BETHEL PLAYS HOST TO LEGION POST

Legionnaires Guests of Bethel Members at Barbecue Supper Last Night

Abandoning their usual plan of meeting in Greenville, members of the Pitt County Post of the American Legion held their regular monthly meeting in Bethel last night and were entertained at a delightful barbecue supper by the members.

The session was held in the basement of the First Methodist church and supper was served by the ladies of the church. Commander Dave Moore presided, and the singing was led by W. H. Rogers, Jr.

As is customary upon an occasion of this kind, there was a plethora of oratory in which the Bethel members of the post received considerable praise for the active part which they are taking in creating more interest in work of the organization. J. B. Edwards, pastor of the First Methodist church of Bethel, extended a welcome to the visitors on the part of the Bethel membership, and expressed a desire that they might meet there again. The response was made by Dr. M. Clark, solicitor of the Fifth Judicial District, who aside from declaring that the post appreciated the spirit of hospitality evidenced by the reception in Bethel, paid tribute to the splendid achievements of the Legion as a whole.

Mr. Clark said the post would do well to adopt the plan of meeting among the various towns of the county, expressing the opinion that it would have a tendency of drawing the members closer together, and bringing each section in closer contact. He said the future was filled with greater possibilities for progress than ever before, and urged the membership to push ahead to new heights of achievement.

It was left to A. B. Corey, Greenville attorney, to express to the ladies of the church the appreciation of the post of the splendid supper served during the evening. In addition to this, a rising vote of thanks was extended to the Bethel members.

S. L. Bridges, chairman of the committee in charge of decorating the graves of ex-service men May 30, reported that flags and flowers were placed upon every known grave in the county. He said the Legion received invaluable aid from the auxiliary, and the adjutant was instructed to write a letter of appreciation to Mrs. R. C. Stokes, Jr., president of the auxiliary thanking the members for the active spirit of co-operation displayed in decorating the graves.

S. O. Worthington, chairman of the committee appointed sometime ago to confer with various tobacco organizations regarding the closing of warehouses in observance of Armistice Day, reported that he had accomplished little in this direction. He said, however, that he had conferred with principal members of the various organizations, and they had advised that the matter be presented at the annual convention of the United States Tobacco Association which meets the latter part of his month.

He said he had completed arrangements for presenting the question at the convention, and that he hoped good results would be obtained, although this was purely a matter of conjecture at this time.

State Merchants Condemn Proposed Sales Tax Today

Wilmington, June 18.—(AP)—The North Carolina Merchants Association today adopted a resolution condemning "the misguided activity of sales tax advocates," and heard an address by Howard J. Wisenhaupt of Cleveland, Ohio.

The resolution, offered by R. B. Peters, Jr., chairman of Tarboro, was amended on motion of Dallas Holleman, president of the Association. It called for establishment of a fund for "educational purposes" to fight the proposed tax law.

Telling the association in 24th annual convention at Wrightsville Beach here about North Carolina's resources, Mr. Wisenhaupt gave examples of how they might best be utilized in the development of the state as one of the greatest commonwealths of the nation.

Other features of today's closing program will be the presenting of the Bell cup, the President's cup and the Host cup, the election of officers and directors and selection of the next meeting place.

HOUSE OF COMMONS ADJOURNS AT LONDON

London, June 18.—(AP)—After having been tied up for more than 31 hours in a wrangle over the finance bill the House of Commons adjourned at noon today with the passage of a clause of the budget for which Philip Snowden, chancellor of the exchequer, had been struggling with his characteristic grimness and determination. The vote on the clause was 222 to 90.

Brock and Schlee Return To Florida, Completing Coast To Coast Flight

Jacksonville, Fla., June 18.—(AP)—William S. Brock and Edward F. Schlee, transcontinental fliers, arrived over the Jacksonville municipal airport at 12:55 p. m. (EST), and headed at once for Jacksonville Beach, the finish of their round trip flight to San Diego, Calif.

The plane proceeded to the beach where it made a circle, flew over the beach line and then went back to the municipal airport to land. The tide was too high for a beach landing.

In landing at the airport, which is about 20 miles from the beach, the fliers overshoot the runway and went into a fence the plane was lifted on its side, one wheel was broken, but the men were unhurt.

The plane shot across the beach line at Jacksonville Beach at 1:01 according to the official timer. This gave Brock and Schlee a total elapsed time from San Diego of 16 hours and 50 minutes.

DAVENPORT TO BE IN RACE FOR COUNTY BOARD

Says Nothing to the Rumor That He Will Not Oppose Dudley in Run-Off Primary

Paul Davenport, chairman of the Pitt County Board of Commissioners, declared today that he would oppose S. I. Dudley for the 1931 of Commissioners in the second primary to be held in this city July 5.

Mr. Davenport said it had been reported over the county that he would not enter the race, but he branded this as false, and declared that he would be in the contest.

Davenport and Dudley failed to obtain sufficient votes in the primary Saturday a week ago to elect, and Dudley immediately declared that he would ask for a second primary to settle the question as to who would occupy the seat.

Two other candidates, one for the Senate and the other for the House of Representatives, also indicated that they would ask for a second primary to decide the race in their particular fields, but both later announced that they would not run of account of the expense and inconvenience which a second primary would cause the people of the county to incur.

This leaves only Dudley as an active contestant for a second primary, although he is supported by township constables in two precincts who failed to receive enough votes to nominate them.

Cotton Men To Elect Officers

Asheville, June 18.—(AP)—Members of the North Carolina Cotton Manufacturers association met in closed session here this morning to transact business, which included election of officers, and to hear an address by E. S. Parker, Jr., of Greenville.

Mr. Parker's subject was announced as "state and local taxes." Reports of various committees and of the secretary and the treasurer were to be received.

The two-day meeting was opened yesterday morning. Last night George A. Sloan, of New York, president of the Cotton Institute, counseled careful regulation of the hours of operation and cooperation between mill owners.

Checked, Brock and Schlee began the eastern leg of their trip at 5:11 p. m. (EST) yesterday. Eating a lunch while their plane was being refueled, the aviators said they expected to make the eastern leg of their flight in less time than the flight westward.

