ROTES READY FOR DIAMOND FIGHT FRIDAY

Annual Game With Kiwanians Will Be Most Spectacular In History of Clubs

The highly touted Kiwanis baseball club is going to engage in the fight of its life when it faces the crack Rotary club at the Third Street athletic field tomorrow afternoon at 3:30 o'clock.

The game will be played for the benefit of the Boy Scout organization. All of the gate receipts will be used in the erection of the Scout hiking camp now under construction on the Falkland road about two miles from Greenville.

Members of both clubs will meet at the courthouse tomorrow afternoon at 3 o'clock and will be led by the High School band in a parade to the ball park.

Both the Rotarians and Kiwanians have appointed special routers from members of their organization to go out and give them a big hand. The routers are headed by such prominent men as Dr. R. H. Wright, president of the East Carolina, teacher, College, for the Rotarians, and Dr. Louis Skinner, for the Kiwanians.

Aside from the regular lineup, each of the clubs has provided a long list of substitutes who will be ready to go into the field in case an emergency. Both clubs are expected largely of former college and league stars, and are expected to pull off a particularly fine brand ball.

The game ever played between two clubs by reason of the fact that it is launched in the interest of promoting the activities of the Greenville Boy Scouts. The memberships of both clubs have been everything possible to encourage the Scout movement since a new organization was formed some months ago, and now at the youngsters are trying to hold a rinking camp, they have elected the ball game play as a means of raising additional funds.

Following is the list of Rotarians who will be seen in action tomorrow: Elijah Edwards, Lebern Spence, Howard J. McGinnis, Bill Lee, M. D. Sellers, Irvin Suggs, Willie Huff, C. M. Ar, Willie Wahmann, Cooper, Jr. First base: June Rose, Rogers, Alfred Schultz, Third base: Julian White, John Clark, Perkins, Ed Williams, Short: Roy Harris, Martin Swartz, Whickard, Right field: D. D. Patton, Left field: J. T. Little, Center: A. W. Fleischmann, H. Wall, A. E. Hobgood, Left: P. L. Goodson, J. L. Hassell, Sam Allen.

Robert H. Wright is the leader of official Rooting Corps with following: Carl L. Adams, J. Winslow, S. T. White, K. B. J. B. Kitzrell, Claud Gaskins, Winstead, B. S. Warren, Norwin, Raleigh Lee, Herbert Bar-L. S. Parkerson, J. H. Blount, Bowen, J. D. Aman, J. T. D. E. F. Arnold, Walter G. back, Dr. Clem Ham, F. C. Ling. Fifty Rotarians and one red and fifty future Rotarians Rotarians.

SENATE SENDS SHOALS ISSUE CONFERENCE

Hold Out Little Hope of Passage of Legislation At the Present Session

Washington, May 29.—(AP)—The Senate today sent the Muscle Shoals legislation passed yesterday by the House to conference in an attempt to adjust the wide differences between the Senate and House but little hope was held out for a compromise at this session.

The House measure providing for private lease of the gigantic war- ing property in Alabama, was re- ceived by the Senate and sent to conference without debate.

Senator Norris, Republican of Nebraska, the author of the Senate measure providing for government operation of the power plant, was named as one of the conferees. Senator McNary, Republican, Oregon, the chairman of the agricul- ture committee, is chairman of the conferees and Senator Smith, Dem- ocrat, South Carolina, is the other member of the Senate representa- tives.

Pending the early conference planned by Senate leaders with the House conferees there was no public discussion of the outlook.

However, it was conceded on all sides that there was small prospect of bridging the wide difference between the Senate and House on Muscle Shoals legislation at this session.

Nevertheless, the two measures can carry over in conference until the December session when a final effort is more likely to be made in behalf of the long pending dispute over disposition of this war-time power plant.

Raleigh To Name School for Olds Raleigh, May 29.—(AP)—Thousands of North Carolina school children know Col. Fred A. Olds of Raleigh as a friend for his services in acting as guide in the Tar Heel capital city and beginning next fall one of the city schools of Raleigh will be known as the "Fred A. Olds School."

For years Colonel Olds, custodian of the state hall of history, has directed thousands of school children annually on tours of Raleigh. He has described points of interest in the capital city and introduced the children to governors and other state officers as the years have passed.

In token of his friendship for school children the Parent-Teacher Association of West Raleigh school petitioned the Raleigh township school board to change the name of the school and it was done. At the same time the new Raleigh high school was named the Needham B. Broughton School, in honor of the late Mr. Broughton, a pioneer in education in Raleigh.

Tariff Bill Conferees Reach Agreement Upon New Flexible Provision

New Feature Would Broaden the Power of the President and At the Same Time Restrict the Authority of the Tariff Commission

Washington, May 29.—(AP)—The conferees on the tariff bill today agreed upon a new flexible provision which would broaden considerably the powers of the President and restrict the authority of the Tariff Commission.

The new proposal would authorize the Tariff Commission to recommend increases or decreases in rates up to 50 per cent and the President could approve them or let them lapse by inaction.

The executive would not be required to disapprove a commission finding, if he saw fit, as was required under the original plan. The 60-day period given him to act also was stricken out.

The conferees also eliminated that section which would have permitted a commission rate to become effective if the President neither approved or disapproved it within 60 days.

The new plan follows closely the existing flexible tariff policy with a few minor additions taken from the House bill. The Republicans leaders were certain it has been made safe against further points of order and planned to report it to the Senate today.

Another section eliminated by the conferees today to avoid another point of order would have required the President to appoint chairmen of the Tariff Commission on a rotation basis with no one man serving as chairman more than one term. The present law on this point, permitting the same chair- man to be reappointed every year, was substituted.

Republican aspirants to the Sena- torial toga have spent very little, their reports indicate. George E. Butler of Clinton, reported spend- ing \$507; Irving B. Tucker, of Whiteville, 142; Congressman Geo. M. Prichard, of Asheville, \$285.29; and Rev. H. Grady Dorsett, of Wake Forest, \$140.40.

Case Against Gas Company Compromised D. B. Carter Receives \$2,500 In Connection With Death of Wife and Child The \$50,000 damage suit of D. B. Carter against the Carolina Gas & Electric Company was compromised in the civil term of Pitt County Superior court in this city yesterday afternoon. By terms of the com- promise Carter is to receive a total sum of \$2,500, as damages in con- nection with the death of his wife and child who were asphyxiated by gas in their home on Eighth street several months ago.

Mrs. Carter and daughter were discovered dead in bed by neigh- bors while Carter was out of the city on business. Gas was found escaping from a disconnected heater near the bed where the child was sleeping. Following investigation by the coroner a verdict was returned that the mother and child came to their death through asphyxiation by gas.

Carter alleged that the tragedy was the result of bad equipment and faulty installation on the part of the gas company. The com- pany contended, however, that it was standard equipment and properly installed.

Carter filed suit for \$25,000 dam- ages in connection with the death of his wife and a similar amount for the child.

