ENDURANCE DRIVE NEARS CLOSE HERE

Hundred Hour Automobile Drive to End Tomorrow Afternoon At One O'clock

When Roy Roberts, automobile endurance driver, completes his one hundred hours behind the steering wheel of a Ford sedan here tomorrow he will be lifted from the car and put to sleep in one of the display windows at the Blount-Harvey company, Evans street department store.

The drive will officially come to a close at 1 o'clock and Chief of Police Preston Perce will unlock the handcuffs and release Roberts from the chains which were bound around his wrists last Tuesday morning at 9 o'clock when the drive got under way in the front of the offices of the Merchants Association on Evans street.

At 11 o'clock today Roberts had completed 74 hours behind the wheel. This placed him within 26 hours of his one hundred hour goal. Although showing signs of extreme fatigue, he was still going good this afternoon and looked as if he might be able to stand the strain of the final hours before him. The drive is a continuous process and the driver will not be permitted to sleep until he has completed the hundred hours. His brother, Hap Roberts, holds the world's record for automobile endurance driving, his time being 115 hours behind the wheel without sleep.

Tomorrow afternoon at 3 o'clock Hap Roberts will give another one of his mystery performances at Five Points. This time he will be placed in a steel tank. Each end of the tank will be securely welded and from that apparently impregnable position Roberts will attempt to regain his freedom. This is one of several mystery stunts put on during the "Trade in Greenville" campaign given this week under the auspices of the Greenville Merchants Association.

The endurance driver covers a radius of thirty-five miles of this trade territory, and numbers of people in this and other towns have ridden with him. He is an affable young fellow and has answered the hundreds of questions of his inquisitors in the most satisfactory manner possible. The various merchants of the city have been giving away prizes from time to time to persons guessing nearest to the number of miles covered by the endurance car up to specified intervals. The final prize in this connection will be awarded by the Tolar Jewelry Co. tomorrow afternoon at 3 o'clock, or about the same time Hap Roberts is putting on his performances at Five Points. It will be one of the most valuable prizes of the campaign and hundreds of persons were expected today to take part in the guessing.

In addition to the amusement features of the campaign, the merchants are offering some of the best values of the year. Many of the best materials in stock have been placed on display for inspection of the shoppers, and they are being sold at prices not offered at any other season of the year. Arrangements were being made today to take care of the crowd to visit the city tomorrow to witness the close of the endurance drive and to take advantage of the other features of the week.

Byrd Steamship Reaches Balboa

Balboa, Canal Zone, May 23.—(AP)—The Eleanor Bolling, Rear Admiral Byrd's Antarctic exploration ship, arrived here today. The Eleanor Bolling, a steamship, was the companion vessel of the bark City of New York, engaged in the Byrd expedition to the South Pole.

Rear Admiral Byrd arrived at Balboa on the steamship Bangipiki on May 14.—The Eleanor Bolling, towing the City of New York, followed the explorer and his companions to America. The Bolling is a speedy vessel, having run as high as 140 miles in a day while towing the City of New York.

PREDICTS NO TAX RELIEF FROM STATE

Judge Barnhill Tells Lions Only Relief Must Come From Work and Economy

Recommending hard work and strict economy in business as a remedy for the financial depression existing in this part of the state at the present time, Judge M. V. Barnhill, of Rocky Mount, who is presiding over the two-week term of Pitt County Superior court in this city, delivered the principal address before members of lions club in the basement of the Presbyterian church last night.

Referring to the movement to bring about tax reduction, the speaker declared that no relief could be expected from the Legislature in this connection. He said that every General Assembly in the history of the state had increased instead of decreased taxes and that it would be impossible to relieve this condition through legislative action. The real remedy for the situation, he pointed out, must come through hard work of the people in the affected areas and strict attention to the economic principles of business.

Speaking of the controversy raging over the prohibition question in different parts of the country, the jurist said that although he favored prohibition in the true sense of the word, he deplored the taking away of state rights by the federal government and thought the nation was going about enforcement in the wrong way. As long as this condition remains, he said, controversy will continue and the question will remain a bone of contention among the wet and dry elements.

He deplored the tendency to put more laws on the statute books, declaring that public morals could not be cured by law. George Hadley presided over the meeting last night in the absence of President Sam Carson and the program was in charge of Wesley Harvey and Jesse Moyer. Supper was furnished by ladies of the Presbyterian church.

Short talks were made by A. B. Corey and Marvin Blount, and Robert Raspberry, of Kingston, district deputy, told of the State convention to be held at Kingston June 9-10. He urged the Greenville club to be well represented at this session as many matters of importance would come up for consideration. The club had two other guests last night. They were Jack Chapman and Ivan Bissett, of Grifton.