FOLLOW CLUE IN DEATH OF DRY OFFICER

Wayne Officers Seek Rum Runners for the Killing at Goldsboro Yesterday

Goldsboro, June 18.—(AP)—Wayne county officers and federal prohibition agents today followed clues which they believed would lead in a short time to arrests in connection with the fatal shooting of P. L. Finchum, of Wilson, prohibition agent.

Sheriff W. D. Grant, of Wayne county, refused however, to disclose the exact nature of clues which he said he believed would lead to arrests. "We are pretty sure of certain facts and developments may be expected," he said.

The sheriff's force, augmented by a number of federal officers assigned here temporarily to investigate the case, drove over unfrequented roads today in this and adjoining counties in search of the automobile in which the suspected liquor runners were riding. The officers believed they would find it abandoned at some secluded spot.

The automobile was first reported to have left Goldsboro in the direction of Snow Hill, but later information disclosed it had circled back towards Kingston.

Three other agents injured when Finchum was shot were recovering rapidly today. H. V. Andrews who was shot in the left arm and right knee, was removed yesterday to Carolina General Hospital, Wilson.

B. A. Dail and F. E. Street, injured when their car crashed into a tree after Finchum, the driver, was shot, were able to leave the hospital after treatment for cuts and bruises.

The agents said first reports that they engaged in a gun battle with the suspected liquor runners were incorrect and that the only shots fired were from the car they were chasing.

Goldensboro, June 18.—(AP)—F. M. Caudle, of Wilson, deputy prohibition administrator of this district, is expected here today to take charge of a search for the alleged rum runners who early yesterday killed one prohibition officer and wounded another.

No trace had been reported early today of the two men who fired at four prohibition officers pursuing them, killing P. L. Finchum and wounding H. V. Andrews.

WETS ELATED AT MORROW'S N. J. VICTORY

Believe Nomination is Encouraging Gain in Fight for Wet Senate Majority

Washington, June 18.—(AP)—The nomination of Dwight H. Morrow for the Senate from New Jersey, was greeted by anti-prohibitionists in Washington as an encouraging gain in their fight for a wet majority in that body.

Despite assertions of state Republican leaders that Morrow would look with distaste on any attempt to make him the titular head of the wet forces, should he be elected in November, the wets here were more than pleased with the decisive primary vote.

It was pointed out that his nomination was the first to be won by an avowed Republican wet in the 1930 primaries. Wets asserted that his victory was the more a triumph for the anti-prohibition cause in view of his prominence in public life.

Interest here in the balloting was unflagging ever after Fort conceded the triumph of his opponent.

The White House today awaited word from Morrow as to his plans for returning to Mexico City as ambassador. Under plans announced in May, Morrow would return to the Mexican capital long enough to conclude matters left pending when he went to the London naval conference.

Diplomatic circles were uninformative whether he planned to resign as ambassador before the November election. The possibility existed, it was said, that he would campaign for the general election as ambassador to Mexico in the same fashion as he campaigned for the primary nomination.

Other Nations Threaten Reprisal As New Tariff Becomes Effective In U. S.

Canada Places Higher Duties On a Dozen Commodities Imported From United States; Cuban Paper Says Tariff Will Destroy Friendship With This Country

A new tariff law was put into effect by the United States today and international reaction to it was reflected in actual retaliation in kind by one government, consideration by two others of measures of reprisal and condemnation from the press of several nations.

Automatically with the effectiveness of the 1,122 new rate schedules contained in the Hawley-Smoot tariff bill, Canada's countervailing duties became operative, placing higher duties on a dozen commodities imported from the United States.

These duties, which were included in that government's May 1 budget, are applied on the principle that the Canadian tariff shall be as high or articles coming from other countries as the rates those countries levy against the same commodities from Canada.

The Belgian cabinet discussed the new law and then decided that all retaliatory measures should await conferences with other European countries; while the Spanish government studied requests that it break the existing modus vivendi with the United States as a protest.

In Havana, the newspaper El Mundo, attacking the new tariff law unjust, says it will destroy the friendship between Cuba and the United States.

The Paris Petit Bleu advocates boycotting of American products in France.

Il Tevere, of Rome, said the tariff "is the ultimate manifestation of the economic imperialism of the United States."

Washington, June 18.—(AP)—The Hawley-Smoot tariff law became effective today and imposed upon the customs service the task of putting its 1,122 new rate schedules into operation overnight.

Technically, the new statute became law at midnight last night, but its provisions could not be made applicable until the opening at eight o'clock this morning of customs offices at the various ports of entry.

MORROW WINS N. J. PRIMARY BY BIG VOTE

Former Ambassador to Mexico Nominated By Majority in Four Cornered Race

Newark, N. J., June 18.—(AP)—Outdistancing his nearest opponent by 200,000 or more votes, Ambassador Dwight H. Morrow is the Republican nominee for United States Senator, double victor in a primary election in which he stood for repeal of the eighteenth amendment and state control of liquor. In the principal contest for the long term, Morrow was nominated in a four-cornered fight in which he won a majority of the total vote carrying all 21 counties.

Representative Franklin H. Fort, who ran as a dry with the backing of the State Anti-Saloon League, was second. Former Senator Joseph S. Frelinghuysen, advocate of modification of the liquor laws and federal control of liquor traffic, ran third. John A. Kelly, who sought the nomination as "the original wet Republican," was a poor fourth. Kelly was Morrow's only opponent for the short term.

Morrow will be opposed for election next fall by Alexander Simpson, wet Democrat, who was nominated for the six year term without opposition and for the unexpired term of former Senator Walter E. Edge by Miss Thelma Parkinson, the only Democratic candidate for that term.

Fort and Frelinghuysen conceded Morrow's nomination a few hours after the polls closed and early returns indicated an emphatic victory for the ambassador. Both sent telegrams congratulating him on his victory and pledging their support in the fall election.

The returns indicated that Morrow had carried many of the dry rural districts from which Fort was erecting his chief strength.

Ambassador Morrow sat quietly in his Englewood home reading Herodotus while the votes indicating his victory were being counted. He refused to comment, saying he would wait until the complete vote was tabulated.