Bailey Spends More In Campaign Than Simmons

Raleigh, May 29.—(AP)—In his race for the Democratic nomination to the United States Senator Josiah William Bailey has spent exactly \$551.11 more than the incumbent, Senator F. M. Simmons, according to pre-primary reports of campaign expenditures filed by the candidates with secretary of state.

The Raleigh attorney listed his expenses at \$7,963.11. Former Gov- ernor Cameron Morrison, of Char- lotte, boosted the Bailey campaign offers with a donation of \$2,001. T. L. Estep, of Stratford, the third Democratic candidate, has not filed his expenses.

Republican aspirants to the Sena- torial toga have spent very little, their reports indicate. George E. Butler of Clinton, reported spend- ing \$507; Irving B. Tucker, of Whiteville, 142; Congressman Geo. M. Prichard, of Asheville, \$285.29; and Rev. H. Grady Dorsett, of Wake Forest, \$140.40.

Hearing On Naval Pact Suspended Indefinitely; Another Admiral Objects

Superintendent of the Naval Academy Declares Concession to Japan Amounted to Partial Surrender of American Sovereignty In Philippines Washington, May 29.—(AP)— Committee hearings on the London naval treaty ended today.

After one more naval officer had objected to the pact before the Senate naval committee, Chairman Hale recessed the committee indefinitely.

The foreign relations committee concluded its hearings yesterday, and a favorable report is in prepara- tion.

The sole witness today was Rear Admiral S. S. Robinson, superin- tendent of the naval academy, who said concessions to Japan under the treaty amounted to a partial sur- render of American sovereignty over the Philippines.

"Practically we hold the Philip- pines on sufferance in view of these concessions," he said. "I can see no conclusive reason why we should give Japan this advantage as far as the Philippines are concerned. "We are worse off in every com- batant vessel. We will find our- selves in insurmountable difficulties in the Far East. I do not mean we would lose the war, but would have a hard time winning it."

BIG ZEPPELIN MAKING SPEED TOWARD CUBA

Graf Reported to Be Flying At Rate of Sixty Miles An Hour Early Today

The Graf Zeppelin today had rolled up another thousand miles of her journey from Friedrichshafen, Germany, to Lakehurst, N. J. The dirigible was 450 miles due east of Cayenne, French Guiana, this fore- noon, going sixty miles an hour and rapidly cutting down the dis- tance to the West Indies.

The dirigible had less than a thousand miles left of the journey to Trinidad, or a point at sea oppo- site that island city. The distance covered, she would pass into the West Indies where her progress would be almost continuous over populous island areas.

The Graf passed the Equator at 8 P. M. E. S. T. last night (10 p. m. local ship) at about its juncture with the 49th parallel, a point 700 miles from Pernambuco and about 200 miles north of the nearest land.

Weather permitting, Dr. Hugo Eckner, the Graf's master, planned to continue in a general northwest- erly direction, possibly passing the British Isle of Trinidad, to Havana. The Graf would miss the Amazon estuary altogether, escaping squalls and disagreeable flying weather for which the section is noted. It was expected to reach Havana some time Saturday, remain there two or three hours, and fly on to Lake- hurst, where the ship will be moored Sunday.

From Lakehurst the Graf will take off Tuesday or Wednesday on the last lap of its 18,000 mile trip, to Friedrichshafen, which it is ex- pected to reach by June 9 at the latest. From Pernambuco to Ha- vana is about 4,500 miles and from Havana to Lakehurst, about 1,900 miles further.

The Graf Zeppelin left Pernam- buco yesterday at 11:13 a. m. (9:13 A. M. E. S. T.) on its portward flight, the start being delayed sev- eral hours due to a fine rain which soaked the fabric covering and made the ship too heavy to rise. After getting it into the air, how- ever, Dr. Eckner contemplated no difficulty.

Leaving Friedrichshafen May 18 the Graf thus far has traveled almost 10,000 miles, making the trip in stages from Friedrichshafen to Seville to Pernambuco, to Rio Janeiro, back to Pernambuco, and now north to Cuba and the United States. There are 20 passengers and a large cargo of mail aboard the ship.

Approaches at both ends of the bridge were completed a few weeks ago, and while that work was in progress traffic was routed over the old bridge at the foot of Pitt street. Today the new bridge stands as a finished product in keeping with the splendid highway system of the state, and the old bridge has been doomed to the trash heap.

The Pitt street bridge was not permitted to go without strenuous opposition on the part of the citizen- ship, however. The Highway Com- mission was presented with protests against destruction of the structure sometime ago, it being contended that it would still be of service to the community if left open, and especially during the busy seasons of the year when hundreds of con- voyances bearing their burden of tobacco could be routed down that street.

The commission remained firm in its first ruling that the bridge must go, declaring that it had served its time and was not capable of serving present-day traffic.

The old bridge was built by the county in 1907 at a total cost of \$75,000. It looks like a frail piece of construction by the side of the more modern span, but it served the people well for over twenty years, although several times being threatened with destruction by flood waters.

During 1920 the wooden floor be- came worn and insecure and the County Commissioners decided to put in a concrete floor. The cost of this job was included in the original estimate given above.

A draw was provided in the center of the principal span of the old bridge, but it was infrequently used owing to the fact that vessels large enough to require its use seldom ever came up the river.

The new bridge contains no draw, being of sufficient height to afford passage for any boat plying the waters of Tar river.

Old River Bridge Gives Away To Progress Here; Doomed To Trash Heap

Work of Tearing Down Structure At Foot of Pitt Street Now Underway; Re- placed By Beautiful Span At the End of Greene Street

Work in connection with demoli- tion of the old river bridge got un- der way this week and in a few days the span across the sluggish waters of Tar river that has served the county for 23 years will be a thing of the past.

The contract for tearing down the structure was awarded to the A. P. Gilbert Construction Company, of Durham, through the State High- way Commission. The cost of the job has not been made public.

Giving away to the march of pro- gress, the old bridge has been re- placed by a beautiful structure at the foot of Greene street, one block below the site of the former span. The new bridge was erected by the State Highway Commission at a cost of \$188,000. It is constructed entirely of concrete and steel, is fourteen hundred feet long, includ- ing the dam, and should take care of traffic for many years to come. The bridge has a walkway for the convenience of pedestrians and is well lighted at night.

The new structure was dedicated sometime ago to Pitt county boys who served during the World War, the exercises being sponsored by the Woman's Auxiliary of the Pitt County Post of the American Legion. At each end of the bridge are tablets which were unveiled at the time of dedication.

Approaches at both ends of the bridge were completed a few weeks ago, and while that work was in progress traffic was routed over the old bridge at the foot of Pitt street. LEGION POST WILL HONOR DEAD HEROES

Graves of Veterans to Be Decorated in Observance of Memorial Day

Pitt County men who died during and since the World War will be signally honored by members of the Pitt County Post of the American Legion and its Auxiliary in observance of Memorial Day here tomorrow. The veterans and members of the auxiliary will go to the graves of their dead in various parts of the county and decorate them with flowers and flags.

