## HOOVER SIGNS BILL FOR DRY DEPT. CHANGE

### Also Signs Measure Providing for Seven Prison Reforms Over Nation

Washington, May 27.—(AP)—President Hoover today signed the Williamson bill providing for transfer of the prohibition enforcement on July 1 from the Treasury to the Department of Justice.

The measure is designed to bring closer cooperation in the enforcement and prosecutions under the law. It has the approval of the law enforcement commission, as well as Secretary Mellon and Attorney General Mitchell. It was passed by Congress after President Hoover had recommended the transfer.

Under it, the enforcement duty will be taken from the Treasury for the first time since the prohibition law became effective. Secretary Mellon will share with the attorney general, the responsibility of controlling industrial alcohol and Dr. James M. Moran, now prohibition administrator, is expected to remain in the Treasury department in charge of this work.

More than 2,500 employees will be transferred to the Department of Justice under G. Aaron Youngquist, assistant attorney general.

A director, who has not yet been appointed, is to have active charge of enforcement. Attorney General Mitchell has given no indication of the course he expects to follow in his attempts to enforce prohibition.

Washington, May 27.—(AP)—President Hoover announced today that he had signed seven prison reform bills designed to enlarge the federal prison system and establish a comprehensive system of prison reform.

The acts assure building of two federal prisons, two reformatories, and a number of jails at a cost of approximately \$7,000,000.

One of the new prisons is to be in the southwest section of the United States in the vicinity of Erie, Pa., while the other will be west of the Mississippi river.

A reformatory is to be constructed in the Southwest and the jails in large centers of population. The other reformatory is to be in the East.

One of the bills provides for a new parole system to be governed by three members appointed by the attorney general.

Other direct establishment of training schools in the prisons, hospitals for defective delinquents and allow the public health service to take over jurisdiction of the health of the inmates in the federal prisons.

## Three Killed In Airplane Crash

Tulsa, Okla., May 27.—(AP)—Crashing as the pilot was landing in the lighted field of Garland airport, an airplane carrying Miss Jrs. Ball, 28, of Tulsa, and Robert Hampton, 31, and George S. Busboom, 29, of Tulsa, Mo., fell 100 feet here last night and burned, killing the trio.

Bodies of the victims were seared beyond recognition. A half hour was required to extricate them from the smoldering wreckage. Pieces of the three persons who accompanied them to the field for the night flight witnessed the accident.

Busboom, a marble quarryowner, proprietor of the plane, and Hampton, his pilot, accompanied by E. Peters, Tulsa marble dealer, flew here from Carthage. The ship was at the field for some minor repair work. About 11 o'clock, Busboom and Hampton, accompanied by several friends, returned to the field and the motor warmed up or night flight above Tulsa.

Attendees at the airport saw the plane, after flying low over the field, returned above the field, tipped as if to land, and then tumbled over a hangar before falling.

The reason for the crash was not determined. Two student fliers, both of Tulsa, so were injured yesterday in a fall near here. Paul Van Pelt suffered a broken back and other injuries and A. M. Hicks was less seriously hurt when their ship crashed on an altitude of about 250 feet.

## BIG ZEP READY FOR FLIGHT TO THIS COUNTRY

## German Dirigible Expected to Take Off From Pernambuco Sometime Tomorrow

Pernambuco, Brazil, May 27.—(AP)—The Graf Zeppelin, 3,000 miles of its 18,000 trip behind it, was present today for the next lap of its long voyage—the 5,500 mile trip to Havana, Cuba, and back to Europe.

Departure was set for tomorrow with the exact hour uncertain. Meanwhile replenishment of fuel, lifting gas, ballast and supplies continued, while more than a ton of mail has been put into the dirigible for the long trip north.

The course to be set by the dirigible's master, Dr. Hugo Eckener, was uncertain, but it was believed that he would leave the coast about Natal and strike due north until 300 miles north of the mouth of the Amazon river, and then head northwestward for Havana.

From Havana, where the dirigible will remain but a short while, he will make a short cruise over the Bahamas, and then follow the North-American coast to Lakehurst, Dr. Eckener expects to be there by Sunday night at the latest, and to be back in Germany by June 9.

By avoiding the Amazon estuary the dirigible should escape some of the bad weather common to that area. There are almost continuous squalls and storms in that section of the Caribbean; coupled with the extreme temperature of the Equatorial region they might prove hazardous for the Graf.

The Equator will be crossed for the second time within a few hours after departure from this city, where the Zeppelin has been moored to a short red and white mast constructed especially for it.

## Supreme Court Ruling On Liquor Question Causing Sharp Clash Of Opinion

## Some Senators Believe Early Action Should Be Taken to Make Buyer Punishable by Law, While Others Do Not

Washington, May 27.—(AP)—A sharp conflict of opinion among the dry leaders of the Senate was produced today by the Supreme Court's decision declaring the purchaser of bootleg liquor ordinarily immune from prosecution.

The disagreement concerned the advisability of seeking the early enactment of legislation to make the liquor buyer punishable under the prohibition laws. Senator Sheppard of Texas, urged that such action be undertaken. Senator Jones of Washington, expressed an opposite view.

Sheppard was co-author of the Eighteenth Amendment. Early in the present session he introduced a bill to make the seller and purchaser in Stanly county.

## Defends Methodist Board Against Charges Made By Tinkham At Lobby Probe

### Secretary of Methodist Temperance Organization Declares No Funds of Board Have Been Expended for the Purpose of Lobbying

Washington, May 27.—(AP)—An assertion that none of the funds of the Methodist Board of Temperance, Prohibition and Public Morals have been expended for lobbying, was made before the Senate lobby committee today by Dr. Pickett, research secretary of the organization.