"However," he said smilingly, "I seem to have carried my own ward."

He expressed great pride in the vote given him by his neighbors in Englewood.

Despite the overwhelming defeat of Fort, Dr. James K. Shields, superintendent of the Anti-Saloon League, said, "We are still in the fight and are here to stay. We thought he would make a better showing than that."

The report of the commission headed by Sir John Simon made public in London reaffirmed self-government as the goal of British policy in India.

Hyde to Speak At Wilson, N. C.

Wilson, June 18.—(AP)—Wilson was in readiness today to welcome a member of President Hoover's cabinet, Arthur M. Hyde, secretary of agriculture, who will be the principal speaker at the annual banquet of the Chamber of Commerce here tonight.

Notables in North Carolina's political world headed by Governor O. Max Gardner and Senator F. M. Simmons will attend the banquet.

Other guests include Federal Judge I. M. Meekins, Congressman Charles L. Abernethy, Lindsey Warner, John H. Kerr; former governor Angus W. McLean, Dr. E. C. Brooks, president of N. C. State College and Commissioner of Agriculture W. A. Graham.

New York—Earl Carroll is erecting a \$1,000,000 theatre for musical shows with a top admission price of \$3.00.

Bishop Cannon Challenges Representative Tinkham to Repeat Charges Outside

Methodist Dry Leader Threatens Prosecution for Libel if Member of Congress Should Make Allegations Off Floors of House

Washington, June 18.—(AP)—Representative Tinkham of Massachusetts, was challenged by Bishop Cannon today to repeat his charges against the dry leader in a way which would make him subject to prosecution for libel.

Speaking in the House, Tinkham yesterday said the southern churchman "will stand convicted in the eyes of all honest men of having appropriated" to his own use money given him to prosecute the anti-Smith campaign of two years ago.

Schall Elected By Large Majority In Minnesota Primary

St. Paul, June 18.—(AP)—Senator Thomas D. Schall, who dropped his campaign last week to return to Washington and vote against the tariff bill which became law today, gained the Republican nomination for re-election at Monday's primary election by one of the largest pluralities ever given in a Minnesota primary.

Belated returns from rural districts added to the advantage of the senator who has served fifteen years in both Houses of Congress despite being blind, giving him a majority of 76,000 votes over his principal opponent, Gov. Theodore Christianson.

BUILDING AND LOAN LEAGUE HOLDS MEETING

Blowing Rock, June 18.—(AP)—With R. B. Davis of Rocky Mount, presiding, the 27th annual convention of the Building & Loan League of North Carolina convened here this morning.

Twelve Vessels Reach Port and Beat the Tariff

New York, June 18.—(AP)—Winning a race against time, 12 ships were in port today having cleared the customs before the new tariff went into effect and thereby saving importers hundreds of thousands of dollars in increased duties. Several other lost out because of fog.

The White Star liner Olympic brings a \$1,000,000 cargo, was the last vessel to cross the line at Ambrose lightship in time to come under the provisions of the old tariff law.

Washington, June 18.—(AP)—Representative Cannon of Massachusetts, was challenged by Bishop Cannon today to repeat his charges against the dry leader in a way which would make him subject to prosecution for libel.

Both Schall and Christianson voiced strong opposition to the Smoot-Hawley tariff bill through the press, the charges which became hotter after Schall made a vigorous attack on the governor's record in office.

In a hostess it's Graciousness

in a cigarette it's Taste

THE SUCCESS OF A HOSTESS depends upon her ability to make others feel at home; that of a cigarette, upon better taste.

HOW ELSE EXPLAIN Chesterfield's constant gains, its ever-mounting popularity with smokers everywhere?

THERE IS NO SUBSTITUTE for the delicate mildness and rich aroma that belong to Chesterfield, nor for Chesterfield's unique blend and cross-blend.

"In a cigarette it's TASTE!" Yes, and in a Chesterfield, it's... "TASTE above everything".

