BLOUNT HEADS TRADE BODY OF THIS STATE

Local Man Chosen to
Presidency At Final
Session of the Mer-
chants Association

Judson Blount, well-known Greenville business man, was elected to the presidency of the North Carolina Merchants Association at the closing session of the annual convention at Wrightsville Beach yesterday afternoon. He succeeds Dallas Holloman, of Raleigh.

Members of the Greenville association returned home last night highly elated over the election of one of their members to the highest office of the State Association. They reported a splendid trip, and expressed belief that the work of the convention would have a far reaching effect on the business life of the State during the next several months.

In addition to the election of officers, the convention passed resolutions declaring itself unalterably opposed to the proposed Sales Tax, which promises to be one of the principal bones of contention at the next session of the General Assembly of North Carolina. While the chain store question was discussed at considerable length, no definite action was taken by the association, this being left to the individual bodies throughout the State.

Another Greenville man came in for honor at the convention. He was Claude Tolar, president of the Greenville Association, who was elected to two important convention committees, those dealing with resolutions and elections of officers.

The election of Judson Blount has been received with more than usual interest by the business interest in this section of the state, and he and his state for that matter. He has served the State Association in many capacities the last several years, holding the position of first vice-president when elected to the highest post it was in the power of the organization to confer upon him.

Mr. Blount has been one of the most active members of the Greenville association since its organization several years ago, and it was largely through his untiring efforts during its infancy that the body was able to rise to the position of power which it occupies at this time. He has served the association in virtually every capacity, and has exerted every influence for the development of the merchandising field in this section.

Greenville sent a large delegation to Wrightsville—probably the largest in history of the organization—and the members of that delegation had one idea alone in their minds—to elect Blount to the presidency. They helped in doing in a way that won the recognition of the entire convention, and every man is satisfied today with the success of the efforts he put forward in behalf of his fellow member.

The following resolutions were adopted pertaining to the Sales Tax question:

"Whereas, many counties in North Carolina have organized a tax payers' league or association, the purpose of which is to secure a reduction in property taxes by legislative enactment; and

"Whereas, many cases the leaders of this movement are strenuously advocating the adoption of a 'sales tax' and pledging candidates for the legislature to vote for and support such a tax at the next session of the general assembly, and

"Resolved by the Merchants Association of North Carolina in conference assembled that we condemn this misguided activity of sales tax advocates and that we are unalterably opposed to the enactment of any sales tax of whatsoever kind."

An amendment authorized the incoming board of directors to establish a fund to be used in fighting a sales tax, and gave the board authority to arrange for the details of raising the fund and conducting the fight.

Other members of Mr. Peters committee were: H. W. Lehman of Durham, Ira S. Brinkley of Lexington, V. Paul Rousseau of Charlotte, F. E. Griffith of Winston-Salem, Isadore Stel of Fayetteville, Arnold Schiffman of Greensboro, and Claude Tolar of Greenville.

Elizabeth City. (AP)—E. F. Rydell, 74, prominent attorney, died during his sleep here yesterday. He was a trustee of Wake Forest College.

STATE MERCHANTS

Judson Blount, of Greenville, who was elected to the presidency of the North Carolina Merchants Association during the final session of the state convention at Wrightsville Beach yesterday.

France to Enter Protest Against American Tariff; Injuries French Interests

Newspapers of Nation
Continue to Regard
Situation As Serious,
Declaring It a
Question of "Life Or
Death"

Paris, June 19.—(AP)—The committee on customs of the French Chamber of Deputies decided this afternoon to draw up a protest to the United States against the new American tariff schedules, deeming it injurious to French interests.

Several members of the committee said they thought a clause should be inserted in the protest declaring that the French customs committee should be free to discuss and to adopt such measures of reprisal as seemed to the committee to be necessary.

Today's newspapers continued to regard the situation as serious. Skeptical editors questioned an official note issued at the American Embassy by Ambassador Edge that the new tariff measure would bring an increase of only 3.35 percent in duties to France on 98 percent of her exports to America.

Edouard Herriot, in a long article published in *Le Nouveau*, called the situation a "question of life and death."

S. J. Rund, 73, former citizen of Greenville, died at his home in Ansonia, Ala., last Saturday after illness extending over a period of ten months. The body was carried to New York for burial.

Mr. Rund, a native of New Bern, was in business in Greenville several years ago and will be remembered by many of the older citizens. He is survived by his widow.

FORD PLANT TO CLOSE TWO WEEKS

Detroit, June 19.—(AP)—The Ford Motor Car company announced today that its offices and plants in the Detroit area will be closed for two weeks beginning July 12. The announcement said the shutdown was to enable all employees to take vacations simultaneously and that a complete plant equipment and machinery inventory also would be made.

Most of the other automobile plants in the Detroit district are planning similar shut-downs during July and early August.

Gaffney, S. C.—(AP)—Clyde A. Thomas, 15, drowned while swimming in Turner's mill pond near here.

WILKINS PLANS VISIT TO POLE IN SUBMARINE

Noted Explorer Announces Collaboration
In Expedition
Sometime This Year

Paris, June 19.—(AP)—Captain Sir George Hubert Wilkins, British explorer, and Lincoln Ellsworth, American, who has spent much of his life in the Arctic regions, today announced collaboration in an attempt next year to reach the north pole by means of a submarine.

At Lenzburg, Switzerland, Capt. Wilkins issued a statement saying that Mr. Ellsworth, who was a joint leader with Roald Amundsen on the Norge across the north pole, will be associated with him as joint leader in the projected exploration trip to be known as the Wilkins-Ellsworth trans-polar submarine expedition.

The statement continued: "Commander Sloan Danneberg will be master of the vessel and Dr. H. Sverdrup the chief of its scientific staff. They expect to leave New York for Spitzbergen next June, and traveling under the ice across the north pole so as to reach Alaska late in August."

"A definite decision as to whether Mr. Ellsworth will actually make the journey will be delayed until he returns this summer from an expedition to Labrador."

Mr. Ellsworth, arriving in Paris from Basel, enroute to America, confirmed Captain Wilkins' announcement, and added: "Sir Hubert will stay in Switzerland until the middle of July to finish his book on his south pole explorations. Then he will go to New York to supervise rebuilding the submarine to be used next year."

Mr. Ellsworth will leave for the United States Saturday aboard the Mauretania and will depart almost immediately on an eight hundred mile canoe trip to the unexplored headwaters of the St. John's and Hamilton rivers in Central Labrador. Beckman Toole, a Harvard junior, will accompany him. Capt. Wilkins is residing at present at the Ellsworth home at Lenzburg.

Captain Wilkins announced last year that he would attempt the trans-polar submarine trip, and stated that he had discovered an old submarine constructed by Simon Lake, the inventor, which would suit his purpose admirably.

Washington, June 19.—(AP)—A dismantled, battered navy submarine, the O-12, is to be chartered to Sir George Hubert Wilkins for his Arctic expedition.

Captain Wilkins asked the navy to lease the undersea craft to him, but Assistant Secretary Jahnke ruled the request must come through the shipping board. Application was made which in turn the submarine was to be returned to the board so the craft could be leased to Sir Hubert for \$1 a year.

The O-12, one of a group built by the firm which Simon Lake, submarine developer, is a member to be outfitted at the Lake and Danenhower yards at Bridgeport, Conn. It will be equipped with scientific apparatus as well as devices intended to enable the submarine to bore a hole through 60 feet of ice so as to renew the air supply and charge the batteries.

Following a conference between representatives of the Charlotte-Mintire Association and Manager John E. Crowell of the local airport, a ban has been placed on commercial flying Sunday morning between the hours of 9 to 10:30.

Newark, N. J., June 19.—(AP)—Expenditures on behalf of Dwight W. Morrow in his successful campaign for the Republican senatorial nomination today were placed by his campaign manager at approximately \$44,000, of which Morrow contributed \$15,000.

Douglas Thomson, the campaign manager, said contributions totaling \$63,608 were received. He said his figures included expenditures up to and including June 13.

Alexander Simpson, Democratic nominee, who will oppose Morrow in the November election, in a statement said:

"The Democrats will enter this fray untried by the money of J. P. Morgan & Company which almost floated New Jersey out of a position between New York and Pennsylvania."

Morrow was a partner in the Morgan firm before assuming the post of ambassador to Mexico.

Heads Western Fete

Lorne W. Barclay, national director of the Covered Wagon Centennial, arrived in Greenville today at 11:40 a. m. (EST) on the turf of lower Manhattan, from which he sailed six months ago on a pilgrimage of exploration into the white wastes of anti-Arctic.

Surrounded in sea and sky and on the land by a roaring welcome in which planes and harbor craft and cheering thousands joined, he debarked from the city welcoming tug Malcom to receive from the City of New York the third and by far the most boisterous greetings it has tendered to him for his achievements of exploration by air.

