HOOVER KEEPS OPEN MIND ON TARIFF ISSUE

Will Send Measure Through Routine of Investigation Before Signing

Washington, June 4.—(AP)—President Hoover was said at the White House today to be holding an open mind on the question of signing the Smoot-Hawley tariff bill.

With aid from experts, the president expects to study the rates provided and the administrative provisions closely. He will send the measure through the regular routine of investigation by the various departments concerned and, in addition, plans a minute examination himself that may require considerable time.

Reports that the adjusting of the flexible provisions to more nearly conform to the president's views and elimination of the export debit plan had made him decide to approve the measure were said at the White House to be without foundation.

Republican leaders of the Senate today sought to work out an arrangement that would insure a vote on the tariff bill by the end of the week.

Repulsed in an effort to obtain an agreement for a roll-call late in the afternoon on the supplementary conference report, containing the disputed flexible clause, they nevertheless were hopeful the way could be cleared for early disposition of the bill.

A Democratic spokesman, Senator Simmons of North Carolina, ranking minority member of the finance committee, prevented the proposed agreement for a vote today. Senator McNary, the assistant Republican leader, proposed such an agreement late yesterday, but Simmons objected on the ground that several members wished to speak before a roll call.

With Senator Norris, Independent Republican, Nebraska, Simmons, considered much time might be saved, if the two conference reports could be considered at once. On the supplementary report it is now before the Senate. It contains but six provisions, including the flexible clause and the lumber tariff, while the other section of the report contains the hundreds of rate sections.

A belief persisted in the Senate today that when the latter is submitted points of order will be raised against it necessitating its return to conference. It has already been approved by the House and additional changes in conference would require further action by that branch of Congress.

Hurt In Wreck While Hurrying To His Wedding

Fayetteville, June 4.—(4)—Wedding bells will ring for D. L. Moore of Snow Hill but not immediately. He was hurrying from South Carolina to Snow Hill to be married when his car turned over, breaking his jaw.

L. L. Lassiter, was riding with him and the two were taken to a hospital where they are recovering from their slight injuries.

Mrs. Ruth Owen Assured Second Term In Congress

Jacksonville, Fla., June 4.—(AP)—Mrs. Ruth Bryan Owen, daughter of the late William Jennings Bryan, appeared assured today of a second term as member of Congress from the fourth Florida district.

Official returns from yesterday's primary gave her a wide margin over DeWitt T. Deen, her opponent for the Democratic nomination. Deen, a Daytona Beach attorney, campaigned on a platform calling for repeal of the Eighteenth Amendment.

The Republican party held its first primary in the history of the state, but with one exception did not offer any candidate for Congress.

The vote from 265 of the 420 precincts in the fourth district gave Mrs. Owen 29,405; Deen 8,192. The result of the other Democratic Congressional contest was doubtful with returns tabulated from 163 of the 285 precincts in the third district. Tom A. Yon, the incumbent, led former Governor Sidney J. Catts by 8,630 votes to 3,987. J. Harvey Bayliss, former mayor of Pensacola, received 1,250 votes.

Thus far Yon had more than a majority of the district's total vote, but the supporters of Catts claimed their greatest strength in unreported rural precincts. Under the Florida system a second or run-off primary is to be held June 24 for the two highest candidates in races in which none polled a majority.

GOEBEL PREPARING FOR FLIGHT ACROSS ATLANTIC

Blenheim Emerges Winner Of English Turf Classic; Diotele Finishes Third

Half Million People, Including Members of Royal Family, See 33 to 1 Shot Win Over Favorite At Epsom Downs

Epsom Downs, Eng., June 4.—(AP)—Blenheim, a 33 to 1 shot, won the 15th running of the English derby before half a million waterwrens here today.

Diotele, the favorite, finished third and Ilad second. Seventeen ran.

The winner is owned by the Aga Khan.

Blenheim, by Blandford from Malva, won by a length. There were two lengths between second and third.

The odds were 18 to 1 against Blenheim, and 25 to 1 and 11 to 4 respectively on second and third. Blenheim, ridden by H. Wragg, had been well-regarded in the betting although not one of the first three favorites.

Summerville Tattersall's Ilad, run next-up, was considered one of the better horses entered but its brilliant showing came as a surprise. Sir Hugo Hurst's Diotele proved a disappointment to the many who had believed the favorite would romp away with the honors.

Blenheim had been well beaten by Diotele in previous races this season. Before a huge out-pouring of humanity numbering among its hosts the King, the Prince of Wales and others of the Royal family, the derby upheld its reputation for producing the unexpected and full share of thrills.

American fans were disappointed by the failure of the Scout II, owned by William Woodward of New York and bred in the United States to repeat the feat achieved by P. Lorillard's Troquois, the only American owned and bred horse ever to win the derby, who captured the classic 49 years ago.

Another American standard-bearer was in the field—A. K. Macomber's English-bred Parthenon—but the Scout II finished fifteenth. This colt also failed to place.

Dr. Ham Again Heads County Health Office

Dr. Clem Ham was re-elected director of public health work in Pitt county at a special meeting of the Pitt County Health Department this morning. In addition to the election of the health head, members of the department also considered the budget for the coming year.