All arrangements in connection with decorations had been completed and committees had been assigned to service in different parts of the county. Members of the Auxiliary will have charge of the decorating of graves in Greenville and will also furnish flowers for the remainder of the graves. The Farmville Legion will have charge of the decorating of graves in that community.

Members of the decorating com- mittee received information today that Milan Price, Pitt county man, had been buried at Riverside church near Vanceboro, and that his grave would be decorated by the Craven County Post of the American Legion.

It was stated today that flowers and flags to be used in the decorat- ing could be secured at the home of Mrs. Richard Stokes, president of the auxiliary, Mrs. Stokes lives on East Ninth street.

Memorial day will be generally observed throughout the county with exercises befitting the occasion.

The following committees will have charge of the decorations in Pitt county: Lonnie Lester Smith, Family Cemetery, Smith's Mill. Commit- tee, Hugh T. Stokes, Gritton, R. F. D.

Car Thief Held At Goldsboro Goldsboro, May 29.—(AP)—Wil- lie Lewis of Goldsboro, arrested here Saturday on a charge of taking a car in Laurinburg, has been iden- tified as the man who held up a filling station in Wilson recently.

Lewis, who has been placed in the custody of Wilson officers, is also charged with stealing a car here and is thought by officers to be connected with a shooting in Baltimore resulting from an unsuccess- ful attempt to steal a car at that place.

Urges Legion To Renew Campaign Goldsboro, May 29.—(AP)—With Tennessee having passed North Carolina in the standing of depart- ments, American Legion posts in the state today were urged by Com- mander George K. Freeman to renew their membership campaigns.

Position of North Carolina in the "Big Parade" at the National con- vention will depend on the number of members gained by June 10. Tennessee now has 600 more members than North Carolina.

Eleven Men Paroled by Gov. Gardner Raleigh, May 29.—(AP)—Gov. O. Max Gardner today paroled eleven prisoners, commuted the sentence of one and declined clemency to six others.

Rosa Smith, Negro woman sent to prison from Person county in August, 1913 to serve 20 to 25 years for murder, who can secure em- ployment in a good home at this time, was the longest termer paroled.

Eugene Gunter, convicted in Lee county of manslaughter and sent to prison in March 1930 to serve 10 to 15 years, had his sentence com- mitted to one of form five to seven and one-half years.

Croffs Ross, convicted in Polk county in September 1927 of man- slaughter and sentenced to serve five to ten years, was paroled.

Jeter Shelton, serving 12 months on the county roads in Madison county for a statutory offense of which he was found guilty in Jan- uary 1930, was paroled because fur- ther confinement "will seriously endanger his life."

Others paroled were: Paul Con- nor, Crawford Whitener and Frank Ledford, all sentenced in November 1928 in Rutherford county to serve three to five years each for larceny; Dan Young, convicted in Johnston county in June 1929 of trespassing and assault with a deadly weapon and sentenced to pay the costs or serve two years on the county roads; Newman Lowder, Stanley county man convicted in November 1929 of receiving stolen goods and sentenced to two years on the road; Nathaniel Brown and Service Kibler, Negroes, convicted in January 1930 in Cleveland county of break- ing, entering and larceny and sen- tenced to 18 months each on the county roads; John Luther Ed- wards, Negro, convicted in Orange county in February 1930 and sen- tenced to eight months on the roads for assault with a deadly weapon.

Those declined were: Robert G. Cullipher, Bertie County; Carmen Leonard, Davidson; Howard Clod- felter, Forsyth; Ralph Ralston, Buncombe; E. W. Kid, Lenoir; Charlie Brown, Alexander.

BIG SPEEDWAY CLASSIS IS SET FOR FRIDAY

Indianapolis, May 29.—(AP)—Roaring motors, scheduled to bark their battle cry at the Indianapolis motor speedway tomorrow in the eighteenth annual 500-mile automobile race, were given their final inspection today by the thirty-eight drivers and mechanics.

The track was closed for a chemical bath intended to remove all the oil that has dripped from the cars during the last thirty days' practice period. Following a drivers' meeting late today, however, there was a likelihood that the boys would be given a chance for a few final tuning spins.

The thirty-eight cars which qualified for the event mark the largest field that has participated in a 500-mile race since 1911. For many years, the racing authorities limited the number to thirty, three, but the expansion came with the elimination of the super-charger and the passing of the single-seater speedster models.

Qualifying trials, which began last Saturday, ended at sundown yesterday. Eight drivers put their hopefuls through their paces on the final day to swell the field to its unusual proportions.

America's foremost speedway drivers, a host of youths who have won their way into major racing through dirt track training, and two foreigners—Baconi Borzacchini and Letterio Cuccinotta of Italy—will compete for the \$115,000 cash prizes.

Louie Meyer, American driving champion; Peter Depaolo, Wilbur Shaw, Shorty Cantlon, Lou Moore, and Billy Arnold, who rode to recognition by piloting his mount faster than any other to qualify, are among those in the race.

All are known throughout the racing world, because of feats of the past.

Never in the history of American automobile racing has there been such a varied collection of cars for one major contest. The lifting of the 917-cubic-inch piston displacement limit this year brought in all types of four, six, eight and sixteen cylinder creations.

Where some of the veterans stayed with conventional racing cars—long, narrow, and low hung—others departed into new fields. Two cars which are virtually stock, and are equipped with their large, sports model bodies, will pit their gigantic power and sturdiness against the spidery creations of others. L. L. Codum, Indianapolis, co-winner with the late Joe Boyer of the 1924 race here, will drive one of the large cars.

Pete Depaolo, one of the most colorful drivers in America and champion in 1925 and 1917, will tool a medium sized job with an eight-cylinder motor nearly three times as large as that he had a year ago. Motors range in size from the same as in 1929 to four times as large.

The cars will face the starter at ten o'clock tomorrow morning, with Arnold, by virtue of the fastest time for the ten-mile qualifying trial—113.268 miles an hour—in the pole position.

Chang Highway No. 13 to 55 Raleigh, May 29.—(AP)—If you have an automobile road map, strike off highway number 13 and make it number 55.

The State Highway Commission has yielded to the demands of superstitious folk living along the route, which is between Durham and the Virginia line to change the number. The change is effective July 1.

Patriots Cop Wild Affair From the Bulls

Raleigh, May 29.—(AP)—Tom Wolf, Durham's sensational home run cluster, continues to sock the ball with unabated fury but his heavy hitting is not keeping the Bulls from losing as consistently as ever.

The nifty outfielder had 14 circuit smashes to his credit today after adding a pair at the expense of Greensboro's Patriots, but the Patriots managed to win the ball game, a wild affair, by the huge but not one-sided score of 15 to 14.

Bohand gave the Pats the game in the ninth inning. Two men had been retired when he came to the bat with the bases clogged and singled to right field to send the victorious rallies scurrying over home plate.