Admiral Byrd had boarded the Malcom half an hour before from his barge, the City of New York, at quarantine. The first person he greeted was his mother, whom he held in a warm embrace for a moment, then turned to other relatives and friends.

"It's good to get back again," he said smiling, as he greeted the city from the radio telephone aboard the Malcom. "It's good to have this reception."

Then, turning to the reporters, he spoke of the serious business which took him to the anti-Arctic and of what his expedition has accomplished there.

They had discovered and explored 125,000 square miles of land, he said, existence of which had only been surmised before. They found rock formations indicating great coral deposits, of commercial significance.

The thing for which he was most thankful, he said, was that he had brought his expedition all safely home.

"All of my men have come back safe," he said feelingly, "for which we must thank Providence."

The admiral said he had no future plans and would not undertake further explorations until a \$100,000 debt remaining from this expedition was cleared away.

Mrs. Byrd, who was prevented by high seas from boarding the City of New York last night from a specially chartered tug, was not down the bay today to meet her distinguished husband.

Relatives said she had returned from the futile trip out to Ambrose light until 3 a. m. this morning and had decided to postpone her greeting until later. She was expected to join the admiral after the reception a city hall.

City of Chicago Seeks New World Endurance Record

Chicago, June 19.—(AP)—Aloft 184 hours at 7:40 a. m. the airplane "City of Chicago" soared upward today seeking a new world endurance refueling flight record.

The pilots, Kenneth and John Hunter, dropped a note to Sky Harbor airport officials early today that the engine of their plane showed no effects of the eight days' ordeal.

Mr. Hooks is one of the busiest men of the county at this time, making preparations for the precinct meetings, county convention, and most important of all, the vigorous campaign to be waged here next fall in preparation for the November election. He said he hoped to get the county machine going at full speed ahead when the summer months so that when the fall campaign opens everything will be ready to carry the drive through in whirlwind form.

Address Features
Park Conference

Linville, June 19.—(AP)—A paper "The relation between national and state parks" by A. B. Cammerer, associate director of the national park service, was the chief event on the program at the morning session today of the national conference on state parks.

Aerial Conqueror of Both Ends of the Earth Given Rousing Welcome to N. Y.

Planes, Harbor Craft
and Thousands of
Cheering People
Give Admiral Byrd
Noisy Reception Fol-
lowing His Return to
New York After An
Absence of Sixteen
Months At the South
Pole

New York, June 19.—(AP)—Aerial conqueror of both ends of the earth, Rear Admiral Richard E. Byrd set foot again today at 11:40 a. m. (EST) on the turf of lower Manhattan, from which he sailed six months ago on a pilgrimage of exploration into the white wastes of anti-Arctic.

Surrounded in sea and sky and on the land by a roaring welcome in which planes and harbor craft and cheering thousands joined, he debarked from the city welcoming tug Malcom to receive from the City of New York the third and by far the most boisterous greetings it has tendered to him for his achievements of exploration by air.

Admiral Byrd had boarded the Malcom half an hour before from his barge, the City of New York, at quarantine. The first person he greeted was his mother, whom he held in a warm embrace for a moment, then turned to other relatives and friends.

"It's good to get back again," he said smiling, as he greeted the city from the radio telephone aboard the Malcom. "It's good to have this reception."

Then, turning to the reporters, he spoke of the serious business which took him to the anti-Arctic and of what his expedition has accomplished there.

They had discovered and explored 125,000 square miles of land, he said, existence of which had only been surmised before. They found rock formations indicating great coral deposits, of commercial significance.

The thing for which he was most thankful, he said, was that he had brought his expedition all safely home.

"All of my men have come back safe," he said feelingly, "for which we must thank Providence."

The admiral said he had no future plans and would not undertake further explorations until a \$100,000 debt remaining from this expedition was cleared away.

Mrs. Byrd, who was prevented by high seas from boarding the City of New York last night from a specially chartered tug, was not down the bay today to meet her distinguished husband.

Relatives said she had returned from the futile trip out to Ambrose light until 3 a. m. this morning and had decided to postpone her greeting until later. She was expected to join the admiral after the reception a city hall.

Tax Collections Nearly Wipe Out Deficit of U. S.

Washington, June 19.—(AP)—Huge income tax payments received by the treasury on June 17 together with public debt receipts nearly wiped out the \$202,556,065 deficit with which the government was faced the day before.

Income tax payments from the second installment on 1929 incomes totaled \$102,169,256 while miscellaneous receipts were \$109,313,790. Funds from the sale of treasury certificates and cash payments from debtor governments totaled \$543,651,895, reducing the deficit to \$61,952,210.

At the same time the government paid out \$46,120,134 reducing the deficit to \$15,832,076.

At the same time the government paid out \$46,120,134 on public debt expenditures chiefly for retiring maturing treasury certificates.

The income tax payments for the day brought the year's total to \$2,010,716,112, nearly 200,000,000 more than the same period last year.

The huge payments are expected to assure a comfortable surplus in the treasury at the end of the 1930 fiscal year on June 30.

Kellogg Honored

Frank B. Kellogg, former secretary of state, was made a doctor of laws by Brown university at its 162nd commencement.

MANIAC KILLS TWO PERSONS IN N. Y. CITY

Other Lives Threat-
ened As Homicidal
Fiend Remains
At Large

New York, June 19.—(AP)—Several hundred policemen searched the byways of the Boston Post road today for evidence of a third murder by the maniac blamed for two killings in Queens within a week.

Search for the mad slayer shifted today to the East's Bronx, after an all night vigil in Queens, when a newspaper received a warning in the mails purporting to come from the slayer himself boasting that he had committed another murder, naming his victim "Harold Bridenbach" and saying the body would be found on the Boston Post road.

The killer had warned in previous letters that he would strike again last night in College Point Queens and six hundred policemen blarneyed the district in a search for him, but while they still scoured the vicinity early today, another letter, purporting to come from the same source, reached the newspaper.

It said the killing had been done, but along the Boston Post road in the Bronx, across Long Island Sound from the Borough of Queens no body was found.

Failing to rise to the bait of a score of police automobiles parked in lonely sections of the Borough of Queens, New York's homicidal maniac with two victims already to his credit today continued to spread fear through the district.

The mysterious slayer in a series of letters to a newspaper announced he would commit his third murder on a list of fourteen at College Point, Queens, last night, but apparently was frustrated by a mobilization of 2,425 police.

As both previous victims were men seated in parked automobiles with women companions, a score of department automobiles occupied by detectives and policemen were planted in secluded spots in hope that the slayer would pick one of them as his third victim.

In addition to the parked automobiles, police on motorcycles, in emergency wagons and on foot patrolled all roads in the Borough.

During the day Queens police received a letter apparently from the slayer in which he taunted them and enclosed an empty shell evidently used in one of the two slayings.

A call was sent out by police to all institutions for the insane throughout the east to report any in jail here today in connection with the fatal shooting of his father W. A. Way, farmer of near Greensboro, as he sat on his front porch, his wife at his side, last night.

Descriptions of the slayer, as given by the two women companions of the slain men, were broadcast. These descriptions conflicted somewhat. One was of a man about 40 years old, five feet, six inches tall weighing about 125 pounds, while the other was of a man about 30 years old, six feet tall, weighing 165 pounds. Both women agreed he spoke English with an accent.

Vernon, the family's youngest child, has steadfastly maintained innocence of any knowledge of the slaying.

SENATE HOPES TO STOP WORK IN SHORT TIME

Members Believe
They Will Be Able
to Bring Session to
An End Next Week

Washington, June 19.—(AP)—Wearily and hopefully, Senate leaders looked forward today to adjournment some time next week and gave their backing to efforts to make this possible.

The first step was the negotiation of agreements for votes of the World War pensions bill and the pensions bill and the rivers and harbors measure. They were confident these would be disposed of by the end of the week, with the close of the session to follow shortly thereafter.

It was arranged that the veterans measure be given first attention today, provided an agreement for a vote could be reached. It had widespread support, and there was every likelihood of passage by tonight.

Next on the program, Chairman Johnson of the commerce committee intends to press to a speedy termination the controversy over the rivers and harbors bill which centers around the amount of water to be withdrawn from the Great Lakes for the Illinois water.

Senator Glenn, Republican, Illinois, will make the final appeal for his state against the amendment of Senator Blaine, Republican, Wisconsin, which proposes to restrict the quantity of water which may be diverted.

Both sides in this contest have agreed to permit an early vote but the senators representing the other Great Lakes states have intimated very strongly that if the Blaine amendment is not approved there will be "plenty" of debate before the rivers and harbors measure is allowed to come to a vote.

Meanwhile the House was ready today on the second deficiency vote carrying funds to meet new projects authorized legislation at this session and for emergency situations.

