URGE SUPPORT OF BOY SCOUTS HIKING CAMP

Kiwanis Speakers Tell of Erection of Scout Camp Two Miles From City.

Greenville Kiwanians assembled in regular session at the Rotary building last night heard Ralph Deal, lieutenant governor of this district, describe the progress of the work that has been made on the Boy Scout hiking camp to be erected on the Falkland road, about two miles from Greenville.

Later during the session, Billy Brown added a word of praise to the activities in behalf of the camp and declared that the people of Greenville could not render a more distinct service to the youth of the community than to provide funds for the camp.

Two Boy Scouts, Ben Herring and Gus Forbes, Jr., appeared in a duet. They were accompanied by the piano by Miss Christine Evans.

Berry Boetic was declared victorious over Jay Sumrell in the presentation of a series of tricks of magic, and was presented a prize.

President Sugg called attention to the Kiwanis convention to be held at Atlantic City the latter part of June.

Walter Braswell reported on the ball game with the Rotary club scheduled for May 30.

Mill Worker Killed By Train

Greensboro, May 17.—(AP)—Lorenza Lee Page, 50, of White Oak Mill village, a suburb of Greensboro was instantly killed early today when struck by a northbound Southern railway train.

Evidence indicated the man was sitting on the end of the crates when the train struck him.

Coroner W. W. Harvey, after investigation, said no inquest was necessary.

President Goes Fishing

Washington, May 17.—(AP)—President Hoover and his party of thirteen guests left early today for a week-end fishing trip at the chief executive's camp on the Rapidan river in Virginia.

Getting an early start after having breakfast at the White House, the party intended to get in a full day of trout fishing.

Controversy Over Cannon Causes Rift In Ranks Of M. E. Temperance Board

Tried For Slaying

William P. Carver, former mayor of Philadelphia is on trial in Sebring, Fla., charged with slaying of his wife and son and a Negro servant.

FLORIDA MAN ON TRIAL FOR KILLING WIFE

Testimony Introduced to Show That W. R. Carver Also Killed Negro Servant

Sebring, Fla., May 17.—(AP)—Testimony intended to show that William R. Carver shot and killed his aged negro servant, Ben Whitehead, after the Negro had killed Carver's wife and infant son with a hatchet, was presented through defense witnesses today in the trial of the former Philadelphia real estate operator, charged with the murder of his wife.

The most important testimony of the morning session was presented by Tom Mitchell, owner of the house in which the Carvers lived on April 2, last, the date of the triple killing.

"I can't see why I should have all this," Mitchell quoted Carver as having said.

Thousands Assembled At Louisville For Opening Of The Kentucky Derby

Great Turf Classic To Get Under Way This Afternoon With Some of The Fastest Horses of The World Participating.

Louisville, Ky., May 17.—(AP)—High tariff or low, big navy or small, wet or dry—today was derby day.

Times may have changed, more exciting scenes may have ushered in previous Kentucky classics of the turf, higher levels of wagering may have been manifest in more prosperous times, but today at least the thoroughbred once again was king in the Bluegrass region, and Louisville, as of old, seethed with the tubulent spirit, the thrill and hubbub of the most spectacular of American horse races.

It takes more than the weighty affairs of Wall Street and Washington to keep them away.

They came to see the fifty-sixth running of the Kentucky derby, at one mile and a quarter, with \$50,000 added, a gold trophy to the winning owner and a horseshoe of roses to the thoroughbred crowned monarch of his class.

They came to see whether Earl Sande would fulfill popular expectations and ride the eastern favorite Gallant Fox, to victory over such hopes of the west as Tannery, Gallant Knight and Buckeye Poet.

Disagreement Reported Current Over Pronouncement of Liquor Question; Daniels Opposes Report of Bishop Cannon With That of His Own.

Dallas, Tex., May 17.—(AP)—Approving the action of the committee on Episcopal church, South, today voted for the election of three additions of the College of Bishops, bringing the total number to sixteen.

The Bishops will be elected by secret ballot some time next week. It was said but no day was set for the vote.

Opponents of the additions said that it would add needless expense to the church. Dr. A. J. Lamar of Nashville, leader of the minority movement, estimated that salaries and expenses alone would amount to \$8,000 each for the three. A bishop's salary is \$6,000.

Dallas, Tex., May 17.—(AP)—A reported rift in the ranks of the temperance committee of the Quadrennial convention of the Methodist Episcopal church, south, headed by Josephus Daniels, former Secretary of the navy, today promised new problems for the delegates.

