SENATE PLANS TO DISPOSE OF NAVAL TREATY

Republicans At Conference Also Decide to Dispose of Other Issues

Washington, May 26.—(AP)—The Senate Republicans decided at a party conference today to attempt to dispose of the London naval treaty, the rivers and harbors bill, the tariff, and several other important pieces of legislation before adjournment.

Senator Watson, the majority leader, said no vote was taken, but that the consensus was that the legislative program should be disposed of first in order to give a clear path for the treaty when it is reported from the foreign relations committee. He said veterans legislation probably would be considered as well as the House bill to regulate transportation.

The Republican leader said the program made it unlikely that Congress could adjourn before early in July.

Disposal of the legislative program first, he said, would give ample time for the foreign relations and naval committees to complete treaty hearings and clear the way for floor debate.

The tariff conference report is expected to require about ten days in the Senate. He would not hazard a prediction as to how long the rivers and harbors bill would take.

All of the legislation decided to be taken up at this session has been acted upon by the House. Senate committees have made radical changes in the House bills on rivers and harbors, veterans' hospitalization, and bus regulation, however, and if approved by the Senate would necessitate further action by the House.

The party conference went into the merits of the naval treaty, to some extent, Watson said, but he did not make clear what objections were raised. Senator Johnson, of California, an opponent of the treaty, and Senator Hale, of Maine, chairman of the naval committee, were present.

Salisbury Woman Fatally Injured In Auto Accident

Salisbury, May 26.—(AP)—Mrs. Mary Barber, 85, who sustained internal injuries in a crash between two automobiles four miles south of here yesterday, died early today.

She was enroute to Gastonia with her grandson, Lacy Barber and Miss Dena Iddings when their car and one driven by Walter Carson of near Stokes crashed.

Two twins, Guilford and Robert Wilson, 10, of Enfield in the Carson car sustained fractured skulls and are in a critical condition. Nine persons were injured in the wreck, others sustained slight bruises and cuts.

Says Morrow Has No Chance As Wet

Milwaukee, May 26.—(AP)—F. Scott McBride, national superintendent of the Anti-Saloon League, told an audience in the West Allis Methodist church last night that the entrance of Dwight W. Morrow as a senatorial candidate in New Jersey might portend the desire of the Republican party to have a wet candidate in readiness for the 1932 presidential race.

"Mr. Morrow is internationally known as a statesman and is recognized as a very able man," McBride said. "He certainly would rank as presidential calibre. He may win the first hurdle, but as a wet he'd never be elected President."

McBride said he believed Republicans were grooming Morrow as a presidential candidate in the event they interpreted public sentiment as shifting toward modification or repeal of the 18th amendment.

High Court Rules That Buyer Of Bootleg Rum Cannot Be Prosecuted

Tribunal At the Same Time Declines to Pass Upon Question Whether Buyer of Liquor Can Be Prosecuted for Conspiracy

Washington, May 26.—(AP)—The buyer of bootleg liquor cannot under ordinary circumstances be prosecuted.

In one of the most important decisions under prohibition, the Supreme Court today made this ruling in the test case of James E. Farrar, of Boston.

At the same time it in effect declined to pass upon the question whether the buyer of liquor who knows that shipment is involved in delivery can be prosecuted for conspiracy.

The later case was that of Alfred E. Norris, New York banker, who brought liquor from a Philadelphia bootlegger.

The high court said since Norris had virtually entered a plea of guilty by pleading nolo contendere, his conviction must be sustained.

In the Farrar case, Justice Sutherland pointed out that up until now the government had not considered the buyer guilty.

Commenting that no additional legislation had been passed by Congress, he said the court sustained a lower tribunal's decision that quashed the case against Farrar.

Justice Sutherland said that Congress might have purposely passed no additional laws, in order that the buyer might testify against the seller.

Following announcement of the decision, Assistant Secretary Lowman of the treasury in charge of prohibition enforcement, said that the prohibition unit had always taken the attitude sustained by the court.

The decision is expected to result in renewed agitation for legislation to make the buyer guilty. A bill to that effect now is pending.

Held Under Bond.
Wilson, May 26.—(AP)—Edward Eason, young Edgecombe county farmer, was held under \$1,000 bond today in connection with the death of Redmond Atkinson, negro, who was fatally injured Saturday night when Eason's truck demolished the negro's wagon. The accident occurred near Macesfield.

RELEASE MEN IN CRICKMORE ASSAULT CASE

Officers Without Solution to Shooting and Assault Near Battleboro

Tarboro, N. C., May 26.—(AP)—Charges of assault with a deadly weapon which were lodged against Joe Powell and Walter Brantley, both of Battleboro, in connection with the shooting of Frank Crickmore, Rocky Mount youth, on the night of May 3 were dropped today.

The two appeared before Recorder W. Stamps here this morning for a preliminary hearing, but instead were informed the charges would not be pressed and were released from the \$2500 bond under which they had been held.

Crickmore was shot and seriously wounded while riding with a daughter of Powell who is chief of police at Battleboro. The girl said two Negroes shot Crickmore and then assaulted her.

A widespread manhunt followed during which more than 30 Negroes were arrested. No evidence was found to connect any of them with the case and after two weeks of investigation Powell and Brantley were charged with the shooting.

In swearing out the warrant for the two, officers alleged Brantley shot Crickmore at Powell's instigation.

After today's developments Edgecombe County officers admitted they apparently were without a solution to the shooting.