MAN PAYS FOR BRUTAL DEATH OF GIRL FRIEND

James Spivey Electrocutted At the State Prison for Slaying of Betty Spivey

Raleigh, May 23.—(AP)—James Spivey, Lee county white man, was electrocuted this morning at state's prison for criminal attack on and then murder of his sweetheart, Betty Spivey at the girl's home in Lee county last September.

Spivey died professing his innocence of the crime for which he was convicted.

He entered the death chamber at 10:27 and at 10:38 was pronounced dead. He was given two shocks of current, one of one minute and 55 seconds and the other of 58 seconds.

Spivey was the second white man to die in the electric chair in this state since 1928. In that year W. C. and Elbert Stewart, father and son from Brunswick county, were electrocuted the same day.

Spivey, according to evidence at his trial, became angry when Betty Spivey told him "another fellow" had given her a pair of stockings. He went with her outside a little later to see about a cow and was convicted of attacking and killing her then.

Spivey, though he did not take the stand at his trial, told newspapermen that the girl was only a casual acquaintance and that she separated from him in the yard. He said he saw two men run away from the place where he found the girl lying on the ground groaning.

Oldest Living Baseball Player Has Birthday

Raleigh, May 23.—(AP)—Recalling the day way back yonder in 1869 when the Niagarans of Buffalo, N. Y., beat the Columbus 209 to 10 a baseball game, Maj. A. M. Wheeler, who believes himself to be the oldest living baseball player, today celebrated his 89th birthday here. He was captain of the Niagarans.

"I was stated that I was the first catcher who stood close up when a man was on second working for third," Major Wheeler reminisced today, "as well as all the time against good clubs."

"Throwing the ball, I think, may have been introduced by English cricket bowlers playing our baseball," Major Wheeler said as he described the old method of tossing the ball underhand. We were badly defeated once by a Rochester club who had a bowler for a pitcher, who could keep his hand on a level or a trifle below his elbow, which was a regulation to prevent throwing."

Major Wheeler was a personal friend of the late Captain "Pop" Anson of the famous Chicago White Sox and of the late A. G. Spalding. The veteran baseballer said he heartily favored the new rules in baseball and also favored "hard hits" as he believed the public enjoys them.

Body of Negress Found In Woods By Fire Fighters

The charred and decomposed body of Molly Stanton, 75-year-old negress, was found by a party of officers and citizens while fighting a forest fire near Stokes this morning. The woman had been missing for some time, and Coroner E. S. Williams estimated that she had been dead about a month. The woman was said to have been partly demented. She had been staying in New Bern in recent months, and returned to Stokes about a month ago. She is said to have stayed with friends about two days and then disappeared. Thinking she had returned to New Bern, the people she had been visiting were not concerned about her welfare.

The body was so badly charred and wasted away that the officers were unable to determine whether the body was that of a white or colored woman, summoned and obtained, in the formation, leading to identity.

House Orders Probe Of Communist Activities In The United States

Inquiry Ordered After Approval of Resolutions Sponsored By Chairman Snell and Representative Fish; Committee to Be Composed of Five

Washington, May 23.—(AP)—A special House committee is to conduct an investigation of Communist activities and propaganda in America.

The inquiry was ordered by the House late yesterday in approving a resolution sponsored by Chairman Snell of the rules committee, and Representatives Fish of New York, and Underhill of Massachusetts, Republicans. It was adopted by a vote of 280 to 18.

The measure provided for the appointment of a committee of five by Speaker Longworth, which would be empowered to subpoena witnesses and records. The committee was directed to investigate the membership of the Communist party in the United States, the Amtorg Trading corporation of New York, which is the Soviet government's official commercial representative here and the Daily Worker, a reputed Communist organ.

In addition, the measure called for a study of Communist propaganda in the schools and of all groups, individuals and organizations which advocate that the United States government be overthrown by force.

The adoption of the resolution was opposed by Representative Ramseyer, Republican, Iowa, who contended that it would divert attention from economic and unemployment problems and result in a "wild goose chase." He proposed that a committee be created to find out what is wrong with the industrial and economic systems of this country.

Fish asserted that Communists in America were receiving orders from Moscow to stir up riots and revolutionary activities here. He said that agents of the Communist party were active among the Negroes and in the industrial sections of the South.

Snell said that evidence before the rules committee had convinced him the investigation was necessary. Government departments, he added, were unable to cope with the problems under existing law and if the inquiry discloses nothing, no harm will be done.