In the absence of Clarence True Wilson, general secretary of the board, Pickett took the committee witness stand to defend his organization against the charges of Representative Tinkham, Republican, Massachusetts, that it had violated the principal of separation of the church at state.

These charges, Pickett said were "based upon a total misapprehension of the character of the board, its methods of work the sources of its income and the nature of its expenditures."

He explained that the funds received by the board were fixed by a ratio based upon "the total benevolent receipts of the church for connectional purposes" and that its support came from the World Service Commission, organized by the church to direct the work of six boards.

"The current ratio of the board," he added, "is 1.6668 per cent of the total, so that our receipts may fairly be said to represent the almost infinitesimal contributions of literally millions of interested Methodists."

"The Board of Temperance, Prohibition and Public Morals cannot receive and use in its entirety any contribution from any church or individual, except when such contribution has been specifically designated as to use; and such designation must be to an approved project."

"No contributions have ever been made for political or lobbying purposes, nor has any fund been used for such purpose."

"No such project has ever been approved by the World Service Commission, nor would any such use of monies be tolerated by the Board of Managers of the Board of Temperance, by the World Service Commission, or by the Opinion of the Church."

Characterizing as "unjustified" Tinkham's charge that the board had violated the principal of separation of church at state, Pickett asserted:

"It petitioned for the prohibition law as it had a right to do under the constitution, and it supports enforcement. Its representatives appear before the committees of the House and Senate by invitation or at the board's request, when the interests of prohibition or a similar issue are involved."

"As it happens, such appearance is very infrequent and when it occurs is in co-operation with the representatives of other churches and dry organizations, composing the conference of organizations supporting the Eighteenth Amendment." (Continued on page six)

## Fired On In Malta

Lord Strickland of Sizergh, prime minister of Malta, escaped unhurt when three shots were fired at him as he was entering the court of appeals in Valetta.

## KING GEORGE REPORTED TO BE ILL AGAIN

## British Monarch Unable to Attend Presentation of Six Hundred Debutantes

London, May 27.—(AP)—Six hundred debutantes and matrons have been commanded to appear at Buckingham palace this evening for presentation to Britain's royal figures in the third court of the season. King George, who is ill, will not be present. There will be eight American women among the presentees.

Most of the debutantes and their mothers and escorts will leave their homes about 5:30 p. m., to take their place with their cars in the mall before the palace before the royal guard signals that the procession is to start.

It was said His Majesty was suffering from inflammation of right hip. On May 14 and 15 he presided at the first two courts of the season, the first he had attended in two years due to his previous illness.

The Prince of Wales deputized for him during the preceding season. His serious illness of the winter of 1928 and 1929 was a bronchial pneumonia with subsequent pulmonary developments which necessitated draining of a lung abscess and other delicate and hazardous treatment.

Eight American girls are to be presented at tonight's court and were to have met the king, who is 64 years old. Six other American girls and women are to be presented tomorrow evening at the fourth and last court of the season.

## Court Denies Heflin Divorce

Birmingham, Ala., May 27.—(AP)—A 1,000 word formal petition asking the Jefferson County Chancery Court to divorce "Miss Southern Democracy" from J. Thomas Heflin was offered for filing yesterday by A. Berkowitz, a Birmingham attorney, but was denied a place in the court record by Judge William M. Walker.

"Witty and clever, but beneath the dignity of the court," said the judge after scanning the document, which among other things charged Heflin with abandonment and said "he no longer fed and cared for their pet donkey but brought into their happy home an ungainly elephant to which he devoted his time and attention."

The "defendant" was referred to only as J. Thomas Heflin and the petition made no mention of his position as United States Senator.

## Cumberland Grows

Fayetteville, May 27.—(AP)—Cumberland county's population including the population of Fort Bragg was 45,101 on April 1, 1930, as compared with 35,064 on January 1, 1920, according to figures made public today by W. C. Downing, supervisor of the census for the 11th North Carolina district. The 1930 census shows 2,832 farms in Cumberland county.

## NEGRO SOUGHT FOR ATTACKING WHITE GIRL

### Posse Scours Woods for Assailant of Farmer's Daughter Near Yanceyville

Yanceyville, N. C., May 27.—(AP)—Through woods and farmlands of Caswell county officers, led by bloodhounds and joined by a crowd of citizens, continued their search today for an unidentified negro wanted for a criminal attack late yesterday afternoon on Miss Anna Thomas, 19-year-old daughter of a Caswell county farmer.

The bloodhounds were brought here from Louisburg early this morning after efforts to secure dogs at closer points had failed.

Sheriff J. Y. Gatewood, who is leading the search, reported early today that although a number of farmers and others were in the hunting parties, he had the situation "well in hand." He said he did not fear mob violence.

Miss Thomas, a daughter of John M. Thomas, who lives 10 or 12 miles from here, was picking strawberries some distance from her home when the attack occurred, she stated.

She said she was seized by a negro who took a belt she was wearing, tied her hands and gagged her, and after accomplishing his purpose, released her. Her clothes were badly torn when she reported the act at the nearest farm, that of Pete Boswell.

Dr. S. A. Malloy, county physician, examined the girl last night and stated that she was not seriously injured although suffering from shock.

Describing her assailant, the girl said he wore overalls, was "about 45 years old," and approximately five feet seven inches tall, and had "bad teeth."

Deputies of Rockingham county joined local officers in the manhunt which was started last night. Although a number of citizens joined in the hunt last night, officers reported shortly before noon today that the posse had dwindled to some 30 men.

The search was being continued by these, but apparently the girl's assailant had escaped from the section.

## Man Held For Poisoning Wife Waives Hearing

Snow Hill, May 27.—(AP)—George Gay, 24-year-old Green county man, charged with the poison murder of his young wife, will waive preliminary hearing and carry his case directly to Green County Superior Court, his attorney J. F. Frizzell said today.