The budget provided for a ten per cent cut in salaries of the entire personnel of the department. An additional feature of public health work provided for in the new budget is a county-wide sanitary inspector whose expenses will be paid by the county and the city of Greenville.

The election of Dr. Ham was unanimous. He has been in charge of the local office for eleven months, coming to Greenville from South Carolina.

ROAD TERMS FEATURE IN PITT COURT

Several Defendants Sent to Chain Gang Upon Conviction of Various Charges

Joseph Ross, colored, charged with possessing, transporting and having liquor for sale, was sentenced to 90 days on the roads by Judge W. L. Whedbee, presiding over the regular weekly session of County Court in this city yesterday.

Several other cases were disposed of yesterday, the majority of whom involved charges of violation of the prohibition laws and larceny. It was the first sitting of court in two weeks owing to the two weeks term of civil court which came to a close the latter part of last week.

Ala Gray, colored, who was captured recently following his escape from the county roads, had an additional 30 days tacked to his original sentence.

Orlando Jones, colored, charged with the larceny of a hog in Carolina township, drew ninety days on the county roads.

Joe Jones, colored, charged with assault with a deadly weapon and carrying a concealed weapon, was sent out to the roads for a period of sixty days.

Jesse Davis filed notice of appeal to Superior court following a six-months sentence on a charge of assault with a deadly weapon.

Lee Andrews, appearing on a charge of hunting without license, had judgment suspended upon payment of cost. He appealed to Superior court.

Manly Barnes and Blanch Robertson, charged with unlawful cohabitation, had prayer for judgment; continued with provisions that they get married.

Dave Green, colored, was given a 12 months suspended sentence to the roads upon payment of cost on a charge of possession of whiskey.

The case against Milton Smith, charged with abduction of two children of Mrs. Fronnie Cox and delivering them to her husband, was bound over to Superior court when probable cause was found.

John Mobley, paid a fine of \$25 and cost for assault with a deadly weapon.

CONTINUE TO QUIZ NEGRO VOTERS TODAY

Several More Negroes Passed By Election Officials At Raleigh This Morning

Raleigh, June 4.—(AP)—Thirty-one of 47 Negroes who registered as Democrats in the 15th Raleigh precinct to vote in the primary Saturday were authorized to vote by precinct officials today when they appeared to answer challenges.

This afternoon election officials of the Tenth precinct will hear registrants answer challenges to the right of about 80 in that precinct. Tomorrow the entire Negro registration of Method, 97 who live just outside of Raleigh, will have a chance to answer challenges.

Last Saturday more than 400 Negroes were challenged by Mr. Gatling "because they are Negroes" after they had registered as Democrats.

The challenge hearings started yesterday morning. Eight challenged Negroes turned out to be white people and the challenges were withdrawn. Sixty-four persons challenged appeared before the 18th precinct officials and two others were challenged on the spot.

Of the 66 appearing for examination one removed his name at his request, one had his designation changed from "Democrat" to "Independent."

Mr. Gatling this morning secured from Attorney General Dennis G. Brannitt a ruling that if registrants had not been given the educational test at the time they registered they might be given it at the time of challenge. Yesterday W. H. Sawyer, register in the 16th precinct, refused to let the challengees respond the educational test, holding that he had been advised that such challenges could be based on election day but that the only question to be asked registrants was as to their party affiliation.

HOOVER PLANS EARLY ACTION ON NAVAL PACT

To Call Special Session of Senate the Day After Congress Adjourns

Washington, June 4.—(AP)—President Hoover intends to call the promised special session of the Senate to deal with the London naval treaty on the day after Congress adjourns.

This was the chief executive's answer to suggestions of Republican leaders that consideration of the pact be deferred until next winter as the members of the Senate were growing restless and were anxious to get home for the campaigns of the coming summer and fall.

Such word was taken to him by Senator Watson of Indiana, and Senator Moses of New Hampshire, respectively, the majority floor leader and the president pro-tem of their branches of Congress. They made known the chief executive's response late yesterday.

It was learned, too, that there had also been a frank discussion of party prospects and plans, together with a talk of available means of bringing the President and Congress into closer cooperation.

There were also indications that the complaints of some Republican representatives against the retention of Claudius Huston as chairman of the Republican National Committee were discussed. Watson and Moses both declined to say what the purpose of the conversation was, but at the same time, there were no indications that Huston intended to resign or that Mr. Hoover intended asking him to withdraw.

The complaints of the Congressmen arose from Huston's testimony before the Senate lobby committee that he used funds collected for the Tennessee River Improvement Association in stock market transactions.

Meanwhile, Chairman Borah of the Senate foreign relations committee, submitted to the State Department the request of Senator Johnson of California for additional portions of the Washington-London correspondence which had cleared the way for the recent naval conference.

BISHOP CANNON AGAIN DECLINES TO ANSWER QUESTIONS AT INQUIRY

WIFE KILLED IN LOVE TRIANGLE

Mrs. Maude Lowther (above), 22, housemaid in an Ashtabula, Ohio, home, told officials how Trilby Smith, 26, Ashtabula contractor, plotted with her to slay his 28-year-old wife, who was shot and killed on a road near Ashtabula. Both are held in Jefferson, Ohio, where first degree murder charges were filed against them.