"I feel that Miss Powell is able to give us more information than she has given," Sheriff W. E. Bardin, of Edgecombe county, said, adding that "if there was any way in which we could hold her we would arrest her. However, I know of no way of holding her in jail."

BASS ADMITS SLAYING OF W. R. PEARMAN

Plea Carrie Sentence of Life Imprisonment Under Agreement of Counsel

Bentonville, Ark., May 26.—(AP)—Dr. Andrew J. Bass, 55, of Columbia, Mo., today pleaded guilty to slaying his co-conspirator William R. Pearman, in a \$200,000 insurance fraud plot. The plea carried a sentence of life imprisonment, under agreement of counsel.

Dr. Bass entered his plea at the special term of Circuit Court this morning upon the advice of his counsel, Boyle G. Clark and J. R. Boggs, of Columbia, and John R. Duty, of Rogers, who in a statement said they considered him insane and dangerous to society and asked that he be taken to the penitentiary at Little Rock immediately.

Whether he should later be committed to an insane asylum they added, should be left to the judgment of Arkansas officials.

Prosecution and defense counsel agreed to a sentence of life imprisonment for the crime.

Stating that while their procedure was unusual, defense counsel said that their attitude and the attitude of members of Dr. Bass' family was that the case should be disposed of in this way.

"We could see no good reason for making this unfortunate individual the subject of a long, tedious, expensive and heart breaking legal battle, with insanity as the defense, when such a trial could not profit him a particle," their statement said.

While defense counsel declared they believed the crime was committed in Missouri and that Pearman's body was brought to Arkansas and thrown from an automobile near Gravette, Ark., where it was found by the roadside two months ago with three bullet wounds in the head. They said Dr. Bass' plea of guilty settles the question of venue.

SOUTH AMERICA TO U. S. FLIGHT NEXT FOR GRAF

Graf Back At Pernambuco After Flight To Janeiro; Ready For Flight To U. S.

Pernambuco, Brazil, May 26.—(AP)—The Graf Zeppelin returned to Pernambuco today from its jaunt down the Brazilian coast to Rio Janeiro.

Preparations were immediately begun for start probably tomorrow for Havana and Lakehurst, N. J. Completing a trip of about 2,500 miles begun Friday at midnight, the big dirigible appeared over Giguia airdrome at 8:25 A. M. (6:25 A. M. E. S. T.) since leaving Friedrichshafen Sunday a week ago it had traveled 17,750 miles, leaving about 10,000 miles yet to traverse before it will return to Friedrichshafen.

The trip back to the short red and white mooring mast here on the Brazilian capital took 23 hours and 43 minutes. It was made in better weather than the down trip

when cross winds, hail and rain made air travel bumpy and unpleasant.

A holiday was decreed by the governor in honor of the return. Business offices and shops were closed. The field was crowded with a cheering horde of spectators when the Graf flew into view and made ready to moor.

The stay in Rio Janeiro was not (Continued on Page Three)

Tells Senate Committee Grundy's Campaign Cost Total Sum Of \$332,076

Washington, May 26.—(AP)—The Senate campaign funds committee was told today that Senator Grundy's campaign for renomination in the Pennsylvania Republican primary cost \$332,076.

The figure was given by Thomas Bell, treasurer of the unsuccessful Grundy campaign, as the committee began its inquiry into the Pennsylvania primary.

Grundy himself first was called, but he referred the committee to Bell.

Bell, who lives in Philadelphia, said he had no detailed statement of expenses.

He said \$338,602 was collected for the campaign, and he thought some more bills were yet to be paid, but did not know the amount.

Grundy himself contributed \$291,000 to the campaign. Bell said. The rest came from small contributors.

Recalling the Senate had called an expenditure of \$191,000 in the Newberry case excessive, and that Ruth Hanna McCormick this year spent \$232,000 of her own money, committee members asked Grundy where the line shouldn't draw any.

He replied the primary law, where the appeal must be made to all the voters, he said, "the money must be spent."

"I don't think it should draw any line at all," Grundy said. "I don't think it is a question of money—it is a question of what is right. Whatever the cost of educating a seat."

RUTH HORNE WINS GRAND PRIZE HERE

Given Watch For Guessing Number of Miles Covered By Endurance Car

Miss Ruth Horne was winner of the grand prize given away by the Tolar Jewelry Company in connection with the "Trade in Greenville" campaign which came to a conclusion last Saturday. The prize was awarded to the one guessing the total number of miles covered by Roy Roberts, automobile endurance driver, during his one hundred hour drive which came to an end at one o'clock Saturday afternoon.

It was discovered that seven persons had tied up for the grand prize when the final count was made, and it was necessary to place the names of the seven in a hat and let a child draw the name of the winner from that number. This took place after Hap Roberts, brother of the endurance driver had mystified several hundred people with his escape from a steel tank at Five Points at 3 o'clock. Those trying for the prize were: Mrs. Henry Corey, Ruth Horne, O. K. Richardson, Morris Lehue, Ed Moore, Helen Lewis, Willard Whitchard. Each guessed 1276, the actual number of miles covered by the endurance car. The grand prize was a Lissco wrist watch.

The termination of the endurance contest, which began last Tuesday morning at 9 o'clock, was witnessed by several hundred people. Roberts was put to sleep in one of the display windows of the Blount-Harvey Company at the expiration of the contest, and hundreds of people milled about the windows during the afternoon and early evening to get a view of the young man who defied the laws of nature to the point of extreme exhaustion.