Laborers Work Furiously To Save Crumbling Levee At Shreveport, Louisiana

Erect An Emergency Dyke Behind Levee In Hope of Checking the Swirling Flood Waters; Break Expected to Occur At Any Time During Day

Shreveport, La., May 23.—(AP)—A crumbling levee, principal protection of the Dixie Gardens and the Broadmoor residential sections of Shreveport against flood waters of the Red river, continued to withstand the force of swirling torrents today.

Meanwhile, laborers worked relentlessly in efforts to strengthen the levee which is located in a bend of the river, and thus receives the full force of the rushing water. Other workers were engaged in constructing an emergency dyke behind the levee with hopes that it would check the flood of the main embankment should break.

Early today fear was expressed by officials of the levee board that the break might occur at any time. This apprehension was dispelled to some extent, however, as the morning wore on and the levee continued to hold.

Despite a reassuring statement from levee officials, residents of lowlands around the city watched the steady rise of the river and were prepared to evacuate their homes.

Eight Thousand Gallons of Rum Taken At Hamlet

Hamlet, May 23.—(AP)—Nearly eight thousand gallons of whiskey, apparently imported, was burned here this morning. Officers estimated its retail value at around \$200,000.

The whiskey was seized last night when, acting on a tip that came to Deputy Sheriff Lawrence McLean, Chief of Police Miller opened two box cars billed "molding clay" enroute from Savannah, Ga., to Buffalo, N. Y. Sheriff Braswell took charge of the cargo and, with the assistance of a dozen deputies, directed its burning today.

The shipment, which consisted for the most part of quarts and pints, was labelled "Found the World," "King's Ransom," "Gold in Wedding," and other Scotch and English brands. Railway officials today sought to locate the shipper and consignee of the whiskey.

Snell said that evidence before the rules committee had convinced him the investigation was necessary. Government departments, he added, were unable to cope with the problems under existing law and if the inquiry discloses nothing, no harm will be done.

Filing Time for State Primary Closes Tonight

Raleigh, May 23.—(AP)—The barrier drops on candidates for the 1931 General Assembly of North Carolina at midnight tonight.

Candidates for county offices, ranging from constable to commissioner as well, have but today in which to file their candidacies with the State Board of Elections here. Filing time for candidates for congressional and state offices closed April 25, while May 23, exactly two weeks before the primaries was the date set for the other office seekers.

Shreveport, La., May 23.—(AP)—A statement by M. W. McClure, secretary of the Caddo Parish Levee Board, that the main Red river levee near here appeared to be crumbling caused the evacuation of the Dixie Gardens and Broadmoor residential sections early today. Several thousand persons have homes in the area which would be in the path of an overflow.

A force of approximately 100 men was at work in an effort to build a ten foot secondary levee around the original protective wall. McClure said he believed the main levee would collapse within a few hours, but it was hoped that the secondary levee would serve as a temporary barrier for the rain swollen river.

Says Mellon Has Gone As Far On Prohibition As His Superiors Desired To Go

F. Scott McBride Confronted With Letter At Lobby Probe Which He Wrote Regarding Activities of Secretary On Enforcement Program

Washington, May 23.—(AP)—The attitude of Secretary Mellon on prohibition enforcement, center of many furious debates in Congress, engaged the Senate lobby committee today during testimony by F. Scott McBride.

The anti-Saloon League superintendent was confronted with a letter he wrote last January in which he said "Mellon has gone just as far on prohibition enforcement as his superiors wanted him to go."

Expressing the opinion that the Hoover administration had made the dry law more effective than the Coolidge administration, McBride reiterated that he believed Mellon "went just as far as those associated with him wanted him to go."

"Do you mean his superior, the chief executive?" he was asked by Senator Caraway. "Yes."

The anti-Saloon League superintendent was testifying for the seventh day in the committee's study of organizations for and against prohibition. The attitude of the secretary of the treasury was brought up in questioning concerning a letter the dry worker wrote to J. G. Brown, of Port Huron, Michigan, on January 11, 1929.

The communication replied to one by Brown which had commented on a radio talk by McBride. Brown wrote he thought the dry leader was "much mistaken" regarding the sincerity of President Hoover. It also criticized Mr. Mellon.

Replying, McBride wrote: "I note what you say about Hoover, Mellon, etc. I am convinced you are wrong in your attitude. There was a time when I had something of the same feeling, but on thorough investigation I have reached the conclusion that Mellon has gone just as far on prohibition enforcement as his superiors wanted him to go and I do not believe he is now standing in the way of effective prohibition enforcement."

"I think a thorough investigation of the situation will convince you of one thing or another as to that matter. I do believe, however, that the facts that some of the Senators and other public officials are expressing themselves on this proposition will lead to a more careful analysis of the situation and bring the whole program to a head and help us to get more definite results."

