FRIZZELLE WINS JUDGESHIP CONTEST

FRANK GRAHAM ELECTED HEAD OF UNIVERSITY

Trustees Choose History Teacher to Succeed Dr. Harry W. Chase

Chapel Hill, June 10.—(AP)—Frank Porter Graham, professor and one-time Marine, prepared today to assume a job he had repeatedly pronounced he did not want—that of president of the University of North Carolina.

After balloting for an hour and a half yesterday the board of trustees of the University elected Professor Graham to the post over the head of his department, R. D. W. Connor, of the history department. The vote was Graham 47, Connor 20, on the fourth ballot, and the selection was then made unanimous.

The 44-year-old bachelor succeeds Dr. Harry Woodburn Chase, who in July will become president of the University of Illinois.

Professor Graham, who will become the 11th president of the State University, when notified of his election asked the trustees "isn't there anything that can be done" to make Professor Connor president and leave me free to go back to the classroom.

The new university head is of a family of educators. His father, Dr. Alexander Graham, of Charlotte, was for 25 years superintendent of the Charlotte city schools and is credited with having established at Fayetteville the first public school in North Carolina. He is a cousin of the late Edward Kidder Graham, former president of the university.

Professor Graham attended the university from 1905 to 1909, graduating with an A. B. degree. He achieved prominence in many forms of student activity. His honors include that of cheerleader for three years. He was a Phi Beta Kappa and a member of the Golden Fleece, student honor society.

After teaching in Raleigh High School, Graham returned to the University to serve as Y. M. C. A. Secretary for two years. He was appointed to the History Department in 1914. Columbia University gave him a Master's degree after study there in 1916 and he then did post graduate work at the University of Chicago. He was awarded the Amherst scholarship in 1921, which gave him two years special study. He was made a full professor in 1927.

During the World War Graham served as a lieutenant in the U. S. Marine Corps. He enlisted as a private.

Professor Graham is now serving his second term as head of the North Carolina Conference for Social Service. He was among the leaders in a recent movement to improve working conditions in textile mills.

Friends regard him as a deeply religious man, yet a liberal one. He is popular among the student body.

The career in brief of Frank P. Graham, newly elected president of the University of North Carolina, follows:

Born in Fayetteville October 14, 1887.

Attended Charlotte public schools and Warren's school for boys; graduated from University of North Carolina in 1909.

Taught in Raleigh High School two years and then was secretary Y. M. C. A. at the University, 1912 to 1914.

Appointed to history department 1914.

Received degree of M. A. from Columbia University 1916.

Lieutenant in Marine Corps in World War.

Won Amherst scholarship 1921 after study at University of Chicago entitling him to one year's study abroad and one in United States.

Appointed full professor in 1927.

Now serving second term as the president North Carolina Conference for Social Service.

LOBBY BODY TALKS OVER CANNON CASE

Chairman Holds Informal Conferences With Members of Committee Today

Washington, June 10.—(AP)—Sharply divided members of the Senate Lobby committee sought today to agree on what to do about the defiance of Bishop James Cannon, Jr.

Chairman Caraway held informal conferences with other committee members. He has devised a plan for dealing with the churchman, but declined to make it a public pending an agreement. Whether the other members would sanction the proposal was problematical but the lobby chairman said he hoped some decision would be reached during the day.

Caraway, who was absent when Cannon refused to answer questions about his 1928 anti-Smith activities and walked out on the committee, has partially studied the record of the hearings and hoped to finish today. He said he had learned enough to give him a definite idea of what should be done. He refrained from intimating what course he favored.

Senator Walsh, Democrat, Montana, who has been acting chairman, and Senator Blaine, Republican, Wisconsin, contend the committee did not exceed its powers in questioning about political activities and that Cannon was guilty of contempt.

Senator Robinson, Republican, Indiana, sides with Cannon. Senator Borah, Republican, Idaho, has not made his position known.

A formal committee meeting is scheduled for tomorrow.

Begin Naming 'Em for Bailey

Raleigh, June 10.—(AP)—If namesakes for Josiah W. Bailey, Democratic candidate for the United States Senate, continue to be brought forth as they have in the interval since his nomination, Saturday his field of supporters will be greatly augmented in 20 years or so.

A son born to Mr. and Mrs. Manly L. Bennett, of New Bern, Sunday was named Josiah Bailey Bennett. Saturday night, George Clayton, Person county negro, named his twin sons on their arrival "Josiah William" and "William Josiah," when the attending physician told him the election result.

Asheville Man Will Oppose Bailey for Seat in U. S. Senate In November Election; Bailey Lead Over Simmons Near 70,000 Mark Today

Charlotte, June 10.—(AP)—Congressman George M. Pritchard, son of a senator, will himself seek the office next fall as the Republican nominee to oppose Josiah William Bailey, Raleigh attorney who successfully challenged the veteran Senator F. M. Simmons for the Democratic nomination.