Exact differences between members of the committee have not been announced. It was learned that disagreement is current over the body's report, however, which when submitted, will be a pronouncement on the liquor question, written by Daniels, plus a large part of the report of Bishop James Cannon, Jr., secretary of the temperance board of the church.

The Cannon report was added, it was said, on motion of A. C. Miller former Governor of Arkansas, despite, Daniels' objections. Some members of the committee today expressed belief that Daniels himself might not concur in the majority report and would support a minority report, which George S. Jones, of Georgia, said he planned to offer.

Bishop Cannon, already center of a convention wrangle, growing out of the accusation that he had operated on the New York stock market, thus may be drawn further in, to the liquor report controversy.

The temperance committee rift appeared last night at a session in which Bishop Cannon was closely questioned. Mr. Jones, chief questioner of the church leader, finally was ruled out of order it was reported.

It was voted to submit the convention report to the public.

Zep Ready For Trip To South Of The Equator

Friedrichshafen, May 17.—(AP)—Tomorrow, weather permitting, the Graf Zeppelin, giant dirigible which has crossed the Atlantic five times and flown around the world once, will begin its first trip to the south of the equator.

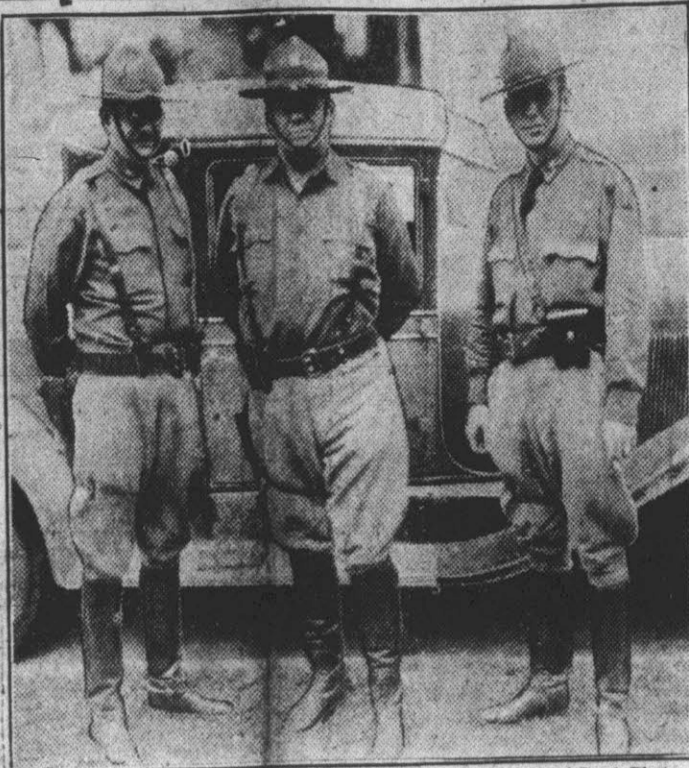

Dr. Hugo Eckener expects to get his vessel into the air between 5 and 9 p. m. (10 and 3 p. m. E. S. T.), and point it in immediately toward Seville, Spain, by way of Marseilles and Lyon, on the first lap of a tour of 17,750 miles.

An overnight stop will be made at Seville Monday. The ship will be attached to a newly constructed mooring mast there, and Tuesday morning will take off on its sixth Atlantic crossing, to Pernambuco, and Rio Janeiro, Brazil.

east, west, north and south came to rub elbows, wager, cheer and feel the throbbing thrill in a climatic whirl of spirited horseflesh around the picturesque oval of Churchill Downs, lasting scarcely more than two minutes. It is only a flash of color, a mad dash and a full-throated roar, this Kentucky derby, but in its tradition and glamorous setting it has become one of the greatest classic of American sport.

As derbies have come and gone, this one has furnished a comparatively calm and peaceful prelude to the excitement that even hard times and a small field could not diminish. As today brought in the final rush and jostling jam of turf

Government Troops Halt Third Raid On Salt Pans In The Dharasaana Field

Four Hundred Civil Disobedience Volunteers Also Begin March Upon The Salt Works At Wadda; Preparations for Arrests.

Dharasaana, India, May 17.—(AP)—Government police today halted a third raid upon the Dharasaana salt pans. Followers of Mrs. Sarojini Naidu, without her personal leadership, marched upon the depot and were stopped in the roadway, as they had been in their attempt on Thursday.