Gangsters Burn Bodies Of Victims In Crematory To Destroy All Evidence

State's Attorney At Chicago Uncovers Evidence to Show That Ghastly Device for Removing Victims Now Used By Gangland

Chicago, June 4.—(AP)—A crematory for gangster dead—an ingenious and ghastly device for removing the evidence of wholesale murder—was hunted by state's attorney's men today while puzzled over another and particularly brutal gangland assassination.

Pat Roche of the State's Attorney's office said he had reliable information that a north side gang was cremating its murder victims, thus getting rid of the "corpus delicti". The disappearance in recent weeks of William Higgins, St. Paul, Minn., racketeer, and Ben Bennett, New York whiskey dealer, has given credence to the crematory report, Roche said.

He pointed out further that within a week there have been two gang run attacks in Chicago in which the victim after being shot down has been carried away in the automobile of his attackers.

The latest gang murder—the 10th in the Chicago area within three days—was discovered last night. The victim was Thomas Somner, 23, years old, who was tried and acquitted of complicity in the election day (1928) slaying of Octavius Granady, Negro lawyer.

Somner's body was found late last night in an alley at the rear of the 800 block on Harrison street. The body was cut and bruised, indicating torture. The wrists were wired. A well around the neck indicated Semernio had been garroted.

Indicted and tried with Somerio for the Granady murder were members of the Capone gang. Police are certain that Somerio's murder was in reprisal for the "little massacre" of three Druggan associates at Fox Lake early Sunday. They say it is just another episode of blood in the renewed gang war precipitated six weeks ago with the slaying of Joe Blue, ex-convict and friend of Terry Druggan, one time beer baron.

Find Shortage In Postmaster's Funds

Greensboro, June 4.—(AP)—A shortage of approximately \$600 in the accounts of J. E. Brown, former postmaster at Elenwood, a Greensboro suburb, has been discovered by postal authorities, it was learned today.

Brown has been strangely missing from his home here since May 22. According to his wife, he complained of pains in his head shortly before he disappeared.

He is an ex-convict man, and his wife relates that once while marching in the army under abistering sun he fell and struck his head on a stone, suffering injuries. Mrs. Lenette Harwell has been appointed acting postmaster, it was announced.

Reads Statement Before Lobby Committee Declaring That Effort to Inquire Into His Political Activities Was "An Intolerable Infringement Upon the Rights of the American People"

Washington, June 4.—(AP)—Unshaken by a warning that he might be committing a penal offense, Bishop James Cannon, Jr., today stood by his refusal to answer the Senate lobby committee questions about his 1928 activities against the candidacy of Alfred E. Smith.

Even if he were subpoenaed, the Southern Methodist Bishop told the committee, he would not submit to an "intolerable" inquiry into what he regarded as his private affairs.

With no quorum present, the committee let the matter rest there, and turned its questioning into other channels. A decision probably will be delayed until the return of Chairman Caraway, who said last night in Arkansas that he agreed Cannon could not be forced to answer.

Walsh of Montana, the acting chairman, not only reminded Cannon that others had gone to jail for refusing to answer, but said if the present committee had insufficient authority, another could be created. Cannon, however, insisted that Congress itself has no right to go into the private political affairs of any citizen.

In the anti-Smith campaign, he said, he was not acting as a Bishop, but as "James Cannon, Jr., private citizen."

The statement read by Bishop Cannon in refusing to testify follows: "I call the attention of the committee to the letter, which at the beginning of the hearing I requested to be placed in the record, stating, 'If your committee desires any information concerning the work of our board, we shall be glad to appear before the committee and furnish such information.'"

"That letter specifically restricted the information proposed to be given. It did not intimate any purpose to give information concerning the personal activities of any one."

"While there are some matters connected with the Virginia anti-Smith campaign, especially the Jameson contributions and expenditures, concerning which I shall make a further statement to the Press, yet as I see it, the issue involved in this matter of the assumption of the right of this committee to investigate my personal political activity is too vital to be compromised."

"If this committee, appointed to investigate lobbying, assumes the right to investigate my political activities as an individual in the anti-Smith campaign, then it can assume the right to investigate the activities of every individual citizen who votes or works in any political campaign pertaining to the election of national officers."

"I consider that such an assumption of authority by any committee of the Senate or the House of Representatives of the United States is an intolerable infringement upon the rights of American citizens to entire freedom in their political activity, and seems to be intended as a threat to independent citizens against any repetition of the uprising of 1928."

"I am pleased to note that my interpretation of the jurisdiction of the committee is confirmed by a statement contained in the Press this morning by the chairman of the committee, Senator T. H. Caraway."

Seize \$100,000 Liquor Shipment

Wilmington, Del., June 4.—(AP)—Ten thousand quart bottles of alleged whiskey, believed to be worth about \$100,000, were seized from a railroad car enroute from Miami, Fla., to a point in New Jersey by three prohibition agents last night.

