a cordial invitation to all his friends to visit his store and see what he is doing in his new field of endeavor.

COMMITTEE SUPPORTS THE POLITICAL ACTIVITIES OF FIVE METHODIST BISHOPS

(Continued from page one) considered significant. Shortly after the afternoon session, Cannon told a friend at the hotel that he was tired but "ready to go back and face that gang tonight."

Although walking with a crutch, due to an injury in an automobile accident, Cannon declined help in climbing or descending the three flights of stairs leading to the committee room.

In the event the committee exonerates Cannon, their decision is final insofar as those charges are concerned. If the committee should order a trial, he will be tried before a jury of clerics, probably in executive session. This point, however, is not clear since there is no precedent, so far as could be determined for trial of a bishop in the church.

Today the convention proper was called to consider further the report of the committee on nationalization, and also hear other committee reports.

The conference yesterday disposed of the most important items on the nationalization program—providing autonomous churches for Brazil, Mexico and Korea, and a bishop for China. There remain recommendations concerning the church in Cuba, Africa and Europe, and suggestions for changes in the rules of discipline to bring that body of laws into conformity with the new churches.

Another subject expected to come before the conference was the question of women's rights to serve as ministers, with a majority report recommending the church accord women this right.

Wayne Forest Fire
Greensboro, N. C. May 15.—Forest fire loss in Wayne and Craven counties for April was reported by Warden A. D. Folwell as \$8,190. Approximately 4,300 acres of land were burned over in Craven county with a loss of \$7,000 and 1,140 acres in Wayne county were burned at a loss of \$1,916.

The University of Kentucky will erect two additional buildings this summer at a cost of \$30,000.

Sam Perry, University of Alabama golfer, won the Southern Conference championship by defeating Bill Duckwall, Florida, one up. Perry is also southern and Alabama state champion.

Fined for Painting House On Sunday

Clarendon, Va., May 15.—(AP)—Fined \$14.25 on a charge of painting his house on Sunday, C. B. Rosenberger intends to apply more paint to his dwelling next Sunday.

Rosenberger was fined yesterday by Justice Harry I. Thomas after he pleaded not guilty.

The defendant's attorneys immediately began preparing an appeal and will file it tomorrow in the Circuit Court of Virginia. If the Circuit Court sustains the lower court, a further appeal is planned.

Contending he was being persecuted, Rosenberger issued this statement:

"I pay taxes and levies on my house and other property in Arlington County, Va., to an amount set by the state and county. In return for this, I contend that I am entitled to the rights and privileges guaranteed by the bill of rights in the constitution of these United States to every citizen regardless of his religious belief or lack of religious belief. Therefore, I shall challenge with all the legal resources available to me, the right of the civil authorities to heed the demands of organized bigotry and idiotic fanatics who are attempting to use the police powers of the state for the purpose of religious persecution."

Marines Begin Action Against Bandit Forces

Managua, Nicaragua, May 15.—(AP)—United States Marines and the Marine-officered National Guard have recommended intensive activity in northern Nicaragua against groups described in an official statement as bandits. In six encounters between May 5 and May 12 sixteen bandits were killed.

Commander General Douglas McDougal of the Nicaraguan National Guard, and a colonel of Marines in an official report of the encounters, said that all the men killed wore red hat bands as their only insigna. He said he did not believe there was any central leader to the military opposition.

An investigation is being made of unconfirmed rumors that Augustino Sandino, former self-styled insurgent, has returned to Nicaragua from Merida, Yucatan, by way of Salvador, and is now directing another insurgent force. The cabinet meeting Tuesday, continued for six days and state of siege in the north departments of Matagalpa, Chontales, Jinotega, Esteli, and the Segovias.

TO REPORT ON WOMAN'S BODY IN SEVERAL DAYS

Greensboro, May 15.—(AP)—E. A. Rasberry, sheriff of Green county, today said he had been informed by the State Department of Health that it would be several days yet before a report would be made of the examination of the stomach of Mrs. George Gay, Snow Hill woman who died under circumstances termed suspicious by officers.