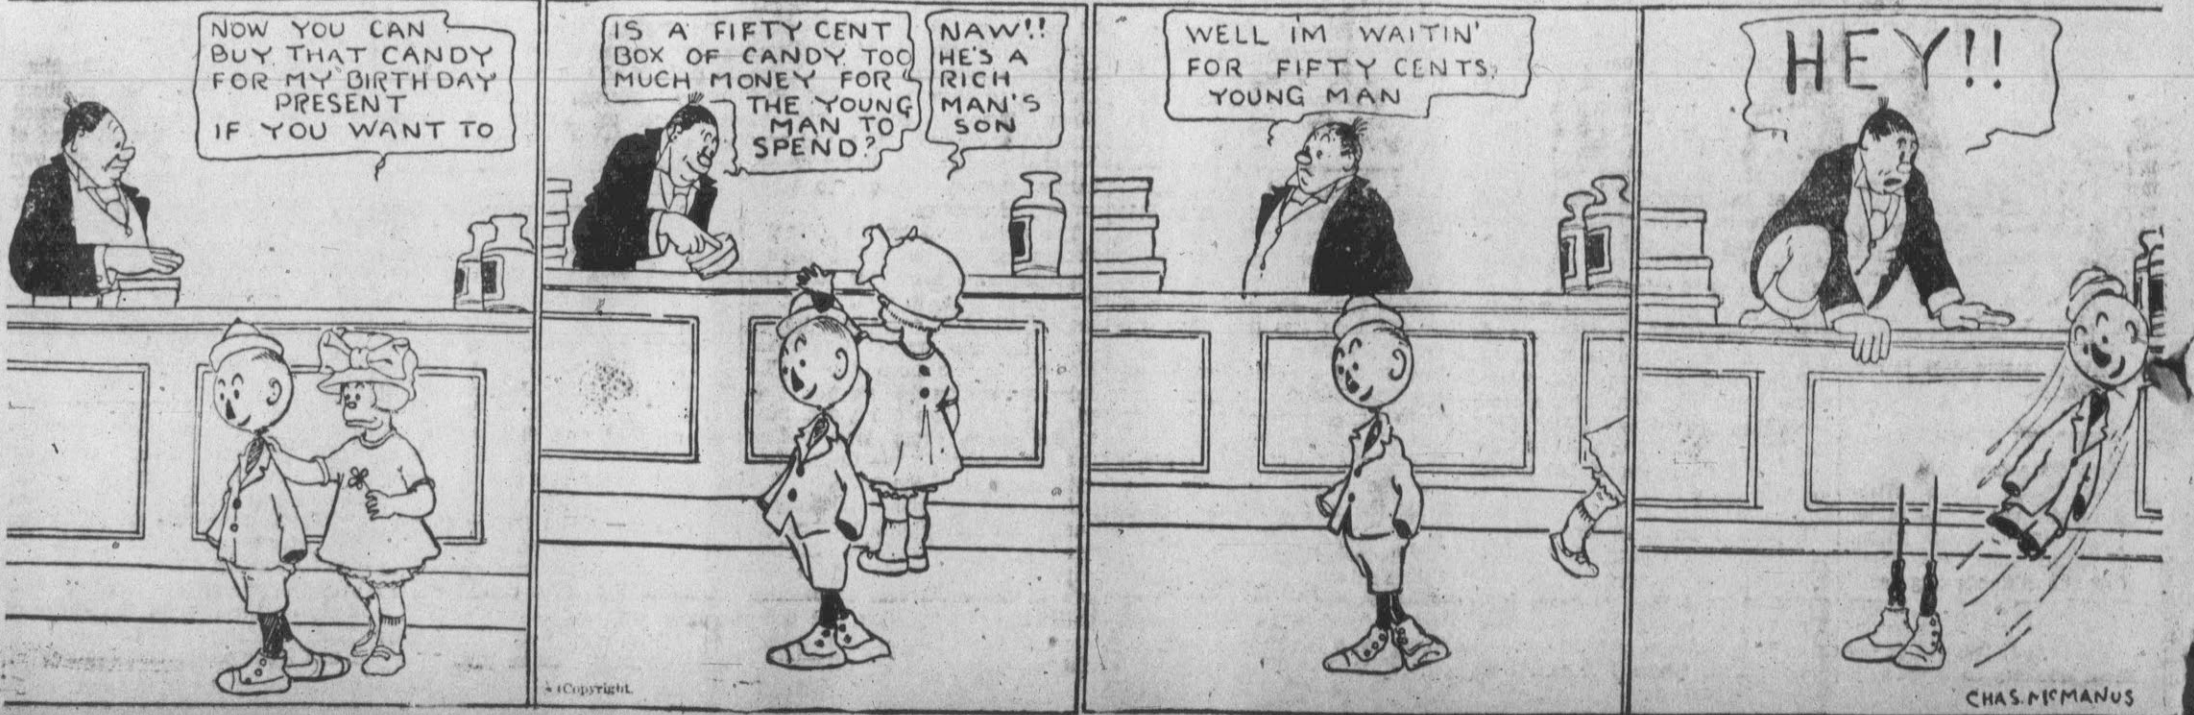

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price.

MAIDEN—CLARK.

Miss Virginia Clark and Carl Maiden were married this morning at the home of the bride. Rev. E. L. Hillman performed the ceremony.

Mrs. Maiden is the daughter of Mr. and Mrs. B. T. Clark of this city.

Both have a number of friends who will be interested in the announcement of their wedding.

BRILLIANT DANCE AT THE WOMAN'S CLUB LAST EVENING

The Nine O'clock Cotillion Club dance given last evening, with Mr. and Mrs. Edward Batchelor, Mr. and Mrs. J. Knott Proctor, Mr. and Mrs. Lee Hannah, and Dr. and Mrs. K. B. Pace as hosts and hostesses, was one of the outstanding social affairs of the season.

The Woman's Club was elaborately decorated for the occasion. The banquet hall where dancing was enjoyed, represented a lovely garden, with rustic chairs and varicolored umbrellas placed at intervals, a latticed fence with masses of yellow daisies, a background of pine trees, with southern moss formed an enchanting scene.

Punch, sandwiches and cheese straws were served throughout the evening. Mr. and Mrs. C. S. Forbes and Mr. and Mrs. E. B. Ferguson served the punch from an old fashioned well placed in a rustic arbor.

Mr. and Mrs. Lee Hannah led the grand march and presented the dancers attractive favors. During intermission little Miss Frances Spillman gave an esthetic dance and Misses Elizabeth Carr and Mary Elizabeth Ferguson a novelty dance.

Mr. and Mrs. H. Dall Laughinghouse and Mr. Douglas, of Richmond, Va., were presented handmade handkerchiefs as prizes, for the first couple and first stag arriving after nine o'clock.

Himant's orchestra, furnished music.

About forty-five married couples and twenty-five stags were present.

Miss Jessie Moyer Returns.

Miss Jessie Moyer has returned home from Bloxi, Miss., where she attended the Confederate Veterans reunion as a maid-of-honor on the staff of General W. A. Smith, commander of the N. C. Division.

Miss Moyer also visited New Orleans, Atlanta, Ga., and Birmingham, Ala., where she was the guest of Mrs. Albert Lee Smith. Here she was extensively entertained by Mr. and Mrs. Smith, Miss Margaret Tynes, Dr. H. P. Hannah, Mrs. J. G. Wilbourne and Mrs. W. J. Thuss.

Miss Smith will be pleasantly remembered here by a host of friends as the former Miss Margaret Gold, of Greensboro, N. C.

JANET GAYNOR TO BE AT WHITE'S THEATRE

Janet Gaynor, whose singing voice was first heard on the screen in "Sunny Side Up," again sings in "High Society Blues," Fox Movie-tone musical romance to be seen and heard at White's Theatre Monday and Tuesday. Miss Gaynor had three outstanding song hits in "Sunny Side Up" while in her current production she has four. All four were written by Joseph McCarthy and James F. Hanley, famous Broadway composers and lyricists. Charles Farrell is also featured and David Butler directed.