The agents were said to have learned of the shipment in Washington, where it was reported the car had been broken into while standing in a yard and several sacks of the beverage stolen. The agents hurried to Wilmington by automobile to intercept the train and on their arrival here had the freight car shunted to a siding.

Five trucks were used to remove the bottles to the customs house here. The bottles were found to have been concealed within crates of tomatoes in the car and the shipment was listed as tomatoes.

Fish Get Drunk And Pass Out

Burlington, June 4.—(AP)—Drunties L. A. Ireland and L. M. Pickard have found a new way to catch fish.

When they raided a 90-gallon still in Coble's township, they secured 630 gallons of beer mash into a nearby creek. Fifteen minutes later scores of fish came to the surface but not for air. With prohibition too quickly repealed, the fish evidently forgot their capacity and passed out. Many more, the deputies explained, needed funeral services.

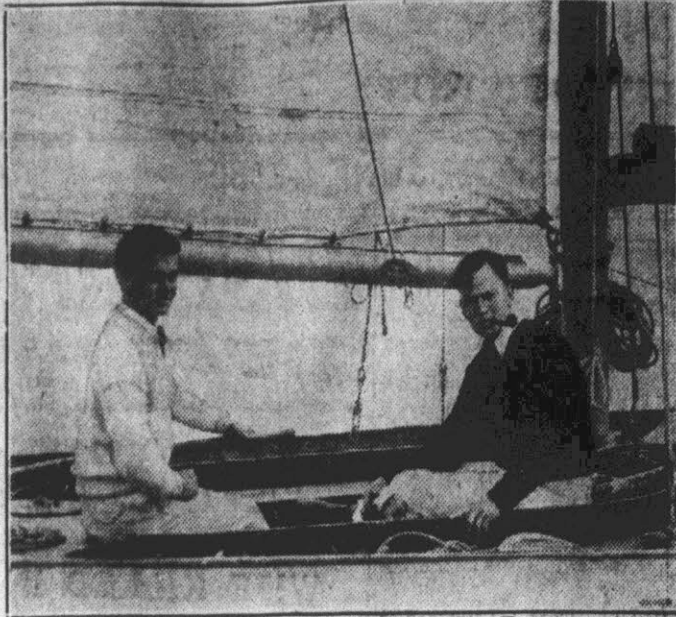

HEARNE MAKES REPORT ABOUT MASS MEETING

Secretary of Tax Payers Association Gives Details of Gathering Here

The Pitt County Taxpayers Association met in the courthouse on Monday, June 2, at 10 o'clock as previously advertised, there being approximately 150 citizens present. There was the usual discus-

sion as to ways and means of relieving the real estate tax burden that so seriously concerns our county as well as the state at this time. There were several short talks by F. M. Wooten, E. B. Higgs, C. W. Hearne, R. L. Johnson, S. T. Hooker, J. C. Williams and others, regarding the excessive valuation of land, each seeking to find a way for shifting the burden on a more equitable basis, realizing that home ownership and rental, real estate, taxes are far too high for commodity progress, and with a desire, without antagonism, to assist those who are in authority and who have the burden of conducting our county and township government. To all appearances the meeting was very successful, certainly if the desires of those present and a large number of those who could not attend are pursued and striven for to get the best results, it was deemed wise that they have a Ways and Means committee and this committee was appointed upon motion by the chairman as

follows, by townships: W. R. Smith, Ayden township; S. M. Harris, Belvoir; Mrs. Charles McArthur, Beaverdam; W. C. Whitehurst, Bethel; J. L. Perkins, Carolina; W. H. Laughinghouse, Chicod; R. E. Belcher, Farmville; R. A. Fountain, Fountain; K. R. Wooten, Falkland; E. B. Higgs, Greenville; J. J. Satterthwaite, Pacolet; J. R. Harvey, Swift Creek; A. W. Ange, Winterville.

The duty of the above committee is to examine the proposed budget for 1930-31, and recommend the views of the Pitt County Taxpayers Association, to the Board of County Commissioners and others responsible to the people, with petition for the relief due home and land owners.

The people of Pitt county seem to be more aroused over the inequitable tax on real estate situation than they have been over any issue in a number of years. There seems to be a dumb sort of resignation to the bad conditions existing, with the hopeless remark, "What can we do?" There seems to be no well defined suggestion as to what can be done except that everyone put his shoulder to the wheel to make an effort, to do something in a constructive way for the reduction of land and home taxes, so the following resolution was adopted, stating the ideas of the association:

- 1—Reduce appropriations for roads and bridges to basis of upkeep by convicts.
2—Reduce appropriation for schools 25 per cent.
3—Consolidate health department, county home and welfare under one department, supervised by welfare officer. Plan for a district home for dependants.
4—Reduce overhead expenses in auditor's office and other offices.

