

U. S. MOTHERS VISIT GRAVES OF WAR DEAD

Gold Star Mothers Drive From Verdun to Principal U. S. Cemetery in France

Romagne - Sous - Montfaucon France, May 21.—(AP)—Nearly two-thirds of the American gold star mothers who have made the long journey to France, looked for the first time today on their soldier sons' graves in the principal American military cemetery here.

There are buried in this cemetery half of America's war dead in this country.

The mothers came in motor cars from historic Verdun where they spent the night resting from their long drive from Paris.

The sky itself was tinged with sadness and rain cut short the pilgrimage after an hour. Many of the mothers had brought evergreen wreaths, some entwined with flowers and others found wreaths ready for them here. Some brought little American flags which they placed on the graves.

When after an hour a squall of rain came, the mothers were hurried by the accompanying officers to the hostess house and where lunch was served.

All of the mothers arrived well at Verdun last night, but so many were tired that that city's welcoming ceremony was postponed until

this morning. Mayor Schleiter and other officials as well as the French war widows of the region greeted them. Florence Sibley, American resident of Verdun, acted as interpreter.

Among the places which the mothers visited were such well known spots in America's war history as Soissons, Chateau Thierry, St. Quentin and Bar Le Duc. There were but few signs of the war left as nature has covered over the scars of the battle fields with blue bells, golden broom and lilies of the valley. A blasted, splintered tree here and there still stands as a reminder of the terrible struggle that raged day after day on these fields, but for the most part the most historic battle grounds, particularly Belleau Wood, were peaceful pleasant country sides.

The arrangements for care of the mothers were so carefully made and such good care was taken of the pilgrims that none of the mothers today had reported anything but mild indispositions and fatigue inseparable from the long journey they had made.

Paris, May 21.—(AP)—The visiting American gold star mothers had a perfect health record today, not a single case of illness being reported from the doctors attending the five groups scattered throughout France.

The Paris group of 16 mothers motored again to Suresnes cemetery after luncheon and visited Versailles where all were anxious to see the famous Hall of Mirrors in which the peace treaty was signed.

Honor Memory of Cody
Denver, Colo., May 21.—(AP)—Election of officers completed, delegates here in attendance at the annual convention of the National Congress of Parents and Teachers today honored the memory of Col. William F. Cody (Buffalo Bill) with a pilgrimage to his grave atop Lookout mountain.

Land Sale Notice For 1929 Taxes Town Of Greenville

By virtue of authority vested in me as tax collector for the Town of Greenville, and by order of the Board of Aldermen, I will on Monday, June 2, 1930, at noon in front of the Court House door in the Town of Greenville, sell to the highest bidder for cash the following real estate for town taxes for the year of 1929.

All persons paying said taxes prior to the date of sale will have their names dropped from the list and save additional cost.

Interest and cost will begin on the date of sale and be charged against the said taxes at the legal rate, whether taxes are bought by individuals or bid in by the town.

This the 7th day of May, 1930.

J. R. GASKINS, Town Tax Collector.

Social and Personal

Miss Eugenia Howard, of Roxboro, is visiting Mr. and Mrs. C. W. Howard.

Mr. and Mrs. W. A. Sellars, of Wilson, were here yesterday.

Mrs. E. H. Evans left yesterday for St. Petersburg, Fla., after spending several days here at the home of her son, L. C. Evans.

Miss Mildred Bilbro has returned from Wingate College, where she has been attending school.

Mrs. Della Pittman, of Hobgood, is visiting her daughter, Mrs. Estelle McLemore.

Mrs. Estelle Yough, of Farmville, was here today.

Mrs. Robert Vaughn, of Winston-Salem, who has been visiting her parents, Mr. and Mrs. L. C. Arthur, has returned to her home.

Mrs. Preston Tyson, of Wilson, was here yesterday.

Mrs. James Norfleet, Jr., of Winston-Salem, who has been visiting her sister, Mrs. J. M. Henderson, Jr., has returned home. She was accompanied by Mrs. Henderson and little son.

Wanted.

Everyone in Greenville to buy and wear a poppy Saturday. Sold by the American Legion Auxiliary.

WOMAN'S CLUB TO MEET TOMORROW

The Woman's Club will meet tomorrow afternoon at 3:30 at the club house. Reports from the State Federation will be given.

The cup won by Mrs. E. T. Roberson will be presented at this time. All new officers will be presented to the club. Every member is urged to be present.

Piano Recital at High School.

There will be a piano recital by pupils of the Greenville city schools Thursday evening, May 22, at eight o'clock in the high school auditorium. Wed-Thu.

Court Quits Work Until Tomorrow

After catching up with the calendar, the civil term of Pitt county Superior court was adjourned shortly before the noon hour today until tomorrow morning. It was stated that apparently twenty of the one hundred or more cases on the calendars for both weeks had been disposed of.

The Sinclair Refining Company was awarded judgment this morning for \$6,000 against V. A. Jackson, a former representative of the concern in this territory.

Jackson, who had filed suit against the oil people for some \$10,000 failed to appear to prosecute the case and a counter-claim brought by the plaintiffs received favorable action.

