## Diplomas Awarded To Largest Graduating Class In History Of High School

Commencement exercises of the Greenville High School came to a close Friday night with presentation of diplomas to the largest graduating class in the history of the institution. The class this year was composed of 87 young men and women, all of whom were present to receive their diplomas with the exception of Pete Bynum, who is confined in a local hospital suffering from injuries which he sustained in an automobile wreck several weeks ago. The young man received his final examination in bed, and despite his physical handicap, scored enough points to join the triumphal procession of his classmates through this field of education.

Although unfavorable weather conditions prevailed throughout the evening, the exercises were well attended and the large auditorium and balconies were crowded almost to capacity. J. D. Swain, president of the Senior Class, presided over the exercises, and J. L. Little, chairman of the Board of Trustees of City Schools, assisted by J. A. Keech, principal of the high school, awarded the diplomas.

Superintendent Rose presented awards to the students who had rendered outstanding service during their four years in high school. Warren Scoville received \$10 in gold for making the highest average during his four years in school. The gift was made through the Woman's club. Miss Grace Wayne was awarded \$5.00 in gold, a gift from the George B. Singletary Chapter, U. D. C. for the best paper on "The War Between the States." Miss Frances Harvey won the distinction of attending school for a period of 11 years without being absent or tardy, and was awarded \$5.00 in gold. The gift was offered by Superintendent Rose for the student who established the most outstanding record.

J. D. Swain, in behalf of his classmates, presented the school with a large loving cup dedicated to J. A. Keech. A plaque was provided on the cup for the addition of the names of students who render meritorious service from year to year. The gift was received on behalf of the school by Mr. Rose. Mr. Keech expressed his appreciation of the honor which the class had conferred upon him.

Mr. Rose presented the high school orchestra with an award from the National Association of Music Supervisors, in recognition of the orchestra's achievement in winning second place among the high school musical organizations of the state. The superintendent commended the youngsters, headed by Prof. Eugene Robeson, director of High School Music.

The usual custom of having a speaker deliver an address to the graduates was abandoned and four members of the Senior class filled this part of the program. They were: Joe Dixon, who discussed "Physical Education—Its Nature and Value"; Miss Nancy Lee Sumner, "A Senior's Test for Fitness of Life"; Warren Scoville, "Advantages of a High School Education to Those Who do not Attend College"; and Rosa Lee Saled, "The High School Twenty Years Ago, and Ten Years Hence."

The High School chorus sang one exercise under the direction of Miss Ona (Continued on page three)

It was the first meeting of the committee designated to reconcile differences between the Senate and House bills for government and private operation respectively.

Senator Norris, Republican, the author of the measure, left the conference to prepare a statement on the negotiations, declining to comment verbally.

Senator Smith, Democrat, one of the conferees, is absent from the capital.

Senator McNary said agreement at this session of Congress appeared "problematical".

He will call another meeting next week, probably Thursday, but he made it clear that the House and Senate representatives are diametrically opposed to the issue. He saw scant opportunity of compromise "on the clear-cut issue of government operation or private operation."

## Australian Ballot System Used in the Primary Yesterday

Raleigh, June 7.—(AP)—North Carolina for the first time today used the Australian ballot. It was enacted by the 1929 Legislature after lengthy debate and numerous revisions.

In brief, the law purports to shield the voter from external pressure. It restricts to members of his family, or election officials designated by him, persons who can aid him in marking his ballot. It stipulates that booths be roped off in order that political workers be kept at a "safe distance." The ballots are designed to make the vote as secret as possible.

## Five Men Bound Over to Court in Liquor Cases

Five members of the illicit whiskey traffic were given preliminary hearing before U. S. Commissioner T. E. Beaman, in this city yesterday and bound over to the October term of Federal court at Washington.

They were arrested in a raid staged under the direction of P. M. Caudle, prohibition administrator of the eastern district.

A quantity of whiskey, an automobile and considerable paraphernalia used in the whiskey trade were captured during the raid. Some of the defendants were operators of filling stations in and around Pitt county.

G. A. Justice, charged with possession, transportation and sale of whiskey, was released under bond of \$500.

George Holton, colored, gave bond for \$300 on a charge of possession, transportation and sale.

S. C. Carraway was released under \$300 bail charged with possession, transportation and sale.

V. R. Justice, of Wilmington, and W. H. Everett, was also given their freedom under bond of \$300 each.

**WAS CANNON CAN BE HELD FOR CONTEMPT**

Washington, June 7.—(AP)—Senator Walsh of Montana delivered the latest thrust in the give-and-take between Bishop James Cannon, Jr., and the Senate Lobby committee today with a contradiction of the churchman's contention that lack of a quorum at the meeting he walked out on precluded any legal guilt of contempt.