Presented At Court

Mrs. Robert Paine Scripps of Ridgefield, Conn., is one of American women to be presented at British court.

Tires are SO cheap now

TIRE prices today are at the lowest point in the history of the rubber business.

The difference in price between the best standard tire and one that you can't be sure of, is, if anything, hardly enough to count.

That removes the last excuse a sensible man can have for not buying as excellent a tire as the Goodyear All-Weather Tread Balloon.

It is the standard of quality of the world; it outsells any other tire in the world; it is the basis of

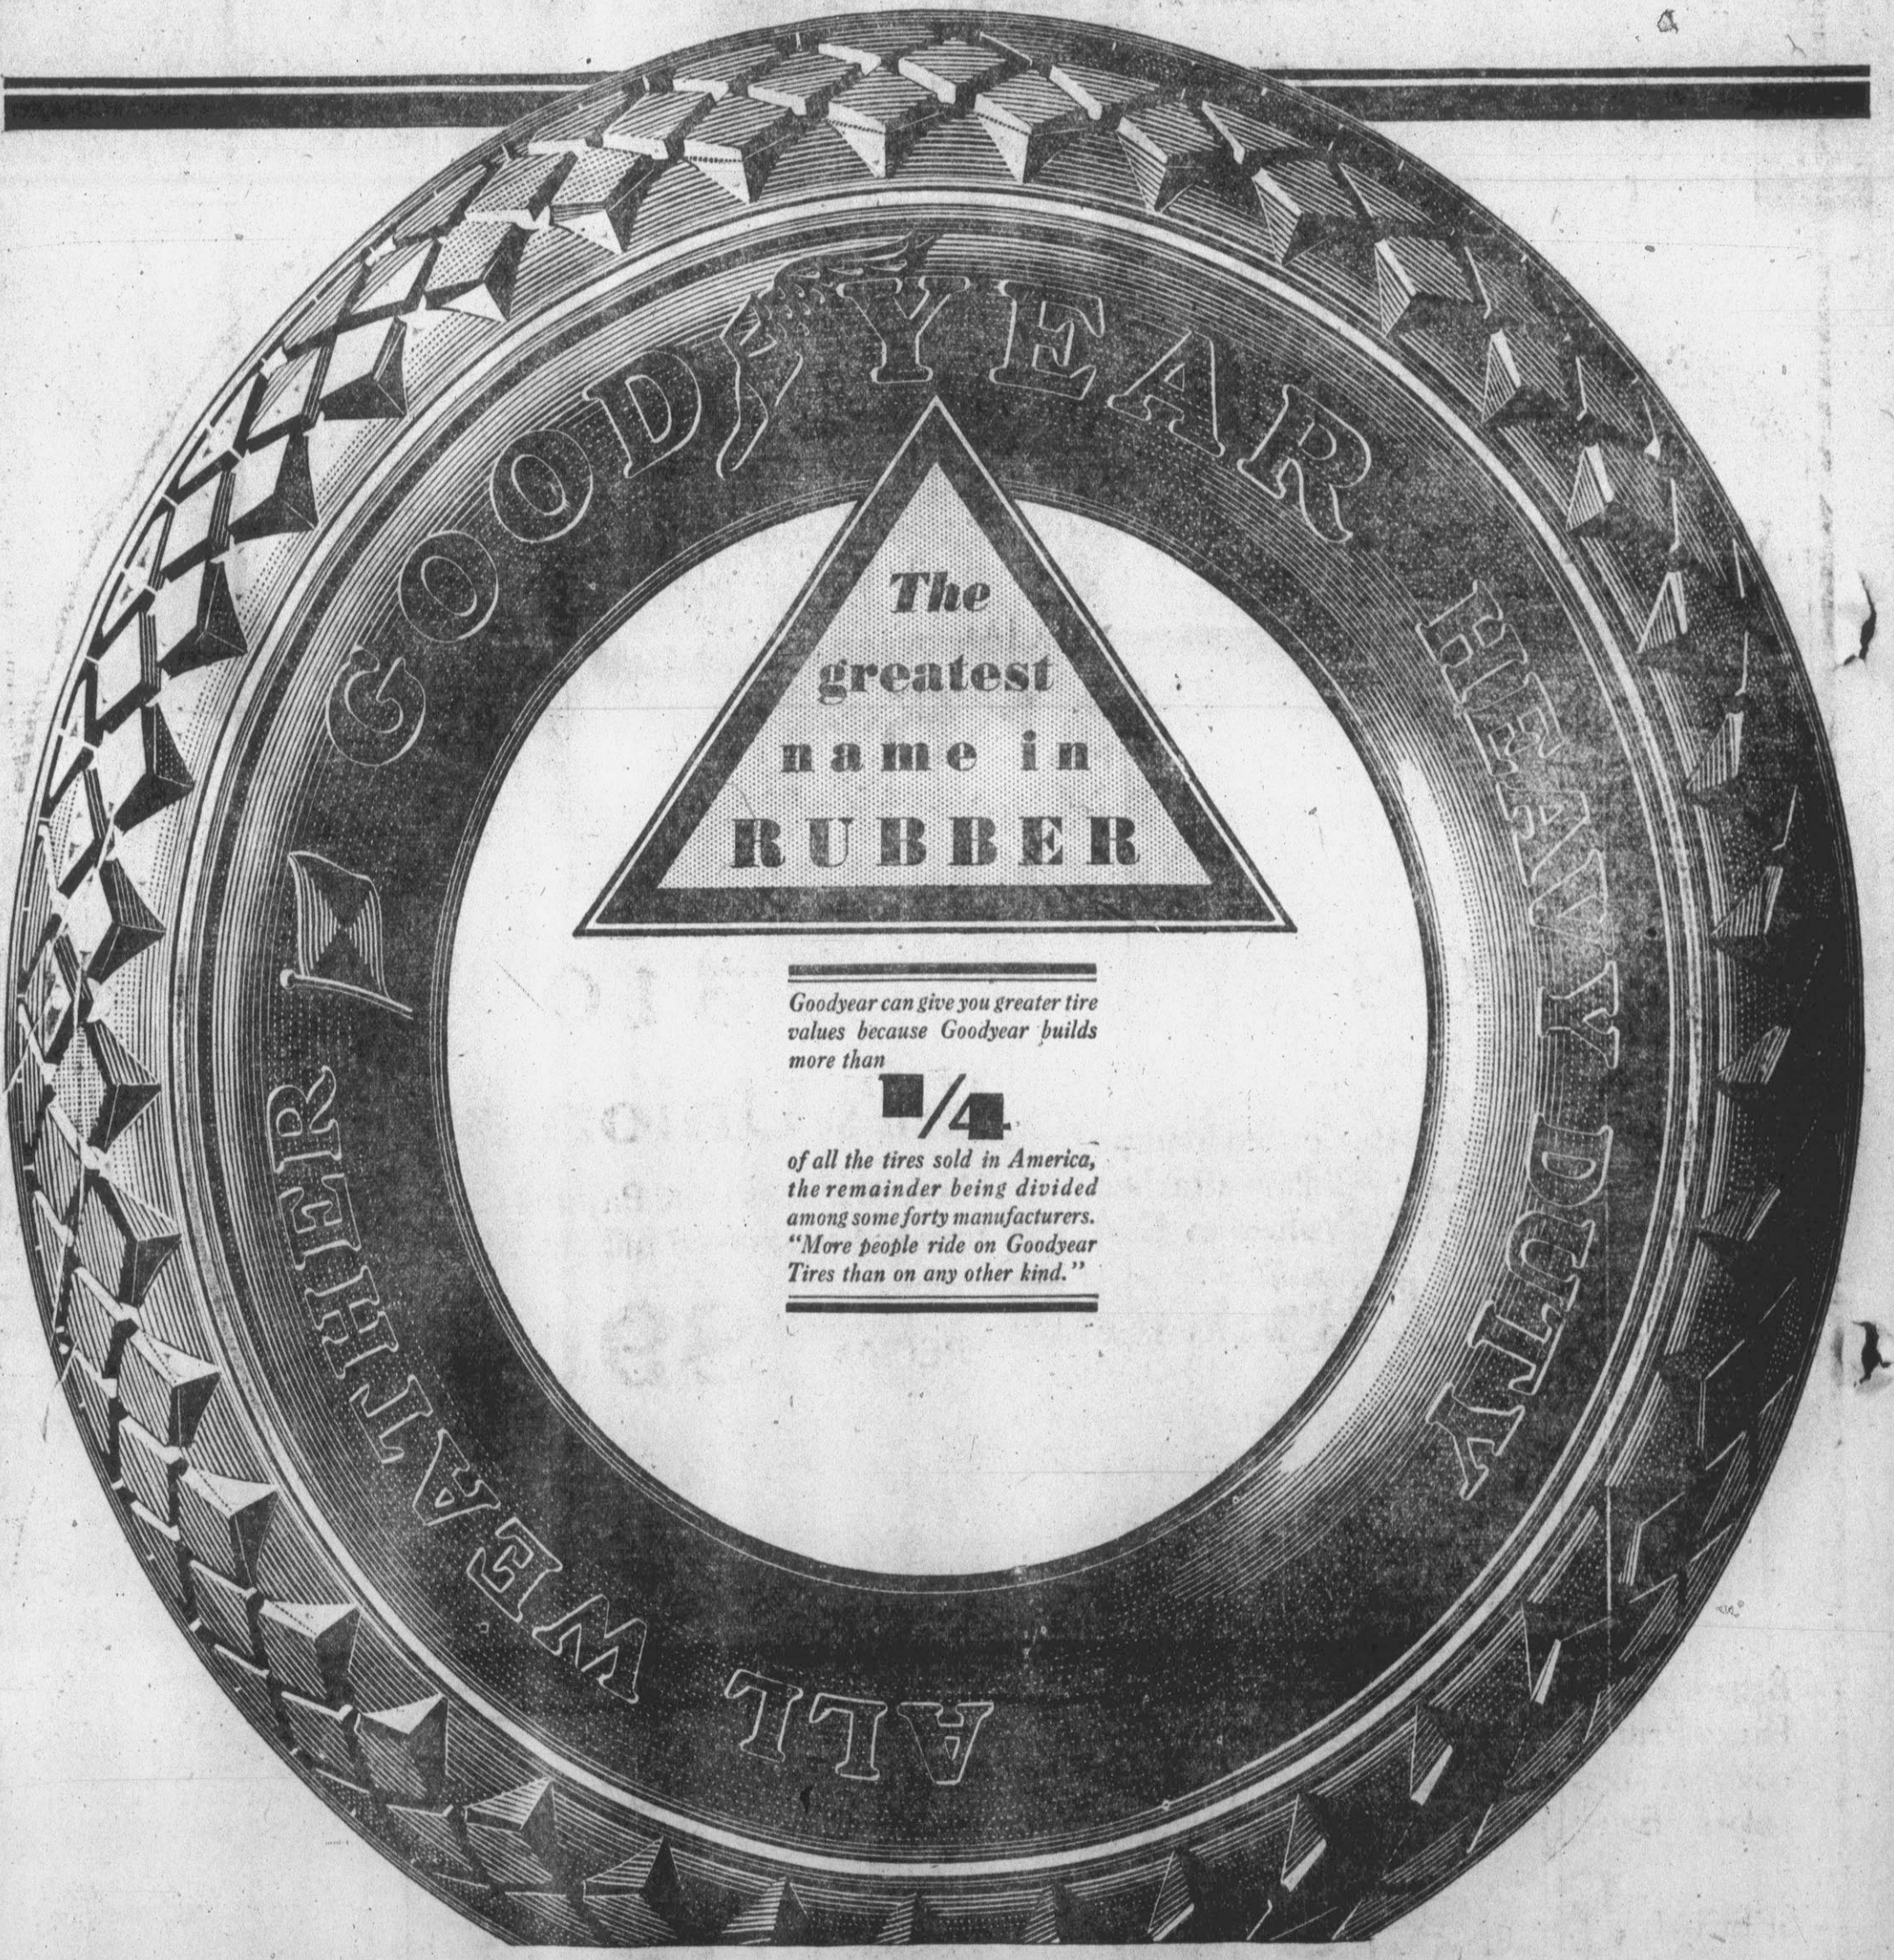

why not have the BEST

the eloquent fact that "more people ride on Goodyear Tires than on any other kind!"