Unofficial returns from 1,275 of the state's 1,799 precincts today had established a majority of 7,452 votes for Pritchard in Saturday's primary. Of the 524 precincts unreported, however, the majority were in counties in which reported precincts showed the trend to be toward Pritchard.

The nearest rival for the Asheville congressman of the three other candidates in the primary was George E. Butler, of Clifton, who had 5,266 votes. The other votes were distributed 3,349 to Irvan W. Tucker, of Whiteville, and 924 to the Rev. H. Grady Dorsett, of Wake Forest.

Pritchard, who was elected to Congress in 1928 over Zebulon Weaver, the Democratic nominee in the 10th district, is the son of the late Senator Jeter C. Pritchard.

As additional returns were received today from the Democratic primary, Bailey's plurality over Simmons mounted near the 70,000 mark. With 1,687 precincts reported, the count stood Bailey, 196,133; Simmons, 127,557. H. T. L. Estep, third candidate who ran as a wet, had polled only 1,520 votes.

J. C. Little was this afternoon declared winner in the Democratic solicitor race in the seventh district over Leon S. Brassfield by a margin of 38 votes.

When the Wake county board of elections completed most of its official check Mr. Brassfield conceded the majority of Mr. Little.

The solicitor race was bitterly fought in Wake and Franklin counties and the Wake board of elections checked that race first, starting on a check of the others this afternoon.

Shriners Stage Mammoth Parade at Toronto, Can.

Toronto, June 10.—(AP)—Led by blaring bands and escorted by patrols of ten thousand men, the Imperial Potentate and officers of the Imperial Council of the Ancient and Arabic order of the Mystic Shrine marched through the city today in a parade witnessed by thousands in Lakeshore grandstands along the streets.

There have been three days of prelude but today's colorful procession marked the official opening of the Shriners' annual assembly. The number of Shriners and guests here is estimated at 100,000 with several delegations still to arrive.

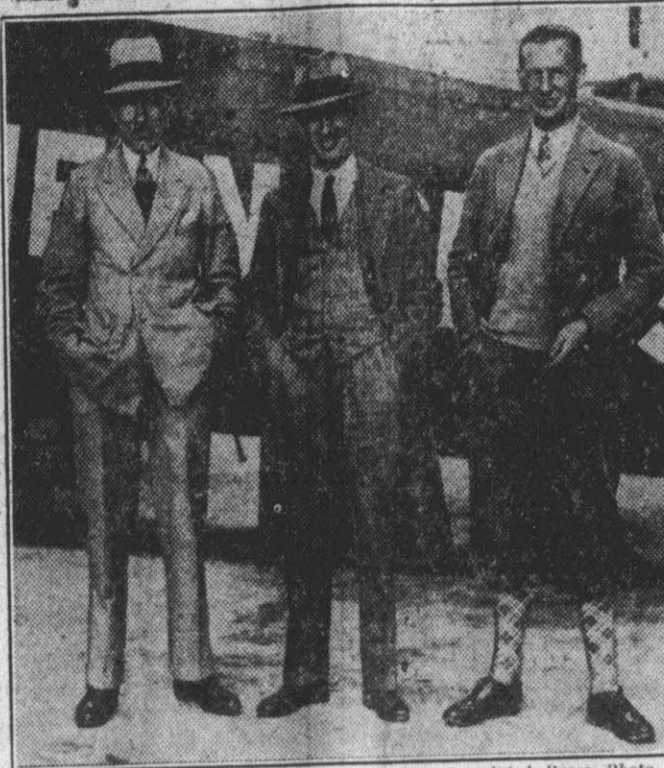

Today's program included social gatherings for the delegates, athletic meets and Shrine spectacles, luncheon, and opening of the Imperial Council sessions. The international automobile races, scheduled this afternoon, were to be followed by boat races on Lake Ontario.

A nightly circus and fireworks pageant will be preceded by a concert of massed bands in which 3,000 bandmen will take part.

The city seemed filled with the brightly garbed delegates in their colorful fezzes today, and during the morning the number of participants in the festivities was swelled by one gay delegation which will not be registered. It consisted of 40 white Arab thoroughbreds in full regalia which will take part in the Shriners' Pageant at the exhibition.

REPUBLICANS SURE TO WIN TARIFF FIGHT

Senate Leaders Claim Enough Votes to Pass Smoot-Hawley Measure

Washington, June 10.—(AP)—Senate Republican leaders continued confident today of enough votes to pass the Smoot-Hawley tariff bill by a narrow margin.

The final roll-call, concededly close was expected to come on Thursday or Friday. Chairman Smoot, of the finance committee, in charge of the bill, predicted the earlier date.

Meanwhile, the members of the Senate were given a last opportunity to express their attitudes for or against the measure. To expedite action, the two sections of the conference report—one dealing with nearly all of the rate schedules and the other with the flexible provisions and the lumber tariff—were combined.