It was stated today that the endurance drivers would go from Greenville to Washington, N. C., where a similar campaign will be put on in the interest of the business life of the city. Map Roberts, who put on the mystery performance here, will drive the endurance car at Washington. It was understood. He holds the world's record for automobile endurance driving, his time being 115 hours without sleep.

The contest was put on here under auspices of the Greenville Merchants Association, and the automobile bore the names of the participating merchants. To add interest to the campaign, various merchants awarded prizes from time to time to the persons guessing nearest to the number of miles covered by Roberts at different intervals. Over five hundred persons participated in the guessing. The grand prize, and the guessing is said to have ranged all the way from 580 to 18,500 miles.

The speedometer on the two-door Ford sedan driven by Roberts was sealed at the beginning of the drive and was not broken until the driver stepped from the car in front of the Blount-Harvey Company store and was released from the handcuffs and chains which had bound him for one hundred hours. The speedometer registered 1276 miles.

The performance was one of the most spectacular of its kind ever put on in Greenville, and people living within a radius of thirty-five miles of the city were given an opportunity of seeing the car. Roberts visited virtually every small town in the county, and at each place he was greeted by splendid crowds. Interest reached the climax Saturday when the street was literally lined with people trying to get a view of the driver as he finished his grueling test behind the wheel.

Atlanta City Clerk Sentenced to Roads On Bribery Charge

Atlanta, Ga., May 26.—(AP)—City Clerk Walter Taylor, convicted Saturday on one of eleven counts charging bribery, was sentenced to 12 months on the chain gang and to pay a fine of \$1,000 in Superior Court today.

The count on which Taylor was convicted accused him of accepting \$500 to obtain the construction of sidewalks.

The conviction of City Clerk W. C. Taylor today was the basis for a movement to impeach him. Alderman G. Everett Millican and Alderman A. Gilliam said they would sponsor impeachment proceedings.

Meanwhile, Taylor, who has held office for 19 years, was directed to appear for sentencing. He had announced his intention of appealing for a new trial and is free on \$10,000 bond.

Under the bribery statute the maximum sentence possible was 12 months on the chain gang, 6 months in jail and a fine of \$1,000. The court may impose any part of all of the sentence.

Says Japanese Ratio Injurious To United States

Washington, May 26.—(AP)—Admiral Charles F. Hughes, chief of naval operations, said today before the Senate foreign relations committee that he thought the ratio given Japan under the London naval treaty would be "detrimental" to American interests.

He preferred more eight-inch gun cruisers than the treaty allowed he said, and thought them superior to six-inchers.

Fools Robber

Chicago—Robbers held up Chas. Fernald, and Mrs. Snea M. Smith on the way from the theatre. Fernald offered them his \$2,400 diamond ring, a wrist watch and \$100 if they would not molest Mrs. Smith. They agreed, and kept their promise. She was wearing a diamond brooch and three diamond rings valued at \$10,000.

ABOUT TOWN

With the long list of candidates for seats in the Legislature and on the Board of County Commissioners, Pitt county people will have a wealth of material to choose from in the coming Democratic primary.

Keeping step with the popular cry for tax reduction, the majority of the candidates have declared themselves in favor of such a proposal and promise to exert their every effort to this end if elected to the high office to which they aspire.

The voters might give careful attention to the list of candidates carried in nine columns of this paper last Saturday afternoon and determine who they want to vote for. This important matter should not be deferred until the last minute because the true worth of a candidate cannot be summed up in a few minutes or on the spur of the moment.

This business of voting is a serious thing, and it should be considered by every man and woman interested in the development of the community and State in which they live. The highest type of officers are necessary if the function of the government is to continue in a satisfactory way, and this fact should be borne in mind when the battle of ballots begins.

Think of the man and what he represents and then cast your vote accordingly, is the advice of the leading men and women of the nation today.

It matters not in what section of the country one may live he should boost his home town. The home town booster is unquestionably one of the most vital factors in the development of the nation, and the more of them a town has the better off that town should be.

The best that can be said of any man is that he is a booster. His position in life is just as important as that of the eminent statesman or jurist, business or professional man because he embodies all types in the final analysis of what it takes to make a booster.

The booster is a man that is eternally saying something good about his community. If he has any criticism to make, it is of a constructive nature, and so presented that it will not work to the detriment of the religious, social, moral, educational and financial life of his home town. He is the man that believes that more good comes from kind words than all the caustic comment in the world, and is eternally looking into the future for the proverbial rainbow.

If you are not in the habit of boosting your home town, why not cultivate such and be one of the forces forever at work for improving public and private life. You will feel much better by having done something for the uplift of humanity.

Don't forget the movement now on foot to provide a hiking camp for the Boy Scouts on the Falkland road about two miles from Greenville. This is one of the main problems before the Scout executives at this time and they are hopeful the public will do everything possible to aid in making the camp possible.

The Kiwanians and Rotarians are going to do their bit in this connection next Friday afternoon by playing ball at the Third Street Athletic Field. Funds derived from the game will be turned over to the Scouts to be used in behalf of the camp.

But it is going to take more than the returns from this game to pay for the camp, and it is hoped every organization of the city will get busy and attempt to contribute liberally to the fund. This is a movement launched in behalf of the man of tomorrow, and certainly the far-sighted citizen should realize the importance of helping these lads grow into strong, sturdy men, fully capable of shouldering the responsibilities which the future hold for them.