Taking the same route as before the volunteers at about the same spot were stopped and surrounded by a cordon of police. They began to sing religious songs and to spin, duplicating in virtually all particulars their behavior when Mrs. Naidu at their head they submitted to the previous passive frustration of their plans.

Fifty volunteers arrived this forenoon at Untadi from Ahmadabad, and one hundred from Bombay.

When they had gathered together, Mrs. Naidu in the symbolic of the congress told the volunteers they would be mobilized tomorrow or the day after.

Fifty police officers armed with revolvers, fifty with rifles and 500 with bamboo staves and a number of police cars were stationed at Jacob Circle awaiting arrival of the raiders. The commissioner of police was in charge of the forces.

Four hundred civil disobedience volunteers this evening began their march upon the salt works of Wadda. The procession started from Congress House.

The procession marched past one of the largest concentrations of armed police mustered since the beginning of Mahatma Gandhi's campaign of civil resistance.

Six hundred officers, 100 of them with firearms, were stationed at Jacob Circle and elsewhere on the route to the salt depot seven miles from Bombay.

Elaborate preparations for arrest if necessary to thwart an actual rain included preparation of quarters in the development department buildings of Worli, around which is a barbed wire barrier through which electricity current can be circulated.

Renew Search For Missing Jurist

Oakland, Calif., May 17.—(AP)—Superior Judge Edward E. Engs, of Oakland, still was missing today as hundreds of citizens renewed a hunt that began yesterday when he vanished at the critical moment of an important graft trial.

Over-wrought from the strain of a long graft trial, Judge Engs disappeared from his home yesterday morning. Police were told that Judge Engs had been seen wandering aimlessly near his home early yesterday. Later a quarry worker reported seeing the judge wandering dazedly toward the hills.

Calls Cop To Help Give Son Some Medicine

New Bern, May 17.—(AP)—Officers James S. Eryan, R. H. Wilson and L. R. Whitford received a hurry call from 105 Leg avenue.

They rushed to the address and made ready to be of assistance.

"What's the matter?" they asked the man of the house. "Nothing much," was the answer. "My son won't take some medicine the doctor left for him. I want you to help me."

The officers helped administer the medicine and returned to headquarters.

Unrest Among Arabs Causes Deep Concern

Bombay, India, May 17.—(AP)—Growing unrest among the Mohammedan population of India was viewed with concern in European circles here today. Coupled with progress of the Hindu civil disobedience campaign the situation provided a particularly disquieting outlook.

Moslems, who for weeks have abstained from participation in the civil disobedience campaign, now appear to be drawing near the Nationalist leaders through agitation of a cause entirely exterior to India itself—treatment of Moslems in Palestine. Moslem quarters here observed a hartal, or day of protest, Friday in sympathy with the Arabs of Palestine. Although nominally confined to Moslem shopkeepers a number of Hindus closed their shops also.

In connection with the hartal the Moslems celebrated a "Palestine Day" and passed resolutions warning the British that if Moslem claims in Palestine were not satisfied the Mohammedans would take steps to compel recognition.

Woman Thief Employs Some Real Technique

Chicago, May 17.—(AP)—A woman thief with unique technique took some diamonds and valuable trinkets from Mrs. Sarah Karpas yesterday.

The thief was admitted to the Karpas apartment when she said she had a special delivery letter to deliver. Once inside the woman poked her handbag in Mrs. Karpas' face and said there was a pistol inside it; and that she would pull the trigger if Mrs. Karpas started anything.

Having taken all the jewelry she could find, the woman compelled Mrs. Karpas to go to the bathroom, disrobe, get in the tub, fill it with water, and sit there. The thief then walked out.

Kills Robber

Hamel, Minn.—Funds of the Farmers' State Bank are intact, thanks to the nerve and aim of Harry C. Dorweller, cashier. A robber forced him and a woman assistant into a vault, grabbed all the money in sight and started to lock the vault. Dorweller seized a pistol hidden in the vault and shot the man down.

CONGRESS TO END WORK IN NEAR FUTURE

Leaders Plan To Adjourn as Soon as Tariff Question is Disposed Of.

Washington, May 17.—(AP)—With the crisis in the tariff struggle expected next week, congressional leaders are restlessly looking toward an early adjournment of this session.

The London treaty, the tariff and the rivers and harbors bills are the stumbling blocks in the way of adjournment and there is talk in some circles of winding things up immediately—except for the treaty.