Thus a single roll-call will determine the fate of the bill. It will be necessary, thereafter, if the measure is approved, for the House to vote again on the rates section of the conference report. Points of order raised by Senate Democrats made necessary a revision of this section after it had been approved by the House. Final House action is expected early next week.

All factions in the tariff dispute were still waiting today for an announcement from the two Pennsylvania senators of whether they will vote for or against the bill.

Senator Grady is comparing the measure closely with the present law to see which, in his opinion, affords better protection for American industries. Senator Reed was in London attending the naval conference, throughout most of the tariff debate.

Gardner Awarded Honorary Degrees By State College

Raleigh, June 10.—(AP)—It is no longer just Gov. O. Max Gardner, it is in reality Doctors O. Max Gardner.

Since last Thursday the chief executive of North Carolina has Doctors degrees by two state institutions and Wake Forest College, being the only governor to be so honored in one year in the memory of a number of veteran Raleigh office holders and residents.

Thursday of last week Wake Forest College bestowed the Degree of Doctor of Laws on Governor Gardner.

Yesterday at special exercises at N. C. State College the governor was presented the same degree by one of the two state institutions he attended a today at Chapel Hill the University of North Carolina, the other school he attended, also honored him as a doctor of laws.

Back in his college days Governor Gardner became the only man to captain the football teams of both State and Carolina and that record still stands.

Drunks Subject For the Museum

Boston, Mass., June 10.—(AP)—Quoting testimony before a royal commission on the decrease in drunkenness in England and Wales; George W. Wickersham said in an address here last night:

"One magistrate said the decline in drunkenness had been so steady during the post-war years that he had suggested to the chief superintendent of police that it was rather unkind to bring an offender into the police court; he ought to be taken to a museum."

CAROL MOVES TO PUNISH HIS MANY ENEMIES

Orders Prosecution of Former Minister of Education in Liberal Cabinet

Bucharest, Rumania, June 10.—(AP)—King Carol professed today to have forgotten the activities of political enemies against him while he was in French exile, but he moved quickly to punish those of his enemies who committed new offenses.

Upon learning that Dr. C. Anglescu, who was minister of education in the last Liberal cabinet of Mm. V. and J. Bratianu, had spoken disrespectfully of him at a Liberal meeting yesterday, he ordered him prosecuted immediately.

Dr. Kostinescu, mayor of Bucharest, and Dr. Demetrescu Braila, former minister of health, were ordered prosecuted likewise for similar offenses. Their party, named Liberal, but actually ultra-Conservative, was said to have voted yesterday not to support the monarchy, although not suggesting revolution.

In contrast to the moves to suppress objectionable political enemy King Carol ordered that all charges of a pardonable nature—both political and growing out of temper caused by extreme distress—against 20,000 persons still account able for military offenses during the World War, be quashed. All acts and ordinances promulgated during the reign of the boy-king Michael, Carol's son, were confirmed.

Meanwhile the new Sovereign was engaged in forming a cabinet to replace that of M. Mironescu, which resigned as soon as parliament had proclaimed him king.

Carol first, as a matter of courtesy, asked Professor Nicholas Joga, his old tutor, but M. Joga could promise no success and Jula Maniu resigned peasant premier, was summoned.

It is still mooted whether the princess mother, Helga, will become reconciled with Carol—which the king desires very much—or remain apart from him. Late reports say that Carol will be crowned in October at Alba Julia, without a queen at his side, but attended by his little son, Michael, as Prince of Alba Julia.

LATEST RETURNS GIVE SNOW HILL MAN CLEAR LEAD OF 150 BALLOTS

Begin Organized Search For Slayer Of Reporter At Chicago; Big Reward

Chicago Tribune, the Post and Press Club Offer Total of \$40,000 for Arrest of the Murderer of Jake Lingle, Tribune Staff Member

Chicago, June 10.—(AP)—One of the greatest murder hunts Chicago ever has seen was organized today. Police, state's attorney's men, private detectives and the organized power of the Press joined to track down the man who killed Alfred (Jake) Lingle, 38-year-old reporter for the Tribune yesterday.

Rewards totaling \$30,000 were posted—\$25,000 by the Tribune and \$5,000 by the Chicago Evening Post. The Press Club of Chicago issued a statement that it stood ready to post an additional \$10,000.

Two hundred or more persons were within a few feet of Lingle when he was shot down at 1:35 o'clock yesterday afternoon, yet the slayer not only escaped but left witnesses with a confusion of stories as to just what happened.

Early today the investigators revisited the murder scene—the subway that dips under Michigan boulevard at Randolph street, and leads to the Illinois Central station. They wanted to recheck every possible means of escape that the slayer may have taken. They sought to learn whether some clue, previously overlooked, might be revealed.

They had the killer's gun, a pocket revolver of .38 calibre; and they had the black silk glove worn by the killer to prevent tell tale fingerprints being left on the pistol butt. That was about all.