This resolution was adopted unanimously by the body present. There was some little confusion as to the time of the meeting yesterday and a good many citizens of Greenville and surrounding townships were not present, on account of this fact. Numbers arriving after the meeting was over, said they were waiting for the courthouse bell to summon them, it was unfortunate that the courthouse janitor who held the keys to the belfry, was out of town and the bell could not be rung on this occasion. The ways and means committee are to designate the next time of meeting of the association and the time will be previously ad-

Dangerous Business

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at B. S. Warren Druggist

Vote For Thomas O. Moore For Solicitor—Fifth District

Every citizen of Greenville and Pitt county owes it to himself and to his community, to his county and state to join in this move and do his utmost to help work out this most serious problem of taxation. So it is hoped that the future meetings will be more largely attended, and more enthusiastically supported. And if those people in Pitt county, whose complaints can be heard every day all over the county, would come out and join in with the association and do their part, much good could be accomplished for the grand old county of Pitt. The association desires it to be understood that there is no politics involved. It is not for or against any party or candidate; its only claim for existence is to help work out a problem that is too big to be placed upon just a few county officers.

Contrary to the requirements of law the estimates of heads of departments for expenses for the next fiscal year are required to be filed with the county accountant before June 1st, had not been filed at time of meeting on June 2nd. It is hoped this information will be available to the committee soon.

BUFFET SUPPER AND MISCELLANEOUS SHOWER FOR MISS MANGUM

One of the loveliest of the parties for Miss Mildred Mangum, bride- elect, was a buffet supper and mis- cellaneous shower Friday evening, with Mrs. J. L. Kilgo and Mrs. J. H. Waldrop as hostesses.

The home of Mrs. Kilgo on East Ninth street, was attractively dec- orated with sweet peas, roses and larkspur.

On arrival, the guests were served punch by Mrs. R. M. Garrett and Mrs. J. H. Blount. The punch table was very pretty with garlands of pink roses.

The dining table was covered with a lace cloth, a large green bowl of pink, white and lavender larkspur, flanked by green holders with green tapers, formed the centerpiece. Mrs. E. L. Hillman and Mrs. W. I. Wooten seated at either end of the table, served. They were assisted by Mrs. Walter C. Jones.

To the strains of the Wedding March, played by Mrs. C. A. White, little Miss Louise Kilgo dressed as a bride and little Miss Jane Forbes, dressed as a groom, entered the drawing room. The little bride carried a bridal bouquet showered with gifts which she presented to Miss Mangum.

Mrs. C. A. White delighted the guests with a number of vocal selections.

The meeting opened with a song, after which Mrs. Knott Proctor sang two solos, accompanied by Miss Eugenia Thomas, piano teacher at the col- lege. Rev. Mr. Lillycrop, rector of St. Paul's Episcopal church, made a very impressive talk on child training. The by-laws were then discussed and adopted. Mrs. Gower discussed the projects to be had in the local P. T. A. meetings.

After a very interesting talk from Dr. Carr, the meeting adjourned to meet again in September.

PITT COUNTY SHORT COURSE IN PROGRESS

Over a hundred women and girls attended the opening day of the Short Course yesterday.

Miss Pauline Smith, district agent for the State Department of Agriculture, spoke to a large class on "How to Increase the Income." Miss Violet Alexander, Home Demonstration agent of Beaufort coun- ty, demonstrated the newest meth- ods in brining cucumber pickles, pickling beets and canning fruits.

Misses Bertha Hart, Myrtle Mc- Lawhorn and Annie Garris taught basketry, using reed and pine needles. Miss McLawhorn is also teaching beaded bags and Indian bead weaving. Mrs. H. A. Thor- son of the Rosebud Beauty Parlor, gave demonstration on "Care of the Skin."

Much interest was evident in each class room and informal discussion followed questions and answers.

A program arranged by Hopewell, Pierce and Grifton clubs was pre- sented in the auditorium, with Mrs. D. M. Clark as principal speaker. Mrs. Clark spoke on "Goals and Ideals for Club Women." Mr. and Mrs. R. L. Pittman of Ayden, gave a musical program that was much enjoyed by all. There were other attractive features in the way of readings and musical numbers.

Today work was continued in each department. Miss Smith dis- cussed "Fair Exhibits" this morn- ing; Mrs. Frances Kline of the General Foods Corporation of New York, demonstrated the prepara- tion of a dinner, using vegetables from the North Carolina gardens. CULINARY EXPERT IS ENTHUSIASTIC OVER N. C. FRUITS AND VEGETABLES

After a tour of the Greenville food markets, Mrs. Frances Y. Kline, culinary expert from the Educa- tional Department of the General Foods Corporation, who will con- duct the classes in food preparation at the Pitt County Short Course at the college, given under the direction of the efficient Home Demon- stration agents, Miss Ethel Nice, declared that "household executives here have a big advantage over women in other sections of the country."

"With the wealth of fruits, and the wonderful early spring vegeta- bles displayed in the shops, it is comparatively easy to choose the necessary ingredients for a balanced menu. In planning a meal in most places, at this season, it usually is necessary to go marketing to see what you can get and to note its condition. Here the housewife may know for a certainty that they can depend on fresh fruits and vegeta- bles at prices which are within the means of even the most modest budget."

"The variety and flavor of North Carolina fruits and vegetables are unequalled. The blending of gor- geous tints produce a color scheme, replicas of which no artist's brush can picture. I find among your displays color and beauty enough to satisfy the soul of an artist, flavor and diversity enough to sat-

TRIVIAL WOUNDS

He emerged unscathed from the front line trenches with the medals of four countries hanging on his uniform. He emerged unscathed from a hundred bloody battles in the roped arena with scarcely a scratch. But the other day his luck turned on him and little Johnny Schiff, fighter, died from a little scratch on his chin.