No effort will be made to secure bond nor will habeas corpus proceedings be taken before court convenes June 23, the lawyer said.

Gay, asserting his innocence in the death of his wife has been in jail several weeks. He was arrested the day after his wife died under what her relatives termed suspicious circumstances.

A chemical analysis of Mrs. Gay's stomach later revealed traces of poison. Tentative dates had been set for Gay's preliminary hearing and officials were preparing for the session when Mr. Frizzell's statement came.

## No Loss of Life in the Flood Area

Shreveport, La., May 27.—(AP)—The villages of Armistead and East Point still were in a state of near-Joliet today surrounded by water from a crevasse in a Red River levee but the Red Cross was taking care of the inhabitants in a manner to prevent any serious hardship.

No loss of human life has resulted so far from the levee break, and most of the livestock of the valley dwellers has been reported saved.

The flood situation immediately around Shreveport has improved materially, most of the water from Cross Bayou and other smaller streams which were swollen by rains having begun to recede.

## Forty Persons Killed In Disorder Growing Out Of Dock Strike At Rangoon

### Over Seven Hundred Also Injured As Burmans and Hindus Clash; Disorders Apparently Have No Connection With the Civil Disobedience Campaign

Serious disorders at Rangoon, India, growing out of a dock strike, today had rolled up casualties of 40 dead and 740 injured.

The disturbance between Burmans and Hindus was continuing, with hospitals filled to overflowing and every available police officer on duty.

Apparently the disorders had no connection with the civil disobedience campaign.

Troops today ruled the Friends Bazaar district of Bombay, where yesterday's rioting cost three lives and 53 seriously wounded.

Muslims took part in the disorders.

Rangoon, India, May 27.—(AP)—Sixty deaths were reported officially tonight in two days of disorders attending a dock strike in this Burman capital. Many more are believed to have been killed in the rioting between Burmese Coolies and Hindus, with whom the police have been battling unrelentingly since yesterday morning.

The streets tonight were deserted except for police and the contending sides. The rioters are armed with iron bars, sticks and daggers.

So alarming has the situation become that police have on several occasions been obliged to open fire into the mobs.

The populace was thrown into terror by the rioting and remained indoors, afraid to venture forth even for food. The problem of feeding the terror-stricken thousands this evening became acute.

Military forces were stationed at all entrances to the city today to prevent an influx of those who might wish to take sides in the fighting.

The gloom of a beleaguered city descended this evening upon the confined within a small area along the waterfront, gradually had forced itself upon other zones.

Heaps of building materials with which many structures were being repaired after the recent earthquake provided the rioters with an ample supply of ammunition and (Continued on page six)

## Six Thousand Are Homeless in Flood Area of Louisiana

Coushatta, La., May 27.—(AP)—Six thousand persons were reported homeless today and 105,000 acres inundated from flood waters of the Red river and its tributaries in Red River and Natchitoches Parishes.

Representative James B. Ashwell telegraphed an appeal to the Washington headquarters of the Red Cross, asking for emergency relief for 1,000 families in Natchitoches Parish, saying "a grave emergency has arisen. He asked for \$14,000 for food for four weeks and funds for re-planting 40,000 acres of crops."

"I have personally surveyed the situation and find it distressing in the extreme," the Congressman telegraphed.

Natchitoches Parish was suffering from overflows from the Red river and Fowhatan rivers and backwater from Bayou Pierre, more than 30,000 acres were reported covered in this section and the Red river at Grand Encore, three miles east of the town of Natchitoches.

## North Eastern Counties Ask Equalization Board For Reduction Of Values

### Seek Flat Downward Reduction of Ten Per Cent in the Valuations Placed on the Petitioning Counties for Distribution in Next Equalization Fund

Raleigh, May 27.—(AP)—Nineteen counties of North Eastern North Carolina today filed petition with the State Board of Equalization for a "flat downward reduction of ten per cent" in the valuations placed on the petitioning counties for the purpose of distribution of the 1929-30 equalization fund.

Judge Francis D. Winston of Windsor and John Dawson of Johnston acted as spokesman for a large delegation sent by petitioning counties after a mass meeting at Williamston last week.

The proposed reduction in valuations of the counties would result in a proportionate increase to each county in its aid received from the equalization board.

The counties listed as petitioning were: Camden, Currituck, Chowan, Perquimans, Pasquotank, Bertie, Martin, Washington, Tyrrell, Beauford, Pitt, Craven, Carteret, Pamlico, Lenoir, Hyde, Gates, Onslow, and Greene.

Declaring that North Eastern section of North Carolina is essentially an agricultural section with no weekly payrolls, Judge Winston said the section "has less of anything today than ever before." He said the section did not ask for charity but for relief if it could be given fairly.

He pictured conditions as extremely acute in the section, declaring that "the man who steals or murders can come free under our constitution if he fights hard enough but there is no relief for the man whose little home is advertised for taxes."

## He Talked Too Much From Too Far; Divorced

Omaha, Neb., May 27.—(AP)—The principal trouble with Mrs. Frances Kutler's husband, she says, is that he talked too much from too far.

"We were married and he went to Detroit to attend school," Mrs. Kutler sets forth in her bill for divorce. "He would telephone me long distance to tell me of his love. And he would write; and what he said was 'please send money to pay for the telephone calls.'"

The 19 counties had banded together for a joint cause, called the attention of the board to the fact that the cash value of crops in Pitt county in 1928 was \$13,000,000 while in 1929 it was only \$6,000,000.

He declared this was only a fair representative of the conditions in all of the other counties, where the general reduction of cash crops between 1928 and 1929 was about 60 per cent.