Quick disposition of this measure in the Senate is planned, although leaders are prepared for severe attack upon the \$10,650,000 item for starting work on Boulder Canyon Dam in the Colorado river. The Arizona senators have indicated they would oppose this but stern methods are contemplated if a filibuster develops.

Until this important appropriation measure, the last of the supply bills is out of the way, no move will be made toward adoption of an adjournment resolution.

Another threat against adjournment has developed in the deadlock between the Senate and House over the District of Columbia appropriation bill.

Doctors Baffled By Mystery Poison: Six Children Die

Chicago, June 18.—(AP)—Four of the six children of Mr. and Mrs. Benjamin McKittick have died from a mysterious poisoning that so far has baffled physicians and scientists.

A fifth child rallied lightly today from a blood transfusion, undertaken as a last-minute expedient. While the transfusion of blood, the mother attended the funeral of her children; Raymond, 2, Evelyn, 6, and Paul, 10.

A few hours later, Donald, 3, died. Led by health commissioners, some of Chicago's best known physicians and scientists have tried to solve the poisoning; they were convinced that it resulted from some bacterial organism but were unable to determine the source.

The infection is believed to have originated in the nose and throat and then spreading through the body, destroying the red corpuscles in the blood.

Youth Held For Shooting Father

Greensboro, June 19.—(AP)—A 15-year-old boy, Vernon Way, was in jail here today in connection with the fatal shooting of his father W. A. Way, farmer of near Greensboro, as he sat on his front porch, his wife at his side, last night.

The youth was arrested after officers found in the room which he occupied with his parents a small caliber gun which appeared to have been recently fired. A bullet from a gun of that type killed Way, they said.

Vernon, the family's youngest child, has steadfastly maintained innocence of any knowledge of the slaying.

Nominee In Maine

Associated Press Photo
Rep. Wallace H. White defeated former Governor Ralph O. Brewster for the Maine Republican nomination for United States senator.

SPORTS SLANTS

As Dink Templeton, Stanford's able young track and field coach, tells the story, the secret of Erick Krenz's remarkable success as a discus thrower is his ability to "know where he is at" while making the whirl preliminary to heaving the heavy platt long distances.

"Most discus throwers," observed Templeton, "take a brief wind-up, whirl and throw, just trusting to luck and letting go. They may have good form but Krenz has studied his specialty to such an extent that he knows exactly what he is doing in every move and makes every motion count. He is the only discus thrower who knows just how he is going to come out of that spin."

"It is like an aviator going into a tail spin. An experienced flyer will not lose his balance. He will keep control and come out of it all right. The novice, if he gets cut off at all, probably will go right into another tail spin and crash."

"That's the difference between Krenz and the ordinary discus thrower. It is why Krenz is the greatest of all time in that event."

One of the best ways we can think of to become dizzy this spring is to watch the standing of the clubs in the major leagues for a few days in a row. It looks as though the best way to dope the race is to put all the club rames in a hat and draw them out to determine the order of finish.

Believe it or not, ill winds have blown the champion clubs a lot of good. Just when the Cubs appeared to have reached the limit in hard luck, Hal Carlson died and Rogers Hornsby cracked an article. Whereupon Joe McCarthy's bruised Bruins rallied and bobbed up in second place, within striking distance of the pace-setting and high-flying Robins.

The world's champion Athletics, with Mickey Cochrane a semi-casualty, Al Simmons in a hospital, Bishon and Dykes out of the game, routed the Senators to regain first place in the American League.

Seemingly, the harder they fall, the higher they bounce, indicating the clubs are as lively as the ball.

Not since Babe Ruth left town at the threshold of his amazing career as a home run hitter has conservative Boston become so steamed up over a slugger as it has over Wally Berger, the rangy new, siege gun of the Boston Braves.

Berger came up from the Pacific Coast League this year with a reputation as a circuit clouter. He drove balls beyond the palm trees and the natives to cover at Waterfront Park in St. Petersburg during training but the townspeople still were skeptical until showed the real thing in championship action. Berger has shown them he can slug with the leaders and he has been the biggest single factor in brisk business so far at Braves Field.

Bill McKeechie had some idea of making a third baseman out of Berger when struggling to figure out a lineup of Braves in the South. He abandoned this idea, however, in favor of allowing Walter to roam the outfield and concentrate on his slugging, which has been both terrific and timely.

Blind to Study Opera

New York—Mary Cook Coward of Birmingham, Ala., blind since an accident at the age of six years, is to study opera abroad. She has been a composer, concert singer and teacher of voice and has appeared in vaudeville and doubled in the talks for stars who lacked vocal talent.

Expert Twin Admirals

Annapolis, Md.—Uncle Sam is looking forward to twin admirals. Jacob T. Bullen and George H. Bullen of Shreveport, Ala., are new members of the naval academy.

WANT ADS PAY

Tire prices are down!

—anyone can afford Goodyears this summer

When rubber goes down, tire prices follow.

Rubber is 'way down now, and tire prices are the lowest they've ever been.

Wise buyers are taking advantage of this situation — reaping the utmost in value.

They're buying Goodyear Tires in greater volume than ever before.

The reasons

why Goodyear Tires give utmost value are not hard to state.

In both the two main parts of

a tire, Goodyears are definitely superior.

The Goodyear All-Weather Tread is superior in traction.

The Goodyear Supertwist Carcass is superior in vitality and long life.

If you think these are merely advertising claims demand to see the proof.

Any Goodyear Dealer will be glad to demonstrate the facts.

The facts certainly are: Goodyear Tires do give extra value.

That's why more new motor cars

leave the factories on Goodyear Tires than on any other kind!

That's why more transcontinental, urban and interurban buses and coaches operate on Goodyear Tires than on any other kind!

That's why more truck tonnage is hauled on Goodyear Tires than on any other kind!

That's why, throughout the world, year after year, more people ride on Goodyear Tires than on any other kind!

No mistake about it, this season is the chance of a lifetime to take full advantage of low tire prices and high Goodyear value.

Therefore: now is the time to get yours!

Mr. and Mrs. James Patterson and little daughter have returned from New Orleans, where Mr. Patterson attended the T. P. A. meeting. They also visited relatives in South Carolina.

Mrs. E. P. Weeks, Miss Margaret Weeks and Mrs. A. J. Crisp spent yesterday in Tarboro.

Mrs. Charles O'H. Laughinghouse of Raleigh, is the guest of her son and daughter-in-law, Mr. and Mrs. H. Dall Laughinghouse.

Mrs. Hooker Improving.
Friends of Mrs. T. E. Hooker will be glad to learn that she is improving, following an illness of several days.

Mrs. Bradsher Ill.
Friends of Mrs. W. H. Bradsher will regret to learn that she is ill.

SEASON TICKETS FOR COLLEGE ENTERTAINMENTS
Season tickets, E. C. T. C. Summer entertainments, 8 attractions, 10 entertainments, \$3.00. Admission for concert this evening, 50c. First of series this evening at 8:00 o'clock in the Administration Building auditorium.

Sam Morton Sick.
S. V. Morton who has been quite ill for the past few days, was said to be greatly improved today.

Slight Operation.
Dr. E. P. Spence underwent a slight operation of the arm at Pitt Community hospital today.

LITTLE MISS PEGGY ROSE SMITH ENTERTAINS

Little Miss Peggy Rose Smith delightfully entertained a number of her friends Tuesday afternoon, the occasion being her fourth birthday.

The little guests were served lemonade on arrival. After enjoying a number of games they were invited into the dining room where a tempting ice course was served. A pretty pink and white birthday cake with four burning candles was used for a centerpiece.

Bats and balls were presented the little guests for favors. The little hostess received a number of attractive gifts.

DUET CONCERT AT COLLEGE THIS EVENING

A duet concert this evening at eight o'clock by two noted singers, a tenor, on Fuson, and a contralto, Miss Ethel Wright, will be the first of the summer entertainments at East Carolina Teachers College. This and all other entertainments for the summer, will be in the old auditorium, in the Administration building, which is equipped with electric fans, and which furnishes room enough for both public and the college audience, as the summer school is smaller than it is in other terms.

The singers for this evening gave such a delightful concert last summer that they were secured for a return engagement, the highest tribute that can be paid artists. Their program is a happy blending of familiar and new songs, some groups for the "two who sing as one" and a solo group for each, which gives a pleasing combination for a summer audience that wishes to be entertained and yet whatever they give is high class and their singing is artistic.

Season tickets, as well as tickets for this attraction only, will be sold at the door. In the series there will be one attraction a week for eight weeks, with the two companies of players each giving both matinee and evening performances. The Coffey-Miller Players, who will be here on Saturday of next week, June 28, will present two comedies "The Merchant Gentleman" and "Her Husband's Wife." The Elizabethan Players, later in the season will present two Shakespeare plays "The Merchant of Venice," and "Macbeth." There will be two other musical attractions—Salvi, the Harpist, and Edwin Swain, the baritone. The other three attractions are Paul Fleming, magician; Pearson, in a poetry recital, and Strickland Gillilan, the humorist.