Ike Kahdot enabled Henderson to cling to top place. He hit a homer in the fourth inning with two aboard the sacks to beat Raleigh.

This game was a pitcher's duel between two youngsters, MaHaffey of the Gamecocks and Brown of the Caps.

Another fine hitting affair was witnessed at High Point, where Winston-Salem socked the Pointers into submission 12 to 11. Ferrell led the Twin attack, driving in three runs with as many hits.

Dan Boone continued his heavy slugging, topping the Pointers' batting with a double and two singles.

Three errors by the Pointer infield were largely responsible for Winston-Salem's victory.

The week-end series calls for five games in three days, double-headers being billed for Friday, Memorial Day, and Saturday.

Greenville Bowlers Defeat Rocky Mount In Duck Pin Match

The local duck pin bowling team scored a decided victory over Rocky Mount last night on the Recreation Parlor alleys by defeating them 138 pins in their three game match. This was the second match between the two teams, the visitors having won the first, in Rocky Mount by 68 pins, but the margin of win by Greenville last night doubled that of their opponents.

The Rocky Mount five having defeated Raleigh, Greensboro and teams from different Virginia cities were a bit over-confident that they would easily defeat the locals, but the Greenville pin spillers were determined to get revenge for their former loss and their margin of victory was larger than that of Rocky Mount in any of their several victories over other teams.

For the losers, Nobles was high scorer with a total of 306 pins while for Greenville, C. B. Rowlett led his teammates with 224 pins in the three games.

SPRING PIG SURVEY BY RURAL CARRIERS

That Uncle Sam expects much of his workers is illustrated by the live stock survey being made right now through the rural mail carriers.

The carrier delivers one of these cards to a few farmers on his route. If the farmer has cows, cows or sheep, he is to fill out his card completely and put back into his mail box (without postage).

These cards are sent to Raleigh where the Crop Reporting Service compiles them into results that show whether, for instance, the number of pigs and brood sows are more or less, the pigs per litter saved; the fall and spring farrowing results, and other information helpful to farmers in planning their future breeding.

The livestock results for all States will be published late in June which will serve as a guide to the probable competition to be expected.

These surveys were not begun until 1924, but have already stabilized breeding and marketing to a marked degree.

Each farmer who receives one of these cards should fill it out and return AT ONCE. This is for the farmers' benefit, so should prompt his aid.

END OF THE CENTURY CLUB MAKES PILGRIMAGE TO EDENTON

With Mesdames Robt. H. Wright, J. B. Spillman, J. L. Wooten and Mrs. Jennie M. Howard as hostesses the End of the Century club completed their year's work by making a pilgrimage to Edenton.

The members met at the home of Mrs. J. L. Wooten Tuesday morning at 8 o'clock, where cars were provided for them and their guests.

After the lovely drive climaxed by crossing the beautiful Chowan river, we reached the "Cradle of the Colony" Edenton. At the Hotel Hinton to receive and greet us was Mr. J. H. McMullen, the efficient secretary of the Chamber of Commerce, Miss Mary Pruden, Mrs. Paxton Badham and Mrs. J. H. McMullen.

After being served refreshments we were taken to the famous old "Cupola House," built by Francis Corbin in 1758. Here we were greeted by Mrs. Will Graham, Miss Carrie Coke and Mrs. Wales. They showed us through the building and told stories of the various preserved documents bearing upon the former residents of Edenton.

From the "Cupola House" we were taken to "Hayes," former home of Samuel Johnston, Governor of North Carolina in 1787. Here we were most graciously received by Mrs. Wood and Miss Sophie Wood who took us through the library, showing up the relics of by-gone days and telling us of the famous men who were buried in the cemetery nearby.

From this famous and renowned shrine we were taken to beautiful "Beverly Hall" where Mrs. Richard Dixon's graciousness as a hostess manifested itself in no uncertain manner. We were immediately invited in the home, shown the vault and told the ever new history of the building, and once again felt the presence of the "Phantom Lady of Beverly Hall."

In the garden with its weeping willows and stately palms we felt like standing with bowed head and solemnly saying:

"Ye lovely flowers that sweetly live And sweetly pass away Teach me the lesson of your lives To study day by day."

From the library and Shakespearean garden at "Beverly Hall" we were taken back to the hotel and ushered in the dining hall where the tables spread for forty, were beautiful with snapdragons and larkspur.

As we found our places at the tables Mr. J. H. McMullen introduced Captain Jasper Wiggins, mayor of Edenton, who gave the club and guests a most cordial welcome, also mentioning North Carolina as outstanding almost any state in historical facts.

Mrs. J. L. Hassell responded to Mayor Wiggins' welcome in a most gracious and cordial manner.

Mr. Robert Oglesby, accompanied by Dr. H. A. Thorson, sang two beautiful numbers closing with "Rose Marie."

Mr. W. S. Privatt, one of Edenton's well known attorneys, extended a welcome to the club and also an invitation to return at an early date.

A most beautiful story intertwined with romance and history was told by Mr. Lloyd Griffin. In this story so interestingly and instructively told we could see the founders of our government pass to and fro the ships out on the beautiful bay laden with goods they dared not land, the women bending over the teapot and men with bowed heads pondering the outcome of all the injustices imposed upon them.

At the close of this delightful program Mr. J. H. McMullen extended an invitation from Mr. W. A. Everett to make our trip back across the ferry and passes would be given us.

From this delightful lunch we were taken over to the court house for a visit to the Masonic Hall there to hear from Mr. Spear the story of the George Washington chair and to read documents, of Revolutionary days. To the famous old St. Paul's church we next were taken, thence since 1736 it has stood with all its dignity and charm. Your first thought on entering this sacred shrine would be: "I know my Redeemer liveth," for the very atmosphere gives one a feeling that they are in the presence of that which is sacred and divine. In the church yard are the tombs of several Royal Governors, together with those of patriots of Revolutionary days.

On leaving this "God's Acre" we find it is time to leave this lovely little town on the "Bay," and verd but way homeward. So bidding farewell to our untiring and ever gracious hostesses, Miss Pruden, Mrs. Badham and Mrs. McMullen, we left Edenton, the Cradle of the Colony, profuse in our remarks of their most cordial hospitality. Surely not one thing was left undone that would have added to our pleasure. We indeed felt it was an honor to have an official welcome and also to have the Edenton daily paper carry an account of our proposed visit. Three papers were handed to us by Mr. Nelson upon our arrival.

We had as guests from Greenville, Mrs. E. B. Ferguson, Mrs. R. C. Stokes, Mrs. J. L. Kilgo, Mrs. W. I. Wooten, Mrs. Marianna Murphy, Mrs. Charles Laughinghouse, Mrs. Lon Newton, Mrs. Russell Wiggins, Misses Clara Louise Moyer and Mary Wright; from Edenton, Misses Mary Pruden, Madge Hedrick, Mrs. Badham, Mrs. McMullen, Messrs. W. S. Privatt, Lloyd Griffin, Richard Dixon, Robert Oglesby, H. A.