Jackson contended, it was said, he suffered considerable loss through a shortage created by the company installing a tank that held more than it registered. The tank, it was contended, was supposed to hold 500 gallons of gas, but actually held 503 gallons, resulting in loss to him every time it was filled. The company contended otherwise and asked for \$5,000 judgment.

George L. Mecker was awarded judgment for \$402.00 against B. G. Aboynounis, local merchant. The suit grew out of a dispute over a note.

Buy and wear a poppy Saturday.

HAP ROBERTS GETS OFF ON ENDURANCE DRIVE

Roy Roberts started his one hundred hour grind promptly at nine o'clock Tuesday morning. As the town clock tolled out the hour set for his start he pulled away from the curb in front of the Merchants Association office with his motor already warmed up and running smoothly. With several officers of the association and a large crowd to witness the act a Lisco strap watch, selected from Tolar's, was strapped on his right arm and then was chained and handcuffed to the steering post of the Fordor Sedan in which he will continue to drive, without sleep and without stopping the motor, for one hundred hours. Before starting on his most unusual drive Mr. Roberts also selected the official timepiece for the drive, a handsome Gruen Pentagon. Desiring the most accurate time and a watch of distinction, Mr. Roberts did not hesitate to visit the local Gruen dealer and decide on this watch that is known the world over as "The Croix De Guerre for American Achievement." Due to the value of the watch selected Mr. Roberts was unwilling to take the risk as the droning motor drags him through the many long hours of the days and nights to follow and he arranged with Tolar Jewelry Company to display the official timepiece in their window "At The Big Clock."

D. A. R. Meets.

On Saturday afternoon Mrs. T. A. Person was the charming hostess to the Col. Alexander McAllister chapter D. A. R., Mrs. W. B. Murphy, regent, presiding. After the pledge of allegiance and the American's Creed were given, Mrs. Robert Isley rendered the devotional service in a most interesting and impressive manner.

In the routine of business plans were made for unveiling the marker June 3rd, on the Farmville-Snow Hill highway, three miles north of Snow Hill. It will mark "Old Hull Road," cut by General Hull in the march of the British army through Eastern Carolina during the Revolutionary war. Two miles east is the grave of Thomas Holliday, general in the American army in the war of 1812. Mr. J. C. B. Ehringhaus of Elizabeth City, will make the main address. This will be at the school auditorium in Snow Hill.

Mrs. Isley told most interestingly of the chapter pilgrimage on April 17th to Orton, the beautiful estate of Mrs. Sprunt, and the Azalea Gardens near Wilmington. Dr. R. H. Wright, president of East Carolina Teachers College, made a wonderful talk on "Next Developments in Education."

The hostess, assisted by her sister, Mrs. Tilghman, served a delicious salad course. —Reported.

Remember those who died on Flanders Fields. Buy poppies Saturday.

PYTHIANS TO OBSERVE 33rd ANNIVERSARY HERE

Thursday night the Tar River Lodge, Knights of Pythias, will celebrate its 33rd anniversary and also honor Grand Vice Chancellor Sam Worthington, who will become Grand Chancellor of the Pythians of the State.

A splendid program has been arranged for the occasion and all Pythians are urged to be in attendance.

Mid-week Service Tonight.

We call the attention of every member of Memorial Baptist church to this engagement. Do not forget it. Come with us, and receive a blessing in this hour of praise, prayer and Bible study. We will give our attention tonight to the subject "Why Study the Bible?" We meet at 8 o'clock.

Presbyterian Church.

Mr. W. M. Hinton will lead the prayer service at the Presbyterian church this evening, beginning at eight o'clock. The pastor, Rev. W. S. Harden, left this morning for Charlottesville, Va., to attend the meeting of the General Assembly of the Southern Presbyterian church.

Jarvis Memorial Church.

Prayer services tonight at Jarvis Memorial M. E. church at eight o'clock. Come and study with us another one of the parables, "The Foolish Rich Man." Luke 12:13-21. The Junior choir will be present to render their fine part in the service. The pastor will be in charge of prayer meeting as usual.

Morganton, N. C.—(AP)—Ernest Grady, 17, son of Cam Grady, was drowned yesterday afternoon while swimming with friends in Hunting creek. He had an attack of cramp.

NAMES IOWAN AS MINISTER TO CANADA

(Continued from page one) commander who he declared was trying to control Iowa senatorial election.

Brookhart could not be reached today when MacNider's selection for the Canadian post became known. The appointment must be confirmed by the Senate.

The President's nominee is a banker and since his retirement from the war department has returned to banking in his home state.

He was a national guard officer before the world war, and served overseas as an officer in the Second Division. His election to national commander of the American Legion took place in 1921. He wears the distinguished service cross and several foreign decorations. He is 40 years old.

President Coolidge appointed him assistant secretary of war in 1925 and he served in that capacity until 1928.

DAVIS LEAD FOR SENATE STILL GROWS

(Continued from page one)

and Grundy led in early returns and an equal number in Westmoreland and Laskawanna. Of the districts remaining to be tabulated approximately 400 were in Allegheny, in which the city of Pittsburgh is located and the remainder were through territory which generally gave Pinchot and Grundy heavy majorities.