The situation hinges on the tariff. That contest depends on the decision of the Senate to the resolution of Senator Smoot, Republican, asking that Senate conferees on the tariff be released from their promise not to recede from the Senate coalition amendments for the export debenture and the legislative flexible provision.

If the tariff can be disposed of next week, some leaders favor immediate adjournment, sending the rivers and harbors bill over to the December session and leaving the treaty contest for a special session of the Senate to be called immediately.

The alternative program, calling for a session lasting until all three propositions are finally settled, means at least another month of debate. Democrat leaders who are preparing to wage a finish fight for their flexible provision in the tariff bill do not look for an adjournment within a month.

While a contest is certain against the London naval treaty on the basis of the first week of hearings which developed opposition to it from the high command in the navy, its advocates are confident of prompt ratification.

Baptist Convention Nears Close Today

New Orleans, May 17.—(AP)—In a convention marked by the absence of serious conflict the Southern Baptist Church made ready to close its annual meeting in New Orleans today with an urge for an unprecedented spiritual revival among all Baptists.

A church-wide appeal for spiritual rejuvenation was made by the committee on evangelism consisting of Dr. L. G. Broughton of Atlanta; Dr. L. R. Scarborough, Fort Worth; Dr. W. W. Hamilton, New Orleans; Dr. Solon B. Cousins, Richmond; and Dr. J. W. Jent, of Bolivar, Mo.

After listening intently without comment while the legislative body of the church adopted the budget plan to raise \$3,000,000 for its needs, planned a haven for the aged and disabled ministers, decided to let the old-constitution ride over another year, mapped its campaign to plant deeper Christianity in the denomination's schools and entrance against the foes of prohibition, Dr. Broughton brought in his committee's plan to "quicken the black-slidden churches and reach the unsaved."

Proponents Confident Of Naval Pact Ratification Sometime In Near Future

are seen in the treaty by Admiral Mark L. Bristol and Hilary P. Jones of the General board. Under hammering cross-examination by Senators friendly to the pact they have maintained these views and have insisted that though the divergence between the board's idea of minimum safe naval strength and the terms of the treaty lay in three, eight-inch gun cruisers, this difference was "vital."

They are not through with the expression of their views, but a week-end lull intervened between yesterday's warm session and resumption of hearings on Monday.

While friends of the treaty were confident of ratification within a month, the opposition gave thought to the possibility of attaching reservations to the pact, although doubt existed that this move could succeed with a week of hearings behind Senate leaders are engaged today in sounding out the membership's sentiments.

BURN BODY OF TEXAS NEGRO AFTER MURDER

Negro Slain and Burned After Killing Landowner At Honey Grove.

Honey Grove, Tex., May 17.—(AP)—Usual quiet today reigned in this section of northern Texas where yesterday the second mob to form within a week burned the body of a Negro who previously had slain E. F. Fortenberry, 50, a landowner. Martial law still is in force at Sherman, Tex., 50 miles distant, where a week ago a mob killed George Hughes, confessed Negro attacker of a white woman, burned the Grayson County Court house, and destroyed other Negro property.

Several thousand persons late yesterday took charge of the body of George Johnson, 30, after he was killed by officers when he resisted arrest on charges of shooting Fortenberry.

The Negro's body was fastened to the rear of a truck, dragged two miles to Honey Grove, and then burned in front of a Negro church after being suspended from a tree. Several hours later a rain storm caused the milling crowd to disperse. The body was recovered and buried.

Fortenberry, who employed the Negro on his farm, went to see the Negro about a debt. The landowner also was a deputy sheriff. The Negro shot him three times, took his gun and fled, after threatening Tom Hannard, Fortenberry's companion. Fortenberry was taken to a hospital but died soon afterward.

Johnson barricaded himself in a cabin. Ten officers surrounded the house and kept up steady volleys until Johnson's gun was silent. Then the crowd made a rush on the cabin. It found the negro lying on the floor, his body pierced by many bullets.

Young Woman Kills Former Sweetheart At Burlington, N. C.

Burlington, May 17.—(AP)—Old sweethearts met on a dark downtown street near a red brick school house here last night.

Today L. T. Jordan, 25, is dead and Neahepe Sanford, 18, stenographer, is being held in custody of police on a charge of murder.

All police know is what the mortally wounded Jordan stammered out between gasps for breath: Neahepe shields her silence with choked sobs.