It was that little infected wound again, the scratch too small to give any attention. These tiny breaks in the skin, says the National Safety Council, take hundreds of lives every year. A quarter of a million cases develop annually, they cost industry alone about \$104,000,000 in cash and more than four and a half million week's lost time.

The strongest, most healthy man is not immune. Remember Germany's "strong man" a few years ago, billed in circuses as the strongest man in the world, died from an infected cut on his finger. Calvin Coolidge, Jr., died from an infected wound on his heel. Never does a day pass that the newspapers do not carry a story of the tragedy of neglect.

No wound is "trivial," says the National Safety Council. A wound infected and neglected.

COUNTIES WORKING TOGETHER.

Anderson, Pickens, and Condee Counties contemplate the building of a tuberculosis hospital to serve all three of the counties.

On the face of it the plan appears to be an excellent one. There is a tendency in other states for counties to combine in projects which counties singly could not undertake, and the policy is good one.

None of the three counties concerned here could or would undertake the building of a big tuberculosis hospital, yet the three of them pooling their available resources for the purpose could provide an institution that would be adequate for the needs of all.

The enterprise will be followed with interest throughout the state and hope will be general that it succeeds. Consummation of the plan doubtless would lead to similar pooling of resources by other groups of counties with resultant benefit to the entire state.—Greenville (S. C.) Piedmont.

Leicester, N. C.—(AP)—Funeral services were held today for Mrs. M. M. Ledbetter, 90, widow of the late Richard Ledbetter. She died yesterday.

ABOUT TOWN

The Greenville census is mighty slow about making its appearance, and the public is becoming somewhat impatient. The report of the population is 8,500, but the commercial report will no doubt put the figure greatly above that number. There are several outlying sections which may be counted as a part of Greenville without being in the corporate limits, and these will not be included in the census report proper. However, all suburban districts, we are told, will be contained in the commercial estimate, and this will give the people some idea of the way the city has been growing over the ten year period.

If the delay in making the report public means that the figures are being carefully scrutinized, then we have no kick coming. In fact, the public would be glad to see a re-check as this would doubly assure a correct estimate.

It is gratifying to note that the various stores of the city are going to observe the regular half holiday closing during the summer months. This gives the clerks an opportunity of getting out and enjoying the countless pleasures of the summer months, and keeps them in better shape to meet the rush of business during the fall and winter months.

The merchants are wise to look after the health of the employees in this way. It assures them of greater efficiency in every department and causes the employees to feel more like turning out a superior brand of work. Everybody likes to get out in the open during the summer months and the half holiday, coming as it does in the middle of the week, should be a means of increasing longevity among the working people and enabling them to meet the demands of the business world better than ever before. The merchants should follow this plan each year. That they will be rewarded by improvement in personnel cannot be doubted.

Now that the schools of the state have finished their spring terms, hundreds of parents will begin preparing for their annual trek to the seashore and mountains. They will be away from home several weeks and will require many things to wear and keep them comfortable during their quest for diversion and these ought to be purchased from home town merchants before vacation begins.

Greenville merchants have one of the most complete selections of spring and summer wearing apparel they have had in years, and people planning vacations should not fail to inspect the stocks here before considering the offerings of other communities. This money should be spent at home. It will help the home merchants carry on through the long summer months and provide more extensive stocks for the fall and winter season.

Think over this matter before leaving home and be sure that your wardrobe is composed of materials from the stores back home.

Don't fail to go to the college Friday evening and see the 88 young men and women graduate from the Greenville High School. This is the largest class in history of the schools and one of which both schools officials and the public are very proud.

The usual set form of having a commencement speaker has been done away with this year and members of the graduating class will be given an opportunity of showing their parents what they have learned in the way of oratorical effort. The plan of letting the youngsters take the place of commencement speaker was adopted last year and proved so successful that Superintendent Rose decided to try it out again this year.

It is the duty of the parents of the community to attend the final Friday evening and witness the ringing down of the curtain on the most successful school year in his- tory of the school.

The Reflector is your home town paper and it strives to give you the most complete reports of all the happenings in the various parts of the world from day to day, each day of the week except Sunday.

The paper has served the needs of this community for many years, and it has kept pace with the city until it has a news service that will compare with the best of the country.

If you are not one of the hundreds of people of this community who keep informed through the columns of this paper, why not send in your subscription and become a member of the happy family.

WHITEHURST REPLIES TO CRITICISM BECAUSE BELL WAS NOT RUNG

I understand that I am being criticized as a result of the room leading to the bell rope at the court house being locked on Monday and persons holding a public tax meeting were unable to ring the bell for their meeting. In justice to myself, I wish to state that I am not the custodian of the court house building, although had I had notice in advance of such meeting I would have arranged to have had the bell rung for the meeting. Mr. Coppedge, county auditor, has been appointed by the Board of County Commis-

sioners as custodian of the building and has held such custody during my entire administration. Regarding Monday's meeting I had no notice in advance of the meeting and no request to have the bell rung was made of me by anyone. If anyone has any criticism regarding Monday's occurrence surely it should not fall upon me. S. A. WHITEHURST, Sheriff Pitt County.