ROBINSON CHARGES RASK WITH IMPORTANT PART IN "ANTI-DRY" ORGANIZATION

(Continued from page one) testimony that there might be armed revolution in this country against prohibition, and on being asked what the policy of the association would be in that event, refused to commit himself further than to say that he would cross that bridge when he got to it.

Statements of this nature, he Senator continued, were "rather common in the circles of the association's officials. He quoted Emory B. Clark, a director of the association as saying in a letter: "If there is to be a revolution in this country, let us approach it with a calm and sane mind." To Arthur W. Machen, head of the Maryland branch of the association, he attributed the statement: "If the dry tyranny is not overthrown by ballots now, it will be overthrown by bullets hereafter."

Adverting to the question of a new political party, Robinson said: "A third political party to be known as the Liberal party was discussed at one of the meetings of the directors (of the association) and correspondence indicated that Pierre S. DuPont, chairman of the executive committee would probably become an active member in this party. It developed also in testimony that the DuPonts are large manufacturers of industrial alcohol, and, therefore, would have a selfish and commercial interest in the question of prohibition. Furthermore, correspondence found in the files of the association revealed that DuPont said one of his companies would have \$10,000,000 in corporation taxes if he should have, say, the British tax on beer."

SAYS SALES TAX IS UNSOUND IN PRINCIPLE

(Continued from page one) one source to another until at the end the consumed would be the goat. He declared that the sales tax would result in higher prices, and encourage in mail order buying, and would drive business to other states owing to the fact that state business houses would not be able to compete with prices from other states.

He declared that adoption of such a system of taxation would require at least three hundred inspectors at an annual cost of \$1,500,000, collected at the source of final sale. He pointed out that it is unlawful to tax interstate commerce and that that this made it impossible to tax goods coming in from other states.

He said resorting to such a measure would be literally shifting the burden of taxation and not giving the desired relief, and that the Merchants Association was unalterably opposed to such a plan.

FLAG TOURNAMENT TO BE GIVEN BY PUTT-A-ROUND

\$10.00 in Gold to Ladies; \$10.00 in Gold to Gents.

On Wednesday, May 21st, the Greenville Putt-A-Round Golf course Company will begin its Flag Tournament. The operators have arranged this tournament in such a manner as to give every qualifying player an equal chance to win the prizes offered. The rules and regulations governing the tournament are as follows:

(1) The tournament for both ladies and gents will begin Wednesday, May 21st, and the finals for the ladies' tournament will be held at 8:00 p. m. o'clock on Monday, June 30th, and the tournament finals for the gents will begin at 8:00 p. m. o'clock on Tuesday, July 1st;

(2) In order to qualify for playing in the tournament, both ladies and gents must play at least twelve (12) rounds of golf;

(3) In order to properly establish

Announces the removal of his offices to THE PITT COMMUNITY HOSPITAL

Nine-Tenths Preventable

Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which taint and weaken every organ of the body and make them easy victims for any germs which attack them. Prevent constipation and you will avoid nine-tenths of all diseases, with their consequent pain and financial losses. Herbine, the good old vegetable cathartic, will prevent constipation in a natural, easy and pleasant way. Get a bottle today from B. S. Warren Druggist.

THE ENGINEER STOPS HIS TRAIN.

At Tangipahoa, La., ac-
cording to an Associated
Press despatch, a locomotive
driver named Leon Ford saw
an automobile stalled on
the track ahead of him, a
boy frantically trying to get
it out of the way. Although
he realized that what he
was about to do would prob-
ably cost him his life, he
jammed his brakes on full.
The locomotive left the
track, the boy's life was
saved, and Ford died on the
way to the hospital. This, of
course, was bravery. But
was it unusual bravery? One
doubts. This locomotive
driver did what most of the
rest of us would be afraid
to do, but at the same time
did what most locomotive
drivers would do as a mat-
ter of course. The tribute
that must be paid him goes
not alone to him as an indi-
vidual, but to all locomotive
drivers as a class. Whatever
else may be said about
them, they are brave men.
That circumstance may go
far to explain the esteem in
which other brave men are
held, men who by the very
implications of their jobs
must do what Ford did; em-
brace death, because there
is nothing else that they can
honorably do. Such men are
sea captains, who some-
times must die because their
code demands that they be
the last to leave the ship;
soldiers, who must charge
even when they know that
to charge means death;
policemen, firemen, doctors,
and indeed most of those
who are intrusted with life
as well as with property.
Sometimes all that will save
one life is another life, and
it is to the eternal credit
of such men that they seldom
flinch. The death of this
locomotive driver on the Illi-
nois Central proves not only
his own honor when it was
put to the test but the honor
of a large portion of the
human race.—N. Y. World.

ABOUT TOWN

Members of the Greenville Mer-
chants Association last night heard
some interesting facts in con-
nection with the mooted sales tax
question. The information was pre-
sented by Willard L. Dowell, secre-
tary of the State Merchants Asso-
ciation, and considered one of the
best informed men in the state on
this question.

Mr. Dowell is of the opinion that
the question is going to be one of
the most important to come before
the next session of the legislature
and believes that it is the duty of
the solons in all sections of the
state to fully acquaint themselves
with each phase of the question be-
fore it comes up for consideration.