You want the biggest possible money's worth in safety, traction, dependability and mileage when you buy a tire—you can get it

now at no premium in the standard Goodyear All-Weather.

Your size is waiting for you at a price you can afford to pay—no farther away than the nearest Goodyear Dealer!

Trade Your Worn Tires For New Goodyears Now While the Prices Are So Low IT WILL PAY YOU TO SEE THE SUPERTWIST DEMONSTRATION

LUKE PITCHES TEAMMATES TO FINE VICTORY

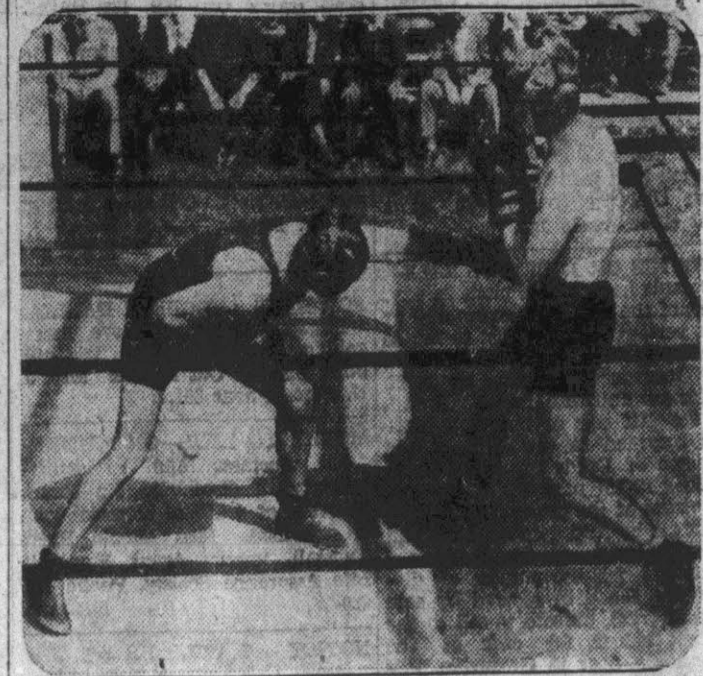

Among the trades which made a good many baseball fans think that the Brooklyn Robins were getting the worst of the bargain were those which brought Glenn Wright and Adolph Luque to Brooklyn. Wright came in exchange for a good pitcher Jess Petty, and was useless last year because of a bad arm. Luque, a veteran of 14 years with Cincinnati arrived in exchange for some much younger baseball material. The two went a long way toward justifying Wilbert Robinson's confidence in them yesterday as they formed an alliance which put the Robins in third place in the National League. Between them they defeated the Cincinnati Reds 7 to 4. Luque pitched his first complete game of the year and won his second victory in four contests. He has yet to be deaiated "Old Tim" gave the Reds nine hits and

only time he allowed a bunch was in the first inning when four singles and a double steal produced two runs. In the third inning, Wright tied the score with a home run with one on base. And in the course of the rest of the game he added two triples and a single and scored one more run. Johnny Frederick completed the Brooklyn triumph with a homer with two on base in the sixth inning.

With the aid of a lot of rain and cold weather, the Brooklyn victory straightened out the National League standing a trifle. All but two of the games in National League and all in American League were postponed. A Brooklyn went into third place, Cincinnati dropped into a tie for fifth while the St. Louis Cardinals, victorious for the eighth successive time, came up to take fourth.