There were many witnesses, and almost as many different stories of what happened. Several, however, tentatively identified rogue gallery pictures of Sam Hunt, Capone gunman, as closely resembling the man who killed Lingle. Hunt, carrying a shotgun in a golf bag, was arrested a fortnight ago on the northwest side shortly after a gang gunning in which the body of the victim was spirited away. He is out on bond under charges of carrying concealed weapons.

Lingle is the first newspaperman, the Tribune pointed out, to be murdered since Don R. Mellett, Mantoloking, Ohio, editor, was slain in July 1926, following his crusade against gangsters there. Lingle's 18 years as a Tribune reporter have been devoted largely to police reporting and investigation, a job that has brought him into contact with most of the "big shot" gangsters of Chicago. He was well acquainted with Al (Scarface) Capone, among others, and once was entertained at the Capone home in Miami.

The Tribune reporter, reputedly wealthy enough to retire but staying on the job through pure joy of the work, was working on the chain gang murders that have been committed within the last 10 days. He himself became the eleventh victim.

The Tribune today said there appeared to be no direct motive. Lingle, the paper said, had been "covering" the underworld for the Tribune for years. He had come to know most of the gang leaders. He probably knew more policemen than any other person. Police Commissioner William Russell was one of his closest friends, their acquaintance having begun when Russell was walking a patrolman's beat 20 years ago.

Because of his wide police acquaintance, the Tribune said, Lingle frequently was sought out by gangsters and racketeers who wanted him to use his "drag" to help them promote some illegal enterprise.

"Invariably he told them he could gain no such permission for them, even if he tried," the Tribune said, "and that if they attempted to go ahead with their plans they would surely be brought to answer before the law."

STORES HERE WILL OBSERVE HALF HOLIDAY

Summer Closing Period Will Become Effective in Greenville Tomorrow

Stores and business houses of the city of Greenville will begin their half-holiday closing period Wednesday afternoon. The list of the stores to close was made public today, but it was stated that other stores not mentioned would also join the movement to give employees a half holiday during the summer months.

The closing period will come to an end Wednesday, August 13th, and after that time virtually all stores of the city will begin receiving goods in preparation for the fall and winter trade.

The half-holiday has been observed here for the last several years, and has met with such widespread favor that the number of stores has increased each year. It was expected the observance would be more general this summer than ever before and that numbers of clerks who did not get an opportunity of taking the half day off duty would get that chance this year.

The list of those signing to close follows: Hunt's 5c to \$1.00 Store, Inc.; Montgomery-Ward & Co.; The Perkins Co.; J. C. Penney Co.; McKay-Washington Co., Inc.; Bloom's; Charles Stores, Inc.; Wilson's Dress Shoppe; McLehlan Stores; Tolar Jewelry Co.; W. A. Bowen Co.; Roy Kirtrell; Coburn Shoe Co.; Curtis Perkins; W. L. Best; Griffin Shoe Co.; H. A. White & Sons; B. G. Abeyons; Lowe's; Pitt Shoe Co.; Ed Batchelor; Frank's Ideal Cleaners; C. Heber Forbes; The Smart Shoppe; John Sajied; Warren's Book Store; D. Pender's Store, 76; Williams-Chapman, Inc.; A. G. Walters; A. B. Ellington; Cherry Furniture Co.; Home Furniture Co., Inc.; A. & P. Store; Willard Grocery; D. Pender's; A. & P.; Moseley Brothers; Young Mercantile Co.; W. H. Bradsher; Norfolk Shoe Shop; DeLuxe Barber Shop; J. P. Lockman; Dad's Barbershop; White's, Inc.; David Barnhill; C. H. Edwards; J. J. Perkins; Frank Wilson; Blount-Harvey Co.; R. E. Harris; H. G. Johnson; Clarks Cash Grocery; Offices of Court House, Local Banks.

Unofficial Report Received By Long Distance Telephone This Morning Also Gave D. M. Clark a Lead of 1,400 Over Thomas Moore for Solicitor of the Fifth Judicial District

J. Paul Frizzelle, Snow Hill lawyer, appeared today to be winner of the contest for the judgeship of the Fifth District, over Judge R. A. Nunn, of New Bern. Unofficial returns received over long distance telephone here today gave the Snow Hill attorney a clear lead of between 100 and 150 votes.

The report indicated that districts which had been in doubt the last two days had been heard from and that they served only to increase the Frizzelle lead.

The report also indicated that D. M. Clark, of Greenville, had won the race for solicitor of the Fifth District by a majority of around 1,400 votes. He is the present incumbent of this office and was opposed by Thomas Moore of New Bern.

The fight in these two fields was one of the most uncertain of the primary. The returns from remote sections of the district were slow trickling into the campaign headquarters of each of the candidates, and a complete tabulation of votes did not become available until this morning.

Aside from the race for the U. S. Senate, the contest in the Fifth District has overshadowed virtually all other fields, and especially after it seemed impossible to obtain the vote from the remote precincts. The information was received with more than usual interest here this morning, and relieved much of the uncertainty and suspense that has existed since Saturday's primary.