FIRST ATTRACTION OF SUMMER AT THE COLLEGE THURSDAY EVENING

The first of the summer entertainments at East Carolina Teachers College will be tomorrow, Thursday evening, at eight o'clock, in the old auditorium, in the Administration building. This will be a duet concert by the "two who sing as one," Tom Fuson, tenor, and Ethel Wright, contralto, who are both excellent artists, with charming personalities.

Season tickets, as well as tickets for this one attraction, will be sold at the door. The other attractions will come at convenient intervals throughout the months of June and July, one each week, with the last one the first week in August.

The second attraction will be the Coffer-Miller Players, with a matinee and an evening performance on June 28. The series includes two other musical recitals, one by Salvi, the Harpist, and one by the baritone, Edwin Swain. Another company of players, the Elizabethan Players, will present two of Shakespeare's plays. A magician of the higher order of magicians, one who performs his tricks of magic, and yet is far more than a trickster, is one of the features of the series.

Two popular writers and speakers are on the program, Pearson, a poet and reader, who will give a poetry recital, and a humorist, Strickland Gillilan.

This is an exceedingly attractive program of entertainments, one of the very best ever offered at the college.

PRESBYTERIAN CHURCH PRAYER SERVICES

This evening at 8 o'clock, the mid-week prayer services will be held in the Presbyterian church as usual. The book to be studied this evening is Joshua. Read it and come to be helped in further study.

PREACHES TO BIG CROWD IN THIS CITY

Rev. Robert P. Turner of the Gospel Tabernacle, Wilmington, N. C., accompanied by H. D. Brown, stopped over in Greenville last night on their return trip from Ocean View, Va.

Rev. Turner preached in the warehouse to a crowd of people estimated at from three to four thousand. Long before the services were scheduled to begin, every seat was taken. Hundreds from Washington and nearby cities attended. Over two hundred were prayed for. Rev. Turner is a Missionary Baptist by faith. He has promised to return and preach again next Monday night.

Notice.
Did you know that names have been taken off of Troop 33's roll for inattendance? This might be you.

H. A. Bost Raises Giant Irish Potatoes

H. A. Bost, well-known tobacco-nist of Greenville, is not only well-informed concerning the tobacco industry, but he also knows something about raising Irish potatoes, as samples on display at the Reflector will demonstrate.

Mr. Bost brought a half dozen potatoes to the office this afternoon, and from the standpoint of size, they outclass anything seen here this season. The largest cobbler tipped the scales at 25 ounces, and the others crowded it closely for first place.

POLICE CHIEF UNDERGOES APPENDIX OPERATION

Chief of Police Preston Pierce was reported to be getting along nicely today following an operation for appendicitis at Pitt Community hospital last night.

Injured Patrolman Greatly Improved

Patrolman Byrd, who has been confined in a hospital at Wilmington several weeks, suffering from injuries sustained when an automobile collided with his motorcycle, was able to return to his home in this city today. His condition is so much improved that it was said he would resume his duties with the police department in about 30 days. He was said to have suffered a fractured spine.

Two Men Charged With Bribery In Recent Election

Little Rock, Ark., June 18.—(AP)—Warrants were enroute here today for the arrest of Lieutenant Lee Cazort and Ernest Dew on charges of violation of the Arkansas corrupt practices act in an alleged attempt to bribe Judge John C. Sheffield, a gubernatorial candidate, to withdraw from the Democratic primary race.

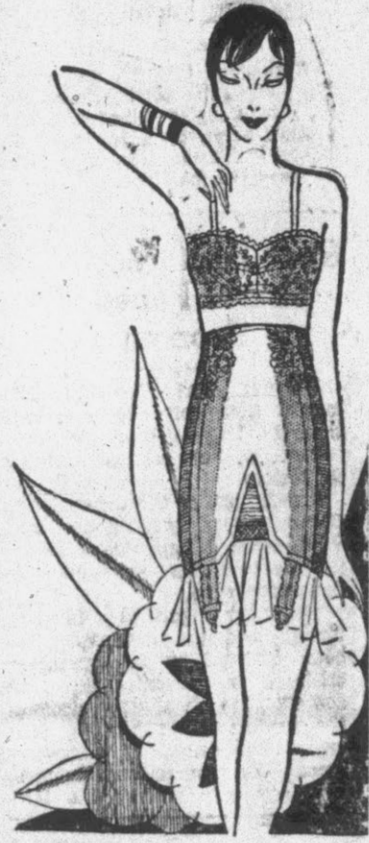

Prosecuting Attorney D. R. Smith said warrants had been mailed from Helena to Sheriff T. A. Cook of Little Rock.

Judge Sheffield, county judge of Phillips county, last week demanded a grand jury investigation of charges that he had been offered \$1,500 or a high state office for his withdrawal from the Racin favor of Brooks Hays, an opponent.

He named Lieutenant Governor Cazort, Dew, former governor Tom J. Terral and Allen Winham, Hays campaign manager, as involved in the proposal.

Big Celebration.
New York—There's to be a big celebration tomorrow, the 49th birthday of James J. Walker. "It's very nice of Admiral Byrd to arrange his return on that day," the mayor commented.

It's a Season for the Proper Foundation Garment—

Beneath slim fitting dresses in the new silhouette, with their lovely unbroken lines, one needs a sevelte foundation with but one rhythmic curve from top to bottom. You will rejoice about the Gossard hook-around sketched here. It's fashioned of lace trimmed crepe-de-chine and elastic panels—and extends two inches above the waistline. Model 5099—\$5.00. Short girdles for the very slender are adequate, all in lovely fabrics.

MR. DAWES AND THE BULL.
 The electric Mr. Dawes wandering through the Senate, shaking hands with old friends, set gossip going. Mr. Dawes was quoting Josh Billings and the Senate wondered to what end. The Senators might have saved themselves the trouble. "Young man," quoth Billings in the bit of wisdom set again in circulation by Mr. Dawes, "never take hold of a bull by the horns. Grab him by the tail because he is easier to let go of that way."
 Whether or not the Senators have gone in for Billings, this is a little piece of political strategy most of the Senators have taken to heart long ago. It has the virtue of having saved innumerable necks in addition to the bulls'. Of course, the fact that adequate precautions to let go any problem as soon as it becomes politically dangerous frequently leaves the problem as rampant and untamed as the bull makes little difference to a politically minded legislator.