PITCHERS PUT STOP TO LUSTY STICK WORK

Wittow Wyatt, a big Georgian whom Detroit acquired from the Evansville club of the Three Eye League, has turned out to be one of the season's best finishers in the box. Although he has but two complete games, both of them won, and two defeats to show for the 12 times he has appeared on the mound, Wyatt has probably done more good pitching than any other Detroit. Time and again he has saved the Tigers from defeat or has kept games already lost from becoming routs.

Such was the case yesterday as the Tigers dropped an 8 to 4 decision to Washington. The Senators had attacked Whitehill and Sullivan for seven runs in the second inning before Wyatt appeared; but he stopped them with three hits and a single counter in the next seven innings.

Ray Kolp of Cincinnati turned in almost the duplicate of Wyatt's performance to join him on the short list of outstanding pitchers on a day of hard hitting. Kolp came to rescue Larry Benton from the brutal assaults of his former teammates, the New York Giants, and stopped them, as Wyatt did the Senators, with two hits. The Giants pounded Benton for ten hits and eight runs in less than three innings and won the game, 9 to 1.

Another rookie, Art Tteachout of the Chicago Cubs, led the way among the few pitchers who completed the games they started. He held the Boston Braves to seven hits while mates attacked Grimes and Cooney for 17 clouts and a 15 to 2 victory.

Bill Clark had to hit as well as pitch to keep the Brooklyn Robins three games ahead of the Cubs. Brooklyn errors offset his holding the Pirates to eight hits, and Clark finally took matters in his own hands by hitting a double in the ninth inning and scoring the run that brought Brooklyn a 6 to 5 victory.

For sheer slugging, the 11 to 10 triumph of the St. Louis Cardinals over the Phillies took the prize for a day that saw 196 hits made in eight games. The Phillies got the biggest total of them all, 23 safe hits, but St. Louis inserted seven doubles and a triple in its total of 16 to get the decision.

The New York Yankees, featuring Babe Ruth's 17th home run of the year, led the American League slugging parade by getting 19 hits and

a 13 to 1 victory over the Chicago White Sox. The Cleveland Indians had the benefit of Wes Ferrell's good pitching as well as 17 hits and had no trouble beating the Boston Red Sox, 8 to 3. Ferrell held the Sox to eight hits.

The Philadelphia Athletics, clinging to a one game lead over Washington, engaged in the only real mound duel of the day with the St. Louis Browns as their opponents. Lefty Grove and Dick Coffman battled for six innings before the game suddenly blew up under them with St. Louis leading 1 to 0 in seventh. Jimmy Foxx and Bink Miller hit successive home runs and the Athletics move on to a 4 to 1 triumph.

COTTON MARKET

COTTON to
New York, June 4.—(AP)—Cotton opened steady at a decline of 16 points under rather more general selling inspired by the favorable view of present weather conditions and crop progress combined with relatively easy Liverpool sales. The decline brought in some buying orders and after selling off 14.37 for the old October contract, prices stiffened up on covering which may have been promoted by some uncertainty as to whether the weekly weather report would prove as favorable as anticipated by recent sellers. At the end of the first half hour, old October was selling around 14.64 and new December at 14.41 or about 6 to 7 points net lower on the active months. Liverpool cables reported that continental and Bombay selling had been absorbed by scale down buying in that market.

GRAIN MARKET

Chicago, June 4.—(AP)—Canadian reports of best rain of the year led to sharp breaks in wheat prices late today. Houses with connections northwest were conspicuous on the bear side of the market. Many stop-loss orders to sell out beat holdings at various fixed limits were forced into operation, and there was a decided absence of any aggressive support from buyers. Wheat closed heavy 2 to 2 3/8 over than yesterday's finish; corn closed 3/8 to 1 1/8 off; oats 1 to 2 3/4 down and provisions unchanged to a rise of 2.

STOCK MARKET

New York, June 4.—(AP)—Indications of a stiffening of steel prices appearing today quickly broke the bar drive in the stock market which was inspired yesterday by the report of a sharp curtailment of production by U. S. Steel. Selling continued during the first few minutes of trading, but the market soon turned firm, and gains of a point or two were common among important shares by afternoon. A few specialties made lider gains.

The weekly steel and iron trade views, while indications that increasing quiet may be expected until about August, were distinctly more cheerful than they were a week ago. Iron Age pointed to an advance of 50 cents a ton in heavy rolling scrap at Pittsburgh as a sign upward for the first time since February. Iron Trade Review said that pig iron prices at Chicago are more than offset by firmer tendencies in semi-finished steel at Cleveland, Pittsburgh and Youngstown. This publication's price index for iron and steel showed a gain for the first time since December.