Jordan and Neahepe had met at a designated point. They quarreled over Jordan's marriage to another girl two months ago. Jordan told police the girl "killed me," and that he had taken the pistol away from her after she fired. He said they were "old sweethearts."

Jordan was taken to a hospital, where he died half an hour later. The girl, too physically weak to be locked up in jail, was led away to her home. A policeman stood guard there during the night.

AMBASSADOR DAWES WILL VISIT IN U. S.

Proposed Trip Causes Considerable Speculation In Washington.

Washington, May 17.—(AP)—A puzzled Washington pondered today the unexpected news that President Hoover expects Ambassador Dawes to return from London before long while Secretary Stimson does not.

Meeting a bewildering number of rumors regarding the purpose of a visit to this country by the Ambassador to London, the president told newspapermen yesterday afternoon that Dawes' only mission here was in connection with the Chicago World's Fair. A few minutes later the state department head summoned newspapermen to tell them that Dawes had not asked permission to leave his post and that with out such authority he could not do so.

Today official and political circles turned over these announcements and thought of the several rumors that had gained circulation immediately before. One of the first—and fastest traveling—was that Mr. Dawes was to resign. It not only met no confirmation but was discredited by those best able to judge.

London, May 17.—(AP)—Ambassador Dawes today, commenting upon reports that he would return soon to Washington, said that he was not applying for leave to visit America until September when he was going there in connection with the Chicago exhibition. He said he would return from Chicago to resume his duties as Ambassador.

The Ambassador was informed of the reports from Washington that he intended to confer with President Hoover with regard to the naval treaty, and to tender his resignation. His answer was contained in a formal statement.

"The Ambassador states that he will not apply for his regular leave of absence until next September, when he will go to Chicago in connection with his duties as chairman of the finance committee of the Chicago century of progress exposition. At the end of his leave he will return to his duties at London."

Four Negroes Draw Death Sentence For Murder At Wilson

Wilson, May 17.—(AP)—Four Negroes peered out from behind the bars of their cells in the Wilson County jail today, looking forward to only one more month of life, unless the hopeful word "if," saves them from death in the electric chair.

The four, Aaron Sharp, Berry Richardson, Wright Bynum and William Randall, last night were sentenced to die in the electric chair at Raleigh, Friday, June 13, within the four hours between 10 A. M. in the morning and 2 P. M. in the afternoon.

They were given the extreme penalty for the murder of Calle C. Williford, aged Sugar Hill farmer, who was beaten to death, his home robbed and burned the night of April 10.

When Presiding Judge Henry A. Grady pronounced the fatal verdict, all save Randall were stoic. Randall bent over and wept. Wives and relatives of the four doomed negroes yelled and screamed hysterically.

Opposition Gives Thought to Attaching Reservations, Although Doubt Exists About Success of Move. Hearings To Be Resumed Monday.

Washington, May 17.—(AP)—Despite objection of the navy general board to terms of the London treaty—expressed in no uncertain terms by two of its members—proponents of the pact in the Senate remained confident today that early ratification lay ahead.

NEXT SATURDAY POPPY DAY IN GREENVILLE

Next Saturday, May twenty-fourth the American Legion Auxiliary will conduct their annual Poppy sale. The Auxiliary hopes to make this the biggest poppy sale they have ever had.

The sale this year will represent the work of the disabled and non-compensated men in thirty-eight hospitals and workshops, stretching from Maine to California and from Washington to Florida. These men are all begging for work and the only way they can be given more work is by each and every Auxiliary selling just a few more poppies this year than last.

Everyone is urged to buy a poppy on Poppy Day.

JEALOUS DOG BITES MASTER AND IS SHOT

Chicago, May 17.—(AP)—Curiosity killed a cat. Jealousy killed a dog.

Bingo, a police dog owned by Edward Thilgie, became uncontrollably jealous last night when his master offered a piece of pie to a strange dog. He growled and glared at Thilgie as the strange dog devoured the pastry. He leaped at Thilgie biting him on the arm and leg. Thilgie was unable to drive the dog off, and bystanders could not help him. A policeman ran in and killed the animal. Thilgie was taken to a hospital.

DR. AND MRS. STONE ENTERTAIN NURSES

It was a dark night, heavy clouds obscured the moon and rain was threatening. But this did not dampen the spirits of the happy group of girls who gathered Friday night at Stencil's Landing for a picnic.