In fact, Mr. Dawes' long experience in the Senate and his observation of recent treatment of Muscle Shoals, farm relief, the anti-labor injunction measure, along with some others, ought to have impressed upon him the truth that the Senate has found a much safer way of dealing with the bull. If you're careful, you don't have to take hold of him at all.—News and Observer.

ABOUT TOWN

Members of the Pitt County Post of the American Legion went over to Bethel last night to enjoy the hospitality of members of that place. It was the first time the post had accepted an invitation to meet outside of Greenville in several years and the visit away from home proved very enjoyable.
 Bethel members not so long ago promised to show renewed interest in the work of the Legion, and the invitation to supper was one of the first movements in this direction. It is to be hoped members in other towns of the county will do likewise and in that way bring the boys in closer contact with one another, and incidentally, the communities in closer personal touch.
 The Pitt County Legion has experienced remarkable growth during the last few months, and this will continue from year to year if the members will continue to show interest in the great work of the future. This is a cause that should grow stronger with the passing of each year, for in a few score years now the Legion will live in memory alone, but the great cause for which it fought will live forever.

The killing of another prohibition enforcement officer in this state again brings the people to a keen realization of the dangers which such men confront in the enforcement of the law. It is one of the

great tolls which the enforcement is taking, and which it will no doubt continue to take until the public loses some of its indifference towards the whiskey traffic and attempts to more completely support the men upon whose shoulders the responsibility of enforcement rests.

A plea for more complete support of the officers has been made from different sections of the country from time to time, but if there has been any improvement it is not noticeable. The bootleggers continue to ply their unlawful trade, and the officers continue to pay with their life's blood for attempting to enforce a law which is a part of the nation's Constitution.

This is a situation that demands the attention of the thoughtful, law-abiding citizenry of the nation. It is a condition that not only affects life of every household, but the future of the next generations in that the youth of the country is affected and affected seriously by the surreptitious sales of illicit whiskey.

The killing of prohibition enforcement officers may not be halted completely, but the traffic can be reduced to a great extent by concerted action of the citizenry—action that will not countenance flagrant violation of the law, and the offering of its officers on the altar of sacrifice.

This is the season of the year when the merchants of Greenville have hundreds of bargains for their customers, and the thrifty housewife would do well to visit the various stores and inspect the stocks.

In a few weeks' time the majority of the stores will begin receiving fall and winter stocks. They must make room to take care of the new arrivals, and for that reason the summer goods must be cleared away as soon as possible.

It matters not in what part of the trade territory you may live, you would do well to visit the stores and see what splendid bargains await your inspection. They are goods that would appeal to the most discriminating of buyers. Visit the stores during the next few weeks and be one of the hundreds to take advantage of this harvest season.

Next time the fire alarm is sounded, Mr. Automobile Driver, park your car as soon as possible and make room for the fire trucks. And after the trucks have passed, do not follow them to the scene of the fire and in that way handicap the fire fighters in their work of conserving life and property.

The chief of police issued an ultimatum several days ago calling upon the people to observe fire regulations, and in that way avoid being haled into court and fined for not doing so. Congestion during fires has drawn the ire of the members of the police and fire departments and they mean to see that the law is obeyed if such is possible.

Help the department render a higher type of service by driving your car to the curb when the next alarm is sounded.

Chicago Paper Pledges to Stick to Murder Probe
 Chicago, June 18.—(AP)—The Tribune today editorially took cognizance of various sinister rumors that have circulated since the murder of its police reporter, Alfred (Jack) Lingle nine days ago, and at the same time it pledged itself to pursue the inquiry to the end.

"Recent rumors have arisen regarding Mr. Lingle's relations with gangdom," the Tribune said. "It has been said that he was, in one fashion or another, an ally and that he was killed for violating in some manner the code of gangdom."

"In justice to the memory of Mr. Lingle, we can say that during his life-time Mr. Lingle's honor was not questioned by the editor of the Tribune. Furthermore, every rumor, however unlikely its foundation, is being investigated."

Reds Declare U. S. Faced By Economic Crisis
 Moscow, June 18.—(AP)—Communist newspapers declared today that the United States was facing one of the worst economic crises in its history.

Pravda, one of the organs of the Communist party, said the latest Wall street slump was merely a prelude to a more destructive and dangerous drop.

"America's general industrial crisis," said the newspaper, "has been followed by an agricultural crisis of unprecedented depth and acuteness which sharply decreases the purchasing power of the farmers... the danger of a new war among the imperialistic countries, and especially against the Soviet

Union, assumes a greater reality than ever."

Secretary Hyde Pays Visit To Caledonia Farm

Caledonia State Prison Farm, Halifax County, June 18.—(AP)—This "show place" of the state prison system was today host to Arthur M. Hyde, United States Secretary of Agriculture, and Gov. O. Max Gardner.

The two distinguished visitors came from Raleigh by automobile and joined a group of state officials, newspaper men and agricultural experts for a trip of inspection over the 9,000 acre farm. Both Governor Gardner and Secretary Hyde made short addresses at the farm and were scheduled to speak again tonight at a Chamber of Commerce banquet at Wilson.

Secretary Hyde was introduced by Governor Gardner as "the head of the greatest farming nation in the world."

Governor Gardner's "live-at-home" program was warmly praised by Secretary Hyde.

Governor Gardner characterized the 9,000 acre farm with its 600 workers as "the largest factor in North Carolina in the multiplication of pure-bred seeds."

Sound pictures of the speeches of Governor Gardner and Secretary Hyde and of other scenes at the farm were made for nation-wide distribution.

Beautiful Way to Die
 New York—Mme. Ernestine Schumann-Heink has an idea of a beautiful way to die. She told it on her 69th birthday: "Out on the stage I would sing the last note of a song. Oh, no, I wouldn't want to die before the audience and create a disturbance. But after the last note I would go off the stage and then, out of sight, I would die. That would be the most beautiful way to go."