In a statement published this morning, Cannon said he intended no discourtesy to the committee by walking out at Thursday's session. He added the churchman had appeared as a voluntary witness but could not leave without the committee's consent. But Cannon believes the contrary to be true.

Indications were that some action against Cannon would be proposed but not determined until the return of Chairman Caraway from Arkansas.

A new challenge from its defiant witness, confronted the committee. This was an assertion that he could not be adjudged in contempt of the Senate for refusing to answer the committee's questions and then abruptly walking out on it, because a quorum of the committee was not present at the time of his appearance.

For the same reason, Cannon said he doubted the legality of questions put to him on his activities in the southern anti-Smith campaign of 1928, after he had declined to answer interrogations of this nature.

He thought these questions illegal and unfair particularly after Senator Walsh of Montana, the acting chairman, had said that without a quorum the committee could not rule on the dry leader's contention that it had no authority to investigate his political activities.

**City Shows An Increase of 3,409 Over Report Ten Years Ago; Pitt County Population Given at 52,116, An Increase of 6,547**

Both Greenville and Pitt County have enjoyed healthy growth during the last ten years, according to the official census report made public late Saturday by D. L. Henry, district supervisor, at New Bern. The estimate gave Greenville a population of 9,191, an increase of 3,409 over the 1920 census of 5,772. Counting the suburban sections as contained in the commercial report of the census, the city actually has a population of 10,168.

The total population of Pitt county was estimated at 52,116, a gain of 6,547 over the enumeration of 45,569 made in 1920.

## INCOMPLETE RETURNS PUTS RALEIGH MAN IN LEAD OVER SIMMONS

Official Census Report Gives Greater Greenville A Population Of 10,168

## Wins Nomination

William Josiah Bailey, of Raleigh, whose supporters claim he will win nomination to U. S. Senate by 80,000 majority.

The vote in 1370 of the 1799 precincts in the state gave Bailey 167,044; Simmons 110,112 and Thomas Estep 849.

At the Simmons headquarters at his home in New Bern, however, there was no indication to support the nomination of Bailey. It was asserted that the senator's adherents believed that he would overcome the large Bailey majority and that the senator would continue his career in the Senate started thirty years ago.

Bailey supporters in Raleigh, who entered the campaign to "punish" Simmons for refusing to support Smith with the result that the state went Republican for the first time in more than a quarter of a century, were jubilant and claimed a majority far in excess of their fond hopes. Should the percentage continue in favor of Bailey he would win by about 80,000 majority.

In the Republican race George E. Butler of Clinton, and George M. Pritchard of Asheville, were in a close race with H. Grady Dorsett of Wake Forest and Irvin Tucker of Whiteville getting just enough votes to prevent either Pritchard or Butler getting a majority. Under the state law such a situation would necessitate a run-off primary next month.

The voting was early and light despite good weather.

In the Democratic race Mecklenburg county, in which Charlotte is located, gave Senator Simmons a majority of about 1,000. Guilford county in which Greensboro and High Point are located, went for Bailey as apparently did Buncombe in which Asheville is located, and Wake in which is Raleigh. Forsythe with Winston-Salem as its capital, went for Simmons.

Incomplete returns on solicitor's race in the Fifth Judicial district compiled at four o'clock this morning showed D. M. Clark, of this city to be leading his opponent, Thomas O. Moore, of New Bern, by 1,650 votes.

The vote follows:

representatives of these two parties as they attempt to gain control of the political life of the state. The fight this time is going to be one of the most spectacular in history by reason of the majority which the Republicans piled up in the last general election, and there will be few people who will not take an active part.

It is to be hoped the contest, like that just closed, will be conducted without any show of bitterness and that each of the candidates will do his best to avoid anything of this kind.

It will be a matter of interest to the entire citizenship to learn that the Board of Aldermen has seen fit to rescind the forty-five degree parking angle on Dickinson avenue. It was given a fair trial and proved beyond question that it was not as satisfactory as the old system of parking.

This edition of the Reflector demonstrates to our readers the type of service the paper is endeavoring to render from time to time when anything of importance happens.

The news carried in this paper today came over a leased wire, the same service received every day of the week, and covers every phase of the election in different parts of the state.

Information from different parts of the county came by telephone and this gives a complete exposition of the trend of the note in each of the various precincts.

The Reflector is eternally trying to render the highest type of service to its readers, and whenever anything of special importance happens, everybody may be assured of receiving the same kind of service embodied in this edition.

Whether or not your favorite candidate in the primary was nominated, every Democrat in North Carolina now has a duty that is clearly defined, that is work unceasingly in behalf of the election of the straight Democratic ticket in every precinct in the state in the coming November election.