We feel that this lovely pilgrimage with all the courtesies shown us will create in each of us a greater love for our state, a desire to imitate those who have worthily served it, and a resolution to know more of those who have made it a fit place for happy homes.

Give Radio Program. Farmville, May 28.—Radio fans who were "tuned in" on the Raleigh station Tuesday afternoon at four o'clock, enjoyed a delightful program of instrumental music broadcast by the following young artists, pupils of Miss Louise Carothers, an instructor in the local high school: Misses Mildred Horton, Margaret Walters, Helen Willis, Nell Butler, Billy Willis and Ras Jones.

Entertains Club. Farmville, May 28.—Mrs. E. C. Beaman was hostess to the Progressive Bridge Club at her home on Contentnea street. Bridge was played at three tables and the high score prize was won by Miss Tabitha De Visconti, who was given a dainty handkerchief. The decorations of flowers and the delicious refreshments carried out a color scheme of green and yellow.

Bar Of Greene County Endorses Candidacy Of J. Paul Frizzelle For Judge Superior Court

At a meeting of the Bar of Greene County in Snow Hill the following resolutions were unanimously adopted:

FIRST: We are glad to commend to the voters of the Fifth Judicial District of North Carolina the candidacy of Hon. J. Paul Frizzelle of Snow Hill, for Judge of the Superior Court.

SECOND: That we know that Paul Frizzelle is regarded by members of the Bar in East Carolina as a lawyer with outstanding ability and as being most richly endowed by nature and training with those high qualities of mind and heart which are necessary to the making of a good Superior Court Judge.

THIRD: That having been intimately associated with him since he began the practice of law in Snow Hill twenty-three years ago, we believe that he possesses in a very high degree that admirable quality so necessary in a Superior Court Judge, commonly known as Judicial temperament.

FOURTH: That inasmuch as Greene County has never had a Superior Court Judge and Craven County has had the Judge for forty-one years out of the last sixty-two years, we appeal to the voters of the Fifth Judicial District to give Greene County just consideration this year and vote for our candidate for Superior Court Judge.

(This space contributed by Pitt County friends of Mr. Frizzelle.)

Lenoir County Bar Pays Tribute to Character and Ability of Hon. J. Paul Frizzelle, Candidate for Judge

WE, members of the Lenoir County Bar, are personally acquainted with the ability of Hon. J. Paul Frizzelle as a lawyer and believe his experience and ability and his integrity as a Christian gentleman fit him to perform the duties of Superior Court Judge, efficiently, and in keeping with the fine traditions of the Superior Court Bench.

Why You Should Vote for J. Paul Frizzelle for Superior Court Judge

In announcing his candidacy for the Judgeship of the Fifth Judicial District, Mr. Frizzelle, said:

"After consulting many friends, and myself giving consideration to the subject, I am announcing I shall be a candidate for Resident Judge of the Superior Court in the Fifth District, subject to the action of the Democratic voters in the nominating primary. My fellow citizens to whom I shall submit my candidacy have a right to know my conception of the office to which I aspire and my reasons for the hope that I may meet with some measure of success in the field of judicial endeavor.

"From my study and observation of what we call government, I am convinced that the office of Superior Court Judge is the most important and far reaching public position in our State system. The Superior Court is the one definite point of contact between the folks and the law. It speaks with authority in language the plain people can understand and on questions of vital importance in their every day life. Holding its sessions in every county, to the vast majority it is the State. It therefore not only administers the law, but, consciously or unconsciously, shapes the real attitude of our citizenship toward their government. It follows that in such a tribunal justice should be administered with that degree of patience which is content with nothing less than the truth. Its presiding magistrate should be possessed of such familiarity with the fundamentals of law, procedure, and common sense as will eliminate waste.

"As to whether I can fully meet the responsibilities of the bench, this is a question which I face with frankness and humility. My experience as a lad upon the farm,

MEMORIAL DAY

Tomorrow is Memorial Day and once again, in the course of time, the nation will pause for a day, set apart in the honor of, and commemorate, the brave men of this country who, in the past, sacrificed their lives on the altar of liberty.

It would be tragic indeed, those of us now living, who have enjoyed the blessings of a great nation, should forget the supreme service that has been rendered, and allow the dead past to bury glorious heroism and noble patriotism.

The blind worship of war, now gradually being discarded, should not be confused with the proper recognition of a duty well performed, or hinder grateful people in paying homage to those who responded in the hour of national peril.

We join our comrades in calling attention to the purpose of Memorial Day and call to direct attention to the virtue and valor of the American soldiers, sailors and marines.

It is good news to the people of Pitt County to learn of the letting of the contract for the paving of the Cox's Mill road extension set for June 17.

ABOUT TOWN

Completion of the improvement will connect Greenville with the Craven county line by an unbroken link of concrete, the strip from this city to Cox's Mill having been completed several years ago.

alone, but to virtually all sections of the world, according to the opinion of James Picklen, president of the Picklen Tobacco Company, who has just returned from a visit to several countries in Europe.

The Kiwanians and Rotarians will play ball at the Third Street athletic field tomorrow afternoon in an effort to raise funds for the Boy Scout hiking camp under construction on the Falkland road about two miles from Greenville.

It is the desire of the members of both clubs to make the game of as much interest to the public as possible so that attendance will be sufficient to enable them to raise enough money to give the Scout fund a great boost.

Tomorrow is Memorial Day and members of the Pitt County Post of the American Legion and its Auxiliary will go to the graves of the former service men and place flowers and flags upon them.

The proposed ten percent reduction in valuation of the property of the various counties in this section of the state would be a big relief for the tax payers.

This section has suffered severely from crop shortages and low prices the last several years, and if there is any part of the state deserving of relief, it is that section in and around Pitt county.

The Equalization Board should give the petition the consideration which it deserves and in that way help relieve the depression which has cut keenly into the affairs of virtually every property owner of the section.

DR. DIXON DISCUSSES SPECIAL ROAD TAX

Greenville, N. C., May 26, 1930. Editor Reflector, Greenville, N. C.: Dear Sir: The open forum furnished by the Press of the country during the political campaigns is one of the best things that the Press can do for the community.

the County Highway Commission. The County Highway Commission took over all of the county work and along with it the county commissioners turned over to them all county funds.

The voters of Ayden township have appealed to the County Commissioners for relief from this injustice. The answer is and has been we do not have the authority. We have petitioned them for the privilege of voting this unequal and illegal tax off.

The Attorney General's Office advised the undersigned and the county attorney that the commissioners should be advised to refuse to levy this tax, but the powers that be insist that we must submit to an unjust, unfair, and illegal tax.

It is time for the people of Pitt County to wake up to the realization that we need men to break up the clique that has been in power so long.

Yours truly, G. G. DIXON.

MUST LOOK TO LEGISLATURE FOR ANY TAX RELIEF

At a meeting in Halifax last week 700 people being present, a motion was carried, "that there be a reduction of 20 percent in the general operating expenses of the county in all departments (except schools)."