YANKS DRAW NEAR THE TOP IN AMERICAN

Slow but sure the New York Yankees are pounding their way back to the top of the American League pennant race and they are doing the trick with their powerful bats.

Apparently unnoticed the Yanks have slipped up to within one game of the league leading Athletics and hold jointly with Senators and Indians, the runner-up position. Starting five days ago at Detroit the Yankees began pounding the ball all over the field with the result that they have won their last five games.

In accounting for the five contests Babe Ruth and company put together 89 hits for 69 runs—enough of each to win several ball games. The Cleveland Indians fell victim to the Yankee big bats yesterday for the third straight time, losing 17 to 2 when Roy Shorid held them so even as CMPWYPMz held them to seven scattered hits. Lou Gehrig connected with his eighteenth home run of the season among his four hits while Earl Combs and Harry Rice also combed four Indian hurlers for four hits each.

The Senators had a chance to move out in front as the Athletics were idle but Walter Johnson's team fouled the St. Louis Browns in one of their hitting moods, so lost 12 to 9. Goetz Goslin, once one of the Senators, led the St. Louis attack with his first home run as a member of the Browns while his mate, provided Lisa and Marberry for fourteen hits.

The Boston Red Sox hammered three White Sox pitchers hard to win 5 to 5. The game closed the White Sox first home stand against the Eastern clubs and left them with only four victories in 12 games. The triumph was Boston's fifth over Chicago in six games.

In contrast to yesterday's free hitting, free scoring contests, the Pittsburgh Pirates and Philadelphia Phillies locked in a pitchers' duel to feature the abbreviated national league schedule. The Phillies won 3 to 4 in ten innings. Chester Nichols, playing his first year with the Phillies, and southpaw Larry French, were the opposing hurlers.

The Boston Braves climbed into first division, eight games back of the pace setting Robins, with a double header victory over the Cincinnati Reds. Aided by some brilliant relief pitching on the part of Frank Frankhouse, a recent acquisition from the Cardinals, the Braves won the opener 6 to 4 and then accounted for the nightcap 13 to 5.

SPORTS SLANTS

By ALAN GOULD
(Associated Press Sport Editor)

In Boston, there is the Banker Hill monument, gray-stone reminder of the Revolution, Harvard and the Back Bay, aristocratic seats of learning and the best families; the brick-walled mansion of Jack Sharkey, modern American pugilist in the exclusive Chestnut Hill section.

Sharkey, just "a Polack" in the days when he was scuffling around for meal money, battling Fibrenanager Jimmy Maloney and Clean Bonjoe Rojas with indifferent success, now is cultivated by and in some of the best social circles of Boston. Jack himself has gone in for "tone" fine furnishings and the estate of a country or at least suburban gentleman. Some of the boys are unkind enough to suggest that he aspires to be a "second Tunney."

By industrious work, profitable investment of his earnings and good management, Sharkey has become financially independent, so much so that it is not likely he will continue an active ring career much longer. In cash, bonds and property, Sharkey is reputed to be worth more than \$1,000,000, an amount which even the eminent Mr. Tunney might be pressed to show on the black ink side of the ledger. That other celebrated money-maker of pugilism, J. Dempsey, has lately been close to the red.

After the First Twenty-five Thousand Miles

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury in an automobile collision.

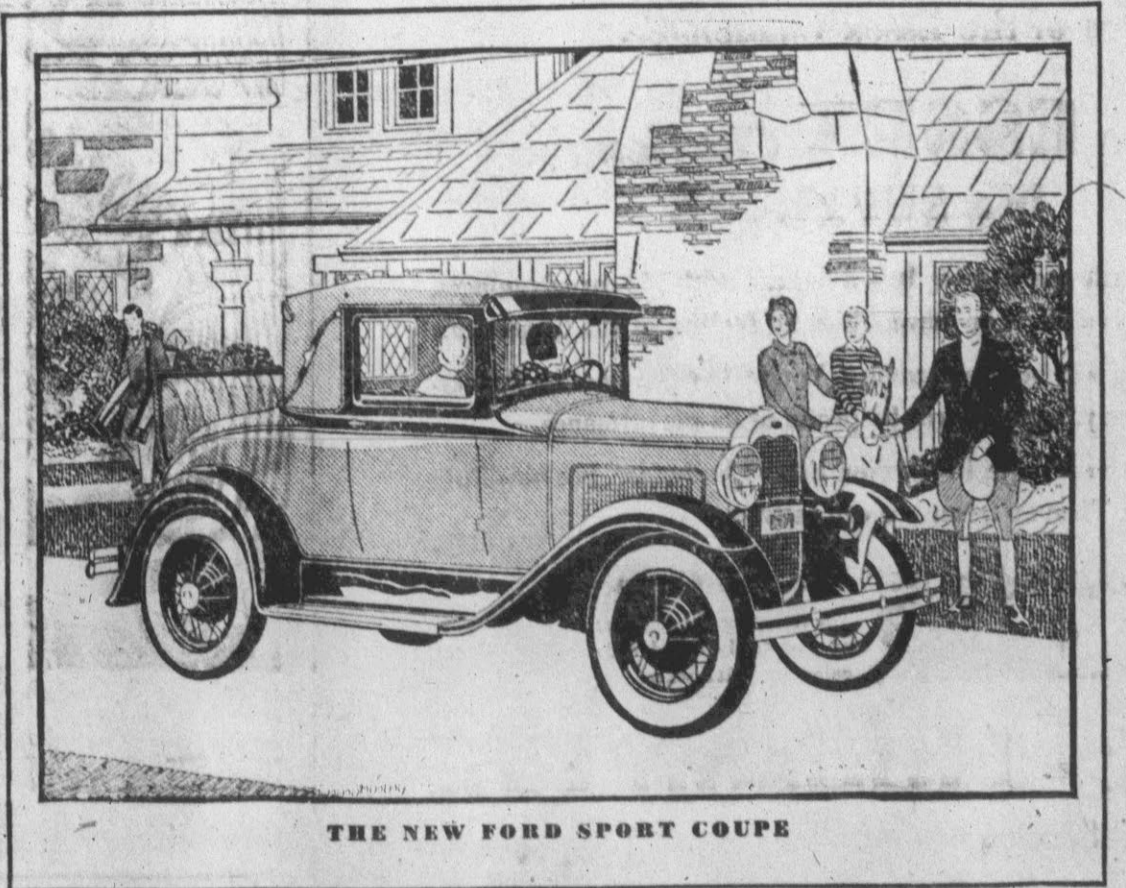

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rafaela races in Argentina, first and second in the run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaes road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, June 18.—(AP)—Cotton opened steady at an advance of 2 to 12 points today on a renewal of the covering movement which developed yesterday morning and was promoted by today's relatively steady Liverpool cables.