It is needless to say that the primary fight has been a hard one and relying on the apparent dissension within the Democratic ranks, the Republicans have been laying their plans to carry the state in November.

There is a familiar saying "Now is the time for all good men to come to the aid of their party," and if there ever was a time that the Democrats of North Carolina needed to adopt this slogan it is for the coming election.

The will of the majority has been expressed and it is Democracy to abide by this decision. To do otherwise is inviting permanent disaster for the party in our state. It is time for the Democrats of North Carolina to bury the hatchet and join together for the greatest Democratic victory in history.

ABOUT TOWN

People who interfere with progress of fire trucks will be prosecuted in the future, according to Chief of Police Preston Pierce, who stated that firemen have been greatly handicapped recently by motorists flocking to the fires.

The police chief said that all cars should park as soon as possible when the fire alarm is sounded. This will give the fire trucks the right of way and enable them to reach the scene of the fires much quicker than under ordinary circumstances. It will also eliminate the possibility of accidents and serious injury of members of the fire department and citizens.

There is an ordinance providing for parking of cars under such circumstances, and preventing people from flocking about the scene of fires handicapping the firemen in their labors, and it is going to be strictly enforced in the future, Chief Pierce declared.

Greenville people were proud of the 57 young men and women who last night received their diplomas from the high school. They were gratified at the splendid record established by some of these children, and hope that those to follow in their footsteps in future years will attempt to emulate their example.

This business of going to school is a serious thing, and the child that looks at it in this light is the one that comes through the grind with colors flying. Invariably he is the one that goes out into the world after graduation and carries his name in the niche of some profession, leading people to the conclusion that he is made of different kind of stuff from the rest of the boys.

Now that the primary is over, the people of North Carolina will turn their eyes toward November when the real test of strength will come between representatives of the two dominant parties.

The contest through which we have just passed was a mild affair to the struggle of the repre-

A WONDER in TRAFFIC

Oldsmobile's ease of handling and quick responsiveness make it a wonderful car in traffic. Every control operates so smoothly and effectively. Clutch, brakes, gear-shift, and steering—all work with delightful ease. A touch on the throttle, and the car flashes away as the signal light changes. And it pulls down to a smooth, silent stop immediately, when the signal's against you. As for parking, just try it yourself. Pick a restricted space at the curb—and see how easy it is to fit Oldsmobile into that space. Then, try Oldsmobile on the road. Its all-round performance will tell you why Oldsmobile is such a great car to own.

KEPT IT ON DINNER TABLE Lady Says Pinch of Black-Draught, After Meals, Relieved Indigestion.

West Asheville, N. C.—"I suffered from indigestion for twelve months," says Mrs. Z. C. Cole, 119 Montana Avenue, this city. "I could not eat anything that I enjoyed. I had smothering spells caused, I believe, from indigestion. I was also bilious. I tried medicine, but it did not help me.

"One day I was talking to a friend of our family, and he told me how he had been relieved of indigestion by taking Black-Draught. He told me to try it.

"I started then, taking a small dose after each meal. I kept it on the dining room table for weeks, and took it faithfully.

"I soon began to feel better. The indigestion gradually stopped and I gained in health and strength. I have recommended Black-Draught to my friends because it helped me."

Theodore's Black-Draught is a purely vegetable preparation of selected medicinal herbs and roots. Black-Draught is finely powdered, which enables the juices of the stomach to extract its medicinal properties in a natural way.

Now that the primary is over, the people of North Carolina will turn their eyes toward November when the real test of strength will come between representatives of the two dominant parties.

The contest through which we have just passed was a mild affair to the struggle of the repre-

sentatives of these two parties as they attempt to gain control of the political life of the state. The fight this time is going to be one of the most spectacular in history by reason of the majority which the Republicans piled up in the last general election, and there will be few people who will not take an active part.

It is to be hoped the contest, like that just closed, will be conducted without any show of bitterness and that each of the candidates will do his best to avoid anything of this kind.

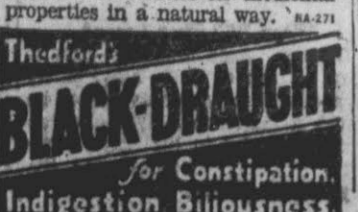

It will be a matter of interest to the entire citizenship to learn that the Board of Aldermen has seen fit to rescind the forty-five degree parking angle on Dickinson avenue. It was given a fair trial and proved beyond question that it was not as satisfactory as the old system of parking.

This edition of the Reflector demonstrates to our readers the type of service the paper is endeavoring to render from time to time when anything of importance happens.

The news carried in this paper today came over a leased wire, the same service received every day of the week, and covers every phase of the election in different parts of the state.