He urged on the board his opinion that the law was designed to allow it to meet just such an emergency as the one now facing North Eastern North Carolina. He said that the provision in the law making it the duty of the board to each year consider the valuations of counties and the apportionments to be made thereon seemed to positively imply that the Legislature which enacted the law had in mind just such future emergencies as have arisen this year in his section.

In an executive session this morning the full membership of the equalization board heard Gov. O. Max Gardner discuss general problems facing the State today.

The board will probably be in session all week making its 1930-31 allotments from the equalization fund.

## ROTARY WILL PLAY KIWANIS HERE FRIDAY

### Coming Ball Game Principal Topic of Discussion At Rotary Meeting Last Night

Discussion of the Kiwanis-Rotary ball game scheduled for Friday, May 30, featured the regular weekly meeting of the Greenville Rotary club last night. President F. C. Harding presided and the usual supper and song program was enjoyed.

Bill Wahman, captain of the Rotary ball club, ordered all members of the club to report for practice in preparation for the game, and it was indicated that they would give the Kiwanians the fight of their lives for honors of the day.

In view of the fact that the game is being played for the benefit of the Boy Scout camp of Greenville, it was urged that the club attend the game one hundred percent strong, and that every effort be made to interest the public in attending. The money derived from the contest will go to the Boy Scout hiking camp now under construction on the Falkland road two miles from Greenville.

It was stated that such men as Bill Rogers, a former first baseman of the State College team, J. E. Kittrell, W. H. Dail, J. H. Waldrop, J. H. Rose, Robert Wright, and Claude Gaskins, would be among the club members to appear for practice with good chance of appearing in the regular lineup.

It was also said that the Kiwanians were making elaborate preparations for the game and that their lineup would comprise such men as Dr. M. B. Massey, first baseman of the Greenville club in the old Eastern Carolina league, Herman Dunuch, left fielder of the Greenville and New Bern clubs, of the same league, A. D. Franks, Ralph Deal, and others who saw considerable playing on the diamond during days gone by.

The game will be played at the Third Street School athletic field at 3:30 o'clock Friday afternoon, and Mayor J. C. Lanier will umpire balls and strikes and Sam Carson, bases.

Ticket sales are in charge of members of the Boy Scout patrol, and the public has been urged to purchase liberally of them and then attend the game and lend their support to the movement of improving the work of the Scouts in this city.

Although the Kiwanians and Rotarians have crossed bats before in past years, this promises to be one of the most spectacular performances of all time, and everybody has been urged to turn out and watch the stars of former days attempt to provide a noteworthy brand of ball.

## Valuable Jewels Captured in N. Y.

New York, May 27.—(AP)—Jewels valued at \$300,000 were in possession of police today as the result of a raid on a room in the Hotel Commodore in which a woman and four men were arrested. Brooches, bracelets and rings set with diamonds, rubies and other gems were seized.

Police Commissioner Mulrooney said he considered the prisoners to be members of an international gang of jewel thieves and the gems part of \$1,000,000 worth of loot which they have taken in the last few months.

Lieutenant of Detectives Richard Oliver and Detective Daniel R. Ryan, who had been trailing one of the suspects for nine weeks, smashed the locked door of the hotel room yesterday and found the five sitting about a table on which the jewelry was spread out. Most valuable of the 26 pieces was a ring set with an oblong diamond of 17 carats valued at \$40,000.

The prisoners gave their names as James Watson, 40 years old; Hilda Carter, 34, George Cole, 42; William J. O'Connor, 41, of Buffalo, and Jack Rosen, 38, Watson and the woman refused to tell their addresses, Cole and Rosen gave New York addresses.

Commissioner Mulrooney said he believed the jewels represented part of the loot in robberies of two Miami Beach, Fla., hotels last February.

## Judge Dissolves Tax Injunction

Fayetteville, May 27.—(AP)—An order by Judge N. A. Sinclair dissolving an injunction he granted to restrain Fayetteville and Cumberland County officials from advertising property for sale for taxes was on file in Superior Court today.

Judge Sinclair ruled that the county finance act had repealed previous laws under which the injunction was sought.

# MAN GRANTED \$100 DAMAGE IN SUIT HERE

## A. B. Bracy Was Suing Hugh Holloman for \$10,000 As Result of Child's Death

A. B. Bracy was awarded judgment for \$100 against Hugh Holloman by a jury sitting in the civil term of Pitt County Superior court in this city today. The plaintiff was suing for \$10,000 as damages for the death of his son who was killed when hit by an automobile driven by Holloman at Rich Square during the latter part of last summer.

The case, one of the hardest fought of the entire session, went to the jury this morning and a decision was returned before the noon recess. Bracy alleged that the accident was a result of reckless and careless driving on the part of the defendant. Holloman contended, however, that his car was not running over fifteen miles an hour when the child stepped in its path.

The accident occurred in the town of Rich Square as Holloman with a car load of ball players was returning from a ball game. He said just as he approached the Bracy car the child jumped out of the car and ran directly in the path of his machine. He said he made every effort to stop but the child was so close to his car when he started to cross the highway that it was impossible to bring the machine to a halt.

The child was rushed to a hospital but died some time later as a result of the injuries.

The case came up for hearing when court began the second week of a two weeks' term here yesterday. Each side produced numbers of witnesses and the plaintiff summoned former teachers of the dead child to show that he was in good physical condition and of sound mind.

The docket for this term contains about fifty cases, and two or three of them are expected to occupy more than usual time in finally disposing of. Practically the entire calendar of a half hundred cases was completed last week and it was hoped similar progress could be made this week, although this was hardly probable owing to the time consumed in the first case and other important issues to come.