The Cardinals moved into the first division by beating the league leading New York Giants yesterday by a 7 to 3 count as Al Grabowski and Herman Bell gave just four hits. Bell earned the major share of the laurels and received credit for the victory when he took up the pitching job in the fifth inning and allowed just one hit in five frames. Grabowski had yielded the three runs in the third when he walked the bases full and allowed Bill Terry to hit a double.

Yesterday's Stars

Glenn Wright, Robins—Hit home run, two triples and a single for a perfect day at bat as Robins defeated Reds 7 to 4.
Herman Bell, Cardinals—Held Giants to one hit in last five innings as Cardinals won eight straight game.
Frankie Frisch, Cardinals—Home run and two doubles helped cards defeat Giants 7 to 3.

Pointers Gain Firmer Hold On Piedmont League

Charlotte, May 15.—(AP)—Continuing their heavy hitting bonard a brilliant brand of pitching, High Point's Pointers gained a firmer hold on the Piedmont League leadership berth yesterday by topping over Jimmy Teague's Henderson Gamecocks in the first scrap of the two-day series.
Clay Parrish, 200 pound outfielder who cracked out 45 home runs last season, defeated Teague's forces singlehanded with three hits, one a four bagger with two on, to drive in four runs.

The hurling that was necessary for the triumph was supplied by Guy Morton. He yielded but four hits, surrendering but one single until the seventh, and fanned six.
Winston-Salem went into a tie for second place by turning back Durham 6 to 2 in a game featured by Elmer Bray's classy twirling.
He gave the Bulls but five blows, widely scattered over the route, and aided in his own triumph with a double to tally two runners.
At Raleigh the Caps and Patriots were forced to lay idle due to rain. A double header is scheduled between the two clubs for his afternoon—weather permitting.
Lanky Reid was the victim of the Twin attack, getting smashed for 11 blows, bunched timely by Weaver's swatters.
Rimmer led the Winston-Salem batting with three out of five.
Every man in the High Point lineup hit safely at the expense of Poetz and Anders, Gamecock flingers.

Good Pitching Features Sally

Charlotte, May 15.—(AP)—Sally League fans who have been demanding better pitched contests, fewer games of the heavy slugging and big score variety, were served their dish yesterday, for high class twirling featured around the circuit. None of the losing clubs scored a run.

Buck Greene went to the firing line for Asheville at Charlotte and blanked the Hornets 3 to 0 with one of the best performances he fans had witnessed this season. He yielded but six blows.
The Charlotte pitchers were brilliant, also, Newbury and Vaughan allowing five hits between them, but they had no "Smoot" Smith to crack a homer for them as was the case with Greene.
Phil Gullivan turned in his sixth consecutive triumph of the year at Macon as the Peaches continued to hold top place with a deadly grip. His victory was also a shut-out one, his mates giving him three tallies.
The Peaches got to Finn, Augusta hurler, for four hits in the third inning and made them account for the three runs.
Hughey Harmon kept step with Gullivan in the league's pitching race by goose egging the Columbia Comers. His supporting Spinner cast supplied him with two runs and they were sufficient to win. It was also Harmon's sixth victory.
Hudgins and Schner did the heavy stick work for Harmon, Hudgins getting three for four, Schepner two for three.

Market Report Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, May 15.—(AP)—Cotton opened steady at an advance of 1 to 7 points in response to steady Liverpool cables and talk of too much rain in the western belt. Trading was quiet, however, and the advance met some realizing and southern selling which supplied the demand and caused reactions of a point or two during the first half hour.

July contracts eased off from 16.32 to 16.28 and the new October from 14.77 to 14.73. The weather map proved a little more favorable than anticipated and probably accounted for some local selling although local may readers said it looked like showery weather for the western belt. Liverpool cables reported local covering and calling with a cessation of liquidation. They reported an improved demand for cotton cloths from Egypt but complained of a small turnover at the Shanghai auctions and said that yarn sales were much below production.

GRAIN MARKET

Chicago, May 15.—(AP)—Buck gains in price and more active dealings went hand in hand today in the wheat market here. This development was largely due to the fact that Argentine wheat shipments abroad are the smallest in years at this season, and that the amount of wheat on ocean passage is reduced to the least total in almost a quarter century.