Dr. and Mrs. G. G. Stone entertained the graduating class and the student nurses with a very delightful picnic on that evening. Their happy laughter and joyous shouts doubtless disturbed sleeping nature but for such an occasion nature could well afford to be awarded.

There were pickles and sandwiches and all sorts of goodies and of course what would any campfire supper be without hot dogs and marshmallows.

The tired, contented group gathered about the dying fire and sang songs old and new, and no one was ready to leave at ten o'clock but Miss B. James Smith, supt. of nurses, decided that her bolterous bunch had disturbed the creatures of the forest and the moaning of the trees long enough, so in spite of heart-felt protests, back they went.

This gay affair brought to a close the festivities of graduation week at Pitt Community hospital. The five graduates wish to express their sincere enjoyment and appreciation of all that has been done in their behalf.

COLLEGE DAY AT THE PRESBYTERIAN CHURCH

The 11 a. m. service on Sunday will be given over to the college students and teachers, and a special sermon will be delivered by the pastor. The installation of new officers for the college class will be one of the features of this service. Students will act as ushers, and special music will be rendered for the occasion. The student body will attend and occupy the middle section of the church.

To Stage Pageant.

The annual birthday party of the Woman's Auxiliary will be held on Monday afternoon at four o'clock in the basement of the Presbyterian church. Thirty students of East Carolina Teachers College will give a pageant entitled "The Little Candle." The 1930 birthday gift will be known as the "Hallie Paxson Winsborough Foundation" in honor of the first secretary and leader of the auxiliary, the funds to be used for the retired women workers of the Southern Presbyterian church and the fatherless children of the deceased and disabled ministers.

Shall not we, the women of the Presbyterian church, longing to minister to our Lord, as long ago the women of Judea and Galilee ministered to Him in the days of His pilgrimage on earth, take into our care and keeping in the name of the Hallie Paxson Winsborough Foundation, these fatherless children of the manse; and transmitting the gold and silver of our love into the imperishable gold of their young lives, light for Him yet another candle to shine as a light in a dark place?

GREENVILLE WINS OVER WILMINGTON

The fourth series of matches between teams in the Eastern Carolina Golf Association were held this week. The team representing The Greenville Country Club were hosts to the Cape Fear Country Club of Wilmington here yesterday and defeated Wilmington by the score of 20 to 10.

Next Week Greenville will go up against the strong team from the Wilson Country Club on the local grounds and it is expected that Wilson will bring about 18 or 20 players along. The successful match yesterday brought the standing of the local club up to an even break in the matches played to date having won from Rocky Mount and Wilmington here, and lost to Fayetteville and Wilmington there.

Below is the detailed score cards showing medal score of each player participating in the match yesterday, and also points won by each player for Wilmington and Greenville, respectively.

Dr. M. B. Massey was low scorer for Greenville with a 76 for the 18 holes, while C. N. Phillips and O. A. Hamilton, were the low scorers for Wilmington with 80 each. Dr. Massey's score of 76 was the best for the day, followed closely by another Greenville player, Mack Henderson, with a score of 79.

The lineup of the two teams follows:

High School Wins From Roanoke Rapids

The locals of the Greenville High School turned in their best performance of the season on the local lot yesterday afternoon when they turned back the invaders from Roanoke Rapids by a 5 to 3 score. This win gave the locals a split with all the teams in the conference except Tarboro and Tarboro was

Gold Star Mothers On Visit To Paris

Paris, May 17.—(AP)—Paris looked her most beautiful today for the first contingent of 6,000 Gold Star Mothers here to visit graves of sons who died in the World War.

These first Gold Star Mothers have come to France when the country and the capital particularly are at the height of their spring-time perfection. The chestnut trees that line the boulevards are a bright and shining green, and the public gardens are bright with flowers.

This morning most of the 233 women who arrived yesterday from the American continent themselves will short trip in the neighborhood of their hotels, or resting for the ceremony at the unknown soldier's tomb this afternoon.

Baptist Scouts Beat Methodists

The Boy Scout troop of the Memorial Baptist church defeated the Methodist Scout team this morning by the score of 13 to 9. The victory put the Baptists in the lead of Boy Scout league recently organized here, and they will play the troop of the Christian church next Saturday morning at 10 o'clock.

The pitching of Forbes was the principal feature of the game for the Baptists. Tingle led with the stick for the Methodists. Dick Forester umpired the game.