MR. AND MRS. MANLEY SELLARS ENTERTAIN

Mr. and Mrs. Manley Sellars were host and hostess at a lovely party Monday evening at their home on Washington street.

Six tables were placed in the living room and dining room which were most attractively decorated with gladioli, daisies and other summer flowers.

After four progressions, little Miss Frances Sellars and Lula May Whitehurst served Coca Cola and peanuts.

At the end of eight progressions, ice cream and cake was served, carrying out the yellow and green color scheme.

Prizes were presented to Mr. and Mrs. Karsnak for high score. The guest list included: Mr. and Mrs. L. B. Tucker, Mr. and Mrs. E. W. Griffin, Mr. and Mrs. John Karsnak, Mr. and Mrs. Johnston, Mr. and Mrs. J. A. Collins, Mr. and Mrs. Ruth Blount, Mr. and Mrs. H. N. Edwards, Mr. and Mrs. J. L. Simmons, Mr. and Mrs. H. L. Cherry, Miss Bernice Tripp, Miss Zelota Tripp, and Messrs. Marvin Honeycutt and Tommy Hicks.

MATHER-YOUNG.

Mr. Richard V. H. Mather and Mrs. Ethel Nelson Young announce their marriage on Thursday, the twelfth of June, nineteen hundred and thirty, Westbrook, Connecticut.

At Home
Greenville, North Carolina

St. Paul's Church Has Picnic.
Members of the Sunday school of St. Paul's Episcopal church enjoyed a delightful picnic at Public Landing yesterday. The outing was largely attended and proved decidedly one of the most enjoyable of years.

TO ELECT OFFICERS FOR PYTHIAN LODGE

At the regular meeting of the Knights of Pythias tonight officers for the next year will be elected. All members are urged to attend.

Miss Smith Entertains
Farmville, June 18.—Miss Louise Smith delightfully entertained the members of the Wednesday Afternoon Bridge Club at her home on Wilson street. Tables for bridge were arranged in the living room which was very attractively decorated with cut flowers. After several progressions the hostess served a refreshing salad course. Special guests for the afternoon were Miss Allie Fountain of Fountain and Miss Edith McGranahan.

ENTERTAIN DAUGHTERS OF THE REVOLUTION

Farmville, June 18.—Miss Emma Caraway and Mrs. Hugh S. Shepard were joint hostesses to the Major Benjamin May chapter of the Daughters of the American Revolution at the Woman's Club in Wilson, on Monday, June 14. The club rooms were very appropriately decorated with flowers in a color scheme of red, white and blue, symbolic of the day. After a short business session, presided over by the regent, Mrs. T. C. Turnage, Mr. Drexel Childs Barrett of Wilson, a world war veteran and a member of the American Legion, gave to the chapter an American flag, in honor of his mother, Mrs. J. E. Barrett.

Bryce Little, prominent young attorney and citizen of Wilson, and a "Buddy" of Mr. Barrett's, presented the flag and told of the war records of the past generations of the May, Tyson and Bynum families. Nancy Barrett, little daughter of Mr. Barrett, unfurled the flag as the Star Spangled Banner was sung. Mrs. T. C. Turnage accepted the flag for the chapter.

Mrs. C. T. Dixon then read "The American Flag," by Mrs. Lowell Fletcher Hobart. Abuses to the Flag was read by Miss Lydia Tyson, the Salute to the Flag was led by Mrs. E. B. Beasley and Mrs. G. M. Holden read "What Our Pledge Means." The program for the afternoon was as follows: Colonial Paintings, read by Miss Tabitha De Visconti and Colonial Needlework and Weaving by Miss Martha Carr. Quilts and samplers made in and before 1854 by members of the May family were on exhibition.

Delicious refreshments, with attractive red, white and blue favors were served by the hostesses, assisted by Mrs. C. R. Moore and Mrs. W. H. Whitmore.

Special guests were: Mrs. W. B. Murphy of Snow Hill; Mrs. Ophelia of Rocky Mount; Miss Mary K. Jerome, of Atlanta, Ga.; Miss Lou Daniel, Mrs. Williams, Mrs. J. C. Hales, Mrs. Walter Woodward and Mrs. Stephen C. Well, of Wilson, and Mrs. D. E. Oglesby, of Farmville.

Hostesses to Larkin Club.

Farmville, June 18.—Mrs. I. S. Satterfield and Mrs. Sterling Gates were joint hostesses to the Larkin Club at the home of Mrs. Gates on Tuesday afternoon. Two tables for bridge and one for rummage were arranged in the living room which was tastefully decorated with summer flowers. Mrs. Paul Jones won high score at bridge and Mrs. J. O. Pollard high score at rummage. Both were presented with handsome candle sticks. The hostesses served a refreshing salad course at the conclusion of the games.

Head Chicago Cops

John H. Alcock, first deputy commissioner and law enforcement veteran, has been named acting commissioner of Chicago police.

WHEN MICHAEL WAS STILL KING

Queen Helen, wife of Carol II of Rumania, and their son, Michael, admiring a blue ribbon winner at a horse show held at Craiova. This was probably the last public appearance of the boy who reigned as king while his father was in exile. Michael is now crown prince.

Guests of Mr. and Mrs. Batchelor.

Mr. and Mrs. Howard Lettie, of Birmingham, Michigan, are the guests of Mr. and Mrs. Edward Batchelor, Mr. and Mrs. Lytle, married last week. They will leave tomorrow for Florida.

Mrs. Yelverton Hostess.

Farmville, June 18.—Miss Mary Ellen Yelverton entertained a number of friends Friday night at the home of her aunt, Mrs. Thomas Lewis. Punch was served the guests upon arrival and at the conclusion of several hours of games, music, etc., the hostess, assisted by her aunt, served a refreshing ice course.

News Publishers To Meet In N. C.

Chattanooga, Tenn., June 19.—(AP)—Pending legislation including the Vanderberg bill governing certain contempt cases, and postal regulations will be discussed at the convention of the Southern Newspaper Publishers' association at Asheville, June 30 to July 2, according to an announcement made today by Cranston Williams, secretary and manager.

Frederick A. Tilton, third assistant postmaster general, will speak on postal affairs. James G. Stahlman, executive director of the Nashville, Tenn., Banner, will address the discussion of lottery advertising and post office department rulings. Horace J. Donnelly, solicitor for the postoffice department, will be in attendance.

The Vanderberg bill to require Federal judges to permit other judges to hear certain contempt cases will be taken up at a round table led by Mark Ethridge, managing editor of the Macon Telegraph. Publishers' labor problems will be the subject of Harvey J. Kelly of the American Newspaper Publishers' association and Frank E. Phillips of the New Fourland Newspaper Association.

BUILDING AND LOAN HEARS BIG SPEAKERS

Blowing Rock, June 19.—(AP)—The North Carolina League of Building and Loan associations entered the second and final day of its 27th annual meeting today with addresses by several North Carolinians on the program.

Speakers today include John P. Lucas, of Charlotte, vice-president of the Southern Public Utilities company; Dan C. Boney, state insurance commissioner; and Robert N. Page, president of the Aberdeen Building and Loan Association.

Henry Dwire, director of public relations and alumni affairs of Duke University, will address the League at its annual banquet tonight. The near-by towns of Lenoir and Boone are joint hosts to the gathering.

Beginning Saturday, June 7th DR. E. T. DICKINSON

will maintain an office in the Hotel Proctor for the Electrical Elimination or Removal of Tonsils, and other Electric Surgery Especially that of the Head and Neck. Hours 11 to 1 each Saturday Only One Short Treatment Each Week Being Necessary.

Hornaday Elected Veterinarian Head

Charlotte, June 19.—(AP)—Dr. W. A. Hornaday, of Greensboro, was elected president of the North Carolina Veterinary Medical association which prepared today to wind up its annual convention. Other officers elected were Dr. W. T. Scarborough, of Raleigh, first vice-president, and Dr. J. H. Brown, of Rich Square, secretary-treasurer. Invitations were received to hold next year's convention in Asheville, Wilmington, and Statesville. Decision upon the invitations was left with the executive committee.

TOLD DAUGHTER TO TRY CARDUI

Mother Had Taken It and Thought It Would Help Weak Young Woman.

Elizabeth, Ind.—Mrs. C. O. Sutton, of this place, writes as follows, describing her experience in the use of Cardui:
"My mother first recommended Cardui to me. I was weak and could not do my work. I had pains in my back and side. It seemed like when I would get up, I would drag around to do my work, and had bad headache. I seemed to need a strength builder, so my mother told me to try Cardui. She had taken it herself and had found it a good medicine."

"I took several bottles of Cardui and it helped me very much. I felt stronger and was able to do my work without any trouble. I rested well at night and had a good appetite. I think Cardui is a good medicine."