The initial prices met considerable realization or liquidation with increased offerings of July, and that position sold off from 13.60 to 13.49 right after the opening, or within 7 points of yesterday's closing quotations, while later months also reacted several points from the best. Offerings were quite readily absorbed around 13.05 for the old October and 12.75 for the new, and the market steadied up with the active months showing no advances of about 2 to 9 points at the end of the first half hour.

The announcement that R. H. Hooper & Co., a member of the New York Cotton Exchange was unable to meet his obligations, may have contributed to the early irregularity, but any selling on that account appeared to be absorbed during the first few minutes.

GRAIN MARKET

Chicago, June 18.—(AP)—Wheat, corn and rye all tumbled down today to new bottom prices for the season, responsive largely to acute weakness of quotations on securities.

After a maximum break of 4 1/4 cents a bushel, wheat rallied and at the last closed unsettled 1 5/8 to 2 1/8 cents lower than yesterday.

Corn closed 1-8 to 1 down; oats 1-2 to 7-8 off and provisions showing 10 to 15 drop.

STOCK MARKET

New York, June 18.—(AP)—The ordeal of deflation was resumed with determination in the speculative markets today, after yesterday's brief rest. Share prices shrunk rapidly under the weight of feverish liquidation. Stock exchange trading facilities were gain-overpowered, and the ticker fell nearly an hour in arrears.

The failure of commodity prices to come to rest upon a firm bottom has been particularly discouraging in both industrial and financial circles. Wheat and cotton prices again tumbled to new low levels for the decline today, and are now around the levels of 1914. Copper prices were again shaded 1-4 of a cent by some custom smelters to 11 1/2 cents, also the pre-war level of 1914.

The steady decline in the prices of staple commodities has been an unexpected sequel to the autumn crash of stock prices in this country, although it is recalled that they started down in Europe in 1928. Bankers are now of the opinion that the decline was deferred here only by the bull stock market of 1928-29.

Manufacturing industry felt fairly secure last fall because of its comparatively low inventories of raw materials, and no such deflation as occurred in 1921-22 was thought possible.

It now appears, however, that the rapid increase in the capacity to produce both raw materials and manufactured goods since the war was not fully taken into account. With post-war adjustments largely completed, industry now finds itself with plant and equipment in excess of the requirements of present consumption, and confronted with heavy overhead charges for maintaining it. As always happens in such times, price cutting developments and consumers hold off in the hope of getting the very bottom prices. In the meantime, earnings and purchasing power suffer.

OTHER NATIONS THREATEN REPRISAL AS NEW TARIFF BECOMES EFFECTIVE HERE

(Continued from page 1)
Clearly this process has taken from a year to eighteen months. The treasury, however, anticipated little difficulty and predicted the tariff law of 1930 would be operating smoothly under completed regulations within ninety days. With the bill signed by President Hoover and on the statute books, Washington looked forward today to the reorganization of the tariff commission for which it make provision. This will be undertaken by the President who is free to reappoint any of the present members.

Senators Borah, Independent Republican, Idaho, introduced a resolution late yesterday calling upon the commission to make an investigation of the comparative production costs here and abroad of a variety of articles.

These included shoes, furniture, cement, hose, shovels, spades, rakes, scoops, rakes scythes, grass hooks, corn knives and drainage tools. His action was with a view to applying the flexible provisions of the new law.

Important Success Claimed By Radical Element In Bolivia

Buenos Aires, June 18.—(AP)—Important successes were claimed today for a moment against the Bolivian government by Roberto Hinojosa, radical leader and former member of the La Paz diplomatic service.

Government circles disputed the claims. Wires were down, preventing complete communication with the Bolivian capital and intervening points, and the cable companies said censorship had been imposed on outgoing telegrams.

Both revolutionary and government elements, however, admitted capture of the frontier town of Villazon, just across the border from La Quiaca, Argentina, yesterday by a force headed by Hinojosa. Three persons were wounded, one of them a police corporal.

At the Bolivian embassy it was said that only 20 soldiers had been guarding the town. The commissioner of police went over to the insurgents who were said to have been Communists, and aided in the seizure of government funds and levying of charges upon business firms.

Friends of the government claimed that only three departments, Sucre, Potosi and Tarija had failed to respond, while some dispatches here said activity was confined to the southern section of the country.

To Press Action for Memorial Highway

Washington, June 18.—(AP)—Representative Taylor, Republican, Tennessee said today he would press action on his bill to authorize the Federal government to expend \$2,500,000 as half of the expense of constructing a memorial highway from Knoxville, Tennessee, to the Great Smoky Mountain National Park.

The Tennesseean said he doubted whether it would be possible to hold hearings on the project at this session, however, in view of the rapidly approaching adjournment. Under the plan outlined in the measure, he stated Tennessee or political subdivisions which the road, he said, probably would be 35 miles long and would be over a new route.

5. C. Launches Political Fight

Columbia, S. C., June 18.—(AP)—South Carolina's day-old political campaign was in mid-season form today, with the candidates for state and national offices ready to loose their oratorical powers on the voters of Saluda and Florence.

Led by eight gubernatorial candidates, the 21 seekers after state offices left behind them the battlefield of Lexington where the opening round was fired yesterday and moved on to Saluda to let loose another barrage.

With the accusations of Leon W. Harris, of Anderson, that his seat in the Senate "has been vacated for the last six years," ringing in his ears, Cole L. Blease and his other opponent, James F. Byrnes, of Spartanburg, were to square off in Florence after a fiery opening day at Sumter.