"While progress is being made very rapidly yet at the same time the situation is not what it ought to be and what it will be."

Examined on the latter, McBride reiterated his opinion expressed yesterday that President Hoover was "making good" on prohibition enforcement.

He said he thought this administration was doing better than the previous one.

Attempt to Kill English Minister At Valetta, Malta

Valetta, Malta, May 23.—(AP)—An attempt was made today to assassinate Lord Strickland of Szeherg, Prime Minister of the Maltese government, Priti's Isle possession in the Mediterranean here he was fired at point blank but was not hurt.

Three shots were fired at Lord Strickland, but all missed him. Lord Strickland, Prime Minister of Malta, against whose life an attempt was made today, has been the central figure in an 18-month controversy between the Maltese government and the Vatican.

The controversy recently reached an acute stage when the Roman Catholic hierarchy forbade the Maltese Catholics to vote for the government party in the forthcoming Maltese elections.

Los Angeles, May 23.—(AP)—Jetta Goudal, motion picture actress, was in a sanitarium here today recuperating from a nervous breakdown. Hospital attendants said her condition was not critical.

She was preparing to leave on an extended visit to Europe when she became ill. Miss Goudal, known as Hollywood's "most temperamental actress," was awarded a \$31,000 judgment against Pathe Studios, Inc., a year ago for back pay after she had been discharged for an alleged "temperamental outburst."

Mayor In Dry Net

Mayor P. C. Bunning of Rock Springs, Wyo., and 51 other citizens of the town were arrested recently charged with conspiracy to violate prohibition laws.

Dr. Eckener gave a message to the Brazilian press: "I salute the great Brazilian people and wish for them peace and prosperity—which is my hope also for all the people of the two American continents."

It originally was intended to fly on to Rio Janeiro, which is 1,250 miles distant, at dawn, but Dr. Eckener announced the delay until evening, probably at 7 p. m. (5 p. m. E. S. T.) so as to allow time to replenish the supply of hydrogen lifting gas and water ballast.

Arrival of the Graf created a sensation here. It was the first time a dirigible has been seen in these parts and people came from all over northeastern Brazil, many from surprisingly out of the way places.

As the huge ship hove into view the crowd cheered themselves hoarse. When finally it had fled to earth guards almost had to fight with the crowd to keep them away. During the night work proceeded in unloading the Graf's cargo of mail, and in putting into the gas bag 1,000 cubic meters of hydrogen needed to replace that lost in expansion while crossing the equator. Fresh provisions also were taken on.

Arrival of the Graf marked completion of a trip that skeptics had said the zeppelin might not be able to make, the peculiar thermal and climatic conditions involved in the equatorial zones presenting unusual problems for an apparatus of its delicacy. But it was apparent from comments of those aboard that the trip had been accomplished with little or no difficulty.

Only a short stop will be made at Rio Janeiro, the Graf turning and cutting north again by way of Pernambuco toward Havana. A short stop will be made there, and the trip will then continue to Lakehurst, N. J., and thence back to Friedrichshafen, a distance of 18,000 miles.

Nineteen passengers and 42 officers and crew were aboard upon arrival here. Among the passengers were four women, Mrs. Laura Grouse Durston of Syracuse, N. Y., and Mrs. Mary Pierce, of New York City, Lady Grace Drummond Hay and Frau Hammer, wife of Fritz Hammer, the German pilot.

Plan to Probe Crickmore Case On Next Monday

Rocky Mount, May 23.—(AP)—The first formal inquiry into the shooting of Frank Crickmore, Rocky Mount youth, has been tentatively set for Monday, although Edgecombe county authorities have indicated that they would seek a postponement in order to probe further into the case.

Chief of Police Joe Powell, of Battleboro, father of Elizabeth Powell, who was seated beside Crickmore in his car when he was shot, has been released from jail at Tarboro, after being held with Walter Brantley in connection with the shooting. Brantley is still imprisoned. They are charged with secret assault with intent to kill.

Meanwhile, young Crickmore, bereft of speech by the bullet which entered his throat, on a hospital cot here, has written that he thinks Elizabeth Powell "knows who shot me."

BIG ZEPPELIN ARRIVES AT PERNAMBUCO

German Airship Will Continue Flight to Rio Janeiro Late This Afternoon

Pernambuco, Brazil, May 23.—(AP)—The Graf Zeppelin was moored safely today to a squat red and white mast here at the end of its first trans-equatorial flight and its sixth trans-Atlantic crossing.

Tonight, after the tropical sun was set, Dr. Eckener, the ship's master, will start it on the third lap of its 18,000 mile journey from Friedrichshafen, still further southward to Rio Janeiro.