A second primary in Pitt county to settle the race for the State Senate, the House of Representatives and the Board of County Commissioners was still in doubt today as the candidates continued to maintain a policy of complete silence.

Arthur B. Corey, for the Senate and W. J. Bundy, for the House of Representatives, were said to still be undecided whether or not they will ask for a runoff primary, but neither have made any direct statement.

A run-off between J. P. Davenport and S. I. Dudley was also in the balance, but like the candidates for the legislative offices, both Dudley and Davenport continued the present chairman of the board.

Major Myers Buried At Washington, N. C.

Funeral services for Maj. Edward Warren Myers, of Greenville, prominent consulting engineer and veteran of the famous Old Hickory Division, which played an immortal part in the breaking of the Hinderburg line during the World War, were conducted today. A short service was conducted from the home this morning at 8:30 o'clock by Rev. J. Reginald Mallett, rector of Holy Trinity Episcopal church. After this service the funeral party left by motor for Washington, N. C., where final rites will be conducted from St. Peter's Episcopal church this afternoon at 5 o'clock by Rev. Stephen A. Gardner. Interment will be made in Oakdale cemetery at Washington.

Maj. Myers died suddenly yesterday morning at 10:30 o'clock after he had suffered an acute attack of dilation of the heart.

He was the father of Mrs. J. B. Ficklen, of this city, and was well known here. Numbers of Greenville people attended the funeral.

ABOUT TOWN

Talk of the primary has just about subsided except in some instances where returns for district judges and solicitors have been very slow coming in. In a few months, however, candidates will begin unlimbering their artillery for the November election when the two dominant parties clash for honors.

In this connection, Josiah William Bailey, who won the Democratic nomination for the United States Senate over the venerable F. M. Simmons, has already indicated his willingness to take the stump in case his constituents should desire him to do so. Although he has not made any official statement concerning the election, he has expressed his appreciation of the honor and his willingness to put on an irrispective speaking campaign.

Everybody is glad the primary is over, but will be just as eager to go to the polls and vote for their favorite party when the date of the general election rolls around. It is a duty the majority of people are living up to these days, and it is expected the vote will be larger in the final contest than in that just closed, although the latter established something of a record in some sections.

Stores and business houses of Greenville will begin observance of the Wednesday half holiday this week, and will continue each week until August 13.

It is the same plan adopted by the business district last summer, and which brought such good results to the various business houses involved. That the working people derive much good from these few hours they are given off each week during the most trying time of the summer months cannot be doubted. It is true lots of them go to the various riverside and ocean resorts and become completely exhausted, but the exhaustion does not continue long and when they recover they are much improved physically by the jaunt in the open air.

People who read the Reflector last Sunday morning are bound to realize that this paper is giving service equal to the largest papers in the state. The fact is, the election reports carried in the columns of this paper last Sunday morning were four or five hours later than other publications reaching this section, and actually showed that the leading candidates had been nominated.

This office received both leased wire and telephone reports of the progress of the contest from seven o'clock Saturday afternoon until four o'clock Sunday morning whereas the other papers coming here contained reports not later than 12 or 1 o'clock.

The Reflector is prepared to give its hundreds of readers the best of service at all times, and especially when anything big happens, and the subscriber may feel that he is adequately protected at all times.

The recent primary plainly demonstrated the fact that another polling place is needed in Greenville township. Although the vote was handled with considerable dispatch here Saturday, the voters were required to wait quite a while before reaching the voting places.

The township vote is entirely too heavy for one polling place, and it is to be hoped that before another election rolls around something will be done to improve the situation.

The city and township, too, have grown considerably in recent years. The one voting place was all right a few years ago when the population was much less than it is now, but times have changed and it is going to be necessary to improve the old to keep pace with the new.

The census report carried in the columns of this paper last Sunday should be highly gratifying to the people of Greenville. It indicated that the city had enjoyed favorable

Eastern Star Begins Session At Asheville

Asheville, June 10.—(AP)—Just 25 years after its organization in Asheville, the Grand Chapter of the Order of the Eastern Star in North Carolina Tuesday formally opened sessions here at David Miller High School to celebrate its silver anniversary. More than 500 are in attendance.

Today saw the general sessions called to order formally by Mrs. Grace K. Edwards, of Charlotte, junior past grand matron, and Marshall Dilling, Gastonia, junior past grand patron. A short musical program was presented by Mrs. Joyce Finlator, of Winston-Salem and this was followed by a flag ceremony and tribute in which Mrs. Majorie Hogar, Charlotte; Mrs. Ella Mawery, Salisbury; and others took part.