Wheat closed unsettled 3-4 to 1-1/4 higher than yesterday's finish; corn closed 1-8 to 1-2 up; oats 1-4 to 3-8 off and provisions unchanged to 5 decline.

STOCK MARKET

New York, May 15.—(AP)—Stock prices sank slowly in unusually calm sea today, as professional operators failed to provide renewed buoyancy, and the public remained apathetic. A few issues in which only a thin market is provided broke sharply but leading shares generally lost little more than 2 points or so.

Neither long or short positions in the market have worked out very profitably of late, and traders were disposed to await developments sufficient definite to be used as a starting point for a new move. With moderate signs of improvement in freight traffic, retail trade, and bank clearances, bears have been cautious, but bulls have failed to attract any notable following in the bidding up of stocks.

Speculative attention was focused on the federal reserve brokerage loan and condition statements, to appear after the close of the market, and this also served to hold operations in check. While the rally in prices over the past week would seem to indicate a substantial gain in loans, hangover liquidation of weakly held stock on rallies sometimes causes a further reduction in the total, even after a selling movement has definitely ended, and the market turned upward.

A conspicuous item in the day's news was the reduction of the American Locomotive annual dividend rate \$8 to \$4, but this had been so generally expected that it was without reflection in the market. Standard Oil of New Jersey's annual report, showing \$4.75 a share against \$4.43 in 1929, and a mildly optimistic summary of conditions in the industry by W. C. Teagle, president, failed to stir up renewed enthusiasm for the oils. Some of the eastern utilities were firm, in response to further rumors of new alignments.

Auburn Auto was an acutely weak spot, dropping nearly 30 points to a new low for the year below 160, and more than 100 points below its 1929 peak.

DURHAM O ELECT COUNTY MANAGER

Durham, May 15.—(AP)—The Durham County Board of Commissioners met today for the purpose of electing a county manager which will inaugurate this form of government in the county.

THE BARRYMORE HEIR

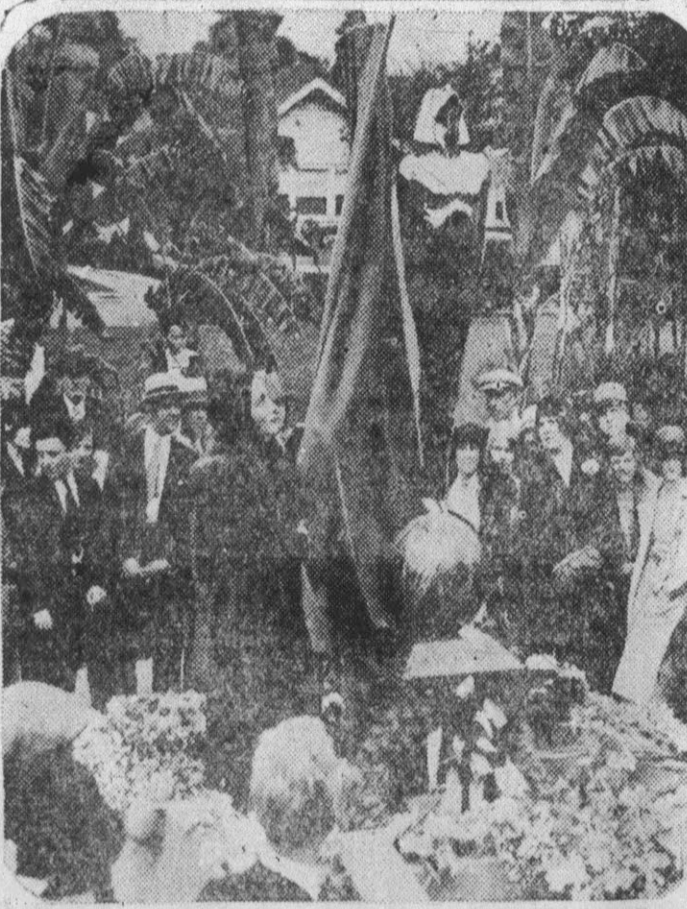

The newest member of the famed Barrymore family of stage and screen is a girl and her name is Dolores Ethel Barrymore. She was born in Los Angeles several weeks ago and is shown here in the arms of her noted father, John Barrymore, with her mother, Dolores Costello, screen star, a much concerned spectator.