Many other women have reported that they began taking Cardui on their mother's advice, for this medicine has been in use so long its real worth is known by several generations of women.

PRECINCT MEETINGS IMPORTANT.

Throughout our county next Saturday precinct meetings will be held by the Democratic party and it is the duty of every good Democrat who can possibly do so to attend and take part in his or her precinct meeting. It is at these precinct meetings that executive committees and delegates to the county convention are chosen and it is at the county convention that a county executive committee and delegates to the state convention are chosen. Upon the men and women chosen as our executive committee rests the responsibilities of planning for and directing the operation of the party's affairs in our county, and the selection of the best possible men and women to these posts is absolutely essential. Nearly always there is somebody who is ready and willing to criticize this and that regarding certain courses of the party's affairs but unless these persons are willing to take part in these precinct meetings and share their part of the responsibilities they should keep quiet if things don't go to suit them. Attend your precinct meeting Saturday, have a voice in the discussion of the party's affairs and use your efforts and influence to help select the best executive committee possible for your township.

A LOGICAL PROGRAM FOR ACCIDENT PREVENTION

"I think more can be accomplished for the protection of the public from reckless motorists by the enactment of so-called financial responsibility laws supplemented by adequate registration, license and safety laws, than through any form of compulsory automobile liability insurance," says F. Robertson Jones, general manager of the Association of Casualty and Surety Executives. "The greatest need today is accident prevention, not accident indemnity. The safety-financial responsibility measures meet this need better than any plan that has been devised. Compulsory insurance measures, by subordinating safety to indemnity, have a directly opposite tendency, as demonstrated by the Massachusetts experiment."

The records of the past would seem to bear out Mr. Jones' remarks. Safety responsibility laws, varying only in detail, have been enacted in California, New York and a few other states

and have apparently been very successful. On the other hand, no matter what one may think about the unconditional insurance law of Massachusetts, it has not decreased accidents and has resulted in congested courts. "faked" claims, the withdrawal of at least one company from doing business in that state, and a chaotic political argument over rates.

Of equal importance, as the registration and licensing laws mentioned by Mr. Jones. Only 17 states require examination of drivers. In the other 31, in which North Carolina is included, thousands of reckless and incompetent drivers are allowed to use the public highways where they are a menace to the lives and property of every other motorist.

ABOUT TOWN

The four county league got away to a good start in this city yesterday, and from now on the people of the counties involved will have the opportunity of witnessing a particularly fine brand of ball.

One thing that should make the new circuit appeal to the majority of people is the fact that it will be composed of home-town boys. In other words, each player must come from the county in which he lives. There are numbers of former college and league players in each of the four counties and they should be able to provide a fine brand of ball.

If the league is the success it should be, it is going to be necessary for the people of each county to support it in the best way possible. It takes money to play ball, and the only way this can be realized is through large attendance. Keep this fact in mind and be one of the several hundreds of people to attend the games from time to time during the remainder of the summer months.

The contest in the run-off primary to be held in Pitt County July 5th has narrowed down to two candidates for the Board of Commissioners. The candidates for the Senate and House of Representatives withdrew their demand for the second primary because they realized that it involved an expense which would prove burdensome to the people at this time when economy is the watchword of every county government in the state. The action is to be heartily commended and that it will receive the approval of the majority of people is not to be doubted.

The plans of the American Legion of Pitt County in meeting in other towns of the county met with marked success in Bethel on Tuesday night when between 75 and 100 members were in attendance.

It was the first time the Legionnaires had met outside of Greenville in some time, and the change proved quite enjoyable. Bethel people, always noted for their hospitality, went to great lengths in making the occasion one to be long remembered.

The members were so favorably impressed with the Bethel reception that they proposed that the next try meeting in some of the other towns from time to time.

The Pitt County Legion has shown marked growth in membership the last several months, and the Bethel members are largely responsible for a part of the fine showing. They pledged their continued support and said they hoped to be able to add several more new members before the summer is over.

Lose Fat Safely and Quickly

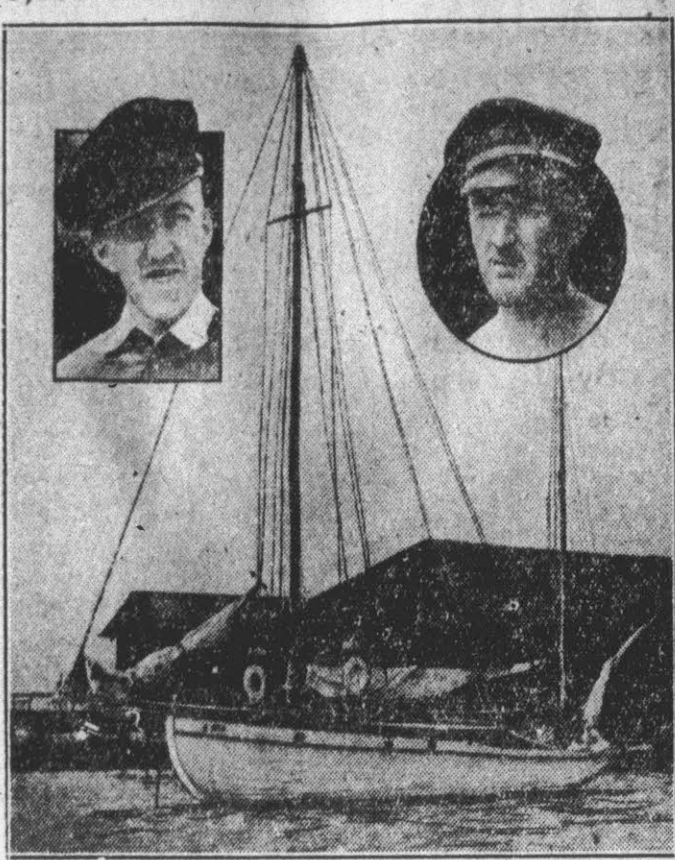

Kruschen Salts—(a perfect combination of the six mineral salts your body must have every day to function properly) purify your blood of harmful acids, and aid the kidneys and bowels to throw off waste materials—the continual formation of which is probably the cause of your fat.

In this modern age of living, it's impossible to get these salts from the fancy foods you eat—but don't worry just as long as you have Kruschen Salts.

Take a half teaspoon every morning in a glass of hot water—little by little that ugly fat disappears, you'll feel better than ever before—years younger, more energy. You will soon possess that enviable beauty, clear skin, sparkling eyes, superb figure which only perfect health can impart.

An 85c bottle (lasts 4 weeks) at Greenville Drug Co. or any progressive druggist in America. Money back if Kruschen doesn't convince you that it is the safest, quickest, easiest way to lose fat.

3,000 MILE TRIP IN 30-FOOT YAWL

F. Garland Swain (left), Whittier, Cal., newspaper reporter, and Fred Hunle of San Diego, Cal., will attempt to sail their 30-foot yawl, 'The Peggy', on a 3,000 mile voyage across the Pacific from San Diego, Cal., to Nuku Hiva in the Marquesas group of islands.

over.

The business houses of Greenville closed at the noon hour yesterday in the second observance of the summer holiday closing period. They will continue to close each Wednesday afternoon through August 13th, when vacation season will come to a close and plans will begin for caring for the fall and winter trade.

Local merchants have observed the half holiday during the summer months for the past several years, and that it has been instrumental in bringing about a higher type of service among the clerks and other employees cannot be questioned. The few hours extra out in the open not only offers an opportunity of pastime, but has a tendency to improve general health conditions.

It is to be hoped the closing period will be more generally adopted from year to year until it involves every branch of business in the city. It is something the employer owes to his employee for the

sake of health if nothing else.

The American Legion is using every influence to bring about a general closing of the tobacco markets in North Carolina on Armistice Day, and while the effort has received little more than passing attention up to the present time, it will come in for conversation at the annual convention of tobacco men in July.

The Legionnaires believe that every branch of industry should suspend operation on this date and allow its employees—many of whom are former service men—to take part in the celebration marking the signing of the armistice of the great World War.

The Greenville market always closes in honor of the occasion, but some of the other markets claim that it interferes with operations and only suspend sales for a few minutes. If the war were still in progress they would be glad to do anything to pay tribute to the men who served under the flag, and they should not be forgetful of the serv-

A Member of the Family

Southern Dairies is a worthy member of that great family of Southern industries whose common welfare is the aim of all. Being far the most active worker in the dairy industry in the South-eastern States, it is daily adding to the progress of what is destined to become the greatest single industry of the South.

It is an important member, also of the local business family in every city where it maintains an extensive plant, and in every town where its products are supplied, because it is working daily for the financial advantage and the health of the whole family.

There has been a large investment of capital to establish this great work, running into the millions. A very moderate interest return is demanded on this investment—less than would be necessary were the investments smaller and scattered.