The Graf arrived over Campo Giquia, the landing field here, at 6:30 p. m. (4:30 p. m. E. S. T.) just 61 hours from the time it circled La Tablada airdrome twice at Seville, Spain, and started southward toward Brazil.

Its nineteen passengers and crew disembarked, happy at being once more on terra firma, but there was not the atmosphere of having survived successfully an hazardous ordeal such as old-timers in zeppelin traffic among them said had existed after previous flights.

Dr. Eckener gave a message to the Brazilian press: "I salute the great Brazilian people and wish for them peace and prosperity—which is my hope also for all the people of the two American continents."

It originally was intended to fly on to Rio Janeiro, which is 1,250 miles distant, at dawn, but Dr. Eckener announced the delay until evening, probably at 7 p. m. (5 p. m. E. S. T.) so as to allow time to replenish the supply of hydrogen lifting gas and water ballast.

Gardner Endorses Sales of Poppies

Raleigh, May 23.—(AP)—Observance of poppy day throughout North Carolina tomorrow, sponsored by the American Legion auxiliary to promote the work of rehabilitation among soldiers wounded in the World War, bears the endorsement of Gov. O. Max Gardner.

"It is my privilege and pleasure to endorse the poppy day program," the governor said, "and to urge all citizens to avail themselves of this opportunity to pay tribute to our soldiers dead and to contribute to the worthy cause to which this day is dedicated."

American Legion Posts and Legion Auxiliaries throughout the state sell the poppies tomorrow.

Complete Street Improvements At The River Bridge

Sidewalks, curbing and gutter improvements have been completed on Greene street near the river bridge. The improvements cost the city approximately \$3,000 and adds much to the appearance of the street and property in that section.

Curbing and gutter were placed on each side of the strip of highway recently completed by the State Highway Department, and a sidewalk and hand rail were constructed on the west side of the street. A retaining wall was also built to protect the embankment. The work was done by Clark Brothers, local paving contractors.

# *An Unlimited Amount of* **MONEY TO LOAN**

*On Greenville Dwellings, Apartment Houses and  
Business Property*

While you may be able to obtain funds through other agencies, I am confident, that taken all-in-all, this loan system is far superior, more convenient, more easily handled and more to the general advantage of the borrower, for the following reasons:

Loans are for periods of five, ten or fifteen years.

All payments of both interest and principal are credited on your note immediately.

The loans are paid back through semi-annual payments.

This loan program will enable you to sell your property, in my opinion, for at least ten to fifteen per cent more money due to the easy method of re-payment.

**THERE IS NO LIFE INSURANCE REQUIRED IN CONNECTION WITH THESE LOANS.**

There are no **MONTHLY PAYMENTS**, which is highly objectionable to many, and especially to the borrower who operates farms or depending upon revenues from the farms.

The money is always promptly available and no waiting for indefinite periods as is the case with the smaller loaning companies and associations.

You are not subjected to fines.

Rate of interest six per cent and of course as you pay on your loan the interest item becomes less from year to year.

If your present loan is maturing and in need of re-financing, or if the loan you are now carrying is burdensome or not to your liking, it will pay you to inquire into this most satisfactory loan program.

I have made many loans in Greenville and Pitt County and have taken quite a few out of other loaning organizations, for the simple reason that this loan system is generally more satisfactory. Can be carried without undue or heavy payments as are always required through the short term periods and monthly payment method.

If you wish to borrow money, why not get your money from a source which will enable you to repay same without being pressed?

You won't regret seeing me. Ask the fellow who is now using this program.

### MISS MILDRED MANGUM AND MISS MADGE DANIELS, BRIDES-ELECT, HONORED

Mrs. Paul Fitzgerald entertained at five tables of bridge on Wednesday afternoon at her home on East Fifth street, honoring Miss Mildred Mangum and Miss Madge Daniels, brides-elect.

The home was lovely with a profusion of pink roses, carrying out a color scheme of rose and green.

After four progressions, the high score prize, a chiffon handkerchief, was awarded Miss Mary Wright, and Mrs. Jack Spain was winner of low score. The table prizes were rose colored bud vases, filled with buds. These were won by Miss Madge Daniels, Mrs. C. A. Bowen, Miss Rose Hadley, Miss Warlick and Miss King.

Miss Mangum was remembered with a piece of silver in her selected pattern, "The Fairfax." Miss Daniels was given a piece of silver in "Della Robia" pattern, and Mrs. Norman Winslow, a recent bride, was presented a set of imported dinner napkins.

After the games and awarding of prizes and gifts, a delicious frozen salad course with green mints was served by the hostess, assisted by Mrs. Bostic and Mrs. Mangum.