CONFEDERATE CLOCK COMES HOME

Senator Walter F. George of Georgia is shown accepting an old clock taken from a Georgia plantation in 1863 by Federal soldiers. Representative Joseph W. Martin, Jr. (right) of Massachusetts, made the presentation in behalf of Attleboro, Mass., G. A. R. in ceremonies at St. Simons Island, Ga., where clock was taken from the plantation of Butler King.

MEMORIAL TO VALENTINO

Dolores Del Rio, Spanish film actress, unveiling a bronze statue called "Aspiration" in De Longpre park, Hollywood, in memory of Rudolph Valentino, famed screen actor, who died in 1926. City officials first objected to the memorial, but permitted its erection with the agreement that it would not resemble the actor.

Wilson.—(AP)—Mrs. U. R. Cozard; of Wilson, was named head of the North Carolina War Mothers at the final session of their convention here.

Jefferson, N. C.—(AP)—Fred A. Greer was held in jail here today charged with inflicting fatal wounds upon Clarence Teeters, 20, in a fight three weeks ago.

NOTICE OF TRUSTEE'S SALE
Default having been made in payment of the indebtedness secured by that certain deed of trust to me as Trustee for the Jefferson Standard Life Insurance Company by C. H. McGowan and wife, Lala McGowan, on the 4th day of February, 1926, and recorded in the office of the Register of Deeds for Pitt County in Book K-151 page 558, I will, under virtue of the power of sale vested in me by said deed of trust, and at the request of the cestui que trust, and for the purpose of discharging the debt secured by said deed of trust, proceed to sell to the highest bidder, for cash, at the courthouse door in Greenville, Pitt County, North Carolina, at 12 o'clock M., on

Saturday, June 21st, 1930
the following described land, to-wit: Lying, situate, and being in the town of Greenville, Pitt County, North Carolina, on the north side of Fifth street and between Fifth Street and Cotanch Street; beginning at the Southeast corner of the brick building known as the C. A. White warehouse on the northern edge of Fifth Street and runs with the line of the White property, a northerly direction 150 feet, more or less, to M. H. Quinerley's line; thence in an Easterly direction with Quinerley's line and parallel to Fifth Street 64 feet to a stake; thence in a Southerly direction and parallel with the first line 110 feet, more or less, to Fifth Street; thence in a Westwardly direction with the Northern edge of Fifth Street, 64 feet to the beginning, being a part of Lot 118 in the original plan of the town of Greenville, and being a part of the same property conveyed by J. J. Forbes and W. A. Stocks to Alfred Weatherington.
This the 13th day of May, 1930.
Julian Price, Trustee.
Brooks, Parker, Smith & Wharton, Attys.
Greensboro, N. C.

Costs 85 Cents a Month To Lose Pounds of Ugly Fat

THOUSANDS OF WOMEN KNOW THIS IS TRUE
How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?
How would you like to lose unhealthy fat that you don't need and don't want and at the same time feel better than you have for years?
How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?
How would you like to get your weight down to normal and at the same time develop that urge for activity that makes work a pleasure and also gain ambition and keenness of mind?
Get on the scales to-day and see how much you weigh—then get an 85 cent bottle of Kruschen Salts which will last you 4 weeks. Take one half teaspoonful every morning in a glass of hot water and when you have finished the first bottle weigh yourself again.
Now you can laugh at the people who pay hundreds of dollars to lose a few pounds of fat—now you will know the pleasant way to lose unsightly fat and you'll also know that the 6 vitalizing salts of Kruschen (Salts that your blood, nerves and glands must have to function properly)—have presented you with glorious health.
After that you'll want to walk around and say to your friends— "One 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."
Leading druggists America over sell Kruschen Salts—you can always get it at Greenville Drug Co.