The day session of the convention concerned a celebration of the organization's silver anniversary, among those taking part were: Mrs. Nolan K. Huncicutt, Asheville; Mrs. J. W. Anderson, Asheville; Mrs. Daisy Mae Davis, Andrews; Mrs. May C. Weatherly, Franklinville; Mrs. Emma B. Siler, Liberty; Mrs. Alice H. Parker, Farmville; Mrs. Elspeth C. Setzer, Charlotte; J. A. Norton, Wilmington; Mrs. Dorie Rich Patton, Elon; C. D. Roberts, Monroe; Mrs. Mose Adams, Winston-Salem; Mrs. Sippie Allred, Greensboro; A. C. Payne, Taylorsville; Mrs. Ella Mowery, Salisbury; W. P. Hensley, Pilot Mountain; Mrs. Sallie Goodson, Grand Matron, Salisbury; Mrs. Nellie B. Leacott, Southern Pines; and Mrs. Blanche Johnson, Knoxville, Tenn.

Finley Delivers Finals Address At Chapel Hill

Chapel Hill, June 10.—(AP)—The University of North Carolina's 135th commencement was brought to a close here today when degrees were conferred on 334 graduates by Governor O. Max Gardner.

Five honorary degrees were conferred. The honorary degree of Doctor of Laws was conferred on Governor Gardner, Dr. Harry W. Chase, retiring president of the University of North Carolina, and Miss Martha Berry, founder and director of the Berry Schools of Georgia.

The honorary degree of Doctor of Literature was conferred on Miss Ellen Glasgow, distinguished author of Richmond, Va., while the honorary degree of Doctor of Science was bestowed upon Dr. Francis P. Venable, Kenan professor of chemistry and a former president of the University of North Carolina.

The baccalaureate address was delivered by Dr. John H. Finley, editor of the New York Times.

Exercises were held outdoors under famous Little Poplar in past years Memorial Hall had been used for these exercises, but the hall had been recently declared unsafe and demolished and since then the university has been without an adequate auditorium.

In view of the fact that the improvised outdoor platform was not large enough to accommodate them, the trustees and faculty members abandoned the traditional academic procession.

The seniors, however, formed a procession and marched to the exercises, being seated together.

Movie Actress Obtains Divorce

Los Angeles, June 10.—(AP)—Claudia Dell, 19, former follies girl and now a motion picture actress, has obtained a divorce from Phillip G. Offen, the husband she said deserted her for "no apparent reason."

"After being married only a short time, he suddenly left," she testified. "I never knew why."

"We were married two years ago when I was 17. Just one of those foolish girl stunts. No one has known I was married. We lived together only the shortest time. I am so sorry it has been found out—even my closest friends didn't know it."

State College Awards Diplomas

Raleigh, June 10.—(AP)—Dr. L. Stoddard of Brookline, Mass., traveler, lecturer and authority on world events, in an address in which he brought a few glimpses of some outstanding old world personalities to serve as an inspiration to the graduates, delivered the baccalaureate address at N. C. State College today and the awarding of diplomas to 298 young men and women closed the school year.

Dr. Stoddard, with a view to showing some of the secrets of the success of the old world personalities who have had a large part in the moulding of nations, told of their achievements, and summoned before the mind's eye of his audience the men who are moulding the world today in order that his hearers might have a better appreciation of the world drama of today.

University N. C. Awards Degrees

Chapel Hill, June 10.—(AP)—The University of North Carolina today awarded five honorary degrees as a part of its annual commencement exercises.

Gov. O. Max Gardner was honored with the Doctor of Laws degree by his alma mater and Miss Martha Berry, founder of the Berry Schools in Georgia, received the same honor.

Dr. Francis Venable, Kenan professor of chemistry at the University and a former president of the institution, was awarded the Doctor of Science degree.

Miss Ellen Glasgow of Richmond, Va., author, was awarded the Doctor of Literature degree.

Daughter of Cowboy Film Hero Married

Beverly Hills, Cal. June 10.—(AP)—Thom Mix, cowboy film hero who on the screen has pursued many millions many times, always with success, started 20 minutes too late to pursue his eloping daughter, Ruth Jane Mix, and today she was Mrs. Douglass Gilmore.

The 17-year-old bride and her actor husband were expected here today from Yuma, Ariz., where they were married yesterday at 10:45 a. m. Mrs. Olive Stokes Mix, the girl's mother and Tom Mix' divorced wife was waiting to give them her blessing. She said today that she had opposed the marriage because the 27 year old bridegroom had been married before and for other reasons, but that she would "help make the best of it."

Mix heard of his daughter's elopement yesterday when he read a note she had left behind in the traditional fashion before she departed for the Arizona line with Gilmore about 1 a. m. He immediately called his attorney, who telephoned Sheriff J. C. Hunter of Yuma county to stop the ceremony. Hunter found the couple at a hotel. They displayed their certificate of marriage and informed him he was "too late."

In California brides must be 18 years old and three days' notice is required before issuance of a marriage license. In Arizona girls of 16 are permitted to wed unless their parents make formal objection. Miss Mix said she was 18 when she and Gilmore secured their license.