Those enjoying the hospitality of Mrs. Fitzgerald were Misses Mildred Mangum, Madge Daniels, Frances Norman, Mary Wright, Virginia Perkins, Mary Forbes, Virginia King, Rose Hadley, Clara Moye, Rachel Scarborough, Moore, Effie Mae Winslow, Bruce Tucker, Katherine Warlick and Messdames Jack Spain, George Hadley, C. A. Bowen, Norman Winslow, Edward Tilley, and Harvey Wadr.

### MISS DANIELS HONORED BY SUNDAY SCHOOL CLASS

The Fidells class of the Memorial Baptist Sunday School was joyfully entertained on Thursday evening at the home of Mrs. T. H. Boykin on Fourth street, with Mrs. Frank Bendall and Mrs. S. L. Bridgers assisting hostesses. The occasion was to honor Miss Madge Daniels, bride-elect, retiring president of the class.

The Boykin home was attractively decorated with garden flowers. As the guests arrived they were greeted by the hostesses and found their places at tables, which were placed for different games. In the midst of the games, the guests were asked to write wishes for the bride-elect. These were presented to the bride-elect, who read the wishes aloud. Just then a telegram was handed in the door to Miss Daniels. It told Miss Daniels to invite her friends in the dining room and tell them to follow the ribbons. The dining table was especially pretty with its imported cover and centerpiece of Dorothy Perkins roses and pink burning tapers. Suspended from the light above were green ribbons. Each guest found a fortune at the end of her ribbon, while the bride-elect found a basket of beautiful towels, gifts from each one present.

The hostesses then served an ice course with salted nuts and mints. Before leaving the class was called into a short business session, and the following officers were elected: Miss Louise Galphin, president; Miss Nina Ruth Fleming, vice-president; Miss Dixie Taylor, secretary; Mrs. S. N. Graham, treasurer; Mrs. S. L. Bridgers, reporter.

Miss Daniels then made a short talk expressing her thanks to the class and assuring them of her good wishes and thoughts in her new home.

### A Foolish Man

Is he who believes that he is saving money by not having his eyes examined, so as to avoid spending money.

Defective eyesight reduces the individual's efficiency, which is his earning power. This may mean loss of employment—then what?

Maintain your earning power. Have an Optometrist look after your eye, sight.

Today is Poppy Day. The annual poppy sale conducted by the American Legion Auxiliary will be held tomorrow.

Everyone is urged to buy and wear these small red flowers.

The peppies are made by the disabled veterans, and the proceeds are used to carry on the welfare work for the disabled and non-compensated.

## GET IN ON THE NEW GAS HEATER!

Consumers Special Gas Water Heater

### Built Like A Thermos Bottle

Pour hot coffee into a thermos bottle—and it stays hot. Heat water in this special water heater, and it stays hot. The thermos bottle, and this water heater are both built on the same principle.

That explains in part the amazing efficiency and low cost operation of the heater.

By complete insulation the cold is sealed out, and the heat sealed in. That means that the gas burned heats only the water in the tank and not the air around the tank.

This insulated tank is only one of the many features of this special heater that brings you

low-cost hot water service.

Installation of this Storage Heater entitles you to the new Gas Rate.

We will buy your wasted furnace coil. Get rid of this money-eater. We will give you a liberal allowance for your old coil or heater to apply on the purchase of this new low-cost Gas Water Heater.

Free installation to existing connections. When a Storage Heater is installed all Gas consumed in your home will be billed at the new rate. Ask for full information today!

ONE MORE DAY TO
REGISTER.

If you expect to vote in
the coming primary and
have not yet registered, tom-
orrow is your last oppor-
tunity. If you have never
before voted in a general
election in the precinct in
which you now reside it is
necessary that you register
if you want to vote now. At
every polling place in the
county the registration
books will be open tomor-
row and you should see to it
that your name is on the
books. After tomorrow it
will be too late, so register
now if you want to vote.

BUY A POPPY.

Tomorrow is Poppy Day
and throughout the nation
the ladies of the Auxiliary
of the American Legion will
sell poppies. Every citizen
should buy and wear a pop-
py. Not only does the wear-
ing of the poppy pay tribute
to those gallant sons who
fell for their country in the
world war, but the proceeds
of the sales go to those vet-
erans who gave their best
for their country and today
lie in government hospitals,
many of them hopelessly
awaiting the grim reaper.
The money raised from the
sale of the poppies is devoted
to bringing as much com-
fort and happiness as pos-
sible to these disabled vet-
erans and everyone should
be glad to aid in this great
work by buying a poppy.
When the ladies call on you
tomorrow be sure to accept
a poppy and pay as much
as you can for it with the as-
surance that you are donat-
ing to a great cause and are
helping in a small way to
pay a debt we owe to the
disabled ex-service men.