Don't delay the matter, but get busy at once and see how much money you can raise among members of your organization for this purpose, and in that way inspire the Scouts in their effort to improve themselves.

Returns to Rome. Rome, May 26.—(AP)—Premier Mussolini, who has been on a tour of Tuscany, returned to Rome this afternoon.

Tourists Have Chance To Come Back This Week

Charlotte, May 26.—(AP)—George Spiers and his Asheville Tourists, who with their heavy hitting and fine pitching featured the start of the 1930 South Atlantic League race only to suddenly hit a rocky path, have an opportunity to blast their way back into the limelight this week.

The Tourists open the period with Joe Schepner's mighty Greenville Spinners at home, and the outcome of the series should tell heaps about the club's future chances.

The Spinners are at their best now, and stopping them in something no other club has been able to do successfully in recent games.

The week-end series finds Spiers' machine facing a comparatively lighter task in the way of a four game mixup with Augusta, this array of games also being carded at Asheville.

McDon's Peaches, who exhibited a fine brand of ball to walk away with honors last week, lead off with Columbia. Unless the Comers made improvements over the week-end, the Georgians should have little trouble.

Dick Holtzblatt's Charlotte Hornets will try to regain lost prestige at the expense of Augusta, but the manner in which Odie Strain's Wolves handled themselves last week indicates that the Hornets will find the going rather tough.

Too Many Aces and Jacks Causes Battle of Fists

Chicago, May 26.—(AP)—The hollering and yelling in Joseph Gorman's room at 3215 Maypole avenue yesterday was because one gentleman in a gentleman's poker game held four jacks and an ace, and another gentleman held four aces and a jack.

This can be done in pinocle, but the gentlemen were not playing pinocle. Fisticuffs followed, and it is not surprising. Nothing makes a gentleman holding four jacks and an ace angrier than to see another gentleman holding four aces and a jack.

There was much bluff-banging. Peaceful pedestrians paused outside, for many people enjoy a good fight, or even just a plain ordinary fight.

Some policemen came along and nine poker players went to jail. None explained about the five jacks and the five aces. It was the general opinion, however, that the playing card company must have made a mistake in that particular deck.

JUDGE ROM NUNN TO CARRY CRAVEN WITH A GREAT BIG MAJORITY

It Will Be Craven County's Testimonial to a Man of Character and Worth. (By Kid Homan) Lots of men can win public office anywhere but in their own neighborhood—it's a measure of a fine man of sterling character when his neighbors, who know him best, say we've looked deep into the soul of him and found it good—and dog-gone if we all ain't gonna put him over big in Craven County—it's a great feeling when you know the man you elect to office, especially the high office of Superior Court Judge, will remain staunch and true.

His friends are proud of his record, and are confident that his integrity and honesty in office, his patience and courtesy, and his exceptional qualifications for the high office he seeks will appeal to the voters of the district, and that he will be re-nominated and elected by a large majority.

The official career of Judge R. Nunn during his term in office commends him as deserving of endorsement by the voters of the Fifth Judicial District. After being appointed by the Governor to fill the unexpired term of Judge Horton, the people of the District endorsed Judge Nunn at the succeeding democratic primary to fill the unexpired term.

Judge Nunn has held the office only four years, and now asks the voters to endorse him by electing him for a full term. During his tenure in office, Judge Nunn has been uniformly fair and courteous, always dispensing justice in that fair and impartial manner in keeping with the high office he holds. His high standard of conduct in office, together with the exceptional knowledge of the law, had made him an outstanding judge in the state. His decisions have rarely been reversed by the Supreme Court and cases tried in his Court are seldom appealed.

The fact that he has served only half a term, coupled to the fact that it has been an almost unbroken custom in North Carolina for judges to hold office for at least two terms together with his record of service in office, ought to be sufficient reasons for his re-nomination by the democratic voters of this district. Judge Nunn was appointed by the Governor and then nominated and elected by the Democratic party to fill the unexpired term of the late Judge Horton. In the Democratic primary next June he will be a candidate for re-nomination as Judge for a full term in the office. (Political Advertisement)

LAST MARINE ARRESTED IN MURDER CASE

Giles Bagwell to Be Returned to New Jersey In Slaying of Two Men

Pickens, S. C., May 26.—(AP)—Willing to waive extradition for his return to Toms River, N. J., to answer a technical charge of murder, Giles Leon Bagwell, 25, last of four marines sought in the slaying of Robert Evans and Albert Duffy, was awaiting the arrival of New Jersey officers in the Pickens county jail here today.

Bagwell, arrested by Sheriff John B. Craig, in City View, a suburb of Greenville, told Sheriff Craig he knew nothing of the killings and denied any knowledge which might clear up the mystery. He admitted to the sheriff that he had deserted the marine corps "about five months ago" and said that shortly afterwards he had returned to his father's home near here.

Bagwell was wanted by New Jersey officers for questioning, on the belief that he can clear up certain conflicting stories concerning the shooting.

Authorities in New Jersey already hold four persons in connection with the deaths. They are Mrs. Hattie Evans, widow of one of the men slain, and three marines from the naval air station at Lakehurst, Lester J. Underdown, Claude E. Carmichael and Madison Chappel.