Burglary Business Hits Evil Days

Chicago, May 17.—(AP)—Joe (Big Charley) Burgess believes the burglary business, and allied arts, have come upon evil days—much more evil than ever.

The 64-year-old man who once was rated himself one of the most expert "soups" men in the safe cracking industry reminiscent, as he sits in his cell awaiting the action of Canadian authorities who have hunted him 18 years for the robbery at New Westminster, B. C.

After a laudatory word for old-timers, Big Charley poured forth bitter words against the present day law violators. "He's worse than an animal," said Big Charley, referring

to the machine gun killers, "even a rattlesnake" gives a warning. These modern vipers shoot without giving their victim a chance.

He had much good to say of most of the well known bad men of his younger years. "The Jamie boys, the Younger brothers, Henry Starr—all good sports," Big Charley opined. But Charley, Bill was different. "He was low down," said Big Charley. "He killed 24 persons for no good reason. I never did like him."

Henry Starr, in Big Charley's opinion, was a "square shooter; but his sister Belle, she was a tough un". Someone inquired if Big Charley knew the Judge Parker who sent Cherokee Bill to the gallows, and Big Charley replied: "Only socially."

Big Charley was arrested as a "bum" and identified by finger print records.

Renew Search For Alleged Assailant Of Liberty Girl

Liberty (May 17.—(AP)—A renewed search for a negro, the alleged assailant of 15-year-old Neva Overman, Liberty girl, was begun this morning by a posse of 20 armed men.

Officers abandoned the search last night after they scoured a wood near Liberty where it was reported a Negro answering the description of the one wanted, was seen to enter.

There was little excitement today. The hunt had developed into a systematic search.

Three Members Of Ship Crew Perish

New York, May 17.—(AP)—Three members of the crew of the coal schooner Azua, including Capt. J. E. McLean, owner of the vessel, were lost when the vessel was rammed and sunk by the steamer City of Atlanta off Barnegat Light, N. J., May 15, it was believed today.

First reports from the City of Atlanta said all seven of the Azua's crew had been saved.

Emory Sexton, agent here for the Azua line, said he received word from the City of Atlanta's owner that the three had been lost, but Savannah line officials said they could not verify the report until the City of Atlanta reached Savannah today.

The steamer is captained by Capt. John M. Diehl, who was in command of the City of Rome when it rammed and sank the submarine S-51 off Block Island in 1925 with a loss of 35 lives.

GRAIN MARKET

Chicago, May 17.—(AP)—Uneasiness regarding unseasonable cold weather led to a late advance in wheat values today, notwithstanding early declines. Sleet and snow prevailed in some parts of Nebraska and frosts were reported in states northwest. Estimates were current, too, that export purchases of North American wheat today totaled 1,000,000 bushels, making an aggregate of about 4,000,000 bushels in the last three days.

STOCK MARKET

New York, May 17.—(AP)—The stock market ended its quietest week since January today with nothing appearing to shake it out of its lethargy.

Recent dullness of the market had prompted a group of the largest professional operators to leave town for a week-end outing.

The only development attracting much attention was the failure of the Santa Fe Springs oil producers to reach an agreement to cut production down to the allotted quota.

This was a factor in the selling of the oil shares, as there was a feeling in some quarters that the entire California curtailment program may be threatened, but oil circles generally were inclined to view the situation calmly.

FLORIDA MAN ON TRIAL FOR KILLING WIFE (Continued from page one) "I wish I had got mine over there while I was in the army. I've been through hell once and now have nothing to live for."

Mitchell said he told Carver, "You have your baby to live for," Carver replied, according to Mitchell: "But my wife and boy—I wish I had had a shotgun. I would have made a sieve out of that Negro."

Lawrence Whitener, a yard man employed by Mitchell, said he passed the Carver home on the day before the tragedy and had a conversation with Whitehead.

"I asked Whitehead how he was feeling today," said Whitener, "and he said 'I don't feel so good today. I was out on a big drunk last night and as soon as I get through with this grass I'm going into town'."

Louis Evers, Avon Park electrician said he had come to the Carver home on the morning of the tragedy to get some fishing poles, and noticed that Mrs. Carver appeared excited.

"I told her I had come to get some fishing poles, and she replied 'Ah, ah, I am glad you have come,'" Evers said.

At the first meeting, the committee passed upon the "physical effectiveness" of all Bishops in the college. At the night meeting, it was decided to recommend to the conference today the election of three new bishops.