The much discussed hundred
hour automobile endurance drive
has gotten under way in Greenville
and from now until Saturday
Greenville and people with a 35-
mile radius will have the opportu-
nity of seeing the famous driver
putting himself to the gruelling
test of driving continuously for one
hundred hours without sleep.

The drive is one of the principal
features of the "Trade in Green-
ville" campaign which is being con-
ducted under auspices of the Mer-
chants Association and will come
to a conclusion next Saturday
afternoon at 1 o'clock. At that
time the driver will be put to sleep
in a window of one of the stores
and the public will have an oppor-
tunity of gazing upon him while
he is resting after the gruelling test.
This is the first time such a con-
test has been put on in this city,
and it is quite natural to presume
that it is going to attract the at-
tention of thousands of people in
this great trade territory. Of addi-
tional interest will be the bargains
to be offered by the various stores
during the campaign, bargains that
people would do well to ride many
miles to inspect.

The public is urged to come to
Greenville during the campaign and
in that way familiarize themselves
with what the merchants are try-
ing to do to live up to their claims
of being the principal shopping
center of Eastern North Carolina.

Taking advantage of the ideal
weather, farmers of Pitt county are
busy these days putting out tobac-
co plants and preparing other crops
for cultivation.

The same situation prevails in
other sections, and it will continue
for many weeks to come. It is still
dry, but there has been sufficient
rain to prevent the plants from suf-
fering to any great extent. With

CANDIDATES' CARDS

ANNOUNCEMENT.
I hereby announce myself a can-
didate for County Commissioner,
subject to the action of the Demo-
cratic voters of Pitt county in the
primary to be held June 7, 1930.
S. I. DUDLEY,
Greenville Township.

Tue-Fri.

PITT COUNTY
I hereby announce myself a can-
didate for the office of Sheriff of
Pitt County, subject to the action
of the Democratic primary to be
held June 7, 1930.

Since the present incumbent has
been in office for two terms, and
all things being equal, I am asking
the voters of Pitt County for their
support in the coming Primary
to be held June 7th, 1930. If nomi-
nated and elected I shall give my
individual attention to the faithful
and impartial performance of the
duties connected therewith.
WYATT C. TUCKER

ANNOUNCEMENT
I hereby announce my candidacy
for the office of County Commis-
sioner, subject to the action of the
Democratic primary June 7.
DR. G. H. SUMRELL.

15-6t.

TO THE VOTERS OF PITT COUNTY

I hereby announce myself a can-
didate for re-election to the House
of Representatives, subject to the
action of the Democratic primary
to be held June 7, 1930.

If nominated and elected, I pledge
myself to work for the reduction of
taxes on farm land and real es-
tate, economy in state and county
government, and do all in my power
with justice to all to relieve the
farmer of his burden of taxation.
E. G. FLANAGAN

ANNOUNCEMENT.

Subject to the action of the Dem-
ocratic Primary on June 7th, 1930
I hereby announce my candidacy
for nomination and election to the
House of Representatives. I served
Pitt County in the House during the
Legislature of 1925 and if I am
nominated and elected again, I
pledge to work to relieve lands from
burden of taxation. I will appre-
ciate your vote.
K. A. PITTMAN
March 28-eod.

ANNOUNCEMENT

I hereby announce myself a can-
didate for re-election for Sheriff of
Pitt County, subject to the action
of the Democratic primary, June
7th, 1930.

If nominated and elected, I shall
endeavor to enforce the laws to the
best of my ability, as I have dur-
ing my tenure of office.

Your approval of my past record
by your support in the coming pri-
mary will be greatly appreciated.

COMMUNICATION.

Please Make Your Discussion As
Short As Possible.

As a citizen of Greenville and
speaking for others, we would like
to hear an expression through the
columns of the Daily Reflector as
to how they feel towards the Sales
Tax from our candidates seeking
offices as Representatives and Sen-
ators.

A CITIZEN.

more rain, the farmers no doubt
would redouble their efforts if pos-
sible so that the tiny plants might
be given additional impetus.

While the tobacco crop will be
reduced to some extent by reason
of the plant shortage hereabouts,
there will be slight reduction in the
acreage of other crops. In fact, it
is possible that more different kinds
of crops will be planted this year
than ever before as the farmers at-
tempt to get on a live-at-home
basis.

This immediate territory has suf-
fered considerably the past few
months as result of the crop short-
age and subsequent price situation,
but a real good harvest this season
ought to have a tendency of en-
abling many of the growers to get
back on their feet. It is going to

require right much economy, how-
ever, if this is realized, and it is
hoped everybody will live as eco-
nomically as possible and attempt
to get back to normalcy as soon as
they can.

The Reflector keeps its many
readers reliably informed concern-
ing important happenings in all
parts of the world. Its news is con-
siderably later and more detailed
than other afternoon papers com-
ing into this community and is sev-
eral hours ahead of the morning
papers.

The leased wire news service cov-
ers everything of interest to the
public in all parts of the world, and
the local service gives a complete
presentation of happenings of this
section.

If you contemplate going away

on a vacation this summer, do not
forget to subscribe to the paper be-
fore you leave home. No vacation
is complete without plenty of news
about things going on back home.