CHERISH THOSE LOVELY ARMS

"Coming events cast their shadows before"

When tempted to over-indulge "Reach for a Lucky instead"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." **Lucky Strike** has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

LADIES' TOURNAMENT—GREENVILLE COUNTRY CLUB

The first day's pairings for the ladies' tournament are listed below and it is the desire of the committee that these matches can be arranged so that same will be played on Friday, June 13th. The winners of the Friday matches, will play on Saturday. The winners of the Saturday matches will play on Monday. The Monday winners will play on Tuesday and the final deciding match will be played Wednesday.

The committee has arranged the handicaps as they appear below the very best that they could with nothing on which to base same except observance of the different players and we hope that our efforts will meet with favor from the players.

It is the desire of the committee that these matches be played some time during Friday for all matches not played Friday will have to be forfeited or dropped as the playing time is limited.

Garage and Auto Destroyed By Fire Here Last Night

Fire last night destroyed a garage and automobile at the home of John Karsnac, corner Fourth and Jarvis streets. The loss was estimated at approximately \$1,000, which was partially covered by insurance. Two alarms were sounded before the fire trucks were able to locate the fire. The first alarm was received by telephone, and it was stated that the fire was on "west" Fourth street. The alarm was sounded and the fire trucks made a wild dash for that section of the city. In a few moments the mistake was discovered and the alarm sent in from the district in which the fire was located.

The origin of the fire is unknown. A short while after the car had been parked for the night, flames were discovered issuing from the garage, and both the car and the building had been practically wrecked by the time the fire department arrived.

Nearby garages at the homes of Judge Al Dardet, and L. H. Bowling were also damaged by the fire later during the evening.

The hitter failed to hit and the pitchers lacked the magic touch that had the baseball world talking of the "mit train" miracle.

In ten games since that date, the Senators have won only two while Connie Mack, with substitutes playing the role of regulars, has accounted for ten of his twelve contests.

The Indians also shifted into high and won seven of their last ten games. A glance at the records show the Athletics to be playing 833 baseball since May 23, with the Indians hitting a .700 clip and the Senators only .290.

The Indians today stood within grasp of runner-up honors as the result of a 5 to 4 victory over the Senators yesterday.

Taking advantage of the Senators' defeat, the Athletics strengthened their hold on first place by sking out a victory over the White Sox 3 to 2.

Chad Kinsey turned in a brilliant bit of relief hurling at St. Louis but holding the Yankees to five hits in six innings failed to stop them from defeating the Browns 8 to 5.

In the only other game played in the major leagues the Red Sox nosed out Detroit 7 to 6 by reason of a five-run rally in the seventh.

All of the National league games were postponed either because of rain or wet grounds.

Yesterday's Stars

Jimmy Foxx and Bing Miller, of the Athletics—former single and latter's sacrifice fly scored tying and winning runs against White Sox in ninth.

Walter Miller, Indians—gave Senators eight scattered hits and beat them, 5-4.

Tony Lazzeri, Yanks—hit home run, double and single, scored three runs, as Yanks beat Browns, 8-5.

Milton Gaston, Red Sox—pitched Red Sox to 7-6 victory over Tigers.

Predicts Renewed Activity in Many Fields of Industry

Biloxi, Miss., June 10.—(AP)—The awakening of renewed activity in building enterprises, in electrical development, in food distribution and in the radio, cinema and automobile fields is forecast by J. A. Fardel, of New Orleans, vice-president of the Canal Bank and Trust Company.

He told the National Association of Building Owners and Managers he believed the return to normal business would be achieved within six months.

"Concentrated thought and effort is being devoted to giving better housing facilities for the masses, in our cities and in applying newer and heretofore untried principles to skyscraper and plant construction.

"Easy money will be an encouragement to enterprise that will begin with the small merchants and later relate itself to the wholesalers and manufacturers.

"Great public movements and large expenditures will stimulate trade in certain directions until the full movement is reached."

SENATORS ARE SHARKEY BOUT STILL DOWN EXPECTED TO DRAW BIG GATE IN THE DUMPS

By ORLO ROBERTSON Associated Press Sports Writer

Baseball games won in the spring count as much as the ones won in September, but Washington Senators are discovering that it takes more than an April and May winning streak to keep in the midst of the American league fight.

True the Senators are still clinging tenaciously to second place in the junior circuit but every day sees the Indians creeping closer and closer.

Today Cleveland is only a half-game away while out in front, setting a burning pace, are the Athletics with a three game lead.

On May 28 Walter Johnson had the Senators showing the way by fast clipping. Then something happened to the seemingly perfect machine.

The hitter failed to hit and the pitchers lacked the magic touch that had the baseball world talking of the "mit train" miracle.

New York, June 10.—Jack Sharkey's heavyweight championship battle with Max Schmeling on Thursday night will not draw a million dollar gate but there are indications now that it will pass the \$600,000 total that has been predicted for it.

Mr. John P. Public is showing unmistakable signs of getting excited about the whole business.

The boys on the street corners are talking about it, arguments as to the respective merits of a left hook and a right cross, are common, and that's what made Jack Dempsey's various battles draw millions.