Tom's River, N. J., May 26.—(AP)—With the arrest of Giles Leon Bagwell, in South Carolina yesterday, Ocean county authorities believed today they had the final link necessary to explain the slayings May 16 of Robert Evans, former sailor and his friend, Albert Duffy, a radio operator, which followed that of Madison Chappel, a marine assigned to the Lakehurst naval air station, last Friday, completes a round-up of all suspects. Chappel is in Syracuse, N. Y., awaiting extradition. Both are expected to be returned here today.

Three others, Lester J. Underdown and Claude E. Carmichael, also marines, and Mrs. Hattie Evans, widow of the sailor, are being held in the county jail.

Carmichael and Chappel have told similar stories of the killings. Both admitted being present and said Underdown fired the shots that killed the friends. Underdown denies knowledge of the crime. Mrs. Evans is held as a material witness.

Police found Evans dead with a crushed skull and bullet wounds. Duffy, suffering with similar wounds died the next day. Underdown has admitted having gone to the Evans' house during the husband's absence in the navy. Bagwell, absent without leave from the air station and first believed to be a principal in the case, is now thought by Prosecutor Davis merely to have had previous knowledge of the crimes.

Announce Lower Gas Rates Here
A new and lower gas rate here and in other towns where the company operates, was announced today by the Carolina Gas and Electric Company to take effect June 1st.

The new rate reduces the minimum charge 33 1-3 percent, or from the present rate of \$1.50 to \$1.00. The general reduction based on the amount of gas used by the customer ranges from around 8 percent to approximately 20 percent depending upon the amount of gas consumed.

The average saving based on the average consumption of local users will range about \$1.00 per customer per month. Throughout the six towns in which the company operates the annual saving under the new rate to gas users based on present consumption will be approximately \$50,000.

It was pointed out by the official that the reduction was made in order to increase the number of users of gas so that as many people as possible might enjoy the benefits of this modern form of cooking, eating and refrigeration.

To Decorate Graves Of Former Service Men During May 30

Members of the Pitt County Post of the American Legion and the Auxiliary today had completed the compilation of the list of the graves of former service men to be decorated May 30. The list is as complete as it has been possible for the committee having charge of the decorations to make it at this time.

The committee has the names of five former service men, the whereabouts of whose graves is unknown. Anybody having information in this connection is urged to get in touch with S. L. Bridgers, Herbert Waldrop, Bill Rogers, or Mrs. Richard Stokes, so that arrangements may be made for placing wreaths upon the graves on the above date.

The names of the unknown graves of service men follow: Milan S. Price, Charlie Byrum, Joseph F. Tugwell, Charlie R. Buck, Jeffries J. Cannon.

The whereabouts of the following graves is known, and will be decorated on Memorial Day by a committee whose names will appear in Wednesday's paper. The list follows: Charlie Barber, Reedy Branch Church; Wiley J. Brown, Greenville; Earl Michel Cobb, Farmville; John T. Cox, Ayden; Roy B. Cox, Ayden R. 2; W. Zeno Edwards, Hudson X Roads, Chocod; Dr. C. J. Ellen, Greenville; Alfred Evans, Cox Mill Road; Ben A. Everett, Gum Swamp Church; Charlie Harris, Reedy Branch Church; Hassell House House cemetery, on old Stokes road; Earl James, family cemetery, 1.2 mile South Leans; Herbert G. Johnson, Greenville; Carl Jones, Greenville; J. Matt McGowan, Greenville; Lewis B. McElwain, Reedy Branch Church; Tommie Moore, Farmville; Leland Patrick, St. John's Cemetery; Griffin; S. L. Ragsdale, Greenville; Francis Skinner, Greenville; Lonnie Lester Smith, family cemetery, Smith's Mill; Jasper C. Smith, Reedy Branch Church.

If there are any other service men not mentioned in the list above, the members of the decorating committee would be glad to have information concerning the location of their graves.

AYDEN CITIZEN SEEKS TO STOP ROAD TAX LEVY

Dr. G. G. Dixon Asks Injunction Against Board of County Commissioners

A petition for injunction has been filed in the Pitt County Superior court by Dr. G. G. Dixon, of Ayden, and in behalf of other citizens of Ayden township, seeking to restrain the Board of Commissioners of Pitt county from levying and collecting a \$6.00 capitation, or special road tax.

The complaint will be heard by Judge M. V. Barnhill, who is presiding over the civil term of Pitt County Superior court in this city, during the latter part of the week, and promises to draw considerable interest from the township affected and several other townships of the county.

The plaintiff is represented by M. B. Prescott, Ayden attorney, and the county will be represented by Attorney J. E. James.

The complaint declares that the imposition of this tax is illegal and in violation of the Constitution of the State of North Carolina, which provides that, "the General Assembly may levy a capitation tax on every male inhabitant of the State over 21 years, and under 50 years of age, and that said tax shall not exceed two dollars. No other capitation tax shall be levied."

The complaint also declares that a tax of \$6.00 is also levied in Beaver Dam township, \$5.00 in Belvoir, \$5.00 in Carolina, \$4.00 in Chocod, in Falkland \$6.00, in Pactolus, \$4.00, in Swift Creek \$5.00, in Winterville, \$6.00 while Greenville and Farmville townships pay nothing.

It also declares that the lack of uniformity existing in the various townships is unequal and unjust, a discrimination, and illegal in violation of the Constitution which requires a uniform rule of taxes, and that section of the Constitution is made a part of the allegation.