The Reflector has served the peo-
ple of this community for many
years, and its service has grown
along with the community until it
is one of the most complete of any
newspaper in this section of the
state.

Think of the service rendered to
your community by your home town
paper before subscribing to any
other news source, and then join
our happy army of readers.

Salisbury, N. C.—(AP)—Catawba
finals will begin Sunday with the
baccalaureate sermon by the Rev.
Paul S. Lineback of Philadelphia.

Find Quantity of Poison In Stomach Of Dead Woman

Snow Hill, May 21.—(AP)—Cor-
oner W. B. Morrill, of Greene coun-
ty, today said a chemist's analysis
of the stomach of Mrs. George Gay,
who died three weeks ago under
what officers termed "suspicious
circumstances" revealed a "quan-
tity of poison." Her 24-year-old
widower, George Gay, is held in jail
without bond.

Morrill said a preliminary hear-
ing would be given Gay in a few
days. A report of the analysis was
also sent to District Solicitor D. M.
Clark, of Greenville, and Morrill

indicated he desired to confer with
the solicitor before setting a date
for the hearing. The analysis was made by chem-
ists of the State Department of
Public Health in Raleigh.

FAST RACE PROMISED IN NATIONAL

By HUGH S. FULLERTON, Jr. (Associated Press Sports Writer)
The amazing race of the National League clubs for the higher places in the standing has stolen the show in big league baseball from their rival circuit.

Four games were played yesterday in each major league, and while the American was offering but one change in the standing, a shift of the seventh and eighth place clubs, the elder circuit left just two clubs in their former posts.

The Brooklyn Robins, who became the leaders only Sunday, held their place by trouncing the Phillies, still the tail enders, 16 to 9.

All the rest shifted about. The New York Giants dropped from second to fourth place for the day's biggest fall while Pittsburgh made the best climb, going from fifth to third.

Even the Boston Braves, rankst of all outsiders, found themselves in the struggle as they downed the Giants for their fourth victory in the five-game series.

Led by Wally Berger, a hard hitting recruit from Los Angeles, who seems to have found a lot of "cousins" on the Giants, the Braves pulled out a ten inning triumph, 4 to 3. Berger scored both of Boston's runs in the regular nine innings, one of them on his ninth homer of the year. George Sisler drove in the rest, by a single in the tenth after Larry Benton had weakened just enough to fill the bases.

The Braves are in sixth place today, having moved up a notch through their triumph, but they are only 3 1-2 games behind the league leading Robins.

Brooklyn had almost no trouble holding the top as they pounded three Philly pitchers for 18 hits to get their 16 runs. Adolfo Luque was none too brilliant on the mound, but the heavy Brooklyn hitting enabled him to last the distance.

Pittsburgh leaped up two places in the standing as Larry French shut out the Cincinnati Reds with four hits to give the Pirates their third straight victory. For seven innings French had a tight battle against Red Lucas, holding only a one run lead, but the Pirates came through in the last two frames.

The St. Louis Cardinals allowed the Brooklyn system downing the Cubs 16 to 3 to move into second place and sent the Cubs down to fifth. The Cards got all their runs in four big innings.

Another St. Louis team, the Browns, brought about the only

Spinners Pulling Hard for the Top

Charlotte, May 21.—(AP)—Joe Schepper's Greenville Spinners may not be in possession of the Sally League's leadership berth, but it's a cinch that keeping them off of the top is going to be a tough proposition for other clubs.

The team continues its consistent winning apparently relying on sheer punch to carry through. One day it's Howell's big bat that smears the opposition, and the next it's Walker's or Hudgen's or Manager Schepper's. The punch is there always, it seems, regardless of how the pitching or fielding may be.

Jim Hudgens unleashed the heavy artillery as the series with Columbia was put in the bag. He smashed out two home runs during the afternoon to aid in the 6 to 5 triumph in the second game.

Codie Strain, new Augusta manager, did something to the Wolves to cause them to snap out of their losing streak. They toppled over the league leaders, the Macon Peaches, 6 to 5. Their consecutive number of winners had reached 10 before the triumph.

Stormy Cromer hurled nice ball as his mates took advantage of Macon's loose playing to shove over enough runs for the victory. Krier was on the mound for the Peaches.

Charlotte staged a ninth inning uprising against Asheville, but the Tourists stopped them after they had scored twice and put the tying run on third to emerge with a 7 to 6 win.

Curtain Rung Down On College Baseball

Charlotte, May 21.—(AP)—The curtain has been rung down on scheduled athletic events of North Carolina's collegians.

The baseball season was closed yesterday when the University of North Carolina defeated its brother institution, N. C. State, 6 to 3, at Chapel Hill.

Paul Edwards, Carolina twirler, held the Pack to three hits as Tar Heel swatters pounded out 12 safeties for five markers.

It was the University of North Carolina, too, that was victorious in the final tennis scheduled event of the season. The Chapel Hill net men defeated the Duke University team 7 to 2 yesterday at Chapel Hill.