The additions to the college will have supervision of the constantly expanding charges of the church. The conference has a list of twenty or more outstanding churchmen from which to make choices.

Two special orders were set for today—the first dealing with the report of the committee on finance, and the second with the spiritual state of the church.

If the subject can be wedged in, women delegates planned to bring up their memorial asking for equal rights as ministers with men. If unconsidered today, the feminine delegation planned to force action on this memorial Monday.

At the Downs, the \$2 mutual "iron-men" have been getting the "play" from bettors who formerly marched up prosperously to the \$50 windows.

Fewer special trains have brought their throngs of the faithful. Many familiar faces are missing. Even the Earl of Derby has been indisposed for two days, unable to fulfill many of his engagements because of a severe cold, but his lordship, due here to-day from Lexington, fully expected to watch his first American derby and present the famous trophy to the proud owner of the victorious thoroughbred.

Boone Blanks Raleigh Caps Charlotte, May 17.—(AP)—Dan Boone sent his rookie righthander Bob Durham, to the mound again yesterday and he blanked the Raleigh Caps to enable High Point to cling to the Piedmont-League leadership.

Durham, former Eastern Carolina League star, let the Caps down with five scattered hits and won his own game with a homer, adding a single for good measure to capture both pitching and hitting honors.

The final score was 5 to 0. It was the fastest exhibition of the season at High Point, despite a light rain, being reeled off in an hour and twenty minutes.

Winston-Salem and Henderson stuck to the Potters' heels in the close race by licking Greensboro and Durham, respectively.

The Twins swamped Greensboro in a miserable affair, 11 to 7. George Ferrell, Weafer and Rimmer posed homers for the Twins. Twelve bases on balls slowed up the game, and made it uninteresting for the fans.

Good Pitching Features Sally

Charlotte, May 17.—(AP)—Tom Nally's sensational hitting and Alsbrook's excellent pitching yesterday ruined Greenville's and Macon's chances of having a perfect week in the Sally League.

Nash was the whole show at Asheville as the Tourists whipped the Spinners. He tied the score with a hit in the ninth inning, and on his next appearance, in the 11, got another to send the winning run across the plate to give Spinners forces a 6 to 5 triumph.

Lee Ormand, recently released by Charlotte, was signed by the Tourists in the morning and was called on to pitch in the afternoon.

He made his debut in great fashion, besting Yeargin, Spinner ace, in the extra inning tussle.

Macon's winning streak was stopped at four straight as George Fiedler sent Alsbrook, recruit hurler, against the Peaches at Columbia. He baffled the Macon batsmen in every inning save the seventh, and the South Carolinians won 4 to 3 behind his great flinging.

Young, Stebbins and Brauchle got two hits apiece to lead Columbia's batting.

Charlotte's Hornets, with the elongated Earl Brown on the mound defeated Augustus again. Brown gave up but six hits and did not allow an Augusta player to reach third. His mates gave him five runs.

Holland and Tallamante cracked out three hits each to capture swarming laurels.

Richardson, Macon hurler, fanned seven of the Columbia batsmen in losing the decision to Young Alsbrook.

Good Pitching Features Sally

Charlotte, May 17.—(AP)—Tom Nally's sensational hitting and Alsbrook's excellent pitching yesterday ruined Greenville's and Macon's chances of having a perfect week in the Sally League.

Nash was the whole show at Asheville as the Tourists whipped the Spinners. He tied the score with a hit in the ninth inning, and on his next appearance, in the 11, got another to send the winning run across the plate to give Spinners forces a 6 to 5 triumph.

Lee Ormand, recently released by Charlotte, was signed by the Tourists in the morning and was called on to pitch in the afternoon.

He made his debut in great fashion, besting Yeargin, Spinner ace, in the extra inning tussle.

Macon's winning streak was stopped at four straight as George Fiedler sent Alsbrook, recruit hurler, against the Peaches at Columbia. He baffled the Macon batsmen in every inning save the seventh, and the South Carolinians won 4 to 3 behind his great flinging.

Young, Stebbins and Brauchle got two hits apiece to lead Columbia's batting.

Charlotte's Hornets, with the elongated Earl Brown on the mound defeated Augustus again. Brown gave up but six hits and did not allow an Augusta player to reach third. His mates gave him five runs.

Holland and Tallamante cracked out three hits each to capture swarming laurels.

Richardson, Macon hurler, fanned seven of the Columbia batsmen in losing the decision to Young Alsbrook.