## Men Doing Things Women Don't Do

## Plants Liquor Among Flowers, Cops Find It

New Bern, May 27.—(AP)—John Odum, Negro, has discovered that things may not be rosy even if they do look that way. In fact, roses may even turn to poison ivy or something similar.

The Negro thought he had a good hiding place for 19 half-gallon fruit jars of liquor when he planted them in his flower garden but he found all that grew up was trouble.

Officers discovered the hiding place and John now languishes in jail pending trial, meditating on the fact that it's better to plant seed corn than liquid corn in flower gardens.

## Two Injured By Bomb Explosion At Chicago, Ill.

Chicago, May 27.—(AP)—Bomb explosions early today shook the northwest and south sides, caused serious injuries to two persons and did several thousand dollars damage.

John Galandak, owner of the building, lived on the second floor with his five young children and a housekeeper. They also were tossed from their beds and showered with falling plaster, but none was injured. He estimated the damage at \$15,000. Neither Rasmussen nor Galandak could give police any clue to the cause of the explosion.

## To Reduce Number of 'Dry' Officers

Washington, May 27.—(AP)—A sharp reduction in the number of prohibition administrative districts of the country is expected to result from the transfer of the enforcement bureau from the treasury to the department of justice.

Present plans call for the establishment of ten such districts, instead of the present 27. To conform with the ten judicial circuits. If this plan is not finally adopted, it is expected the number of districts will be cut in half at least.

Thus a complete reorganization of the detection and enforcement staffs seems in prospect.

All plans for the transfer have been completed by the treasury which already has segregated the approximately 400 employes who will be shifted on July 1. Employes now working in the industrial alcohol division remain under the jurisdiction of the treasury. Secretary Mellon expects Prohibition Commissioner Doran to become chief of the division after the transfer.

## Doctors Disagree

When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought-up children can have worms.

The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, old-fashioned remedy, which you can get at 25c per bottle from

## New Bill Increases Hazard of Whiskey Smuggling On Lakes

Buffalo, N. Y., May 26.—(AP)—The halcyon days of rum runners of the Great Lakes are nearing an end.

Within a week, as soon as the governor general of Canada affixes his signature to the liquor export ban bill, Buffalo and other border cities will be affected tremendously from an alcoholic point of view.

The mosquito fleet that legally operates out of Bridgeburg, Port Colborne and other ports in Ontario and which conveys most of the illicit supply of liquor to this side, will be legislated out of existence.

Any alcoholic beverage exported out of the province will be exported illegally, if destined for the United States, which means the hazard of liquor smuggling will be increased doubly.

There will be no more shipping legally from well appointed docks. What smuggling is done, and Canadian officials believe there will not be much, will be from isolated spots. The smugglers now have to contend only with the American authorities. When the new law goes into effect, they will have to outwit both Canadian and United States officials.

SPECIAL PLANS MADE FOR SUMMER READING  
The staff of the Greenville Public Library is making special plans for summer reading for juniors. Two reading clubs will be organized for children of the advanced primary and grammar grades. An attractive name for the smaller children's club will be announced later. They will read ten story books from a special collection and make oral reports on them.

For the older children a "Round the World Club" is being planned. A map of the world will be displayed with their books. They may plan trips taking them entirely around the world by reading eight or ten books which deal particularly with the life of young people in the different countries. The special feature of this club will be the note book which each member will be encouraged to keep. This will contain a kodak picture of the child as he starts on the trip, pictures and clippings about the different countries visited as well as the name of the book read for each country.

After the new building is occupied a special table containing magazines for clipping, paste, scissors, etc., will be placed for the use of this club in working on the note-books. These are only a few of the attractive details of the work. There will be a social meeting for each group during the summer. The reading certificates will be presented at a special meeting during 1930 Book Week. The first meeting of the clubs will be held in the library building on June 13, just one week after school closes. Children who cannot attend this meeting will miss something, of course, but they may join a club at any time during the week following. Parents and children may ask teachers or any member of the library staff to explain any point of the club plan. Other notices will be made later.

DON'T MISS THIS ONE

The stage is being set for the Kiwanis-Rotary baseball game here next Friday afternoon and no doubt the affair will furnish great amusement for those who attend. The entire proceeds of the game will go to the Boy Scout work in this community and will be devoted to helping pay for the new camp now being erected a short distance from this city on the Falkland road and it is to be hoped that every person who can do so will attend the game. With such playing material as can be furnished by the two clubs there can be no doubt that the game will furnish plenty of thrills as well as lots of comedy and this together with the good cause for which the affair is being staged should be an incentive for a large attendance. You don't want to miss it. To be sure it is going to be great.

LET'S NOT HAVE BUT ONE.

In the interest of tax relief by avoiding the expense and possibly third primaries movement in some of the counties has been started to pledge all candidates to abide by the first primary, the leading candidates being declared the nominees for the respective offices, whether or not they get a majority. At best we do not like the primary system but since

we have it with us at this time we sincerely hope that such a move as started in the other counties will find its way to our own and that our candidates will agree to such an arrangement. With the large number of candidates for certain of the offices no doubt there will be a second, if not a third primary in our county unless the lower candidates agree to withdraw in favor of the leaders. This should be done. If we must have this primary system let's make the best of it by getting over it with one spell of campaigning and let the men who can secure the most votes in the first balloting be declared the nominee. Such a plan will save money for the county and money and time for the individual candidates.

HOPE TO REPEAT AT INDIANAPOLIS

Louie Meyer (left), racing champion in 1928 and 1929, will compete in the annual 500-mile racing grind on the Indianapolis speedway. Riding with him as mechanic will be Alden Sampson (right), his financial backer.

and you will be rendering a direct service by assisting in any way you can.

The summer season is here and Greenville business houses have the most complete showing of dress materials of any other season in years. The public is urged to visit the city before buying elsewhere. The showing is not only extensive but the prices are in keeping with the largest cities of the country and within reach of every pocketbook.