Other millions are spent annually, distributed through this wide territory for milk and cream, in payrolls and deliveries; and Southern Dairies organization is busy the year round, through its sales force and advertising, securing the widest possible market for these products, to insure steady demand.

Southern Dairies is not only a worthy member of the family—it is an extremely active and healthy member of the family.

Southern Dairies

"Health Builders of the South"

ice rendered by their countrymen at this early date.

It is to be hoped the Legion will continue to hammer at the question until something definite has been accomplished. Its members are deserving of this recognition.

Governor Commutes Death Sentence of Negro At Raleigh

Raleigh, June 19.—(AP)—Frank ("Geech") Simmons, Guilford Negro, twice convicted of murder and sentenced to be electrocuted, today has his sentence commuted to life imprisonment by Gov. O. Max Gardner.

The statement announcing the commutation set forth in detail that the jury, after being out three days, reached a compromise verdict that the man was guilty of murder but that a sentence of life imprisonment was recommended. This recommendation was not transmitted to the judge with the verdict and he sentenced Simmons to be executed. The jury agreed before the verdict was signed to recommend to the governor that the death sentence be commuted.

In a letter to the governor the judge said of the case: "I do not believe that they ever would have returned a verdict of guilty of murder in the first degree, had it not

been for the agreement entered into by the jury to unanimously recommend to you commutation of the sentence from death to life imprisonment."

Theodore McFall, alias George Miller, alias Lewis Lester, of Mecklenburg county, serving an aggregate sentence of 10 years on the county roads for breaking, entering and larceny, who was only 14 years old when he was convicted in January 1922, was paroled.

Maynard Covington, convicted in November 1929 in Stanley county of abduction and sentenced to two years, was also paroled today.

Kills Man For Ruining His Home

Sumpter, S. C.—(AP)—O. E. S. Howell, 40, night watchman, was in jail here today and E. Hart Williams, 35, filling station operator, was being held by the police from Howell's revolver.

Howell shot Williams to death at the latter's filling station in Sumpter's business district yesterday and then surrendered to the police with the statement that Williams had "ruined" his home.

Howell is being held without bond on a charge of murder, a coroner's jury having found that Williams died at his hands.

TRY TO LINK LINGLE WITH GANG WORLD

Chicago Police Head Believes Collusion Existed Between the Cops and Gangs

Chicago, June 18.—(AP)—John H. Alcock, the "iron man" who has been made acting commissioner of police, today swung a two-edged sword that aimed at gangsters without the law and dishonest officers within.

The new commissioner had this injunction from Mayor Thompson: "Your first job is to capture every gangster in Chicago. Your second is to get the evidence that will send every one of them either to the penitentiary or to the electric chair. You have a free hand. You will not be interfered with."

Alcock himself announced his intention of purging the police department of crooked officers. The Herald and Examiner today quoted him as saying to certain friends that one out of every five men in the police department is or has been on the payroll of racketeers. He also was quoted as saying, "The ratio, he was quoted as saying, prevailed in every rank, from patrolman to captain."

The murder of Alfred Jake Lingle, Tribune reported, will have a prominent part in the investigation of gangster-politico alliances. Alcock said, for authorities believe this slaying may prove the key both to gang domination and to police scandal.

The commissioner, following his conference with Mayor Thompson, met with members of the civil service commission, which is in charge of trials of police officers against whom charges are made. He stated that there might be many such trials, he wanted assurance that he would get full co-operation and that political influences would

GANDHI'S FOLLOWERS RAID BOMBAY SALT MINES

Followers of Mahatma Gandhi in the civil disobedience campaign in India are shown here raiding the Wadala salt plant, near Bombay. Scores of the salt lawbreakers were injured in skirmishes with police throughout a day-long raid.

not be permitted to protect any accused officer.

In Alcock's opinion, 500 crooks cause virtually all the criminality in Chicago.

Anthony (Red) Kissane, well-known gangster, who when arrested for carrying concealed weapons was reported as demanding freedom on the ground that he was "working for Lingle," was convicted last night and faces a maximum sentence of a year in jail as in with a Tribune reporter, Kissane denied every mentioning Lingle's name or ever "working" for the newspaperman.

The acting commissioner, his predecessor, William Russell, blamed prohibition and the selling of beer by means of "padlocks" for Chicago's recent crime situation.

What Congress Is Doing Today

Thursday: Senate—Continues debate on world-war veterans' pension bill. House—Resumes consideration of second deficiency bill.

Special committee continued its study of Communist propaganda. Interstate commerce committee receives report from s. b. committee on revision of the Senate resolution to hold up railroad mergers until next March 4.

Naval affairs committee continues taking testimony on conservation of naval oil reserves.

HIGHER TAX SEEN IN THE NEAR FUTURE

May Increase Income Tax to Meet Deficit Faced By Government This Year

Washington, June 19.—(AP)—Washington is wondering if income tax rates are to be higher next year.

Prospective expenditures for the next fiscal year are already estimated to exceed the total government revenue expected within that period. From present indications, in fact, the nation faces the threat of a deficit on July 1, 1931.

The one per cent reduction in taxes on incomes of 1929, then paid this year, was a temporary measure only. It took the form of a joint congressional resolution, unless steps are taken to prolong its life, the rates on incomes of 1930 will revert to the level of those of 1928.

Treasury officials are watching the situation closely, but decline to express an opinion on whether the reduction can be extended. A final decision will be reached in the fall.

In his budget message of last December, President Hoover estimated the fiscal year 1931 would close with a surplus of \$122,788,965. Since then, the Spanish war pensions bill, approved over his veto, has added \$75,000,000 to prospective expenditures and the expense of the Farm Board now are set at \$100,000,000 more than was then

SWAP WAR DEBTS FOR HONEYMOON

Mr. and Mrs. S. Parker Gilbert are shown as they arrived in New York for a belated honeymoon after Mr. Gilbert made his final report as Reparations Agent General in Berlin.

expected. The total government revenue was then expected.

The total government revenue was then figured at \$4,225,000,000 for the fiscal year. Already congressional appropriations for the year, although they have not been tallied officially, are said to exceed that amount.

A situation similar to that of the present has occurred several times in years past. The treasury, however, has finished each fiscal year with a surplus since the budget system was instituted.

FORGOT ABOUT HOUSE OWNERSHIP: COSTS HIM

High Point, June 19.—(AP)—Councilman W. A. Davis should remember whether he owns a house or not. This time he forgot and it cost him.

At a meeting of the city fathers who had the offer of a piece of property Mr. Davis thought he owned, he made the discovery.

The councilman remembered he had bought the house and sold it. He thought he had bought it back and, as it needed screening, he had it done.

But it belonged to somebody else

and Davis, now off on a trip, wants his business partner to see if anything can be done about it.

Raleigh.—(AP)—The half-price rate for state automobile license tags will go into effect tomorrow.

Salisbury.—(AP)—The edges of a 12-foot sewer ditch here caved in, killing Fannie Price, 40, Negro, who was at work in it.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, June 19.—(AP)—Cotton opened steady today at an advance of 1 3/16 to 32 points in response to relatively firm cables, with trading fairly active. The buying included some demand from abroad and from the trade as well as covering and there was enough commission house business to suggest some broadening of interest, according to local brokers.

The advance met considerable selling which caused reactions of several points, but the buying continued and the market at the end of the first half hour was 15 1/2 points net higher, with July selling at 13.77 and the new October at 13.10.

Liverpool cables reported good continental and Bombay buying in that market and said there were improved cloth sales for shipment to South America and Africa.

GRAIN MARKET

Chicago, June 19.—(AP)—Steady prices showed itself in the wheat market today, despite late reports of showers were needed in Canada, and of favorable harvest progress in the southwest.

Wheat closed firm at the same as yesterday's finish to 3-8 higher; corn closed 1-8 to 7-8 up; oats 3-8 to 5-8 advance and provisions varying from 7 decline to a rise of 10.

STOCK MARKET

New York, June 19.—(AP)—The stock market snapped back with a bang today, a familiar phenomenon at the end of a phase of liquidation. The lifting of selling pressure late yesterday, and a firmer tone in the London markets before this market opened, promptly a flurry of short covering at the opening, which prices swept forward as buying orders of 1,000 to 10,000 shares were executed.

After the initial buying orders were disposed of a little more hangover liquidation had to be absorbed, but it was not of important proportions, and by midday many professional traders took the bull side of the market in the belief that a substantial technical recovery might be expected. Belated short covering continued to appear. The market turned comparatively calm after the morning trading, however, as it closely followed the pattern which it uses at such times. There was practically nothing in the day's business news to influence the market, and Wall Street was left to conclude that the recovery was purely a correction of an overold condition. The commission houses advised their customers cautiously to accumulate stocks at this time, but market sentiment in the main remained uncertain, which was not surprising in view of the short life of recoveries.