The News and Observer quotes Revenue Commissioner Maxwell, as saying that the total tax burden in North Carolina had multiplied four times in eight years, adding "We are entitled to have some other objective in this life than of supporting agencies of public service."

There are just two ways to reduce taxes: One by spending less, the other by finding other sources of taxation. If Pitt county can make the minimum reduction in expenditures as suggested by Captain O'Berry of \$100,000 will give some small relief on land but to get relief to which land is entitled we must look to the Legislature.

E. B. HIGGS.

TEN ARRESTED IN GEM THEFT AT NEW YORK

Other Arrests Expected In Recovery of \$1,300,000 Worth of Loot

New York, May 29.—(AP)—A telegram from Hot Springs, Ark., police today asked that two men arrested here last week in a round-up of jewel thieves be held for the Hot Springs authorities.

The two men, wanted in Hot Springs are George Cole and James Watson, the latter described by police as head of a country-wide band of jewel thieves.

Although the telegram gave no details of the charges against the two men, it was assumed they were wanted for questioning in connection with the killing there last September of Preston Austin, Victoria Texas, rancher. Austin was shot during a hold-up by a man in white trousers.

When Cole was arrested here a pair of white trousers apparently bloodstained and a receipted bill from a Hot Springs hotel, were found in his luggage.

New York, May 29.—(AP)—Leads radiating from a glittering heap of stolen jewels were being followed to cities in various parts of the country today as police sought solution of the gem thefts behind the \$1,300,000 worth of recovered loot.

The arrest of four men in Chicago with the arrest of five men and a woman here increased to ten today the number in custody in connection with the police investigation. The arrest of the Chicago men was effected when police checked the activities of Robert O. Nelson, whose safe deposit boxes in banks here yielded about \$1,000,000 of assorted jewelry when raided by police.

Those arrested in Chicago were Meyer Gordon, Morris Levinson, Frank Brown and Louis Silver. A letter written by Nelson was found in Brown's possession. Chicago police said Nelson had once lived there and was known to them as a West Side gambler.

The possibility of a murder case being solved through the recovery of the jewels and the arrest of four men and a woman in the Hotel Commodore Monday, was seen when police searching a room occupied by George Cole, one of the four arrested, found a pair of white pants bearing stains which might have been blood.

Preston R. Austin, a wealthy ranch owner of Victoria, Tex., was killed by robbers in a room in Hot Springs, Ark., last fall. One of his assailants was described as wearing white trousers. Receipted bill from a hotel in Hot Springs was also found among Cole's effects. Police said they found a set of burglar tools, keys and celluloid key blanks in Cole's room.

Mrs. L. W. Herman of West End avenue, New York, identified 11 of the 26 pieces of jewelry seized in the Hotel Commodore as stolen from here in the Hotel Ambassador at Palm Beach last February. The value of the pieces she identified was estimated at \$100,000.

Three Men Burned To Death In Texas Rooming House

Abilene, Texas, May 29.—(AP)—Three men were burned to death in a fire here today which destroyed a rooming house in the business district. Eight other persons, including two children, escaped.

The dead are: Harvey Sprinkle, 21, Bernard Love, 19, of Melrose, and Roy Thomas, 28, of Abilene. Sprinkle and Love, attending a business college here, were to have graduated next week. Thomas was an employe of a country club.

The bodies were found in a corner of a second floor sleeping porch partly clothed. They apparently had been overcome by smoke.

Mrs. Maude Parker, manager of the rooming house, was awakened by fire on the back porch on the first floor. She started to the second floor to arouse roomers but the flames and smoke forced her back down stairs.

Wife Died and Divorced Him

Winston Salem, May 29.—(AP)—Walter Sweet charged with non support explained to municipal court why he shouldn't be also charged with bigamy.

He said he had received a divorce in South Carolina from his first wife.

"But you can't get a divorce in that state," said the court.

"Why?" was the questioning answer.

"It's against the law."

Sweet answered: "It ain't against the law to die, is it? She died and divorced me."

Whipped on one point, the court ordered Sweet to pay \$4 a week to wife No. two.

Warnings About Check Flashers Active In State

For some months it seems that North Carolina has been infested with check flashers and other crooks resorting to different methods of fleecing the public. And notwithstanding various warnings issued through many channels, these crooks continue their successful operations.

For the protection of its membership and the general business interests, C. B. Rowlett, secretary of the Greenville Merchants Association, has asked the privilege of using space in the publication from time to time giving in detail all information available as to some of these crooks.

Following are several cases reported to the local association: Some weeks ago a warning was issued from Greensboro with regard to the check flashing activities of one Earle C. Bennett, who claimed, while he was in Greensboro, that he was going to open a branch office in that city of the Radio Corporation of America Institutes and produced a letter of introduction from the company which enabled him to get a check cashed in the sum of \$1,200. The Greensboro Merchants Association traced this man to Terre Haute, Ind., where he was apprehended and sentenced to from one to ten years in the Indiana State prison.

We have a warning from Winston-Salem advising that one Jack V. Helman is wanted in that city for skipping his hotel bill and for forging checks. This man is supposed to be representing Charles V. Helman Rose Company, dealers in specimen rose bushes, having offices in Charleston, W. Va., and Portland, Oregon, and he is described as being 35 to 40 years of age, weighing 200 lbs., 6 feet tall, sandy hair and mustache, wearing brown suit, basket weave, tan shoes, new Dobbs size 7 3-8 panama hat, purchased at the Vogue in Winston-Salem. Any information as to his present whereabouts should be communicated to the local Merchants Association.

A warning from Charlotte advises that some one has stolen a check writing machine and a book of blank checks from the Goodrich Silvertown, Inc., tire store of Charlotte, said checks being numbered 184 to 285 and overprinted with the name of Goodrich Silvertown, Inc., Charlotte, N. C. This information is given as a warning to any one who may be tendered such a check and in the hope that the parties will be apprehended before leaving North Carolina.

A warning from Lexington advises that a man using the name of C. H. Lee, medium height and build, approximately 45 years old, cashes bogus checks in that city drawn on the Commercial National Bank of High Point and signed with the name of D. S. Sautler, High Point Junk and Metal Company, D. S. Sautler is unknown to the High Point Junk and Metal Company.

Business men should be very careful with their checks books, especially if their checks carry the firm name printed thereon, for check flashers wish for nothing better than to secure checks of reputable firms with their name printed on the check.

Another warning from Lexington advises that a man giving the name of W. B. Carter, age about 30 years, 5 feet 8 inches tall, weighing approximately 160 lbs., and claiming to be employed with the Knox Furniture Company of High Point, passed bad checks in that city which were drawn on the N. C. Bank & Trust Company of Greensboro.

A warning from Rock Hill, S. C., advises that one J. M. Small is wanted by the chief of police of that city for forgery. Small is described as being 35 years of age; weight 180 lbs., 5 feet 10 inches tall; stout build, ruddy complexion, black hair and heavy beard that shows plainly; occupation painter; drinks to excess. When last seen wore a gray suit. Was employed by subcontracting contractor at the Rock Hill Printing & Finishing Company.