Greenville merchants have a reputation to protect a dealing with the thousands of people in this great trade territory. It is that of the principal shopping center of Eastern North Carolina, a slogan that every merchant is trying to live up to.

Bargains will be found here every season of the year and the thrifty shopper would do well to visit the city and inspect the local stocks before going elsewhere to do their shopping.

Have you thought about what you are going to do to support the Boy Scout movement in Greenville?

The time has come to make a decision as to whether you will support the Boy Scout movement in this community. Right at this time the Scouts are attempting to raise enough money to erect a hiking camp about two miles west of Greenville. A considerable sum of money will be necessary to make this possible, but it could be raised in a short time if the civic organizations would get busy and give it the attention which it deserves.

Think what the Boy Scout movement means to the youth of today, the high ideals which it sets before that boy of yours, then get busy and throw your moral and financial influence behind the plan to build the hiking camp.

Surely if the prominent men act as officials of the local organization can give of their time and talent to the success of the work, you will be able to do something.

ABOUT TOWN

This is the season of the year when forest fires take great toll among the woodlands of the county, and it is the duty of the public to do everything possible to assist in the prevention of such fires. The annual loss from fires of this kind reaches a staggering total in the south and the time has come when the citizenship should lend their co-operation to the forest fire wardens and help them decrease the annual cost. People should be careful how they handle fire while in the woods. This applies especially to cigarette and cigar smokers and farmers burning off ditch banks in preparation for planting. It is the desire of the forest fire wardens to reduce the loss in Pitt county this year as much as possible, and the public is asked to do their part in making this possible.

May 30th is Memorial Day and members of the American Legion and the Auxiliary will decorate the graves of those who served in the great conflict. It is the desire of the Legion to decorate as many of the graves as possible and hope has been expressed that the public will help them in locating the final resting places of the heroes. A list has been compiled of many of the decorating committee is in doubt about the location of five of the graves. The list of veterans was carried in the columns of this paper yesterday and anybody knowing the location of the graves is asked to divulge such information to members of the committee.

In case you know of some veteran whose name is not contained on the list, you are also requested to inform the Legion of this fact, and in that way help the boys pay tribute to everyone of their former buddies who have gone to their final resting places. It is important that the memory of these men be preserved and kept fresh in the minds of our people.

February 17, 1930.

HENRY A. GRADY, Resident Judge of the Sixth Judicial District.

Mr. David M. Clark, Solicitor Fifth Judicial District, Greenville, N. C., Dear David:

I have been wondering if you were going to have any opposition this time. I hope not. I traveled over the Fifth District with you for six months in the Spring of 1928, and was impressed with your manner of handling the criminal docket. I found you always on the right side of every question that was presented, and I also discovered that when you convicted a defendant you did not insist upon a severe punishment. That showed a commendable spirit.

I am satisfied that the District will make a serious mistake if you are not returned again to prosecute the Criminal dockets of the District. I hope you will have no opposition, and that your efficient administration of the law during the past four years will bring to your support all citizens who believe in righteousness and justice and sobriety in public officials.

I am, with best wishes always, Your friend truly, HENRY A. GRADY, Resident Judge of the Sixth Judicial District.

Mr. David M. Clark, Solicitor Fifth Judicial District, Greenville, N. C., Dear David:

My tour of duty in the Fifth District is over, and I shall soon begin the courts of the Sixth District. My six months in your District have been pleasant, and I have enjoyed holding all the courts. I cannot leave the District without expressing to you my regard and esteem for you as an officer and as a man. In your administration of the affairs of your office you are diligent, capable and efficient, serving the people of your district faithfully and well, and with a mind single for the supremacy of the law. I congratulate the Fifth District for its able, industrious, honest, conscientious officer, who discharges every duty fairly and impartially. Our relations, both official and social, have been close, friendly, and always cordial, unmarred by no unpleasant incident. I am leaving with regret. I wish for you all worthy success, health and happiness. With expressions of every fine and kindly wish and sentiment of my esteem, I am Your good friend, E. H. CRANMER, Resident Judge of the Eighth Judicial District.

Mr. David M. Clark, Solicitor Fifth Judicial District, Greenville, N. C., Dear David:

I have been wondering if you were going to have any opposition this time. I hope not. I traveled over the Fifth District with you for six months in the Spring of 1928, and was impressed with your manner of handling the criminal docket. I found you always on the right side of every question that was presented, and I also discovered that when you convicted a defendant you did not insist upon a severe punishment. That showed a commendable spirit.

I am satisfied that the District will make a serious mistake if you are not returned again to prosecute the Criminal dockets of the District. I hope you will have no opposition, and that your efficient administration of the law during the past four years will bring to your support all citizens who believe in righteousness and justice and sobriety in public officials.

I am, with best wishes always, Your friend truly, HENRY A. GRADY, Resident Judge of the Sixth Judicial District.

# SENATORS ARE LEADING WITH FOUR GAMES

While their highly touted brethren falter and stumble, the Washington Senators proceed blithely on their victorious way in the American League much as the St. Louis Cardinals and Brooklyn Robins, "dark horses" both, are doing in the National.

Picked in advance predictions to finish no higher than seventh, the Senators, under great leadership by Walter Johnson, were leading the pack by four full games today and giving no signs of cracking under the amazing pace they have set.

Yesterday they scored their sixth successive victory and their 15th in 19 games, beating the New York Yankees, 10 to 7. Stealing a lead from the Yank's own book, the Senators won on home runs. Joe Judge and Goose Goslin hit successive home runs in the fourth and repeated the feat in the fifth, thus accounting for six runs. The second blast from the Washington batsmen was the high spot of a seven-run rally that swept Vernon Gomez off the mound and won the ball game. The Yankees had held a two run lead going into the fifth, Gehrig driving in four runs with a double and a triple.