Moore Defends Tax Activity

New Bern, May 7.—Answering the criticism of Governor O. Max Gardner before the bar association of the resolution adopted by the North Carolina Tax Relief Association that the state take over and maintain the public schools of the state for the full term of six months requested by the Constitution, Larry I. Moore, of this city, president of the association, stated here yesterday that such centralization of the state school system would not be detrimental to the Democratic administration of the schools, as the Governor asserted. The state school system is already centralized, Mr. Moore says.

It has surprised me that Governor Gardner, though opposing the suggested remedy for the burden of taxation on property proposed by the association, offers no substituted relief for this condition," Mr. Moore said in discussing the position, work and purpose of the tax relief organization.

"It is conceded that the property owners of the state, including city, industrial and country property, are bearing over 70 per cent of the burden of taxes in the state, when the just proportion should be about 50 per cent. The Governor's proposal that the state take over the schools, and that the state should not exceed over 50 per cent, Governor Gardner overlooks the provision of the Constitution requiring that the fund for the maintenance of the public schools of the state shall be provided by the General Assembly, and fails to recognize the existence of this obligation created under article 9, section 2 of the Constitution, as follows:

"The General Assembly at its first session under this Constitution shall provide by taxation and otherwise for a general and uniform system of public schools wherein tuition shall be free of charge to all the children of the State between the ages of six and 21 years.

"This has been recognized by the legal profession as a command of the Constitution, the burden of which the state has failed to assume and under our educational system as it has been developed, the entire burden of the cost of public education is now resting upon the counties and upon the property in the county.

Gamecocks Still Lead in Piedmont

Charlotte, May 21.—(AP)—A young ex-college star, Ashby Cook by name, perhaps is the most popular man in Henderson today.

The Henderson Gamecocks are still on top in the Piedmont League's close race, and Cook is responsible.

Raleigh was leading 9 to 8 when the Gamecocks went to bat in the ninth. Suddenly the bases were loaded, and up to the plate steps Cook. He came through with a homer inside the park, to clear the sacks. The final count was 12 to 9 for the Gamecocks.

Hopper, Greensboro's sizzling centerfielder, gave the Patriots a triumph over Durham in a similar manner. The score was tied in the ninth with one on, and he derrieked the ball over the left field fence to enable the Gate City club to come out on top, 5 to 3.

Dan Boone's High Pointers continued on the heels of the Gamecocks by blanking Winston-Salem 10 to 0. Bob Durham was on the mound again for the Pointers, and he left the Twins down with five safe blows.

Bryan, Pointer shotstop, featured the game with his sensational fielding and hitting.

Fights Last Night

(By The Associated Press)
Cleveland—Sergeant Sammy Baker, New York, outpointed Paul Pirner, Cleveland, (10).
Indianapolis—Williard Brown, Indianapolis, outpointed Howard Jones, Louisville, Ky., (8).

"If the State Department of Education is not now in charge of the school system of the state, then it would seem that the constitutional office of superintendent of public instruction with the duties prescribed by the Legislature has not been fulfilled, and the power of school administration and direction in the state is already in the hands of this department, and we think the power, direction and control should be coupled with the responsibility of providing funds for their conduct and maintenance.

"The Governor also refers critically to the extravagant expenditures of several counties of the state and the increase in the same for the past several years. He overlooks the increase in the cost and amount of taxes collected by the state government for state purposes within the same period.

"According to the report of the Tax Commissioners, the cost of administration of the school system for the six months period required by the Constitution from 1929 to 1928, a period of seven years, increased from \$9,835,389 in 1929 to \$19,900,775 in 1929, or 102.2 per cent. The total county revenue for other than school purposes increased from \$8,312,548 in 1920 to \$18,014,424 in 1928, or 116.7 per cent. "The state revenue for the same period increased, according to the same report, from \$3,027,413 in 1920-21 to \$13,913,301 in 1927-28, or 259.5 per cent, not including the road automobile license and gas taxes. And the total state taxes for the same period increased from \$4,804,589 in 1920-21 to \$20,694,555 in 1927-28, or 518 per cent while the total local tax for the same period of time only showed an increase of 126.2 per cent.

"The state took over from the counties many of its sources of revenue in 1920 but did not assume any of the burdens for the conduct of the public school system for the constitutional period except as this has been provided for from the equalization fund. If it is not the duty of the state to maintain the public schools for the constitutional period of six months, how does the state justify the appropriation for the equalization fund?

"Prior to 1920 there was no considerable amount of taxes collected for automobile licenses, gasoline taxes and road purposes. Between 1920 and 1923, this source of revenue collected increased from \$1,777,176 in 1920-21 to \$15,732,254 in 1928, or an increase of 788.1 per cent, and this source of revenue alone is now in excess of seventeen millions of dollars annual revenue to the state, and until the Legislature of 1920, no part of this tremendous revenue was distributed to the county except in highway construction, and the counties were compelled for the maintenance of their county highways to levy special road taxes and carry an expensive and extravagant administration of these highways.

"The resolution adopted by the Tax Relief Association would relieve proportionately every factory, city lot and industry in the state and every acre of land in the state from its proportion of the excessive tax-burden now laid for the maintenance of the six months school term in every county of the state without relation to section, county or class of property. It would reduce the taxes in Forsyth, Wake, Clay, Mecklenburg and Dare counties in the same relative proportion, viz. to the extent of the cost of the six months school term in each of the said respective counties.