Information from different parts of the county came by telephone and this gives a complete exposition of the trend of the note in each of the various precincts.

The Reflector is eternally trying to render the highest type of service to its readers, and whenever anything of special importance happens, everybody may be assured of receiving the same kind of service embodied in this edition.

MRS. E. B. ALLSBROOK HOSTESS TO U. D. C.

The George B. Singletary chapter, U. D. C., held their regular monthly meeting at the Woman's Club with Mrs. E. B. Allsbrook as hostess.

The club house was very attractively decorated with the U. D. C. colors, red and white.

The usual business hour was dispensed with, the chapter voting to send a contribution to the Jefferson Davis Historical Foundation and also to the Jefferson Davis Highway Fund.

The program was given by Mrs. Layton McGowan and Mrs. J. L. Fleming. They told war reminiscences of soldiers in our state, mentioning the fact that they returned home with a record of brave and faithful service and with a firm resolve to uphold the honor of their beloved South during the trying days of reconstruction and to do their part toward her restoration from the ravages of war.

How vain are words to say Our love for those who wore the grey; You gave your all, your life blood too, Your country's need was met by you."

Red Men Stage Reception.

On last Friday evening, June 6, the local tribe Improved Order of Red Men, members of the Degree of Pocahontas and their friends gathered in a large number at the court house for the musical entertainment, the live wire committee with Rev. D. A. Windham, had prepared for a big night and were not disappointed. Brother E. S. Spence, first Snipap of the tribe, addressed the gathering. Brother E. T. Hines, L. A. Stocks, D. Stallings and C. C. Quinn made short talks, at the conclusion of which an entertainment of music was provided by the Emerson String Band of Rocky Mount.

This band consisted of eight men and every one is an artist at the instrument he plays. The popular airs, the melodious strains of which must have been soothing to the souls of the gods of music, for many have been the compliments received from passersby and those who came especially carried away into ecstasy, there to muse and forget the toils and cares of the day.

The speech of Mr. Spence was well timed and well taken. It was a gem and to the point, time and space will not permit me to write it, but his remarks were excellent and all should profit by them. This tribe is planning many pleasureable events for the summer.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

New York, June 7.—(AP)—Cotton opened steady today at a decline of 6 to 11 points under continued selling attributed to the favorable view of prevailing weather and crop conditions. There was some week-end covering but it was supplied on bulges of a few points. The selling continued with some July liquidation in evidence, and there was local and commission house selling of the later months. After the first half hour July was off to 15.50 or 15 points net lower, and new crop positions showed net declines of 9 to 13 points with the new October contract selling at 14.07.

Liverpool and other foreign markets were generally closed owing to the Whitsunday holiday and Liverpool will remain closed until next Tuesday morning.

The amount of cotton on shipboard awaiting clearance at the end of the week was estimated at 66,382 bales against 96,718 last year.

## GRAIN MARKET

Chicago, June 7.—(AP)—Staggered by stock market breaks, wheat prices tumbled heavily over today, and at no time displayed much power to recover. Contributing to the instability of wheat was the fact that no export demand of any consequence was heard from, holidays abroad causing a halt. Furthermore, the outlook appeared to be for only a moderate reduction of the United States visible supply total on Monday.

Wheat closed shaky 5-8-1 cents bushel lower than yesterday's finish. Corn closed 3-8-7.8 cents off, oats 1-8-1-4 cents down, and provisions unchanged to a setback of 15 cents.

## STOCK MARKET

New York, June 7.—(AP)—The stock market finally gave away with a rush today to the persistent bear pounding to which it has been intermittently subjected for several days. Stocks were dumped upon the market in huge volume, and trading reached the swiftest pace experienced since early May. A wide assortment of leading issues declined 2 to 7 points, with some of the more volatile stocks recording more spectacular losses.

One of the most unsettling developments was the announcement that the stock exchange had granted permission to Radio Corporation of America to omit its quarterly earnings statement, in view of the difficulties presented by capital changes. Radio's earnings have been the subject of considerable bearish conjecture, as prices were drastically reduced during the early months of the year to clear away unsold holiday inventories. It is stated that the present inventory position is satisfactory.

Wall Street was flooded with bearish rumors as usual during sharply declining markets. One report that a large electrical manufacturer was planning to lay off a large number of its employees was emphatically denied.

Selling was undoubtedly swelled by liquidation of marginal accounts impaired by the rather abrupt drop late yesterday. Forced liquidation, however, was said in brokerage circles to be light, and such selling was not of professional bearish nature was largely a discouraged sort. With business entering its summer and efforts to resume the upward movement in stocks having met with distinct failure, short term holders of stocks saw little reason to retain their shares.