Cleveland bounced back into third place with a double victory over the Chicago White Sox, 7 to 3 and 5 to 2. Wes Ferrell outpitched Red Faber by a wide margin in the opener and Clint Brown had an edge on Cecil Caraway in the nightcap.

Lefty Grove chalked up his sixth win without a defeat as the A's beat Boston 8 to 5. Grove had only one bad inning, the eighth, when the Red Sox bunched hits for four runs.

The Detroit Tigers made good use of eight hits to beat St. Louis, 7 to 3, and moved into sixth place while the Browns fell back to seventh.

In the National League, Brooklyn and St. Louis each recorded victories to keep the Cardinals on top of the league standing by half a game.

The Dodgers gave their Metropolitan rivals, the New York Giants their fifth straight defeat, 7 to 0, as Dazzy Vance turned in his best effort of the year. Vance gave the Giants only two hits, one a scratch, and permitted only two men to get as far as second base. Fred Fitzsimmons gave only six hits and two runs in the seventh innings he worked, but the Robins hopped on Parmelee and Lucas for five more runs in the eighth. The victory was Brooklyn's 13th of its last 16.

The Cardinals turned back Pittsburgh, 10 to 4, for their eighth straight win and their 17 in 18 games. The Cards shelled Jess Petty off the mound with a four run rally in the fourth while Lindsey, relieving Sherdel in the sixth, was a puzzle to the Corsairs.

Despite Hack Wilson's 13th homer of the year with one on, Cincinnati beat the Cubs, 6 to 2. Jackie May gave the Cubs only six hits.

## Yesterday's Stars

Joe Judge and Goose Goslin, Senators—connected for two home runs apiece, driving in six runs, as Senators trounced Yanks, 10-7.

Dazzy Vance, Dodgers—held Giant to two hits and blanked them 7-0.

Wes Ferrell and Clint Brown, Indians—beat White Sox twice, 7-3 and 5-2, allowing 14 hits in double header.

Jackie May, Reds—gave Cubs only six hits and beat them, 6-2.

## SPORTS SLANTS

Cap on one ear and chewing gum, not tobacco, Babe Ruth stuck his head around the edge of the Yankee dugout to grunt at a comradely embarrassed and slightly leagued-admirer, aged eight.

"Pretty good, for an old guy," responded the Babe to a polite inquiry as to how he was going.

"Yeah, I got to first base the eleven times up. That's something. That afternoon he made it 15 times in succession before swinging vehemently at a third strike tossed by the lean Tiger southpaw leaver, Phil Page.

Ruth reached for a bottle of eye-wash, got it, his expensive optics and remarked to the attentive youngster: "Have to do this, kid, when I'm getting old."

With the Yankee machine in need of adjustment in a number of creaking gears, this observer found nothing wrong with its \$90,000 cog. The outset of the season found many skeptical of the ancient Mr. Ruth being able to perform in more than 100 games. The Babe, off to a good start, hitting more consistently than any regular on the team, feels he will actively engaged in nearer 150. His legs are doing very well by him.

To the suggestion he was a trifle tardy in his home run pace, with a number of rivals such as Wilson and Fox off to faster starts, the portly slugger remarked:

"I been hittin' 'em but so far I haven't had any the best of the breaks. I been cheated out of two home runs by flukes on as good hits as I ever got. And don't forget—the boys are throwing all the bad balls at me they can find."

There seemed something to this.

for that very afternoon Earl White, Tiger southpaw, passed Ruth three times in his over-anxiety to avoid hitting Ruth anything near the groove.

Navy has not won the varsity four-mile rowing classic at Poukeepsie since 1925, has been no better than second since 1926, but takes the tip from a long way off—Seattle, to be specific—the Midshipmen are the boys to beat in the big race on the Hudson this June.

In the Seattle Times, Gene Varnell quotes Washington's young head coach, Al Ulbricksen:

"Navy was beaten in a desperate finish by Columbia but that was a short race. . . . Take my word for it and Rusty Galloway. . . . when the elder Glendon's Navy eight rows next month. . . it will be a big, strong fighting crew. Navy is

started on a rowing come-back." It is noteworthy of the modern hitting era in baseball that of the seven major league rookies who celebrated their first full season by collecting over 200 hits, four put their names in the "Little Red Book" in the past three years.

Lloyd Waner of the Pirates in 1927, was the first to join the list since Poe Jackson came up with Cleveland in 1911 to hit safely 233 times and, top all rookie debuts, Frederick of Brooklyn, Alexander and Johnson of Detroit, all broke in with over 200 hits in 1929.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

## N. Y. STOCK LIST

New York, May 27.—(AP)—Cotton opened steady at a decline of 3 points to an advance of 2 points. Some selling was reported on a favorable view of the weather map and the indifferent showing of the Liverpool market, but the comparatively light offerings were readily absorbed by covering and a little trade or commission house buying. July contracts were relatively quiet and easy and were ruling around 16.06 or about 5 points net lower at the end of the first half hour. Later deliveries were about net unchanged to 7 points higher with the new October contract selling at 14.70.

Liverpool cables said there had been scattering liquidation on the favorable weather reports from the south and Bombay hedging, absorbed by trade calling. They reported a limited demand for cotton cloth in Manchester with producers losing ground and the low price of silver checking business with China.

Chicago, May 27.—(AP)—Uncertainty about results concerning future policies of the Federal Farm Board and of government sponsored agencies had a notable depressing effect on wheat values today. In this connection reports were current that the national grain stabilization corporation would withdraw from participating in the wheat market as soon as the existing wheat surplus is eliminated. Wheat closed unsettled 78 to 1c a bushel lower than yesterday's finish. Corn closed 3-8c to 3-4c off. Oats unchanged to 1-4c up and provisions varying from 10c down to a 5c advance.