SEVERE SPELLS OF INDIGESTION

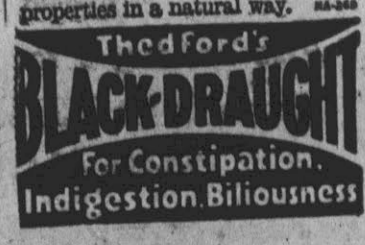

"Black-Draught Helped Me a Great Deal," Says Tennessee Lady.

Elizabethton, Tenn.—Writing of her experience in the use of Theodor's Black-Draught, Mrs. W. S. Manning of 148 Watauga Avenue, this city, recently said:

"For some time, I suffered from indigestion and sick headache. I would get almost blind, and stars would dance in front of my eyes. I had bad gas pains, and heartburn would come with these spells. I read about Black-Draught and decided to try it. I found it helped me a great deal. I got relief from these spells."

"I find Black-Draught a fine medicine for constipation. I have used it in my home for about twenty years. I don't think anything can take its place, for general family use. It is the best medicine of its kind I have ever tried."

Theodor's Black-Draught is a purely vegetable cathartic or laxative medicine, composed of selected medicinal herbs and roots. Black-Draught is finely powdered, which enables the juices of the stomach to extract its medicinal properties in a natural way.

HONORED BY CLASSMATES

Mildred Hinman (left) of Albany, N. Y., was voted by classmates as the most popular senior at Wellesley college. Elizabeth Bradstreet (center) of Rochester, N. Y., is believed to have the brightest future, and Mary Butler of Lawrence, Mass., received recognition as the best dressed girl in the class.

This man's wife is supposed to be with him and she is described as being 36 years of age; weight 140 lbs.; low and stout, gray eyes, black hair. The notice further advises that a number of checks of the Rock Hill Printing & Finishing Company have been stolen, so if such a check should be presented, be on your guard.

Another warning from Lexington advises that a man using the name of J. E. Lanier went to that town about two weeks ago, rented a building and stated he was opening an antique furniture shop. He hired a truck and driver and began canvassing to buy old furniture. He gave checks drawn on the Page Trust Company of Carthage, all of which were bogus. This man is said to be a former patient of the State Hospital. He is about 50 years old and his eyes are rather strange looking, so be on the lookout for anyone answering this description.

A report has reached us of the arrest in another state of George and two alleged accomplices Jack Day and Mrs. Andy Walls, who, it will be recalled, attempted to pull their stunt in various towns in North Carolina and succeeded in several instances in fleeing drug stores by ordering a small amount of merchandise and requesting the druggist to send change for a \$20 bill. Usually, when the boy delivered the package, he was presented with a worthless \$20 check and Gibson pocketed the change, but a

number of our merchants were wise to this scheme and delivery boys were cautioned to accept money only. All merchants should instruct their delivery boys never to accept checks for goods delivered to unknown parties.

We are requested to announce that Dr. Carl Taylor of the faculty of State College, Raleigh, will deliver an address from station WTPF tonight from 9:30 to 9:45 o'clock on the much discussed topic of a "Sales Tax." Dr. Taylor's address will be delivered under the auspices of the Raleigh Merchants Association, and those of you who are unfamiliar with this form of taxation are respectfully invited to tune in on Dr. Taylor tonight at 9:30.

We also wish to take this occasion to announce to all merchants that the date for the 1930 convention of the North Carolina Merchants Association have been definitely selected as June 17 and 18, and that the place of meeting will be Wrightsville Beach. All North Carolina and Virginia Merchants are invited to attend the convention and profit by its deliberations and enjoy the many entertainment and recreational features which are being provided.

Mob Fails To Lynch Robber In S. Dakota

Elk Springs, S. D., May 29.—(AP)—A crowd of 75 men failed last night in an attempt to lynch John W. Elliott, held for the robbery of the First National Bank last Monday.

Elliott was being returned from Sioux City, Ia., where he was arrested yesterday. When Sheriff N. C. Siskian reached the jail with his prisoner, he was met by the crowd which overpowered him and carried Elliott away in an automobile. The sheriff and several deputies pursued, overtook the fleeing machine and recaptured Elliott. There was no display of firearms, but the officers used their fists before regaining custody of the prisoner.

Elliott was placed in a cell under guard of six of his men and ten citizens who were made special deputies.

Elliott was identified as the bandit who escaped with \$1,551 in currency from the bank, by E. W. Freeman, president and M. E. Johnson, cashier, making the identification. They declared that a .38 calibre nickel plated revolver found in a closet at the Elliott home in Sioux City was the one with which the robber had forced them into a vault as he obtained the cash.

The prisoner professed innocence.

CONFEDERATE REUNION LEADERS

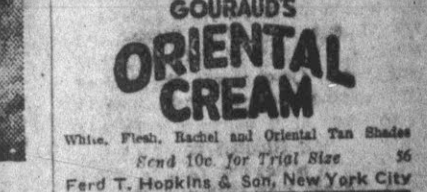

Gen. R. A. Sneed (right) of Oklahoma City will lead the Confederate veterans in their fortieth annual reunion at Biloxi, Miss., beginning June 3. Gen. L. W. Stephens (left) of Coushatta, La., is commander of the Army of Tennessee, one of the departments of the United Confederate Veterans.

Your Throat Protection—against irritation—against cough

*An investigation conducted by the Association of Life Insurance Medical Directors and the Actuarial Society of America revealed the fact that the death rate increases practically 1% for every pound of excess weight carried between the ages of 40 and 44 years. In other words, a man 40 pounds overweight at this age has only 60% of the expectancy of life of a man of normal weight. We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, May 29.—(AP)—Cotton opened steady at a decline of 4 points to an advance of 3 points. There was a little selling on lower Liverpool cables but this was absorbed by buying on reports of showers in Oklahoma and Arkansas where dry, war weather is wanted. Business was very quiet, however, and largely confined to evening-up of accounts in preparation for the adjournment over the three-day week-end. Selling of July against purchases of October was about the only trading feature. July eased off to 16.03 or 7 points lower while the new October contract at 14.78 showed a net loss of 4 points. The market was within a point, or two, of these figures at the end of the first half hour. Liverpool reported that trade calling had absorbed some American selling in that market and said that Manchester was depressed. A private report was issued pointing to a decrease of 3.3 percent in acreage and placing the condition of the crop at 69.7 against 69.5 at this time a year ago.

GRAIN MARKET

Chicago, May 29.—(AP)—Wheat averaged lower in price today in the late dealings as well as at the outset, with transient rallies intervening. The chief depressing factor was big deliveries of wheat to settle Chicago May contracts.

Wheat closed irregular 7-8c net lower to 1-2c higher compared to yesterday's finish. Corn closed 1-8-1-4c off to 5-8c up, oats unchanged to 1-4c advance, and provisions unchanged to 20c down.