"During the period of time that the state has increased its tax income, it has at the same time taken away from the counties the right to levy taxes upon numerous classes of property and made exemption of stocks, securities and municipal bonds from ad valorem tax and, by this means has increased the rate of ad valorem taxation on the land and industrial properties of the state."

Smart Wear For Men

The honest reason

THERE IS ONLY one real reason for smoking and that's pleasure. A pretty good reason after all. The cigarette you select in the long run will be the one that can contribute most to your enjoyment.

Camels are made with that idea in mind—the idea that genuine smoke pleasure is what you want in a cigarette.

When you try them you will find a refreshing difference—a mild, mellow richness of choice tobaccos—a blended harmony of fragrance, silky smooth—that makes smoking a delight.

The fact that more millions have chosen Camel than any other cigarette is a tribute to an honest product, marketed for an honest purpose.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, May 21.—(AP)—Cotton opened steady today. Prices ranged from unchanged to a decline of 5 points, with the active months showing net losses of from 5 to 7 points, during the early trading, under selling promoted by relatively easy Liverpool cables and a fairly favorable weather-map.

The early offerings were absorbed by some trade buying of near months and a little commission house demand for later deliveries which was probably influenced by expectations of bullish features in the weekly report of the weather bureau.

Business remained quiet, however, and the market at the end of the first half hour was within a point or two of the lowest.

Additional May notices amounting to about 19,700 bales, were reported this morning, including 5,200 bales delivered at Savannah. Liverpool cables reported continental liquidation absorbed by trade calling in that market and complained of small cloth sales with yarns depressed and more machinery stopping.

GRAIN MARKET

Chicago, May 21.—(AP)—Despite transient setbacks owing to increased offerings from the southwest at times, the wheat market here averaged higher today. Some of the buying that accompanied advances in price was credited to the influence of traders who were active in expressing themselves as "bullish on the United States" and in contending that declines in commodity prices are unjustified by the actual economic outlook. Taken as a whole, the aggregate of trading was light, and the market easily influenced.

Wheat closed firm 1-4 to 7-8 higher than yesterday's finish; corn closed 5-8 off to 1-8 up; oats 3-8 to 1-8 advance, and provisions varying from 12 decline to a rise of 5c.

STOCK MARKET

New York, May 21.—(AP)—The stock market again found itself at a fork in the road today, and was unable to decide which way to turn.

Speculation for the rise, concentrated in the rail and food shares, made some headway for a time, but was hampered by another spell of speculative apathy, and the weekly steel trade reviews published early in the afternoon, were rather disheartening.

The first railway operating income reports to appear for April have provided little encouragement.

The freight car loadings figures for the second week of May, appearing today, showed a decline of nearly 9,000 cars from the previous week, when an upturn of about 36,000 was shown, and the total was again far below the like periods of 1928 and 1929.

Among the more reassuring items in the day's news was the statement by James A. Farrell, president of U. S. Steel, at the foreign trade convention in Los Angeles, that despite the present low levels of export and import trade, the world outlook is improving and an increasing volume is indicated as the year progresses.

Also, it was rumored in Wall Street that large rubber manufacturers are considering co-operative efforts to stabilize the industry. F. W. Dodge Corp.'s weekly figures for building contracts let showed but small reduction from the like period of 1929, but building was depressed a year ago.

Farmer Collects Hail for Icehouse

Rutherfordton, May 21.—(AP)—Up north in the cold countries they cut lake ice in winter and store it, but around here people just wait until it hails and then gather it by the wagon load for their ice boxes.

U. S. Gibbs of Chimney Rock township, has two wagons loads of hail stored away. During a recent storm he shoveled it up and carted it away to his ice house. Some of the balls are as large as hen's eggs.

Plane Trouble Holds Woman Flier In Java

Sourabaya, Java, May 21.—(AP)—Despite feverish efforts to repair the magneto of her plane, Miss Amy Johnson, British aviatrix, today found it impossible to continue her trip from Croydon, England, to Australia.

It was expected the machine would be ready for a trial flight this afternoon. If successful, Miss Johnson intends getting on tomorrow, continuing probably eastward along the island chain of which Java is a part, to a sport permitting the take-off for Australia.

New Dye Detects Internal Cancers

Philadelphia, May 21.—(AP)—Discovery of a dye by means of which internal cancers may be detected in their early stages was announced today by Dr. Donald A. C. Butts, director of Emory Laboratory of Hahnemann hospital.

The dye, he said, has a peculiar affinity for cancerous cells, which it stains quickly and completely while leaving surrounding normal cells uncolored.

Staining the cells increases their resistance to X-rays so that they may be more easily detected on an X-ray plate. The progress, Dr. Butts said, provides an accurate means for the diagnosis of cancer in early stages, making possible prompt surgical, radium or X-ray treatment.

The dye, which is a vermilion, is injected directly into the veins of patients.