## GRAIN MARKET

New York, May 27.—(AP)—Speculation for the rise was again pressed forward in today's stock market, undaunted by the moderate setback late yesterday, but the market was unable to ignore unfavorable news from the railways and the farm implement makers, and became unsettled as the session wore on. Operators for the advance again concentrated their activity in the utility shares, capitalizing the favorable effects upon market sentiment of the announcement of another major natural gas project by the Kayser, Fisk and Pittsfield, and unconfirmed rumors that a new holding company will be formed to acquire substantial blocks of Niagara Hudson and Consolidated Gas with a view to an eventual merger. Trading was accelerated somewhat during the early hours of the session, and a wide assortment of food shares, industrials and specialties joined the advance. Gains of 2 to 3 points were common. Unfavorable news developments, however, had a depressing influence on the rails and farm implements, and a bear drive in the latter group unsettled speculative confidence.

The record made by the railways in April does not improve as the evidence continues to pour in. With 44 roads reporting, aggregate net operating income for the months shows a drop of 4.3 percent from April 1929. The first 14 reports indicated a decline of less than 27 percent. Some of the more important trunk lines such as Pennsylvania, and Baltimore and Ohio, showed relatively better results than average. The decline in farm implement output is now reported to be more drastic than normal for this period. Reports from the petroleum industry, however, were more favorable. Early estimates indicated a curtailment in crude production of more than 25,000 barrels daily, with California where producers are now said to be hurrying to sign the new six-months curtailment agreement, accounting for about half the drop.

Chaser of illicit liquor equally liable to punishment. Jones is the author of the famous "five and ten law" providing severe maximum penalties for violations of the dry statutes.

Meanwhile, a series of three bills, intended to improve prohibition enforcement, principally through the relief of congested Federal Court dockets, bore the approval of the House Judiciary committee. With several modifications, the program followed the general outline of the plan proposed by the Hoover law enforcement commission.

One measure would authorize the summary prosecution of offenses, elsewhere defined as misdemeanors, before United States Commissioners without a jury. Whatever the action of the commission, it must be confirmed or disapproved by a member of the Federal bench.

Another would amend the United States code to define a misdemeanor as an offense calling for a maximum penalty of six months in jail, a fine of \$500 or both and a felony

as an offense punished by imprisonment for not less than one year. The third measure would amend the Jones law to define a misdemeanor under the prohibition laws as an offense committed by one who is not an habitual violator of the dry statutes and a case involving not more than one gallon of liquor.

## EXECUTOR'S NOTICE.

Having qualified as executor of the estate of the late Stanley Warren, deceased, of Pitt County, North Carolina, this is to notify all persons having claims against the deceased or his estate to present the same to the undersigned on or before April 23, 1931, A. D., or this notice will be pleaded in bar of recovery thereon.

This program was approved by the committee late yesterday after it had received a supplementary report from Chairman Wickersham of the law enforcement commission. The committee had spent four months in an endeavor to agree upon a general plan for relieving court congestion. Chairman Graham was instructed to seek early consideration of the bills by the House together with measures, previously approved, to authorize the appointment of seventeen additional Federal judges. The Supreme court's decision, rendered yesterday, said that unless the question of illegal transportation and possession is involved, the purchaser of bootleg liquor is not liable to prosecution. The court held that Congress had "deliberately and designedly omitted to impose upon the purchaser of liquor for beverage purposes any criminal liability."

## SALE OF VALUABLE FARM PROPERTY.

Under and by virtue of the authority conferred upon us in a deed of trust executed by Sam L. Brown and wife, Irma Brown, on the 1st day of February, 1924, and recorded in book of mortgages E-15, page 426, we will on Saturday, the 14th day of June, 1930, at 12 o'clock, noon, at the courthouse door in Greenville, N. C., Pitt County, sell at public auction for cash to the highest bidder, the following land to-wit:

## DEFENDS METHODIST BOARD AGAINST CHARGES MADE BY TINKHAM AT LOBBY PROBE.

(Continued from page one) mittee on which the board is represented. "Legislative petition is done under the direction of this co-operative body. Incidentally, the organization includes in its membership committees of many churches." Referring to a charge of Tinkham that the board had violated the Federal Corrupt Act in 1928, in connection with reporting campaign expenditures, Pickett said the charges had been laid before the Department of Justice, and the board had replied to them and the department had taken no action.

Pickett added that the activities of the board in the 1928 presidential campaign when Alfred E. Smith was a candidate, "did not differ in any essential part from its activities in previous years, except that in its publications and through its speakers it took cognizance of an existing condition, discussing the announced and recorded opinion of one candidate for president, in regard to prohibition."

"No special funds were raised in that year," he continued, "the receipts and expenditures being less than for the year immediately preceding."

Tar and Feather Indiana Doctor Hammon, La., May 27.—(AP)—Dr. S. L. Newsome, prominent dentist of Hammon, was tarred and feathered early today by a crowd of men and thrown out of an automobile near the center of the city. He was given until daylight to leave Hammon and at 5 A. M. he left town in an automobile without announcing his destination. Dr. Newsome, a former resident of Mississippi, had a large practice in the surrounding country many of his patients being women. He was seized by the crowd in the early morning hours, covered with tar and feathers and thrown out of an automobile on a principal street of the town. He ran through the streets and took refuge in a doctor's office, who removed the tar and feathers. Newspaper men of Hammon refused to divulge the details, saying it would imperil their lives to cover the story due to the prominence of the principals. Hammon was in a state of great excitement today.