A steady rain, a drab and colorless, could not prevent the customers from appearing in droves at Madison Square Garden's box office yesterday to demand more or less choice seats for the fray at the Yankee Stadium.

At the end of the day, the Garden announced he cofers of the milk fund, sponsors of the show, had been swelled by \$40,000. Recalling that \$90,000 had been taken in on Friday and Saturday, the Garden was not slow to estimate that the total gate would pass \$700,000.

To make the day one of unalloyed bliss for the promoters, Sharkey and Schmeling both put on great workout at their training quarters. They will rest Wednesday and come to New York in time for weighing in ceremonies at the stadium at 2 p. m. Thursday.

Sharkey will come by motor from Orangeburg while Schmeling makes the trip from Endicott by train. The Tuton slugger had planned to come by air but definitely abandoned this plan because of unfavorable eather conditions.

Principal interest here turned on the question of a referee. Neither Sharkey nor Schmeling has offered any objection to the New York State Athletic commission's plan to select the third man in the ring just before the 15 round title affray begins.

The latest betting odds favored Sharkey 9 to 5. Odds of 1 to 3 have been offered against Sharkey scoring a knockout and 1 to 7 against Schmeling accomplishing the feat.

GOT OVER HER NERVOUSNESS

Louisiana Lady Took Cardui For Dizzy, Weak Spells, and Felt Stronger.

Algiers, La.—"About three and a half years ago I was feeling very bad," writes Mrs. George E. Wilson, 623 Atlantic Avenue, this city. "I had dizzy, weak spells from a run-down condition.

"I had a severe pain in my side. I was very nervous—too nervous to learn how to drive my car, until some friend advised me to take Cardui.

"After I had taken my third bottle, I didn't have any more dizzy spells. I kept up the Cardui until I had taken seven bottles. I was much stronger and better, and then I could drive my car without any fear."

Thousands of women have written to tell how they were benefited by taking Cardui, when in a weak, run-down condition.

Cardui is a purely vegetable tonic, and contains nothing harmful. The medicinal value of the herbs from which Cardui is extracted has been well-known in the history of medicine for more than six hundred years.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, June 10.—(AP)—Cotton opened steady today at an advance of 5 points to a decline of 5 points, with considerable covering of July in evidence after the heavy liquidation of yesterday. The price of that delivery advanced to 15.17 right after the call, or 12 points net higher, but there was renewed selling at that figure and it quickly reacted to 15.03 or 2 points net lower.

These fluctuations seemed to cause more or less nervousness in the later months, but after showing net losses of about 5 to 10 points, the new crop positions steadied up on covering while some trade buying was reported in October. The New October sold off to 13.77 under the early trading but rallied to 13.88 with active months generally ruling about 1 to 4 points net higher at the end of the first half hour.

Liverpool cables reported continental and Bombay liquidation absorbed by trade calling and buying for a reaction at the decline in that market which reopened for business this morning following the Whitsuntide holidays.

GRAIN MARKET

Chicago, June 10.—(AP)—Statements that wheat in the southwest has been so improved by rains as to add 10,000,000 to 15,000,000 bushels to the probably yield had a late bearish effect on wheat today.

Wheat closed unsettled 7-8 to 13.8 cents a bushel lower than yesterday's finish.

Credit continued plentiful, with call money at 3 percent. It was rumored that the New York Federal Reserve Bank had requested permission to reduce its rediscount rate, but that reserve authorities in Washington had ordered postponement pending reductions in other reserve areas.

Senate Committee Moves to Obtain Navy Pact Papers

Washington, June 10.—(AP)—The Senate foreign relations committee today considered a resolution setting forth the content of its right to the secret papers concerning the London naval parity which the administration has refused to turn over.

Senator Black, Democrat, Alabama, originated the proposal, which was turned over to a subcommittee for redrafting, after more than an hour's discussion by the committee, chairman Borah predicted its approval.

However, aside from setting forth its contention for the notes exchanged among the powers leading up to the naval conference, it seems the committee can do nothing more.

Senator Borah said it was generally regarded that the blunt refusal to turn over the state papers was "conclusive".

Sensors Borah, Moses, Republican, N. H., and Black were named to redraft the resolution.

The second day of discussion on the refusal of President Hoover to turn over the state papers again blocked any consideration of the London treaty itself.

Borah was still confident the treaty would be reported to the Senate from the committee sometime this week.

Shoots Cookoo

Out of Clock

Morehead City, June 10.—(AP)—A band of the other day shot at a cookoo clock during a holdup and got arrested but a similar clock that was holding up Jim Kelly's got shot and Kelly is still free. He had returned home and engaged in a quarrel with his wife following the encounter, Kelly retired to the sofa to sleep and, probably in derision, the cookoo clock cookooed. Kelly got up and took a crack at the impatient bird with a shotgun. The bird retired this time. Game Warden Silas Brown said Kelly couldn't be arrested—there's no law against killing time.