STOCK MARKET

New York, May 29.—(AP)—Stock prices continued their leisurely and somewhat halting upward progress today, as professional operations, ranging from the rather meagre industrial news at hand, still appeared to feel that the weight of the evidence favored substantial business recovery within a few months. Leaders by the large, however, were talking to be shown. Perhaps the least susceptible of ill-tempered interpretation was the news from the steel industry, but steel shares as a group displayed a firm rise, as their sponsors felt that the Line, and heavy construction projects, together with indications of a fair average rate of operation of motor manufacturers, would tend to stabilize conditions during the summer months. Nevertheless, steel scrap prices continue to decline with further cuts of 25 cents a ton appearing at Chicago and Pittsburgh. Dow Jones & Co.'s average price for eight important steel and steel products declined this week to \$46.99 a ton, from \$47.24. This average did not include sheets, slabs and forging. Such reports of merchandising during May as are now available, however, indicate that the profits record will not be far from that of last year, which would be regarded in Wall Street as highly favorable. The April comparisons are not conclusive, owing to the date of Easter this year. Speculation for the rise was resumed in merchandise stocks today for the first time this week. Moreover, it is accepted as a particularly good omen that one of the largest publishing houses bookings for advertising for the second half of the year are now larger than at this time a year ago. The rail fares, never, continued to reflect light improvement of freight. On the basis of information now at hand, it is stated that April gross for all 1-carrier was approximately 1 percent below April, 1929, as compared to a drop of 12-1/2 percent in 1928.

the moderate progress made this week. Some of the swift moving shares made substantial gains. Worthington Pump sold up more than 7 points to above 167, a gain in excess of 100 points from the year's low. Columbian Carbon made a similar advance. In the steel, Sprang Chalfant normally not very active, rose several points in active trading. Shares gaining three points or more included American Tobacco B. Macy, Sears Roebuck, Safeway Stores, Jewel Tea, and A. M. Byers.

True Bills Against Men For Tarring Feathering Doctor

Hammonton, N. J., May 29.—(AP)—Indicted for the tarring and feathering of Dr. Sedgie L. Newsum, the five Starns brothers today were confronted with a statement from the wife of one of them that Dr. Newsum had not been attentive to her and had given the brothers no cause for action as they have asserted. The Tangpapoa Parish grand jury returned true bills against the brothers last night and preparations were made today for their early trial. Dr. Newsum appeared before the grand jury and was the principal witness. The dentist was accompanied by several leading Hammonton citizens, including Mayor C. C. Carter. While the true bills were being returned against the five brothers, Charles, Gordon, Newton, Henry and Isaac Starnes, a formal statement was issued by Mrs. Isaac Starnes branding as a "lie" her husband's assertion that she had been guilty of misconduct with Dr. Newsum. "My husband states that I have met Dr. Newsum in various places," she said. "All of which is a lie. I know little of Dr. Newsum and have never met him anywhere."

National Commander Addresses the Legion At Asheville Meet

Asheville, May 29.—(AP)—Describing he disabled American veterans of the World War as a service organization, National Commander William J. Murphy, of Santa Ana, Calif., told the North Carolina department at its state convention here today that he cooperates of all disabled veterans is essential if proper relief is forthcoming from the government. "No veterans organization or combination of organizations possess such an eternal appeal as do the man, woman and child for whom the D. A. V. has so relentlessly fought during the past decade," Commander Murphy said. "But the advancement of the interests of other disabled veterans who need further liberalizing changes, can only be affected by getting the disabled men to present a united front through their own official recognize organization—the Disabled American Veterans of the World War."

In addition to the address of the national commander, the state department heard addresses by Major Gallatin Roberts, of Asheville, and Col. H. C. Drude, medical officer in charge of Oteen Hospital here. The program at the opening session Thursday morning at the George Vanderbilt Hotel included the reading of communications, appointment of committees and discussion of general business. The convention will be brought to a close with the business session Thursday afternoon, although the annual banquet will be held Thursday night at 7 o'clock. National Commander Murphy will also speak at this time.

Two Charged With Dynamiting Fish

Winston Salem, May 29.—(AP)—Warrants charging Dr. H. C. Harding and N. E. Preston of King with dynamiting fish have been issued following an investigation by the State Department of Conservation and Development. Arraigned in court here after being arrested May 5 on those charges, the pair was fined \$10 and costs after the warrants had been amended to trespassing. The local Isaac Walton League investigated and reported the matter to Col. J. W. Harrelson, director of the Department of Conservation and Development, and it was contended the minimum fine in such a case was \$100 and that the case should be tried in Superior Court. Assistant State Game Warden W. C. Eist was sent to investigate the affair and the new warrants were issued.

Body of Woman Wearing Diamonds Found In River

New York, May 29.—(AP)—The body of a woman upon whose finger was a diamond-studded ring, and about whose neck was a copper wire drawn tight, was found today in the Harlem river a few blocks from the Yankee Stadium. Police estimated that the corpse had been in the water for two or more months. About the wrist was a white gold watch, and ring she wore was set with nine diamonds and two sapphires.

CHECK FLASHER FALLS INTO HIS OWN TRAP

Edenton, May 29.—(AP)—When a man who said he was J. H. Taylor, of Roanoke, Va., told police here he had been robbed of \$86 by two negroes, they promised to investigate. They did. From the investigation they learned that Taylor's real name was William T. Thatcher who was wanted by Newport News, Va., officers on charges of giving bad checks and stealing an automobile. He is held in jail here for Virginia officers.

Hoover Approves Substitute For Pension Measure

Washington, May 29.—(AP)—Chairman Kunston, of the House Pension committee, said today President Hoover had expressed approval of a substitute Spanish-American war veterans pension bill for that vetoed yesterday. After conferring with the president he said the new bill would be offered in both Houses today. Mr. Hoover based his veto of the original bill on contentions that it reversed the established principles upon which the governmental pensions system was established. A movement was instituted by Senator Connally, Democrat, Texas, to override the veto. Kunston said the substitute eliminated the features objected to by the President.

Search for Still and Find Real Zoo

Corncord, May 22.—(AP)—Once upon a time people saw pink elephants and purple baboons—that is, such visions followed certain things that went before. There have been some who give little credence to such sights. But Sheriff H. W. Caldwell can lay a formidable foundation for such things. He has, in effect, bearded the lion in his den. The officer with others were out searching for stills and such and found 250 gallons of mash in a lonely spot in the woods of No. 20 township. Now finding the mash wasn't novel but cavorting about in the substance and apparently thriving were 12 live crawfishes and an alligator-like reptile of a dull slate color spotted with green. The sheriff brought the zoo in. He wasn't taking a chance on what people might say.

Doug Finds His Job

New York—An ambition of Doug Fairbanks, back from watching the Walker Cup matches in England, has been frustrated. "I've found out just what I want to be," he said. "But it's no use trying. Mary won't let me be a bum." Every day abroad he telephoned her and now he's going to fly to California to see her, then return to Britain for the open golf tourney.