The complaint also asks that the defendant be restrained from assessing or levying or collecting said special tax in excess of the \$2.00 capitation tax levied under the Constitution, and that the Board of County Commissioners be restrained from applying the proceeds of the special tax outside of the township from which it is paid, provided this special tax is adjudged to be constitutional.

Sneezer Halts Kinston Court

Kinston, May 26.—(AP)—Superior court was in session here, in the midst of a murder trial, but it stopped long enough to observe respects being paid to the goldenrod that blooms in the spring.

An old gentleman sat "down front." Suddenly he began to give impressive and prolonged demonstrations of hay fever. He gave a regulation salute of three sneezes and then apparently not satisfied, or, satisfied he was doing too well to stop, continued. It seemed a good start of a marathon.

Judge Garland Midyette appeared offended, then amused. He stopped court with comments intended to make the man cease his demonstrations. The sneezing went on and on. Then one who knew said "He's deaf, Your Honor," and looked at the sneezer who, unable to control his vicious proboscis, left the room.

Juvenile Nines Begin Practice In Legion Series

"The familiar cry of 'batter up,' is being heard these spring days from many boys in this community who are already crossing bats in practice that in time will lead up to the American Legion Junior World Series," said Sam T. Carson, athletic officer of the Pitt county post, in urging all boys eligible to get into the game early this season.

"The local post of the Legion is eager that this community make a good showing in the unselfish junior baseball series of the Legion this season," he said. "Sponsoring a junior baseball team affords a project of service to America's youth that every church, club or industrial concern in this community can well approve."

"It is not necessary for the boys who take part in the junior baseball series of the Legion to have expensive playing suits. The Legion conducts the junior baseball program to reach just as many boys as possible and to teach them good citizenship by learning discipline and to obey the rules of the game. Equipment which will enable the largest number of boys possible to take part is more important than uniforms."

"To get the most out of the coming tournament the boys should be on the diamonds in practice just as soon as possible. Organizations planning on sponsoring junior nines in the Legion program, should make their plans now. The boys can help in advancing the program by familiarizing themselves with the rules governing the competition."

"The junior baseball series is national in scope. The goal for this season has been set at 500,000 boys. The American and National leagues of baseball contributed \$50,000 this year, as they did in preceding years, to help defray the expenses of the series. The minor leagues are supporting the program in many ways. Twelve regional tournaments, between states, and two sectionals, between regional champions, will be played before the east and west champions meet in the world series."

War Mothers Visit Tomb of the Unknown

Paris, May 26.—(AP)—Gold Star Mothers today were beginning to feel the reaction from the emotional strain of their last week's activities, when they visited the battlefields wherein are the graves of their sons who died in the great war.

Most of the first group remained over the week-end in their hotels or made only short sightseeing trips, while those of the second group rested in preparation for the strenuous hunt to come.

Souvenir hunting was today's chief occupation and the shops did a thriving business with novelties, one of which was a miniature "tin hat" labeled "souvenir of the Gold Star visit."

Quite a sizeable cargo of neckties, dolls, laces and similar goods will accompany the mothers home.

The placing of five wreaths on the tomb of France's unknown soldier today demonstrated that the impressiveness of ceremonies in connection with the Gold Star visit is undiminished by repetition.

Such a veteran as General Henri Gouraud, who has never lacked occasions for emotion during his long career, was visibly moved today as he stood at attention and watched the American women kneel before the symbolic tomb.

Mrs. Margaret Forsythe of Akron, Ohio, placed the first wreath, kneeling for a moment in silent prayer afterward.

Mrs. Fred Ellis, of Janesville, Wis., laid two wreaths—one in behalf of the Janesville Legion Post and one for the 128th National Guard regiment.

Other wreaths were laid by Mrs. Elsie Jensen Newell of Iowa, and Mrs. W. H. Young of Schiller, Ia.

When the mothers arrived at the Arc de Triomphe they found a beautiful bunch of roses freshly laid on the tomb—a tribute from Crown Prince Frederick of Denmark, who is making his first official visit to France.

Mrs. Margaret Forsythe of Akron, Ohio, placed the first wreath, kneeling for a moment in silent prayer afterward.

Mrs. Fred Ellis, of Janesville, Wis., laid two wreaths—one in behalf of the Janesville Legion Post and one for the 128th National Guard regiment.

Other wreaths were laid by Mrs. Elsie Jensen Newell of Iowa, and Mrs. W. H. Young of Schiller, Ia.

When the mothers arrived at the Arc de Triomphe they found a beautiful bunch of roses freshly laid on the tomb—a tribute from Crown Prince Frederick of Denmark, who is making his first official visit to France.

Oldest Veteran Dead.

San Pedro, Calif., May 26.—(AP)—William H. Savage, '92, pioneer California and Arizona attorney, who claimed he was the oldest veteran of the United States Marine Corp died here last night.

He was a member of the crew of the old sleep-of-war Mississippi at the battle of Port Hudson in the civil war. During his military career he saw service in the navy, army, infantry and marine corps.

Reduction In Gas Rates

To the Citizens of Greenville: This company is pleased to announce a reduction in its rates for gas service to its customers and prospective customers in Greenville.

The following optional rate will be put into effect June 1, 1930 and will be effective to all customers calling at our office and requesting that they be billed under this rate:

First 400 cu. ft. or less per meter per month \$1.00
Next 600 cu. ft. at 23c per hundred cu. ft.
Next 1,000 cu. ft. at 21c per hundred cu. ft.
Next 1,000 cu. ft. at 19c per hundred cu. ft.
Next 2,000 cu. ft. at 18c per hundred cu. ft.
All over 5,000 cu. ft. at 16c per hundred cu. ft.
Discount for prompt payment 1c per 100 cu. ft.
Minimum Charge \$1.00

This reduction will enable all users of gas to enjoy the full benefits of gas service.