The commodity situation remained unsettled and confusing, however, and tended to check any marked revival of speculative activity. Several sugar refineries cut their prices 1-5 of a cent for the second time in a fortnight, bringing the price down to 41-2 cents a pound, the lowest in 10 years. Another large sugar producer, Puna, Puerto Rico, went into receivership. The sugar market remained demoralized, with consequent unsettlement of the eastern trade and the cotton markets.

The motor shares were firm, reflecting trade reports indicating that output will be maintained at a high rate during June. Most manufacturers are curtailing output, but curtailment is moderate among the larger producers. Ford motor is scheduled 180,000 units for June, 10,000 less than May. Chrysler reported May shipments as the best of the year, and 74 percent of those of May, 1929. Aviation shares, however, continued unsettled.

R. C. CANNON LAID TO REST

Prominent Ayden Business Man Succumbs to Attack of Heart Trouble

R. C. Cannon, one of Ayden's most prominent citizens, and for many years one of the outstanding business men of Pitt county, died at his home Friday afternoon, May 30, from an attack of heart trouble. His remains were interred in the Ayden cemetery the following afternoon after simple but impressive service conducted at his late home. An array of beautiful flowers bespoken the esteem, love and friendship in which he was held by those who knew him. Surviving him are his wife and four children: C. V. Cannon, A. R. Cannon, and Mrs. J. H. Coward, all of Ayden, and Mrs. Sprull Spain of Greenville.

Mr. Cannon was 71 years of age having been born in Pitt county near Rountree's Church in 1859, the son of Caleb and Mary Cannon. In 1883 he married Studie Gertrude May, daughter of James S. and Winnifred Rountree May. They resided at the old Cannon home place where he engaged in farming and mercantile business until the year 1897 when he moved to Ayden where he engaged in a similar business, on a much larger scale, and for many years enjoyed a very successful and prosperous business.

He was a devout christian, being a member of the Ayden Christian church and was ever on the alert to advance the cause of christianity and to uplift his less fortunate fellow beings. He was charitable towards all and adverse to criticize those who err. He was of uncompromising temperament preferring at all times to hold to himself his physical ailments rather than burden others with them. For this reason the seriousness of his condition had not been realized.

He had been in declining health for several years but until a few moments before the time of his decease he was active and getting about his home and the streets rather than surrender to his condition.

The funeral services were conducted by his pastor Rev. W. H. Erumson. The pall bearers were: actave: T. R. Allen, S. A. Jenkins,

J. E. Cannon, T. E. Cannon, Robert Weatherington and J. P. Dawson, all of whom were his nephews. Honorary: the official board of the Ayden Christian church and J. J. Stokes, J. S. Ross, George Worthington, C. L. Tyson, W. M. Edwards, J. R. Turnage, Dr. Riddick, J. R. Spear, M. M. Sauls, W. B. Quinley, C. Dunn, and R. B. Dunn of Kinston; and P. C. Harding, D. S. Spain, J. G. Moye, Dr. Joseph Dixon, F. G. James and W. B. Wilson of Greenville, and L. J. Chapman of Grifton.

From a singer in a little cafe, to a ten-thousand-dollar a week radio headliner . . . That's how fast Rudy climbed!
Because this youngster just naturally delivered something the public wants!
Just so OLD GOLD cigarettes have grown from a baby brand to a giant brand in record time . . . they delivered a new enjoyment . . . with a cigarette that thrilled the taste and comforted the most sensitive throat.

On May 10, 1926 the first pack of OLD GOLDS was sold at retail in Boston . . . ninety days later OLD GOLD had become one of the four best sellers throughout New England.

Two years ago RUDY VALLÉE was a singer in a small cafe . . . But the boy didn't stay there long . . . (Income today . . . over \$10,000 a week)

(POLITICAL ADV.) LENOIR COUNTY LAWYERS AND THE JUDGESHIP:

In recent advertisements of Mr. J. Paul Frizzelle appears a statement signed by members of the Lenoir County Bar. The following letter explains itself:

Rouse & Rouse
Attorneys and Counsellors at Law
102 1-2 S. Queen St.
Kinston, North Carolina
N. J. Rouse
Robert H. Rouse
Charles F. Rouse
May 28, 1930.
Hon. R. A. Nunn,
New Bern, N. C.
Dear Judge Nunn:—

Mr. J. Paul Frizzelle recently requested that members of this bar give him a testimonial as a lawyer and man, which the members of the bar felt willing to do; but that they did not feel that they should take part in undertaking to shape the action of the voters of the Fifth District by action which might be construed as expressing a preference for the nomination of Judge. Mr. Frizzelle stated that he did not expect us to do that, and that it would be entirely satisfactory to him for the members of the bar to give you a like testimonial. This I now enclose which has the same verbiage as that given him.

This is a rather unusual procedure, I admit, but it is handed to you to use or not as you think best. The esteem and respect of the signers for you impel them to send you this statement, and I am sure you will not misunderstand it.
With my esteem and good wishes,
Sincerely yours,
N. J. ROUSE.

We, the members of the Lenoir County Bar, are personally acquainted with the ability of Hon. R. A. Nunn as a lawyer and believe his experience and ability and his integrity as a Christian gentleman fit him to perform the duties of Superior Court Judge efficiently and in keeping with the fine traditions of the Superior Court Bench.