ABOUT
TOWN

The Greenville Kiwanis and Ro-
tary clubs will play ball here next
Friday in an effort to provide funds
for the Boy Scout hiking camp to
be built on the Falkland road about
two miles from Greenville.
The game promises to be one
of the most exciting played here this
season in view of the fact that both
clubs have a number of former
college players who are expected to
show real form in this game.
The purpose of the game itself
is enough to inspire the public to
attend in large numbers. The
funds will go for one of the most
worthy enterprises the public has
had an opportunity of contributing
to in years, and it is hoped they
will turn out in large numbers and
help boost the fund as much as
they can.
The Boy Scout organization here
is one of the most active in the
section and its growth will be more
pronounced in the future if it is
given the desired support by the
public. The hiking camp will open
a greater opportunity for service
and enable the youngsters to more
completely prepare their physical

beings to their strenuous duties
ahead of them.
Don't forget the game but be
one of the many interested persons
on the front lines to encourage the
Kiwanis and Rotarians in their
effort to raise funds for the boys.
Greenville high school baseball
team concluded play in the North-
eastern Athletic conference by de-
feating Farmville by the comfort-
able margin of 11 to 4. This was
sweet revenge for the defeating ad-
ministered by Farmville earlier dur-
ing the season, and a fitting climax
to the close of the baseball year.
Coach Soup Porter says his boys
deserve much credit for their
achievements this year. They start-
ed off the season with only two
letter men available and finished
the season clinging tenaciously to
third place in the conference stand-
ing of clubs column.
Much of the credit for the splen-
did showing of the club is accorded
Roger Taylor, a youth who made
his first appearance on the mound
for the locals this season. Out of
eleven games, Taylor enabled his
club to emerge with seven victories
against only four losses. He struck
out a total of 107 batters and
allowed a total of 92 hits.
The record was equalled by other
members of the club played in
different positions, and if they can
keep the punch shown in the games
this season, there is no question
but that Greenville should be able
to put a formidable aggregation in
the field next season.

Trade Week is rapidly drawing to
a close in Greenville and it is
hoped people who have not inspec-
ted the bargains of the various busi-
ness houses here will get busy and
do so before the week comes to a
close.
In addition to the harvest of
bargains, the merchants are offer-
ing entertainment in the form of a
one hundred hour endurance drive
and mystery stunts in the business
district. Both of these features
are put on by the Roberts brothers,
probably the best known entertain-
ers in this section.
Many trade events have been con-
ducted in Greenville in past years
but this is the first time the mer-
chants have gone to such great
expense to offer the amusement
features, and hope has been ex-
pressed that every person in this
great trade territory come here and
take advantage of the opportunity
of seeing what the city has to
offer.
It matters not in what section of
the trade territory one may live,
they will be well repaid by a visit
to Greenville at this time. Nothing
but the most seasonable mer-
chandise is being offered from the
counters and shelves of the stores,
and the saving in each instance
should be sufficient to defray the
cost of transportation here and
back home.
Visit the principal shopping center
during the remainder of the
week and be among the thousands
to visit the city during the week.

Greenville Pythians last night
celebrated their 33rd anniversary
with a program that proved of in-
terest to the nearly two hundred
members here.
In addition to this, the Pythians
also honored Sam Worthington, who
will become head of the State or-
ganization at the annual conven-
tion in June. He is already vice-
chancellor and has rendered the
order's outstanding service in this
connection.
The Pythians are a representative
body of business men who have
evincd a profound interest in the
unbuilding of Greenville along with
affairs of the lodge, and they plan
to be of as great service in the days
to come.
All Greenville will congratulate
members in the passing of another
milestone and wish for them as
much success in the future as they
had in the past.

Local High School
Orchestra Receives
More Recognition
The Greenville High School or-
chestra, lead by Eugene T. Robe-
son, has received notice that it is
entitled to participate in the Na-
tional Orchestra Contest to be held
in Lincoln, Nebraska, May 29 and
30. The orchestra won this privi-
ledge by winning in its class at
Greensboro, April 26. This infor-
mation was received by Supt. J. H.
Rose from the superintendent of
schools in Lincoln, Neb., who is
chairman of the National Contest
for 1930.
The people of this town ought to
appreciate the fine work done by
Mr. Robeson with the small group
of boys and girls who constitute
the orchestra and also the band.
The following criticism was made
officially by the judge, Dr. Victor
F. Reisman, of Yonkers, N. Y., who
presided over the contest at Greens-
boro:
"Orchestra, Class B—Greenville.
Some very creditable work. A
few lapses in intonation, such as
for the violins on pages 11 and 12
of the score and for all instruments
on page 4. Too great prominence
in the clarinets on page 1. A nice
start of the new movement on
page 5. The peculiar cutting of
the rhythm in the very first two
measures, where each contained by
value of seven eighth notes instead
of eight. These are the features
which can be commented on. As a
whole, for a small orchestra, the
orchestra did remarkably good work
and deserves a great deal of cred-
it."
Dr. Reisman is director of public
school music in Yonkers, N. Y., and
one of the outstanding men in the
line of work in the United States.