Gas will be cheaper than any other fuel for cooking. Ask our manager or any employe about this very low rate.

At 12 o'clock each day there will be a general program in the auditorium. This program is in charge of the Home Demonstration clubs. The program Tuesday will be put on by Hopewell, Pierce, and Gritton clubs.

GRAF BACK AT PERNAMBUCO AFTER FLIGHT TO JANEIRO READY FOR FLIGHT TO U. S.

(Continued from page 1)
The most pleasant experience in the history of the Graf Zeppelin.

Preceded by a quarrel over admission prices to the Campo Dos Affonso landing field, other hitchhikes developed in the course of the night; unfamiliarity of the Brazilian soldiery with their task in handling the unwieldy craft added to the confusion.

Dr. Eckner, master of the Graf did not even leave the gondola of the ship, remaining there for reception of various civic and government officials, Germans resident in Brazil, and the Prince Louis Ferdinand, son of the former crown prince of Germany, who was in Rio Janeiro for the occasion.

The Graf, which left Pernambuco at 11:55 P. M. Friday arrived over the headlines outside the harbor at 1:30 A. M. Sunday morning, but after communications with officials Dr. Eckner decided to withhold landing until dawn.

With coming of the sunlight he started the ship past the crown of famous Pao D'Assucar or "Sugar Loaf" mountain dominating the city, and then passed over the Brazilian capital. The noise of the dirigible's motors brought thousand, from their homes into the streets and onto roofs for a view of the Graf, which at first was outlined in the sky by sunlight appearing from over the tops of the mountains while the city was still in darkness.

Arriving over Campo Dos Affonso, the Graf descended from an altitude of 1,000 feet and at 7:19 A. M. slid the landing cables over the side of the Gondola from a height of about 300 feet. At 7:30 as a band played the German national anthem the landing was completed.

Infantrymen held the ship steady, none too sure of their jobs, while cavalry detachments dashed here and there to keep the crowd away from the craft. Passengers landed, new passengers were taken on, and a cargo of mail dropped and a new cargo added in the next few minutes, while Dr. Eckner received the reception committee—the gondola

Seeking Damages For The Death of Child

The final week's session of a two weeks term of Pitt County Superior court, for the trial of civil cases, convened in Greenville this morning with Judge M. V. Barnhill, of Rocky Mount, presiding. There are fifty or more cases on the calendar for the week, and two or three of them are of more than usual importance.

Court today started hearing the case of A. B. Bracy against Hugh Holloman, highway contractor, involving suit for \$10,000 damages as result of the death of a child of the plaintiff who was run down and killed by a highway truck at Rich Square sometime ago.

The case is expected to be one of the hardest fought of the entire session, as both sides have a great array of witnesses. The defense began putting on evidence this afternoon and it was indicated that the case would be finished late today or early tomorrow.

Youth Some Shot

New York—Expert marksmanship of John Morse, 14, saved his father's life. Returning from a four months hunting tour in India, said the boy shot a panther in Nepal that was about to spring at him. John also killed three tigers.

Announce Lower Gas Rates Here

A new and lower gas rate here and in other towns where the company operates, was announced today by the Carolina Gas and Electric Company to take effect June 1st.

The new rate reduces the minimum charge 33 1-3 percent, or from the present rate of \$1.50 to \$1.00. The general reduction based on the amount of gas used by the customer ranges from around 8 percent to approximately 20 percent depending upon the amount of gas consumed.

The average saving based on the average consumption of local users will range about \$1.00 per customer per month. Throughout the six towns in which the company operates the annual saving under the new rate to gas users based on present consumption will be approximately \$50,000.

It was pointed out by the official that the reduction was made in order to increase the number of users of gas so that as many people as possible might enjoy the benefits of this modern form of cooking, eating and refrigeration.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, May 26.—(AP)—Cotton opened steady at a decline of 2 to 7 points under realizing promoted by reports of generally favorable weather in the south over Sunday and relatively easy Liverpool cables. Concern for the return of unsettled conditions for possible showers in Oklahoma served to check the selling.

After easing off to 16.14 for July and 14.60 for the new October contract or about 3 to 5 points net lower, the market steadied a point or two on covering. Liverpool cables said there had been Manchester, continental and Bombay liquidation with a poor off-take in that market. Moderate cloth sales to South America and Africa were reported, and yarns were pressed for sale.

GRAIN MARKET

Chicago, May 26.—(AP)—Wheat prices ran up quickly today helped by the largest weekly clearances from North America in a long while. Besides, export business in North America, wheat today totaled 1,000,000 bushels or more, and the United States visible supply showed 3,811,000 bushels decrease. Bullish crop reports about winter wheat in Illinois were also a factor, and so too were Saskatchewan advices of damage by abnormally high winds and soil drifting.

Wheat closed stronger, 13-4c to 27-8c a bushel higher than Saturday's finish.
Corn closed 11-4 to 15-8c up. Cais 3-8 to 12c advance, and provisions unchanged to a rise of 20 cents.

STOCK MARKET

New York, May 26.—(AP)—Moderate speculation for the rise dominated trading on the stock market today, as traders appeared considerably encouraged by the firmer tone developed by the list late last week.