Enters Self-Defense Plea

Durham, May 21.—(AP)—Mrs. T. B. Robert, alias Theodora Carroll, charged with inflicting knife wounds which resulted in death for E. T. McCrary, hotel clerk, here several years ago, today has entered a plea of self defense, alleging she cut the hotel clerk only after he had pulled her hair, in her trial on a second degree murder charge in Durham county Superior court. The case is expected to reach the jury sometime today.

Three Negro Houses Destroyed By Fire

The fire department was called out twice last night to extinguish fires in the colored section of the city known as the Bama. Three houses were wrecked by the flames. The total amount of damage nor the origin of the blazes could not be determined today owing to the fact that the chief of the fire department was out of the city and had not completed a check.

Snow in Nova Scotia

Turo, N. S., May 21.—(AP)—Central Nova Scotia was covered with a four-inch blanket of snow today and the snow continued to fall. The storm was the heaviest at so late a date in many years.

Presbyterians To Meet In Virginia

Charlottesville, Va., May 21.—(AP)—Ministers and laymen from 17 southern and southwestern states began arriving here today for the opening tomorrow of the 70th general assembly of the Presbyterian church in the United States.

Approximately 300 persons have been designated as commissioners to represent the 457,652 church members, who are grouped in 3,563 churches, 92 Presbyteries and 17 Synods.

Chief among the matters to claim the attention of the assembly will be that of church union with other Presbyterian bodies. The major report on this subject will be submitted by Dr. W. R. Dobyns of Birmingham, Ala., retiring moderator. After a sermon at the First Presbyterian church here tomorrow morning by Dr. Dobyns the assembly will select a new moderator at its afternoon session.

Man Can't Sleep, Gets Nervous, Hates People

"I could not sleep and got so nervous I hated everybody. Since taking Vinol, I can sleep 10 hours and feel full of pep all day."—Julius Bender.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver peptone. The very first bottle brings sound sleep and a BIG appetite. Nervous people are surprised how QUICK Vinol gives new life and makes delicious. Warren Drug Co.

Now You Can Be SURE!

We Use Genuine
ALEMITE
LUBRICANTS
Alemite-ing Costs No More Than Ordinary Greasing

This big YELLOW SIGN can be Displayed only where genuine Alemite Lubricants are used

Of course, you know that the surest way to avoid high operating costs is to have your car Alemited every 500 miles. Automotive engineers have long recognized this. That's why the Alemite System is installed as standard equipment on 93% of the motor cars manufactured today.

But the methodical use of the system is only half the story, for the best system in the world will not offset the use of cheap greases. Cheap greases do more harm to a bearing than good. They defeat the purpose of any lubricating system.

When you bring your car to us we lubricate it with genuine Alemite Lubricant—a high quality, absolutely reliable Lubricant, which is produced by the makers of the Alemite System. Because of our determination to give you nothing but the best, we are permitted to display the big Yellow Sign which you see at our station. It is your protection—if you can be SURE of the utmost in lubrication if you bring your car to us.

Happy Roberts states that he attributes the easy riding qualities of the New Ford in the endurance test due to Alemite chassis and gear lubricant.

John Flanagan Buggy Co.

Buy a Six of Course but be Sure it's a Super-Six

The Essex Challenger is a Super-Six. By its patented principle the ability of the 6-cylinder type is freed to the limit. It is responsible for a performance and smoothness that belong exclusively to the Essex Challenger. That is why we say—and more buyers every day are saying—"not just a Six, but a Super-Six."

ESSEX Challenger Gives Sparkling Performance

Essex performance comes from its completely balanced motor and power line. This balance of aluminum pistons, crankshaft, clutch and flywheel, coupled with the Lancheater Balancer gives more power and smoothness at all speeds.

Roadability and Safety
Longer wheelbase, larger tires and patented spring suspension make Essex the most roadable of cars. High speed with safety is possible because of the positive action of four-wheel brakes.

Interior appointments carry the same motif as fenders and lamps.

Upholstery is of finest quality. There is a graceful three-spoke steering wheel, and the instrument panel holds starter, electric fuel and oil level gauge as well as motometer.

This is the finest, best performing Essex value ever built. It holds scores of records established during continent-wide Challenger Week. See it and drive it. You will need no other proof that this is not just a six, but a Super-Six.

WORLD'S Fastest Freezing of ice and desserts WITH KELVINATOR'S

4-way cold

Four-Way Cold Gives You

- 1* Greater Ice Capacity—In one compartment—a degree of cold for freezing ice in generous quantities.
- 2* Super-Fast Freezing—In a second compartment—a very low cold for super-fast freezing of ice and desserts.
- 3* Cold Storage—In de luxe models, a third compartment—with below-freezing cold for cold storage of meats, game, fish, ice cream, etc.
- 4* Scientific Refrigeration—In the big food compartment—a 40 to 50-degree constant cold—just the right temperature, science says, to keep foods fresh and pure.

3 New Features The Kelvin Cooler—

An accessory useful for freshening vegetables and keeping them fresh. Being equipped with a faucet, it is also useful as a water cooler. New Rubber Ice Trays—Flexible, pure rubber. Bend easily, releasing one or a dozen ice cubes. Prevent waste by melting under faucet. Inside Electric Light—On de luxe Kelvinator models, an electric light illuminates the cabinet. Switch and light indicator on front.