The recovery embraced commodities as well as the security markets, and non-ferrous metals, cotton and grains moved upward in both foreign and domestic exchanges. The failure of small local stock exchange houses was announced today, but it had no more influence on the market, apparently, than did suspension of both a New York Cotton Exchange house and a Chicago Board member yesterday.

Cannon Report Presented to The Senate Today

Washington, June 19.—(AP)—The report of the Senate Lobby Committee's examination of Bishop James Cannon, Jr., was submitted to the Senate today by Chairman Caraway.

It consisted of a transcript of the bishop's examination which showed he refused to answer questions about his 1928 anti-Smith activities. The committee agreed not to compel the Southern Methodist churchman to answer.

Senator Blaine, Republican, Wisconsin, has contended that vice president Curtis was required by law to site the Bishop to the United States Attorney for possible contempt proceedings.

VASSAR TO SPEAK AT DEMOCRATIC CONVENTION

Raleigh, June 19.—(AP)—Lycurgus R. Vassar of Lumberton, a former Associate Justice of the State Supreme Court, will act as temporary chairman and make the keynote speech at the Democratic State convention in the city auditorium here July 3. Odus M. Mull, State Democratic chairman, announced today.

There will be about 1,500 delegates entitled to attend the convention and Mr. Mull said probably 2,000 persons in all would be present.

J. W. Bailey, Democratic Senatorial nominee, is expected to address the convention. He is not listed for a speech but it is customary for Senatorial nominees to address the convention if they are present.

NOTICE OF SALE OF CITY LOTS.

Philadelphia to Erect Memorial to Benjamin Franklin

Philadelphia, June 19.—(AP)—A great memorial is to be erected here in honor of Benjamin Franklin.

More than \$5,000,000 for the purpose has been raised by public subscription and ground was broken yesterday for the stately building, which will occupy nearly three acres on the Parkway leased from the city for 99 years at \$1 a year. The structure will house many evidences of Franklin's greatness, and exhibits of the progress of the nation in mechanical arts and sciences.

It will be known as the Franklin Memorial and Franklin Institute Museum and will be modeled after the great Deutsches Museum at Munich. The plans call for its completion in the Spring of 1932.

TIRES as good as these

USUALLY COST A LOT MORE MONEY

...but these are Goodrich Cavaliers...really fine tires at really low prices

MEAN that? Of course, we mean it! And we can prove it, too...any way you want to name! Find a tire that matches the Cavalier point by point and you'll find a tire that costs more!

That's because Cavalier is made by Goodrich. Made under the strictest standards in the business. Made to stand up as only Goodrich Tires stand up...in spite of bad roads, high speeds, quick stops, constant punishment.

It's bigger in cross section to give it riding comfort. It's thicker

YOU NEED NOT WORRY when roads get rough or when your schedule calls for high speed, if your tires are Cavaliers! Goodrich built an extra margin of stamina into these tires to keep tire worries off your mind. And still these tires cost no more and often less than merely ordinary quality!

RED OAK NEWS

An even one hundred members and friends of Red Oak Sunday school gathered at the church last Sunday morning to hear Mrs. H. M. Settle's story of her trip around the world. From the moment that she bade adieu to the Statue of Liberty until its light welcomed her home again, she kept her audience spellbound. We enjoyed it so much that we have invited her to come back soon and tell us especially of her stay in the Holy Land. We were glad to have visitors from Raleigh and Craven county in our midst, as well as several from Greenville.

Next Saturday, June 21, will be quarterly meeting at the church. Every member should feel it his duty to attend that day and help to attend to the business affairs of his church. Let's be on hand at eleven o'clock and answer when our name is called.

We are indeed sorry to know that one of the most faithful members of Red Oak Sunday school, and especially of Mrs. Tyson's class, Wilbur Gardner, was unable to attend Sunday school Sunday. Wilbur has been sick nearly two weeks, unable to leave his bed. His class mates and friends wish for him a speedy recovery.

Our club held its June meeting Wednesday afternoon, June 18, at 2:30 o'clock at the home of Mrs. B. L. Tyson. We discussed our plans for the Fair. Each member answered the roll call with some household hint or any idea that she thought of some interest to her neighbors. There were about fifty present and we enjoyed a most delightful afternoon.

Mr. and Mrs. H. J. Corbett and Miss Katie Corbett, of Micro, visited Mr. and Mrs. H. C. Smith last week. Miss Corbett will attend E. C. T. C. summer school this summer.

Mrs. T. E. Cannon, of Winterville, Mr. and Mrs. H. C. Smith, Mr. and Mrs. H. J. Corbett, Mr. and Mrs. Wyatt Barber and little Miss Norma Louise Sutton went to Washington recently to visit Mr. H. B. Smith (Major) who is confined in a hospital there.

Master Hobart Brown of Washington, is spending some time at the home of his uncle, Mr. Hazard May.

Mrs. W. B. Vandiford and Miss Rubelle Vandiford spent Sunday at Mrs. George Allen's.

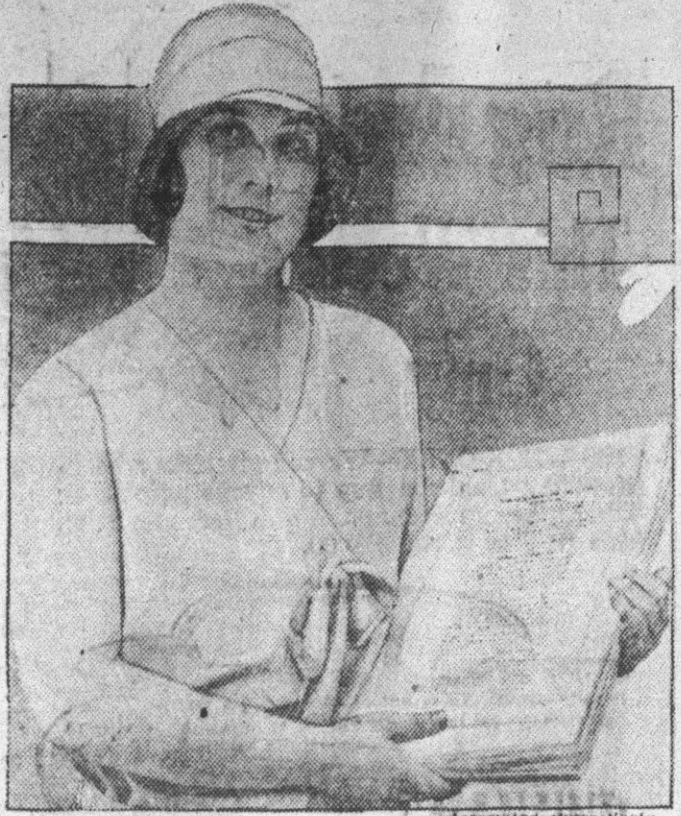

Miss Athlene Worthington, of Winterville, is visiting Mr. and Mrs. Wyatt Barber.

Friends of Mrs. Lou Forbes will be glad to know that she is able to be out now. She is at the home of her daughter, Mrs. Adolph Garris, in Greenville.

Miss Louise Allen spent the week-end at Centerville.

Several of the readers of Red Oak

CARRIES TARIFF BILL TO HOOVER

The tariff bill had a gentle trip to the White House after it was passed by Mrs. G. H. Davis, of the senate committee on enrolled bills, carried it there herself for the President to sign.

news items have expressed a desire to see this column in the paper every week. The only way this can be done is for you to cooperate with your correspondent and when you know anything that you think will be of interest to others let her know about it. She will be only too glad to send it in and the Daily Reflector has always been very prompt about publishing it.

Mrs. J. J. Jenkins and Misses Marjorie and Bebe Jenkins have returned to their home in Raleigh after spending some time with relatives.

Miss Irma Pollard and Mr. Marvin Allen spent Sunday with Mr. and Mrs. B. L. Tyson.

Mr. and Mrs. J. F. Pollard went to Farmville and Bethel Sunday afternoon.

Mesdames Lena Smith and Lennie Beard, and James Smith, of Chicod; Miss Melissa Causey of Grifton; Hollie Wyatt Beard and Martha and Virginia Barden, of Greenville, visited Mr. and Mrs. R. S. Allen Sunday.

Mr. Jessie Baker and family and Miss Esther Jones visited at Mr. J. P. Ellis' Sunday.

Misses Inez and Edith Glenn Allen spent last week with relatives in Craven county.

Greensboro, N. C.—(AP)—North Carolina Tax-Relief association will meet here July 1 upon call of L. I. Moore, of New Bern, president.

Clara Bow Tries Dallas Hospitality

Dallas, Tex., June 19.—(AP)—Denying that friendship for a Dallas professional man brought her here, Clara Bow, the "It" girl of the movies, today told the Associated

Press staff men tales of Southern hospitality had lured her to Texas. Desiring a rest between pictures, Miss Bow said she sought a quiet place where she could get away from Hollywood.