The change appeared to be largely psychological, however, for business and trade news was meagre and indicated little save that the early effects of the normal seasonal lull are now being felt.

April railway operating income reports continued to appear, and the latest reports detract somewhat from the improvement indicated in the first handful appearing last week. Net for the first 14 carriers to report shows a decline of nearly 27 per cent, as against an indicated decline of 20 per cent last week. A few of the carriers have failed to earn dividend requirements during the first four months of the year, but with strong cash positions, and heavier traffic fairly confidently forecast for the last half of the year, reductions in disbursements are not expected.

Presidents Donnelly of the Northern Pacific, and Williamson, of the Burlington, reported fairly good crop conditions in their territories, but few signs of business improvement. The Philadelphia Federal Reserve Bank reported an increase of about 2 per cent in employment in the anthracite coal fields in April, over March, but a drop of 18 per cent from April, 1929. The Guaranty Trust Company in its monthly survey of business, found conditions practically unchanged, and pointed to unsettled commodity prices and a high level of business failures as deterrents to improvement.

On the whole, however, Wall street remained fairly confident of the appearance of decisive signs of improvement by late summer or early autumn.

Thought He Was Seeing Things And Really Was

Asheville, May 26.—(AP)—A red nose pressed against a pet shop window here may have smelled a rat but bleary eyes apparently didn't deceive.
The fellow had seen a fish swim up out of a bowl of sand, exhale sand through its gills and another fish jump into the sand and disappear. That was enough and the owner of the red nose stumbled away mumbling incoherently. He thought he was seeing things.
He was. They were rjre cobitis fossils or Chinese weather fish that are used in sand and dirt bottomed aquariums as scavengers.

Union Labor Wins Important Case in The Supreme Court

Washington, May 26.—(AP)—Union labor won an important case before the Supreme Court today when an injunction against railroad restraining it from interfering with its employees in their selection of representatives in labor disputes was sustained.
The injunction was that against the Texas and New Orleans railroad, a part of the Southern Pacific system, and centered largely about "company" unions.
The Brotherhood Railway and Steamship clerks complained that the railroad was violating the railroad labor law, which protected railroad employees from interference in the selection of their representatives in labor disputes.
The union contended that the railroad attempted to intimidate its members by punishing those who had been active in opposing an association which the union charged the railroad was seeking to organize among the clerks.

Pleads Self Defense For Killing Father

Durham, May 26.—(AP)—Norman W. Goss, 20, who shot and killed his father J. C. Goss, at their home here last night after the father, in a drunken condition had abused the family most of the day, will plead self defense, when given a preliminary hearing on murder charges this week in recorder's court.

According to members of the household, the father had attacked several members of the family and was choking Johnnie, another son, when Norman walked in the room. At Norman's interference, the father seized a poker and chased Norman who ran to a neighbor's and borrowed a pistol. Returning he was met by his father who had an open pocket knife in his hands. The older Goss advanced, it was said, and Norman fired two shots, one passing through his father's heart.

RACING CAR DRIVER FATALLY INJURED

Kansas City, May 26.—(AP)—A contest for a first prize of \$50 has cost the life of Lewis Wolfe, 20-year-old Kansas City racing car driver.
Wolfe died yesterday in an ambulance while en route to Kansas City after he was injured in a collision on a dirt track at Smithfield.
The accident was viewed by 10,000 persons. Wolfe's car plunged through a fence, narrowly missing a number of spectators.

Pluto Is Name of New Planet

Flagstaff, Ariz., May 26.—(AP)—Pluto, is the name selected by officials of the Lowell Observatory here for the recently discovered trans-Neptunian body previously designated as planet X.
Roger Lowell Putnam, trustee of the observatory, who predicted the existence of the planet sixteen years before it actually was seen, announced that the name Pluto was chosen after a host of suggested names had been narrowed down to three—Mierva, Pluto and Cronus.

The name has been presented to the American Astronomical Society and the Royal Astronomical Society, Mr. Putnam said, and undoubtedly will be approved by the two bodies.

Taking the Haphazard out of the Situation

Some years back we who did not travel to Europe heard with wonderment about the London "hobbies", as the policemen were called, who regulated traffic simply by holding up a hand.
Traffic here did not seem to require such regulation, and we all doubted whether American drivers could be so readily halted, and then told to proceed.
What London then had in the way of traffic regulation, nearly every county seat in America now has, and needs. Things have speeded up mightily—and they are still speeding up faster. Industry is speeding up, in exactly the same way.
This faster-moving industry is reaching every community. Joint effort—concerted effort, in the benefits of which every citizen has the opportunity to share, is speeding up industry as never before. There has been a growth in the number of stockholders of one important group of corporations, including banks, public utilities, railroads and industrial concerns, from 1,820,988 last year to 2,546,247 in 1930.
There are today, all told, over 15,000,000 individual investors in American industrial concerns—twice the entire population of Canada! And these industrial concerns, as a whole, are bringing benefits directly or indirectly to all the 120,000,000 people in America.
Southern Dairies began a few years ago, by bringing together the scattered efforts of the South-eastern section of the United States, to take the "haphazard" out of the dairy industry in this section—organizing and increasing production, transportation and market, for the benefit of all—eliminating losses due to dull seasons and lack of organization, and collecting for its shareholders who invested millions only a small fraction of the savings effected.
You who daily consume the products of this widespread organization furnish the best testimony of its growing success.