RUTH BANGS OUT TWO MORE HOME RUNS

Since early season, Babe Ruth has been going better and better and the Yankees have been improving steadily.

But not until yesterday did the Babe and his partner, Lou Gehrig, hit their best form together to give a demonstration of the possibilities of Bob Shawkey's club.

Ruth opened up with his big runs on Wednesday when he hit three home runs in one game. Yesterday he performed a slightly lesser feat, hitting two homers in one game of a double header and enabled the Yankees to trounce the Philadelphia Athletics by the decisive score of 10 to 1 and 13 to 1.

In the two games, the Yankees made 39 runs, of which nine were homers, while the Athletics made five four baggers in the second contest to tie the major league record of ten in one game. Gehrig emulated Ruth's great feat by hitting three in this game.

The big three of the Yankees, Ruth, Lazzari and Gehrig, made 17 of the hits with some outside assistance from Lynn Lary while a youngster of the club, made three blows in the second game.

Washington pulled out a 3-2 opening victory in a duel between Burp Hadley and Milton Gasten as each yielded five hits. Then they stepped out to hit 18 times in the second game and win 13 to 1, increasing their margin to three games.

GREENVILLE IS THIRD IN CONFERENCE

The baseball season at Greenville High School is over for the year and the team deserves a lot of credit. Starting the season with only two letter men available from last year's team, the team started slowly but pulled into the finish to third place in the conference.

Only three games were found on the wrong side of the conference ledger when the season opened. Two of these were extra inning games and were hard ones to lose.

Much of the credit for the winning of the other games goes to Roger Taylor. This lad, a freshman in high school, pitching on the high school team for the first time, has hung up a record that is older and more experienced pitchers might well envy.

The hitting of C. D. Smith was the feature of the Greenville offense. The captain of the team drove in more runs than any other member of the team, hit the pillar for an average of .491, and made several circus catches in the outfield to show that he was capable of leading his team.

Irvine Hadley and Bob Barker, Senators—held Red Sox to 11 hits in two games and beat them twice, 3-2 and 13-1.

Chuck Klein, Phillies—Eleventh batter with one in 12th beat Giants, 10-8.

Farmville Loses to Greenville Highs

Greenville High School took the first game of the high school baseball season by defeating Farmville by the overwhelming score of 11 to 4. This victory compensated for the defeat Farmville had handed the locals the previous week.

Taylor was in unbeatable form. He allowed only five mealy hits, two of them infield poppers, and forced fifteen of the Farmvillites to ruff the ozone. His control was not as good as in most of the other games for he issued five free passes to the first sack.

Dixon with a triple and a single and Brown with a double and a single led the locals in the hitting line. No Farmville player got more than one hit and few got that many. Barrett pitched creditable game allowing only 10 hits and striking out 8, but he received poor support from his teammates.

Fayetteville, N. C.—(AP)—Reveries of \$50 each have been offered for four military prisoners who escaped from Fort Bragg. They are James Rogers, John Grimm, Gus Phillips and Jack Gray.

George Uhl, Tigers—Held White Sox to six hits, got three singles, scored twice and won, 6-1.

Harry Siebold, Braves—Own game with an infield single in ninth, driving in run that beat Robins, 6-5.

# Eyes Of Driver Growing Heavy-----

Roy Roberts will bring his 100 hour endurance drive to a close tomorrow (Saturday) afternoon at one o'clock, at which time he will be placed in the show window of the Blount-Harvey Co., not to be disturbed until Saturday night.

This Drive Being Promoted in the Interest of the Campaign,

## "Trade In Greenville With Home Owned Stores"

Tomorrow will mark the last day of the Special Sales being presented by the various merchants participating. Don't miss the unusual bargains which they are offering.

## Sensational Escape From Steel Tank

As one of the concluding features of the week's thrills, Saturday afternoon at 3 o'clock at Five Points, Hap Roberts will make his escape from a tightly sealed steel tank. You don't want to miss this one---it is a thriller.