"I'm tired of it all. We had so many friends here who had begged us to try southern hospitality, we decided on a moment's notice to

come to Dallas and many of our closest friends didn't know it."

Referring to published reports that she had made a \$30,000 settlement of a threatened \$150,000 alienation of affections suit by a Dallas woman, wife of the professional male figuring in the story, Miss Bow declared:

"I didn't even have the money to pay such a thing. My money is tied up in a bonus trust fund which the studio inaugurated and it can't be touched by anybody."

Miss Bow said reports of a morality clause in her contract providing forfeiture of money were wholly false.

RECOGNIZE SCHMELING...

New York, June 19.—(AP)—The New York State Athletic commission today recognized Max Schmeling as heavyweight champion of the world by virtue of his victory over Jack Sharkey on a foul.

Readjustment—

New Low Prices!

The J. C. Penney Company has Radically Reduced Prices Downward throughout the store

Since last October America has been passing through a period of depression—a condition that has caused unemployment, retrenchment and downward revision of prices. To help meet this condition, to stimulate industry and to reduce unemployment

Store-wide, our counters are packed full of values truly exceptional when compared with prices which were effective last October or even last January. Our No. 449 silk hosiery that formerly sold at \$1.49 is now \$1.29. Sheets that were \$1.29 are now 98c. Our Pay Day Overalls are down from \$1.29 to \$1.10. You will find in our \$19.75 men's suits of today many of the same fine fabrics that were used in making higher priced lines a few short months ago.

You will find herein other concrete evidence of the new lower prices and higher values with which our store is packed and a glance at our windows will show them jammed full with exceptional savings in cotton piece goods, sheets and pillow cases, domestics, silks, cosmetics, toilet goods, hosiery and underwear.

In announcing new low prices and new high values we rededicate ourselves to our old Company slogan: "WE ALWAYS HAVE AND ALWAYS WILL UNDER-SELL." Our reason and excuse for soliciting your patronage is just that—

WE SAVE YOU MONEY!

These new low prices call for quick action. Don't delay. Visit our store at once and convince yourself of the fact that

SLUGGERS CHANGE CLUBS

In this season's largest trade in the American league Leon A. "Goose" Goslin (left), Washington's leading slugger of 1929, went to the St. Louis Browns in exchange for Henry "Heinie" Manush (right), who showed the way to the hitters in 1926. The Browns also gave up Alvin Crowder, pitcher.

EAST TO HAVE MUCH TROUBLE IN THE WEST

To a disinterested observer it would appear that the scene of a ball game should not make much difference in the result where such seasoned campaigners as major league players are concerned, but it does not always work out that way. The National league clubs of the east, which are just opening their second western tour, found surprising success at home but it is rather doubtful whether they will continue it on the road.

The New York Giants, who routed their inter-sectional opponents to the tune of nine victories in twelve games at the Polo grounds, had a large amount of trouble yesterday in taking their first game of the tour away from the Pittsburgh Pirates, who won but four out of 13 away from home. The final count was 4 to 3 for New York, and it took a sparkling unassisted double play by Hughey Critz to end the game before the Pirates had tied the score.

An injury to Bill Walker, Giant southpaw, and a sudden weakening of Heinie Meine broke up a pitching duel in which the Giants led 1-0 for six innings. Heinie let down in the seventh and gave three runs on four hits. Pittsburgh promptly replied by collecting a run an inning in the last three frames. They had the tying count-

er on second when Critz grabbed Paul Wanner's liner and doubled Grantham off the keystone sack. Other National league clubs do not start the second half of the east-west test until today, but on the basis of form shown in the games since June 1, the Eastern clubs have all the advantage. They won 34 contests while the west took but 18, with only the hard fighting Chicago Cubs getting better than a 500 average.

Every eastern club won more games than it lost. In the American league the struggle was somewhat closer as the east's leading pennant contenders held their own although they were pulled down from the heights they had reached before they invaded the western half of the circuit. The east came out ahead, 26 games to 25, due principally to the activities of the New York Yankees, who won nine and lost three. The other eastern clubs came out just below the 500 mark but their western rivals, with the exception of the Cleveland Indians, were in the same vicinity. Cleveland won eight out of 12 games.

The Indians, after pushing up to within striking distance of the league lead, found when they came east again yesterday that the Philadelphia Athletics have a real championship team despite eight defeats in 14 games. Cleveland had a chance to oust the world's champions from first place, but even their pitching ace, Wes Ferrell, could not stop the Athletics in a crucial moment. The A's made a dozen hits, most of them in two innings, and equalled an American league record for home run hitting in winning a 7 to 2 decision.

Al Simmons, Jimmy Fox and Bing Miller connected with Ferrell's delivery in the fifth inning for three successive home runs, a

feat that had been performed only twice before in American league history. drove Ferrell from the mound and put the game and the league lead in a safe place. The A's had scored three runs in the first on a bunch of three hits, while Roy "Speed" MaHaffey, youthful right hander, pitched effectively all the way.

Tourists Again Grab the Lead In S. A. League

Charlotte, June 19.—(AP)—Asheville's Tourists, thanks to the superb pitching of Earl Mattingly and the timely hitting of Frank McCrea, had possession of the South Atlantic league's leadership position again today.

Mattingly blanked Macon with five hits in the final of the crucial series and McCrea came through with a slashing double in the 7th inning to put the game on ice.

It was Gallivan's fourth defeat of the season and his second in as many days. In the 11th inning of the second game, he walked a batter with the bases loaded to force in the Tourist's winning run.

Columbia halted Augusta's winning streak in the second tilt of a doubleheader after the Wolves had captured the first, their eighth in a row, behind Flinn's two-hit pitching.

Grady McClung nearly duplicated Flinn's performance in the nightcap, limiting the Comers to three hits, but was beaten 3 to 1, the

same score by which the Wolves annexed the curtain raiser.

Luke Williams, Augusta first sacker, featured the Twin offering with his hitting, collecting four safe blows in seven trips.

Greenville split with Charlotte in their double bill, batting out a 5 to 2 triumph in the initial scrap. The Hornets grabbed the nightcap 3 to 2 with Mooney, southpaw turning in a four-hit contest.

Jim Hudgens, Spinner home runner, drove out his 18th round trip blow of the season in the final tilt. Leubbe, Bee catcher, belted one out of the lot in the opener.

Asheville was in Charlotte today for a four-game week-end tussle with the Hornets. Greenville invaded Columbia to take on the Comers and Macon returned home to entertain Ode Strain's up and coming Augusta Wolves.

Greenville, S. C.—(AP)—Dr. D. M. Ramsay has resigned as president of Greenville Woman's College, Baptist institution here. Dean Rosa Paschal is serving as acting president.

plete Showing In Sizes and
Styles. Let Us Demon-
strate Them to You.

Taft & Vandyke

**The most modern of all range designs
... in shining silver gray and satin black**

only \$10⁰⁰ down
... other new ranges
as low as \$5⁰⁰ down

No. 169 As shown, \$85⁰⁰

Do you prefer quiet, conservative colors rather than bright ones in your kitchen? If so... here is an unusual bargain for you.

Our most modern range design, in shining silver gray and black, with many of the labor-saving features of our highest-priced model, is now obtainable at a new low price, with a down payment of only a few dollars.

Notice the illustration, and you will see that this range has the new, convenient burner arrangement and the all-grate top for keeping dishes hot which so many women have wanted.

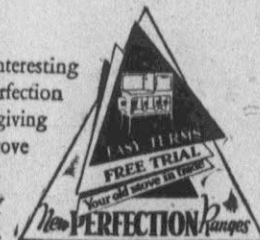

It has a built-in oven, constructed on Perfection's famous "live heat" principle, and an accurate heat indicator.

There are five Perfection burners, with long, double-wall chimneys, which furnish steady even heat as swift as gas. Its finish is most attractive: satin black combined with silver-gray porcelain enamel and silver-gray Perfectionlac. This finish will not only wear well, but will look well as long as it lasts.

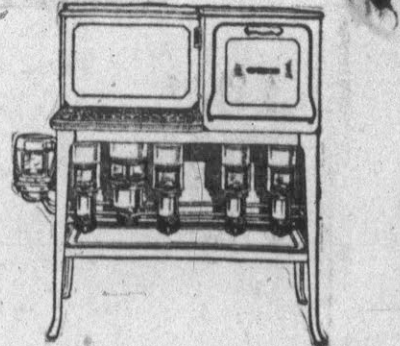

Other beautiful new ranges, some of which are shown here, offer you a wide variety of styles and colors and prices. Any of these models can be bought on the new Perfection Purchase Plan which your dealer will be glad to explain to you. Go and choose your range now, and let it go to work for you today.

Any dealer displaying this sign has an interesting offer to make you on putting a new Perfection range in your kitchen for a free trial, giving you easy terms, and accepting your old stove as part payment.
